TWENTY-SIXTH YEAR

FAVORABLE IMPRESSION-\$2 MUTUAL LIFE PAYS BY LINE

Already It Has Cost Company
\$14,000 to Color Investigation
Reports Thru News Bureau—
Actuary McClintock Explains
the Decreasing Dividend.

New York, Oct. 24.—At the session today of the legislative committee investigating the insurance companies, the affairs of the Mutual Life Insurance Company were under consideration, and it was brought out that this company were paying for the dissemination throughout the country of reports of this investigation that were favorable to the company. Charles J. Smith, a newspaper man, proprietor of The Insurance Record, is employed by the Mutual Life Insurance Company to do many things, but a month ago he was placed in charge of the sending out of these reports. Mr. Smith testified that he received several vouchers for the payment of these reports and these vouchers, \$10,000, with more bills to come in. He thought the amount to be paid would reach \$14,000. Mr. Smith wrote these reports and submitted them to Allan Forman, who owns the Insurance News Bureau, and it is said that the Mutual Life Insurance Company was paying for the dissemination of these reports. Mr. Smith testified that he received several vouchers for the payment of these reports and these vouchers, \$10,000, with more bills to come in. He thought the amount to be paid would reach \$14,000. Mr. Smith wrote these reports and submitted them to Allan Forman, who owns the Insurance News Bureau, and it is said that the Mutual Life Insurance Company was paying for the dissemination of these reports.

Walter Sullivan, who has charge of the magazine advertising department, then was called. He said the Mutual Life advertised in 12 magazines last year, at a cost of \$42,000. Advertising in insurance papers cost about \$300,000 more, but he could not tell where the rest of the account of \$23,997, the account charged up to advertising last year, was spent.

Actuary on the Stand.
Earlier in the day Emory McClintock, the actuary of the Mutual Life, was on the stand. The entire early session was given over to his explanations of technical insurance. Mr. McClintock advocated no laws practically for the insurance companies, beyond a certain supervision, to give the reports.

CANADA AND NEWFOUNDLAND.

Negotiations Under Way for Confederation.
(Canadian Associated Press Cable).
London, Oct. 24.—The Morning Post understands the question of the inclusion of Newfoundland in the Dominion is again the subject of confidential negotiations. This source, says the Post, is of particular interest in view of the present fisheries dispute between Newfoundland and the United States. The Canadian Associated Press understands unless some unforeseen obstacle arises a colonial conference will take place in July next, at Ottawa. Invitations will be sent out in February after the meeting of the parliament.

All Ready For the Sham Fight

DECIDE ON GENERAL STRIKE DEPUTATION WAITS ON WITTE

Government Resumes Service on Few Roads, But Men's Decision Will Complicate Problem.

St. Petersburg, Oct. 24.—The government resumed railroad service on a few roads to-day, but under great difficulties. The decision of the railroad men to-night to declare a general strike has complicated the problem. Trains left for Moscow to-day over the Nicholas road, but the passengers were notified that communication was guaranteed only to Tver.
At a meeting of eight thousand railroad men to-night, it was decided to call a strike on all the railways operating with St. Petersburg, beginning to-morrow. It was also decided at the meeting to send deputations to Prince Hilkef, minister of railways, and Count Witte, president of the committee of ministers and present to them addresses demanding political reforms, included among them the convocation of a constituent assembly elected by direct universal suffrage.
The deputations found Count Witte, who said that a constituent assembly was impossible, and contended that the suffrage and other political demands had nothing to do with the question. The count promised that liberty of meeting and of the press would be granted, and said that the continuation of martial law to the railroads would be removed.

Several attempts were made to-day to interrupt communication by telegraph and telephone out of Moscow, and the telegraph offices had to be guarded by Cossacks. Persons wishing to send messages had to fight their way thru crowds of strikers, and often were severely handled.

The strike has taken a violent turn in many cities from which reports come of encounters between the mobs and the police troops.

SPREADS ALL OVER.

