**ADAMTS GAMBY HARD
TO A GENEROUS OPPONENT**
Dr. Mackay Says Mantoulin He
Moved His Auditors as
He Willed.

MACKAY ON GAMBY
Pembroke, Dec. 17.—(Special.)—Liberal and Conservative are divided on the question whether Gamby met with a great reception at Beachburg, his first meeting in the riding, on Tuesday night. The opinion of Dr. Mackay, the Liberal gentleman who opposed Gamby in debate, should settle the question. To the World he said today: "Gamby got a great reception at Beachburg. Before the close and at the close the meeting was at his command. He is a great speaker. He had no idea he was so clever when I attacked him, the Duncan Marshall told me he was one of the hardest men to corner he had ever seen. He is a generous opponent. I gave him five minutes. I believe he did it. I could meet and have a splendid time together. There is no one else so soon as he got well going he moved his auditors as he willed. It was a great meeting. Mr. Stratton, asked what he thought of Mr. Gamby's statement, made in Cobden, that he had a man on the truck of where the money came from, said today that he thought the truck would lead to Gamby himself."

**Senator Hoar Compares Uncle Sam
to Policeman Who Would Take
Share of Stolen Money.**
Washington, Dec. 17.—The Senate today was the scene of a most important debate on the Isthmian Canal question as affected by the President's recognition of the independence of the Republic of Panama. The discussion began with a speech by Mr. Hoar on his resolution of inquiry and lasted several hours. In addition to Mr. Hoar's address there were speeches by Mr. Gorman and Mr. Foraker.

**REFUSED REINSTATEMENT

Inflicted Three Wounds and After
Being Locked Up Slashed
His Own Throat.

North Adams Mass., Dec. 17.—Edward Dineen, chief of police, was shot by a man who had been temporarily suspended for intoxication, Police Officer Gardner Northup tonight shot Chief of Police W. F. Dineen. One bullet entered Dineen's mouth, lodging in the neck, a second grazed the abdomen and a third passed through his right hand. His condition is critical. He was prevented from firing at the chief again, but managed to turn the weapon on himself, inflicting a slash wound over the heart. After he had been locked up Northup slashed his chest with a razor. He will recover.

AT GOLDEN LAKE
Yesterday at Golden Lake the Hon. Mr. Lathford took up the Gamby charges. The fact showed the testimony of the man, further, it was to be seen that the charges against Gamby were equally serious against members of the government. Mr. Stratton, who was equally serious against members of the government, was presented to try to connect anyone but Mr. Stratton. He went into the details of the charges against Gamby, living stress on the fact that Gamby did not hesitate to make use of force of the mind. Mr. Stratton, in the proceedings of his crime. Orangemen Recent His Refusal to
Send Them a Photograph.

Philadelphia, Dec. 17.—Because President Roosevelt will not give his consent to have his portrait painted on the flag, the Orangemen of the national organization of the United States have written a letter to President Roosevelt informing him of the desire of the Bryn Mawr organization to have his portrait painted on its banner. The writer closed his letter by requesting the President to send his portrait to be used as a model.

**Another and Last Attempt to Be Made
by Japan to Reach a
Settlement.**
Tokyo, Dec. 17.—The conference of the elder statesmen of Japan, including the Marquis Ito, and the Cabinet Ministers yesterday resulted, according to a semi-official statement, in a determination to oppose a strong front to Russia in view of the latter's unsatisfactory reply to the Japanese proposals.

NOT HOPELESS YET.
London, Dec. 17.—The Daily Mail's Kobe correspondent states that at a conference of the elder statesmen of Japan endorsement was given by the government's determination not to recede from the demands on Russia concerning the Far East frontier to-day. This, it indicates, says the correspondent, the rejection of Russia's reply, and he adds that it is expected the government will urge Russia to consider. This, however, does not necessarily mean that the negotiations have reached a hopeless state, according to the correspondent. A cablegram from Tokyo says the Japanese groups to Korea is imminent, and that the Japanese elder statesmen have been summoned to the Shanghai conference of the Daily Telegraph says that, according to local mandarin, the Pekin government has again warned the provincial authorities to prepare for immediate hostilities, owing to the offensive action taken by Russia and her allies regarding Far Eastern affairs.

