NEW CANADIAN TESTIMONY!

SCROFULOUS SORES AND SWELLINGS CURED.

TORONTO, *July 26th, 1866.*

SIRS.—I think it my duty to make known to you the great benefit I have received from the use of your Bristol's Sarsaparilla and Pills. In the spring of 1863, I took a pain in my side, which soon extended to my back, and became so severe that I was unable to sleep. I had already applied to a doctor, but without relief; and now went to another—he gave me temporary benefit. I was very poorly all that winter. In the beginning of 1864 a swelling began to rise on my back, near the spine, and I then applied to a third doctor; he thought the spine had been injured, and gave me medicine to strengthen my constitution. Shortly after this the swelling broke and began to discharge, and two more lumps came on my back that year; the sores would continue to run for about a month, during which time I was very weak. The following spring I was weaker than ever. In April the last swelling began to rise, and I was about to try a fourth doctor, when, in conversing with a friend, I told him I thought my blood was affected. He advised me strongly to try your Sarsaparilla. I did so, and used one bottle a-week. I also took some of your Bristol's Sugar-coated Pills, and soon began to feel a great change. In a few weeks I was able to go to work, and have been working ever since, and firmly believe that Bristol's Sarsaparilla and Pills have, with the blessing of Providence, been the means of restoring me to health and strength—and I cheerfully recommend them to all who are suffering with Scrofula in any of its dreadful forms.

I am very truly yours,

EDWARD DAVIS,
Kingston Road, Don Bridge.

Walton St., Toronto.

I beg to testify that the foregoing statement is quite correct, as I am well acquainted with Edward Davis.

T. A. SNIDER.

Having supplied Mr. Davis with the **Bristol's Sarsaparilla** and **Pills**, I can testify to the truth of his statement.

Bristol's Canada and New Brunswick Almanac, FOR 1868.

Calculated in mean or clock time, by SAMUEL H. WRIGHT, M. D., M. A.

ECLIPSES.—There will be two eclipses this year, both of the Sun, and neither of them visible in Canada or in the United States.

I. An annular eclipse of the Sun, Feb. 23d, visible in South America, Africa, and Southern Europe.

II. A total eclipse of the Sun, August 18th, visible in Eastern Africa, Southern Asia, and Australia.

A TRANSIT OF MERCURY over the Sun's disk will occur on the 5th of November, invisible in America.

THE FOUR SEASONS.

	D.	H.	M.		D.	H.	M.
WINTER begins 1867, Dec. 22	1	22	Mo.	and lasts	89	0	56.
SPRING begins 1868, Mar. 20	2	18	Mo.	and lasts	92	20	27.
SUMMER begins 1868, June 20	10	45	Eve.	and lasts	93	14	31.
AUTUMN begins 1868, Sept. 22	1	16	Eve.	and lasts	89	17	55.
WINTER begins 1868, Dec. 21	7	11	Mo.	Tropical year	365	5	49.

MORNING STARS.

VENUS after July 16.
MARS until January 2 to November 13.
JUPITER from March 10 to July 4.
SATURN until February 24, and after November 29.
MERCURY, April 7, August 5, November 24.
VENUS will be brightest August 21.

EVENING STARS.

VENUS until July 16.
MARS until January 2, and after November 13.
JUPITER until March 10, and after July 2.
SATURN from February 24, to November 29.
MERCURY, February 17, June 13, October 9.
VENUS will be brightest June 9.

N. B.—The Sun's rising and setting, in this almanac, are made in mean time; all the calculations are in clock time, or mean time. The Moon's place shows the constellation, and the degree of the same, in which the Moon is to be found at 7 o'clock in each evening. The calculations are made for Toronto and Quebec. Pisces is regarded as the first constellation and Aries as the second. The signs and constellations of the Zodiac bearing the same name are 30° apart, and Aries is the first sign and Taurus the second, while they are the second and third constellations. Hence, to find the signs add 30°, or one sign.

1st month. **JANUARY, 1868.** 31 days.

A man of wit once said, rightly enough, "He who finds a good son-in-law gains a son—he who finds a bad one, loses a daughter."

Dean Swift recommended a tax on female beauty, and to leave every lady to rate her own charms.

"Mary, is your master at home?" "No, sir; he's out." "I don't believe it." "Well, then, he'll come down and tell you so himself. Perhaps you will believe him."

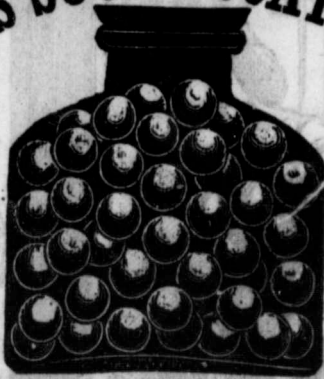

Bad breath, and dull, lustreless eyes, are caused by deranged stomach. A few doses of **Bristol's Sugar-coated Pills** will remove the first, and make the eyes bright and clear.

However high house-rents may be, you can always have at least one room at your command—the room for improvement.

An old sailor at the theatre said he supposed that the dancing-girls wore their dresses at half-mast as a mark of respect to departed modesty.

Caught in her own net, as the man said who he saw one of the fair sex hitched in her crinoline.

BRISTOL'S SUGAR-COATED PILLS

PURELY VEGETABLE.

The need of a safe and perfectly reliable cathartic or purgative medicine has long been felt by the people, and it is a source of great satisfaction to us that we can, with confidence, recommend our **Bristol's Sugar-coated Pills** as a purgative medicine that combines all the essentials of a safe, thorough, and agreeable family cathartic. They are not made from the common drugs that compose other pills, but are prepared from the very finest quality of medicinal roots, herbs, and plants—the active principles, or parts that contain the medicinal value, being chemically separated from the inert and useless fibrous portions, that contain no virtue whatever. Among those active medicinal agents we may name **PODOPHYLLIN**, which has been proved to possess a most wonderful power over the *Liver* and all the bilious secretions. This, in combination with **LEPTANDRIN** and other highly valuable vegetable extracts and drugs, constitutes a purgative Pill that is greatly superior to any medicine of the kind ever offered to the public. **Bristol's Vegetable Sugar-coated Pills** will be found a safe and speedy remedy in all such complaints as

Dyspepsia or Indigestion, Headache,
Habitual Costiveness, Liver Complaint,
Heartburn and Flatulency, Jaundice,
Foul Stomach, Piles,
Loss of Appetite, Bad Breath, and
Dropsy of Limbs or Body, Female Irregularities.

In all diseases that have their origin in the blood, **Bristol's Sarsaparilla**, that best of blood purifiers, should be used with the Pills; the two medicines being prepared expressly to act in harmony together. When this is done faithfully, we have no hesitation in saying that great relief, and, in most cases, a cure, can be guaranteed, when the patient is not already beyond human help.

For general directions and table of doses, see another page of this pamphlet; but as different constitutions require different doses to produce the same effect, it is better that each person ascertain, by trial, the dose that suits their system, and take that dose, instead of following any general rule.

EVIDENCE OF GREAT WEALTH.

LITTLE GIRL.—“I say, mamma, isn't Mr. Jones very, very rich?”
 MOTHER.—“I don't know that he is, my dear; why do you ask?”
 LITTLE GIRL.—“Because I see gold sticking in nearly all his teeth!”

Nobody likes to be nobody; but everybody is pleased to think himself somebody; but when anybody thinks himself somebody, he generally thinks everybody else to be nobody.

Murray & Lanman's Florida Water is the richest yet most delicate of all perfumes.

WEIGHTS OF A CUBIC FOOT OF VARIOUS SUBSTANCES.

Loose earth or sand . . . 95 lbs.	Clay 135 lbs.	Tallow 59 lbs.
Common soil . . . 124 “	Clay and stones 160 “	Brick 125 “
Strong soil 127 “	Cork 15 “	

“How long did Adam remain in Paradise before he sinned?” said an amiable spouse to her husband.

“Till he got a wife,” was the calm reply.

“Did it rain to-morrow?” inquired a Dutchman of a Frenchman. “Me guess it was,” replied the Frenchman.

Bristol's Sugar-coated Pills and **Bristol's Sarsaparilla**, used together, are guaranteed to cure any case of Rheumatism, no matter how long it has existed.

An Answer is Requested.—In a discussion with a temperance lecturer, a toper asked, “If water rots your boots, what effect must it have on the coat of your stomach?”

TRUE ENJOYMENT.

It is a disputed point which of the senses are capable of giving to man the greatest amount of true enjoyment. Some think the sense of taste exceeds all others; some argue in favor of the sense of hearing, which, ravished by the sweet strains of delicious music, embodies to them all real enjoyment; some claim pre-eminence for the sense of sight, as by it every thing beautiful in nature and in art administers to man; but we think that every one of cultivated, refined, and delicate taste must give the palm to the sense of smell. What would the rose be, without smell? the lily, the violet, and all the other thousands of fragrant flowers spread by the hand of nature over hill and dale? Mere specimens of color wrought into fantastic shapes, valueless bodies containing no soul. Fortunately, this is not the case, and every flower breathes forth its own peculiar fragrance; but "flowers have their time to fade," and the fragrance they exhale would be lost forever but for the aid of science, which, in rare instances, such, for example, as in

Murray & Lanman's Florida Water,

has successfully embodied and made permanent the breath of the most exquisite tropical flowers. As a source of pure enjoyment, whether used as a perfume for the handkerchief, the toilet, or the bath, this truly excellent floral water stands quite alone; its freshness, its purity, its delicacy, and its unchangeableness are properties not possessed in even the smallest degree by any other perfume of which we have any knowledge. Purchasers should always ask for the Florida Water prepared by LANMAN & KEMP, New York, and thus avoid the worthless French and German imitations, with which the market is flooded.

"Isn't there an awful smell of pigs in the air?" asked Smith of Jones. "Yes, replied Jones, "that's because the wind is from the sow-west."

A correspondent says: "There are many things about spiritualism which I eagerly embrace—chief among which are pretty female mediums."

Cancer can be prevented from spreading, and the poisonous nature of the disease changed, and, in most cases, an ultimate cure effected, by the use of **Bristol's Sarsa-parilla.**

PROVERB OF JOSH BILLINGS.—Human nature is the same all over the world, 'cept in New England, and that it is according to circumstances.

What is the difference between an editor and his wife? One sets articles to rights, and the other writes articles to set.

A paper speaks of a man "who died without the aid of a physician." Such instances of death are exceedingly rare.

An Irish student was once asked what was meant by posthumous works. "They are such works," said Paddy, "as a man writes after he is dead."

BRISTOL'S SARSAPARILLA

Is prepared in the most scientific manner, by thoroughly educated Chemists and Druggists, who have had many years' experience. It is not a simple extract from one article, but is compounded of extracts from a number of Roots, Herbs, Barks, and Leaves, all of which are possessed of some particular virtue or power in curing the diseases which have their source in the blood and humors; and these different vegetable extracts are combined in such a way as to retain, in its full strength, the special curative virtue possessed by each. The root of the Sarsaparilla plant, found in Honduras, is that which we use in this preparation; it is the kind which all medical men esteem most. About fifty per cent. of Bristol's Sarsaparilla consists of this concentrated extract, the remainder, as above stated, being composed of extracts from other powerful, cleansing and healing vegetable substances. It does not contain any thing that is dangerous or injurious to health, and in this, as in nearly every other respect, is entirely different from all other preparations sold under the name of Sarsaparilla.