Moscow, Oct. 24.—The strike is spreading in all directions. On the Moscow, Wladiv and Sibirk lines the evening express could only reach Fortimorsk Station, and the passengers were compelled to walk to Moscow.
At the Moscow and Kazan Station 2000 passengers are waiting. They are being paid by the railway administration. But a second class 50 cents daily, and third class, 25 cents.
The strikers have damaged the water conduit between Moscow and Mytishchi, and some sections of Moscow are without water.
A meeting of ten thousand strikers to-day decided to prevent telegraphic communication, which already is becoming very difficult.

MANY CASUALTIES.

Kharkoff, Russia, Oct. 24.—A serious conflict between troops and the people, during which there were many casualties on both sides, occurred here last night. While a meeting of 20,000 citizens, students and workmen was in progress the cry of "the Cossacks are coming" was suddenly raised and a panic followed.

LIBERALS OF NORTH YORK CHOOSE MAN ON SATURDAY

Losing No Time in Getting Down to Real By-Election Preliminaries.

Newmarket, Oct. 24.—(Special).—Who will be the Liberal candidate in North York? That is the question which, for the first time in a quarter of a century, has agitated "the party" in the old constituency, so far as federal honors are concerned.

The executive of the North York Liberal Association met to-day, and decided to hold a convention on Saturday next at Newmarket. The convention will be called to order at 4.30 p.m., and an effort will be made to finally decide on a candidate who will endeavor to repeat the successes of the retiring member, Sir William Mulock. While there will be a number of local men proposed, it is considered likely that the nomination will finally go to Hon. A. B. Aylesworth, so far as can be learned. Sir William is taking so active interest in the contest that he will reserve his appearance at Newmarket and Aurora to-morrow afternoon and evening for Saturday's proceedings. Mr. Aylesworth will not be present at these demonstrations, but will reserve his appearance in North York until such time as he may receive "a call" from the factional take-up the candidates in their behalf.

Among the local men who would be looked upon as strong and who might be entitled to some consideration, are: H. S. Cane of Newmarket, mayor of the town, and head of the Flour and Feed factories establishment here; W. B. Sanders, merchant, of Stouffville; H. Peury, head of the Flury Agricultural Works, of Aurora; County Councillor Jos. Rogers of King, a young man, but very popular; County Councillor Ezra Windley of Newmarket; and Fred Underhill of Underhill & Sisman, shoe manufacturers, Aurora.

TIME NOT YET RIPE.

Sir Fred Pollock's Verdict After Touring Canada.

Montreal, Oct. 24.—(Special).—I need not tell you that we have learned something in the course of our journey from the Atlantic to the Pacific," said Sir Frederick Pollock this afternoon to a large gathering of the members of the board of trade.
"And one of the things which we have learned is that for various political reasons, which I need not now discuss, the time is not ripe for the formation of any new body to be styled an imperial council, or to have any definite official character."
These were the words in which he summed up the results of the tour which he has just completed in Canada, with a view to ascertaining Canadian opinion on the proposal to form an imperial council of the empire.

CITY EMPLOYEES FOR HEARST.

His Candidature for Majority Endorsed at Representative Meeting.

New York, Oct. 24.—A meeting of city employees, at which the candidacy of Wm. R. Hearst for mayor was endorsed recently, was made public by Police Commissioner McAdoo to-day, who said:
"I have knowledge that at a meeting, at which, not only the police department, but the fire department, the street cleaning department and the employees of other city departments were represented, resolutions endorsing Mr. Hearst were adopted."

Hogue and His Veracity Withstands Mr. Johnston's Cross-Fire Holds Fast to His Story

Crown Attorney Says He Made a Good Witness—Some Merry Repartee—Ald. Chisholm Tells of Mysterious Phone Message—An Interesting Session.

