SPIRITUAL CONFERENCE

Woodstock District of the Methodist Church in Session at Lakeville

The annual Spiritual Conference of the Woodstock District was held in the Lakeville Methodist Church on Thursday, Oct. 18, 1923. Representatives from every Methodist church in the Woodstock District came from far and near to enjoy this spiritual conference. Three splendid sessions were held throughout the day.

The early part of the morning session was given over to earnest prayer that God would grant unto us the union of the Holy One of God, that his convicting spirit might be made manifest throughout the services of the day. The address of welcome was given by the pastor of the church, the Rev. Hugh Miller who spoke of the great need of the presence of God in spiritual power was to be received from on high. These words of welcome were followed by soulful talk come were followed by soulful talk by Ernest Plummer of Hartland who referred to the great need of the Ministry and official board as well as the membership of the church living in union with the Christ of God if we are to have a successful church. Rev. Robt. Fulton gave a masterful address basing his remarks upon a portion of the 4th chapter of Micah weaving his thoughts round the four main words such as Egypt, Moses, Aaron and Balaam, followed by a social half hour that the delegates might become acquainted with each other.

The session in the afternoon opened with a song service followed by prayer and supplication before the throne of grace that God would show forth His mighty power during this session. The first speaker of the afternoon was Mrs. Sellers from Debec circuit taking as his theme "Why should I as a Christian be a Church Member?" The speaker was very clear in telling the Christian the reason why he should be identified with the Church of Christ. The one strong reason being that we would soon be without a church if all Christians failed to become members of the church of the Living God. Rev. B. R. Chowen, the chairman of the district, was the next speaker who dwelt upon Evangelism the impulse in Community Service, showing that the key word in all church activities is evangelism, that we have been saved to serve. Who will ever forget the earnest address that was given by Evangelist F. W. Foster, who spoke on the Personal Touch in Evangelism. He gave to us such a clear exposition of the word as he carried us back to John the Baptist, to the ministry of our Saviour, and Peter and Paul where the personal touch was no easy thing for it meant a personal conflict and intense opposition by the forces of evil. After this there followed an old fashion testimonial meeting when scores exalted themselves of the privilege to witness as to the saving and keeping power of Jesus Christ. Before the afternoon session was brought to a close, the Sacrament of the Lord's Supper was administered to the host of Christians that were present.

The evening service opened with a service of song and prevailing prayer. The usual resolutions were passed before the Rev. Robt. Fulton of Centerville Church, St. John, N. B., was called upon to give the closing address and appeal. He spoke upon the subject, "Our Sins Going Before or Following Us to the Judgment." One fact that is inevitable is the Judgment. We cannot escape it. The only provision that has been made is through the work of Redemption which has been wrought through the death of our Saviour. He closed his convicting message with an appeal to accept Jesus Christ as the Saviour and Redeemer from all sins that we may escape the dreadful penalty of the sins which we have committed.

What a Spiritual Feast it was; the influence of which will be felt throughout the Woodstock District.

out the Woodstock District.

The kind friends of Lakeville and the adjoining appointments entertained us right royally, making ample provision in the feast of good things. We trust that God will bless them in the special services and pour out unto them the Holy Spirit that many may be saved and brought into the Kingdom of God.

WHO IS "THE WONDERFUL HEROINE"

The amazing life story of "The Wonderful Heroine" in the Family Herald and Weekly Star of Montreal, is creating intense interest in every part of Canada. "The Wonderful Heroine" is a young and lovely woman of tragic history whose picture in color is being given free to subscribers of the Family Herald and Weekly Star. A subscription of two dollars is little enough to pay for a whole year's subscription to this greatest of all farm and family journals, and with a magnificent picture thrown in, the value is superlative.

ALLAN KENNEDY

A very pretty wedding was solemnized at the residence of Mr. and Mrs. Asa D. Kennedy when their third daughter Kathleen Helen was married to Frederick W. Allan of Fredericton on Wednesday afternoon, Oct. 17, at three o'clock. The bride was attired in a beautiful gown of white satin ray with silver trimmings, with long bridal veil and orange blossoms. She carried a bouquet of Ophelia roses. She entered the room on the arm of her father to the strains of Lohengrin's Bridal March, played by Mrs. Kenneth Keith. Miss Emma Cogswell sang "Oh Promise Me" and then the ceremony was performed under an arch of evergreens and autumn leaves, by the Rev. G. F. Bolster.

