BRITISH ORGANIZE NEW LINES TO EAST OF OOSTVERNE

General Plumer's Infantry Finishes Advance, Consolidates Captured Positions and Repulses German Counter-Attacks From Two Directions--Fuller Returns Show Success Complete in Every Way.

By R. T. Small, Staff Correspondent of the Associated Press. British Headquarters in France, June 8. (London)—Comparative quiet reigned today along the front of the British attack which wrested the Messines Ridge from the Germans Thursday.

The British had to level many bits of woods and then they sprayed these woods with drums of boiling blasting oil, which burned them away, and made attacking across what would be considered an impassable natural defense, quite an easy matter.

The German forward defenses consisted of an elaborate and intricate system of well-wired trenches and strong points forming a defensive belt over a mile in length.

This Level is Invaluable to the Farmer

WITH FARM HELP SO SCARCE, labor-saving machinery becomes more than ever a necessity. And witness in this level a device that is indispensable to up-to-date farming--saving work and making for efficiency in the aid it affords in "taking sights." Here are some of the numerous operations in which it proves invaluable:

- Fencing--ascertaining without delay or difficulty an absolutely accurate line.
- Grading the fall for ditches.
- Locating drains.
- Planting an orchard--determining the lines for the setting out of the young trees.
- Repairing or building barns.
- Ascertaining the height of springs.
- The Level proper is of black nickel. It is put up in a mahogany box with carrying strap, and is accompanied by trivet plate, which enables instruments to be set on the wall of a building where it is impossible to use the tripod. The latter is made of hardwood and bell metal. Moreover, the Level can be used without previous experience.

Price of Farm Level, complete as described, is \$27.50. Optical Department, Third Floor, James St.

Who Can Measure the Pleasure of a Victrola?

'Twere Hard to Limit Its Allurements, For, Verily It Meets Your Every Mood With Music to Comfort, Stimulate or Amuse You--What Household Would Be Without It?

OLD PLATO IN HIS WISDOM said that Music to the mind is as air to the body. With what elation would he have hailed this great modern boon, which makes Music--sublime, soulful Music--as accessible almost as air!

Bring a Victrola into your house, and the Music of the loveliest voices and the greatest musicians in the world is at your command. You may call upon it to charm you at any moment you will. Galli-Curci and Caruso will sing for you. Mischa Elman will play for you. And not only this, but Ellen Terry will recite for you, and James Whitcomb Riley will tell his fascinating tales to the children.

The particular machine our artist has drawn is Victrola X., which you may obtain in either mahogany or oak case. Below the sound box is a cabinet with record shelves. But to realize its sweet, clear tone, you must come into the Musical Instrument Department and hear it played--unless you are already familiar with its high musical excellence. For 'tis one of the most popular of all Victrola models.

This is Interesting

TOKENS OF GOOD-WILL between the Allies crop up in the most unexpected places. In the French color cards for Autumn just received from Paris, their publishers pay us the pretty compliment of christening many of the new shades with English names. Three tones of grey, for example, have been entitled "Tank" grey, "Navy Blue" is entered under its own name, and three lovely lake-like blues, which will surely be known to fame and fashion, appear on one card as "Ontario."

A Passport Case--This is a new object of interest at the counter where bill-folds and wallets of various forms are to be found. It has been designed specially to accommodate the imposing document of recent necessity, being in envelope style, secured with a strong dome fastener. It may be had in black goat seal at \$1.50, and in tan calfskin at \$1.00. Incidentally the idea might be utilized by minds perplexed over what to give to "Daddy" or "Hubby" by way of birthday present.

And apropos of travelling, the woman who is contemplating a journey and wishes to fortify herself against loss and theft of money, is afforded an splendid choice of safety purses of many convenient sorts. A large, flat pocket attached to a strong belt--to be worn under the skirt--is procurable in linen at 50 and 75 cents, and in suede at \$1.50 and \$2.25. Jewel cases suspended from a long tape or ribbon, to be worn around the neck, are of white cotton or silky material outside, with inner case of chamolite. These are 25 and 35 cents. Chintz "Pill-box" equipped with numerous compartments, lined with rubber cloth, for the carrying of brushes, sponge and other toilet articles, are available from 75 cents to \$4.00.

If you have been accumulating photographs lately you will be glad to hear of the wonderfully nice frames which are obtainable in very clever effects of satinwood, rosewood, mahogany and a grey oak finish. Many of them show a delicate choice of veneer wood, and are equipped with back and stand for use on a desk or mantelpiece. They are made in innumerable sizes to fit all the usual forms of picture from postcard to cabinet and large older style. Prices run moderately from 40 to 85 cents. Just the thing for soldiers' photographs, as one person after another as they catch sight of them.

The Scribe

WILL ASK BISHOPS TO DEFINE SUNDAY

Synod Invites Guidance From Upper House on Day's Observance.

THE FINAL SESSION

Anglican Gathering Ends Its Labors at Late Meeting Last Night.

Marking the closing session of the Synod of Toronto at St. James' Parish House last night was a protracted discussion in connection with the observance of Sunday, and a plea by the Rev. Dyson Hague for a national day of prayer, the recognition of God, and the consequent application to the victory for the allied arms. During the day many subjects of great importance were discussed, but the attendance at the final session was small.

The report of the committee on the observance of the Lord's Day was lengthy, and clauses dealing with observance in relation to modern habits and customs preceded a recommendation urging the primate and the house of bishops to have prepared and to promulgate a definite statement of what the church considers to be a well-kept Sunday, the whole report being criticized and amended considerably. It gave in detail customs of modern times which Archbishop Warren, who presented the report, while he would not condemn, thought should

be embodied in order to assist the higher authorities in carrying out the request. Finally, after many amendments had been made, the bishop suggested that it might not be wise to send the bishops a thesis, but rather to request them to have prepared a pastoral regarding the observance of Sunday. This was carried.

Speaking on a motion to the effect that the synod should once more reassert its sense of the need on the part of the nation of the recognition of the overruling sovereignty of God in the war, Rev. Dyson Hague urged the appointment of a national day of prayer. He deplored the fact that statesmen thought so much of the material side of the war. He referred to the speech of Lloyd George in which the prime minister stated that ships were necessary to win the war, making no mention of the supreme power of God. "Our nation seems to shrink back from humiliation--from confession," he said, referring to the need of public prayer. "After Trafalgar a day was given over to supplication and thanksgiving. The beating heart of the nation is religious and statesmen, whether Roman Catholic, Protestant, Conservative or Liberal, must all know this." The resolution received hearty endorsement.

For Returned Soldiers A committee composed of Rev. Canon Dixon, Ven. Archbishop Inglis, Rev. H. A. Brooke, Rev. T. G. Wallace, W. T. Hallam, R. Macnamara, and Messrs. D. L. Hill, W. H. Pepler, M.D., J. B. Ormsby, J. M. McWhinney, G. H. Kilmer, and F. C. Jarvis, was appointed at the afternoon meeting to deal with the whole question of the responsibility of the church towards returned soldiers. In moving the resolution for the appointment of the committee, Rev. W. Allan deplored the lack of interest shown by the church in this regard. "Three hundred dollars a year is nothing for a widow to starve on year in year out, because she was foolish enough to marry a clergyman,"

declared Dudley Hill, in discussing the report of the widows' and orphans' fund committee. He claimed that the church is not supporting clergy as it should, and maintained that if there is any fund which requires wide support it is this one. "The whole status of the fund should be brought before the people," he said.

A resolution by Bruce Murphy, of Orillia, to the effect that the canon on the widows' and orphans' fund be amended by placing every clergyman upon the fund without assessing the clergyman, and that the whole annual sum required be levied on each parish pro rata in support of the benevolent fund was referred to the executive. There are at present 29 widows and seven orphans in receipt of pensions from the fund as compared with the same number of orphans and 26 widows a year ago in the report. Chairman Provost Macklem pointed out that the amount provided was totally inadequate in view of the excessive prices for the necessities of life, but a payment of even this small annuity would be some impossible if the parishes did not respond better to their assessments. The committee has exhausted its resources in a vain endeavor to persuade the delinquent parishes to pay their dues.

Rev. R. L. Sherman and Dudley Hill were appointed to the diocesan committee on Jewish work. In this connection it was reported that work at the Nathaniel Institute, 91 Bellevue avenue, which was opened in November, 1916, has amply justified the change in location. Classes in callisthenics, sewing and cooking have been carried on with considerable success. The committee has not yet been successful in securing a properly qualified Hebrew-Christian to preach the gospel in the Yiddish language. The synod authorized the superannuation fund committee to place the names of the Revs. L. A. Trotter and W. S. Westney upon the list of auxiliants to receive amounts according to their respective terms of service. The allowances to date from February 1, 1917.

Since the outbreak of war there has been a steady decrease in the membership of the Brotherhood of St. Andrew, owing to enlistments. Between 60 and 70 per cent. of the members have joined the army. At the morning session Rev. H. B. Thompson made some strong remarks in connection with the distribution of clergy in the diocese and while they were met with some applause he was mildly censured by Bishop Sweeney. The discussion came up at the consideration of the report of the Diocesan Mission Board and the clergyman inferred that newly-ordained men were sent to the rural parishes and allowed to remain there while others were given more important and central charges.

No Preference. The bishop declared that this was the last time he would explain his actions in such a manner to the synod. He hoped the impression would not get abroad that the diocese was administered in a "haphazard, higgledy, piggledy" way. He wanted it distinctly understood that there was no question of preference at all.

A resolution expressing approval of the work of the Toronto Juvenile Court was moved by Rev. T. W. Wallace, who declared influences had been at work to decry the work carried on and abolish it altogether. "That would be a great calamity," he said. "The juvenile court has more than justified itself in this and other cities."

"The newspapers have been calling down this court because Commissioner Boyd was the only man strong enough to say to the reporters, 'You are not going to make fun of the children,'" declared A. Wilson, who is connected with the Big Brotherhood

Movement. Rev. Lawrence Skey, Canon Dixon and Prof. Cochrane all spoke in high terms of the court and the commissioner.

Amend Code The clause in the criminal code, which was carried. The changes requested would make adultery a crime, and raise the age of consent. A resolution condemning race-track gambling was carried by the synod. "We ought to emphasize clearly that we are not opposed to racing, but that we are strongly opposed to the business of race track gambling," declared Archbishop Inglis in presenting the report of the committee on temperance and social service.

A clause expressing gratification that progress had been made in Ontario in dealing with the feeble-minded was adopted and a motion proposed by Rev. Canon Plumtree endorsing the proposal to ask the government to appoint a commission to investigate the subject was carried.

Clause Struck Out. A resolution calling for the prohibition of manufacture and importation of intoxicants for beverage purposes during the period of the war and some time after, and urging that the manufacture of such liquors be not resumed after the war without the taking of a referendum and the vote of the people heard, was moved by Archbishop Inglis, but met with some opposition with the result that the last clause was struck out.

Chancellor Worrell objected to the clause regarding the referendum, declaring that he personally did not believe in prohibition except as a wartime measure.

POPULAR WITH BURGLARS.

At an early hour yesterday morning the cigar and barber shop of Edward Adams of Newmarket was broken into, and more than \$100 worth of tobacco and cigars stolen. This is the third time in two years that this store has been burglarized.

