

SOVEREIGN Brand Clothing is made in Canada by a good firm and we sell it.
 "Be curious" about it.

IF OUR salesmen put up a good argument for your money give it them, it's yours again for the asking if you are not satisfied---see?

"THE GAME"

CLOTHING is our game, and we play it to win every day of the year. The **home goal** now is Fall and Winter Suits and Top Coats for men and boys of all ages, and believe us when we say we are playing strong for your money with as nice a collection of smart garments as you'd wish to see. To judge by our last week's business the bulk of our big fall selling will be done in the next few weeks and **wise ones** are getting in early because there is no use disguising the fact that later on the good fabrics will be very scarce. We have been liberal in stocking up the good ones, but even at that we can see a shortage coming in many lines. We have taken care of you in our price range of Men's Suits from \$12.00 to \$35.00 and in Top Coats, \$12.00 to \$45.00; Boys' Suits, \$5.00 to \$18.00; Top Coats and Reefers, \$5.00 to \$15.00,

but then as we have said before, **price is not everything**, and this year more than ever before we have placed **quality first**. Our big store is open till 10 o'clock every Saturday night, which is a big help to those who cannot come during the day.

Get the Boy's New Clothes Before Thanksgiving

One of the Finest and Most Extensive Varieties of Fashionable Suits and Overcoats Seen Here in Years Awaits Your Selection Saturday

IT IS USUALLY about Thanksgiving time that the leaves on the trees commence to fall, to form a covering for the protection of mother earth during the cold, stormy months of winter. It is at Thanksgiving time also that folks begin to think of cold weather and warmer clothing. And Thanksgiving being a festive occasion, almost everybody desires to be dressed up—to wear for the first time their new fall and winter clothes, the same as spring apparel makes its initial appearance on Easter morn.

That red faced, cheerful individual, THE BOY, who bubbles over with enthusiastic delight when it is time to get new clothes, will certainly want to sport his new overcoat or suit on Thanksgiving Day, so it behooves every parent to supply his needs beforehand, and no better day could be chosen than Saturday, for we've made unusual preparations for one of the biggest days of the year.

Great Array of Smart Substantial Suits for Boys, Big and Small

REALIZING how vigorous a life the average boy enjoys and how strenuous he is on clothes, we've been very vigilant in making and selecting suits of strong, durable materials that will give satisfactory service.

Neither style nor pattern has been sacrificed in our selection of Suits this fall, for never have we had Boys' Suits that possessed such smart, fashionable shape and seldom have we seen such a variety of colors and patterns as this pre-Thanksgiving display.

The following items estimate to a certain degree the low prices of these Boys' Suits, but to really appreciate these EATON values you must actually examine the goods.

OUR "LEADER" SUITS for big boys are made in many attractive shades of mixed grey or brown tweeds, showing fancy mixtures, fine stripes and check patterns. They mostly all are in fancy Norfolk styles, featuring the popular and fashionable pleated back, in many fancy effects. All have three-piece belt sewn at back, and patch pockets. Have strong, substantial body linings and bloomer pants. Price 5.00.

A Navy Blue Serge Suit certainly always looks neat and refined on the boy, and particularly well-tailored and finished are these made in our own workrooms. They are made of a twill worsted finished serge, in three-button style, with yoke, box pleats and belt at waist, and twill linings throughout. Bloomer pants. Sizes 29 to 34. Price . . . 8.50

In fancy tweeds, in smooth or rough finishes, and in worsteds, there's an unusually desirable selection, including an interesting variety of patterns, such as hairline and wider stripes, distinct and broken checks, heather mixtures, diagonal and herringbone weaves. About a dozen styles from which to choose, the most popular being the smart pinch-back effect, with fancy seams and sewn-on belt at back. A very fashionable style, too, is the three-piece belt effect, with patch pockets. All are finely lined throughout. The bloomer pants are full-fitting and have belt loops, watch pocket and expanding knee bands. Sizes 29 to 34. Prices . . . 6.50 to 12.50

Stylish and Comfortable Overcoats, Ulsters and Raincoats for Boys of All Sizes

SOME boys are bigger now than they were last year and have naturally outgrown last year's overcoat. Others have simply got to get one through necessity. But no matter why or what size he now takes the immense variety we boast of in both ulsters and overcoats, as well as waterproof raincoats, makes choosing easy and satisfactory. The most stylish models are those with belt at back.

The following items tell how very low are the prices of this year, despite the great advance in everything entering into the making of clothing of every description.

Boys' Ulsters in double-breasted style, with convertible collar, made of strong overcoatings, in dark grey or brown, showing diagonal weave; belted back and wind strap on sleeves; lined throughout. Sizes 29 to 34, \$6.00; sizes 35 to 36 7.00

Heavyweight Ulsters, with shawl collar that can be rolled to fit snugly to neck. These are double-breasted and have two-piece belt across back, centre vent and wind strap on sleeves. In dark shades of grey or brown mixtures; strongly lined. Sizes 29 to 34. Price 7.50

Boys' Chinchilla Overcoats, in plain shades of grey, brown or blue. All in double-breasted style with notch or shawl collar. Some are in plain full-fitting back, while others have belt. A great many of these coats are cut in the smart swagger length. Sleeves are split and have cuff; lined throughout. Sizes 29 to 34, prices, \$10.50, \$11.00, \$11.50 and \$12.50. Sizes 35 and 36, prices, \$12.00, \$12.50 and \$14.00.

