METHODISTS URGED TO VOTE TEMPERANCE

Central District Churches Pass a Strong Resolution How Congregations Are Faring.

A strong temperance resolution was adopted by the Central District Methodist Association at the annual meeting yesterday as follows:

"That whereas a great wave of moral reform manifests itself in universal Christendom, notably in the proposed legislation in the British house of commons against the national vice of intemperance, and the tidal wave of local opinion sweeping all over the United States of America, and that in the marked discontent of this province with the three-fifths handicap on the temperance electorate and utter dissatisfaction with the evils arising from the bar with its discredited treating system, therefore resolved:

(1) That all Methodist electors be urged to take a lively and patriotic interest in selecting and electing from time to time methods, and morally qualified men to exit and bless this young nation;

(2) That a conscientious and firm resolve be recorded against the un-British three-fifths legislation;

(3) That in their opinion, legislation to remove the bar and the treating system would be deservedly popular with the mass of Ontario electors."

Reports from the various churches showed a satisfactory condition. The total membership of the centre district is \$830, an advance of \$32, although \$13,078 was raised for missions, an increase of \$769, for connexional funds, \$19,739 was raised, an increase of \$1167, and for circuit purposes \$21,104 was subscribed, an increase of \$3022 over last year.

Rev. A. P. Bruce, D.D., of Richmond Hill, was elected to represent the district on the stationing committee to act with the chairman, Rev. T. E. Bartley, at the conference. The officers for the district will be elected at the conference and Queen-street Methodist Church was chosen for the next meeting place.

Some criticism fell to the lot of Mr. Merino for having given up his superintendency of the Italian mission without due warning to become police court interpreter.

A recommendation will be carried to the conference that impoverished country charges be not urged too much for increased contributions to the connexional fund, because in many cases it results in the stinting of pastors' salaries to a disgracefully low figure.

President Rev. T. C. Bartley presented a pleasing report from his church on Elm-street, where the financial ratings had increased from \$9000 a year ago to \$13,000 this year. Ninety per cent. of his people, he said, were from boarding houses and they averaged \$12 each.

Rev. C. O. Johnston's Queen-street church didn't report so well, and the pastor explained that the district was losing its most liberal members. Men who were wont to put \$2 on the plate every Sunday were moving northward.

Statistical reports were presented at the Methodist district meeting for East Toronto district at the Metropolitan Church yesterday. The financial report showed that the general contributions to missions during the past year were \$28,410, as compared with \$17,784 the previous year, an increase of \$10,626. The membership in the district showed an increase for the year of 360. Rev. S. W. Dean was appointed to represent the district on the stationing committee.

It is wise to be forewarned for the happenings of the day by fortifying yourself with a knowledge of what the other fellow is doing. The membership in the district delivered before breakfast. Telephone orders received at Metro 252.

LOOKS LIKE A THIRD VOTE ON THE POWER CONTRACT

Aldermen Seem Prepared to Put City to the Expense of Another Ratification.

HAMILTON, May 28.—(Special.)—Hamilton will sign a contract to take hydro-electric power. In the face of the temper of the ratepayers the very most that the city council can do is to vote for another reference of the question to the ratepayers. It appears probable that a majority will go that length to-morrow evening when a special session of council will be held to settle the question. Many of them would go further, however. The ratepayers have already passed two bylaws in favor of signing a contract with the commission, and there is no doubt that they will pass a third, and wait until next January to get back at the aldermen who are responsible for putting the city to the expense of submitting a bylaw to the people to ask them if they really meant it when they voted twice before in favor of taking power from the commission.

There is some chance that the friends of the hydro-electric power will be able to-morrow evening to carry a motion in the council to make a contract with the commission at once. Mayor Stewart has not given any hope of bringing this about. He has promised that if a contract with the commission is formed the city will be able to pay for it out of one-quarter of what they are now. This means that it would be within the reach of practically every citizen of Hamilton. If the people want this boon, his worship says that it is up to them to get after their representatives who are now trucking to the contract.

Frank Pense, an Italian, had his ankle broken at the steel plant this afternoon.

The new pastor of Knox Church, Rev. A. E. Mitchell, Ottawa, was inducted this evening by Rev. Dr. Fletcher. Rev. Thos. McLachlan, preached. Rev. John Young addressed the pastor, and Rev. H. Grey, Dundas, the people.

The Ontario Medical Association this afternoon passed a resolution expressing its hearty approval of the Ontario Government's proposal to establish a psychiatric clinic in connection with the hospitals for the insane and to appoint a lunacy commission or board of alienists who alone could give expert testimony in courts in cases of insanity and also requesting that reform in civil service be instituted so that no one shall be appointed a medical superintendent of an asylum without experience. Some 85 new members were added to the roll of the association.

Sudden Death. Mrs. George Clelland, Carlisle, fell from a chair in the store of the G. W. Robinson Co. this morning and expired almost immediately of heart disease.

Rev. Dr. Wilbur Chapman, the New York evangelist, has declined to visit Hamilton, because he thinks the people and the ministers of the city are a little too critical. It is said that some objection was taken to the manner of his assistants. Those behind the movement here did not favor sensational methods, as this evangelist did not want to be hampered in any way.

William Miller was sent down for 23 months this morning for stealing a couple of bicycles. Mike Baxter, supposed to be an expert sneak thief from Detroit, was found guilty of theft and remanded for sentence. The magistrate said the sentence would be severe.