After the signing of the records, the bridal party repaired to the dining room where a sumptuous luncheon was served to about fifty guests. The waitresses were the Misses Lela Noyers, Sarah Currie, Anna Kingston, Mabel Morgan, Della Boone and Jean Miller.

The bridal party left by motor to points of the New England States. The bride's travelling suit was of brown broadcloth with beaver trimmings and hat to match. The presents were beautiful and expressed the appreciation in which the couple were held in town. The groom is acting agent at the C. P. R. here, while the bride was for four years stenographer in the employ of Estey & Curtis Co., Ltd. On their return they will reside here. Among the out of town guests were Mr. and Mrs. Harry Allan, Mr. and Mrs. R. W. Lindsay and Miss Helen Bridges of Fredericton; Miss Pearl Lawrence of Bangor; Mr. and Mrs. Hatfield Burt and Mrs. Hedley Sloat of Aroostook; Mr. and Mrs. Howard Burt and Mrs. Martha Burt of Burt's Corner; Mr. and Mrs. Beecher Clark and Mrs. J. D. MacLean of Centerville and others.

HALLOWEEN SUPPER

On Saturday evening there will be held in J. Clark & Son's building a Halloween supper and a sale of fancy and useful articles. This is given by the Philathia class of the U. B. Sunday school. This will be a great opportunity of doing your "Christmas shopping early," to say nothing of a splendid chance of getting a good supper, as it is well known the Philathia are excellent cooks. Only 50 cents for this good supper.

A Cook's Tour

A package of Moir's Chocolates, weighing 5 lbs., was recently sent to Korea—postage 96c. Another order came from India. Thus within a few days Moir's Chocolates have circled the globe.

In the long stretch from noon to night meals, a chocolate bar breaks the monotony to advantage. Many are very fond of Moir's Melito Milk, made after the

Swiss style, a big bar for 10c.

With the coming of colder weather and earlier evenings, indoor functions are more the rule. The demand for Fig Newtons is accordingly very great. Tom Thumb type Fig Bars.

Although more machinery has been installed and the staff increased, it is hard for Moir's plants to catch up with the orders rolling in from all directions.

MISS HARPER WRITES FROM JAPAN

Jacksonville Missionary Arrives Day After Great Earthquake—Sees Awful Devastation

The following letter was written by Miss Ruth Harper, of Jacksonville, and will be of interest to many as a reliable picture of the awful conditions in Japan. Miss Harper has been in Japan for some years and was returning from a vacation spent at her home, and in various parts of the province.

Balka, Yochien, Ueda, Sept. 22nd, 1923.

Dear Friends in the Homeland:

Just three weeks from the day and hour I left home, I arrived in Ueda, my new home. We had a most enjoyable trip across the continent, and the ocean, too, was ideal. Travelling was never a greater pleasure to me but the joy of it all was somewhat overshadowed on the morning of September 2nd—just one day before we were to arrive at Yokohama—by the wireless message "Yokohama was destroyed by earthquake and fire at noon yesterday." A startling message, yes, almost an incredible message! The passengers looked agast at each other and wondered if such could possibly happen to a city of 450,000 people. Then came the second wireless that various districts of Tokyo had been affected by the earthquake, that fire had broken out and was sweeping over that third city of the world.

Could it all be true or were these exaggerated reports as so many are? We thought of the Englishspeaking population, our numerous Japanese friends and our Mission property. What of it all? The only thing we could do to comfort ourselves during that long Sunday was to pray and remind ourselves that perhaps it was not as bad as at first reported.

What would the morrow bring to us? We waited anxiously.

When morning dawned all were on deck and we found ourselves entering Yokohama Harbor. But while yet quite a distance from the land, the ship cast anchor.

As we looked in the direction of what was once that most interesting city of Yokohama we saw here and there smoke arising and a closer look revealed nothing but frames of buildings and heaps of debris. It was not long ere we saw life-boat loads of refugees coming from the Empress of Australia (which was in the harbor at the time of the quake) towards our boats, and during the day 1400 refugees were taken on. One could read disaster in their appearance and the terror-stricken faces, yes, in some cases, the crazed faces, told of hours of untold agony.