A very smart Coat for the small boy is made of plain grey chinchilla cloth. It is double-breasted and buttons close up to neck, with self collar. Back is belted, and the coat is lined with a fancy check material. Sizes 3 to 10 years. Price 4.00

Small Boys' Overcoats, made of heavy-weight overcoating materials, in rough-finished mixtures of grey and brown, showing faint large overcheck. These are double-breasted, with back in yoke effect, with knife pleat down each side, and also with belt across back. Have small patch pockets with flap on left sleeve and fancy check linings. Sizes 3 to 10 years. Price 5.50

Other smart Coats for small boys are made of mixed tweeds and plain blue or grey chinchillas. Some have belt at back, others with belt all around, while others show smart pinch-back effects. All are double-breasted and have close-fitting or convertible collar. Many also have patch pockets and fancy cuffs on sleeve. Lined throughout. Sizes 3 to 10 years. Prices, \$6.50, \$7.50, \$8.00, \$10.00, and \$12.50.

Boys' Fall Reefers, in a big variety of shepherd plaids, in large or small checks, fancy mixed grey tweeds or plain shade of brown cheviot serge. All are double-breasted, with self or velvet collars. Back is loose-fitting and has side vents. Sizes 3 to 8 years. Price, \$6.00 and \$6.50.

Boys' Navy Blue Cheviot Finished Serge Reefers, in dark navy. They are double-breasted and have black velvet collar. Have box back and brass buttons. Sizes 3 to 10 years. Price 7.50

Boys' Topper Coats for fall wear are in rough-finished tweeds of grey, brown and greenish grey. They are three-button, single-breasted models, in neat swagger length. Have peaked lapels and are lined in sleeves only. Sizes 29 to 34. Prices, \$7.50, \$8.00, \$10.50 and \$12.50.

Boys' Paramatta Raincoats, in light olive shade. In single-breasted style, buttoning close up to neck, and with loose-fitting back with centre vent and wind straps on sleeves. All seams sewn and cemented. Sizes 6 to 16 years. Price 4.75

Boys' Waterproof Tweed Raincoats, in small broken check of grey or brown. These are single-breasted and have close-fitting collar, Raglan shoulder and fancy cuff on sleeve. Fancy check rubberized lining. Sizes 6 to 16 years. Price 6.00

Boys' Tweed Raincoats, made of rough-finished tweed, in shades of grey or fawn. They are single-breasted style, with convertible collar, full-fitting back, split sleeve, with cuffs, patch pockets with flaps, and fancy check rubberized linings. Sizes 6 to 17 years. Prices \$8.00, \$10.00 and \$10.50.

Here Are Two Big Specials Saturday in Boys' Overcoats at \$2.95 and \$3.95

As an extra special attraction for Saturday, we've marked these two lines to prices that are almost the cost of the materials alone. Take advantage of the saving and bring the boy at store opening Saturday.

For small boys are Overcoats made of warm, heavy overcoating material in dark mixtures of faint stripes or diagonal weave. They are in Russian style with double breasted and close-fitting collars. All have black velvet collar and are belted at back. Sizes 3 to 8 years. Clearing Saturday, each 2.95

For larger boys are Ulsters made of heavyweight overcoating material in dark grey, plain pattern. These are double-breasted and have convertible collar, two-piece belt at back, with centre vent. They have wind straps on sleeves and are firmly lined throughout. Sizes 24 to 30. Extra special, Saturday 3.95

Iron in the North

Nothing so important to Ontario appeared in the news yesterday as the report of the discovery of large iron ore deposits in James Bay.

It seems appalling, however, that these huge deposits, 44,000,000 tons being the estimate in sight, should be allowed to fall into the hands of anyone without respect to the interest of the province or the people of the province.

There have been persistent rumors of coal deposits in the north. Where iron occurs coal is frequently near. It would be a fine piece of fortunate irony if Ontario should part with this splendid possession of iron ore, and shortly after find coal.

Two important speeches were made in the city yesterday. Sir Hamar Greenwood, Bart., M.P., appealed by implication to Canada to do a little more of what is possible to assist the Britanic mother power to bear the gigantic load she has to shoulder.

The need for men in the imperial cause is urgent. Sir Wm. Robertson, chief of the imperial staff, declares that "we are not justified in expecting to win the war unless the service of every man and woman in the country be utilized to the fullest extent."

Germany is having little result to comfort her out of the various efforts she has been making against her opponents. It is now fairly well established by facts as well as by Chancellor Von Holweg's admissions in the reichstag, that the reason the submarine of merchant vessels was abandoned at the request of President Wilson was because the German submarines could not evade their British pursuers.