By having our own agents at the places where the various roots, drugs, herbs, and plants, composing our medicines, are produced, we are enabled to exercise that constant care in selection which insures uniformity of excellence; and we spare no money and no effort to procure the best—and only the best—of every article entering into their composition; and it is with the most abiding confidence we say, to the sick of all nations and all countries, that, in Bristol's Sarsaparilla you have a remedy more reliable than any before offered to you, and which will not disappoint you in the cure of

**Salt Rheum, Tetter, Scald Head,
Syphilis, or Venereal Disease,
Nervous and General Debility,
Old Sores, Ulcers, Tumors,
Abscesses, Boils, Eruptions,
Scrofula, or King's Evil,
Female Derangements,
White Swellings,
Fever and Ague,
Chills and Fever,
Dumb Ague.**

As a means of building up the constitution that has been broken down by the excessive use of Mercury, Iron, or other minerals, our Sarsaparilla will be found most excellent, and can be administered with safety to the weakest patients. As a purifier of the blood and humors, in the Spring and early Summer, it will be found unfailing. It can be taken freely at all seasons, rainy or dry. For some of the above diseases, the use of the Sarsaparilla must be continued a considerable time, especially for those that are hereditary or constitutional in their nature, such as Scrofula; but a faithful compliance with the directions will always relieve and mitigate, and in a great majority of cases will effect a complete cure. It will also be found, in all of the above diseases, that a cure will be greatly hastened by using our **BRISTOL'S SUGAR-COATED PILLS**, in moderate doses, in connection with the Sarsaparilla; they carry off large quantities of morbid or diseased matter set free in the system by the Sarsaparilla, and in this way facilitate the return of normal functional operations.

USEFUL AND AMUSING.

RULE FOR KNOWING A HORSE'S AGE.—A foal of six months old has six grinders in each jaw, three inside, and also six nippers or front teeth, with a cavity in each. At one year old, the cavities in the front teeth begin to decrease, and he has four grinders on each side, one of the permanent and the remainder of the milk set. At two years old, he loses the first milk grinders above and below, and the front teeth have their cavities filled up just as horses of eight years old. At three years old, or two and a half, he casts his two front nippers, and in a short time after the two next fall. At four years old the grinders are six on each side (permanent set), and at about four and a half his nippers are permanent by the replacing of the remaining two corner teeth, which have dropped; the tushes then appear, and he is no longer a colt. At five years old, a horse has his tushes, and there is a black-colored cavity in the centre of all his lower nippers. The corner ones are thinner. At six years old this black cavity is obliterated in the two front lower nippers. At seven, the cavities of the next two are filled up, and the tushes blunted; and at eight that of two of the corner teeth. The horse is now said to be aged. The cavities in the nippers of the upper jaw are not obliterated till the horse is about ten years old, after which time the tushes become round, and the nippers project and change their surface.

"PARDON ME, MISS; YOU HAVE JUST DROPPED
YOUR WATERFALL!"

"I say, landlord, that's a dirty towel for a man to wipe on." Landlord, with a look of amazement, replied: "Sixty or seventy of my boarders have wiped on that towel this morning, and you are the first one to find fault!"

"Attention, company; attend to rowl call. All of ye that are prisint, say Hero, and all of ye that are not here, say Absint."

Running Ears, so disgusting to the sight, and so disagreeable to the sufferer, are easily cured by using **Bristol's Sarsaparilla and Bristol's Sugar-coated Pills.**

"It strikes me—" began an orator. "Then why don't you strike it back?" shouted a sailor among the audience.

He who steals a million is only a financier; who steals half a million is only a defaulter; who steals a hundred thousand is a rogue; who steals fifty thousand is a knave; but he who steals a pair of boots or a loaf of bread is a scoundrel of the deepest dye, and deserves to be lynched.

Mix a little of **Murray & Lanman's Florida Water** in the basin, before washing, and you will be astonished at the delicious effect.

Fashionable circles were never so numerous as they are now. Almost every female that appears in the streets is the centre of one.

How many peas are there in a pint? One P.

BRISTOL'S SUGAR-COATED PILLS,

What they have done.

Jaundice and Congestion of the Liver.—Mr. Sedgwick, of the city of Hartford, Ct., testifies that they cured him of Congestion of the Liver, thus preventing Jaundice.

Debility, Weak Stomach, and Indigestion.—Mrs. McElroy, of the city of Troy, N. Y., certifies that for five years her stomach could not digest any ordinary food; she had to confine herself to a few ounces a day of arrow root, jelly, &c.; she was terribly emaciated and weak. **Bristol's Pills** entirely cured her.

Liver Complaint.—Mr. R. M. Phelps, of Pittsburg, certifies that his physicians had given him up as a hopeless case of *degeneracy of the liver*; he suffered great pain in the right side, accompanied with severe costiveness and loss of appetite. A course of **Bristol's Pills** and two bottles of **Bristol's Sarsaparilla** made him a well man.

Habitual Costiveness and Piles.—Doctor Lettson, of Chicago, Ill., certifies that he has prescribed **Bristol's Pills** in many cases of Costiveness and Piles, and that they have always been entirely successful, and that as a remedy for other Liver and Bowel Complaints the result has been equally satisfactory.

Bilious Remittent Fever.—Miss Deming, of Jersey City, N. J., certifies that she had suffered severely for more than three months with bilious remittent fever, and that to **Bristol's Sugar-coated Pills** alone she owes the re-establishment of her health.

Irregularities of the Digestive Functions.—Doctor Nelson, of Boston, Mass., certifies that "for all the irregularities of the digestive function, the liver and the bowels, **Bristol's Pills** are by far the most useful medicine he has ever prescribed, being perfectly safe and eminently reliable."

Fever and Ague and Bilious Diseases.—Doctor Simms, formerly of Philadelphia, but now practising in Minnesota, certifies, "I have found them exceedingly efficacious in Ague and Fever, they are tonic as well as aperient, and can be given with benefit where drastic purgatives would be dangerous."

Suppression or Stoppage in Women.—Mr. D. Summers, of New Hamburg, N. Y., certifies that his daughter endured the most intense suffering from Suppression of Menses. She was entirely cured by four phials of **Bristol's Pills**.

Dropsy.—Mr. Croswell, of the "Daily Times" newspaper, certifies, "They (**Bristol's Pills**) have, in the case of a lady—a near relative of the writer—effected the removal of dropsical swellings that had existed for over three years."

Confirmed Dyspepsia.—Mr. Edwardson, of the "Tribune" newspaper, certifies, "I was a confirmed dyspeptic; two bottles of **Bristol's Sugar-coated Pills** have given me more relief than all the medicine I have used in years."

Were it necessary, this chain of convincing evidence in favor of **Bristol's Sugar-coated Vegetable Pills** could be extended to any length, but it is not necessary. The sick and the suffering, in all parts of the civilized world, are now fully awake to the fact that **Bristol's Pills** are the best, the safest, and the most reliable purgative that can be produced by science, skill, and money. In all diseases arising from impurity or vitiation of the blood, **Bristol's Sarsaparilla** should be used with the **Pills**.

"What are wages here?" asked a laborer of a boy. "I don't know, sir." "What does your father get on Saturday night?" "Get," said the boy; "why, he gets as tight as a brick!"

A correspondent wants to know why an old maid is like a sucked orange; and then has the assurance to answer his own question by saying, "Because neither of them is worth squeezing."

The use of **Murray and Lanman's Florida Water** in the sick-room tends to promote the quiet and healthful sleep of the invalid.

The mean distance from the earth to the sun is 95,000,000 miles; which is no mean distance, either, when you try to walk it.

It is not an easy thing for a high dignitary to bear indignities with dignity.

Why is the letter S like a furnace of a battery?—It makes hot shot.

"Katey, have you laid the tablecloth and plates yet?" "An' sure I have, mum; everything but the eggs; and isn't that Biddy's work?"

THEY DIE IN AN HOUR!

The Extracts and Essences that give forth a breath of evanescent fragrance have been forever superseded by that most permanent, refreshing, and popular of perfumes, the *genuine Murray & Lanman's Florida Water*.

HANDKERCHIEF ADVERTISEMENTS!

Thousands upon thousands of handkerchiefs are continually advertising **Murray & Lanman's Florida Water**. Every time a lady who uses it flutters her handkerchief or fan, she convinces all around her of its excellence.

A Universal Perfume!

In the Churches, at the Theatre or Opera, in Railroad Cars, on the Promenade, in the Drawing Room, wherever people assemble for any purpose, grave or gay, that popular perfume, **MURRAY & LANMAN'S FLORIDA WATER**, scents the air.

"Give to Airy Nothing!"

a local habitation and a name," says Shakespeare. This was done to perfection twenty-five years ago, when the fleeting perfume of myriads of tropic flowers was rendered a thing of joy forever, under the name of **MURRAY & LANMAN'S FLORIDA WATER**.

A Double Benefit.

Not only does the *genuine MURRAY & LANMAN'S FLORIDA WATER* surround the lady who uses it with an atmosphere of delicate fragrance, but also, when diluted with water, relieves her complexion from every blemish, sunburn, tan, or freckle.

Thousands of Rosy Lips

attest the many virtues of the *genuine MURRAY & LANMAN'S FLORIDA WATER*. Matchless as a perfume, it is equally matchless as a cosmetic, allaying the irritation of the skin, relieving headache, preventing faintness, and, when diluted, the best of toothwashes. Truly it is the most valuable of all **Floral Waters**.

See the Agent's Name on the Back Cover, who has the Genuine for sale.

USEFUL AND AMUSING.

AN EDITOR SOLD.—The editor of an American paper was recently presented with a stone upon which were carved the following letters. The editor was informed that the stone was taken from an old building, and he was requested to solve the inscription. It read :

FORO		ATT
LETOR		UbTHE
IRTA		llsAg
A	In	St—

Eminent men were called in to consult upon the matter, and, after an immense amount of time consumed, they were informed that the stone was "for cattle to rub their tails against."

We do not know absolutely what is good or bad fortune.—*Rousseau.*

SCROFULA, whether immediate or hereditary, can be cured by the use of **Bristol's Sarsaparilla** and **Bristol's Pills**. As this is a difficult disease to remove entirely, the use of the Sarsaparilla and Pills should be continued for five or six months.

HAIR-DRESSING ILLUSTRATED,
"a la Serpentine."

TO REMOVE A SCREW RUSTED IN THE WOOD.—Heat a poker in the fire red hot, and put it on the top of the screw for a minute or two, then take the screw-driver and you will easily get it out, if you do it while it is warm.

An Irish editor, in speaking of the miseries of Ireland, says: "Her cup of misery has for ages been overflowing, and is not yet full!"

A boy's idea of having a tooth drawn may be summed up as follows:—

"The doctor hitched fast on me, pulled his best, and just before it killed me the tooth came out."

Murray & Lanman's Florida Water, the imperishable perfume, is not only the richest, most exquisite, and most delicate, but is also the cheapest of all perfumes, being sold in half-pint bottles.

TO PRESERVE FLOWERS IN WATER.—

Mix a little baking soda in the water, and it will keep the flowers a fortnight.

Josh Billings says there is nothing more touching in this life than to see a poor, but virtuous young man struggling with a moustache.

We may always joke when we please, if we are always careful to please when we joke.

An inconsiderate fellow calls the prevalent use of tilting skirts the "hinderpest."

The strongest man feels the influence of woman's gentlest thoughts, as the mightiest oak quivers in the softest breeze.

KISSING THE BOOK.

"Do you," said Fanny, t'other day,
"In earnest, love me as you say?
Or are those tender words applied
Alike to fifty girls beside?"

"Dear, cruel girl," cried I, "forbear,
For by those eyes—those lips—I swear—"
She stopped me as the oath I took,
And cried, "You've sworn, now kiss the book!"

