## HOW TO VOTE ON OCTOBER 9TH

In the Provincial Election to be held on Saturday Oct. 9th a scratch ballot will be used, on which the names of those for whom the voter did not wish to vote for, should be scratched out with black ink or black pencil, leaving the names of the candidate for whom one desired to vote for untouched. No X or other mark should be placed after the name of the person for whom the elector wishes to vote. Only one ballot is to be cast by each voter. It bearing the names of all the candidates selected by the voter. No further names will be added to the voters list now in the hands of the sheriff, except those transferred from lists in another voting district, which must be accompanied by an affidavit showing that the person whose name is being transferred is a duly qualified voter.

The matter of soldier votes is the same as in the recent referendum on the prohibition question; returned soldiers, domiciled in the district in which they are voting may cast a ballot, providing they before enlistment were resident in and enlisted from the constituency in which they are voting.

### Rewarded After 15 Years Search

**Halifax Woman Says She will Never Cease Praising Tanlac For What It Did**

"I have been fifteen years looking for something that would relieve me of my awful sufferings, but it was only when I got Tanlac that I found just what I'd been needing all the time," declared Mrs. Frank Walker, 144 Duncan St., Halifax, N. S.

"For many years I was in a terribly run-down condition and my nerves were in a dreadful fix. I had such awful spells of sick headaches that I was in bed for days at a time. At night I was so restless I would lie awake for hours, and I felt tired and worn out all the time. Every time I tried to do anything it was an effort, and was so weak I had to lie down and rest. I was advised to go away for my health, but when I returned I was worse off than before. My friends were all worried over my condition, and as I could find nothing to help me I was almost desperate."

"One day after hearing so much about the good Tanlac was doing others I decided to give it a trial, and it is surprising the way four bottles of the medicine built me up. My nerves are as steady as a clock and I sleep good and sound all night long. I never have a sign of a headache and have regained my strength and energy and my household is now a real pleasure."

Tanlac is sold in Newcastle by E. J. Morris, in Redbank by Wm. M. Sullivan and in Doaktown by O. Hildebrand.

### Former Nelson Man Dies in Massachusetts

George Carstairs Flett, chairman of the board of selectmen and one of Belmont's most respected citizens, passed away on Friday evening, July 16, at Sandwich, N. H., following an illness of four months. He was stricken with illness in his office in Boston on March 31, following his attendance at the hearing before the board of bank incorporation on the petition for a charter by the new Waverley Trust Company for which he was one of the petitioners.

A few weeks ago with members of his family he went to his daughter's home in New Hampshire to spend the summer and to regain his health which nevertheless gradually failed.

Mr. Flett, who would have been 61 years old had he lived a day longer, was born in Nelson, New Brunswick, the son of Mr. and Mrs. William Flett of that place. Coming to Boston when but a youth, he found employment with the Rand-Avery Supply Company of that city, having learned the printer's trade at home. He started as a boy and worked up through various positions to that of superintendent of the printing house with which he had been connected for the past 42 years.

On September 17, 1884, he married Margaretta E. Watson of Boston and later came to Belmont to reside, the family residence being 596 Trapelo road, Waverley. He always took great interest in town affairs and served the town as a member of the board of selectmen for 18 years, the last 15 of which he has been honored with the chairmanship. He also served on the school committee for six years and was twice chairman of that board. Politically he was a staunch democrat and was a member of the town committee for many

### The Spirit of Fit-Reform

Progress in methods, progress in the skill of master tailoring, progress verging on the pinnacle of perfection, these lie at the foundation of the growth of Fit-Reform during the past quarter of a century.

Far different are the Fit-Reform Suits and Overcoats of today from those of even two or three years ago; yet each season's styles represent for their day the utmost in progress, and the highest standard of style, tailoring, durability and value.

years. He was widely known for his Masonic affiliations having attained the 32nd degree in that order and being a past master of Belmont Lodge and past deputy grand master of Massachusetts Grand Lodge. He was also a past patron of Belmont Chapter, O. E. S.

Other fraternal affiliations included Trapelo Lodge of Odd Fellows and Waverley Council, Royal Arcanum, in which for several years he held office.