The General Assembly

By Dr. Quill

Montreal, June 8--Showery weather prevails, hence every commissioner sticks both to his umbrella and his blue book. The report on church union takes place on Saturday at 11 o'clock; that means it will be introduced and left over to Monday, when the intervening day of rest will give time for quiet exchange of opinion.

Dr. Alex. MacGillivray, Toronto, senior convener of Sabbath schools and young people's societies, resigned, after ten years of most valued service. The reason given was that he felt he owed it to his congregation to conserve all his strength for their benefit. His successor has not been named.

The Rev. W. J. Knox, London, and Rev. J. S. Robertson spoke on the question of religious education. The former dwelt upon the fact that such is the root which produces the fruit. Save the children, and the church is secured. Mr. Robertson outlined the policy of the committee, namely, to perfect the organization by means of presbyteries, to stimulate interest and instruction thru Sunday school institutes, and to add three of the women leaders to co-operate. At present only men are on the executive. Finally, he urged that the great work was not organization, but the conversion of the children and young people to God.

Prof. Kilpatrick conducted a noon hour spiritual service. The business of the assembly was discontinued. It was a powerful address, and a rousing appeal to the church to awaken to the needs and opportunities of the world today. He re- sults in Toronto, Ontario, was arrested last night on a charge of vagrancy by Detectives Twigg and Young on York street. When searched at Agnes street police station, Brock had a large quantity of heroin and morphine and a hypodermic outfit in his possession. A portion of the drugs was made into packages.

ASSEMBLY SCORES SUNDAY WAR WORK

Presbyterian Delegates From West, However, Travel on That Day.

MISSIONS SUFFER

Many of Laborers Go to War—New Hymn Books.

Montreal, June 8.—At this afternoon's session of the assembly resolutions congratulating Sir Robert Borden on the prohibition of race track gambling until after the war, and expressing gratification at the spread of prohibition legislation in Canada were adopted. The federal government was called upon to prohibit the manufacture of alcoholic liquor in Canada.

Rev. J. G. Shearer moved a resolution deprecating Sunday desecration even in cases of alleged "necessity of war," which was carried, but not without a protest from Rev. Hugh McKellar, Calgary, because the transportation arrangements for the commissioners from the west were such that it was almost impossible to reach the general assembly on time without traveling on Sunday.

"When we break it ourselves," he said, "it is no use to urge observance of Sunday on others." Rev. Dr. Sommerville explained that it had been understood that ministers and elders from the west could arrange to stop off over Sunday on their way east.

Home Missions Suffer. The report of the eastern section of the home missions stated that, as in the western section, the work was suffering because so many men had enlisted. Of sixty-five men working two years ago, twenty-seven had gone to the war. It was mentioned, incidentally, as James Ross, superintendent, rose to speak, that he had four sons at the front, and this was greeted with applause.

Historical Committee. The Presbyterian Committee for the Preservation of Historical Documents held a luncheon at noon today, which was attended by more than one hundred commissioners. Dr. Alex. Fraser, of Toronto, who presided as convener of the committee, told of the work of organization that had been done during the year. Addresses commending the importance of preserving a reliable history of outstanding events in the church were delivered by Rev. Dr. Baird, Prof. Bryce, Prof. Ballantyne, Prof. Jordan, Rev. Dr. Love and Rev. Dr. R. P. Mackay.

The report of the historical committee was presented by Dr. Alex. Fraser, of Toronto. Rev. Dr. Robert Campbell moved, and Rev. Dr. Ballantyne seconded, the adoption of the report, which was agreed to.

Historical Report. The first part of the report provides for the collection and preservation of church records pertaining to congregations, presbyteries, synods and general assemblies, by voluntary committees, which form simple, but apparently effective, machinery for the object in view. An elaborate schedule for data is drawn up for the guidance of collectors, covering almost every conceivable activity of church life. This part is very much in the nature of statistical work. The second part is called historical, as distinguished from the annals, and aims at reaching the inner life of the church and its influence as manifested externally in the spirit of the pulpit, in personal character, in the moral and social state of the community, in the public conscience, in legislation, and in the administration of government. An effort will be made to discern and place on record by means of brief memoirs and character sketches the evidences and quality of the spiritual forces residing in and emanating from the Presbyterian Church in Canada. It is proposed to collect data that will show the character of the preaching within the church; to compile a record of what the church has done in this great war, and biographical data of ministers and laymen who have left their impression on the church. Material collected will be placed in the custody of the historical committee, deposited in the colleges of the church.

In connection with the report on church praise Dr. W. J. Day explained why the cost of hymn books had advanced, and announced that the new hymn book would be out next January. Rev. Dr. Sedgewick voiced the majority opinion by suggesting that the view of the high cost of living, the whole matter be left over until the war is at an end, with the introduction of new hymn books, every Presbyterian family in Canada would have to buy one, and general applause followed his suggestion, which will be acted upon.

A resolution favoring woman suffrage through Canada was passed, as moved by Dr. J. G. Shearer. The assembly accepted recommendations from the Sunday school board, urging:

First, strong presbytery leadership in the promotion of Christian education; second, the selection of specially qualified men as conveners of committees; third, that presbyteries arrange a conference with one of the boards to explain the new training courses for leaders in this work; fourth, that three women be appointed to the board, a new feature for it, but not an innovation; and, fifth, that the church work in the closest co-operation with all other denominations and associates engaged in this work, the retaining direct supervision of its own Christian education.

After the business in connection with the Sunday school board had been disposed of, Rev. Dr. McGilivray, its convener for ten years, announced his resignation. The moderator accepted the resignation with regret.

R.C.D. SMOKER.

The Royal Canadian Dragoons gave a successful smoker last night at Stanley Barracks. Among those present were the mayor, Rev. Russell Maclean, garrison chaplain, Major Hetherington and the officers of the barracks, and representatives of the city regiments. Those taking part in the program included the "Shrapnel Dodgers" and several artists from the city theatres.

MANY AMERICANS EXPECTED AT CAMP

Good Results Predicted From British Recruiting Mission in United States.

Camp Borden, June 8.—Good results are hoped for by the headquarters staff of the British recruiting mission in the United States. It is felt that a large proportion of the men who volunteer will be attracted by the larger pay of the Canadian service and the fact that their fare will not only be paid to come here, but if, on arrival they are found to be unfit by the medical board, they will be given their return transportation. Preparations are well in hand to anticipate any rush which may come. The quartermasters' department will not be caught napping. There is now a large supply of uniforms available, the there may be an occasional lack in odd sizes, as contractors are apt to underestimate the physique of Canadian manhood and go strong in the smaller sizes.

Week-End Leave Popular. Camp is quiet this afternoon after the departure on two special trains of the men going on week-end leave. The C. P. R. train carried nine coaches and the G. T. R. six. The C. P. R. has decided to run its special from camp at 1:30 p.m. daily, including Sunday. This will connect with the Winnipeg-Toronto train at Ypres Junction. Extra cars will be attached, if necessary, for the return to the regular train leaving the Union Station at 9:15 a.m. In view of the time these specials leave camp, week-end leave will begin at 1 p.m. Friday instead of 2 p.m., as formerly announced.

All available buglers and trumpeters in camp have been notified to attend the school of bugling and trumpeting, which will be held daily at the practice area east of the Y. M. C. A., beginning at 9 a.m. Monday next.

Lieut. Alfred F. Bastedo, A. M. C., has been appointed to the Army Medical Corps Training Depot No. 2, with the rank of captain. Authority has been granted for the employment of Capt. W. L. Slixoo, C.

A. M. C. at the Wilton Military Hospital. No Distinction for Officers.

The attention of commanding officers has been called to the fact that they are committing a breach of regulations if they permit warrant officers under their command to dress in uniforms other than the authorized pattern, which is the same as that of privates. Commanding officers may, however, sanction a warrant officer to wear clothing of a better material than that of the rank and file.

Judge Morson's Tax Case Will Be Heard Next Week

A motion that somewhat surprised the legal department of the city was made before the full bench of the second divisional court of the appellate division at Osgoode Hall yesterday afternoon by R. A. Reid, counsel for Judge Morson in the now celebrated income tax case, which involves the question of the right of the province to tax on income the salaries of Dominion Government officials. The motion was for an order against the city to set the case down for hearing and argument. Mr. Colquhoun, of the city's legal department, said he understood that the court had made an order dismissing the appeal for want of prosecution. The court said that they had not made any such order, and he proposed to do so. After some further argument by counsel for Judge Morson, the court directed the appeal to be set down for argument next week by the first divisional court, presided over by Sir William Meredith, chief justice. The various questions involved in this long-standing dispute will then be fully thrashed out, and afterwards carried to the privy council.

U. S. WHEAT CROP WILL BE SMALL

Rigid Economy Necessary if Allies' Needs Are to Be Met.

Washington, June 8.—America's 1917 wheat crop, as forecast today by the department of agriculture, will fall below normal despite a prospect for a more than ordinary yield of spring wheat.

A total yield, estimated at 658,000,000 bushels will give the country 16,000,000 more bushels than last year's crop, but with the heavy demands from abroad and virtually no reserve store, it will not meet war needs unless the country practices the most rigid economy.

INJURED AT BARN RAISING.

Special to The Toronto World. Exeter, June 8.—Yesterday while raising a barn on the farm of William Pincombe, Paul Coates, township treasurer, of Osborne, and Richard Hunter fell a distance of 25 feet. No bones were broken, but as yet the full extent of the injury to either has not been ascertained.

BOY IS SCALDED. William Nichols, 13 years old, of 45 Tynemouth street, was admitted to the Hospital for Sick Children suffering from injuries sustained when he fell into a tank of hot water at his home yesterday afternoon. He was scalded about the lower limbs, but is progressing favorably.

MUST PRODUCE CHILD BEFORE CASE PROCEEDS

Mother Enters Action to Secure Custody of Her Little Daughter.

Justice Ferguson at Osgoode Hall yesterday afternoon granted a writ of habeas corpus requiring the Children's Shelter to produce in court the little daughter of Mrs. Kate Cox so that the court may determine who shall have the custody of the child. The application was made by Mrs. Cox, mother of the child, who separated from her husband, J. H. Cox, prior to his enlistment. Cox was killed in action last July, and before he went overseas lived with the little girl, some time later the mother got the

Kelly Now Acting-President Of the Grand Trunk Railway

Who will be the new president of the Grand Trunk Railway? is the question that is causing much speculation in railway circles. Three men are mentioned as probable successors to E. J. Chamberlin, whose resignation is believed to have taken place from the fact that all departments have been instructed to report to and take

COLLAPSED ON STREET.

Mrs. Mary Klapey, 358 West King street, aged 38, an Austrian, was seized with illness opposite her home yesterday afternoon, and died while being admitted to the General Hospital from the police ambulance. Death was due to hemorrhage. The woman was picked up by David Lytwyn, 245 West King street. He notified Policeman 49, who called the ambulance. The woman was identified last night by her husband at the morgue.

ADVERTISE IN THE WORLD

FALL OF BAPAUME WAS CULMINATION

Definite Objective of British Army's Advance All Last Summer.

VICTORY DEPICTED

Films Now Being Shown a Condensation of Six Months' Action.

