Stanley Baldwin Re-elected Leader of Conservative Party

EX-PREMIER WILL LEAD HIS PARTY

Stanley Baldwin is Unanimously Elected Head of the Conservatives.

200 PEERS AGREE

Vigorous Criticism in Connection With the Tariff Policy at Caucus.

(By Canadian Press.) London, Feb. 11.—Stanley Baldwin was unanimously re-elected leader of the Conservative party today.

Between 500 and 600 members of the party, including some 200 peers, assembled for the meeting. Mr. Baldwin, who arrived early, was followed by Lord Balfour, Lord Birkenhead and other prominent party members.

The first business of the House of Commons Tuesday will be the election of a chairman and a deputy chairman of committees. In this a concession is to be made to the Liberals with a view to securing their good will. The government is expected to propose a Labor member, Robert Young, as chairman, but leaving it to the Liberals to choose a member of their party for deputy chairman.

(British United Press.) Baldwin Criticized.

London, Feb. 11.—Vigorous criticism of ex-Premier Stanley Baldwin's tariff policy was made at a Conservative caucus attended by 1,000 delegates today at the Hotel Cecil.

Despite strong efforts to drop the protective tariff principles from the party platform because of the recent election fiasco it was indicated that modified tariff proposals would be retained by the Conservatives.

Baldwin apparently is assured of reelection to party leadership notwithstanding the efforts for months of the newspaper kings, Lords Rothermere and Beaverbrook to secure his disposition.

FINDS RING THOUGHT BURIED BY PIRATE

New Haven Fireman's Treasure May Have Been Worn by Lady Catherine Grey.

New Haven, Conn., Feb. 11.—A curious shaped gold ring, said to have been part of the jewels of the British King and which tallies in detail with one which disappeared from the English court in 1610 and has since been listed on the records as of unknown whereabouts, was found by Charles Burns, a hoseman of the local fire department in a sandbar near Thimble Islands.

Thimble Islands has long been noted as a rendezvous of the famous Capt. Kidd and it is believed the ring was a part of the treasure loot of the pirate who, according to legends, buried his spoils in this vicinity.

Burns was on a clamming trip when he unearthed the ring. It is composed of four bands, joined by clasped hands.

It is said that a ring closely resembling it was worn by Lady Catherine Grey and said to have signified her marriage to the Earl of Hertford, Queen Elizabeth, displeased with the union, sent Hertford to the Tower of London and subjected Lady Catherine to many hardships until the validity of the marriage was proven. The marriage was later dissolved by a commission and so pronounced in the palace of the Bishop of London in 1562.

Burns has deposited the ring in a safe deposit vault and has refused an offer of \$2,000 for it. He said he intended to make a further search of the beach in the hope of uncovering other trinkets.

30,000, In Horror, See Airman Die

Buenos Aires, Feb. 11.—J. P. Hansen was killed on Saturday when his airplane collapsed on the runway here. The accident occurred while Hansen was carrying out "stunts" in a bombing movement.

Thirty thousand spectators saw the incident, which occurred a little after midnight. They were horrified when the airplane burst into flames after it had struck lofty wires. It dropped to earth like a ball of fire. The body of the aviator was taken out of the burning wreckage, but was charred beyond recognition.

Hansen was forty years of age. He recently accomplished a flight over the Andes with a passenger.

BREWERS FIGHT NOVA SCOTIA CASE

Dow's Contest Conviction by Sydney Magistrate in Liquor Shipping Matter.

Halifax, N. S., Feb. 11.—The Supreme Court on Saturday heard argument in the case of the King vs. Percy Scott, an application for a writ of certiorari to remove into the Supreme Court a record of conviction by Stipendiary Magistrate at Sydney on November 30, whereby Percy Scott of Montreal was convicted of having, as manager of Dow's Brewery, Montreal, shipped intoxicating liquor into Sydney and been fined \$800 and costs of \$200.00, or, in default, three months' imprisonment.

The grounds of the application are that the magistrate did not show jurisdiction, the place where the alleged offence was committed was not named, that the defendant did not consent to trial by the stipendiary and that the evidence did not prove a prima facie case. Judgment was reserved.

Has Been 50 Years in Vatican Service

Rome, Feb. 11.—Pope Pius yesterday received Rinaldo Jacchini, dean of the Pontifical Court who is 79 years old and has been fifty years in service at the Vatican. He began his service at the age of 19 as an outrider for Pope Pius IX, and rose to the position of postillion, which position he still holds.

On September 19, 1870, on the eve of the fall of the temporal power, he drove Pius IX. for the last time through the streets of Rome. From that day on Pope has left the Vatican, but Jacchini since has continued to drive the pope's car through the Vatican gardens.

MISS BOOTH WEDS PRINCE AT OTTAWA

She is the First Canadian Woman to Attain Rank of Royalty.

CANADA IS PROUD

Report of Death of Grandfather Spreads, But is Unfounded.

Ottawa, Feb. 11.—First of Canadian women to attain the rank of royalty, Miss Frances Booth, daughter of Mr. and Mrs. J. Fred Booth and granddaughter of Mr. J. R. Booth, multi-millionaire lumber man, at four o'clock today becomes Her Majesty Princess Erik, Countess Rosenberg, relation by marriage of the sovereigns of Britain and Denmark and the ruling houses of other countries.

In contemplation of the event, Ottawa subordinated other interests over the week-end. So widespread and intense was absorption in it that it became the natural conductor of the most rapidly circulated rumor that has alarmed Ottawa since the war—the rumor that on the eve of his granddaughter's wedding to Prince Erik of Denmark, John R. Booth, had been called by death.

While excitement over his condition was moving, the city, Mr. Booth, enjoying an actual improvement in his condition, was reading the newspaper and receiving members of his family. Yesterday afternoon Miss Booth left her wedding guests and went to him. All arrangements for the wedding are now complete. After the marriage ceremony and the reception following it, Prince Erik and his bride will start on their honeymoon. By special train they go to Quebec tonight and from there to New York to sail for England on Feb. 16. They will go on to Denmark where they will be received by King Christian and will visit other countries.

Prince Erik and Princess Erik on their return will live in California, where they will take up orange growing. Confirmation of this comes from the Booth home.

Represent King George.

Their Excellencies the Governor-General and Lady Byng of Vimy will be present and, in addition, the daughter and Queen Mary of England. The Premier, Right Hon. W. L. Mackenzie King, C. Meyer, Danish consul, other diplomats stationed in Ottawa, in fact the entire official and social life of the capital will be represented, the guests going from the church to the reception at the home. Prince Erik, according to Danish custom, will be supported at the altar by his father, Prince Valdemar. J. R. Booth, Sr., owing to his illness will be unable to be present.

Canada Is Proud.

Canadians should feel proud indeed that when the royal family of Denmark picked out a bride for one of its princes that it came to Canada and picked out a Canadian girl. The statement made by Col. Rev. R. H. Steacy, in his sermon here last night. He asked his parishioners to feel with him, a pride in the forthcoming union of Denmark's royal family with a daughter of one of Canada's pioneer families.

While United States maids were also married princesses—all kinds of princes—he said, Canada should be proud that her daughter, Miss Lois L. Booth, was marrying into a family that of all the royal families of Europe stood out for its virtue, integrity and individual ability of its members.

The case started on Thursday.

J. F. H. Teed did not finish his argument until late on Friday and Daniel Mullin, K. C., supporting the decision of Judge McInerney in the Probate Court and the decision of the N. B. CURSE OF LUXOR

McGill Professor Fifth Prominent Man to Die Under "Curse of Pharaohs."

By United Press. London, Feb. 11.—The story that an ancient curse doomed all who probe the mysteries of the tomb of Tutankhamen is being revived by a series of dispatches from Luxor reporting the death of another prominent man. Professor Lefleur of McGill University, Canada, has died of pneumonia at Luxor. Superstitious natives point to his death as another evidence of the curse of the pharaohs. The story started when Lord Carnarvon, bitten by an insect, died just as all was ready for the opening of the tomb. The Hon. Aubrey, half-brother of Lord Carnarvon, had predicted that "something dreadful will happen in our family" as a result of tampering with the ancient burying place. Herbert died here last September.

