

INSANE PRISONERS REACHING GERMANY

Most of Them Are Unconscious of the Fact That They Are Home Again.

Stettin, Germany, Nov. 16.—Every contingent of German war prisoners arriving here from Russia contains a number of ragged, unshaven, haggard men who have been made insane by suffering during many months in Russian prison camps.

In three weeks the German government sent 200 of these men to insane asylums and sanitariums for treatment. During these periods most were kept under guard, but the majority were listless, woe-begone aspect. They look with dull, unseeing eyes, or sit quietly weeping, unconscious of the fact that they are home again.

The families and friends of the insane soldiers are allowed to greet them and give them food and clothes before they are sent away for treatment. Nearly all the prisoners exhibit the most intense bitterness not only toward Russia, but towards the German government as well. One of them who had lost a leg and an arm and who it was learned, had been taken prisoner early in the war and has been confined in many Russian prison camps, shook his fist as a German flag was waved and cursed his country, his people, and his relatives.

"That is not my fatherland," he then turned to the other prisoners and pointing to his wounds said: "That is what Germany has done to me. That is what a kindly fatherland has permitted. Why didn't they change me? Because I have only one leg and one arm? I lost them fighting for Germany and all the thanks I've had for it were the rotten years in a Russian prison."

The prisoners generally agreed they had been unable to procure proper medical treatment in the Russian camps, and that their food had been very bad. At the close of the war there were 250,000 war and civil prisoners in Russia, and 250,000 Russians in German camps. The German government estimates that not more than 5,000 Germans will remain in Russian camps this winter.

Before the Russo-Polish hostilities began the Russians were being returned rapidly, but it is now estimated at least 200,000 Russians are still in German camps, 60,000 of whom are the troops interned when they crossed the East Prussian frontier during the Polish offensive.

The German government has expended 20,000,000 marks for transportation of 100,000 Russian home, and 90,000,000 marks to bring German prisoners out of Russia.

NOBEL PRIZE WINNER BELIEVED BY SWISS Carl Spittler, poet and essayist, at 75 years of age, died at Lucerne.

Geneva, Nov. 16.—Awarding of the Nobel prize for literature to the Swiss poet and essayist, Carl Spittler, has created the greatest possible satisfaction throughout Switzerland, for no Swiss is more genuinely respected and beloved than he, nor more deservedly.

Spittler, who lives a very quiet retired life on the lake shore at Lucerne, was 75 years old last April, but he is still vigorous for his age. So simple and unassuming is he that he may be seen doing his own marketing in Lucerne any market day, carrying home his vegetables and other market produce in a basket or wicker net. His chief hobby is planting different kinds of trees, especially conifers, to see which will grow best in his extensive grounds.

He has taken no part in political life except that in December, 1914, and in the summer of 1916, when the division of opinion about the peace and wrongs of war between German Swiss and French Swiss were so acute as to threaten the country's safety and unity, he made a famous speech in Zurich calling on all Swiss to have their own Swiss standpoint and no other. They ought, he said, to contemplate reverence and pity for the struggle proceeding in Europe, from which their country was mercifully spared, and do what they could to alleviate it, but not take violent sides for either belligerent. None but Spittler could possibly have uttered such an appeal which produced an excellent effect, although it angered some of his countrymen.

Such considerations, however, did not weigh with Spittler. His chief works, all written in German, very few translated into French, and none into English, are essays entitled "Truths Spoken in Jest" and "Jerrary Resemblances," with numerous ballads, short stories and a partly autobiographical novel entitled "Imago," besides his well known "My Earliest Experiences," and his epic poem "Prometheus and Epimetheus," and "Olympian Spring." Spittler has traveled considerably in Europe, but has never visited the United States. When President Wilson issued his fourteen points Spittler declared them to be noble and original, but said the world was not yet ripe for them.

THE DOWNFALL OF GEN. WRANGLER

Paris, Nov. 16.—The defeat of General Wrangler, whose South Russian government has been recognized by France, does not mean that France is ready to consider recognition of the Russian soviet government. The French government is pessimistic regarding any further military movements in Russia at present.

London, Nov. 16.—Gen. Baron Wrangler, head of the South Russian government, whose army has been virtually wiped out by the Bolshevik offensive in Crimea, left Sebastopol on a Russian cruiser filled with soldiers, says a Constantinople despatch to the Exchange Telegraph. It is said Russian soviet forces had not reached Sebastopol before the city was evacuated.

London, Nov. 16.—Reuter's Constantinople correspondent says that about 40,000 persons have been got out of Sebastopol and that it is reported General Wrangler has appealed to United States warships which have proceeded to the Crimea to save the wounded from being killed.

Fredericton, N. B., Nov. 16.—The provincial board of the Brotherhood of Railroad Trainmen this morning discussed proposed amendments to the Workmen's Compensation Act. The meeting passed a resolution favoring the raising of the disability pension from fifty-five per cent of the wages to seventy-five per cent. A second resolution favored the raising of the maximum for the purpose of the act from \$1,500 to \$3,000.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

SEE THE LOVERS, THE VILLIANS AND THE VAMP

All Appear in the Motion Picture Drama Being Enacted on Opera House Stage—New Mid-Week Programme.

Patrons of the Opera House have another opportunity to see how a motion picture is made, enjoy the fun of seeing local talent appearing in the blood-thirsty villain scenes, the lovers in their moments of bliss, the vamp unscrupulous young hero, and others, to say nothing of the comedians, who are giving their best efforts to make the great St. John picture a success. Owing to the extraordinary success of this feature attraction it will be held over for three more days. There will be new scenes enacted at every performance and new talent has been secured for the cast. In addition there will be four other good acts as follows:

FOX AND WARD, the record blackface minstrel and vaudeville team of the world, who have been partners together continuously from 1869 until the present time; Peggy Carhart, a concert violinist who was formerly with the Cleveland Symphony orchestra; Grace Hayes and offering; Greenlee and Dayton, in songs dances and snappy conversation in five languages. There will also be the finest chapter of the popular motion picture serial "The Silent Avenger," featuring William Duncan.

MAGGIE PEPPER At the Imperial this evening at 8.15 sharp. Still a few good seats left.

MISSING WOMAN HANGED IN WOODS Skeleton Found Under Tree After Forest Fire Burns Rope from Limb—Her Brother Murdered.

Atlantic City, N. J., Nov. 16.—Discovery of a skeleton in the woods near Richmond, Bucks Vista Township, by H. J. Toomey, a garage owner at Indian Creek, while gunning on Thursday, may clear up the mystery of the disappearance of Miss Pasquale Dianna forty years ago, who set her home shortly before her brother, Joe Lienna, was shot and killed last May.

Pieces of cloth found near the skeleton were identified by Mrs. Mary Marandino of Landisville as part of the dress worn by the missing woman. The skull lay several feet from the rest of the skeleton, which was otherwise intact, leading to the belief that the woman had committed suicide by hanging. Evidence that the tree trunk, which a body lay had been used as a gibbet was intensified by the dropping of one of the limbs, marks on the tree trunk indicating the fire had been fed about it.

The Daily Herald, London labor organ says that the council of action of the laborers has decided to re-open its fight against the government to secure peace and a return of trade with Russia. Mrs. Terence MacSwiney is to leave Cork on Nov. 24 for the United States to testify before the commission of One Hundred on Irish affairs.

LAUNCH THE CANADIAN LEADER THIS MONTH Montreal, Nov. 16.—The Canadian Leader, the twelfth ship to be constructed by the Canadian Vickers, Ltd., for the Canadian government marine, will be launched on Nov. 27.

