Tory Tactics.

How They Expect to Defeat the
Evicted Tenants' Bill.

Characteristic Letter From Britain's
Grand Old Man.

Recurrence of Severe Earthquakes at
Constantinople.

Thirteen Persons Working in a Field
Killed by Lightning—Rapid
Spread of the Cholera in
St. Petersburg.

Thirteen Persons Killed by Light-
ning.

BERLIN, July 15.—Thirteen men and
women who were working in a field at
Babel, near Schwet, West Prussia, were
killed by lightning.

The Black Plague—1,750 Victims.

Up to June 15 the number of deaths from
the black plague in Hong Kong was 1,789.
Two American ladies who endeavored to
relieve those suffering by the plague in
Canton were set upon by the natives on
June 10 and badly treated.

Albert Edward George Nicholas.

LONDON, July 15.—The Archbishop of
Canterbury and the bishops of Winchester
and Rochester will officiate at the baptism
of the Duke of York's son at the White
Lodge on Monday. The Queen will be
present. The small boy's name is to be
Albert Edward George Nicholas.

Constantinople Rattled Again.

CONSTANTINOPLE, July 15.—The city was
shaken yesterday by another earthquake,
which, though not severe, was sufficient to
throw down many buildings that had been
weakened by previous shocks. Many more
persons, it is feared, were killed or injured.
The number of deaths certainly exceeds
200 and the loss of property is immense.

Minnie Palmer's Divorce Case.

LONDON, July 15.—In the divorce
division of the High Court of Justice yester-
day arguments were heard in behalf of
Minnie Palmer, the actress, in her hus-
band's suit for divorce. The basis of
arguments was that the court was not en-
titled to hear the petition of Miss Palmer's
husband, John R. Rogers, because both
parties to the action were American citizens.

Cholera in St. Petersburg.

ST. PETERSBURG, July 14.—Fifty deaths
from cholera and 171 fresh cases were re-
ported in this city Friday. There are 460
cases in the hospitals. The disease is more
severe than it was in 1893.

The cholera continues to spread with
alarming rapidity. Yesterday 218 fresh
cases and 69 deaths were reported. From
July 8 to today noon 875 cases and 294
deaths have been reported.

The G. O. M.'s Kind Words.

LONDON, July 15.—Mr. Gladstone has
addressed a letter, pathetic in tone, to Sir
George Russell, M.P., on the occasion of
the death of the latter's husband, Lord
Charles Russell. He says:

"I have seen, with the eyes of others, an
account of the death of your father, or shall
I say that I have seen that in the gathering
your father has placed his treasure where
neither moth nor rust can corrupt it, and
has also placed his dependence where it
will never fail. With growing years we
feel more and more that death alone integrates
us. I am going to Pittsburgh, Scotland,
hoping to return and hoping to resume, if it
please God, the great gift of working with
the strength of my vision."

Doubtful Utility of the Ottawa Con-
ference.

LONDON, July 14.—The colonial agents
general in London are not enthusiastic over
the results of the Intercolonial Conference
in Ottawa. The policy of an united empire
trade league is one of the crude and doubt-
ful. The officials of the Colonial Office also
are incredulous as to the possibility of an
effective imposing of differential duties on
British and colonial goods throughout the
United Kingdom. If the policy were
adopted the customs staff at all ports would
require to be quadrupled, and buildings
would have to be extended at an immense
cost. The league policy would also greatly
embarrass the Foreign Office in maintain-
ing commercial treaties with foreign coun-
tries. On the whole, the chances of the
colonial legislatures accepting the sugges-
tions of the Ottawa Conference are con-
sidered remote.

The British Tory Programme.

LONDON, July 15.—On Thursday next
Mr. John Morley, Chief Secretary for Ire-
land, will move the second reading of the
Evicted Tenants' Bill in the House of Com-
mons. Neither Mr. Chamberlain nor Mr.
Balfour has the courage to lead the Op-
position against this bill, but between them
they have drafted an amendment which
some Conservative member little known
will introduce, to the effect that in view
of the fact that important English legisla-
tion has been so long delayed it is unde-
sirable at so late a period in the session
to press forward any measure
drafted in the interest of an undeserv-
ing class. After this amendment
is defeated, as it certainly will be, a
measure will be proposed in committee at
the instigation of Mr. Balfour, providing
that the operation of the clauses relating
to compensation be voluntary, otherwise
landlords shall have the power to do what
they may please with the claims of tenants.
After the landlords' proposal of Mr.
Balfour has been rejected by the House of
Commons, as of course it will be, interest
in the struggle will be transferred to the
House of Lords, where Lord Salisbury will
assent to the second reading of the bill,
under his direction it will be so multi-
plied in committee as to make it impossible
for the House of Commons to accept it on
its return to that body. Finally, it is
expected the Government will be compelled
to abandon the bill because of its incon-
gruity. These Conservative tactics have
not the merit either of skill or originality
and in all probability will not divert the

odium of the rejection of the bill from
Unionist leaders, upon whom the Tories
have been hopeful of fastening it, and at the
same time the determination of the
Radicals to take advantage of the oppor-
tunity to prod the House of Lords will be
intensified.

Sir William Harcourt promises to make
a full statement of the programme of the
Government for the remainder of the
session after the House of Commons has
completed its consideration of the budget.
This will probably be done on Tuesday.

Killed by a Sentry.

TOULON, July 16.—A sentry posted on
the outer works of the Toulon arsenal
observed a strange man loitering near the
works this morning. The sentry challenged
the intruder, who made no reply, where-
upon the sentry fired, killing him instantly.
The police say the man was an Anarchist.
The Strike Viewed from England.

LONDON, July 16.—The Times says, in a
leader in the A. R. U., "Debs and his
coadjutors have done as much to harm the
industries of America in a week as the
Confederate armies did in months. In
fact, this has been a foretaste of such a
strike as Debs, the German Socialist, must
desire to see. It was something akin to the
bomb of the political assassin. Mischief for
mischief's sake, the destruction of capital
even if no good results, were to follow on
the attempt to disorganize and demoralize
industry."

DROWNINGS.

A Youth Loses His Life at Port Dover—
Two Other Victims.

PORT DOROVER, Ont., July 15.—The
body of Albert Walker, 17 years of age,
who was drowned at Port Dover yesterday
this morning from the steamer City of
Owen Sound, arrived here this evening,
and was taken to Humberstone.

CHARLOTTETOWN, P. E. I., July 15.—
Two Philadelphia, Mr. Sheldrake,
aged 19, and Miss Wilcox, aged 40, were
drowned while bathing near Houston Hotel,
Brackley Point.

C. E. CONVENTION.

The Great Gathering Closes With a Wave
of Enthusiasm.

CLEVELAND, Ohio, July 15.—The thir-
teenth annual convention of the Society of
Christian Endeavor closed to-night in a
wave of Christian enthusiasm.

It has been the greatest convention ever
held by the society both in point of num-
bers and in the interest manifested in its
meetings.

The total registration reached 40,000, of
which 18,790 came from points outside
Ohio.

Among the movements started at the
gathering are plans for a world-wide union
of Christian Endeavor and for systematic
missionary extension.

FIGHTING AT CORN ISLAND.

Encounter Between British Subjects and
Nicaraguan Troops.

COLON, July 15.—Advices received here
from Corn Island, the spot which is said to
have been so much coveted by England, say
that a serious encounter has taken place
there between the British subjects resident
on the island and the Nicaraguan troops.
The British, it is added, defeated the Ni-
caraguan soldiers and caused the Governor
of Corn Island to fly to the forest for refuge.
The British, it also appears, seized upon the
Nicaraguan Government offices and upon the
Nicaraguan flags. This so enraged the
natives that they sought for and obtained
arms and succeeded in restoring the Govern-
ment. Several were wounded on both sides
in the encounter, which have taken place.
Marital law has been proclaimed at Corn
Island.

CONCISE CULLINGS.

The United States cruiser Minneapolis
has made 23 knots an hour, surpassing
all records.

Geo. E. Graham, the founder of
"Graham's Magazine," at Orange, N. Y.,
died Friday afternoon.

The Cork corporation has resolved to
urge the Dublin municipal authorities to
appoint O'Donovan Rossa marshal, and
thus reward him for his services to Ireland.

Edward Baker and his 17-year-old son
were hoeing corn near West Rochester
Friday evening when a storm came up,
and ran under a tree for shelter. Light-
ning killed both instantly.

The American Line steamships have re-
duced the rate of steerage passage from
London, Liverpool and Queenstown to
any of the American ports of the company
to 38 shillings, including outfit.

Joseph Jefferson's niece, Miss Hester
Wentworth and Archibald Brown, a well-
known business man of Chicago, were
married on Saturday at Crow's Nest,
Burrard's Bay, Mass. Mrs. Cleveland was
present.

BLAZES.

CLINTON, Ont., July 15.—Fire yesterday
morning destroyed Jacob Miller's machine
and blacksmith shop and several stables and
outbuildings. Some stock and furniture
were damaged. Mr. Miller is the heaviest
loser—building and machinery all lost—
over \$2,000, besides his books. Other losses
small.

Chicago Quiet.

Although It Is Claimed the Strike Is
Still On.

