REPULSED IN FLANDERS

ENEMY SUFFERS GREAT LOSS WHEN FRENCH BEAT HIM OFF GERMANS RESUME OFFENSIVE CANNOT BREAK ALLIED FRONT

Strong Attacks by Germans on the Loere-Voormezele Front Are a Failure, Having Been Repulsed After Fierce Fighting and With Heavy Casualties to the Attackers.

London, May 27.—On the Loere-Voormezele front, the French troops repulsed the enemy with great loss. This announcement was contained in Field Marshal Haig's official report tonight.

The attack against the sector of Berry-au-Bac held by the British was partially successful by reason of an intense bombardment by gas shells and the use of tanks, and after heavy fighting the British on the left were pressed back to prepared positions.

The text of the statement reads: "At 3.30 o'clock this morning the British divisions holding a sector of the French front, astride the Aisne at Berry-au-Bac, between Berniercourt and Craonnelle, were heavily attacked.

"At the same time hostile attacks in great strength were made against the French troops immediately on the right and French divisions on the left along the high ground traversed by the Chemin des Dames.

"In the British sector the enemy's attack was supported by tanks and accompanied by an intense bombardment with gas shells.

"On our right our troops maintained their battle positions and are in close touch with the French. On our left the enemy succeeded, after heavy fighting, in pressing our troops back to the second line of prepared positions. Se-

vere fighting has taken place along the front, and is continuing.

"On the Lys battle front strong attacks made by the enemy this morning on the Loere-Voormezele front have been repulsed by the French troops after fierce fighting, with great loss to the enemy.

"In the neighborhood of Dikchebusch Lake the enemy succeeded in penetrating for a short distance into the French position. Fighting is still taking place at this point. Other localities in which the enemy penetrated in the first attack have been regained by counter-attacks by the French troops, who secured a number of prisoners.

"On the remainder of the British front the situation is unchanged."

Tremendous Attack is Made on 25-Mile Front Along Aisne, Where Allies Make Methodical Withdrawal Before Superior Strength—British Right Wings Hold Firm Near Rheims—Germans Failed in Attempt to Break Franco-British Line.

Germany's great offensive on the western front has been resumed. With only brief artillery preparation, two blows have been struck by the Teuton armies, which have been reorganized since disastrous losses were inflicted on them by the French and British during the Picardy and Flanders battles in March and April. One attack was on the line from Voormezele to Loere, southwest of Ypres; the other on a 35-mile front from Pinon, north of Soissons, to Rheims. This is known as the Aisne sector.

In Flanders the Germans have gained virtually nothing, but further south the Berlin official statement claims that the German crown prince's troops have carried the whole ridge of the Chemin des Dames and are now fighting on the Aisne River.

The German attack in Flanders is against positions taken by the French on May 20, when they recaptured Bruloose and Loere and strengthened their line on each side of Hill 44, which they had retaken a few days before.

RECALLS FEARFUL BATTLE.
On the Aisne front the present battle recalls the fearful fighting of last summer along the Chemin des Dames, where for weeks the German crown prince hurled his men against the French positions only to see them crushed and beaten. Last year 75 divisions were engaged in the German attacks along this line alone.

The attack here is really in the nature of a line-straightening operation. It is being launched from Laon as a centre and is aimed at the elbow in the line formed during the fighting in Picardy in March and April. Here, however, the Germans must face permanent works which have been occupied by the French for long periods and which can be defended quite easily.

Evidence that the allied supreme command was forewarned of the new German attack may be found in the fact that British troops are fighting there. Up to the present, it had been believed that the British forces did not hold positions much south of the Somme, east of Amiens. The German crown prince is in command in this sector and this may indicate a serious effort to break the allied line. Crown Prince Rupprecht of Bavaria is the nominal commander in Artois and Flanders and the German crown prince, for dynastic reasons, will strive to outdo whatever success was attained by his colleague further north.

ITALIANS LAUNCH DRIVE.
Almost coincident with the new German assault, the Italians launched a blow at the Austrian lines in the mountain region to the northwest of Lake Garda. According to reports, they have carried Monticello pass, the Village of Presena, Monte Zigolon and the mountain spur to the east. Before them lie parallel streams leading down into the Lagarina valley, and, if they successfully carry out their attack there, it is possible for them to outflank the entire Austrian position in the north of Italy.

The long range bombardment of Paris has been resumed after an interval during which it was believed that the big German guns had been silenced.

Another Attempt to Reach Hills And to Pinch the British Army
Attack in Flanders is an Effort to Cut Off the Ypres Salient, While Formidable Blow is Struck Near Rheims.

London, May 27.—Germany's long-awaited offensive on the battlefield in France opened this morning at two points where it had been expected—between Rheims and Soissons and in Flanders. In the latter region, of course, it is another attempt to reach the hill positions west of Kemmel, and to pinch the British army holding the Ypres salient. The attack in the Rheims-Soissons sector doubtless is a formidable blow by which the Germans hope to shatter the French army; a similar attempt against the British further north having failed.

That General Foch, the entente allied supreme commander, anticipated Field Marshal von Hindenburg's plans in the Champagne, was disclosed in yesterday's German official statement which announced that British troops had been captured in a raid in this region. The first result of the German offensive was not disclosed in the British official communication issued this morning, but the confidence with which Premier Lloyd George spoke at Edinburgh on Saturday gives the British public hope that it will fail as did the previous ones.

The Reuter correspondent at headquarters in France describes the German bombardment as scarcely less violent than that which heralded the German offensive on March 21. Gas shells were employed in great quantities, and the bombardment and infantry attack between Soissons and Rheims were on a more formidable scale than in Flanders.

The Germans, according to this correspondent, employed their familiar formations—dense waves of infantry following closely in the wake of a lifting barrage—and they pushed fresh troops up with characteristic recklessness.

"Among the signs of a resumption of the grand offensive are that the enemy is heavily shelling our far back areas with high velocity guns, and also his airmen are unusually venturesome," continues at the interview.

EIGHT HUNDRED PRISONERS ARE CAPTURED BY ITALIANS

Successful Offensive Launched in Tonale District Where Important Ground Has Been Taken From Austrians.

Paris, May 27.—Severe losses have been inflicted upon the Austrians in the Tonale district by the Italians, according to special despatches from Rome. Among the 870 prisoners taken by the Italians are 14 officers. Twelve cannon and 25 machine guns have remained in the hands of the Italians.

The summit of Monte Zigolon, the town of Presena, Monticello Pass, and the mountain spur east of the pass have been wrested from the enemy.

The Italian attack is being carried out in a difficult part of the country near the western end of the front. The points mentioned by the Italian war office are northwest of Trent, near the Austro-Italian frontier.

The text of the statement says: "In the Tonale region the Alpine fighting on terrain rendered most difficult by glaciers and the stubborn resistance of the enemy, have culminated with victory during the fourth year of the war. The attack was begun Saturday morning, the combined units of the Italian army, including the 1st, 2nd, 3rd, 4th, 5th, 6th, 7th, 8th, 9th, 10th, 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, HEALTH COMMITTEE FOR THE DOMINION

Remedy Advocated at Investigation into Prevalence of Venereal Diseases.