In reply to a statement credited to John Gilhe that he could not see why workmen should support Allan Studholme, M.L.A., who was helping to introduce a bill to amend the liquor act, Mr. Studholme says: "The provincial legislature does not fix the tariff. I can explain why the moderate are responsible for it. They have been importing stoves made in the United States and New South Wales, 1200 bales, scoured, 10 1/2 to 14 1/2; greasy, 40 to 10 1/2.

It has been discovered that the G. T. R. has no right on the beach, and has been charged \$500 a year by the government for the use of its right of way across the beach. It will also be prevented from collecting rents for passage across the tracks.

Large supply of cross-bred met with a ready sale, the home trade buying largely. Americans took a supply of light greasy super-cross-breds. The sales were as follows: New South Wales, 1200 bales, scoured, 10 1/2 to 14 1/2; greasy, 40 to 10 1/2.

Victoria, 1200 bales, scoured, 12 to 15; greasy, 60 to 12. New Zealand, 200 bales, scoured, 12 to 15; greasy, 34 to 9 1/2.

Bodies at Port Huron. PORT HURON, May 28.—Bodies of Mrs. James Creighton and her two children, Katherine and Claire Chapman, who were murdered in Owen Sound, Ont., arrived at noon and were immediately conveyed to the home of Judge Harris, father of the dead woman. The remains were accompanied by William F. Creighton.

The funeral will be held Friday afternoon, and the services will be conducted by Rev. S. H. Beaton of the Episcopalian church, who, a year ago last Easter, married Mr. and Mrs. Creighton. Mrs. Harris, the mother and grandmother of the victims, who has been in a serious condition since early this morning, has not been told of the arrival of the bodies.

OBITUARY.

Robert Burns of Toronto leaves today for New York to attend the funeral of the late Mr. David Graham. Mr. Burns goes as representative of the Canadian Orangemen.

The late Mr. Graham was a past imperial grand master of the Imperial Orange Council of the World and was probably the most enthusiastic Orangeman in the United States. Before leaving Toronto Bro. Burns sent a telegram to the Supreme Grand Lodge of British Columbia, now in session at Midland, conveying information of Bro. Graham's death. The funeral will be held on Sunday next from his home in Weehawken, N. J., U. S. He had an interesting career as an Orange general and was present at the riot which occurred on Eighth-avenue, New York City, July 12, 1871, and he has held the important offices in the Orange order, terminating in the highest office in the gift of the order, namely, the imperial grand master of the Zriemli Council. The late Bro. Graham was well known to the Orangemen of Toronto, having resided in this city on numerous occasions, and there is general regret at his demise.

At Sandwich East—Mrs. Aglala Langlois, aged 92.

Joseph Collard, a member of the fire department since Jan. 13, 1876, died from apoplexy at Portland-street station early yesterday. He had been complaining of illness. For the last six years he had been caretaker of the station. On active duty, he served with Portland, Dundas and Upper sections. A son, also a fireman, was killed at a riot, McIntosh fire in 1903. Deceased was 71 years old. In the '60s he went to the western States in the employ of the outbreak of the civil war fought with the Colorado Volunteer Cavalry. He belonged to Knowlton Post, G.A.R.

At Brantford—Dr. Berry, veterinary surgeon.

At Vicksburg, Miss.—Gen. Stephen D. Lee, commander-in-chief of the United Confederate Veterans, an old resident, born at Prescott in 1820.

At Portage la Prairie—Robert Yearwood, a young man formerly of Stratford, at London—In St. Joseph Hospital, James Dibert, aged 22, of Fingal.

At Worcester, Mass.—David E. Howland, formerly of the Worcester Gazette.

At Orangeville—R. W. Ritchie, for 45 years a resident, died yesterday after six months' illness, aged 65. For 27 years he was a traveler for the Eby Plain Co., Orangeville. His wife, Eliza, was present at the bedside and bid the deceased an affectionate farewell.

OPERATION PREVENTED.

Bad Case of Piles Cured by Zam-Buk. Sufferers from Piles will be interested in the following testimony of Mr. Garfield Logan, 148 Welland-avenue, St. Catharines, Ont. He says: "For years I was a great sufferer from protruding bleeding piles. They got so bad that it was impossible for me to walk or sit down without a great deal of suffering. The pain I endured was dreadful. I tried everything and the doctors told me I would have to be operated upon. My friend, Mr. Logan, told me that he had been cured by Zam-Buk. I do not think that there is any remedy that I did not try, but they failed to cure me. One day I received a sample of Zam-Buk and I tried it. I got some relief and decided to give it a good trial. I bought three boxes and before I had finished the third box I was completely cured. Zam-Buk salve has saved me hundreds of dollars because I had decided to have the operation. I highly recommend Zam-Buk to a number of my friends, and am always praising Zam-Buk."

Zam-Buk succeeds because it goes right to the root of the trouble. Healing, soothing and antiseptic, it is Nature's remedy for all skin troubles. All stores and druggists sell at 50c, or from the Zam-Buk Co., Toronto.

MOTOR LEAGUE HOTELS.

The Ontario Motor League directors have decided to appoint special hotels in different towns throughout the province, which will be recommended by the league to its members. It is probable that special signs will be issued to these hotels.

A special run for Toronto members will be held to the Andale Mountain Trout Club, Caledon, Saturday, June 13.

The annual outing of the orphans of the city will be held on Thursday, June 23.

A Lucid Announcement.

A written announcement was recently brought to a shopkeeper in London, with the request that he would give a prominent place in his window. By the courtesy of one of our readers we are able to reprint it from the original manuscript. Here it is:

U. S. CHIEF JUSTICES.

Eight Men Have Enjoyed Honor Since Foundation of Government.