There has this week been shown at the Regent Theatres a battle picture, entitled the "Fall of Bapaume." This title does not mean that there was only one action preceding the surrender of that town to the British. There was a series of battles in a campaign which began on July 1, 1916, with the battle of the Somme. It continued all last summer with Bapaume as the set objective of the British. It was a case of deadlock during the bad weather of the fall and winter, with trench-raiding the principal activity of the armies in the muddy trenches. Then at the first of spring weather the British offensive continued. The Germans evacuated Bapaume after two years of occupancy, and retreated to the "Hindenburg line."

The picture which has been shown in Toronto this week and which concludes its engagement at the Regent today, brings the history of this great struggle up to the entry of the British into Bapaume, showing the devastation and ruin which the Germans left behind them in anger and spite of their enforced retreat. It is a picture of victory for the British. It is a picture which condenses the action of six months into six reels, which are thrown upon the screen in an hour and a quarter.

There is no doubt that had the "Fall of Bapaume" appeared first in the series, the sensation through the British Empire would have been greater than that created by the "Battle of the Somme," that is, it shows more action, more detail, more variety. It does not show pictures of dead and dying men, but it has spared that. But it is a most comprehensive record of the spring offensive of the British, and of the trail of destruction which it left in its wake. Today is the last day of the showing of this picture at the Regent, where it has been presented all this week by Messrs. J. and J. Allen, under the auspices of The Toronto World. The doors open at 12 o'clock and the film runs continuously until 11 p.m.

SAYS COST OF SCHOOLS IS HUGE GHASTLY JOKE

Citizen Writes to Mayor, Rejoicing in the Prospect of Full Investigation.

Henry O'Brien, barrister, has written to Mayor Church expressing satisfaction that a move has been made to have an investigation in school matters in connection with the city. "This should have been done long ago," he writes, "as the administration of the large sums of money paid as taxes for school purposes has admittedly been wasteful and extravagant; an enormous expenditure of money and much apparently thrown away. The money collected for school purposes is a huge and ghastly joke, and someone should be looked after the taxpayers before this."

"If this enormous expenditure produced good results there would be less to say about it, but our Ontario public school system, or possibly its administration, is in certain localities so defective and unscientific that it results in giving to children what is too often a matter of useful knowledge without that proper grounding and training of the mind which constitute education. The teaching of subjects which would fit for the work and practical duties of life is omitted.

"Again, it is notorious that a proper spirit of discipline and respect for authority, courtesy, good manners and self-reliance which were the standard of young people a credit to the country, has not been inculcated or insisted upon. School inspection in the past has been careless, perfunctory and defective in relation to the matters referred to. Whatever may have been the cause, the children of Ontario as a whole do not measure up to the standard of those who come from England, Ireland or Scotland, and is far below the standard obtaining in the United States."

Mr. O'Brien does not think the investigation should be made by a county judge, but rather by independent business and educational experts.

ENGAGE VETERANS FOR U.S.

American students enlisting as aviators in the United States army will receive instruction from Canadian army veterans who are experienced in machine gun work. An American officer is now in Toronto for the purpose of securing men for this work. He has interviewed several men at the Spadina Military Hospital who had specialized in machine gun fighting and those who are accepted will go to the United States as civilians and will be in the employ of the United States army as instructors at the universities.

DOUBTS COUNCIL'S RIGHTS TO ORDER SCHOOL PROBE

City Solicitor Informs Mayor Council Cannot Pass Resolution.

City Solicitor Johnston has informed Mayor Church that he has come to the conclusion the city council has no power to pass a resolution requesting an investigation into the affairs of the building department of the board of education by a county judge. This opinion is founded upon a judgment of Mr. Justice Middleton in the City of Berlin case in December, 1914. In this case the judge refused to order an investigation into municipal matters, and Mr. Johnston quotes from the judgment as follows: "In our scheme of municipal government some matters concerning the welfare of the inhabitants are taken from the jurisdiction of the municipal council and vested in other legislative and administrative bodies. School affairs are entrusted to school boards and boards of education. I do not think it is competent for the municipal council to direct an enquiry before the county judge into the matters entrusted to these independent bodies. Within the limits of the jurisdiction conferred upon these bodies they are supreme and in no sense subordinate to the municipal council."

Despite the advice of the city solicitor the mayor holds the opinion that the city can order an investigation. He points out that Judge Winchester conducted an investigation into the affairs of the school board three years ago. "The judge found fraud in certain contracts and submitted his report, but no further action was taken," he states. "House cleaning is necessary in the board of education. It is a relic of the old world department." The matter will be considered by the city council on Monday.

Ald. MacGregor stated yesterday that the city solicitor assured him that the city had power to demand an investigation, and in fact assisted him in framing his resolution to be placed before the city council.

Wife is Awarded Her Claim For Money Held by Husband

Mrs. A. H. Southby was awarded \$1,007 in her action against her husband, Albert H. Southby, by Justice Latchford in the non-jury court yesterday. Mrs. Southby assisted her husband in raising enough money to become interested in the Rex Tailoring Company, and it was on this ground that his lordship granted her \$775 held up by an injunction, in addition to \$232 and costs of the action. Justice Latchford, in giving his decision, said that it was without prejudice to any claim for alimony that might be brought by the wife against her husband.

Deposit Money on Property Ordered Returned by Court

Justice Latchford yesterday afternoon entered judgment in the non-jury court cancelling the sale of a house at 55 Pooleboro avenue and ordering that Annie G. Smith return \$400 deposited by James A. Tweed. Tweed entered into an agreement with the defendant whereby he was to purchase the house for \$15,000. Tweed was to pay \$500 down, which he did, and make the remaining payments by November 15. When the time came for the property to be turned over to the plaintiff, the defendant was unable to do so owing to other incumbrances. Plaintiff sued for the cancellation of the agreement and asked for the return of the \$500 with interest.

King Street Lane Private By Order of Appeal Court

By a judgment given out at Osgoode Hall yesterday by the Second Divisional Appellate Court, the thirteen-foot lane running north from King street, just east of York street, is a private lane and not a public highway. The Baldwin estate have won their appeal from the decision of Justice Middleton, who granted an injunction restraining it from interfering with the use of the lane by O'Brien and others, who claimed it was either a public thoroughfare or that they had the right of way over the lane. The result of the judgment is that the estate may again erect their gates, which have been the source of much litigation.

CIVIC RAILWAY REVENUE.

The number of passengers carried by the Toronto Civic Railway last month was 1,325,856, compared with 1,106,064 carried in May, 1916, an increase of 219,792, or 19.87 per cent. The revenue earned last month was \$22,512.60, as compared with \$18,714.48 in May, 1916, an increase of \$3,798.12, or 20.3 per cent.

POLICE COURT REFORM.

With a view to expediting the work of the police court, Crown Attorney Corley, after consultation with the magistrates, made the announcement that any lawyers who desired remands for their clients should notify him before the opening of the court. These cases would then be attended to by Assistant Crown Attorney Hughes before Magistrate Ellis left the bench.

Divorce Declared Valid And Appeal is Dismissed

In dismissing the appeal of Robert Cromarty against the decision of Justice Middleton, who awarded Mrs. Catherine Cromarty judgment for alimony, the second divisional appellate court upheld the validity of the divorce which Mrs. Cromarty secured in Chicago from her first husband, John Cromarty, in 1914. The court held that the divorce was valid and that Mrs. Cromarty was entitled to alimony. The court also ordered that the husband pay the costs of the action.

Black as Dirt About the Eyes

Liver Was All Upset and There Was Pain Under the Shoulder-Blade — Two Interesting Letters.

Toronto, Ont., June 8.—So many people suffer from derangements of the liver that we feel sure these two interesting letters will prove of interest to many readers of this paper.

Mrs. F. L. Harris, Keatley, P.O. Sask., writes: "I was suffering from liver trouble—had a heavy pain under the right shoulder blade all the time, and before I had taken Dr. Chase's Kidney-Liver Pills the pain had left me and I commenced to gain in flesh, and by the time I had taken two boxes I was completely cured and felt like a new person. My trouble was caused by heavy work out-of-doors, and, of course, heavy eating and constipation. I would advise anyone suffering from kidney or liver trouble to give Dr. Chase's Pills a trial."

Mrs. Charles Terry, Tweed, Ont., writes: "Before I was married I was troubled with enlargement of the liver. My liver became so enlarged that you could detect the swellings on either side, and it was only with difficulty that I could get my clothes on. A friend advised me to get Dr. Chase's Kidney-Liver Pills and take them. I commenced this treatment and used nine boxes, which cured me at that time. Then, about two or three years afterward I was troubled again with the swelling, but only on my right side. I secured some more Kidney-Liver Pills, and took them, which finally cured me. I have not been troubled since. I can cheerfully recommend Dr. Chase's Kidney-Liver Pills to anyone having kidney or liver trouble."

"We have also found Dr. Chase's Linnseed and Turpentine excellent for coughs and colds. In fact, any of Dr. Chase's medicines which we have used have been good. I can cheerfully recommend Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, 5 for \$1.00, at all dealers, or Edmondson, Bates & Co., Limited, Toronto."

RETURNED MEN'S CLUB AT FORGING'S PLANT

Men Employed at Ashbridge's Bay Steel Works Haul Wood for Soldiers' Widows.

The returned men employed in the plant of the British Forgings, Limited, have formed a social and benefit organization to be known as "The Veterans' Volunteer Aid Association," in which nearly all the one hundred returned men at the plant are enrolled. The objects of the club are not entirely self-centered, but plans have been laid to assist the widows and children of their comrades who have fallen.

Already the organization has been given the disposal of the large amount of used timber and cuttings, and from the club funds this is being teamed to the soldiers' widows in the form of fuel. Meetings are held after working hours at the plant on Friday evenings, and the men discuss matters of interest to their organization and review their experiences in France.

At a recent meeting the following officers were elected: Honorary president, A. Ritchey; honorary vice-president, R. Miller; president, Major R. C. Cockburn; vice-president, Major T. Blakely; secretary-treasurer, Sgt.-Major Victor Salvaneschi; executive: Sgt. Jones, Pte. Bland, Sgt. Clayton, Pte. Frallick, Corp. Galbraith and Pte. Marsh.

APPORTIONED THE COST OF LAKESHORE HIGHWAY

Municipalities to Pay for Increased Width From O'Connor Road to City Limits.

The Ontario Railway Board yesterday apportioned the additional cost of the increased width of the Toronto-Hamilton highway from O'Connor road to the west limits of the City of Toronto, to the municipalities affected, as follows: Toronto, \$78,107.57; County of York, \$48,824.07; Etobicoke, \$14,241.01; New Toronto, \$8902.50; Mimico, \$18,547.78. In making the order the board estimated the cost of construction at \$214,771.51. The cost before the pavement was widened was \$94,891.22, made up of the original cost of \$78,456.52, to which was added the sum of \$16,434.70 for delays and the increased price of material.

The Toronto-Hamilton Highway Commission will pay \$100,489.68, leaving a balance of \$214,281.82 to be apportioned. From this sum was deducted the local and optional charges to the three municipalities of Mimico, New Toronto and Etobicoke, which amount to \$53,958.94, and the balance of \$160,322.88 was apportioned as above.

HELPING THE SOLDIERS.

