CENTREVILLE

NEWS OF BATH

H. L. Squiers of this place has purchased the store and business of E. B. Burley of Upper Kent and intends moving his family to that place to the regret of their many friends here who wish them every success.

Mrs. Melbourne Tompkins left on Saturday for Millville where she will spend a few days with her son, after which she will go to Providence, R. I., to visit her aunt.

Guy Porter and wife, Paul Porter, and Mrs. Porter, sr., of Andover were callers at G. S. Larles's one day last week.

The produce shippers have begun shipping potatoes from this point. The yield of this year is not expected to come up to that of former years.

S. R. Milbury and wife of New York who have been visiting Mr. Milbury's uncle, Amos F. Giberson, left on Monday to make the return trip by auto to New York.

Mrs. Strange of Kingsclear and Mrs. Simonson of Jacksonville are spending a few days with their sister, Mrs. J. R. Tracy.

S. W. Tompkins has taken several hunting parties to the Miramichi district since the beginning of the hunting season. These parties have met with varying degrees of success.

Rev. G. A. Ross, addressed the pupils of the Sunday School on Rally Day.

F. C. Squiers, Principal of Woodstock Grammar School, spent Sunday with his parents here.

Geo. A. Jeffrey, attorney-at-law, of Detroit, Mich., spent Sunday with his cousin, J. R. H. Simms.

Hartland-Miramichi Club House

Snuggled away in the green quiet forest with the soothing odor of pine, fir and spruce, away from the hustle and bustle of business cares, is the new Hartland-Miramichi Club House. It is about thirty miles from Hartland at Biggar Ridge on the south branch of the Miramichi, a building 40x50 feet, of spruce, pine and hemlock. On the ground floor is the dining-room, kitchen, bath room and five bedrooms. Upstairs is one big unfinished room which may accommodate a large number of people. A spacious verandah reaches around two sides of the building. The members of the club are: A. Plummer, A. L. Baird, H. R. Nixon, S. T. Sipprell, R. W. Cameron, A. W. Kyle, Frank Kelly, Franklin Clarke of Hartland, Odur Orser, Henry Smith, Windsor, and Prof. W. F. Watson, New York. The salmon fishing has been very good and now moose and deer are plentiful for the open season.

Greenfield

Our school has reopened again under the management of Miss Alice Goodwin of Sackville.

Mr. and Mrs. Jack McLean of Washburn has been spending the past few weeks with her parents, Mr. and Mrs. Robert Wakem.

Bernice McKay, Wynna Golding and Lee Kilpatrick attended the fair at Presque Isle last week.

Lottie Kilpatrick spent the week end, with Jennie Kilpatrick of Florenceville.

Mr. and Mrs. J. Anderson and family of Good Corner spent Sunday with Mrs. Martha Kilpatrick.

Mrs. Elizabeth Oliver of Florenceville spent the past week with her brother Handford Green of this place.

Mrs. Warren Kinney of Monmouth, Me., is the guest of her mother Mrs. Robert Wakem.

Mr. and Mrs. Sandford Merithew of Good Corner spent Sunday in this place.

Mrs. H. T. Armstrong and little daughter Martha who have been spending the past two months with her mother, Mrs. Martha Kilpatrick, returns to her home in Lowell this week.

J. Wiley Grant of Grand Falls spent Sunday in Greenfield.

Mr. and Mrs. Samuel Cogswell and baby Florence and Mr. and Mrs. Geo. Lamoreaux and children visited Mrs. M. Kilpatrick on Sunday.

Wilmot Ritchie spent Sunday in Connell.

Mrs. Geo. Estey and daughter Neta, drove to Knoxford Monday.

John Antworth who was operated on a few weeks ago is steadily improving.

A pleasant time was spent at the home of Roy Kilpatrick on Wednesday evening. A number of friends being present.

Carpenter-DeWitt

A quiet wedding took place in the Methodist parsonage at Jacksonville on Wednesday evening, 8th inst., when Ray C. DeWitt and Lulu Carpenter were united in wedlock by Rev. J. B. Gough. Mr. DeWitt is the son of Henry DeWitt, Upper Woodstock, and Miss Carpenter is the daughter of Edgar Carpenter of Waterville. The happy couple left on a bridal trip next day. Both Mr. and Mrs. DeWitt are highly esteemed and popular young people and the Observer wishes them a happy and prosperous future.