FEELING IN ST. PETERSBURG.
St. Petersburg, Dec. 17.—The residence of the foreign office here has increased since the despatch of the reply of Russia to Japan, and the officials decline to confirm or deny reports of the character of the reply printed abroad. The feeling in diplomatic circles to-day is not so optimistic as it has been. It is understood that the Japanese government is due to Russia's unwillingness to place the settlement of the Korean and Manchurian questions on the former with the treaty, leaving the latter on a sort of understanding. Further negotiations will be necessary if Japan insists upon the alternative of the Japanese government. If negotiations are broken off it will not necessarily mean eventualities.

NOT THE SAME WRITING.
Benington, Vt., Dec. 17.—Expert testimony was introduced by the State today at the trial of Mary H. Rogers, charged with the murder of her husband, to determine the author of the note found with the dead man's hat. This note was signed by Mr. Rogers, and said he was going to drop himself. The writing was compared with the admitted writing of Rogers, and experts testified that the two specimens were widely dissimilar.

POPE PLEASED.
Rome, Dec. 17.—When the news of the friar lands agreement was brought to the Pope he seemed to be highly delighted, and exclaimed: "It is the best Christmas box I could have had." The news was received with equal pleasure in all Vatican circles.

GRAND TRUNK EARNINGS.
Montreal, Dec. 17.—(Special.)—Grand Trunk railway system earnings, 8th to 14th December, 1903: \$300,543. \$400,598; increase, \$30,055.

Francis Clergue and the Cincinnati capitalists he has interested in his scheme of reorganization of the Soo properties held a conference at the Parliament Buildings yesterday. Mr. Clergue reiterated that their was nothing to give out about the reorganization, but intimated that he might have something to-day and that he was still very sanguine of success. From another source the report is given circulation that just now Clergue is bending his energies and his information to the credit of the initiative of the Algoma Central by the Canadian Northern.

However, the impression is gaining ground, locally that Speyer and Company will call all creditors together and make a list of the claims against each, in the meantime preparing to operate the works on a solid business basis. The first step will be to pay the claims of the creditors, and the surplus employees of the pulp mill will be given the option of buying up the factory, waiting for the whistle to blow. All this, of course, is past, with other useless things about the works.

Colombia, Dec. 17.—The United States cruiser Atlanta returned here last night from the Gulf of Darien. The commander discovered on Dec. 15 a detachment of Colombian troops numbering visually about 500 men, but according to their statements totaling 1500 or 2000 men at Chumani on the western side of the gulf, just north of the mouth of the Atrato River and due east from Panama.

WASHINGTON, Dec. 17.—The United States Navy Department to-day received a cablegram from Rear Admiral Coghlan, dated Colon, yesterday, saying the Atlanta had returned from the Gulf of Darien, and had found about 600 Colombian troops landed between Tomate and Terena Island, who had been landed by the Colombian steamer Pinzon. A portion of the cablegram was suppressed, but it was stated that it contained nothing of an alarming nature.

**THESE NAMES SELECTED
FOR TARIFF COMMISSION**
Selections Made by Chamberlain for
Inquiry into Condition of
British Trade.

LONDON, Dec. 17.—It was announced to-day that the following have already accepted positions on Joseph Chamberlain's Commission of Enquiry, which is to enquire into the condition of British trade and report thereon with the object of drawing up a tariff reform measure.

CHARLES BOOTH of Liverpool, former president of the Royal Statistical Society.
SIR VINCENT CALLAHD, formerly financial representative of Great Britain, Holland and Belgium in Constantinople.
SIR CHARLES KEEN, vice-president of the Institute of Mechanical Engineers.

SIR WILLIAM T. LEWIS, president of the South Wales Institute of Engineers.
ALFRED MOSLEY, who has sent two commissions to the United States to enquire into trade and educational conditions of that country.
SIR ANDREW GIBB, an ordinance expert.

HON. CHARLES A. PARSONS, proprietor of large electrical and engineering works.
SIR WALTER PEARCE, agent-general of Natal.
C. A. PEARSON, the well-known newspaper proprietor.

SIR CHARLES TENNANT, chairman of the Union Bank of Scotland.
SIR ALFRED JONES, president of the Liverpool Chamber of Commerce, and president of the Liverpool Shipowners' Association, etc.
A number of members of parliament have accepted positions on the commission. They include the Right Hon. Henry Chaplin, former president of the Board of Agriculture; William Henry Greenleaf, member of the Thomas Conservancy Board; Frederick L. Harcourt, shipowner and coal factor; Sir Andrew Henderson, member of the Stock Exchange; Lord Helyar, member of the Council of Iron and Steel Institute; A. W. Macdonald, member of the Iron and Steel Institute.