Ottawa, May 27.—The establishment of a Dominion Health Committee, with plenary powers and authority to enforce treatment and segregation where necessary, was the remedy advocated for the elimination of venereal diseases among the civil population by General Fotheringham, director of medical services, before Mr. Justice Hodgins, of the high court of Toronto, this afternoon. His lordship is conducting enquiry among military and civil medical men and directors of various institutions in his capacity as Ontario commissioner for handling of the mentally defective and those affected by the diseases in question.

It was admitted by several members of the military medical service that venereal diseases in the army were easy of control on account of discipline and the facility for keeping patients under observation. For the same reason the percentage of disease in the civil population, those who have this evidence were Surgeon-General Carleton Jones, former director of medical services; Col. I. H. Cameron, and Major H. E. Paul.

Following a line of questioning by Mr. Justice Hodgins all the military witnesses admitted that it would be quite feasible to admit civilian practitioners because it drove other practice away, and the average doctor was therefore not fully conversant with methods of treatment. Civilian doctors, it was added, were already admitted to military clinics, and considerable legislation had been passed combating the social evil in England in the last two or three years.

BAPTIST EXECUTIVE AGAINST CONVENTION

Matter, However, Has Been Left To a Vote of Members of Church.

Ontario and Quebec Baptist Churches are taking a vote on the question of cancelling this year's convention of the Baptist Union. Rev. Dr. W. J. McKay, who did not desire to influence the vote which has to be reported to the secretary on May 29, says that he now feels free to express his thoughts on the question. Dr. McKay says that the executive, without any pronounced opposition, decided in its judgment that it would be better not to have a convention this year. Should it turn out, however, that the churches overwhelmingly favor holding a convention it is expected that some Toronto church will be prepared to become the host for a week of the three or four hundred delegates that certainly would attend.

GERMANS PAY DEARLY FOR FUTILE SUCCESS

Battle of Extreme Violence Rages in Rheims Sector, Where Franco-British Troops Retire Methodically, Inflicting Terrible Losses.

Paris, May 27.—A battle of extreme violence was engaged from the region of Vauxaillon to the outskirts of Brimont (Rheims sector), says the official report from the war office tonight. The enemy at the end of the day had reached the region of Pont-Arcy. The Franco-British troops retired methodically and in perfect liaison, making the enemy pay dearly for his futile success. The text of the statement reads: "The battle continued throughout the day with extreme violence on a front of more than 40 kilometres, from the region of Vauxaillon to the outskirts of Brimont. Masses of the enemy attacked our troops in the first line and pushed ahead, without regard for their losses, into the valley of the Aisne. Certain of their elements reached at the end of the day the region of Pont-Arcy.

LLOYD GEORGE PRAISES SCOTCH DETERMINATION

London, May 27.—Before returning to London from Scotland, Premier Lloyd George, interviewed by The Glasgow Herald, said he was very much impressed by the determination of the Scottish people to see the war thru. Germans Have Met With Failure At Nearly All Points Attacked

French Troops Practically Re-established Their Entire Lines in Counter-Attacks in Loivre-Voormezele Sector.

With the British Army in France, May 27.—(2 p.m.)—Launching a heavy offensive at dawn today against the French in the Loivre-Voormezele sector, the Germans failed of their objectives at virtually all points. At some points the defending patrols were driven in, but vigorous counter-attacks threw the Germans back at most places. Practically the entire French line was re-established.

Hard fighting at this hour still continues on the northern part of the battlefield. Just south of Dickeybusch Lake, the Germans forced their way into the French line for a distance of 800 yards and also got into the front line system at another point in this region. In both these places the enemy was clinging desperately to his newly acquired positions, but the French were dealing with the situation, which appeared to be satisfactory at the latest reports. One hundred prisoners already have been sent back to the French cages.

Today's attack was perhaps, preliminary to larger operations and apparently has been undertaken for the purpose of regaining the high ground which the French wrested from the enemy on May 20. Such positions as Brujose and neighboring places would be valuable acquisitions for enemy if Germans were to develop a general attack in this region later. It is interesting to note in connection with today's drive in Flanders, that the Germans considered their attacks on the Lys front in April to be a failure, according to prisoners. It is stated that while some troops have been congratulated for the way they fought, they have been told that their failure was the result of bad staff work. The general in command of the operations here was relieved of his command.

Every Available German Thrown Into Fight.

On the French Front in France, May 27.—The uncanny silence along the entire French battlefield in the past few days was merely a prelude to a most violent attack today by the Germans along an extended front stretching from Pinon almost to Rheims. While there are no specific indications, it is most probable that the entire armies of Gen. von Boehm and Gen. Franz von Below, under the supreme control of the imperial crown prince, have been thrown into the engagement.

As pointed out in previous despatches, the Germans are well served with railroads in this region, enabling them to transport quickly large masses of troops from one point to another.

Throughout last year the territory where the fighting has been in progress since early this morning was the scene of exceedingly fierce fighting, which reached its climax in the battle of Malmaison.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

After a lengthy lull the battle in France is again raging fiercely and the enemy has fought his way on a wide front from the Chemin des Dames to the Aisne, north of Paris, but in Flanders the fighting is concentrated from Loivre to Voormezele, except near Dickeybusch Lake, back to their starting points. The enemy penetration at the lake is on a narrow front, and is about 500 yards deep, but counter-attacks are proceeding to throw him back. On the Aisne it is another matter. The enemy employed vast quantities of gas shells and also numerous tanks, so that the allied tanks and gas shells have time to come up, the allied soldiers began a slow falling back, but they constantly kept their faces to the enemy and severely handled him at every point. Throughout the whole 25 miles of front, as the crow flies, under attack, from Vauxaillon to Brimont, the allied troops behaved with extreme steadiness and coolness. Their withdrawal reached the Aisne at Pont-Arcy.

Pont-Arcy upon which the allies have fallen back, is in their centre, and it marks the deepest point of enemy penetration, or a march of three to five miles. This, however, is only in the centre, so the German advance is forming just another salient, but the enemy appears, as he claims, to have captured all the Chemin des Dames. This high ground won fame last summer from the desperate battle fought along its western slopes. This region is going again to achieve fame this summer, for the desperate resistance proffered by the British and French troops who hold the sector on the Aisne at Berry-au-Bac, fought a hard battle, but while their right held firm, they had to swing their left wing back to their second line of defence, or their battle positions. The French east of the British and before Rheims held their lines firmly.

Thus the same phenomena are seen in this battle as in the previous battles. The enemy collects strong forces, opens an attack, makes gains of ground, forming a salient. The allies make a counter-concentration of men and artillery and eventually restore the equilibrium. The whole struggle continues to be a matter of losses and gains of men, for a modern battle proceeds on too grand a scale for the loss of one or two positions to make much difference on the final result. The chief thing for the allied supreme command to guard against is the allowing of the enemy to attack them and capture their positions with an smaller loss than he inflicts. Up to the present this action has not reached a definite crisis.