IN WALL STREET. New York, Nov. 16.—Sentiment was decidedly more cheerful at the opening of today's stock market, this condition being manifested not only by higher prices but by the strength of foreign exchange as well. The money market also gave promise of greater ease, especially for demand loans. Early prices ranged from one to one and a half points in Reading, Mexican Petroleum, Baldwin and United States Rubber. Other leaders trailed along at substantial fractional advances. The few exceptions included Bethlehem Steel and several of the obscure specialties.

NOON REPORT. Trading reflected the more confident underlie as the session progressed. Many orders being materially to early gains. This was especially true of the better known industrial and equipment, Baldwin Locomotive being in active demand at an overnight gain of almost three points. Further unfavorable conditions in the leather trade were indicated by the reported suspension of dividends on Brown Shoe Company stock. Call money opened at 8 per cent, as compared with yesterday's rate of 7 per cent, and exchange on London continued to strengthen.

ROARS OF HILARITY ASSURED TOMORROW Imperial Theatre is Going to Picturize Rex Beach's Great Laugh-Success "Going Some."

J. Wallingford Speed was a tortoise on the running track but he was speedy in love. He boasted to the girl who sped his heart a-flutter that he was a champion runner and when she braggardly speed to some Nevada cowboys they had lost to the sprinting cook (an ex-army athlete) on a rival ranch. Speed is the chief character in Rex Beach's comedy, "Going Some," founded on his greatest speaking stage success. The part is acted for the screen by Cullen Landis. Watch him; not a laugh, not a chuckle, not a smile escapes him.

POSTPONE OPENING VENETIAN GARDENS At the risk of disappointing many and annoying some, the management of the Venetian Gardens has been compelled to defer the opening until Friday evening. The multiplicity of details following the completed work of the employees, in its delay because of illness and labor scarcity, are the cause. The management is choosing the lesser of two evils, and craves the indulgence of prospective patrons rather than brave the necessity of apologizing later for incomplete details. Those who cannot now find it convenient to attend will have possessed no charge. The police will doubtless be accommodated Friday. Further details in tomorrow's paper.

THE MONEY WAS PAID FOR BELL SHARON TODAY. Fredericton, N. B., Nov. 16.—Thomas W. Murphy, of Poughkeepsie, N. Y., today paid \$25,000 and purchased Bill Sharon. It was reported that Lady Grattan, 549 1-2, a racing mare which Mr. Alcorn owns, was to be shipped away with Bill Sharon, but Mr. Murphy preferred to have her. The mare has already refused \$8,000 for the Grattan mare and has placed a price of \$10,000 on her.

HARDWARE AND METAL. The chief features this week are the considerably higher prices made in hammers for next season and the declines in lead pipe and iron products, says Hardware and Metal, under date of Nov. 16.

A considerable number of price changes have been made among the old, who set her home shortly before her brother, Joe Lienna, was shot and killed last May.

CONDUCT BUSINESS WITHOUT MONEY Rochester Firm Introduces System of Checks—To Combat Payroll Robberies.

Rochester, Nov. 16.—A large business house having headquarters in this city has undertaken to conduct its affairs entirely without the use of money. Instead of currency, it intends to use checks, to make acceptances and travel checks to pay more than 800,000 individual customers.

THE COMPANY'S reason for adopting this method is given as an effort to decrease the incidence of payroll robberies and "to show that modern business may be conducted more efficiently without the use of money where it belongs, in the banks, to serve as the basis of credit."

FINAL WEEK OF OAK HALL'S MARK-DOWN SALE

Oak Hall's store-wide mark-down sale that has been making such a determined drive for lowered prices recently is now in its final week. It is a last opportunity for people to profit by the store-wide reductions, where every article of wearing apparel for men, women and children is marked at such lowered prices that they have attracted favorable comments throughout the whole province.

Thousands of people have taken advantage of these lowered prices to fill in their winter requirements thus saving considerable money. Those who have not done so should hesitate no longer. These lowered prices are well worthy of your most serious consideration, and after Saturday your opportunity is lost so you had better pay a visit to Oak Hall now.

The trail rangers organization of St. Bartholomew's church was re-formed last night and the following officers were elected: C. P. Wetmore, mentor; Jack Smith, chief ranger; Leslie Draper, sub chief ranger; George Buckley, Larry; Gordon Mills, cache. The club starts its winter activities with a large membership.

GROCERY REPORTS FROM THREE CITIES OF THE DOMINION

The following comment on the market situation as regards food stuffs appeared in Canadian Grocer last week:

The sugar situation continues to be the feature of the grocery markets. Prices have again been reduced by all refineries. The markets generally continue to be quiet, and while not many changes in prices have manifested during the week there is a tendency that prices will show a gradual receding.

Montreal—The whole grocery market this week shows a decided downward tendency. Lower prices on hogs, pork and beef feature the produce markets. The supply of hogs shows a marked improvement and while beef cattle are not coming as it was hoped the supply of western cattle arriving is sufficient to bring down the prices on some of the cheaper lines. It is expected that there will be a reduction in the price of beef cans and hams soon. Eggs are holding firm in prices as are also lard and shortening. There are no new developments in butter since the reduction in price one week ago. Sugar is reduced by all refineries to \$16.50 a hundred for granulated. Onions are flooding the local market with very low prices. The potato market shows added strength with a likelihood that before the winter is over the supply will not be plentiful. Oranges will be dearer this winter since the quotations on navel oranges at the coast are much higher. This also applies to bananas. The most plentiful Turkish figs is to hand with perhaps a shade easier prices. Prices on nuts remain easy.

Toronto—All sugar refineries have reduced quotations during the week; the market remains in an unsettled condition with a tendency for further reductions. Syrups and molasses are steady and unchanged. The cereal market both for bulk and packages is ruling steady, with quotations on rolled wheat and potato flour reduced. Spices are ruling steady under a fairly active demand. Peppers in primary markets are firm but quotations on spot are unchanged. A cut of Santa Clara prunes is rolling this way and will arrive within the next ten days. Raisins are steady with a fairly active inquiry from retailers. The primary market for coffees continues weak with quotations on futures again reduced. The first shipment of California bulk walnuts is rolling this way and is expected to reach this market within the next week. Spot stocks of nuts in the shell are being offered at low prices to clean up pending the arrival of new crop goods. The primary market for shelled walnuts is considerably firmer, some importers state that new shipments cannot be replaced at present quotations to the trade. The London market continues overloaded with cheap coarse teas with very low quotations on same. The finer teas such as broken orange pekoes and broken pekoes of good cup quality remain in scant supply with the high prices holding. Japans are ruling in a strong market at high figures and are likely to remain so in view of the shortage for export. There is little movement in the canned goods market, retailers continuing to buy light with quotations generally holding steady although some jobbers are offering this season's pack of corn and tomatoes at reduced figures. Canned apples in gallon cans are quoted lower. Vegetables are steady and with the exception of potatoes prices are unchanged. Potatoes have shown a firmer tendency with quotations higher. Reports of the rot in potatoes still come in from some districts but this is not general as most districts have a good crop of first class potatoes. California Valencia oranges are nearing the end of the season with quotations again advanced during the week. It is reported that the keeping qualities of Spanish Malaga grapes are not up to the mark this season. Reductions have been named on one brand of package coconut, cooking chocolate, soap chips and cotton twine. Cold blast lantern globes are quoted higher.

