NINETEENTH YEAR

BRITAIN'S GOOD WILL NECESSARY

To the Possession of the Philippines by the United States—The German Emperor's Visit to Spain—Crate Offered to Russia by the Sultan—A Lot of Cable News of Interest, But Nothing Heavy or Startling.

London, Nov. 12.—Lord Salisbury's speech to the Guildhall banquet still reverberates through the European press. The Times says editorially this morning: "We are gratified that the American press has not indulged in the mischievous task of reading into Lord Salisbury's utterances something disparaging to the United States. If the United States desire to establish itself securely in the Philippines it must be with British good-will, since it is clear enough that they will not meet with much friendliness from the other nations of the world."

The Daily Chronicle says: "Emperor William's visit to Spain is probably connected with Germany's ambition to secure the Carolines, seeing that she cannot get a coaling station in the Philippines, but there is not the remotest chance of war over the matter. The fact that the British lion and the American eagle will be on the same side is the best guarantee of peace."

The Standard, which expresses some suspicion as to the Kaiser's intentions, says: "Possibly Spain is not enough to try to renew the war, but European peace will not be further disturbed."

The Kaiser's Visit to Spain.
Berlin, Nov. 11.—The Foreign Office disposes of the various deductions drawn from the Emperor's proposed call at the port of Cadix, by saying that His Majesty will not land, but will remain on board the Imperial yacht Hohenzollern, and thus be on German soil.

Cairo, Nov. 11.—Major Marchand, commander of the French expedition now at Fashoda, and Captain Barthelemy, who carried Marchand's report to Paris, and brought him the reply of the French Government, have postponed their departure for Fashoda.

It seems that there is some hitch regarding the route he is to take. It is understood that he has received an intimation that he will get no assistance from the British unless he agrees to evacuate all Egyptian territory. He hesitates, therefore, to adopt the river route.

It is rumored that his instructions are to establish fresh posts in the Bahri-el-Ghazal basin.

The Kaiser's Movements.
Beyrut, Syria, Nov. 11.—Emperor William and Empress Augusta Victoria returned to Beyrut this evening and went on board the German yacht Hohenzollern, which will sail at dawn tomorrow, escorted by the German warships Helg and Hertha.

Spanish Authority Surprised.
Madrid, Nov. 11.—Duke Almodovar de Rio, Minister of Foreign Affairs, received a telegram this evening, announcing that Emperor William would arrive at Oporto on Nov. 19. The authorities were apparently greatly surprised when they heard of the visit, and it is probable that they had had no previous notice of it.

The whole Spanish press cherishes the hope that Germany will initiate some sort of European intervention. Official circles pretend to be amazed that such an idea should take hold of the public and they loudly declare that the Kaiser's visit will have no official character.

It is understood that as a matter of courtesy the Queen Regent will send an autograph letter, inviting the Emperor and Empress to visit Madrid. In the unlikely event of acceptance, their German Imperial Majesties would naturally be shown special attentions.

WILL MAINTAIN SOVEREIGNTY.
Spain's Resolve as to the Philippine Islands, According to the Spanish Press.
Madrid, Nov. 11.—The Herald this morning asserts that the Spanish Government has resolved to maintain Spanish sovereignty in the Philippine Islands, and it adds that it has been suggested that Emperor William of Germany, who is expected to visit Cadix and Madrid shortly, on his way back to Germany from the Holy Land, be asked to arbitrate the question in dispute between Spain and the United States in the event of the Peace Commissioners of the representative countries, now in session at Paris, failing to come to an agreement upon the terms of the proposed treaty of peace.

The Queen Regent presided at the Cabinet Council held today. Premier Sagasta read a letter from Senator Montero Rios, President of the Spanish Peace Commission, announcing that the American Commission had refused to recognize the Cuban debt and had exacted the Philippine Islands. The Cabinet Council will meet again this evening and decide upon a reply.

Admiral Camara's squadron has been ordered to Cadix at full speed, in view of the approaching visit of Emperor William of Germany to that port.

The Spanish steamer Miguel Mallari, which left Nuevitas, Cuba, about Oct. 24, has arrived at Barcelona with reported Spanish troops on board. During the trip across the Atlantic 23 men died, and on arrival here 100 men were seriously ill, suffering from exhaustion and lack of food.

THIRTEEN MURDERERS HANGED.
The Assassins of American Missionaries in Sierra Leone District Brought to Book.
London, Nov. 11.—The mails from Sierra Leone, West Africa, of 13 bringing news of the hanging at Kwele, of 13 murderers of American missionaries, members of the United Brotherhood of Christ, in the Sher-

OUR RUSSIAN SPECIAL.

The New Homestead Company Will Resume Work To-day—Mining.

