THE STRAMSHIP BERTHS.

The question of the length of the new steamship berths at West St. John is one which should be settled with the least possible delay. The question is whether the present neutral strip of four hundred feet between the C. P. R. property and the new wharves shall be kept intact or whether some two hundred feet shall be taken from it in order that the piers may be extended inward, giving them a length of one thousand instead of eight hundred feet. They cannot be extended outward. The neutral strip was decided on because it was felt that provision should be made to permit other railways besides the C. P. R. to have access to the wharves. It is said, whether upon sufficient authority or not we do not know, that the whole four hundred feet will be necessary for that purpose. The first question to settle would seem to be whether the whole four hundred feet is needed, or whether two hundred or one hundred or even fifty feet could be spared to make the piers longer. It is certainly most desirable that the piers be made one thousand feet in length if that be possible, since the length of cargo-carrying steamers is growing greater from year to year, and the port of St. John should be in a position to accommodate vessels of the largest type. It has been suggested that the matter be discussed at a mass meeting. Possibly that would be desirable as a beginning, but if such a meeting is held the city council and the board of trade should be ready to place before it the views of a railway expert, as to the smallest possible neutral space that would be of service to other railways seeking access to the west side wharves. As a matter of fact, it seems highly improbable that any other railway will do so, and Commissioner Schofield is probably right in his view that the whole space there will be needed by the Canadian Pacific, but it would nevertheless be wise to reserve a neutral strip, as a reasonable precaution in view of possible future developments, of which there is at present no intimation. It is most important, however, that this matter be settled one way or the other at once, so that Hon. Mr. Rogers may be told as soon as possible that the way is clear to ask for tenders for new wharves. If a public meeting is to be held, let the city council and the council of the board of trade see to it that expert opinions are secured, so that there will be something fairly definite upon which to ask the citizens to decide.

PROSPEROUS CANADA

The sixteen members of the British parliament who have just completed a tour of the Empire have reported on their return to London that prosperity is obvious throughout the over-sea states, but especially in Canada.

At a meeting of the Grand Trunk Pacific Railway Company of Canada, held in London on October 28th, the chairman said he had just returned from Canada feeling that the people of this country were prosperous, full of hope and pluck and rejoicing in a record harvest. He went on to say further that while there had been a great deal of criticism of Canada, some of it was of an unnecessarily hostile order. Canada, he said, might well be proud and satisfied at the way in which she had stood the strain of the past eighteen months, which was so trying a period upon the world at large. Throughout the period, while Canada had shed some real estate speculators, and a few mismanaged or over-capitalized companies had been wound up or re-organized, the country had maintained a high measure of prosperity. Referring to the financial position of the dominion, the chairman of the Grand Trunk expressed the opinion that "few governments are in a more satisfactory position than our premier dominion finds itself today." Regarding the prospects for the future, especially with reference to demands for capital for development purposes, the chairman said:

"I am certain Canada will obtain sufficient for her legitimate wants, and I am confident that there will be no safer or better field for employment of capital."

When so excellent an authority expresses so much confidence in Canada as a field for investment, it may be taken for granted that British confidence in Canada will be strengthened, and, when there is an accumulation of capital seeking investment, this market will receive its fair share.

REDUCE THE TARIFF

Montreal papers are devoting considerable attention to the high cost of living, and comparisons are made between prices in this country and those in the old country. In a comparison it is shown that Canadian prices are much higher. The Montreal Daily Telegraph makes a comparison between the weekly cost of rent in London, other English cities and in the city of Montreal. Taking, for example, a flat of five rooms, the weekly cost in London is found to be \$2.25 to \$3.00; in other cities in England, \$1.50 to \$2.00; and in Montreal from \$2.00 to \$3.00. Whether it be a flat of two, three, five or six rooms, the rent in London is considerably higher

than in other English cities, but that in London is much below the figures for Montreal. We all know that Canadian flour can be bought cheaper in London than in Canada, and, while the general cost of living in the old country has somewhat increased, it has not increased to anything like the proportions shown in Canada.

