WILL THERE BE AN ONTARIO ELECTION HELD ON SEPT. 2?

Rumors From Provincial Capital Declare That There Will.

GREAT LOCAL INTEREST

Various Opinions Expressed as to Possibility of General Vote.

POLITICAL POT BOILING

Many Features of Parliamentary Strife Seem to Confirm Rumors.

Private dispatches from Toronto indicate clearly the growing conviction at the provincial capital that another provincial election will be held before the next session of the Legislature. So great have the rumors grown in magnitude that the date for the supposed election has already been fixed—Sept. 2—according to many stories.

Constant friction among cabinet ministers, the illness of Sir James Whitney, the unanswerable attacks of the Liberal Opposition on the "surplus" shown by Government mismanagement, the charges against Howard Ferguson, M. P. P., for accepting Federal appointments contrary to the Provincial statutes, and the fiasco of smoothing these charges out, have all served to lend their quota of authenticity to the repeated rumors of a Provincial election.

Locally the idea of a September election is being given the gravest consideration. Some of those who profess to be in the "know" of Ontario politics declare that there is no possibility of an early election. Others who claim an equal familiarity with the workings of the Government machine at Queen's Park, are just as positive in their declarations that the rumors have the earmarks of truth.

Whatever the outcome the talk of an early election is creating the greatest interest in Conservative circles, and the machines of the various ridings, adjacent to London, are being well oiled in anticipation of the event.

Clang of Sabres Is Heard Throughout Ulster Province

(Special to The Advertiser.)

Belfast, Ireland, March 20 (Six P.M. Irish Times. Special Cable).—This has been an exciting day for Ulster, and as the sun goes down blood red in the west, there are those who say it is an ominous sign of terrible events on the morrow, or within the next few days or months. The clang of sabres has been heard throughout the whole province during the day. There has been unusual activity in the movement of British troops. There are many indications that the Government is preparing for any eventuality. Heavy detachments of troops arrived at Newry, Omagh, Armagh and Enniskillen. Hitherto only small garrisons have been stationed at these points. It is reported that the garrison at Belfast will be increased tomorrow and Sunday. Sir Edward Carson was in secret conference with Unionist leaders here all afternoon, and leaders of Orange Lodges and Ulster volunteers will meet in Belfast Hall tonight.

VAST CROWDS FILL PARIS STREETS FOR CALMETTE FUNERAL

Police Out in Force To Handle People, But No Outbreaks Occur—Notabilities Present.

[Canadian Press.] Paris, March 20.—The funeral of Gaston Calmette, victim of Mme. Caillaux, took place today in the Church of Saint Francois de Sales in the northwestern district of Paris, and within a block of the residence of his assassin. Hours before the procession moved, vast crowds filled the streets. The police and military authorities had taken great precautions to prevent any disturbances. The police were out in force all along the route, and the underground stations nearby were crowded. Squadrons of mounted Republican Guards also were under arms, and occupied strategic points in the vicinity.

Among the notable personages present at the funeral were Emile Loubet, former president of the Republic; Aristide Briand and Louis Barthou, two former premiers; Prince Murat, Baron Robert de Rothschild, Edmond Nabori, the attorney who is to defend Mme. Caillaux, Sarah Bernhardt and hundreds of others. Some of the many wreaths bore the inscriptions: "A victim of his devotion to his country," and "Killed on the field of honor."

High prices were paid for advantageous places along the route from which to see the procession. No funeral oration was pronounced in the church, where a simple mass was performed by the parish priest. The funeral procession reached the cemetery without incident.

MIGHT HAVE PERISHED IN BIG TORONTO FIRE Londoner Decided Not To Accompany Graham at Last Moment.

But for a combination of circumstances which prevented him from going to Toronto with his friend and fellow club member, John P. McAlpine, a well-known member of the Hermitage Club, might also have perished in the fire which destroyed the Woodbine Hotel and caused the death of Jack Graham, of this city.

Mr. Graham had asked Mr. McAlpine to go to Toronto with him, but owing to a business engagement, he was unable to go.

Ben Pinder, formerly a member of the Hermitage, and now of Toronto, knew that Mr. Graham was to have been in Toronto this week, about 7:30 Tuesday night telephoned to the Woodbine Hotel and asked for him. The girl on the switchboard called Mr. Graham's room, and receiving no reply to her rings, informed Mr. Pinder that Mr. Graham had probably gone out. A few minutes later the fire broke out.

Mr. Graham was known as a sound sleeper, and his friends in the Hermitage Club believe that he went up to his room after dinner for a nap and did not awaken until it was too late to make his escape from the burning building.

SIX MONTHS' SENTENCE FOR THIS BIGAMIST A London Man Admits His Offence in Brantford Court.

[Special to The Advertiser.] Brantford, March 20.—Six months in Central Prison was the sentence given this morning by Magistrate Livingstone to Gordon May, who married two wives. May was married three years ago to Ruby Lane. Deserting her, he later married Lena Anderson, of Uxbridge, the ceremony taking place in Brantford.

Today May stated that his second wife knew that he was a married man, but that he was very young when first married, and he had the promise of the first wife that she would not make any trouble for him, and so the second marriage took place.

TERRIBLE TRAGEDY ON GEORGIAN FARM

J. A. Eubanks Kills Wife and Daughters, Fires His Buildings and Then Puts Bullet in His Own Head.

[Canadian Press.] Oak Park, Ga., March 20.—J. A. Eubanks, a farmer, living near this place, early today killed his wife and two daughters as they slept, set fire to his home and several other farm buildings, and then fired a bullet through his forehead. Physicians say he cannot live.

Mrs. Eubanks' head was almost severed from her body with an axe. The two children, one aged 4 years, the other 6 months old, were killed with a knife. After slaying his family and firing the buildings, Eubanks awakened a neighbor, told him what he had done and then shot himself. Eubanks, 30 years old, is believed to have been mentally deranged.

ISSUE MORE WARRANTS IN ABDUCTION CASE

Police To Investigate the Girl's Story of Forcible Detention in Rooming-House.

Warrants have been issued for the arrest of several East End residents, including a couple of Armenians, as a result of the story told to Magistrate Judd today by May E. Evland, the 16-year-old girl who was brought back from Windsor Thursday after her alleged abduction by Wilfred Tregenza. The police refuse to divulge the names of the parties on whom the warrants will be served, but the charge against them will be one of aiding in the abduction of the girl.

The story told by the girl is that she was detained by a woman in an Elizabeth Street rooming-house. She claimed that her life was threatened unless she did as Tregenza told her. As a result of this story, a warrant was issued for the rooming-house keeper.

The police are also working on a story told by the girl's father, and several important developments are expected before Tregenza appears in court tomorrow.

NO DECISION AS TO C. N. R. APPLICATION

Another Conservative Caucus To Be Called—If Aid Is Granted, G. T. P. Will Also Apply.

[Canadian Press.] Ottawa, March 20.—It is semi-officially stated today that no decision has yet been reached by the Government in relation to the C. N. R. application for assistance, and that pending investigation now in progress no action will be taken.

Before anything is done another caucus of the Conservative party will be held. It is understood that a complicating feature of the situation is that should the C. N. R. succeed, there will be a similar application from the G. T. P. As yet no action has been taken on the latter's application.

Montreal, March 20.—Reports published in Canada and the United States that the Grand Trunk Pacific Railway Company are asking for further assistance from the Canadian Government, are not correct, according to an official statement given out to the newspapers this afternoon.

TWO MORE BODIES FROM HOTEL RUINS

[Canadian Press.] Toronto, March 20.—Two more bodies have just been recovered from the Woodbine Hotel ruins, bringing the total known deaths up to five. There is no surprise yet as to who the fifth victim is.

GROPING WAY OUT WHEN OVERCOME BY SMOKE AND FLAMES

Indications Point to Graham Being Hopelessly Trapped in His Room.

MAY HAVE BEEN ASLEEP

Body, Burned Beyond Recognition, Was Identified by Several Pins and Emblems.

A. E. Silverwood and J. W. Cawse returned to the city Thursday night after successfully establishing the identity of John Graham, the London traveller who met death in the fire at the Woodbine Hotel, Toronto, Tuesday night.

In conversation with The Advertiser, Mr. Silverwood related the circumstances of the anxious search, which ended in the discovery that the body, which was supposed to be that of Levenson, was that of the London man.

No Doubt as to Body. Identification was made possible by the gold in his teeth. Mr. Silverwood said, "We had several other clues also, and there can be no doubt that the body was the one we were looking for." "We were told that the burned body, Wednesday evening, but as it was just growing dark and the firemen were about to stop their searching, we then went to the morgue where three charred bodies were lying. There we were told that two of the bodies had been identified, and the third found had also been partially identified as that of Levenson. A tin pin had been found with the body, which we brought back with us, but could not identify. It convinced me, however, that we were on the right trail."

Wore Club Pin. "I was further convinced by the fact that the name of a St. Andrew's firm was distinguishable on the necktie which was discovered with the body. In the morning we learned that the proprietor of the hotel had several other articles in his safe which were with the remains. We went down, and one of the first articles produced was a watch bearing the Masonic emblem, and with Graham's initials engraved on the back. The watch had been found close to the body believed to be Levenson's, and was thought to belong to him, but its discovery left no doubt that the body was that of Graham. We also discovered a Hermitage pin attached to a small portion of his vest."

Burned Beyond Recognition. "The body was burned beyond all hope of recognition. From the position of the body I should judge that he was overcome as he was groping for the door-knob in his room. One arm was raised as though he had been groping along the wall, and the other was extended as though reaching for the door-knob. My theory is that he was either taking a nap in his room after dinner, or else engaged in writing a letter.

"His room was No. 24, and was on the third floor. The whole section of rooms along that corridor were completely gutted, and the body had fallen down into the dining-room below."

ALLEGED ABDUCTOR REMANDED IN COURT

Man Charged With Taking 15-Year-Old Girl Away, Asks for Adjournment.

Wilfred Tregenza appeared before Magistrate J. C. Judd today, charged with the abduction of 15-year-old May E. Evland, and was remanded, without entering a plea, until Tuesday in order that he may secure counsel.

While in court Tregenza had nothing to say beyond the fact that he would like to have the case adjourned until Tuesday in order to secure an attorney.

Crown Attorney James B. McKillop asked for an adjournment and the case will now lay over until March 24.

Tregenza and the girl were brought back from Windsor yesterday by Detective Harry Down.

Former Nurse Enters Suit Against Electrician for Breach of Promise.

ASKS \$3,000 HEART BALM

Wants Recompense for Loss of Health and Feelings—Incurred Heavy Expenses.

The threads of a tangled romance, which began in the local hospital for the insane are to be unravelled by the assize court, which sits in this city on April 14. Beatrice Maud Parker entered suit this morning against Sidney Rose for \$3,000 damages on account of his failure to carry out an alleged promise of marriage made to her in December, 1912. Rose is an electrician, employed at the hospital for the insane, and Miss Parker was one of the attendants there until she left to prepare for the nuptials which never materialized.

In her statement of claim she alleges that Rose "popped the question" in December, 1912, and the happy day was set for January 1. The bride-to-be incurred expenses to a large amount in preparing clothing and other matters for the intended marriage," the statement of claim continues. She lost all this and also her chance of marriage and by reason of this loss she was injured in her health and feelings.

The defendant makes serious allegations against the plaintiff in his statement of defence, saying that certain discoveries he made relative to her character were responsible for his refusal to carry out the promise of marriage. He also denies that any specific date was set for the wedding.

McKillop, Murphy & Gunn are acting for the plaintiff and Jarvis & Vining for the defendant.

FORMER LONDONER IS ON KRAFCHEK JURY

D. G. Sare Was Well Known Here—Is Helping Try Murder Case.

[Special to The Advertiser.] Winnipeg, March 20.—Among conspicuous figures in the jury at Morden, trying Krafchenko for the murder of the Bank of Montreal manager, Arnold, at Plum Coulee last December, is D. G. Sare, hotelkeeper of Deloraine, Trail, B.C., clean-shaven man, 35 years of age, he was born in London, Ontario, and came west three years ago, purchasing a hotel at Deloraine.

D. G. Sare was well known in this city, having lived with his father, David Sare, Evergreen avenue, South London, for many years.

Born in London, he later removed to Ambrose and then to Goderich, being proprietor of a hotel in both towns. Three years ago he removed to the West and located at Deloraine, where he continued the hotel business.

J. Wright, proprietor of the Metropolitan Hotel, Dundas and Wellington streets, is a brother-in-law.

MILITARY GUARDS DOUBLED AND GARRISONS STRENGTHENED

Signs of Government Activity in Ulster—Carson Makes a Dramatic and Hurried Trip to Belfast to Confer With His Commander-in-Chief.

SINISTER RUMORS IN PLENTY

[Canadian Press.] Belfast, Ireland, March 20.—Sir Edward Carson, the leader of the Unionists of Ulster, made a dramatic entry into the capital of the province today. His purpose in coming here is to consult with the other Ulster Unionist leaders and with the commanders of the Ulster Volunteer forces.

The great activity displayed at Unionist headquarters and in the army barracks have caused considerable excitement among the people of Belfast, who for days past have been momentarily expecting some decisive move on the part of the Unionist chiefs or on that of the Government.

Before landing this morning, Sir Edward Carson received on board the steamer on which he had made the passage from England, Sir George Richardson, a retired lieutenant-general of the British army, who is commander-in-chief of the Ulster Volunteer forces, together with his chief officers.

Met by Guard. As the party came down the gangway from the steamer to the pier, the fong drawn up as a guard of honor the emergency force of picked men of the Ulster volunteers, who had been summoned to the Unionist headquarters at a late hour last night. A big crowd gave them a noisy welcome, cheering wildly and firing salutes into the air from their revolvers.

Moving Documents. During the night automobiles had been kept busy moving stores and documents from the Unionist headquarters, who had been keeping close watch on every move made by the Unionists.

Precautions of a particular rigorous character have been taken at the Victoria military barracks here, where extra guards have been on duty day and night for several days past.

Urgent instructions have been sent to the military authorities in the south of Ireland to dispatch reinforcements immediately to the garrison stations in Ulster.

Infantry Arrives. In response to invitations from army headquarters a detachment of 200 infantry arrived at Newry, in the course of the day, from the Curragh and another 300 from Mullingar. The garrison of Londonderry also was reinforced by 300 men from Mullingar, and two warships have arrived in Dublin Bay.