Roseland, B.C., Nov. 11.—(Special.)—The New Homestead Company begins work to-day. Three shifts will be employed slaking in the shaft. The mining men who are interested in the South Belt are very much encouraged by the resumption of work on the Homestead, and Lily May, which is also working.

At the 100-foot level the Victory-Triumph ledge is eight feet wide in quartz, carrying pay values in gold and copper.

A. R. M.

NEGROES AGAIN CAUSE TROUBLE.

Colored Non-Union Miners Practice Shooting at White Miners at Pansy, Ill.

Pansy, Ill., Nov. 11.—The imported negro non-union miners here are becoming restless, and the union white miners are growing restive. Troop B of Bloomington remains on duty here, but almost nightly in the "Flat Hill" district the negro residents practice shooting at any white man that passes. The negroes have been heavily armed by the mine operators.

The night the residences of several white miners were shot into by Winchester's in the hands of the colored men. A white widow's cottage was burned repeatedly by bullets, several charges barely missing her three children. The militia say they cannot apprehend the culprits.

Capt. T. P. Butler, in command, is apparently acting entirely under orders of Sheriff Coburn and not following the instructions of Governor Tanner, given before election. Capt. Butler, when asked to disarm the negroes, said it was useless for the sheriff would arm them again. It is reported that a large contingent of outside union white miners will soon arrive in Pansy. A consignment of 50 rifles was received here to-day by white citizens, who intend protecting their property and families, claiming no protection is given them by the sheriff or troops.

Kitchener Visits Salisbury.

London, Nov. 11.—The Cabinet held a meeting of two hours yesterday afternoon. General Kitchener paid a visit to the Foreign Office afterward and subsequently to the question of Spanish sovereignty over the Philippine Islands, which is asserted to be entirely outside of the protocol, and it is added, the Commissioners are therefore not authorized to discuss it. It is further asserted that the Spanish Government will declare that it has not been authorized by the Cortes to negotiate the cession of the Philippine Islands.

The Liberal advises the Spanish Peace Commissioners to leave Paris after lodging a protest against the demands of the Americans. The Spanish newspapers are angry at the Marquis of Salisbury, whose speech at the Guild Hall banquet on Wednesday night they declare to have been "merely a glorification of brute strength and a denial of the rights of the weak."

Men's Winter Styles at Dineen's.
Winter felts and derbys, full crowns, square crowns, high and low—and Winter felts in a dozen different soft Fedora shapes—all new arrivals, \$2.50 and \$3 at Dineen's. Open till 10 to-night.

TO CURE A COLD IN ONE DAY.
Take Laxative Broom Quinine Tablets. All druggists send the money if it fails to cure. 25 cents.

THE SCOTSMAN REPORTED.

Lord Minto, the New Governor-General, is Now Within the Confinement of Canada.

Father Point, Nov. 11.—The steamship Scotsmen was reported here at midnight. Lord Minto, the new Governor-General of Canada, is on board.

The Departing Governor.
Quebec, Nov. 11.—Their Excellencies the Earl and Countess of Aberdeen arrived here by the 2:15 train on the C.P.R., which had been delayed by the snowstorm, and did not arrive till 2:55.

They were met at the station and escorted to the Otard. The band of the 5th Royal Rifles was in attendance, and the escort consisted of a detachment from the Field Battery, while the Garrison Company of the R.C.A. furnished a guard of honor of 85 men. A large crowd was in attendance to welcome their Excellencies to Quebec.

The president of the farewell address of the citizens of Quebec to their Excellencies took place at 9 o'clock to-night in the Council Chamber of the City Hall. The Council Chamber was decorated with bunting, etc., and the inscriptions on the side walls were respectively, "God Save the Queen," "Long Live the Aberdeens."

John H. Young, chartered accountant, specialist in the formation, incorporation and accounts of joint stock companies, Offices 90 Yonge Street Phone 1237.

Hooley's Estates Sold.
London, Nov. 11.—The estates of Ernest T. Hooley, the bankrupt speculator and promoter, were sold at auction yesterday. The Whitby property was sold for \$38,000 to the Christopher Farrance, the ship owner and shipbuilder of West Hartlepool. Hooley's Essex estate brought \$29,000.

The Saturday Hat Trade at Dineen's.
You can see how business is done at Dineen's, with the hats at \$1.50 and \$2—diner hats at \$2.50 and \$3—still finer hats at \$4, \$5 and \$6—and always the best styles and qualities for the money—at Dineen's. Open till 10 to-night.

Did you ever try the top Barrel?
The Confederation Life Association. The Confederation Life Association publishes an interesting set of pamphlets giving full particulars of its different plans of insurance and will be pleased to send them on application to the head office, Toronto, or to any of the association's agents.

The Unconditional Accumulative Policy.

and experts, Bank Commerce Building, Toronto.