The Montreal Telegraph gives some pathetic illustrations of the manner in which people in that city are compelled to crowd together in order to get accommodation in such a flat as they may be able to pay for. For example, a family of seven paid \$19 per month rent, and the man's wages amounted to only \$10 per week. In order to meet expenses the best two of the five rooms were rented to a man and his wife, and the family of seven went on living in the three smaller and darker rooms. The Telegraph says there are hundreds of such cases as this in Montreal. Obviously there is need of better housing, but also such a generally reduced cost of living as would bring better houses within reach of those who have a very small income. An Englishman suggests that the city should build houses for laborers, as the city of London has done, with the result that many more sanitary houses are now available at comparatively low rental than ever before.

Toucing the high cost of living, the suggestion is made to the Montreal Telegraph by another citizen that the mayor of Montreal should follow the example of the mayor of Indianapolis, who, when he found last year that the people in the city were being charged outrageous prices for potatoes, ordered a carload from the country and sold them at cost price. As a result the price of potatoes was cut almost in half, and the same thing was done in regard to pears, apples, oranges, walnuts, poultry and other supplies.

Three things appear to be necessary to alter the very unsatisfactory conditions in relation to the cost of living in Canada. There must be a greatly increased production on the farms, the expense of distribution must be lessened, and the Canadian tariff must be reduced and the British preference increased. The first mentioned remedies are somewhat difficult of accomplishment, but the third can be applied at once.

If the Mexican Constitutionalists continue to gain victories and capture towns, the United States will be relieved of the task of removing Huerta from the presidency; but his successor would probably be no better able to restore tranquility in the country at large. Apparently, that task must be undertaken by the United States.

There is a vigorous agitation in France at the present time to limit the number of saloons selling alcoholic liquors. The consumption of alcohol in France is rapidly increasing, and has reached such proportions as to cause grave alarm. Tourists who visit France tell us that a drunken man is very seldom seen upon the streets. This is due to the fact that the people drink wine and light beer in preference to spirits. Gradually, however, the appetite for alcohol has secured a foothold, and the conditions are rapidly changing for the worse.

The Amherst News says that about one hundred and seventy-five are enrolled in the technical school evening classes in that town. Instruction is given in bookkeeping, stenography and typewriting, mechanical drawing, electricity, dressmaking, and there is a practical course in the use of the automobile. Once a week moving picture films of an educational nature will be shown for the benefit of the students and their friends. St. John is behind Amherst in this very necessary branch of educational work. We learn from the Yarmouth Times that technical classes there are also successfully conducted, and at a recent meeting of the school board it was decided to establish a class in millinery for the benefit of some of the students.

BIRTHDAYS OF NOTABILITIES

WEDNESDAY, NOVEMBER 19
Hugh St. Quentin Cayley, premier of the North West Territories in 1898 and now resident in Vancouver, was born in Toronto fifty-six years ago today. He has practised law in the N. W. T. and in British Columbia.

M. J. Butler, general manager of the Dominion Steel and Coal Co., Sydney and prior to that deputy minister of railways and canals, Ottawa, was born in Deseronto, Ont., on Nov. 19, 1886. He is a civil engineer by profession and has been on several important undertakings in railway and bridge construction.

Delaying the Law

"How in the world will you dig up more evidence to get me a new trial?" "Don't worry about that," replied the lawyer. "All you have to do is to dig up more money."

Overheard at the Club

"Maxie Gayway says she makes her husband pay her \$1 every time he kissed her. She's saving for a limousine."

"Now, if she'd only adopted a similar plan before she met Gayway, she might have had a whole garage."

Either Way Would Do

"It would be nice if everything one touched turned to gold, wouldn't it?" asked the dreamer.

"Yes, if every one one touched turned over gold," suggested the dead-beat.