Potato Prices

Local dealers say that while the potato crop earlier in the season looked rather discouraging it has now assumed a brighter hue and today the crop coming in is of extra good quality. Shipments are about a month behind last year, but considerable stock is coming in all along the line, and after harvesting it is expected that there will be a good supply arriving from the farmers. The price to day is 70c with the prospect of remaining steady.

NEW POTATO INDUSTRY

With an industry knocking at our doors which will employ about eighty people eight months of the year, the business men of Hartland are bestirring themselves in an effort to provide facilities to accommodate it. A meeting was held in M. L. Hayward's office Friday night to consider a proposition from Hatfield & Scott, who are the local representatives of the Potato Products Co. Ltd. of Belleville, Ont. Several sites were mentioned, among them being the woodworking factory, a lot at the foot of Bradley hill, the Nevets flat near Sayre's mill and the McMullin flat. It was also thought that, in order to secure the entire carrying trade, the C. P. R. would make a special freight rate from and to here. If the industry is established at Woodstock the carrying would be divided between the C. P. R. and the I. O. R.

No definite proposition was made to the promoters, but another meeting will be held on Friday night, when something definite may be done. S. S. Miller was chairman and A. W. Kyle secretary of the meeting.

Woodstock is making a strong bid for the industry and has already guaranteed water at actual cost, taxation at a stated rate for 10 years and free sewerage. The Board of Trade has taken the matter up and are endeavoring to secure a blanket freight rate for the company should they decide to locate there.

The location of the industry has not been decided upon, and Hartland may yet secure it.

Kenn & Plummer, Ltd., have purchased a carload of wire fencing which will be sold very low for cash. Any one wishing to purchase will be well repaid by calling on us. The party who borrowed our wire stretcher has returned it and is forgiven.

The building lot next south of the school house, a very desirable location, is offered for sale. Ask at the store of Estey & Curtis.

HAVE YOU WEAK LUNGS?

Do colds settle on your chest or in your bronchial tubes? Do coughs hang on, or are you subject to throat troubles? Such troubles should have immediate treatment with the rare curative powers of Scott's Emulsion to guard against consumption which so easily follows. Scott's Emulsion contains pure cod liver oil which peculiarly strengthens the respiratory tract, and improves the quality of the blood; the glycerine in it soothes and heals the tender membranes of the throat. Scott's is prescribed by the best specialists. You can get it at any drug store. Scott & Bowne, Toronto, Ont.

The Cement Block Company

The Cement Block Co., of Hartland, which has had a successful year of business, has installed a power tamper for cement blocks, the second one in the province, and modern machines for land drainage pipes, capable of turning out four pipes a minute or 2000 pipes a day. In five years the company has expended over \$30,000 in wages alone. Two cement block houses were built in Hartland, by the company, this year. A. G. Baker, the vice president, succeeds Dr. MacIntosh, the president, who has gone with the medical corps to the war. Coun. E. A. Britton is manager, and the directors are A. D. Kennedy, F. M. Clark and A. Y. Dickinson.

Wilbur A. Taylor

One of the best known residents of Florenceville passed away on Wednesday morning of last week in the death of Wilbur A. Taylor, which occurred after an illness of but little more than an hour. He was 66 years of age, and is survived by his wife, three sons and one daughter—Horace and Fred at home, Howard at Connell, and Mrs. Theo. Currie of Edmonton. A brother is Judge Taylor of Edmonton and sisters are Mrs. F. E. McNally, Beechwood, Mrs. Wm. Jewitt, Florenceville, and Mrs. Leonard Goodwin of Halifax.

Mr. Taylor held the confidence and esteem of a wide circle of friends. He was deeply interested in the agricultural society and for a long time was secretary of Florenceville Consolidated School.

The funeral on Tuesday was largely attended and was conducted by Rev. G. A. Ross assisted by Rev. M. H. Manuel.

Allbright-Nevers

Married, Sept. 15, H. Scott Albright, one of the young business men of Hartland, and Miss Mary E. Nevers, a well known school teacher. This pleasant marriage occurred at the home of Mr. and Mrs. E. E. Nevers, parents of the bride, Hartland, where one hundred invited guests witnessed the marriage, the nuptial knot being tied by Rev. C. H. Orser, uncle of the bride, assisted by the Rev. P. J. Quigg, pastor of the Primitive Baptist church at Hartland. The happy couple stood under an arch of evergreen. They were supported by Frank Shaw of Victoria and Miss Lela Nevers, sister of the bride. Little Miss Pauline Price, niece of the bride, was flower girl, and performed her part nicely. The presents were numerous and of the kind that will prove useful is housekeeping. After the usual greetings the guests sat down to be served at the tables with a very substantial meal of good cooking,

prepared for the occasion by the family.