After taking up his residence here, he united with the Waverley Congregational Church and for several years was a deacon. He had been a director of the Waverley Co-operative Bank since its start and was one of the foremost advocates of the new trust company from the directorate of which he resigned but a few weeks ago because of his ill-health.

He leaves, besides a widow, three daughters, Mrs. Leonard G. Buckle of Wolfboro, N. H., Mrs. Frank A. Bryor of Sandwich, N. H., and Miss Margaretta Flett of this town; one son, Capt. J. Watson, Post of Waverley; two brothers, J. Hendry Flett of Framingham and William Flett of Wakefield and a sister, Dr. Penelope M. Flett of Gardner.

The funeral was held Tuesday afternoon at 2 o'clock, at the Waverley Congregational Church, and was attended by a gathering that taxed its capacity. Rev. Charles A. Bidwell, the pastor of the church, conducted the service which was followed by the Masonic service conducted by the worthy master, Amos L. Taylor, and Rev. Jesse Ccker, chaplain of Belmont Lodge which was largely represented. Town officials, delegations from other lodges of which he was a member, from the police and fire departments and from the Belmont-Waverley Post of the American Legion attended. The floral tributes made a most impressive testimonial of the esteem in which the deceased was held by his fellow townsmen and friends.

Three selections were sung by the Beethoven Quartet, "Abide With Me," "Lead Kindly Light," and "Crossing the Bar," favorite hymns of Mr. Flett. The bearers were Messrs. Edwin E. Farrham, John A. L. Odde, Everett C. Benton, Fred E. Poor, Francis H. Kendall, Thomas L. Crealey, Martin Troy, E. A. Castner, Thomas H. Gibson and William J. Kewer.

As the cortege left the church a detail of police in charge of Chief Argy furnished an escort for the body to Belmont Cemetery where interment took place. Here the Masonic burial service was performed.

Business throughout the town was suspended during the hours of the funeral and flags on all the municipal buildings were displayed at half staff as a mark of respect. All offices in the town hall were closed for the afternoon.

The late Mr. Flett was taught his trade at the Union Advocate Office. He is a nephew of the late John B. Robertson of Newcastle and a cousin of Mrs. Donald McTavish of North Esk Boom—"The Belmont Citizen"

### Hon. Mr. Wigmore to Tour Canada for Luxury Tax

Ottawa, Sept. 28—In order to remove many of the misapprehensions now existing in regard to the luxury taxes, Hon. R. W. Wigmore, Minister of Customs and Inland Revenue, with the two deputy heads of his joint department, is planning a tour of several towns and cities.

It is expected that a trip through the Eastern Provinces will be arranged to start about the middle of October. The plan will be to arrange meetings in each of the large centres, and have the merchants present to explain their difficulties to the authorities and have misunderstandings cleared away.

In this way it is hoped to secure a greater measure of co-operation from the merchants throughout the country and thus bring in greater returns from the new taxes.

The stamp system of collecting the taxes will, it is expected, be inaugurated on November 1, merchants will then attach stamps for the amount of the luxury tax to the package in which they wrap goods sold.

### Madame Gagnon Will Serve Life Sentence

Madame Gagnon, sentenced to die at Quebec on Friday morning, will serve a life imprisonment in the penitentiary. After further consideration of her case at a special meeting, the cabinet council decided to commute the death sentence.

The action of the government was based entirely on the fact that Madame Gagnon is nursing the twins which she gave birth in prison rather more than two months ago. Medical reports go to show that to execute the mother at the present stage would compromise the health of the children.

Madame Gagnon was found guilty of the murder of her step-daughter under conditions of extreme cruelty; and but for the twins would have suffered the full penalty of the law.

### Hazing At The U.N.B. Resumed

Fredericton, Sept. 30—The first outward signs that have reached the public for several years of initiation and hazing at the University were in evidence last night. Freshmen have evidently been ordered by the upper classmen not to attend social functions or to be found in the company of young ladies, and last evening a picket of upper classmen, largely sophomores, visited the scenes of social activities and captured offenders.

Three freshmen were having the time of their young lives at a social at the G.W.A. rooms, held by the Anglican Young People's Association, when they were "spotted" about 10.30 p. m. and suddenly hustled from the scene by some half dozen of the more vigorous members of the picket.

