All-Alive Topics

The crops of the west are now
assured. They are big, in good shape,
and will send a lot of money to us in
the east. That means big business for
Toronto—a Toronto bigger than ever!

But our chief improvements come
now for our growth! Another race
meeting on at the Woodbine and only
one road—by Queen street. But
Commissioner Harris could help a lot by
making a temporary passable road from
the east end of Wilton bridge to Broad-
view. This would be to drive through
Wilton avenue (extended) to Bolton,
down Bolton to Queen, or, up Broad-
view to Gerrard, along Gerrard to
Leslie, down Leslie to Queen. That
would help a lot. But where is Mr.
Harris? Wiping the sweat off his forehead
caused by the load of work in his
hands and you'll handle a lot!

And when is East Gerrard street to
be finished to Main street, East Toronto,
in so far as the car tracks and adjacent
pavement are concerned? Toronto
wants this thoroughfare more than any-
thing else. It will be the greatest
street east in Toronto until the Bloor-
Danforth viaduct is built. Hurry it
along, Mr. Harris. When may we
expect it?

And what about getting cars on this
new municipal line on Gerrard street?
Tracks are down, trolley wires are
strung, but where is the car? Has his
program? When are his experts
to report? Has any rolling stock been
ordered?

The east side of Toronto, in spite of
the delays on Gerrard street, at the
Wilton bridge, on Danforth bridge and
pavement, is growing the fastest of any
part of Toronto. It is filling up with
modern factories! And still they come.
Even Sir Wilfrid comes with reciprocity
again! He thinks it's one of the things
that are alive! Poor Sir Wilfrid!

Another new live end of the city is
coming with the annexation of North
Toronto. Get this business over and
watch the movement! Watch what is
being done by the railways uptown.
But the annexation is an all-alive ques-
tion that must be settled right away.
Is the Canadian Northern coming with
a request for the annexation of the
Leslie subdivision?

Another all-alive question: getting a
high-class, permanent counsel for To-
ronto. What are the mayor and con-
trollers doing? Drop politics, get the
best and biggest, not the least in
calibre and the deepest in politics,
whether it be of the city hall or the
national brand. The News is not
straight on this issue. It wants poli-
tics played, and this means corpora-
tion interests in the law department!
The people do not want that. The
News wants to install a political
machine, if not a political boss!

And an all-alive question follows the
office of chief counsel for a new man on
the Hydro-Electric Commission. The
best lawyer in Canada, willing to serve
the public is not too good for both
these jobs. But who is trying to get
that good man?

Toronto is governed today by a slow
board of control, a slower council, and
an irresponsible newspaper rump. The
Telegraph assumes the real majority;
devoted but often misguided. And yet
the newspaper end of the civic govern-
ment is active if not all progressive.
The Globe could keep the Telegraph
straight if it espoused public rights.

What we want is commission govern-
ment. The all-alive municipal topic
for that good old stuffer, Sir James,
and his indifferent crew is how to
improve the government of a city of
half a million and a suburban town-
ship like York. It can't be governed
with the system of fifty years ago—
and that's what Sir James and his
crew are responsible for the system. The
people can't mend it if they would. Sir
James is responsible, and must! Why
not get on the job, Oh, Thos. Only
"Paragon of the People"? Poor Thos!
Rowell has consecrated himself to bar-
room abolition, not municipal reform!
Your road, Sir James, is rough
and hard, but you took it up and you
must keep going! Get a big lawyer
on the job or a small commission on
the job of drafting a law for governing
Toronto and York. Then pass it and
put it in force! Toronto can't do it.
You can. Do it! These are all live,
pressing questions!

MIDDLESEX CONVENTION.
LONDON, Sept. 19.—(Can. Press.)—
The Conservative convention to nomi-
nate a candidate for East Middlesex
by-election will be held here Saturday,
Sept. 23.

POLICY ON RECIPROCI-
TY CALLS FOR A REVISION
IS LAURIER'S ADMISSION

Conceding That Canadians Do Not Want It in Form Sub-
mitted, He Demands That Borden Find Another
Remedy for Ills of West—Welcomed
at Haileybury.

(B Staff Reporter.)
HAILEYBURY, Sept. 19.—(Special.)—
Haileybury did its best to make Sir
Wilfrid Laurier at home during his
twelve hours' stay in the town today.
The principal streets were gaily dec-
orated with bunting, flags and tri-
umphal arches and the rink where the
reception was held was also prettily
draped. Sir Wilfrid's reception was
non-political, as the address of wel-
come was signed by prominent Con-
servatives as well as Liberals.
"I would not have discussed the
question of reciprocity tonight, de-
clared Sir Wilfrid, "but for the tenor
of an article in The Montreal Star,
namely, that the question was defeated
and is now therefore closed. Certainly
it would be politic on my part to say
no more about it. I admit that it was
voted down last September, but the
policy has not been disposed of. The
people do not want it as I offered it,
therefore, it behooves the present gov-
ernment to find another remedy and
any administration that cannot lift
those three western provinces out of
the state of discontent in which they
are today has no right to hold the reins
of office.
"The condition of the west is so
grave that if something is not done to
remedy the grievance something drastic
will happen, and if you do not do
something to help these people out of
their present condition, or if you do
not find a remedy for these people,
then you are not acting loyally towards
your fellow-countrymen."
Murphy Still Trails Cochrane.
Hon. Charles Murphy went over
again with painstaking care his criti-
cism of the new government's attitude

towards the Transcontinental Railway,
Charging Hon. Frank Cochrane, min-
ister of railways, with having dismis-
sed three Transcontinental commis-
sioners, so that he could place in the
power in the hands of a single person, the
speaker said.
"The commission as thus constituted
is in violation of the policy of approved
by the people of Canada in 1904, in
violation of the terms of the contract
itself and in defiance of the purpose
for which the parliament of Canada,
session after session, voted millions of
the people's money."
Hon. Mr. Murphy also repeated his
somewhat theoboric charges that
elaborate reffiling had been done in
places where cuts had been completed
with the dark and sinister object of in-
creasing the grade. At other points
the finished road bed has been cut
down for the same purpose and the
material so removed has been thrown
up on either side of the track, thus
destroying the uniformity of align-
ment as well as altering the grade.
"But perhaps the most illuminating
of it is a wooden trestle 500 feet long
and 20 feet high, which is cut down 10
feet through its entire length, so that
increased grade might be obtained," he
said.
Would Restrict Asiatic Immigration.
Referring to Asiatic immigration,
Hon. Mackenzie King stated that he
was "opposed" to the institution of a
head-tax on the Chinese.
"I do not believe in a tax because
the government can affect a compro-
mise whereby the number of arrivals
will be considerably reduced. These
orientals undermine the economic con-
ditions of the country and something
must be done," he said. "The arrange-
ment with the Japanese has resulted
in satisfaction to all concerned. Sim-
ilar arrangements were made with the
Indian Government by the late cabi-
net and this country has not received a
single Hindu who would cause it any
embarrassment. It is not the yellow
peril in the shape of hordes of people,
but rather it's competition against
home industries."

Program of Speeches at Borden Banquet

The full program of speeches at the Borden banquet to be
held at the Arena on Monday is complete. At the conclusion
of the banquet an address will be presented to Mr. Borden
by G. T. Somers, the chairman, on behalf of the Toronto Board of
Trade. Sir James Whitney then will propose the toast to the
guest of the evening, and Mr. Borden will reply. N. W. Rowell,
leader of the Ontario opposition, will propose the toast to "The
Parliament of Canada," and the reply will be by Hon. W. T.
White and Hon. A. E. Kemp. The chairman will propose the
toast to "Canada and the Empire," to which Hon. Geo. E.
Foster and Hon. L. P. Pelletier will reply.

HON. J. W. SIFTON CELEBRATE BIRTH
PASSES AWAY

Was Early Resident of Winni-
peg and Former Speaker
in Manitoba
House.

WINNIPEG, Sept. 19.—(Can. Press.)—
There died here this evening Hon.
J. W. Sifton, president of The Free
Press Publishing Company, and one of
the pioneer residents of the city.
This takes place March 19, 1913. The
great missionary work of Dr. Liv-
ingstone is to be theme at the mis-
sionary meetings of the convention.
The celebration will be world-wide.
In Canada it will be under the aus-
pices of the Canadian Council of the
Laymen's Movement.
The call for the Livingstone celebra-
tion also calls for an anniversary
meeting of the laymen's movement
next month.
Sunday, Nov. 10, has been appointed
as a day of prayer for missions thro-
out the Dominion.

Harbor Adviser

Fred Olmstead of Boston Giving
Pointers to Toronto Board.
Fred L. Olmstead, Boston, landscape
architect, was in Toronto yesterday
advising the harbor commission in con-
nection with the preparation of plans
for the development of the Toronto
waterfront.
In company with Chairman Clark,
Commissioners R. Home Smith and F.
S. Spence, Harbor Engineer E. L.
Cousins and Secretary Lewis, Mr. Olm-
stead inspected the Toronto waterfront
from Woodbine avenue to the Humbler.
Today will be spent in inspecting the
development of plans prepared by the
harbor engineer, and Mr. Olmstead will
advise any changes he thinks will im-
prove the plans.

WARRANT ISSUED
FOR TORONTO
DOCTOR

Coroner's Jury Found That
Ruth Adams Died as Result
of Operation Performed by
Dr. Allan B. Cook, and War-
rant for Doctor's Arrest Was
at Once Issued.

"We find that Ruth Adams came to
her death in the City of Toronto on
Wednesday, Sept. 11, 1912, as the result
of an abortion procured upon her by
Dr. Allan B. Cook."
The above verdict, which was imme-
diately followed by a warrant being is-
sued for the arrest of Dr. A. B. Cook,
87 West Rutherford, Toronto, was
rendered at the morgue last night by
a jury under Chief Coroner Arthur
Jukes Johnson, after investigating the
death of Ruth Adams, 8 Shirely ave-
nue, who died on Wednesday, Sept. 11,
from septic poisoning, caused by a
criminal operation alleged to have been
performed by Dr. Cook.

Dr. Richard S. Conroy, who was called
to attend the young woman the Sat-
urday before she died, stated he found
an answer to a very serious condition,
and from the first had little expecta-
tion of her recovery. Her condition
was so serious that he had her attend-
ed by Miss Mary Muir of 1 Silver ave-
nue, a trained nurse.

Both these witnesses, when placed on
the stand last night, stated that Ruth
Adams had stated to them than an op-
eration had been performed on her by
Dr. Cook. Before she died she signed
a statement to the effect that Dr. Con-
roy was in no way implicated in the
matter.
Dr. Allen B. Cook, who is a physician
of over twenty years' standing, when
placed on the stand at first denied any
knowledge of the matter. Under a
pressure, he finally stated that a girl
answering to the description of Ruth
Adams had called on him in July for
an examination as to her condition.
Following this he had been out of the
city until the last week in August.
During that week and the first week of
September he had been visited by Miss
Adams on three occasions. He advised
her to consult her family physician,
and she stated that she had done so.

Following each of these visits a man
would call, said the doctor. Previous
to the last visit this man had paid him
\$5, the only fee he had received in the
case. Dr. Cook positively denied that
he had performed an operation on the
woman.

Born in England.
Mrs. L. Adams, 8 Shirely avenue, the
mother of Ruth Adams, stated that
her daughter was 27 years of age and
had been employed here as a dress-
maker. Miss Adams had been born in
England, having been in Canada but
about two years at the time of her
death. She had been keeping company
with a man about forty years of age,
named Geo. Wilson, a teamster. This
man had promised to marry Miss
Adams, but suddenly left the city early
in July and has not been heard of
since. The police are now to be asked
to try and locate him.

LAUNCH PARTY
HAD HARD TIME

Four Chorus Girls From Star
Theatre Stranded in
Lake for Three
Hours.

Caught in a disabled launch five miles
out in the lake by the heavy gale which
suddenly sprung up yesterday after-
noon, three men and four women
had a never-to-be-forgotten experience
and are now wondering how they
were even so fortunate as to reach
land. The launch, owned by Thomas
Crowley of the Star Theatre, was a 35
footer equipped with a 15 horsepower
engine, and a staunch craft. But when
the storm broke it was buffeted so
badly that the engine was crippled, and
the boat began to drift with the heavy
sea. The waves were so high that at
times it was partly submerged and was
tossed about like a cork. After bat-
tling against strong odds for three
hours, with the men rowing the women
bailing, they reached the lighthouse at
the eastern gap exhausted. They were
later towed across the bay.

Besides Crowley, who was running
the launch, there were four chorus
girls, May Dawson, Marion Hebrun,
Lutvina Owens and Mabel Swartz.

ULSTER WILL USE "ALL MEANS"
TO BLOCK HOME RULE IN IRELAND

Covenant Which Sir Edward Carson Will Present to
Orangemen for Signature on Sept. 28 Solemnly
Pledges All to Refuse to Recognize
Irish Parliament.

BELFAST, Sept. 19.—(Can. Press.)—Sir Edward Carson,
ex-solicitor-general for Ireland, will submit for the approval of
the Ulster Unionist council the wording of the covenant which
Ulster Unionists throughout the province will sign on Sept. 28.
The covenant will be as follows:
"Being convinced that home rule will be disastrous to the
material well-being of Ulster, as well as to the whole of Ireland,
subversive to our civil and religious freedom, destructive to our
citizenship, and perilous to the unity of the empire, we, whose
names are underwritten, men of Ulster, loyal subjects of His
Gracious Majesty King George, humbly relying on God, in
whom our fathers in days of stress and trial confidently trusted,
hereby pledge ourselves in solemn covenant throughout this, our
time of threatened calamity, to stand by one another in defend-
ing, for ourselves and for our children, our cherished position
of equal citizenship in the United Kingdom, and in using all
means which may be found necessary to defeat conspiracy to
set up home rule in Ireland; and in the event of such parliament
being forced upon us, we solemnly and mutually pledge our-
selves to refuse to recognize its authority, in the sure confidence
that God will defend the right."

ROOSEVELT FOR ANOTHER WORD
PRESIDENTIAL
RECALL

When Public is Manifestly
Hostile to a President He
Should Quit Office, Declares
Colonel, Answering Bryan's
Taunt—Wilson Says Roose-
velt Fathered Trusts.