It is not to be supposed that the allies will sit tamely by and permit Germany to play havoc with the merchant traffic of the world and exact no recompense. Germany's victorious but Germany's defeat will have an acute consciousness of the pledges available to her opponents in vessels interned and otherwise, and other assets.

Justice is all that Germany needs to press home such a lesson to her people as history has never before recorded. There is no room for generosity in dealing with Germany, and if she be awarded strict justice there will be no room for complaint.

Justice is all that Germany needs to press home such a lesson to her people as history has never before recorded. There is no room for generosity in dealing with Germany, and if she be awarded strict justice there will be no room for complaint.

The Party at the Bottom of It

WOMEN RIOTERS BATTLED POLICE. Wives and Relatives of New York Car Men Take Hand. CLUBS USED FREELY. Many With Babies Urged on by "Mother" Jones.

The Toronto Mail cries out against the high cost of living and says some attention must be paid in this country to the rights of the consumer. The Mail follows closely along the line of Sir Wilfrid Laurier's speech at Hamilton two years ago, when he came out for "free food."

It was pretty well proved in 1911 that the Canadian farmer got higher prices for what he produced than did the farmer in the United States. The one exception was perhaps in the case of wheat. Nobody has suggested since that the relative position of the two countries had undergone any change. Yet the Mail is horror-stricken to find that butter, eggs and potatoes cost less in New York than they do in Toronto.

The London Free Press does not believe that the Dominion Senate will do a good thing even with a Conservative majority. It will cease to be a nuisance in the opinion of The Free Press, only to become a rubber stamp.

Dr. Reid, minister of customs, has been out to British Columbia where they are demanding a Canadian customs house in New York City, so that goods may be brought to them via the Panama Canal. At the last session Dr. Reid took the position that the British Columbians should patronize the Canadian railways instead of the American ones.

The Ottawa Citizen says that British Columbia may take the lead in instituting proportional representation. Only in that way, it thinks, can Premier Brewster get rid of the patronage evil.

The Ottawa correspondent of The Winnipeg Free Press calls attention to the strange anomaly which permits a woman in Manitoba to vote at the Dominion election but denies the same privilege to a woman in Saskatchewan or Alberta.

Generally speaking any one qualified to vote for members of the provincial legislature is qualified to vote for members of the Dominion Parliament, but in the case of Saskatchewan and Alberta it is expressly provided by the Dominion Elections Act that the voter at a Dominion election must be a British subject at least twenty-one years of age and of the male sex.

The enfranchised women of Saskatchewan and Alberta vote at provincial elections, but will not be allowed to vote at the coming Dominion election. The Manitoba women have an undoubted right to vote at provincial and Dominion elections alike, and the same will be true of the British Columbia women as soon as they are enfranchised at the next session of the legislature.

TEN BATTALIONS ARE ON LAST LEAVE

Remaining Units at Borden Begin Regular Monthly Leave.

Will Plant Grass. Camp Officials Decide on This Method to Avoid Dust.

By a Staff Reporter. Camp Borden, Oct. 5.—About sixteen thousand of Camp Borden's soldiers are now away on leave.

The 180th Sportsmen's Battalion of Toronto, which has been added to the list of units warned for overseas, will start its last leave on Friday, Oct. 13th.

The depot Canadian Mounted Rifles, Hamilton, has been asked to supply another overseas draft of 250 men. It is expected that 22 C.M.R. men now doing mounted patrol duty here will be included in the draft.

With a view to deciding upon some method of covering with a substantial growth of grass for the C. A. C. president of the Ontario Agricultural College, Guelph, and B. Roadhouse, deputy minister of agriculture, came here today to examine the ground.

Colonel S. C. Mewburn states the Ottawa authorities ruled that battalions under strength must shed two officers per hundred men, if a unit is less than a thousand strong when the time comes for it to start overseas.

NINE MEN PERISHED IN ST. LOUIS BLAZE

Fire Destroyed College—Students, Priests and Firemen Among the Dead.

St. Louis, Oct. 5.—Nine men are known to have perished as the result of a fire that destroyed the central portion of the main building of Christian Brothers College here today. Two of the dead are aged priests who were trapped on the fifth floor by the flames.

Five of the known dead were firemen, who were carried to the basement from the third floor when a wall fell. Seven firemen were taken out alive, badly hurt.

One hundred and five students and thirty members of the faculty were at breakfast when the fire broke out and left the building in orderly fashion.

Special trains will be operated from Toronto to account of the above as follows: Leave Toronto 4.40 p.m. Oct. 7th, Sunnyside 4.50 p.m. for Brantford, Paris, Woodstock, Ingersoll, London, Guelph, Stratford, Windsor and Detroit, also for Strathroy, Comber, Watford, Wyoming and Sarnia. This train will carry cattle cars to London and motor cars to Detroit.

VILLAGE IN MICHIGAN DESTROYED BY FIRE

Several Hundred People at Mendon Without Homes—Bravery of Switchboard Operators.