WONDERFUL SUCCESS OF
Bristol's Sugar-coated Pills
in Canada.

STOMACH DISEASE CURED!

HARTMAN'S CORNERS, AURORA, C. W., *July 7th.*

GENTLEMEN:—It affords me pleasure to give my own testimonial in favor of Bristol's Sugar-coated Pills. Before last February, I had been under the Doctor's hands for about six weeks, and also before that at different intervals, without benefit; but since taking these Pills, the complaint with which I was troubled has been removed completely, and I have enjoyed good health ever since, having used no other medicine. The complaint affected me in this manner: I was attacked with a severe pain in my stomach, which extended to my back, causing cold chills, and after that vomiting and perspiration, and feeling so weak that I could not stand.

I advise every one troubled with the same symptoms to use these Pills, as I would not be without them in my family on any account.

Yours, &c.,

ABRAHAM GRIMSHAW.

CONSTANT COLIC

AND

CONFIRMED DYSPEPSIA CURED!

The following letter was received by J. B. Carriere, Esq., merchant, Market Place, St. Johns, C. E.:

SIR—I certify that when I began to use Bristol's Sugar-coated Pills, I had suffered for a long time with dyspepsia, being quite unable to digest my food, and I was always troubled with colic.

After taking the first bottle of Pills, I felt a marked relief and the second bottle cured me completely.

I authorize you to acquaint the public with the great benefit I have received from this medicine.

EUSIBÉ FRECHETTE.

ST. JOHNS, C. E., *January 5, 1866.*

A Severe Case of
PLEURISY
ENTIRELY CURED.

MONTREAL, C. E., *May 12.*

DEAR SIRS:—Last fall my wife was attacked with Pleurisy in a severe form, so that she was helpless—and I felt hopeless of her recovery. By reading one of your Almanacs, which was left at the house, she was induced to try Bristol's Sarsaparilla. After taking two bottles she began to experience relief, and with Bristol's Sugar-coated Pills, which was recommended to be taken with the Sarsaparilla, she was completely cured by the use of five bottles. I feel bound, for the benefit of the public, to certify to this cure.

Yours, &c.,

JOHN GOODBODY,

No. 8 Dumarais St.

THE REASON WHY.—“According to Milton, Eve kept silence in Eden to hear her husband talk,” said a gentleman to a lady friend; and then added, in a melancholy tone, “Alas! there have been no Eves since.” “Because there have been no husbands worth listening to,” was the quick retort.

What is the greatest virtue in a sea-captain? Wrecklessness.

Why is the letter F a great stumbling-block? Because it makes all fall.

Sick headache and bilious headache can both be cured by the use of **Bristol's Sugar-coated Pills.**

Why is a tradesman who keeps enlarging his stock like a reptile? Because he is an adder.

What tree represents a person who persists in incurring debts? Will owe.

A gentleman who was determined to outdo the horticulturist who raised chickens from egg-plants, has succeeded in producing a colt from a horse-chestnut and a calf from a coward.

LITERALLY TRUE.—By an Algebraist.—What is the worth of woman? Double you—O, man!

Why is a blush like a little girl? Because it becomes a woman.

Read your Neighbors' Statements. Open Sores Healed!

Ascot, August 3, 1866.

MESSE S. J. FOSS & Co., Druggists, Sherbrooke :

GENTLEMEN—In hopes that it may be of service to others, I wish to certify to the great efficacy of Bristol's Sarsaparilla.

I have been suffering for many years with an open sore on one of my legs. I had tried a great many things, without any good effect, until I commenced using Bristol's Sarsaparilla, six bottles of which have made me, to all appearance, as sound and well as ever I was.

H. PFASE

Messrs. S. J. Foss & Co. know the particulars of this cure, and can vouch for its truthfulness.

SORE EYES CURED AFTER THREE YEARS' SUFFERING!

August 3d.

DEAR SIRs:—It is with feelings of gratitude that I testify to the wonderful virtues possessed by your Bristol's Sarsaparilla and Sugar-coated Pills. I suffered with most aggravated Sore Eyes for about three years, the lids being much inflamed, swelled, and mattering. My eyelashes were all gone, and my sight was so weak and painful that I could not let the sunlight touch my eyes. Like others suffering with disease, I tried the best Physicians and Oculists, both here and in the States, but their efforts, instead of benefiting, injured me. I then tried your Bristol's Sarsaparilla, bought from the store of your Agent here, and I am glad to say that five bottles of the Sarsaparilla, and three phials of the Pills, completely cured me. This was about six months ago, and my eyelashes have now grown again, all inflammation and swelling have disappeared, and my sight is strong and free from pain. Again thanking you,

I am, dear sirs, yours, &c.

EDWARD LANE,
Wellington St., Montreal.

Strong Evidence! A BAD LEG WITH FOUL SORES HEALED!

HAMILTON, C. W., Jan. 23.

DEAR SIRs:—I consider it a duty to inform you of the excellent results which have followed the use of your Bristol's Sarsaparilla and Pills in my case. I was for many years troubled with three Open Sores on my right leg, near the ankle-joint. The matter discharged from them was thick, of a brown color and very bad smell. I used all kinds of salves, ointments, and lotions, but without any benefit. Last December, I began using your Bristol's Sarsaparilla and Pills. At first, the only effect was that the sores became more painful and tender; but this gradually died away, and I am now quite well—not a sore on my leg, nor even a feeling of soreness.

Very truly, yours,

JOHN V. GARDNER.

MAGNETIC!

PATRIOTIC YOUNG LADY.—"Is it possible to send a kiss to General Grant?"

CLERK.—"Oh, yes; but to make it quite sure, it will require to be repeated three or four times!"

Pour into the water of the bath a whole or half bottle of **Murray & Lanman's Florida Water**, and you can lave in liquid fragrance, while the mind will be greatly refreshed and the body reinvigorated.

A learned young lady one evening astonished the company by asking for the "loan of a diminutive, argentiferous, truncated cone, convex on its summit, and semiperforated with symmetrical indentations." She wanted a thimble.

Grandiloquent poets sometimes write very funny things, when they intend only to be grand and terrible, as in the following case:

With eyes of fire majestically he rose,
And spoke divinely through his double-barrel'd nose.

In one second of time—in one beat of the pendulum of a clock—light travels over 192,000 miles. Were a cannon-ball shot towards the sun, and it were to maintain full speed, it would be twenty years in reaching it—and yet light travels through this space in seven or eight minutes.

For Miners, and all those engaged in outdoor occupations, **Bristol's Sugar-coated Pills** are the very best medicine, being expressly adapted to the diseases that are produced by such employments.

MURRAY & LANMAN'S FLORIDA WATER,

FOR THE
Handkerchief, the Toilet, and the Bath,

THE MOST AGREEABLE AND REFRESHING OF ALL P E R F U M E S ,

Contains in its highest degree of excellence the aroma of flowers, in full natural freshness. As a safe and speedy relief for Headache, Nervousness, Debility, Fainting turns, and the ordinary forms of Hysteria, it is unsurpassed. It is, moreover, when diluted with water, the very best dentifrice, imparting to the teeth that clear, pearly appearance, which all Ladies so much desire. As a remedy for foul or bad breath, it is, when diluted, most excellent, neutralizing all impure matter around the teeth and gums, and making the latter hard, and of a beautiful color. With the very *élite* of fashion it has, for a quarter of a century, maintained its ascendancy over all other Perfumes, throughout the West Indies, Mexico, Central and South America, &c., &c.; and we confidently recommend it as an article which, for soft delicacy of flavor, richness of bouquet, and permanency, has no equal. It will also remove from the skin Roughness, Blotches, Sunburn, Freckles, and Pimples. It should always be reduced with pure water, before applying, except for Pimples. As a means of imparting rosiness and clearness to a sallow complexion, it is without a rival. Of course, this refers only to the Florida Water of Murray & Lanman.

LANMAN & KEMP, New York, sole Proprietors.

See the Agent's name on the back of Cover, who has the
genuine for sale.

---------	--------------	-----	---	----	---	----	---	----	---	----	---	---	---	---	---	----	---	---	---	----

Written by Swift on a building, the lower floor of which was a wine-store and the upper part a church :

"There's a spirit above and a spirit below,
A spirit of love and a spirit of woe;
The spirit above is the spirit divine,
The spirit below is the spirit of wine."

Praise is the handmaid of virtue, but the maid is much oftener wooed than the mistress.

Sore eyes and running ears are the evidences of scrofulous blood and humors. **Bristol's Sarsaparilla** has cured many such cases.

What is the difference between an auction and sea-sickness? One is a sale of effects, the other the effects of a sail.

What two places' names will describe the language of a parent who refuses to give his daughter in marriage? Ushant Havre. (You shan't have her.)

TRUTH MUST PREVAIL!

ST. LAZARE DE BELLECHESSE,

District of Montmorency, C. E., 13th August.

EDMUND GIROUX, Esq., Druggist, No. 47 St. Peter St., corner of Vieux Marche, Lower Town, Quebec:

DEAR SIR—This is to certify, that I have been, during eighteen months, sick and obliged to keep my bed, unable to walk a single step. After having tried the remedies prescribed by physicians, and many others, without success, I decided to try Bristol's Sarsaparilla, and took five bottles. To-day I walk perfectly well, and I am able to attend to my business. One of the most able physicians, after bleeding me, declared that my sickness was a severe Rheumatic affection.

I am, respectfully, yours,

JOHN RUEL.

Sworn before the undersigned, one of her Majesty's Justices of the Peace for the District of Montmorency, Aug. 13, 1864.

J. RUEL, Justice of the Peace.

'RUNNING AT THE EARS COMPLETELY CURED!

The following proves that for any kind of Scrofulous Running, the Sarsaparilla and Pills are a safe, sure, and speedy remedy:—

York St., TORONTO, C. W., June 27.

GENTLEMEN—As a statement of my case may be beneficial to others afflicted as I was, I give you the following particulars with pleasure:

About two years and a half ago, my ears became sore inside, and a little yellow matter would gather there. After some months, the quantity of matter became much greater, and very offensive, and, to keep it from running down on my neck, I had to wear cotton stuffed into both ears. This continued for a little over two years. During that time I had tried a great many different medicines. The Doctors told me it was the result of a scrofulous tendency in my system. I then got a bottle of your Bristol's Sarsaparilla, and a phial of the Bristol's Sugar-coated Pills. For the first few days these medicines seemed to increase the discharge, but I persevered in their use, and after using seven bottles of the Sarsaparilla, and three bottles of the Pills, am now entirely free from any discharge at the ear, and my general health is better than it has been for years.

I remain, gentlemen, your obedient servant,

R. J. MOORE.

Heart Disease and Dyspepsia OF SIX YEARS' STANDING ENTIRELY CURED. Read, Sufferers, Read!

SAULT AU RECOLLECT, C. E., January 2.

MESSRS. DEVINS & BOLTON, Druggists, Montreal:

DEAR SIRS—I had suffered for six years with Heart Disease, great pain in the stomach, and distress and uneasiness after eating, when I determined to try Bristol's Sarsaparilla. I used in all four bottles of it, and found myself entirely cured. I believe it to be my duty to make these facts known, and to state that I had previously been bled by several physicians from both city and country without receiving any benefit. It is now six months since I took the last bottle of the Sarsaparilla, and I do not feel any pain whatever.

I have the honor to be, with sincere thanks,

Your humble servant,

THEOPHILE PAQUET, Merchant.

USEFUL AND AMUSING.

A FLORAL SENTIMENT.—If you look to heart's ease, never look to marry gold.