"Be Calm," Says Carson. Feeling among the public in Belfast has become much more tense since yesterday's debate in Parliament over his arrival here Sir Edward Carson issued an appeal to his followers to preserve calm. No disturbance had occurred up to 8 o'clock this afternoon.

ORDER DATA ON NEW CITY HALL

Controllers Instruct Building Inspector To Find Out Department Needs. ESTIMATE PARING NEXT

Board Will Start Cutting-Down Process Next Week.

The board of control this morning authorized Building Inspector A. M. Piper to go ahead with the collection of data and preliminary specifications for the new city hall. The inspector will be asked to determine what accommodation will be necessary for the various civic departments, how much land will be required, and so forth. The expenditure is to be kept within the \$250,000 mark.

Controller W. G. Coles is anxious to proceed with the work as rapidly as possible, and when Inspector Piper's information is complete, it will be submitted to the council, preliminary to launching the architects' competition for suitable plans.

The controllers will get busy within the next week on the estimates. Paring them down will be a real task, and members of the board seem to feel like staving off the evil day as long as possible.

Too Late! Too Late! City Solicitor T. G. Meredith wrote that it was too late to have a clause inserted in the city of London bill asking that the control of trees and boulevards be handed over to the park commissioners, but when representatives of the city go down to Toronto to urge the acceptance of the various provisions of the measure the Legislature will be asked to insert this clause.

The city solicitor also advised that Continued on Page Eleven.

Ulster Volunteers Called Out

Belfast, March 19.—An emergency force of picked men from the Ulster Volunteers was hastily summoned to headquarters tonight.

Volunteer Activity. Meanwhile, there is unusual activity among the Ulster volunteers. Forty members of the motorcycle corps left Belfast yesterday under secret orders.

INVADED CHURCH; IS TO BE TRIED TUESDAY

[Canadian Press.] New York, March 20.—The most important of the trials resulting from the recent invasion of the New York churches by the unemployed was today set to begin on March 24. The defendant, Frank Tannenbaum, is the youthful representative of the Industrial Workers of the World. Tannenbaum is indicted for participation in unlawful assemblage, a misdemeanor. He refused to accept bail and is awaiting trial in jail.

IMMIGRATION MEN SPOIL
CARGILL MAN'S ROMANCE

Matrimonial Ad in American Paper Answered by Robt. Tait
Results in the Arrest of Two—The Woman Is Not
Allowed to Stay in Canada.

[Special to The Advertiser.]

Cargill, March 19.—A wedding that was eagerly awaited by many here, following a romance which started from answering a matrimonial advertisement, and a charivari party for which all arrangements were made are both cancelled, greatly to the disappointment of a number of local men.

Robert Tait, who was arrested here Monday, was engaged to marry Mrs. Lillian Horne, an Ohio woman whom he had never seen. Tait is now in Windsor jail on remand for sentence for inducing a woman to come to Canada under promise of marriage and for immoral purposes. Mrs. Horne and her three children, whom she brought with her, are awaiting deportation. Tait is 37 years old and Mrs. Horne gave her age as 35.

Things started in a matrimonial agency in Illinois. Tait saw an advertisement that Mrs. Horne had put in one of the American papers, and answered it. She immediately replied, and thus the love affair that was to end so disastrously, for at least one of the parties, began. The couple corresponded for some time and 72 letters—love letters and worse—were sent in all. In the last one Tait asked Mrs. Horne to come to his home in Cargill and they would be married. He first proposed a trial marriage of a few days' duration. In one of the letters Mrs. Horne inclosed "a perfumed exhibit" to hasten the marriage.

Just before leaving for this country Tait informed the woman that it was necessary for her to have \$50 before she could get by the immigration authorities. She disregarded this warning, and when she arrived on the Canadian border and was asked to show how much money she had she could only produce \$11. When asked her reasons for coming to Canada she told the whole story and produced one of the letters written to her. This did not satisfy the authorities and they demanded more letters. She gave them all up after a fight, and when the authorities read them they decided that the case should be

looked into. The woman, with her two children, was detained in the Woodbine Hotel.

Children Separated.

The children, three in all, have been separated, one going to live with the former husband of the woman, Howard Horne, who lives in Detroit at the present time. Mrs. Horne disposed of him in a very convenient manner. She had a paper made out by some person in her home town stating that she had divorced her husband. This was neither signed nor dated and, in the eyes of the law, was valueless. This document she forwarded to Tait to show him everything was all right and that they could be married.

Three witnesses were called, Inspector Vincent W. Byrne, W. G. Clydesdale and Chief Inspector David H. Reynolds, all of the immigration board of inquiry. They all made practically the same statements, saying that the woman had been taken off the train on account of the letters shown them and also owing to the fact that she had not enough money to enter Canada.

While police court was in session and after the trial the woman made several desperate efforts to see the man who was to have married her, and when told that she could not she said she would commit suicide at the first opportunity. She was deported with her children.

Greatly Disappointed.

Tait had told many of his friends that he had this woman coming to marry him and they had arranged a party to welcome her. But the show didn't come off, and there are many men of Cargill very much disappointed in the way things turned out.

Tait was found guilty of inducing a woman to come to Canada under promise of marriage and was remanded for eight days for sentence. Magistrate Leggatt, of Windsor, in giving his decision, gave the prisoner a severe lecture, and finished by saying that the case was one of the worst in the annals of the Windsor police court.

WEST NEEDS AND WILL GET
WIDER MARKETS, SAYS M.P.P.

[Special to The Advertiser.]

Crinan, March 19.—Mr. J. K. Johnston, M. A. M. P. P., and wife returned yesterday after visiting Mr. Johnston's home here for some time.

He declared emphatically that the west needs and will get wider markets, free implements and wheat.

Mr. Johnston is a Liberal member of the Saskatchewan Legislature and predicts great successes for Liberalism, both for the Provincial and Federal Parliaments.

ESSEX POLICE CHIEF

RESIGNED SUDDENLY

Objected to Orders to Clean Snow Off Streets.

[Special to The Advertiser.]

Essex, March 19.—Chief of Police Doane has resigned unexpectedly as a result of being ordered to clean the snow off the sidewalks of the town. He was only recently appointed and when he took the position it was understood that he was to do a little extra work around the town. This work consisted of looking after noxious weeds, collecting water taxes, also dog taxes, supervising the street cleaning and any other little job that might arise, besides looking after law and order in the community.

CARS CRASH HEAD-ON
MOTORMAN INJURED

Queer Accident on St. Thomas Street Car Lines.

[Special to The Advertiser.]
St. Thomas, March 19. — D. S. Treadwell, motorman on one of the city's municipal-owned depot street cars, had both legs broken at the ankles, and Motorman Hammill, of belt line car No. 62, had his face cut by broken glass, when the two cars collided on Talbot street this afternoon in front of the Noble biscuit works.

City Will Investigate.
A full investigation will be made by the city in an effort to place the responsibility for the accident. None of the passengers were injured, but all were badly frightened when the crash came.

To Put On Flesh and
Increase Weight

A PHYSICIAN'S ADVICE.

Most thin people eat from four to six pounds of good solid fat-mixing food every day and still do not increase in weight one ounce, while on the other hand many of the plump, chunky folks eat very lightly and keep gaining all the time. It's all about that fat-mixing food, the nature of it, and the way it is taken.

Thin folks stay thin because their powers of assimilation are defective. They just absorb enough of the food they eat to maintain life and a semblance of health and strength. Stuffed with fat, they don't make a single "stay-there" pound. All the fat-producing elements of their food just stay in the intestines until they pass from the body as waste. What such people need is something that will prepare the fatty elements so that their blood can absorb them and deposit them all about the body—something, too, that will multiply their red blood corpuscles and increase their blood's carrying power.

For such a condition I always recommend eating a Sargol tablet with every meal. Sargol is not, as some believe, a patented drug, but it is a scientific combination of six of the most effective and powerful flesh-building elements known to chemistry. It is absolutely harmless, yet wonderfully effective. Nearly all the elements of each meal often have the effect of increasing the weight of a thin man or woman from three to five pounds a week. Sargol is sold by good druggists everywhere on a positive guarantee of weight increase or money back—adv.

QUIT MEAT WHEN
KIDNEYS BOTHERTake a Glass of Salts if Your
Back Hurts or Bladder
Troubles You.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to keep the kidneys clean and active and the blood pure thereby avoiding serious kidney complications. W. T. Strong, druggist, agent, London.

Jack Graham.

Arrangements for the burial of Jack Graham, the popular Londoner who met his death in the fire that gutted the Woodbine Hotel, Toronto, on Tuesday, were made last night following the arrival of the body on the Grand Trunk International Limited at 7:55. The funeral will be held under Masonic auspices at three o'clock on Saturday from Griffiths and Willis's undertaking rooms to Mount Pleasant Cemetery. The pallbearers will be members of Masonic Lodge, No. 209A, and also of the Hermitage Club. A private service will be held at 2 o'clock.

on Tomorrow.

[Canadian Press.]

Washington, March 19.—More stubborn than anything that has arisen to stir the tranquility of the Democratic majority since the party came into control of the National Government, is the opposition to President Wilson's plea for repeal of the toll exemption provision for American ships in the Panama Canal act.

CONVICTED LAWBREAKER
GIVEN GOVT. POSITION

Ottawa, March 19.—The story of another law-breaker appointed to office by the Borden Government and used by the Conservative organization in the party game was told in the Commons tonight, when the case of Ambrose Gray, an Alberta homestead inspector, was discussed. Gray, it was definitely declared by W. H. White, member for Victoria, was a convicted law-breaker.

When Mr. Borden took office Gray was rewarded for party services with a Government position just as Andrew Landry, convicted forger, was released from jail to take office under the Government. When the Alberta elections came on a year ago Mr. Gray resigned and ran as Conservative candidate in Beaver Hills. Less than three weeks later, having been defeated, he was reappointed as Homestead Inspector and put at work in the very district where he had run as party nominee, thus placing homesteaders at the mercy of a man whose displeasure they had incurred by rejecting him at the polls.

HOLSTEIN WANTS TO
WIPE OUT THE BAR

[Special to The Advertiser.]
Holstein, March 19.—Local Conservatives are dissatisfied with the temperance policy of their leader, Sir James Whitney, and that of the Tory party in general, and are voicing indignant protest in the form of a petition.

Local stalwarts of the Conservatives who want the total abolition of the bar, are at present bearing the paper around and the Tory vote in the village has been largely signed. Very few have refused to sign. The petition, which will be forwarded to Toronto in a few days, asks that a plebiscite vote to wipe out the bar in Ontario be taken.

LONDONER SAFE
BUT THREE DIE
IN DETROIT FIREPercy Short Has a Narrow
Escape in Elevator Com-
pany Blaze.

WINDSOR MAN IS DEAD

Walter Libby Went Back Into
Building for His
Overcoat.

PROPERTY LOSS \$100,000

Two Break a Window and Get
Freedom Down a Fire
Escape.

Narrowly escaping with his life from the fire which swept the five-story building of the Houghton-Detroit Elevator Company, Woodbridge street, Detroit, yesterday afternoon, Percy Short, son of P. H. Short, 24 Evergreen avenue, proprietor of the Maple Leaf Gum and Candy Company, here, wired his parents late yesterday afternoon that he was safe. News of the fire, following on the heels of the Toronto catastrophe, filled the family with misgivings for their son's safety. They waited in suspense, fearing the worst had happened, until the receipt of the telegram stating that he had escaped. Three other men, not able to make their escape from the burning building, perished in the flames.

Details regarding the young man's escape are meagre, the message merely assuring his parents of his safety and stating that an employee, James Scott, had perished, while another member of the staff, named in the missive as Wilson, had escaped by a scant margin.

The Maple Leaf Company has an American branch in the name of Wilson and Short on the upper floor of the building, and it was while in the offices of the concern that Short nearly lost his life. He left London on Monday to complete arrangements for removing a gum-wrapping machine from the Detroit branch to this city and was in the building at the time of the outbreak of the fire, superintending packing of the machine in anticipation of shipping it to this city.

Two Bodies Recovered.

Two bodies have been recovered and a third body is believed to be in the ruins of the building, which was fire-swept. Two men were injured and two score of employees, including a number of young women, escaped from the blazing building. The property loss was estimated at \$100,000.

Known dead are: Walter Libby, Windsor; John Law, Newark, N. J. Both men were employed by Wilson and Short, who operated a machine shop on the fifth floor. Both bodies were badly burned. A man named Todd, who worked for the same company, is missing.

Went Back for Coat.

Libby, whose body was recovered, is believed to have lost his life through his going back for his overcoat after he started for the fire-escape. He had his overcoat on when found dead. He started for the escape with others when the alarm of fire was sounded. The flames broke out on the fourth floor. The fire got a sweeping start on the firemen and a second alarm was rung in soon after the first. There were six men on the fifth floor of the building when the blaze was discovered. Libby was among them. Two of them broke a window and made their escape down the fire-escape. The other four men started for the fire-escape but turned back. Three of them were seen later on the roof. It is believed these were the three whose bodies the firemen saw.

"The Inside of the Cup"

Winston Churchill's book is a pretty good picture of High Finance, etc., that we in the woods know nothing about. Of course, they like our money at 3 per cent. or less (note the millions in all the Banks without interest), and vote themselves salaries, etc., so as to keep down deficits, etc. Don't you think it's about time that the fellows outside, who really find the millions to loan to railroads, etc., had a chance? Reforming the world is a pretty big order, and most men who tackle the job get the axe, and from the fellows who are always ready for both the outside and inside of the cup. You start out to do any thing worth while, even pave a street, and see how quick the "good fellow" gets fusy. Commodore Vanderbilt said, when told that Westinghouse had invented a way of stopping trains by air, "the fools are not all dead." Even C. V. did not know all there was in wind. "Westinghouse's patent has saved more lives than Napoleon took, and added safety and comfort to every railroad train in the world"; that's a pretty full cup, as full as the cup of human kindness. People who don't know talk about there being no friendship in business—always hard, close and fast; but they have never been to one of our Birthday Parties, when the people come, as Mr. Hodder would say, "rich and poor, high and low, every body." And we want to tell you that you never know who your best friends are until something happens worth while. Certainly not the fellow who tells you your goods are lovely, and spends his money anywhere but at home (where he gets his living). If that chap lived in the first century he would be called a Pharisee. But about that friendship in business, we cannot thank you too much for all the nice things you said and did at the celebration; it makes it worth while to be in business for 33 years, to find that you have "played the game" so as to win and hold public confidence. We don't want to boast, but last Thursday's crowds, morning, afternoon and evening, were the best testimony this store has ever had for fair and square dealing. That day we gave over to being glad. Of course we sold goods—that's what a store is for—but that one day is our day to get even (in a way) for all the patronage of a whole year. We thank you.