Mendon, Mich., Oct. 5.—The Village of Mendon was virtually destroyed by fire yesterday. The blaze starting in the afternoon, swept 30 business buildings and residences and burned itself out last night. The loss was about \$250,000 partly covered by insurance. There were no casualties, but several hundred persons were without homes or extra clothing today. Relief has been sent to Mendon from adjoining cities and towns.

Telephone operators in the Mendon Telephone Exchange remained at their posts until they had secured the news of the fire to the surrounding area. The telephone building was blazing fiercely when they completed their work. Rescuers helped the young women to safety.

Mendon has a population of about 1,000 and is 21 miles from Kalamazoo.

To Cure Catarrhal Deafness and Head Noises

Persons suffering from catarrhal deafness and head noises will be glad to know that this distressing condition can be successfully treated at home by an internal remedy that in many instances has effected a complete cure after all else has failed. Sufferers who could scarcely hear a watch tick have had the tick of a watch was plainly audible seven or eight inches away from either ear.

Therefore, if you know someone who is troubled with head noises or catarrhal deafness, cut out this form and hand to them, and you will have been the means of saving them from suffering perhaps from total deafness. The remedy can be prepared at home, and is made as follows:

Secure from your druggist 1 oz. of Ears (Ears) (Ears), about 75c worth. Take this home, and add to it 1 pint of hot water and 4 oz. of granulated sugar. Stir until dissolved. Take one tablespoonful four times a day.

The first dose should begin to relieve the distressing head noises, and the deafness rapidly returns as the system is invigorated by the tonic action of the treatment. Loss of smell and mucus (runny nose) are other symptoms of catarrhal deafness, and which are often cured by this effective remedy.

Nearly nine out of ten cases of ear troubles are said to be directly caused by catarrh, therefore there must be many people whose hearing can be restored by this simple home treatment. Every person who is troubled with head noises, catarrhal deafness or ear trouble in any form, should give this prescription a trial.

Important Note: In ordering Parmitol always insist that you want double strength. Your druggist has it or he can easily get it for you. If not send 75c (several dollar money order) to the International Laboratories, 74 St. Antoine St., Montreal, Que., Can., and they will supply you.

Grand Trunk Railway System. TEM-MARKH FALL FAIR.

PLAYS, PICTURES AND MUSIC

CYRIL MAUDE AT THE GRAND IN A NEW COMEDY.

Jefferson Thorpe is the name of the character that Cyril Maude will play in the comedy that Michael Morton has prepared for him from Stephen Leacock's "Sunshine Sketches," so Mr. Maude decided to call the play "Jeff." Jeff Thorpe, the barber of the Village of Mariposa, in whose shop the affairs of the community are reviewed, is a younger man than "Grumpy" by a score of years. Jeff comes to himself a bit of a financier and it is around his speculations in mining stocks that Mr. Morton has written his comedy. Mr. Maude brings "Jeff" to the Grand Opera House for all of next week, opening his engagement with a Monday (Thanksgiving Day) matinee. The seats for the performances were placed on sale yesterday.

GAYETY THEATRE.

"A sober-intoxicant for sane people" will be applied to "Some Show" at the Gayety Theatre next week. "Some Show" is Barney Gerard's newest offering and it is said his best. He has secured to head the company Edmond Hayes of "Wise Guy" and "Piano Movers" fame, which in itself is enough to guarantee that the show must be good. Mr. Gerard has succeeded Mr. Hayes with a company of unusual excellence including well-known names as Thomas Snyder, Marie James, Martha Edmond, Jane Brown, Harry Hills, Billy White, Bruce and a chorus of young beauties quite up to the "Gerard" standard.

E. H. SOTHERN AT STRAND.

The fine photo-drama "The Chattel," in which E. H. Sothern, America's foremost actor, is making his screen debut, is drawing big houses to the Strand Theatre, where it will be presented through today and tomorrow. Mr. Sothern could hardly have had a better vehicle for his genius, and plays a strong part with all the strength that one expects from him. He is supported by a superb cast headed by Peggy Hyland, the distinguished English actress.

MADISON THEATRE.

Nat Goodwin, the famous stage comedy star, is the headliner at the Madison Theatre for the rest of the week in an exceptionally sparkling travesty, "The Marriage Bond." Next week the magnificent drama of love and war, with its setting in France, "The Victory of Conscience," with Lou Tellegen, along with Charlie Chaplin in "The Pawnbroker," will fill all a special program.

LOEW'S.

A big vaudeville show, evenly balanced with a number of headliners, will be shown the coming week at Loew's Yonge St. Theatre. Among the big acts will be the "Officer Girls," a new musical comedy. Chas. McNaughton, celebrated comedian, will offer a brand new act which has proved a big hit in New York. Another clever act on this bill will be Fred C. Hagen and Company in Willard Mack's clever comedy, "One Way to Love Her." Mlle. Toletti and Mr. Bennett have a beautiful singing and dancing skit entitled, "The Song of the Sea."

FANNIE WARD AT THE REGENT.