Other members of the commission are: Charles Allen, nephew of Sir Henry Bessmer; Richard Burdick, director of department stores; J. C. Canfield, glass manufacturer; W. H. Mitchell, wool manufacturer; F. J. Waring, ironmaster; and J. W. Waring, ironmaster, a builder and contractor.

The secretary of the commission will be William A. Stevenson, director of the London School of Economics and Political Science, and teacher of modern economics at the University of London, etc. Mr. Hervis will be assisted by a large staff of experts and statisticians.

It is intended that the commission shall meet twice a week, commencing about the middle of January.

THE FISCAL COMMISSION.
Great Variance in Press Comment on Its Personnel and Power.

(Canadian Associated Press Cable.)
London, Dec. 18.—The press referring to the list of members of the commission of inquiry, says: "We could afford to laugh at the personnel if the whole subject were not so grave. The scheme involves a complete change in our constitutional methods and in something like the present House of Commons, cabinet and legislature. It is a barefaced referendum. The plain duty of the Premier is to report to the House of Commons as an irresponsible dictatorship."

The Times says: "The commission forms an extremely powerful and efficient nucleus from which to conduct an inquiry. If only the preliminary difficulty of getting colonial representatives who would give their services at London could be surmounted, there would be no trouble in getting able men."

The News says: "There has been nothing further since the news of the commission's formation. It is a very important piece of the island of Lapsuta, and its topography inhabitants. It asks where of the best colonial representatives who would give their services at London could be surmounted, there would be no trouble in getting able men."

CATTLE MARKET IN GOOD SHAPE BIG ENOUGH TO HANDLE ALL TRADE

So, Mr. Fleming Reports—Property and Parks Committees' Final Meetings.

The Property Committee yesterday referred to the next year's committee the matter of a Public Library site. Mr. Sheppard explained that he had been confirmed to any particular location, but believed that had selected of those that were submitted. A portion of lot 102, south of Ashbridge's Bay, 100 by 150 feet in extent, was recommended by the Property Committee, Limited, for a term of 21 years at an annual rental of \$50 on the recommendation of the Property Committee. He also advised that a renewal lease of lots 11 and 12, also containing the front of the market street, be granted to the Imperial Park for a term of 21 years at a rental of \$480 per year, and \$200 for the term of 21 years. The property has a frontage of 64 feet on Front street, assessed at \$143,000 per foot, and the rental will realize 6-1/2 per cent. on the assessment.

James Gilmore to compensate him for a hog that had escaped from the city market for a defective fence, and the sudden death on the railway tracks.

Ald. Sheppard secured the passage of a resolution providing that the lamps in front of the City Hall shall be kept lighted in future. Chairman Dunn, at the close of the session, thanked the members for their assistance during the year, and amid a display of handkerchiefs, expressed his sincere regret at the passing of the committee into history. He expressed the high appreciation of the Property Commissioner and of the manner in which he had conducted the affairs of the committee, and thanked Ald. Sheppard for having always been ready with a fund of witticisms that served to relieve the monotony of their proceedings. He was also glad to state that the Property Committee would have a better fiscal year without any overdraft. Mayor Urquhart moved the usual order of business, the reading of the report of the committee in saying that Ald. Dunn had been a most excellent chairman, and had been a most active member of the committee. Ald. Sheppard seconded the motion in his characteristic style, and the members conveyed their appreciation by a standing vote and loud applause.

A delegation from the Grand Council, composed of A. C. Saunders, David Bell, G. H. Hicks and S. A. Corner, appeared to ask that certain conditions for their benefit be inserted in the revised building by-law. They wished that conveniences should be established by the contractors in all new buildings for the workmen and connections made with the city sewers, and also that strong boxes should be furnished for the protection of their tools. On motion of Ald. Sheppard, it was recommended that the City Architect and Assessment Commissioner should incorporate clauses covering the points mentioned in the new by-law. The architects for the Court-street police station reported that final certificates had been issued to the contractors on the work. The total amount of the contract was \$242,142. Ald. Sheppard made a strong objection to passing the accounts, and wanted to know by whose authority the extras were ordered. Architect Gemmill stated that he had found it necessary to go to extra expense in account of the station being an old building and an unrounded. Chairman Dunn said the principle was most vicious that work should be done without the authority of anyone, and Ald. Chisholm favored sending the accounts back. Commissioner Fleming said the architect had commenced the work under the late City Commissioner Coatsworth, and on account of his absence, these things were practically no one to look after. Dr. Noble said the work had been done and the recommendation was paid, and it was finally decided to pass the accounts.