The freshmen were taken to a point where the mud in the road was believed to be the deepest in town and there put through military drill at the corner of Brunswick and Carleton streets in front of the Old Gaiety Theatre, where a public dance was in progress. Where they went from there the public did not know but it was said they were taken away for "further disciplinary measures".

### Steamer From Chatham Ashore At Cape John

Halifax, N. S., Sept. 30—The British steamer *Clare Hugo*, Stines, Chatham, N. B., for Pictou, N. S., is ashore at Cape John, Pictou County, according to a message from Pictou received here this evening. The condition of the steamer is not known, but it is believed that her crew are in no danger. A wrecking craft has sailed from Pictou for the scene. The steamer was proceeding to Pictou to complete cargo of deals for the United Kingdom when she struck.

SOME ONE HAS SAID A DITCH DIGGER works ten hours a day for \$2.50—that's labor. A mechanic takes \$5 worth of material and makes it into watch springs worth \$50—that's skill. A merchant takes an article worth 75 cents and sells it for a dollar—that's business.

### An Automobile Race From St. John to Halifax

One thousand dollars has been subscribed for a free-for-all motor car race from St. John to Halifax. It was announced at the Halifax Commercial Carnival Headquarters. The auto race will pass through Masset, Moncton, Sackville, Amherst, Truro, and other towns. Automobile agents in the various towns will offer cash prizes for the car which reaches its respective town first.

St. John automobile men are enthusiastic over the race and have several entries for the event. Truro and Amherst have also entered cars. More entries for the big test are expected today. The race will be the first of its kind held in Eastern Canada, certain rules will be laid down by the committee when the entries for the race are all in. A suitable place will be selected in or near Halifax for the race to finish. The course will be announced later. This course will be patrolled and every precaution taken to avoid accidents. More particulars regarding the race will be announced.

### Battleship Ran By Radio Waves Without a Crew

Tests of radio control installation on the old battleship Iowa, just concluded by the United States Navy Department off the Virginia Capes, were declared to have fulfilled the highest expectations of naval experts. The 12,000-ton battleship was navigated with precise accuracy, it was said, solely by means of radio waves, emanating from a control station on the battleship Ohio. The control was found thoroughly efficient up to a maximum distance of ten or twelve miles.

Plans are being made to use the Iowa in target practice for the United States Atlantic fleet. It will be the first time in naval history that a battleship moving under full speed has been used as a practice target.

### Rod and Gun

Talking with respect to all who have heard the Red Gods calling, ROD AND GUN IN CANADA for October will especially appeal to followers of the trap-line. The leading story in this splendid issue of Canada's premier sportsman's monthly is entitled, "Anmichiwash Lake," illustrated with six pages of photographs taken right on the Trap-Line by F. V. Williams. It will appeal to everyone who ever had dreams of capturing the many fur-bearers which go to make Canada the richest in wild life. George R. Belton tells in his own inimitable manner how he has been mistaken for several kinds of wild animals. His story will be read with interest. The usual contributors, Bonnycastle Dale, Robert Page Lincoln etc., need no introduction to the sportsmen of North America. In addition to the regular departments this month, M. U. Bates takes charge of the Trap Line Department and will conduct it in the usual interesting manner. ROD AND GUN IN CANADA is published monthly by W. J. Taylor, Limited, Woodstock, Ont.

## Mothers' Advice

The responsibility for a daughter's future largely rests with the mother. The right influence and the information which is of vital interest to the daughter imparted at the proper time has not only saved the life but insured the success of many a beautiful girl. When a girl's thoughts become sluggish with headaches, dizziness, or a disposition to sleep, pain in back or lower limbs and a desire for solitude, her mother should come to her aid and remember that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, will at this time prepare the system for the coming change and start this trying period in a young girl's life without pain or irregularities. Thousands of women residing in every part of the United States bear willing testimony to the wonderful virtues of this medicine, and what it has done for their daughters.