A gentleman who had been spending the evening with a few friends, looking at his watch just after midnight, said, "It is to-morrow morning! I must bid you good-night, gentlemen."

Ladies, sprinkle your garments with **Murray & Lanman's Florida Water**, and every flutter of your robes will fill the atmosphere with fragrance.

MUFFINS.—Flour one quartern; warm milk and water one pint and a half, yeast a quarter of a pint, salt two ounces; mix for fifteen minutes, then further add flour a quarter of a peck; make a dough, let it rise one hour, roll it up, pull it into pieces, make them into balls, put them in a warm place, and when the whole dough is made into balls, shape them into muffins, and bake them on tins; turn them when half done, dip them into warm milk, and bake to a pale brown.

NEW METHOD OF USING HOOPS, ADAPTED TO RAINY WEATHER.

part round the edge. A few oysters mixed with the beef are a great improvement, adding their liquor to the water or gravy.

What secret is that which may be warranted to keep in any climate? A woman's age.

A husband can readily foot the bills of a wife who is not ashamed to be seen footing his stockings.

"There, John, that's twice you've come home and forgotten the lard."
"La, mother, it was so greasy it slipped my mind."

Every kind of eruption or disfigurement of the skin is quickly and surely removed by a few doses of **Bristol's Sarsaparilla** and **Bristol's Sugar-coated Pills**.

The man who "couldn't stand it any longer," has taken a seat.

What is the difference between homicide and pig stealing? One is an assault with intent to kill; the other, kill with intent to salt.

"So you're going to keep house?" asked an inquisitive maiden of a bride. "Yes," said she. "Going to have a girl, I suppose?" "I really don't know," was the blushing reply, "whether it will be a girl or a boy."

From all diseases arising from impure or tainted or vitiated blood, or from the excessive use of mercury or iron, there is a sure and speedy cure in **Bristol's Sugar-coated Pills** and **Bristol's Sarsaparilla**. These two great remedies never fail.

BEEF-STEAK PIE.—Prepare the steaks by cutting into long strips, fat included; season with two teaspoonsful of salt, one of pepper, and a little chopped herbs; put them in a dish with puff paste round the edges; put a little water in the dish, and cover it with the crust of puff paste, which must be pressed down upon that

The World Speaks!

IN FAVOR OF

BRISTOL'S SUGAR-COATED PILLS.

The Editor of the *Medical Gazette* says: "They are a specific for the affections of the Liver."

Doctor B. Wallis, of Boston, says: "In my opinion, we have no purgative medicine that is equal to them."

The Editor of the *Daily Times* says: "To my knowledge these pills have cured dropsical swelling that had existed for more than three years."

Doctor Nelson, of Philadelphia, says: "I consider them the most reliable medicine we have for Dyspepsia, Indigestion, and all derangements of the stomach."

The Editor of the *Materia Medica* says: "They are really an excellent cathartic, and deserve the confidence of the public."

Doctor P. Wilson, of Boston, says: "As a general cathartic for family use, they are unsurpassed."

The Editor of the *Lorraine Gazette* says: "I was promptly relieved by them from oft-recurring and painful Constipation."

Doctor Wells, of New York City, says: "For the past eighteen months I have not prescribed any other Pills."

Doctor M. F. de Entralgo, of Cuba, says: "They are safe in their action and agreeable in their taste."

Doctor R. de la Peña, of Palmyra, says: "I have always obtained the best results in the various cases where I have used them."

Doctor Francisco Pages, of Guanagay, says: "I have long used Bristol's Pills in my practice, and always with the most satisfactory results."

The above is but a small portion of the great accumulation of evidence which we have in favor of our **Bristol's Sugar-coated Pills**. All classes of society praise them, and where they are once used other purgatives are ever afterwards discarded.

See the Agent's Name on the Back Cover, who has the genuine article for sale.

LOVER'S LOGIC.—Edwin: You see, dearest, a fellow can't exist without his heart; and, as you happen to have mine, of course I can't exist without you.—Angelina: O you absurd creature.—Punch.

Murray & Lanman's Florida Water is the simple fragrance of the choicest flowers made permanent.

The earth is the third planet in order from the sun, and the largest within the belt of the planetoids. We have wondered, sometimes, why the earth did not have a bell all to herself, being the champion of the universe.

How can one be sure of cowslips in winter? By driving his cattle on the ice.

When is a street unlike the law? When you can see the end from the beginning.

A French wit said of a man who was exceedingly fat, that nature only made him to show how the human skin would stretch without breaking.

A lady wished a seat in a crowded hall: a handsome gentleman brought her a chair. "You're a jewel," she said. "Oh, no, I am a jeweller; I have just set the jewel."

Three miseries of a man's house—A smoky chimney, a dripping roof, and a scolding wife.

Having
 C. P. Allen

Lost for Ever!

From the "**Morning Post**," Jan.

"The fragrance, such as it is, of the ordinary toilet extracts, passes away in a few moments and is lost forever, but the delicious perfume of the *genuine Murray & Lanman's Florida Water* can be removed from the handkerchief, only by washing."

From the "**Ladies' Weekly**," March

"'Love sprinkles odors from his dewy wings,' says the poet; but the fluttering of a fan baptized with the *genuine Murray & Lanman's Florida Water*, literally floods the surrounding atmosphere with floral fragrance."

From the "**Leader of Fashion**," for June,

"The breath of tropic flowers, fragrant and imperishable, is transfused into that most exquisite of all modern perfumes, **Murray & Lanman's Florida Water.**"

From the "**Bon Ton**," August,

"The subtle soul of fragrance, delicate, delicious, and refreshing, is embodied in the true **Murray & Lanman's Florida Water.** Science, when it produced this matchless perfume, caged in a glass prison the very spirit of the flowers."

From "**Passing Hours**," for May.

"Like the sweet South breathing o'er beds of violets is the aroma which beauty shakes from her robes, if she has the good taste to use **Murray & Lanman's Florida Water.**"

From the "**Ladies' Expositor**,"

"All the year round the fresh fragrance of southern flowers perfumes the dressing-room, and exhales from the drapery of our ladies of fashion, for the use of **Murray & Lanman's Florida Water** is now universal in good society."

As there are worthless counterfeits in the market, purchasers should exercise great care, and be sure they get the *genuine Murray & Lanman's Florida Water*

See the Agent's Name on Back Cover.

CANADIAN TESTIMONIALS.

NINE YEARS' SUFFERING

ENTIRELY RELIEVED BY ONE BOTTLE

OF

BRISTOL'S SARSAPARILLA,

AND ONE PHIAL OF

BRISTOL'S PILLS.

CHATHAM, C. W., May 6, 1865.

GENTLEMEN—Having been troubled with the rheumatism more or less for the last eight or nine years, and suffering great uneasiness and pain, but getting no relief, either immediate or permanent, from the various remedies I used, I concluded, on seeing **Bristol's Sarsaparilla** advertised in the *Chatham Planet*, to give it a trial. After using one bottle of the **Sarsaparilla** and one bottle of **Bristol's Sugar-coated Pills** I feel entirely relieved of my distressing complaint, and am pleased to give my testimony to its curative properties.

Yours, very truly,

O. J. V. DOLSEN.

ERUPTIONS CURED.

187 SANGUINET STREET, MONTREAL, C. E., June 17, 1865.

GENTLEMEN—Permit me to add another testimonial to the number you have already received relative to the curative powers of your **Bristol's Sarsaparilla**. Last September an eruption appeared on my nose, which alarmed me very much, and was also very annoying. I could not account for it, but attributed it to some medicines taken during my sickness in the spring of that year. I had heard and read of the wonderful properties of **Bristol's Sarsaparilla**, and concluded to try it. I purchased a few bottles of Messrs. Devins & Bolton, and the result was, after taking three bottles, a complete cure, and no symptoms of its return since. Trusting that others who are afflicted may test its healing properties, and find such a good result, I remain,

Very truly yours,

R. W. BOYD.

IMPORTANT TESTIMONY

From a Custom-house Officer in Ottawa City.

The following letter has been received by Mr. George Mortimer, Chemist and Druggist, Sussex Street, Ottawa City:

CUSTOM-HOUSE, OTTAWA CITY, May 13, 1865.

MY DEAR MORTIMER—If it is of any consequence to you I can positively state that, after suffering for two or three years from *Liver Complaint*, and having received the kind attention of many medical friends here and elsewhere, I have found that **Bristol's Sarsaparilla and Pills** have been the remedy when every thing else failed.

Sincerely yours,

JOSEPH S. LEE.

Plain Truths!

If your face or forehead is covered with pimples, for which you have tried many remedies, but failed to remove them, there is one medicine that will not disappoint you; it is

Bristol's Sugar-coated Pills.

If you wish a clear complexion, a smooth skin, and a sweet, pleasant breath, the surest and safest of all methods to obtain them is by the use of

Bristol's Sugar-coated Pills.

If you wish to have a good appetite, with a strong, vigorous digestion, and a natural and healthy action of the liver, let us advise you to use without delay

Bristol's Sugar-coated Pills.

If you wish to get a genial yet powerful tonic for the stomach, which is also, at the same time, an excellent remedy for the various diseases of the Bowels and Kidneys, use

Bristol's Sugar-coated Pills.

If you wish to get a really safe and effective cure for the sickness and ill health under which your wife or daughter labors, do not hesitate to try at once

Bristol's Sugar-coated Pills.

They will speedily correct every derangement and remedy every irregularity. These excellent Pills are the true purgative medicine for general family use, being easy to take, strongly antibilious, and very effective in their action every way.

In all diseases of a Scrofulous, Ulcerous, or Syphilitic nature, or where the blood has become tainted or vitiated by the use of iron, mercury, or any other mineral,

Bristol's Sarsaparilla

should be used in conjunction with the **PILLS**. And the sick may rely upon it, that where used together, as directed on the wrapper, no disease can long resist the combined searching and healing powers of

Bristol's Sarsaparilla and Sugar-coated Pills.

"Molly" said Joe Kelly's ghost to his wife, "I'm in purgatory at this present moment," says he. "And what sort of a place is it?" says she. "Faix," says he, "it's a sort of a half-way house between you and heaven; and I stand it mighty aisy after leaving you."

What's the latest and sweetest thing in bonnets? The ladies' faces, to be sure. "Alas, I am no more!" as Miss Susan More remarked after becoming Mrs. Jones.

Liver disease produces costiveness and indigestion, with sudden attacks of dizziness. **Bristol's Sugar-coated Pills** are a safe and certain cure.

A sweet young lady of our acquaintance says—"Males are of no account from the time ladies stop kissing them as infants till they commence kissing them as lovers."

Go to strangers for charity, acquaintances for advice, and relatives for nothing, and you will always have a supply.

When is a lawyer like a donkey? When he draws a conveyance.

The sweetest word in our language is Love. The greatest word in our language is God. The word expressing the shortest time is Now. The three make the greatest and the sweetest duty man can perform.

Horn of Prosperity

A DELICIOUS PERFUME

FOR

The Handkerchief,

more lasting than any other, and richer, yet more delicate in its fragrance than the finest extracts of France or Germany, and possessing, in a pre-eminent degree, the power of **REFRESHING** the wearied and exhausted body and of reinvigorating the overtaxed mind. This property we claim can be found only in our far-famed

MURRAY & LANMAN'S

FLORIDA WATER.

The finest Colognes and the most expensive French extracts have no refreshing power, their odor is too heavy and sweet, having the effect of cloying and ultimately nauseating the sense of smell. Not so with the bracing, strengthening fragrance of our Florida Water, which only requires to be once enjoyed to become from that time a positive necessity.