Tuesday, the 17th, we did honor to St. Patrick, who is said to have been born in Glasgow. One gentleman said recently to the writer, that an Irishman "was a refined Scotchman." That definition is a proof that he, at least, was Irish. Incidentally, the same day, we made a showing of the swellest line of Millinery, Mantles, Coats, Suits, Silks, etc., etc., not forgetting Clothing for men and boys, that ever got "inside this cup." Come and see us. "Don't worry," we have the goods.

Price—Oppose Iron Bounties.

[Canadian Press.]
Toronto, March 19.—One hundred and fifty farmers met in Toronto today and took preliminary steps towards organizing the United Farmers of Ontario. This body is to be an eastern unit to correspond with such western bodies as the Grain Growers' Association and the United Farmers of Alberta. The gathering passed a resolution opposing iron and steel bounties or bonuses, and this resolution will be presented to Hon. R. L. Borden, premier of Canada, tomorrow morning by E. C. Drury, secretary of the Canadian Council of Agriculture.

DIED AT BELMONT

[Special to The Advertiser.]
Belmont, March 30.—Colin Campbell, a highly-respected resident of this village, died here this morning about 7 o'clock, after a lingering illness, aged 46 years. He suffered from diabetes for seven years, but has been able to be about most of the time.

Mr. Campbell was a son of the late house and moved to Belmont. He married Edith, only daughter of Louis Cooper, of Gladstone, who, with one son, survives. He also leaves two brothers, William, of Gladstone, and Daniel, of London, and one sister, Mrs. Duncan McCallum, of Gladstone. The funeral will be held on Monday, service at the house at 1 o'clock, and interment in Union Cemetery, Dorchester.

LONDON, FRIDAY, MARCH 20.

Seven women are candidates for alder-

women of Chicago. Bonnets in the ring.

Apparently Winston Churchill has not

heard of Our Sam's proposed motor boat

bavy.

A Chicago man was sent to jail for

stealing a loaf. He made the mistake of

not stealing a railway and a few banks.

Westinghouse, of railway brake fame,

left an estate valued at \$35,000,000. Some

fortune that to be made largely out of

oil, and not air at that.

Lord Roberts says that no man should

nation who cannot shoot straight. A com-

bination of the bullet and the ballot.

If Villa is defeated at Torreon as re-

ported it means a serious setback, as

the Constitutionalists have no second line

and reverse is likely to become a rout.

Lone bandit took five thousand dollars

from the passengers on a train in Kan-

sas. If he had had a pal he would prob-

ably have got another five thousand from

the porter.

Lord Lucas says there is no record in

history of the rich being compelled to

serve the poor, but there will be after

Lloyd George gets through doing things

for the common people.

Scottish students are wondering whether

the Laird of Skibo is a British citi-

zen or an American. After he has given

away all his money probably neither

country will want to claim him.

The first lord of the admiralty re-

marks that the average Canadian is

better off financially than the average

British taxpayer. And there's a reason, in

which the element of luck does not enter.

It will be remembered that G. Howard

Ferguson was the man who squelched

the Proudfoot inquiry at the last session

of the Legislature. It is not surprising

that Hon. Mr. Haana and his friends

went beyond the bounds of decency and

parliamentary procedure to keep him in

his seat.

A THIRD PARTY.

AT A MEETING of the Welland Coun-

ty Temperance and Moral Reform

Convention on Wednesday of this week

it was decided practically to form a third

party and nominate their own candidates

for the Ontario and Dominion Parliam-

ents. The conclusion was by no means

unanimous, but the majority approved

the scheme.

We are inclined to think there is more

zeal than wisdom in this course. For

years the friends of temperance have

been calling for one of the political

parties to take up their cause. The Liberal

party, friendly to temperance for many

years, has now gone to the extreme and

declared itself a temperance party. It

has adopted a policy the most advanced

possible. Bringing its own proposals to

cut off licenses, and banish the bar, to

the aid of the present laws, the local

option and the Scott act, it has become

the party of practical prohibition. It was

a serious step to take; one which it may

be freely admitted did not meet the ap-

proval of all Liberals. As a political

scheme it was of very doubtful value;

and could only be justified by the con-

scientific belief on the part of the ma-

jority that they were acting in the in-

terests of moral reform and for the good

of the country. It would seem to be not

only just, but good politics, for all

friends of prohibition to give their ad-

hesion and their loyal support to the

Liberal party.

Assuming that a third party is duly

organized, and places its own candidates

in the field, what will be the result? It

will simply divide the Liberal vote, and

the Conservative will be elected. The

combined vote of Liberals and Prohibi-

tionists might constitute the majority,

but because it was divided up between

two people the minority candidate would

win. Both Liberals and Prohibitionists

would suffer and the Conservatives

would benefit at their expense.

We can understand how a man may

believe that the policy of the Conserva-

tive party is in the best interests of tem-

perance and moral reform. Biased by

his party prejudices a man might hold

that opinion, and his conscience would

justify him in supporting the Conserva-

tive Government. But if he does not so

believe we fail to see how he can pos-

sibly favor the idea of starting another

party, splitting up the temperance vote,

and keeping the present administration

in power.

PREMATURE COMPLIMENTS.

SOME of the papers have been com-

plimenting the Hon. Mr. Crothers for

his prompt action in preventing the im-

portation of a batch of Spaniards by the

contractors for the new Welland Canal.

One of them triumphantly asks: "Now will you say that Mr. Crothers will have to go?" But the Spanish Consul-General writes to the press saying that no Spaniards have been imported; that nobody in the vicinity knows anything about them, and that he does not believe there are any trying to come into Canada at all. The compliments to the minister were evidently premature.

THE PERSISTENCE OF BARBARISM.

THE defence of duelling among soldiers by the German Minister of War is one of the things that the average mind can hardly comprehend. He did not claim for the practice that it was in accordance with divine law, or with common sense. But he held that it was necessary to maintain the right of every military man to defend or sustain his own honor by a personal encounter with the man who offended him. The fact that the man whose honor was injured might easily lose his life, and thus be fatally injured in body, when the injury to his honor may have been imaginary, did not seem to make any difference.

The minister's logic—if such it can be called—would carry him too far. The honor of a civilian is just as dear to him as it is to a soldier. And if it is right for the soldier to fight a duel on behalf of honor, it must be equally right for the civilian. He would take us back to the days of barbarism, when every man was expected to resent offenses by killing the offender, or being killed himself. There was some justification for this practice in the dark ages, when an appeal to the sword was held to be an appeal to the divine justice which would preside over the contest, and give the victory to the man who deserved it. On no other grounds could duelling be justified. But nobody holds that view today, not even the advocates of duelling.

The soldiers of England are just as honorable, and just as careful of their honor as those of Germany. And they do not find it necessary to kill each other over personal disputes. War between nations is bad enough; but war between individuals is inexcusable. For the individual there are laws, both civil and social, as well as criminal, which are sufficient to redress all injuries, in so far as they can be redressed. A personal fight, either with pistols, swords, or fists, cannot be any more effectual. It is generally admitted among civilized people that war is an evil handed down to us from barbarism. The suppression of war between individuals is one of the first steps towards the maintenance of order and the peaceful settlement of disputes between nations. That country which maintains the right and justice of individual war is a long way from abolishing national war. There cannot be a resort to law for the settlement of national disputes, so long as individuals are encouraged to settle their quarrels by taking the law into their own hands.

"ACCORDING TO HOYLE."

AFTER fighting all day and all night the Ontario Government has fixed up things for Mr. Ferguson, and relieved him from the penalties provided for a member of the Legislature who hired out to the Dominion Government. If that had really been all that was wanted, it could have been done in half an hour, for Mr. Rowell would have allowed it to go without opposition. But it was necessary to pass a general law so that the way might be open for some more of Mr. Ferguson's colleagues to secure little Government jobs with their emoluments. The Speaker of the Ontario Legislature is appropriately named Hoyle. All his rulings seem to be according to Hoyle, as edited by Hanna & Co.

A USEFUL MEMBER.

M. R. A. E. Lancaster, M. P. for Lincoln, has taken a leading place in the House of Commons. He studied law in the office of the late Police Magistrate Francis Love and practices at St. Catharines. He is now chairman of the railways. He is now chairman of the House and is admitted as the railway law at his fingers' ends, so much so, that the committee depends almost entirely on him to keep it straight. Mr. Lancaster is one of the hardest workers in the House. The friends in London of his younger days are pleased at his success.

THE NEW ONTARIO MUSEUM.

A NEW and concrete form of education was unfolded yesterday to the people of Ontario in the formal opening at Toronto by His Royal Highness the Duke of Connaught of the Royal Ontario Museum.

This institution was established under an act of the Ontario Legislature and is governed by a board of trustees, who should make it part of their business to see that the people of the Province and of the country learn of the advantage to be gained by a visit to the building which has been established. Toronto has numerous places of educational interest to the visitor as well as to the resident of the city, which probably not one in a hundred has heard about. A formal opening with the issuing of a formal list of invitations to a more or less formal set of people seems to be about the end of the publicity given.

The new museum is located near the University of Toronto buildings, with plans for extension. Already it houses many interesting collections, covering a period preceding the ice age in England down to the last hundred years. The stone age is well represented, the development of civilization in Babylonia and Egypt is illustrated; there are shown samples of Grecian art; there is a great Biblical collection; the life of the American Indian is illustrated. Laces and embroidery work, vases, porcelains, wood carvings, tapestries, velvets of various ages are shown. There are also minerals and fossils and much of the present biological museum of the university will be placed among the exhibits.

The country is indebted to many public-spirited men and women for the contributions.

Afterthoughts.

ABE MARTIN

A five-cent picture show don't only leave something for the imagination, but also something for the groceryman. Lem Granger's trial for horse stealing is set for next week, an attorney Tell Binkley is rehearsing his wife an' baby on how to weep in court.

"Well, why does that young cub stay so late?"

"I believe he's pleading with Mabel for a goodnight kiss."

"Well, if that is the only way to get rid of him, authorize her to bestow it."

FASHION'S ORIGIN.

[Washington Star.]

"How do you suppose the idea of rain-bow hair originated?"

"I can account for it only in one way," replied Miss Cayenne. "Some society leader who was fixing her hair got an unexpected chemical reaction and had to brazen it out."

SPLENDID POSSIBILITIES.

ON THE SPUR

OF THE MOMENT

BY ROY K. MOULTON.

The Old-Timer.

Perhaps I have done many, many things

Which to my friends have brought the blush of shame

The years you know have gone on fleeting wings

I've made mistakes, as I've played in life's game

Mistakes of head, not heart, they've always been

But still, you know, in spite of all my faults,

My friends must give me credit now, I mean

I've never danced the hesitation waltz.

I've done a lot of things no man should do.

I'm very sure of that, dear friends of mine.

I've cussed and chewed tobacco quite a few.

And once or twice I've tampered with the wine.

I've gone to burlesque shows in years gone by.

And watched the chorus girls cavort and sing.

But still you owe me credit because I have never danced that low-browed tango thing.

Feeding the Calf.

Old "Dad" Reynolds, of Paw Paw, Mich., relates the following:

"I was cumin' by old Sam Jenkins' over on the north branch the other day and see of Sam cumin' out of the barn with a pale in one hand and a club in the other. He had a damp and dejected appearance, his nuckles was skinned and he had a mask uv milk adon wuz danger-

ous. I ast him what the matter wuz. Af-

ter swallerin' sum uv the milk and spit-

tin' out a tooth he sez: 'I've ben tryin' to learn a kaf to drink, and, dod blink

him, I'll learn him or kill him."

"You see, the ol' woman generally feeds the calves, but sed I cud do it. She sed just put mi fingers in his mouth, lore

his hed into the milk and that wuz all; but it wazent all bi a dum site. I put mi

fingers in his mouth, jamed his hed into the pale, when he bit mi fingers, jumped

sideways, steep on a soft corn and the trouble commenced. I kicked him in the

ribs with a rubber boot and broke a toe, then I held his hed in the pale for about a minnit. He seemed quiet, but there's

where I wuz fooled. He'd jest ben ab-

sorbin milk. He jerked his hed out uv the pale and exhaled about two quarts uv

milk inter mi face. I got mad, grabbed a club and loosened up his ribs a spell; then I got straddle uv him, took him bi

the ears and jabbed his hed inter the pale. He humped up like a brunka,

throd me over his hed, spit what milk there wuz left all over me, and then

looked at me jest as am and peaceful as tho' he hadent dun anything. Gosh dum him!"

Uncle Abner.

It is getting so that egg sandwiches all

taste about the same. At least that is

what a millionaire said the other day.

Lem Higgins is enjoying his outmoble

while he can. As soon as his tres wear

out he has got to sell his car for he will

never be able to save up enough to get a new set.

It begins to look as though the turn-

down collar has come to stay.

Everything has a mission in this world.

Grandpaw Bibbins has got a large wart on

the end of his nose, but he says it is the

most useful thing he has got. It keeps his

spectacles from slipping off in the soup

when he is eating.

Deacon Pringle took his first wife's

When Simplicity Is the Most
Demanded.

In the most stylish of children's costumes there is always the greatest amount of style in the greatest amount of simplicity, and here is an ideal little frock for school wear or even for more dressy wear if developed in dressier material. This one is of soft silky mohair in dark green, feather-stitched in red and blue. It is worn with green stockings and button strap sandals.

THE HOROSCOPE

SATURDAY, MARCH 21, 1914.

The stars good tidings bring
On this first day of spring.

On this day, when the sun crosses the equator and the spring quarter begins, astrologers interpret the signs as favorable for the United States, although there are portents more or less sinister.

When the sun enters Aries at Washington the "ingress" takes place in the ascendant, and this is interpreted as most encouraging for the general condition of the people. Financial affairs will improve, the London news declares.