And what awful stories we heard—of those who escaped not, and of the many miraculous escapes—as we shared with different ones our supply of clothing, or ministered to the wounded. They told of how the earth rocked, of deep and wide cracks in the earth, of falling timbers, of collapsed houses under which many were pinned (some unable to escape were burned to death) the shrieks and cries for help, and then the sudden outburst of flames. Nor did they neglect to speak of the faithfulness of their Japanese servants in seeking the safety of those whose servants they were. I remember one old man who had both legs broken, pointing to a young Japanese lad, and with tears streaming down his cheeks he said, "It was that boy who saved my life." Some babies were on board because of the efforts of the Japanese nurse in charge.

As fire broke out thousands of people wended their way over piles of debris to the park where they remained suffering from intense heat of fire raging on all sides, until the flames died down. Fortunately for them the water-works gave way and flooded the park, thus enabling them by keeping water on the face to ward off the effect of the heat in some small degree.

To feed the flames still more the immense tanks belonging to the Standard Oil Company burst—the oil flowing even into the harbor, where it burned, thus endangering the boats anchored there.

As the opportunity arose many made their way toward the harbor, where those who could, swam or went in boats to the larger boats.

For a hole day we were anchored in the harbor, and during the first two or three hours, although we felt nothing, there were three earthquake shocks which lowered the floor of the harbor 25 feet.

The morning of the 5th brought us to Kobe which was already crowded with refugees. Learning this, we decided even though travelling was very difficult because of over-crowded (Continued on page two)

Here and There

In order to handle the grain this fall the Fort William, Ont. force of 360 elevator men will be increased to 700. From 120 to 150 grain trimmers will be employed.

For the five months to August, 1922, Canadian newspaper exports were valued at \$35,303,043 against \$27,257,382 for the same period in 1921. Pulp exports in the same period were valued at \$20,008,461 against \$16,075,533.

Grain loading on Canadian Pacific lines during the month of September totalled 25,376 cars or 38,245,200 bushels. This at the beginning of the loading season which was two weeks late this year on account of the retarded harvest.

This has been the greatest season for automobile tourists Montreal has ever experienced, according to the Secretary of the Automobile Club of Canada. Cars, he stated, had come into the city over the King Edward Highway at the rate of two hundred a day, an unusual number from California, Florida, Carolina and Virginia being noticeable.

There was nearly \$160,000,000 increase in the total trade of Canada for the first five months of the current fiscal year, according to a return made by the Department of Customs and Excise. The total trade of the Dominion, according to the return, for the five months ending with August, was \$785,000,000, as against \$626,000,000 during the same period a year ago. Imports during the period were about \$333,000,000, as against \$303,000,000 a year ago, while exports of Canadian produce rose from \$316,000,000 approximately to \$386,000,000.

There is a heavy demand for bushmen, according to the Government Labor Bureau at Montreal. The big lumber companies have been engaging men for the bush, and the prospects are that the demand will be sufficient to make fall and winter conditions good. Wages paid this year by the lumber companies are higher than last year, the rates paid being \$40 and \$45 a month, whereas a year ago the schedule was down to \$26 a month.

With the completion of the harbor works now in progress, Montreal will be in a much better position in 1924 to handle a record flow of grain than ever before. Windmill Point elevator will be increased by 1,250,000 bushels storage capacity, making its total capacity 3,250,000. Four additional shipping berths are being provided at this elevator and will be in commission early next month, and the elevator's loading capacity will be increased from 50,000 to 90,000 bushels an hour.

Reports to the Canadian Pacific Railway, show that there arrived at Winnipeg from the British Isles this year for the purpose of working on the harvest, 11,883 men. Special efforts are being made to find occupation for as many as possible to cover the winter period, and it is stated that it is now probable that a considerable number of these harvesters from Great Britain and the Irish Free State will remain in the Dominion.