The enemy probably has two objects in making his effort on the Aisne. He wants to divide the allied reserves, if he fails in his principal object, the rupture of the allied front. Foch, however, can frustrate this move to divide the reserves by attacking a large force near the Oise, so that it can proceed rapidly in either direction to reinforce the local reserves. The main object of the enemy seems here as elsewhere, to be the tearing of a large gap in the French lines. His concentration of force against the French army implies that he has abandoned his first objective, the British army, at least temporarily and, perhaps, altogether.

MEDICAL CONGRESS OPEN IN HAMILTON

Duke of Devonshire Officially at Largest Convention of Kind in Canada.

MANY EXHIBITS ON VIEW

Health Officers' President Emphasizes Need of Grappling With Social Disease.

Hamilton, May 27.—His Excellency the Duke of Devonshire this morning officially opened medical week in Hamilton. Medical men are in attendance from all parts of the Dominion and the United States, and it is the biggest convention of its kind yet held in Canada.

The sessions are being held in the Royal Connaught, and the associations holding their annual meetings are as follows: Canadian Medical Association, Canadian Association for the Prevention of Tuberculosis, Canadian Public Health Association, Ontario Health Officers' Association, and the Ontario Medical Association.

Speakers at today's session, which was held under the auspices of the Ontario Health Officers' Association, were: Capt. W. H. Hattie, Halifax, president of the former association; Capt. H. W. Hamilton, Toronto, president of the latter association; Col. J. W. S. McCullough, provincial health officer; Capt. Gordon Bates, Toronto; J. J. Hope, Canadian Medical Association; and Mr. L. M. Huestis, Toronto; and Mr. L. M. Huestis, Toronto; and Mr. L. M. Huestis, Toronto.

An informal dinner preceded the evening session, at which the speakers were: G. P. Smith, provincial minister of health, Alberta; and Dr. Grace, of Washington, who spoke on the "Childhood Medical Mission in the United States." Capt. Hattie presided, and with him at the head table were Capt. Hill, Mrs. A. M. Huestis, Toronto; and Mrs. L. M. Huestis, Toronto.

Many Exhibits on View. A feature of the convention is the large number of exhibitions relative to medical and surgical subjects. There is a museum section, clinical laboratory, X-ray section, and scientific exhibitions. A series of motion pictures and medical and surgical subjects is shown every afternoon. There are also galleys showing poster illustrating propaganda for reform as carried on by the American Medical Association, a series of charts on hospital organization by Dr. Robert L. Dickinson, of Brooklyn, N.Y., and a number of posters on various aspects of tuberculosis, supplied by the Canadian Association for the Prevention of Tuberculosis.

One of the most interesting exhibits is an American field ambulance unit, which is being shown through the courtesy of the surgeon-general's department of the United States. The unit carries a portable X-ray, which is an exact duplicate of what the American army will take of France. The trip from Washington in nine days. Capt. C. P. Reed is in charge.

In charge of Dr. E. A. Bott of Toronto University, a demonstration of the use of their limbs is being given every afternoon. The patients are returned to their daily work, and the government must be ready to give the treatment under the supervision of Dr. Bott's staff.

President's Address. Capt. H. W. Hamilton, president of the Ontario Health Officers' Association, stated that the war had brought public health officers into their own, and that the provincial government was now more behind the health officer than at any other time. He said that there were three great lines of public health: bacteriological, venereal, diseases and child welfare.

"Tuberculosis we know how to handle, child welfare we all understand, but the problem of venereal diseases remains to be worked out. Personally, I believe the answer is with the notoriety of this engagement, the German general staff considered that its late attempt on the Lys front was a failure, blamed its local staff for not having anticipated the general staff's command. From the result yesterday, it would seem that the change has not improved the German local command."

While the enemy is struggling for a decision in France, the Italians have begun a slower struggle for a decision in Austria, making an important advance in the mountains near Lake Garda. From the capture of Mount Zigoon summit, the Town of Trento, Monticello Pass, and the spur east of this pass, it is seen that their opening blow had considerable weight behind it. Their taking of the end of prisoners in all this week suggests that they have found a weakly-guarded sector of the Austrian front. Monticello Pass is an important break in the Alps leading northward into the Tyrol, and an advance here would turn the whole enemy mountain positions. The future will alone see whether they will be able to follow up the present advantage, or will face a strong enemy concentration sufficient to bring their thrust to a standstill.

FIGHTING IN RUSSIA. Germans Resume Offensive With Large Forces, Despite Promises.

London, May 27.—A Russian Government wireless despatch received here today says: "M. Titcheroff, the Bolshevik foreign minister, wired Adolph Joffe, the Russian ambassador to Berlin, that German attacks on Yalutsk are being made with large forces, and that Russian inquiries to the German Government have remained unanswered. The offensive is also proceeding on the southern sector of the Don front, and a battle has occurred near Bataisk."

SALVATION ARMY FUND. New York, May 27.—The Salvation Army's campaign for a war fund of \$1,000,000 has gone "over the top" with a total of \$2,257,224, according to a statement made here tonight by Commander Evangeline Booth. New York City, asked to give \$150,000, subscribed \$285,000.

REPLY BY Y.M.C.A. TO THE VETERANS

Claim That Criticisms Are Due to Ignorance of Fact or Prejudice.

CANNOT CUT CANTEENS

Regret That Veterans Should Set Themselves Against Worthy Association.

Montreal, May 27.—Dr. John Brown, Jr., associate general secretary of the National Council of the Y.M.C.A. and general supervisor of the Y.M.C.A. military work, stationed in Toronto, and visiting Montreal, has been authorized by the Y.M.C.A. to reply officially to the allegations of overcharges by the Y.M.C.A. embodied in a resolution at a convention of the Great War Veterans' Association held recently in Hamilton. The official statement of the Y.M.C.A. points out that much of the criticism consists of general statements of indignation that are the result of ignorance of the facts, and it states that in the absence of the wording of the resolution no reply can be made. The allegation that the Y.M.C.A. charges are excessive, however, denied, and the statement is made that its purpose is to keep them as low as possible. A sum of over \$30,000 was expended in free hot drinks given to the soldiers in France during 1917.

The official statement follows: The report of criticism of the Y.M.C.A. made at the convention of the National Council, who was present, was asked to make the following statement in reply: "Criticisms of the same nature as those given in this report were made in some places during the recent Y.M.C.A. campaign throughout the country. It is regretted that the Y.M.C.A. of this was ignored because it consisted of general statements and insinuations that were quite patently untrue. The Y.M.C.A. has no specific charges, and pains were taken to trace them to their source, and they were found to be unfounded. STATION LAY-OUT UNDER DISCUSSION

Accidental Death is Jury's Verdict Regarding J. E. Dredge.

That death was accidental and that no blame could be attached to anyone, was the verdict returned by the coroner's jury at the morgue last night enquiring into the circumstances surrounding the death of John E. Dredge, 1040 West Toronto station on May 15, when he, in company with John Allison, walked in front of a passenger train which was pulling into the station. The jury found that death was caused by shock and by injuries received.

According to the evidence submitted to the coroner, the train was moving slowly when it struck the men, and considerable cross-questioning on the part of Reginald G. Forner, representing the crown, brought out contradictory statements from several of the witnesses as to whether one of the trains had stopped at the time of the accident.