DENVER, Colo., Sept. 19.—(Can.
Press.)—A declaration in favor of the
recall of the president was made in
the Auditorium here tonight by Col.
Roosevelt. He was elected president,
he said, and found his views in opposi-
tion to those of the people, he would
take the stump in defence of his poli-
cies. If he were elected president, he
would not win the support of the elec-
torate. Col. Roosevelt's declaration was
made in reply to a question by William J.
Bryan who in a recent speech at
Pueblo, Colo., asked:
"Have many terms may the president
of the United States serve?"
Col. Roosevelt said: "I should be glad
to have the recall for the president. It
is not in the Progressive platform and
this is merely an expression of my per-
sonal feeling. My own experience was
that I could do nothing as president
except when the people were heartily
with me. The minute I ceased to have
them with me, whether it was my fault
or theirs, I ceased to have power. Un-
der such conditions I would prefer to
leave the presidency, unless in fair
open fighting on the stump, I could
bring the people around to my way of
thinking; such a course, I think, would
be to my advantage and to theirs."
"As far as the number of non-consecu-
tive terms a president might have, every
argument in favor of any limitation of
the terms of the president can refer
only to consecutive terms. Any third
term talk which refers to non-consecu-
tive terms is an utter absurdity."

WILSON ATTACKS ROOSEVELT.

DETROIT, Sept. 19.—(Can. Press.)—
Trusts flourished more under former
President Roosevelt's administration than
under any in the history of the country.
This was the way Gov. Woodrow Wilson
replied, in a speech here tonight to as-
sertions of Col. Roosevelt at Trinidad,
Colo., yesterday taking exception to the
Democratic nominee's declaration that
this was the result of the investigation by
the house, Messrs. Gary and Perkins sug-
gested the plank in the progressive Re-
publican platform proposing a federal
commission to regulate the trusts.
"I understand that the leader of the
third party," said the governor, "has
recently said that he did not suggest this
change just the other day, that he had
suggested it while he was president, in
one of his messages to congress, during
that same term of the presidency, in
which trusts grew faster and more num-
erously than in any other administration
we have had and that his conclusion was
—he doesn't say this, but this must be
the inference—that his conclusion was
that the trusts had come to stay, that
it wasn't possible to put them out of
business."

SERVIA BELIEVES
WAR IMPENDING

BELGRADE, Servia, Sept. 19.—(Can.
Press.)—The greatest alarm was occasioned
here today by the rumor that the
Serbian government had officially denied the be-
lieverist that war with Turkey is
impending. As a consequence business
confidence has been brought to a
standstill.
CONSTANTINOPLE, Sept. 19.—(Can.
Press.)—The cabinet today discussed
the Malassori rising in Albania and de-
cided to send ten battalions of troops
to Scutari.

YOUNG EGYPTIAN
AND HIS BRIDE
IN TROUBLE

Came to Attend O.A.C. at
Guelph, But Funds Were Cut
Off Following Marriage in
England, and Now Commis-
sioner Starr is Endeavoring
to Assist Them.

A problem in deportation has been
opened up by the presence in destitute
circumstances, in the city of an 18-
year-old Egyptian and his 20-year-old
English wife, Mr. and Mrs. Lamel.
The condition of the pair, who
are living in a boarding house in the
central part of the city, was brought
to the notice of Commissioner Starr of
the children's court, who, in his turn,
set to work to get them back to their
friends by means of deportation and
called in the aid of City Relief Officer
Coyel.
Proceedings are begun, but the ques-
tion is whether the wife shall be de-
ported with the husband to Egypt, or
whether he shall go with her to Bristol,
or whether each shall go to the land
of their nativity. It will probably end
with the pair being sent to Bristol, as
that is the point whence both sailed to
Canada, and as the husband has a
brother attending Oxford.

The young Egyptian, inheriting £200 a
year from his grandmother, set out to
England to study agriculture. Hearing
that he could receive better tuition at
the Guelph College in Canada, he set
out for this country, first marrying a
little English girl whom he had met
while studying there.
Now there is a little girl, but his
family, hearing that he had married
an English woman, have discontinued
his allowance, and not even the good
offices of his brother, who on a pre-
vious occasion adjusted matters financial
with the parental sorrow, has been able
to cause the flow of funds to be re-
sumed.
The two are likely to be deported,
but this cannot be immediately achiev-
ed and in the meantime they are in
need of the bare necessities of life.

BANK ROBBERS
FLEE CHICAGO

Men Who Have Bulk of Large
Bills Stolen at New West-
minster Baffle
Pursuit.

CHICAGO, Sept. 19.—(Can. Press.)—
Despite a reward of \$27,000 offered for
their capture, the two bank robbers
who, with \$150,000 loot, escaped because
Police Lieutenant Burns, it is said,
wanted to arrest them single-handed,
were not found today. Police officials
believe they both have left Chicago.
The robbers, it is believed, still have
most of the large bills taken in the
robbery of the Bank of Montreal at
New Westminster, B.C., but the smaller
notes, it is thought, have been dis-
posed of, either spent or exchanged for
American money. It was learned that
the men had planned to exchange the
rest of the money for American cur-
rency held by Greeks, who make a
Chicago saloon their headquarters and
could get rid of it by sending it to
Greece.

YES.
Editor World: To decide a bet, will
you inform us thru the columns of The
World if the Major Peuchen who is
promoted to be lieutenant-colonel in
command of the first battalion of the
Queen's Own is the same person who
served in the Titanic disaster?
Inquiring.

C. N. R. HOTEL
MUST WAIT

MONTREAL, Sept. 19.—(Can. Press.)—
Sir Donald Mann, vice-president of
the Canadian Northern Railway, stated
with regard to the new hotel it is un-
der the site of the present Turkish Bath
Hotel, that their efforts would first be
centered on the construction of the sta-
tion. The hotel was a secondary af-
fair, which would be considered after
the tunnel was finished, and the sta-
tion and all other accessories in good
running order.
"When do you expect that the tunnel
will be finished?" he was asked.
"I don't know," he answered. "It is
a big job. We are aiming at finishing
it in the spring of 1914, and sooner, if
possible."

New Fall Hats for Men.
A very exclusive line of fall hats
for men is being shown by the Dineen
Company, 140 Yonge street. These hats
are not only the very latest in designs,
but are the very select output of some
of the world's best hatters, for whom
the Dineen Company are sole Canadian
agents. There are new silks, new straw
felt Alpines, new soft felt hats and
outfit hats of all descriptions. The
Dineen Company are sole Canadian
agents for Henry Heath of London,
England, and Dunlap of New York.

Magnetic

Clothes that have the power of making a man get off a street car to have a "closer look" in the window have something more than the ordinary about them, don't you think? This happened yesterday, and it was those extra splendid Overcoats that caused a gentleman to suspend his car in order to see them at "closer range." They are sure fine coats, and quite a number have paid a deposit on the one they want, and are having us hold it till it gets a little colder, and that's a wise idea, as we only have a limited number of the Thirty-Five, Forty, Forty-Five and Fifty-Dollar Coats on hand. From Fifty down to Ten we are satisfied there is no house in Canada showing the range of coats we are, and a little colder weather will see this store a very busy place, if we can judge by the early selection now being made.

Sterling Values in Our Suits This Fall

There is one special line of Blue Suits we would like you to see. It's made from a new fabric that we have been trying to get for the last two years. It's the smartest thing in blue for a good Fall and Winter Suit that has been shown yet, and we anticipate a good sale for it. Price Twenty-Eight, but really worth Thirty. Other very special values in all the new fabrics and smart styles from Ten to Thirty-Five. If you would dress right and feel satisfied, get in touch with the All-Clothing Store that's hard to beat.

OAK HALL Clothiers

Corner Yonge and Adelaide Streets

J. C. COOMBES, Manager

STORE OPEN TILL 10 O'CLOCK SATURDAY NIGHTS

BARBERS' BYLAW OBTAINED BY FRAUD

City Council Was Duped Into Enforcing It, Says Col. Denison, Who Dismissed Action Against Seven Barbers—Charges of Perjury May Be Laid Against Witnesses.

That the barbers' early closing bylaw was secured by fraud and is therefore illegal and that the city council was duped into enforcing it was the comment of Magistrate Denison yesterday after dismissing the case against seven barbers. Evidence was given to show that several barbers had signed the petition believing that it was for an increase of prices and not for the early closing of shops. J. W. Curry, K.C., who represented the barbers, declared that he intended to lay charges of perjury.

As the result of the action of Magistrate Denison the law hereafter will be ineffective. He adjourned all the cases until called upon, and informed City Solicitor Wm. Johnston that it would be useless for him to issue more summonses as the witnesses would refuse to convict. "I don't want these people harassed," he said. "This is a fraud on the council and the clerk and a cruel injury to the barbers on the outskirts of the city."

Mr. Johnston said that he proposed to continue laying summonses for those who worked after hours. He believed that the bylaw had been passed within the requirements of the law and that it could not be attacked.

Have Them Stopped. "Then I propose to keep on adjourning them as fast as you lay them," said the magistrate. "Besides I don't want to sign summonses unless I see fit and I can issue a mandatory order to have them stopped. You have been getting into the hands of a gang of fakers, a certain clique who wanted to drive the business from the outskirts of the city. I am going to give Mr. Curry every chance to upset the bylaw."

Three barbers gave evidence, each declaring that fraud had been committed. Fred A. Taylor of East Queen street said: "I placed my signature on the council and the clerk and am going to give Mr. Curry every chance to upset the bylaw." The evidence, each declaring that fraud had been committed. Fred A. Taylor of East Queen street said: "I placed my signature on the council and the clerk and am going to give Mr. Curry every chance to upset the bylaw."

VERY DULL DAY ON FRUIT MART

Prices in Nearly All Cases Were Low, and Demand Not at All Brisk.

Trading at the fruit market yesterday was very dull, only about one-half the volume of the previous day being in evidence. Prices on the whole varied but little from those of Wednesday.

Peaches of the interior grades brought from 25c to 50c a bushel; Leno peaches from 40c to 50c. Apples with a quiet market, sold for 20 cents a bushel. Grapes, 20c and 25c a bushel; plums 35c to 50c; cantaloupes 35c to 40c a bushel; pears, large variety, 50c to 60c a bushel, with smaller varieties selling at 25c to 30c. Potatoes sold at from 15c to 25c a bushel. In the vegetables, beans brought 25c a bushel; cucumbers from 25c to 35c a bushel; celery, 25c to 35c a dozen; green peppers, 35c to 40c; red peppers, 50c to 60c.

PEDLAR IS GUILTY

Michael Abraham Stole Chatelaine and \$13 From Stouffville Woman.

Michael Abraham, an Assyrian, was found guilty in the sessions yesterday of the charge of stealing \$13 from Mrs. Marsh of Stouffville. Abraham, while peddling goods from house to house, took a chatelaine purse containing the money from a table in Mrs. Marsh's house. He was caught about four miles from the house.

ITALY IS DETERMINED TO KEEP GRIP ON CYRENAICA

Reports That Any Portion Whatever of That Country or the Hinterland Will Be Relinquished to Turks Are Scouted—No Big Financial Dealings.

CHIASSO, Switzerland, Sept. 19.—(Can. Press)—The Italian and Turkish delegates who are holding conferences in Switzerland looking to the settlement of the war, received new instructions today from their respective governments and, contrary to the pessimistic view prevailing, it now seems certain that the conclusion of a basis upon which to negotiate peace is being approached. A fundamental point which Italy refuses to admit, other than to the complete and absolute sovereignty of Libya. Thus all reports that Italy will renounce Cyrenaica, or a portion of that country or the hinterland, or even

BOYS' FALL FAIR IS BEST YET SEEN HERE

Sir John Gibson Opened Eleventh Annual Broadview Exhibition, Which is Managed by and Contains Displays of None But Boys—Wonderful Work in All Departments.

The 11th annual Broadview Boys' fall fair opened like a regular Canadian National Exhibition last night. There was plenty of rain, which failed to dampen the hopes and enthusiasm of the directors, who are all boys, and the gang was set going by a speech from the crown, Sir John Gibson, lieutenant-governor of Ontario. It is hard to believe that all these exhibits are the work of boys who view their excellence and extent thru the big Y.M.C.A. building and grounds in Broadview avenue, but there is no trace of the boy spirit to be found everywhere, look where you will.

Introduced by F. H. Deacon, chairman of the committee of management of this branch of the association, as one who had once been an Ontario boy, and who was still the staunch friend of all boys, as shown by protective legislation which he had fathered, Sir John, who was accompanied by Lady and Miss Gibson, gave the boys a few words of advice, congratulation and encouragement and declared the fair opened.

The credits which are all the produce of the labors of boys from 12 to 18 years are a revelation. They set out many phases of the various interests and natural advantages of that magic, transient but permanent realm of boydom.

There are exhibits of art and labor, of pets and hobbies, of well thought out things which occupy the versatile mind of just boy. In the photographic exhibit are pictures of little brothers, horses and hens. There are pictures which have "summer holidays" written all over them, of camping, swimming, pictures of puppies, a bison and a cat.

The Dog Show. In another exhibit are to be found five birds, squirrels, chipmunks and a mud turtle. Outside there is the "greatest boys' exhibit" of them all, the dog show, which are to be found dogs of every description from wise looking Irish terriers with their kindly twinkling eyes to dogs with ribbons on their necks, which surely belong to very, very young boys, indeed to great dandies again, and that price of boys' dogs, he was scanned.

In the forge room are to be seen truly wonderful products of the hammer and anvil. There is excellent clay modeling, painting and wood carving in the art exhibit. There is a crayon drawing of that great friend of boydom, a dog, and a boy talking to his pet, and another of Mutt and Jeff, who have decided to go to the fair and try for a prize. That's what Mutt says, and that's Jeff's response, "I get you, Boy Scouts' Display."

It surely is a boys' fair. Under the boy scout exhibit are samples of all manner of knots and wonderful scout maps of the city where the churches, the doctors, the butchers, the hydrants, and plenty of interesting objects are marked. There are collections of stamps, street car tickets and transfers, oars, woods, postcards and pen-knives, crests, buttons and whatnot.

The pyrography exhibit is truly wonderful, and there is a cooking exhibit with real recipes made by boys. There is a poultry and a rabbit exhibit, with mice and rats, and guinea pigs, and outside the tents again there is a midway where they sell "hot dogs," chicken, baseballs, and where there is a tight rope walker. It is certainly some fair, boys, but you'll hear thru from ticket takers for cars, trams and omnibuses, and it lasts all day and evening, today and Saturday, when there will be an athletic meet in the afternoon.