Chief Arthur's Reply to a Per-
tinent Query.

Counting the Cost of the Strike—Rail-
way Companies Lose \$5,000,000
to \$8,000,000—A Number of
Fatalities.

CHICAGO, July 15.—This was the quiet-
est day in the history of the railroad
strike, admitting the claims of President
Debs and his colleagues that the strike is in
force and effect as much as ever. The lead-
ers of the American Railway Union devoted
today mainly to encouraging their followers
to stand firm, and appealing to those not in
the ranks of the strikers to join in the
movement. The railroad men, employed
and unemployed, attended the meetings in
large numbers, and there was no lack of
enthusiasm. The confidence of men who
are out in the ability of the A. R. U., and
executive officers to win the strike, and
their faithfulness to the cause of rank and
file, does not appear to have waned in the
least.

A brief and unimportant meeting of the
executive board was held at Uhlich Hall,
headquarters, in the morning. There was an
off day at headquarters and only a few com-
mittees reported. They claimed accessions
to the ranks of the strikers, and many new
members enrolled who were at work but
could be relied on to go out when ordered.

In the afternoon the strikers of the
Stock Yards district gathered over 1,000
strong at Forth-seventh street and Hal-
stead to hear President Debs. Many work-
ingmen who are not strikers were also
present, and shouted their sympathy for the
A. R. U. and approval of the decision not
to declare the strike off.

The biggest mass meeting of the day was
held at Bricklayers' Hall, on the west side,
Mr. Debs being the chief attraction.

The army of state and national troops,
the deputy marshals of the United States
and the city troops had little to do today.
The telegrams received by the railway
union officers from their organizers and
strike leaders in the Western States indi-
cated that there was more of a railroad
strike on the transcontinental lines outside
Chicago than here, and the strength of the
union is expected to be concentrated at
those points.

THE LABOR CONFERENCE.

At yesterday's A. R. U. conference in
addition to the members of the board
there were present General Master Work-
man Sovereign, of the K. of L. J. D.
Stevens, of East St. Louis, Ill., and F. H.
Koenig, of Kansas City, executive
officers of the Brotherhood of Railroad
Trackmen. All of the affiliating
orders agree to go out on strike and to
stand by the A. R. U. in its strike to the
end. It was resolved that in view of the
rejection by the General Managers' Asso-
ciation of the proposition of peace that a
number of all the forces at once be had and
the strike vigorously prosecuted without
regard to time or consequences.

A PERTINENT QUESTION.

The meeting authorized President Debs
to send a dispatch to Chief Arthur, of the
Brotherhood of Locomotive Engineers, ask-
ing him if it was true that he was supply-
ing tools to take the places of striking
engineers.

ARTHUR'S REPLY.

CLEVELAND, Ohio, July 15.—Chief P. M.
Arthur of the Brotherhood of Locomotive
Engineers sent the following answer to the
telegram of President Debs of the Ameri-
can Railway Union:

"To Eugene V. Debs, president A. R. U.,
Chicago: I have advised members of the
Brotherhood of Locomotive Engineers when
called up to attend strictly to their busi-
ness as engineers and to be ready to
run their engines whenever
it could be done with safety,
regardless of those whom the companies
employed to fire the engines. I have not
issued any letters of recommendation for
members of B. of L. E. to take the places
of strikers. I have advised members of
the B. of L. E. that they were at liberty to
take the places of any of the members of
the brotherhood who had quit contrary to
the laws of the brotherhood, but not to
take the places of any of the members of
the American Railway Union who had quit
by orders of that organization.

(Signed) P. M. ARTHUR.
THE K. of L. POSITION.

When General Master Workman Sover-
eign, of the K. of L., came from the con-
ference of the labor leaders yesterday he
was asked what his order had decided to
do. He said: "It was decided that we
should do all in our power to help the
strike, but that no Knights should be
ordered out who are so far removed from
the scene of battle that their coming out
would serve no purpose. Just who will be
ordered out must be discussed.

COUNTING THE COST.

CHICAGO, Ill., July 15.—The total cost
to the railroad companies by the strike is
estimated at from \$5,000,000 to \$8,000,000.
Counsel for many of the railroads are
already at work drawing up claims for
damages from the county of Cook and city
of Chicago.

The losses of produce dealers and com-
mission men will foot up \$1,500,000. The
effect on the California fruit trade has been
most disastrous. The first car of Cali-
fornia fruit to move eastward in twelve
days started yesterday. A vast amount of
perishable freight spoiled en route.
While the list of casualties chargeable
to the strike and consequent riots is not so
extensive as a casual readers of newspapers
would suppose, the number of victims is
large enough to make a very
serious showing. In Chicago, eight
and indirectly ten lives were lost, and the
wounded, as far as reported, number 41.
The two railroad accidents that occurred
are probably chargeable to incompetency
of green men employed to take the places
of strikers, by which two lives were lost
and four persons injured. At least nine,
and probably ten, lives have been lost
throughout the west outside of Chicago.

KEEPING IT UP.

The decision of the American Federation
of Labor that no support would be given
the A. R. U. strike was annulled so far as
the local trades unions are concerned by
meetings held this afternoon and evening.
The Trades and Labor Assembly, which

controls all labor organizations in Cook
county affiliated with the Federation,
together with several other outside organi-
zations, resolved to support the American
Railway Union under all circumstances,
though a strike at present is not deemed
advisable.

NOTES.

Mr. Debs made a speech Friday night to
500 strikers in Chicago. He said: "The
only thing now remains for us to accom-
plish is to get you boys back at work."

Strike leaders at Chicago say the strike
is still on, and that war against corpora-
tions will be waged to the bitter end.
President Cleveland's decision to appoint
a commission to investigate the strike is
universally approved in Washington.

The Chicago Building Trades Council, an
organization representing 25,000 Chicago
workmen, has rescinded the order calling
out its members.

The strike is ended as far as Salt Lake
City and Ogden are concerned.
At West Superior, Wis., the attempt to
arbitrate the differences between the Coal
Managers' Association and the striking
dockmen has failed. Nearly 50 boats are
now in the harbor waiting to load.

Quiet prevails at Sacramento, Oakland
and Los Angeles this morning.
The Northern Pacific strike situation at
Fargo is more complicated tonight than for
the past week. The members of the
Switchmen's Mutual Aid Society who had
returned to work, all struck at 7 o'clock.

In Parliament.

The Dillon Divorce Bill Bobs Up
Again.

Doubtful Advantages of the So-Called
"Fast Atlantic Service."

Concessions Asked by the C. P. R. Com-
pany—\$5,000,000 More of Dominion
Paper Money To Be Floated.

(Special to the ADVERTISER.)

OTTAWA, July 14.—In the House to-day
the Dillon divorce bill was again reported
from the private bills committee without
amendment.

In reply to Mr. Laurier, Mr. Thompson
stated that the published report that the
revision of the voters' lists was proceeding
in Montreal could not be correct, as in-
structions had been issued not to proceed
with the revision until the decision of Par-
liament on the amendment to the Franchise
Act was known.

Mr. Laurier asked why Mr. Speaker had
not issued his warrant for a writ for the
election in Quebec West.

Mr. Speaker replied that he had not been
notified of the vacancy.

Mr. Laurier reminded him of the
Premier's announcement in the House of
Mr. Hearn's death.

Mr. Speaker decided that this was not a
compliance with the statute, which required
that a member should rise in his place and
inform Mr. Speaker of the vacancy.

"Well then, Mr. Speaker, I beg to in-
form you now of the vacancy of the late
member for Quebec west," said Mr.
Laurier.

In committee on the fast Atlantic ser-
vice the Premier stated that the steamers
would not proceed across from England to
France, but connection would be established
by a cross line.

Mr. Foster stated that goods sent in this
way to France would be subject to the sur-
taxe d'entrepot; also that an average speed
of eighteen knots only would be required.
The Opposition elicited these facts after
a cross-examination of an hour and a half.
Complaint was made that information was
lacking.

Mr. McCarthy pointed out that goods
going into France via this line under the
French treaty would be subject to the sur-
taxe d'entrepot. This was admitted. After
some considerable discussion the bill was
reported from committee and stands for a
third reading.

After recess, on motion of Mr. Haggart,
the House went into committee on a resolu-
tion to enable the C. P. R. to obtain a draw-
back of duty on iron and steel imported for
use in building bridges to replace wooden
bridges on the main line of the C. P. R.

Mr. Haggart explained that these tem-
porary structures of wood were put in in
order to open the road in 1885.

Sir John Thompson said it was really an
extension of the contract, made necessary
by reason of the contract having been de-
clared in 1885 by order in council com-
pleted.

Mr. D'Alton McCarthy strongly opposed
the resolution. He looked upon it sub-
stantially as a change in the contract. The
C. P. R. was entitled to certain subsidies
on completion of their road, and drew these
subsidies on representing to the Govern-
ment that the road was completed. Now
they say it never was completed in point
of fact, and they were going on to com-
plete it.

Mr. Charlton said this proposal was to
enable the company to carry on repairs. In
the course of his remarks Mr. Charlton re-
ferred to Mr. Van Horne as the Napoleon
of railway managers, not only of this con-
tinent, but of the world.