William Dredge, who was unloading on the platform at the time of the accident, stated that No. 4 train, the one that hit Dredge, blew a whistle continuously while entering the station. He was, however, unable to estimate the approximate speed of the train when it struck the man. Harry Stanhouse, train baggage man on the train which pulled up at the opposite track, stated that he saw the pilot of the Galt train hit Dredge, and then he turned away.

Coroner Dr. Hopkins, in his address to the jury, stated that it was their duty to decide whether or not the train was moving at the time of the accident. Considerable comment was made on the layout of the station and the system of the Danforth approach, and it was stated that there were no railings or other guides in use at this station and that a party of wood blocks, which were used at this point was entirely without direction.

OVERCROWDED POULTRY SUBJECT TO DISEASE

C. E. Klough, manager of Pratt's Food Company, delivered an interesting address on diseases of fowl, at the monthly meeting of the East York Poultry and Pet Stock Association, recently held in Shell's Hall, corner of Gerrard and Main streets. F. C. Armstrong, president, was in the chair. Mr. Klough attributed in a large measure the diseases in poultry to overcrowding conditions and the lack of disinfectants. In a number of cases under the speaker's observation good health was restored by the simple use of disinfecting spray. "Where you see a spray used and good attention given you will find good poultry," said Mr. Klough.

DANFORTH DISTRICT WANTS SUB-POSTOFFICE

The need for a postoffice sub-station in the Danforth district east of Broadview has for a long time been keenly felt by the business men and residents generally and according to opinions heard on all sides it is high time that such a convenience was established. The present population of 80,000, is still rapidly growing in every direction, particularly east of Broadview, and the logical site for a postoffice sub-station would be near Pope avenue, said a prominent Danforth avenue merchant. "The Ontario railway board has ordered a street car route along Pope avenue, with Danforth and Pope avenues the terminal, and the work will be completed when the rails now ordered by the city are delivered," he added.

The farmer-teacher is making the fields in the neighborhood, and Mayor Bull, when asked about their ability, says that they are making the best of it. The girl who is making the best record, Miss Gertrude, is a daughter of a farmer, and is not only a good student, but is also a good worker. The public school board of the town, and appeared for greater production by the pupils, are a pretty good thing. There are 120 plots laid out with mathematical precision and they are showing green and promising some good crops for the patriotic youngsters who are working them.

LATE JOHN GARDHOUSE WAS AN EARLY PIONEER

The death of John Gardhouse at the advanced age of 93 years, which took place at the residence of his daughter, Mrs. William Stinson, in Weston, yesterday, removes a former well known and well esteemed resident of Toronto to the "Township."

The late Mr. Gardhouse came with his family from Cumberland, England, to Weston, when Weston was a young town, and which is still in possession of the Gardhouse family. Shortly after they removed to Toronto Gore Township, 7th line, where he lived for many years, later retiring to Weston, where Mrs. Gardhouse died about eight years ago.

He subsequently returned to the farm, where he lived for two years with his eldest son, Robert, who died in Weston, the city, where he resided with his daughter, Mrs. Stinson, until his death. The late Mr. Gardhouse survived by four daughters—Mrs. John Tingle, Mrs. William Stinson, Mrs. George Stinson, and Mrs. John Stinson. He was a man of sterling worth, and held in the highest esteem by his neighbors, and was a man of great energy and a keen interest in current affairs.

Special Offering in Boys' First Long Trousers Suits at \$10.00

In Single and Double-breasted Sac Style, Pinch and Half Belt Models

THESE first long trousers suits are specially designed to give grace and style to youthful figures. They are here in a good selection of spring patterns and feature a large assortment of shades.

The time, perhaps, when the boy is most sensitive and particular as to the style, fit and quality of his suit is the day he dons his first longers. Everything must be just right when he saunters forth among the boys who, perhaps, have not yet taken such an important step in life—anyway, our workroom has made this line of clothing a special study. Hence the many models and styles to choose from, in single and double-breasted sacs, pinch-backs and half-belters. They all carry the standard EATON make of tailoring and trimmings. Vests and trousers are mannishly cut and neat fitters; trousers have belt loops and cuff bottoms, two side, hip and watch pockets; of reliable tweeds, in a large assortment of patterns and shades, in light, medium and dark shades. Sizes 32 to 36. Today, special, \$10.00.

Men's Suits of Worst Finished Materials at \$13.75

Even in normal times they would be considered a good buying proposition at \$13.75—today they are an outstanding special, well worth taking advantage of. There is a good assortment of patterns to choose from, in medium and dark grey checks and stripes, and mixed patterns, in three-button sac models, with medium width lapels, and well formed shoulders. Have two side, two hip and a watch pocket. Sizes 36 to 44 chest. Today, each, \$13.75.

LITHUANIA ABHORS GERMAN CONTROL

People of Baltic Provinces Plan Federation Against Enemy Expansion.

New York, May 27.—The people of Lithuania, despite years of suffering from the war, are determined to establish and maintain themselves as an independent nation, free from the clutches of Germany, and are eagerly awaiting recognition by the United States and the entente powers—this is the word brought from that country by Dr. John Szlupas, of Scranton, Pa., who has just returned from a visit there as the representative of the American branch of the Lithuanian relief committee. The country, he said, is strongly anti-German; the people are determined they will never again be a part of Russia or Poland, and an army of more than 100,000 men, recruited from the disorganized Russian forces, under the command of General Kammatits, is stationed on the frontier of German occupancy, ready to assist in establishing a permanent government. It is also proposed, Mr. Szlupas said, that there shall be formed a confederation of Lithuania, the Letts, Ukraine, Poland and Poland, with the intention of working in harmony with the Scan-

CANADIANS LEARN TO COOK.

New Series of Instructional Courses Commences in London School. Canadian Associated Press Cable. London, May 27.—A new series of instructional courses has just commenced at that excellent institution, the Canadian School of Cookery, here. Instead of lasting only 3 weeks, the full course of training in how to feed an army now extends to 4 weeks. Particular care is taken that men selected for training are only of B category, this being in accordance with new instructions from headquarters.

SUBMARINE CRUISER PERFECTED BY BRITAIN

London, May 27.—The sinking of a German submarine by a British submarine off Cape St. Vincent shows that the British have cruising submarines, and this is only one incident where a submarine has sunk a submarine, says Archibald Hurd, in The Daily Telegraph. The Cape St. Vincent incident took place more than 2000 nautical miles from Plymouth. "In neutral countries," the naval critic continues, "it has been assumed that only the Germans could build submarines capable of operating far out in the Atlantic. Conclusive evidence is now supplied that we also possess submarines which can cruise far afield, remaining at sea many days on end without refueling and victualling. "Four or five years ago it was claimed in some quarters that a submarine could not fight a submarine, and later on the Germans adopted that theory, only too readily as events have shown. They were wrong. "British submarines have been employed in this way with great success. They also have proved useful in convoy work."