The Cattle Market Affairs. The Property Commissioner reported that he had expended \$28,942 out of the special appropriation of \$30,000 provided for repairs to the City Cattle Market. Ald. McNeil wished to know if there would be another large sum asked for to continue the work now that the appropriation was almost exhausted. Mr. Fleming said that the market was now in good condition, and the proposed improvements had been completed and there would be no need for any large expenditure in the near future. He asked Chairman Dunn to confirm his opinion that the work had been done in good shape, and that the expenditure had been a wise one. Ald. Dunn said the work was all improved time alone could work. He would not admit that if the money had not been spent, the city would not have a market, but said that they would have had as much as they could have had for the amount of the money. Ald. Sheppard asked if there was accommodation for all the cattle that would be kept on the market, and the Commissioner replied that, excepting for an occasional very busy day, there could accommodate double the number of animals received. No extension would be required for the present, but was uncertain as to the future, but the question of the market being too small might not arise for fifteen or twenty years.

The president of the United Electric Co. wrote in reference to the account against the city for a generator, which the Commissioner had reported was not up to the specifications and on which a penalty was sought to be enforced for delay in delivery. Rather than face a lawsuit, the account of \$480 was ordered paid. The Chief of Police reported that the furniture he had ordered for the Court-street station, and the Commissioner recommended that this be done. Mr. Fleming also reported on the law to the practice of holding inquests in the City Hall, and it was decided that they should be held at Court-street in future. The Church-street weigh scale matter came up again on the account of the Commissioner asking that \$402 be expended on the purchase of new scales and a few of the cental scale be changed. The report was sent back for revision. The report of the Chief Engineer of the Boiler Inspection and Insurance Co. showed that the boilers in the City Hall were in good condition. An allowance of \$7 was made to BICK MEN ARE NOT ALL HAPPY. Croesus, King of Lydia, Had Troubles of His Own, and There Are Others. Croesus, the famous Darius-killer of the kingdom of Lydia, was being worshipped in worldly goods and chattels. He was rich as Croesus, and was 2500 years old. He had his troubles, however, and some of them were full grown. He was taken captive once by Cyrus and only saved himself from being burned alive by quoting a saying of Solon, the Sage. He finally had to flee his kingdom for parts unknown. Many of the rich man's troubles today come from high living and could be avoided. They are brought on by eating all kinds of rich, heavy foods which invigorate the system, and cause excessive, undue mental strain, unexcusable stimulants, and are commonly known as indigestion, dyspepsia and weak stomach. They are serious troubles all right, but not only can they be avoided but can be cured, and that without loss of time or proper food and nourishment. Stunt's Dyspepsia Tablets are the certain relief of dyspepsia, flatulence, indigestion, and all the troubles that stop their onward progress now. A great nation has placed its stamp of approval upon this medicine, and thousands and thousands of cures have been effected and the happiness resulting therefrom has been a blessing to a household word throughout the land. The story of Stunt's Dyspepsia Tablets can be told in a few words, and usually do the work that the weak and wasted stomach is unable to do and allow it to recuperate and retain its strength. They contain all the essential properties that the gastric juice and the digestive juices need to digest the food just as a sound and well-stomach would. They relieve the stomach just as a sound and well-stomach would. They relieve the stomach just as a sound and well-stomach would. They relieve the stomach just as a sound and well-stomach would.

WANT GRAIN STANDARDS TO BE FIXED ANNUALLY Under Present New System Exporter is Said to Fatten on Producer and Handler. There was a decided unanimity manifested at yesterday's meeting of the Grain Section of the Board of Trade, touching the urgent need of once more restoring the system of the government's fixing grain standards annually. The expert tried this year of doing away with such procedure has by no means proved satisfactory, in so far as Ontario grain producers and handlers are concerned, and yesterday, with one dissenting voice, a resolution was passed condemning the present order of things, and making requisition on the government for a return of the regime that existed before the act relating to grain standards was amended. J. C. McKeggie presided, and there were forty members in attendance. Several resolutions were adopted, and for J. T. Meloy to cast the one contrary vote to the carrying of the resolution. This latter set forth as reasons for the yearly fixing of grain standards the circumstances under which Ontario yielded 190,902,000 bushels, a value of over \$70,000,000, all subject to government inspection, and that under the present conditions the grading of this vast quantity of grain is left to the arbitrary opinion of a few government inspectors, unguided by any set standards, and that resort can only be had to the Inspector Act, and therefore exercises complete sway in all such matters. Another clause points out that farmers have to sell their grain below its actual value, since they are given no self-protection have to buy grain on a lower grade than they otherwise would be able to secure. It will "inspect the grade she ships it for."