A chance to appoint the chief justice does not come often to a United States President. In point of fact, since the foundation of the government there have been less than the dozen chief justices, and since 1801 there have been but five altogether. The list of chief justices of the supreme court is as follows: John Jay, New York, Sept. 23, 1789. John Rutledge, South Carolina, July 1, 1795. Oliver Ellsworth, Connecticut, March 4, 1796. John Marshall, Virginia, Jan. 31, 1801. Roger B. Taney, Maryland, March 5, 1835. Salmon P. Chase, Ohio, Dec. 6, 1864. Morrison R. Waite, Ohio, Jan. 21, 1874. Melville W. Fuller, Illinois, July 20, 1888.

From this list it will be seen that Chief Justice Fuller is exceeded in length of his term only by the famous John Marshall, who did so much to make our supreme court great, and who lived at the age of 34 years and has been ten years on the bench is eligible to retirement on full pay.

Chief Justice Fuller celebrated his 77th birthday last February, writes Raymond in The Chicago Tribune. He took the oath of office Oct. 5, 1888, so that he has been in the office for 17 years for many a year upon the bench so far as appearances go, but after a score of years in such a place, concluding lives in the vicinity of Manhattan, it is natural to suppose that the white-haired chief justice is about ready to take a rest.

He is a Democrat, and people who remember him in the old days in Chicago are aware that he was an ardent supporter of the president Cleveland during his first term, and it is well known he still retains a vast amount of admiration for the president who was his chief justice during the civil war. It was natural, therefore, that Chief Justice Fuller should be closely identified with the gold Democratic wing of the party.

A HINT TO THE DOG CATCHER.

It is a Staten Islander who sends this to The New York World, but maybe the hint which it contains is needed elsewhere than in the State of New York, and the vicinity of Manhattan: If the dog-catcher spent more time in catching stray curs and less time in abducting pet dogs which the owners are so anxious to catch, and which would be fewer cases of hydrophobia in New York and less occasion for popular hysteria.

Married Thru Interpreter.

An interesting event took place at the home of Mr. and Mrs. John McLaughlin of Purpleville, on Wednesday, May 27, when their youngest daughter, Mary Anna Maud, was united in marriage to Herbert Wisby Roberts, manager of the postal department, Union Depot, Toronto, and son of Mr. and Mrs. Richard Roberts, who was man of the wedding march, rendered by Miss Mary McLaughlin of Nashville, the young bride entering the lawn in the arm of her father. The knot was tied by Rev. W. A. McLaughlin of Toronto, cousin of the bride, assisted by James Curtis of Toronto, as interpreter, as the two contracting parties are totally deaf. The bride looked well in a white organza, inserted with silk lace and tulle, and was attended by her niece, Miss Maud Peterson of Purpleville, in white organza, inserted with lace and touches of pale green. Mr. Arnold V. Roberts of Erie, brother of the bridegroom, was man of the groom, and the recipient of a large number of very useful and costly presents. The couple were driven to Kilgus station, where they sprang into a motor car for a three weeks' wedding trip to Toronto, Hamilton, Brantford, Paris, Stratford, Mitchell, and Jarvis. The bride's going-away suit was of navy blue vicuña with white hat. After their return they will take up furnished apartments at 84 St. Clarens avenue, Toronto, until their new home on Brock avenue is ready to move into in the month of September. Both Mr. and Mrs. Roberts graduated from the Ontario College for the Deaf at Belleville with honors a few years ago. Little Alberta Davidson of Jarvis was ring-bearer.

Toronto World's Beauty Patterns

A Dainty Creation in Organdy and Lace No. 6130

This charming design is well suited for an evening waist, as the transparent lace yoke may be cut low and the lower part of the sleeve omitted. The blouse is mounted on a foundation which may be omitted if desired. The graceful bustles are quite a pretty feature of the mode, they are finely tucked over the shoulders, and the ends are gathered and finished by small silk tassels. The sleeves are laid in three deep pleats trimmed with lace and are very modish in cut. The design would also serve nicely for the summer gown of organdy or lawn. For 38 inches bust measure 3 1/2 yards of 38-inch material will be required. Ladies' Fancy Waist, No. 6130. Sizes for 32, 34, 36, 38, 40 and 42 inches bust measure.

Bravery Rewarded.

NEW YORK, May 28.—Mrs. Eva Jowles, the young Polish woman who last Monday frustrated the attempt of three men to rob messengers of the Western Bank of \$43,000, today received a reward of \$500 from the officers of the bank. She said that she and her husband will at once return to Poland, where, with the \$500 for a neat egg, they will live in comparative independence. She fears that if she remains in this country the black hand would get her fortune away from her, she said.

"Merry Widow" Doomed?

NEW YORK, May 27.—The "Merry Widow" company have voted a taboo on the "Merry Widow" hat, and to emphasize it dainty Charlotte Carday has worn a hat with a veil, instead of the 27th performance at the New Amsterdam Theatre on June 13.

Earl Grey Sees Sick Lots.

The Hospital for Sick Children was favored yesterday morning by a visit from their Excellencies the Governor and Lady Sybil Grey. The visit was particularly interesting to their excellencies, as it was the first time they have visited the hospital since the installation of the cot to the memory of their late daughter, Lady Victoria Grenfell. This cot was installed about a year ago thru the kindly efforts of Mrs. J. K. Kerr, Mrs. Marryes Worthington and Mrs. Dr. N. A. Powell, and Madame Bergeron of Montreal. The cot is in the Boys' Medical Ward and in it now there is a little tot who is suffering from pneumonia. There have been 12 patients in the cot since it was founded, and all of these their excellencies were glad to hear had recovered from their illness. Both their excellencies expressed their pleasure at seeing the memorial, and Countess Grey kindly placed beside the cot a large and beautiful bunch of lilies of the valley, her late daughter's favorite flower. After an inspection of the wards of the hospital, in which there are about 30 children since the removal of 100 patients to the Lakeside Home for Little Children, the party were shown over the residence for Nurses, and in this building their excellencies again expressed pleasure at its complete equipment from the roof garden on.