There is a prognostication of railway accidents and postal troubles. Mars in the fourth house is read as indicating unsettled and stormy weather, with floods in many parts of the country. The prophecy is repeated that tornadoes are probable in the States between 62 and 75 degrees west longitude.

The stars today are in aspects said to be rather unimportant in their influence upon human affairs.

The moon is in a sign which in ancient times was believed to be unfavorable for voice culture. The day should be an auspicious one for singers.

It is a favorable time for winning the favor of employers or persons in a position to aid professional or business progress.

Women are not subject to good conditions under this configuration. If they have affairs of importance to decide delay is counseled.

Those who read the skies see no likelihood of quick success in sufrage work in the East, but they say the planets indicate startling victories in the Middle West. Jealousies and schisms are prophesied.

Strikes in dockyards and among naval employees in Great Britain and other parts of the world are predicted. Although a late spring is probable it is foretold that immense numbers of tourists will go abroad.

Persons whose birthdate it is have the prognostication of a happy, prosperous year. Those who work for salaries may be promoted.

Children born on this day have lucky stars to guide them. Boys probably will make much money, and girls will marry advantageously. These subjects of Aries, the lamb, have Mars as their principal ruling planet. They usually are ambitious, energetic and reliable. They are of optimistic temperament and make many friends.

Songs We Used to Whistle and Sing

Someone requested the words of a song called "On the Banks of the Nile." I am forwarding it, although the proper name of it is "The Soldier's Letter." I hope it will prove to be the one that is required. I wonder if any of your readers know the words of an old, old song called "The Lincolnshire Poachers." If so, I should be very much obliged to see it printed.

Yours sincerely, M. R.

The Soldier's Letter.

Far, far away, on the banks of the Nile,
Some thousands of miles from his own
green isle.

A brave Irish soldier, a gallant dragoon,
Read his mother's letter by the light of
the moon.

He stole from the camp, that little note
to read.

The news that it brought made his stout
heart bleed:

For while Pat was fighting at the head
of his band,
His mother was evicted by the law of
the land.

Chorus—
The tears rolled down his sunburnt
cheeks.

To drop on the letter in his hand;
It is true, too true,
More trouble in my native land.

It told how the widow could not pay her
way,
Then came the agent one cold, dreary
day.

To burn down the cabin for a trifle she
owed,
And she and her children were cast into
the road.

Though she had one son, a tar, afloat
on the foam,
Another a soldier, yet both far from
home.

Fighting for their colors, against their
country's foe,
While their kind-hearted mother lay
starving in the snow.

Chorus—
It told how a neighbor, a kind friend,
indeed,
As if sent from heaven to the outcasts
in need,

Took them to her cabin, where the logs
were burning bright,
The widow and her children wept tears
of delight.

I know I'm doing wrong, the poor old
creature said,
By giving you a shelter in this old,
humble shed.

With all my heart you're welcome, such
laws as that I spurn.
My home shall be your home until your
sons shall return.

FISH RECIPES FOR LENTEN MENUS

Several Ways in Which Salmon May Be Prepared.

Salmon Omelet—One can salmon, four eggs, nutmeg, salt and pepper, four tablespoons boiling water. Beat eggs light, add salmon minced and drained, seasoning, and lastly add hot water. Put in well-buttered omelet pan, cook till firm. Serve with toast for breakfast.

Salmon Hash—One can salmon flaked coarse, one cup rolled cracker crumbs, one cup milk. Have a skillet hot, place two tablespoons butter; when melted put in cracker crumbs, stir, then the flaked salmon; stir these together, season well with pepper, salt and a dash of cayenne and then mix one-fourth teaspoon of dry mustard with the oil that was on the salmon and stir in the mixture, then one cup milk. When the whole is thoroughly heated through and thick it is ready to serve. This makes an excellent dish to prepare on short notice and is surely a hungry man's delight.

Baked Canned Salmon—Drop one can of salmon in hot water. While this is boiling ten or fifteen minutes put a tablespoon (heaping) of butter or any good fat in spider; when hot through stir in a half onion (sliced fine and minced) and fry until brown. Stir into the brown fat a tablespoon of flour. When well mixed, pour in a pint of milk, or juice enough to make a nice gravy when boiled. Then season with salt or pepper. Take can from hot water; open, drain off the liquid and place the fish on a platter and pour over and around hot fish. Garnish with sliced lemon and parsley. Use water in place of milk, which makes the brown gravy.

Baked Canned Salmon—Take off the skin from a fine canned salmon steak. Lay in a small granite baking pan and sprinkle with a little pepper and salt and minced parsley. Over the salmon place an inch-thick layer of well-seasoned and beaten mashed potato, shaping to conform to a slice of fish. On top put buttered and seasoned fine bread crumbs. Bake half an hour in a hot oven, basting once in a while with a little butter and cream. The next day may not dry out. Place carefully on platter and pour around the delicious steak a cream gravy made by putting into the pan it was baked in half a pint of milk, a small cup of cream and half the juice of the salmon. When boiling hot, season with salt and pepper and thicken with flour and water. Serve a lemon point with each helping.

If dressing should curdle when you take it from the fire, pour it slowly over the yolk of an egg.

Sends Lily Cake Recipe.

Dear Miss Grey,—I am writing to you for the first time. Here is a recipe for Lily Cake: Cream half cup butter, add two cups sugar, one cup milk, alternating three cups flour, four teaspoons of baking powder, one teaspoon of vanilla, and fold in whites of four eggs; beat stiff and dry; bake in layers or loaf as desired.

Could you print a song containing these words: "God bless the ship that takes me to my own, my native land."

A FALLOW GIRL.

Ans.—That is indeed a nice recipe, and I am sure our readers will want to test it for themselves. The one song you ask for is popular music, and may be purchased at any music store.

Use a Hat Box.

Dear Miss Grey,—I will you please tell me, if it won't be too much trouble, how I could fix my box, as I am asked to a box social, and do not know how? Not too expensive.

2. How can I entertain the person who buys my box?

3. Will sport coats be popular this spring? If not, what kind will? Oblige, BASHFUL.

Ans.—1. A novel way, would be to use a round hat box for your lunch. If too high, cut it in half, using a sharp, strong knife. Cover with frills of crepe paper, and tie fancifully with ribbon.

2. Provide a good lunch for him—that is the main thing. As for conversation, I am sure that it should not be difficult for two young people to find a number of interesting things to talk about.

3. Yes.

Help for Blue Belle.

Dear Miss Grey,—1. What is good to clean a light oak sewing machine, with black spots on it?

2. A white sauce recipe, also a banana cake recipe?

3. Would a small hat covered with violets look well on a married lady?

4. Would a giraffe look well on a married lady, also on a girl of 15 years?

5. Would a little boy of 2 years look well with short stockings and slippers?

BLUE BELLE.

Ans.—1. Moisten a soft rag with kerosene and rub the spots very hard. Then polish afterwards with a fresh, clean cloth.

2. Put half cup butter in a double boiler and let it soften; mix with it two tablespoons of flour, then add one pint of milk; stir constantly till the sauce thickens and let it scald; season with pepper and salt and a little onion juice if desired; scald 15 minutes, strain and send to the table.

3. Make a light cake as follows: One-third cup butter, one cup sugar, half cup sweet milk, one egg, two cups flour, 1½ teaspoons baking powder, one teaspoon vanilla. Bake in layers, and put this filling on top and between: Whip one-half cup of sweet cream till a stiff froth, add sugar to taste, and beat in bananas mashed or sliced.

4. Girdles, the broad new cash kind, are being worn by young men and young women. They look nice or not depends largely on the figure of the person wearing the girdle.

5. Yes—but do wait until the weather gets a bit warmer!

Having a Birthday.

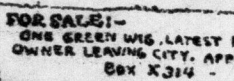

Dear Miss Grey,—I would like to see in your column the song, "There's a Light in the Window," also a recipe for a birthday

Sarnia, March 19. — The celebrated Sarnia "exhibits," minus the services of Bill McCart and Dick LeSeuer, were defeated by the no less celebrated Sarnia "Dubs," with the above two players on, by the score of 15 to 6 here this evening. The half-time score was 6 to 0 in favor of the "Dubs."

Result a Surprise.
A good crowd witnessed the struggle and the result came as a big surprise. The members of the "exhibits" have been bragging all season that they could beat the "Dubs" playing five men against the latter's seven. Tonight they were outclassed in every department, and the game became a burlesque towards the last. The consolation champions did not have a look-in at any stage of the pastime. Arthurs, LeSeuer and McCart played a great game for the winners, while Imbeau and Granary starred for the "exhibits." The proceeds of the game will be devoted to charity. TORONTOS MADE IT
THREE IN A ROWWon Stanley Cup From Victoria
by Taking Third Game.

CONTEST WAS ROUGH ONE

Players Forgot All About Hockey at
Times in Order to Rough It—
Score Was 2 to 1.

Toronto, March 9.—Toronto won the Stanley Cup from Victoria. The final contest at the Arena tonight resulted in a score of 2 to 1, in the local team's favor. It was something of a plugging match, and rough play was the rule, from start to finish. This, the third meeting of the Toronto and Victorias in the Stanley Cup series in Toronto, was under the National Hockey Association rules, with the western penalty system.

Both teams used crude methods to break up their opponent's attack and the man with the puck was generally sent sprawling before he had a chance to shoot. While the rough play was evenly divided, Poulin stirred up most of the trouble. Right from the start he hooked, tripped and slashed. Toronto did not take kindly to his rough play and retaliated. Before the game was over the players on both teams, with the exception of the goal tenders, let hockey go and contented themselves with waiting a chance to give and take with an opponent.

Victoria looked better than they did in their former games and had easily as much of the play as Toronto. Their entire forwards line, with the exception of Poulin, displayed more speed and better judgment in handling the puck when close in on the nets, and Holmes was given plenty to do. As in the other games, his work was good throughout, but he did not overshadow Lindsay, who played his best game of the series. The Victoria forwards checked back well and this, with the rough work close in on the goal, prevented the light Toronto attack from shooting as much as usual. Foyston and Wilson were tireless workers, but had little chance against the husky Victoria defense. Davidson, who was unable to play on Tuesday on account of illness, replaced Wilson several times tonight, and when he was not roughing it with his opponents did some good work.

Cousins Started to Mix It.
After play had been in progress about fifteen minutes in the third period, Davidson and Genge, who are cousins, started a fight in the southwest corner of the rink. Sticks were dropped and the two husky players went at it with their fists. No damage was done on either side, but before the disturbance was quelled every player on both teams and some of the substitutes had a hand in it. Cameron gave Poulin a nasty crack on the head near the end of the game when he swung his stick after being relieved of the puck. The visitor had been doing this throughout the entire game, so he received his own medicine. McGiffin was only on for a few minutes, but the short while he was on was filled with thrills. Genge was on to get McGiffin several times and once succeeded when he charged the little fellow, but without any damage resulting.

Victoria—Goal, Lindsay; point, Genge; cover point, Patrick; centre, Dunderdale; left wing, Kerr; right wing, Poulin.
Toronto—Goal, Holmes; point, Marshall; cover point, Cameron; center, Foyston; left wing, Walker; right wing, Wilson.

Judge of Play—J. Brennan.

Backache
Banished.Thousands of men and women are
suffering from weak, lame and aching
backs, and many of them unable to do
any work for the pain.

The stitches, twinges and twinges are bad enough and give enough misery, but, back of the backache, and the cause of it all are the disordered kidneys crying out in warning through the back.

Backache is kidney ache, and there's serious trouble ahead for you if you neglect it.

Doan's Kidney Pills cure every form of backache by curing the sick kidneys that cause it.
Mrs. Jack Mason, Springhill, N.B., writes: "I have been suffering from backache for a very long time. I tried everything and did everything, but still I would suffer. One day I was looking over your Almanac, and saw your advertisement for Doan's Kidney Pills, so I got 5 boxes, and I am glad to say that they brought me back to life again, and from now on I will never be without them."

Doan's Kidney Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

If ordering direct specify "Doan's."

HAMILTON JUNIORS WILL
PLAY HERE THIS EVENINGMeet the Local "Y" Juniors in Play-
off for O. A. B. A. Junior
Championship.

Two fast games are scheduled for tomorrow in the Y. M. C. A. gymnasium. The main game of the evening will be between the Hamilton Juniors and the London Juniors. A preliminary game between the Normal School and the High School will be played. This game will start at 8 p.m., and the second one at 9 o'clock. The Juniors and the London Juniors played a game in Hamilton in December last, when the London Juniors in the last minute of play shot the winning basket, the score being 26 to 24.

According to a letter received from the manager of the Juniors, they have strengthened their team considerably, and are out to give the locals the hardest game they have had this season. The preliminary game between the Normal School and High School is stirring up a good deal of interest, as this game is for the interscholastic championship of the city. Both teams are to be well represented by a good band of rooters and the lovers of this sport are to be given a good night's entertainment.

THE LEAST IMPORTANT
THING ABOUT THIS
GAME IS THE SCORE

[Special to The Advertiser.]
A.V.T. March 19.—In the last hockey match of the season a strenuous game was played last night in the Manufacturers' League between the Watsons and the Hilborns. This game has been an annual event, but extra excitement was aroused when it became known that the teams were to play for a cup. This cup, which has been the property of the Hilborns for many seasons, has been stored in the office for an indefinite period. It is the pride of the shop, as they are sure that there is no other cup like it in the province.

In regard to the game, the Watsons played a star brand of hockey and were therefore able to lift the cup. The Hilborns were very active too, but their forward line was weak and the work of Jimmy Elliott, the old team's goalkeeper, who saw so much service when he was up in hockey, could not stem the storm alone. The game was a little rough in spots and for some time it was surprising that the workmen's compensation bill was not needed.

SUIT AGAINST KILLIFER
WILL BE FILED TODAY

Chicago, Ill., March 19.—The Federal League's injunction suit against Catcher Killifer probably will be filed at Grand Rapids, Mich., tomorrow, according to E. E. Gates, member of the Indianapolis club and legal adviser of the league, who reached Chicago today.

A dispatch today from the Chicago Federal League team camp at Shreveport, La., said that Tom Seaton, one of the league's star pitchers, had been ordered by R. B. Ward to report to the Brooklyn club's camp at Columbia, S. C., but that Seaton refused to leave the Chicago camp.