LOCKIE'S SUDDEN DEATH.

Visited Toronto Yesterday Afternoon and Went Home on the Late Train to Die.

Waterloo, Ont., Nov. 11.—Mr. James Lockie died suddenly to-night. The cause of his death is supposed to have been pneumonia. The deceased gentleman was 68 years of age. He was a visitor to Toronto to-day, returning home on the late train. He attended the regular meeting of the Berlin-Waterloo Hospital Board this morning, and while on his way home he complained of feeling unwell. Shortly after he had been conveyed home in a rig. On reaching the house he was able to walk up and lay down on a sofa, expiring a few minutes afterwards.

Mr. Lockie was highly esteemed and widely known. For many years he ably filled the position of inspector for the Mercantile Fire Insurance Co. of this town, and later on became its secretary. When James Lockie was about 30 years of age he was married to a daughter of the late Mr. Lockie, who was a prominent member of the Berlin-Waterloo Hospital Board. The funeral will take place Monday afternoon.

The late Fanny Davenport, on the occasion of her visit to Toronto, was accused of having sent her work to this office. At the time of her last visit she wrote from the Queen's Hotel: "Accept my thanks for the very satisfactory manner in which you executed my work entrusted to your firm." H. Parker & Co., Dryers and Cleaners, 741-743 York St., Toronto. Phones—3601, 3610, 3612, 3604, 3605.

THEY COVERED THEIR TRACKS

How the Ottawa Government Disguised the Mismanagement of Yukon Affairs—Original Report of Major Walsh "Garbled" by Cabinet Members—A Cook-and-Bull Story—Woman Hanged Herself—Montreal News.

Montreal, Que., Nov. 11.—(Special.)—The following case will show how carefully the Ottawa Government cover up their tracks in connection with the mismanagement of affairs in the Yukon. The facts given below are absolutely correct and will not be denied by the head of the Department of the Interior. It will be remembered that when Major Walsh's report was published the other day the press generally commented upon the ex-commissioner's silence regarding the mining regulations put into force by the Government of the day.

Murder, however, will out, for it now transpires that when the Major's report was first prepared it contained a more or less severe condemnation of the regulations in question. This part of the report, however, was of a very unsatisfactory nature to the members of that Cabinet whose Yukon policy had been so roundly denounced, and steps were immediately taken to modify or "garble" the original report.

It would never do to show to the country that they were condemned out of the mouth of their own commissioner, hence the changed report, which saw the light of day, and which is quite different from the one first submitted by Major Walsh.

Miquelon Island Fortifications.
The people are splitting their sides over the cock and bull story wired here from Toronto regarding big forts and garrisons at St. Pierre, Miquelon. A Montreal gentleman, who spent a winter on the Miquelon Islands, disbelieves the report regarding fortifications there. When he was at Miquelon the only fortifications there were a few guns mounted on a very high rock, so placed as to command the sea on both sides.

While the island could be well fortified, it was not so when he was there. For effective service the guns were mounted too high, and would not hinder an enemy from obtaining a foothold on the island itself.

Suits Against The Herald.
Chief of Police Hughes has asked for a warrant, charging Mr. Briery of The Herald with criminal libel, the article in question appearing in last evening's edition. Mr. La Forest of the Water Department has also entered civil suits against the same paper. Some time ago, when The Herald started a campaign against Mayor Prefontaine, his Worship's friends blamed Hon. G. W. Stephens for instigating these attacks, but they now declare that Hon. Sidney Fisher is the man.

Notes.
This morning the Court of Revision annulled the election of Mr. Blanchard, Liberal M. L. A. for Vercheres, but the personal charges were dismissed, as unproved. The Governor-General and Lady Aberdeen left this morning for Quebec.

ROMANCE OF A LONDONER.

Goes to New York to Marry and is Captured by Fakirs.

Offered "Green Goods" at Ten Cents on the Dollar, But Wanted to Try Before He'd Buy—Causes a Big Racket and Both Land in Jail—The Mysterious A. 53—How Dan Lewis Was Trapped.

New York, Nov. 11.—(Special.)—In London, Ont., things are a trifle provincial. Last summer a green goods man wandered into London. He said: "This is easy. While there he met Daniel Lewis and stayed up Daniel as a man who ought to be married and also as one who ought to have several thousand dollars of 'McNally' money to go housekeeping on."

The green goods man was taking his vacation when he saw Daniel and decided that the Canadian should be made aware of the easy way to make a fortune. When he returned to the city he "sicked" a matrimonial agency onto Daniel.

The agency sent a circular and the picture of a girl "worth money" who had heard of Daniel and wanted to be his bride. "That's left him to him another letter, with a photograph of a handsome widow with money. Then the green goods man sent to Daniel a letter offering \$4000 in "Treasury notes, made from a stolen plate," for \$300 cash.