The Help One Another League for the soldiers' connection with the women's Bible class of Earlscourt Church reports having sent 60 parcels containing 100 pairs of socks, 35 dozen handkerchiefs and other articles to the men at the front.

WILLS PROBATED

John Dunlop, at one time a foreman in the employ of the waterworks, left an estate valued at \$24,180. Dunlop died at Mimico on May 16, and Robert Dunlop and Albert J. Keeler, executors of the estate, have applied for probate. Several bequests are made to relatives and one to the Hospital for Sick Children.

Mrs. Mary E. Snelgrove has applied for probate of the will of her husband, George Frederick Snelgrove, who died on May 18 last, leaving an estate worth \$6,282. The entire estate goes to the widow.

Defendant Charged Usury, Court Decides Otherwise

Judgment for \$1,000 and \$1250 respectively was granted Alexander McCabe by Justice Latchford yesterday in the two actions brought against John Jeffrey. The money was loaned the defendant on mortgage securities, but Jeffrey in his defence alleged that the plaintiff was a money-lender and was guilty of usury in taking a bonus of \$200 on the first loan and \$250 on the second. Justice Latchford found that McCabe was a retired merchant, and invested money in real estate and was entitled to his claim, and ruled that if the agreement was not met within one month the property mortgaged should be involved in the plaintiff, who was also entitled to costs of the action.

FIRST SERVICE AT ISLAND.

Opening services for this season of the Little church of St. Andrew at Centre Island took place last Sunday. Bishop W. D. and Mrs. Reeve moved into their summer residence at the rectory yesterday.

To Keep the Face Fresh, Clear, Youthful

More important than the cosmetic care of the complexion is the physical care. To keep the face clear, fresh, youthful, there's nothing better than ordinary mercurized wax. It absorbs the soiled or greasy matter, and leaves the skin clean, simply and unwholesomely to the complexion. That's the difference. By all means, acquire the mercurized wax habit. It's so easy to get an ounce of the wax at the drugstore's, apply at night like cold cream, and wash it off next morning. There's no detention indoors, the old skin coming off so gradually no one suspects you're using anything. When, in a week or two, the skin's young, rosy, and undimmed, you'll see the difference. It's not just a make-up, you won't want, or need, a make-up complexion after that. It must be apparent that this process means complete eradication of all cutaneous blemishes, like freckles, pimples, blotches and blackheads.

For a wrinkled, loose or saggy skin, a face bath, made by dissolving an ounce of powdered axolite in a half-pint which hasal, surpasses massage cream and everything else for results. Its action is instantaneous, and perfectly harmless. It improves facial contour wonderfully.

ABUNDANCE OF COAL IN THE UNITED STATES

Mayor Claims That Someone in City Gets Profit of Three Dollars Per Ton.

"There is an abundance of coal on the other side, but the difficulty is to get it here," said Mayor Church yesterday, on his return from a visit to the coal fields in the United States. "There is the same scarcity in all parts of the United States as there is in Canada, and every citizen of Toronto will have to look after his own coal requirements. The city cannot be responsible for the individual supply. All it can provide for is the relieving of the situation if there is scarcity. The information we gathered showed that someone was getting a tremendous profit with coal prices as they are in Toronto. Allowing for the cost of coal at the pit mouth, plus the freight rates, the margin is \$3.00. The question is as to who is getting the profit."

Property Commissioner Chisholm and Ald. Robbins have also returned from making investigations and will present a report to the board of control.

Company Need Not Pay Claim As Claimant Was Trespassing

The second divisional appellate court at Osgoode Hall has allowed the appeal of the Burrow, Stewart and Mills Company and dismissed the action of J. Struthers, who was awarded \$600 damages against them by Justice Kelly. Struthers is a miller residing in Waterdown, and while in Hamilton entered the factory of the appellants and fell and injured himself. That Struthers was trespassing was the basis of the appeal.

PROCLAIMS JULY FIRST CONFEDERATION SUNDAY

Lieutenant-Governor Issues Proclamation to Citizens Regarding Jubilee Celebration.

The lieutenant-governor in council yesterday issued a proclamation to the citizens of Ontario, calling on them to commemorate, by special services, the fiftieth anniversary of the confederation of the provinces of Canada. The proclamation in part is as follows:

"We hereby proclaim Sunday, the first day of July next, as a day of solemn and religious recognition by our people for the benefits and blessings they have been vouchsafed by Providence to us as a dominion. We request that all churches and Sunday schools and associations of a like character do commemorate the occasion."

"We do further proclaim Monday, July 2nd, as a day for the purpose of public and patriotic demonstrations of the devotion of our people to the national institutions and ideals. For that purpose we call upon all municipal authorities to co-operate with the various educational and patriotic organizations in arranging local demonstrations in suitable places and we request all citizens to give hearty support and countenance to the movement."

It was further urged that a liberal use be made of flags and suitable decorations in order that the jubilee of confederation might testify to the patriotism and loyalty of all Canadians.

Representatives of the city council and fraternal societies conferred with Premier Hearst yesterday upon arrangements for the celebration of the anniversary in Toronto. Complete plans will be announced later.

SATURDAY MORNING, JUNE 9.

The Labor View.

We publish elsewhere a letter from a union labor man, who wears the "Applied and Rejected" button, in which he sets forth some of the ideas that influence the labor ranks. It is a pity that more workmen do not ventilate their views, for it is only in the different sections of society come to know each other that any approximation to the working compromise can be effected which will furnish the greatest possible degree of liberty to all.

Our correspondent, we believe, would be the first to admit this fact. When we apply this to the situation in hand—conscription and labor—we find the position laid down that the working man must live. Now, in democratic countries, like Canada, Great Britain, France, Russia, etc., we all accept this view. The war is being fought to defend this principle. But Germany and her autocratic allies support a contrary faith.

Under normal conditions, as our correspondent recognizes, labor tries to shorten the hours of labor. As he says, if the worker is to be kept for ten hours there will be enough to keep five men for eight hours. The Russians have decided that six hours are enough. In normal circumstances we would quarrel with them. The whole difficulty here, as in Russia, arises from the attempt to apply ordinary rules to abnormal conditions.

Germany argues that the state and the success of the state is paramount. Even if labor has to work 18 or 20 hours a day and dies of exhaustion, unfed and unpaid, it is nothing as long as the state survives. This is what the free nations of the earth have to compete with. It is evident there must be a compromise, or by sheer preponderance of effort the free peoples will be overcome and defeated. Where, then, was all their freedom by subjected to German rule, in which the state comes first, all their principles will be lost, their free states perish, and the workmen themselves be reduced to economic slavery.

It is very much to be regretted that the bodies appointed to deal with pensions and other allowances for disabilities have not realized the tremendous sacrifices made by men who go to the front and return maimed and helpless. They are thinking in the German fashion, that the state comes first—that the men are only a means to an end. The government must recognize the principle that a capable workman who gives up his means of livelihood for the state, must be supplied with an equivalent from the state's resources, provided he does what he can to help himself. Unless the state performs its proper functions, which are chiefly to distribute the burdens of the commonwealth equitably among the members of the body, it cannot expect fealty or loyalty from those members. The state, the corporation, or the individual employer that does not endeavor to help the returned soldier, maimed or not, to assume his place in the social structure he has done so much to defend, is risking his own existence. The welfare of its individual members must be the chief end of the state.

If the ranks of labor do not see that the remedy for this is in their own hands, by taking steps to elect their own representatives, instead of acquiescing in every election to the apparatus of party hacks, we fear that nothing can be accomplished. To refuse to apply the principle of conscription to all alike will not mend matters. That is to begin at the wrong end of the job. If we lose the war there will be no parties, no state, no liberty, no work, no pensions. If the workmen do not object to be swallowed up in a German state in which the man is nothing and the state everything, then their objection to conscription is inconsistent in Canada. But, once German, they will be conscripted whether or not. Is this point clear?

responsibilities in the battlefield and at the ballot box, all will be well. We believe the thinking element of the labor class is anxious to share the responsibility of government. Under the party system at present in vogue, labor men have been submerged, and largely by their own consent, under the party contentions. With the adoption of proportional representation, labor would have a fairer share and a more articulate voice in the national councils.

"If Your Son Ask for Bread—?" Tomorrow in the churches an appeal will be made in aid of the "Prisoners of War Society." For the benefit of those who do not go to church and a few others who may sleep through the sermon it is important to have it understood that the prisoners of war fund is one of the neediest and one of the most useful among the charities of the war. It is not merely for our own prisoners, and captives but for all prisoners and captives that the work is carried on. There are over a million and a half of the allied prisoners in German hands. They have suffered all things that can befall prisoners. Disease has carried them off in thousands. The fittest and the best fit for service, who have been exchanged, have described the conditions, and how they have relied upon the bread sent to them to keep them alive.

These food supplies reach the prisoners interned in Germany because of the more numerous German prisoners in Britain and elsewhere depend upon getting the parcels sent them from Germany on the arrangement for such exchanges being faithfully observed. The bread is not of course sent from Britain. The funds are supplied to the Bureau de Secours in Berne, which is the accredited agent of the French and British relief organizations, and the bread is sent regularly from Switzerland. There is no doubt that it reaches the men to whom it is sent. It is important to know that the prisoners depend upon this bread for their lives. The German allowances are of the coarsest and even nauseating description and of course of famine scantiness. The need of these men must appeal to all who understand it. There is no fad about this fund. There is no ill-spent money, and no pandering to luxurious tastes. Just bread, which is not always fresh when it reaches the destination, but is eagerly sought after by the starving men.

Principal Hutton of University College is the local president and subscriptions may be sent to the treasurer, Mr. Fane Sewell, Canadian Bank of Commerce, Spadina and College. Monthly subscriptions are welcome, and the more are allotted for the special benefit of the prisoners from any one of the allied nations.

A Labor View.

Editor World: I have followed with interest your editorials on conscription, the nickel question, and more recently on the question, labor versus conscription. In a recent editorial you pointed out that "conscription is a logical sequence of the conscription of labor. During the past week The World contained some rather scathing remarks, scoring some sections of organized labor which are against selective conscription, as proposed by the present government. Now, sir, as a journeyman carpenter and a trade unionist, I may claim without opinion to be a little closer to the workers' viewpoint than your own, and also you may not agree with my conclusions, yet I think that end up—otherwise he is displaced for some other. Under normal conditions there is never enough work to go around—if everyone worked at the same time. Two, as trade unionists recognize this fact, try to shorten the hours of labor, for if there is enough work to employ four men for ten hours, it follows that five men could be employed for eight hours.

The workers who have returned maimed—with their health capital and their depleted—have a grievance. They get a miserable pittance from the government and scant sympathy from employers. It was reported here a few months ago, in the papers, that a returned man was told by a Hamilton employer "that they had enough cripples of their own." We were told that the registration cards would not be used for conscription data—another case of broken faith. I note that many speakers on conscription think that it is "abominable" that the workers should desire a referendum. BE FAIR TO THE CONSCRIPT.