AMERICAN LEAGUE MAY
OPPOSE CUBS' PRESIDENT

Chicago, Ill., March 19.—It was said today that the appointment of Thomas as president probably would have to be approved by the National League directors, or at least by President Tener. But Thomas himself expressed no concern over possible action by the league authorities. The attitude of the American League, which, it was rumored, might oppose Thomas' installation as Cub chief, could not be learned in the absence of President Johnson, who has not returned from his visit to Mercer, Wis.

JOE WOOD IS READY
FOR SPRING TRAINING

[Canadian Press.]
Boston, March 19.—Joe Wood, crack pitcher of the Boston Americans, who was operated on for appendicitis at his home in Pennsylvania recently, will join the Red Sox in spring training at Hot Springs, Ark., next Wednesday, according to a dispatch received from there.

AUSTRALIANS WANT
TO PLAY IN NEW YORK

Sydney, N. S. W., March 19.—The Australian tennis team is anxious that the elimination match with the Canadian team in the Davis Cup series shall be played in New York instead of Niagara. A request has been forwarded to the United States Lawn Tennis Association to this effect.

RETURN TO DEFEND TITLEDenies Reports That She Will Be Un-
able to Make the Trip in
August.

Philadelphia, March 19.—Miss Gladys Ravenscroft, of England, women's golf champion of the United States, denied to-night reports sent out from southern golf links that she had decided not to come to this country next fall to defend the title she captured at the Wilmington Country Club last October. Miss Ravenscroft arrived here today from the South.
"I said before leaving for Philadelphia," she declared, "that I would return for the next women's national tournament in the United States, provided it was at all possible for me to make the trip. I fully expected to come to this country the latter part of August, and I still hope to do so."
Miss Ravenscroft will not come here again next fall, according to Miss Ravenscroft, but one or two other women who rank high in British golfing circles probably will try for the American title.
Miss Ravenscroft expects to sail for England on March 25.

To authorize the Council of the Corporation of the City of London to pass a by-law to issue debentures for a sum not exceeding \$148,000, without submitting the by-law to, or receiving the assent of, the electors, for the purpose of providing for sub-stations, sub-station equipment, electric line extensions, meters and other equipment of the Hydro-Electric Department of the City of London.

2. To authorize the Council of the Corporation of the City of London to pass a by-law to issue debentures for a sum not exceeding \$28,000, without submitting the by-law to, or receiving the assent of, the electors, for the purpose of providing for the main and service lines of the waterworks plant of the City of London.

3. The existing debenture debt of the City is as follows, and no portion thereof is in arrears:

General debenture debt issued and authorized, \$2,861,860.23

Waterworks debenture debt, 937,859.36

Electric department debenture debt, 460,826.73

Schools and Public Library debenture debt, 415,763.79

London and Port Stanley Railway debenture debt, 700,000.00

City's share of local improvement debenture debt, 157,892.43

\$5,534,202.56

4. The reason for the issue of the debentures mentioned in section one hereof is to enable the said commissioners to supply hydro-electric light and power to meet the increased demand therefor.

5. The reason for the issue of the debentures mentioned in section two hereof is to provide for the completion of the waterworks plant of the City of London.

6. And for other purposes.

Dated at London this 25th day of February, A. D. 1914.

S. BAKER, City Clerk.

Application to Parliament

NOTICE is hereby given that an application will be made by the Corporation of the City of London to the Legislature of the Province of Ontario at its present Session for an Act:

1. To authorize the Council of the Corporation of the City of London to pass a By-law to issue debentures to the extent of \$20,000, without submitting the By-law to or receiving the assent of the electors, for the purpose of providing moneys to pay for the completion of the additions to the Victoria Hospital, and for additions to the heating plant now used to heat the said Hospital.

2. To authorize the Council of the Corporation of the City of London to pass a By-law to issue debentures for a sum not exceeding \$50,000, without submitting the By-law to or receiving the assent of the electors, for the purpose of paying the share of the cost of the improvements and additions to the Court House, payable by the said Corporation.

3. The existing debenture debt of the City is as follows, and no portion thereof is in arrears:

General debenture debt issued and authorized, \$2,861,860.23

Waterworks debenture debt, 937,859.36

Electric Department debenture debt, 460,826.73

Schools and Public Library debenture debt, 415,763.79

London and Port Stanley Railway debenture debt, 700,000.00

City's share of Local Improvement debenture debt, 157,892.43

\$5,534,202.56

4. The reasons for the issue of the said debentures for Victor Hospital are the necessity for paying for the completion of the additions to the said Hospital, and the expediency of increasing economically heat the said Hospital.

5. The reasons for the issue of the said debentures to pay for the improvements and additions to the Court House are the necessity for the making of the said improvements and additions, and the liability of the Corporation to pay its share thereof.

6. And for other purposes.

Dated at London this 19th day of February, A. D. 1914.

S. BAKER, City Clerk.

THE HOLLOW OF HER HAND

By GEORGE BARR McCUTCHEON

Author of "Graustark," "Truxton King," Etc.

"I have not," said Pat wrathfully. "But I won't say as much for Mary. The point is, she is that I have all the good luck in my hand, and she claims to have had all the bad luck in my hand. Still, as I said before, she is but temporary. The good luck lasts and the bad don't. She'll be after telling me you find it out for yourself. You've got these days, Mr. Brandon, and you'll be doing good luck when you get it. The bad luck's always falling behind you, and you can always look forward to the good luck. So don't be downhearted. She'll take you, or me name's not what it ought to be. Booth was inclined to accept this unique discourse as a fair-weather sign.

"Take these bags upstairs, Pat," said he on their arrival at the cottage, "and then come down and drive me over to Mrs. Wrandsall's."

"Will you be after stayin' for lunch with her, Mr. Brandon?" inquired Pat, climbing over the fence.

"I can't answer that question now," said he. "I'll be back to you for lunch," said Booth. "From which it may be perceived that master and man were of one mind when it came to considering the importance of Mary."

Pat studied his watch for a moment with a calculating eye.

"It's half-past seven now, son," he announced. "Dye think we can make it?"

Booth reflected. "I think not," he said. "I'll have lunch first. Whereupon he leaped from the trap and went in to tell Mary how happy he was to be where he could enjoy lunch with her."

"It's four he was delivered at Sara's door by the astute Patrick, announced by the sedate Watson, and introduced by the intelligent Murray, who seemed surprised to hear that he would not have anything to do with the matter."

"He would be in fifteen minutes, but, as a matter of fact, appeared in less than three."

"She came directly to the point."

"Well," she said, with her mysterious smile, "she sent you back to me, I see."

"Have you heard from her?" he asked quickly.

"No, but I know just what would happen," he told you it would prove to be a wild goose chase. Where is she?"

He sat down beside her on the cool, white-covered couch.

"In Switzerland, I put her on the train the night before I sailed. Yes, she sent me back to you. Now I'm here, I want the whole story, Sara. What is it that stands between us?"

"For an hour he pleaded with her, all to no purpose. She steadfastly refused to divulge the secret. Not even his blunt reference to the fact that her connection with the affair found a vulnerable spot in her armor."

"I shan't give it up, Sara," he said, at the end of his earnest harangue against the palpably unfair stand both she and Hetty were taking. "I mean to have it."

"If you please, until I get what I'm after. It is of the most vital importance to me. Quite as much so, I am sure, as it appears to be to you. Hetty will say the word, I'll take her gladly, just as she is, without knowing what all this is about. But, yes, she won't consent. There must be some way to override her. You tell me today that there is no insanity in her family, and a lot of other things that I've been able to bring out by questioning. So I am more than ever certain that the obstacle is not so serious as you would have me believe. Therefore, I mean to pester you until you give in, my dear Sara."

"Very well," she said resignedly. "When may I expect a renewal of the contest?"

"The week's slipped by. He was with her almost daily. Other people came to her house, some for rather protracted visits. That night, in the gloom of his starlit porch, he smoked many a pipeful and derived therefrom a profound estimate of the value of tact and discretion as opposed to bold and impulsive measures in the handling of a determined woman. He would make haste slowly, as the saying goes. Many an unexpected victory is gained by dilatory methods, provided the blow is struck at the psychological moment of least resistance."

HAY AND GRAINS THE MARKET OFFERINGS

Prices Remain Firm, With Supplies Small—Drop in Butter Price Expected.

The market on Friday was small, the only line offered in any quantity being hay. About 20 loads were weighed, and sold mostly at \$14 and \$15 per ton. The quality was fairly good, but demand rather slow.

Straw was slow at \$7 and \$8 per ton. Only four loads were offered. Wheat remains steady at \$1 per bushel, a price which it has maintained for several weeks. Live hogs sold for 39 per cwt. No other stock or meats were offered. Apples sold yesterday for \$2.50 per barrel, and were of good quality. Baskets holding slightly more than one peck sold for 50c. Apples are scarce, however, and there will be few offered. No butter or eggs for sale, but dealers are expecting a drop in butter prices soon. The cold weather may postpone this, however, for some time. The first maple syrup appeared Thursday on the square, but none was offered today.

Winnipeg, March 19.—A dull, drizzly, lifeless market was the feature on the grain exchange today. News from the wheat exporting countries was not so good as there was some influence to sway prices either way. Up to noon the fluctuations in futures were only 1-16 on both May and July, while October was unchanged.

Export inquiry appears to have fallen off, no new business being located. On the close shorts covered, which advanced prices on wheat for all months. There were no offerings of cash wheat, while the demand was quiet. Cash oats were in demand, a light business being transacted, but fax was not so good.

Cash wheat closed 1/2 to 3/4 higher for contract grades. Cash oats unchanged to 3/4 higher. Cash barley unchanged and cash fax 3/4 advance. The total number of cars inspected Wednesday was 291, against 438 last year, and in sight very few.

MIDDLESEX WILL BE REAL PEAR PRODUCER

Niagara Peninsula Production Falling Off, Is Coming to This District.

John Sharnan, of Hillcrest Fruit Farm, and W. H. K. Talbot, head gardener at the London Hospital for the Insane, have returned from a trip to the Niagara fruit district, where they studied pruning and other methods followed by the fruit farmers of that district. Mr. Sharnan states that they were struck by the thoroughness and systematic character of the farming practiced by the Niagara fruit men.

There is a falling off in the pear culture of the district, however, and Niagara peninsula growers say that in the future the growing of pears will be more and more left to the growers of Middlesex, which district is believed to be better adapted to the growth of this fruit.

Messrs. Sharnan and Talbot visited the nurseries of the A. D. Smith Company. The operation of "budding" was in full process. Here is where the greatest amount of system is observed. All the varieties are kept separate and only one variety is allowed in the budding-room at the same time. Farmers in Niagara district are now purchasing their spraying apparatus and supplies.

A new departure in nursery stock culture is being tried out, the grafting of the best scions of hearing trees on the roots of wild crab-trees imported from France.

Messrs. Sharnan and Talbot also visited the Hamilton Asylum, where they were received by Dr. English, formerly of London, and Dr. McNaughton. The main features observed on the Hamilton asylum farm were the absolute cleanliness, the good order and condition of farm stock, including a fine herd of 120 milch cows in the pink of condition.

COMPLAINS TO SPEAKER ABOUT MARCHIONESS

Premier Asquith's Daughter Could Not Hear Speeches Because of Chatter.

[Canadian Press.] Montreal, March 20.—The London correspondent of the Mail says an extraordinary incident happened in the ladies' gallery of the House of Commons during the debate yesterday on the home rule bill.

Among those in the select section of the gallery were the Marchioness of Londonderry and Miss Violet Asquith, daughter of the prime minister. The marchioness indulged in running comments on the speeches. After a time Miss Asquith asked the marchioness to be quiet, as her remarks made it impossible to hear properly, but the marchioness only became the more demonstrative.

Miss Asquith then called the gallery attendant to enforce the silence rule, and finally left her place and wrote a complaint to the speaker.

WELL-TO-DO ESCAPE COMPULSORY TRAINING

House of Lords Rejects Bill by Vote of 53 to 24.

[Canadian Press.] Montreal, March 20.—A London cable to the Daily Mail says: The House of Lords, by a vote of 53 to 24, yesterday rejected the bill introduced by Lord Wills, which provided for the compulsory military service of the well-to-do.

BOARD TO PASS ON SALARY INCREASES

Special Meeting This Afternoon To Consider Recommendations for Larger Stipends.

A special meeting of the Board of Education is to be held at 5 o'clock this afternoon to pass upon the salary increases for public school principals and women teachers recommended by the finance committee. The committee will ask that the principals be given a maximum of \$1,800 instead of \$1,600 and the women teachers receive a maximum of \$900, an increase of \$100.

Until these salary increases are passed upon one way or the other by the board, the committee cannot finish the striking of its estimates as the raises, if granted, will make an appreciable difference in the total amount to be expended.

The building committee has arranged its estimated expenditure, and the collegiate committee will meet in the course of a few days to get its figures in shape.

MASONIC PLANS FOR PEACE CELEBRATION

Canadian Grand Lodge to Entertain Visiting Grand Masters.

[Canadian Press.] Toronto, March 20.—The Masonic craft of Canada will take a prominent part in the celebration of the one hundred years of continuous peace between the British people and the people of the United States, which will be held at Niagara Falls on July 16 of this year.

A meeting of the board of general purposes of the Grand Lodge of Canada in Ontario was held at the Temple Building yesterday. The board decided to appropriate a sufficient amount of money for the entertainment of the grand masters from all the grand lodges in the United States, Canada, England, Ireland and Scotland.

Speeches emphasizing the importance of the undertaking were made.

MONTREAL EDITOR'S NEW WEEKLY APPEARS

Beck's Publication Criticizes Those in Authority.

[Canadian Press.] Montreal, March 20.—Beck's weekly, a new paper published by Edward Beck, the former editor of the Montreal Herald, who superintended the baiting of the trap which caught the grafting Quebec legislators, made its first appearance this morning. Its principal article deals with alleged conversations and criticisms of practically everybody in authority in the province, by an employee in the Montreal city hall who, the Weekly claims, was on the pay-roll of "Martin and Company," the Burns people.

SUPERVISOR'S "PARTY"

Harry Merritt Observes Birthday With Treat for Women Employees.

City Hall Supervisor Harry Merritt celebrated his 66th birthday on Thursday, and in honor of the occasion treated the young women employees of the building to refreshments served in his apartments on the top floor. Mr. Merritt has been in the service of the city as supervisor, sergeant-at-arms and general factotum for nearly 26 years, and is as active as ever. Civic officials showered him with congratulations and expressed the wish that he might be spared for many years to come to assist in guiding the ship of municipal state.