HEAVY BATTLE OPENS FROM PINON TO RHEIMS

Paris, May 27.—The war office reports: In the latter part of the night the Germans opened a very violent bombardment all along the front between the forest of Pinon and Rheims. This morning an enemy attack is in progress along a very extended front between these two points. Franco-British troops are resisting the German thrust with their habitual valor. The battle is continuing. The British war office reported today: "Strong hostile attacks, preceded by a bombardment of great intensity, developed early this morning on a wide front against the British and French troops on the line between Rheims and Soissons and against French troops between Loere and Voormeselle. "There was considerable hostile artillery activity yesterday and last night on the British front."

PICTURE FOR CANADA PAINTED YEARS AGO

Canadian Associated Press Cable. London, May 27.—Sir Robert Borden recently announced the presentation to Canada, thru Lord Beaverbrook, of West's famous painting, "The Death of Wolfe." The gift is made by the Duke of Westminster, who in writing to Lord Beaverbrook says the painting has hung at Eaton Hall since the days of his great-grandfather, who purchased it from the painter. The picture was painted in 1775, when West was painting other pictures at Eaton for Richard Lord Grosvenor. This was the first battle picture in which the figures were represented in the uniforms of the day. Sir Joshua Reynolds, hearing that this was West's intention, implored him to abandon the idea, affirming that it was against all traditions, and the picture would lose grace and elegance. West replied that what he would lose in grace he would gain in simplicity. When Reynolds visited West's studio he subsequently expressed great admiration of the picture. George III. ordered a replica, which is at Hampton Court, and the Monckton family later ordered another picture on a larger scale.

CHEAP SUIT ALLOWANCE FOR DISCHARGED MEN

Canadian Associated Press Cable. London, May 27.—The amendment of the conditions under which Canadian soldiers discharged in the British Isles are supplied with civilian clothing have been promulgated. It does not err on the side of generosity. Soldiers who have completed six months' service, are now entitled to free issue of civilian clothing based on the following scale: Suit £3, tie 1s, collar 6d, hat 2s 6d, overcoat (in the winter months) £1 15s. The men will also be allowed to retain their kit of necessary underwear, one pair of boots, two fannel shirts, and two pairs of socks. Soldiers discharged with less than six months' service will be charged on their pay account with the cost of clothing on the above quoted scale. If a man is discharged on account of injuries received on military duty, he gets an issue of civilian clothing free of charge. But what a suit at £2 can be like in these days is a puzzle. Recently appointed nursing sisters on the C. A. M. C. include Miss F. B. Jackson, and Miss N. M. Lewis. Nursing Sisters J. T. Washart, R. R. Downey, J. R. Glichrist and K. L. Brown have resigned.

CANADIANS TRAIN QUITE INTENSIVELY

Fully-Instructioned Men to Be Ready Instantly for Front. Canadian Associated Press Cable. London, May 27.—Despite the fact that the Canadians have not been heavily engaged, it is deemed advisable to maintain the policy of intensive training in English camps so as to have fully trained men instantaneously ready. All the new troops come for an initial period of segregation after the voyage to avoid any possibility of the production of a general epidemic into the general camps. An interesting proposed departure is the partial combatant training of the forestry personnel so that in an emergency they can defend themselves. There is a gratifying esprit de corps among the forestry units. Fifty additional instructors, including French-speaking instructors, are being returned to Canada from the gymnastic staff here to train the recruits. A new method of instruction in massed boxing has been introduced in all areas. King George was much interested and amused in witnessing a whole company vigorously romping each other during his recent visit.

CAPT. DE ULLIN GOES AHEAD.

Paris, May 27.—Captain De Ullin, it is announced, has won his twentieth aerial victory. The captain was a partner of the late Captain Guyanmer, the famous French ace.

SERVED PORK ON FRIDAY.

Geuph, May 27.—Charlie Ing, proprietor of the Star Cafe, this morning appeared before Magistrate Wall charged with breaking the food regulations by serving pork tenderloin to a customer on Friday last. He pleaded guilty, and said that he did not think he was doing anything wrong. The magistrate pointed out that ignorance of the law was no excuse and that he would have to impose a fine of \$100 and costs.

BEST AUSTRIAN KILLED.

Paris, May 27.—Lieut. Kiss, reputed to be the leading Austrian aviator, has been killed in an aerial battle, according to a despatch from Berne.

Public Ownership of Railways and Telegraphs in Canada.

The unanimous award of the arbitrators in the case of the Canadian Northern brings the government face to face with the duty of appointing a new board of directors and assuming control of a great railway system. We cannot doubt but that the directors are already chosen and the official transfer will soon be made.

The new board will not only have to administer the vast C.N.R. system, but it will be called upon to take over and administer as a part of that system the Intercolonial and the National Transcontinental railways. Before long it will also be in control of the Grand Trunk and the Grand Trunk Pacific and will have under one management two transcontinental railways.

In the opinion of the roads the board of directors must be given a free hand, but the duty will still devolve upon the government of formulating and carrying into execution a forward national railway policy that will vindicate the principle of public ownership. Duplication of construction and operation must be eliminated and the government system is to pay, and as far as possible wasteful competition between the national system and the Canadian Pacific must be avoided.

With the Canadian Northern, the government acquires not only a vast railway system but a great transcontinental telegraph system as well. We are nationalizing telegraphs as well as railways on a big scale. The Canadian Northern Railway Company controls the Great Northwestern Telegraph Company, and the new directors will have to be appointed at once for both corporations.

The Great Northwestern Telegraph Company is an institution long familiar to the people of Canada. It gridsron this province with a network of telegraph lines that are to be found wherever the old Grand Trunk Railway has penetrated and operates extensively in the Province of Quebec and in all the leading centres of western Canada. Having been recently amalgamated with the Canadian Northern Telegraph Company it is able to transmit messages from eastern to western Canada by an all-Canadian line via Fort Arthur or through the United States via Chicago.

During Warm Weather Days— Make Milk Your Chief Diet

For Health and Economy—For Children and Grown-Ups

Warm weather demands a change in diet. Health and happiness depend largely on food. Overtaxing the stomach in warm weather robs you of energy. It brings languor, slows you down. Nature urges you to use concentrated foods. Chief of these is milk. It is nourishing. It contains all the food elements the active body craves. It is delicious either as a beverage or as a food. It does away with the need for many other foods. It is easily digested and helps to digest other food more readily.

Children who drink lots of milk in warm weather keep fit for both school and play. Their growth is encouraged. They are happier—less likely to get peevish. Another thought—sleeplessness often is only hunger which you can quickly satisfy with a glass of milk. Double your regular milk order for the summer months. Use the best milk—milk that is rich in cream, that is scientifically pasteurized in the most up-to-date dairy in America, that is delivered to you regularly in time for each morning's breakfast—that costs no more than ordinary milk.

Children especially need more milk in warm weather, for milk nourishes without distressing. It satisfies without sogging the stomach

The Actual Food Value

of one quart of milk, says a well-known professor of Harvard University, is equal to three-quarters pound of beef, two pounds of chicken, eight eggs, two pounds of codfish. Yet it costs less than any of these items. And it saves food needed "over there."