BRITAIN SERVES NOTICE. Expects to Receive Some Treatment as Cuba in Sugar Exports. Washington, Dec. 17.—The President this afternoon issued a proclamation declaring the Cuban reciprocity treaty to be effective ten days from today. The proclamation states that the United States has received notice from the British government that it expects to receive some treatment as Cuba in sugar exports. The British government has served formal notice upon the United States, and the President has declared that the United States will not be bound by the treaty if the British government does not reciprocate. The proclamation also states that the United States will not be bound by the treaty if the British government does not reciprocate.

WELLESLEY SCHOOL CLOSING. The closing exercises of the five senior classes of Wellesley School were held yesterday afternoon and proved a very pleasing affair. The chairman, Trustee R. S. Baird, called on the following trustees: Messrs. Rawlinson, J. H. Goodwin and J. C. Clark, all of whom had a few words to say before retiring. After J. Nell, M.A., had spoken on the possibilities of Canada most exclusively in the last parliament. The women voters were excellently organized and cast a heavy ballot almost exclusively in support of the labor ticket, regardless of other considerations, the result being that the party won many seats, mainly from the protectionists in districts where the three parties contested.

WOMEN HOLD THE BALANCE. SUDDEN CALL TO F. T. WILKES. Brantford, Dec. 17.—Fred T. Wilkes, secretary of the Watrous Engine Works, of this place, passed away very suddenly at noon to-day. He was attending to business all the morning and in his usual health. On his way home to dinner he was taken suddenly with an attack of acute indigestion and with heart failure. He passed away in a short time. TEN YEARS FOR ROWE. London, Dec. 17.—(C.A.P.)—A. S. Rowe pleaded guilty at Old Bailey to a ten-year term for a conspiracy to defraud. He was sentenced to ten years in prison. WORTH COYNE. The Manitoba government according to Hon. Colin Campbell, Attorney-General, who returned to Winnipeg last night, will bring down all measures and proposed legislation for the initial days of the House in order to expedite the passage of the bill. The Minister presented a statement to show that Mr. Davis, the American Consul at Alexandria, was the aggressor in the affair. The Minister also stated that he had secured the consent of the United States agents, and the program to have Davis return to Alexandria on a warship and there look for reparation will be carried out.

WANT FLOUR STANDARDS FIXED. Dominion Millers Deprecate Delay and Uge Haste Now. In the absence of President John Goldie, Vice-President H. E. Frew occupied the chair at the meeting of the Dominion Millers' Association yesterday. There were about twenty members in attendance, and most of the business was done in informal discussion. A resolution was passed deprecating the tardiness in fixing the flour standards, and urging the government to expedite the matter. The regular time for doing so is in November, the last year the matter was allowed to stand over until the following March. Regarding the demurrage charges, which sometimes cause owing to unavoidable delay in the unloading of the railroads should proportionately deduct from the amount of duties, less than the time allowed. Mr. Taylor of Chatham pointed out the fact that the practice of several States roads. No action was taken yesterday, the matter being referred to another meeting at the next meeting. Another matter taken over was the frequent shortage occurring in wheat from country elevators, and a resolution was passed to consider the feasibility of buying all grain "out-run" in the same way as it is now bought by exporters.

DISPUTE OVER CROWN LANDS. Lumber Co. Claims Right to Cut on Veterans' Concession. A misunderstanding of the rights to land in Cavendish Township, Peterborough county, has arisen between H. F. McWilliams and the Disop Lumber Co., and argument was heard at the Crown Lands Department yesterday in the hope of settling the matter. Mr. Williams purchased a number of veterans' claims and has started a ranch on the land. The Disop Lumber Company hold that by an old lease from the government they have the privilege of cutting the timber on the land while the Crown Lands Department is not sure that the turning of the land grants into a ranch is in violation of the requirements of the conditions under which the veterans may hold their wood. The lumber company, and a settlement will be given out in the next few days.

A Merry Christmas

What makes Christmas time so pleasant to us all is the atmosphere of goodwill and generosity.

The Nicest Christmas Present

one can give a body—or buy for one's self—is a fur garment. Furs are sold in such a variety of materials that a reasonable present of this character is within the reach of any party fitted purse. Things to wear, especially fur things, and above all others Dineen's fur things, are nice to look at, comfortable to wear and make the wearer look nice and comfortable.

.. FURS BY POST ..