SCHOOLS FOR NURSES

Canada for Young Women Leaving

Young women desiring to secure a training for nursing should not decide on any school or hospital about which they are not fully informed without getting their doctor or pastor to make special inquiries from responsible sources and advise them in the matter. The Presbyterian Record says on this subject: "Many young women go from Canada to the United States to train as nurses. In the established and well-known hospitals this is all right. But so-called 'Training Schools for Nurses' are sometimes all wrong. We have just received a letter from the president of the Pennsylvania state board of examiners for the registration of nurses, warning in strong terms against a 'School for Nurses' in Pennsylvania, which advertises widely over the continent. The visitor of the Pennsylvania state board of charities places this institution under the head of those we condemn absolutely. 'Canadian girls who wish to train for this noble profession should first consider whether they have the necessary physical strength and if so, should choose a Canadian hospital for training. But if they go abroad they should be sure to go to a hospital of known character and standing. If they have doubts as to their strength, there is the sister profession, that of deaconesses, for which they can train in the Deaconess Training Home of our own church in Toronto, and which, while equally noble and helpful, is not quite so heavy a strain physically, either in preparation or in practice.'"

While in Toronto call on Authors & Cox, 125 Church street, makers of artificial limbs, trusses, deformity appliances, and other medical appliances, etc. Oldest and most reliable manufacturers in Canada.

Another Victim of Infantile Paralysis. NIAGARA FALLS, Ont.—(Special.)—Infantile paralysis claimed another little victim here when Evelyn, five-year-old daughter of George Campbell, died. The authorities believe they now have the epidemic well under control.

BOYS' FALL FAIR IS BEST YET SEEN HERE

Sir John Gibson Opened Eleventh Annual Broadview Exhibition, Which is Managed by and Contains Displays of None But Boys—Wonderful Work in All Departments.

The 11th annual Broadview Boys' fall fair opened like a regular Canadian National Exhibition last night. There was plenty of rain, which failed to dampen the hopes and enthusiasm of the directors, who are all boys, and the gang was set going by a speech from the crown, Sir John Gibson, lieutenant-governor of Ontario. It is hard to believe that all these exhibits are the work of boys who view their excellence and extent thru the big Y.M.C.A. building and grounds in Broadview avenue, but there is no trace of the boy spirit to be found everywhere, look where you will.

Introduced by F. H. Deacon, chairman of the committee of management of this branch of the association, as one who had once been an Ontario boy, and who was still the staunch friend of all boys, as shown by protective legislation which he had fathered, Sir John, who was accompanied by Lady and Miss Gibson, gave the boys a few words of advice, congratulation and encouragement and declared the fair opened.

that he couldn't get at him because he was in jail for bigamy, the money he lent defendant going to pay for the bigamous marriage.

PERMIT SMOKING NO BUILDINGS ON AT THE JAIL CITY'S NARROW STREETS

Authorities Give the Prisoners an Allowance of Tobacco Every Day, But There Are Restrictions as to When it Must Be Used—Want Civic Lodging-Houses.

Rather than have the men committed to their charge suffer from a needless hardship, the authorities at the jail farm now permit all the prisoners to smoke. A moderate allowance of tobacco is provided daily to every prisoner who desires it, and pipes are also given gratis. The men, however, are only granted this privilege in certain hours, and those in charge make it distinctly understood that it must not occur during the working hours. It is expected that about 100 additional prisoners will be removed to the farm in about a week's time. Already there are signs of congestion at Toronto jail, but the completion of the new buildings in the upper Toronto district will alleviate the conditions very materially. These buildings are practically ready for occupation now and the men are expected to be transferred by the end of the week. One of the most gratifying features of the industrial farm is the vast improvement noticed in the health of all prisoners confined there. Many of the men are serving merely a 30 or 60 day sentence, and in the majority of cases, because of alcoholism. On arriving at the farm, they are often in poor health, but the change of air, the wholesome food and the regular hours work wonders. Men have been known to gain 10 pounds in 30 days, and in every case they leave in much better physical condition than they entered. Advertise Dealers.

In his latest bulletin, Dr. Hastings gives notice that on Oct. 30, a list of those dairies supplying milk up to above the required standard will be published. This is a part of the health department's campaign to insure a pure supply of milk, and the M. O. H. believes that a little publicity will bring excellent results. While it is certain that the careless dealer, the doctor contemplates that it will benefit those who make an effort to sell pure milk which is up to the standard. Dr. Hastings makes another appeal for municipal lodging houses. One year ago, he points out, it was recommended that a civic committee be appointed to deal with this problem, but this has nothing been done. In his bulletin he reviews the situation as follows:

Civic Lodging Houses. "One of the most important housing needs is better lodging house accommodations," says the bulletin. "While the existing so-called lodging houses have been improved during the past two years, they are, as a whole, unsatisfactory and not nearly large enough to meet the existing demands. Our floating population is growing steadily larger year by year—new citizens are coming in daily from the old world, who require temporary accommodation, and we are doing nothing to provide for these people. "Toronto requires model lodging houses similar to those in Great Britain, where the newcomer can get a bath, a clean bed and a single apartment for ten cents, breakfast for eight cents, and a dinner for twelve cents. They are conducted on the best sanitary principles."

Teravay Street. "That Teravay street be widened to 85 feet only from College street northward is a compromise scheme suggested by Ald. Rowland, which the alderman will move at the next meeting of the council. The widening of this street is to be dealt with at the meeting of the committee on works this afternoon, when it is expected that strong deputations will be on hand from the business and trade and the civic guild to urge that the original recommendation of 85 feet be carried out."

Aldermen for Hamilton. "The city council have been invited to spend next Wednesday in Hamilton as guests of the civic dignitaries of that city, and it is likely the invitation will be accepted."

"Truth's" Gibe at Speech of Borden
Premier's Assurance That Britons Are Not Decadent Inspires Some Barbed Wire Comment.
LONDON, Sept. 18.—(C. A. P.)—Today's Truth has some pungent comment regarding Premier Borden's assurance that England is not decadent. "It is strange," declares the journal, "that a colonial premier thinks it necessary to warn his fellow-citizens that we have to thank the press for proclaiming the degeneracy of our nation. There is no degeneracy of our nation, and there has been such a surplus of crying 'rotting fish' as it is spouting little impression on European ears, who have a national tendency to consider a swelled head as a consequence of the London press are consequently swallowed in the dominions with relief."

Farmers' Excursion to New Ontario, September 25th.
The Grand Trunk Railway will issue round trip excursion tickets from Toronto to all stations on Timiskaming and Northern Ontario Railway, including the following points: Haliburton, \$15; New Liskeard, \$16.50; Garleton, Ontario, \$18.50; Montfort, \$18.50; Chatham, \$18.50; Matheson, \$19.70. Proportions in low rates from other Toronto points. Tickets valid for return Oct. 1. "Cobalt Special" leaves Toronto at 8.30 p.m. daily, carrying through coaches.

Secure tickets and full particulars from Grand Trunk agents, Toronto city ticket office, northwest corner King and Yonge streets. Phone Main 606.

Board of Control Instructed City Architect to Issue No Permits for Any Structure on a Street Less Than 40 Feet in Width—May Extend St. Anne Street.

No building may in the future be erected upon streets 40 feet or less in width according to the board of control's instructions to the city architect's department yesterday. Even in the case of a private street no permits are henceforth to be issued unless the thoroughfares are of an approved width. The matter came before the board as a result of an anonymous letter stating that it was the intention of certain builders to erect houses on Rolston avenue, a street which is only 15 feet in width. The information, however, was at variance with the facts. The architect's department explained that no permits had been issued in connection with this street and no applications had been received.

No Kiosks on Streets. The application of Degrys & Co. to erect kiosks on a number of the city streets was refused by the board. The firm supplied blue prints showing that they proposed to place circular-shaped structures on the streets which would be equipped with thermometers, barometers, instruments for recording the wind pressure, etc. Revenue was to be derived from these by means of advertisements. The board, however, believed that they would both obstruct traffic and be unsightly.

Employer's Concert. The Toronto Civic Employees' Benevolent Society invited the board to occupy a special box at their 24th annual concert to be held in Massey Hall on Oct. 8 and the controllers decided to accept.

Hospital Grant. Dr. Hastings' request for an additional appropriation of \$2000 to complete the furnishing of the new wing at the Isolation Hospital was not granted by the controllers who wanted further information regarding the previous expenditure.

POLITICS DOES NOT INTEREST ALL

Other Subjects of Equal and Greater Moment to Many Who Are Still Patriotic.

This being what is known as presidential year, it would seem that everybody is talking politics. A man usually considers that the only way he can show his patriotism is to take an interest in the political parties. While this is not incorrect, it is not the only way. There are many other things which are of equal and greater moment to many who are still patriotic. One of these is the education of our children. Another is the improvement of our streets. A third is the care of our sick and aged. These are all things which are of great importance to every citizen, and it is to be hoped that many of our patriotic citizens will take an interest in them, as well as in the political parties.

FORGE CHINA TO ACCEPT TERMS
If Loan is Negotiated With Private Bankers, Support of Governments Will Be Withheld.

LONDON, Sept. 18.—(Can. Press.)—Representatives of the so-called six-power syndicate and of the new independent Chinese loan of \$50,000,000 both assert that their own positions are impregnable. The six-power bankers today announced that the ministers of their powers in Peking have been instructed to express disapproval of the new loan, and they also declared that China has liberty, pending a definite closing of the negotiations with the six-power syndicate, to make outside arrangements. If the Chinese Government does contract other loans the lenders advancing the money will do so at their own risk and without the support of the governments interested.

CRUSHED UNDER LORRY.
ST. CATHARINES, Sept. 19.—(Special)—An accident with fatal results took place on the western hill shortly before seven o'clock this evening, in which Sidney Secord, many years an employe of the Hendrie Cartage Co., was crushed beneath a heavily loaded lorry he was driving, killing him instantly. He was proceeding down the hill from the seat to the ground in front of the wheel, which passed over his chest.

Hydroplane Sank Aviator Rescued
CHICAGO, Sept. 18.—(Can. Press.)—Ignatz Semukov, a Russian aviator with a French license, flying at the aviation meet in Grant Park, was rescued a mile out in Lake Michigan late today by a motor boat after his hydro-plane had been blown to pieces by an explosion from the radiator and just as he was sinking with the last remnant of the framework. He was badly burned about the back. Hundred of people on the shore saw the hydro-aeroplane sinking and watched the aviator climbing into the parts of the machine that remained above water while half a dozen boats were rushing to his rescue.

Court of Appeal.
Before Garrow, J.A., MacLaren, J.A., Meredith, J.A., Magee, J.A., Sinclair, J. Peter, E. D. Armour, K.C., and J. D. Montgomery for defendant; M. H. Ludwig, K.C., for plaintiff. An appeal by defendant from the judgment of Sutherland, J., of 12th April, 1912. This was an action by plaintiff for trespass on certain lands alleged to have been committed upon 11th October, 1910, and for damages for entering on plaintiff's lands and breaking down and removing a fence erected by plaintiff and for digging up and removing a curbing. Judgment was given for plaintiff for \$10 damages and restraining defendant from entering on the lands in question and costs. Appeal argued and judgment reserved.

SIR RICHARD UNDERGOES OPERATION.
KINGSTON, Sept. 19.—Sir Richard Cartwright was operated upon in the Kingston General Hospital this morning by Doctors W. G. Anglin and R. W. Garrett for strangulated hernia. The aged, might stand the operation well and is progressing nicely. Sir Richard is seventy-seven years of age.

ESTATES PROBATED.
Joseph Barger, a driver, left an A. O. U. W. life insurance policy of \$2000 to his widow and \$888.30 in cash. He is survived by six sons and two daughters.
Miss Harriett Jardine left property valued at \$4000 to be divided between her mother and two sisters.

TROLLEY WITHOUT POLE.
Guelph Radial Line May Adopt Modern Methods.
GALT, Sept. 19.—(Special.)—Railway men of the district enjoyed a treat today in witnessing the placing in commission of a new type of street car. It came to Galt from Preston over the tracks of the Guelph, Preston and Hamilton Railway. It was the initial trip of a self-propelled coach which it is expected, will play an important part in the electrification of a number of short steam lines, possibly including the Galt and Elmira branch of the Grand Trunk Railway, and will also supplant to some extent the present trolley system in vogue on urban and suburban lines. The most outstanding feature of the new car is the absence of a trolley pole. It does not rely, however, on an exterior conduit for the supply of electricity, but gets motive power from a generator operated by a fifty horse power gasoline engine contained within the car.

BISHOP NOT MURDERED
Reported Victim of Indians, He Arrives in Montreal.
MONTREAL, Sept. 19.—(Can. Press.)—Right Rev. Bishop Latulippe, vicar apostolic of Timiskaming, who was reported as being murdered by Indians in St. James, arrived in this city today in good health.

ILLUSTRATED BIBLE CERTIFICATE

The man who smokes "imported" cigars has acquired an expensive habit, but the

WALCROVER WINS BY FORTY GOALS

Winnipeg Beaten in Second Game for Mann Cup by 17 to 2 and 47 to 7 on the Round — The Line up.

VANCOUVER, Sept. 19.—By an aggregate score in the two games of 47 to 7, Vancouver Athletic Club has disposed of the pretensions of Winnipeg Canadian Northern Railway challenging team for the Mann Cup. The second game today resulted in the score of 17 to 2, by quarters as follows:

First quarter—Vancouver 4, Winnipeg 0.

Second quarter—Vancouver 6, Winnipeg 0.

Third quarter—Vancouver 5, Winnipeg 2.

Fourth quarter—Vancouver 2, Winnipeg 0.

The result being a foregone conclusion, only a small crowd witnessed today's game. The line up, Winnipeg having the same as in the first game, but the champions substituted Pasceok for Donoghue.

Vancouver (17)—Davis, goal; Painter, point; Buria, c.p.; McCraig, first defence; Pasceok, second defence; Matheson, third defence; Fetherler, centre; Gunn, third home; Murray, second home; Crookall, first home; Tuger, Wright, outside home; Davis, inside home.

Winnipeg (7)—Lloyd, goal; Mohr, point; Stephenson, c.p.; Walker, first defence; McFarlane, second defence; Reynolds, third defence; Wilson, centre; Sullivan, third home; Hays, second home; Smith, first home; Tuger, outside home; Crom, inside home.

Suggs Bested Jeff Reds Beat Giants

At New York—New York lost the first game to Cincinnati, 2 to 1, and the second game of the double-header was called at the end of the ninth, 1 to 2. The opening game was Cincinnati's first victory on the Polo Grounds this season.

