BOER LEADERS DRESSED TO SAVE SOME PROPERTY

Indirectly Approach the Government to Protest Against Appropriation of Farms.

London, Jan. 16.—A strong belief prevailed in financial circles here today, that negotiations for peace had been re-opened between the leading Boers and the British government.

Whether what is passing to-day between the Boers and the British government can be termed peace negotiations, or what will be their result, can only remain speculation for the present.

Lord Kitchener Authorized to Spend \$4,175,000 on Extension.

London, Jan. 16.—It is announced here that Lord Kitchener has been authorized to spend \$4,175,000 for the extension of railroads in South Africa.

WOMEN CLING TO THEM.

London, Jan. 16.—So far as unrestrained public enthusiasm was concerned, the opening of parliament was a spectacle not unlike that which occurred earlier in the day, when the Guards' reinforcements left their barracks on route to South Africa.

DANES INDIGNANT AT GERMANY.

London, Jan. 16.—It is a remarkable fact, says the Copenhagen correspondent of The Times, that the excessive expressions of German Anglophobia seem to be sweeping away the Danish sympathy for the Allies.

TWO CANADIANS ILL.

OTTAWA, Jan. 16.—Two more Canadians in the South African metropolis are reported to be ill. A despatch to the Governor-General from the Casualty Department, Cape Town, says: "Kenneth Morrison, a Canadian, ill of enteric fever, at Heidelberg, Jan. 10. His father is F. Morrison, 1011 St. George Street, Toronto. He is recovering."

WHY LAVAL WENT CONSERVATIVE

Montreal, Jan. 16.—It is almost a miracle that Laval was not defeated in St. James' division. The actions, intrigues and the open revolt which we have witnessed had so demoralized public opinion that we really cannot tell what saved us from disaster.

The above was not written by a dependent Conservative, but by no other than Hon. J. L. Tarte, in his paper, La Patrie.

Laval has gone Conservative by a majority of 16, against a Liberal majority of 319 two years ago. There can be no doubt about the serious change that has come over public opinion in this province.

Hon. Mr. Tarte's article, which reads like a funeral oration, continues as follows: "The result of the elections in Quebec is about what we had expected during the last three or four days. To be frank, let us say that we were prepared for something worse; in fact, we would not have been surprised had we seen a certain number of friends did everything that was possible to lead us to defeat, in Laval, and in the other divisions."

London, Jan. 16.—It is announced here that Lord Kitchener has been authorized to spend \$4,175,000 for the extension of railroads in South Africa.

IMPERIAL LIFE ASSURANCE COMPANY OF CANADA

The Annual Meeting of the Company was held at the Head Office in Toronto on Tuesday, January 14th, 1902. Among those present were: Hon. Sir Oliver Mowat, A. E. Ames, S. J. Moore, Chester D. Massey, H. N. Baird, Hon. S. C. Wood, E. R. Wood, E. T. Moore, C. McGill, F. G. Cox, J. O. McCarthy, Dr. J. L. Davidson, Dr. L. Lowry, T. Bradshaw, J. J. Kenny and others.

The President, Hon. Sir Oliver Mowat, took the chair, and Mr. T. Bradshaw, the secretary, was appointed to act as secretary. The following report was submitted:

REPORT OF DIRECTORS.

The directors have pleasure in presenting their report upon the operations of the year ended 31st December 1901, and are enabled to congratulate the members on the continued prosperity of the Company.

1. The New Life Insurance applications received were 2,324 for \$3,740,000. Deducting those declined and not completed, 613 for 776,600. The policies issued and revived were 1,711 for 2,975,500. Being, in point of numbers, in excess of all previous years, and exceeding in amount those for the year 1900. The resulting new annual premium income amounted to \$125,195.

2. The income from life assurance premiums and annuity considerations for the year ended 31st December 1901, based on 21 per cent, was \$335,170.15, and from interest, dividends, etc., \$33,501.67, making a total of \$368,671.82, an increase for the year of \$2,538.73. The ratios of expense both to premium income and total income again show decrease.

3. The Total Assets, after making all payments for death losses, expenses, etc., have been increased during the year by \$27,711.91, and now stand at \$1,339,804.15. The average rate of interest which the investments earned during the year was 5.39 per cent, while the rate upon which all the assurance and annuity considerations have been invested was 4.19 per cent.

4. The Total Assurances in force at the end of the year aggregated \$11,236,700, as against \$9,226,350 at the close of 1900, a gain of \$2,010,350 during the year.