With two women of means waiting to wed him, and a man waiting to sell money to him for less than 10 cents on the dollar, Daniel fell. He winked mysteriously at his friends in Canada, and became a triple "come on."

Arrived in New York.
On last Thursday Daniel arrived in this city, and was met at the station by a man who knew him at once. Daniel was taken to the Putnam House, and remained there until yesterday.

Business was looking at the "Turning Joint," and Daniel, after all was so "easy" that he could not wait for plotting. When his "friend" left him at the hotel Daniel was told to remember that a man would say "A 53" to him.

"A 53" called on Daniel to-day, and said he was Willis Parker. He took Daniel into the bar, displayed a roll of sample \$10 bills, and passed one on the unsuspecting beginner, and one on the man who runs the cigar stand.

"It's too easy," said Parker, as he took Daniel into the lions' den, the same being a bar-room in Lexington-avenue, near Twenty-sixth-street. There Parker asked how much of the stuff he wanted.

Daniel said he would try \$34, and if it went all right he would take more.

Who Made Him Wise?
"Who made you wise?" asked Parker. "That's wise enough, not to buy a whole lot of money till I see if I can pass \$34 worth of it," said the "come-on," and the pair got to talking each other names.

"The idea of your wasting a business man's time for \$34," shouted Parker, as the pair went out on the sidewalk. Then they quarrelled until a policeman came around the corner. In answer to the policeman's request for an explanation, the Canuck stranger, Mr. Constable, I came down here to get married. A girl down here sent me her photograph and this man here wants me to buy some of his counterfeit money. Now I am willing to take \$34 on trial, but I'll be doggone if I am going to buy \$340 in a lump.

WHY KNOW BETTER NEXT TIME.
The policeman arrested both. In the Yorkville Court Parker, whose alias is Hoff-

NOW FOR HOCKEY SEASON

Energetic Argonauts Will Enter a Team in the O. H. A.

Numerous New Clubs to Compete for Honors—No Likelihood of a Bankers League—Welland Will Build a New Covered Rink—Other Hockey News.

Now that the Rugby season is almost over, and Jack Frost has made his first appearance, we are at the stage to get the hockey togs ready, and have the skates sharpened up for the approaching sport on the ice. Toronto always was and is yet a good hockey centre, there being more hockey played here than any place in Ontario.

Last season there was lots of it, no less than four leagues running, namely, the O.H.A., the Toronto City League, the Toronto Lacrosse Hockey League, and lastly, the Bank Hockey League. It is likely that only three of these will be in existence this season, as there is strong talk of the Bankers League going out of business. This organization was not so successful last year as formerly, and the interest was not so keen, nor were the games or the patronage so good.

There is a rumor afloat that the energetic Argonauts will place a seven on the ice, taking in all the best players in the city, and would be found a first-class team, and this would give Toronto a more certain footing in the Eastern Hockey Association, but the number of teams in the city to build then into stronger bodies. Everyone knows that one or two good players in each team will not win a championship. There is even talk of having only one senior team in Toronto to be called the Argonauts. This would take in a number of last season's Osgoode Hall and the best players, and from these seven could be chosen that might beat the big Montreal or Winnipeg aggregations.

However, whether there be one or a dozen teams in Toronto, the prospects for hockey this season are of the brightest, and a successful O.H.A. season is to be looked for.

There will be a large increase in the number of clubs entered in the O.H.A., as all the smaller towns have picked up the game. When Secretary Benton was seen yesterday, he said he could not tell how many new clubs intended joining the association, but there would, he thought, be a large number. For instance, Welland, a place where hockey has been practically unknown, has taken it up, and intends building a rink for that purpose, and will enter the O.H.A. clubs in the city are also expected to be called the Argonauts. The outside clubs that played in the intercollegiate series last year will all place teams in the race, while it is likely that Hamilton and Berlin will enter the senior ranks.

The work done by the O.H.A. Executive last winter is commendable, especially in seeing out professionalism, a bad factor that has tainted almost all other sports. Besides, they showed good judgment in the annual meeting of the association will be held at the Queen's Hotel, on Monday, Dec. 8, and between now and then it will keep the clubs busy getting into line.

A well-known bank player stated that there would be no championship bank games this season. This would benefit the O.H.A., as bank players were not allowed to play in both.