Brooklyn, N. Y.—"I cannot praise Lydia E. Pinkham's Vegetable Compound enough for what it has done for my daughter. She was 15 years of age, very sickly and pale and she had to stay home from school most of the time. She suffered agonies from backache and dizziness and was without appetite. For 3 months she was under the doctor's care and got no better, always complaining about her back and side aching so I did not know what to do. I read in the papers about your wonderful medicine so I made up my mind to try it. She has taken five bottles of Lydia E. Pinkham's Vegetable Compound and doesn't complain any more with her back and side aching. She has gained in weight and feels much better. I recommend Lydia E. Pinkham's Vegetable Compound to all mothers and daughters."—Mrs. M. FROST, 516 Macy Avenue, Brooklyn, N. Y.

### Forecast of the Probable Results of the Provincial Election to be held on the Ninth of October

At the recent convention of the Conservative Party at St. John, Mr. J. L. Stewart was nominated to organize in the interests of the Conservative Party in the County of Northumberland. Apparently about all that has been done in the matter of organization has been the publication of the notice in the Chatham World calling a Convention for the County to be held at Chatham on October first, 1920 to nominate INDEPENDENT Candidates.

As a result of the neglect of Mr. Stewart in calling together the Conservative Party Leaders throughout the County with a view to organizing a vigorous campaign in the interests of said Party, the Convention held in pursuance of the announcement published in the World newspaper actually developed into a meeting of supporters of Mr. Chas. J. Morrissey and the principles for which he stands. This has created a rather curious situation, as evidenced by the speeches at a meeting in the Town Hall after the nomination of the various Candidates. Mr. Morrissey at this meeting stated that he was an INDEPENDENT Candidate, therefore, the Conservative Party cannot expect very much support from him. At the last Dominion Election, Mr. Morrissey's Father ran as a Liberal, opposing the Union Government, and the present INDEPENDENT Candidate, Mr. Chas. J. Morrissey, actively supported the Liberal Party at that time. He now appeals for support

as an INDEPENDENT Candidate representing no particular Party but simply Charles J. Morrissey and the principles for which he stands.

The lack of organization upon the part of the Conservative Party, the apathy of its leaders and the vigorous campaigning carried out by Mr. Morrissey in his own interests, have resulted in his nomination as a Candidate at the Chatham Convention. We sympathize with the aims and the aspirations of the Farmer as well as the Labor classes to better their condition but at the same time we think that their interests have been well looked after by the Conservative Party. It does not appear to us to be good policy for any particular class to have representatives in Parliament elected to represent their particular class. If this idea were carried out by the Fishermen, the Lumbermen, the Merchants, and the Professional Men, and many other classes we would have a multiplicity of class interests in Parliament, each class striving for its own particular interests. How much better to elect good men under the auspices of the Conservative Party who will champion the best interests of all classes in a fair and impartial manner.

In summing up the present situation in this County, we predict that the following will be elected: Hon. Robert Murray, Hon. J. P. Burchill, Dr. F. C. McGrath and Mr. C. J. Morrissey. We are satisfied in our minds that Mr. Morrissey will receive as his father did before him, many ballots with his name only thereon which will put him at the head of the list and leave his colleagues at home.

#### WHERE IS THE POLICEMAN?

A few years ago our town was one of the quietest towns in the Province of New Brunswick, especially at night. At present it is the direct opposite. Such should not be the case and it is the duty of the Night Policeman to see that such a condition ceases to exist. On Monday and Tuesday nights of last week, a number of men, more or less under the influence of liquor, kept up a continual loud noise by way of singing, shouting, and swearing in a most disgraceful manner, awakening the peaceable citizens of our town, who were subjected to listen to the profane language used by these gentlemen of the dark.

This took place in the centre of the town between the hours of one and six in the morning, and they were in no way interfered with by the police. The noise was such that it could be heard, especially when all is still, for a considerable distance, and we are at a loss to know why our night policeman did not interfere—hence our caption, "Where is the Policeman?" It would be well perhaps for our Police Committee to find out.

### Frequent Headaches A Danger Signal

The Victim Nearly Always Suffers From Weak Watery Blood.