A summing up of the points in the evidence given at the inquest stood by Mr. Hogue yesterday would seem to indicate that there was a lack of sensational features, and that in spite of the fact that Hugh Hogue, the man who tells a story of rather elaborate detail, was on the stand for two hours, with E. P. B. Johnston, C. C. Peck, and other witnesses, and a number of questions from every quarter and angle, Mr. Johnston's skill as a wrecker of the testimony of witnesses is something well known, and was in evidence, as usual, but the story as stated by Hogue on Monday stood by the stand testily and well. In fact, it was not distorted by any single essential detail. The other witnesses during the morning was Detective John Hodgins, who told of the conversation overheard and interrupted by Hogue. He said the closest nothing, however, beyond what his affidavits set forth. The afternoon stand testified to begin at 3 p.m., and to await the arrival of Judge Winchester, who was attending a protracted meeting in his native town of Sault Ste. Marie, and did not arrive until about 4.15 p.m. However, the interested public suffered little chafing in numbers thru the long wait. The witnesses examined in the afternoon were Henry Martin, Robert Newell and Ald. Chisholm. The evidence given by the latter was discounted in its interest thru its having been brought up previously by Mr. Johnston in his examination of Elliott. It related to the arcade restaurant incident, where Elliott was testified to have had a conversation about having all the aldermen "fixed," but one, Mr. Martin, who did not seem anxious to draw him out, Robert Newell, an opponent of the abolition of private grounds, and a member of the North-West Ratepayers' Association, was called upon to bear the brunt of criticism and questions from the audience. Mr. Johnston's cross-examination of Mr. Hogue was practically done with Mr. Drayton considers that Hogue made a very good witness.

FOUL PLAY SUSPECTED.

Montreal, Oct. 24.—The body of a man, believed to be T. L. Bryant of 31 Algiers-ave., was found floating in the water near the foot of the bridge over the St. Lawrence river, having apparently been in the water only a few hours.
There are indications that the man may have been the victim of foul play.

HOQUE AND HIS FRIENDS.

The cross-examination of Hogue by Mr. Johnston was a treat to the crowded court room. Hogue was first led into the admission that he did not know the man who was the subject of the investigation, and into an expression of doubt as to the extent of Elliott's veracity.
"Would you believe him on oath?" asked the lawyer.
"Some things I would believe and some things I would not," was the reply. He didn't believe him on oath in this case except concerning the "phone message."
"You came to me yesterday after court hours and asked me to be friendly with you in the box to-day," asked Mr. Johnston, but Hogue denied it.

EXTRA PROTECTION.

The Holmes Electric Protection Company differs from any other method of guarding by electricity; individual wires to every bank store and warehouse. In fact, they cover the business district, and are constantly adding to their already large number of subscribers. The system has been so thoroughly tested and improved during recent years as to merit the hearty endorsement of the bankers and merchants of this city.

INGERSOLL IS IN TORONTO NEARLY ALL COUNCIL HERE

Meet Provincial Board of Health Over Water Supply—Their Troubles Over Light.

Taking it by representation, nearly the whole town of Ingersoll is in Toronto Mayor James Boies. Ald. Dr. J. B. Coleridge, Ald. J. H. George, V. S., Medical Health Officer Dr. Neff and Town solicitor Thomas Walls are at the Walker House. Ald. Johnson is visiting friends in the city. Ald. Mills ex-mayor, is with Mrs. Mills at the Palmer. The Ingersoll deputation came in on the late train last night and nearly all of them said to The World that it was the water question that brought them here.
The town has a sort of dead lock in council regarding lighting. They got tenders from the Gas Co. and one of the Electric Light Co., and voted a portion to each, but the mayor refused to ratify the vote of council by his signature, after another electric light contract to much better advantage was submitted.

PROSPECTORS ALL-TREATED 30 MINING MEN ARGUE

Representative Meeting Calls for Abolition of Inspector of Claims—Want a Smelter.