Winnipeg—The cool weather during the week has reduced the grocery market in a slight degree, buyers are not booking orders but are buying in small quantities as they require them. Money is reported tight, with collections

far from being as good as expected. Business is being affected by the delay of the crop on the market as a large percentage of the farmers are holding their wheat for higher prices, with the effect that money is not moving very freely into circulation. However, optimism is the byword, and just as soon as this "hold out" wheat starts rolling, money will be more plentiful. Stocks will have to be replenished as retailers and wholesalers are reported to be carrying very small stocks as compared with former years. During the coming months the situation will be more favorable for a better and bigger business.

HARDING AND THE LEAGUE

The controversy between the opposing factions in the Republican party in the United States over the League of Nations has begun. Mr. Elliott Root is a storm centre. In August last he cabled from Europe to Senator Harding, now president-elect as follows:—

"In my opinion a new deal here from the beginning by abandoning the Treaty of Versailles is impossible. To attempt it would be to bring chaos and an entire loss of the results of the war and general disaster involving the United States. The only possible course is to keep the Treaty, modifying it to meet the requirements of the Senate reservations and the Chicago platform and probably in some other respects."

Mr. Root's view is that of a very influential section of the Republican party some of whose members went so far as to vote for Cox, because they now make a choice. Pro-League Republicans are said to want Root as Secretary of State while those who assert that the League is dead have other ambitions. In telling Mr. Harding that he must make up his mind for or against the League the New York Evening Post—once more reminds him what it is that Borah, Johnson and some others wish to send to the scrap-heap. It says:—

"The League of Nations is an attempt to substitute international conference and judgment for the international duelling of war. Its ideal, broadly speaking, is the ideal realized in our domestic affairs by all peoples above the level of primitive savagery—the substitution of communal action for individual violence. When men agree to submit their quarrels for peaceful adjustment—conference, or arbitration, or court—they do not stipulate that the decisions arrived at shall be thus and not otherwise. They recognize that such decisions may often be wrong, often be oppressive, sometimes be unjust. But they believe that in the long run the advantages of communal action for individual violence, peaceful adjustment vastly outweigh its faults. They assume, and rightly, that there really can be no comparison between the processes of law and the processes of violence. Law, conference, reason, conscience as the substitute for war—that is the basic idea of the League."

It must be obvious that the nations forming the League desired to make it as effective as possible. If by amendment it can be made more effective, any suggestions to that end from the United States would undoubtedly be welcome. But it is inconceivable that the nation now in the League would abandon it entirely at the behest of the Americans. Nor is it at all clear that this is what the majority of Americans really want, now that the presidential elections are out of the way. We shall be better informed on this point when Mr. Harding is heard from again.

It is announced that hereafter the United States will enforce passport control on the Canadian border for the special purpose of preventing Bolshevist agitators from entering that country by way of Canada. There is as much reason for keeping these persons out of Canada as out of the United States. Every immigrant arrival from Europe should be closely scrutinized, even if a close watch is also kept at the port of embarkation. There are already too many foreign agitators in both Canada and the United States. Those who use the freedom granted them here to proclaim doctrines subversive of good government are a source of grave danger to the country's welfare.

The earlier election reports from Greece, indicating victory for the Venizelos cabinet, were incorrect. The opposition has won and the cabinet has resigned. The Royalists will now dictate the policy of the country. Whether that will include the return of King Constantine is not yet clear, nor is it clear that the Entente will assent to his return. Some fear is expressed that the defeat of Venizelos may further complicate the situation in the near east.

A Canadian Division was the first to enter Mons, on the eve of Armistice Day, the Germans retiring before them. That first night the town was in darkness, for the enemy had put the lighting plant out of use. Every Canadian in that Division will have pleasant memories recalled by the message of the Burgomaster sent to Sir Arthur Currie, saluting the Canadian army and its chief.

The matter of raising the elevation of the new railway bridge should be considered from the standpoint of St. John and the future of its traffic, both by vessel through the falls and by conveyances through the Douglas avenue and over the highway bridge. Now is the time to have the question settled right and in the public interest.

The public is not interested in any discussion of the value of a twenty dollar boot. That is the kind which yields the big profit. Now if it were a five dollar boot—or even \$4.98—the people would not take notice. Time was when a five dollar boot was almost a luxury.

THE CRY OF THE CHILDREN.

Canada has been asked to join in providing the British Empire War Relief Fund, for the benefit of millions of fatherless children in the great triangle in Central and Eastern Europe, bounded by the Baltic, the Adriatic, the Black Sea and the Sea of Azov. Starvation and disease threaten these millions of little ones. The appeal in their behalf has the sanction of the League of Nations, the League of Red Cross Societies, the King and the Governor General. The case for the helpless war victims is well stated by the Toronto Globe, which says:—

"The needs of this vast area are of two kinds. One is to combat and prevent the spread of typhus and other plague diseases; the second is to provide the necessary supplementary food, such as milk and fats, for under-nourished, famine-stunted children. On these must depend in coming years the rest or unrest, the stability or upheaval of civilization, in all that part of the world. The appeal on their behalf comes at a time when approaching winter makes their condition more precarious than ever. Their fate must touch the heart and the conscience of Canadians who soon will prepare to gladden the hearts of their own little ones at Christmas time. In Central Europe between three and four million children beg only enough to keep them alive and well."

Toronto Globe.—The attempt of Western Canada farmers to hold back wheat for better prices is not justified by the reports of the International Institute at Rome or of other experts, which show that there is not a world's shortage. On the other hand, prices are now nearly double the average before the war.

The cost of living was not as high in October as in September, but the Labor Gazette says the average cost for a family of five was \$15.88, compared with \$7.98 in October, 1914. Prices still have some distance to drop before there is an approach to pre-war prices.

Austria, Bulgaria and Albania desire to enter the League of Nations. There does not appear to be any serious objection to their admission, but France still has her doubts about Germany.

Premier Meighen has great faith in the people of Canada. If by amendment equal faith in the Meighen government would be a happy family—but there's the rub.

The long struggle of Gen. Wrangel in Southern Russia has ended in defeat. The Bolsheviks have taken the Crimean peninsula and the General himself has been compelled to seek safety in flight.

SOCIALIST PLAN ENDS IN AUSTRIA

Government Owned Industries, Conducted at a Loss, Are Put Up for Sale.

Vienna, Nov. 16.—Austria offers for sale her socialized industries, thereby indicating the end of an experiment that failed, either because the Austrian Government was incapable of managing state business or, as Dr. Karl Renner, one-time Austrian Chancellor, explained: "It is impossible to socialize debts."

The factories offered for sale include the large Vienna arsenal and the plants of Woenendorf, Fischamend, Wuerth and Blumau companies. They are worth about 1,000,000,000 Austrian crowns. These were the first Government war industries changed over to peace work and put to the manufacture of furniture, chemicals, boots and shoes and other necessary articles. There were many complaints however, that red tape was hampering the successful operation of these industries by the state and that the high wages the Socialist Government was forced to pay workers ate up the revenue, while the deficit tallied hundreds of thousands of crowns. Also it was charged that the Government kept a far larger number of workmen than business prospects justified because it did not wish to increase the number of unemployed and because it feared the political consequences that might follow wholesale discharges. The state industries have been transferred to companies in which the state is a partner. Hereafter these industries will be operated on strictly commercial lines.