Probably the strongest attraction that has yet been played at the Regent Theatre is the great Toronto favorite, Fannie Ward, who will appear in a part eminently suited to her capabilities as an emotional actress, "Each Pearl a Tear." She is surrounded by cast of distinguished actors, including such distinguished names as Jack Dean, Charles Clark, Paul Weigel and Jane Wolff. Lovers of the film drama cannot afford to miss seeing the greatest of modern stars in this most remarkable photo-play.

AT THE STAR.

Next week at the Star Theatre, Pat White and his Gaiety Girls will be the attraction. There is a large chorus of beautiful girls, and the whirlwind Irish comedian and producer, will handle the comedy lines, "The Frolicsome Festival" is the opening musical burlesque, and "Cassidy and the Convention" is the offering of the second part of the program.

HENRI BOURASSA AND LAVERGNE MAY RUN

Contest Seats for the Commons at Next Election—Counties in Doubt.

Special to The Toronto World.

Montreal, Oct. 5.—It is now generally understood that both Henri Bourassa and Armand Lavergne will both contest seats for the commons at the coming election, yet the counties they will contest are still in doubt. The first thought was that Bourassa would run in Labella, his old constituency, and even now he may decide upon that county, although the friends of Paul Emile have a desire to see Bourassa standing over Nicolet as the Nationalist leader.

Formerly it was supposed that H. Bourassa would stand for Nicolet in place of Mr. Lamarche, but since that gentleman flitted so persistently with the Nationalist, the ex-minister will look elsewhere, and even then Bourassa may not get the nomination. Co. Lavergne will most likely stand for his old county, Montmagny, since his most redoubtable opponent, Mr. Lesperance, is now out of the road. Mr. Tancredi Marcel will oppose H. Bourassa in Hochelaga, Westmount, as he attempted to run there when the minister of inland revenue entered the cabinet, but was prevented from doing so by an illegality in his papers. It is now known that there is an election to take place tomorrow, Sir Robert Borden would not carry six seats in the province, but the ministers are very active and they claim that there is a reaction amongst the clergy.

SOCIETY

Conducted by Mrs. Edmund Phillips.

The Hon. Frank Cochrane, who has been spending a week in Sudbury, has returned to Ottawa.

Reports Read at Meeting of Humans Society Satisfactory

The winter session of the Toronto Humans Society opened last evening with an excellent attendance of members at headquarters, The Lord Bishop of Toronto, president, expressed satisfaction at the manner in which the work had been maintained. Statistics showed that the work this year is ahead of the previous year.

The number of complaints investigated up to September 30 were 1896, while the society has dealt with 4380 cases, 978 dogs and has humanely destroyed 280 horses.

A feature of the evening was a lantern lecture by James Maughton on the preservation of bird life.

DOMINION REVENUE SHOWS AN INCREASE

Finance Minister Pleased With Official Returns of Half Year.

INCREASING EXPENDITURES OF WAR MAKES NATIONAL SAVING NECESSARY.

Special to The Toronto World. Ottawa, Oct. 5.—The official returns for the first half of the fiscal year, that is to say up to Sept. 30, are now available and make in the opinion of the minister of finance a showing satisfactory beyond the highest expectations of the budget.

The revenue of the Dominion from all sources has reached a total of one hundred and three millions, or thirty millions in excess of that for the first half of last year. The total expenditure, which includes an increase of interest of four and a half millions upon war borrowings, is about the same as last year, the higher interest charges being offset by reductions effected in public works, railways and canal expenditures. It now seems certain that the total revenue for the year will amount to at least two hundred and ten or possibly two hundred and twenty millions.

If this expectation is realized the government will be able to apply fifty millions or more of revenue to the principal of war expenditure. Equally satisfactory with the revenue returns are those showing the total trade and bank deposits of the Dominion.

The imports and exports for the first five months ended August 31 of the present fiscal year, the total trade of Canada's imports and exports aggregated seven hundred and ninety-one millions, as compared with three hundred and ninety-nine millions for the same period of last year. The total bank deposits in Canadian chartered banks at the end of August aggregated twelve hundred and fifty million dollars, as compared with less than a billion dollars at the end of August, 1914, and a little over a billion and a half million at the end of August, 1915. The increase for the past year has thus been two hundred and fifty millions.

The minister of finance, while regarding the figures as gratifying as showing the soundness of the country's trade and its general prosperity, at the same time emphasizes the need for national saving on a greater scale in order that the constantly increasing expenditures of war may be met as largely as possible from our own resources. He is of opinion that if those not immediately engaged in the war should put forth the maximum of effort in the way of production of all kinds of agricultural and other commodities which now command high prices, and if at the same time the public would save as much money as possible, the Dominion, notwithstanding the great increase which must take place in the national debt for our war expenditures, would be a stronger community, financially and industrially after the war is over than before it commenced, and he is confident that this over any period of dislocation or reconstruction which may follow in its wake.