4. The Net Claims arising under policies by deaths among assured lives, amounted to \$55,716, and were again within the amount expected. In determining the expected losses, the Select Life Tables deduced from the Institute of Actuaries (H.M.) Experience were employed. These tables make allowance for the recent selection of the life.

6. The Reserves for policies and annuities amounted to \$798,786, which is \$201,297 greater than at the close of the preceding year. As in former years, special additional reserves for suspended or deferred mortality and for the immediate payment of death claims have been provided.

7. The Audit has been a continuous one, and was of an exceedingly strict character; as usual, it was conducted by independent auditors, appointed at the annual meeting, who verified all of the investments, and the securities held therefor.

8. In Conclusion, the Board desires to take this opportunity of recording their indebtedness to the Company's representatives throughout the whole Dominion, for the substantial assistance they have rendered in producing results which make the operations of the past year the most successful in the Institution's history, as is exhibited in the following:

Table with 4 columns: 1900, 1901, Increase, Per cent. Rows include Total Assurances in force, Reserves on Policies, Annual Premium Income, Annual Income from Interest on Investments, Total Annual Income, Benefits Paid and Accrued to Policyholders and Annuity.

O. MOWAT, President.

Toronto, 13th January, 1902.

BALANCE SHEET, DECEMBER 31, 1901

Table with two main sections: LIABILITIES and ASSETS. LIABILITIES includes Policy and Reserve, Table of Mortality, Institute of Actuaries, Additional Reserve, Payment of death claims, All other liabilities. ASSETS includes Government Inscribed, Bonds and Debentures, Mortgages, Loans, Policies purchased, Cash in Banks, Office and other, Net Ledger Assets, Net Quar. and Semi-Annual Prem. not yet received, Reserve thereon included in Liabilities, Accrued and due Interest on Investments.

T. BRADSHAW, Actuary. F. G. COX, Managing Director.

AUDITORS' REPORT.

We have examined the above statement of Assets and Liabilities, with the books and vouchers of the Company, and certify that the same are correct, and that the same are in accordance with the evidence of the Dominion Government Report and the evidence of the Company's books and records, and that the same are in accordance with the above Statements. A running Audit has been maintained during the year, and we certify that the books are well and truly kept.

Toronto, 13th January, 1902.

In moving the adoption of the report, the Hon. Sir Oliver Mowat, President of the Company, said:

PRESIDENT'S ADDRESS.

A few days ago I had the honor and pleasure of congratulating the Province upon the 25th anniversary of the Imperial Life Assurance Company. Today I have the gratification of congratulating the members of the Imperial Life Assurance Company of Canada upon the marked and substantial success which has attended the operations of the Company during the past year.

That life insurance in Canada is a growing industry is evidenced by the fact that in the year 1900 (the last year for which there are official returns), a larger amount of life insurance was effected than in any previous year in our national history, amounting to the aggregate of \$68,996,092. Comparing this amount with the amount effected in a century and twenty-five years ago, it will be found that the amount has been considerably more than quadrupled during this period.

It will be especially gratifying to every Canadian that a decided preference is shown by our people for Canadian life insurance institutions. This preference is evidenced by the fact that, notwithstanding the special activity in our field of the large United States life insurance companies—although these are not so numerous or so strong as our own—56 per cent of the total of the new insurances effected in Canada in 1900, while but 29 per cent, was effected in United States companies; the balance, or 5 per cent, being effected in British companies.

This preference of Canadians to do business with Canadian institutions rather than with outside companies is doubtless founded on the just belief and the experience that home companies can do quite as well for their policyholders as outside companies, if not better. That this preference is a growing preference is shown by the fact that the amount of life insurance effected by the various classes of companies operating here a quarter of a century ago and at the present time respectively; the comparison, made in percentages, is as follows:

Table with 3 columns: Canadian Cos. per cent, British Cos. per cent, U.S. Cos. per cent. Rows for 1876 and 1900.

Referring particularly to Imperial Life Assurance Company affairs, you will find that the report which has been placed in your hands sets before you very clearly the operations of the past year, and that the Company's business has been a volume of new business, almost \$4,000,000 (\$3,574,000) was transacted, which indicates that the management has been active, and that the agency staff is very efficient. An unusually large number of applications was rejected, and the death losses have been very light. In fact, the circumstances which show that much care has been exercised in the selection of lives by the medical department. That the funds, which now amount to \$1,339,804.15, have been carefully and wisely invested by the Executive Committee, and that the Company has never lost a dollar in an investment, that there is no investment causing the company the least anxiety, and that the average rate of interest earned during 1901 was the comparatively high rate of 5.39 per cent. The net addition to the total assurances in force of over \$2,000,000, making the total assurances carried by the Company on December 31st, 1901, \$11,236,700, proves that the business secured by the Company has been of a most satisfactory character, while the method employed in determining the reserves to be maintained for policies and annuities is shown by the fact that the Company's motto, "First and Paramount—Absolute Security to Policyholders" shall be a reality. I am, therefore, enabled to say confidently, in moving the adoption of the report, that all the essentials to the upbuilding of a strong, progressive and substantial company are embodied in the Imperial Life.