IN THE CHURCHES

An enjoyable social and reunion was held in the school room of the Fairville Baptist church last evening and the Baptist families who have recently moved to Fairville were given a hearty welcome. Rev. H. R. Boyer presided and his address was responded to by Dr. Crowell. Among those taking part in the programme were Miss Thorne, Miss Sallie Cougle, Miss Alice DeWolfe, Mr. Osborne and Mr. Skinner. Refreshments were served.

The young ladies' Bible class of Victoria street Baptist church held a social in the school room last evening. Songs were sung by Ralph Nobles and Fred Irvine. An interesting debate also took place. At the close of the evening refreshments were served.

Rev. W. F. Dunham delivered a thoughtful lecture on Faithfulness, before a large gathering of the Fairville Methodist Brotherhood last evening. At the conclusion of the lecture Mr. Dunham was made an honorary member of the brotherhood. Next Tuesday evening a lecture on the West Indies, illustrated by lantern slides, will be given by Rev. Gilbert Earle.

Miss Lily E. Kennedy, who was one of the 500 Canadian school teachers who spent July and August in the British Isles, gave a profound and illustrated lecture on her experiences in St. John's Presbyterian church last evening. During the evening a musical programme was furnished by Miss Helen Irvine, Mrs. Jones, Mrs. Perry, Miss Rubins and others.

"UNDER THE PALMS"

PROVES MUSICAL TREAT

The cantata "Under the Palms" which was sung in Exmouth street Methodist church last evening proved to be a musical treat of exceptional quality for an amateur production. The solo parts were rendered by some of the leading local vocalists with fine effect and the chorus work was also very effective.

The Hebrew feast of Tabernacles, celebrating the return from captivity in Babylon, as described in the books of Ezra and Nehemiah, is the theme of the cantata the music and lyrics written by G. F. Root and the book by H. Butterworth. The subject forms the inspiration for some fine music and the cantata throughout is pleasing and well adapted for such presentation.

Under the direction of H. W. Bromfield the production was eminently successful and was received with the heartiest appreciation by a large gathering. The character of Ezra was taken by Mr. Griffiths, base; that of Joshua by Mrs. A. E. Logie, soprano, and Miss Gaeke, as Zillah, took the contralto parts. The choir of adult voices numbered about sixty-five besides which about twenty-five Sunday school children were in the aggregation.

East of the soloists were heard to advantage and each made the most of the opportunities presented in their roles. The chorus work was excellent and the sweet voices of the children who assisted, blending splendidly with the well trained adult voices.

The instrumental accompaniment was artistically furnished by Miss Mabel Sandall at the organ and Arthur Hopkins at the piano.

The cantata will be repeated next Tuesday evening in Portland Methodist church.

H. B. WHITENECK AWARDED NEW WAREHOUSE CONTRACT

Clara Styles, nine years old, recently won the prize in a spelling bee held in Morton Grove, Ill. There were eighty-one contestants, most of whom were older than she.

The common council, in special session yesterday afternoon, accepted H. B. Whiteneck's tender of \$150 for the erection of a new warehouse on Pettigrew wharf and authorized a bond issue to provide the funds.

The commissioners decided to proceed with the building on the wharf at the foot of Acadia street as soon as the weather conditions would permit of its completion.

The erection of four lamp posts with clusters of five lights on each in front of the wharf building on Charlotte street at a cost of \$125 each was authorized.

The appointment of John O. Porter as a city constable was sanctioned.

The annual fee of \$100 for the Canadian Union of Municipalities was ordered paid.

The sum of \$50 was granted for a half page advertisement in next year's souvenir number of the Trades and Labor Congress Journal.

The purchase of four adjoining lots in Kennedy street at \$200 each from John Lipsett was authorized.

Commissioner Agar promised a report on the North End survey for the next meeting of the council.

RARE VALUE FOUND IN NEW CYCLOPEDIA

Work Offered by The Telegraph and Times of High Educational Value and Finely Illustrated.

Keen interest has been aroused by The Telegraph and Times' offer of Everybody's Cyclopaedia on the popular coupon plan.