"The Pharaoh" was mentioned when George J. Gould, American financier, died at Mentone, France, after a visit to the Valley of the Kings and again when Princess Fahm, murdered her husband at the Hotel Savoy here. Prince Fahm and his French wife had spent the season at Luxor and were frequent visitors to the mysterious valley.

Numerous other incidents, some involving fatal or less serious illnesses, also figure in the superstition.

PRISON SHATTERED

Two Are Reported Killed at Pittsburgh—Alarm Brings Out General Companies.

Pittsburg, Pa., Feb. 11.—A mysterious explosion shattered the big gates at the main entrance to the Western Penitentiary in Lower Allegheny at 9:45 a. m. today. A guard at the gate told newspapermen that two men had been killed in the enclosure, but he was not certain whether they were convicts or guards.

At 10:15 a. m. the county detective bureau was advised that some of the convicts were armed, and the reserve force held for duty in other sections of the county were rushed to the prison. A fire alarm brought several companies from the district surrounding the prison, but when the firemen reached the gates they were halted by the guards. Instead of opening the doors to permit entrance of the apparatus, the firemen were admitted to the enclosure one at a time, indicating to those outside that there was serious trouble in the prison yard. A convict was shot in the first outbreak and killed in the first outbreak and an assistant deputy warden killed later in the fight.

Bluenose Schooner Loses a Man Overboard on Trying Voyage.

COULD DO NOTHING

Masts Stripped of Canvas as Anderson Tossed in High Seas.

(By Canadian Press.)

Halifax, Feb. 11.—One of the most trying voyages of a Bluenose ship was brought to a close when the tern schooner Jean F. Anderson, 499 tons, Captain Stewart, of St. Peter's, arrived in Halifax today after being 30 days out from New York. Details of a grim sea tragedy were obtained when Captain Stewart told the fate of Harry Webber, aged 40, of Tor Bay, who was washed overboard on the night of January 21 while the ship was slashing through a high sea, her main deck awash and her masts stripped of all the canvas. No sail was being carried on the schooner, so it was impossible to bring her around and nothing could be done to save the seaman's life.

During the schooner's struggle with the storm she was blown past Halifax harbor, and although the land was out of sight owing to a thick haze, Captain Stewart estimated that they were only 10 miles outside. The schooner was finally brought safely into Leasburgh, where the loss of Webber was reported. On last Friday morning the schooner sailed for Halifax, reaching port yesterday.

PARTY DINNERS GIVEN TONIGHT

Marchioness, Viscountess and Wife of Labor Minister Hostesses on Eve of Session.

Viscountess Grey of Falloden will entertain the Liberals, while Mrs. Noel Buxton, wife of the Minister of Agriculture, will hold the first social reception of the Laborites since they came into office. This will be an innovation in British political entertaining, inasmuch as it is to be held between the unfashionable hours of 8 and 10 p. m.

The hostess will be assisted by the members of the Half Circle Club, founded a few years ago by wives of the Labor members of parliament. The invitations specify "to meet the Prime Minister."

English Twins Near 91st Year; Believed to Be Oldest in World

London, Feb. 11.—What is believed to be a record of twin longevity will be established when Matthew Gunn and Mark Gunn celebrate their 91st birthdays in a few days.

The brothers, who all their lives have lived together, still enjoy robust health, but they recall with a chuckle that when they were infants their wise friends shook their heads and said they would not make old bones. Yet they have outlived the other nine members of the family.

The twins are sons of a Brighton fish merchant well known in the days when Brighton was first discovered as a health resort and frequented by the regent, afterwards George IV. Together they carried on this business in Pool Valley for 30 years.

They have not quarrelled all their lives. Only once in their lives has Mark had to take the initiative. This happened just over a year ago, when he fell down and broke his leg and was in bed for months in consequence. He would not get up until one day his partner went to his bedside and said: "If you don't get up you will spend the rest of your days on your back." Mark got up and is now as active as Methuselah.

The federals succeeded in crossing the Lerma near its mouth, on the eastern side of Lake Chapala, thus gaining a foothold for a continuation of their march against Guadaluajara, the rebel stronghold to the northwest.

in dress, extravagance in an effort to  
"maintain the pace," and an appeal to  
return to the moderation and control  
and the simple practices of the Catho-  
lic family, were contained in the pas-  
toral letter of His Grace, Archbishop  
Georges Gauthier, apostolic adminis-  
trator, which was read today in the  
churches of the arch-diocese of Mont-  
real.

No ban was placed on dancing, as  
such, but the language of the arch-  
bishop made clear his repugnance to  
the modern forms of this entertain-  
ment, and in one passage he declared:  
"To put it as mildly as possible, this  
kind of dancing constitutes a grave  
occasion of sin. We know, beforehand,  
every one of us, that it is a sin and  
nothing else to give deliberate consent,  
to any unchaste thought or action."

The letter begins by referring to  
the pastoral of Cardinal Begin, of Que-  
bec, and notes the unanimous approval  
accorded to the Cardinal's views. It  
proceeds by suggesting to the priests  
that they discuss the matter prudently,  
in suitably tempered language, rein-  
forced by the solid doctrine of the  
church, so that their preaching may  
be really effective, and advises to guard  
against exaggeration, adding "for in  
condemning all alike, that is, the  
abuses which we are deploring, and  
certain customs that are quite legiti-  
mate, we run the risk of supplying  
those who are listening to us with the  
very occasion that some of them are  
on the watch for, of not taking home  
to themselves the truths that are being  
explained."

Further on in the pastoral letter,  
bad theatres and moving picture houses,  
indecent games, and lascivious  
dances, are specially named for con-  
demnation. "A point that should be  
emphatically and frequently insisted  
on in your sermons, and in your  
lectures, is that these abuses  
are blamable in themselves. They  
need no special censure on the part  
of the religious authorities."

His Grace proceeds to consider the  
responsibility that rests upon the  
question of co-operation, the danger of  
formal co-operation in another's sin, stat-  
ing: "The atmosphere of present-day  
dancing is so rank with plain sensuality,  
and its temptations so alluring and  
continuous, that unselfishness of one  
sort or another seems itself endangered,  
and the virtue of the dancers is prac-  
tically destined not to survive."

"The duty of parents is next taken  
up. It is particularly sad to see them  
have to confess that many parents, mo-  
thers especially, do not hesitate almost  
to thrust their daughters into the very  
dances that we have just condemned  
through the archbishop. "Far from  
preventing or warding off the evil,  
they rather encourage them to share in  
it. So much could be said of the cri-  
minal carelessness, and lack of conscience  
on the part of match-making mothers  
planning a career for their daughters,  
who think that anything and every-  
thing is permitted to the young people,  
and of the absolute freedom which is  
allowed them and which these mothers  
hovers around them."

JOHN SCOTT BACK  
FROM OLD COUNTRY

John Scott, managing editor of the  
Montreal Gazette, who has been in  
England for some time, arrived in the  
city yesterday on the Montrose, en-  
route to his home.

During his visit to London the Gas-  
ette editor's errand brought him in  
touch with numerous prominent news-  
paper owners and executives, among  
whom was Lord Beaverbrook, formerly  
Mr. Max Aitken, a New Brunswicker,  
well remembered in this city where he  
studied law and began his financial  
career. Mr. Scott was granted a five-  
minute interview, according to the  
secretary, but when Mr. Scott mentioned  
his lordship the old home city, St.  
John, the chat continued with animan-  
tion and earnest cordiality for 40  
minutes. Lord Beaverbrook is a com-  
manding figure in British journalism  
and three of his influential papers are  
managed or edited by Canadians.