In concluding the resolution, which was unanimously carried, Mr. A. E. Ames, 1st Vice-President, said:

FIRST VICE-PRESIDENT'S REMARKS.

The report and statement submitted deal with the affairs of the Imperial Life for 1901, and incidentally with those of 1900. I can not refer to a record extending into the past for a great many years, yet we can today point to a position which has not been considered creditable when it has been attained at the end of a quarter of a century. The Imperial Life was organized with the confident belief that the volume of life insurance in Canada would steadily increase with the better acquaintance of the people with its benefits, and with the development of the Dominion. That this belief had a substantial basis is evidenced by the progress and success of the Imperial, as illustrated by the following figures, taken from the present and preceding annual statements:

Table with 4 columns: Period, Insurance, Premium, Interest. Rows for 1897, 1898, 1899, 1900, 1901.

These figures indicate more certainly than any general statement could possibly indicate, that while the Imperial Life has made rapid progress, there has been nothing spasmodic in its advance, and that the six cardinal items instanced in the foregoing table each year shows a handsome and the greatest proportionate advance is shown in that of "Reserves for Policies and Annuities."

Our esteemed President, Hon. Sir Oliver Mowat, whose presence with us today we all appreciate, has dwelt upon some of the elements which make for permanency and stability in life insurance, and amongst others he referred to the investment of the Company's funds, which now amount to \$1,339,804.15. All investments are made by the Board and Executive Committee, and just here I may say that the Imperial Life is most fortunate in

having in its directorate a group of wide financial and business experience, whose advice and counsel are invaluable. The Company's funds have been invested with a scrupulous regard to character and extent of security as the first consideration, with the result that there is not a single unsatisfactory investment on our books, though the interest rate yielded is comparatively high, viz., 5.39 per cent. We have, also, been careful that only a suitable proportion of our funds should be invested in any one class of security. From the balance sheet you will see that \$449,463, or 39 per cent of our investments, are in a mortgage of real estate. These mortgages have been selected with unusual care, and in no instance has a loan been made where the value—as determined by competent valuers—was not at least twice as great as the loan. In no case has it been necessary for the Company to take foreclosure proceedings.

In bonds and debentures, \$411,730, or 36 per cent, of our funds are invested. The securities embraced in this class are of the highest order, and several of them if sold now would realize a handsome profit over their book value.

The benefits of life insurance have, perhaps, been more forcibly impressed upon the minds of our people during the past year than in any other period, through the death of several of the most highly-esteemed and successful citizens, who were thorough believers in the system, and who carried policies for the protection of their families and estates. The amounts received under these policies from the insurance companies at the periods when the personal earning power of the deceased has been discontinued have, in some cases, made the settlement of accrued liabilities and a provision for families, who otherwise would not have been able to continue in enjoyment of the conditions to which they were entitled. The following interesting statement has been prepared from the records of the Imperial Life of policies paid by it during the past few years, which abundantly evidences the fact that life insurance is a good investment:

Table with 2 columns: Amount paid for death losses, Excess received by beneficiaries over premiums and interest. Rows for 1901 and 1900.

Dr. J. L. Davidson and Mr. E. R. Wood, having been appointed scrutineers, reported the following gentlemen elected as Directors for the ensuing year: Hon. Sir Oliver Mowat, P.C., G.C.M.G., F.R.S.E., F.R.S., F.R.S.M., F.R.S.A., A. E. Kemp, M.P., Hon. S. C. Wood, Wm. Mackenzie, Chas. McGill, Hon. A. E. Hart, M.P., Warren V. Soper, G. R. Drummond, J. J. Kenny, Hon. Sir Mackenzie Bowell, P.C., K.C.M.G., Thos. J. Brumby, J. J. Kenny, Chester D. Massey, F. R. Eccles, M.D., F.R.S.E., Fred G. Cox, T. Bradshaw.

At a subsequent meeting of the newly-elected Board of Directors, Hon. Sir Oliver Mowat was re-elected President, and Messrs. A. E. Ames and T. Bradshaw 1st and 2nd Vice-Presidents respectively.