Everybody's Cyclopaedia consists of five volumes, bound in English cloth and contains all the information to be found in similar books of reference. In addition thereto is a treasury of facts and figures showing numerous subjects never before treated in a similar work. Then there is the chronological table of universal history, which shows the important epochs and events in the annals of the world from the very beginning of history.

The entire work is profusely illustrated with accurate and interesting pictures, magnificent color plates and monotypes, which show the wonderful progress in architecture and invention.

All of this is in addition to the usual encyclopaedia features. Millions of dollars are spent in exploiting expensive and cumbersome sets that usually sell on the installment plan at from \$30 to \$100 a set. The publishers of Everybody's Cyclopaedia carefully condensed the information contained in these expensive sets, and the result is a five-volume edition which is complete, accurate, authentic and convenient in size.

Leading newspapers placed the largest book order ever given to a publisher, and The Telegraph and Times now give their readers the benefit. Thursday and Friday, Nov. 20 and 21, these sets will be distributed at the unheard-of price of \$1.98 and one coupon.

WANT DOMINION GRANT

DIVIDED EACH YEAR, R. O'BRIEN CHOSEN EXHIBITION HEAD

The St. John Exhibition directors met yesterday afternoon in the Board of Trade rooms, Prince William street, and elected officers for the ensuing year. R. O'Brien was chosen president, and W. F. Burdett and C. B. Allen were elected vice-presidents. The following were selected as members of the executive: F. A. Pykeman, R. B. Emerson, R. R. Patchell, A. O. Skinner, F. C. Smith and W. H. White. H. A. Porter was re-appointed secretary-treasurer.

The members placed themselves on record as favoring a change in the government grant of \$50,000 as they would prefer a grant of \$5,000 each year to every province than to have the larger sum once in nine years.

SEED GRAIN AND POTATOES

Distribution From the Dominion Experimental Farms, 1913-1914

By instructions of the minister of agriculture a distribution of superior sorts of grain and potatoes will be made during the coming winter and spring to Canadian farmers. The samples for general distribution will consist of spring wheat (5 pounds), white clover (four pounds), barley (five pounds), and field peas (five pounds). These will be sent out from Ottawa, a distribution of potatoes (in three pound samples) will be carried on from several of the experimental farms, the Central Farm at Ottawa supplying only the provinces of Ontario and Quebec. All samples will be sent free, by mail.

Applicants must give particulars in regard to the soil on their farms, and some account of their experience with such kinds of grain (or potatoes) as they have grown, so that a promising sort for their conditions may be selected.

Each application must be separate and must be signed by the applicant. Only one sample of grain and one of potatoes can be sent to each farm. Applications on any kind of printed form cannot be accepted. If two or more samples are asked for in the same letter only one will be sent.

As the supply of seed is limited, farmers are advised to apply early; but the applications will not necessarily be filled in the exact order in which they are received. Preference will always be given to the most thoughtful and explicit requests. Applications received after the end of January will probably be too late.

All applications for grain (and applications for potatoes) should be addressed to the Dominion Cerealists, Central Experimental Farm, Ottawa. Such applications require no postage. If otherwise addressed delay and disappointment may occur.

Applications, for potatoes, from farmers in any other province should be addressed (postage prepaid) to the Superintendent of the nearest Branch Experimental Farm in that province.

J. H. GRISDALE,
Director Dominion Experimental Farms.

Big C. P. R. Land Business

Saskatoon, Sask., Nov. 18.—Up till the 31st of last month, the Canadian Pacific Railway Lands Department, had disposed of \$75,000 worth of lands throughout the Saskatchewan district. Not an acre of such lands was sold to others than actual settlers. November business has opened well, and it is anticipated that before the end of the year, the Saskatchewan district land sales of the company in question shall have reached to at least a million and a quarter dollars.

