RECENT DEATHS

Mrs. Martha Chase MacDonald. Central Cambridge, June 23. The death of Mrs. Martha Chase MacDonald occurred early this morning at her home, Central Cambridge, Queens Co., after a lingering illness of several months. Mrs. MacDonald was of Loyalist descent and was born at MacDonald's Point, Queens Co., fifty-eight years ago and where she spent the greater part of her life. For a number of years, beginning with 1907, she and her husband were in charge of the Boys' Industrial Home, St. John, where she made many friends. She is survived by her husband, Fred B. MacDonald, one sister, Mrs. Mary C. Hendry and three brothers, T. H. Belyea, St. John; Daniel C. Belyea, Taunton (Mass.); and William C. Belyea, MacDonald's Point.

Mrs. Charles Mott. Fredericton, June 23. At Three Tree Crows, Saturday, Mrs. Charles Mott died, aged 74 years. She is survived by her husband, four sons and three daughters, one brother and one sister. Alfred J. Bell. Halifax, June 23. Alfred J. Bell, well known insurance man, died suddenly this morning of heart trouble, aged 63 years. He leaves his wife, who was Dr. Heart's, daughter of Rev. McHearts, and one son.

Mrs. Susie Howland, wife of Charles Howland, passed away at her home at Keswick Friday night at the age of thirty-one years. The deceased is survived by her husband, three sons, four brothers and two sisters.

To Wed This Week. Fredericton. Friends here have received invitations for the wedding of Lieut. Frederick Benn, M. C. of the 24th N. B. Battalion, and Miss Lucy Wentworth, daughter of Mrs. J. Harris, Black of Halifax, which will take place in the Brunswick-street Methodist church, Halifax, on June 28. Lieut. Benn won his Military Cross at the "Aras show," about the time that Lieut. Col. A. E. McKenzie, D. S. O., was killed, when he took over command of his company and displayed unusual gallantry and leadership.

ENGAGEMENT ANNOUNCED. Mr. and Mrs. Thomas W. Holmes of Beaver Harbor, Charlotte county, announce the engagement of their daughter, Lola Blanche, to Clarence Fisher, of Portland, Me.; the marriage to take place on June 27.

RECENT WEDDINGS

Miss Myrtle Olive Currie, daughter of Mrs. Abbie Currie of Bayswater was married last evening to Edgar S. Miller. The wedding took place at the residence of Mrs. Currie and the house and grounds were beautifully decorated for the occasion. Miss Alberta Currie, cousin of the bride, played the wedding march and the bride's brother, Alder, was groomsmen. Mr. and Mrs. Miller will reside at Bayswater.

At the home of the bride's parents, Mr. and Mrs. Charles G. Baird, Chipman, Miss Helen C. Baird was married to George R. Richardson, son of Mr. and Mrs. R. D. Richardson, last Wednesday. The ceremony was performed by Rev. E. E. Mowatt and Mrs. Gordon Baird played the wedding march. Mr. and Mrs. Richardson are now touring Nova Scotia by motor car.

Last Wednesday at Bathurst Miss Mary Adelia, daughter of Mrs. T. Edwin Carter of Bathurst, was married to George Henderson of Moncton by Rev. J. A. Cooper. After a trip through upper Canada, Mr. and Mrs. Henderson will reside in Moncton.

At St. Vincent de Paul's church, Oranmore on June 18, Rev. Father Hangan united in marriage Sarah Alexandra McDonough, daughter of Mr. and Mrs. Patrick McDonough, to Francis Warren Howard of Sussex. Mr. and Mrs. Howard left for a wedding trip to the United States.

At the home of Mr. and Mrs. R. H. Wilson, Bloomfield, N. B., on June 11, their daughter, Adah Bertha, was united in marriage to George Leonard Long of Long Settlement. The ceremony was performed on the lawn, which was decorated with Japanese style, by Rev. W. J. Harlow.

Miss Mary Rosella Potier, daughter of Mrs. H. G. Potier of Bathurst, was married to Leon Lasnier of Toronto by Rev. Father Carey, S. J., at Toronto on June 10. They will reside in Toronto. Mr. Lasnier is a returned member of the 22nd French-Canadian Battalion.