CANADA—EAST AND WEST

Junior Happenings of Other Days

A HORRIBLE ADVENTURE

When their guide became insane in the flight after the battle before Ticonderoga in the late days of March, 1759, Captain Pringle and Lieut. Roche, half dead from cold, famine and exposure, thought the end of their careers was at hand. The guide late that night collapsed upon a log half buried in the snow and a few minutes was dead. The two officers, with no knowledge of the forests whatever, were left alone to make their escape as best they could. All night they walked around to keep their blood in motion. In the morning after toiling on, they saw a fort across the intervening snow and approaching it, they waved their white handkerchiefs as a sign of surrender. Several French officers ran out to them at full speed, partly because the two stragglers were evidently utterly exhausted and needed assistance at once. The other reason, however, lay in the fact that prowling Indians were even then approaching the pair bent on adding their scalps to their collection. The English officers were well treated and soon recovered from the effects of their frightful experience. Later they were exchanged. Pringle lived to a great age and died in 1800 a senior major-general in the British army.

According to the story told by the fugitives from the battle, the "red scalps" were not taken. The Indians are credited with securing 144 English scalps but this may not indicate that the "white" fell in the engagement for they had a habit of splitting scalps to make the success appear greater than it was. For a time it was thought that General Rogers had perished, but ultimately he made his way back to safety.

LITTLE BOY BLUE

The little toy dog is covered with dust,
But sturdy and staunch he stands;
And the little toy soldier is red with rust,
And his musket moulds in his hands.
Times was when the little toy dog was new,
And the soldier was passing fat,
And that was the time when our Little Boy Blue
Kissed them and put them there.
"Now don't you go till I come," he said,
"And don't you make any noise!"
So toddling off to his true bed,
He dreamt of the pretty toys.

And, as he was dreaming, an angel song
Awoke our Little Boy Blue—
Oh! the years are many, the years are long,
But the little toy friends are true!

Ay faithful to Little Boy Blue they stand,
Each in the same old place—
Awakened our Little Boy Blue—
The smile of a little face.

And they wonder as waiting the long
Hours through
In the dust of that little chair,
What has become of our Little Boy Blue.
Blue, he kissed them and put them there.

GENEROUS GIFT TO THE Y. W. C. A.

At a meeting of the board of directors of the Y. W. C. A. yesterday afternoon with the president, Mrs. John A. McAvity, in the chair, the gift of the Y. W. C. A. recreational centre was gratefully acknowledged. John A. McAvity was the donor. Mrs. McAvity has recently returned from New York, Montreal and Boston, told of Y. W. C. A. activities in those cities. Miss Tappan, general secretary, submitted her report in which she referred to arrangements for observing the world-wide week of prayer by the Y. W. C. A. and Y. M. C. A. and all senior members of both organizations will be asked to attend a meeting of the gymnasium committee; Miss Littlefield, physical director; Mrs. W. H. Lugden, convener of the King street house committee; and Mrs. T. H. Somerville of the property committee, submitted reports. Mrs. J. D. Hunter in her report of the girls' work committee, referred to Miss Phyllis Woods' efforts as girls' work secretary. Mrs. Hunter told of the leaders' conference held in the recreational centre.

As a result of the report of the Travelers' Aid and told of some pious cases rendered aid by the society. The report of the membership committee contained a record of the largest monthly enrollment for many months.

Gun Fight in School

Chicago, Nov. 16.—Antagonism between the sophomores and freshman classes of the Waukegan High School developed on Friday night into a gun fight and a free-for-all fight, in which one student was shot in the heel and another beaten into insensibility.

The row started when three boys and two girls drove up to the High School building to attend a party Friday evening. Those in the party were Carl Ambrose, 18 years old, son of Dr. C. S. Ambrose, Commander of the American Legion Post at Waukegan; Elizabeth Lyon, 16 years old; Margaret Pulse, 16 years old; Donald Doolittle, 16 years old and Arthur Shawway, 16 years old.

As the five left their car they were confronted by five masked youths. Ambrose, the smallest in the party who several times previously had been hazed by upper classmen, was ordered to go with them, but he whipped out a .45 Colt automatic pistol used by his father in the army. He fired one shot, wounding Theodore Lux, a sophomore. The pistol was seized and the masked youths then beat Ambrose into insensibility.

The girls then took a hand and Miss Lyon obtained the gun and fired two shots in the air, when everybody fled.

STOLE TO SEE DAUGHTER

Burglar's Excuse Was His Desire to Go to Child in California.
(N. Y. Times.)
Richard Endes, notorious burglar, was held in \$5,000 bail yesterday by Chief Magistrate McAcree in Harlem Court, after detectives had accused him of stealing \$250 worth of wearing apparel from Joseph H. Oesterle, of 229 East Eighty-sixth Street. Four times the burglar has gone up to Sing Sing. Yesterday was the seventh time he was accused of crime, but it wasn't yesterday that he got a chance to explain his motive.

"This man has told me," said Assistant District Attorney Daniel Dierenzo, "a most pathetic story. Eleven years ago he was happily married. He had a good position, a comfortable home and a little girl, then 4 years old. Then his wife died. He broke up his home and placed the little girl in the care of a woman. Luck began to break against him and he took a chance and stole. He was arrested and sent to a penal institution. When he came out, he tried to get a job and found that his record was against him, so he stole again and again he paid the penalty."

During the times of his incarceration he lost track of his daughter and becoming despondent, he continued to steal. A short time ago he received word that the woman in whose care he had placed his daughter was in California. He says that he stole this property from Mr. Oesterle in an effort to go to California to seek this woman and to find, if possible, his daughter who is now 16 years old.

The Railway Mail Clerks' Association held a meeting in their rooms on Sunday for the purpose of electing officers. The new officers are: President, A. K. Melick; vice-president, C. E. O'Reilly; secretary-treasurer, W. J. Wood; assistant secretary, H. Moulton; executive committee, W. E. McCallan and D. Cameron of St. John, and F. D. Dixon of Campbellton. The delegate to the Dominion convention in Ottawa next year is W. F. Griffith.

Adjutant J. C. Arbor of the Salvation Army hosted in Montreal says union employment there is not abnormal and he does not look forward to a bad winter.

German Coal Stolen

Rotterdam, Oct. 28.—(Associated Press Correspondence)—Thousands of tons of German coal, intended for some of the Entente nations, have been stolen while en route down the Rhine and smuggled into Holland on barges, says the Rotterdam Courant. Only a part of the coal was unloaded at the alleged depots, and the rest, covered with stones, was brought down the river to Holland, says the newspaper.

CORINNE GRIFFITH MAKES A HIT AT UNIQUE THEATRE

Corinne Griffith, radiant young star, scored another notable triumph in "The Broadway Bubble" which was shown at the Unique yesterday. In this sensational and thrilling drama this versatile actress plays a dual part, appearing as two sisters who look much alike and yet are vastly different in character and temperament. They are different types in fact in everything but appearance.

The twin sisters appear together in many scenes of "The Broadway Bubble." The contrast between the acting of Corinne Griffith as one of the sisters and as the other, both in the same scene, is the supreme test of the popular star's ability and versatility. The result is a triumph of motion picture achievement.

ARE ACCUSED OF AIDING ENEMY

Belgian Count and Son Are Charged With Supplying Coal—Permission of Premier Given.

(Associated Press Correspondence). Brussels, Oct. 27.—The Belgian government's campaign against Belgian subjects who, during the war, are alleged to have aided the enemy, has just had a sensational turn in the case of the Barons Evence Coppee, father and son, who were probably the wealthiest coal magnates in Belgium.