As a Perfume for

The Bath,

our Murray & Lanman's Florida Water stands alone. Pour a few spoonfuls into the basin of water before washing in the morning, and you can literally lave in liquid fragrance! Pour a half or whole bottle into the bath-tub, and you will emerge from the bath renewed in the energy of both mind and body, with the whole atmosphere of the bathroom fragrant as a bed of rare exotic flowers!

As a Perfume for

The Toilet,

our Murray & Lanman's Florida Water is unapproached. In the Court circles of Brazil, and in the public and private assemblies of the nobility of Cuba, as well as among the refined and educated classes of society in every part of Spanish America, our Florida Water is the standard perfume. With every rustle of the gorgeous drapery of the ladies in those countries, and with every flutter of their fans, the air is filled with the rich fragrance of Murray & Lanman's Florida Water.

Purchasers should exercise care to see that they get the genuine article.

See the Agent's Name on the Back Cover.

VAULTING AMBITION.

One very cold night D. was roused from his slumbers by a very loud knocking at his door. After some hesitation he arose and went to the window, and asked—"Who's there?" "A friend." "What do you want?" "I want to stay here all night." "Stay there, then," was the benevolent reply.

When giving a party, sprinkle your carpets with **Murray & Lanman's Florida Water**. It will fill your parlors with an atmosphere of the most exquisite fragrance, and will not injure the most delicate colors.

Gail Hamilton says one can be daughter, sister, friend, without impeachment of one's sagacity; but it's a dreadful endorsement of a man to marry him.

AN EXCELLENT HORSE LINIMENT.—Take one pint alcohol, half an ounce Castile soap, quarter ounce gum camphor, quarter ounce of sal ammoniac. When these are dissolved, add one ounce of laudanum, one ounce oil origanum, half ounce oil sassafras, and two ounces spirits of hartshorn. Bathe freely. Excellent for strains, bruises, sprains, windgalls, &c.

Bristol's Sarsaparilla and **Bristol's Sugar-coated Vegetable Pills**, will cure all kinds of Old Sores, Running Ears, Sore Eyes, General Debility, Rheumatism, Tumors, and Scrofulous Affections.

"Call that a kind man," said an actor, speaking of an absent acquaintance; "a man who is away from his family, and never sends them a penny—call that kindness?" "Yes, unremitting kindness," Jerrold replied.

Testimonial from Hamilton,
IN FAVOR OF
BRISTOL'S SARSAPARILLA
IN BRONCHITIS.

Messrs. D. B. M'DONALD & Co.:

Hamilton, C. W., July 20, 1864.

Dear Sirs—I take pleasure in giving my testimonial of the benefit derived from the use of **Bristol's Sarsaparilla**, which I purchased from you. I had been troubled seriously with bronchitis for about a year. It had been brought on by inflammation of the lungs, and was a source of great distress to me, so that it was impossible for me to go out at night. I found no relief from any thing I had taken until I tried **Bristol's Sarsaparilla**, which I am happy to say has effected a cure

J. C. FIELDS,
Leather Merchant, King St.

SALT RHEUM CURED!

Mr. S. J. Foss, Druggist:

Sherbrooke, C. E., June 20, 1864.

Dear Sir—For the benefit of those who may be suffering from the same disease, I wish to make known the great benefit I have received from the use of **Bristol's Sarsaparilla**. For a long time I had been troubled with a sort of breaking out on my legs and arms, which some called salt rheum and some a scrofulous humor. Whatever it was, the torture from it was so great that I could not remain quiet. I tried a great many medicines, but all without benefit, until I was induced to try **Bristol's Sarsaparilla**, from the use of which I found immediate relief; and now, after using only four bottles, I find myself to all appearance entirely cured.

Yours very truly,

HORACE BARBER.

Evidence from Toronto,
IN FAVOR OF
BRISTOL'S SARSAPARILLA.

Messrs. R. H. Wood & Brother, Druggists:

Toronto, C. W., July 8, 1864.

Gentlemen—I deem it necessary to acquaint you with the benefit I have derived from using **Bristol's Sarsaparilla**, which I purchased from you. I was afflicted for some months with an affection of the skin, which caused me great pain: my face also was covered with a dreadful eruption. After using a number of bottles of other medicines without any visible effect, I was persuaded to try **Bristol's Sarsaparilla**. After taking one bottle the good effects of the Sarsaparilla was apparent. I persevered, and after taking five bottles was perfectly cured. You have my full permission to acquaint the proprietors of this valuable medicine with the great benefits I have derived from it.

JAMES TREGEAR,
No. 22 Masonic Arms Hotel, West Market Square.

"Sam, why am members of parliament like de fishes?" "I don't meddle wid de subject, Pomp." "Why, don't ye see, niggars, because dey am so fond ob de bate." An exchange, presided over, we presume, by a crusty old bachelor, says: "Never look at the girls—they can't bear it; they regard it as an insult. They wear their feathers, furbelows, and frills, merely to gratify their mammas—that's all (?)"

Salt-Rheum and all eruptions of a scrofulous or scabious nature, are, to a certainty, removed by **Bristol's Sarsaparilla**.

A rich upstart asked a poor person if he had any idea of the advantages arising from riches. "I believe they give a rogue an advantage over an honest man," was the answer.

What is higher and handsomer when the head is off?—A pillow.

The earth turns upon its axis, making one revolution every twenty-four hours except in Mexico—there they have a revolution two or three times a day.

What suits last the longest? Chancery suits.

CONVINCING TESTIMONY

FROM

CANADA.

Rheumatism, { Mrs. P. Lafrance, residing at 118 Dominique street, Montreal, says :

I have suffered severely from Rheumatism for a length of time, and have been under the treatment of different medical men without any benefit. Having heard of **Bristol's Sarsaparilla**, I determined to try it. After using six bottles I experienced great relief; and after using six bottles more I found myself perfectly cured. The Rheumatism from which I suffered principally affected my back.

Heart Disease and Fever and Ague, { Mr. Alfred Tuck, manufacturer of soap and candles, Craig street, Montreal, says :

Having suffered severely for four years from Palpitation of the Heart, and frequent attacks of Fever and Ague, with loss of appetite, and great pain after eating, attended with weakness and gradual wasting away of body, I was induced to try **Bristol's Sarsaparilla**, and found from the first bottle considerable relief, and before I had finished the sixth, found my maladies completely removed, my appetite good, and my body vigorous and strong. I had previously been under the first physicians in Toronto, Chicago, Cleveland, and Toledo, without receiving any permanent or even satisfactory relief.

Severe Pleurisy, { Mr. J. B. Alexis Dorval, inspector of timber, in the city of Quebec, says :

It affords me great pleasure to inform you that I have been completely cured of a very severe Pleurisy, which I had neglected, and by the use of only three bottles of the **Bristol's Sarsaparilla**, which I bought at your establishment.

Running Sores, { Mrs. Olive Garneau, of Quebec, sends the following, which is certified by Ed. Rousseau, M. D., and Justice of the Peace, Quebec :

This is to certify that I have been thoroughly and entirely cured of *fifteen sores* which I had on my right arm, by the use of **Bristol's Sarsaparilla**. These sores had been on my arm for over four years, and during that time had been continually discharging, which weakened me so much that I was unable to leave my bed for four months. Having heard of **Bristol's Sarsaparilla**, I made up my mind to try it. I used six bottles, and with the best results; for I am now as strong and as able a woman as I was before having the sores.

In all cases of impure blood, from whatever cause, **Bristol's Sugar-coated Pills** should be used, in conjunction with the Sarsaparilla, to hasten the cure.

RECIPES FOR DYEING

CHEAP, BEAUTIFUL, AND DURABLE COLORS,

And by a process so simple and expeditious that all may adopt it.

Failure in dyeing a good color is generally owing to two causes—inattention to the instructions of the recipe, and the inferior quality of the dyeing materials employed.

In all cases be sure that the articles to be dyed are perfectly free from grease or soap, as the presence of the smallest portion of either will seriously affect the color.

Particular attention is invited to the "Extract of Logwood," as being so much superior to the wood for producing a beautiful black; also to the "Madder" and "Madder Compound," for giving a pure red, which never changes by the action of the sun.

Bristol's Sarsaparilla and **Bristol's Sugar-coated Vegetable Pills**, used together, are a certain cure for any disease arising from impure or tainted blood. This fact is sustained by experience, and cannot be denied with truth.

Black on Wool, Silk, or Cotton.—For every pound of cloth it will require one ounce of Extract of Logwood and half an ounce of Blue Vitriol. Prepare an iron kettle with a sufficient quantity of water to admit the yarn or cloth to be worked in the dye without being crowded; bring the water to a scalding heat, then put in the yarn or cloth a few minutes; when it is thoroughly wet take it out and drain it. In the next place add the blue vitriol, and, when dissolved and the water skimmed carefully, put in the material to be colored, and let it remain half an hour at a scalding heat, airing it occasionally; then take it out and rinse it in soft water. The vitriol water may now be emptied into a separate vessel, and the extract of logwood, dissolved in a sufficient quantity of water, brought to a scalding heat and skimmed; put in the cloth, keeping the dye at the same temperature, and let it remain half an hour, airing it frequently; then take it out and drain it. Add the vitriol water to the dye, and put it in again, and let it remain fifteen minutes, airing as before. Cleanse it well.

Madder Red.—Take one pound of Madder for every two pounds of yarn or cloth; soak the madder in a brass or copper kettle one night in warm water, enough to cover the yarn you wish to color. Next morning put in two ounces of madder compound for every pound of madder you have soaked; then wet your yarn or cloth in clean water and wring it out; afterwards put it in the dye. Now put the kettle on the fire, and bring it slowly to a scalding heat, which will take about half an hour; keep it at this heat about half an hour if a light red is wanted, and longer if a dark one, the color depending upon the time it remains in the dye. When the color is made, rinse the cloth immediately in cold water, and it will then be finished.

Scarlet Red.—Take soft water sufficient to cover the yarn or cloth you wish to color, bring it to a boiling heat in a copper or brass kettle, then add one ounce and a half of Cream of Tartar for every pound of cloth; now boil a minute or two, and then add two ounces of Powdered Lac and three ounces of Madder Compound (the lac and compound must be previously mixed in a glass or earthen bowl); boil five minutes. Now wet the yarn in warm water and wring it out, and put it in the dye; boil the whole nearly an hour; take the cloth or yarn out, and rinse it in clean cold water.

Purify the Blood with **Bristol's Sarsaparilla**; Strengthen the Stomach and Regulate the Liver with **Bristol's Sugar-coated Vegetable Pills**.

A splendid blue may be produced in an hour by the following process:

Blue.—For each pound of wool or cloth take two and a-half ounces of Alum, and one ounce and a-half of Cream of Tartar. Boil these together in a brass or copper kettle for about an hour; now take sufficient warm water to cover the cloth or wool, and color it to the shade you wish with the liquid blue; put the whole into the copper pot and boil a short time, taking care to keep it stirred; remove the cloth and rinse it in clear cold water, and hang it up to dry.

Scrofula, the bane of many lives, can be completely eradicated by a course of **Bristol's Sugar-coated Pills** and **Bristol's Sarsaparilla**.

A pale, yet handsome, pink may be produced as follows: One pound wool or cloth, half pound good Red Wood, and a quarter pound Alum. Soak the wood all night in warm water, add the alum, and boil the cloth with these ingredients for about an hour; take it out and rinse in clean cold water.

Canadian Testimony!!!

GENERAL DEBILITY, LOSS OF APPETITE, AND SICK-HEADACHE CURED!

WALLACE, HEBRON P. O., C. W., June 8th, 1867.

