PAPER PRINTED FOR A KING.

Empress of Austria First to introduce the Custom in Europe.

The Empress of Austria was the first royal personage to have a newspaper published for his own private perusal. About 30 years ago he thought it would be a nice idea to have such important articles condensed by a competent writer, and the results written out on small square sheets, which are then clipped into the binding cover and laid on his majesty's breakfast table.

Nothing that concerns him, agreeable or disagreeable, is ever omitted, and to make certain nobody is fooling him he occasionally orders a fresh bundle of papers to see if his orders are obeyed. True, the Emperor loses a lot of amusing things, as every one does who cannot read a newspaper for himself, but he is now an old man and doesn't like to try his eyes too long at a time.

RUSSIA TAKES BACK WATER.

Will Apologize to Britain and Pay Damages.

For Seizure of the S. S. Malacca in the Red Sea — British Cruisers Ready.

LONDON, July 21.—The Associated Press learns that Count Benckendorff, the Russian ambassador, at a conference with foreign Secretary Lansdowne yesterday afternoon made what may be considered to be a preliminary reply to the British protest against the seizure of the steamer Malacca. He assured the foreign secretary that his government had no intention of infringing on the rights of Great Britain or any other neutral power, and that the Malacca had been made in the seizure of the Malacca, unquestionably the steamer would immediately be restored and damages would be paid. The ambassador pointed out that it was unreasonable to suppose that the Malacca had been seized without the commander of the St. Petersburg having good grounds to believe that she had contraband on board. Unless the suspicion is effectively disproved the matter will have to go before a prize court, which procedure Great Britain herself follows. In the meantime, Russia will make full investigation in order to establish definitely the grounds on which the commander acted. The ambassador also informed Lord Lansdowne that he had telegraphed the British protest to St. Petersburg, and said it would receive the immediate attention of the emperor and Count Lamassoff. Subsequently Count Benckendorff informed Lord Lansdowne that inquiries were at once begun and that a prompt reply would be made.

There is reason to believe that the Russian authorities incline to the conclusion that the commander of the St. Petersburg made a grave mistake in seizing the Malacca. This can be established by his reports, which have been telegraphed for, and if this opinion is confirmed orders will be telegraphed to release the steamer. ST. PETERSBURG, July 21, 2:55 p. m.—The Associated Press has an excellent reason for stating that the Malacca will yield in the Malacca case, release the steamer in answer to the British demand and express regret at her detention.

PORT SAID, July 21.—The Peninsular and Oriental steamer Malacca, which was arrested by the British in the Red Sea on the charge that she had on board contraband of war and which arrived here Tuesday, has left this port her destination is not declared, but she is probably bound for Cherbourg and the British warships which were in the area, which left port with a Russian prize crew on board was marked "Russia."

BRITISH CRUISERS READY. ALEXANDRIA, July 21.—The British cruisers Fucus and Venus have arrived here. The remainder of the fleet is expected to reach this port shortly. VALLETTA, Island of Malta, July 21.—The British cruisers Lancaster and Lancaster, accompanied by three torpedo boat destroyers left here during the night to rejoin the Mediterranean squadron.

RUSSIA DEFIANT. ST. PETERSBURG, July 21.—The St. Petersburg Gazette referring to the seizure of vessels in the Red Sea by Russian warships says: "Whether or not the Red Sea cruisers came through the Dardanelles has nothing to do with the right of search and seizure. All this noise will have no effect."

COMPLICATIONS NOT FEARED. LONDON, July 21.—Consols which opened at 8 3/8 have since been marked up 1/8 and are selling on the stock exchange in general improved owing to the belief that the developments of the day will not bring about any serious complications arising from the seizure in the Red Sea of the Malacca by the St. Petersburg of the Russian volunteer fleet.

RUSSIANS STILL ON THE LOOK-OUT. ADEN, Arabia, July 21.—The Russian volunteer fleet of vessels continue to patrol this vicinity. They did not attempt to interfere with the Peninsular and Oriental steamer Falawan, which passed here this morning. Steamers of the French (Messageries) line are allowed to pass unchallenged.

NO REPLY TO GERMANY. BERLIN, July 21.—No further answer has been received to the protest of the German government to Russia as a result of the seizure of the German steamer Prinz Heinrich in the Red Sea, July 15, by the Smolenok, of the Russian volunteer fleet. The representative of the Associated Press was informed today that no negotiations are in progress between Great Britain and Germany in regard to Russia's action in the Red Sea.