There are few ailments that cause more genuine misery than nervous or sick headaches. Only those who have endured the suffering sometimes for days at a stretch, can realize the agony of the victims. Noise increase the pain, food is unthought of for it only adds to the distress. When the attack is on there is little to be done until it passes away. These headaches are nearly always a danger signal that too frequently pass unheeded. They are the symptoms of many maladies, such as anaemia, constipation, indigestion, etc., and when these are cured the headaches permanently disappear. Headaches are more often a sign of weak, watery blood than anything else, and the most successful treatment, therefore, is a remedy that will rebuild the blood and make it rich and red. This can best be done through a fair course of Dr. Williams' Pink Pills, which has a special action on the blood, and through the blood on the nerves. In this way Dr. Williams' Pink Pills have been found invaluable in a wide range of diseases due to poor, watery blood—such as anaemia, rheumatism, indigestion, after effects of influenza, neuralgia, etc. The effectiveness of this tonic treatment is illustrated in the following case: Mrs. Geo. Arn, R. R. No. 6, Simcoe, Ont. says:—"Some years ago my daughter, then a young girl of eleven, became very much run down and nervous. She was troubled greatly with sick headaches, and frequently with vomiting spells, and although we lived just across the road from the school, she was not able to attend. She was taking medicine all this time, but it did not seem to do her any good. I often read of Dr. Williams' Pink Pills, and finally decided to give them to her. By the time she had taken two boxes she seemed much better, and before the fifth box was finished, she was again in the best of health and has always since enjoyed the best of health. I am satisfied it was Dr. Williams' Pink Pills that restored her, and I have since seen equally good results in other cases. You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50c a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Royal Bank of Canada,  
Newcastle, N. B.

Dear Sir:—  
I have just received a statement of cash remitted from your office, and sent to W. H. Lugden, Manager of the Bank of Commerce, St. John, N. B., the amount stated is \$295.06, and we would like you, on our behalf, to extend our thanks to the persons who had the collecting in the several districts.

For various reasons, the fund has been slow coming in, and we have had some difficulty in finalizing the effort, but I am pleased to say that this province, including Prince Edward Island, and a portion of Cumberland County, will give us about \$34,000, which under the circumstances is very good, and is certainly a great tribute to the friendship of the people throughout the province.

Allow me to remain,  
Yours sincerely,  
D. C. MOORE  
Brigadier.

## A. E. F. Hero Laid Away With Honors

(The Lawrence Tribune)  
The late William O. Gordon was a son of Mrs. Orrin Gordon, now a Miss Chambers of Halcumb, Northumberland County, N. B. who left this county about 45 years ago, and is well remembered by a number of residents here.

A white wooden cross, first made to mark the place where a soldier boy slept in Flanders field, continued its watch today over a mound in the village cemetery at Salem, N. H., where a former member of the 77th Division of Argonne fame, was laid to his final rest.

The mound is that of the last resting place of William O. Gordon, son of Mr. and Mrs. Orrin Gordon of Church avenue, Salem, N. H., formerly of this city, whose body was laid away in the family lot in Pine Grove cemetery Sunday afternoon with full military honors. It was the first body of an American hero to arrive in this section for final interment.

Sad and impressive were the final rites which preceded the burial. In the Pleasant street Methodist Episcopal church, where today a golden star decorates the service flag which hangs in tribute to the church members who offered their all in sacrifice to a great and noble cause, the last prayers were read in the presence of a gathering of former service men and throngs of relatives and friends.

As the body was being conveyed up the church aisle, Fess' Band played "Abide With Me," following a quartet sang "Lead Kindly Light." Pastor, Rev. J. W. Clutter, assisted by Rev. Donald H. Gerrish, pastor of the Central M. E. church in this city, read the Scripture, followed by prayer by Rev. Mr. Clutter. The eulogy was delivered by Rev. Mr. Gerrish. The latter spoke of the dead boy, who went across the sea to fight, of his participation in the big battles, and of his subsequent sacrifice, the supreme, the greatest, all for the country that he loved. It was a touching epistle. Relatives and friends wept, here and there a service man with bowed head again accepted the lesson, one never new, but a grim reminder of the past, never to be forgotten. At the conclusion of the quartet, which was composed of Herbert Marshall, Mrs. Marian Kenney, Miss Gertrude Kimball and Egbert J. Masor, sang "Abide With Me." Mrs. Kenefick then sang "Red and White Roses." Miss Lillian Hall was organist.