The two noblemen were arrested some months ago, charged with assisting the Germans during their occupation of Belgium, by turning over coal and by-products to the enemy. Hundreds of other Belgians, accused of similar offences, have been convicted and sentenced to long prison terms.

The sensation in the Coppee case came the other day when the court released them from prison on bail of 1,000,000 francs each on the evidence of Count de Broqueville, who was premier of the Belgian government during its stay at Havre, France, that he had given Baron Coppee permission to work his mines during the German occupation, and ship coal, the idea being that this fuel was to be used for the Belgian population who were forced to remain in the occupied territory.

Count de Broqueville, in an affidavit submitted to the court in the Coppee's behalf, further admitted that he had given the accused permission to sell free-

AWAY TO ISLAND TO ESCAPE TAXES

London, Oct. 29.—(A. P. Correspondence)—A party of forty enthusiastic adventurers headed by F. F. Rhodes Disher, fellow of the Royal Geographical Society, have decided to spend the rest of their lives on a tropical island away from excessive taxation. They will leave for the South Seas next month in a schooner yacht, the Medora.

"More than 1,000 people have asked to come with us," said Mr. Disher. "Our first party includes doctors, solicitors, planters, ex-officers, surveyors, engineers, a wireless operator and a clergyman. Several of the party are taking their wives and families with them."

"Until we have secured an island or a portion of one and fitted it up temporarily we shall live in our vessel. One strict rule is that the colony shall have no politics."

SAYS 9,000 IN TORONTO ARE OUT OF WORK

Jobs in Lumber Camps and Mines Available for Some and Farm Demand Brisk.

(Toronto Globe). "There are plenty of jobs out of town," said Rev. F. A. Miller, superintendent of the Provincial Employment Bureau, yesterday.

"The other day we had a request for an immediate supply of 1,500 men by a big lumber concern in Ontario," he said, "and today we could place 2,000 men if they are willing to go out to the woods."

"It is practically certain that at least 9,000 men are at present looking for work in this city," continued Mr. Miller, "but not only the lumber business but also the mines in North Ontario are requiring a lot of help."

Asked as to the demand for agricultural laborers, Mr. Miller said that the demand for them continued brisk. "They are paid \$30 a month and board." That is just 100 per cent. increase since 1914," he said.

"Men willing to go out in the woods receive from \$35 to \$75 and board a month," said Mr. Miller.

Although he admitted the situation looked serious, Mr. Miller said that a number of men coming into the office have just returned from the west and are not at all anxious to start work immediately.

"One fellow came today. He told me he had nearly \$2,000, and just come from the west." He just dropped in to register, but stated that he would probably go north for the winter if he could not get a job that suited him in the city," said Mr. Miller.

"During October there were 1,342 new registrations in the Industrial Department, 1,470 in the Lumber Department, most of whom were referred to jobs," stated Mr. Miller.

"We are trying to avoid relief work next winter," he said, "by trying to get men to accept out-of-town positions. The task of relief would be enormous if the men stayed in the city, for, although we get our regular number of requests for men, the positions open in Toronto are of too varied a nature to send to them the average unskilled worker who comes here," he concluded.

CANNABALISM IN NEW GUINEA IS REPORTED

Brisbane, Australia, Oct. 19.—(A. P. Correspondence)—It is reported from New Guinea that two white men and 10 native carriers are missing and are believed to have been killed and eaten by the natives on the Fly River.

The missing men were hunting birds of paradise in Dutch New Guinea. A searching party reported that on visiting a native village on the Fly River the villagers fled. Some booklets stained with blood, a photograph, some clothes and other evidences of the white men were found.

MILBURN'S heart and nerve pills

Lessening the Life Toll

THE value of the lighthouse is especially appreciated by seafaring folks. Many fascinating stories of averted disasters originate from these structures the world over. Their first purpose, however, is preventing the loss of human life. In this they are closely connected with the purpose of Milburn's Heart & Nerve Pills, around which there are also interesting facts of averted disasters.

People to-day are using Milburn's Heart & Nerve Pills as their "Lighthouse" on which to steer a course for good health. There are very few to-day taking an active part in any walk of life who do not require, at some time or another, an additional food for the Heart & Nerve system, for without these properly carrying out their duties every other organ in the body must suffer. The effects of weakened Heart & Nerve centres vary. With some, the heart thumps harshly and irregularly. They feel irritable and are easily excited. Others are afflicted with sleeplessness at night, and drowsy sensations during the day. If you feel unfit in any way you owe it to yourself and friends to try a box of

a young physician practiced widely in a rural district and became famous for his uniform success in the curing of disease. This was Dr. R. V. Pierce, who afterwards established himself in Buffalo, N. Y., and placed one of his prescriptions, which he called his "Golden Medical Discovery," in the drug stores of the United States and Canada so the public could obtain this very remarkable tonic, corrective, and blood-maker. Dr. Pierce manufactured this "Discovery" from roots and barks—corrective remedy, the ingredients of which nature had put in the field and forests, for keeping us healthy. Few folks or families now living have not at sometime or other used this Golden Medical Discovery for the stomach, liver and heart. Evidence of the wonderful sal of this tonic and blood remedy have been sold in this country. No one can fight the battles of life and hold his own if his blood is not pure. No one suffers from colds, "flu" and catarrh who has plenty of red corpuscles and a good digestion. As cell-nutrition depends upon the blood, impurities in the blood, together with a lowered bodily resistance, cause catarrh. Introduce pure red blood into the system, and health is assured.

Dr. Pierce advises you, if you wish to avoid the many germ diseases, to keep your blood in good order. You can obtain Golden Medical Discovery in tablet or liquid form at all drug stores, or send 10c for a trial package to Dr. Pierce's Laboratory in Buffalo, N. Y.

RAATHER SPOILED THE WEDDING OF HUN FOOD MINISTER

Berlin, Oct. 27.—(A. P. Correspondence)—Angry housewives vented their indignation on Herr Hermes, the food minister, while he was being married in a church in Steglitz recently, by jeering and keeping up a running fire of complimentary remarks while the marriage ceremony was in progress. Their comments were directed against the minister's food policy.

The bride was naturally proud of the fact that she was to wed a cabinet minister and took care that the time and place of the wedding should be known to everyone. Notices giving that information were published in the newspapers.

A knot of women had gathered at the church doors and took advantage of the opportunity to tell the minister what they thought of his administration. The Vorwaerts says that Herr Hermes and his bride found the situation so uncomfortable that after the ceremony they left the church by a side door.

Egypt's Waste Basket

Paris, Oct. 28.—(A. P. Correspondence)—Thousands of mummified bodies of the sacred ibis have been found by the French savant, M. Lacau, in the underground necropolis under the famous ruined temple at Dair Medineh, Egypt.

Each bird was in an elaborately decorated vase of earthenware embedded in a sort of cardboard formed by a conglomeration of papyrus which totalled hundreds of thousands of written documents.

M. Lacau said the find was one of the most important of the late discoveries in Egyptology. The work of deciphering the documents will take years.

"It is the waste paper basket of ancient Egypt," said one of those charged with the work.

Five Things Happen When you brush teeth in this way

Dental science has produced a new teeth-cleaning method. Millions of people have already adopted it. Leading dentists everywhere advise it. In effect we say it combats the film on teeth. And it deals with this tooth wrecker as was never done before.

The fight on film Modern dentistry finds that most tooth troubles are caused by film. The film at first is viscous. You can feel it now. But it clings to teeth, enters crevices and stays. It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acids. It holds the acid in contact with the teeth to cause decay.