CHIEF POOL, July 20, 10 p. m.—Two junks with Chinese on board have come in here from Liatonsan promontory. The men report that on Saturday morning, July 14, at 8 o'clock the Fort Arthur forts fired on a passing ship.

These shots were not effective and the vessel did not stop. A torpedo boat then came out and either fired on the vessel or discharged a torpedo against her. Thick fog prevailed, and the occurrence could not be seen. Shortly afterwards the Chinese and one foreigner, survivors of the vessel, were brought ashore by the torpedo boat. The Chinese who came in on the junk say they recognized the vessel as a merchantman, and from the efforts by the Russians to rescue the survivors they concluded the torpedo boat recognized that she was mistaken in having attacked the vessel and did everything to rectify her error. The fact that the Chinese, before talking even to the natives here, went direct to the shipping offices to inquire if any had ships missing indicates that they are telling the truth.

GEORGE GEE WAITING QUIETLY FOR DEATH.

Shows No Signs of Distress or Anxiety —Liquor Caused the Crime He Says—Radeliffe Weeps

(Special to the Star.)

WOODSTOCK, N. B., July 21.—Early this morning the carpenter who was completing the gallows upon which George Gee will hang tomorrow and all forenoon it was the centre of attraction. Many were the comments made about the structure, but one thing above all others that impressed all who saw it was that the steps were steep for a man to walk up, who knew that death waits for him at the top. Unless Gee keeps his nerve as he has done he will never be able to walk up those stairs and there is a dread that at the last minute he will collapse. The light in Gee's cell was turned out about eleven o'clock last night and the man on the death watch reports that while he did not sleep as well as usual he gave no sign of distress or anxiety except a little restlessness. This morning for the first time in all the months that he has been in jail he did not eat as heartily as usual. He was given salmon, potatoes, bread, etc. He ate part of the salmon but did not touch the bread or butter. The jail attendants say that in the first few days of his confinement that he did not eat heartily. This fact is more conspicuous in consequence of the fact that he has been a very heavy eater. Radeliffe had a very pathetic interview with Gee yesterday. The jail attendants say that of a man he had come to this country to put out of the world, and he was greatly surprised. He talked quietly to Gee for a few minutes and suddenly broke into tears. For several minutes he paced the corridor in front of Gee's cell, like a frantic man, crying and talking to himself with an occasional outburst.

"My God, the crime that fine boy, to kill him, it is terrible, terrible; but it is just, it is the law. But, oh, my God, my God, such a fine lad." This continued for some time. Sheriff Hayward approached Radeliffe with the object of quieting him, but the burly Ontario man waved him away, asking to be left alone. Gee spent a quiet morning and seemed very cheerful. In an interview yesterday George Gee, the condemned murderer said that he had been drinking hard for three months previous to the murder. On the day before, that is Saturday, March 12th, he had drunk a large quantity of Scotch whiskey and when he left for Benny Gee's house he acknowledged he was not exactly sober. He had with him his rifle and two long necks of whiskey. At the house he found Millie and Bennie along with Dan Crowe and his wife. They drank and played cards until early morning, when Gee started for home. "I don't remember very clearly," said Gee, "but I asked Millie to come out, and we talked for a short time. She had a bolt of the gun and wanted me to give it to her, but I wouldn't. 'You always let me have anything I wish,' but I told her, not my gun. I was holding the gun at arm's length in front of me, when she went into the house. I don't know what possessed me to pull the trigger, but I did. The bullet went through the door casing. I heard her call out she was shot and I realized what had happened. Gee blames his drunken condition for the murder. He would never have done it had he been in his sober senses.

STEAMER ON FIRE.

Mysterious Burning Ship Sighted Off Long Island—No Clue to Her Identity.

(Special to the Star.)

NEW YORK, July 21.—A large ocean steamer was observed yesterday to be on fire about ten miles east of Long Island. Attention was first attracted to her about three o'clock yesterday afternoon through the volunteer cruises arising against the sky. She was too distant to discern the outline with the unaided eye, but through powerful glasses from a high position, the shape of a large steamer was vaguely made out. A high north-west wind prevailed and the vessel, after being first sighted drifted slowly out to sea, creating the belief that the crew remained on board, were unable to direct her course.

A vigilant watch was maintained along the coast last night in the hope that some of the crew may reach the shore in the lifeboats. Captain Dow, of the Cunard steamer Aurora, which arrived today from Liverpool and Queenstown, reports that when ten miles east of Fire Island last evening he sighted a craft on fire. The vessel he saw was about two hundred feet in length. He thought it might have been a large, either oil or coal laden, steamer, but he was unable to see the vessel and a steamer was close to her.