The resolution passed the committee, and
a bill founded on it will be introduced to-
morrow.

The resolution raising the limit of the
Dominion note issue from \$20,000,000 to
\$25,000,000 was passed through committee
without debate.

A discussion arose on the resolution
authorizing the C. P. R. to select their land
in one block between Medicine Hat and
Crowfoot Crossing. Mr. Daly explained
that the company desired to irrigate this
section, and they could not obtain the full
benefit if the Government had the even-
numbered sections.

The committee reported progress and the
House adjourned at 11 o'clock.

Mr. Haggart will tomorrow move railway
resolutions granting cash subsidies amount-
ing to \$1,500,000 to various roads. They
are all revotes of lapsed or partly paid sub-
sidies of former years, but with new con-
ditions on payment in some cases.

The Tidoumou, Lake Erie and Pacific
get \$51,200 for sixteen miles between Port
Burwell and Tisonburg.

To the Brantford, Waterloo and Lake
Erie, for eighteen miles from Brantford to
Hagersville or Waterloo or some inter-
mediate point on the Canada Southern, an
unpaid balance of \$4,750.

To St. Catharines and Niagara Central
Railway, from St. Catharines to Hamilton,
\$108,000.

FIGHT WITH A SHARK.

Capt. Oakley Sent Spinning from His Boat by a Single Blow.

PATCOQUE, L. I., July 15.—Capt. John Oakley, of Sayville, has a lively experience with a big shark, which had been swimming around the end of the dock the other afternoon.

The captain, who is an old fisherman, thought he would go out and give the shark a tussle, just to amuse the crowd of summer guests, who were lounging about. He went out in a good sized boat.

When within striking distance he hit the fish on the head with an oar. The shark did not swim off, as is usual when pursued, but started in to upset Oakley's boat. It did not succeed, and, swimming away a distance from the boat, headed for it. In an effort to strike the shark missed his calculations and landed flat in the bottom of the boat.

Capt. Oakley was struck on the right thigh by a blow from the shark's tail and sent spinning into the water. Assistance arrived, and, after taking Oakley from the water, the men set upon the shark with oars and boat hooks. It now lies on the beach.

How Many Buras Statues Are There?

Referring to an article in a recent issue, we have a record of the following statues, etc., erected in memory of the poet in various parts of the world. We have heard that statues have been erected, or are in course of erection, at Ballarat and Dundee, but have no data regarding them. Chicago, Philadelphia and San Francisco contemplate the erection of statues, and Paisley is pushing matters in that direction. The Belfast memorial consists of a bronze statue in the public library, secured through the instrumentality of Mr. James Dewar, a Scot, the honorary secretary of the Belfast Burns Club.

ANNUAL OUTING

Of "Advertiser" Attaches and Their Friends at Sarnia.

Beautiful Weather and a Pleasant Time—How the Excursionists Enjoyed Themselves.

The ADVERTISER picnic to Sarnia on Saturday was the same successful and popular outing that it has been in years gone by. Newspaper picnics are not frequent as Government holidays and when a newspaper closes down to go on a lark there is bound to be some fun, even if the printers and staff have to work all the night before to get there. At 8:30 the ADVERTISER special left the G. T. R. station here. The train consisted of nine coaches, and the engine was gaily decorated with flags and evergreens. The ADVERTISER banners covered the cars on both sides, and all told about 500 went down to the "Tunnel City."

AT BAYVIEW PARK. The run was made in good time, and the train, after allowing passengers who wished to disembark at the city station, continued its way on to Bayview Park. Here a jolly time was spent in full view of the beautiful river panorama. A programme of sports was carried out and resulted as follows:

Married men's race—W. H. Taliaferro 1, F. Plant 2.

Single men's race—W. Waters 1, Ed. Hayden 2.

Apprentice's race—H. Dyson 1, H. Chapman 2.

Three-legged race—W. H. Taliaferro and Ed. Hayden 1, W. Waters and H. Chapman 2.

Jockey race—Chas. Anderson and H. Dyson 1, W. H. Taliaferro and Ed. Hayden 2.

Running hop step and jump—H. Chapman 1, W. H. Taliaferro 2.

Running long jump—H. Chapman 1, W. H. Taliaferro 2.

Boys' race—E. Southcott 1, E. Manne 2.

Race for a silver composing stick presented by A. Fleming and a special prize—W. Waters 1, H. Chapman 2.

Boys' race—Charles Williams 1, Frankie Plant 2.

Mr. J. D. Clarke and J. W. Jones acted as judges.

VARIOUS AVENUES OF PLEASURE.

While all this was going on the crowd had begun to scatter. The afternoon boat for Detroit attracted some, and many were on fishing bent. At 2:30 the steamer Hiawatha took a boat load for a three-hour cruise on Lake Huron and down the St. Clair below the city. After this there was a trip through the tunnel for those who wished to enjoy that novel experience, and the last attraction, but by no means the least, was an evening band concert on the ferry Omar D. Conger.

IN THE EVENING.

There was a light shower during the evening, but it caused no noticeable discomfort. The weather was cool and delightful all day. The return trip was commenced on the arrival of the 10 o'clock boat from Detroit, and the weary picnicers arrived home about midnight.

NOTES.

Port Huron attracted a goodly number of the excursionists. The committee consisted of John Cameron, president; C. H. Fewings, chairman; Hugh McPherson, vice-chairman; Atwell Fleming, treasurer; Frank Adams, secretary; W. M. Wright, Melville W. Rossie, W. H. Taliaferro, Ed. Hayden, Harry Archer, George Elliott, J. M. Symonds, Jas. T. Archer.

The following dispatch was received by J. S. Symington, of Sarnia, from M. C. Dickson, Toronto, district passenger agent of the G. T. R.: "Say to the ADVERTISER people that I hope they will have a pleasant visit to the Saratoga of the west."

The train crew included: Chas. Brander, engineer; Geo. Mahon, fireman; W. Taylor, conductor; W. Wallace and T. White, brakemen. They looked after the comfort of the excursionists faithfully.

The success of the picnic was in no small measure due to the management of Mr. J. S. Symington, of Sarnia. One of the chief features of an excursion is the comfort which passengers derive from the way in which matters have to be arranged. The committee have to express their heartfelt thanks for the well-directed and untiring efforts of Mr. Symington for the comfort and pleasure of the excursionists. While at Sarnia, and during the entire day he was endeavoring to make the holiday thoroughly enjoyable for everyone.

Several people got on the train at Hyde Park, Komoka and Stratford.

C. W. Graves, traveling passenger agent of the Grand Trunk, accompanied the excursionists and gave the committee many good suggestions. Mr. Graves is a popular official with the public. Everyone knows him, and all have a good word to say for the energetic way in which he looks after his department.

Mr. Harry Gorman, at one time city editor of the ADVERTISER, and now publisher of the Observer, and Col. Elliott, of Sarnia, met the train at the Sarnia Tunnel depot. The former was kept busy greeting many of his old-time London friends during the day.

J. J. Skeffington, another former ADVERTISER employee, was also there to shake hands with those who were connected with this establishment when he was employed here.

Huron Beach was visited by several excursionists. The summer cottage here is the beach for nearly a mile. Although it is very sandy the place is quiet and comfortable. The electric railway runs along the road the entire distance.

"Around the World" was very well patronized. Several can now say they were through the renowned Sarnia tunnel.

The Sarnia ferry boats were well patronized by the excursionists during the day, and at night they were even more crowded by those riding to and fro between Port Huron and the Tunnel Town.

All along the line crowds of Sarnia people turned out to gaze at the decorated engine and train as it passed along.

Worth Ten Dollars a Bottle.

Any person who has used Polson's Nerveine, the great pain cure, would not be without it if it cost \$10 a bottle. A good thing is worth its weight in gold, and Nerveine is the best remedy in the world for all kinds of pain. GENERAL WOLFE'S SWORD.

A Precious Historical Relic—For Sale in England.

Mr. Henry J. Morgan, of Ottawa, has been informed by Messrs. Southey, Wilkinson & Hodge, 13 Wellington street, Strand, London, England, that the sword carried by General Wolfe at the taking of Quebec is to be sold by auction. One of the owners of this interesting weapon was a citizen of Ottawa, the late Mr. Stewart Derbishire, for many years Queen's printer, and who had previously represented Bytown in the Legislative Assembly of Canada. Mr. Derbishire gave it to Major, afterwards Lieutenant-Colonel Dunn, of the One Hundredth Regiment, on his departure from Canada in 1858. Major Dunn, it will be remembered, was at Batala and won the Victoria Cross for bravery, being the "bravest of the brave" among the famous 600. He was a native Canadian. On his death, in 1868, it passed to his brother-in-law, Mr. Thurlow Dowling, of the War Office, whose son now offers, for private reasons, to dispose of it. During the London exhibition of 1862, we are informed by an article in Good Words, that the sword was displayed in the Canadian department, "where it was examined by thousands with that tender respect which everything connected with the young hero who fell on the Plains of Abraham ought ever to excite." It was surrounded by a scroll, with an Imperial crown, having the inscription, "Sword of General Wolfe, who fell at Quebec, Sept. 13, 1759." In a letter written to Mr. Morgan, Colonel Dowling, the present possessor, relates that the hilt of the sword, which possesses a three-cornered blade, is of silver.