From the church the cortege proceeded to the cemetery. Fess 16th Regiment, M.S.G., band led the procession, which wended its way through the principal streets of the town to the last resting place. There it was consigned to earth in the family lot, while a squad fired three volleys and taps were sounded by a bugler. The squad included Richard Bodwell, George Harris, Harold Bradley, Harold Healey, John Portier, Walter Moore, Arthur Woodbury, Peter Sullivan, Donald Bignell and Si-moon Cronk. Just before the body was lowered into the grave services were conducted by Rev. Mr. Gerrish and the Salem post of the American Legion, Albert Howard, chaplain, about 50 members of the Salem and Lawrence posts of the Legion acted as a guard of honor. The Lawrence guard consisted of Romeo King,

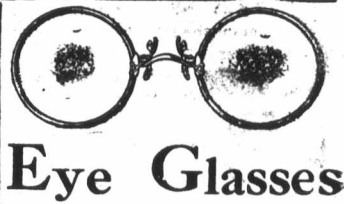

## GUARD AGAINST CHILLS

Simple Precaution Against Dangers of Cold and Damp.

Cultivate the habit of taking a cup of hot Oxo—a cube to a cup—before going out in the cold or damp. Such weather is a tax upon the system, and the strengthening and warming powers of the concentrated beef-goodness fortify you against the evils consequent upon exposure.

If the uses of Oxo are new to you, try a tin of four cubes. Oxo greatly improves gravies, stews, or soups, and is a delightful, sustaining and appetizing beverage. It is excellent for children.

Regular users of Oxo prefer the larger tins of 10 and 50 cubes, using them in many different ways in place of meat.

**Maritime Board of Trade Meeting**

Amherst, N. S., Sept. 30—The twenty-second annual convention of the Maritime Board of Trade closed here this afternoon, after discussing at length topics of particular interest to the Maritime Provinces and passing a number of important resolutions. H. J. Logan, K.C., Amherst, was re-elected president. Other officers elected were: Vice-President—J. Lenox Holman, Summerside.

Second Vice-President—Capt. J. E. Masters, Moncton. Secretary-treasurer—H. R. Thomson, Amherst, N.S.

Council—Wallace H. Higgins, Charlottetown; R. P. Emmerson, St. John; A. N. McLeelan, Sydney; C. C. Avar, Sackville; George R. Graham, Kentville; J. B. Snowball, Chatham; J. Quick, Yarmouth; A. N. Whitman, Halifax.

Mr. Birch, of Alberton, P.E.I., moved the following resolution: "Whereas orders have been issued that coal shall not be shipped in cars to seaport towns as a consequence of which importers of coal at seaports have found it impossible to supply the demand and consumers are threatened with a dangerous shortage.

"Therefore resolved that this Maritime Board of Trade bring this matter to the attention of the Board of Directors of the Canadian National Railways and Fuel Control Board so that the matter may be immediately remedied."

Mr. Burke seconded the motion which after a brief discussion passed unanimously.

The subject of attack by the P. E. I. delegation was the express companies for unsatisfactory service, and an objection to the proposed increase in rates. Early closing of the stations on the C.N.R. in Prince Edward Island was also sharply attacked.

After the disposal of the Island problems the attention of the board was shifted to the Sydneys. The desirability of making Sydney a port of call for transoceanic steamships was set forth by Messrs Robinson and Purvis of the Sydney Board. The board endorsed the resolutions on behalf of making Sydney a port of call.

The other Cape Breton resolution was brought forward by the North Sydney Board and dealt with the right of the Sydneys to have special tariff.

The weather of the next two weeks will have much to do with what the total loss will be. The potato market is weak. Cars were being loaded last week in Carleton and Victoria counties at \$2.00 per barrel. There is not much movement at that price and the tendency is to hold the potatoes for a higher figure, it being generally agreed among the growers that to sell for that would be to sell at a price that would not cover the actual cost of production.