You'll know in a week Some results of Pepsodent appear rapidly. Within one week the good effects will be amazing to you. One ingredient is pepsin. One multiplies the starch digestant in the saliva, to digest starch deposits that cling. One multiplies the alkalinity of the saliva to neutralize mouth acids. Two factors directly attack the films. One of them keeps the teeth so highly polished that film cannot easily cling. In all these ways it brings and maintains whiter, safer teeth.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how the teeth whiten as the film-coat disappears. Compare the results with your old methods. Then let those evident results tell you what is best. Cut out the coupon now.

CENSURES ORGY OF SPECULATION

American Economist Places Blame for Business Reaction in U. S.

In commenting upon the state of American industry, a writer in the business section of The Public Ledger of Philadelphia points to the excessive speculation that was engaged in by certain interests in the United States. Price levels created by artificial means were brought about elsewhere in greater or less degree by the market conditions prevalent in the United States. It might be mentioned in passing that both up and down-grade movements have had an effect on business in Canada. The Public Ledger writer comments as follows:—

"We all know, to our cost, how sugar growers in Cuba and sugar interests in the United States contrived to raise prices to iniquitous heights. The greed and the grasping of the growers and dealers knew no bounds. When reduced a-pound mark the profiteers were confidently predicting quotations of thirty, thirty-five or even forty cents a pound. All was going as merrily as a marriage bell. Today Cuba is in the grip of panic; a moratorium (suspending payments) has had to be declared while sugar dealers in this country are on their knees begging the big refining companies to release them from contracts in order that ruin may be averted. And sugar is moving toward, not to forty cents, but ten cents a pound.

"Have you not noticed that wherever profiteering was carried to extreme lengths during the war the collapse has been the most severe. The leather and shoe people had a delightful picnic for a while, boosting prices inordinately. They are now in the doldrums. Woolen manufacturers also laughed upon an orgy of profiteering and rolled up unprecedented millions of profits. The inevitable happened; the bubble was pricked, and the woolen industry has since been wallowing in demoralization. Raw cotton was boomed to above forty cents a pound and cotton goods were marked up accordingly; cotton is now dragging under twenty cents a pound and cotton goods have tumbled as much as 60 per cent, without bringing any satisfactory resumption of demand. Shipping experienced a phenomenal boom; now it is on the toboggan."

THE LEAGUE'S CIGAR BILL

Paris, Oct. 28.—(Associated Press correspondence)—The Belgian government has just presented to the League of Nations a bill for cigars amounting to 20,000 francs. The bill says: "These cigars were smoked or carried off by members of the various delegations at the Spa Conference.

That conference was held in July and was attended by members of the Supreme Council and representatives of the German government.

The secretariat of the League of Nations has announced that it is short of money and moreover it refuses to take over the debts of the Supreme Council.

RELIEF FOR THE HUNGRY CHINESE

Millions Raised in Shanghai for People of Stricken Provinces.

(Associated Press Correspondence)
Shanghai, Oct. 16.—Millions of dollars have been subscribed here to the general fund raised in various centres in China to provide relief for the inhabitants of a great belt spread over seven provinces in northern China where crops have failed and whole populations were starving to death.

It was estimated that the famine, the worst China has experienced in a half century, had fastened its grip upon between 50,000,000 and 40,000,000 of people who faced a north country winter after a harvest only about eight per cent of normal.

While relief organizations were being formed in Peking and other centres and the Chinese government had set in motion ponderous and slow moving machinery, about forty leading Chinese organized the Seven Provinces Famine Relief Association and within a week had received contributions amounting to a little less than \$2,000,000.

Foreign aid in the campaign for funds was enlisted at a mass meeting that was attended by representatives of the American and British Chambers of Commerce, the American Association of China and a number of other foreign organizations. A committee appointed at

this meeting, working with the executive body of the Chinese Relief Association, outlined and carried through the general campaign. The minimum of \$4,000,000 that was fixed as the least sum that Shanghai should contribute—as it was estimated that not less than \$200,000,000 would be required—was passed in the first weeks of the campaign which began in September and to be continued on into December.

GEOGRAPHY CONTEST.

The Epworth League of Centenary church held a geography contest night, last evening. Miss Marion MacKendrick arranged the programme. The first prize for the geography contest was won by Mrs. G. K. Shells and Mrs. Shells and Miss Katherine Shepherd were the prize winners in the second contest. Miss Gladys Dykeman sang a pleasing solo and Miss Elizabeth Stewart gave a reading that was much appreciated. Refreshments were served and a social hour spent. Cakes were auctioned to good advantage and netted a considerable sum for the funds.

FRED'K G. BOURNE LEFT \$42,532.00

Appraisal of Singer Sewing Machine Man's Riches Puts State Tax at \$1,669,200.

Riverhead, L. I., Nov. 16.—The estate of the late Frederick G. Bourne, for many years president of the Singer Sewing Machine Company, left an estate valued at \$42,532.18.55, according to appraisal filed in the surrogate court here. The state inheritance tax on it is \$1,669,200.75. He died on March 7, 1919.

This is the largest estate ever filed in this country. It is expected, however, that it will be exceeded by the estate of the late William K. Vanderbilt, which is being probated here. According to reports the Vanderbilt estate will exceed earlier estimates, and may be appraised at more than \$100,000,000.

The share of seven sons and daughters of Mr. Bourne, partly in trust for them and their issue, are reduced to figures in the appraisal, and are as follows:

Arthur K. Bourne	\$4,868,877.59
Mrs. Mary B. Strassburger	4,927,818.59
Miss Marion Bourne	4,954,846.59
Alfred G. Bourne	4,922,648.17
Mrs. Florence B. Hard	5,616,984.60
George G. Bourne	5,185,574.02
Miss Marjorie Bourne	5,075,885.60

The sum of \$6,012,976 is still to be distributed among the heirs, but is set apart at present because of contingent provisions in the terms of the will.

The bulk of the estate was in stocks, largely the stock of the Singer Sewing Machine. The stock holdings were appraised at \$28,010,918.28. The bonds belonging to the estate were appraised at \$18,487,039.45, while \$284,701.60 was described as being invested in "bonds and mortgages." The cash amounted to \$441,201.85. The real estate holdings were valued at \$1,440,233.93.

The estimated future legal expenses in connection with the estate are \$200,000, and the commissions to the two executors are expected to total \$840,188.50.

The largest bequest was a gift of \$198,000 to the Cathedral of St. John the Divine. The next was one of \$42,000 to the Norwegian Lutheran Deaconesses Home. He left smaller amounts to a great many charitable institutions, and gifts of \$15,000 and less to a long list of relatives and employees.

Mr. Bourne's estate at Oakdale, which is near the estate of William K. Vanderbilt, is valued at \$1,178,400.

BULLFROGS, WORMS, SNAKES AGREE ON MILD WINTER.

New York—Bullfrogs, worms and snakes—which ought to know—are unanimous in the belief that it is going to be a mild winter, according to Peter Zellus of Staten Island. He said that bullfrogs croak at night in his pond and that if the winter was to be severe they would bury in the mud and not croak until Spring. The ground worms, he says, are crawling on the ground. If the winter was to be a hard one they would be five feet under ground. Garter snakes are as lively and frolicsome as in mid-July, he says.