MANSLAUGHTER CASE MUST GO BEFORE JURY

The case of Arthur Ingram, charged with manslaughter, was heard in the assizes yesterday before Justice Latchford. The case was one where Samuel Arnold, employed by the Toronto Street Railway Co., was knocked down by the motor car owned and driven by Ingram about 3 o'clock in the morning of October 26 last on King street, between York and Simcoe street. Arnold died as the result of his injuries. The case was tried before Justice Latchford at the last fall assizes, but the jury disagreed.

CHARGED WITH FRAUD

Charged with fraud, Lewis Silverstein, 805 West Dundas street, was arrested by Detective Armstrong last night. He was allowed bail. Capt. John Graham, R.A.F., is home on leave from France, and is the guest of his sister, Mrs. J. Edgerly, Ottawa, for a few weeks.

PLAYS, PICTURES AND MUSIC

"MISTER ANTONIO" MAKES A BIG HIT

Otis Skinner, beloved by playgoers for a wholesomeness of personality and a big-hearted, generous-spirited manner seldom rivaled in any walk of life, portrayed just such a character as himself before an admiring audience last night when "Mister Antonio" was given its first presentation in Toronto at the Princess.

Such a performance as that given at the Princess last night is all too seldom seen. A brilliant character portrayal on the part of the star himself, excellent support from a very fine company, and a play that is both novel and distinctly original, are the simple tale of an Italian hurdy, surdy man who believes in the teachings of the parable of the good Samaritan. Tony is a man and he is just a dusty peddler, with a donkey, wagon, a grind organ and a half crazy chap who helps to attract the crowd.

GEORGE ADE'S COMEDY IS FULL OF MIRTH

Bradley and Ardine head an excellent winter weather variety bill this week at the Casino. The comedy, "Mister Antonio," is a smart dancing act. Excellent execution, speed and novelty won this clever team their well deserved applause, while Ardine's wardrobe was particularly dainty. Ben Welch, than whom there is no more popular vaudeville monologist, followed the dancing novelty in his unrivaled act of smart sayings and still more comical songs delivered in his own manner.

MAE MARSH POPULAR IN LATEST GOLDWYN

The new story in which Mae Marsh is seen at the Regent this week is rather different from any which, as a Goldwyn star, she has produced. "All Woman" shows her under different circumstances from most of her previous plays, and is welcomed as much for this difference as for any other reason.

TWO CLEVER FARCES AT STAR THIS WEEK

Opening for the week's engagement at the Star Theatre, the Merry Makers Company are presenting two clever farces captioned "A Havana Honey-moon" and "Two Near Detectives." Both are clever and sparkling burlesques, and are cleverly directed. The entire production and the plot is cleverly interwoven with musical numbers and specialties of the highest order.

"VERA, THE MEDIUM," SHOWING AT STRAND

In "Vera, the Medium" at the Strand this week, Kitty Gordon again demonstrates her ability to wear beautiful clothes just a little bit better than any other woman. The first scene shows her as a woman of the world, who goes with her will to pay her bills and men for which she gives presents, for which she gives nothing in return.

BIG SALE FOR GALLI-CURCI

Probably the greatest advance sale in the history of Massey Hall was that of yesterday for Galli-Curci's next Monday. The ticket sellers predicted a "sold out" house before the doors open. Those who intend hearing this wondrous artist and have not yet secured their seats should do so today.

PLEASURABLE MYSTERY IN "CHEATING CHEATERS"

No more ingenious piece of dramatic plotting has ever been staged than the crook play, "Cheating Cheaters," by Max Marcin, put on by the Robins Players at the Royal Alexandra last night. The interest of the piece depends on the ignorance of the audience regarding the denouement's plot used to be a dramatic tradition that the audience should be in the confidence of the author, but modern times finds good and sufficient reasons for adopting another course, and in this short address, acknowledging the enthusiastic plaudits of the audience, Mr. Robins last night requested that no one should reveal the details of the plot. Indeed, to do so would almost entirely spoil the pleasurable mystery of a complication which is unappreciated from the start and remains to crown the last act with a clever finale.

The first act opens with a confabulation among the Bpeckton gang of crooks when they are the details of a burglary they are to commit to gain possession of the Palmer jewels. The Palmers are a family they have met on the return from their travels in Europe, whom they hope to rob of their collection of emeralds, pearls and diamonds worth \$500,000. There is scope for some exceedingly smart characterization in the details of the burglary, which is handled by Jack, son, Jr., as the rough-neck and suspicious crook, Steve Wilson, is decidedly good and natural, and he maintains his impersonation till the end. Mortimer H. Weldon has an eccentric part as Antonio Verdi, an Italian piano-tutor. John Maurice Sullivan is George Brockton, the reputed mother of Nell Brockton (Helen Travers), the reputed mother of Nan Cary, alias Ruth Brockton (Frances Neilson). Steve Wilson is rather a star of the hour for his good faith, on account of her evident interest in Tom Palmer, whose jewels they have planned to steal, since she is the daughter of the man who is peddling of the ship in which they were returning. The Palmers, according to promise, come to call on the Brocktons, and while they are there, a telegram arrives calling Mr. and Mrs. Palmer to Chicago. Ruth is to go also, but this involves breaking a concert engagement, and the Palmers' parents are to be in Chicago. The frame-up, which it is, to get her into the Palmers' home and the location of the jewels to be stolen, and other details, is a complete success, and the curtain falls on the gang confabulating themselves.

ITALIAN, SINCE FALLEN, FEATURED IN PHOTOPLAY

Maciste, the giant hero of Calabria, who recently fell in action on the Italian front facing the Austrians, is featured in "The Superman" show at the Hippodrome this week. The story deals with a young girl and her mother who are cheated out of their rights by their uncle, the Greek Alexis, and to whose rescue Maciste goes. With his wonderful strength he overcomes every obstacle that is thrown in his way single-handed. The story, which is described as a "melodramatic comedy," is full of laughs and thrills. The vaudeville end of the show is exceptionally good, and features the comedy sketch, "Ankles," which will entirely new theme, is full of clean, wholesome comedy. The Six Virginia Steppers put on a dancing act that is well above the ordinary. Steve Green, the versatile comedian, gives some clever songs in his own manner, and Cooks and Sylvania give a good act of songs and dances. The comedy sketch, "The Double Cross," complete a bill that is away above the ordinary.

WESTERN MINING STORY FEATURED AT ALLEN

"M'iss" Bret Hartie's story of a western mining camp with Mary Pickford in the title role, is the feature of the Allen this week. The play and the Allen is well suited to Mary. The wild, unquenchable tom-boyish spirit of the western hills with a natural fondness for the great outdoors seem the one kind of child-like character Miss Pickford portrays the best. The story, in all its details, is too well known to be told, but the characters of the story are ones that lend themselves wonderfully well to screening. "Bummer" Smith, the drunken father of M'iss, with his source of money, Hildegarde, the hen, the Mexican villain, Yuba Jim, the driver of the old stage coach, and the school teacher from the east, who brings comfort to the life of the motherless child of nature—all these fit in the beautiful background that the verdure-clad hills make for them. M'iss, sitting on a grey rock in the dying day with only the silence of the lordly Sierras for a companion makes a beautiful picture in silhouette.