Addressing a recent meeting of the Vancouver Board of Trade, President E. W. Beatty, of the Canadian Pacific Railway, announced that the company proposed immediately to add two large modern steamers to its coast fleet in order to take care of increasing tourist traffic over the company's coastal lines. He also announced the early completion of a new pier at this harbor at a cost of several millions, which has been made necessary by the steady development of Canada's trans-Pacific trade.

Sewing Circle Gossip

There was some discussion at the circle this week about the coffee one gets in Boston. The wife of the new radio operator said that she had lived in Boston for many years, and that when she came to Canada to live, the thing she most missed was a good cup of coffee. But it is not so today. Today she is using LUXOR ORIENTAL COFFEE and she told the circle that she was now getting the same kind of a cup of coffee as she used to get in Boston.

MISS HARPER

WRITES FROM JAPAN

(Continued from first page)

trains, we would leave the city as soon as possible. And I can assure you that more than a day's journey to Ueda was by no means a comfortable one. The night was hot as well as the day, and the train packed to its utmost capacity.

Since arriving in Japan there has been only one subject of conversation—the earthquake. Yokohama is no more, and it will be years before Tokyo can possibly be rebuilt—all the main business section was flattened at the first shock and then the fire burned at least one third of that vast city of 90 square miles. Of the thousands who fled, 32,000 gathered in what they thought a place of safety, but soon they were enveloped by the flames and all perished.

It's very difficult unless one was an eye-witness (which experience no one covets) to know just the vastness of the devastation. But although so much was destroyed and so many lives lost we marvel at the miraculous escapes. As for the Mission property, although damaged to a certain extent, all the buildings are standing and not beyond repair. As for our workers, I have heard of none who lost their lives, although some lost everything but life. And so while we mourn with those who have suffered we are grateful for many things.

The loss of property among the Japanese churches has been great, and we trust that in this hour of severe trial and distress the church here may have the prayerful sympathy and financial support of the sister church in the homeland.

We are proud of the practical way the governments of the foreign nations have expressed their sympathy and we feel certain that the church will respond in the same noble way, and thus assist the church in the work of reconstruction. Could you have been with us yesterday when calling and heard the lady, with tears streaming down her cheeks, thank us for what Canada is doing you would feel fully recompensed for any gifts. I understand a special appeal is to be made this year, so this may help to prepare you for it.

We cannot tell why God has seen fit to send such a calamity to this land, but we do hope and pray that out of the ashes a greater Japan may arise, that Christians in Japan may not lose faith, but rather their faith may be made stronger through suffering; and that we may be prepared to meet the greater opportunities for service that must necessarily come to us, as a result of the disaster. It may not be just the work we planned, but God's plans are greater than ours. May we have the prayers of the church at home during this great crisis.

Sincerely yours,
RUTH A. HARPER.

WEIRD MEANS USED TO RECOVER BODIES

Clairvoyant Removes Centres From Nine Loaves of Bread, Fills Shells With Lime, Casts Them on Lake And Results Quickly Follow

A dispatch from Lion's Head of October 7 says that during a performance in a Warton theatre on Friday night a clairvoyant named Prof. Mem-o-Rea, claiming to be the seventh son of a seventh son was asked by a member of the audience where the bodies of Captain William Corson and Robert Parker, missing Lion's Head fishermen, could be found. The clairvoyant believed he could locate the bodies by a unique method, and volunteered to go to Lion's Head the next day. The lake was too rough on Saturday, but he went up on Sunday and the body of Parker was recovered within half an hour.

Removing the centres from nine loaves of bread, the clairvoyant filled the loaves with lime and placed them in a circle on the water where he thought the bodies would be located. It was claimed that when a loaf passed over a body a sort of electric

current would be formed and indicated by the trembling of the body.

Very soon one of the loaves showed evidence of disturbance. Grappling forces were used and the body of Robert Parker brought to the surface. The body of Captain Corson was also located but could not be raised.

A Government aeroplane and large parties of Lion's Head residents had searched the waters for two weeks for trace of the missing fishermen who, on September 24, were engaged in raising their net when the boat capsized, throwing both into the water. The clairvoyant claims this is the 119th body he has located by this means.