Already the dealers have received several offers for the purchase of the relic. Among these is one from a well-known New York collector—so that the bright and animating weapon once wielded by the all-conquering arm of the hero of Louisbourg and Quebec stands a chance of finding a resting-place among the curiosities of Barnum's museum. We trust, however, that no such unhappy fate is in store for it; but that following the excellent example of the Marquis of Lorne, with Montgomery's sword, at one time held by a Quebecker, but which through his Lordship's influence, was graciously restored to the people and country of the famous Irish-American, Wolfe's sword, together with the hilt of the equally heroic Montcalm, if in existence, may be acquired by the nation and held for all time.—[Ottawa Citizen.]

THE STEWART CASE.

Mr. Stewart Pays a Visit to Pictou—Congratulated by His Many Friends on His Restoration to Health.

Pictou, N. S., July 16.—Good news sometimes travels as fast as bad news, which is proverbially fast. Many people here knew that Mr. Allan Stewart, of Springfield, P. E. I., had been for many years afflicted with kidney disease and gravel. It was known, too, that last year he was so bad that public opinion put him down as likely to die soon. Mr. Stewart fooled public opinion, though, for he began using Dodd's Kidney Pills, and ten boxes of them completely cured him. When he paid a flying visit to this city a few days ago he received many hearty congratulations on his restoration to health and improved appearance. Dodd's Kidney Pills have never yet failed to cure in this part of the Dominion.

Gods in his heaven,
All's right with the world.
—BROWNING.

If you trust in God and yourself you can surmount every obstacle. Do not yield to restless anxiety. One must not always be asking what may happen to one in life, but one must advance fearlessly and bravely.
—[PRINCE BISMARCK.]

—Only those communications to which the writers are willing to have their names appended in print will be published in these columns. Neither the writing nor the publication of anonymous letters can be justified.

—Striking for more money does not seem to meet with success in times of trade depression.

—A hungry family is a powerful incentive to toil. Hence the anxiety of the poor Pullman workmen to get back to business again, even at a reduction of pay.

—Why do so many Detroiters consent to live in the marshes of St. Clair Flats when ten miles up the river they could obtain splendidly shaded bluffs on either side of the stream. Living upon stilted houses, among miasma-producing reeds, cannot be healthy.

—Capital punishment would be too good for the scoundrels who removed the bolts from the G. T. R. rails in Michigan and caused the wreck of an express. If they are caught, no ordinary severity should characterize the punishment meted out to them.

—It is apparent that the Dominion Government desires to keep Quebec West vacant as long as possible. The Ministers fear the issue. They had to be reminded by Hon. Mr. Laurier that Hon. John Hearns, the late Conservative M.P., had been dead many weeks before they would instruct the proper officer to arrange for a new election.

—The Toronto Star points out that, despite the fact that the four Conservative candidates were elected in Toronto in the recent Provincial elections, two-fifths of the electors polled their votes for the unsuccessful Liberal candidates for that city. Our contemporary does not think this fair representation. The Toronto Liberals should have at least one member to represent them. Can our system, both Dominion and Provincial, not be improved?

—Tariff reform is undoubtedly progressing in the United States, though not as fast as believers in trade freedom would like. The New York Post asserts that though the new tariff bill, as it passed the Senate—and it has since been improved in conference of the two Houses—was only a partial reform measure, it would have been considered by tariff reformers a few years ago as too good to be possible. The world moves and our neighbors are being taught in the school of experience that it is not possible to tax any man rich.

—This is indeed the silly season, or why should eight United States Senators place their names to a document bearing the following statement?

UNITED STATES SENATE, WASHINGTON, D. C.—We occupy seats in the Senate near Senator Call, where he is within our observation all the time. We were present on the day of the newspaper statement of his exposure of his feet without shoes on his desk. The statement is untrue, and nothing of the kind occurred.

No one in the Senate is more decorous and observant of propriety in his conduct than Senator Call. We believe every member of the Senate would make this statement.

JAMES H. KYLE,
WILLIAM B. BATE,
WILLIAM V. ALLEN,
J. L. M. IRBY,
THOMAS J. JARVIS,
EDWARD MURPHY, jun.,
W. N. ROACH,
PATRICK WALSH.

What these United States Senators require is either the adjournment of Congress or something to occupy their attention.

—Electric vehicles that can be moved with ease on the ordinary street or hard road are to be the next sensation. The difficulty that prevented the supply of motive power at a price that would successfully compete with horseflesh is believed to have been overcome. The Electrical Review reports that new types of batteries have been introduced which take up little room and which may be kept charged at a small expense, with sufficient power to meet all the necessities of the case. For the new vehicles it is claimed that they can be propelled along the thoroughfares at any rate of speed that may be desired without making any noise. No difficulty is experienced in making them thread their way among the mass of other vehicles or in keeping them under perfect control. Those already built

have broad tires, but it is proposed to introduce pneumatic tires, which will be lighter and more satisfactory.

—A national board for the arbitration of labor disputes, which President Cleveland some time ago suggested, may soon be provided for by the United States Congress. Under the measure introduced by Representative Springer of Illinois, the board is to be a part of the Department of Justice, and is to consist of three members appointed by the President, or two appointed members and the commissioner of labor. The members shall hold office for six years at a salary of \$5,000. They are to be empowered to settle controversies between railroad or other companies engaged in transporting property of passengers among the States or to foreign nations and their employees, which differences may hinder the transportation of property, passengers or the mails. Either party may petition the board in writing, whereupon a copy of the petition is to be furnished the other side by the board with notice to answer within a certain time. If the other party refuses to answer, the board shall investigate and render a decision notwithstanding, "provided, that when answer is filed and questions for determination are mutually submitted, the award or decision shall cover all questions so submitted; but when no answer is filed, or no questions mutually submitted, the award or decision shall go only to the extent of enforcing the rights which the petitioning party have in law or equity." It is proposed that the board shall have power to investigate all differences, whether called upon or not, and report to the President, and that in cases of troubles within a State the interposition of the board may be tendered by the President.

IT CANNOT SHIFT THE BLAME.

The Free Press, under threat of a libel suit, apologizes to Mr. Orlando John Stevenson for the injury which it did him when it more than insinuated that he had been guilty of wilful personation in connection with the recent London election.

Our contemporary now explains:

"The Free Press would not have done more than record the simple facts had not the ADVERTISER challenged its right to speak of the incident on the ground that Mr. Orlando Stevenson was 'a respectable young man,' and for that reason probably beyond the reach of criticism."

While our contemporary is in a confessing and apologizing mood, it should at least be candid. It knows that the ADVERTISER issued no such challenge. This journal merely pointed out that the Free Press, for the purpose of raising a poor political outcry, was guilty of misrepresenting the acts not only of Mr. Stevenson, but of Mr. Harry Bapty, both of whom possess characters for right living and acting sufficiently well established to make any fair man cautious about circulating any stories regarding them. It was because the Free Press went far beyond the facts in the case, which it now tardily acknowledges by apologizing to Mr. Stevenson, that the ADVERTISER very properly commented on its action. If our contemporary did not wish to do Mr. Stevenson one of the gravest injuries that can be inflicted on a young man beginning to make his way in the world, why, on what it has found on inquiry to be altogether untenable grounds, did it clamor for the school trustees to take action to have the offending teacher dismissed?

HOW CANADA'S LIVE STOCK TRADE WITH BRITAIN WAS SACRIFICED.

A good deal is being said and written about the carelessness and incompetence of the Dominion Government, which, as contended by the leaders of the Patrons of Industry, brought about the scheduling of Canadian cattle in the British market. The neglect of the Dominion authorities might have been glossed over but for the enterprise of the London Standard, the chief British Conservative journal, which heard in a quiet way that the quarantine regulations had been systematically ignored along the extensive boundary line between the Western States and Manitoba and the Northwest Territories. This fact had been brought under the notice of the Government by Canadian journals, but the only reply to them was that it was unpatriotic to point out any breach of the law, seeing that the cattle coming in were for new settlers and ranchers.

When it was found that the British veterinarians had discovered pleuro-pneumonia in two animals that had been sent from the Northwest, and when the London Standard correspondent cabled from Ottawa that the Northwest quarantine regulations were systematically winked at by the Canadian Government, the British authorities at once cut off the right of our farmers to have their cattle landed and sold alive in Great Britain. If we had had a representative farmer as Minister of Agriculture at Ottawa, instead of a brewer and a lawyer, the condition of affairs might have been different. As it is, the vital interests of the agricultural community have been sacrificed in order that a short-sighted policy of favoritism to Northwest cattle dealers and ranchers might be carried out.