WANT RIVER PROTECTED

Council Will Compel Firms to Quit Dumping Ashes in Channel.

The city will take steps to force the London Foundry Company and the London Electric Company from interfering with the channel of the Thames River by dumping cinders and other refuse over the banks. City Engineer W. N. Asplund reported to the board of control this morning that the foundry company had encroached upon seven hundred feet of river bank and that the electric company was also doing its share toward filling up the river, though not to the same extent as the other firm.

The city solicitor will take the matter up with the companies, and it was stated that if the practice is not immediately discontinued, legal steps will be taken to protect the river, over which the council has control.

BAD BLOOD IS THE DIRECT CAUSE OF PIMPLES.

Pimples break out on the face and body, and it is impossible to get rid of them, unless you cleanse the blood of all its impurities.

Burdock Blood Bitters is without a doubt, the very best medicine for this purpose.

This old, and reliable medicine has been in use for nearly forty years, and has a reputation unequalled by any other preparation for removing all the impurities from the blood and banishing the pimples.

Mr. Edward Paquette, Navan Centre, Ont., writes:—"One month ago my face was covered with pimples and a rash. I had tried a number of these so called blood purifiers with no avail. Seeing an almanac of yours in which you strongly recommend Burdock Blood Bitters, I decided to try a bottle, and after I had taken it I could see a decided change, and after using three bottles more all the pimples had completely disappeared."

SHOOTS DOWN THREE AFTER FAMILY TROUBLE

A Washington Grocer Runs Amuck—Wife Dangerously Wounded.

[Canadian Press.] Washington, March 20.—Herbert Habsky, a grocer, ran amuck with a revolver today, shot three persons, one of whom may die, and was taken, wounded himself, after a pistol duel with a policeman. His wife, mother-in-law and brother-in-law fell before his fire, and the wife was seriously wounded. Family troubles were the cause, the police say.

SHIPPING COMPANIES' CONFERENCE ADJOURNED

Representatives Fail Even to Evolve a Basis for the Negotiations.

[Canadian Press.] Berlin, March 20.—The conference of the trans-Atlantic shipping companies broke up today without reaching any settlement. The representatives of the British and Continental Steamship Companies decided to adjourn until May 1, when it is understood they will meet again in Cologne. The conference here did not evolve even a satisfactory basis for further negotiations, much less a plan of settlement.

"CITY OF SYDNEY" BREAKS IN TWO

[Canadian Press.] Halifax, N. S., March 20.—The mercurial steamer, the City of Sydney, which frequently swept the entire ship, had their expected effect early this morning, when the steamer City of Sydney, stranded on Shag Rock, Sambro Ledges, broke in two. The forward end of the ship has disappeared from view, but the remaining portion from the bridge aft, is still clinging to the edge of the rock.

BUSINESS SECTION OF DUNREA BURNED DOWN

[Canadian Press.] Dunree, Man., March 20.—The business section of Dunree was wiped out by a fire which started at four o'clock this morning in the town hall, causing property damage to the extent of nearly \$30,000, with insurance of nearly \$15,000.

ADDS TO PRIZE LIST

Light Horse Committee of Western Fair Puts on \$250.

The light horse committee of the Western Fair Board added \$250 to the prize list for light horse classes at a meeting held in the board rooms on Thursday afternoon. It was decided to award the silver medal donated by the Bank of Commerce to the best pony and outfit driven by a child under 12 years of age.

A meeting of the speed committee, held immediately after, decided to make no change in the prize list for speed events, as it was considered to be in good shape as it stands. Dr. Routledge, of Lambeth, occupied the chair, and those present were J. H. Smith, H. C. Becker, Norman McLeod, C. N. McCall, of Thamesville, and Archie Blakie, of White Oak.

START NEW STATION

Work Commenced on Radial Power Plant on Thursday.

Work was commenced Thursday on the building of the new radial power station of the city hydro department on Horton street, near the present powerhouse. The building, it is expected, will be completed about the end of next June or the early part of July. It is being built primarily for the accommodation of the London street railway, that recently became a hydro customer. The present equipment for supplying hydro power to the railway is only of temporary character, and will be replaced by the new station as soon as it is completed.

Room will also be made to install equipment sufficient to operate two other radial lines.

QUARANTINE STILL IN FORCE. Niagara Falls, March 19.—The small-pox quarantine which requires that every person who crosses the international bridge into Canada must be vaccinated, has caused considerable indignation here, but efforts to have the ban lifted have been in vain. Mayor Dore received word from Ottawa today that until the end of this month only vaccinated persons will be permitted to enter the Dominion. The ban in connection with the small-pox epidemic at Niagara Falls, N. Y., has been lifted for more than a week.

Brandy To Cure Catarrh

Recent experiments have proved conclusively that catarrh is a constitutional disease, and that salves, sprays, inhalers, etc., merely temporize with the disease, and seldom, if ever, effect a permanent cure. This being so, much time and money has been spent of late by a noted specialist in perfecting a potent, yet effective, tonic, that would dispel all traces of the catarrhal poison from the system. The result is given in the following formula, which has been found to reduce most surprising results in an incredibly short time.

From your druggist obtain 1 oz. of Farnham. Take this home and add to it 1/4 pint of hot water, and two tablespoonfuls of brandy and 4 oz. of moist or granulated sugar. Stir until dissolved. Take one tablespoonful four times a day.

The first dose promptly ends the most miserable headache, dullness, sneezing, sore throat, running of the nose, catarrhal discharges, and other loathsome symptoms that always accompany this disgusting disease.

Loss of smell, defective hearing, and mucus dropping in the back of the throat are other symptoms that show the presence of catarrh, and which are quickly overcome by the use of this simple treatment.

Every person who has catarrh in any form should give this prescription a trial. There is nothing better.

Important.—In ordering Farnham Double-Strength, Your druggist has it or he can get it for you. If not, send 10c to the International Laboratories, 71 St. Antoine street, Montreal, P. Q., who make a specialty of it.—Adv.

Freckle - Face

Now is the Time to Get Rid of These Ugly Spots.

Do you know how easy it is to remove those ugly spots so that no one will call you freckle-face?

Simply get an ounce of othine, double strength, from your druggist, and a few applications should show you how easy it is to rid yourself of freckles and get a beautiful complexion. The sun and winds of February and March have a strong tendency to bring out freckles, and as a result more othine is sold in these months. Be sure to ask for the double strength othine, as this is sold under guarantee of money back if it fails to remove the freckles.—Adv.

This Boy and Girl Had St. Vitus' Dance

Boy Lost All Strength and Girl Could Not Speak—Doctor Could Not Help Them—Cured By Dr. Chase's Nerve Food.

So great is the strain on the system of the growing child that even with the careful attention to the food supply it is often difficult to keep up vitality. It is necessary to supply a blood-forming treatment in condensed and easily assimilated form so that it may be quickly taken up by the blood stream and thereby nourish the feeble nerves back to health and strength. It is difficult to imagine anything so admirably suited to this purpose as Dr. Chase's Nerve Food.

Mrs. D. Ardies, Brandon, Man., writes: "My son, aged fourteen, and little girl of three years, were both stricken with St. Vitus' Dance. The doctor told us what the ailment was, but could not keep them from getting worse and worse, so I heard I received a book about Dr. Chase's Nerve Food & I decided to try it. The boy had lost

TWO HOTELMEN FINED FOR ILLEGAL SELLING

Kippen and Clinton Proprietors Both Pleaded Guilty—Inspector's Good Work.

[Special to The Advertiser.] Clinton, March 19.—The Graham Hotel, of the Graham Hotel, was fined \$100 and costs today when the case adjourned a week ago came up for decision.

Graham admitted having two eight-gallon kegs in the cellar, one of which was connected with the pump in the bar, and according to the sample submitted contained about 5 per cent spirits, and as this was a clear violation of section 136 both as to quantity and strength, a fine of \$100 and costs was imposed.

MEMBERS LAUGH AT ROGERS' HYPOCRISY

[Special to The Advertiser.] Ottawa, March 19.—Hon. "Bob" Rogers throbbed with earnestness, his voice trembled with indignation as with hand upraised he stood in his place in Parliament tonight.

"Bob" was denouncing electoral bribery in his general and "strong arm" method in particular. And a sophisticated House seemed to enjoy it immensely.

"Terrible are the conditions which prevail in Saskatchewan under the present Provincial Government," wailed the Hon. "Bob."

"They have in that Province neither law nor justice in any form whatever."

Hon. "Bob" is quoted verbatim, his reiterated being no doubt due to righteous indignation at human depravity in electioneering.

Three homebred inspectors, operating under Hon. "Bob" in the days of the Provincial Government, had been general of Saskatchewan for intimidating voters by informing them that they would not get the patents for their homes unless they voted Conservative.

The arrest moved the Hon. "Bob" to the verge of tears, and his righteous anger burned and blazed.

Drivel and Rubbish.

Mr. W. E. Knowles did something to put out the fire. He characterized the memorandum which the minister had read the House as "Drivel" and "Rubbish."

"Bob's" facts were all wrong. He also reminded the Hon. "Bob" that he came to Regina shortly before the Provincial elections and made some pre-election promises, so much so that when he was leaving Regina station on his return journey it was recorded that one enthusiast had cried out impetuously: "Now if there is any man, woman or child who can think of anything Bob Rogers hasn't yet promised let him speak up now or forever after hold his peace."

Hon. Bob took Mr. Knowles' broadside sitting down. It seemed to cool him off.

LONDON FIRM WAS CHOSEN

St. Marys, March 20.—At a special meeting of the public school board held last evening, the following resolution was passed unanimously by the board: "That Watt & Blackwell, of London, be engaged as architects for the proposed new school."

The firm's engagement is on the usual basis of 5 per cent of the contract price of building.

An informal meeting was held last evening of the town council and Chairman Richardson and Supt. Miller, of the water, light and heat commission board, was held last evening to hear Mr. Caster, of the hydro-electric staff of Toronto, regarding changing of and improvement of St. Marys' street lighting and power line system. After a lengthy discussion, the matter was left over for a further discussion with the joint boards.

MR. GEORGE KEYES BURIED AT THAMESFORD

[Special to The Advertiser.] Thamesford, March 19.—The funeral of George Keyes took place from the residence of his nephew, Fred, to St. John's Cemetery, where the Rev. Mr. Calhoun, preached a very touching sermon, from the words of "Our Brother Sleepeth."

The pallbearers were Robert Garner and John Henderson, of London; Robert McFarlan, Alex. Hossack, W. W. McLeod, and W. J. Smith.

He leaves two brothers, James, of Toronto, and John, of Banner; and five sisters, Mrs. Pentland and Lillie, at Seattle; Mrs. Murray, of London; Mrs. St. John, of Pontiac, Mich.; and Miss Nellie, with whom he lived. Mrs. Montague, of Galt, a cousin, was present at the funeral.

A very interesting and instructive Sabbath-School and Young People's Institute was held in St. Andrew's Church on Monday evening, when those present were addressed by Rev. Mr. McIntosh, of London, and Mr. Myers, of Edmonton, who made many of the hearers wonder what they are doing to help on this good work among the young people.

James McLeod, who had partially agreed to dispose of his valuable farm on the tenth line, has decided to stay. We are glad he is not going to leave our community, while hoping Mr. Young, who was to buy the farm, will be able to secure another place so that he will still be in the neighborhood.

Moving seems to be the order of the day, as many changes have taken place in the past few weeks. James Henderson has moved to London, and his home is now occupied by John Oliver, who purchased it. John Moore has moved into Adam Gordon's house, just outside the village. A. C. Chorge is to take possession of his house vacated by Mr. Moore, and is renting the house he now lives in to Mr. Agnew, of Rodney, who is a baker at Leslie's.

There are a good many sick in our village, and the doctors are kept very busy attending them. Mr. and Mrs. John Baker are both ill, Nurse Hueston being in charge. Willie Webbe is confined to his bed. His mail route is temporarily filled by F. Garner.

F. H. McCarty is now convalescent, and was visited for a few days by Mr. and Mrs. D. C. Bell and son, of Detroit, who are relatives of Mr. McCarty.

The Ladies' Aid, of the Methodist Church, is having a social evening at the home of Mrs. N. C. McCarty on Friday evening, when a good program and supper will be provided.

Electric light has been installed in most of the good houses in the village, and all speak in glowing terms of the light, with the exception of one or two who complain of the expense of floor space, and that is one advantage of a small house.

Arsenal Found by Detectives Thought To Be Stolen Goods From Queen City.

The local detective department yesterday communicated with the Toronto authorities to ascertain if there had been any recent hardware or gun shops burglarized during the past few weeks in the Queen City.

In looking over the guns and ammunition—Detective Robert Egelton found a couple of articles that led him to believe that the goods were shipped from Toronto to this city, where distribution was intended, before the stuff was seized by the police.

DIED AT PLYMPTON.

[Special to The Advertiser.] Camlachie, March 18.—Isaac Jones, who for years has lived with Mrs. C. Jones, of Plympton, died very suddenly at her home Tuesday at 4:30 p.m. Mr. Jones had not been complaining, but Monday seemed to be sick, and his nephew, Robert, noticing him staggering a little, wanted to send for the doctor, but Mr. Jones insisted that he would be all right. However, early in the afternoon, Robert sent for Dr. Brown, who found Mr. Jones in a critical condition, suffering from peritonitis. Shortly after the doctor left, Mr. Jones passed away. He was about 70 years of age, and unmarried. The funeral will take place to Lakeview Cemetery on Thursday, March 19.

[Special to The Advertiser.] Kincardine, March 19.—One of the oldest pioneers, in the person of Mrs. James McKennie, aged 85, died yesterday. For 61 years she was a resident of Kincardine, and is the last of the first settlers of the 9th line.

BELMONT.—Wm. Sinclair, provincial library inspector, visited the Belmont library yesterday and warmly complimented the board and Librarian John Campbell upon the excellent shape everything was in and the work being done.

It must be Bovril

You can be sure of being nourished if you take Bovril. Partly by virtue of its own food value, partly through its unique powers of assisting assimilation of other foods, Bovril has been proved to produce an increase in flesh, bone and muscle equal to 10 to 20 times the amount of Bovril taken. But it must be Bovril.

Even were it double the price, Bovril would still be an economical and indispensable article in every home.