CUPID LAUGHS AT BETS AS WELL AS LOCKSMITHS

Hamilton, June 23.—About a year ago David P. Rockmaker made a wager with Archie Frank of this city that he would never be married. To make it binding an agreement was drawn up and signed under which he undertook to forfeit \$500 if he married before fifteen years had elapsed. He later felt so sure of himself that he made another wager with A. J. Frank by which he was to pay \$50 if he married before 1922. All of which leads to the disclosure that there is something else at which love laughs besides locksmiths. Mr. Rockmaker has paid a delicate compliment to Miss Henriette Stein of Toronto, whom he is to marry on July 18 in this city. He recognizes that he is out \$500 on his wagers, but is quite content to lose the money.

On a Western Trip. Fredericton Mail.—A party composed of Mrs. James M. Scott, Miss F. A. Dunphy and Miss Jennie McNally are to leave on Monday evening on an extended trip to the Pacific Coast. Mrs. Scott will go to Aberdeen, Washington, where three of her sisters reside and Miss Dunphy will visit in Winnipeg and Vancouver. Miss McNally will visit relatives in Calgary, Edmonton and Vancouver.

MILLING COMPANY'S IMMENSE PROFITS

Ogilvie Company Made Net Profit of 72 Per Cent—Other Millers Give Evidence of Recent Transactions

Ottawa, June 23.—The net profits of the Ogilvie Milling Company on the common stock last year were 72 per cent. The total net profits amounted to \$1,938,414. After paying seven per cent on the preference stock there was left \$1,315,414. The company paid 12 per cent on the common stock, gave a bonus of 18 per cent and carried forward \$1,140,414.

W. A. Black, vice-president of the Ogilvie company, appeared before the cost of living committee of the commons this afternoon and was examined as to the profits his company has been making. He said the company was incorporated in 1902 with an authorized capital of \$4,500,000 of which \$2,000,000 was preference stock and \$2,500,000 common stock. He could not say how much had been paid for in cash, but the new company had taken over the old Ogilvie company which had been in business since 1891.

Mr. Black said that the rest of the account amounted to \$2,500,000, the contingency accounts \$1,294,407 and investments \$6,275,149. The directors were: Charles R. Hosmer, W. A. Black, Sir Herbert Holt, Sir Montague Allan, Shirley Ogilvie, Charles Chaput, Sir Augustus Nanton and Sir Charles Gordon.

It was brought out that originally the common stock amounted to \$1,250,000 but in 1908 this had been doubled and allowed to the shareholders of that date. Mr. Black stated that they had paid for it at par.

When Mr. Black mentioned that the common stockholders last year had received 27 per cent, Mr. Pringle remarked: "You could have paid them 72 per cent but that would not have looked very well, would it? I suppose you would not because that was profiteering."

Mr. Black demurred and Mr. Pringle declared that these profits had been taken out of the public.

"The public have enabled you to accumulate this surplus," said counsel.

"What public?" asked Mr. Black.

Mr. Pringle grew angry. He retorted that the human race were the people out of whom these profits had been made, the men who have got to eat bread.

48 1/2 Per Cent Profit.

For the year 1917 the profits of the company were stated to be \$1,308,847 and the net profit on the common stock after paying dividends was 48 1/2 per cent.

Mr. Black said he did not have the statements regarding the three previous years with him.

Mr. Pringle said to the witness that these large profits were causing unrest in the country, those profits on textiles and food, and they found that these men who were at the head of commissions were the men who had been making the very large profits.

Mr. Black—"These are very abnormal profits."

Mr. Pringle—"These are a great part of this year the company had sold flour in Canada at lower than cost. He said also that the margin of profit which had been talked about was never put in force by the food board. The company had turned out 3,385,000 barrels of flour last year. Over a million dollars had been

made in 1918 by selling wheat on hand. "We have paid to the government all they asked," said the witness.

Mr. Stevens declared emphatically that these profits should not occur and the public should get some benefit from them. This statement would help the committee in advising the government as to what action should be taken.

Reduce Price, He Says.

"You could have afforded to drop the price of flour 25 cents a barrel and still have made a handsome profit. I think you ought to reduce the price 25 or 50 cents right away and it would be a very fine act on the part of the Ogilvie company. It would be a fine advertisement," said the member for Vancouver.

Mr. Black replied that it could not be figured down so that the public would benefit.

Mr. Pringle remarked that they all agreed that the public had to pay the bill, and the public were interested in having wheat converted into flour at the lowest possible cost. It was vital to the country to have cheap foodstuffs.

Donald Sutherland, M.P., pointed out that the cost of food had also a great effect on the price of foodstuffs.