The Game in Parkdale.
The Parkdale Hockey Club held its first meeting of the season on Thursday evening, Nov. 10, at the club rooms of the Collegiate Athletic Association, 107, 109, 111, 113, 115, 117, 119, 121, 123, 125, 127, 129, 131, 133, 135, 137, 139, 141, 143, 145, 147, 149, 151, 153, 155, 157, 159, 161, 163, 165, 167, 169, 171, 173, 175, 177, 179, 181, 183, 185, 187, 189, 191, 193, 195, 197, 199, 201, 203, 205, 207, 209, 211, 213, 215, 217, 219, 221, 223, 225, 227, 229, 231, 233, 235, 237, 239, 241, 243, 245, 247, 249, 251, 253, 255, 257, 259, 261, 263, 265, 267, 269, 271, 273, 275, 277, 279, 281, 283, 285, 287, 289, 291, 293, 295, 297, 299, 301, 303, 305, 307, 309, 311, 313, 315, 317, 319, 321, 323, 325, 327, 329, 331, 333, 335, 337, 339, 341, 343, 345, 347, 349, 351, 353, 355, 357, 359, 361, 363, 365, 367, 369, 371, 373, 375, 377, 379, 381, 383, 385, 387, 389, 391, 393, 395, 397, 399, 401, 403, 405, 407, 409, 411, 413, 415, 417, 419, 421, 423, 425, 427, 429, 431, 433, 435, 437, 439, 441, 443, 445, 447, 449, 451, 453, 455, 457, 459, 461, 463, 465, 467, 469, 471, 473, 475, 477, 479, 481, 483, 485, 487, 489, 491, 493, 495, 497, 499, 501, 503, 505, 507, 509, 511, 513, 515, 517, 519, 521, 523, 525, 527, 529, 531, 533, 535, 537, 539, 541, 543, 545, 547, 549, 551, 553, 555, 557, 559, 561, 563, 565, 567, 569, 571, 573, 575, 577, 579, 581, 583, 585, 587, 589, 591, 593, 595, 597, 599, 601, 603, 605, 607, 609, 611, 613, 615, 617, 619, 621, 623, 625, 627, 629, 631, 633, 635, 637, 639, 641, 643, 645, 647, 649, 651, 653, 655, 657, 659, 661, 663, 665, 667, 669, 671, 673, 675, 677, 679, 681, 683, 685, 687, 689, 691, 693, 695, 697, 699, 701, 703, 705, 707, 709, 711, 713, 715, 717, 719, 721, 723, 725, 727, 729, 731, 733, 735, 737, 739, 741, 743, 745, 747, 749, 751, 753, 755, 757, 759, 761, 763, 765, Elegant White Ospreys, special at 38c bunch.
Walking Hats, Trimmed, special 25c and 50c, and
Grand Saturday array of Trimmed Hats and Bonnets that is not equalled in Canada.
Come with the Crows.

McKENDRY & CO., 218 Yonge Street, Cor. Albert.

REFORM, NOT MONEY MAKING.

Continued From Page 1.

to "organized charities," which was freely admitted by the professor.

However, a lady in black endorsed the professor's views.

Thanks.

A resolution of thanks was proposed to Dr. Crothers, P. Almy and Miss Moore of Buffalo for their self-sacrifice in the interest of science and humanity in attending the conference, and to the Minister of Education for granting the use of the building, which carried unanimously.

The following to the constitution:

Name.

This association shall be known as the Canadian Conference of Charities and Correction.

Object.

The aim of the Conference of Charities and Correction is to discuss the problems of charity and correction, to disseminate information and promote reform.

Membership.

All persons interested in charities and correction may become members by registering their names and paying an annual fee of \$1.

Officers.

The officers of the Conference shall be a president, three vice-presidents, a general secretary and assistant secretary, and a treasurer, all of whom shall be elected annually by the Conference.

Committees.

There shall be an Executive Committee, consisting of the officers and ten members to be elected annually by the Conference. At each Conference the president shall appoint a Committee on Resolutions, to which resolutions may be referred without debate.

Duties of Officers.

The president shall be chairman, ex-officio, of the Executive Committee, and shall supervise the preparatory work for the meeting of the Conference. The duties of other officers are of the usual nature.

Section Meetings.

The section meetings are designed for familiar discussion. No paper shall exceed 15 minutes in reading.

Debate.

In the debates of the Conference speakers shall be limited to five minutes each, except by unanimous consent, and shall not be allowed to speak twice on any one subject, unless all others have had an opportunity to be heard.

Amendments.

All additions and amendments to this constitution shall be submitted to the Executive Committee before being acted upon by the Conference.

Here are the Officers.

The following officers were elected: President, Judge McDonald of Brockville; first vice-president, Judge Woods of Chatham; second vice-president, J. J. Kelso, Toronto; third vice-president, Dr. Horstmann, London; general secretary, A. M. Rosebush, M. D.; assistant secretary, John Kenney, treasurer, J. Massie, Toronto; Executive Committee, J. Cameron, London; J. Armstrong, Owen Sound; Hon. Charles Drury, Barrie; J. J. Murphy, Toronto; Dr. Gilmour, Toronto; Mrs. W. H. Cummings, Toronto; E. H. Bronson, Ottawa; Mrs. Tilley, London; Mrs. Forsythe Grant, Mrs. Cox, Montreal.