At Philadelphia—St. Louis-Philadelphia no game; rain.

Canadian Lawn Bowlers Invited to Great Britain

A meeting of the executive committee of the Ontario Bowling Association, with representatives from Eastern and Western Ontario Bowling Associations, will be held this (Friday) afternoon at the Granite Club rooms at 6 o'clock.

300 HORSES AT WOODBINE PARK

Steeplechasers Show Fine Form Thru the Field—J. W. Schorr Will Play Important Part in Meeting.

Practically every prominent turfman that participated in the meetings on the Canadian circuit, this summer are ready on hand for the opening of the Ontario Jockey Club at the Woodbine on Saturday, with the exception of August Belmont, R. E. Watkins and a few minor stragglers. Fully three hundred horses are now quartered on the grounds of the association, while several of the stables that raced at the half millers will be among those in attendance.

It is possible that the stable of the Memphis brewer, John W. Schorr, leading winner-owner on the circuit this season, will like at previous meetings, play an important part in the meeting at the Woodbine. Dots, Star Claret, John Reardon, Leobars, his leading money winner, are in fine fettle, and have worked well since arriving at the course. It is probable that Robert Dated good out Calgary, twice beaten at the Woodbine. Dots, Star Claret, John Reardon, Leobars, will again meet the Schorr colt in the running of the Michaelmas Handicap, a gallop of six furlongs, on Tuesday. Trainer Charlie Patterson is sanguine that the Oden 2-year-old can take the measure of the Schorr crack, and is of the opinion that Calgary did not like the going at Woodbine.

Trainer M. Mahoney, charge d'affaires of the Woodbine betting enclosure, arrived from New York yesterday morning, Sam Blake of Toronto and Al Williams will assist Mr. Mahoney in looking after the iron-men during the seven day season.

The timber tappers were schooled yesterday and performed most creditably. There were lots doing during the time allotted, and the many jumpers going try the field made a splendid spectacle. It is predicted that the steeplechasing at the autumn meeting will be of a high order.

With Art Oliver deciding to remain in the west, and Tommy Stinson announcing that he is thru with the game, the list of Tiger candidates for the back division is reduced to some extent. At present McNelly, McKelvey, Mallett and Dixon are the only ones in line, Kid Smith still being among the missing. George Gibson will turn out only if needed, while George Smith has decided not to tackle the again. With Burton playing quarter, the lot of ten candidates named a few days ago is somewhat shot to pieces—Hamilton spectator.

4 p.m.—Mrs. Wilson and Brown v. Miss Lafontaine and Mathewz.
4 p.m.—Miss Summerhayes and Spenser v. Miss Evans and Innes-Taylor.

—Men's Doubles—
4.30 p.m.—Baird and McMaster v. Glassco and Macdonell.
—Ladies' Handicap—
3 p.m.—Miss Lafontaine v. Miss Evans (to finish).
4.00 p.m.—Jarvis v. Fellows.
4.00 p.m.—Innes-Taylor v. N. Macdonell.
4.30 p.m.—Brown v. Shephard.
4.30 p.m.—Start v. Banting.

—Novice—
4.00 p.m.—Banting v. McKinley.
5.30 p.m.—Fellows v. Shephard.
5.30 p.m.—Jarvis v. winners Banting and McKinley (if possible).

Riverside Boxers

At the Riverside Athletic Club, Strange street, a number of boxers are in training, among whom is Chummy Banks, who is preparing for a bout in Cobalt. Among the amateurs preparing for the fall tournament is a promising Birmingham, Eng. Lightweight named Miller.

The World's Selections BY CENTAUR.

FIRST RACE—DE GRACE, Md., Sept. 19.—The entries for tomorrow are as follows:
FIRST RACE—Selling, 2-year-olds, 5 1/2 furlongs:
Carousal.....107 Striker.....105
Honey Bee.....100 Ringling.....107
Continental.....106 Grendis.....108
Get Up.....101 Pop Gun.....105
SECOND RACE—Three-year-olds and up, selling, mile and 70 yards:
Emily Lee.....105 Ochre Court.....99
Golden Castle.....107 Franke.....105
Supervisor.....103 Masee.....102
J. H. Houghton.....107 Little Ep.....91
Tutury.....94 Ben Loyel.....102
Michael Angelo.....103 Guaranda.....102

THIRD RACE—Three-year-olds and up, selling, 5/8 furlongs:
Napier.....104 Monty Fox.....105
Garth.....100 Double Five.....105
Coming Coon.....100 Grendis.....105
Toglate.....105 Grendis.....102
Miss Moments.....104 Grendis.....102
Catala.....95 Berkeley.....101
Purcell.....96 Ben Loyel.....117
Premier.....96

FOURTH RACE—3-year-olds and up, selling, mile and 70 yards:
Adolante.....101 Sandhill.....119
Bretend.....101 Yorkshire Boy.....102
Fifth Race—Selling, 2-year-olds and up, six furlongs:
1. Sir John Johnson, 108 (Schuttiger), 9 to 5.
2. Prince Ahmed, 115 (Frach), 10 to 1.
3. Yankee Notion, 98 (Karrick), 10 to 1.
4. Time 1.15. Worth, Obsession, Ellarius and Cliff Edge also ran.

SIXTH RACE—Three-year-olds and up, selling, 1 mile and 70 yards:
1. Harry Hutchinson, 100 (Frach), 3 to 1.
2. My Fellow, 106 (Shilling), 4 to 1.
3. Fredend, 104 (Moore), 11 to 5.
4. Time 1.45. Supervisor also ran.

FIFTH RACE—Two-year-olds, selling, 5 furlongs:
1. Pascoe, 105 (Moore), 12 to 1.
2. Battery, 107 (Alex), 8 to 1.
3. Chopin, 98 (Ambrose), 7 to 1.
4. Time 1.08 1/4. Doc Tracey, Bennoat, Stockton, Reputant, Big Dipper, Hanscreck and Puchina also ran.

SIXTH RACE—Mile and seventy yards:
1. Azo, 115 (Butwell), 8 to 5.
2. Miss Thalia, 105 (Shilling), 7 to 5.
3. Wood Dove, 100 (Dine), 2 to 1.
4. Time 1.44. Workerton, Moolie S. and Clem Beachy also ran.

Races Close Today.

The following races close at secretary's office, Woodbine Park, Friday, Sept. 20, at 12 o'clock noon: Eglinton Purse, \$40 added, one mile and a furlong; Rosebery Purse, \$500 added, 5 furlongs; Chiffney Purse, \$500 added, one mile and a sixteenth.

Guelph Races a Success.

GUELPH, Sept. 19.—The last day of the Guelph Central Exhibition was fairly well attended despite the threatening closing hour of the show, when a thunderstorm and heavy downpour of rain drove the people from the grounds. The races were finished just before the storm broke and were a success. Summary:
2.35 class—
Prince, D. J. Reid, Owen Round..... 1 1 1
Bedella B. A. B. Baxter, Hamilton..... 2 2 2
Chapple, J. Hills, Guelph..... 3 2 2
Arthur L. H. Hastings, Hamilton 4 4 4
Free-for-all—
Ideal, A. S. Turner, Hamilton..... 1 1 1
Berlin Beta, J. W. Davey, Guelph 2 2 2
Springer, A. W. Tyson, Guelph..... 4 3 3
Jessie Dilard, Bailey Bros., Guelph 2 4 4
Best time 2.24.

Speeding at Lindsay.

LINDSAY, Sept. 19.—At the opening of the Lindsay Central Fair today the main feature in the speeding events was the named race, which resulted as follows:
Harry C. Geo. Curtis, Lindsay..... 1 1 1
Harry Simmons, Chas. O'Neill, Lindsay..... 3 3 4
Silver Pete, W. A. Fanning, Lindsay..... 3 3 5
Little Terry, F. Fee, Omemee..... 4 4 2
Clifford Boy, Geo. Barry, West Gullford..... 5 5 3
Time 1.07 1/2, 1.07 1/2, 1.10 1/4.

BRISK FALL BUSINESS AT MAHER'S HORSE EXCHANGE.

Yesterday's auction sale was exceptionally good at the horse exchange. The quality of horses offered was of a high standard, there being a number of very fine loads just in from the country. Many city firms were watching for these horses and had first choice on their account of rain.

FRIDAY MORNING, SEPT. 20, 1912

EXHIBITION CRITICISM.

Mr. W. K. McNaught's letter on the Canadian National Exhibition will be read with interest in connection with recent criticisms, and it may be taken for granted that his assurances as to the future of the big local fair will meet with effective sympathy, and that there will be no doubt about their due realization. Nor is there any disposition on the part of the public or the press to find fault with the president and directors of the Exhibition, either in connection with the unavoidable delay in carrying out the comprehensive plans outlined, or with the general direction and success of the fair as a whole.

At the same time, and for no fault of his own, Mr. McNaught has not touched what is the source, so far as The World can learn, of the whole trouble. In general outline the Exhibition is impeccable. It is in details, in the innumerable pin-pricks, the little trifles that make or mar a whole day or perhaps a week for the man who has to bear them; it is in these little things that most of the friction arises. These things do not come under the notice of the president and leading officials.

Few of the executive over hear of them. When specific instances are brought before the executive, they are met with a down-right, barefaced, flat-footed denial. This policy of denial has lasted for some years, but the executive may be assured it is having its effect, and exhibitors will testify by their presence or absence to its force. Mr. Durand's reply to the statements made by Dr. Orr about the poultry department is a case in point. And it is not a solitary instance, whatever may be asserted, although few care to put their testimony to trial against uncorroborated assertion.

Mr. McNaught suggests that better men should be elected by the departments to the board of directors. But the men who are elected find it practically impossible to get their suggestions given even a hearing. These rarely get before the executive. And as Mr. Durand asserts in his case, they are altered when they do go before the executive. Practically the directors have no say, and the recommendations of the subcommittees are not attended to. When directors and committees are snubbed and ill-treated, a state of things exists out of which come the complaints that have been made.

Criticism of the fair was asked for, but when Controller Foster offered some, he was regarded as a traitor within the gates who should have been hanged, drawn and quartered (if it were possible to quarter Controller Foster anywhere). With most of the criticism given the usual course of reply is to raise another issue. The World spoke of the agricultural department, and was told there was nothing wrong with the lavatories. The poultry men made a complaint, and Dr. Orr retorted in The Star that this year was the best sheep show on record. The St. Thomas Times quotes a manufacturer of dairy appliances to the effect that he made no display this year, as it was no use. These things may seem small in comparison with the total achievement, and we are not unreasonable enough to imagine that in an undertaking of such magnitude some eggshells may not get crushed. But it is just as well to have said in the open what is said everywhere in private, and if the executive are not aware of these things, they should hasten to become so.

But for President Kent, this year, is the belief of many competent judges, the Exhibition would have been a failure. What is owing in this respect to Mr. McNaught and others in the past, is not sufficiently understood, and the point is whether the efforts of these gentlemen should be cloaked by the interposition of ill-judged officials.

FIRE FROM HEAVEN. Brockville Times: "To read The World one would imagine that H.E. power is of divine origin." To which it may be retorted that to read The Times one would imagine H.E. power to be of Satanic origin. The World is not far from the truth, and the distribution of cheap power to the people is a good cause.

ADVANTAGE OF HYDRO-ELECTRIC Uxbridge and the towns in the vicinity belonging to the Hydro-Electric Association formed there lately are finding more adherents as the news is spread. What helps the hydro movement more than anything is the knowledge that estimates given by the commission, unlike estimates given by a corporation, are always being reduced;

the more customers coming in to share the expense, the lower becomes the cost of power. If everybody comes in the cost is reduced to an absolute minimum. Those who stay out raise the price for the others, and if they take power from some other corporation they are tied to a fixed, not an increasing rate, instead of getting the periodical reductions which the hydro system provides.

The whole district from Uxbridge south to Scarborough, north to Cannington and Sunderland and west to Newmarket and Aurora might be linked up with power down to near the \$20 limit.

WILSON A DISAPPOINTMENT. As the presidential campaign progresses, it becomes increasingly evident that the race is between Woodrow Wilson and Theodore Roosevelt. Mr. Taft has dropped to third place, and the bulk of the Republican vote will go to Col. Roosevelt. The Democratic party is so much in the minority that some considerable Republican disaffection with Roosevelt would not necessarily elect Mr. Wilson, even were he able to poll the same vote as Mr. Bryan polled in 1908.

The results in Vermont and Maine and the reports from all over the country indicate that the Democratic candidate is making no appeal to the vast army of voters who during the past campaigns have been identified with the Republican party. Can he hold the normal Democratic strength, or will the progressive Democrats support the National Progressive ticket?

Mr. Wilson's success at Baltimore was much advertised as a triumph for the progressive element of the party. Mr. Bryan had defied the bosses and had insisted that the adoption of the platform should be deferred until after the nomination of the candidates. He had his way, but the platform which he produced, and upon which Mr. Wilson is standing, discloses that Mr. Bryan is not a progressive, unless to be a free trader is to be a progressive. It is silent upon all the issues with which the progressive movement is identified.

But is Mr. Wilson stronger than the platform? Against his own judgment he has been sent on a stumping tour throughout the country and has recently left an observation which betrays his entire lack of sympathy with progressive ideas. Opposing the Roosevelt platform, which calls upon the government to exercise the broadest powers in conserving human health and happiness by regulating labor and wages, and otherwise alleviating social and industrial conditions, Mr. Wilson declares that the world's struggle for liberty has always been and must always be a struggle to restrain the power of government.

In short, Mr. Wilson, student and philosopher, contemplates the struggles of former ages against kingly power and aristocratic government, and concludes, with Jefferson, that the people should take away power from their rulers whenever possible, and trust to individual liberty for the attainment of justice and happiness. He apparently fails to grasp the great political fact that governments, especially in the United States, are too weak to grapple with the sinister combinations of powerful men who are oppressing the mass of the people, and who are exploiting the resources of the country for the benefit of the few at the expense of the many.

The Democratic candidate has thus given an opening to Colonel Roosevelt upon which the latter is improving with all his wonderful skill as a political strategist. But apart from this the men who are devoted to progressive ideas and who have been calling upon the government to carry them out, must now see that Mr. Wilson's whole conception of the political situation in the United States is radically different from theirs. The New Jersey governor is a delightful speaker, a thoughtful scholar and an excellent professor, but is not a politician and he is not, and in his heart can never be, a progressive.