To say that a recital of these facts years after they were known to the British Government, and after they had been commented upon most adversely by the British newspapers on both sides of politics, is unpatriotic, is simply ridiculous. It is a trifling with the intelligence of the people. If there had been an honest admission to the quarantine regulations along the Northwest border by Mr. Carling and by Mr. Angers, Canadian cattle would have free entry into the British markets today. There may have been shortcomings in observing the quarantine regulations in this Province, but after all the gravamen of the accusation against the Dominion Government was its failure to enforce quarantine on the Northwest border, followed by the discovery that the

animals found to be suffering from pleuro-pneumonia were sent from that locality. As Canadian cattle are and have been for many years absolutely free from this contagious disease, it was a fair inference for the British Government to draw that the infected cattle came from among those received contrary to the quarantine regulations. Having reached that conclusion, and having found that the quarantine regulations along the border had been persistently violated, while all the time the Canadian Government was asserting that quarantine was faithfully maintained, it was scarcely surprising that the British Government cut off our privileges. Why should the gross negligence not be exposed? It would drive a British Government from power to be convicted of so grave a dereliction of duty, no matter on what pretense. Are Canadians less alive to the preservation of their interests?

TO BE CONDEMNED.

It is probable that before Parliament rises, Hon. Mr. Laurier, will move for the condemnation of the Dominion Government because of its gross mismanagement of the Curran bridge. By that scandalous job, which ordinary carelessness by the Ministers could have prevented, several hundred thousands of dollars have been squandered. The money was spent in part to fatten political favorites and in part to buy constituencies that would have returned Liberals if left to exercise their own free will. It is in the interest of no honest taxpayer, be he Liberal or be he Conservative, that such a system should remain uncondemned. It has been going on for years, and as Caron confessed the other night, with the knowledge and connivance of the Ministers. The country needs and will soon command a change.

BRICK FOR SIDEWALKS.

Some Londoners have proposed that the city authorities should give brick a trial for sidewalks. Much may depend upon the way in which the bricks are laid, but it does not appear to us that brick would be an improvement upon even the asphalt which the city discarded in disgust. They have brick sidewalks in some parts of Port Huron, and there are enough ups and downs in a block to make the man with corns cry out before he has gone half the distance.

IN CHURCH CIRCLES.

Items of Interest to Worshipers—Visiting Clergymen and Londoners Abroad—The Church of St. Thomas Reopened.

Rev. E. B. Lancelotti occupied the pulpit at the Dundas Street Methodist Church yesterday morning. In the evening Rev. A. Parent, French-Canadian missionary to the Oka Indians, preached a very interesting missionary sermon. The musical service was grand.

Rev. Mr. MacKay, of Toronto, created a favorable impression upon the congregation of the King Street Presbyterian Church on Sunday. Mr. MacKay will occupy that pulpit during the absence in Scotland of the pastor, Rev. D. Robertson.

Rev. M. P. Talling preached last evening in the St. James' Presbyterian Church on the Cleve and Endeavor convention.

Rev. Principal Austin, of Alma College, St. Thomas, preached twice in the Queen's Avenue Methodist Church yesterday.

The B. M. E. Conference is in session at Chatham. Sunday Rev. J. J. Moore, of London, preached in the afternoon on the duty owed by followers of Christ to their Divine Master.

Staff-Capt. Collier, of the London Salvation Army, conducted special services at the Dutton barracks on Saturday, and on Sunday at Whiteside's grove, Tyroconnel. Capt. McDonald, Dutton, assisted.

It is reported that Rev. J. H. Moorehouse, rector of St. James' Church, has been offered strong inducements to accept a charge in London.—[Ingersoll Sun.]

Rev. H. Miller, principal of Huron College, is at present occupying the pulpit at the Church of St. Thomas, Hamilton. His services will likely close there on July 22.

The St. Thomas Episcopal Church, St. Thomas, after being closed since 1877, when Trinity Church was opened, was reopened last week, when Bishop Baldwin preached the sermon. Archdeacon Marsh and Canon Davis, of this city, assisted in the service. The building, thanks to the liberality of St. Thomas citizens, has been placed in thorough repair.

The conferring of the chasuble upon Anthony Montreuil occurred at the Roman Catholic Church, Sandwich, Sunday morning. The Rt. Rev. Dr. O'Connor, Bishop of London, was inspector of the ceremonies and the priests from the several parishes in Essex county assisted. The newly ordained priest will be appointed to a parish soon by Bishop O'Connor.

\$1,500 FOR A WOUNDED HEART.

A Novel Breach of Promise Case of an Unusual Character.

TORONTO, July 16.—Emerson Coatsworth, M.P., has just returned from Bracebridge, where he conducted a suit instituted by Mrs. Harriet Nichols against William McCormick. It was the first breach of promise case ever heard in Bracebridge, and was of an unusually interesting character. The plaintiff and defendant are a widow and a widower living at Novar, and the plaintiff sued for \$2,000 damages, charging the defendant with having seduced her, and also induced her to have made over to him the position of postmaster, which she held after the death of her husband in 1892, and from which she derived an income of \$500 per annum. The defendant claimed that he never promised to marry her, but did not deny the rest of the allegation. He says she wanted him to take the postoffice of her hands. The jury gave the plaintiff \$1,500.

That Tired Feeling

The marked benefit which people overcome by That Tired Feeling derive from Hood's Sarsaparilla, conclusively proves that this medicine "makes the weak strong." J. B. Emerson, a well known merchant of Auburn, Maine, says: "About five years ago I began to suffer with very severe pain in my stomach, gradually growing worse. I took Hood's Sarsaparilla, being convinced that I was troubled with Dyspepsia complicated with Liver and Kidney troubles. It improved at once and an certainly very much better and feel more like working."

BASEBALL.

FIFTEEN TO FOURTEEN.

Saturday's championship game between the Galt nine and the London Alerts was a very different affair from the last match played by those clubs, in which the home team were victors by a score of 7 to one. Yesterday the Alerts started by making three runs in the first half of the first inning. The visitors, however, made four in their half with two men out, and increased their lead by scoring one run more than the Alerts in the second. The home team did better in the fourth, but the visitors soon regained their lost advantage, and when the eighth closed the score stood 14 to 11 in Galt's favor. In the ninth, however, the Alerts redeemed themselves, assisted by errors on the other side. The first two men got their bases on balls, while Burton and Sippi banged the leather to advantage, bringing in two more and leaving the score 15 to 14 in London's favor—a condition of things that the Galt failed to change. Sippi's clever one-hand catch of a hot liner at second, and his home run were notable features of a game marked by costly errors, and also by brilliant play, as the detailed score shows:

CRICKET.

LONDON WINS FROM CLINTON.

An eleven of the Clinton Cricket Club were defeated by the London Cricket Club on the grounds of the latter in an all-day match on Saturday by an innings and 4 runs. In the first inning of Clinton big scores were conspicuous by their absence, though the players pulled up somewhat in their second. McTaggart hit hard for his score of 49, which included 4 five hits and only 5 singles. Three of his five hits were made off H. Pope's bowling. Pringley batted very nicely for his 15. Ray London, H. Pope and Ross were the principal bowlers. Ross showed better form than he ever did before, and was retired on a brilliant catch in the slips made by Kennedy. Dr. Weld and Daly, who have been showing marked improvement in their batting this year, gave the visitors a good deal of trouble before they were got rid of; both their scores included nine singles. The feeling of the London team was particularly good, five or six good catches being made, Reid, who was fielding close under McTaggart's bat in the first inning, getting a very sharp one-handed catch. McMurchie bowled well for the visitors. He got 6 wickets for 27 runs. Ross got 6 wickets for 6 runs. The score is appended:

THE WEST WINS.

The two days' cricket match at Hamilton between Eastern and Western Ontario resulted in the defeat of the Eastern division by 133 runs. The scores were: Western Ontario, first inning, 184; second inning, 207; Eastern Ontario, first inning, 143; second inning, 115.

BYES.

A half-day match was played at Galt Saturday between the Pats and Galt cricket clubs. Galt made 114 runs in their inning and Paris 150.

At Seaford the Stratford Cricket Club played the home team Saturday, resulting in a victory for the home club by 35 runs. Seaford, 208; Stratford, 173.

REV. F. W. TERRY, GEO. ENGLAND AND M. A. WALKER, OF THE LONDON ASTON CRICKET CLUB, PLAYED IN THE EASTERN VS. WESTERN ONTARIO MATCH AT HAMILTON ON FRIDAY AND SATURDAY.

THE VEEHLE.

The evening races of the London Bicycle Club at Queen's Park this evening promise to be very largely attended. The enthusiasm and enterprise of the London club certainly deserves the hearty support of our citizens. The club feels sure, with a new track and good facilities for training such as other cities possess, that Radway, Manville, White, Brown, Macbeth, Morehead and others will be able to make a showing with the flyers from other cities.

The races will commence at 7:15 sharp and conclude before dark. The club has made arrangements whereby those wheeling to the park may have their wheels checked back of the grandstands. Following will be found the programme of events and those taking part:

One-half mile, 1:30 class—F. F. Radway, C. H. White, F. Bryant, F. Morehead, Bruce Holt, A. L. Little, V. Jenkins, G. M. Elson, C. Reed, W. W. Blackwell.

One mile, 1894 riders—B. Dilloway, W.

Carson, S. Soreaton, E. Croden, T. Baker, C. Peacock.