Prisoners' Aid Association.

In the evening the final meeting took the form of the annual meeting of the Prisoners' Aid Association.

Hon. G. W. Allan, chairman, gave an address commending the work of the association to the favor of the public. It was a high philanthropic movement, with a spiritual motive. The society endeavored to help the prisoner after he had left prison. Staff Inspector Archibald also endorsed the movement and proposed the following officers:

Honorary president, Hon. S. H. Blake, Q.C.; president, E. A. Meredith, LL.D.; vice-presidents, Hon. G. W. Allan, J. T. Gilmour, M.D.; J. G. Hodgins, LL.D.; Robert Kilgour, James Massie, secretary; A. M. Rosebush, M.D.; treasurer, John Allen; superintendent S. S. Central Prison, Hamilton; Cassels, sup. S. S. Reformatory for Women, H. H. MacMath; sup. S. S. County Jail, Robert Hall; agent and treasurer, Philip Spencer; Bible woman, Mrs. L. Bismuth.

Hon. S. C. Biggs seconded the motion, and the meeting closed.

nominating officers. He regretted that Hon. S. H. Blake could not accept the presidency again, but, as honorary president, he would still be able to assist the movement of prison reform.

The Indeterminate Sentence.

Judge McDonald of Brockville moved a resolution favoring the adoption of an indeterminate sentence and the parole system for old offenders.

In the course of an address also, Judge McDonald detailed experiences with men and boys brought before him. As far as possible he sent either to prison only as a last resort.

In many cases a suspended sentence was sufficient and in most cases offenders so treated had never appeared before him again.

He spoke very strongly against the Kingston Reformatory, as an institution, although he knew cases where a reform had been effected.

By the indeterminate system, if a man was bound to become a criminal, the full course could be meted out to him. If, however, he was self-supporting, as little association as possible with jails was accorded him.

Reform vs. Money-Making.

Dr. Gilmour, before seconding the motion, wished to reply to the address of Dr. Crothers yesterday. He said it was stated that the prison systems of Alabama and Tennessee were self-supporting. This was a fallacy; these systems were a travesty on 19th century civilization. Registrar Massie had referred to his trip to the Georgia prisons, but had not told what he saw there. Elmira had no peer in prison equipment and prison work, taken as a criterion, it did not produce \$1 a year. The whole tendency of penology nowadays was towards the reformatory and prisons, and money making the incident. Down South money making was the object and reformation hardly even an incident.

Continuing, he said: "Does the public know that it pays in municipal taxes every year a quarter of a million dollars for the police and only one-half a million to educate the tens and tens of thousands of children in High and Public schools? The public will pay as long as it is apathetic on such a question as prison reform, and I see they are so apathetic that there are not more than two hundred here to-night."

The Parole System.

For the last two years he had been trying to secure the parole system and the indeterminate sentence in Ontario, the three effects of the parole system being a desire to adhere to the prison discipline, because the prisoner knew he was gaining his liberty. This impels him to do the best he can, and as the prison key is practically placed in his own hand, it remains with himself on which side he will turn the lock.

Critical Prisoners.

What we want most in this country is a convention of the judges and police magistrates of the province, there is nothing being done that is raising such a spirit of hostility to sociology as the vast difference sentences received by prisoners for the same offence, and which is discovered when the prisoners make notes after he has been in the Greek stage that no one is able to judge a crime, unless he can first weigh the temptation.

A Case in Point.

Dr. Gilmour cited the case of a boy, brought up in any number of instances, who stole food on two different occasions. He was tried on both charges and received a sentence of two years less one day. Nine days after a county constable, with a varnished nose for fees, discovered that he had stolen food on a third occasion. So he was tried and got two years more. "So, when he leaves the Central Prison," he said, "he goes to serve two years more, and then he goes—God only knows where; I do not. Judge Macdonald has told of his efforts to keep men and boys away from prison. A prison life is contaminating; the prisoner goes from one jail to another, receiving contamination, and God help the man who sends him. I would as soon be in the man's case as the boy's."

Sir Oliver Mowat had promised the parole system two years ago, but did not have time to carry it out, but he had received generous encouragement from Hon. David Mills, and he hoped to secure it in the next session of Parliament.

Some speakers, from the present-day platform exhibited a great lack of knowledge. It would be better for some of them to

visit the public institutions than come here to hear papers read. Mr. J. J. Kelso had shown them pictures in his admirable address on child saving; a visit to these institutions would furnish them with living pictures.

However, although the efforts of the association were extremely laudable, it all came back to the one great truth, "take care of the children." He estimated that the 1000 children furnished with foster homes last year had enriched the Central Prison twice. [Applause.]