MRS. MCGEE IS REPRIVED. OTTAWA, Sept. 19.—Mrs. McGee, the Prince Edward Island woman who poisoned her five children, will not hang. The cabinet decided to commute the sentence of hanging to life imprisonment. Mrs. McGee was sentenced to be executed Oct. 10 at Charlottetown, Prince Edward Island.

P. D. ROSS IN CARLTON? OTTAWA, Sept. 19.—(Special.)—There is already considerable speculation over the vacant seat of Carlton. A number of names are suggested to succeed the late Mr. Kidd. Prominent among these is Mr. P. D. Ross, proprietor and editor of The Ottawa Evening Journal.

THE PRESS ON THE MELON. The proposed melon-cutting by the Canadian Pacific Railway Company continues to engage the attention of the press, especially in the West. The special freight meeting of the shareholders of the company for the purpose of authorizing the increase of capital is set for Oct. 2, and it is surmised that before that day the government will be granted the melon-cutting. The British Columbia, of which Mr. J. D. Taylor, M.P. for New Westminster, B.C., is managing director, has nothing to say against the melon, but after setting out the Sir Thomas Shaughnessy interview, concludes that the entire case is under great obligations to the Canadian Pacific Railway Company. The Winnipeg Post, which was referred to some days ago as having lined up with other Winnipeg newspapers against the melon, has recently turned a complete somersault and now considers that all persons who have thought a few weeks ago should be sent to the nearest asylum. Thus we are told:

Some of the newspapers which are just now engaged on a discussion of the Canadian Pacific Railway have been so much taken up with themselves in such a hurry of sound that they are unable to distinguish between the melon and the people who are to eat it. This is particularly the case with regard to the melon and the people who are to eat it. The melon is a good thing, and the people who are to eat it are a good thing. The melon is a good thing, and the people who are to eat it are a good thing.

Where will the two millions come from? From the users of the road. They are to pay 10 per cent increase of the dividends of those who are so fortunate as to buy C. P. R. stock at \$175 when the market price is \$275.

At Osgoode Hall ANNOUNCEMENTS. Sept. 19, 1912. Judges' chambers will be held on Friday, 20th inst., at 11 a.m.

Peremptory list for divisional court for Friday, 20th inst., at 11 a.m.: 1—Williams v. Salter. 2—Klopper v. Darch. 3—Klopper v. Patterson. 4—Tobias v. Sibley.

Peremptory list for court of appeal for Friday, 20th inst., at 11 a.m.: 1—Ridd v. Cameron. 2—Woolman v. Cummer.

Master's Chambers. Before J. S. Castwright, K.C., Master, Ramsay v. Toronto Railway Co.—J. P. MacGregor for plaintiff, Langmuir (McCarthy & Co.) for defendant. Motion by plaintiff for an order of injunction to restrain the defendant from operating the railway company, very simply and concisely. It says: We do not deny or morally make way with the land grants or the proceeds of the sale thereof, and we also deny that the stockholders have the right to cash the shares or other assets of the company by periodical dividend payments. Such an ideal as applied particularly to the land grants, is merely ridiculous. The land grants were made, this land was practically worthless. It could not have been sold for a good price. The company performed its part of the bargain. It built the railway according to the conditions of the land grants. It received the land as a consideration for the railway. By all the laws of common sense, as well as the law of contract, the land grants were made to the railway company, and the railway company, which was to be a public utility, was to be a public utility.

The Hamilton Spectator has been shifting its ground, also, but in the other direction. It was in the melon-cutting, but now it is in the melon-cutting. It was in the melon-cutting, but now it is in the melon-cutting. It was in the melon-cutting, but now it is in the melon-cutting.

MRS. MCGEE IS REPRIVED. OTTAWA, Sept. 19.—Mrs. McGee, the Prince Edward Island woman who poisoned her five children, will not hang. The cabinet decided to commute the sentence of hanging to life imprisonment. Mrs. McGee was sentenced to be executed Oct. 10 at Charlottetown, Prince Edward Island.

P. D. ROSS IN CARLTON? OTTAWA, Sept. 19.—(Special.)—There is already considerable speculation over the vacant seat of Carlton. A number of names are suggested to succeed the late Mr. Kidd. Prominent among these is Mr. P. D. Ross, proprietor and editor of The Ottawa Evening Journal.

referred by the government to the railway commission, while The Fort William Times-Journal believes that parliament should struggle with the railway situation and assert plenary power to regulate the rates of the Canadian Pacific Railway.

The British News of Canada, ably aided by Mr. Arthur Hawkes, discusses the melon and its meaning in trenchant style. It first states the situation thus: The C. P. R. proposes to increase its capital by \$40,000,000. The selling price of the stock is around \$275. It is proposed to sell the new stock to shareholders at \$175, which will realize, roughly, the \$100,000,000 that the company needs. The difference between selling the stock at \$175 and the market price means that the shareholders will get a cash bonus, free gratis for nothing, of sixty million dollars. There is no objection to cash bonuses, if they don't mean anything to the public, or to the people who ship goods, or buy tickets, on the road. But when some bonus means that the shareholders will get a cash bonus, free gratis for nothing, of sixty million dollars. There is no objection to cash bonuses, if they don't mean anything to the public, or to the people who ship goods, or buy tickets, on the road. But when some bonus means that the shareholders will get a cash bonus, free gratis for nothing, of sixty million dollars.

It then points out that the company can raise the \$100,000,000 it requires by issuing \$40,000,000 of capital stock and selling the same in the open market. If \$20,000,000 of stock be issued and allotted to the public, or to the shareholders, it means that an additional \$2,000,000 must be annually paid for all time as dividends, and The News asks: Where will the two millions come from? From the users of the road. They are to pay 10 per cent increase of the dividends of those who are so fortunate as to buy C. P. R. stock at \$175 when the market price is \$275.

At Osgoode Hall ANNOUNCEMENTS. Sept. 19, 1912. Judges' chambers will be held on Friday, 20th inst., at 11 a.m.

Peremptory list for divisional court for Friday, 20th inst., at 11 a.m.: 1—Williams v. Salter. 2—Klopper v. Darch. 3—Klopper v. Patterson. 4—Tobias v. Sibley.

Peremptory list for court of appeal for Friday, 20th inst., at 11 a.m.: 1—Ridd v. Cameron. 2—Woolman v. Cummer.

Master's Chambers. Before J. S. Castwright, K.C., Master, Ramsay v. Toronto Railway Co.—J. P. MacGregor for plaintiff, Langmuir (McCarthy & Co.) for defendant. Motion by plaintiff for an order of injunction to restrain the defendant from operating the railway company, very simply and concisely. It says: We do not deny or morally make way with the land grants or the proceeds of the sale thereof, and we also deny that the stockholders have the right to cash the shares or other assets of the company by periodical dividend payments. Such an ideal as applied particularly to the land grants, is merely ridiculous. The land grants were made, this land was practically worthless. It could not have been sold for a good price. The company performed its part of the bargain. It built the railway according to the conditions of the land grants. It received the land as a consideration for the railway. By all the laws of common sense, as well as the law of contract, the land grants were made to the railway company, and the railway company, which was to be a public utility, was to be a public utility.

The Hamilton Spectator has been shifting its ground, also, but in the other direction. It was in the melon-cutting, but now it is in the melon-cutting. It was in the melon-cutting, but now it is in the melon-cutting. It was in the melon-cutting, but now it is in the melon-cutting.

MRS. MCGEE IS REPRIVED. OTTAWA, Sept. 19.—Mrs. McGee, the Prince Edward Island woman who poisoned her five children, will not hang. The cabinet decided to commute the sentence of hanging to life imprisonment. Mrs. McGee was sentenced to be executed Oct. 10 at Charlottetown, Prince Edward Island.

P. D. ROSS IN CARLTON? OTTAWA, Sept. 19.—(Special.)—There is already considerable speculation over the vacant seat of Carlton. A number of names are suggested to succeed the late Mr. Kidd. Prominent among these is Mr. P. D. Ross, proprietor and editor of The Ottawa Evening Journal.

30th inst. No costs. Playfair v. Goude—O. H. King, for plaintiff. Motion by plaintiff for an order for a commission to take evidence of witnesses in California. Order made. Commission to be returnable not later than Oct. 26. Trial stayed until after return of commission. Costs in cause.

Axler v. Spring—Walsh (Singer & S.) for plaintiff. T. A. Gibson for defendant. Motion by plaintiff for an order for particulars of statement of defence. Defendant undertaking to abandon defence in paragraph 4, order made allowing plaintiff to have further examination of defendant for discovery. Costs in cause.

MacVety v. Ottawa Citizen Co.—H. M. Mowat, K.C., for defendant. J. T. White for plaintiff. Motion by defendant for an order for security for costs in a libel action on the ground of unsatisfied judgment against plaintiff. Reserved.

Zimmerman, from the judgment of the junior judge of the County of York of 18th June, 1912. An order to recover \$119.25, the price for goods sold and delivered to Mrs. Zimmerman at 11th June, 1912. This was an action for the amount claimed. Appeal allowed, judgment reserved.

REVIVAL OF HARKLARI. TOKIO, Sept. 19.—(Can. Press.)—Since the self-inflicted death of Gen. Count Nogi and his wife several attempts at suicide have been reported to the Tokio authorities. The police interfered and prevented a number of would-be suicides from carrying out their intentions.

There Is No Comparison BETWEEN O'Keefe's Special Extra Mild Ale and other brews

O'Keefe's is just what its name implies—an extra mild ale, of special quality.

It is the great home ale—the brew used by men and women who enjoy its appetizing flavor—and who know that they are renewing their vigor and strength in every glass they drink. You may enjoy O'Keefe's Special Extra Mild Ale, even if you find ordinary ale too heavy. O'Keefe's is EXTRA MILD.

Your Price Will Buy a BURROUGHS Some business men have a mistaken idea that all Burroughs Bookkeeping Machines are costly. Far from it. We make Burroughs machines at from \$200 to \$1000. Burroughs machines range from a plain 6-column machine, adapted to the business that employs but one clerk, to our big 17-column Electric Duplex machine, the largest, most complete, adding machine ever built.

LABOR MEN SAY WAR SCARE A FARSE

Col. Denison and James L. Hughes Criticized for Expressing Their Opinions — Keir Hardie Will Speak in Massey Hall to Tell Labor's Side of Question.

Imperialism and all its features was the subject that the delegates to the District Trades and Labor Council met into last night at the Labor Temple.

Col. Denison and James L. Hughes were the chief objects of attention. What the delegates did not say about the war scare was the subject of much criticism.

When James Stong moved that a committee be appointed to make arrangements for a monster mass meeting in Massey Hall on Oct. 17, an

It was time, said the delegate, for the working people of Toronto to hear the other side of this agitation.

Mr. Hardie's side on this agitation was the subject of much criticism.

The present war scare was being manufactured by the interested capitalists who cared not for the result so long as their streams were bought.

They were using a systematic method of instilling "jingotism" into the people of Great Britain and trying to provoke war.

Mr. Hardie's side on this agitation was the subject of much criticism.

They did not have to go to war. No; their property was protected by the young blood of the country, men who did not own any land as a rule.

Delegate Donovan, who served in the Boer War and witnessed another one. He had seen too many comrades fall in battle not to realize all its horror.

OTTAWA YOUTH WAS DROWNED

Arthur Westman Fell Into Bay at Hanlan's Point — Body Not Yet Recovered

Arthur Westman, aged 19, was drowned off Hanlan's Point about 10.30 last night. He walked off the breakwater and fell into the bay. His body has not been recovered.

Mr. Westman was about 11 o'clock until after midnight and will resume work this morning. Westman was living in a cottage on the island. His parents live in Ottawa.

His father is Thomas Westman, who is employed in the inland revenue office, Ottawa. The dead man was employed as a clerk in the Imperial Bank for the past two years. He was born in Toronto and had lived here all his life. His parents moved to Ottawa some time ago. He is a nephew of Arthur Hewitt, manager of the Consumers' Gas Company.

ALL CONTRACTS LET

According to C. V. Cummings, secretary-treasurer of the Northern Construction Company, all contracts have been awarded in connection with the construction of the Canadian Northern Railway Company's main line from Edmonton to the Pacific coast and the grade will be completed as far as Kamloops, B.C., early next year. Two thousand men are now at work on the main line west of Edmonton.

ITALY WOULD BUY TRIPOLI.

LONDON, Sept. 20.—(Can. Press.)—The council of ministers at Constantinople have considered a counter proposal by the Italian peace delegates involving the virtual sale of Tripoli and Cyrenaica to Italy, according to a despatch from the Turkish capital to The Times.

The council, however, have instructed the Turkish delegates to reject it.

PRICE OF MILK FOR THIS WINTER

Some Dairies Will Sell It for 9 3/4 Cents a Quart, While Others Will Charge 10 Cents — Will Not Pay More Than \$1.60 a Can to the Farmers.

Milk may cost about the same price to the citizens of Toronto this winter as it did last year. Some of the dairies may handle it at 9 3/4 cents per quart, while the others will ask ten cents for it. This is, of course, provided the Farmers' Association does not hold up the executive of the Milkmen's Association.

Yesterday afternoon a score or so of dairymen gathered in the Foresters' Hall, College street, to settle the price for milk for the coming winter. Several members stated that a large dairy company was buying milk at \$1.40 per can on a six-month contract. They were retailing it at 10 cents per quart.

Immediately the rest of the meeting wanted to know how it was that they could not get their milk for that price. During the summer months they had been paying the uniform price of \$1.27 per can for wagon milk and about \$1.25 for train milk. Lately they had seen in the papers that the farmers were going to hold out for \$1.70 for wagon milk.

At this point R. W. Dockery had a few very cutting remarks to make about the press and the reports published therein. Whenever they asked him about anything he always said he had nothing about it. If the papers wanted to instill a fear of high-priced milk into the people, let them do it. His opinion was that the press should not be informed of anything whatever and the public should be kept in ignorance. The papers were always making a splurge anyway.

A communication had been read from the Farmers' Association asking for a meeting to arrange the price. The executive was instructed to meet the association next Tuesday. They were ordered not to pay more than \$1.60. Another meeting will be held to fix the uniform price to the public.

FOUGHT FOR RETENTION OF DOCTORS ON STAFF

Trustee Leves Unsuccessful in His Efforts to Have Dr. Brown and Dr. Hopkins Kept on Staff—Night Classes to Be Held in High Schools.

Trustee Leves put up a big fight last night at the board of education meeting for the retention of Dr. Hopkins and Dr. Caroline Brown on the staff of medical inspectors. He moved for their continuance on probation for two months and an investigation of their case by a special committee. In neither instance had the chief medical inspector made a specific charge against them, and a significant fact that they happened to be the two added to the staff last March against his recommendation.