Sault Ste. Marie, Oct. 24.—(Special).—A meeting of mining men was held here this evening in response to a call from the Ontario department of lands and mines, asking for an expression of public opinion in anticipation of a proposed change in the mining regulations.
A number of resolutions advising changes were adopted, and the establishment of a smelter for the treatment of cobalt silver and other ores was recommended to the government.

BARNETT LAWRENCE IS DEAD AFTER FEW HOURS' ILLNESS

Sudden Passing of One of the Best Known Members of the Jewish Community.

Surprise and regret will be felt in the announcement of the death of Barnett Lawrence yesterday afternoon at his home, 561 Sherbourne-street, after an illness of but a few hours. The deceased was well known, and was formerly of the Dominion Optical Co. He was much respected for his business integrity and for his benevolence. Many will recall the great zeal he displayed last winter on behalf of the Russian refugees, for whose relief he was instrumental in raising a large sum. He will be sadly missed in the Jewish community.

He is survived by a widow and one son, Frank, of Toronto, and two daughters, Mrs. David Goldberg of Toronto and Mrs. Laura Miller of New York. He was a brother of Dr. Lawrence of this city, and has several brothers in England, and arrangements are in abeyance, awaiting the arrival of Frank Lawrence from Winnipeg. His demise was quite unexpected. He took his last breath at midnight. The late Mr. Lawrence was born in

Exmouth, Devonshire, England, of old English Jewish family, and paid his first visit to Canada in 1861, settling here permanently in 1883. One of the first Jews in England to hold a commission in her late majesty's service, he was an officer in the Tower Militia Volunteer Rifles. He was a member of the Royal Geographical Society of England, and for many years was consul in Canada for Venezuela, and was decorated by the president of that republic. The St. George's Society numbered him among its members. He was honorary president of the Holy Blossom Synagogue, recently constituted. In the Holy Blossom he was a trustee, and past president, and was president of the Jewish Benevolent Society. In politics he was a Conservative, and a member of the Albany Club.

SARNIA TO LONDON BY TROLLEY.

Probable Application for Charter at Next Legislature.

Sarnia, Oct. 24.—Talk of an electric railway line from Sarnia to London has been renewed. Captain James Widdowson, London and Sarnia have been approached and the merits of the proposed road are being carefully considered. It is probable that a company will soon be formed and a charter applied for at the next session of the Ontario legislature. The route has not been definitely decided, but will probably parallel the northern division of the Grand Trunk into London by way of Forest and Forkhill.

London advices predict a substantial advance in the price of sealskins. With this in view, it would be advisable to make all arrangements now at prevailing low prices for sealskin garments. Nowhere else on this continent is there such an elaborate display of seal-skins, made up by experts from the highest grade of London-dyed skins, as at Dime's, Yonge and Temperance-streets. These are expensive ladies' coats, in all lengths, and are the proper idea for people who can afford to wear them. There are no better anywhere in the world.

THE WHEAT MARKET.

The tendency of wheat prices for more than a month has been towards a firmer price. Sentiment over the large crops on the continent had strong influence in encouraging free early marketings of the grain and dealers took full advantage of the opportunity.

A contemporary suggests that it would pay to breed horses for show purposes only. The wheat points out that there are upwards of 40 shows held in the United States annually at which prizes ranging in amount from \$500 to \$40,000 are given.

Several years have passed since the first cattle in the United States were partly or wholly of speltz reached the Chicago market. This winter a larger number of cattle will be fed in North Dakota, Minnesota and upper Wisconsin.

Month has succeeded month with satisfactory results to the feeder of hogs and the month is closing with "selects" bringing \$5.75 per 100 lbs. Towards the end of the month the quality of the hogs upon the Toronto markets was better than heretofore.

LOCAL HORSE MARKET SUPPLY EXCEEDS DEMAND

Business is comparatively good, but there is a rush to sell which weakens prices. A contemporary suggests that it would pay to breed horses for show purposes only.

THE EMERGO ANTI-EMBARGO

The last issue of the Farmers' Advocate speaks thus of this question: The British Board of Agriculture, and the comments of leading British agricultural journals like the Scottish Farmer and the Live Stock Journal, ought to make it tolerably clear to the politicians and political writers in Canada, as compared with other countries.