At the conclusion of Dr. Gilmour's address the motion carried.

Proceeding the Provincial Secretary.

In moving that the Provincial Secretary be asked to hasten promised reforms, (a) to move the Boys' Reformatory from Penetanguishene, (b) a thorough reorganization of the Women's Reformatory, (c) that girls in the Girls' Refuge be removed from the contaminating influence of the Women's Reformatory, and (d) larger accommodation for weak-minded women, Mr. C. D. Massey stated that although the assistance of Hon. S. H. Blake had been invaluable, it was insignificant compared to the work of Mr. Rosebush, the importance of stopping truancy, he thought, could not be overestimated. English statistics showed that crime began with truancy.

Mr. James Nason, Inspector of Prisons, being asked to second the motion, stated that it was impossible to further hasten the reforms promised. This was the Provincial Secretary. He was pained to hear promises concerning the Penetanguishene Reformatory, as when a boy was proved incorrigible, he was removed from the reformatory, and sent to the reformatory, he thought, could not be overestimated. English statistics showed that crime began with truancy.

English statistics showed that crime began with truancy.

Mr. James Nason, Inspector of Prisons, being asked to second the motion, stated that it was impossible to further hasten the reforms promised. This was the Provincial Secretary. He was pained to hear promises concerning the Penetanguishene Reformatory, as when a boy was proved incorrigible, he was removed from the reformatory, and sent to the reformatory, he thought, could not be overestimated. English statistics showed that crime began with truancy.

visit the public institutions than come here to hear papers read. Mr. J. J. Kelso had shown them pictures in his admirable address on child saving; a visit to these institutions would furnish them with living pictures.

However, although the efforts of the association were extremely laudable, it all came back to the one great truth, "take care of the children."

A limited number in every class.

WHOLESALE MERCHANTS.

To the Trade

November 12th

Fortunately

we have not many lines to clear before our semi-annual stock-taking, December, but we have a few that we will clear before that date if reduction in price will do it. Call and see them.

John Macdonald & Co.

Wellington and Front Sts. East, TORONTO.

AT OSOODE HALL—MONDAY.

Non-Jury Sitings at 2 p.m.: Davies v. Brewster; Trustees Corporation of Ontario v. Stephenson; Hunter v. City of Toronto; Elshor v. White; Lamb v. Barnes; Ritchie v. Connolly.

Divisional Court at 11 a.m.: Re Smith and Duval; Leggett v. Richardson; Banks v. Ledyard; Berwick v. Robb; Toronto & R. R. v. Railway v. Township of York; Toronto Club v. Brown (two motions).

CHICAGO WHEAT UP AGAIN

After Opening Weak in sympathy With Liverpool.

Receipts Were Large, But Export Business Was Also Good—Increase in the Visible—Corn Weak Early and Stronger Late—Information About the World's Wheat Crops—Notes and Gossip.

Friday Evening, Nov. 11. Liverpool wheat futures closed 11.10 to-day, closing 1/4 to 3/4 cent below yesterday's final figure. The futures declined 1/4 to 1/2 cent, Antwerp advanced 80 centimes.

Liverpool futures opened lower on the low cables and large receipts. Later good export business was reported, shorts became liberal buyers, and the market firmed up, closing 1/4 above yesterday's final figure.

Liverpool wheat receipts the past three days, 200,000 cwt., all American. Corn same time, 74,000 cwt., all American.

Receipts of wheat at Liverpool and Duluth to-day, 134,000 cwt., against 821 the same day of 1932.

Crop reports of grain at Chicago to-day: Wheat 130, corn 108, oats 106. Estimated for Saturday: Wheat 350, corn 500, oats 250.

About 170 loads of wheat were reported taken for export at New York and outports to-day.

Total clearances to-day: Wheat and flour, 420,000 bushels; corn, 251,528 bushels; exports at New York to-day: Flour, 2550 barrels and 210 sacks; wheat, 150,528 bushels.

December wheat puts at Chicago, 65 1/2c; May corn puts, 35 1/2c; oats, 23 1/2c.

A Liverpool cable says: The standard for December will probably be No. 2 Chicago spring wheat, to replace Kansas hard as the regular grade.

A Chicago exporter of cattle says that shippers have had almost no business of late. He says that the series of losses this year. He says that he sees no chance for live cattle shippers to do much good with export cattle at present prices in Chicago. He thinks that the cost of beef abroad is too high for free consumption.

The exports of wheat from Oregon and Washington up to Nov. 1 were 4,100,000 bushels, shipments of flour to Asia, principally to Japan, continued. Total shipments for the season, 600,000 barrels, compared with 520,000 barrels during the same time in 1932.