Trustee Hartney, Ellis and Noble made pleas for an investigation before the two doctors were displaced. Trustee Aitiz said the chief medical inspector should be supported as he was giving the board conscientious advice. Sorry to Switch.

Trustee Hills said the chief medical switch. Last time he voted for the appointment of Dr. Hopkins and Dr. Brown, but now recognized his mistake. Dr. Conboy said that duty was first to consider the welfare of the children. From that viewpoint, they must be guided by the advice of the chief medical inspector. If the head of the department was not a fit man to recommend appointments the board should ask for his resignation.

Trustee Brown said the only way to secure harmony in the medical inspection department was to act on the advice of the chief medical inspector. The question came to a vote on the motion by Trustee Hartney for the retention of Dr. Hopkins and Dr. Brown on the staff. This was voted down by 8 to 5.

For the motion—Trustees Hartney, Leves, Hodgson, Ellis and Noble—5. Against—Dr. Conboy, Hills, Lewis, Shaw, McKeagart, McKay, Smith and Brown—8.

ST. ANDREW'S BROTHERHOOD

The eighteenth Dominion convention of the Brotherhood of St. Andrew opened in the parish house of St. James' Cathedral yesterday morning. The day was taken up with registration and a meeting of the Dominion council. In the evening Rev. W. W. Craig of Ottawa led in a quiet hour in the cathedral.

The program is extensive and will conclude on Sunday. Up till last night 160 delegates had registered from all parts of North America. About 100 more are expected today.

HIGHLANDERS PARADE TONIGHT

Band Concert Will Be Given as Usual, and Names of Recruits Accepted by Officers.

The innovation of last Friday evening at the parade of the 48th Highlanders, when the bands gave a concert while the regiment was on parade, was so successful that it has been decided to add several classical selections for the program this evening. Bandmaster Beaton of the brass and Pipe-master Beaton of the pipe band have arranged an excellent program for this evening. In addition to a number of popular selections, the brass band will play the overture from Schubert's "Rosamund."

The north gallery will be reserved for ladies and their escorts, and orderlies will be stationed at the doors to direct visitors. Recruiting is going ahead very fast, and already more than 80 have been added to the strength of the 48th. There are still many opportunities for young men, and sergeants will be on hand tonight to take the names of any young men who wish to join the regiment.

FUND TO RUIN ALDERMEN

DETROIT, Sept. 19.—(Can. Press.)—Testifying for the prosecution today at the hearing of 17 aldermen and himself charged with conspiracy to defraud the city, former Councilman Clark Edward R. Sreter asserted that on July 2 he received a mysterious letter from Chicago in which the writer declared a \$10,000 fund had been raised in an effort to ruin Sreter and members of the council politically and financially.

CAR RIOTS AT SUPERIOR, WIS.

SUPERIOR, Wis., Sept. 19.—(Can. Press.)—A mob of 500 strikers and sympathizers tonight attacked the principal street car line in Superior, wrecking six cars and beating the crews and guards. There were furious fights and more than 20 persons were injured, none, it is thought, fatally. The police fought desperately and rescued the car crews.

Chairman Drayton Ill.

Owing to the illness of Chairman Drayton of the court of revision no decision was rendered yesterday by the court in the appeal of the hydro-electric commission against assessment.

Tobacco Experts and Professional Tobacco Growers who have tested

HYPASIA Club Perfecto Cigars

Say that Hypasia is one of the greatest cigars ever retailed anywhere at 3 for 25c, and they are worthy of such men's opinion. Nothing but the finest, carefully selected Havana is used for the filler. Real Havana grown in Cuba! Only ripe, sweet, mellow leaves are used; all else is rejected, and our peculiar method of blending insures a positively uniform quality, a cigar that even a man just beginning to smoke can smoke freely and enjoy. Hypasia Cigars are the best we know how to make, honest all through; in fact, smokers say Hypasia Cigars are unique among the best that retail at double their price. You couldn't find a more perfect smoke anywhere than Hypasia, with its fresh, natural, rich, delicious tropic flavor; its richness of taste and pleasing aroma Hypasia Cigars really are the bluest smoke you ever drew into your mouth. They're simply a delight to every man who is fond of a really good cigar.

HYPASIA CLUB PERFECTO, 3 for 25c; Box of 25, \$1.75; \$7.00 Per 100. Just Telephone Main 59, or Main 50, and say send a trial box of Hypasia Cigars, C.O.D. Smoke two or three of them, and if they are not the best you ever smoked at the money, or if they are not exactly to your liking, bring the balance back and we will refund your money; they must exactly suit you. This is the understanding on which we sell every cigar.

Actual Size and Shape of HYPASIA CLUB PERFECTO 3 for 25c. Box 25, \$1.75

Sweet Crop Pipe Tobacco

A production of the tobacco blender's art. Get out your pipe, fill it brimful of Sweet Crop, and light up. It's simply a delight to every man who's fond of his pipe. Get a tin of Sweet Crop to-day. We just want to see how happy a real pipe smoke can make you!

Sweet Crop, 2-ounce tin 25 Quarter pound 50

Just Arrived—20,000 Fresh Imported Havana Cigars—on Sale at Greatly Reduced Prices Made in Cuba by Messrs. De Juan Lopez & Co.

MOUNCE DISCHARGED

Magistrate Denison yesterday gave Clarence Mounce, an employe of the Adams Furniture Company, "the benefit of the doubt," as he termed it. As a result of five fires breaking out at the Adams' premises Mounce was charged with arson, as it appeared that he was always the first one to locate the fire. He however, strongly denied the charge and stated that he had only used his eyes and seen the smoke as any person might have done.

RAILWAYS IN SOUTH ONTARIO

Farms Crossed by the Canadian Pacific and Trolley Line in Pickering and Whitby—A Fight For Commutation Tickets.

The public have long been waiting for the exact details of the wonderful railway development that has been going on in South Ontario, a district hitherto monopolized by the Grand Trunk for fifty years. Now the Canadian Northern is in, but too far north to make the G. T. R. sit up. But it is getting in by a trolley line alongside the Kingston road, and this will be effective. It will connect up with its sister line near the city.

But the Canadian Pacific is the one getting in quickest and deepest. It has big gangs of men grading, track-laying, bridge-building, in pushing its new lake front line from Agincourt to Oshawa and on to Belleville. The piers are built over Wilcott Creek in Scarborough and fast being completed over the two rivers Rouge in the same township. Work is also being done at other points this side of Oshawa, and the orders are to get a passenger train service going before the spring. The road runs thru the north end of Whitby and the south end of Oshawa. The trolley line is close to the Kingston road in both towns.

About six weeks ago, The World published the registered plan of this new Canadian Pacific lake front line to Montreal, as filed for the Township of Scarborough and the County of York.

We give to-day, the registered plan filed in Whitby for the three southern townships of Ontario County and lying immediately to the east of Scarborough Township.

It will be remembered that the new line leaves the present main line of the Canadian Pacific one and a half miles east of Agincourt and proceeds thru Scarborough for about four miles when it enters Pickering Township, as on the plan herewith. The two roads run alongside one another for about two and a half miles in Scarborough and for about three miles in Pickering Township, when they separate, the Canadian Pacific crossing the Canadian Northern and starting to make for Whitby in a more direct line.

The map shows the three great railways in the southern portion of Ontario County, namely, the Canadian Northern, the Canadian Pacific and the Grand Trunk.

Our map also shows the location of the Toronto and Eastern, which is the electric line along the Kingston road, and which is now well under construction. It is practically graded from Bowmanville, its easterly terminal, to Oshawa, and a very considerable amount of the grading has been done between Oshawa and Whitby and small intermittent portions between Whitby and Pickering. From Pickering west, the line, as shown in our map, runs into the Canadian Northern near the Scarborough town line, over which it is supposed to pass into Toronto, but instead of a good deal of talk now that instead of running into the Canadian Northern south of Cherrywood, it will diverge to the south at Pickering and run close to the Grand Trunk and near the Kingston road, and then when it gets well into Scarborough run northwesterly till it strikes the Canadian Northern's rails much nearer Toronto. At all events work is now under way for the construction of the road from Bow-

manville to Pickering immediately north of the Kingston road, but from Pickering west the location is still subject to change.

The names given as owners on the two new rights-of-way are the names that are on the registered plans, though some have changed hands since then. For instance, in Pickering Township, the farms crossed by the Toronto and Eastern and put down to John Critch are now owned by Sir Henry Follitt.

And what about the Grand Trunk? It is the real owner of the trolley and steam track belt lines in and about Oshawa and is extending them so as to be effective. It will have to give switching privileges over these factory sidings to both the Canadian Northern and the Canadian Pacific. The Canadian Northern is also completing its own spur line to its Oshawa station down to the town and to the Grand Trunk's belt line.

Oshawa will have the three roads in there with four separate lines (the C. N. R. with two) all fighting for business in less than six months!

This means regeneration, new life, a sweeping change in the prosaic and sleepy-hollow methods that have prevailed in South Ontario for fifty years. Even as Toronto has had railway competition, more or less, to the west with live towns, she is now to have it in the east also. Watch the change. But the real point will all turn on whether the towns and the cities near Toronto will force the railways or parliament to give suburban trains with commutation tickets!

ROADS IN EAST TORONTO ARE ALMOST IMPASSABLE

Farmers Compelled to Use Extra Horses, Children Walk to School Thru Mud and Citizens in District Are Outspoken in Their Condemnation of Conditions.

The residents of Whitby, Todmorden, Scarborough, Agincourt, Markham and Malvern, and, in fact, anyone who is desirous of entering the city from the east, are faced with a difficult problem as soon as they set foot within the city limits.

Beyond the city boundaries the good roads commission have put the roads into first-class shape, and there is no comparison with Kingston road in the county and Kingston road in the city. Farmers from Agincourt, Scarborough and other places who desire to buy or sell in Toronto's markets have the greatest difficulty in getting along Main street, East Toronto, while the Kingston road resembles a plowed field more than a public thoroughfare. The wheels of every class of vehicle sink in the deep ruts until the horses are urged by whip and rein to extricate even light loads from the quagmires.

If only from the humanitarian point of view, the city authorities should see to it that these roads in the eastern suburbs are placed in such condition that absolute cruelty is not needed to make a horse perform its daily task. The responsibility would perforce have to be laid at someone's door if drivers were hauled before the magistrates and charged with cruelty to animals.

Should the condition of the treatment of the horses fall on deaf ears, perhaps the utilitarian view may appeal with greater force. If the roads were maintained in a passable condition, fewer horses would be required for transportation and the saving in time and money would cause a fall in the price of commodities. The advantage of good roads within the county is nullified by the city's action in not keeping their own in order.

Uses Two Horses.

A leading farmer in Scarborough Township informed The World that he could bring his produce to the city gates with one horse, but the state of Main street and Kingston road rendered it imperative that he should take an additional horse off the farm in order to reach the city's markets.

Todmorden road within the city, northeast from Broadview, resembles a market garden more than a public highway. Three men were employed yesterday in shoveling the accumulated loose earth from the surface and dumping it on the grass-grows sides. On being asked the object of this curious proceeding, they stated that when this soil was dry it would be used to fill up the ruts again. Verily, a novel way of maintaining a road. The school children attending Chester Street Day School must, often wonder, whether they live in a city of almost half a million inhabitants or in some rude western settlement, as they pick their way across road knee-deep in mud. Cyclists risk prosecution by boldly commandeering the sidewalks in lieu of the road, and foot passengers have the additional doubtful advantage of stepping into the gutter to avoid these knights of the wheel. The wretched condition of Chestnut street is emphasized by the excellent state of Prateria avenue, which crosses it at right angles. No other body but the city council could maintain (to two contiguous roads) in such unequal conditions.

On Danforth Avenue.

Danforth avenue is closed to traffic on the north side owing to the laying of a new car track. Three thousand feet of roadway from Carlav avenue to Greenwood avenue are graded; half of that distance is laid with steel, and there are 450 feet set with concrete-saturated wood blocks. The delay in securing supplies of crushed stone has hampered the work. For the Queen street improvements have had the first call in order that the racing fraternity may be whistled comfortably and speedily to the Woodbine race course. The road construction was commenced in the last week of July and quite one-third of the whole work is already completed. There are 150 men employed on the job, and it speaks well for the general foreman and his three sub-

ordinates that the road will be ready for the cars this fall.

Poles Are Moved.

The Toronto Electric and the Toronto Hydro-Electric have kept ahead of the road construction gangs by removing their poles back along the north side, and the parks department has had a gang of ten men cutting down the trees. When completed, Danforth will be a fine thoroughfare, 88 feet wide, with a road block car track and an asphalt-paved pavement on each side. But this much-needed, long-promised boon does not absolve the city from placing the road of East Toronto generally into a reasonably passable condition.

North Toronto

With reference to the meeting of the North Toronto library board on Wednesday night, when it was decided to make application for a Carnegie Library, leading men in the town expressed themselves as emphatically opposed to such a proposal. One prominent educationist when seen by The World said: "The municipality of North Toronto is not in a position to pay their quota towards such a project, even if it were desirable on other grounds. If Mr. Carnegie destroyed the cost of the building, there is still a site to be provided as well as maintenance. But beyond all this, there is a far more weighty objection to the application. I hold that Carnegie's millions were obtained in a great measure by underpaying and overworking his workmen, and a gift from him would savor too much of blood-money."

SCARBORO

The 66th annual Scarboro Fair was held yesterday on a field near the Half-Way House.

The prize winners included William Forester, Markham, and Crawford Bros, who took two prizes each in the heavy draught horse (imported) class. The horses in the Canadian-bred section reached a high standard of excellence. H. Butler of Coleman secured a first prize for his pony outfit, and the second prize fell to Miss Davison of Danforth.

The majority of the honors in the good-class cattle competitions fell to W. Dix and W. Brown, both of Scarborough.

THORNHILL

Interviewed last night by The World, Mr. David James, retired farmer, Thornhill, stated that the growth of corn and mangels during the past week has been remarkable. Fields that a month ago promised only half a crop, will certainly give a bumper yield. Fall plowing is well advanced in this section, also. Farming operations have been sadly hampered by the abnormal rainfall.

The good roads commissioners are now laying the material in the village and expect to proceed with the building of Yonge street in ten days. Interviewed by The World, Engineer James, who has the charge of Yonge street would be completed within a month.

