

## Recent Publications.

The November number of The Delinquent is called the Early Winter number and its wealth of good things is headed by nearly a hundred pages devoted to styles for late Autumn and Winter, with superb color plates. Among its literary features, Octave Thane's analysis of Social Life in the Small Cities and Towns will be found especially discriminating. The Quaker heroine of Harriet Riddle Davis' stirring story, "A Chance of War," is not more entertainingly original in her way than is the dashing American girl in "The Further Adventures of the Grand Duke," by Martin Orde. Vegetarians will be delighted by the cookery article, exclusively devoted to the dishes for their use. Mr. Vick's Flower Garden includes some curious facts about the Rubber Plant. There are the usual notices of New Books, and the Little Folks are not forgotten. Emma Haywood's explanation of an effective combination of lace-work with colored embroidery is supplemented by the regular department's devoted to Crocheting, Tatting, etc.

## Ashore.

British barque Marie Casabona, Capt. Pace, Miramichi for Spain, went ashore Wednesday on the northwest side of St. Paul's Island near the Southwest Point. There was a thick fog and a strong south-west wind at the time. The crew got ashore safely, but saved none of their effects. The vessel is full of water and will likely be a total loss.—World.

## Improvements.

Boiler makers are at work in the mill of Clark, Skillings & Co. here. The fire box and tubes have been removed from the old boiler, the intention being to have two boilers and a fire brick furnace. This will enable them to turn a large quantity of sawdust which was formerly conveyed, by means of a blower, to the rear of the mill.

## A Big Blow.

The wind on Sunday was very high, considerable damage was done both in the country and town. Numerous fences, old buildings and trees were blown down, the telephone service was somewhat crippled, poles being blown down and wires crossed.

## Can't Eat

This is the complaint of thousands at this season. They have no appetite, food does not relish. They need the toning up of the stomach and digestive organs, which a course of Hood's Sarsaparilla will give them. It also purifies and enriches the blood, cures that distress after eating and internal misery only a dyspeptic can know, creates an appetite, overcomes that tired feeling and builds up and sustains the whole physical system. It so promptly and efficiently relieves dyspeptic symptoms and cures nervous headaches, that it seems to have almost "a magic touch."

## Correspondence.

Blackville, Oct. 13th, 1897.

## Editor Advocate.

DEAR SIR.—The Rev'd Father Cushing, our most worthy priest, has established a Home for the poor, friendless and penniless Missionary Priests, who have spent their lives in God's service, and he most certainly deserves the encouragement and approbation of all charitably disposed persons.

Since he came to Blackville he has done an immense lot of good, and is an untiring and zealous priest, having finished the church and partly paid the debt, besides building a beautiful new residence that is the pride of Blackville, and a credit to its builder.

Yours very truly

BLACKVILLE.

## DANGERS IN REALITY.

## DREAFUL ACCIDENT IN A CINCINNATI THEATRE.

CINCINNATI, O., Oct. 16.—The Dangers of a Great City, on the stage of Robinson's Opera House, Friday night, was cut short in its performance by a tragic realization of the actual dangers of a great city. The house was fairly well filled, but not crowded. A little before 8.50 o'clock a lady in the audience says she heard a rasping noise, which continued for five minutes before it, thinking it was a part of the performance. Presently the plastering began to fall, in small particles at first, but enough to alarm the timid or cautious of the audience. Soon the plastering began to come down in great chunks. It came from the ceiling which supported the dome. There was a rush from the gallery, which was pretty well filled. The balcony was soon emptied. There in the dress circle retired as promptly as possible, and strange to say without an apparent pause. The crowding of people from the parquet, which accounts in a measure for the number of casualties. Nobody expected at that moment any other danger than from falling plaster. Suddenly, and with a great crash, the great central truss of the ceiling, eighty feet long and thirty feet wide, came plunging down. The ends of it struck on the two gallery wings and doubled it up in the centre, sending it down into the parquet with a great scattering of joists and timbers. Nothing on the stage was harmed. The news of the accident spread rapidly. There was a rush of patrol wagons and of firemen to the scene. The injured were carried to the Cincinnati hospital.