Editor World: In the avalanche of platform oratory and newspaper articles evoked by Sir Robert Borden's proposal to introduce compulsory conscription, suggestions crop up repeatedly that the conscript should not be paid the same rate as a volunteer. All this is presumably aimed at the "slackers"—young men without responsibilities who could go but won't. If they were the only ones affected by such a proposal, it would be a fair one. There are thousands of men of military age in the country who have refrained from enlisting because they have children or dependents upon them. They would, of course, be in the later drafts under the act, but who would have the effrontery to suggest that they should be treated as "slackers"? It is true, many fathers of families have sacrificed their lives for their country, but they knew when they left that it was not the slackers who would sweat to support the patriots' fund and the Red Cross, but married men like themselves. In view of the fact, therefore, that the "slackers" will form a comparatively small part of those subject to conscription, it is evident that such a policy simply arouses righteous indignation and provides good ground for opposition to conscription. I have been an advocate of conscription since October, 1914, and believe that before this war is won six or seven at least of the ten drafts proposed by the government will be called up for service. Past experience in Britain and Canada has proved that the conscript will be called up without stopping the war. Thousands of married men in the old country have been called for service, while the conscript has been called up in "starved" trades and government jobs. This condition of affairs has existed in the world since David said, "Put Urish in the forefront of battle that he may be killed." On with the war, therefore; smash the latter and his hordes, but stop all this talk of heaping coals of fire upon the head of the conscript. We depend on him to win the war.

GALT ELECTION TIE.

Special to The Toronto World. Galt, June 8.—For the first time in Galt's history a tie vote occurred today, when in the aldermanic by-election in Ward 4, W. H. Anderson and T. A. Rutherford, candidates, each secured 136 votes. Returning Officer McCartney will cast the deciding vote. W. H. Anderson formerly held the seat, resigning it to take the position of sanitary inspector, which later he resigned in favor of a returned soldier. The bylaw to raise the rate to repair bridges and purchase equipment for the board of works was defeated by 44 votes.

GERMANS BOLT ON FIRST EXPLOSION

Kaiser's Forces Had Come From Russia to Taste Real War. GIVE UP IN DRIVES. Irish, New Zealanders, Australians Carry Out Orders Perfectly.

By R. T. Small, Correspondent of the Associated Press. With the British Army in France, via London, June 8.—The smoke of the giant mines exploded just before the infantry in great curling plumes toward the sky, and was punctuated by red signals for help from the stricken Germans in the front and more frantic notices of danger. The entire horizon glowed with red balls of fire sent up by the nervous Germans. More and more British airplanes began to make their appearance. One flew over the lines, the flashes of the guns being reflected brilliantly on its highly-glassed wings. Under this appalling fire trudged forward on the ten-mile front Gen. Plumer's army. At many places the word to advance was given. The battle was far more visible during the first uncertain moments than later, when the sun gradually burned its way thru the red and black bank of clouds. By that time the smoke of exploding shells and the vapors from the binding barrage, which had been part of the artillery duty, obscured the more distant landscape to such an extent that the roaring guns could not be seen at all, although the firing was almost at one's feet.

Austrian Massed Counter-Attacks Fail on Carso Plateau. Rome, June 8, via London.—Further counter-attacks have been made by the Austrians on the Italian lines in the Gorizia area and on the Carso, but no impression was made on the Italian positions, the war office announced today. The statement reads: "The fighting was normal along the front yesterday. In the Tronchio area our artillery concentrated its fire on the station of St. Lucia and dispersed enemy convoys. On the Vodice last night an enemy attack, preceded by intensive destructive fire, was broken. Last night on the Carso, large assaulting parties of the enemy, covered by violent artillery fire, attempted to approach our lines south of Castagnizza. They were counter-attacked and repulsed. Some prisoners remained in our hands."

ADVISABLE TO SEND LABOR DELEGATION
Lord Cecil Says Refusal Would Cause Misunderstanding in Russia.

London, June 8.—(Via Reuter's Ottawa Agency).—The conditions under which representatives of the British Independent Labor party are to be admitted to the house of commons today by Lord Robert Cecil, minister of blockades.

Lord Cecil stated that the war cabinet, after very careful consideration, had decided that it was desirable to issue passports to a desire to be admitted to the house of commons today by Lord Robert Cecil, minister of blockades.

Dangerous to Refuse. The war cabinet were advised, he said, by those qualified to express an opinion, including Messrs. Buchanan and Henderson, that refusal would lead to a very serious misconception among our Russian allies, and cause great discouragement to those in Russia most anxious to carry on the struggle for freedom with the fullest energy.

Passports were issued, they would be issued for Petrograd. They were intended to enable the holders to participate in any international conference in Stockholm, and still less to communicate directly or indirectly with enemy subjects in Stockholm or elsewhere; and it was only on this understanding that the passports would be issued. Passports for Petrograd would also be issued, said Lord Cecil, to representatives of the views of the great majority of the working classes if asked for.

Written Undertaking. Captain Bellairs suggested that holders of passports should give a written undertaking not to be admitted in any conference at Stockholm or elsewhere.

Every reasonable and proper precaution will be taken," replied Lord Cecil. Ramsey MacDonald asked whether conversations at Stockholm with persons like Branting were precluded. Lord Cecil replied that the condition laid down by the war cabinet was that there must be no communication with enemy subjects. Mr. Branting was a very highly respected Swedish statesman, and by no means hostile to the cause of the allies.

UNITED STATES TO BE RECRUITING GROUND
Armies of Allied Powers Will Receive Reinforcements by Enrolling Subjects.

Boston, June 8.—The United States is to be made a recruiting ground for the armies of all the allied powers, according to Colonel C. S. Macdonald, the adjutant general's department of Canada, and Major Charles D. Murray, of the war office staff at London, members of the British recruiting mission in this country, who were here today. They said that the British and Canadian recruiting forces already here would assist in the work of enrolling subjects of Italy, Belgium and France for war service, either with British organizations or in the forces of their own countries. The officers said they were to make arrangements for this international enlistment and would direct the work in New England.

LIBERALS SCENT ORIENTAL PERIL
Attempt Alleged to Let Down Bars Against Chinese Immigration.
ACT TO BE AMENDED
Clergymen and Students to Be Exempted From Heavy Poll Tax.

By a Staff Reporter.
Ottawa, June 8.—A vigorous protest by Hon. Frank Oliver and other Liberals against the alleged intention of the government to let down the bars against Chinese immigration was the only feature of much interest in today's sitting of the house. The discussion arose when the house was in committee upon Dr. Roche's bill to amend the Chinese Immigration Act by exempting from the \$500 head tax, clergymen and students.

Dr. Roche explained that some months ago a British subject of Chinese descent, who was coming from Barbados to Canada to attend an educational institution, was turned back at Halifax because he was unable to pay the head tax. This had caused quite an outcry, and the matter had been not exempted. As he was amending the law to admit students, the word "clergymen" might as well be added, because that was the manifest intention of the law today.

Dr. Pugsley thought this amendment opened a wide door to indiscriminate immigration. Nobody could say how many thousand or million Chinamen might be regarded as priests in their own country. Were we to have Chinese missionaries sent over here to convert Canada to the religion of Confucius?

Sir George Foster suggested that Mr. Roche should make it plain that the bill should make no objection, and we had certainly been sending any number of missionaries to China.

Hon. Frank Oliver said the statute permitting the wives and children of clergymen to enter Canada without paying the head tax was designed to meet the case of Canadian missionaries who married in China.

It was never intended that Chinese clergymen should be exempted from the head tax. He charged the government with deliberately letting down the bars against oriental immigration.

Woodstock, June 8.—The body of Mrs. D. Scott, an employee of Andrew McLean, was recovered by a search party about ten o'clock this morning, about a mile below the bridge across the Thames, near that place. The woman left her place of employment Thursday morning, and was traced to the bridge, where it is supposed she threw herself into the river. No reason can be assigned for her action. Two sons have returned from the front, and a third is now in France. The funeral will take place in Guelph, where the unfortunate woman formerly lived.

NO REGISTRATION MAY BE REQUIRED
Courts Will Deal With Applications for Exemption From Service.

Ottawa, June 8.—It is believed that the conscription bill which will be brought down by Sir Robert Borden on Monday, will not provide for registration.

When the bill becomes law every male citizen between twenty and forty-five years of age will be a member of the Canadian army. These men are divided into classes and as troops are needed the classes will be called in order designated.

The first class, includes single men between twenty and thirty years of age, and is the most desirable. Anyone that does not answer the call to the colors will be treated as a deserter.

To judge applications for exemption a court of two will be created for each county, one member of which will be named by the county and the other by the Ottawa authorities or by some body delegated such authority by the government. There will be appeal from this body, but such appeal will be considerably restricted. The measure will permit of immediate mobilization without the delay and expense of registration.

French Report Continuance of Artillery Action in Cerny Sector.
Paris, June 8.—The war office communication, issued this evening, says: "The artillery activity continues very spirited in the region of the Chemin-des-Dames, especially in the Cerny sector and to the south of Plin. The enemy, during the day, did not renew his attacks on this part of the front. Everywhere else the day has been comparatively quiet. Belgian communication: During the night, the environs of Lizerna were submitted to a violent bombardment. The enemy artillery manifested, during the day, some activity in front of Stenastate. We took similar battery action. In the region of Bixhute, the positions near the Ferryman's House were the objects of bomb and grenade fighting, which lasted several hours. "Army of the east, June 7: Artillery fighting is reported in the Cerny Bend. Patrols were active in front of Nong. The Angista station was bombarded by British aviators."

FISHING RODS

MADE IN CANADA.
No further need to go to England of the
highest grade rods. We can make them.
DO YOU KNOW...
We have been making fishing rods in Toronto
for over thirty years. In Greenwood, Greenhead and Spill cases.
Our 6-oz. Greenhead and 8-oz. Spill cases Black rods are
great favorites and of the highest quality. Our duck gear
patent silk bound 5-oz. Spill cases rods are beautiful and most
admired.
OUR VERY LATEST PRODUCTION is an all-ink steel
rod, unequalled in the world. The dark green silk
binding protects this rod against all possible rust and adds greatly
to its strength and beauty. All rods made for trout and bass. We
repair all kinds of rods.

MUNICIPAL CHAPTER ARRANGES COLLECTION

Hopes to Make Queen Alexandra Rose Day More Successful Than Ever.

At the Sherbourne House Club, yesterday afternoon, Mrs. R. E. Wilson presided at the last meeting for the season of the Municipal Chapter, I. O. D. E. A. good deal of business in connection with Queen Alexandra Rose Day was discussed, and the regent impressed upon the meeting the need for putting forth every effort to make the collection of this year greater than ever before, \$30,000 being the sum aimed at.

A letter was read from Miss Church, asking the co-operation of the chapter in the campaign for the Great War Veterans' Club. The members were unanimous in approval of the work and desire to assist. It was unanimously agreed that in future presidents of chapters shall be honorary members without voice or vote of the Municipal Chapter for a year after the expiration of their term of office.

ALARMING EPIDEMIC OF HAIR TROUBLES

1,000,000 HAIR HEALTH PARCELS FREE

Remarkable interest has been aroused by the ever-increasing number of cases of hair troubles reported from all parts, and more especially in the great metropolitan centers. Thousands of men and women are finding their hair falling out, becoming thin, brittle, greasy, itching, falling hair, or a man or woman of even the semblance of youth. Thousands, who are not aware of it, are suffering from hair weakness which could so speedily be remedied if they would only accept the Free Gift I am prepared to offer.