Reeve of Holland Landing Dead.

HOLLAND LANDING.

William Lane, an old resident of this place, died this afternoon at 3 o'clock. He was a councillor of the village, and was also reeve for a number of years. He leaves a widow and one son, William Cuthbert, of this place.

MARKHAM

Engineer James informed The World yesterday that there was no truth in the statement that the work of constructing the roads in Markham district had been held up by a shortage of stone. He confirmed his statement by reading the dates of the company's forwarding of advice notes, which showed that a carload of stone was arriving daily.

WESTON

The demonstrations by Hon. Adam Beck thruout the county of the possibilities of the hydro-electric on the farm, have caused the management of Weston Fair to apply for an exhibition of hydro-electric machinery on the occasion of their annual fair. The necessary transmission lines pass across one side of the fair grounds, and there is every probability of the application being acceded to.

WEST TORONTO

Work was recommenced yesterday on the long-deferred pavement on Humboldt avenue west of Keele street. The work was started some time ago, but was stopped by the issue of an injunction by the Toronto Suburban Railway Company who by their franchise have the right to lay tracks on this street. The company declared its intention of doing so but made no effort to lay the tracks in the time allowed and consequently a 24-foot asphalt pavement is being laid. This will probably mean that no car line will make its appearance on Humboldt avenue.

Duke and Duchess of York Lodge, Nos. 21 and 23, will hold their annual church parade on Sunday afternoon next, Sept. 22, to St. John's Church. The members meet at St. James' Hall, Pacific and Dundas streets, at 2:30, and the service, conducted by Rev. T. Berkeley Smith, B.A., will commence at 3:30 p.m.

Pedestrians on St. Clair were warned yesterday by the sight of a hanging cable from the Interurban Light Company's lines on St. Clair avenue opposite No. 1858. The suspended wire was one of the main lines carrying the Toronto and the police upon being notified guarded the dangerous wire until the company's men arrived and made the necessary repairs.

At a meeting of the Runnymede advisory board held last night, Richard Collins of Burford avenue was engaged as the new caretaker of King George School.

RAIN IN THE WEST

Threshing Progresses Well Despite Shortage of Labor.

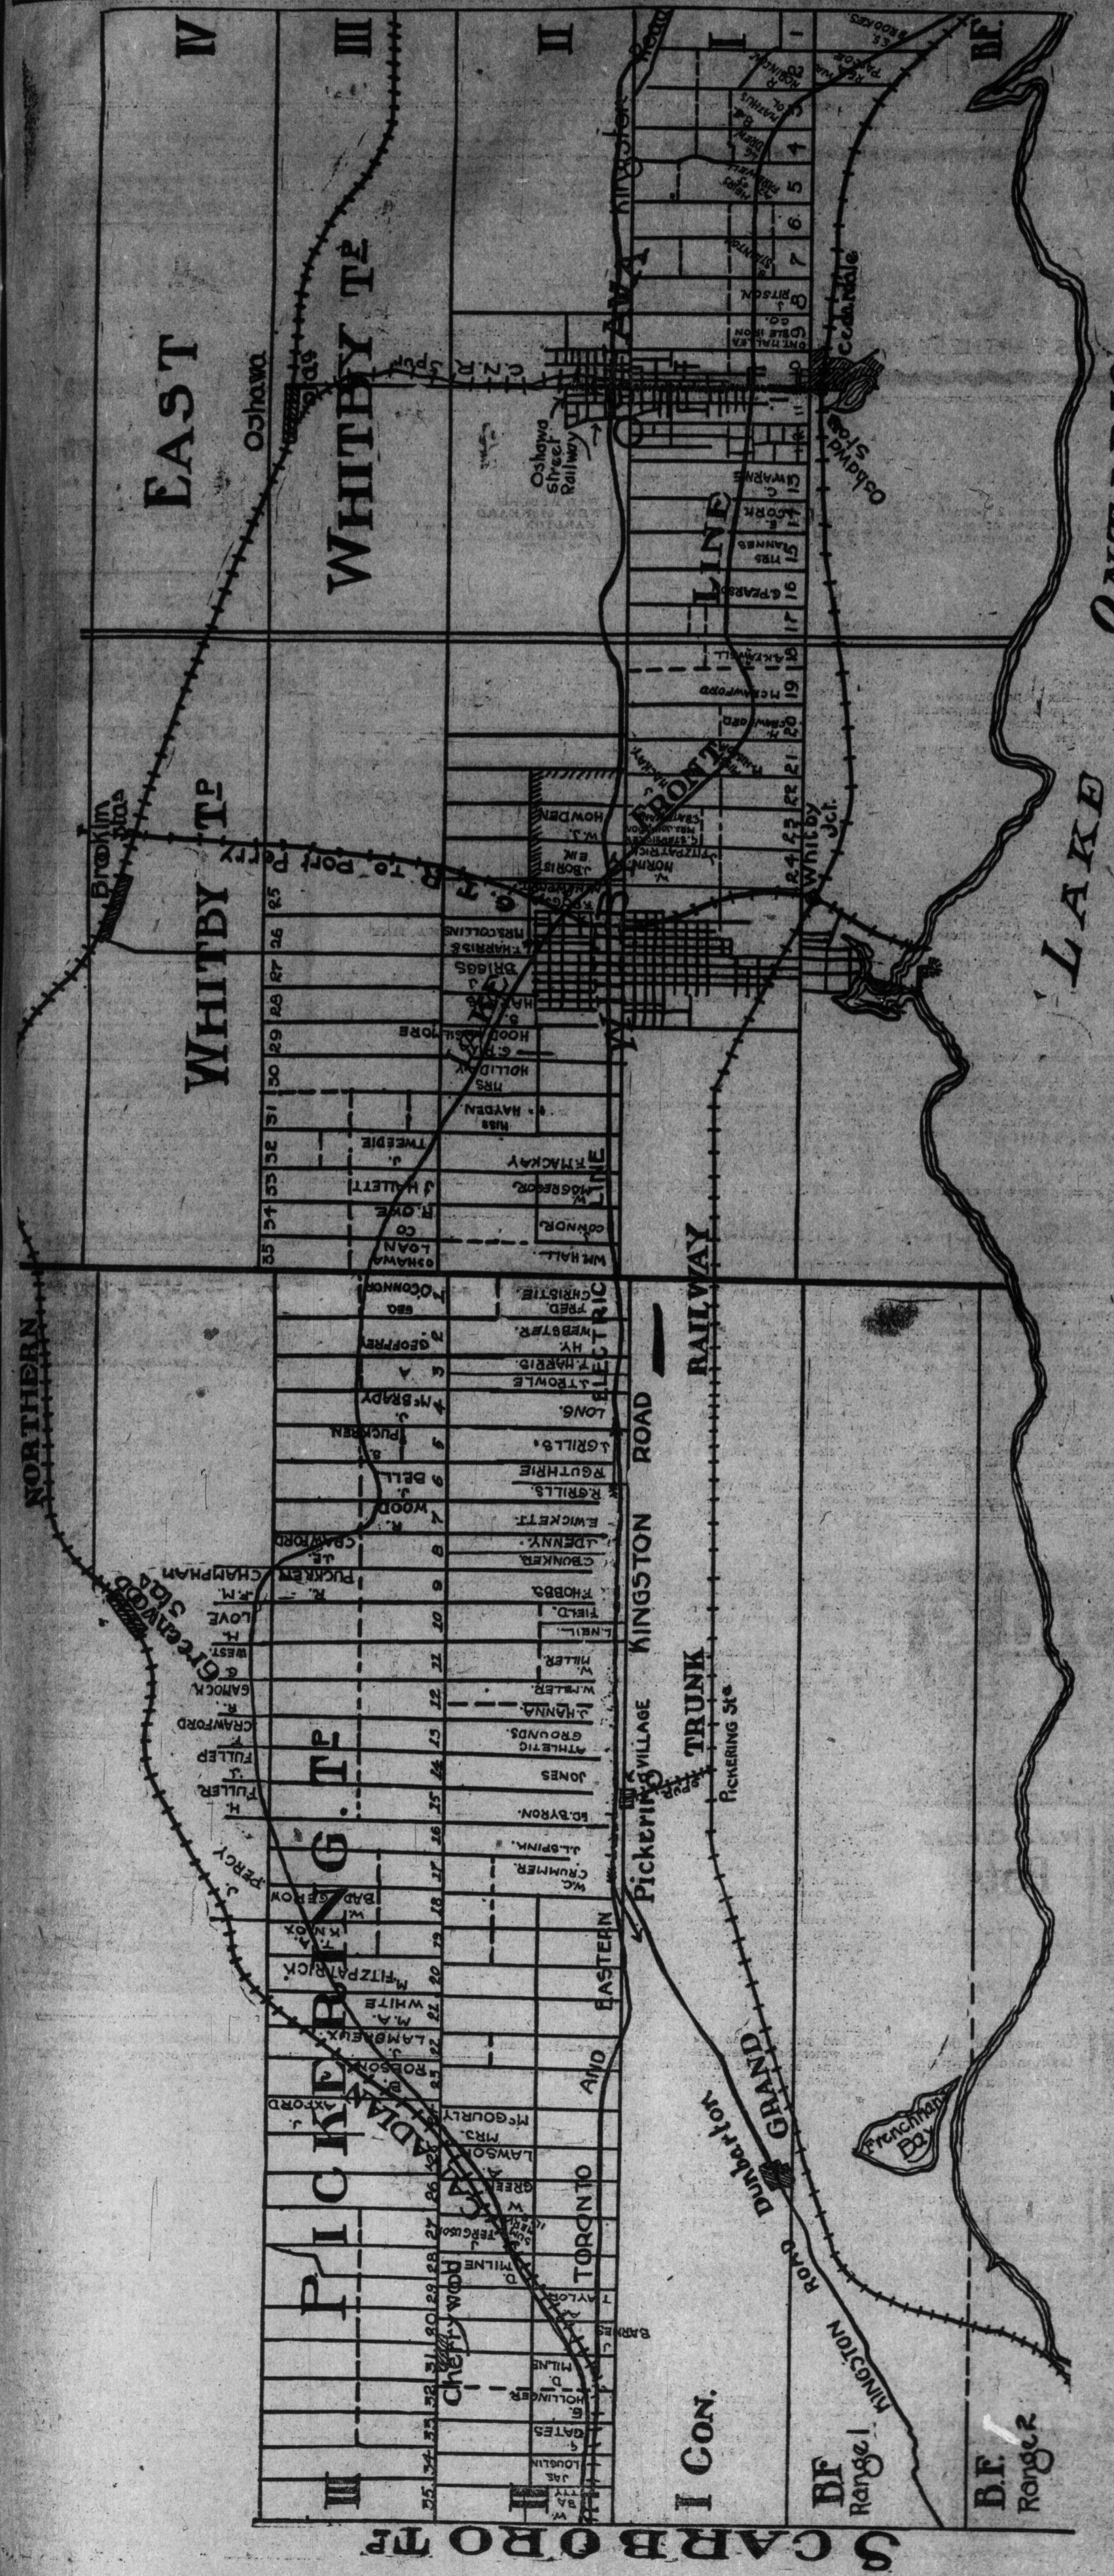

WINNIPEG, Sept. 19.—(Special)—Cloudy weather has been all over the west today, with rain at many points in Alberta and Northern and Central Saskatchewan. It was raining in Winnipeg and district at six o'clock tonight. Threshing is progressing satisfactorily in a number of districts, but the labor shortage has retarded operations thruout the prairie west for some weeks past. The cry for help of the farmer is earnest and long as men are required to an extent unheard of before.

HEATHER CLUB MEETING.

The Heather Club will meet at eight o'clock tonight in the nurses' residence of the Hospital for Sick Children, Elizabeth street. The work already accomplished will be reviewed, and plans for new work will be laid. J. Ross Robertson and the doctors of the clinic will speak.

TORONTO DISTRICT W.C.T.U.

The twenty-sixth annual meeting of the Toronto district S. W. C. T. U. will be held in St. James' Square Presbyterian Church on Tuesday, Wednesday and Thursday of next week. Programs for the meetings have been prepared and are being distributed.

BIG RECEIPTS AT U.S. YARDS

Union Stock Yards Capacity Taxed With Heavy Receipts of Stock.

Receipts at the Union Yards on Thursday were 115 carloads, comprising 1,000 cattle, 365 hogs, 3,500 sheep and lambs, and 215 calves.

The receipts at these yards for the past three days have averaged 100 carloads per day, and nearly tax to the full capacity of the yards.

During the three days there has been a general depression in the market for all classes of stock, as there were many buyers as well as growers from all over Ontario present.

The many farmers present were looking out for a supply of feeders. There were many butchers, from distant towns and villages, nearly all of whom made purchases of butchers' cattle, and some of them bought stockers and feeders, having orders to fill for farmers in their several localities.

But notwithstanding all this cattle prices were again easier, excepting the choice butchers' steers and heifers, which were more in demand on sale. Medium, common and inferior butchers' steers and heifers, as well as the export steers, sold from 10c to 15c, and in some instances 20c to 30c lower.

Common and medium cows were reported at 30c to 35c per cwt. lower also. Lambs sold a little lower again today, probably about 10c to 15c.

Sheep and calves sold at steady prices, while the market for hogs was again firmer, although there were 1405 on sale. Milkers and springers sold at a moderate quotations.

Stockers and feeders of good quality were eagerly sought after and sold at steady prices. Choice butchers' steers, 4 1/2 and one lot animal of extra quality, was sold by C. Zeeman at \$7.00; butchers' steers, \$6.50 to \$7.00; medium butchers' steers, \$5.50 to \$6.00; inferior light weight steers, \$4.50 to \$5.00; cows, \$4.00 to \$4.50; bulls, \$3.50 to \$4.00; canners, \$3.00 to \$3.50.

Stockers and Feeders. Steers, 50 to 1000 lbs., at \$5.00 to \$5.50; bulls, 500 to 1200, at \$3.50 to \$4.25; cows, 500 to 800, at \$4.00 to \$4.50; stockers, \$3.00 to \$3.50.

Milkers and Springers. The market for milkers and springers was unchanged at \$2.00 each. Veal Calves. Prices about the same at \$1.00 to \$1.50, and \$2.00 for something better.

Sheep and Lambs. Sheep, ewes light, \$4 to \$4.50; heavy, \$4.50 to \$5.00; lambs, \$3 to \$3.50; \$2.00 and \$2.50 for culls.