COUNTY PAYS TRIBUTE TO LATE COL. SHARPE

Whitby, May 27.—Ontario County this afternoon paid tribute to her distinguished son, Lt.-Col. Sam Sharpe, M.P. D.S. The county buildings were draped in purple and black for the occasion. Accompanied by Capt. Gould, the body arrived from Montreal early this morning, and was borne to the county buildings in a Red Cross ambulance from the military hospital on the lake front, from which a detachment of soldiers acted as an escort. Major Garbutt, chaplain of the 116th, acted as chairman, as well as delivering the principal address. Addresses were delivered by Warden Neil Macdonald and Major Garbutt.

HEAR GIPSY SMITH TO-NIGHT

The public are cordially invited to attend a lecture being given to-night at THE METROPOLITAN METHODIST CHURCH by this gifted evangelist in connection with the observance of the Fifty-fourth Anniversary of the Toronto Y.M.C.A. THE SUBJECT— "Just Behind the Firing Line in France" is one of timely interest, and the lecture has created a very deep impression wherever delivered. Gipsy Smith has lately been delivering lectures in large American cities, and his receptions have been most enthusiastic. The Congregationalist (U.S.A.) says: "That the fervid type of oratory of the great Gipsy makes him peculiarly acceptable to the American temperament."

LONG SHOT LANDS THE METROPOLITAN

Tromp la Morte Ahead of Old Koenig and Priscilla Mullens.

New York, May 27.—Tromp la Morte, a French-bred three-year-old chestnut colt, by Verwood-Marsa, owned by J. Widener of Philadelphia, won the Metropolitan Handicap, at one mile, over the Belmont Park race course today, in 1:38.54. Old Koenig ran second and Priscilla Mullens third. Omar Khayyam, the favorite, was beaten off. The winner was bred off Edouard Blanc, and as a yearling was purchased by Trainer Thomas Welsh for Mr. Widener. As a two-year-old he started several times, but scored only one win in the handicap. Today he carried the lightest impost, 95 pounds, of the field of eight racers and finished a length and a half in front of the Beverwyck Stable's Old Koenig, which was a full length ahead of Commander J. V. L. West, Priscilla Mullens third, Omar Khayyam fourth, Rosmer fifth, Omar Khayyam sixth. The Macomber pair, Walnut Hall and Hank O'Day, trailed the field several lengths away.

Result was unlooked for, as it was believed that Omar Khayyam, valued at \$200,000 by his owner a few days ago, and Rosmer and Old Koenig would divide the honors and money between them. The stake had a guaranteed value of \$50,000. Rosmer cut out a very fast early pace, but was quickly and perfectly and he led into heading into the stretch for home. At this point Old Koenig and Rosmer were slightly pinched. The latter was in submission. He was quickly followed by Tromp la Morte, and both passed the old gelding, Priscilla Mullens, having saved ground on the turn, also passed Rosmer and went flying after the leaders. In the run through the stretch to the wire the light-weighted French colt caught and passed Old Koenig, winning in a drive by a length and a half. Hendrie, a stable mate of Jack Hare Jr., one of the four horses which were withdrawn from the race, was going strong at the finish and beat Rosmer a length. Omar Khayyam, slightly pinched off at the start, gave a very disappointing exhibition and the trailing Macomber pair showed scant speed through the entry.

CANADIANS ORGANIZE BASEBALL LEAGUE. Canadian Associated Press Cable. London, May 27.—With every prospect of a full season, the baseball players of the Canadian pay office and of the Argyle House, headquarters staff, have just commenced practice matches on the ground of the famous Arsenal Football Club at Highbury. The first scratch match resulted in a win for the pay office men by 8 runs to 7. Batteries were: Pay Office, Tecky and Parker; Arsenal, Carter and Rose. A finely equipped sports ground is to be opened towards the end of the current month, for the use of the Canadian Military Athletic Association, London area. The ground is at Norbury on the south side of London, and was for many seasons used by bank clerks' athletic clubs. The opening event will include track and field sports, and a baseball match, the general public being admitted to the ground free—just to let the average Londoner see what Canadian sportsmen can do.

OSHAWA GUN CLUB. Oshawa, May 27.—The members of Oshawa Gun Club were out in large numbers to witness the presentation of trophies to the winners of the winter handicap competition. Mr. S. Hot weather drudgery or hot weather comfort

STOOPING over a hot range in a hot kitchen will take the bloom off the cheek of youth...

Why not decide now to use a McClary gas range, no stooping; a high oven; heat only where and when you want it for cooking; no ashes, no dirt; perfect control of your fire; the moment your cooking is done, the fire is turned out.

A booklet that gives complete information about McClary's gas cooking and heating appliances will be sent free on application.

EMPLOYES WILL HELP IN PRODUCTION WORK

It is expected that 105 men and women in the civil service will undertake farm work during the summer, this number having applied for the purpose of helping to increase production. This is an increase of 25 per cent over the number who volunteered last year. The same policy as last year will prevail, the employees being given three weeks' holidays, with two added, four of the total being spent on the farm. There is great interest being shown in the work, and at the present time it is thought more women than men have thus offered their services.

REV. DR. CHOWN OPPOSES.

Rev. Dr. Chown, general superintendent of the Methodist Church, has issued an official statement opposing the movement to abolish the department of social service and moral reform as at present constituted and to make it a sub-department of the home mission department. This course has been taken by the general assembly of the Presbyterian Church on the ground of economy and efficiency, especially in view of the new conditions created by the prohibition of the liquor business. Rev. Dr. Chown states that if the general conference rules otherwise he will not regard the rejection of his views as a defeat, but expresses them so that the whole case may be before the general conference when it meets at Hamilton. Rev. Dr. Creighton has accepted an invitation to address the Methodist Conference at London, Ont.

SOCIETY

Conducted by Mrs. Edmund Phillips

Sir Robert Borden, Hon. N. W. Rowell and Hon. Arthur Meighen left yesterday for New York.

Sir John Hendrie was in Hamilton yesterday, having motored up, returning the same way.

At the service of Intercession last night in Convocation Hall for the I. O. D. E. Bishop Sweeney, Hon. Dr. Cody, Father Burke, the rabbi of Toronto and other clergies were on the platform, also the choir of Holy Trinity Church. Archdeacon Cody and Father Burke giving the addresses, the service was impressive and the audience large. The last prayer was that of the I. O. D. E., the service ending with the national anthem.

Mrs. E. F. B. Johnston is giving a tea this afternoon at her house in St. George street for the delegates to the I. O. D. E. annual meeting and the regents of the Toronto Chapters. Hon. Frank Cochrane, Ottawa, has left for Clarenceville, Ont., owing to the death of his brother, James Cochrane, who was accidentally killed in Vermont.

Venerable Archdeacon Fortin, who has been spending the winter in California, is at present in Victoria, the guest of the Bishop of Columbia and Mrs. Schofield, at Bishop Close. He will return to Winnipeg this week.

Mrs. C. A. Moss who spent the winter in California, is staying with her father, Mr. Justice Britton.