GOOD BUTCHERS SELL WELL—HOGS, SHEEP AND LAMBS PRICES UNCHANGED

One of the heaviest consignments of live stock that have been entered at the city market for a long time was that received between Friday last and Monday night and offered for sale at yesterday's market. By 11 A. M. the receipts were 13 loads, comprising 1385 cattle, 651 hogs, 1003 sheep and lambs, 50 calves and 20 pigs.

Several years have passed since the first cattle in the United States were partly or wholly of speltz reached the Chicago market. This winter a larger number of cattle will be fed in North Dakota, Minnesota and upper Wisconsin.

IS SAID THAT SHE IS A MAN AFTER 34 YEARS IN DRESSES

Remarkable Story from Brooklyn—Brought Up as a Girl and Never Doubted Sex.

New York, Oct. 24.—After living thirty-four years as girl and woman, May Best, who resides in an exclusive district in Brooklyn, has been told that she is a man. The case has amazed medical experts and has caused keen mental suffering to her patient.

It was not until recently when obliged to go under the care of a physician at the French Benevolent Hospital, No. 450 West Thirty-fourth-street, that "Miss" Best learned the truth, was told positively that her life so far had been a mistake; that she was a man. It needed the testimony of several well-known medical men to convince the patient, who is now said to be physically ill, as the result of the mental shock.

The revelation is one of the strangest medical cases in the city recall. During the thirty-four years of "Miss" Best's life as a woman, the many little masculine traits which she strove to suppress were not accepted by her as even a shadow of a warning of the revelation that she was a man.

As "Miss" Best, she had been born and reared in a Virginia family. As a child she played with her dolls as did the little girls in the neighborhood. She used to watch the boys playing ball and a strong desire would overcome her to get out and roam with them, but her parents told her that little girls did not do such things, but stayed at home and made dolls' clothes.

When she grew up she was sent to a boarding school for girls and completed her education there. The jointed girls' clubs, and with them devoted her time to the fads and fancies of dress. With them she talked of sweethearts and of the ideal man she hoped to meet some day and become his wife.

She had a desire to go out into the world and see the world, but her parents would not let her. She was restrained and told it was beneath her dignity as a woman to be so constrained.

Mr. Best as he should now be called, will move to another city, wear men's clothes, shave regularly instead of at irregular times as in the past, when a sprouting beard, shamed the woman he thought himself to be, discard the veil that he had to wear to hide his increasingly masculine features, and be a man.

He thinks there is a share in the world's work for a good man with a good woman's mind and way of looking at the problems of existence.

SERGEANT REBURN RETIRED AFTER 31 YEARS' SERVICE

Inspector Johnston is Also Marked Off—Detectives Cuddy and Duncan Receive Promotion.

After 31 years' service on the Toronto police force, Sergeant of Detectives Reburn left his office last night for the last time as an active member of the force. He will draw his salary until Jan. 1, 1906.

Mr. Reburn was promoted to the rank of sergeant in 1887. His retiring pension will be \$500 per annum from the police benefit fund. He will be succeeded by Detective Duncan. Detective Cuddy was appointed a divisional inspector in uniform, by the

police commissioner to fill the vacancy left by the retirement of Inspector Johnston. Inspector Johnston was chief of the old Yorkville police force of the city in 1883. He was made inspector of No. 2 division the following year. His salary will also be paid to Jan. 1.

Further changes are being contemplated by the commissioner, and Lavery has also retired from the force.

Arrested for Theft. While P. C. Nelson was patrolling Brant-street last night Joe McGrogan, a driver for W. J. Mackenzie, pointed out to him James Williams, 27 Lombard-street. McGrogan informed the officer that Williams had stolen a \$2 package from his wagon Saturday night, and that he had sworn out a warrant for him. Nelson locked up Williams on No. 1 station.