Hedley Shaw, of the Maple Leaf Company, was again on the stand this afternoon. He stated that the capital stock of the old Maple Leaf Flour Milling Company was \$1,000,000 and of the Hedley Shaw Milling Company, \$180,000. These were absorbed by a new company called the Maple Leaf Milling Company Limited, and the stock of the new company was placed at \$4,000,000, of which \$2,000,000 was common stock and \$2,000,000 preferred. The directors were Sir D. C. Cameron, of Winnipeg; Hedley Shaw, Charles W. Bond, John Hunt, Robert Cooper, J. P. Barker and W. Steed. When the new company was formed, he said that the assets were appraised at \$3,700,000. There was a long argument as to whether these were accumulated profits or what they really were, and at one stage of the proceedings Mr. Stevens remarked:

"We are not quite so simple as to let you get away with an accumulation of that kind."

Mr. Shaw said that the old company took stock instead of cash, but it was not bought out on the appraised value. Wonderfully Blank.

The witness, questioned closely, said he had no idea how much he himself got, and Mr. Stevens said:

"For the head of the Maple Leaf Milling Company, you have got one of the most wonderfully blank minds I have ever seen."

He added that if the witness did not know they had better get the information, the member of Vancouver remarked:

"I think Mr. Shaw could give it to us now if he wanted to."

Mr. Pringle summed up the situation in this way:

"There was created in 1910 a new company which took over the two old companies and gave the owners \$4,000,000 and \$1,180,000. They had been paid over \$800 a share for their stock."

Again Mr. Shaw said he could give no information when Mr. Stevens asked him as to the accumulated profits of the company. The latter volunteered the opinion that this organization was getting extraordinary profits, was accumulating a big reserve and that it would be re-equipped. Mr. Shaw said he could give no information as to what had been done a few years ago as there had been a fire and the books were burned up.

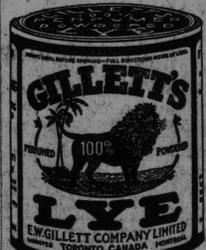

The chairman—"What is your profit on a barrel of flour?"

Mr. Shaw—"I don't know."

Mr. Stevens—"Do you keep books?"

Mr. Shaw remarked that it was difficult to separate flour from the other products of the mills.

Mr. Stevens—"Who keeps the books?"

HORLICK'S Malted Milk for Invalids. A nourishing and digestible diet. Contains stock and medical grade extract. A powder soluble in water. Canada Food Board License No. 14-38.

The night watchman? I think you have a good set of books tucked away somewhere? Lake of Woods Manager.

The examination of William Hutchinson, manager of the Lake of Woods Milling Company, was comparatively brief. He told the committee that from 1912 to 1918, the company had paid eight per cent dividends on its common stock. In 1917, ten per cent was paid on the common stock, while in 1918, the common stock yielded twelve per cent dividend. For the year ending August 31, 1918, the gross earnings of the company were given by Mr. Hutchinson as \$687,914.

"Your banner year," suggested Mr. Pringle.

"No, our banner years were 1908 and 1912."

Mr. Hutchinson stated that the capitalization of the company is \$2,500,000, of which \$2,000,000 had been paid up. On the paid capitalization the gross earnings for 1918 were slightly over twenty-eight per cent.

During the year the company handled 2,248,888 barrels of flour, representing a turnover of something over \$46,000,000. The per cent of profit on the complete turnover was 2.48. The profit per barrel of flour made by the company was 16.9 cents. He regarded this as a reasonable profit, more particularly when it was compared with the earnings of other concerns.

APARTMENT HOUSES TO MEET HOUSING PROBLEM.

The apartment house has come to stay, in this age no one doubts that, and it is being built in the most rapid manner in the country was critical during the years of war and now that the men are returning from overseas there is a great need, both for housing accommodation.

Building operations, which have been through the high war cost of materials, have boomed for the past few years. Apartment houses are included in the list of new buildings in the city.

The advantages of the apartment for small families are many and too well known to enumerate. A disadvantage, however, which is not often thought of until its inconvenience is forced upon the apartment dweller, is the lack of soft water for washing and bathing purposes. Snowdrifts and Ammonia makes the hardest water soft and does not injure the most tender skin or the finest article of clothing. Its use is for this purpose a growing habit to those who live in apartments. Snowdrifts can be obtained from any grocer.—ADVT.

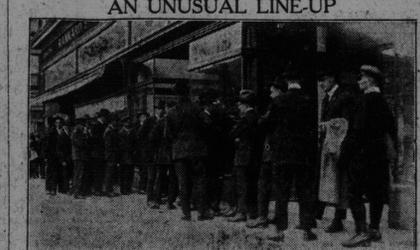

MANY SOLDIERS SEEKING LAND. Government Has Granted 12,000 of 17,000 Applications and Made Loans Totalling \$14,000,000.