Professor Mem-o-Rea, it will be remembered was in the Veteran Star Theatre here a couple of months ago and attracted quite a crowd by his performance. While modern civilization does not believe very much in the supernatural powers claimed to be possessed by these "seventh sons of seventh sons," still it must be admitted that the affair at Lion's Head will be a great advertisement for the Professor, and, considering that all the citizens and the Dominion Government both gave up the quest, Mem-o-Rea is certainly entitled to no little credit for the manner in which he located the bodies.

This drama was full of both plot and pep, and included in its scenario, two or three neat little comic battles. A most intelligent specimen of the canine family, was one of the stars in the cast. BATH BREEZES

The new reservoir, much talked about by numerous visitors and townspeople who watched the building operations, while this huge water bowl was being built, have further cause for comment, as either due to faulty engineering, poor location or other suppositions too numerous to mention, gave way on Saturday morning, with the roar of a dozen cannon; stones, blue-mud, gravel, clay and water, flying to the tree tops, then precipitating to the flat below. Some thought it was a volcanic eruption in miniature, yet the bare facts were later revealed to them and slowly yet surely, the light dawned, that the reserve water supply, meant primarily for fire protection, was for the present at least, a dream of the past.

INVESTING FOR THE FAMILY

Abraham Lincoln humorously said of a poor neighbor's assets, "He has a wife and two children, which I should think were worth thirty thousand dollars to any man."

The family is the greatest wealth of every member of it—the first concern of the individual or of society. It is a golden investment and needs the same protection and care that any investment requires.

One of its best safeguards is good reading; one of the things that puts it in jeopardy is bad reading. The Youth's Companion has always been, in the matter of supplying good reading, what a United States bond is to the investor. Its principle is guaranteed, and its interest is paid with every issue. Try this investment for your family.

The 52 issues of 1924 will be crowded with serial stories, short stories, editorials poetry facts and fun. Subscribe now and receive:

NOTICE OF MEETING AT BATH

It has been suggested that Bath badly needs a reorganized fire system, therefore on Tuesday, the thirtieth day of October, 1923, a public meeting will be held in the Farmers' Hall, at 3 p.m., to discuss the question in all its bearings and relations to safety from fire, as far as it can be made possible, and to elect volunteer members of an up to date brigade, and to make any necessary changes for the better, in the matter of equipment and fire alarms. All residents whether owners of tenants or not are expected to be present, and take an active part in the proceedings. As all are vitally interested in this, please do not rely on George to do what you should do, but be there and do your share. This concerns the women as much as the men, and women of the town will please make a note of this date and arrange to be at the meeting and help make it a success. It is also proposed to take a vote at this meeting for or against village incorporation, for the better enforcement of fire regulations, and for other equally important matters.

Remember, every citizen should—Boost for the town's advancement, For the town that's found on the top-most round, Is the Booster, every time!"

Order Printing Now

Now is the time for produce dealers and other business men to look over their stock of office supplies and place their orders for printing before the big rush that usually sets in around the first of September. We can handle any orders sent in now very expeditiously, but if orders are deferred they may come at a time when we have weeks of work ahead. Letterheads, invoices, envelopes, all the various needed blank forms may as well be ordered now and be ready the instant they are required. We can at any time deliver blank typewriter paper, second sheets, book stock in hand, and we supply any form of special loose leaf or other blanks as quickly and as cheaply as they can be secured elsewhere. The facilities of The Observer Newspapers printing plant are not excelled in the province, being quite equal to the best equipped city offices. The most expert craftsmen we can secure are employed and the enterprise needs your patronage and we will lend our best effort to satisfy every customer in quality, service and price. Orders sent by mail will be filled promptly and at just as low a price as if we gave competitive figures—and if you must have an order filled in a great rush we will never take advantage of your necessity. The regular customer, the "stayer", gets our best prices. We try to fill every order so that we may hope for the next one with reasonable assurance. The Observer Newspapers Ltd., Hartland, N.B.

BACK ACHED TERRIBLY

Mrs. McMahon Tells How She Found Relief by Taking Lydia E. Pinkham's Vegetable Compound

Chatham, Ont.—"I took Lydia E. Pinkham's Vegetable Compound for a run-down condition after the birth of my baby boy. I had terrible pains and backache, and was tired and weak, not fit to do my work and care for my three little children. One day I received your little book and read it, and began taking the medicine. I had and gave up taking the medicine. I feel much better now and am not ashamed to tell what it has done for me. I recommend it to any woman I think feels as I do."