GRAY HAIR BECOMES DARK, THICK, GLOSSY

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray, also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Hair Remedy." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. It's millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over. Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store, and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and causes headache, dizziness and nausea; eruptions of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach, all such distress vanishes. It's promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.

SITUATIONS VACANT

\$100.00 FOR SIXTY DAYS to any thoughtful man or woman for helping us circulate Bible literature. The Bible House, Dept. T., Brantford. 12-11.

London, Eng., Nov. 19.—Earl de la Warr's creditors met at the London Bankruptcy Court under a receiving order made against his lordship. The accounts showed liabilities at a few pounds under £150,000 and assets £1,000. O. A. Bennett, for the earl, asked for an adjournment to enable him to put forward a proposal to pay the creditors 7s. 6d. in the pound. His lordship entirely attributed his present position to the losses incurred in his association with a man through whom he had been involved with money lenders. He had proved against that gentleman's estate £225,000. He estimated his loss in that connection at £70,000.

There was also a large sum of money invested in the Bechill estates. The money lenders had received from Lord de la Warr more than he had ever received or that they had lent. In 1908 they were partly settled by the payment of 6s. 8d. in the pound.

Mr. Bennett said that if the case went into bankruptcy the estate would not provide sufficient income to meet all the outgoing. He was, he thought, in a position to raise sufficient to pay the creditors 7s. 6d. in the pound. Earl de la Warr is the eighth holder of the title, to which he succeeded in 1888. He was born in 1869, and served with the Buffs in the Boer War.

Earl Grey's Adwch Site Optio London, Nov. 19.—At a meeting of the county council today Viscount Grey, chairman of the improvements committee, denied allegations recently made that Earl Grey's option on Adwch site had been transferred to the F change of International and Colon Commerce.

AFTER COUGHING TWO YEARS

Waycross, Ga., Woman Found 1 In Vinol

Did you ever cough for a week? Th just think how distressing it must be have a cough hang on for two years Mrs. D. A. McGee, Waycross, G says: "I had a very heavy cold which settled into a chronic cough which he me awake nights for fully two years and felt tired all the time. The effect taking your cod liver and iron Vinol is, that my cough is gone. I c now get a good night's rest and I f much stronger in every way. I am 1 years old."

It is the combined action of the med cinal elements of the cod's liver oil by the blood-making and strength-creat ing properties of tonic from which mak Vinol so efficient for chronic cough colds and bronchitis—at the same tin building up the weakened, run-down system.

Try a bottle of Vinol with the unde standing that your money will be turned if it does not help you.

Chicago, Nov. 19.—Internal medicine

BRITISH POST OFFICE

EMPLOYEES REFUSED

INCREASE ASKED FOR

London, Nov. 19.—The demand of 100,
000 employees of the British Post Office
for higher pay was rejected today by
Herbert Samuel, the postmaster-general.
He sweetened his refusal by making
some concessions in regard to the con-
ditions of labor, but he said that their
demand for an increase of 15 per cent
on their wages meant \$12,500,000 more
a year, and would necessitate the imposi-
tion of new taxation.

Mr. Samuel, referring to the threats
of the men to strike in case their de-
mands were not conceded, intimated that
those who quit work would be regarded
as having resigned their positions.

The deputations, clearly dissatisfied, said
they would have to refer the decision to
the men's union.

Squandered Money Because Of

CASH WAS NOT HIS OWN

E. V. Lane, Twenty Year Old Boston
High Flyer, Charged With Larceny
of \$4,830—Put on Probation to Pay
it All Back

Boston, Nov. 18—Rather an unusual arrangement was made in the Municipal Criminal Court in the larceny case of Edmund V. Lane, aged twenty, who was treasurer of a co-operative association connected with one of the principal department stores of the city. Lane was arrested on October 26, charged with the larceny of \$4,830.

The trial took place nearly a month ago and Lane has been in Charles street jail ever since.

There was a conference with Judge Sullivan. Just those concerned in the case were present, besides the lawyers. The decision of the court was that Lane be sentenced to the reformatory, the sentence being suspended and he being placed on a year's probation.