Dineen Company sells thousands of dollars' worth of furs every year to customers who never saw the big fur store. They buy through the mail. Dineen Company solicits mail orders and gives to every letter or post-card inquiry the same attention that would be given to a personal visit from customer. A post card describing the piece of fur or garment wanted will bring a prompt reply and a description and photo illustration of the article of stock that will suit.

SIMPSON COMPANY, LIMITED

H. H. FUDGE, President; J. WOOD, Manager. FRIDAY, DEC. 18

STORE WILL BE OPEN TO-NIGHT TILL TEN

NOTICE

TEMPORARY CHANGE OF CLOSING HOUR.
Beginning to-day, Friday, December 18th, this store will be open evenings for one week. By this Christmas shoppers will receive greater accommodation and helpers will earn extra remuneration. The appreciation by the public of the Christmas programs and time table of this store justifies the continuance of the same. For the last two years, between the beginning of September and this date the working time of this store has been more than fifty hours shorter—that is one full labor week shorter than any Department Store in Canada. This has been accomplished by simply closing the store at 5.30 evenings and on Labor Day.

Christmas Overcoats.

The man or boy that is getting nervous lest he be caught shabby for Christmas had better take heart. A new Overcoat is not going to cost what you expected. We've arranged differently—that is if you care to take advantage of the Men's Store offer for opening time to-morrow morning. Only one hundred and twenty-two of them, remember, of the men's—65 for the boys.

122 Men's Heavy Winter Overcoats, the lot includes the imported chevrons, in grey and black, and a few Montagnes, made up in the popular Raglanette style, the medium length box coat, with square pockets, and a few well Newmarket, first class linings and trimmings, some lined with silk and satin sleeve-lining, neat velvet collars, thoroughly tailored and perfect-fitting, sizes 34-44, regular \$10, \$12, \$14 and \$16, Saturday **6-95**

75 Men's Fancy Vests, an excellent Christmas gift, consisting of fine imported English vestings, in assorted fancy weaves, black with silver stripe, black grounds with neat red checks and colored over-plaids, also fawn and brown corduroys, made in the latest style and cut high at the throat, some lined with red flannel, all well tailored and splendid fitting, sizes 35-44, regular \$2.25, \$2.50, \$3 and \$3.50, on sale Saturday **1-98**

65 only Boys' Nobby Long Raglanette Winter Overcoats, made from fine soft-finished chevrons, in dark Oxford grey shades, made with vertical pockets and cuffs on sleeves, good farmer's satin linings and perfect fitting, sizes 22-30, for boys from 8 to 12 years, regular \$5, \$5.50 and \$6, on sale Saturday **3-49**

Men's Fine Black Vienna Tuxedo Coats and Vests, a rich, soft-finished cloth that will not show, made with shawl collar and lined throughout with silk, well tailored and splendid fitting, **13-50**

Men's Fine Imported West of England Venetian Worsted Dress Suits, fast black, made in regulation style, lined with silk and finished with narrow silk stitched edges, sizes 33-44, regular \$20-00, Saturday **20-00**

Watch Wisdom.

If you were as good a judge of watches as you are of victuals you would not need any help to buy. You read the published market report and compare it with the butcher's price and are satisfied to give him a living profit, or you know he's charging you too much. When it's a Watch you have to take somebody's word for it.

The Watch Department of this store sells Watches on the closest margin, depending on large turnover, just as the cotton department or the grocery department sell their goods. Here Watches are not called by fictitious names or marked with meaningless trade marks. This store simply passes out to you the product of the Waltham and other famous makers—the best in the world, endorsing the makers' guarantee, and adding always this unanswerable argument—money back if not satisfied. You don't need any Watch education to buy here. You don't have to pay for expert knowledge.

Is the Christmas secret in your home—a Watch for man or woman, boy or girl? Anybody, even a child, can buy it here with perfect assurance of obtaining the best possible value for the money. Take these examples from our Watch program for Saturday:

- 67 Ladies' Fourteen Karat Gold-Filled Waltham Jewelled Watches, hunting or double case, 25 years' guarantee, beautifully engraved, **10-00**
- Delivered in good order to any address in Canada for the extra.
- 78 Men's 18-size Gold-Filled Waltham Watches, jewelled, open face or dust-proof case, 20 years' guarantee, engine turned or fancy engravings, Saturday **8-00**
- 29 Men's 18-size Gold-Filled Waltham Watches, 17 jewels, open face or dust-proof case, 20 years' guarantee, elegantly engraved or plain **11-90**