Ottawa, June 23.—That loans aggregating \$14,000,000 have been made to returned soldiers who propose to take up farming, was an interesting statement made in the House of Commons today, when the soldiers' land settlement bill was under review in committee. Mr. Meighen dealt at length with the operations of the Land Settlement Board up to the middle of the present month, showing that nearly \$6,000,000 had so far been spent on land, and nearly \$5,000,000 on the purchase of stock and equipment. The total number of loans granted has been 46,292, and the average amount has been \$3,894.

Applicants for certificates, qualifying men to go on the land have exceeded 17,000, while over 12,000 have been granted. Ex-soldiers have chosen all the provinces for farming operations, the province of Alberta heading the list with slightly over 4,000, and P. E. Island being at the bottom with 241.

A. E. Fripp, Ottawa, during the course of the discussion, asked what the government proposed to do to enable returned men who do not intend to farm to rehabilitate themselves. Would they be given an opportunity to start shops or set themselves up in some other way? he asked.

Mr. Meighen answered the question by explaining that aid to soldiers other than that given to those who will go upon the land is one which would have to be settled by the government as a

AN UNUSUAL LINE-UP. During the earlier part of the Winnipeg strike discharged soldiers could not get their gratuity checks through the mails owing to the strike of the postal employees. The military authorities, therefore, arranged for them to receive their gratuity checks at the Bank of Montreal, and the photo shows them standing in line waiting their turn to enter the bank. Some of the recipients were themselves on strike.—British and Colonial Press Photograph.

whole and not by the minister of the interior. D. D. MacKenzie was not inclined to be enthusiastic over the government's plan. He expressed the fear that men who do not profit by the scheme might be dissatisfied. He suggested that it might have been better to have given each soldier a sum of money and let him subsequently depend upon himself.

The minister explained that the order-in-council passed in February giving the board the right to acquire private lands for soldiers' settlement did not give the right to expropriate land. That power was being sought in the bill before the House. After a long debate the committee reported progress.

Late in the evening consideration of the resolution providing assistance for the construction of highways was resumed. Dr. Michael Clark wanted to know where the \$20,000,000 to be spent through

the provinces was coming from, while J. H. Maharg advanced the view that in the west railways are required more than highways.

Mr. Sesamith, of East Peterboro, defended the government's programme and said its carrying out would aid production.

Mr. Meighen speaking with reference to settling soldiers on the land said that the total applications by returned soldiers for qualification certificates as farmers numbered 17,109. Applications for certificates approved totalled 12,294. Applications for loans approved totalled \$4,392. Of the loan applications approved 101 are in Quebec, 124 in New Brunswick, Nova Scotia, ninety in Prince Edward Island ninety-six in Ontario. Arrangements have been made, applicable all over the country where settlers could obtain implements, farm lumber, hardware and other necessaries for making a start at the lowest price. As a general rule the wholesale price was charged the soldier, and in a few cases it was even lower. Reductions ranged from 10 to about 40 per cent the retailer's price. It was not necessary for a man to be taking advantage of government loans to secure these advantageous prices but he must be a soldier who had been before a qualification board.

A DIRECT SAVING - TO - Motor Truck Owners. We Are Pleased to Announce that LOWER PRICES - ON - DUNLOP SOLID MOTOR TRUCK TIRES. became effective simultaneously with the reduction on Dunlop Pneumatic Automobile Tires, June 2nd, 1919. This action on our part is in line with the Dunlop policy to give motor truck owners the immediate benefit whenever we can see our way clear to lower prices and still maintain the high standard of Dunlop Tire quality. You will see upon an examination of the new list, one of which we shall be glad to forward on request, that the decrease in prices is very substantial indeed. In fact, it represents an average reduction of approximately twenty per cent, so that you can figure out exactly just what this will mean to you as a direct saving in dollars and cents. With Dunlop Motor Truck Tires to-day you benefit in a measure heretofore unknown. Firstly, there is the lower initial cost; Secondly, there is the low upkeep cost; Thirdly, there is the lengthened Motor Truck life, due to the large volume of rubber in the tires, providing the proper cushion; and, Fourthly, the good service Dunlop Tires render lessens the possibility of tie-ups on account of tire trouble. The tires that were most popular under the terrific strain of war service were the English Dunlop. These tires transported by far the greatest tonnage borne by any individual make in the war zone. Canadian Dunlop Motor Truck Tires, which are available to you, are identically the same in formulae and construction as the Master Product manufactured by the English Dunlop Company. The Motor Truck owner who invests in Dunlop Tires—whether Pressed-on or Quick Removable—is assured of not only a fair return for his money, but matchless service under every condition of load and road. If you are a user of one or more Trucks equipped with Pneumatic Tires, you, of course, benefit from the general reduction made on Dunlop Pneumatic Tires as announced in the daily press of June 2nd. BIG PROBLEMS FOR BRITAIN