"LITTLE" BILL IN CONGRESS HAS 2,000,000 WORDS

Washington—The so-called Little bill, which codifies the Federal statutes for the last 125 years, introduced by Representative Edward C. Little, of Kansas, will come up for passage in the coming season. Despite its name, the Little bill contains more than 2,000,000 words, grouped in 11,000 sections under 60 titles.

Craftsman Fabrikoid The Choice of this Furniture Maker

"The cheap split leather ought to be entirely eliminated in upholstering furniture," says S. Karpen, a leading furniture manufacturer in the States.

CAST aside the cow. There are many things in which man can improve his nature, and one is the making of a covering for furniture. Mr. Karpen learned this from experience in the line in which he is a specialist. For upholstery Fabrikoid looks better, is more sanitary, and, above all, does not deteriorate or absorb water or grease. The life of Fabrikoid is practically interminable—it outlasts the furniture itself in many cases. This is proof of its economy.

The best you can get in leather upholstery is most likely "split" leather—uneven in thickness, irregular in texture, full of soft spongy spots, or hard brittle ones that crack. Craftsman Fabrikoid is pliable, even, richly colored, dyed if you wish, and without waste.

When buying new furniture, or having the old recovered, insist on Craftsman Fabrikoid. Your dealer can supply it, and the appearance and the saving will surprise you. Our free booklet "Fabrikoid in the Home" will give you a few hints about many things that can be done about the home with Fabrikoid. Write today for a copy.

The Prince Edward Island Aerial Transport Co., Ltd.

Operating Eastern Canada Air Lines and Devere Aviation Co., Limited

Head Office - Truro, N. S.
Incorporated by Letters Patent under the laws of the Dominion of Canada

THE shrewd business men of Eastern Canada who study the boundless possibilities of commercial aviation fully believe that the story of all great present day utilities will be repeated, only on a very much larger scale in the Aerial Transportation business.

CAPITALIZATION		Revenue
	SHARES	PAR VALUE
Authorized 25,000	\$250,000.00
Present Issue 20,000	200,000.00
Balance in Treasury 5,000	50,000.00

When the present issue of 20,000 is sold, the Eastern Canada Air Lines will be incorporated at one million dollars and two preferred shares in the new corporation given for each share of the present issue.

Estimated Cost of Establishing the Business		Total Estimated net profits per year, 700 miles per day, Mail, Passenger & Express 434,700.00
Machines, Freight, etc. \$100,000.00	
Grounds and Sheds 10,000.00	
Stores and Spare Parts 15,000.00	
Organization and Expenses 10,000.00	
Specifications and Technical Data 9,000.00	
	\$143,000.00	
Leaving for Running Expenses 57,000.00	

Six aeroplanes with a total commercial capacity of 96 passengers can be bought for \$100,000.00, and the journey which takes a 30-passenger \$100,000.00 Pullman 24 hours to accomplish, takes the 96 passenger \$100,000.00 aeroplanes an average of only five hours by the aerial line.

The "Eastair" corporation is the only aerial transportation concern in Canada. Starting right in the beginning of the business which within the next few weeks will predominate in the commercial world system will cover every town and city in Eastern Canada. Over a score of aerodromes being opened.

This is your opportunity for a sound investment on the ground floor of a business with a golden future. Send to the Company for full particulars or send your subscription by registered post.

We want enterprising people to help us develop this great business in which there is a great future reward.

Mothers! Keep Syrup Pepsin Handy

An absolute household necessity, a wonderful emergency remedy for constipation. Someone may need it any minute!

ALL in the family look to the mother for guidance and advice in the multitude of little disorders that arise almost daily. Chief of the minor ailments are those that precede or follow constipation.

Modern people are getting away from the notion that simple constipation, a headache, biliousness, colds, feverishness, indigestion, require a drastic, weakening drug. They take a teaspoonful or less of Dr. Caldwell's Laxative Syrup Pepsin, which is but a combination of simple laxative herbs with pepsin.

Try It FREE

There are heads of families who will want to prove to their own satisfaction that our Laxative Syrup Pepsin is as effective in constipation, as mild and gentle in action, as pleasant-tasting and safe as I claim.

MORNING NEWS OVER THE WIRES
Before the tariff commission at Montreal yesterday Canadian manufacturers of boots and shoes contended that their prices are not and never have been profiteering prices. At the same time they pleaded for the maintenance of the present protection on the ground that United States manufacturers have a capacity beyond the needs of their own markets and would flood Canada, if given a chance. Sir Henry Drayton and J. B. Palmer, of Fredericton, had a good natured controversy as to whether or not a twenty dollar pair of shoes could be considered a luxury.

EGYPTIAN WOMEN ARE TAKING INTEREST IN PUBLIC AFF.
(Associated Press Correspondence.)
London, Oct. 30.—Egyptian women are at last beginning to take an interest in public affairs, particularly in the schools. Viscount Milner, in his report as High Commissioner of Egypt, says that no change which has taken place in that country in the last few years is more striking than the awakening interest of women in affairs outside of the home.

FOR YEARS I HAVE NEVER CONSIDERED MY STOCK OF HOUSEHOLD REMEDIES COMPLETE UNLESS A BOTTLE OF MINARD'S LINIMENT WAS INCLUDED. For aches, bruises, sprains, frost bits, chilblains it excels, and I know of no better remedy for a severe cold in the head, or that will give more immediate relief, than to inhale from the bottle through the nasal organ.
And as to my supply of veterinary remedies it is essential, as it has in many instances proven its value. A recent experience in reclaiming what was supposed to be a lost section of a valuable cover under has again demonstrated its great worth and prompts me to recommend it in the highest terms to all who have a herd of cows, large or small. I think I am safe in saying among all the patent medicines there is none that covers as large a field of usefulness as does Minard's Liniment. A real trusion good for man or beast.

YOUTHFUL LOVERS' SPAT GIVES PASTOR BAD SCARE
New York, Nov. 16.—When the Rev. Frances Brown of St. Andrew's Church, Yonkers, found a note on his doorstep warning him that his house would be robbed he and a policeman sat all night in the parlor waiting for the burglar. He never came.
Then they examined the note and found the words "Me and Betty" on the paper. Betty Brown is the nine-year-old daughter of the house. When asked what she knew of it, she said she and Wallace Lanston, the ten-year-old son of a neighbor, had quarreled at school and she saw him later writing on a bit of paper.
Wallace was consulted, and he quickly confessed, saying that it was all a joke. Dr. Brown refused to press any charges against the youngster. But it is said that his father applied a good spanking.

Catarrah Deafness
and Head Noises

If you have Catarrh, catarrhal deafness or head noises caused by catarrh or if phlegm drops in your throat and has caused catarrh of the stomach or bowels you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure from your druggist 1 ounce of Parment (Double Strength). Take this home and add to it 1-4 pint of hot water and a little granulated sugar; stir until dissolved. Take one teaspoonful of this mixture four or five times a day. An improvement is sometimes noted after the first day's treatment. Breathing should become easy, while the distressing head noises, headache, dullness, disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucus dropping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this efficacious treatment. It is said that nearly ninety per cent. of ear troubles are caused by catarrh and there must, therefore, be many people whose hearing may be restored by this simple, harmless, home treatment.