"To friends the former St. John  
newspaper man said he would return  
to England in a few months to com-  
plete transactions. The comprehensive  
scope of the Montreal Gazette's imperi-  
al news service necessitates frequent  
conferences on both sides of the Atlan-  
tic. Next week Mr. Scott visits New  
York and Chicago.

Feels Like Boy Again  
After Taking Tanlac

"Rugged health and a gain of six-  
teen pounds in weight is what Tanlac  
treatment brought me and, of course,  
I'm strong for it," recently declared C.  
H. Smith, 181 Erin St., St. John, N. B.  
"My stomach was so weak and up-  
set that even the odor of food cooking  
would nauseate me. Indigestion caused  
terrible pains in my stomach and  
made my heart beat like a trip ham-  
mer, and I simply had to fight for  
breath. I was too nervous and miser-  
able to sleep and so run-down I could  
hardly do my work."

"In fact, before taking Tanlac I  
seemed to be getting old before my  
time, but now I am feeling as strong  
and well as ever I did in my life. I eat  
and sleep like a school boy, never have  
an ache or a pain and life and work  
are a pleasure. You can't beat Tan-  
lac."

Tanlac is for sale by all good drug-  
gists. Accept no substitute. Over 40  
million bottles sold.

MONTAGUE CHAMBERLAIN

To the younger generation of St. John people the name of Montague Chamberlain does not recall memories of old friendship, but the older folk have not forgotten the St. John naturalist and bird-lover of whom one writer declares no higher authority on birds has appeared since Audubon.

Montague Chamberlain, who died in Boston yesterday was born in St. John in 1844. Engaging in mercantile life he gave all his leisure time to the study of birds, and was soon recognized as an authority on ornithology.

A close student and patient observer he acquired a vast amount of information, and obtained international recognition. Leaving St. John, he was assistant secretary of Harvard University from 1889 to 1893, and secretary of Lawrence Scientific School from 1893 to 1900.

As early as 1870 Mr. Chamberlain published a book on Canadian Birds. In 1887 he issued a Systematic Table of Canadian Birds. Other books or bulletins were on Birds of Greenland, Some Canadian Birds, A Maliseet Vocabulary, and The Penobscot Indians. A prolific writer, he added much to the general knowledge of ornithology.

A PROGRESSIVE WARNING

The Grain Growers' Guide has issued a warning to the Liberal Government at Ottawa that it must not listen to the cry of the protectionists. It is the Premier that the loss of Halifax and Kent places him in a minority, and says his Government is weakened by the loss of the active laborers of Mr. Gouin and Mr. Fielding.

Hence he must have some support from outside the Liberal Party, and it is natural to assume that this must come from the Progressives. Two years ago, the Guide says, Premier King "made a half-hearted move to win the co-operation of the Progressives, but without result."

"If Mr. King is prepared to adopt a genuine low tariff policy, reduce expenditures and taxation, give the National Railways a fair opportunity, inaugurate an adequate system of agricultural credit, and institute satisfactory banking reforms, he can undoubtedly secure Progressive support."

MUST USE THE AXE

The Financial Times sees cause in a return brought down by the Finance Department at Ottawa, for the ten months of the fiscal year up to the end of January, for rigid economy on the part of the Government. We quote:—

"The return shows that the anticipated increase of revenue is not continuing in the later months of the year, as it did in the earlier months, either in customs or in those special forms of taxation included under the head of 'Inland Revenue'.

Ordinary revenue for the period was \$337,000,000, or less than \$9,000,000 above the previous year, while ordinary expenditure has been cut by only \$1,500,000. Indeed, lately, expenditure for the month of January was over \$2,000,000 ahead of January, 1923."

This showing, says the Times, "seems to indicate that the anticipated increases in revenue, due to extra taxation, will not be realized, and that expenditures are gradually getting out of hand again, and will show little decrease for the fiscal year ending March 31, 1924."

Some interesting facts about the difference between what the first seller and the consumer pay were brought out at the meeting of the Niagara Growers' Association last week. For example, Niagara growers last year got 18 cents for an eleven-quart basket of plums, for which the consumer in Toronto paid 50 cents.

The Government of Ontario will introduce a bill to provide for a Minister of Health, and unification of the various activities of the province directed to the conservation of life will doubtless tend to increase efficiency and usefulness."

In the Ontario public works and highways department there were sixty-five engineers employed. The present Minister has decided the department can get along with fourteen. That is certainly a very drastic cut, apparently prompted by the large deficit which confronts the Government of that province.

The Manitoba Legislature wants the Dominion Government to contribute a portion of the cost of relief of the unemployed of that province, claiming that it is a national problem. The request is not likely to meet with favorable consideration in Ottawa at present.

FIRE IN RESTAURANT.

A fire in the Berryman building, Charlotte street, caused some excitement for a time in the Dominion Cafe Saturday evening about 7 o'clock. The blaze was found to be between the floors on the second story and was soon put out by the firemen. The damage, about \$200, is covered by insurance.

Press Comment

WAR OR WOMEN?

It is pointed out that in thirteen years the manufacture of cigars has increased 663 per cent, while cigars have increased only 27 per cent. The natural inclination is to blame it on the war, but there are those who hold that the increase in the use of cigars is largely due to the increase in the number of women smokers.

THE WRONG SLOGAN.

Leather makers are conducting a big advertising campaign with the slogan of "Nothing takes the place of leather." But judging by the contents of some shoe soles, it is quite evident that something is taking its place. The leather makers should have stuck to the good old slogan, "There's nothing like leather," which is not only true but has the punch.

APATHY IN ELECTION.

Testimony from various places seems to indicate that public interest in municipal affairs is falling off as compared with other days. One explanation is that there are too many other attractions these days. In the old days a municipal campaign afforded amusement and often excitement, and the fighting spirit seemed to be much stronger than it is now.

TAXING CHURCH PROPERTY.

At last night's meeting of the city council, Ald. Power and Finlay moved that a committee be appointed to investigate the tax exemption question, and prepare draft legislation to be submitted to the city council for concurrence. The suggestion of the aldermen is that all exemption from taxation be abolished on all properties, including churches, local, federal and imperial properties.

EVERYBODY PAYS.

It is the rich and poor alike who are hurt by excessive taxation, for they are consumers of goods, whether their names get on the tax roll or not. The answer to the question, "Who pays the taxes?" is thus not to be found in the tax collector's books, but in the census, or every man, woman and child is a taxpayer, or at any rate a taxbearer.

THE FUTURE CANADA.

Dr. Norwood's ambitions and hopes for Canada should prove an inspiration for those of us upon whom devolves the work of bringing dreams true for this young nation. There is hardly enough sense of responsibility felt by each generation towards the days that are to be. To think of Canada as a noble building, to the construction of which each generation contributes a brick, is to realize how essential it is that each brick should fit smoothly into the architect's scheme for a beautiful building.

KIWANIS NEW BOYS' CLUB

The opening this week of the new boys' club established by the Ottawa Kiwanis Club marks a fresh step in social service in the city. It is an encouraging indication that "Every man for himself and the devil taken the hindmost" is not the guiding spirit of present day community life.

When the old fire station on Somerset street was vacated, it was used as a storeroom for corporation property. The Kiwanis Club, noting the fine location of the fire hall as a centre of boys' work actively, asked the board of control to allow it to be used in the manner indicated.

Kiwanis is to be congratulated on its praiseworthy enterprise. The club will be a splendid meeting ground for furthering boys' work and for promoting the doctrine that every boy is entitled to a fair start in life.

"You Can Get Strong and Well Just as I Did"

by Using Dr. CHASE'S NERVE FOOD. A roaster is new being marketed which has a glass top, enabling the housewife to watch the progress of cooking, without lifting the cover.

THE ROAD.