SENATE TAKES PART IN A REMARKABLE FUNCTION

Tenders a Dinner to Sir MacKenzie Bowell and Hon. C. E.
DeBoucherville, One Aged 90 Years and the
Other 91 Years.

[Canadian Press.]
Ottawa, March 19.—The Senate of
Canada tonight gave a dinner in honor
of Sir MacKenzie Bowell, and of the Hon.
C. E. DeBoucherville, and in celebration
of the 90th birthday of the one and 91st
birthday of the other.

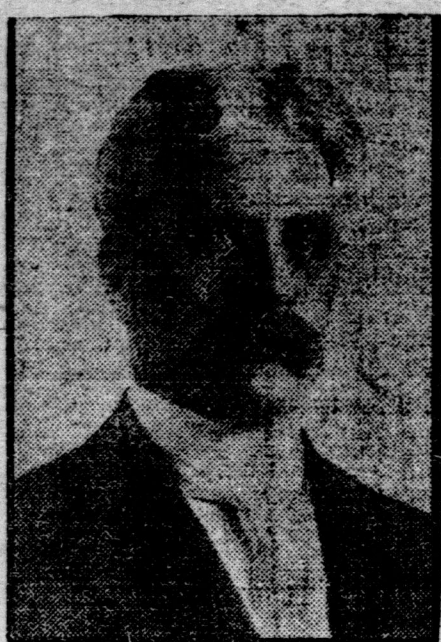

The function, which was held in the
Parliamentary restaurant, was remark-
able in many ways. It was presided over
by Hon. J. A. Lougheed, Government
leader of the Senate, who had on his right
Sir MacKenzie and Mr. Jos. DeBoucherville,
representing his father, who was
unable to be present. The vice-chairmen
were, Senator L. G. Power, Senator
Robert Jaffray, and Senator F. T. Thomp-
son.

Premier Borden, who was seated beside
the chairman, proposed the health of the
two guests of the evening, and in doing
so regretted the absence of Senator De-
Boucherville, whose long life and record
lent distinction to the Parliament of
Canada.

Symbol of Co-operation.
"I do not know that it is safe of a
staid commoner to associate with the
young bloods of the Senate," he
said, "but I warn you that I turned
over safely to the House of Commons at
the conclusion of this dinner. The first
thought that occurs in connection with
this dinner to Sir MacKenzie and the
Hon. Mr. DeBoucherville is that the
union of their names in the toast and
the honor which is being done to them
by their associates is a just symbol of the
union and co-operation between the two
great races which has made Canada
what it is today."

Hon. Mr. DeBoucherville had attained
a ripe age and had a most distinguished
career, continued the Premier. He was
the only man who enjoyed the distinc-
tion of the membership in two legislative
chambers in Canada. Though years had
bowed his form his mind was that of a
young man and he gave promise of years
of usefulness to his country.

A Record of Manliness.
Sir MacKenzie, who was of English
descent, in his life showed the charac-
teristics of the great race which had made
Canada the great country that it was. His
long public life had been a record of man-
liness and of integrity. He had struck
hard blows but without bitterness. En-
tering public life as a member of the
House of Commons in 1867, Sir MacKenzie
had been a member of the Commons or of
the Senate ever since. He had held three
portfolios in the Federal cabinet, had been
premier of his country and both Govern-
ment and Opposition leader in the Senate.
The health of Sir MacKenzie was most
enthusiastically responded to and in ac-
knowledging the honor Sir MacKenzie said
that never had he known a man whom he
more honored and respected than Senator
DeBoucherville. Under Sir John Macdonald,
Sir MacKenzie said he had learned
long ago that in a country like Canada
where there are two races with different
backgrounds could not be attained if the
country was governed by the narrow

PREMIER BORDEN.

prejudice which actuated some Canadians.

Tried to Do His Duty.
"Without vanity may say that I have
occupied more than one post of honor in
my country and how I have filled them
is not for me to say," he said. "However,
without fear of contradiction, I can say
that I have always tried to do my duty
as I saw it and during the years which
remain to me I shall continue to do so."
In conclusion Sir MacKenzie said, "I look
forward to the time when Canada shall
occupy a position which will be a credit
to the Empire and to herself. However
Canadians may differ as to details, I feel
that all of us, no matter of what blood
or faith, are one in our feeling of loyalty
and devotion to the British crown and
when the time requires our sons will rally
to the defence of the Empire as they
did in South Africa. Let us be true to
ourselves as British subjects and there
will be no fear for the future."

Lesson From Sir MacKenzie.
Mr. Jos. DeBoucherville, in the name of
his father, thanked the gathering for the
honor that had been paid to his father
and to Sir MacKenzie Bowell. "I first met
Sir MacKenzie," he said, "twenty years
ago when I was a student at the King-
ston Military College. He then said to
me something that I shall never forget.
He said: 'My boy, your father is an ultra-
montane Catholic, and I am an Orange-
man, but we have always been the best
of friends. That taught me a great les-
son that men could be true to different
ideals, and still maintain their respect
for each other, and work together for
the advancement of their common coun-
try.'"

Senator Bostock proposed the health
of the chairman, and in reply Hon. Sena-
tor Lougheed took occasion to felicitous
terms to congratulate Senator Bostock
on his selection this afternoon as Liberal
leader in the Senate.

JAP. OPPOSITION ASKS CABINET IMPEACHMENT

Petition to Throne Says That
Scandals Are a Stain on
the Crown.

[Canadian Press.]

Tokio, Japan, March 20.—The im-
peachment of the Japanese cabinet, on
account of the recent naval scandals
in connection with the receipt of illicit
commissions by naval officers, was pe-
titioned for today in an address to the
throne, introduced in the Chamber of
Deputies by the Opposition party. The
address declares that the scandals are
a stain on the newly begun reign of
the Emperor and are harmful to the
prestige of the Japanese navy both at
home and abroad.

VACANCY IN FRENCH CABINET IS FILLED

[Canadian Press.]
Paris, March 20.—The gap in the
French cabinet caused by the resigna-
tion of Ernest Monis from the ministry
of marine, was filled today by the ap-
pointment to the post of Senator Armand
Elzéar Gauthier, a former minister
of public works.

STARTLING EVIDENCE AT FIRE INVESTIGATION

[Canadian Press.]
Toronto, March 19.—Judge Denton, of
the county court, tonight reopened the
investigation into the city architect's
department, in order to ascertain whether
or not the department was at fault in
passing the plans for the new portion of
the Woodbine Hotel which was destroyed
by fire Tuesday evening with the loss of
four lives.

It was brought in evidence that because
of the presence of an elevator in the rear
portion of the hotel, the fire started, that
no fire escape had been put up although
the acting city architect thought there
should have been, and that the building
was seven feet higher than the bylaw pre-
scribed. Judge Denton stated that he had
formed his opinion on the whole matter,
so far as the city architect's department
was concerned, and he would express
himself in his report. There were no
ropes in the hotel bedrooms, according to
the evidence.

Levenson's body has not yet been found
in the debris. So far three bodies have
been recovered, Charles Wilmet's, Max
Cohne's and John A. Graham's.

CHILD'S REMARKABLE TRIP.

Some time ago a gentleman came into
the office of Mr. Fulton, the general
steamship agent of this city, and informed
him that he had a little daughter in the
old country whom he wished, if possible,
to have brought to Canada. He said she
was just 7 years of age and would have
to travel alone, as he had no friends com-
ing out.

Arrangements were at once made, and
the other day at the C. P. R. depot, when
the noon train pulled in, the conductor
got off and walked up the platform lead-
ing by the hand the little girl who had
just completed the long journey of about
2,500 miles alone, except for the watch-
fulness of the employees to whom she was
entrusted.

Make all arrangements for bringing out
your friends from the old country at the
office of W. Fulton, agent for all steam-
ship lines, corner Dundas and Richmond
streets.

DEATH OF MRS. STOCKTON

Was Oldest Member of St. Thomas
Central Methodist Church.
[Special to The Advertiser.]
St. Thomas, March 19.—Another old
resident of this city, Mrs. Lucinda Ann
Stockton, died today of pneumonia at
her late residence, 36½ Moore street,
aged 70 years. She had lived in St.
Thomas for the past 41 years and was
the oldest member of the Central Meth-
odist Church. She was also a member
of Victoria Circle, No. 112, Companions of
the Forest.

Deceased was born at White's Station,
Sept. 25, 1843. She leaves three daugh-
ters—Mrs. F. Addy, city; Mrs. William
Addy, city, and Mrs. W. A. Strachan,
Orillia; three sisters, Mrs. Aaron Ward,
Cairo, Ont.; Mrs. D. Rumble, and Mrs.
J. McPhail, London, Ont., and one bro-
ther, Jacob, of Portage la Prairie, Man-
itoba.

The funeral will be held on Sunday af-
ternoon to the St. Thomas Cemetery and
will be in charge of the Companions of
the Forest.

Brantford, March 19.—The funeral of
the late Hon. William Patterson will take
place on Saturday afternoon here, from
the residence of his son, W. F. Patterson,
Charlotte street, to Farrington Cemetery
at 2:30.

DIED AT AGE 95

Mrs. Margaret Campbell Came From
Scotland in 1831.

[Special to The Advertiser.]
St. Thomas, March 19.—Mrs. Margaret
Campbell, 95 years of age, and a resident
of North, Yarmouth, for seventy-three
years, died yesterday at Belmont. She
came to Canada with her parents from
Argyleshire, Scotland, in 1831 when 12
years of age. Her mother died on the
voyage over and was buried at sea.
Mrs. Campbell was bright and active
until the last. She was well-known and
highly esteemed in West Elgin. Her
husband predeceased her twenty-two
years.

RONUK on Linoleum

Many people do not
appreciate the necessity
of a dressing for linoleum.
Linoleum is really quite
porous. Water and dust penetrate the pores and rot the
fibre and fabric, making it brittle and easily worn through,
and causing it to crack.

RONUK FLOOR POLISH

—prevents this and doubles the life of linoleum. A light ap-
plication of Ronuk seals up all these pores, preserves the fibre, re-
tains its pliability, and brightens its appearance.
Ronuk produces a smooth surface from which all dust
may be wiped with a dry cloth, it is never necessary to
scrub it. Ronuk is sanitary. Try Ronuk on your
linoleum as well as on your hardwood floors,
and you will be surprised.

Hoosier
"White Beauty"
advertised in leading magazines

Tomorrow, ONLY \$1 puts this NEW HOOSIER in your home on the famous Hoosier Plan.

You may choose between the celebrated
"White Beauty," whose picture is shown
here, and one of the other Hoosiers,
finished inside in oak.

The terms of the Hoosier Plan are these:

1. \$1 puts the cabinet you choose in your home.
2. \$1 weekly quickly pays for it.
3. The Low Cash Price fixed by the factory prevails strictly.
4. No interest. No extra fees.
5. This sale is under direct supervision of the Hoosier Company.
6. Your money back if you are not delighted with your Hoosier.

Only those women who grasp this opportunity tomorrow can be sure of getting one of these cabinets on this liberal Hoosier Plan. You realize of course that these terms could not be offered except on a very limited number of cabinets. After this sale—

1. The "Hoosier Plan" terms will be withdrawn.
2. Our regular furniture terms will then prevail.

With every Hoosier Cabinet sold during this sale, we include the following High Grade Household Supplies, the product of the leading firms in their line.

1 Package Melagama Tea 1 Bag Hunt's Diamond Flour 1 Package Sweetheart Jelly Powders

1 Package Snow Flake Ammonia 1 Bottle Sweetheart Vanilla Extract 1 Tin Cowan's Cocoa

1 Tin Forest City Baking Powder 1 Tin Rideau Hall Coffee 1 Tin Sweetheart Mustard

Read About these conveniences that have made the HOOSIER necessary to over 700,000 Women

(1) Mrs. Christine Frederick's famous
"Housekeepers' Food Guide"—on
the upper left door—answers every woman's
eternally perplexing problem
"What shall we have for dinner?" You
turn the dial to the meat you want and
a complete outline of a perfectly balanced
meal is before you—an exclusive
Hoosier feature that is an invaluable help.

(2) The Cook-book Holder on the mid-
dle upper door holds your cook book
securely when not in use. When you
are cooking, simply open up the book
to the proper page behind the holder.
It is on a level with your eye, always
clean, shiny in the way.

There are 40 special conven-
iences in the NEW HOOSIER
—17 are entirely NEW.

(3) The Hoosier Metal Flour Bin holds
fifty pounds. It is low and easy to
fill. The sliding glass front enables you
to clean the entire bin easily. The in-
side is entirely of metal with no corners
to hold flour. First flour in is always
out first.

(4) The New Shaker Flour Sifter is the
most wonderful of all the New
Hoosier inventions. It is the only flour
sifter ever made on a kitchen cabinet
that shakes flour through instead of
grinding it through. It cannot wear out
and cannot grind through any grit or
foreign substance that might be in the
flour.

Twenty of these features are
described IN OUR WIN-
DOW DISPLAY which will
be the talk of the town next
week—come in and find out
about the others.

(5) A Big, Extra Roomy Drawer in the
base is made entirely of metal for
the proper storage of all kitchen linen,
towels, dish cloths, etc. The drawer
is noiseless, rustless, and easy to keep
clean.

(6) A new feature in the Base Cupboard
is a narrow shelf conveniently
located for the storage of canned articles.
Most women will find this a great con-
venience as they can keep their "emergency
shelf" in the "emergency shelf." It
will save many trips to the cellar or
pantry.

TOMORROW YOU may examine
all the new features. You incur
no obligation. But you should
come early so you can study them
all carefully. Our stock of White
Beauty patterns is limited. You
may be too late to get one on the
HOOSIER PLAN if you delay.

YOU'RE BILIOUS AND CONSTIPATED!
LIVER IS SLUGGISH--DIME A BOX

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and constipated bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascarets tonight will surely straighten you out by morning—a 10-cent box will keep your head clear, stomach sweet, liver and bowels regular and make you feel cheerful and bulky for months. Don't forget your children—their little insides need a good, gentle cleansing, too, occasionally.

DAWSON GOING IN FOR MUNICIPAL OWNERSHIP

Is Also Out Strongly Against the Annexation of Yukon.

[Canadian Press.]