Individual Economy. The true policy at the present time is therefore one of individual and public economy, resulting in greatly increased savings. In order that the public may be able to readily invest these savings in the national securities, which are the highest class of all, the finance department now that the war loan has been successfully floated, will in the near future make public a plan which will have for its object the promotion of greater saving among those of limited means who may be willing to save and securely invest their savings in the national securities, which are the highest class of all, the finance department now that the war loan has been successfully floated, will in the near future make public a plan which Over at Hillcrest Park in Afternoon With the Regulars

The regulars turned out in ideal weather for the third day at Hillcrest Park. The weather was sunny and warm. Everyone must have been gaining if he left those odds alone. The lawn at Hillcrest is spacious, and attractive, and it was pleasant to stroll about. The ladies were there aplenty—but goodness knows they were not out for their health. Everyone of them bets on winners—losers, mostly the latter. And those odds! The least said the better. Also to mention the races: How the jockeys apply the girth and how the horses run! They got away in a huff and the first in went on the rail in the heat to land the coin. They look to perform on the level, but people will talk. A feature at Hillcrest Park is probably the infield, where cabbages, onions, beans and others of the truck variety flourish luxuriantly. The vegetables are now ahead of the horses, for they're all ripe and ready to pick. In the stand there sits Aid. Samuel J. McBride, monarch of all he surveys. Unlike in the council he says nothing, but with a rod of iron. The presiding judge has placed them with precision and accuracy this meeting. Up to date there are still four days ahead. However, who's that serious appearing official whom I have been seeing in the stands of the O.C.C.? asked some one who spotted a well-known authority, alight of stature, but still superior in bearing, beside the pompous form of the chief mount of Hillcrest Park? Who was it? Why, none other than Bill Hewitt, once the terror of recalcitrant race horses on the historic back stretch beside the blue waters of Lake Ontario. The patrol judge at Woodbine Park associate judge on the How the mighty have fallen! But these are war times.

AMERICAN SOCCER PRESIDENT RESIGNS

Special to The Toronto World. New York, Oct. 5.—Misunderstandings which arose in connection with the attitude of four soccer clubs in New Jersey, members of the National Football League, which failed to join the New Jersey State Football Association when advised to do so by the officials of the U. S. Football Association, with which the state organization is affiliated, have led to the resignation of John A. Fernley, president of the U. S. Football Association. After warning the clubs, Fernley decided to give them more time, until the council meeting arranged to be held at Bridgeport on Oct. 25, permitting them meantime to go ahead with their National League schedule. It transpired that Thomas W. Cahill, the secretary of the U. S. Football Association, soon after his return with the American team from Norway and Sweden, caused a bulletin of suspensions to be issued against the four clubs in question. The West Hudson, Scotch Americans, Jersey A. C. and Babcock & Wilcox F. C. It was on the strength of this action that Fernley resigned his position, his retirement to take effect on Oct. 5.

TORONTO'S DEATH TOLL VERY HEAVY

Twenty More Citizens Have Given Up Their Lives on Battlefield.

FORTY ARE WOUNDED

Major Peterman and Lieut. M. Wilkes Are Reported Killed in Action.

Of the Toronto men mentioned in yesterday's casualty list, 19 have been killed in action, one has died of wounds, one is missing and 40 are wounded. Included in the names of the Toronto men who have been killed are Major Peterman, who enlisted at Aurora, and Lieut. M. Wilkes, who joined at Brampton.

Captain N. J. Barton, Bpton, Ontario, reported wounded, was appointed divisional surgeon to an ambulance brigade in June, 1915.

Before the official communication arrived from Ottawa, Mrs. A. Sinclair, 69 Trinity street, received a letter from her son, Lance-Corporal William J. Sinclair, telling of the death of his brother, Melville, who was killed on September 15. Pte. Melville Sinclair was the youngest son of Mrs. Sinclair, and in the letter his brother stated that he was shot in the chest. Yesterday morning the official telegram arrived at the Trinity street home, but Mrs. Sinclair had already received all the particulars of the case, and where her son was buried.

Pte. G. Arnold, reported to have died of wounds, was born in Arthur, Ontario. He roomed at 317 Gerard street, and went overseas from Niagara in a draft from the 7th Battalion.

Drafted from the 51st Battalion to the Mounted Rifles, Pte. J. W. Pett, 67 Palmerston avenue, has been killed in action. He was 19 years of age and was born in England.

Thomas Keating, of 15 DeFoe street, enlisted with the 7th Battalion, has been reported missing. He has a wife and family here, and went with a first division unit in a draft.

Since the 17th of September, Pte. Walter W. Williams, of the 53rd Battalion has been missing.

His home is at 510 Adelaide street. Before going to France he was sick in the hospital, and his wife sailed for England to see him, but when she arrived he was on his way to the trenches.

Pte. Hubert Brine, who has been killed in action, lived at 378 Logan avenue. He enlisted with the 83rd and was drafted in April to the C. M. R.

Going to the front in a draft from the 74th Battalion, Pte. W. R. Saunders, whose parents live at Welland, Ontario, has been killed.

The parents of Pte. C. E. Burt, 25 Belmont street, have been informed that their son has been killed in action. He was drafted from the 74th Battalion.

Reported killed in action, Pte. Alex. Paterson, was born in Scotland and joined the 81st Battalion. His parents live at 88 Hocken avenue.