(A. Locheard) There's a tang in the air from the wind-swept sea. There's a breath from the honey-eyed moor: There's a long, gray road, that is calling me— A road with an endless lure. It has led me far from the world of care

To the peace of the hill and dale, And with heart as light as the pack I bear I follow the sun-lit trail. O never did skies so wondrous blue Break forth from the misty morn; O never did sun give richer hue

To the gold of the ripened corn; And never did hours such peace inspire, When the long, glad day has sped, And I leave the glow of my lone camp

To creep to my star-lit bed. The day is a chain of golden hours; The night is a silver'd dome; The day has its dreams 'mong wayside flowers;

The night has its thoughts of Home, And the voice of the wide is calling still Where the path winds far and free. O the moor and hill with their magic thrill And the long, gray road for me!

LIGHTER VEIN.

At The Motor Show. Salesman—"How's that car behaving that I sold you last year?" Owner—"Well, the way it uses gas shows that, while it may be weak in spots, its appetite's all right!" Dodging Them "Ted—"There must be lots of excitement in those high-speed cars. I wish I owned one."

It's An Ill Wind

Crawford—"I saw him when his car got smashed up. He seemed to take it very philosophically." Cranshaw—"Yes, he told me that it didn't matter much, for there was a new model out."

Just Like Reggie

"Father next his new foxhound after you, Reggie." "I wonder what put that idea in his head." "He says the dog doesn't know enough to keep a scent when he's got it."

Overnight or Neglect.

It was a sleepy sort of day, the class was about half the usual size and the professor was calling the roll in a half-absent manner. To each name some one had answered "here," until the name Smith was called. Silence reigned supreme for a moment only to be broken by the professor's voice. "My word! Hasn't Mr. Smith any friends here?"

THE WHOLE FAMILY WAS LAID UP WITH SEVERE COLDS

On the first appearance of a cough or cold our advice to you is to get rid of it before it has a chance to grow worse, gets settled on the lungs, and causes bronchitis, pneumonia or other serious lung troubles.

Dr. Wood's Norway Pine Syrup will immediately relieve the cold or cough on its inception. Mrs. David Ayres, Kearney, Ont., writes: "Our whole family was laid up with severe colds, and we didn't seem to be able to get any relief from anything we used until, one day a friend came in and told me we would be sure to get rid of our colds if we used Dr. Wood's Norway Pine Syrup."

Now, knowing the value of your remedy, we will always keep it on hand so as to have it in case of emergency." Dr. Wood's Norway Pine Syrup is \$5c. a bottle; large family size 60c.; put up only by The T. Millburn Co., Limited, Toronto, Ont.

CUT OUT THE TALK.

(Montreal Star) There is another stream of waste that Parliament can stop. That is the high cost of its own sessions. Parliament is by far the most expensive vaudeville show this country supports—as well as the most entertaining. But we cannot afford to pay so much for our fun in these trying days that call for drastic economy.

Parliament should permit itself nothing but business sessions. It should listen to none but business speeches. The British Parliament succeeds in doing this fairly well. No time-waster is allowed to keep the floor long. The members soon show their impatience audibly, and he subsides.

This can be done at Ottawa. A ten-minute speech should be the rule. A fifteen-minute speech should only be justified by extraordinarily interesting matters. The leaders on special occasions could be given more leeway; but the dreary compilation of campaign harangues, while the Hansard reporters ploddingly record them at our expense, should be entirely eliminated. The Parliamentary session could be cut down to one-third or one-fourth, and the money saved could be taken off our taxes.

VISITING MINISTER SPEAKS.

Rev. R. W. Ferguson, of Rockwell, Conn., conducted the services in the Waterloo street Baptist church yesterday. In the morning his subject was "The Unchangeable Law of the Word of God." Miss Sylvia Mills was the soloist at the morning service.

The evening Mr. Ferguson took his text from the 97th Psalm, verse 30. He said the world was seeking wisdom, and it would not be found in men's philosophy, but found in the righteousness. The Old Testament had said, "The Fear of the Lord is the beginning of wisdom," but the New Testament said, "Christ is made unto us wisdom. Mrs. J. M. Patterson sang the solo "Fear Ye Not O Israel." Large congregations were present both morning and evening.

SERVICE THEME OF VISITING MINISTER

A strong appeal to young men and women to dedicate themselves to a life of service was made by Rev. Dr. Clarence MacKinnon, principal of Pine Hill College, Halifax, in his sermon in St. Andrew's church last night when the service was held under the auspices of the Y. M. C. A. and was attended by a large congregation, of which young people formed the greater part.

Mrs. Martha Logan.

At St. David Friday night Martha, wife of John Logan, of that parish, passed suddenly away. Mrs. Logan was 65 years of age and had been around that day as usual. Death was caused by heart disease. The funeral took place this afternoon. Interment was at Moores Mills cemetery.

He was 65 years of age and had been in charge of the parish for a month and passed through Bathurst on his way to see a specialist in regard to a serious malady that was diagnosed as incurable, and word of his death so soon was a great shock to the very many who knew and greatly respected him.

Dr. Scholl's Bunion Reducer

This appliance has a peculiar concave shape, purposely so formed to fit snugly over joint and eliminate friction and pressure from footwear and at the same time also prevents the enlarged joint from forcing shoe out of shape. Is superior to old-fashioned leather and felt protectors, as it is made from antiseptic rubber, and being worn right on bunion inside hosiery it excludes air, forms and retains a moisture pocket which keeps the joint soft and pliable, removes that hard skin or callous that so often accompanies and increases the irritability of the enlargement, also reduces inflamed condition.

Two Women Sentenced To Die For Murder Hope For Public Sentiment To Save Them

Two women are under sentence of death—one in a hangman's noose, and the other in the electric chair. Day by day their unwept end draws nearer; yet they are steadily growing more hopeful.

For each has a faith that the popular revulsion toward women paying the price in capital punishment may stay the hands of their executioners. If it were up to you, what would you do? Here are the cases. Decide for yourself:

IN SHADOW OF HANGMAN'S NOOSE, MRS. IDA HUGHES.

ATLANTA, GA.  
—Mrs. M. C. Hughes, aged Southern matron, was found shot dead in the home of her son, Frank Hughes. His wife was in the house at the time of the shooting. Both were charged with the murder. But the woman was put on trial first.

It was contended by the prosecuting authorities that there was little love lost between the old lady and her daughter-in-law. They proved that the mother-in-law had to obtain a warrant to search her son's house, to get some things that belonged to her. As she was stooping over a trunk, she was shot.

On the witness stand, the younger Mrs. Hughes told a maudlin story of abuse at the hands of her mother-in-law. She did not mention the shooting, declaring that she remembered nothing about it. Her testimony was the sole defence in the case.

She was found guilty; and was sentenced to die on the gallows March 14.

If she pays the death penalty, she will be the third white woman in Georgia to do so. Mrs. Polly Barclay was executed about 1847 for the murder of her husband; Susan Eberhardt paid with her life for the murder of another man's wife.

But Mrs. Hughes keeps on hoping that she will not join their list. And her husband keeps on praying for her. For his is a triple anguish. His mother is dead; his wife is condemned to die; and he will soon be placed on trial for his life.

He remembers that in the Eberhardt case the husband was hanged for the same offence as the wife.

PHILADELPHIA, PA.  
Mattie S. Jones came from Georgia. She sent to work in Philadelphia, fell in love with William Martin, and became his common-law wife.

MATTIE S. JONES.

After a dance one night, they quarrelled. Later the man was killed in the girl's room. The police said she murdered him in a fit of jealousy; she said she shot him in self-defence.

On the jury was a woman. But that didn't keep it from bringing in a verdict of guilty. The court sentenced her to die in the death chair.

"No women have been electrocuted in this state, as far as the records show," says J. Austin Norris, the convicted woman's lawyer. "And we don't propose to let Mattie Jones be the first. Appeal will be filed, and the case re-opened, we hope."

And the 26-year-old woman in her cell maintains the hope.

"I've faith," she says. "And that goes a long way."