The condition of the finding was that Lane must go to work right away and turn over his entire earnings, with assistance from his father, that the money must be paid to D. Joseph Linahan, probation officer, and returned to the co-operative association.

It was only under all these conditions that Judge Sullivan suspended the sentence and placed him on probation.

Lane, so the story was told in court, was one of the greatest baseball fans and hero worshippers imaginable. It was said that he knew personally more than one-half the players of both the American and National Leagues.

He took in the post series between the Giants and Athletics and spent money lavishly and made big bets, so it was said in court. It was also said that about all the money he appropriated dishonestly was spent in making a good fellow of himself with major league ball players.

On Sundays and evenings he hired automobiles and invited ball players to be his guests. He also hired private boxes at the theatres and the ball players were his guests.

Attorney Clarke said that a new phase of the case was that many ball players bought things at the store, that they called on Lane personally, and that he gave them a rebate of 50 per cent. A few days after the purchases, Attorney Clarke said, Lane would go to the ball park, meet the players who made purchases and refund them some money, telling them not to say anything about it. The players, however, thought everything was all right and were greatly surprised when they heard that he had been arrested on a charge of larceny of so much money from the concern where he was employed.

The superintendent of the store and others were in court and were pleased to know that the members of the association would not lose anything; that the defendant was given his liberty under the distinct understanding that complete restitution be made. Lane lives in Sargent street, Dorchester.

"DRY" PREACHER TIED AND FORCED TO DRINK

Kansas City Pastor is Saturated With
Alcohol and Whiskey After Making
Prohibition Speech

Angered because Nathan Johnson, an aged Baptist preacher of Kansas City, condemned the sale of liquor in the city districts, three men the other night tied him to a tree, saturated his head and body with alcohol, forced large quantities of whiskey down his throat and escaped. Mr. Johnson is in a critical condition at his home, eight miles southeast of Independence, a suburb.

The attack took place on a lonely road seven miles southeast of Independence. Mr. Johnson was riding a horse near the end of a small bridge on his way home from church, where he had made a prohibition speech.

Holding him by the hair, one of the men said: "Now, you old devil, you've been preaching prohibition about here long enough, and here is one time you go home drunk."

The men then forced him to drink a large quantity of the liquor and walked away laughing.

VALLEY RAILWAY TRACK NOW LAID TO UPPER GAGETOWN

Too Many Doctors For Garrison, One Goes to Ontario — Death of Joseph Hanlon of Fredericton

Special to Times.
Fredericton, N. B., Nov. 19.—Very good progress is being made laying steel on the Valley Railway and if the weather permits work will be continued up to the end of the year. South of the city the track has been laid as far as Upper Gagetown and north of this city as far as Lunt's Ferry. The Dominion Bridge Company will start work immediately on Presque Isle bridge, North Centerville, and will work on towards this city.

Fredericton, N. B., Nov. 19.—The militia authorities at last have decided that one medical officer is sufficient to attend to the physical wants of a regiment of fifty regulars stationed here, so Surgeon Lieutenant Colonel Belton has been transferred to Kingston, Ont. He formerly was stationed in London and came here in September to take over the duties of medical officer at this depot. Dr. Wainwright, a local physician, has been attending to the work here. Colonel Belton's transfer back to Ontario came as a result of political pressure. He will leave with his family on next Wednesday.

Joseph Hanlon, clerk in the provincial secretary's office and messenger to the executive council for twelve years, died last night after a brief illness from pneumonia. He was a bright young man and had a large circle of acquaintances. He was a son of the late James D. Hanlon and was twenty-eight. His mother, two brothers and two sisters survive.

Five men and two women were arraigned before Magistrate Ritchie this morning in the police court on charges of drunkenness. The men were fined \$8 or two months in jail while the women were remanded. The women were arrested on the Waterford road yesterday by County Policemen Armstrong after a stiff fight, in which one of them threw a "squash" at him. Of the men charged with drunkenness one was only eighteen years of age, and had tried to commit suicide yesterday afternoon by jumping into the harbor near Long Wharf. He tried it twice but was rescued by friends and later arrested.