LATER. The burned steamer is the Creedmoor, of Yarmouth, N. S., Capt. Kennedy, and the crew are safe.

THE COST OF SEWING THE ST. LOUIS FAIR. From Leslie's Monthly Magazine for August.

Our average man will probably take lodgings and eat his meals wherever he may like. He will probably take his breakfast outside the grounds and his luncheon and dinner within. A tabulation of his minimum daily actual expense will be as follows:

Table with 2 columns: Item and Cost. Breakfast \$.20, Carfare to grounds \$.05, Admission to Fair \$.50, Incidentals and souvenirs \$.50, Dinner \$.50, Luncheon at Fair \$.20, Carfare downtown \$.05, Dinner \$.50, Lodgings \$ 1.00. Total \$ 2.50.

There are three classes of restaurants to be found downtown near the fair grounds and within the grounds. In the first you may get a decent, clean meal for from twenty cents for breakfast to fifty cents for dinner, the latter including meats, fish, vegetables, bread and butter and coffee.

Could our friend afford to spend more money on his comfort than the foregoing table enumerates he can easily keep his expenses within five dollars a day during a two weeks' visit, as follows: Breakfast \$.20, Carfare to grounds \$.05, Admission to Fair \$.50, Incidentals and souvenirs \$.50, Dinner \$.50, Luncheon at Fair \$.20, Carfare downtown \$.05, Dinner \$.50, Total \$ 1.95.

Altogether a man on the average salary may do the World's Fair in a generous and enjoyable way for two weeks for from forty-five to seventy-five dollars. Perhaps a good average would be sixty dollars. This, of course, does not include railroad fare, which cannot be averaged.

HOTTEST AS WELL AS COLDEST. Very warm weather is prevailing at Chatham, N. B., which is noted as well for its extremes of cold. For the past few days the thermometer there has been registering 90 above, or close to that mark. This is the highest thermometer reading taken in Canada within the last twenty-four hours.

50,000 MEN WILL RETURN TO WORK

Big Butchers' Strike is Now Ended.

Demands of Men for Higher Wages Will Be Considered by Arbitration Board.

CHICAGO, July 21.—Fifty thousand butcher workmen who quit work July 12, paralyzing the meat industry of the country, will go back to their posts tomorrow morning. A board of arbitration will pass judgment upon the contentions of the laborers for higher wages and less arduous working conditions.

President Donnelly, of the Butchers' Union, had today promptly received the approval of all the executive board members except two. The points yet to be heard from were Syracuse and San Francisco. After waiting a short time to hear from Syracuse and San Francisco, Mr. Donnelly announced that the last formality of the trade had been ended, that a majority of the executive board members had telegraphed approval of the terms. Around the Chicago stock yards today there was rejoicing among the strikers as well as the stock men and packing interests. Many of the strikers, however, expressed disappointment that their strike, after causing them to lose eight and a half days of wages, had failed to decide their demands for higher wages or to make it certain that all would be reinstated without greater loss of time. Meetings of local unions of the Amalgamated Meat Cutters and Butchers' Workmen will be held tonight when instructions will be given the men about returning to work. Thousands of laborers who have been on strike appeared in the yards today with their lunch pails and applied for work thinking since the strike had been declared off there remained nothing to be done except to go back to their old places. They were told at the timekeepers' offices of the different plants that they would not be taken back until tomorrow.

CRUSADE AGAINST CORRUPTION.

Joseph W. Folk Wins Another Battle in His Memorable Campaign in Missouri.

JEFFERSON CITY, Mo., July 21.—After an all night session with intervals of disorder and commotion the Democratic state convention early today unanimously nominated Jos. W. Folk, circuit attorney of St. Louis, for governor, and adopted a platform which promises vigorous unremitting crusade against corruption and boodles in Missouri in the advent of Democratic supremacy at the polls.

NEARING LAHASSA.

British Troops Only 92 Miles from Thibet's Capital—Thibetans Resist Stubbornly.

He thought it might have been a large, either oil or coal laden, steamer, but he was unable to see the vessel and a steamer was close to her.

CHAMBERLAIN ENDORSED.

The fifty-eight independent business men and manufacturers appointed as a commission to inquire into the state of the British iron and steel trade and to suggest means for its improvement have presented their report.