Gregory, Rev. Cecil Markham, Mr. A. H. Harshaw, Mr. Irving Cochrane and Mr. Garnet Wilson. Bridge was played and the prize winners were Mr. and Mrs. Jones.

Miss Hortense Maher was a charming hostess yesterday afternoon for a mixed company of the younger set, who spent enjoyably the tea hour at her residence, Douglas avenue.

Mrs. John F. MacLaughlin of West St. John, who is in Boston, Mass., under special physician's care is recovering after a serious illness and expects to return home by the first of April.

Mrs. Murray R. Cliff and son, Wilmont of Vancouver, B. C., are visiting Mrs. E. R. Hagerman, 180 Wentworth street.

Miss Agnes Warner, R. N., who has been in New York for some time, has returned home.

Mrs. George McAvity Bilzard left for Montreal on Saturday, where she will visit her sister-in-law, Mrs. George Miller.

Mrs. Murray Sinclair, who was operated upon in the General Public Hospital a few days ago, is recovering nicely.

Miss Elizabeth Henderson, 173 Douglas avenue, left on Saturday to spend the remainder of the winter in New York and Philadelphia.

Keeps The Gums Healthy  
Shrinking, tender gums are the precursor of dental trouble. Ordinary pastes have little effect on the gums—but the bubbling foam of Minty's Tooth Paste laves them with soothing prophylactics, keeping them firm and healthy.

In Japanese kimonos of delicate colors, Miss Florence Warwick, Miss Jean Dearborn and Miss Marion Weyman were assisted by Miss Christina Holburn, Miss Phyllis Shearton, Miss F. Foster, Miss Isabella Grant, Miss Mary Davidson, Miss Elsie Dearborn, Miss Margaret Cook, Miss Dorothy Bamford, Miss Marie Thorne and Miss E. Fritz. Those in charge of the tables for candy and fancy work were Miss Myra Fowler, Miss Marjorie Evans and Miss Edna Short, for the former and Miss Roberta Paterson and Miss Hilda Hall for the latter.

Mrs. J. Martin Colton, 182 Princess street, was a hostess yesterday afternoon at the tea hour for a few young friends at a fireside tea. Mrs. C. H. LaBillols, her mother, presided over the teacups. The young married people invited enjoyed the delightfully informal function.

Mr. and Mrs. W. Roy Smith, of Annapolis Royal, N. S., are being congratulated upon the arrival of a baby daughter, who came to them in Montreal. Mr. Smith is the son of Mr. J. Willard Smith and Mrs. Smith is the daughter of Rev. Dr. and Mrs. B. C. Borden, of Annapolis Royal, formerly of Mount Allison University, Sackville.

Miss Ethel Daniels, daughter of the Hon. O. T. Fresh Towels Every Day  
A large laundry like the New System is a great place to check the changing habits of a people.  
Daily counts of the washes sent here by thousands of families point to a higher standard of living brought about in part by the lower cost of the New System Wet Wash. Home washing with these thousands now is a thing of the past—too costly, and too trying.  
With cleaner linen cheaper, folks feel no need to make things last another day or so. Better for the life of the goods, too. Pays in every way. And fresh linen has its effect on you, hasn't it?—especially when economical.

Soft fluffy blankets  
Woolens must be washed very carefully. A strong soap shrinks and coarsens wool just as it chafes and reddens a delicate skin.  
The original soft fluffiness of your best blankets can be entirely lost by washing them with the wrong soap or washing powder.  
Keep them soft and downy  
Lux won't shrink or mat your blankets. It keeps them soft and fluffy. With the pure Lux suds you don't have to rub the delicate wool fibres. Just squeeze the rich lather through and through them, and the dirt floats off.

You Need Bran Even More in Winter Use It Every Day!

SUMMER means a lot to your health. It means exercise, long hours out of doors, fresh vegetables—these help to keep you fit.  
Not so in Winter!  
In Winter you are inclined to take less exercise. You can't play your favorite games. You eat heavier, blood-heating foods.  
You need Post's Bran Flakes with Other Parts of Wheat! You need it even more in Winter than you do in Summer. You need it regularly—every day. And that is why Post's Bran Flakes is tremendously popular. You like it—you like its flavor, its crispness, its deliciousness. It is bran in Nature's way—not harsh, not irritating, not dry as you've known it.  
And it is effective! It clears your body of poisons that would otherwise rob you of health and vigor. It gives you that feeling of fitness known only to those whose bodies get enough roughage. It is an appetizing, natural laxative cereal food—just that!

The Judgment of These Directors

If you were being asked to invest in The Admiral Beatty Hotel Company, Ltd. and had no other facts to base your decision upon than the character, reputation and financial responsibility of the Board of Directors, you could, with complete confidence, invest your money in this enterprise. Everyone of these Directors are well and favorably known for their business and professional achievements. It is reasonable, then, to suppose that so able and so foresighted a group of men would personally invest in this Company and go upon its Board of Directors if there was the slightest suspicion that the enterprise was not well founded. Certainly not. They know, as does every other business man, that St. John is in great need of a good hotel. St. John is the Winterport of Canada—the terminus of the Canadian railway—the home of the largest Dry Dock in the World—and a centre for hunting and fishing parties and tourists. And yet St. John does not possess a single modern, fire-proof hotel. St. John does not know big modern hotels conducted as the United Hotels Company conduct their hotels. Every inch of space that shall be revenue-producing is made to produce revenue. No other organization but the United Hotels Company of America is equipped to bring such big traffic to a hotel. These are some of the facts which influenced us when we underwrote the securities of the Admiral Beatty Hotel Company, Limited. We have staked our reputation in offering them to investors, because we are satisfied that they will earn their 7% interest and that the Common Stock Bonus holds out the prospect of a most substantial profit.

THE PRUDENT SAVER

Carefully discriminates between the numerous depositories offering to accept the responsibility of taking charge of his savings. He remembers that many such of various natures and titles, have come and gone, some with results disastrous to their victims, and decides to select one which has stood the test of time and trial. Among these none has enjoyed a greater measure of well-deserved public confidence than the old Canada Permanent. For nearly seventy years it has afforded protection to the savings and investments of many thousands of our citizens.

SPORT NEWS GLEANED FROM WORLD'S CENTRES

CHARLIE GORMAN  
BACK FROM FRANCE

Arrived Home Saturday and Started Training for Big Meets.

That he had never tried harder in his life to win any race than he did that epoch-making 500 meter event at the recent olympic games in Chamoni, France, was the statement made by Charlie Gorman, the Canadian skating ace and the Dominion's only representative in the speed skating classic in the olympic games, when he arrived back home Saturday evening aboard the Canadian Pacific liner Melita.

Charlie attributed his failure to win this event to several factors. In the first place, he had not sufficient training time before he left here. Again, when he arrived in France the weather was bad for the few days that he was there before the meet, which prevented him from getting practice over there. He was ill the first day he arrived and not once did he have his skates on from the time he left St. John until the day he raced Jewraw. The American skaters, on the other hand, were in France 10 days before the events. Gorman was there only three days.

When the flag was waved signaling the start of the 500 meter event Gorman was away like a flash. He got a better start than Jewraw and straightaway began to show the American his heels. Gorman's heart was set on winning that race and seeing the colors of Canada, for which he has before fought in France, run up to the top of the flagpole, a tribute paid to the winning country.

Broke Own Record.

In telling of the race Charlie actually crunched his teeth together unconsciously initiating the fierceness with which his skates bit into the ice at Chamoni as he opened up an ever-widening gap between himself and the fast following Jewraw. It is Charlie's opinion that never in his life did he skate so fast as he did for the first 440 yards of that 500 metres, the 600 metres being about 546 yards. In his opinion the figures for the race bear him out, for on the basis of Jewraw's performance of 44 seconds for the 546 yards, 500 metres, the 546 yards was traveled by Jewraw in just a shade slower than 35.2 seconds, which is 144.5 seconds faster than Gorman's own world record for the distance. And it must be remembered that Gorman was ahead of Jewraw at the 440 yards mark—and for several yards after that—until the St. John skater smashed his own record to smithereens and undoubtedly skated faster than ever he did in any race in which his name has been recorded.