At this time, when men and women are all concentrated on hair, the great 'Hair Health' exercise proved so universally triumphant, from the hair of the most delicate to the hair of the most robust, that I have decided to offer you this special gift free of charge. Immediately take advantage of the special three-fold Free Gift for the Hair Health exercise today.

- 1. A bottle of 'Harlene,' the true liquid food and natural tonic for the hair. 2. A packet of the marvelous hair and scalp cleansing 'Cremes' Shampoo Powder, which prepares the head for the hair. 3. A copy of the new edition of the secret 'Hair-Drill' Manual.

POST THIS FREE GIFT FORM. Fill in and Post to Frank L. Bennett & Co., 48 St. Alexander Street, Montreal, Que. Enclose one dollar in stamps for postage.

\$1,449. Of this, the Chateauguay Chapter had contributed \$1,000, to be given between the Lady Jellicoe Fund and the Canadian Free Library for the Blind. The Janet Carroon Chapter had contributed \$200 to be divided between the Red Triangle Club, Belgian Relief and the C. E. F. Veterans' Club. The Lord Nelson Chapter, \$100 for the I.O.D.E. Preventorium. \$55 was also given the prisoners of war fund. Other receipts were: John B. Howard Chapter, \$20; Elizabeth Chapter, \$21; Lord Seaton Chapter, \$24. It was decided that, if occasion arose, executive and members would do any work necessary during the summer months.

CITY UNITS CONTINUE THEIR WEEKLY DRILL

Officers Confer With General Logie and Will Approach Men on the Subject.

Gen. W. A. Logie and Col. H. C. Bickford were in the city yesterday from Camp Borden and held a conference with the commanding officers of all the Toronto regiments for the purpose of arranging for the continuation of the weekly drill of the militia regiments through the summer months. The officers will take the matter up with their men, who will no doubt accede to the wishes of the general.

Announcement was made yesterday of the authorization of a military police force of 250 men for military district number two, to be commanded by Capt. Sinclair, the provost-marshal. The men, who will be all returned soldiers, will receive the same pay as when on active service, and their wives will receive the same separation allowance. Gen. Logie met with the war veterans' association last night for the purpose of arranging for the selection of the men.

As rumors have lately been circulated in this district to the effect that recent drafts of R.C.H.A. men, sent from the R.C.A. Depot at Kingston, were to be sent to reinforce the various batteries of the Royal Canadian Horse Artillery. The training is completed in England and usually takes six to three months before the drafts are finally sent over to France.

Lieut. E. D. McCormack, officer in charge of the Toronto depot, 'Batteries' R.C.A. Kingston, who was suddenly stricken with a sudden illness several weeks ago, is now making good progress towards recovery at the base hospital, East Gerrard street, city. Sergt. G. L. Cummer is acting officer in charge of Toronto depot, 20 Victoria street, during Lieut. McCormack's absence.

At the recruiting depot yesterday 68 men offered themselves for examination, but only a small number, 22, were accepted. They were taken as follows: 10th Royal Grenadiers, 1; No. 2 Forestry Detachment, 2; No. 7 Forestry Detachment, 4; 7th Battery, 2; Divisional Signaller, 2; No. 2 Railway Construction, 2; No. 14 Railway Construction, 1; No. 2 C.A.S.C., 2; No. 2 C.A.M.C., 2; 10th Regiment, 1; I.N.W., 1; No. 11 Railway Construction, 1.

Triplets Will Bear Names Of Three British Admirals. Edward Middleton, who lives near 28 Kingston road and who two years ago gained considerable fame by swimming out to the steamer Alexandra when that ship broke up in a heavy storm on the lake shore near Scarborough Bluffs, has again come into public notice. Three boys were born to him early this week and it is reported that all are doing well. The father is an old sailor, and the little ones are to bear the names of three well-known admirals, Fisher, Jellicoe and Beatty. Mr. Middleton has tried to enlist for active service, but has been rejected.

INJURED IN RUNAWAY. When the team he was driving on Church street ran away yesterday afternoon, Alfred Foster, 32 Palmer street, was thrown out and received injuries to his legs. He was removed to the Western Hospital.

PROMISE GREAT PICTURES. Allens Have Decided to 'Go the Limit' in Their New Theatre. Plans are under way to present in the Allen Theatre, which is being built at the southwest corner of Richmond and Victoria streets, a series of exclusive films, which for artistic completeness and beauty cannot be surpassed. When the arrangements had been made for the building of what may be regarded as Toronto's most magnificent 'movie' theatre, the promoters 'went the limit' and determined that

'I FEEL LIKE A NEW BEING'

'Fruit-a-tives' Brought the Joy of Health After Two Years' Suffering.

MADAM LAPLANTE. 55 St. Rose st., Montreal, April 4. 'For over two years I was sick and miserable. I suffered from constant headaches, and had palpitation of the heart so badly that I feared I would die. There seemed to be a lump in my stomach, and the constipation was dreadful. I suffered from pain in the back and kidney disease.

'I was treated by a physician for a year and a half and he did me no good at all. I tried 'Fruit-a-tives' as a last resort. After using three boxes, I was greatly improved, and twelve boxes made me well. Now I can work all day and there are no headaches, no palpitation, no heart trouble, no constipation, no pain or kidney trouble, and I feel like a new being—and it was 'Fruit-a-tives' that gave me back my health.'

Madam ARTHUR LAPLANTE. 50c a box, 5 for \$2.50, trial size, 25c. At all dealers, or sent postpaid by Fruit-a-tives Limited, Ottawa.

not only should the house be the most perfect of its kind on the American continent, but also that the entertainment from a picturesque point of view should be worthy of all patronage. While patriotic and war pictures will be specialized in, there will be no lack of features in which the most famous artists of the day will take part. Without entering into the number of film companies in which the Allies have a controlling interest, it may be said in a word that the very best will be presented, and that they will make good the boast that no other similar organization can beat them on their own ground.

Americans Give Their Homes For Wounded Canadian Men. Several Americans have recently made splendid offers of homes for wounded convalescent soldiers to the military-hospital commission. Mr. and Mrs. W. A. Kip, jr. of South Orange, N. J., have bestowed the use of their summer home on Leek Island, two miles from Gananoque, to the commission. Mrs. A. T. Van Sault, wife of New York, has offered her home at Freeville, near Ithaca, N. Y. Miss Hoyt of New York, has offered her cottage at Les Ebolements, near Greenwhich, Conn. Eleven medical graduates practicing in Escanaba County, Mich., have offered to treat wounded Canadians free in their hospital.

MAGIC BAKING POWDER. CONTAINS NO ALUM. MADE IN CANADA. E.W. GILLETTE CO. LTD. WINNIPEG, CANADA, MONTREAL.

Society Conducted by Mrs. Edmund Phillips

Lady Hendrie will open the tea-room for the social service of the Toronto General Hospital, this afternoon in Mrs. D. A. Dunlap's garden.

The events for today are Col. and Mrs. Dinnick's garden party, from 3 to 7 o'clock, at Bedford Lodge, 3425 Yonge street, and Mrs. Magan's exhibition of French war posters at her home, 19 Doyling avenue, from 2 to 7 o'clock.

The president of the university has been in Montreal this week, the guest of Dr. and Mrs. Bruce Taylor.

Major H. D. Crerar, Hamilton, who went overseas as lieutenant in the 11th Battalion of Montreal, was brigaded with the 12th (formerly the 6th Battalion of London), then under command of Major Woodman, promoted to the rank of lieutenant-colonel, became brigade commander, which important appointment devolved upon Major Crerar, at the death of Colonel Leonard at Vimy Ridge. Major Crerar, who has been frequently mentioned in the G. O. C.'s despatches, is a brother of Lady Beck.

Mrs. H. C. McLeod has gone to spend a few weeks at Clifton Springs, New York. Mr. and Mrs. Charles S. Boome have gone to New York on a short visit.

Mrs. Schuyler and her two beautiful boys returned yesterday to Pittsburgh, after spending a fortnight with her sister, Mrs. John A. Walker, at Reikewick, Port Credit.

The Marchioness of Aberdeen gave an informal reception to the delegates attending the National Council of Women, the members of the sub-executive of the local council, and the members of the committee of arrangements for entertainment of the guests, at the Fort Garry, following the high tea, which the Women's Canadian Club held at the Royal Alexandra, in honor of Mrs. Hamington, of Victoria, B.C.

Mrs. MacMechan, of Halifax, is the guest of Mrs. William Ince, Prince Arthur avenue. Mr. H. A. Fleming, manager of the Bank of Nova Scotia, Halifax, is in town.

Mr. Frank Beer is in Winnipeg. Mr. Christopher Hanneke, a millionaire, from Christiania, Norway, is a visitor in Halifax, in his yacht, the 'Aurora,' which he has just returned from Bermuda and is going to Harbor Grace, Nfld. Harbor Grace has been selected by the Newfoundland Shipbuilding Commission as the most suitable site for building ships.

Capt. Walker and his family have moved to Globe Lawn, Cobourg, for the summer. The golf-tennis-bridge tournament at the Hunt Club yesterday was a success. Mrs. 9 o'clock or shortly after those arranging the event were at the club house. About 600 tickets had been sold by the committee, which has insured a generous sum for the patriotic cause for which the event was given. This is the work of the Canadian Women's Association for the Relief of the Blind, prizes for the various events had all been given. Mr. Lyle, Mr. Glyn Osler and Mr. Slazenger gave balls and racquets for the tournament. Mrs. Duncan silver bon bon dish, and Mr. Clarence Bogert golf balls, and the Hon. Frederic Nicholls a silver cup for the golf tournament. Mrs. F. W. Leach, president of the association for the welfare of the blind, also gave a prize, and a number of others were given for bridge and clock golf. About 200 were present for lunch, several hundred more going out in the afternoon for bridge. Lady Hendrie presented the prizes for the various events. Miss Hendrie also being present, having taken part in the tournament. A number of girls assisted at tea and also at the luncheon. All the cakes for the tea had been given by members in order that every available cent would swell the patriotic fund. Mrs. Wm. Mulock, president of the ladies' committee, with Mrs. Leach's warm and means committee of the association for the welfare of the blind, arranged and carried out the entire course of the Club's week. Mrs. K. George, Mrs. R. J. Christie, Mrs. W. K. George, Mrs. Graeme Adam, Mrs. Gordon Osler, Mrs. Bruce Macdonald, Mrs. H. D. Warren, Lady MacKenzie.

Mr. and Mrs. Dudley Dawson have arrived in town from Winnipeg and will in future live in Toronto. Mr. and Mrs. James Grainger, London, Ont., accompanied by Mrs. B.

PLAYS, PICTURES AND MUSIC. THE ROBINS PLAYERS. When George M. Coban wrote 'The Man Who Owns Broadway?' the musical comedy that the Robins Players are going to produce for their seventh week, he might better have called it a play with music, for that is what it amounts to after all. As with his other comedies, he has a well-told story with a good plot and the usual smart 'Cohanque' dialog. The song numbers are merely incidental to the piece.

THE SUBMARINE EYE. How long can a human being remain under water? Is it possible for a man to cease breathing for two, two and a half or even three minutes? For the answer to these questions you must witness a showing of 'The Submarine Eye,' which will open at the Grand Opera House, Monday afternoon. In 'The Submarine Eye,' the diver remains submerged in shark-infested water, 60 feet deep, for one minute and 54 seconds.