When Mr. Chamberlain, starting on his campaign for tariff reform, contended that British trade under the free import system, was declining to an alarming extent, while the trade of Britain's protected competitors was rapidly increasing, his opponents denied the truth of his contentions.

So Mr. Chamberlain had a commission of independent and practical men appointed to examine conditions first hand.

The remedy suggested is not a prohibitive tariff, such as the United States prospers under, nor even a protective tariff such as the young industries of a new country need.

The remedy suggested is not a prohibitive tariff, such as the United States prospers under, nor even a protective tariff such as the young industries of a new country need.

The effect of this report on Mr. Chamberlain's campaign cannot be too strongly stimulating. The endorsement of his position by such a body of representative and influential business men under such circumstances will bring considerably nearer the day when the people of England will turn away from their fetish worship and listen to the gospel of common sense.

Mr. Tarte is much interested in the statement of Mr. Monet that in order to become a minister a member must have a pliable backbone and be prepared to administer adulation and flattery.

"Prime ministers who think that they are solidly entrenched prefer weak men to strong ones. A premier who has been several years in power ends by being annoyed at contradiction. He prefers to be courted."—Sun

The Ottawa Citizen is responsible for the following: "Attention of superstitious people is drawn to the coincidence that Sir Frederick Borden is the 11th minister of militia since confederation, that the trouble with Lord Dundonald arose

over the organization of the 11th Scottish Light Horse and that the cabinet at a meeting on June 13th decided to dismiss the general. It is now only a matter of time before the elections for November 13th and the people will do the rest."

FORGIVEN. I had not known before Forever was so long a word. The sharp stroke of the clock of time I had not heard.

'Tis hard to learn so late: It seems no sad heart really learns, But hopes and trusts, and doubts and fears, And bleeds and burns.

The night is not all dark, Nor is the day all that it seems, But each may bring me this relief— My dreams and dreams.

I had not known before That Never was so said a word. So wrap me in forgotten— I have not heard.

DOMINION PARLIAMENT. OTTAWA, July 20.—In the common today Gordon of Halifax brought up the statement made in London by Solicitor General Lemieux regarding preferential trade and asked the government why one of its members had thus spoken at a partisan political meeting with respect to Canada's position.

Equally inappropriate unless Dundonald were recalled, the bitterest feeling would be aroused in Canada against the general. It was to be expected, continued Borden, that the solicitor general had taken part in the bitterly partisan gathering in the mother country, and it was to be regretted that Mr. Lemieux had spoken as he did about the loyalty of Canada, and especially of Quebec, was made of more substantial stuff than might be gathered from the remarks of Mr. Lemieux.

Mr. Wilfrid Laurier held that if there were to be satisfactory relations between party and party, no man should be judged on words uttered in a public place, but on his own behavior.

Col. Sam. Hughes pointed out that while Laurier deprecated holding a man responsible on the strength of an unauthorized report of an interview, he was ready enough to suppose the British government well informed enough by press reports to pronounce upon the case Lord Dundonald.

"What's the matter; ain't he loyal?" asks a member. "No," Col. Hughes replied. "He is not loyal to any man who like him went into the province of Quebec in 1896 and preached treason and disloyalty to the empire."

This was received with loud cries of "order" and "take it back." Mr. Blair asked that the words be withdrawn. Col. Hughes bowing to the speaker's ruling, observed that the words were not his own, but those of others who had gone into the province of Quebec and asked the people to vote against "Tupper's" British government.

Col. Hughes expressed surprise at the language used and attitude taken by Arnold-Forster. "Lord Dundonald is not the man I take him for" added the colonel, "if he will allow to be sent out of Canada to fight for Great Britain."

Mr. Fielding in the course of his speech, expressed great appreciation of the view taken in the British house of commons by the Canadian conservatives for political purposes.

Tonight George Taylor moved a resolution commending the extra-ordinary methods in the conduct of the agricultural department, to which Hon. Mr. Fisher replied in the course of his answer that he would ask for money from the treasury on all occasions when he felt it was in the interest of the farmers.

Shaw and Armour were on a log jam. Shaw jumped off first and Armour followed. Dr. Commins was summoned and declared an inquest unnecessary.

"TURN WORLD UPSIDE DOWN." General Booth's Famous Message to the S. A. Soldiers—Not Going to Die Yet.

(London Daily Mail.) "Make haste, make haste, make haste!" The general's parting message to his soldiers was the very essence of his own mind. He would install into the assembled warriors on the eve of good-bye a drop of the torch of youth which was his own.