The Fresh Air Fund.

The Toronto Fresh Air Fund, which is the pioneer society for sending women and children to the country in summer, will continue the work again this year. Since this organization was formed four others with the same purpose in view have sprung into existence, viz., sending the applicants away for two weeks or over. This year the fresh air fund will confine its sending out the mothers and children that are too young to go to the country by themselves, and leave the mothers out, and so forth, for longer than one day at a time, for day trips across the lake or out into the country for the day only. Last year 1300 were given outings, taken from every part of the city and from every direction. The Rev. Canon W. C. Dixon, Trinity Rectory, 417 East King-street, will again act as secretary-treasurer, and acknowledge all donations.

Coming Events.

The monthly meeting of the Ladies' Auxiliary of the West End Y.M.C.A. will be held on Monday, June 1, at 3 p.m. It is requested that all members be present. Mr. Stokes and Mr. Taylor, the secretaries, will give their annual report.

For the purpose of interesting the women of Toronto in a number of important questions to come up at the W. C. T. U. will hold a series of lectures on June 8 at their building in the exhibition grounds.

A Wife's Loyalty.

NEW YORK, May 28.—Victor Shanley, a lawyer, was sentenced today by Judge Foster to serve not less than five years and not more than 10 years in state prison for forgery. In the early part of 1924 Shanley forged the name of a client, Julia A. Smith, to a satisfaction of a mortgage for \$25,000, obtained the money and kept it. One day the client discovered by the record that the mortgage had been satisfied and that her name was signed to the satisfaction place. An investigation followed, but Shanley fled before he could be arrested. He was arrested about a year ago in Philadelphia. After his disappearance it developed that Shanley, who was married and had two children, had taken with him a young girl with whom he was infatuated. Mrs. Shanley secured a divorce and remarried, but during the trials of her former husband she was able to find out that Shanley had married and had two children, but taken with him a young girl with whom he was infatuated. Women Delegates To Go to Denver

Colorado May Send Two Representatives to Democrat Convention.

COLORADO SPRINGS, Colo., May 28.—Colorado may emphasize the franchise for women in the state by sending two women delegates to the national convention to be held in Denver in July. Following the movement on foot in Denver to seat Mrs. Ruth Bryan Lewis, there is a strong current among the Democrats of El Paso County to tender the honor of delegate to the convention to Mrs. Mary Louise Jefferson Davis Hayes of this city, the only living daughter of Jefferson Davis.

Semi-ready Tailoring

ED. MACK, Limited, 81 Yonge Street.

Methodist W.M.S.

Reporting for the supply committee, Mrs. Wm. Briggs told the Methodist Women's Home Mission Society that 50 Canadian missions had been supplied with clothing and other supplies valued at \$700 during the past year—the contribution of 200 different auxiliaries. Mrs. H. E. Kemp, secretary of mission bands, reported 47 bands with a membership of 1227, which was an increase in members of 484 over the preceding year. The amount raised was \$589. Miss McGuffin read the report from mission circles in the absence of Mrs. A. N. St. John, secretary. There was a membership of 578 in 17 circles, and the offerings totaled \$945, an increase of \$212 over the previous year. Miss Day, deaconess in charge of the kindergarten for Italian children reported 200 children, with an average attendance of 20 per day. The children were all lovable and quick to learn. Miss Jean Hewlett gave a Bible reading on "Giving."

McAll Auxiliary.

Rev. Dr. Hincks of South Parkdale gave an address at the meeting of the McAll Auxiliary, held at the residence of Mrs. W. C. Matthews, 8 Chestnut Park-road, yesterday afternoon. He spoke on McAll work in France. Mrs. T. M. Harris presided and about fifty ladies were present, and a most enjoyable afternoon was spent. Miss Jean Sutherland gave a beautiful rendering of the contralto solo, "My God and Father While I Stray." It was decided that the first meeting of the auxiliary next season will be held on the last Thursday in October, and not September, as has been the custom.

Where All the Flowers Go.

A representative of The World was with his better half whilst she chose a merry widow or some other style of hat. It was at McKendry's and just before 6 o'clock. A trayload of boxes of flowers were being delivered, and Mr. McKendry was asked how long it will take to dispose of all those flowers. "With the help of The World and other newspapers we expect to sell every one by Saturday night, the reason being that we bought them from an overloaded importer at a ridiculous price and will sell them at 10 cents a bunch, instead of 25c to 35c."

AN IMPORTANT POST.

A serious duty and responsibility has people. They are not governed by prejudice or narrow conceptions of the fallen upon the gentlemen composing the Public Library Board of the city, who meet this afternoon. To fill the place of the late Dr. Bain adequately will mean a great deal to the intellectual development and the culture of the people. No doubt the board fully appreciates the gravity and importance of their task and will proceed with due consideration. There are no hard and fast conditions surrounding the choice of a librarian, but he must unite knowledge of books, fair scholarship and business ability with an up-to-date acquaintance with modern library requirements and methods. The great librarians have been bred among books and know the trade as well as the cut. But they are not mere bookworms. They have the breadth and geniality that come from wide reading and experience and are able to view mankind as a whole as well as in sections. Neither are they pedants, for they are in close touch and sympathy with the functions of books. They understand that it is more difficult to get a man to start reading at all than it is to get him to read better books, once he begins.