**Weekly Agricultural Report**

Reports indicate that considerable grain was damaged by the heavy rains prevalent during the first half of September. The wheat crop always suffers the most and quite a percentage of this crop was rendered useless for flour-making purposes. The sprouted wheat can be utilized for feed purposes. The oat crop suffered both by sprouting in the straw on the fields that were cut and by lodging badly on the uncut fields. Estimates of actual loss due to these causes vary from ten to fifteen per cent. The crop generally was damaged and the grain discolored. The bright, clear weather of the past week helped out considerably in harvest operations and to put the crop in condition for handling.

The turnip crop is reported to be excellent, the weather being very suitable for a rapid growth.

The after-grass has made good pasture and live stock are doing well. The supply of milk is keeping up well and the market for dairy products is firm.

The potato crop has also suffered considerably by the wet weather. Rot is fairly general in unsprayed fields and on the heavier soils. Potatoes grown under the same conditions have frequently been found to be from thirty to forty per cent affected with rot. On the lighter soils the rot is not so bad and where fields have been well sprayed with Bord-

**Mother Twice Saved From Blood-Poison**

The unique power of Zam-Buk is well demonstrated by the case of Mrs. S. Cliff, of Melville, S.D. Here, once again, are facts which convincingly prove that pain, inflammation and blood-poison cannot withstand Zam-Buk's powerful antiseptic healing.

Mrs. Cliff says, "I gashed my hand severely between the fingers with a piece of tin. The wound, though carefully tended to, somehow became infected and poisoned. I had doctor's treatment and used numerous prescribed remedies but the swelling and throbbing spread right up into the shoulder.

"Hearing splendid reports of Zam-Buk I determined to try it. So long as I live I shall remember the wonderful relief experienced the first time I used the balm. Under the cooling and soothing influence of Zam-Buk, pain disappeared, the swelling reduced rapidly and I was at last able to sleep."

"Day by day there was vast improvement, when every trace of inflammation and poisonous matter had been drawn out of the wound by Zam-Buk, perfect healing resulted.

"Again when laid up with my leg, swollen and inflamed from the knee down, there was nothing to touch the trouble but Zam-Buk. This wonderful balm soon put me on the sure road to recovery. To-day my faithful Zam-Buk is such, that never again would I be without it." 50c. of all dealers.

## King Scored

Ottawa, Sept. 28—I am sorry to interfere with Mr. King's romancing," said Hon. C. C. Bantyne, minister of marine and fisheries, today when shown Hon. H. L. Mackenzie King's reference in his speech at Victoria, because, to the Canadian Government Merchant Marine, "no person of sense would credit such a statement as that. It is wholly false—not a contract was signed, not a dollar was spent until the authority of parliament was first obtained."

**The Original Charge**  
 Mr. King's reference to the merchant marine was reported as follows:—"Scarcely less autocratic has been the government's procedure in the expenditure of seventy millions of the people's money in the creation of a merchant marine. No ministry should have ventured to award contracts of one-tenth or one-hundredth of this sum without in the first instance coming to parliament for authority to do so."

**THE "MATTER WITH" AMERICA**  
 What's the matter with America these days?

Too many diamonds, not enough alarm clocks.

Too many silk shirts, not enough of blue flannel.

Too many pointed-toe shoes, and not enough square toed.

Too many serge suits and not enough overalls.

Too much decollete and not enough aprons.

Too much satin-upholstered limousine and not enough oows.

Too many consumers and not enough producers.

Too much oil stock and not enough savings accounts.

Too much envy of the results of hard work and too little desire to emulate it.

Too many desiring short cuts to wealth and too few willing to pay the price.

Too much of the spirit of "get while the getting is good" and not enough of old-fashioned Christianity.

Too much discontent that vents itself in mere complainers and too little real effort to remedy conditions.

Too much class consciousness and too little common democracy and love of humanity.

## Want to Feel Just Right?

Take an MR Tonight

JUST TRY IT AND SEE how much better you feel in the morning. That "loopy" headachy, tired, don't-know-what's-the-matter feeling will be gone.

**TROUBLE IS**, your system is clogged with a lot of impurities that your over-worked digestive and eliminative organs can't get rid of. Pills, cathartics and ordinary laxatives, cathartics and purges only force the bowels and prod the liver.