To MESSRS. HACKING BROS., Druggists, Listomel:

GENTS—I take this opportunity to give my testimonial as to the curative effects of Bristol's Sarsaparilla. I have, till recently, been afflicted with a general debility, loss of appetite, languor, sick-headache, &c. The Bristol's Sarsaparilla I got of you has entirely cured me, and I am now a well man, and take pleasure in recommending it to all afflicted with similar complaints.

CHARLES BALLARD,
Blacksmith, &c.

Any parties wishing to inquire into the above case, are referred to the highly respectable firm to which the certificate is addressed—viz., Messrs. Hacking Bros., Listomel, C. W.

"SAVED HIS BOY'S LIFE!"

H. W. Jaques, Esq., Druggist, Merrickville, C. W., writes to us, under date of June 13th, 1867:

"I sell more of Bristol's Sarsaparilla than all the other sorts together. One man told me his son had been under medical treatment for a long time, and was at the point of death. He got a bottle of Bristol's Sarsaparilla from me; and directly after he commenced taking it, he rallied, and when he came for the second bottle he was full of gratitude, and said he firmly believed it had saved his boy's life. My customers speak in the highest terms of the Sarsaparilla."

MUCH GOOD RESULTING

FROM THE USE OF

Bristol's Sarsaparilla and Pills.

James H. Gerrie, Esq., Druggist, Whitby, C. W., writes to us, under date of June 11th, 1867:

"I could get many certificates of benefits derived from the use of your medicines (Bristol's Sarsaparilla and Pills), and you can use my name as to a knowledge of the good resulting from the use of both Sarsaparilla and Pills."

J. B. Bond, Esq., Druggist, Schomberg, C. W., writes us, under date of June 13th, 1867:

"I have a large sale for Bristol's Sarsaparilla and Pills. They are good, and I can recommend them with confidence."

Should there be any who are sick, and who without faith in anything are allowing their chances of recovery to pass away, we urge them to try Bristol's Sarsaparilla and Pills: thousands have recovered their health by their use—a trial can harm none, as both medicines are safe for the weakest.

A partisan paper says: "It is a mistake to say that the opposite party plays upon a harp of a thousand strings. The organ of that party is a lyre."
 What ship's boat ought to contain a happy crew?—A jolly-boat.

As a relief for Nervousness there is nothing better than the refreshing fragrance of **Murray & Lanman's Florida Water.**

To get rid of your troubles, stop thinking of them. Whether you are lively as a cricket or as dull as rain, depends less on the size of your pocket-book than on the condition of your mind.

A traveller on being asked whether he had been through Euclid, replied that he didn't quite remember, but he thought he passed a night there.

Little Jones, who pretends to be a great traveller, was one day asked by a friend if he had seen the Dardanelles. "Oh, yes," says he; "I took dinner with them in Vienna, and jollier fellows I never met in my life."

Slight changes make great differences. "Dinner for nothing," is very good fun, but you can't say as much of "nothing for dinner."

Why is a blind negro guided by a dog like a drawing-pencil? Because he is a black lead.

NEW CANADIAN TESTIMONIALS.

RHEUMATISM

OF FORTY YEARS' STANDING,

AND

DISEASE OF THE HEART, CURED.

COMPTON, C. E., April 28, 1865.

MESSRS. S. J. FOSS & Co., DRUGGISTS, SHEBROOKE :

GENTLEMEN—Having received very great benefit from the use of **BRISTOL'S SARSAPARILLA**, I think it but fair to make it known, that others suffering in the same way may make a trial of what cured me.

I had been suffering more or less for over forty years from Rheumatism, and for the last five years from what the doctors call disease of the heart. I tried various remedies, all without any good effect—in fact three doctors told me it was no use, they could do nothing for me, and there was no cure; notwithstanding all this, I determined to try **Bristol's Sarsaparilla**. I have taken three bottles, and now feel as well as ever I did; and not a sign of Rheumatism or heart disease that I can discover.

Yours truly,

A. B. BLISS.

ALMOST A MIRACLE.

HAMILTON, C. W., March 6, 1865.

DEAR SIRS—That others may be benefited, as my boy has been, I beg to send you the following particulars of his cure by the use of your **Bristol's Sarsaparilla**.

Three years ago next May, he got a severe fall which bruised his arms and left leg. I called in medical aid, supposing it to be a simple hurt from which he would soon recover; but in this I was disappointed, for after having had thirteen different physicians at him, he was at last given up by them as incurable. These doctors said that when he fell he had split the bone of his leg nearly from the ankle to the knee—certain it is that he was in almost a hopeless condition, when the doctors gave him up. The sore on his arm was very bad, and many pieces of bone working their way down from the shoulders came out at his side from sores produced by them. He used many kinds of medicines and other Sarsaparillas by the dozen bottles, but without any benefit,—at last he began to use your **Bristol's Sarsaparilla**; and during the time of using it, a bone $9\frac{3}{4}$ inches long was taken away from his leg, and a piece 8 inches long from his arm. He used about 80 bottles in all, and after being confined to his bed two years and seven months, he is now well enough to go around and take care of himself. I consider that if it had not been for your **Bristol's Sarsaparilla** he would not have lived. Mr. Bickle, the Druggist, is familiar with the case, and can vouch for the truth of my statements. You are also at liberty to refer any person to me, when they can see the boy.

WILLIAM BURNS, Wellington Street, near Rebecca.

USEFUL AND AMUSING.

Why are females indispensable in mining? Because there must be a chamber made (maid) at the end of each gallery.

Why are there three objections to taking a glass of brandy? Because there are three scruples to a dram.

A pin has got as much head as a good many authors, and a good deal more point.

For Flatulency, Sour Stomach, Heartburn, and Indigestion, **Bristol's Sugar-coated Vegetable Pills** are an unfailing remedy.

A pair of lovers, fleeing from stern and cruel parents, were married in the cars near St. Louis the other day. Papa telegraphed to the conductor to send his daughter home; but he telegraphed back: "Never return a fair on this road."

HAD HIM THERE.—In one of the courts of Hartford, Conn., a woman was testifying in behalf of her son, and swore that he had worked on a farm all the days of his life. The lawyer who cross-examined her said: "You assert that your son has worked on a farm ever since he was born?" "I do." "What did he do the first year?" "He milked," she replied. The whole court laughed heartily, and the witness was questioned no further that time.

A POINTED EXPRESSION.

streets with a friend of his, said to him: "Let us avoid that pretty little woman you see there on the left. She knows me and casts on me looks of indignation. I attended her husband." "Ah! I understand, you had the misfortune to dispatch him." "On the contrary," replied the doctor, "I saved him."

A bachelor merchant's advice in selecting a wife is, "Get hold of a piece of calico that will wash."

Bristol's Sarsaparilla and **Bristol's Sugar-coated Vegetable Pills**, used together, are a certain cure for any disease arising from impure or tainted blood. This fact is sustained by experience, and cannot be denied with truth.

TO STOP BLEEDING AT THE NOSE.—Dr. Negrier, a French surgeon, says the simple elevation of a person's arm will always stop bleeding at the nose. He explains the fact physiologically, and declares it a positive remedy. It is certainly easy of trial.

What is the difference between a honeycomb and honeymoon? A honeycomb consists of a number of "small cells," and a honeymoon consists of one "great sell."

Why is the letter A useful to a deaf woman? Because it makes her hear.

If you have headache bathe the temples and inhale the refreshing aroma of **Murray & Lanman's Florida Water**.

"And ye have taken the tee-total pledge, have ye?" said somebody to an Irishman. "Indade I have, and am not ashamed of it either."—"And did not Paul tell Timothy to take a little wine for his stomach's sake?"—"So he did; but my name is not Timothy, and there is nothing the matter with my stomach."

Write injuries in dust, but kindness in marble.

Malignant men are always inventing sarcasms about the fairer sex. Here is an atrocious one, told in print: A physician, walking in the

A Toilet Necessity.

The surpassing aromatic excellence of Murray and Lanman's Florida Water has caused its qualities as a cosmetic to be partially overlooked. It is not only the most refreshing and delightful of perfumes, but, as a superficial application for the removal of blemishes on the skin, it is unsurpassed. In all cases of annoying eruptions, freckles, tan, and sunburn, caused by exposure to the sun or air, this soothing, softening toilet-water will be found exceedingly useful, imparting to the complexion

Clearness and Softness

and entirely removing that sallow, greasy appearance of the skin, so disagreeable to refined and elegant taste. Except for the removal of pimples, the Florida Water should always be diluted before using. For the extirpation of pimples, the application should be made full strength, seven or eight times a day, taking care to touch the pimples only and not the surrounding skin. These directions carefully followed, will in a short time remove every disagreeable blemish. The hygienic properties of

Murray and Lanman's Florida Water

are a marked and distinctive feature of this fragrant Perfume. Its wonderful power in relieving all forms of nervous headache, fainting turns, ordinary hysteria, and its healthful disinfectant properties in the sick-room, mark it as peculiarly adapted to all the requirements of the boudoir, the dressing-room, and for general family purposes. As a perfume, it is scarcely necessary for us to speak of its many virtues. Thirty years of public trial have established the fact that for its freshness, its purity, its delicacy, and its unchangeableness, it remains

Without an Equal.

No other toilet-water nor perfume resembles it; nothing can supply its place; and no one who once uses it can be induced to forego the continuation of the pleasure. Hence the amazing rapidity with which its sales increase, even in the face of myriads of imitations and counterfeits, that unprincipled and dishonorable men in France and Germany flood the market with. The difference between them and the genuine Murray and Lanman's Florida Water, is simply the difference between great excellence and utter worthlessness. And the public are earnestly urged, when purchasing, always to ask for the Florida Water prepared by *Lanman and Kemp*, New York, who are the sole proprietors of the genuine article, and who will be glad to be advised of names of all dealers who try to impose upon their customers the false and fraudulent counterfeits.

Those two observing men, one of whom said that he had always noticed when he lived through the month of May he lived through the year, and the other of whom said at a wedding that he had remarked that more women than men had been married that year, were neither of them Irishmen.

We have several reasons for writing upon the earth, the principal one being the imperfect facilities afforded for getting upon any other planet to write. Nothing prevents our writing upon the sun or the moon except the difficulty in getting there.

Why is a kiss like a rumor? Because it goes from mouth to mouth.

Sour Stomach, Heartburn, and Flatulency are all removed by a short course of **Bristol's Sugar-coated Pills.**

The man who took our advice, has just brought it back again.

A gentleman met a half-witted lad in the road, and placing in one of his hands a sixpence and a penny, asked him which of the two he would choose. The lad replied he would not be greedy; he'd take the smallest.

Cunning is only the mimic of discretion, and may pass upon weak men; just as pertness is often mistaken for wit, and gravity for wisdom.

GLAD TIDINGS!!!

To the Sick and Broken in Health!

Violent Palpitation of the Heart, Chills, Low Spirits, and Bad General Health, all cured. Read! read!

This is to certify that for five years I was troubled with general debility, unable to perform any household duties, and suffering violently from Palpitation of the Heart. I was constantly under the influence of a chilly fever, and experiencing awful pain in my whole body. I tried every thing—sought medical advice—but all to no avail. Twelve months ago I was induced to try BRISTOL'S SARSAPARILLA, and before I had taken two bottles, experienced a decided improvement; but my means not allowing me to continue its use, I was becoming worse again, when you kindly gave me a few bottles. It was the needed remedy, and its effect on my system was wonderful. I am now another woman; I feel well, eat well, and sleep well, and do all my work without the least fatigue. I cannot too strongly recommend this invaluable medicine to the suffering, and I have not the least doubt they will derive from it the same benefit that I have.