Charlie expects to leave this evening for Saranac Lake to skate in the United States national meet which begins on Thursday. He will later go to the international meet at Lake Placid. He is not in the best of condition as yet after two fatiguing journeys across the ocean in less than a month, but he hopes to make a good showing in both big meets. The United States skaters are returning on the steamer Berengaria and will reach New York on Tuesday, in time for both big meets.

WOMEN ENTER  
INDOOR MEET

Will Appear for the First Time on a Boston Track.

Boston, Feb. 11.—Women athletes will appear for the first time in a Boston indoor track meet at the American Legion games at the East Armory on the afternoon of the Washington's birthday. The two women's events will be a 50-yard dash and special relay race. The Boston mile and the Colonel Gaston 600-yard run will be the leading features of the meet. Joe Ray, who has won two legs on the Boston mile trophy, will try to gain permanent possession by another victory. Walter Koppich of Columbia, who won the Gaston 600 last year, will not be able to compete this year because of a recent operation on his arm.

NORTHWEST STARS  
SKATING CHAMPIONSHIPS

New York, Feb. 11.—Three skating stars from the Northwest have entered the national and international outdoor speed skating championships at Saranac Lake and Lake Placid respectively, according to an announcement by Joseph K. Savage, president of the International Skating Union. They are Erling Olsen, a Norwegian, and a participant in the Norwegian national championships in 1921 and 1922; Daniel Graham, champion of the Northwest at distances from 220 yards to one mile, and Thomas Penultima, four-teen-year-old youth, who will compete in the junior events. They will skate under the colors of the Butte, Mont., Skating Association.

INTERNATIONAL MEETING.

New York, Feb. 11.—Club owners of the International League today struggled with proposals to join the American Association and the Three-Base League and Pacific Coast League in accepting a modified form of the draft.

Since the International is the only organization outside the draft, some of the club owners fear difficulty in getting able players. The National League will hold its annual schedule meeting tomorrow.

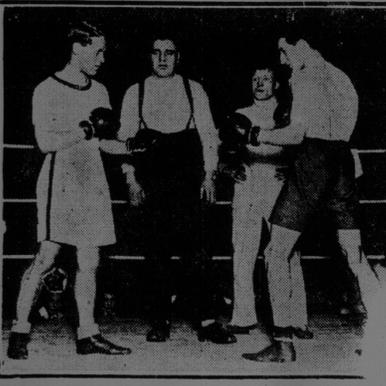

Makes Quick Work of Opponent.

Memphis, Tenn., Feb. 10.—Two thousand fight fans witnessed a less than one-minute bout here last night when Dutch Siefert of Stuttgart, Ark., met Jack Dempsey, world's heavyweight champion.

Forty-five seconds after the gong sounded Siefert was listening to the referee counting him. The Arkansan, who weighed 225 pounds, went down under a terrific onslaught of rights, lefts to the head. The men fought with four-ounce gloves.

The bout was scheduled to go four rounds.

NOT M'INTYRE WHO IS POPULAR HERE

Man Mentioned in Recent Hotel Fracas was a Former Boxer.

That the Johnnie McIntyre, popular boxer who has many friends in St. John, is not the McIntyre who figured in a beating in Halifax last week will be learned with pleasure by his many friends here.

The article published in an evening paper and which was taken from the Halifax Echo left the impression that it was the real "Johnnie," although it was generally known that he had not been in Halifax for some time.

Johnnie is now in the Eastern States. Plans are underway to have him box in St. John with one of the fast New England champions. He will appear on a card which will bring an array of star boxes into the roped arena soon.

JIM MONTGOMERY FAILED TO APPEAR

Was to Have Boxed "Ham-bone" Kelley—Norfolk Won Main Bout.

Boston, Feb. 11.—Kid Norfolk of New York, colored, battered and pounded his way to a 10-round victory over Battling McCreevy of Boston, another dusky-browed physical marvel in their whirlwind pace and it was only by outgeneraling his more powerful and willing rival.

It was a hard, grueling contest, and although thought through, to the dissatisfaction of some of the thousands of spectators, there was never an idle moment.

It was a terrific milling. For the first half of the conflict the wildest sort of fighting was in order, with the honors even. After that both men tired from their whirlwind pace and it was only Norfolk's superior ring craft that carried him through a winner.

Much dissatisfaction was manifested when it was announced that Joe "Ham-bone" Kelley of South Boston had been declared physically unfit by the Boxing Commission's physician to box.

Jim Montgomery, who was to have boxed Kelley did not appear, and Jules Harmon of South Boston, was substituted. As "Ham-bone" was unable to box Young Jack Johnson was secured as an opponent for Harmon.

UNITED STATES TEAM WINS.

Paris, Feb. 11.—The United States Olympic hockey team defeated a French team in an exhibition game at the Palais de Glace Saturday, 7 to 2.

INTERNATIONAL HOCKEY LEAGUE

New York and Boston to Link up With Canadians

Montreal, Feb. 10.—New York and Boston will be added to Montreal, Ottawa, Toronto and Hamilton on an International Hockey League circuit next season, according to a statement issued tonight following a meeting of the directors of the National Hockey League held here.

Thomas J. Huggan, who is interested with Tex Rickard in the New York end of the project, and Charles F. Adams, a director of the Boston Arena, attended a meeting and explained in detail the plans they had in mind should the scheme be accepted. The present move is the sequel to the option Mr. Duggan obtained from the National Hockey League last year to bring in some United States clubs.

Mr. Duggan stated at the meeting that in New York arrangements had been made to have the games played in Madison Square Garden where an artificial plant will be installed and the seating capacity arranged so as to accommodate 10,000 spectators. The Boston Arena, according to Mr. Adams can at present seat 6,500 and by next season the seating capacity can be increased to 10,000.

The original business of the meeting was to discuss the somewhat unfortunate feeling which has become prevalent in the league of late. This aspect of the situation was settled in short order and the utmost harmony prevailed.

It was unanimously decided that a benefit game should be played in honor of Eddie Gerard, star Ottawa defenseman and former captain of the world's champions, who is out of the game this year through illness.

Cambridge, Mass., Feb. 11.—With the degree of bachelor of arts to add to his golfing honors, "Bobby" (Robert T.) Jones left Harvard recently for his home in Atlanta, Ga. Although Bobby has become the national open golf champion since he entered college as a junior in the fall of 1922, he has never swung his club for his alma mater, because as a "transfer student" he was ineligible for the college golf team, and because permission was not granted to him to compete in last summer's intercollegiate match. Failed to Pass in Mid-Year Examinations.

Syracuse, Feb. 11.—Joe Heckle, star pitcher of the Syracuse University baseball team for the last two years, an athlete whose services have been sought by four major league clubs, has been dropped from Syracuse University following failure in the mid-year examinations.

Heckle was listed by Lew Carr, Orange baseball coach, as the best hurler he has had at his command in the last five years, and he was one of two boxmen expected to be holdovers from last year's varsity staff.

He said he was too disappointed because of the university edict to have made any plans for the future. (By Jack Jungmeyer)  
Hollywood—Unusual interest attaches to "Judgment of the Storm" because it is the first picture produced by students of a photography school.

It was written by Ethel Styles Middleton, a Pittsburgh housewife, and is heralded as an example of what amateur scenarists may hope to do by a correspondence course in movie technique.

For that reason "Judgment of the Storm" warrants perhaps more than a casual critical scrutiny.

Appraised merely as a product, irrespective of its authorship, the picture is a rather ordinary movie. Considered as the effort of a novice working out a screen equation from the "thirty-seven fundamental" dramatic situations, it commands more praise.

Rather Technical.  
Its failure to achieve more distinction lies in the apparently mechanical approach; a concern with plot and formula, cramping inspiration and individualism, as was perhaps to be expected from talent shaped by a course of printed instruction.