RETAIL MERCHANTS DINE. President Rogers States His Views. President W. B. Rogers entertained the General Executive Committee of the Toronto Branch of the Retail Merchants' Association of Canada at the closing meeting of the season in the Temple Cafe last night.

LIBEL SUIT IN ASSISE COURT IS STILL UNSETTLED. In the Civil Assizes yesterday afternoon the jury in the libel suit of Alfred Putebaugh against the Gold Medal Manufacturing Company and its former, William Abra, announced that they could not agree and were discharged.

PUTBAUGH WAS EMPLOYED BY THE FIRM OF H. J. HANSON, MANAGER CANADIAN PERMANENT MORTGAGE CORPORATION. The vacancy in the management of the Canadian Permanent and Western Canada Mortgage Corporation, created by the death of Mr. Walter S. Lee, has been filled, the first vice-president, Mr. J. Herbert Mason, having at the unanimous request of the Executive Committee consented to accept the position with the title of managing director.

SUCCESSOR LATE WALTER S. LEE. Mr. J. H. Mason, Manager Canadian Permanent Mortgage Corporation. The vacancy in the management of the Canadian Permanent and Western Canada Mortgage Corporation, created by the death of Mr. Walter S. Lee, has been filled, the first vice-president, Mr. J. Herbert Mason, having at the unanimous request of the Executive Committee consented to accept the position with the title of managing director.

ADMIRAL IN BERLIN. Berlin, Jan. 16.—Admiral Prince Henry of Prussia arrived here today. He will remain ten days in Berlin.

LET HIM LAND. Paris, Jan. 16.—The French government cabinet has decided to permit the landing of the French consul there to insist that M. Secretan, who recently arrived at La Guayra on the French steamer St. Laurent from Bordeaux, be allowed to land.

SWEDEN TO ERECT A PANTHEON. Stockholm, Jan. 16.—The Swedish government has decided to erect a "Pantheon" for illustrious Scandinavians. The building will be unique in its ornamental and symbolic features. It will be erected in the city of Stockholm.

TO PREVENT ACCIDENTS. Rockford, Ill., Jan. 16.—The Chicago & Eastern Illinois Railroad is preparing to install a system of electric signaling to prevent collisions. The new device displays a signal in the form of a block, which is wired in blocks, the rail being used as the conductor. When there is but one train in a block the signal in the cab will burn white, but if another train is in the block the signal means danger.

STAMPED FROM DAWSON. Port Townsend, Wash., Jan. 16.—The latest advices from Dawson were brought on the Cottage City by Charles Berryman, who left the Klondike capital the latter part of December. He says there is a stampede from Dawson for Henderson Creek, near Stewart River.

VICTORINA AT HALIFAX. Halifax, Jan. 16.—The troopship Victorina, which is to take the second section of the Second Regiment of Canadian Mounted Rifles to South Africa, reached quaiting at noon today. The ship is under the command of the Hon. J. H. Murray, who is accompanied by the Hon. J. H. Murray, who is accompanied by the Hon. J. H. Murray.

COL. HESBETH'S GIFT. Ottawa, Jan. 16.—Col. J. H. Herbert of Lanark Co., Monmouthshire, late G.O.C. at Ottawa, who was in charge of the forces in the Northwest, has presented to the Canadian Mounted Rifles a magnificent gift of a gold cigarette box.

BADLY BEATEN. Copenhagen, Jan. 16.—In the municipal elections just closed the Conservative Party have been hopelessly defeated. This event, in the opinion of the Minister, Minister Hoyerup's organ, is a signal for the Socialists and the radical bourgeois parties in the political field.

IT LAYS A STILLING HAND ON PAIN. For pains in the joints and limbs and for rheumatic pain, Acetaminophen is the best remedy. It is a powerful analgesic and antipyretic, and is used in the treatment of rheumatism, neuralgia, and other painful conditions.

ARE YOU QUICK TO SEE? Good Doctors are Quick to See and Appreciate Real Merit. In New Medicines. Stuart's Dyspepsia Tablets are a discovery of great value to the medical profession and the public. They are an unfailing remedy for all cases of dyspepsia and indigestion.

SHOE STYLES FOR 1902. A Lucky Chance for the Careful Wearer of Good Shoes. Some of the most striking shoes to be worn by well-to-do Yorkers during the coming season are on view in John Guinane's windows at 15 West 42nd Street. The American shoe traveler prefers to sell his samples here in Canada for several reasons. He finishes his season here, and he is through with his samples. He has to go to Canada to do his business, and he has to pay for his travel and expenses. He has to pay for his travel and expenses. He has to pay for his travel and expenses.