(Signed)

ANGILE DANIEL,

wife of Celestin Courtois, 95 Visitation street.

CELESTIN COURTOIS.

J. BOULANGET,

Justice of the Peace.

I certify the above is the truth.

Sworn before me this thirty-first day of July, 1868.

Liver Complaint, Pain in the Side, No Appetite, and a Sense of Suffocation, all cured. Read! read!

DEAR SIRS—For years I have suffered severely from Liver Complaint, constant Pain in the Side, no Appetite, intense Drowsiness, and a Sense of Suffocation, compelling me at times to remain in bed for three or four days. For two years I was constantly taking medicine, under the advice of two of our best city physicians, without getting any relief. By their orders I spent the whole of last summer in the country, but without benefit. Last March I was advised by a friend, who knew its virtues, to try BRISTOL'S SARSAPARILLA, but I had lost confidence in every thing, and was fearful of getting worse. At last I did try it; its effect was most beneficial. My appetite returned; the heavy drowsiness left me; and my digestion became vigorous and healthy. I used in all twelve bottles, and am now as strong and well as any man could desire.

You are at liberty to make my case known to the public.

Yours, very truly,

J. H. KENNEDY,

Grocer and Dealer in Wines and Spirits,

No. 160 St. Mary street, Montreal.

A Severe and Painful Rheumatism, that had existed for years, entirely cured. Read! read!

It is with the most grateful feelings that I give you the particulars of the cure effected upon me by the use of the BRISTOL'S SARSAPARILLA bought from you. A severe and painful Rheumatism had troubled me for years, rendering my right arm almost useless, and extending across my chest and down my back, made me unable to walk, and comparatively helpless, besides much pain in the side, from what my family doctor called liver disease. Mr. Kennedy, my neighbor, on whom the BRISTOL'S SARSAPARILLA produced almost a miraculous cure, advised me to try a bottle or two. I did so, taking, at the same time, as directed by you, a couple of BRISTOL'S SUGAR-COATED PILLS occasionally.

I am now entirely recovered, free from pain of every kind, and feel as if I had taken a new lease of life. I can with confidence recommend the Sarsaparilla and the Pills to any one suffering with the same troubles.

MRS. CROSBY,

Dry Goods Store, St. Mary's street, Montreal.

Bristol's Sarsaparilla and Bristol's Sugar-coated Vegetable Pills are for sale by all Druggists.

A DISAGREEABLE MISTAKE.

GENT (SITTING).—"My dear sir, I beg your pardon, and assure you I had no intention of . . . but the fact is, that it looked so much like the spittoon that I inadvertently," &c., &c.

GENT (STANDING).—"My new hat ruined," &c., &c.

An exchange gives the following toast: "Woman—the morning-star of infancy—the day-star of manhood—the evening-star of age. Bless our stars!"

Pour a teaspoonful of **Murray & Lanman's Florida Water** into a tumbler of pure water, and you have the best and most fragrant of all tooth washes.

TO PREVENT POTATOES FROM ROTTING.—The *Scientific American* gives the following recipe for preventing the decay of these valuable tubers: Dust over the floor of the bin with lime, and put in six or seven inches of potatoes and lime again; repeat the operation until all are stored away. One bushel of lime will do for forty bushels of potatoes, though more will not hurt them—the lime rather improving the flavor than otherwise.

Every type of scrofulous disease or impurity of blood, no matter of how long standing, can be cured by the use of **Bristol's Sarsaparilla**, in conjunction with **Bristol's Sugar-coated Vegetable Pills**.

FASHIONABLE TALK.—"Mary, relieve that burning luminary of the superincumbent dross that bears upon it." "Ma'am?" said Mary, confused as to what her mistress could mean. "Take," said the lady, "from that luminous body its superincumbent weight of consumed carbon." "Ma'am?" repeated Mary. "Snuff that candle, you fool!" exclaimed the lady.

A young man advertised for a wife, and received eight hundred answers from husbands, saying he could have theirs. This shows the value of advertising.

A Wonderful Cure Of an Agent of the Grand Trunk Railroad, Canada.

Read the following letter received by Mr. JAMES HAWKES, druggist,
BROCKVILLE,

LYN, C. W., June 13, 1864.

JAMES HAWKES, Esq., BROCKVILLE:

DEAR SIR:—Allow me to make a statement in favor of **Bristol's Sarsaparilla**, which ought to be known by every body far and wide.

In March, 1860, a Tumor appeared on the left side of my head, which had grown so large by December of that year that it affected my eating very much, and the doctors thought it best to have it removed, which was done at that time. It partially healed-up, and the rest remained a running Sore for three years and a half. I had tried several physicians, who all came to the conclusion that it could not be healed, and I was told to square up my books for the last time. After using several kinds of **Sarsaparillas**, I was induced to try **Bristol's**, from your Establishment. Before I had used five bottles, I felt it was doing me good, and, as you know, I have continued to use it for the past fourteen months, and the result, after using between thirty-five or forty bottles (which has brought away several pieces of the skull bone, one of them measuring two by one and three-eighths inches), I am a well man.

Yours truly,

GEO. WEBSTER, Agent, G. T. R. Co.

POWERFUL WITNESSES.

ANDREW MELVILLE, M. D., Prescott, C. W., says: "Bristol's Sarsaparilla and Bristol's Sugar-coated Vegetable Pills have a very good reputation for medicinal virtues; I sell more of them than any other medicines."

G. HARDING, Esq., Druggist, Prescott, C. W., says: "every one speaks well of Bristol's Sugar-coated Vegetable Pills and Bristol's Sarsaparilla. I find them the most popular and best-liked medicines in this market, and I sell more of them than any other medicines of that kind."

HENRY F. MCCARTHY, Esq., Druggist, Ottawa, C. W., says: "Bristol's Sugar-coated Vegetable Pills and Bristol's Sarsaparilla are the most popular now, and will be still more so. They get the highest praise. They have to my own knowledge cured many cases of Chronic Rheumatism and Debility."

JAMES HAWKES, Esq., Druggist, Brockville, C. W., says: "I sell more of Bristol's Sarsaparilla than all the others put together. Bristol's Sugar-coated Vegetable Pills are the best-liked by my customers of any pills sold here; I have heard of several cures effected in cases of Scrofula and Debility by these remedies."

GEORGE BIRKS, Esq., Druggist, Prescott, C. W.:—"The reputation of your medicines, **Bristol's Sarsaparilla** and **Pills** is good. I have heard of different cures of Scrofula and Impurities of the blood which they have effected. I sell more of them than of all other Sarsaparillas and Pills."

G. H. TURNER & Co., Druggists, &c., Brockville, C. W.:—"Bristol's Sarsaparilla sells better than any other. Have heard of it effecting cures in Scrofula and Rheumatism; it has a very good reputation for medicinal virtues."

JOSEPH GARVEY, M. D., Rideau-street, Ottawa, C. W., says: "I sell more of Bristol's Sarsaparilla than of any other kind. Bristol's Pills and Sarsaparilla are, I think, the best-liked of any medicines of that kind in this market."

T. J. B. HARDING, Esq., Druggist, Brockville, C. W., says: "Bristol's Sugar-coated Pills and Bristol's Sarsaparilla have a very good reputation for medicinal virtue. Have heard of a person being cured by them of a Tumor on the head of four years' standing. I sell more of the Sarsaparilla than any other; both remedies are the most popular and best-liked now sold here."

"My dear Ellen," said Mr. Softlow to a young lady whose smiles he was seeking, "I have long wished for this opportunity, but I hardly dare trust myself now to speak the deep emotions of my palpitating heart: but I declare to you, my dearest Ellen, that I love you most tenderly: your smiles would shed—would shed—" "Never mind the wood-shed," said Ellen; "go on with that pretty talk."

Bristol's Sarsaparilla is a positive cure for all diseases arising from impure blood or humors.

Whenever we drink too deeply of pleasure, we find a sediment at the bottom, which pollutes and embitters what we relished at first.

It was a Dutchman who said a pig had no ear-marks except a short tail; and it was a British magistrate who, being told by a vagabond that he was not married, responded, "That's a good thing for your wife."

"Ahem! So here I am between two tailors," said a dandy at a public table, where a couple of young tailors were seated who had just begun business. "Very true," said one of them; "we are but new beginners, and can only afford to keep one goose between us!"

Scrofula Entirely Cured!

Kingston, C. W., June 17, 1864.

Gentlemen—It gives me much pleasure to inform you of the good effects derived from the use of **Bristol's Sarsaparilla**.

One case in particular has been brought under my notice, in which a person was entirely cured of **Scrofula**, by taking nine bottles. Owing to delicacy of parties in not wishing their names to appear in print, I withhold them, but can satisfy any one who may wish to make further inquiries upon calling at my Store.

I remain, yours very truly,

ROBERT WHITE, Druggist.
42 Princess street.

MARVELOUS!

Toronto, C. W., July 8, 1864.

Gentlemen—I send you a certificate of the great benefits I have derived from using **Bristol's Sarsaparilla**. I have been terribly afflicted for years with acute Rheumatism; my knee joints were swollen to an enormous extent, and it was with the greatest difficulty I walked. I was treated by the best physicians in the city without any permanent benefit. My friends persuaded me to try **Bristol's Sarsaparilla**. After taking the first bottle I was almost cured; and now, after taking the third, I am a new man. If agreeable, I desire that you should publish this certificate, and let the afflicted know of the great benefit I have derived from your valuable medicine.

I am, gentlemen, yours truly,

EDWARD SCOTT,
63 Queen street.

Messrs. R. A. WOOD & BROTHER, Druggists, 280 Yonge street, of whom the **Sarsaparilla** was purchased, can testify to the correctness of the above statement.

An Important Canadian Testimonial.

HARTMAN'S CORNERS, Aurora, C. W., July 7, 1864.

Gentlemen—This is to certify that my son William has been troubled with **Scrofula** for nine years, and had been under the treatment of a number of physicians (at great expense to myself), but received no benefit thereby. Having seen one of **Bristol's Almanacs**, I was persuaded to give **Bristol's Sarsaparilla** a trial. At that time he had five running sores, which appeared to defy all treatment. He commenced taking the **Sarsaparilla**, and the result has been, after taking seven bottles, and also five bottles of **Bristol's Sugar-coated Pills**, four of the running sores have disappeared, and the fifth is now healing rapidly. In the mean time he has had the small pox—going about all the time—and recovered without the use of any other medicines than **Bristol's Sarsaparilla** and **Bristol's Sugar-coated Pills**. His general health has improved wonderfully, having been before taking these preparations very poor; as any one can testify who knows him. I feel under obligations to the public to make this case known, and therefore send you this certificate.

Yours truly,

ABRAHAM GRIMSHAW.

RECIPES FOR DYEING.

WARRANTED GOOD COLORS.

Brown.—For each pound of wool take a quarter pound Alum and two ounces Cream Tartar, and boil for half an hour. Take a half pound Red Powder, quarter pound Fustic, and two ounces Logwood. Soak these a night in sufficient warm water to cover the wool. Take the wool out of the alum-water, and boil with the woods for about half an hour. If a dark brown is wanted, add about a tablespoonful of Copperas.

Bristol's Sugar-coated Pills and **Bristol's Sarsaparilla** are guaranteed to cure any case of Scrofula.

Yellow.—One pound wool or cloth, three quarters of a pound Fustic, quarter pound Alum. Put all into an earthen vessel, and pour on sufficient hot water to cover the wool, and keep it warm all night; give it half an hour's boil in a brass kettle, and then rinse in cold water. A much deeper and richer yellow may be made by using Turmeric Powder instead of Fustic, and proceeding in the same manner.