Objections have been heard in the past to difficulties raised for Toronto readers of a certain class. No doubt these were due chiefly to the restrictions of space and opportunity. In the new building, with its adjuncts, it must be kept in view that the library is primarily for the people, not the people for the library. There is no reason why Toronto should not aspire to have a library establishment which will take its place beside the great libraries of Chicago, Boston, New York and Washington, not to leave the continent for comparisons. But the library should be a Canadian library in a broad sense. The librarian should be imbued with the Canadian spirit; not merely a Briton in the Canadian sense, but a Canadian in the Imperial sense. Outwith his executive and organizing qualities he should be capable of presenting satisfactorily such matters as occasion requires him to bring before the public. There are vast opportunities for improvement in the present library methods, in cataloguing, shelving and other matters of routine. The bulletin system should be widely adopted, and the function of the library as the people's university should be emphasized. The adoption of what has been done elsewhere in the way of winter lectures and art and musical courses, with the object of extending a knowledge of the resources of the library, and popularizing it, will depend largely on the activity and the sympathies of the new librarian. A twentieth century man in the Toronto Public Library can add cubits to the mental stature of the city.

HABITUAL CRIMINALS.

How to deal with habitual criminals is a problem which has long puzzled social reformers. Responsibility for their appearance and continuance is not wholly their own, in many cases indeed they are the direct product of wrong methods and conditions. In its early form punishment for crime took the form of individual revenge. An eye for an eye, a tooth for a tooth, was exacted and for many centuries penal statutes proceeded on the vitally erroneous hypothesis that the more severe the punishment the greater the deterrent to the offender and the criminally disposed. It was a commonplace for judges to explain that the heavy penalties inflicted were imposed to deter others from the commission of crime. As for the reclamation of the criminal that was the last thing thought of, even had it been deemed possible. And the nearly 140 years have passed since John Howard began his career as a prison reformer, and many experiments have been made, no generally acceptable system has yet been devised which will meet both the requirements of law and order and the necessities of the criminal.

WHERE IS ROBT. FALCONER?

Editor World: I have tried for three months at the library to obtain a copy of Robert Falconer, by George MacDonald, but without success. At times I have been told "It is out," but recently I was informed that such a book was not in the library. Presumably it was mutilated and never replaced. Isn't there some admirer of George MacDonald who could give the public library a copy of this book? Perhaps there is some other MacDonald who could do it?

To Save the Beaches.

Heavy mattresses loaded with stone at a cost of \$45,000 are regarded by the city engineer as the best means of protecting the lake shore between the eastern gap and Lee-avenue, while \$12,500 will protect Simcoe Park.

A Quoting Invitation.

The Maple Leaf Quoting Club extend a cordial invitation to members of the Victoria, Dominion and Heather Clubs and to individual players, for games to-morrow afternoon, commencing at 2 o'clock, at Queen-street and Woodbine-avenue.

Square Deal; Square Meal.

The National Prosperity Association of St. Louis has written to Property Commissioner Harris asking co-operation of the International Association for the Prevention of Smoke, of which Mr. Harris is secretary. The object of the new organization is "a square deal and a square meal for every man."

Italian to Hang.

GREENWOOD, B.C., May 28.—Francesco Cedio, an Italian, who wrecked the Niagara Hotel with a bomb 18 months ago, killing the daughter of the proprietor, Louise King, was sentenced to hang at Kamloops on July 31.

New Pavements.

The works department recommends the laying of an asphalt pavement on Dundas-street from Ossington-avenue to Lansdowne-avenue, at an estimated cost of \$42,142, and a vitrified brick pavement from Lansdowne-avenue to the bridge, at a cost of \$6194; total, \$48,336.

No Cars Over the Bridge.

Manager Fleming of the street railway has informed the mayor that the company will not consent to run over York-street bridge and along Lake-street, owing to the city's entanglement with the C.P.R.

The Suburban Train is on the Way.

The management of the Canadian Pacific is to be congratulated on its enterprise, and still more on its respect for public opinion, in deciding to make an experiment with a motor-car suburban service on its line from Toronto west to Brampton, a distance of 22 miles. The World trusts that the people of Toronto and of the towns along this suburban route will appreciate this action of the railway, and do what they can from their side of the proposition to make it a success. What a service of that kind requires is to be put on its feet and then it takes care of itself; but to get it on its feet, as we pointed out before, it is essential that the people be assured of the reliability and certainty of its operation.

The World especially trusts that the people of Brampton will get busy in upholding this service, for if they do they will find that Brampton will grow in population, in business and in attractions. The people of Weston also have a fine opportunity of assisting in this work, and so have those who reside in the intervening towns and villages.

The World has not yet heard from Mr. Hays of the Grand Trunk as to what he intends to do on the line of a suburban service, say, between Oakville and Whitby, but we have no doubt that he is at present studying the proposition, or has someone else studying it for him, and that he, too, will be persuaded to try and serve the public just as the C.P.R. is trying to serve the public.

One of the holdbacks of the Grand Trunk has always been, thru misunderstanding or otherwise, an idea that they do not wish to accommodate the people, or to put it in another way, that the C.P.R. were more anxious than the G.T.R. to accommodate the people. Now, Mr. Hays ought to try and remove that prejudice, because he has a great railway, he has a fine double track, he was first in the field, he touches all towns at the front end, and is in the best position to make good. We, therefore, look to him to move toward a suburban service for Toronto, and to come up and see Toronto often, and to avoid any kind of friction in having to be dragged before the Railway Commission to do a duty that seems to be a part of the great franchise which he controls.

claration that his system is based on hope, not fear, and would enable a man to effect his own release.