Motor Vehicles Will Be Stopped in Street and "Cripples" Sent to Garage.
Policemen who understand automobiles have been assigned by Police Commissioner Enright to begin tomorrow to stop motor vehicles on the street and examine them sending those in need of repair to a garage and giving certificates of good condition to the others.
This is to be the principal feature of a campaign planned by Commissioner Enright against automobile accidents, which have been occurring in the last year at an unprecedented rate. Commissioner Enright said recently that, in his opinion, the majority of the accidents in which persons walking on the streets were killed or injured, were due to the carelessness of the victims, but another prolific cause alleged is defective mechanism.
The inspection will continue until Dec. 6 by which time practically all motor vehicles are expected to have been tested and given certificates or sent to garages. Where minor defects only are found the policemen will report the number and owner of the car and the nature of the defect. The owner will be dealt with later in case of failure on his part to obey the warning.
The patrolman examining the automobile will also hand to the chauffeur or driver a book containing the motor laws and traffic regulations of the department. Across the cover of this book is the Biblical injunction, "Thou shalt not kill." Besides the motor law and the traffic regulations, the book contains several "don'ts" for the guidance of automobile drivers. Among them are:
Remember the A. B. C. of the motorist: "Always Be Careful."
Slow down at street intersections.
Examine your brake and steering gear before leaving your garage.
Chains and other non-skid devices save accidents.
Parking your car for hours means a summons and the loss of time and money.
Do not use horns or sound devices that make unnecessary noise and annoy sick and nervous people and horses.
Learn the hand signals.
It is believed that the inspection of all cars by the police may result in the discovery and restoration of any stolen machines to their owners.
Police Commissioner Enright outlined his plan for reducing preventable automobile accidents in a talk yesterday to all police inspectors, captains and sergeants, who were summoned to police headquarters. After describing the plan, he said that blank certificates would be furnished to all patrolmen to be pasted on inspected cars, showing the date on which the car was tested and found to be in good condition.
The reason for taking three weeks for the work is to allow time so that the work of inspection can be done, without hurrying the policemen making the tests and causing traffic congestion.
While the inspectors, captains and sergeants were at headquarters yesterday Chief Inspector Lalley addressed them on the subject of patrol duty and urged them to see to it that the patrol service of the department is more faithfully performed than it seemed to have been recently. There have been many complaints, he said, that patrolmen have not been walking their posts regularly, as required by the rules of the department. The sergeants were instructed to demand that all patrolmen under their command do their full duty in patrolling posts.

LETTER FROM MR. O'CONNELL
Asks About Children's Motion Pictures—Remembrance for Orphans at Christmas.
The fact that the orphans and other children of the city are ever in the minds of J. D. O'Connell, their generous benefactor, is evident from a letter which was received from him by a friend this morning. The communication is dated Camaguey, Cuba, and states that the motion pictures taken at the picnic here last summer are to be the property of the city. He would like arrangements made so that the orphans would see a free showing of the film and if there was any extra expense to it, he was willing to bear it.

NEW BOY SCOUT LEADER.
V. C. Timberley arrived in the city yesterday to take up to work of assistant scout commissioner. The local offices have been removed to the old Climo art room, corner of Prince and Canterbury streets. Mr. Timberley was in the navy in war-time, and since engaged in Boy Scout work in Halifax. He comes very highly recommended. H. C. Eaman, who is now to give his whole time to Nova Scotia, was in this city yesterday and introduced Mr. Timberley to many who are interested in the Boy Scout movement.

ADJUDGED GUILTY IN CARLETON CASE
Matter of Stephens and the Police—Beer Case and Others in Court Today.
In the police court this morning a case against Wallace Stephens, charged with assaulting Sergeant O'Neill and Policeman Gill, and one against Allan Stephens, charged with assaulting Sergeant O'Neill and the policeman, were resumed. Fred Belyea, a friend of hearing a scuffle near the corner of King and Union streets and he said he heard Sergeant O'Neill say "Take hold of that," to which remark he heard Wallace say "let us alone and we will go to the police court in the morning." He said he did not see any kicking. He said Allan Stephens was a reputable citizen and he thought he would call and say a word in his favor.
Wallace Stephens went on the stand and said he and his brother were walking along Union street and Policeman Gill arrived and, according to the witness, struck his brother without any reason. He said the policeman struck him, but he warned him off and his brother got away.
Allan Stephens told the court that he did assault Policeman Gill but denied the charge regarding the sergeant.
The question of the immunity of the police force in West St. John as regards numbers, was brought up and J. A. Barry, counsel for the prosecution, said there were certainly not enough policemen in West St. John if men would go around the streets late at night over there and resist the police.
The magistrate said a matter of that kind should be referred to the common council. The magistrate adjudged not guilty and postponed the case until he could consider as to how much of the \$400 deposit should be kept as a fine. E. S. Ritchie acted for the defence.
James F. Quinn, 152 Mill street, was charged with selling beer over two per cent. Inspectors Hopkins, Journey and Henderson were told going to the shop and getting two bottles the contents of which were analyzed by M. V. Paddock, who said the contents contained eight per cent of alcohol. The accused said that one of the bottles produced in evidence did not seem to be the one taken from his shop. A fine of \$200 was paid.
A case against John McDonald, charged with stealing lead pipe, the property of J. M. Queen and valued at \$35, was resumed and Gordon Costello, a C. P. R. policeman, gave evidence similar to that given by Detective Biddiscombe at a former hearing. The case was postponed until Friday at eleven o'clock. J. A. Barry is acting for the defence.
James Demaine, who was before the court recently charged with striking his boy, was ordered to get sureties to keep the peace and until this could be done he was sent into jail.
John Koussayes, an Austrian, charged with wandering about and not being able to give a satisfactory account of himself, was sent out of town. One man charged with drunkenness pleaded guilty and was remanded.

C. N. R. GRAIN NOW EN ROUTE HERE
President Hanna Denies That That Railway is Routing Grain Via Portland, Although Grand Trunk May Be.

Denial that the Canadian National Railways are routing grain via Portland was received from D. B. Hanna, president of the Canadian National Railways yesterday in a wire received by A. P. Barnhill K. C., one of the directors of the railroad.
On Saturday Mr. Barnhill wired Mr. Hanna as follows:
D. B. Hanna, President Canadian National Railways, Toronto, Ont. Commissioner Bullock of this city states that our railway system is routing grain to Portland, Maine, although elevators at St. John and other Canadian ports remain empty. While I am satisfied that there can be no truth in this statement and feel assured that no shipments will be made through foreign ports which can be made through Canadian ports, yet I would like your authority to deny Commissioner Bullock's statement. Please wire answer.
A. P. BARNHILL
The reply received by Mr. Barnhill today reads as follows:
A. P. Barnhill, K. C., St. John, N. B. Canadian National Railways are not routing any grain via Portland. We have no jurisdiction over Grand Trunk and it may be that they are routing grain via Portland. We have arranged for some grain shipments to St. John. The cars are now en route. You may be assured that Canadian National Railways will route everything they can through Canadian ports.
D. B. HANNA.

The Dignity of the Dining Room
No matter how livable the living room, how airy, simple and unpretentious the bedrooms, there is always a note of dignity in the dining room of every home.
The rich, soft brown of walnut and mahogany or oak, in equally nice color but generally sturdier design, provide a tremendous range of choice for furnishing the dining room.
In this store now you will see the Dining Room Furniture intended for the richest homes as well as the least expensive possible to meet our standard of worthy quality and artistic merit.
There is no preponderance of any certain type, for the moment popular, but a well balanced assemblage of reproductions and adaptations of everything good in the history of artistic furniture creation.
And then our salespeople are not merely persons with a "selling knack"—they know furniture and their first duty is to assist you in choosing what will meet your special requirements, and so help you in producing the harmony in your home furnishing that makes it a lasting source of pride and satisfaction.