THE HIPPODROME. Deity Anita Stewart will be featured at the Hippodrome next week in a new film sensation by J. Stuart Blackton, entitled 'Clover's Rebelion.' The picture tells a pretty love story involving the romance of a young American girl with a penniless physician, and the efforts of her relatives to marry her to a wealthy foreigner. The feature of the vaudeville bill will be the Six Luana Fawcetts. 'Patriot' featuring Mrs. Verum Castle, will be shown. Ward and Faye are two clever song and dance artists, while George Husey has much mirth-provoking material. Drew and Wallace in smart songs and dances; Chinko, novelty juggler, with Minnie Kaufman, and the Aerial Mitchell complete the bill.

HOW I DARKENED MY GRAY HAIR. Lady Gives Simple Home Recipe That She Used to Darken Her Gray Hair. For years I tried to restore my gray hair to its natural color with the prepared dyes and stains, but none of them gave satisfaction and they were all expensive. I finally ran onto a simple recipe which I mixed at home that gives wonderful results. I gave the recipe, which is as follows, to a number of my friends, and they are delighted with it. To 2 ozs. of water add a small box of Oriz Compound, 1 oz. of bay rum and 1/2 oz. of glycerine. These ingredients can be bought at any drug store at very little cost. Use every other day until the hair becomes the required shade. It will not only darken the gray hair, but make it soft and glossy. It is not sticky or greasy and does not rub off.

STAR THEATRE. Flossie Everett, the dainty sobriety, is featured in the singing brigade at the Star Theatre all next week, where 'Hello Paris' will hold the stage. The show is kept going from beginning to end with a musical swing, and the only interruptions are pleasing ones by the funny comedians Sam Bachman and Lew White. There is a chorus of 25 girls in addition to James Francis, Beatie Crandall and Lenore Butler.

WOMANHOOD AT MADISON. Bigger, better, more soul-inspiring than any patriotic photoplay that has ever been presented before, is 'Womanhood, the Glory of the Nation,' which will be presented at the Madison Theatre on Monday, Tuesday and Wednesday.

FOR THE EMPIRE

Bombardier James Allen, 192 Broadview avenue, was instantly killed by the explosion of a shell. This was on May 7, Ottawa has not yet forwarded the official notification to his relatives, but letters from his lieutenant and captain informed his brother of the circumstances of his death. Bombardier Allen was born in Derbyshire, England, 32 years ago but had been in Toronto since he was one year of age. He was a printer by trade and went overseas in the early stages of the war.

Pte. John McMillan, No. 799083 115 Munro street who was killed in action May 8, came to Canada from Newfoundland, Ireland, four years ago. He was 24 years of age, and was employed by the T. Eaton Company before enlisting. Pte. McMillan was unmarried, and is survived by his father and mother, one sister and a brother, who reside in Ireland.

Pte. Oran A. Jenner was killed May 25 after being in the trenches only a few hours. Pte. Jenner is the first of Toronto to be killed in action. He was a member of the 1st Battalion of the West Sandling Camp taking a non-commissioned officers' course. Pte. Jenner was born in Toronto 26 years ago. Before enlisting he was manager for the Forbes Roofing Company.

Pte. A. W. Price, who left a wife and three-year-old child at 47 Logan avenue when he went overseas with a Toronto battalion last August, is officially reported killed in action. He was 23 years old, a native of Warwickshire, England, and came to Toronto four years ago. Prior to enlisting he was employed by the British-American Wax Paper Co.

Pte. A. J. Cuppage, who has been missing since last June, is now presumed to have been killed in action. Since his disappearance no trace of him has been found. Pte. Cuppage was an Orillia boy, who enlisted in Toronto with a C. M. R. unit of the second contingent. He went overseas from the Exhibition Camp early in 1916.

Pte. John Welch, who formerly lived at 182 Christie street, is reported

wounded, and believed killed. He had no military experience when he enlisted with one of the third contingent battalions in April, 1916. He went overseas with a draft shortly after and has been in the trenches ever since. His next of kin, Mrs. Maggie Welch, lives in Belmont, Ireland.

Pte. William James Ayles, 26 Royalt street, is missing and believed killed after a long service in France. He enlisted on December 10, 1915. He is Canadian born, aged 36, and is the last of eight children of William Ayles of Toronto.

Pte. H. Forbes, who is presumed to have been killed in action, enlisted in Toronto with the Divisional Cyclists of the second contingent. He was then 21 years of age and unmarried. After receiving his military training at the Exhibition Camp, he went overseas in 1915. His father lives in Scotland.

Pte. Albert Priestly, who has been missing since the battle of Zillebeke, is now presumed to be dead. He lived at 14 Sumach street before he enlisted with a C. M. R. unit of the second contingent. He had previously served in the G. G. B. G. He was 23 years of age, unmarried, and came to Toronto from Luddendoot, England, where his mother lives.

Pioneer Sergt. Ernest Guard of the Riverside Athletic Club, is reported to have died of wounds on May 29. He was one of the founders of the club which is situated on his father's property on Strang street. Few persons did more for recruiting in the east end of the city than Sergt. Gard.

Pte. D. Freeman is presumed dead, killed in action. He was a son of Mrs. Grace Freeman, of 28 Hatherly road, Earlscourt, and was 18 years of age. He was employed with the Industrial Press, Lombard street, before enlisting.

Pte. Albert England, son of Mrs. A. England, 1057 Weston road, who last January was reported missing since September, is now presumed dead. He enlisted with the Mississauga Horse, and left for overseas in July, 1915. He was 18 years old.

Pte. Jack Greenhalgh, who formerly roomed with Mrs. Ashton, Manchester street, Mimico, is reported to have died of wounds received at Vimy Ridge. Pte. Greenhalgh was born at Blackburn, Eng., where his mother now lives, 25 years ago. He had been in Canada five years when he enlisted with a Toronto battalion. Prior to enlisting he was employed at the Reginald Boxer Paper Mills, New Toronto.

Private Jack Giles, son of Mr. and Mrs. W. H. Giles, of Tiverton, and nephew of B. M. McDonald, city editor of The Mail and Empire, who was wounded three times, has died of his wounds. He was born at Tiverton 25 years ago, and was well known in Toronto as a hockey player. He enlisted in a western battalion with five others in the party. The injuries to Private Giles, which proved fatal, were received in the Vimy Ridge fight.

Pte. W. Crisp is reported to have been killed in action. He was 21 years of age and unmarried when he enlisted at the Exhibition camp shortly after the war broke out with the Divisional Cyclists of the Second

Contingent. His next of kin, G. W. Crisp, lives in Hope, Sussex, England.

Pte. William Carr, who for two years prior to enlisting roomed at the home of Mrs. Wm. Steele, 1483 Danforth avenue, has succumbed to wounds received in action May 1. In a letter to Mrs. Steele his nurse said that his right thumb had been blown off, his right arm fractured, and his right leg badly fractured. Pte. Carr was about 23 years old. He was a native of Newcastle, England, and had been in Canada about three years. Prior to going overseas, he was employed by the McLaren, Sewer Contracting Company.

Lieut. Albert Edwin Holmes, officially reported wounded in the legs by shrapnel, age 20, is the eldest son of Matthew Holmes, principal of Palmerston avenue school, and is at Boulogne Hospital. He was born and educated in Toronto. From Harbor Bank, he entered the Imperial Collegiate, being ledger-keeper at the Queen and Palmerston branch at the time of enlisting in February, 1916. He was amongst the first volunteers in Aug., 1914, the then not 18 years of age.

TO "SOAK" MOTOR THIEVES.

Magistrate Kingsford has issued the edict that henceforth motor car thieves, no matter their age or circumstances, will receive no mercy at his hands. The minimum sentence will be six months in jail. Mr. Kingsford made the announcement yesterday, after making Richard Cook's sentence only 30 days, in consideration of his youth.

THEFT IS CHARGED.

Alleged to have stolen \$20 from Thomas Arthur, 11 Morley avenue, on June 1, and a watch, car tickets, etc., from Robert McMillan, on June 8, Russell Thorne, 171 1/2 Simcoe street, employed as a page by the board of trade in the Royal Bank Building, was arrested last night by Acting Detective Thompson. According to the police Thorne took the money and articles from the pockets of his companions' coats while they were hanging up in the dressing room.

Pte. Jack Greenhalgh, who formerly roomed with Mrs. Ashton, Manchester street, Mimico, is reported to have died of wounds received at Vimy Ridge. Pte. Greenhalgh was born at Blackburn, Eng., where his mother now lives, 25 years ago. He had been in Canada five years when he enlisted with a Toronto battalion. Prior to enlisting he was employed at the Reginald Boxer Paper Mills, New Toronto.

HOLLINGER WILL PASS DIVIDEND DUE IN JUNE
President States Labor Troubles Responsible Were Fomented By Enemies and Agitators.

In a statement issued yesterday N. A. Timmins, president of the Hollinger Consolidated Company, stated that he was not the intention of the directors to pay the dividend which ordinarily would be payable on June 15. Mr. Timmins said: "This decision has been reached after full consideration of the present labor situation, and while the board regrets the decision it feels that the shareholders will recognize that it is the only course to adopt."

Labor conditions, said the Hollinger president, instead of showing any improvement, appeared to be gradually drifting into a state of uncertainty which was most embarrassing to the management and seriously interfering with the carrying on of operations. The directors were seriously considering the advisability of directing their efforts almost entirely to development work, and thus put the mine in shape to largely increase the output as soon as an adequate supply of efficient labor should be available.

Mr. Timmins stated that the company was operating under the most up-to-date conditions and was more than satisfying the strict requirements for the protection of the men enacted by the Ontario Mining Act, which was everywhere regarded as a model of its kind. As to wages, the amount paid by the Hollinger Company exceeded in the aggregate the demand of those who were responsible for the present agitation.

The unrest now so prevalent had been created by a few alien enemies who do not seem to appreciate the liberty they enjoy, assisted by professional labor agitators from the United States, officials of the Western Federation of Miners, who entered Canada notwithstanding the existence of orders against their doing so, and

a few Canadians prominent in labor politics.

Mr. Timmins said that there was no intention to close the mine. Operations would be continued as long as a sufficient number of workmen could be secured to carry on, and as long as the company received adequate protection from the authorities.

The Hollinger president added that the mine was in excellent condition, and that the ore reserves had been materially added since the beginning of the year. It would be unwise for shareholders to part with their stock at the present market price.

WHEN WILL SCHOOL COAL BE OBTAINED?
Watchful Waiting Policy in Regard to Fuel Adopted by Board of Education.

The board of education is not sure of its coal supply and the superintendent of supplies has informed the board that as much as \$25,000 more may be required for fuel than the \$95,000 placed in the estimates.

Trustees Roland feared that discussing coal shortages would merely stampede the public. Dr. Steele believes present prices are a holdup and Dr. Noble does not intend to buy any nine-dollar-a-ton coal.

There is a difference of \$2.30 a ton on the highest tender of last year and the lowest tender of this year for the school fuel supply. The tenders received from theConnell Company were for hard coal at \$5.75 a ton and contained clauses that would release them from the contract in case the American government commandeered coal and also to reimburse them for any increase in freight rates. Even under such conditions they are not anxious for the contract.