WHAT ARE THEY?

While making the great excavation for the new building of the Robert Simpson Co., Limited, the excavators, at a depth of 30 feet from the surface, came upon a bed of soft clayey substance, much softer indeed than the clay above.

But it puzzled the excavators to identify the nature of the pieces of wood discovered in the clayey bed. They were perfectly preserved, being whole and complete and in the natural state in which they were buried.

The wood itself was very hard and the grain distinct, and when sawed thru had a character and appearance somewhat like rosewood. Several naturalists, among them Professor Coleman, who heard of the discovery, came to investigate these very many years ago, but they were just as puzzled as the excavators, and no knowledge of the exact nature of the pieces of wood has been obtained by the Robert Simpson Co., Limited. What are they?

Ducey v. Ducey enlarged till June 3 to procure evidence.

Eddy v. International—R. MacKay for plaintiff moved to continue injunction till trial. Granted. Costs in case unless trial judge otherwise orders.

Martin v. Fish—Enlarged till June 3. Injunction continued.

THE CHAMPLAIN SOCIETY.

Election of Officers of Organization Doing a Useful Work.

At the annual meeting of the Champlain Society byron E. Walker was elected president, Sir Mortimer Clark, Sir Louis G. Jette, Quebec; Sir D. H. Macmillan, Manitoba, and the lieutenant-governors of New Brunswick and British Columbia, Prof. W. R. and Prof. W. A. Colby (McGill) were elected secretaries, and the treasurer, which had been held by the late Dr. E. B. was left vacant. The council was re-elected.

The society, since its formation three years ago, has been printing original material dealing with early Canadian history or reprinting valuable books relating to this subject and now out of print. The first volume of Les Caribou, a 17th century writer, has been issued, and Dehny's work on the natural history of Acadia, edited by Prof. Ganong, has been magnificently reproduced. Menon's work on feudalism and seigniorial tenure in Canada will be published in the fall. In this some part of the original French has been regrettably left untranslated, tho the expert knowledge of Europe might have been utilized to render the ancient legal phrasing.

Twenty other volumes are under consideration and all the leading libraries are members of the society, two volumes a year being supplied for the subscription. E. E. Burpee's translation of the journal of the Vesputry, father and son, early explorers of the west, will be issued soon as a tribute to western interest.

Besides those mentioned there were present T. Langton, K.C., H. H. Langton, librarian, university; G. W. Alker, librarian, Osgoode Hall; Alex. Fraser, provincial archivist; Prof. Langland Bain, Victoria, and W. H. Sheppard, Stratford.

"Ring Rule" in Presbyterian Assembly.

KANSAS CITY, Mo., May 28.—That the general assembly of the Presbyterian Church of the United States of America shall not intend that a few men shall dominate the executive power of the church, was shown to-day when the body, after 35 minutes of lively debate, adopted a resolution providing that no paid agents of the church boards of the general assembly shall be members of the executive committee which will direct the administration of church affairs.

Advisable to Buy.

When it can be stated without exaggeration that the price asked is exactly one-half its real value, then it is advisable to buy. This is the case in regard to the stock of clothing which is being sold by Gough Bros. This stock is one of the finest in Canada and was bought by Mr. Gough at a price which allows it to be sold at even less than half its value. The stock includes the very latest styles in men's and boys' clothing, and if ever an opportunity presented itself to the careful dresser to fit himself out at a price that is really astounding, surely this is the one.

MAN INOCULATED WITH GERMS OF TUBERCULOSIS

Submits Himself a Martyr to the Cause of Science—Believes He Will Be Cured.

NEW YORK, May 28.—In the hope of discovering a preventive and cure for tuberculosis, Frank Merritt, who volunteered to surrender his body in the interest of humanity and medical science, has permitted a physician to inoculate his system with the germs of the dread disease.

Merritt, who is a middle aged man, was once a prosperous bookbinder in a western state. According to his story his wife and a promising son, victims of tuberculosis, their health failing to such an extent that he finally failed in business and became a wanderer.

It was here that he first announced his willingness to die if his death might aid in any way in combating the spread of tuberculosis.

FOR A HOSPITALITY FUND. To Promote Friendliness Among the Nations.

LONDON, May 28.—In replying to the deputation which came to ask the government for financial support for the peace congress, which will assemble in London in July, Chancellor Lloyd-George last night announced that his suggestion and in view of the importance of promoting international friendliness the government has sanctioned the setting apart of a sum from the exchequer each year, the amount being as yet not decided, to organize the country's international hospitality on a more regular basis.

MAKING NO PROMISES JUST NOW. A bridge from Hawkesbury to Grenville at a cost of \$100,000, which Ontario has promised to build, was the proposal laid before Premier Whitney yesterday by a deputation, Quebec has promised \$25,000, the Dominion Government the balance.

COBALT JEWELER ACQUITTED. COBALT, May 28.—In the police court Crown Attorney Browning of North Bay withdrew the charge against J. J. Hall, jeweler, of stealing one from some of the mines here. This leaves Hall a free man. He was, however, called as the main witness in the case of James O'Reilly, who was also acquitted.

HEARST SAILS FOR EUROPE. NEW YORK, May 28.—William R. Hearst was a passenger on the Cunard liner Lusitania, which sailed yesterday for Europe.

ATTEMPTED SUICIDE. MONTREAL, May 28.—J. Reinhart, of the Sun Fire Insurance Company, tried to commit suicide.