MEETS HEARTY RECEPTION

Visit of His Lordship Bishop LeBlanc to Moncton

GATHERINGS IN HIS HONOR

First Official Visit to Railway Town—Welcome at Train and by Knights of Columbus—Confirmation Administered

A Moncton despatch to the Times says there were large congregations in St. Bernard's church last evening and today at confirmation service held by Bishop LeBlanc of St. John. His Lordship, who arrived here yesterday afternoon, was met at the station by a large delegation and Rev. Father Savage, pastor of St. Bernard's. This is the bishop's first official visit to Moncton. He was accompanied by Rev. Fr. J. J. Walsh, Holy Trinity Church, St. John. The Bishop and Father Walsh were driven in Dr. L. N. Bourque's touring car to the manse where the bishop received a number of his man friends. About 300 children were confirmed in St. Bernard's church last evening and today. Confirmation for English speaking children of St. Bernard's was last evening at 7.30 o'clock. Ninety were confirmed and His Lordship then addressed the children.

About half past nine o'clock last evening the bishop attended a reception given in his honor by the Knights of Columbus in their hall in Queen street. Addresses of welcome by Grand Addresser Hon. F. J. Sweeney in English and Deputy Grand Knight C. H. Bourdreaux in French were read. His Lordship responded to the addresses in English and French.

Other speakers were Father Robichaud, Father Savage, United States Consul Colonel M. E. F. Hamilton, H. F. Hamilton and Chas. A. Owens, St. John. There was a short musical and literary programme.

At nine o'clock this morning His Lordship confirmed about 200 French speaking children. The sermon was preached by Father Robichaud, and the bishop addressed the children.

In the Knights of Columbus' hall to-night a reception will be held for the bishop by the parishioners. Addresses in English and French will be presented to His Lordship.

WHY NOT BE FRANK?

If the Train is Late Let Travelers Know, and How Much

When will the railway officials whose duty it is to bulletin the time of the arrival of trains here be honest with the public and mark what they themselves know in regard to the probable time a train will arrive? If the bulletin board in the depot is to be of any service to the public at all it should announce with some degree of accuracy how late an incoming train will be on arriving at the station. It is not an infrequent occurrence when a train is half an hour or more late that it is marked "on time," and people waiting are kept looking for it minute after minute until half an hour has expired and then if one asks at the dispatcher's office how long before the train will be in he will probably be told that it will arrive in five or ten minutes time, as the case may be, while the bulletin board still says "on time."

Travelers say that the service in this regard is much better at smaller stations than here.

VALUE OF FIRST AID

An Illustration Furnished in Union Depot Last Evening

Another illustration of the value of the training given by the St. John Ambulance Corps was furnished in the Union Station last evening when a young lady was seized with what appeared to be a serious fainting attack. She was unconscious for about twenty minutes when the attention of Walter Shaw of the I. C. R. staff was drawn to the case. Mr. Shaw holds a certificate from the I. C. R. branch of the ambulance association and, as no doctor was available, he attended to the young woman and soon revived her.

A "Reason Why" Advertisement on Clothing

In reading the many different advertisements on clothing, each claiming to be the best values in the world for the money, it is small wonder that all advertising is taken by the average reader with a grain of allowance for the enthusiasm of the advertiser.

But when you read our advertisement, we earnestly urge you to take every word we say literally. Each statement we offer, each claim that we make, is carefully and thoroughly considered before it is made, and then when it is put in one of our advertisements, we stand ready with our entire organization to back it up to the limit.

While we admit that many clothes handled by other reputable dealers are just exactly as good as ours, we do claim that in no other store can we get a service that equals ours in promptness, care, fullness, absolute dependability and saving prices.

And it is, then, this combination of service, quality and low prices that make this store the store for you to think of when you need clothes.