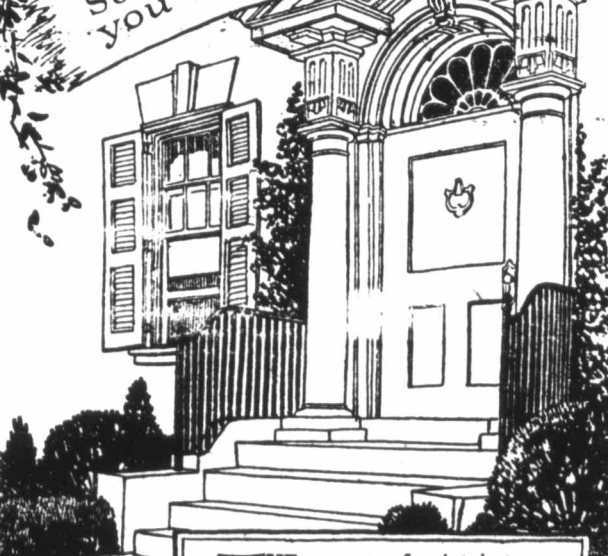

**Nature's Remedy (MR Tablets)** acts on the stomach, liver, bowels and even kidneys, not forcing, but toning and strengthening these organs. The result is prompt relief and real, lasting benefit. Make the test. Nature's Remedy will act promptly, thoroughly, yet so mildly, so gently, that you will think nature herself has come to the rescue and is doing the work.

And oh, what a relief! You'll be surprised to find how much better you feel—brighter, braver, wiser. If habitually or stubbornly constipated, take one MR Tablet each night for a week. This will not hurt or irritate in any way. But do remember MR Tablets after that will be a permanent help to your system. It's good medicine—keep you feeling just right.

Save the surface and you save all Paint & Varnish

**It's Better to PAINT than REPAIR**

THE purpose of paint is two-fold—it should beautify of course; but, also, it must fully protect the surface to which it is applied. The high cost of repair-work has made us all fully realize the extravagance of letting a building "run down" for lack of a coat of paint.

It is equally important to understand the extravagance involved in the use of poor paint, and to know that there's one paint which leads all others in the matter of economy:

**B-H PAINT**

No other paint can match it in covering capacity—no other brand can equal its record of permanence. Affording real protection over a long period, it has removed the false notion that a house must be repainted every year. If you use this paint of extreme durability your house is protected for years.

We have a large amount due us by subscribers, and have repeatedly asked for their remittances. Some have responded, others have not, and we are compelled to take the above measure. It costs money to run a newspaper, and since newspaper has advanced to such a high figure, we must collect our subscriptions which are in arrears. When remitting kindly notice the date of the tag on your paper and not paid up to 1920, compute from date of tag to corresponding month in 1920, at \$1.50 per year, and thus be sure that your remittance is correct.

### Childhood Indigestion

Nothing is more common in childhood than indigestion. Nothing is more dangerous to proper growth, more weakening to the constitution or more likely to pave the way to dangerous disease. Fully nine-tenths of all the minor ills of childhood have their root in indigestion. There is no medicine for the little ones to equal Baby's Own Tablets in relieving this trouble. They have proved of benefit in thousands of homes. Concerning them Mrs. Jos. Lunette, immaculate Conception, Que. writes: "My baby was a great sufferer from indigestion, but the Tablets soon set her right and now I would not be without them." Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### Seed Grain Distribution

The annual free distribution of samples of seed grain will be conducted as usual at the Central Experimental Farm, Ottawa, by the Dominion Cerealist. The following kind of seed grain will be sent out this season:— Spring Wheat (in about 5-lb. samples); White Oats (about 4 lb.), barley (about 5 lb.), field peas (about 5 lb.), field beans (about 2 lb.), flax (about 2 lb.). Only one sample can be sent to each applicant. Applications must be on printed form which may be obtained by writing to the Dominion Cerealist, Experimental Farm, Ottawa, at any time after Sept. 1st. As the stock of seed is limited, farmers are advised to apply early to avoid disappointment. Those who applied too late last season are particularly requested to send in their names at once so that application forms may be forwarded to them. No application forms will be furnished after Feb. 1st, 1921.