The bride and groom left for Fredericton on the express with the best wishes of the Hartland people. They will return soon and will reside in Hartland.—Contributed.

Lund-Hatfield

A very interesting event took place Wednesday afternoon Sept. 15 at the residence of George Lund, East Coldstream, when his only daughter, Ruby May, and Lee C. Hatfield, merchant of Mt. Pleasant, were united in marriage. The couple were attended by Miss Viola Greer and Arthur Lund brother of the bride.

The bride was attired in a charming gown of white silk, with bridal veil, and carried a shower bouquet. The bride's maid was attired in blue silk. The couple were wedded by Rev. I. E. VanWart, in front of the house, where rugs had been spread on the lawn, surrounded by vases of cut flowers, in the presence of about fifty or sixty guests. The bride was the recipient of many pretty and useful presents.

Miss Bessie Shaw Dies at Victoria, B. C.

The following account of the death of Bessie D. Shaw, youngest daughter of the late E. M. Shaw, formerly of Victoria, B. C., is taken from a Victoria, B. C., paper:

After a long illness extending over a period of nearly a year, Miss Bessie Durose Shaw passed away on Monday night. The deceased young lady, who was 26 years of age and a native of Victoria, N. B., is survived by her mother, four step-brothers and one step-sister. The step-brothers are: E. B. Shaw of this city; P. J. Shaw of Butte, Montana; J. R. Shaw of Alberta, and Capt. B. McLeod Shaw, of the Army Medical Corps, now at the front. Her step-sister is Miss Pauline Shaw, of Sault Ste. Marie.

The funeral took place from the Sands Funeral Chapel. There was a very large attendance of friends and numerous beautiful flowers covered the casket. Rev. F. A. P. Chadwick delivered a very impressive service. The hymns sung were "Nearer, My God, to Thee," and the deceased's favorite hymn, "Jesus, I Have Promised to Serve Thee to the End." Interment took place in the family plot at Ross Bay Cemetery.

INVENTIONS WE NEED.

Plenty of Opportunities For Would Be and Could Be Edisons.

The world is full of would be Edisons, and the point we want to bring out is that quite a lot of them are could be Edisons.

A man invented the stocking frame for weaving silk stockings. He got the idea while he sat watching his wife work. But surely he wasn't the first man who sat and watched his wife work.

There is a huge fortune for the man who can commercialize weeds. The raw material is inexhaustible, for it renews itself automatically every year. It might pay a reader in the paper making trade to follow up this idea.

Then we want a paint that will last as long as the material upon which it is placed and an iron that won't rust. We want something that will counteract the wearing effect of the atmosphere. It's going to be invented some day, and it may as well be done now, and you who read this may as well be the person to do it.

In some remote corner of the earth today a could be Edison may be experimenting with the possibilities of titles on the sea. There are millions of square miles of water that are more or less wasted, and sooner or later, as the land area of the earth becomes crowded, people will inevitably take to titles on the sea.

Above all, keep your eyes on Nature, who is continually making inventions which she never protects with patents—stray stories.

FREE FALLING.

Just Collapse, Drop Limply and You May Escape Serious Injury.

It was stated in a description of a recent aeroplane mishap that the aviator had time to clamber to the upper struts of his machine and that when the crash came he was practically unhurt, the landing wheels and lower part of the machine receiving and absorbing the shock.

Flying men, too, in the early days of aviation frequently leaped from falling machines and escaped with minor injuries. There is a knack in leaping and an art in falling, and athletes and aviators know both. It is to "fall free" and to offer no resistance or as little as possible.

It is not Providence that specially guards drunken men and little children when they topple. They collapse, and as the muscles and sinews are not drawn taut and no resistance offered, but little damage and frequently none results. The bone of a limp arm would use some force to be applied before it broke. A "resisting" arm would snap almost at once. In a fall all attempts to recover one's balance, if unsuccessful, mean greater damage. Let yourself collapse—fall limply—and you may escape serious injuries. It is the brain and stomach on which the fall rests, and which make the bones snap—fall anyhow. Don't try to save yourself—and you will.—London Answers.

Never Had 'Em.

Old Dick was an old plantation dandy. He was rarely if ever sick, and he always claimed that it was the way he had lived. One day as he was walking down the street a local merchant, taking advantage of his ignorance, accosted him thus:

"Dick, one of your best friends has just told me that you have ancestors of the worst sort."