Superficially it is well handled, with a realistic snow storm as the dominant element. Mrs. Middleton has evolved an interesting exposition of the sacrifice theme. But logic and sound motivation have been warped to fit a combination of the thirty-seven arbitrary dramatic situations.

The Story Told  
The drama of this photoplay inheres in situations arising from discovery by a young collegian that his mother is the proprietor of a gambling house, where, accidentally, she has robbed of his sweetheart is shot, and the hero's melodramatic decision to save as farm hand to the girl's family, robbed of his sweetheart by her mother. Renunciation of his mother, apparent loss of his sweetheart's regard, and the galling treatment of her unflinching martyrdom as the farm servant.

It is in the family's inconsistent reactions to his voluntary sacrifice that logic is most wanting and that motivations leave one most unconvinced.

The ethical sub-structure is very seamy. Sympathy for the characters sloughs away, so that even "judgment" by storm, evoked to overwhelm frail human judgments, doesn't in the happy end quite requite it.

A Worthy Cast  
This isn't the fault of the principals in the excellent cast—Myrtle Stedman, the excellent cast, Lloyd Hughes as the youth, Lucille Rickson, the girl, George Blackthorn, the boy who is shot, Claire McDowell, the farm woman, and others who give good individual performances. It is the subordination of other elements to plot, an intrusion of mechanics upon the humanities.

The feeling of artificiality is further heightened by the use of what might be called the benevolent connivance of circumstance beyond human control.

Nature solves all Mrs. Middleton's scenic problems, an hour of frostbite dissolving the divers misunderstandings, showing perhaps how susceptible the soul is to chill rather than to warm heart's blood.

The tested tenets of melodrama may be imparted by correspondence course, by word of mouth or by stage observation—obviously. The requisites of character drawing, motivations and arresting treatment which must supplement plot for memorable motion pictures are not so easily conveyed.

And so in the case of "Judgment of the Storm" the mechanical merits lack the clinching force of dramatic fervor and inspiration.

SAYS TROUBLE DUE TO RACE ENMITY  
Rev. Dr. Clarence T. MacKinnon, principal of Pine Hill College, Halifax, in an address before the members of the Y. M. C. A. yesterday took as his subject the Problems of the World today and attributed them all to racial grievances. The problems, he said, could not be solved by scientific methods, he said, that one nation would be developing a class of titans, which they would hurl against the giants of another nation, and war, bloodshed and suffering would go on.

Chief Justice H. A. McKeown, who presided at the meeting, thanked Dr. MacKinnon for his talk, which, he said, pointed clearly to the way in which the problems of the world and the nations could be solved. Rev. Dr. S. S. Poole led the devotional exercises and invoked the blessing at the close.

FELL IN LOVE WITH MISS PICKFORD HERE

Owen Moore, Now Seriously Ill, was in St. John for Three Months.

Press reports state that Owen Moore, former husband of Mary Pickford, and at present enjoying wide popularity as a screen star himself, is lying at death's door from blood-poisoning contracted through an automobile accident injury in California.

Mr. Moore, it is not perhaps generally known, was a resident of St. John for three months in 1908.

At that time talking pictures were popular in the United States and the local interests organized a chain of little companies of play people to talk the movies from behind the screen.

One of these companies came to St. John and Mr. Moore was included in its membership. While few will remember having seen him (not identifying him with the novelty form of the illustrious Douglas Fairbanks while Mr. Moore ventured into the matrimonial field the second time as well.

Friends of the Irish-American actor, who is also the brother of Tom and Matt Moore, are hoping for his quick recovery, among whom are a circle of St. John people, including Imperial Theatre staff-members of long service, with whom Owen was hailed fellow worker.

Claims Marriage Was Fake; Actress Asks Annulment

RUTH RENICK, CALIFORNIA FILM AND STAGE ACTRESS, AND (INSET) WELLINGTON N. BELFORD, FIGURES IN "HYPONOTIC WEDDING."

San Francisco, Feb. 6.—Men had never interested Ruth Renick, film and stage actress, until she met Wellington N. Belford, whom she believed to be a U. S. army major.

He was a brilliant conversationalist, was clever with magic tricks and claimed to possess hypnotic powers. The romance was short and snappy. Marriage followed quickly. In fact, it all happened so mysteriously that relatives of Miss Renick investigated.

As a result, Belford was arrested by Oakland police on a charge of impersonating an army officer, and of having arranged a fake marriage ceremony.

He got out on bail and has not been seen since. In the meantime Miss Renick is trying to have the "marriage" annulled, but the courts tell her they can't annul something that never happened.

Hollywood, Cal., Feb. 11.—Hollywood had a new bit of matrimonial gossip today—the secret marriage of Corinne Griffith, screen star, and Walter Moroso, son of Oliver Moroso, the theatrical producer.

It is authoritatively reported here that the couple were wedded in Tijuana nearly two weeks ago, credible persons having seen the names on the license register.

The biopic picture star, who has just finished a film here, is neither in Los Angeles nor Hollywood, it was stated at her studio.

Moroso is "on a hunting trip," having just finished a film here, is neither in Los Angeles nor Hollywood, it was stated at her studio.

Miss Griffith, who recently secured a divorce in Texas, has been seen with Moroso frequently during the past two months, and the film capital gossips have had them engaged several times.

TWO LINERS BRING 1,100 PASSENGERS  
The Canadian Pacific liner Melita, arriving in port Saturday afternoon, about 5 o'clock, with 889 passengers, reached port early yesterday morning with 528 passengers and also brought a total of 1,117, and with the exception of a few who have been held over by the immigration officers, all went to different points in the west by special C. P. R. trains Saturday night and yesterday.

The Melita sailed from Antwerp on Jan. 30, Southampton and Cherbourg on Jan. 31. Her list was composed of 91 cabin and 496 third class passengers. The ship also brought 1,083 tons of general cargo and 128 bags of mail. The first special train with cabin passengers got away from Sand Point about 9 o'clock Saturday night and the third class passengers yesterday morning.

Among the Maritime Province passengers were Mrs. M. Brochart and daughter, of Glace Bay, N.S.; E. Stehlin, Church Point, N.S. Others on board were Dr. and Mrs. W. A. Riddell, two sons and daughter en route to Montreal; Rev. E. Everett, of Wellesey, Mass.

The mother and father have refused to change the baby's name merely to suit a whim of the registrar, and all their friends have rallied to support them in what has been referred to as Ludwigsburg's warmest town row in several generations. The parents contend that residents of the free town of Ludwigsburg may name babies as they see fit, and that such a personal matter is none of the business of the city fathers or any of their clerks who apparently don't know the war is over.

On the other hand, the registrar has been upheld in his stand by the burgomaster and the majority of the town deputies and their political followers.

Before they left the women received instructions from Thomas Meighan, the actor, on the fundamentals of film acting. Asks \$150,000 For Taxicab Accident

New York, Feb. 11.—Myrtle Ross, an actress, has filed suit for \$150,000 against the Fowler Manufacturing Company for injuries alleged to have been sustained when a taxicab in which she was riding was in collision with a truck belonging to the company. The collision occurred, she says, at Sixth avenue and Fifteenth street on November 7, and since that time she has been unable to earn her living. She was forced to give up an engagement with the "Passing Show," and since coming out of the hospital in the latter part of December she says she has been forced to use crutches and has been informed by her physicians that it may be six months or more before she is able to work at her profession. She says she has no income and no means of support and is living on the charity of a Helen Atkins, with whom she shares an apartment.

COMBINE CHURCH WITH THEATRE

Brooklyn Pastor Will Preach from Pulpit on Stage on Sundays.