DEALINGS ARE TAME, SENTIMENT APATHETIC.

World Office, Thursday Evening, May 28. Dealings were very tame at the Toronto exchange to-day. Buying orders were scarce from the public and selling orders were almost equally small.

Deals were reported on the exchange at lower prices, but these transactions were not significant in the eyes of traders. Sao Paulo was offered much more freely than for some time, and unless the pool is prepared to take the stock, lower prices are certain.

HIS CLAIM TO FAME.

Was a Fake Story of a Royal Spree. MONTREAL, May 28.—Richard W. O'Bryan, who was for some years connected with the local press, and who for a brief period filled the public eye thru a libel against Prince George of Wales, when that member of the royal family was in this city in 1880, died here to-day of pneumonia.

O'Bryan was the proprietor of a paper called Town Topics, a mean imitation of the New York article. O'Bryan at the time of Prince George's visit told a wildly imaginary yarn of a spree and a fight in which the present Prince of Wales was a prominent figure, the prince at that time being in Montreal as the captain of the British gunboat Thetis.

BANK OF MONTREAL

NOTICE is hereby given that a dividend of two and one-half per cent, upon the paid-up capital stock of this institution has been declared for the current year by the directors of the bank, payable at its banking house in this city, and at its branches, on and after Monday, the first day of June next, to shareholders of record of 18th May.

TWO FRACTURED SKULLS.

The Results of a Foolish Prank at Montreal. MONTREAL, May 28.—Two girls lie at the point of death, and two young men are seriously injured as the result of a foolish trick last night. The four were out driving, and the girls were eating chocolate. When the box was empty, Miss May Lockery threw the box at the horse's head, and the animal was scared and ran away, landing up against a telegraph post and upsetting the buggy.

Came in on Car Trucks.

Sam Singer made the trip from Buffalo to Toronto yesterday afternoon in a parlor car, but underneath instead of inside. Sam is 19 and a race-track follower. He got out from under the car, but he was not seen for the black on him. This attracted the attention of the station constable, and P.C. Hunt sent him to No. 1 police station.

Fined Over Half a Million.

SALEM, Ore., May 28.—Judge Burned by the circuit court to-day sentenced the first of a long line of Portland bankers, to five years imprisonment and to a fine of \$750,000. Ross recently was convicted of wrongful conversion of \$250,000 of funds in his capacity as president of the Title Guarantee and Trust Company.

BLAKE WRITES A LETTER

Continued From Page 1.

Mr. Blake. "One can now approach this department with perfect confidence that what is right will be done. The statutes governing the working of the department, its rules and regulations, are observed. They have been simplified and made plain. The lands, the pulpwood regions, the mines and minerals, now go without grant to the persons entitled, and the province receives as large a share as is compatible with due regard for the rights of the explorer, the purchaser and the miner."

Referring to educational matters, the letter says:

"If you had not done anything for us but what you have accomplished in respect to the Toronto University we should all give you our deepest thanks. When you took office it was in an almost moribund condition. The funds absolutely necessary for progress and expansion were withheld. Like a true statesman you surveyed the whole situation and then inaugurated a period of progress which is simply marvelous to those who knew the university as it was and as it now exists. Now the least pleasing feature of this splendid undertaking to which we look to you as our leader is the fact that it is not the rich man's university, but that, owing to the bounty of the province, no young man need be excluded from entering into and receiving the benefit of the splendid opportunities that are here presented."

The Power Issue.
The power question is lengthily dealt with and Hon. Adam Beck and his commissioners congratulated. Then Mr. Blake says:

"I do not think it would be too strong language to say that you have been unfairly and wickedly pursued by a band of men whose one object was to compel you to abandon what was in the interests of the province in order to fill their pockets. A band of men induced a newspaper to make daily attacks upon you in order to endeavor to force you to be false to the province in order to enrich themselves. But let us calmly look at the position in which you were placed:

"(a) When you took office you found that your government was bound by this clause:

"It being agreed that the commissioners will not themselves engage in making use of the water to generate electric or pneumatic power except for the purposes of the park."

"Therefore, the power the government nor the commission had the right which it was said you should have utilized. You were debarred from this. It was on this explicit undertaking that the three companies entered into the agreements which they had made and undertaken to pay, and have paid, the rent therefor. If any bargain had been attempted to be made by the commission or the government with any of the companies, the court, by injunction, at the request of either of the other companies, would

build the transmission lines to answer the demands not merely to Toronto, but to other portions of the province; (b) to build an electric railway along the transmission line to repay the outlay on the land you would have been forced to acquire; (c) to manage the whole of this varied concern with its many ramifications and complications, which would soon be called by those now insisting that you should have pursued this course as the great Whitney power folly.

"How ludicrous the remarks must appear that were made as to some knowledge that you alone possessed about the Electric Development Company desiring to arrange for sale. It would be difficult to name a financial man in the city who did not know that this company was prepared to deal with any person, government, or corporation, who would enter into a bargain with it. At a later date Mayor St. Aubin's position was well known. There was no secret in the matter. The purchase was no snap. The prospect would not have been purchased except by those already interested in the undertaking, and who to save an investment already made and to feed another undertaking in which they were interested, thought fit to close an offer which no other person could, would, or should, have taken up."

C. N. R. Guarantee Proper.
Mr. Blake is glad that as to the pulpwood limits, from the time that you were able to wrest back for the benefit of the province a portion of its estate which had been diverted to the workers of industry that had sought to rob the province.