One mile handicap—F. F. Radway (scratched), C. H. White (50 yards), F. E. Moorehead and A. L. Little (80 yards), F. Bryant (100 yards), E. Bryant, C. Reid, Bruce and George Macbeth (125 yards), G. M. Elson and V. Jenkins (150 yards), R. Dilloway, W. Carson and W. W. Blackwell (175 yards), S. Soreaton (200 yards), E. Croden and T. Baker (250 yards).

Two mile team race, for points; teams selected by racing board—F. F. Radway (captain), E. Bryant, Geo. Macbeth, C. Reid and V. Jenkins; C. H. White (captain), F. E. Moorehead, A. L. Little, Bruce Holt and M. Elson.

If time allows, after running off the above events, a 100 yards slow race will take place, the last man to cross the tape winning the prize.

THE ROYALTY OF WHEELS.

The royalties of Europe patronize the bicycles with as much energy as the boys of America. The King of the Belgians exercises upon one daily, little Queen Wilhelmina rides one when she is at her castle of Hot Loos, and the Czarowitz, Princess Waldemar and East of Denmark and Princes George and Nicholas, of Greece, and Prince George and the Khedive of Egypt is a gorgeous machine, almost entirely covered with silver plating.

WHY RADWAY WAS ENTERED.

Since Frank F. Radway was suspended by the C. W. A. for competing in a championship race at Montreal, a great deal of talk detrimental to the London Bicycle Club has been heard. The action of the club has been criticised by some as an attempt to defeat fair play, but a glance through the Canadian Wheelman of June 10 will disprove the idea. That paper is the organ of the C. W. A., and previous to the annual meet the editor gave considerable writing of the coming events. "A decent time limit will also open up the opportunity of the Canadian championship going to a man who does not finish first, for an American class A rider, though not eligible to compete for a Canadian championship, may compete for a second prize in a championship, and to win that second he may be forced to finish ahead of the men entitled to run for the championship." The London club was well acquainted with this, and when they entered Radway they were well aware of the fact that Radway had not been a resident of Canada for six months.

ABOUT WOOD RIMS.

Wood rims are becoming a source of much complaint. Experience demonstrates that spoke wire that will withstand the severest usage in a steel rim is found wanting when used as it is, in rims of wood. The difference in this tensile strength of the rims is marked. The chief difficulty with wood rims at present is experienced in the spokes. I have also seen wood rims smashed to splinters by a fall or collision, when metal rims would, at the most, receive but a dent. (The Wheel).

JOHNSON LOWERS ANOTHER RECORD.

TORONTO, July 15.—Despite the intense heat nearly 4,000 people attended the first races of the Atheneum Bicycle Club yesterday. The feature of the day's sports was Johnson's lowering the Canadian record of 2:08, flying start, to 2:05 2-5. He was paced by B. Cleveland, Buffalo Ramblers, and C. H. Callahan, Press Cycling Club, Buffalo. Following are the summaries:

Quarter-mile, open—C. C. Harbottle, Toronto B. C.; H. Davidson, Royal Canadian, Toronto; A. McLeod, Sarnia B. C.; 3. Time, 22 2-5.

Half-mile, class B, one heat—John S. Johnson, Syracuse, 1; C. H. Callahan Press B. C., Buffalo, 2. Time, 1:08.

Five-mile team race (Atheneum)—Only one entry.

One mile, 2:50 class—W. M. McIntosh, Wanderers, 1; A. E. Young, Wanderers, 2; T. Burnside, Toronto B. C., 3. Time, 2:30.

One mile tandem—Robertson and Doan, Atheneum, 1; McKellar and Davidson, Toronto, 2; Callahan and Lutz, Press C. C., Buffalo, 3. Time, 2:10.

One mile open, class B, one heat—John S. Johnson, Syracuse, 1; C. H. Callahan, Buffalo Ramblers, 2; B. Cleveland, Ramblers, Buffalo, 3. Time, 2:15 2-5.

Two mile lap race, one heat—Goehler, Ramblers, Buffalo, 1; W. Carmen, Atheneum, 2; L. A. Callahan, Press B. C., Buffalo, 3. Time, 4:51.

One mile, record against time—J. S. Johnson, Syracuse. Time, 2:05 2-5.

Three mile team race—Toronto B. C., 1; Wanderers, 2; Atheneum, 3. Time, 8:38 2-5.

THE PROFESSIONAL BICYCLE RACE AT THE VELODROME, PARIS, ON SATURDAY WAS WON BY THE AMERICAN RIDER WHEELER, OF BUFFALO, WHO WAS FIRST BY TEN KILOMETERS, AND BANKER SECOND.

AQUATIC.

A good sized crowd went to Springbank on Saturday afternoon to witness the single finals in the regatta of the London Rowing Club and the double scull race. The latter was rowed on July 7, the crews being Dahlgren and Rehnitzler vs. Belling and Sippi. It was a very evenly matched, and both crews were very evenly matched, and it was only by a small margin that Dahlgren and Rehnitzler won on Saturday. In the singles Dinnen again showed himself to be a oarsman of no small degree, for he easily beat Rehnitzler, who, by the way, was considered by some as the best man in the London club.

LACROSSE.

A meeting of the Petrolia Lacrosse Club was held in the Y. M. C. A. room Saturday evening for the purpose of selecting officers. The following is the result: Honorary president, B. P. Carey, president, C. J. Denham; captain, F. Webb; secretary, treasurer, E. Branson.

The match between London and Jugersell fixed for Friday at the latter place was postponed until Aug. 6.

At Paris—On Saturday, Brants of Paris 4, Woodcock 0.

THE TURE.

LONDON, July 15.—At Molesey Hurst yesterday the Hurst Park Club summer handicap of 2,000 sovereigns, one mile, was won by Mr. T. Worton's Victor Wild. Sir J. Thurstly's Dornrooschen second, and the Prince of Wales' Florizel II. third. Victor Wild won by 4 1/2 lengths, and Florizel II. was a bad third.

THE TRIGGER.

BRISLEY, July 15.—The English team won the Keapopore cup by the following score: England, 699; Canada, 677; Guernsey, 655. The weather was showery during the shooting for the Keapopore cup. Mitchell, of the Canadian team, said that the conditions were unlike anything he had ever seen in Canada. There were eight men in each team. At the first range, 200 yards, England made 239, Canada 223, Jersey 233, Guernsey 225. Hayhurst, of the Canadian team, shot splendidly, making 82. Davidson and Ogg made 31 each, all shooting steadily.

At the second range, 500 yards, England made 231, Canada 214, Jersey 211, Guernsey 215. Davidson scored 31, and Hayhurst 30.

At the third range, 600 yards, England

made 229, Canada 230, Guernsey 215, Jersey 193.

The totals of the Canadian team were: Hayhurst 91, Roiston 89, Davidson 86, Mitchell 85, Ogg 83, Simpson 82, Bertram 82, Milligan 79. The closeness of the shooting made the contest one of absorbing interest to the onlookers.

In shooting for the Bicho shield England and Scotland each made 667, Ireland 564.

FOOTBALL.

SCOTS VS. WOLVERINES.

BUFFALO, N. Y., July 15.—The Toronto Scots and the Buffalo Football Club had a game of football Saturday at Olympic Park in presence of 900 people. The Scots won 4 to 2.

A Transformation.

Trefusis leaves him, walking thoughtfully away. "If they had been shawls and petticoats," he says, "I would have been a saint. And he is not Terry's rector, and he is not Terry's village?" If those tambourines are useless, as of course they are—he gives himself a little shrug at his dullness—surely there must be other things, on some other plane, that will suit her villagers.

He looks round him and goes straight to a stall on his left. Here some petticoats and shawls are still to be seen, and behind them a stout old maid, with a most unmistakable false front and a beaming eye. That old maid swears by him in all her short life.

Everything still remaining on her stall—things serviceable, but, because of the lack of beauty in them, the rector's purchases, without prejudice, without bargaining, buys old maid's heart goes light. She had for the past hour felt bitter fears that she would have to carry back these useful but hideous things, that to her had grown beautiful as day by day she toiled over them with knitting-pins and needles. And now this tall young man, with his courteous kindly air, has bought them all—all! Not a thing remains, whilst her modest comforts and her account to Mrs. Adare as one of the very best at this bazaar. Oh, the joy of it!

Tears rise in the poor old maid's eyes, as one by one her lately but useful articles are laid aside by side of Trefusis's purchases. Her stall had been somewhat neglected during the day, not being as artistic as those of the others. But now—she looks across at Mrs. Brennan's stall, Mrs. Brennan, whose wares have been laid up to admiration all the living day, and—she is all wicker, even the best of us—feels a glow of triumph as she sees that some of the exquisitely embroidered cushions are still left unsold, whilst her modest comforts and petticoats have been all pulled down and sold. The opposite stall is still bright and pretty with its wares. Here is empty and a wreck. Oh, the delight in having it a wreck!

It is perhaps unnecessary to say that there has been bad work recently between the old maid and Mrs. Brennan of the embroidered cushions.

Anyway, every shawl and muffler is now lying on the old maid's counter, and Mr. Trefusis is paying for them. Not a wrapper or a child's frock is to be seen. All lie in a huge, soft erection before him.

"In fact, my dear," said the old lady afterwards, with tears in her eyes, and without a thought of impropriety, "when he went away he left me naked!"