Standing on a little platform beneath the great dome of the Albert Hall, the general for once looked small—until he spoke. Then the ring of his words made him, as always, a dominant compelling figure.

Last night his soldiers must have felt deeply the moment's solemnity as the general gave his charge and framed their marching orders after his own fiery fashion. They listened very quietly. There were no shouts of praise or exultation.

"Go ye out. Fill all the world. Go forward. I'll run the race with you. I'll lead you." He tossed his white head as a warrior might. He was a combatant every inch last night.

"More blood and fire. We are only beginning. We have not done enough. God forgive us! Poor world, poor world!"

Then people will see a placard of "To Let" on your house to about every ten hundred who will read your "To Let" ad. in these columns. Which way is the wisest—the "placard way" or the "want ad. way"?

In the Duke of Cambridge match, second in Elkhington challenge cup aggregate, the highest Canadian score was 45 by Pte. Dayton. In this match scores of 44 will probably be required to reach the prize list and if so this shows that all other members of the Canadian team, as the next highest scores are 43 by Major Moore and Pte. Tyers.

In Martin's challenge cup-match yesterday, Sergt. Gould secured 116th place, winning the shillings, range two hundred yards and number of shots eight. Target appears for three seconds and use since the Carthusians were driven across the frontier into Spain.

The fact is the country is not only flooded with an imitation liquor under the famous name, but the monks themselves are unable to keep up the quality of the genuine article, owing to the inferior quality of Spanish brandy. The French brandy, formerly used by the monks, was the finest in the world.

BROKE TWO RIBS. Rev. George Fisher Badly Hurt—New Athletic Club.

Word has been received that Rev. George Fisher, formerly pastor of the Fairville Methodist church, and now preaching at Milltown, N. B., fell from a staging on his church on Monday day, receiving a severe shaking up and having two ribs broken.

A meeting of young men was held at the Presbyterian manse last night to make arrangements for a proposed athletic club. Dr. Curran and Rev. A. M. Hill are much interested in the matter and the intention is to organize baseball and football teams.

The club is to be undenominational and the membership fee will be just sufficient to pay for the grounds, etc. A large number of names were received last night. The need of such a club has long been felt in Fairville, which has lots of material for first class athletes. It is hoped that every one will take a deep interest in the proposed club.

LIGHTNING STRUCK COURTHOUSE. KENTVILLE, N. S., July 20.—The trial of Wm. S. Robinson, charged with the murder of his wife, Theresa, in their home at Burlington, in North Mountain, on the night of May 25, was open yesterday morning before Mr. Justice Townsend and a jury of which William Anderson is foreman.

Good progress was made in the trial today. The court opened at nine o'clock and up to one o'clock, when an adjournment was made for lunch, the crown had called twenty witnesses. The terrible heat of the day culminated in a heavy thunder storm that passed over the town just as the court adjourned at 5 o'clock. Rain fell and while the prisoner was being conveyed to jail and the crowd was in the corridor waiting for the rain to subside, a clap of thunder just over the court house started everybody. The lightning struck the building, carrying away a large piece of the cupola. It was strange that no damage was done. When the lightning struck the building, Crown Attorney Vickwire was knocked over and would have fallen, but a table saved him. The trial was continued tonight.

BUSINESS HER CHIEF IDEA. Woman Gives Bashful Lover a Significant Hint. "I heard last week," said Prof. Gates of Harvard, "a good example of double entendre. There was a man who had been courting a woman for five or six years. This man, it was plain, loved the woman; he called on her five nights in the week, but in that shy mood common in New England he could not bring himself to propose. "He sat one evening opposite his sweetheart. He had grown quite bald since his courting had begun and, as for her, little lines had appeared about her mouth and eyes, and she stooped as she walked. Very desperate she was. It seemed to her that they might have been married five years ago. "I seen," said the shy lover, "I seen an ad today for a suit for \$10." "Was it a wedding suit?" the woman asked in a strange voice. "No," he answered nervously, "it was a business suit."

CAMMICK WILL GET WELL.

Will Be Taken to Woodstock Hospital Tonight.

In Signed Statement He Has Confessed His Guilt and Exonerated His Son.

(Special to the Star.) WOODSTOCK, N. B., July 21.—Deputy Sheriff Foster and constable Wolverson, who went to Cammick's home yesterday have not yet returned to Bath, and as there is no means of communication with Chamcook, Sheriff Hayward has not received any word as to Cammick's condition. The officers who drove out yesterday were accompanied by Dr. Cummings.