California—Shipments of wheat to Nov. 1, 600,000 bushels; same time in 1932, 7,400,000 bushels. The inspection returns at Chicago recently show that a very small proportion of the receipts, either winter or spring wheat, is being graded No. 2. Out of 770 cars inspected between Monday and Wednesday, only 140 cars inspected above No. 3. A considerable portion of the arrivals is being received in damp condition.

Crop Reports. The United States Government crop report, issued last night, puts the average corn yield at 21.8 bushels per acre. Average quality corn, 82.7, against 88.3 the same time last year and 83.1 in 1932. The crop of 1933, 74, per cent, is still in farmers' hands.

The Michigan State crop report for November makes growing winter wheat area 8 per cent, greater than last season. The condition is the highest in eight years. The corn yield averages 55 bushels per acre.

The World's Wheat Crop. The Liverpool Corn Trade News, Nov. 1, has come to hand, from which the following items of information are obtained: The shipments of wheat to Europe from

all sources during the 13 weeks—Aug. 1 to Oct. 20—were 88,000,000 bushels, or a weekly average of 6,770,000 bushels. For the last five weeks of that period, the weekly average has been 7,000,000 bushels.

Note: The average weekly requirements, as per general estimates, are 7,000,000 bushels.

Russia—Latest reports of the autumn-sown crops are quite satisfactory. Grain is arriving more freely at Odessa. The Odessa correspondent writes that the position in South Russia is a curious one, as at the present moment there is practically no business done in Novorossiysk, where present prices for spot grain are considerably higher than at Odessa, the bulk of the grain being bought up in the interior for the eastern districts, where the famine prevails; but considerable quantities have now been bought for this purpose, that demand may soon cease.

Rumanian supplies—The wheat crop in the Danubian provinces is now estimated at 10 to 30 per cent, below average in quantity, but above average in quality. The exports by Black Sea ports have been curtailed by shipments to the Danube, and by a reduction in railway rates through Galicia into Germany. It is thought that considerable stocks will be carried over until next spring. Notwithstanding these drawbacks, the exports from the Danubian ports for the two preceding weeks have been 1,588,000 bushels, compared with the weekly average for 13 weeks, 800,000 bushels.

Bulgaria—The wheat crop was a very poor one—25 to 30 per cent, less than the inferior crop of 1932.

Turkey-in-Europe—It turns out now that the last harvest was overestimated, and that there will not be any surplus of wheat for export.

Germany—On the basis of recent official estimates of yield per acre, Berlin authorities work out the wheat and rye crops of this Empire as 10,000,000 quarters and 410,000 quarters, respectively. This estimate for wheat is 28,000,000 bushels above the preliminary estimate for September. It is also 8,000,000 bushels above the Prussian preliminary estimate for 1933, and 2,000,000 bushels above the final Government estimate for 1932. The estimate for rye is 28,000,000 bushels above the preliminary, and 7,000,000 bushels above the final Government estimate for 1932.

Note—With official estimates for both Russia and Germany showing very large increase in rye crops over last year, it is difficult to reconstruct these estimates with the fact that rye is dearer in all European markets than last year, while wheat is so much cheaper. Not can it be said that this is owing to scarcity of spot rye, because the quotation in Amsterdam for March delivery is equal to 25s 9d per quarter.

Australia—A Reuters' cable from Melbourne says that a splendid rainfall reported throughout Victoria, New South Wales, and South Australia. These four entire wheat crop of Australia, New Zealand being the only other important wheat-producer.

Argentina—The damage from frost was principally to linseed. Hamburg cables that wheat prospects are favorable.

India—Rain is still wanted in the Punjab. The present is the time for wheat in many of the earlier districts, but it can be done much later in the Punjab.

Great Britain—The supply for the United Kingdom for the 13 weeks—Aug. 1 to Oct. 20—from farmers' deliveries and foreign imports has been 4,000,000 quarters, or 100,000,000 bushels, less than the estimated requirements, and has been 4,000,000 quarters, or 100,000,000 bushels, less than the estimated requirements, and has been 4,000,000 quarters, or 100,000,000 bushels, less than the estimated requirements.

Stocks have been four and a half million bushels less than the estimated requirements, and has been 4,000,000 quarters, or 100,000,000 bushels, less than the estimated requirements, and has been 4,000,000 quarters, or 100,000,000 bushels, less than the estimated requirements.

Stocks have been four and a half million bushels less than the estimated requirements, and has been 4,000,000 quarters, or 100,000,000 bushels, less than the estimated requirements, and has been 4,000,000 quarters, or 100,000,000 bushels, less than the estimated requirements.

Stocks have been four and a half million bushels less than the estimated requirements, and has been 4,000,000 quarters, or 100,000,000 bushels, less than the estimated requirements, and has been 4,000,000 quarters, or 100,000,000 bushels, less than the estimated requirements.