Noted British Prohibition Worker Speaks at the Metropolitan Church

(Toronto Globe)

Great Britain's programme for reconstruction was set forth in an interesting and inspiring address delivered in Metropolitan Church last evening by Rev.

Henry Carter, Temperance Secretary of the Wesleyan Methodist Church of Great Britain. Mr. Carter has an intimate knowledge of the various social problems that are exercising the leaders of English Church and political life. He was a member of the Government Liqueur Control Board during the war, and has written a book on the work done by that organization to curtail the sale of drink and influence of the liquor traffic. Speaking of the aftermath of the war in Britain, Mr. Carter said that the industrial crisis at the beginning of the year, which threatened to develop into

revolution, had settled into a campaign for reconstruction. The leaders were wise and cautious men, and they were finding a way to right the wrong by a sure process that the appeal to force. They had determined that slumdom must go, that unemployment and destitution must be guarded against, and that intemperance, "the gross and carnal curse of English life," must be brought into subjection.

"Lift the standard of life" is a phrase that is ringing through the old land today," said Mr. Carter. "Industrial unrest is not an evil but a good thing. We had

suffered from content with the sordid and degrading conditions of life before the war; we want a divine discontent that will uplift the people."

Mr. Carter said that the effect of the war upon the soul of Britain was, on the whole, healthy and elevating. "There was today no working alternative to the Christian faith; everything else had been tried and found wanting. Luxury-loving England was no more. Living for comfort had not survived the war, it had been supplanted by an altruistic passion to serve. Mere intellectualism was no longer a competitor of Christianity. He admitted that there was moral recklessness in Britain, and that men and women had plunged into excesses as a reaction from the war; but he believed that this was a mood among the people, and was not dominant, but apparent.

As to the prospects of prohibition in Britain, Mr. Carter declared that the government failed to seize its supreme opportunity early in the war, when Lloyd George convinced the people that drink was a greater foe than the German submarines. He said the Liqueur Control Board had reduced the hours of sale for liquor to 6½ hours a day, and had considerably lessened the strength of alcohol in beer.

Mr. Carter was appointed British representative to the World's Prohibition Conference, which was held in Washington recently.

President Returning

Washington, June 28.—President Wilson cabled Secretary Tamm today that he expected to leave Brest on his homeward journey on Wednesday or Thursday.

Jones was late again, as usual. When he strolled coolly into the office at 10.30 the "boss" was storming up and down. "Do you know what time we begin work here?" he asked the late arrival with deep sarcasm.

Jones took off his coat and hat, hung them up and strolled across to his desk. "No, sir, can't say I do, exactly," he replied, "but they're always at it when I get here."

Sydney Laidlaw who has been overseas for the last four years with a medical unit, is visiting the city as the guest of his cousin, Mrs. G. R. Boutiller, Orange street. He arrived here yesterday from Halifax. Mr. Laidlaw is in Vancouver and will leave for his home in a few days.

THE SWIMMING RESORT
Despite the cold wind of the last few days, a large number of people have been taking advantage of the new bath houses at the foot of Kennedy street, and enjoying a swim in the sea. One of the new houses is finished and another is rapidly nearing completion. They are in charge of Jack Telford, who is making a large number of friends.

BACK IN ENGLAND
A cablegram was received yesterday by S. McConnell of the board of health from his son, Robert S. in London, saying he had arrived in England from Archangel. He had been formerly with the 5th Sikh Battery, but is now with the 67th. His friends will be glad to hear that he is a further stage towards his return home. Mr. McConnell is now at Ripon.

WAS IN BIG BATTLES
Pte. George Demier, son of Jefferson Demier of 104 Britain street, was among the soldiers who arrived home last evening. Private Demier went overseas with the Mounted Rifles and was later transferred into the 102nd battalion. He participated in many of the big battles and sustained a serious wound in one of his arms. He was also badly wounded in his leg, and was in hospital for nine months. His arm is still in bad shape and he expects to have to return to hospital in the near future.