After 3 months' service in the trenches, Pte. F. Smith, 287 Sumach street, is dangerously ill from a wound in the left arm. His wife was informed that he has been removed to a hospital in England. He joined the 81st Battalion.

Wounded for the second time, Pte. A. R. Carberry, 135 Humberdale avenue, was one of the first recruits to join the 12th Battalion. He was wounded for the first time in 1915. This time his wounds are slight.

Pte. R. Farguharson, 89 Condon avenue, went overseas with the 2nd Highlanders, and has been slightly wounded. He is 24 years of age and was in the trenches only a few weeks.

Another member of the 75th Battalion has been wounded, Pte. J. Stevenson, 32 Manning avenue, enlisted a year ago, and has been in the trenches four months.

Corp. James MacLeod, who has been wounded, enlisted with the first contingent of the 48th Highlanders. He has been at the front continuously since February, 1915, and has been wounded. He lived at 111 Wychwood avenue.

AWAKEN PUBLIC IN CARE OF THE FEEBLE-MINDED

The association for the care of the feeble-minded met in the city hall yesterday, when a good deal of animated discussion took place on the necessity of awakening the public mind to the need for special care for this class of the community.

It was decided to form a branch for Toronto, and it was recommended that branches should be opened up in different parts of the province. There are 7000 of this class in Ontario with government provision for 1100 only, this, however, being greater provision than that of any other province or than any state in the neighboring republic with two exceptions.

A publicity committee was appointed with the view of finding out exactly how many feeble-minded persons are in the city. Those on this committee are: Chairman, Peter Bryce; secretary, E. E. Mills; Miss Una Saunders, Y.W.C.A.; Miss M. Keyes of the psychiatric clinic, Toronto General Hospital; Dr. Gordon Eskes, Dr. Clark of the General Hospital is an honorary member.

Former Licenseholder Must Explain Presence of Liquor

George E. Hance, 611 Dundas street, formerly the proprietor of a liquor store at that address, will be summoned to court today by the morality department, to explain the presence of 120 cases of beer, wine and whiskey on his premises. Acting on information given by Staff Sergeant McKinnon, Morality Officer Kerr and Acting Detective Elliott visited Hance's home yesterday afternoon and seized the liquor.

TWO COMPANIES TO GALT.

Galt, Oct. 5.—Headquarters and two companies of the 163rd Wellington battalion are to winter in Galt. The announcement was received today by P. S. Scott, M.P. from the militia department. Both Queen Barracks and the armory will be used and altogether six hundred soldiers will be in Galt.

CANADIANS TO MAN EMPIRE'S WATCHDOG

Capt. Hon. Rupert Guinness Calls for Two Thousand Men for Navy This Year.

GUEST AT LUNCHEON

Entertained by Members of the Empire Club at the St. Charles Hotel.

"You have been concentrating your attention on the army, the spear head. The time has come when you must pay attention to the navy, the shaft of the spear by which alone the head can be driven home." This illustration from Captain Hon. Rupert Guinness, aide de camp to the King, C.R., C.M.G., senior officer of the Royal Naval Volunteer Reserves, member of the British parliament and twice winner of the diamond skulls, was loudly applauded by the Empire Club, which he was addressing on his mission in Canada, at luncheon in the St. Charles yesterday.

He asked the co-operation of the members to secure 2,000 recruits for the Canadian branch of the reserves to serve with the imperial fleet before the end of the year, and some 3,000 more after that date. The men of his own similar force in Great Britain had mostly been lost in Antwerp. Admiral Jellicoe had said that he did not ask for better men than those reservists. Many of them were bank clerks. They were landmen. It was such men that the navy was asking for in Canada, strong, healthy, energetic and enthusiastic men keen to learn.

Such recruits would help to strengthen the bonds of empire and would by their experience aid Canada in deciding whether or not she should have a navy of her own.

Colonel W. Hamilton Merritt proposed the vote of thanks, which was seconded by Commodore Amelius Jarvis, who announced that he had just accepted the post of naval recruiting officer for Ontario; but, he said, he had done so only on the clear understanding that civilians should not be asked to contribute money for recruiting or for military equipment for which the government should make provision. In this he had received the support of the minister.

The great difficulty to be faced was that seamen recruited must be within the ages of 18 and 30, and most of the fit men between those ages had gone with the army, said Mr. Jarvis. Stokers would be accepted up to the age of 38. However, there were many advantages in the naval service.

CITY HALL NOTES

On motion of Mayor Church the board of control yesterday rescinded the motion passed some time ago that no Toronto men who joined outside batteries or infantry battalions would be insured by the city.

Controller Cameron yesterday got a ruling from the board of control that members of the home guard are not insured by the city.

"Go on and do your work, I'll pay for it," declared Controller O'Neill at the board of control meeting yesterday, when the North Toronto Women's Patriotic League asked the city to pay their rent and fuel bill. The board voted money to carry them over the balance of the year.

REFUSE TO FORM CITIZENS' BODY

Board of Control Lay Over Publicity Committee's Scheme.