Deputy Sheriff Foster is due to arrive here at six o'clock tonight and it is expected that he will bring Cammick with him. If he brings his prisoner here Cammick will be placed in the hospital. The authorities are very anxious that Cammick should be well looked after and receive proper treatment, as on his testimony depends greatly the part his son, Walter, took in the tragedy.

So far Walter Cammick has made no statement, but when seen by a Star reporter this morning was very anxious as to his father's condition, wanting to know if he had been taken to Bath, and when he would be brought to Woodstock. Walter is perfectly satisfied that his father will recover.

(Special to the Star.) BATH, N. B., July 21.—Cammick was brought to Bath this morning by Deputy Sheriff and Constable Wolverson. He is conscious, talks well and will receive the best medical attention in Woodstock jail tonight.

Cammick made the following confession yesterday afternoon: "I intended to shoot her (his wife). Walter did not have anything to do with it. May God forgive me. I bought a revolver in Woodstock with the intention of shooting. I wanted to put her out of the road. I meant to shoot the man who was keeping company with Alice. No one came with me. I got into the house. When I lit a match Charlie Doty woke up. I fired at him. That woke up Billy and George. They grabbed me; I shot them. Then Alice got up and lit a lamp. Billie hit Mr. and Mrs. George Freeman with her hand and this set fire to Billie's clothes and then the house caught.

"Alice ran downstairs and I chased her outside and picked up a stick and beat her on the head with it. I fired a shot at her in the house but the revolver missed fire. I hit her five times with a stick. She never would have got out of doors if the revolver had not missed, as I intended to kill her.

"My head had left me. I was worrying a long time. I couldn't get a chance at her alone.

"I stole out of my house about ten o'clock at night when Walter and his wife were in bed. I had my shoes and my hands. I was afraid Walter would have watched me if he knew I was going. Mr. and Mrs. George Freeman were at my house about 9 o'clock. They saw Walter there then.

"I wish I was dead. I am tired of life. (Signed) "THOMAS CAMMICK, "DOUGLAS MARTIN, Witness."

TOURIST TRAVEL. St. John Not Getting Its Share of Visitors. But Better Times Expected.

So far this season the number of tourists visiting St. John has not been up to that of previous years, though the tourist information bureau reports five times as many applications for literature and information. The great bulk of the traffic begins about the middle of July, and continues through August and September.

Observers of this annual stream report a great difference in the class of tourists now attracted to the province. It has been noted that the provincialists who are now settled in the states will choose June and the early part of July as the time for a visit to the old homestead during July and August the clerks and generally speaking the middle classes or working people predominate, while the richer people prefer the autumn months, especially September.

While the tourist travel is well scattered over the province, the St. John river excites the most admiration and are attracted here by the stories their friends tell of its beauty and grandeur. The tourist travel changes from season to season and it is the exception to see the same person come here for two or more successive years.

THE FISH MARKET. With the exception of Salmon, the fish market tomorrow will have the regular supplies of fish. The salmon season is about closing and that fish is becoming scarce. The prices for tomorrow will be as follows: Flinnhaddock, 7 cents per pound. Cod and haddock, 5 cents per pound. Fresh shad, 15 and 25 cents each. Salmon, 14 to 20 cents per pound. Halibut, 19 to 25 cents per pound. Salt shad, 20 to 25 cents. Smelts, 8 cents per pound.

BEGGARS AND THE VAGRANTS. St. John is at present infested with able-bodied vagrants, who stop pedestrians and ask for money. A gentleman tells of being stopped five times within the course of a week by men whose quest each time was the same—ten cents to relieve a pressing necessity. The gentleman says that he handed over the ten cents the first time, but that afterwards declined and once rebuffed the person who made the request, as he then began to see that a game was being worked upon citizens by a number of city tramps. Different people have been caught by these stalwart beggars.

CIVIC MEETINGS. The board appointed to deal with the wharfage dispute between the city and C. P. R. will meet tomorrow afternoon at 2 o'clock. The following will be the regular meetings next week: Board of Safety—Monday. Board of Works—Tuesday. Water and Sewerage Board—Wednesday.

Treasury Board—Thursday. PUNISHED FOR SWEARING. Two profaners of the Lord's name were before the police court this morning. They were William McLaren and Charles Kelley, who were arrested yesterday, while intoxicated. McLaren forfeited a deposit of sixteen dollars and Kelley went to jail for ten days.