—Mrs. J. R. McMahon, 163 Harvey St., Chatham, Ont.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has for nearly fifty years been restoring sick, ailing women to health and strength. It relieves the troubles which cause such symptoms as backache, painful periods, irregularities, tired, worn-out feelings and nervousness. This is shown again and again by such letters as Mrs. McMahon writes, as well as by one woman telling another. These women know and are willing to tell others, what it did for them; therefore, it is surely worth your trial.

Women who suffer should write to the Lydia E. Pinkham Medicine Co., C. O. Jurg, Ontario, for a free copy of Lydia E. Pinkham's Private Text-Book, upon "Ailments Peculiar to Women."

RETAIL MERCHANTS ORGANIZE

(Edmundston Observer) A meeting of the retail merchants of Edmundston was held in the Town office on Wednesday evening, the Hon. L. A. Dugal in the chair.

Miss F. P. Alward, the Provincial Secretary of the Retail Merchants Association, addressed the meeting and spoke of the advantage to the merchant of the association she represented, the value of organizing, and of the fact that the Retail Merchants Association was not only a Provincial organization but was Dominion wide.

There was some discussion concerning the problems facing the merchant of Edmundston at the present time, and it was considered that an organization such as the Retail Merchants Association would be a means of helping all the merchants in these days of depression. One merchant present said that whilst he believed that it was a good thing to have an organization such as was proposed, yet he did not think that it was of any use in Edmundston as the people would not take enough interest in it to come to the meetings. He cited the Board of Trade, an organization which last year was in a flourishing condition and meetings held regularly, but which this year has lacked interest owing to an absence of meetings. He spoke of the fact that there had not been a meeting of the Board of Trade for months, despite the fact that he had requested the Secretary several times to call one. Other speakers spoke along the same line, and the Board of Trade was quite harshly criticised. The Chairman pointed out that this was a different thing en-

BURSARIES AWARDED

Items of Interest in Connection With the Educational Work of the I. O. D. E.

In order to perpetuate the memory of the men and women who gave their lives in defence of the Empire in the Great War, the Imperial Order of the Daughters of the Empire has inaugurated a War Memorial which should be of great educational value to the youth of Canada. It includes Bursaries in Canadian Universities, Overseas Post-Graduate Scholarships, and the placing of historical pictures in schools.

The winner of the Canadian Bursarie in New Brunswick this year is Ralph H. McKee of Fredericton, son of Lance Corporal G. H. McKee of the 26th New Brunswick battalion, who died in active service in 1915. Mr. McKee has attended the High School in Fredericton, where his record is good. He is taking an Arts Course in the U. N. E.

As there was no candidate in P.E.I. this bursarie was awarded to Chas. M. Jones of Dalhousie, son of Major Jones of the 132nd battalion, C.E.F. Mr. Jones has attended the Superior School at Dalhousie and the Grammar school at Campbellton and is now taking two years in Medicine at McGill University.

The announcement of the Sarah Maxwell prize competition for the best essay on "Heroism" was sent out in January to the Capital Cities of the Provinces. The winners this year were Nona Bjornstaf of Victoria and Malcolm Ross of Fredericton.

Applications are now open for the overseas post-graduate scholarship, particulars of which can be obtained from the Provincial Educational Secretary, and also for a short story and one act play competition, prizes for which were last year awarded to Beatrice Redpath of Toronto and G. E. Clough of Virden, Manitoba. This competition is for prizes of \$200 and \$100 respectively and it is a matter of regret that fewer have competed from New Brunswick than the other Provinces.

Twenty-seven sets of the War Memorial pictures have already been framed and placed in schools, leaving sixteen sets that can be obtained on application to the Educational Secretary.

MARVELLOUS VALUE

"The Wonderful Heroine" is the title of a beautiful picture which is being given free to subscribers of the Family Herald and Weekly Star of Montreal. The picture is 18 x 24 inches in size and the coloring is said to be perfect.

When one stops to think that two dollars secures the Family Herald and Weekly Star for a whole year (52 issues) including this beautiful and inspiring picture, one wonders how it is done. Each subscriber, new or renewal, will receive the picture, provided he acts quickly.