The list at the hospital showed three dead, five dangerously if not fatally wounded and 26 more or less seriously injured. In addition to these a large number, probably 25 or 30, were slightly injured, but able to go home.

## OUR CREDIT STANDS HIGH.

NEW LOAN SUCCESSFULLY FLOATED IN LONDON TO-DAY—TWICE THE AMOUNT REQUIRED OFFERED.

LONDON, Oct. 15.—The subscription to the loan of the government of the Do-

minion of Canada, invited by the Bank of Montreal, amounting to £2,000,000 in two and a half per cent inscribed stock, at not less than £91, have been closed and totalled up £4,205,400, at an average of 201.10s. 3d.

In 1894 Mr. Foster floated a loan at three per cent, the minimum price being fixed at ninety five, which was taken at ninety-seven and a half. The price of this stock is now about 105 to 106.

## CANADIANS PURCHASE A THIRD OF THE LOAN.

No less than one-third of the ten million dollar loan, put on the London market by the Dominion Government, will be taken up by Canadian money. Major Wilson-Smith, representing a syndicate of bankers, called to London last night taking up, as stated, almost a third of the loan.

In the syndicate is the Montreal Bank, which will purchase £50,000 of the bonds; Merchants Bank of Canada, £100,000; Jacques-Castier Bank, £25,000; Hochelaga Bank, £25,000; R. Wilson-Smith, £50,000. The Bank of Montreal, Canadian Bank of Commerce, Bank of British North America and other banks will also purchase the bonds. The loan will be floated at the low premium of two and a half per cent.

The Mayor said this morning that the willingness of Canadian banking institutions to invest their money in Canadian bonds would be a most beneficial thing in banking circles. "It shows," said the Mayor, with a smile, "that we have lost faith in our country and are not afraid of it failing to pay one hundred cents on the dollar."

## 3,000 SLAUGHTERED.

## ANNIHILATION OF AN ABYSSINIAN ARMY UNDER GENERAL MAKONEN.

LONDON, Oct. 13.—Mr. J. Bennett Stanford, who has just returned from taking part in the expedition to Somalia, brings news of the annihilation, about the end of June, of an Abyssinian army of 3,000 men under the famous general, Ras Makonen, only sixty men escaping. Mr. Stanford said today:

"While in the interior we came across a powerful Somali chief who had just returned from the fight. He told me that the Abyssinian force had been raiding down the Webbe-Sheleby river nearly as far as the 48th parallel. The Somali then overwhelmed them with large numbers, allowing sixty men to go back with the news of the defeat. Ras Makonen was killed during the battle.

"The affair occurred about 100 miles from where we were. The whole neighborhood is still greatly excited, and the possession of so many Italian rifles by the Somalis is evidence that the story told of the Abyssinian defeat is true."

The latest news from Marar was that an Abyssinian army was being despatched against the Somalis, and were eagerly anticipating another fight.

In regard to the reported massacre of the Cavendish expedition Mr. Stanford said: "There are no expeditions at Somalia and to massacre. Peel, who was with me, is away to the north; Lord Delamare is still greatly excited, and Major Macdonald is on the trade route towards Uganda and Cavendish when I last heard of him was on the Kikuyu road."

## FATAL RAILWAY COLLISION AND FOUR MEN KILLED.

OTTAWA, Oct. 14.—Shortly after five o'clock this morning the C. P. R. Toronto-Canada Ball express, coming to Ottawa, and a freight train ran into each other about three miles this side of Stittsville. A bad wreck resulted. Five are dead and one is badly injured. The dead are: Robt. Pelen, mail clerk, Ottawa; Jas. Harty, brakeman, Ottawa; Engineer Frank Laurendeau, Ottawa, of the express; James Fleming, of Canby, Que., who was with the C. P. R. freight train, Carleton Place; James Kearney, of Canby, Que.; who was on the front of the baggage car, and was supposed to be stealing a ride; Engineer Frank Laurendeau, Ottawa, of the express; James Fleming, of Canby, Que., who was with the C. P. R. freight train, Carleton Place; leg broken. Mail Clerk Birchell, Toronto, and Expressman J. C. Hewton were badly shaken up.