KILLED THEIR FRIENDS. Mediterranean Trip. Of all the steamers sailing to the Mediterranean ports there are none finer than the Dominion Line steamers Commonwealth and New England. This is the first season that the Dominion Line has entered the field for Mediterranean business, and owing to the popularity of these two steamers the venture has been a huge success.

TO ABOLISH SHORWOOD. Ottawa, Jan. 16.—Col. Sherwood, commissioner of the Dominion Police, returned from the west this morning. The Dominion Police and Protective Service is to be abolished. The Dominion Police and Protective Service is to be abolished. The Dominion Police and Protective Service is to be abolished.

TO PROMOTE IMMIGRATION

Canadian Manufacturers Favor Sending Agents to the British Isles.

NO DOMINION EXHIBITION THIS YEAR. Should Be Put Off Till 1905—Invitation to Colonial Premiers to Visit Canada.

At the regular monthly meeting of the Executive Council of the Canadian Manufacturers' Association held yesterday afternoon, it was decided to write to Premier Laurier, asking him to invite to Canada Hon. R. J. Sedon, Premier of New Zealand, and Hon. Edmund Barton, Premier of Australia, on their return from the coronation ceremony at London.

President Robert Munro, G. H. Hees, chairman of the Intelligence Committee, and Secretary Russell were appointed a committee to wait on the Ministers of the Dominion government and urge on them the advisability of sending out Canadian agents abroad to boom the country's trade and to appoint a special trade commissioner to the British Isles.

A letter was read from the Halifax Board of Trade, enclosing a resolution that requests the Dominion government to take steps to secure the sending over of the Intercolonial Railway to the C.P.R., and asking an expression of opinion on the matter from the Canadian Manufacturers.

The communication was referred to the Railway and Transport Committee, mention being made of an interview with the Postmaster-General on the question of the establishment of a direct line to South Africa, and also of a conference held with the Minister of Agriculture, requesting that steps be taken to secure the conveying of the soldiers to South Africa, which was granted. A resolution was passed thanking the Minister of Agriculture for his prompt attention to the matter.

The Parliamentary Committee on the subject of the incorporation of the association, and set forth several important changes wanted in the Patent Act, and the present long notation used by the department and placed on all books and publications issued by the department. Messrs. DuVerney & Jones appeared for the defendants.

Permpriory list for to-day at 10 p.m. H. Ames, H. N. Baird, A. E. Kemp, Gray V. Brett, Millchamp V. Van Camp.

SUCCESSOR LATE WALTER S. LEE. Mr. J. H. Mason, Manager Canadian Permanent Mortgage Corporation.

ADMIRAL IN BERLIN. Berlin, Jan. 16.—Admiral Prince Henry of Prussia arrived here today. He will remain ten days in Berlin.

LET HIM LAND. Paris, Jan. 16.—The French government cabinet has decided to permit the landing of the French consul there to insist that M. Secretan, who recently arrived at La Guayra on the French steamer St. Laurent from Bordeaux, be allowed to land.

SWEDEN TO ERECT A PANTHEON. Stockholm, Jan. 16.—The Swedish government has decided to erect a "Pantheon" for illustrious Scandinavians. The building will be unique in its ornamental and symbolic features. It will be erected in the city of Stockholm.

TO PREVENT ACCIDENTS. Rockford, Ill., Jan. 16.—The Chicago & Eastern Illinois Railroad is preparing to install a system of electric signaling to prevent collisions. The new device displays a signal in the form of a block, which is wired in blocks, the rail being used as the conductor. When there is but one train in a block the signal in the cab will burn white, but if another train is in the block the signal means danger.

STAMPED FROM DAWSON. Port Townsend, Wash., Jan. 16.—The latest advices from Dawson were brought on the Cottage City by Charles Berryman, who left the Klondike capital the latter part of December. He says there is a stampede from Dawson for Henderson Creek, near Stewart River.

VICTORINA AT HALIFAX. Halifax, Jan. 16.—The troopship Victorina, which is to take the second section of the Second Regiment of Canadian Mounted Rifles to South Africa, reached quaiting at noon today. The ship is under the command of the Hon. J. H. Murray, who is accompanied by the Hon. J. H. Murray, who is accompanied by the Hon. J. H. Murray.

COL. HESBETH'S GIFT. Ottawa, Jan. 16.—Col. J. H. Herbert of Lanark Co., Monmouthshire, late G.O.C. at Ottawa, who was in charge of the forces in the Northwest, has presented to the Canadian Mounted Rifles a magnificent gift of a gold cigarette box.