Hogs. The hog market again stronger, the bulk selling at \$1.10 and watered, while there were a few lots sold at \$1.15, and one very choice lot at \$1.20.

Representative Sales. McDonald & Halligan sold at the Union Stock Yards 14 cars as follows: Good butchers, \$3.50 to \$4.00; fair butchers, \$3.00 to \$3.50; medium butchers, \$2.50 to \$3.00; inferior butchers, \$2.00 to \$2.50; cows, \$4.00 to \$4.50; bulls, \$3.50 to \$4.00; canners, \$3.00 to \$3.50; stockers, \$2.50 to \$3.00; feeders, \$2.00 to \$2.50; calves, \$1.50 to \$2.00; milkers, \$1.00 to \$1.50; springers, \$1.50 to \$2.00; hogs, \$1.00 to \$1.50; sheep, \$1.00 to \$1.50; lambs, \$1.00 to \$1.50.

Market Notes. W. R. Ingram of the Swift Canadian Co., Winnipeg, was a visitor at the market. Mr. Ames Graft of Waterloo was on the market and bought a choice load of feeders.

Appendicitis Immunity of the Insane. That insanic asylums are lacking in appendicitis was the surprising announcement made by Dr. Ericace at the 12th annual psychological conference at Gloucester, England. The evidence was abundant, and Dr. Ericace's present confirmed it from their own experience. The inference, however, was that insane in institutions have special care taken with their diet. The inmates have their food regulated.

SYNOPSIS OF CANADIAN NORTH WEST LAND REGULATIONS. A person who is the sole head of a family, or any man over 18 years of age, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry may be made at any time, subject to certain conditions. The homestead must be of a certain size, and the homesteader must reside upon and cultivate the land in each of three years. The homesteader must also be a Canadian citizen, or at least 21 years of age, and must be of good character and of sound mind. The homesteader must also be a Canadian citizen, or at least 21 years of age, and must be of good character and of sound mind.

SEALED TENDERS, addressed to the undersigned, and endorsed "Tender for Dredging Port Waterway at Toronto, Ontario, 1912," will be received until 4.00 p.m., on Tuesday, Oct. 2, 1912, for dredging required to deepen the waterway to a depth of 12 feet. Tenders will not be considered unless they are on the forms supplied, and signed with the actual signature of the tenderer. Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, equal to five per cent. of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract within the time specified, or fails to complete the work contracted for. If the tender is not accepted the cheque will be returned. The Department does not bind itself to accept the lowest or any tender. By order, R. C. DESROCHERS, Secretary, Department of Public Works, Ottawa, September 17, 1912.

ESTATE NOTICES. NOTICE TO CREDITORS.—IN THE ESTATE OF JAMES E. CASSEY, late of the County of York, Ontario, deceased. Natural Reaction on Mining Market—Declines Slight

SMALL VARIATION IN PRICES THROUGHOUT DAY

Moderate Advance in Wheat at Chicago Before Noon on Covering by Professionals—Pressure from Actual Wheat Still Light

CHICAGO, Sept. 19.—Altho speculative interest today centered in corn, efforts to hoist the price of that cereal proved only partly successful in Nebraska, the close was irregular, varying from 1/4c off to 1/2c amount up. Wheat finished 1/2c to 3/4c down, oats ranging from a shade loss to 1/4c advance, and provisions unchanged to a rise of 1/2c.

Yields in corn acted chiefly on statements from experts in Nebraska that would be disappointing and that the total would not exceed 175,000,000 bushels, the government estimate of 227,000,000 bushels. It was declared that similar results were becoming apparent in Texas, Oklahoma and Kansas and that the crop as a whole would be only moderate after all. Liberal buying of December and May corn by a leading firm lifted the market sharply after an early short weakness due to the non-appearance of predicted frosts.

Hard to Encourage Buying. Wheat trading was shrewd and a little by covering for a large short among local professional speculators. Offerings, however, were plentiful at a fractional advance over last night's level. A majority of dealers inclined to the bear side owing to big primary receipts and because of the flattening out of export business. The bulging tendency of corn afforded only temporary aid in bolstering the market.

On account of bear pressure being limited in provisions, packers managed to bid up most of the list. As a rule, the advance ran from 1/4c to 1/2c above last night.

WINNIPEG MARKET. Open. High. Low. Close. Wheat. 39 1/2 39 3/4 39 1/4 39 1/2

PRIMARIES. To-day. Wk. ago. Yr. ago. Receipts 1,128,000 1,078,000 868,000

WEATHER ON PRAIRIES. The weather in Manitoba and Eastern and Southern Saskatchewan has been mostly fine and warm. Further west it has been somewhat cooler and showery.

ARGENTINE CROPS. Argentine estimate wheat, 1,500,000 bushels, against 1,700,000 bushels last week and 2,000,000 bushels in 1911, 2,500,000 in 1910, 600,000 in 1909. The wheat crop is growing well, having been benefited by recent light rains.

FOREIGN MARKETS. Wheat in Liverpool closed 1/4d lower to 3/4d higher, corn 1/2d lower to 1/2d higher. Buda Pest, 1/2c lower.

BROOMHALL'S CABLES. Paris—Native offerings light and firm, held and this started shorts to cover, stimulated by the closings of cable transfers and the good continental demand.

NORTHWEST RECEIPTS. Receipts of wheat at northwest points, with usual comparisons, follow:

ST. LAWRENCE MARKET. Receipts of farm produce were 400 bushels of grain and 30 loads of hay.

MINEAPOLIS GRAIN MARKET. MINNEAPOLIS, Sept. 19.—Close—Wheat—September, 81c; Dec., 82c; May, 84c.

CHICAGO LIVE STOCK. 4000 market, slow, steady; beef, 55 1/2c; steer, 45c; cow, 40c; heifer, 35c.

NEWS FOR WHEAT TRADE WAS CONFLICTING SILVER QUEEN CLIMBS COBALT LAKE IS FIRM

J. P. Bickell & Co. from Logan & Bryan. Wheat—Good action marked the wheat trade for the day. Following prices strong market of yesterday the local trade took the selling side at the outset today.

MONTREAL GRAIN AND PRODUCE. MONTREAL, Sept. 19.—There continues to be a good enquiry from foreign buyers for wheat and some business was worked in Duluth, N. D., but market for Manitoba spring grades was all out of the American port.

GRAIN AND PRODUCE. Local grain dealers' quotations are as follows: Ontario wheat—No. 2 to 3c per bushel, outside; old, No. 2 white or mixed, 3c to 3c, outside points.

CHICAGO MARKETS. J. P. Bickell & Co., Standard Bank Building, report the following prices on the Chicago Board of Trade:

Wheat. May 92 1/2 92 3/4 92 1/4 92 1/2. Sept 91 1/2 91 3/4 91 1/4 91 1/2. Dec 90 1/2 90 3/4 90 1/4 90 1/2.

COTTON MARKET. Erickson Perkins & Co. (J. G. Besty) wired New York, Sept. 19.—Cotton—Futures closed quiet; Sept., 6.55; Oct., 6.55; Nov., 6.55; Dec., 6.55; Jan., 6.55; Feb., 6.55; Mar., 6.55; Apr., 6.55; May, 6.55; June, 6.55; July-Aug., 6.75.

MORE GOLD COMING. LONDON, Sept. 19.—The unaided balance of the gold offered in the open market here last Monday was 1,457,000 ounces, shipment to the United States. The Royal Mint, London, has received 1,457,000 ounces of gold, which it has sold to the market at 150s. 10d. per ounce, including commissions.

ARRESTED FOR CAUSING VIOLENCE. MONTREAL, Sept. 19.—(Can. Press.)—John McGraw, upon leaving Western Hospital this morning, was arrested on a charge of murder. He is accused of throwing a lighted cigar at his wife last August. Mrs. McGraw is admitted to the hospital and her husband is suffering from the burns he received while trying to extinguish her lighted clothes.

Market in Good Condition—Little Optimism Would Be Very Helpful to Prices—Bailey Shows Continued Strength on Public Support

Reaction natural after the rise in many specialties on the mining exchange effected a slight reduction in the general list yesterday. Sales were heavy and the market fairly active. On the rumor that Silver Queen will be reopened the stock sold up to 1-2 and asked.

MOOSE HORN IS READY TO SHIP. With the running of the first train out of Elk Lake, providing that train comes as scheduled, the necessary Moose Horn will ship high-grade ore which is soaked and has been waiting on the property for some time.

ASSESSMENT APPEALED. Board of Education Opposed to Tax on Caretakers' Houses. The board of education appealed to the court of revision yesterday against the assessment on houses occupied by caretakers of the schools.

LAND 'SHARKS' MUST PAY. Alberta Legislature to Relieve Tax Burden of Agriculturists. EDMONTON, Sept. 19.—(Can. Press.)—To further relieve agriculture from the burden of taxation and to place the burden upon speculative holders of farm lands, important amendments to the Rural Municipality Act will be sought at the next session of the Alberta Legislature.

Wall Street Irregular - Prices Fractionally Higher

New Bond List

Our September Bond List is now ready for distribution. We will gladly forward a copy upon request.

BRISK BUYING IN MONTREAL

Detroit United Led in Activity - Laurentide, Textile Common and Richelieu Sold Off.

MONTREAL, Sept. 19.—Price movements on the preceding days of the week, but dealings were again on a large scale, upwards of 12,000 shares, and the market as a whole ruled steady to firm.

The three issues which were prominent in the upward movement of the early part of the week, namely, Textile common, Laurentide and Richelieu, closed at small recessions, but the reactions were normal after the sharp advance.

Changes elsewhere showed Penman common down one point, Toronto City of 5-8 Toronto Railway, on the other hand, scored an advance of one point to 142.

Richelieu opened unchanged and was held to heaviness through the trading day, but closed at 117 3/4 in the afternoon.

Changes elsewhere showed Penman common down one point, Toronto City of 5-8 Toronto Railway, on the other hand, scored an advance of one point to 142.

Richelieu opened unchanged and was held to heaviness through the trading day, but closed at 117 3/4 in the afternoon.

ACTIVE ISSUES ARE SET BACK

Almost Entire Absence of Outside Interest on Toronto Exchange—Operations Mostly Professional.

A somewhat reactionary tendency was in evidence on the Canadian exchange yesterday. Further attempts at realizing profits caused fractional declines in nearly all the issues which might be termed active.

U. S. WEST PROGRESSIVE

Chairman Lovett of the Harriman line on his recent trip thru the west found crops immense and labor in demand. Speaking of rumored changes in organization or management of the Harriman lines in view of cases now pending in federal courts against their companies, he said:

WESTINGHOUSE EARNINGS

NEW YORK, Sept. 19.—The Westinghouse Air Brake Co. for the year ended July 31 shows net earnings of \$3,383,073, which compares with \$3,034,231 a year ago.

Falling Off in St. Paul

St. Paul shows a deficit after dividends of \$5,141,546 during fiscal year; earned only 1.54 per cent. on common against 7.08 per cent. last year.

Crucible Steel Report

Report of Crucible Steel Co. for the fiscal year will show approximately 7 per cent. earned on preferred and 2 1/2 per cent. on common stock.

Vacuum Oil Dividend

The Vacuum Oil Co. declared a dividend of 3 per cent. payable October 31, to stock of October 15, same rate as three months ago.

Soe Earnings Increase

Soe earnings for the second week of September were \$718,672; the increase was \$182,246.

MONEY HOLDS STOCKS BACK

Continues to Be Governing Influence of New York Market—Trading Largely Confined to Specialties.

NEW YORK, Sept. 19.—The stock market opened with another upward swing today, but much of the advance was lost by midday when the movement became sluggish and irregular, except in a few specialties, among which American Can. common and preferred were especially prominent during the day.

Commercial Paper in Demand

Demand for money was light, but rates for all dates held firm. Local banks reported a better enquiry for commercial paper, which was accepted as additional proof of general betterment.

General News of the Day

Increase in coal rates at Pittsburg and unconfirmed rumors that middle-western jobs had advanced finished steel product \$2 per ton.

Southern Issues in London

Messrs. Ballie, Wood and Croft report the following quotations by cable from London (Canadian equivalent):

BANK CLEARINGS

The aggregate bank clearings in the Dominion for the past week, with usual comparisons, are as follows:

BANK OF ENGLAND WEEKLY STATEMENT

LONDON, Sept. 19.—The weekly statement of the Bank of England shows the following changes:

HELD AT OSHAWA

J. S. Cunningham, arrested for grand larceny at Buffalo, has been arrested at Oshawa by Detective Miller of the provincial police department.

The Robert Simpson Company, Limited

A Red Letter Day for Men's Fall Clothing

WE ARE CLOTHING SPECIALISTS--specialists in buying--specialists in selling Men's Clothing. To learn to do a thing well requires years of constant training and study. We have had these years of experience, which enables us to buy the best values in Men's Ready-to-Wear Clothes at the lowest possible price, and to sell them to you economically. Our prices are always lowest. An endless variety of Fall and Winter Overcoats, Fall Suits for Men and Boys, Warm Clothing for Hunters, Teamsters and for any Man, no matter what his vocation may be nor how exacting his ideas may be--such is Simpson's stock.

MEN'S HIGH-GRADE SUITS.

Made from cloths from our Custom Tailoring Department; fine English tweeds and worsteds, in browns, grays, and the combined colorings, in fancy designs; these are all high-grade cloths; the best to be found in the custom tailoring trade, and that sell in the regular way at from \$22 to \$28. Also a number of broken lines from our regular stock, that sell at \$18 to \$22; nothing remains to be desired in the smart, single-breasted style; the linings are of the best mohair, and the tailoring is of the finest. Saturday Early Morning Sale price 12.95

For Cool Days at the Races

The weather is always a problem during race week. Your suit may be correct and your hat irreproachable, but along comes a cool day and you're lost unless you possess the correct top coat. We are showing an endless variety of coats, some with the swagger English cut of the Durwards--Raglan shoulders and patch pockets, leather buttons and all; others are conservative Oxford grays, with silk linings and beautiful finish. The prices run up to 40.00

SALE OF MEN'S FALL-WEIGHT OVERCOATS.

These Overcoats are worth a great deal more than the sale price; they are made from fine English tweeds, in grays and browns, in Chesterfield style; best linings and workmanship, and perfect-fitting garments. Saturday Sale price 8.95

FALL-WEIGHT OVERCOATS

for men, made from one of those plain English cheviot cloths, in medium gray shade, new designs, best workmanship and linings. Price 12.00

BOYS' BLUE CHEVIOT RUSSIAN SUITS.