Miss Naomi Dickson is at Clifton Springs.

Mr. Eugene Coote, Calgary, is at the King Edward.

Mrs. Mowat has returned to Kingston, from a visit in town.

Miss Joan Mackenzie, New York, who has been staying with Mrs. J. Kerr Flisken, has gone to Kingston to be the guest of Major and Mrs. Charles Hanson.

The engagement is announced of Elizabeth Dalway, youngest daughter of the late Mrs. and Mrs. Robert Evans Young, to Lieut. A. R. Thompson, late of the 4th Battalion, elder son of Lieut.-Col. Andrew T. Thompson and Mrs. Thompson, Ottawa. The marriage has been arranged to take place in the autumn.

SUNLIGHT SOAP advertisement featuring a hand holding a bar of soap, a \$5000 guarantee seal, and text: 'The Seal has been set once and for all on the purity of SUNLIGHT SOAP. SUNLIGHT SOAP is known by name throughout all the world, but not by name alone. Sunlight Soap is known by purity just as it is known by name. An established and guaranteed purity is ever associated with Sunlight Soap. The name and the guarantee are inseparable. They must ever remain so, because PURITY is the great soap essential. Cleansing means purification---without pure soap you cannot have perfect cleanliness---this stands to reason. The \$5,000 Guarantee of Purity given with every bar of Sunlight Soap is something more than an advertisement. It is a dominant force throughout the whole of the Sunlight Soap manufacture. To say that this guarantee is the dominant chord in the perfect harmony of the Sunlight Works would better express its influence. The buyer who buys the choice Sunlight Soap materials---the soap boiler---the expert chemist---the girls who wrap and pack Sunlight Soap---all are mindful of the guarantee. The \$5,000 Guarantee of Purity is a source of gratification to all the Sunlight workers.'

DAUGHTERS OF EMPIRE UNITE IN SERVICE

Daughters of the Empire from many parts of Canada gathered in Convocation Hall last night in a united service of intercession, representatives of various churches being on the platform and the choir of the Church of the Holy Trinity under the leadership of G. E. Holt, organist and choirmaster, supplying the choral numbers. The processional hymn, "Onward, Christian Soldiers," and the Lord's Prayer, led by the Rev. I. Ralph Sherman, rector of the Church of the Holy Trinity, preceded the "Special War Litany," read by Rev. John Neil, moderator of the Presbyterian Church in Canada. The first lesson from Isaiah was read by Rabbi S. Jacobs, of Holy Blossom Synagogue, and at the close of the reading Rev. John E. Burke, representing the Archbishop of Toronto, gave one of the two addresses of the evening. Father Burke said that at the time of the crucifixion there were three present at the foot of the cross---Mary, the mother of Christ, and John represented innocence, while to his mind Mary Magdalene represented the world after repentance, atonement and contrition. "Today," said the speaker, "the world is undergoing its crucifixion and is passing thru the crucible. It is necessary to go back to early Christian ideals. Faith, prayer and atonement are necessary; if we but pray it is as certain as that success will be ours. All we shall obtain victory. Section 2 of the war litany, read

NEW PASTOR EXPECTED TO DO GREAT WORK

Major (Rev. Dr.) C. A. Williams, who is coming next month to the pastorate of the Timothy Eaton Memorial Methodist Church, is expected to do a great work for the soldiers of Toronto. His record to date includes securing a ten thousand dollar donation from Sir John Eaton for the hundreds of thousands of soldiers' club he is now running in the big basement of his great church, St. James Methodist, Montreal. Major Williams started some of his church members by having smoking and billiards in the church club rooms. In Toronto his boys' propositions are expected to go forward with a great swing, accelerated by his success in Montreal in enlisting the co-operation of such prominent Roman Catholics as Baron Shaughnessy and Sir George Bury in his plans. Major C. A. Williams' coming is likely to put more ginger into the work of the clergy on behalf of the soldiers than that of any ministerial arrival in Toronto since the beginning of the war.

FOUR THOUSAND SHORT.

Rev. W. G. Back has been awarded \$10,950 for his property, which is situated on Avenue which was expropriated in connection with the Duplex avenue extension. He asked \$15,000 for the property, which has a frontage of 66 feet. The city will pay the costs of the arbitration.

THE SHOES TOGETHER.

The boot and shoe shower to be taken up by the Friends of France throughout the city, in aid of the destitute people of France, will be carried on throughout the week, with headquarters at 11 East King street. All kinds of boots and shoes for men, women and children and money to pay for repairs will be welcome. All sending contributions of boots or shoes are asked to remember to tie them in pairs to avoid hopeless confusion.

Announcements

Notice of any character relating to future events, the purpose of which is the raising of money, are inserted in the advertising columns at 25 cents as against 10 cents for ordinary notices. Announcements for churches, societies, clubs or other organizations of future events, where the purpose is not the raising of money, may be inserted in this column at two cents a word, with a minimum of fifty cents for each insertion. TULIP TEA today (Tuesday), from 3 to 6 p.m., at the home of Mrs. F. J. Dunbar, 97 Roxboro East. Proceeds in aid of Red Cross work.

EXTREME HARSHNESS MAY EXCUSE DRAFTEES

In line with the working out of the Ottawa decision that leave of absence from military service would be granted to men after they had been called to the colors, in cases of extreme hardship, the Toronto military authorities have posted an order that officers commanding units may grant leave of absence, up to 30 days, pending a decision, in extraordinary cases of extreme hardship to dependents, that is, where a man is the only son and sole support of a widow, invalid father, or other 'helpless dependents.' The men asking such leave must in every instance, however, report to the commanding officer of the unit to which they are attached. A special officer to deal with such applications will be detailed in each unit. The new order regarding leave of absence in the cases of extreme hardship is now in effect.

LIVE STOCK MARKET

Trading at the Union Stock Yards yesterday was a mighty limited scale, a determined effort on the part of the buyers in the early hours of the forenoon to make a substantial cut in prices causing practically a deadlock, and it was not until later in the day that the buying movement really got under way, and then it was not very active or strong at the best. The demand for all classes of cattle was weak, with the biggest percentage of the offerings unsold at 3 o'clock.

All classes of cattle felt the decline at once from 25c to 50c off from last Monday, and the market was drab throughout and devoid of snap. It was a market in which it was difficult to size up the actual decline, but there were concrete cases in which the price was undoubtedly off fully 75c per cwt., the lighter classes of cattle seeming to feel the cut more than the well-finished, heavy steers and heifers, of which there were some exceptionally good goods on sale yesterday.

Good milkers and springers probably held their own at unchanged prices, and there were one or two exceptionally good ones, as the special market notes will indicate.

At the close there were probably from 800 to 1000 cattle unsold and held over for today's trading. The limited buying came in the nature of a surprise, following the strong upward tendency in the cattle prices for a long time past, but whether the market will recover its former buoyancy, or, as many experienced cattlemen say, we are going to see lower prices all round, remains to be seen.

Many of the loads on sale yesterday were, as stated, well finished, and reflected credit on the farmers who fed them and the drovers who brought them and shipped them in.