Bristol's Sugar-coated Vegetable Pills are the great remedy for all diseases of the Stomach, Liver, and Bowels.

Green.—Take one pound wool or cloth, one pound Fustic, quarter pound Alum; soak all night in warm water to obtain a good yellow. Now take out the wool or cloth and drain it; then add to the yellow water Liquid Blue to obtain the shade of green required—the more the deeper. Put the cloth into the liquer and boil about half an hour; rinse in cold water.

A deeper and much richer green may be obtained by using Turmeric instead of Fustic, and proceeding in the same manner.

Bristol's Sarsaparilla and **Bristol's Sugar-coated Vegetable Pills** will cure all kinds of Old Sores, Running Ears, Sore Eyes, General Debility, Rheumatism, Tumors, and Scrofulous Affections.

To Dye a Fine Wine Color.—One pound wool, half pound Red Powder, one ounce of Madder Compound. Soak the powdered wood in warm water all night; mix the madder compound with about half a pint of water (in a glass), and add it to the rest. Rinse the wool in warm water and put it into the dye; boil about half an hour; take out the wool and rinse in cold water.

A color almost as fine may be had by using quarter pound Alum, and boiling in the same way.

A still richer color, but one hardly so durable, may be made in the manner following:

One pound wool, three quarters of a pound Cudbear, and quarter pound Alum. Wet the wool and wring it, then boil for about half an hour in a brass kettle, and rinse in cold water.

Every kind of eruption or disfigurement of the skin is quickly and surely removed by a few doses of **Bristol's Sarsaparilla** and **Bristol's Sugar-coated Pills**.

To Dye a Salmon Color.—One pound wool, quarter pound Annatto, quarter pound Soap. Take water sufficient to cover the wool, in which dissolve the annatto and soap. Rinse the wool in warm water, put it into the annatto mixture, and boil about half an hour. The shade may be made lighter or deeper according to the quantity of annatto used.

The blood is the life, and there is but one medicine that will thoroughly and surely cleanse and enrich it—that is **Bristol's Sarsaparilla**.

Lilac is made by boiling the cloth or wool for a short time in Cudbear.

Dove and Slate Colors of all Shades, are made by boiling, in an iron vessel, a teaspoonful of Black Tea with a teaspoonful of Copperas and sufficient water. Dilute this till you get the shade wanted.

The above Dye Woods, etc., etc., can be had of all Country Merchants.

Clouds of Incense !

The **Ladies' Journal** for August says :

" In her Bath-room, her Dressing-room, her Boudoir, in her Carriage, at the Ball or Opera, on the Promenade, everywhere, a lady requires, as the extreme of refined enjoyment and fashionable luxury, the fragrant aroma of the *genuine* **MURRAY & LANMAN'S FLORIDA WATER.**"

The **Gazette of Fashion** says ;

" Cologne must capitulate, not to Austria, but to America. The *genuine* **MURRAY & LANMAN'S FLORIDA WATER**, surcharged with the condensed fragrance of the sweetest tropic flowers, is now universally and justly preferred to the best Cologne Water."

The **Literary Review** says :

" To catch the rich aroma of nature's most fragrant products, and give it permanence, is a scientific triumph that has been fully achieved in **MURRAY & LANMAN'S FLORIDA WATER.**"

An Incident !

" Ah me, it is withered !" cried a maiden, sighing over her dead bouquet ; but remembering her flacon of true **MURRAY & LANMAN'S FLORIDA WATER**, she sprinkled her handkerchief with that indestructible perfume, and was consoled.

Sir Lytton Bulwer says :

" You know a gentleman by the delicacy of his perfumes." This is true ; and the *genuine* **MURRAY & LANMAN'S FLORIDA WATER** being the most delicious, delicate, and refined of all floral waters, is, *par excellence*, a gentleman's as well as a lady's perfume.

BEWARE OF COUNTERFEITS. See that the name of **MURRAY & LANMAN** is upon the label, and on the wrapper around each bottle, and also stamped in the glass.

See the Agent's Name on the Back Cover, who has the genuine article for sale.

"My good fellow," said one man to another, "you are one of the men we read of!" "How so?" inquired the other. "Where did you read of me?" "In the police reports."

An American lecturer of note solemnly said one evening: "Parents, you may have children, or if you have not, your daughters may have."

Why are your lips often at variance? Because words are frequently passing between them.

The richest and most lasting of all perfumes for the handkerchief is **Murray & Lanman's Florida Water.**

Stupid people may eat, but shouldn't talk. Their mouths would do well as banks of deposit, but not as banks of issue.

Those who blow the coals of others' strife, may chance to have the sparks fly in their faces.

Firmness is as different from obstinacy as rashness from true courage, prudery from virtue, and bigotry from religion.

At a negro ball, in lieu of "Not transferable" on the tickets, a notice was posted over the door—"No gentleman admitted unless he comes himself."

HEALTH FOR THE SICK!

VOLUNTARY TESTIMONY.

Messrs. DEVINS & BOLTON, Druggists, next the Court-House, Montreal, have received the following letter from Mrs. M. J. NOLIN HEROUX, witnessed and confirmed by her husband and E. M. ROY, merchant, of St. Phillips, Laprairie, of a wonderful cure by **Bristol's Sarsaparilla**.

Messrs. DEVINS & BOLTON:

SIRS—The present is to certify that I, M. J. NOLIN, 40 years of age, wife of M. HEROUX, Notary Public, have suffered for a year with violent palpitation of the heart, sudden chills, extreme heat and cold in various parts of the body, attended with great pain, particularly in the arms; my pulse was very variable—very slow or quick; frequently a tendency to faint, with a sense of suffocation; sleep troubled; irritable, and very low spirits. I tried several medical men without deriving any benefit, and they all concluded by giving me up. In July last, I saw in the papers, "**Bristol's Sarsaparilla**,"—"Blood is Life." I purchased five bottles at your store, which afforded me relief from the first dose. A substance resembling very fine white sand came from my legs in quantity, after which I recovered my nearly lost faculties, and was free from pains, palpitations, and chills, and perfectly cured of my affliction in ten weeks. I am convinced of the superiority of this remedy over all others.

Signed,

M. J. N. HEROUX,
EMELIEN ROY, Merchant.
Mr. HEROUX, Notary Public.

ST. PHILLIPS, LAPRAIRIE, *Sept. 20, 1862.*

HOME EVIDENCE.

Mr. R. DUGAL, Chemist and Druggist, Crown Street, Quebec:

SIR—I send you the following certificate attesting the efficacy of **Bristol's Sarsaparilla**:

RESULT OF A SLOW FEVER.—I certify that on the 19th March, 1860, my son, nine years old, was obliged to keep his bed from the above sickness. I employed the best doctors, who took him under their charge for two years, without affording relief. Last spring I commenced to give **Bristol's Sarsaparilla**, and from the moment he began taking the remedy a rapid improvement took place, and at present he can walk with facility. I therefore advise all persons suffering with similar maladies to try **Bristol's Sarsaparilla**.

JEAN LACHANCE.

ST. ROCH, QUEBEC, *Aug. 8, 1863.*

MORE HOME EVIDENCE.

RHEUMATISM CURED!

Still another of our well-known and highly respectable neighbors has come forward under a sense of duty, and made the following statement:

ST. CONSTANT, DIST. OF LAPRAIRIE, *May 25, 1863.*

Messrs. DEVINS & BOLTON, Druggists, next the court house, Montreal:

DEAR SIRS—When I began using **Bristol's Sarsaparilla**, I had been for nine months suffering with rheumatism, and had completely lost the use of my legs, being unable to walk during four months out of the nine. The first bottle of **Bristol's Sarsaparilla** gave me great relief, and before I had finished seven bottles, I was entirely free from pain, and able to walk as well as I ever could. You will confer a favor on many by making these facts public, which I shall be glad to confirm.

Very respectfully yurs,

THOMAS QUELLIAN.

HEALTH FOR THE SICK

STILL GROWING

IN

POPULAR FAVOR!

JOHN COOMBE, Esq., Medical Hall, 104 Yonge St., Toronto, under date of September 7th, 1866, writes as follows:—"Your Bristol's Sugar-coated Pills are well spoken of by those who have used them. They appear to be growing in popular favor, and are bought by all classes of the community."

It is not surprising to find that Bristol's Sugar-coated Pills are superseding all other purgative medicines. They are the only Pills combining safety and gentleness of action, with powerful antibilious properties. They are purely vegetable, and very speedy in their effect.

J. B. MARTEL, Esq., Druggist, Quebec, writes us under date of June 5th, 1867:—"I can say that many persons have been cured by Bristol's Pills and Sarsaparilla; and many others have received much relief in cases where a cure was impossible."

A. D. CALDER, Esq., Druggist, Dundas, C. W., May 31, 1867, says:—"Your Sarsaparilla (Bristol's) is taking the lead in this market."

MESSRS. R. HOLDEN & Co., Druggists, Belleville, C. W., May 31, 1867, say:—"Your medicines (Bristol's Pills and Sarsaparilla) have had a large sale here, and give good satisfaction."

HENRY R. GRAY, Esq., Druggist, 144 St. Lawrence Main St., Montreal, May 30th, 1867, says:—"I am selling the Bristol's Sarsaparilla and Pills very well indeed."

B. A. MITCHELL, Esq., Druggist, London, C. W., May 27, 1867, says:—"I have sold a large quantity of the (Bristol's) Sarsaparilla this last year. The medicine gives universal satisfaction."

The above extracts are from letters received from gentlemen of the highest respectability, men of wealth and position in society, who would not be guilty of misrepresentation or exaggeration under any circumstances whatever, and who, being located in well-known towns and cities, can be consulted by any one feeling so inclined.

Refreshing!

Invigorating! Strengthening!

DURING an experience of twenty-five years among all kinds of French, English, and German Perfumes, we have never found a single one possessing, in any marked degree, the power of refreshing or invigorating the mind or body. On the contrary, the very finest French Extracts and German Colognes have invariably, after a short time's use, produced a satiety of fragrance ending in a rejection of the particular perfume used, and a craving for something different. With the delicate and simple fragrance of

MURRAY & LANMAN'S FLORIDA WATER

the effect is precisely the opposite. The longer it is used, the more exquisite and delicious is its rich floral perfume—the more refreshing and agreeable is its invigorating aroma. Sprinkle a handkerchief with it, and weeks afterwards the perfumed exhalations from the fabric will be as rich and fresh, but more delicate, than at the moment of its use. Pour a half or whole bottle of it into the waters of the bath; and although you may be fatigued and exhausted in body, or overtaxed and harassed in mind, you will emerge from the bath with the mind

VIGOROUS AND BUOYANT,

and the body refreshed and strengthened. Used in the chamber of the invalid, **Murray & Lanman's Florida Water** exercises a soothing, quieting influence, wooing the sick and nervous sufferer to calm and healthful sleep. As a fragrant Water for general toilet use it is unique, possessing hygienic properties of great value, and which have never been embodied in any other Floral Water. As a Handkerchief Perfume it is preferred before all others, principally on account of its lasting properties, which have not yet been equalled by any other preparation; and also because of the fact that its fragrance never becomes stale, being as fresh and rich, but more delicate, weeks after exposure, as at the moment of its use.

Purchasers should always ask for the genuine **Murray & Lanman's Florida Water**, prepared by **LANMAN & KEMP**, New York. All others are worthless imitations, possessing none of the properties of

Refreshing!

Invigorating! & Strengthening!