THE BOSTON BOAT
A. C. Currie, local representative of the Eastern Steamship Corporation, returned on Saturday from New York and Boston where he was in connection with his duties. Speaking of a report that another steamer would be put on the Boston route soon, Mr. Currie said that he had no notification of it yet, but that it might be the intention of the company to make Portland a port of call and in that case another boat would very likely be necessary. At the present time, however, there was no necessity for additional accommodation.

T. M. BURNS RESIGNS CATHEDRAL POST

Has Been 12 Years Successful Agent of Bishop — J. Joseph Mitchell Successor

After twelve years of service as agent for the Bishop of St. John, Thomas M. Burns has resigned. He will be succeeded by J. Joseph Mitchell. Pressure of his duties as secretary of the board of health caused Mr. Burns to give up the post. During his tenure of office he has given entire satisfaction in his dealings in behalf of the bishop both in property and church work and has capably managed the several properties. In this he has been ably assisted by John O'Neill, who also is resigning.

Mr. Burns succeeded John F. Gleason in office during the time of Archbishop Casey and was continued in the post by His Lordship Bishop LeBlanc who has accepted his resignation with regret. Mitchell will officially take over the duties on July 1.

PAY \$80 OR GO TO JAIL FOR 10 MONTHS

Magistrate Says Langford Coran Would be Whipped if Law Permitted

In the police court this morning four men were charged with drunkenness. The cause of their becoming intoxicated was lemon extract. The magistrate called attention of the police to an incident that happened last night. He said he was called to his home telephone and a voice said, "Have we any policemen?" The magistrate said that in order to see for himself he went down to Union street and saw a broad-shouldered man who lives in the city in company with a man who got out of jail recently and they were also in company with a "bum" who lived in City road. These men were interfering with the traffic in the street and the magistrate said that he hoped the same thing would not happen in St. John again, that he would not have to be called from his home by citizens to move people from the street.

Langford Coran was charged with assaulting Policeman Thomas. The policeman said he was called to 700 Caspary street. I went to the door of Coran's residence, found it open and went in. Being met by Mrs. Coran, she said she did not want to have her husband put under arrest. All she wanted was the protection of the police while she dressed herself and baby so she could leave the premises. She told the policeman that her husband had been abusing her and her baby. At that, the policeman said, the defendant made a rush at him and he put him under arrest on assault charges.

Mrs. Coran gave evidence that about 5 o'clock her husband came downstairs and was angry because he was not called to work. He was to go to work at 6 o'clock in the sugar refinery. She said she had him supper on the table. She said she had under the influence of lemon extract and he caught her and tried to choke her, making marks on her eye and neck, hit her in the mouth with his dressed hand, breaking one of her teeth. She said he then grabbed the baby out of her arms and threw it on the sofa.

SUMMON JURY FOR HAYES CASE

Circuit Court This Morning Adjourned Until July 22

The June sitting of the Supreme Court Circuit opened this morning with His Honor Justice Crockett presiding. There was no grand jury summoned and no criminal cases were taken up. On the application of Daniel Mullin, K. C., who appeared on behalf of Jack Hayes, recently committed for trial on the charge of assaulting Sheriff Wilson, His Honor made an order directing Coroner Kenney to summon a grand jury and an additional petit jury for July 22 when the court will meet again. The order was directed to Coroner Kenney as the sheriff is an interested party, being the complainant, and therefore had not the jurisdiction to summon the jury. The court was adjourned until July 22 at 10 a. m. when the case of the King vs Hayes will be taken up and the other civil jury causes entered on the docket.

The following petit jurors were summoned: William H. Sten, John Jackson, David M. Lawson, Justus G. Lake, Charles E. Farnand, John H. Vaughan, Robert H. Murray, George W. Maxwell, Walter A. Adams, Edward S. Russell, Lawrence S. Lincoln, Frederick Hazel, D. Arnold Fox, Oliver B. Akerley, W. Norman Park, Edward Walsh, Charles A. Donald, M. W. Gately, Eben S. Fraser, Frederick C. Owens, Frederick Kee.

Jury Causes
Richardson vs Nugent, Teed & Teed, Mitchell vs Isaac, Ray A. Davidson, Taylor vs Farners, Oscar Ring.

Non Jury Causes
Smith vs Tennant, E. P. Raymond, Sussex, Milk Co. vs. Tremontsky, H. W. Robertson.