Trefusis hires a little boy to carry them all to the rector.

"You are a good fellow Trefusis," says the rector, as he meets him later on, alluding to those welcome goods. "You deserve good in turn. I pray God you may meet with it."

Somehow Trefusis knows that the rector is wishing him well with regard to Terry.

And now it is all over. Larry and Mr. Kitts, while things are being wound up inside, are amusing themselves by scattering sweets, bought by them, of the "present tab", among the ragged little urchins outside in the street. These naked, handsome little creatures are now having a real good time with their "scrummies," as they call those wild plungings after the sweetmeats in the open street. Poor little beings!—so ragged that, for the most part, the clothing so desired by the rector would, if distributed among them, be not altogether sufficient, but such happy little beings! Their roars of laughter resound through the village street.

"There are a few oranges left; let us give them to them," says Terry to Mrs. Adare. The rector is now passing by Larry's shoulder at the joyous turmoil below.

"Yes, let us," says Fanny. "Robbie, bring me those oranges. And, Terry, during, won't you come home with us now?"

"No, I think not. I seem to have been a long time away from the boys, and they don't do their lessons—though indeed," anxiously, lovingly, "they are the very best boys. But, Fanny, looking at her cousin a little shyly, "I want to ask you, would you all come down and take tea with me and the boys in the garden tomorrow? The—the house," blushing, "is very shabby, but the garden just now is looking very well, and I thought—I should like—that is—"

"What a lovely idea!" says Fanny. "You may bet upon every one of us. We'll come in our thousands. And look here, Terry, I'll send you down a cake or two."

"No," says Terry, gently. "I—should like to do it all myself. I can make cakes, you know, Fanny, and—"

"Oh, I know, indeed! Such cakes! They make my water already, the very remembrance of them," says Mrs. Adare, who really is delightful in many ways.

"Then you'll come. About four. And bring them all," says Terry.

"Oh, I shan't have to bring them. They'll flock to you," says Fanny, laughing. She kisses her and runs away, and then runs back.

"Terry, look here. You'd better ask Aunt Bridget."

"Yes, I know. I'll ask her now," says Terry, making a faint grimace.

"Now, be sure you do," says Fanny, who has always Terry's interests at heart.

CHAPTER XVI.

"How ideal! What a little heaven!" sighs the poet, ecstatically. "A veritable heaven or rest in this too, too dreadful world." Here his ecstasies as far overcome him that he sinks into the most comfortable chair on the grass—the one, too, nearest the rustic tea-table. Ecstasies are astonishingly useful sometimes. "Ah!"—glancing round him at Terry's garden—the blessedness of it! The rest! The peace! The shivering—"is so far away from me"—over there, perhaps, waving his delicate hand towards the hills that on the east bound his horizon, "behind those silent unbuild walls of nature."

He glances at those near him, with what he fondly but erroneously believes to be a pale ethereal smile, and whispers, faintly, "One should kneel in a shrine like this."

"I quite agree with you, my dear fellow," says Mr. Kitts, who, dressed in green splendor, is evidently bent on making Terry's "at home" a success—Terry being the heroine of his latest platonic attachment. "Let us all kneel!" he cries, enthusiastically, sitting up the poet's comfortable chair with an evident burst of excitement, and so bringing that aesthetic young man to a standing position, almost before he is aware of it.

"Is metaphor unknown to you?" demands the latter, regarding Kitts with a mournful but at the same time a searching eye. ("A man to be avoided," he decides. "A mere worm!") "In this pale lifeless time it is

injurious to give way to the sweet and free emotions that should sway us. I do not kneel in public," says Mr. Evingley, who is all perhaps sufficiently from the stars to be able to think of his trousers.

"You forget church, Mr. Evingley," says Miss Bridget, with heavy remonstrance. She has by this time been bowed and smiled by Mr. Kitts into the poet's vacant chair.

"Memory means slavery!" says the poet, sadly. He has not looked round him, he has not seen that his chair has been impounded. "And poets—"

"Never, never—never shall be slaves!" says Larry suddenly at the top of his high, jubilant voice.

The effect produced by this outburst is hardly to be exaggerated. The poet totters backward into the seat he has just vacated, and which he fondly believes to be vacant, right into Miss Bridget's lap. The wild scream which that maiden gives on receipt of this unexpected burden is not to be surpassed by the shrill scream of the poet, as, partly impelled by the instinct of humor (Larry always swore afterwards that she had pinched him), partly through sheer fright, he springs upward into the air.

It is all hushed up as quickly as possible, of course, though Miss Bridget is still evidently seething in her own wrath.

"I'm so sorry, dear fellow," says Mr. Kitts, who, I regret to say, is convulsed with laughter, "but as I thought you were really going to kneel, I have up that comfortable chair to—er—one of the unfair sex. By Jove!" in a low, sympathetic tone, "She has been unfair you know. I hope, sweetly, 'she hasn't hurt you."

(To be Continued.)

That Tired Feeling.

Is a dangerous condition directly due to depleted or impure blood. It should not be allowed to continue, as it is the forerunner of serious diseases, especially of the heart and lungs. It is a condition, and also for that weakness which prevails at the change of season, climate or life.

Among the pains and aches cured with marvelous rapidity with Dr. Thomas' Electric Oil is carache. The young are especially subject to it, and the desirability of this Oil as a family remedy is enhanced by the fact that it is admirably adapted not only to the above ailment, but also to the hiccups, disorders of the bowels, and affections of the throat, to which the young are especially subject.

At Death's Door.—Dyspepsia Conquered.—A Great Medical Triumph. GENTLEMEN.—My medical adviser and others told me I could not possibly live, when I commenced the use of Northrop & Lyman's Vegetable Discovery for Dyspepsia. My case was one of the worst of its kind. For three years I could not eat meat and my weight decreased from 219 to 119 pounds. All the food I took for thirteen months previous to taking the VEGETABLE DISCOVERY consisted of milk. I am now entirely cured and have regained my usual weight, can eat anything with a keen relish and feel like a new man. I have sold over 30 dozen VEGETABLE DISCOVERY since it cured me, as I am well-known, and people in this section know how low I was, and thought I could not possibly be cured. They are eager to try this grand medicine. It certainly saved my life, as I never expected to recover when I first commenced using it. I am not exaggerating anything, but feel glad to be able to contribute this testimony to the benefit of others. It may be the means of convincing others of its merit as a certain cure for Dyspepsia. WESTERN ONTARIO.

BRANT.

Thomas Patten, of Brantford, charged with the abduction of Annie Newman, has been discharged. No evidence was offered for the defense.

Burglars entered the home of Mr. and Mrs. Elmer, Park avenue, Brantford, on Thursday and secured a lady's gold watch, diamond ring, pair of gold earrings and a sum of money. The robbery was committed in broad daylight while the family were away from home.

By the recent death of his cousin, J. Gardner Kenyon, an enterprising citizen and respected millionaire of Seattle, Mr. Benjamin Kenyon, a well-known farmer residing near Washington, Brant county, falls heir to the magnificent fortune of \$300,000.

The magnanimous bequest was only one of the large fortunes which the late Mr. Kenyon left to several of his cousins, some of whom reside in New York State falling heirs to equally large sums.

ZELGIN.

A very serious accident happened at Griffin's Corners Wednesday on the farm of Mr. W. Stevens. While his eldest son, Ernest, was in the field mowing, Mr. Stephens went out to see how the machine worked. He stepped on the knife side of the mower to touch up one of the horses, when they sprang forward, jerking the mower knife on his leg, lacerating it in a frightful manner. It is thought the leg will have to be amputated. Whether Mr. Stephens will be able to stand the operation is a question, as he has just recovered from lung trouble.

ESSEX.

Lewis Wigle, of Leamington, has set out 20 acres of tobacco plants. If the season remains suitable it means a mint of money. It will give employment to a lot of men and boys, as it will require steady work from date of planting until the plants are hung up to dry. The crop last year on the same field fell a victim to the early frost.

One hundred and seventy bushels of Canadian raspberries were purchased by Detroit agents at the market in Windsor one day last week and shipped over the river.

KENT.

Truske, charged with the Comber murder, is fat and healthy and he remarked the other day to one of the guards that he would be ready for the killing in the fall. Detective McKee is keeping the evidence for the Crown and will soon have everything in readiness for the trial.

Warden Morris is receiving numerous applications for the West Kent school inspection. Among the prominent applicants are A. M. Lafferty, barrister, Chatham; Mr. Walker, Belleville high school, and Mr. Parker, of the Model School, Goderich.

The First Presbyterian Church, Chatham, has increased the salary of Rev. F. A. Larkin from \$1,200 to \$1,400 per annum.

The widow of School Inspector Nichols, of Kent, who was run down by the steamer Arundel in the St. Clair River a few days ago and drowned, has now begun an action against the boat's owners, claiming \$10,000 damages.

LAMBTON.

The steamer Northwest is now a terror to the marine men who own small craft along the river. When she passed down she caught great havoc, breaking and upsetting boats, turning over boat houses and such like, causing considerable damage.

MIDDLESEX.