"Now, look here, Cap'n Gaws, I don't want to hurt nobody, but I jes' want to know who dat man was wot tol' you, and I sho' will go after him, 'cause he done gone and 'sult me. Me got ancestors? Why, cap'n, that's as big a lie as was ever told. I never had nothin' in my life but the mumps and colic."—National Monthly.

The Telephone Pole.

The employer of a Polish girl who has learned quickly to speak English tells of her attempted mastery of the telephone. After its use was explained to her she was eager to answer every call. A ring came and she jumped to the phone.

"Hello," came from the receiver.

"Hello," answered the girl, flushed with pride at being able to give the proper answer.

"Who is this?" continued the voice.

"I don't know," exclaimed the maid. "I can't see you."—Philadelphia Ledger.

Was Troubled for Years With Kidney Disease

And This Treatment Cured Me—This Statement Endorsed By a Baptist Minister.

The great majority of people are familiar with the extraordinary curative powers of Dr. Chase's Kidney-Liver Pills. But for the benefit of those who are not we continue to publish from day to day reports from persons who have been actually cured.

The case described in this letter was an extreme one, and the writer was in a very low condition when he began the use of these pills. The cure was so marked that Mr. Mosher's pastor did not hesitate to vouch for his statement.

MR. MOSHER.

By their unique combined action on the liver, kidneys and bowels, Dr. Chase's Kidney-Liver Pills cure in complicated cases which defy the action of ordinary kidney medicines.

THE DOMINION OF CANADA.

That's the Official Title of England's North American Daughter.

The official title of Canada is the Dominion of Canada. It embraces eleven provinces—viz. Alberta, British Columbia, Manitoba, New Brunswick, Nova Scotia, Ontario, Prince Edward Island, Quebec, Saskatchewan, Northwest Territories and Yukon Territory.

The government is federal, centered at Ottawa, the capital of the Dominion, while each of the provinces, like our states, has its local legislature and capital. The head of the federal government is a governor general, appointed by the king of Great Britain and holding office for five years. Each province has a lieutenant governor, appointed by the federal government for a term of five years.

The federal or Dominion parliament consists of a senate, with eighty-seven members, nominated by the governor general and appointed for life by the king, and a house of commons of 221 members, elected by the people of the several provinces for a term of five years, the right of suffrage being subject to a property qualification.

The provincial legislatures are elected by the people of each province. Each province has its own courts of local jurisdiction, and there is a federal supreme court consisting of a chief justice and five associate judges.—Philadelphia Press.

BEE CULTURE.

It Doesn't Cost Very Much to Start It in a Small Way.

It is simple, and not very expensive, to start bee keeping in a small way. About \$25 to \$30 will do it. The amateur bee keeper needs but one colony of bees, a good queen and a couple of frames. Of course he should have two or three books on bee culture, a veil, gloves and a smoker.

The smoker is for the purpose of slightly confusing the bees when it is desired to open the hive. The extra hive is necessary because, as bee keeping is usually started in the spring, there must be some place for the parent colony, which may soon leave the parent colony. It is by swarming that increase comes about, and this may be so regulated by the bee man that his profit will be entirely through increase. Or, if he chooses, he can retard increase and work for honey only.

With an outfit such as that mentioned above the amateur can in most seasons produce enough honey for a family of five persons, and he can do this by giving no more than a few moments daily, or perhaps half an hour during the course of the week, to the care of his bees. Starting with two colonies of bees, he ought to be able to provide for his own family and have a surplus of honey to sell.—Pheletus Barnard in the Countryside Magazine.

World's Longest Street.

In Seeböhm's "Siberia in Asia" is thus described what is called the longest street in the world: "Siberia was half festively described to me as a big village, the main street of which, extending from Nishni-Novgorod to Kakh-ta, was about 5,000 miles long, where there were always half a million horses on the road and where everybody knew everybody from one end of the street to the other."

"I prefer getting my Preserving Sugar in 10 or 20 pound bags. I can get Lantic Sugar in 100 pound bags also—or in 2 or 5 pound cartons."

"As long as the Red Ball is on bag or package, I know that the sugar within is absolutely pure cane sugar—unequaled in quality, granulation and sparkle."

"This is why I insist on having Lantic Sugar for my Peaches and Pears, and buy it in 10 or 20 pound bags in order to get the genuine cane sugar!"