The accident, as far as can be learned, was the result of a misunderstanding or the standing or non-obedience of orders between the night telegraph operator and the conductor of the express. It is said that Marion McNish, the night operator at Stittsville, got instructions to cross the express and a freight at Stittsville. Others say he did not. The freight was sent a terrible fright. None of the passengers were injured. Fireman escape of the express had a miraculous escape.

Later information in regard to the railway accident shows the dead's list to be only four. Fleming, who was reported to be still living and is in the hospital here. He is badly hurt, but may recover.

## WORLD'S TELEGRAPH SYSTEM.

The total length of the World's telegraph system has now reached 1,006,921 miles, exclusive of 189,440 miles of submarine cables. Of this, Europe has 177,747.90 miles; Asia, 310,885 miles; Africa, 99,419 miles; Australia, 217,479 miles, and America, 2,516,545 miles. United States Counsel German, who sends these figures to the State Department from Zurich, says that notwithstanding the great increase in the building of telegraph lines all over Europe, America leads the world, and has almost double the European mileage.

The Crow's Nest Pass Railway is progressing rapidly; over 1,000 men and 500 teams are employed on the work.

## A BOY'S SUFFERINGS.

ATTACKED WITH INFLAMMATORY RHEUMATISM AT AN EARLY AGE.

Each Successive Year Brought Fresh Attacks With Increasing Severity Until He Was a Physical Wreck.

From the Sun, Belleville.

Mr. and Mrs. W. R. Kelly are people who are deeply grateful for a kind intervention of Providence whereby the life, health and happiness of their twelve year old son, Master Harry, has been restored and preserved.

Mr. Kelly is one of the best known conductors on the Midland division of the G. T. R., and is now residing in this city. A Sun reporter having heard of the cure of the little fellow and the joy of his parents, called at their home and was met by Mrs. Kelly, who on being informed of the object of his visit, at once told the story of the cure and how the results were attained. We were living in Madon when our boy was about five years of age and in the spring I went to call him one morning. He replied to my call by saying he could not rise. I at once went to him and found that he was unable to walk. Medical aid being summoned we discovered that inflammatory rheumatism had our little boy in its grasp. All that attention and doctors could do was done and the attack passed off, but the following spring while in Peterboro he was again seized with the dread disease and again we were in terrible dread of losing the child. When the warm weather came again he rallied, but was very weak and only a shadow of his former self.

Despite all we could do he was again attacked in the next spring. You can imagine the fear and anxiety of the mother who watches her child recurring attacks, each one more severe than the last, and each one leaving our boy in a worse condition than the last.

Before the last attack confined him to bed for three months, and his heart was dangerously affected. His sufferings were terrible, and it was pitiful to see him trying to carry food to his mouth. His nervous system was so shattered that a form of St. Vitus' dance had affected him, and his hand and arm trembled so that he could not feel or aid himself. Some friends told me to try Dr. Williams' Pink Pills for Pale People.

Some friends told me to try Dr. Williams' Pink Pills for Pale People. I was very doubtful at first, but when the spring came watchful anxiety leaving a return of the trouble, but were thankful and delighted to see no symptoms of it, nor has he been troubled since.

"What is the condition of his health at present?" asked the reporter. "He is as sturdy and as healthy a boy as parents could wish for. I attribute his recovery and present health to nothing but Pink Pills, and I cheerfully recommend them to all."

Rheumatism, sciatica, neuralgia, partial paralysis, locomotor ataxia, nervous headache, nervous prostration, and diseases depending upon humors in the blood, such as scrofula, chronic erysipelas, etc., all disappear before a fair treatment with Dr. Williams' Pink Pills. They give a healthy glow to pale and sallow complexions. Sold by all dealers and sent by mail for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont. Do not be persuaded to take some substitute.