Masonville had a very disastrous fire Friday afternoon. The fire residence of Mr. John Smith, the well-known stock raiser, was completely destroyed. The origin of the fire is not known. The large barn also caught, but with the aid of the neighbors, who turned out in force, the building was saved. The loss is estimated at \$3,000, upon which there is an insurance of \$1,200.

Mrs. Rebecca Jackson, relict of the late James Jackson, died on July 10 at the residence of her daughter, Mrs. Andrew Wilson, of Wardsville. Mrs. Jackson was born in Oxford, England, on July 19, 1803, and in 1832 sailed for America, accompanied by her husband and three children. The family landed in New York, where they remained for six months, and then sailed for London by means of boats and stages, and after a sixteen years' residence in the Forest City made Wardsville their home. Mr. Jackson died in 1869. Mrs. David Liff, one of the children, died several years ago, the remaining seven being: Mrs. D. Frickeleton, of St. Paul; Mrs. Charles Jevver and Mrs. W. S. Ward, Toronto, and Mrs. E. Lief, Mrs. A. Wilson, Mrs. James Smith and Mrs. James Jackson, of Wardsville. The funeral took place on Thursday afternoon, the services being conducted by Rev. William Lowe, of Chatham, assisted by Rev. Mr. Reade. The pall-bearers were grandchildren and great-grandchildren of the deceased.

OXFORD.

George W. Palmer, of Tilsonburg, died Wednesday from the effects of a kick on the head by a horse some weeks ago. An operation was unsuccessful.

WATERLOO.

The Kenyon-Shopp elopement case was tried before Judge LaCourse at Berlin, and the prisoner Kenyon was acquitted on the charge of the theft of some silverware and household articles, the property of the husband.

CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. Osceola, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

The London Children's Aid Society.A prominent member of the above society
writes to the ADVERTISER as follows:
"Probably the strongest argument in favor of
and illustrating the need of a Children's
Aid Society in our midst was demonstrated
fully on Friday, the 13th inst., when our
new inspector brought in the report of his
first month's efforts on behalf of the poor
and neglected children of our city. The
report shows that he has dealt with
thirteen cases, visited more than twenty
homes—some of them many times over—
and found at least 25 little ones demanding
the care and protection of our society. If
this is the result of one man's investigation
for one month (while at the same time
looking after the interests of our Humane
Society), surely it must now be fully
realized that all our thought and care must
be concentrated on the children of the poor
if we intend to battle against the crime,
vice and poverty that is daily filling our
homes and institutions and wrecking young
lives at our doors. Can we afford that
these boys and girls should be lost to
honor, virtue and usefulness? It is
everybody's business to secure justice
and kindness for every child in our city.
We feel much indebted to those citizens
who have already communicated with our
board, and brought before us cases of ill-
treated and neglected children who have
come under their notice. We thank them
in the name of our executive for their
interest, and they may rest assured that
the cases reported have already been dealt
with by our inspector, whose heart is
thoroughly in the work, and who is giving
all his time and care to the cause of child-
saving and neglected children. We rely
upon the co-operation of all classes of our
citizens. We hope all clergymen, doctors
and workers among the poor will acquaint
any member of our board or inspector of
cases coming under their notice demanding
the care or attention of our society. All
information or literature on the subject

Stringer, a Canada Southern brakeman.
He was committed by Squire Smyth.—Julia Catene, a woman living on Van
street, was picked up on King, near Rich-
mond street, on Saturday. She had fallen
in the street, and was unconscious. She
was taken to the police station. She ex-
plained that she had only taken two
"smiles" recently, but had eaten some
morphine.—The annual convention of the Baptist
Young People's Union will be held at
Toronto from July 19 to 26. The resump-
tion of business by the railroad removed
the only doubt of a late start.
Attendance, and within the past few days the
officers have received advice which assure
them that it will be one of the largest con-
ventions ever held by the union. A number
of Londoners will attend.—Albert Boughton has been committed
for trial by Squire R. E. Lacey. Boughton
was at Springbank on July 7, when the

He failed to do so, and Mrs. Jury wants to
obtain a lien upon some property held by
her husband. A settlement was made
after Jury's arrest, and he was released.
Mrs. Jury is a daughter of Wm. Meaden,
533 Richmond street.—There died at the general hospital,
this city, the other day Edward Holbrook,
for many years a well-known resident of
Warwick and Watford. He had been a
sufferer for some months with cancer in
the face and he underwent several opera-
tions, but the best medical skill was unable
to save his life. He had passed his 80th
birthday. Deceased was born in Kilkeney,
Ireland, and came to Canada 53 years ago,
first settling in Montague township, near
Ottawa. About 25 years ago the family
moved to Warwick, settling on the Egmont
road, where they resided for fourteen
years. About fifteen years ago his aged
partner in life passed away and since
then Mr. Holbrook spent most of his time
with his daughter, Mrs. Griffiths.
The surviving members of the family are: Wm.
Holbrook, on the homestead, Warwick;

don on Saturday with the biggest spread of
curtains and one of the best shows that has
been through here since the times of
Barnum and Forepaugh. At 10 o'clock in
the morning they gave a street parade that
was witnessed by thousands. A half dozen
open cages of wild animals was a feature.
The horses were a very fair collection, and
three big elephants and a couple of camels
were included. Four brass bands and a
steam pipe made up the musical part.
There were also a number of fancy wagons
and many riders in the procession. At the
corner of King and Richmond streets the
steam piano scared a horse belonging to
Mossop's grocery, and it bolted towards
the crowd. It was pluckily captured just
before it reached the people. Large crowds
attended both the afternoon and evening
performances, which gave universal satis-
faction.**Warmly Welcomed.**The lecture room of the First Congre-
gational Church was crowded Friday
evening, when the members and friends of
the church assembled to welcome in an
informal way Rev. Mr. and Mrs. J. R.
Adams, the new assistant pastor and his
wife. Mr. W. R. Langridge occupied the
chair, and fittingly explained the reason of
their coming. Mr. Adams, B.A., B.Sc.,
secretary, read a neat address of welcome
on behalf of the church and congregation,
to which Mr. Adams responded feelingly,
thanking their friends warmly for their
kindly expressions to Mrs. Adams and him-
self. Mr. R. Moule in a few words wel-
comed him on behalf of the Sunday school,
and Mr. A. Baskin, on behalf of the Y. P.
S. E. A social time was then enjoyed
by all, interspersed with solos by Miss
Ketta Mutch and Miss Nellie Burnip,
chorus by the choir and ice cream cake
served by the Ladies' Aid Society. Mr.
Adams urged the members to stand to-
gether and help him in this first experi-
ence as a pastor. The meeting was entirely
informal, and it is intended to have a more
elaborate affair on the return of Rev. Dr.
Wild from his holidays.**Forest City Lodge, I. O. O. F.**At a regular communication of Forest
City Lodge, No. 38, I. O. O. F., Bro. Jessie
Symonds, D.D.G.M., assisted by Bro. E.
Smith as G.M., Bro. Harry Dassel as G.W.,
Bro. Jas. Stevenson as G.R.S., Bro. W.

Bro. C. A. Blackwell, R. S. S. Bro. Wm.
Weir, L. S. S. Bro. A. Scott, Bro. A. F.
Hennessy and W. E. Jackson, P. G. S.,
representatives to G. L. at Kingston. The
D.D.G.M. complimented Forest City upon
the efficiency of its officers, being at the
head of the list; also its recent work of six
months with full degrees in two months,
its fine financial position, and the success
which crowned the efforts of the S.P.G.
Bro. W. W. W. was pleased that No. 38
was maintaining a proud position. At the
close of business the brethren adjourned
to the Fish's confectionery establishment,
where reasonable refreshments were served.
Only One Offer.The short term contract for the lighting
of London has not a great while to run, and
the only company that has so far sent in a
tender is the Canadian General. In pro-
viding contracts for one, three, five and
eight years. It was opened at a recent
meeting of No. 3 committee, but was held
over. Aid. Parnell in the meantime has
conferred with the Reliance people and in-
formed No. 3 committee at its recent meet-
ing that that firm has refused to so much
prices. The gas company will be requested
to present figures, and both offers will be
submitted to the council. A. J. Thorpe
and several other residents on Talbot
street, asked that that thorough-
fare be watered from Horton street south.
Engineer Graydon stated that it would now
be impossible to grant the request. The
contractor had offered to do the work for
the balance of the season for \$15, and if
the petitioners will subscribe that amount
the watering will be done. Inspector Bell
reported a total collection of \$1,408 for
licenses. The National Association of Fire
Engineers will hold their annual con-
vention in Montreal, and asked
that the London department send
Chief Roe. Granted. The regular
report of the market clerk contained recom-
mendations of minor importance. It was
referred to the chairman with power. A
report on the street watering showed that
Messrs. Baldwin, Hartley and Smart had
not been doing their work in an entirely
satisfactory manner. Many complaints
had been made of streets being wholly un-
touched. Referred to the chairman.
Several applications for position on the fire
department were laid over. Present: Aid.
Parnell (chairman), Wm. Heaman, John
Heaman, John Nutkins, M. Scarrow, S.
O'Leary, Chief Roe, Inspector Bell and
Engineer Graydon.**Tumors.**Fibroid, Ovarian and many other forms