Dawson, Y. T., March 20.—The city is preparing to install city-owned telephone, water, light and power plants. The civic league, composed of all political parties, is petitioning the Yukon Council, now in session, for the necessary authority for the city to sell bonds to the extent of \$200,000, bearing 8 per cent interest, payable within ten years. The Dawson Civic League has petitioned the Yukon Council against the annexation of the Yukon Territory to British Columbia, and it is believed the entire council will adopt a resolution to the same effect on the ground that the Yukon will not surrender its independence and that other regions cannot legislate satisfactorily for the north.

NO PRESSURE PLACED ON PUBLIC PROSECUTOR

Former Premier of France Tells Committee of Delay in Rochette Trial.

[Canadian Press.]

Paris, March 20.—The most intense interest was attracted today by the appearance before the investigation committee of the Chamber of Deputies of Ernest Monis, former premier of France, to explain his part in the scandal connected with the delay in the trial of Henri Rochette, the man who is said to have swindled the French public out of many millions. Jean Jaures, the Socialist leader, presided over the committee and requested that Monis, in his own way, what had happened in the affair. M. Monis then told the following story:

"Joseph Callaux, then, minister of finance, called upon me early in March, 1911, and mentioned the approaching trial of Henri Rochette. He said that one of the lawyers desired the postponement of the proceedings. M. Callaux added that, owing to the financial situation, the pleadings likely to be made at the trial would cause losses to the savings banks and would affect public loans. No political interest was alluded to.

"Now as to Victor Fabre, the public prosecutor. He had called upon me four or five times during my premiership to report to me on various matters. On this occasion I inquired whether on account of the financial situation the trial could be deferred.

"M. Fabre replied that to send the Rochette affair back to the investigating judge would not affect the trial itself, but would be evilly interpreted by public opinion. I remarked that that was a question for the presiding judge of the court to dispose of.

"No pressure whatever was placed upon M. Fabre. He left me in an amiable mood and stood outside my room talking with my son for twenty minutes, during which he expressed the esteem and admiration he had for me."

A NATIONAL ASSOCIATION OF COLLEGE PROFESSORS

To be Formed at New York, for Purposes Connected With Profession.

[Canadian Press.]

New York, March 20.—A national association of college professors was assured when announcement was made here that a committee of 25 had been named to organize such an association. Professor John Dewey, of Columbia University, is chairman of the committee.

The purposes of the association are "to promote a more general and methodical discussion of the educational problems of the university; to create means for the authoritative expression of the public opinion of the profession, and to make possible collective action."

GETS A PURSE OF GOLD

Goderich Man, Going West, Honored By Canoe Club.

[Special to The Advertiser.]

Goderich, March 20.—A very pleasant event was put on at the Menesetung Canoe Club last night as the result of a billiard tournament between the president and vice-president of the club, which has been in progress for the past week, the loser to furnish a supper. The president's side lost, and provided an excellent supper, after which the president, G. L. Parsons called on A. Roy Adams, one of the most valued members of the club, who is leaving for the West, and presented him with an address and purse of gold.

Mr. Adams responded in his witty manner. Mr. Adams has been organist of St. George's Church and leader of the Thirty-third Regiment Band, and supplied the musical program at all Canoe Club functions. He will be missed in the musical circles.

A GOOD COTTON YEAR

One of Largest Crops on Record Produced in 1913 in U. S. A.

[Canadian Press.]

Washington, March 20.—One of the largest cotton crops ever grown, amounting to 14,127,356 equivalent 500-pound bales of lint and 629,735 of lintless, was produced by the farmers of the United States during 1913, the census bureau announced today in its preliminary report of cotton ginned and reported by ginners and delinters to February 23. These figures compare with 13,703,421 equivalent 500-pound bales of lint and 609,594 bales of lintless last year.

The number of running bales of lint cotton, counting round as half bales, was 13,964,281, and of lintless cotton, 629,019 running bales, compared with 13,458,539 bales of lint and 602,324 of lintless last year.

FLAYS UNITARIANISM.

UNMANNED TROLLEY CAR CAUSES DEATH

Mystery Surrounds Accident in Which Seventeen Were Injured.

[Canadian Press.]

Gasport, N. Y., March 20.—An investigation by officials of the Buffalo Lockport and Rochester and Coroner Glynn Ernest today failed to throw any light on the mysterious starting of an unmanned trolley car late last night and the subsequent head-on collision with another car at Mabees, two miles east of here, which resulted in the death of one man and the injury of seventeen others.

The man killed outright was Glenn W. Bridgmann, of Lockport. His skull was crushed and death was instantaneous.

Gone Forever Are Dyspeptic Days of Old

The Simple, Safe, Sure Use of Stuart's Dyspepsia Tablets Will Bring Joy to Any Stomach Sufferer in an Easy, Comfortable, Dietless Way.

How many quiet, afraid-to-make-a-noise, unhappy homes there are due to cross, irritable, miserable, close-door-kind-of-dyspepsia sufferers. Such men and women cannot help their peevishness for they suffer terribly and should not be censured.

A stomach that is irritated, raw, rebellious and not fit to do its work is certainly the cause of constant dragging down and even excruciating agony.

It is a feeling surpassed by no other illness known to man.

No one should blame such a person for ill temper and silent moodiness. Ever and always is that dead, gone, sour tasting feeling at hand to curse every waking hour.

Dyspepsia, bad breath, gastritis, catarrh of the stomach, pains in bowels, nervousness, heartburn, belching, bloating, etc., come from wrongful conditions of digestive juices. There is nothing to correct these horrors until these juices are again replenished.

When the system exhausts its juices, when the liver, when the pancreas, the stomach become thereby unfit to furnish the proper digestive fluids, one cannot expect this same system, without aid, to do anything else than keep on making their improper digestive products.

Such a condition means all manner of suffering, and unquestionably fatal danger lurks in such delay.

There is relief in Stuart's Dyspepsia Tablets that means a restoration to normal health, a building up of correct digestive juices and an absolute harmlessness in the method and its result.

Stuart's Dyspepsia Tablets contain qualities in just the right proportion to build up the weakened gastric juice. When the tablet reaches the stomach, it readjusts matters quickly, balances acids and alkalies and stops pain, suffering, etc.

Other ingredients have just as important effects upon the intestines as well as the stomachs and thus in a remarkably short time stomach ills, indigestion, etc., disappear.

Go to your druggist today and obtain a box of Stuart's Dyspepsia Tablets, price 50 cents.

NAVAL PROGRAM DOES NOT SATISFY LEAGUE

[Canadian Press.]

Montreal, March 20.—A London cable to the Gazette says the navy league is dissatisfied with the proposals of the admiralty, contained in the construction program outlined by Mr. Churchill, the first lord in the House of Commons, this week. The league has persistently urged the laying down of three ships to fill the gap

caused by Canada's failure to contribute towards the Imperial fleet.

ARMY GIVES A CONCERT

Band puts on Good Program, Assisted by Soloists.

A pleasing concert was given in the Salvation Army Barracks by members of the Army last night. Solos, instrumentals, band selections and readings made up the repertoire of entertaining selections that delighted the large crowd that had assembled.

Those contributing to the program were: R. Sheppard, solos; Miss A. Millison, piano selection; Mrs. Condie, reading, "The Prodigal"; Alfred Ward, cornet solo; A. Snell, solo; J. Potter, euphonium solo; B. Outram, cornet solo. Pleading numbers by the band were interspersed in the program.

Closed, heated carriages, for every occasion. Phone Hueston's Livery.

ABOLISH CONTROL, SAY PROGRESSIVES

Board Branded as Useless Organization by the East End Association.

PRESENT LARGE PETITION

Largely Signed Protest Demands Establishment of Old Ward System.

East End Progressives have drawn up a petition to abolish the board of control and establish the old ward system of representation in operation some years ago.

At a meeting of the organization in Society Hall last night John M. Parsons read a petition signed by 196 persons, and each signature witnessed, for its abolition.

"Many of the biggest taxpayers in town have their names on this petition," he said, in presenting the petition. Several petitions are being circulated by other members, who report that many business-men are eager to sign it.

Mr. Parsons followed with a list of the expenditures voted for this year, amounting to \$1,200,000, besides other money grants, totalling about \$246,000, on which there is no vote. Discussing the situation he said: "When \$25,000 was first said to be sufficient for courthouse repairs, the sum of \$50,000 is now asked. To the foregoing amounting to \$1,508,104 must be added. This will necessitate a large amount to be made up in taxes, which are already too great. When the board of control does business like this it is not much use as a governing body."

In the opinion of Mr. Parsons and several of the members, the board of control was useless to the city. "The mayor of Montreal said: 'It is impossible to govern a city with two bodies, such as the city council and controllers.' This is what we are doing," concluded Mr. Parsons.

A committee was appointed to wait on the board of control Monday to learn the action controllers will take regarding the acceptance of the option on the proposed east end market property. The option expires April 1. Several members reported that East London taxpayers were eager for an east end market. The city council has done nothing as yet.

William Hayman, in discussing the market situation, declared that more than a month ago he had asked the mayor about the market proposition, and he replied: "We are waiting for fine weather."

It was the unanimous decision that \$1,000 would put the market on a running basis. The meeting discussed the establishing of an ambulance in East London, but nothing definite regarding the matter was settled. A new constitution was drawn up and a committee appointed to examine and report upon it at the next meeting.

JUNIOR BRANCH OF ORDER PLANNED BY WOODMEN

Will Ask for Legislation to Authorize New Department—Officers' Salaries.

Continued sessions of the head camp, C. O. W. O. W., were held yesterday afternoon and evening. The afternoon was mainly taken up with consideration of a report of the committee on bylaws, which was adopted with slight amendment.

It was decided that in any new legislation that may be submitted, permission be asked to establish a juvenile branch of the order.

Following recommendations of the committee on miscellaneous business and salaries were adopted:

That the salaries of the officers of the order remain as at present and that the expenses of the head consul commander be paid when away from Toronto, his home, on business in connection with the order, as at present.

That the executive council take into serious consideration the revision of the ritualistic work of the order, having in mind making this work uniform with that of the other jurisdictions of Woodcraft. That whereas who are working under two distinct sets of rituals, that in each case the old rituals be collected and a new set of the latest published rituals be furnished these camps.

That some steps be taken to insure each member receiving a copy of the Canadian Woodman regularly and that arrangements be made with the different public libraries for the placing of a copy of the official organ of the order upon their file.

Evening Session.
The evening session, opened with the presentation to Head Council Commander Harrison by Miss M. Plowman, of Toronto, on behalf of the delegates, of an address expressing the highest appreciation of his services during the past four years, together with a gold-headed umbrella and cane.

The H. C. C. replied in feeling terms. Following this Organizer Linton was made the recipient of a rubber doll, which modestly prevented his displaying to the gaze of the assembly.

Sov. Crawford extended an invitation to the Head Camp to hold its next convention at Niagara Falls, Ont. Banff, Alta, Vancouver, and Winnipeg, Man., also made bids for the convention, but the Falls got it.

Several matters of interest to members only received consideration, and after the installation of head officers, the convention closed.

COMMISSION'S DELEGATES
Three Appointed as Representatives to Waterways Deputation.

The water commissioner at a meeting on Thursday afternoon, appointed Chairman Philip Pocock and Commissioners William Wyatt and Dr. H. A. Stevenson as representatives on the radial deputation which goes to Ottawa next Thursday.

The Milton Pressed Brick Company was given an order for 100,000 outside brick for the new radial sub-station while the 45,000 brick were ordered from the London Pressed Brick Company for the inside work. The plans for the station, submitted by Acting General Manager E. V. Buchanan, were approved.

Loan and Savings Company, while driving his car recently, ran into a hydro pole at Byron with consequent damage to the car and pole. The department sent a bill for \$150, but Mr. Westby, the commissioner, was informed of the announcement that Mr. Westby would ask compensation from the city for the damage done to his car.

Mr. Buchanan produced a plan of the road, and pointed out that Mr. Westby was driving on a 42-foot roadway at the time of the accident, which did not necessitate his colliding with the pole. The commissioners decided to take steps to collect the amount.

VOICES OF THE PEOPLE

A Carpenter's Complaint.

To the Editor of The Advertiser.

Dear sir,—Perhaps it will be generally conceded that it is to the carpenter primarily that we are indebted for very much of the beautifully artistic, the pleasing and convenient features of the modern house, business office, factory and public building.

This concession being granted, the carpenter with his craft may reasonably look for some measure of consideration at the hands of the general public in any controversy in which he may become involved through no fault of his own.

Briefly stated, the controversy is the defence of the craft, due to the prevalence of "un-kill" workmen, to whom is also due the generally acknowledged fact that the average carpenter is the poorest-paid mechanic in the building trades.

Under the old school, whatever its inconveniences and imperfections, an apprenticeship of five to seven years was compulsory to the learning of the craft; and the demand for carpenters was supplied from a constantly increasing force of competent mechanics insuring a high standard of efficiency and skill in all work assigned.

The aspiration upon the part of a host of men today to the calling of the carpenter, a carpenter has wrought havoc in all ranks.

The purchase, or possession of a hammer, saw and square does not constitute the necessary qualifications to competent carpentry; but these men have been allowed to enter the ranks, to usurp the place of apprentices, and at present, constitute almost the sole source of future native mechanics. The result—invariable and inevitable at the outset—is bad work, worse argument, and bad blood between the owners and the contractors, between the journey-men and the "wood-butcher," and between owners, contractors and men indiscriminately one gains the other.

The thoughtful mechanic contemplates with regret these prevailing conditions and sees the decay and fall of the old-time honored craft unless remedial measures can be agreed upon with the builders and contractors which will control present conditions to the general advantage and satisfaction of all parties and lead up to the re-establishment of the apprenticeship system, possibly revised to meet present-day ideas.

Such action would undoubtedly restore peace and contentment to the ranks, and place the carpenter in his rightful position at the head of the list of the building tradesmen.

WANTS HOMES FOR BOYS

Children's Aid Inspector Looking For Foster Parents.

Inspector Joseph Sanders is looking for homes for a number of bright little boys at present under his care at the Children's Aid Society Shelter. Six boys were placed in foster homes by the society during the past month, and the inspector is hopeful of placing as many more before the present month ends.

The boys at present under his care are all bright little fellows, ranging from four to nine years of age, and all are capable, according to the inspector, of attaining good citizenship if given a chance such as a good foster home would afford.

Little girls are not so much in demand as the boys, but the society has a number of requests for foster homes for infant girls.