The amazing life story of "The Wonderful Heroine" has been printed in pamphlet form and a copy may be obtained free by sending a post card addressed to the Family Herald and Weekly Star, Montreal.

Sewing Circle Gossip

There was some discussion at the circle this week as to the length of time it takes to "brew a good cup" of tea. Some members said "four minutes," others said "six," but one speaker, a bride, said that she would tell the world she wasn't interested "as to whether it took four or six." She then announced that at her house they drank nothing but LUKOR ORIENTAL COFFEE and would not look at any other beverage.

tirely from the Board of Trade, and the question was, should they organize as merchants of the town of Edmundston or not? Miss Alward spoke again and promised that if a Branch was established here that it would not die. The meeting was impressed with the arguments of Miss Alward and it was unanimously resolved to organize immediately. The following officers were then elected: President, Hon. L. A. Dugal; 1st Vice-President, R. W. Hammond; 2nd Vice-President, Alphonse Michaud; Secretary, Herbert Lajoie; Treasurer, Isaac Kasser. It was decided to hold monthly meetings on the first Monday of the month in the town office.

God Save the King.

The entertainment was of the highest order, the personation of some of Charles Dickens' works as given by the Rev. H. C. Suter of Fort Fairfield will long be remembered by the people of Andover and Perth. In his recital of "Grandfather and Little Nell" and "Squeers Opens School," his impersonations were perfect, the depth of feeling and pathos that was rendered in "Little Nell" brought tears to the eyes of many, the personation was so perfect that one could almost see the invisible shoes of Little Nell as pointed out by the performer. It is safe to say that Mr. Suter is the finest impersonator that has ever delighted an Andover-Perth audience. His selections on the guitar, bells, zylophone and his vocal solo was highly appreciated. Miss Winnifred Fyche with her beautiful singing won the hearts of all. The duet given by Miss Fyche and Mr. Suter "Let the Rest of the World Go By," with guitar and piano accompaniment is worthy of special mention. Mrs. Suter's readings were heartily enjoyed and she responded in a pleasing manner. Rev. Earle Fyche presided at the piano and showed by his beautiful playing that he is a master of the ivories. All hope to have the pleasure of hearing these talented people again at an early date.

It Pays to Advertise!

The remarkable success with which the Dominion Government floated its recent loan of \$172,000,000 abundantly proves two things—two things that hold true in Carleton County and throughout the Dominion. First, it proves that it DOES PAY TO ADVERTISE. It was advertising that put the loan over. Had there been no advertising the people of Canada would not yet know that a new issue of Dominion Bonds was on the market. And the advertising was done chiefly through the newspapers, The Observer being among the number of mediums used. Ads ordered by the Government and by local bond dealers to run three weeks in The Observer were cancelled after the first issue for the reason that the full allotment of bonds WAS SOLD—sold through newspaper advertising, backed up, of course, by good salesmanship. All successful advertising offers good value in the things people want to buy, and it must be backed up by good selling force when the advertising has brought buyer and seller together.

If you have goods to sell and want to get into intimate touch with the buyers, you can best do it in Carleton County by advertising in The Observer with its 2850 circulation, 90 per cent. of which is distributed in the territory embracing Woodstock north to the county line.

The other thing that the tremendously successful advertising of the Dominion Loan proves is that THE PEOPLE STILL HAVE MONEY! Surprising it is, but it is true.

The Government issued Bonds for \$172,000,000 and it was anticipated that the whole month of October would be required to dispose of them. But BEFORE the bonds were on the market sales of \$72,000,000 had been assured and before the first week of October had elapsed the issue was over-subscribed to the tune of \$200,000,000! Money in the country? You just bet there is. And buying the bonds didn't send any of it out. All the money is here in Canada yet, ready to make its useful rounds again and again.

Money in Carleton county? Local bond dealers were amazed at the flow of it when the people were offered a good thing—when they were offered a good thing by good newspaper advertising.

Mr. Merchant, there is money in Carleton county for YOU. The good people have simply got over their wild orgy of free spending; they have learned caution. Shave your prices a bit, offer the people real value in the things they want and COAX THEM OUT OF THE BLUES.