DEPUTATION PRESENT

Speaker Declares Money Should Be Spent to Benefit Railways.

The board of control yesterday refused to endorse the publicity committee's scheme to form a citizens' committee, and laid the matter over for two weeks. Controller Foster criticized the recommendation of the committee declaring it "a half baked report."

"Anybody who talks that way has not read the report," retorted Controller Cameron. "We want a representative committee to look after the securing of industries, bringing conventions here, and generally advertising."

T. A. Stevenson, of the Trades and Labor Council, said he favored a body to secure conventions, but industries should be financed by private persons.

"You are all too far apart," declared Mayor Church. "Lay it over and get together on it."

During the harangue a deputation, headed by George Wright, waited patiently. When he was permitted to address the board he declared that the citizens' money should not be spent in advertising, where a few like the railway companies reaped the benefit.

FALL FAIR OPENS.

Galt, Oct. 5.—The annual fall fair opened here today with record entries in poultry, fancy work, fine arts and fruit. Tomorrow is the big day of the show. A recruiting detachment from the 24th Scottish Borderers Battalion of Windsor is here for two days.

EXPRESS DELIVERY CASE POSTPONED

Dominion Railway Board Gives Time to File Answer to Application.

SEEKS AN ORDER

City Asks That Railway Companies Protect Riverdale Crossing.

The most interesting case on the list, that of the express delivery for suburban sections, being left over until the next session, yesterday's meeting of the Dominion Railway Commission in the city hall did not provide much excitement. Harry Newman, the solicitor for the city's committee, which has conducted an active campaign for express delivery, appeared before the board and asked for the deferring of the matter until the next sitting thru the absence of M. K. Cowan, K.C., who has been engaged by the city.

D'Arcy Scott, chairman of the commission, stated that he had been led to believe that the matter was urgent, and desired that it should be brought forward immediately.

Mr. Newman pointed out that the express companies were desirous of having the matter left over in order that an answer to the application might be filed, and the case was then adjourned.

An application was made by the city for an order requiring the C. P. R., N. E. R. and N. K. companies to protect the railway crossing in Riverdale Park, where the footbridge crosses the Don, by the stationing of a flag man at the point in the summer months between the hours of 10 a.m. and 3 p.m. The companies contended that if the corporation desired this they should be prepared to pay the cost. They also contended that the view for a considerable distance, and in answer to a question by the chairman of the board, L. S. Farley, representing the city, stated that, in their opinion, the park commissioner, should be permitted to destroy the beauty of the park, which is of good value at that point. The commission reserved its decision.

The board of control yesterday received an application made by Deputy-Treasurer W. B. Graham, of the Ontario College of Pharmacy, requiring the city or to appoint some person to make immediate refunds of unused railway tickets.

The provincial highways department figured in a case brought by the Hagersville Crushed Stone Company, who proposed an increase in freight rates on crushed stone from Hagersville to Windsor and Paris, from Michigan Central Railroad Company.

Deputy Minister of Highways McLean appeared before the board protesting against the increase, which he claimed would seriously affect the good roads program in Essex county. In his opinion, the increase would result in the loss of \$100,000 more. The board reserved its decision.

The proposed increase in stop-off charges on canned goods, carloads, from \$3 to \$5 per car was opposed by the Dominion Cannery, of Hamilton, represented by W. R. Caldwell, traffic manager. He claimed that the enforcement of the increased charges would prove detrimental to the country, and the placing of shipments by different branches is absolutely essential.

Mr. Caldwell, for the railways, stated that the stop-off privilege was optional, and if it proved unremunerative the companies were quite at liberty to increase the rates. He doubted whether the board held jurisdiction over this matter, but the chairman disagreed, claiming that the commission fixed the rates and were in a position to regulate them. The decision was that the railways were not justified in making the increase.

The Ontario Motor League applied for protection of its own crossing over the Grand Trunk railway at Beachburg, near Hamilton. Members of the league point out that the road was frequented by motorists between Toronto and Buffalo. The Grand Trunk and the radial company have agreed to remove certain buildings which obstruct the view at the crossing, and this was accepted, the board retaining from making an order until they hear from the Hamilton Beach Commission.

TECHNICAL EDUCATION.

St. Catharines, Oct. 5.—Initial steps towards establishing technical education classes in the St. Catharines Collegiate were taken by the board, which appointed an advisory committee to take the matter up at once.

They've Made Good!

COSGRAVES NEW LIGHT BEERS

Popular Everywhere

PEOPLE who have been accustomed to enjoying a bottle of beer downtown say they cannot see or taste the difference. That's because Cosgraves new light beers are pure and palatable. They are made from the same selected malt and hops and pure filtered water as the brews that made the name "Cosgraves" famous for malt and hop beverages—they've just been lowered in alcoholic strength to meet present conditions in Ontario. They have all the sparkle and snap, same color and foam, same flavor, and contain all the nourishing tonic properties of the best malt and hops.

Just try a bottle today at your hotel or restaurant, or phone your dealer to send you a dozen for home use.