"It also seems to me that you were perfectly justified in not preventing the legislature from voting to the Canadian Northern Railway Company a guarantee which turned a doubtful security into a good one for the province and at the same time insured the completion of the work needed by the public. The position of the province was thereby bettered and the chance of loss reduced to a minimum.

have restrained such act. There was, therefore, to begin with, this absolute prohibition against your doing that which these gentlemen averred, you should have done, and find fault with you for not doing.

"(b) The Electric Development Company was not, and took good care that it should not be, in default under their contract, and there was therefore, no power or right to forfeit. Whatever else might happen to the company, the bondholders, directors, and shareholders would be sure to prevent such default, as, thereupon, all the property of the company would be lost. This was the last thing which they would permit to happen and took good care that it did not occur."

Contract Was Best.
"(c) But, apart from the above reasons (a and b), on the 12th of August, 1907, the hydro-electric power commission, after vainly endeavoring to procure an agreement with the Electric Development Company, entered into a contract for the supply of all the power it needed up to 100,000 h.p., the terms of which contract absolutely precluded the commission from purchasing out the Electric Development Company. The hydro-electric commission had then a valuable and binding contract for the supply of power on better terms than they could then have obtained had they been free, and had they the power to buy out water rights to the Falls.

"(d) It would have been dishonorable on the part of the commission or the government even to have sought to break the binding contract entered into in good faith and which formed the basis for carrying out the mandate of the people and afforded on most advantageous terms the needed supply of power.

"(e) For these reasons it was absolutely impossible for the commission or the government to have expropriated, purchased, or procured by forfeiture or otherwise, the property of the Electric Development Company. There was no right or power to enable them to do so. But, even if that were not the case, it would have been an act of folly and of treachery to have been led into the abandonment of a valid and binding contract, entered into in good faith, and which gave, after negotiations which had lasted for a year, a supply of power for forty years on terms that enabled the commission and the government to comply with the undertaking given to the people, and which is satisfactory to the municipalities, that are gladly accepting the boon thus given to them."

Evils Averted.
"(f) What a case your enemies would have made against you if you had been foolish enough to seek to abandon this first-class business bargain and replace it with a white elephant, which would have (1) occasioned an enormous outlay of capital, amounting, probably, to twenty millions of dollars; (2) given you power beyond the needs of the province and compelled you to seek to peddle the balance in the United States; (3) compelled you to rearrange the works at the Falls at a large expenditure; (4) to re-

fracture the transmission lines to answer the demands not merely to Toronto, but to other portions of the province; (b) to build an electric railway along the transmission line to repay the outlay on the land you would have been forced to acquire; (c) to manage the whole of this varied concern with its many ramifications and complications, which would soon be called by those now insisting that you should have pursued this course as the great Whitney power folly.

How ludicrous the remarks must appear that were made as to some knowledge that you alone possessed about the Electric Development Company desiring to arrange for sale. To be Effective You Don't Need to be Harsh

Nature is never violent. When any bodily function goes wrong, she corrects it in gentle ways. Please do as Nature does. Don't seek to aid her with violent physic—with salts, castor oil or pill cathartics. They ruin the stomach. They harden the bowels, just as constant irritation will callous the skin. Then the bowels cease to supply their own laxative. That's chronic constipation.

You can aid the bowels just as effectively in a gentle way. That way is Cascarets.

They act without pain, without irritation. They are just as harmless as food. If the bowels are calloused, you may need one Cascaret twice a day for a time. But you'll need them less and less. For Cascarets restore the natural functions. Soon you won't need them at all.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure to get the genuine, with C.C. on every tablet. The box is marked like this:

Political Gossip

It is rumored on excellent authority that Premier Murray will resign to contest North Cape Breton and Victoria in the Liberal contest, and will enter the Dominion cabinet as either minister of marine or minister of militia. But he has resigned here. He will also resign to contest the same riding as Murray's successor to the premiership of Nova Scotia.

Sixteen thousand eight hundred and forty-three votes have been registered in Winnipeg. A despatch from Oshawa says: In regard to the political campaign in South Ontario, it is learned that the old war horse, Mr. Calder, is making good progress, and from reports received we are led to believe that he will be again victorious. Several large meetings are arranged for the larger centres of the riding, notably Port Perry, Whitby and Oshawa. The meeting for Oshawa is set down for June 3.

R. D. WARREN Liberal Candidate for the Legislature in Halton

R. D. Warren was born 40 years ago near Acton, County of Halton, son of the late John Warren, who for many years was prominent in county affairs, being at one time warden.

For 20 years he was publisher and proprietor of The Georgetown Herald. Mr. Warren has been reeve of Georgetown and warden of Halton and has always taken an active interest in public affairs.

when G. W. Fowler, M.P., of "wines, women and graft" fame, is to address the audience, along with Peter Christie, M.P., Mr. Calder and others. Mr. Carnegie, the Liberal candidate, is relying entirely upon the glad hand. He is canvassing the side-lines, and religiously refraining from expressing himself upon any political subjects. The chief plank in his platform is to say nothing, and very little of that.

Ernest Christensen's name was struck off the registration list at Ottawa because he has not been naturalized. He is a Dane and has resided here 12 years. The law, of course, refused him a vote, but the country has long had his services as a corporal in the 43rd Regiment, and he has taken the oath of allegiance to King Edward for that regiment.

George W. Verral, Liberal candidate in West York, is in favor of the repeal of the three-fifths clause. Hon. John Dryden will speak at Oakville, June 1, Burlington June 2 and Georgetown June 6. The local Socialist candidates for the legislature will hold open air meetings next week. Dr. C. Hossack may do the same.