Chairman Vokes is inclined to follow Mayor Church's advice and wait, in the hope that prices may drop. In the meantime the tender is held over and the problem is left to the finance committee, with Mr. Dineen added.

TORONTO AND EASTERN MAY BE EXTENDED
Proposal is Made to Run Line Thru Whitby and Pickering Townships.

It is now proposed to extend the Toronto & Eastern Railway, a Mackenzie & Mann proposition, originally intended to be run from Bowmanville to Toronto and which after some preliminary work in the way of grading down thru Whitby and Pickering Townships has since been abandoned. At a meeting of the mayors of Oshawa, Whitby and Bowmanville this week the scheme was favored and the active co-operation of the county council of South Ontario will be invoked. If the county favors the project an effort will be made to get the Mackenzie & Mann interests and the Ontario Electric Commission together and get the hydro to enter into negotiations with the private company for its purchase and operation.

Ontario Milk Producers Form Provincial Branch
A meeting of the Ontario milk producers was held in the Carls-Rite Hotel last night to form a provincial milk and cream producers' association for mutual benefit and protection. About 80 were present, including men from Middlesex, Oxford, Peel, St. Catharines, Niagara Falls, Welland, Wentworth, Quebec, Ottawa, Montreal and Toronto.

The following provisional officers were elected to draw up a constitution and bylaws: President, E. H. Stonehouse, Weston; secretary, M. W. Doherty, Malton; executive, Messrs. Young, Rice, Griffin and Cooke.

HELD ON THEFT.
Mrs. Margaret Cook, 81 Pembroke street, was taken into custody yesterday afternoon by Detective Cronin on a charge of stealing a silk sweater from the Robert Simpson store.

LIBERALS WILL SPEAK FAVORING CONSCRIPTION!
Prominent Members of Party Invited to Address Mass Meeting in Massey Hall Tonight.

The silence of the Liberal leaders in Ottawa on the conscription measure proposed by Sir Robert Borden and the growing need for compulsory service in Canada is to maintain her armies at the front have prompted the Liberals of Toronto to action, and tonight a mass meeting called by the Liberals will be held in Massey Hall to advocate the adoption of a policy of conscription for Canada. The meeting, which will be open to the public, will be addressed by prominent Liberals, who will speak in favor of a policy of conscription and in so doing will no doubt echo the sentiments of the vast proportion of the Liberal population of Canada.

It may be safely said that William Proudfoot, K.C., Liberal member for Centre Huron, spoke for the majority of the Liberal party when he issued the following statement last night: "As far as I am personally concerned I am in favor of conscription, not of a mercenary kind, but of such nature that the war will be won. The winning of the war is the first consideration and the only one which should count. Political differences can be disposed of after the war. Let us be a unit on this question."

Those invited to speak at the meeting include Hon. George F. Erskine, Dr. Michael Clark, M.P. of Red Deer, Alberta; N. W. Rowell, leader of the Liberal party in Ontario, and Fred I. Fardeau, M.P. Short speeches will also be made by a number of prominent citizens of Toronto. The chair will be occupied by S. J. Moore, president of the Parkdale Provincial Liberal Association.

The first gallery will be reserved for the ladies, their escorts and soldiers and the balance of the hall will be open to the public. Owing to the shortage of time no invitations have been issued. The doors will be opened at 7 o'clock and the speaking will begin at eight. The band of the 48th Highlanders will play before the opening of the meeting. This promise to be one of the most momentous in the political history of the city.

Private Jack Giles, son of Mr. and Mrs. W. H. Giles, of Tiverton, and nephew of B. M. McDonald, city editor of The Mail and Empire, who was wounded three times, has died of his wounds. He was born at Tiverton 25 years ago, and was well known in Toronto as a hockey player. He enlisted in a western battalion with five others in the party. Mr. J. M. Kilbourn was appointed secretary of the meeting. The minutes of the last annual meeting were taken as read. The Chairman, Mr. K. W. Blackwell, then presented the Annual Report as follows:

THE ANNUAL REPORT. I have pleasure in submitting for your approval the Fifty-fourth Annual Statement of the Merchants Bank of Canada as at the close of business on the evening of April 30th, 1917, the last day of the Bank's fiscal year. I also beg to submit a statement of the Profits covering the same period. You will observe that the assets are larger by \$269,596.42. Our important expansion in deposits (about twenty millions) has enabled us to very substantially increase our commercial and industrial advances to the material improvement of our earning power, and, at the same time, to keep property strong. A study of the Balance Sheet will, I am sure, satisfy you in the latter respect. During the past year we have opened Branches at: Almonte, Pembroke, New Toronto, St. Catharines, Collingwood, Barry's Bay, Manikowagan, Ont., Grand Mere, Notre Dame St., Lachine; Notre Dame de Grace, Que.; Sydney, C.B.; Fort St. Vrain, N.B.; Mount Pleasant, Mimico, Brantford, Ontario; Millicent, Fenwick, Hubley, Galahad, Granger, Alta.; Senlac, Sask.; We have also opened the following offices, as unremunerative: Battleford, Sask.; Loomis, Alta. All the various offices have been inspected during the past twelve months. The usual auditors' Certificate is appended. All of which is respectfully submitted. K. W. BLACKWELL, Vice-President.

The Financial Statement

Statement of the Result of the Business of the Bank for the Year ended 30th April, 1917. The Net Profits of the year, after payment of charges, rebate on discounts, interest on deposits, and making full provision for contingencies, have amounted to \$1,120,208.84. The balance brought forward from 30th April, 1916, was \$60,984.12. Making a total of \$1,181,192.96.

Transactions in the mining stocks yesterday shrank to meagre proportions, but on the whole prices were about steady. The market seems to have settled down into a rut from which it will require some drastic influence to oust it. In its present semi-stagnant state it offers little inducement to the public to enter from a speculative standpoint. From an investment view probably there never were such bargains. But the bears have been so consistently predominant during recent weeks that upwards where they have occurred at all, have been small and usually followed by a sharp reaction. Certainly for market bulls there has been decidedly little encouragement. Nor is there any turn in sight until the labor trouble is cleared up.

The liquidation in Dome waned yesterday, but the stock weakened a little at \$10.10, as against \$10.40 at the close of the preceding day. Hollinger held steady and McIntyre gained a couple of points from the opening at 141. Newray was active and firm at 65 1/2, while Porcupine Crown at 2 1/2, Vipond was also weak, going back to 36. Teck-Hughes was up a point at 80, and West Dome displayed a better tone at 19.

The recent good news from the oil fields of the Vacuum Gas Co. seemed to have caused a firmer feeling. Yesterday the stock sold at 94 1/2, while the silver issues, Timiskaming showed recent improvement at 37 1/2, and Beaver followed suit, rallying from 32 to 33 1/2. Otherwise there was not much change in these stocks. Chambers-Furland held at 4.00, Crown Reserve went back to 25, Great Northern appeared again at 9, a new low for some time. Hargrave was unusually quiet at 15 1/2. The support of Shamrock weakened, allowing the stock to come back to 18, with offerings at 16 on the close.

SUCCESSFUL WORK AT VACUUM GAS

Rapid Progress Being Made to Increase Company's Output.

The recent successful shooting of No. 3 Featherston well at the company's oil pool at Thameville has increased the company's production by 100 bbls. a day. A second well, the pumping tests are not complete, it is evident that it will again add materially to the production as the oil rose 300 feet in the well after the shot was fired. A pump was being installed in this well yesterday and results will shortly be known.

As a result of the above developments the company has broken all previous records by shipping 5 tank cars of oil in the first week of this month. This represents over 700 bbls. of oil. The capacity of the available tank wagons for hauling the oil from the plant to the shipping station. During a trip to the field in the early part of the present week, it was found necessary to add 300 bbl. tankage at the shipping station at once and also to increase the tank wagon capacity by 50 per cent. This will give the company facilities for handling one tank car of oil per day.

Two drilling rigs are being employed night and day and if the shooting of the remaining wells is as successful as the shooting of No. 3 Featherston—Ontario may soon boast of having a very important oil field as well as the richest gold and silver camps in the world.

PROMISING VEINS FOUND AT COLOSSUS

Active Development Under Way Meeting With Satisfactory Results.

For some weeks past Engineer Howard of the Colossus Gold Mines in Munro Township has been pressing forward active development work on the company's property.

A shaft is being sunk down along with a series of parallel veins. This shaft showed a very likely looking mass which, when assayed, gave satisfactory promise. Mr. Howard has proven as he expected. The shaft is widening and two other veins, one on either side of the main vein, have been encountered at depth. Good hanging-wall veins are being exposed, and it is confidently expected will prove to carry higher values than at the surface. The surface assays were of commercial grade ore and those at depth are expected to be similar to the adjoining Burton property, which joins the Colossus vein to the west.

The Tin runs northeast and southwest with a southerly dip of 85 degrees.

Some of the directors are going up to the property next week.

TRADERS SELLING TO BUY AMERICANS

Comparisons Show Canadian Industrials at a Disadvantage With Americans.

Sentiment around the Toronto Stock Market is almost indefinable as to its immediate bearing. The nebulous political situation, the known taxation, and more important, the anticipated taxation, has left the trader nonplussed. He sees some few industrial stocks looking what he considers cheap, but he can see no immediate prospects of profits if he buys them. Some few traders are taking the short side, and find that there is a continued dribble of public holdings to enable him to cover with a profit. Outside speculators who have stocks are inclined to liquidate local holdings and take their losses, hoping to retrace these with an addition by playing some of the Wall street specialties which are now giving such a free market. Prices were all some lower yesterday, but the liquidation was too small to make any marked impression on prices. Canadian industrials are being compared with the prices of many American industrials, and these comparisons make the Americans highly attractive in face of the price of home propositions.

"NO PROMOTIONS"

A SUGGESTION

The diamond drills working from the 300-foot level of the Davidson Gold Mines at 168 feet cut what is evidently a very important ore body, thirty-two feet in width. The appearance of the ore would indicate high-grade, free gold showing on both sides of the vein. We advise the immediate purchase of the stock.

You could place \$537.00, earn a present yield of over 8 per cent, and meanwhile secure rare advantages from a speculative investment standpoint. This can be done by purchasing 520 shares comprised of blocks of Dome Mines, McKinley-Darragh and Davidson. The first two are paying dividends and provide excellent investment opportunities, whereas Davidson, as one of the newer proven Porcupine mines, is perhaps the best speculative attraction the mining market offers. The following basis of purchase is suggested for the small investor:

No. of Shares	Price per Share	Total Cost	Yield on Investment
Dome	20	\$10.00	200%
McKinley-Darragh	300	.70	100%
Davidson	200	.50	237%
Totals	520	\$537.00	8.2%

In addition to its submarine work the company is most actively engaged in building submarine chasers.

The total business now on the books of the corporation is said to be materially larger than the \$55,000,000 indicated on the submarine boat contracts alone.

Submarine Boat Orders

Orders for submarines on the books of the Submarine Boat Corporation involve a total of approximately \$55,000,000, according to those who should know the facts. This does not include any other work except actual submarines. It is figured that the company is now constructing between sixty and seventy submarines for the United States Government, contracts for forty of which have been given within the past month or two and the remainder being at various stages of completion on old orders.