New York, Feb. 11.—Alliance between church and church, which recently had a conspicuous illustration at St. Mark's-in-the-Bowery, is spreading. The latest instance is the Fourth Unitarian Church of Flatbush, which is planning to have a stage and full equipment in the church auditorium for the presentation of plays by the church dramatic organization. The Rev. Nelson Junius Springer, pastor of the congregation, said it is intended to provide the most adequate theatrical equipment possible for the dramatic group. They are known as the Beverly Players. The original church structure, at East Nineteenth street and Beverly road, burned down two weeks ago.

It is in connection with the rebuilding of the church that Dr. Springer and the building committee entertain more ambitious ideas for linking the influence of theatre and church. He said that the aim was to use the church auditorium "for a perfectly respectable service on Sunday morning," with the pulpit on the stage. On week days it would be used for theatricals. He said that in their last two dozen offerings the Beverly Players had been hampered by small space and lack of facilities in the old church.

"Our aim," he said, "is to further the understanding of human life by bringing the theatre closer to the church. Some persons have derived the idea that we are maintaining a commercial theatre. That is not our aim. Others think that ours is the traditional church amateur society—of which we would have none. It is distinctly an art theatre."

Among the plays which the society has performed under the direction of Sylvia Woodbridge are Dunsany's "The Glittering Gate," "The Maker of Dreams," "The Philosopher of Butler Biggin," "Wapping Wharf," "Will of the Wisp" and "The Wonder Hat."

## TOMMY TEBO IS NOT BADLY HURT

Report Here Leg Was Broken—He's Going to Adirondack Meets.

Thomas Tebo, son of Joseph Tebo owner of the pavilion at Rockwood Park, was injured in Toronto last Friday morning while working out prior to participating in the Canadian National Championships but did not sustain a fractured ankle as was reported here yesterday. He tore a tendon in his right foot. This news was brought here today by the skaters, who arrived home from the meet. They said he was able to put his weight on his foot prior to their departure from Toronto and that he was going through to Saranac Lake to participate in the National championships and to Lake Placid to compete in the International.

A company with other St. John boys he went to a small hockey rink to have a working out, while practicing fell and struck the boards. He was unable to put any weight on his foot and a doctor was summoned. He said the St. John boy would be better in a few days.

Mr. Tebo first received word Saturday afternoon that his son had sprained his ankle and would be unable to participate in the races. He then heard numerous rumors that his son had broken his leg and wired away for full particulars. He received an answer that Walter Gayton was coming home today and would have all the details with him. He also received a letter this morning explaining how the accident had happened. The letter was not clear regarding the extent of the injury and Mr. Tebo was naturally elated when he was informed that his son felt able to go to the big meet.

Matters of routine were dealt with, and there was a discussion on a paper by Rev. F. T. Bertram on the Virgin Birth.

### HOME FROM SOUTH.

Mrs. Percy Thomson and her son Eric arrived in the city today from Atlanta, Georgia, where they had been spending the winter months. Mrs. Thomson came home to see her mother, who is in poor health. Eric Thomson who is in poor health, spent a week or ten days. While south he competed in several golf tournaments and won two prizes for putting, one a very pretty silver cup, and the other a case of golf balls. He went over the Atlanta course in 78, which is only six strokes more than the record.

### THIS IS LAST NIGHT

That many had left off filing their income tax returns until the last minute was demonstrated today in place in the hands of the assessors this very necessary document. Mr. Olive reported that more returns had been filed for this year than last but until they had been checked off he could not give any idea as to how the values would run with last year. Tonight the time for filing returns expires.

### MARRIED IN ENGLAND

St. John friends were happy to learn of the marriage of George F. Harley, formerly of St. John, to Miss Dorothy Vera Williams, which was solemnized recently in England. Mr. and Mrs. Harley arrived in St. John on the S. S. Montrose on Sunday and some friends, who learned of their arrival, greeted them heartily. They left for their home in London, Ont., where Mr. Harley is located with the financial firm of Johnston and Ward. He was manager for them in St. John when they carried on business here. In addition he is also remembered as an excellent tennis player.

### MRS. A. C. D. WILSON INJURED

Friends of Mrs. A. C. D. Wilson will be sorry to learn that she suffered painful injuries in an accident on Saturday evening which will keep her to her home for a few days. She was knocked down by a delivery horse near the corner of Prince Edward and Union streets and received several painful bruises as well as a bad gash on one of her knees. A blow on the head from one of the horse's feet rendered her unconscious and she did not revive until she was removed to her home at 4 Wentworth street. This morning it was reported from her home that she was resting easier, although her injuries were still quite painful.

It was announced that the crown was not ready to proceed in the case against Stewart Godwin, accused of the murder of Mrs. Clara Whiteside, whose body was found in her home at East St. John on Christmas Day, nor in the case against Charles Simon, indicted on a charge of wounding Thomas Stephen and Louis Covey with intent to do grievous bodily harm.

## WILLIAM CARSON DEAD IN CALGARY

Member of Large Family Reared in Kings County, New Brunswick.

William Carson, aged 69 years, one of the best known pioneer grain men in Western Canada, died in Calgary on Sunday morning, following a serious operation. He had been a resident of Calgary since 1895. He was born in New Brunswick and went to Winnipeg in 1880.

Mr. Carson was a son of the late James Carson, who lived and reared his family on a farm lying between what were known fifty years ago as Bebb and Patton settlements, in Kings County. It was about equidistant from Norton and Apohaqui, one tier of farms back from the Kennebecasis valley.

Three of the sons, John, William and James, went west. William became a prominent grain man in Calgary. James won success in the same business in Winnipeg and John engaged in farming. A younger brother is Rev. Dr. George Carson of Toronto, editor of the Presbyterian Witness. There were younger brothers and several sisters, for the family was large. James Carson, senior, moved with the younger members of the family to Maine, where one daughter married a man who made a great success of the potato business in Aroostook and eventually removed to California.

Those who remember the Kennebecasis Valley of half a century ago remember the little kirks near Norton where the Presbyterians met in worship with the late Rev. James Gray as minister. Here to every service came the Carson family, whose members were later to be scattered across a continent. Their hospitable home is cherished in kindly memory by men and women now past middle age, who were friends and companions of William Carson and the large group of his brothers and sisters, not one of whom now lives in their native province.

### LECTURES ON CRUSADES

An excellently prepared and well delivered lecture on the Crusades was given before the members of the A. O. H., St. John division, in the hall in Union street last evening by Joseph Harrington, principal of St. Malachy's school. Peter C. Sharkey was in the chair and introduced the speaker and at the conclusion extended to him a hearty vote of thanks which was moved by Thomas Killen and seconded by Charles O'Neill. Before and after the lecture fine vocal solos were given by Miss Ferrin. The meeting was well attended.

### THREE FOR DRUNKENNESS

Three men were arrested over the week-end on drunkenness charge. Two of them put up deposits of \$8 and as they did not appear again this morning these were forfeited. The third man was fined \$8 or two months in jail.

### As Hiram Sees It

"Hiram" said The Times reporter to Mr. Hiram Hornbeam, "I find on my desk each morning great newspapers from the city of Vancouver. The news of all the world is there, as well as the news of a city which hopes to double its population in five years. Through the mountains gain is borne to its elevators and in the harbor steamships load for Europe and the Orient and our own Atlantic coast. When you and I were little boys there was no city of Vancouver. The whole of British Columbia, of which Victoria was the capital, was only credited with sixty thousand people in 1871. Now Vancouver is next to 'Frisco as a Pacific port, and dreams of the time when she will surpass the Atlantic ports. Wonderful—isn't it?"

"It is so," said Hiram. "But they didn't grow out there by settin' still. They told the world what they led. They told Ottawa what they wanted—an' didn't let up till they got it. An' they're tellin' yit. They're tellin' the rest of Canada—they're tellin' the Old Country—they're tellin' the States—they're tellin' Japan an' China—an' they never stop tellin'. They're gettin' English money for grain elevators an' smelters. They go right after it. An' they got a lot o' smart Noo Brunswick men out there to help. I guess we better take a leaf out of their book—By Hen!"
