

Chathamites Have Narrow Escape from Gas Fumes::Seven Seats Vacant In Senate

BLOCKED GAS MAINS ENDANGER KENT CITY

Asphyxiation Threatened Lives of Sleepers Until Fire and Telephone Awaken Them To Danger—Obstacle Blocks Pipes and Danger Comes When Gas Flow Is Resumed.

TELEPHONE OPERATORS HELP FILL BREACH

Special to The Advertiser by a Staff Correspondent.
Chatham, March 15.—The majority of Chatham people slept early Sunday morning oblivious to the danger which stalked through their homes as a result of an obstacle which blocked pipes leading from the field end of the Union Natural Gas Company's gas main to Chatham, causing such a low pressure that fires in furnaces and heaters were extinguished. With fires out, the whole city faced the danger of asphyxiation when the interruption was repaired.

The obstruction occurred shortly after 2 o'clock. Operators were rushed to the scene of the trouble and quickly removed the cause of the interruption.

Alive to the danger created by the resumption of the gas flow after the interruption, officials of both the Union Gas Company and the Chatham Gas Company, the Chatham distributors, spent the rest of the early morning hours arousing the city and notifying consumers in sections where the fires were likely to have gone out.

Bells Are Rung.
The city fire bell was rung to awaken the sleepers. Co-operation of telephone operators was enlisted and through them telephone subscribers were warned to relight the fires or close the valves before the flow of gas was restored. Those with telephones were requested to notify neighbors who were not subscribers. Through the precautions of the company, tragedy was averted, for if the city had not been aroused many cases of asphyxiation would undoubtedly have resulted when the flow of gas was resumed to escape unburned from stoves and furnaces.

Inquiries conducted today indicated that no explosions occurred, and that no citizens were affected by gas fumes. There are approximately 3,500 gas consumers in Chatham. As the night was cold practically every stove and furnace was going full blast when the interruption occurred.

CHILDREN'S PLAY RIGHT STRESSED

Rev. William Beattie Ad-
dresses Kiwanians at First
Presbyterian Church.

"A city that makes no provision for children's playing is denying them a natural right, and the denial will bring about an awful penalty." These were the words of Rev. William Beattie, D.D., C.M.G., who preached the annual Kiwanis sermon at the First Presbyterian church yesterday morning.

Dr. Beattie took the text, "The streets of a city will be filled with boys and girls playing." He said that there was a tender charm and a strong simplicity in the words. They were the more simple and tender looked at in the light of a background of harshness in those days.

Children are God's heritage, and one of the signs of his presence in a nation is that nation's way of viewing childhood. There must be no sinful robbing nature of this precious increase, said the minister.

Comments Playgrounds.
"The right of children to play will be recognized in any city where the heart of the people is truly Christian. One of the most Christian of modern humanities is the playground movement in our large cities. A city making no provision for the children playing is denying them a natural right," said Dr. Beattie.

The child labor question was touched on. The speaker showed that the rights of children were being considered to a greater extent all the time in Christian countries. In others, the situation was not so good. In China, boys and girls from five years old to 12, labored 12 hours a day in cotton mills.

There was a time of work and a time of play. In children's games there was much character building if followed along the right lines. Boys and girls should be taught to play honestly. There should be no cheating. The principle of clean living should be carried out in recreation, as well as in work.

A tribute was paid to the work carried out by clubs and associations which aimed to help children. These all made for a better understanding and for real friendship. Of these the Kiwanis, the Ki-Y Boys, the Y. M. C. A. and other bodies offered greater opportunities for children to find an increased measure of love of God and hope in Christ.

"When a father needs a friend," let him turn to Christ. He is the boy's best friend," said Dr. Beattie.

AUSTRALIA TO REACH CANADA BY WIRELESS

New Stations For Direct Traffic
To Great Britain Also
Planned.

Associated Press Despatch.
Melbourne, Australia, March 14.—The Melbourne Herald states that four beam type wireless stations, two for receiving and two for transmitting, are to be erected immediately at a cost of £120,000, with the object of working traffic direct with Great Britain and Canada.

These are part of the imperial chain of wireless stations, of the new beam type, which are erected in Canada, South Africa, Australia and Great Britain for inter-imperial communications. The British stations for communication with Canada and later also with South Africa, are now being erected in England, and the reciprocal stations in the dominions should be completed this year.

Air Fans Listen To Paderewski

Associated Press Despatch.
London, March 15.—A piano recital by Ignace Jan Paderewski without applause was the unique experience of millions of music-lovers in the British Isles tonight, when the former president of Poland played a program of Beethoven, Schubert, Chopin and Liszt and a short nocturne composed by himself in the broadcasting station in London, and which was relayed throughout the entire United Kingdom. Never before in the famous pianist's wide experience has he ever had such a huge audience.

HUNDREDS OF VETERANS WILL GREET EARL HAIG

British Field Marshal To Pre-
side at G. W. V. A.
Conference.

Canadian Press Despatch.
Ottawa, March 15.—When Field Marshal Earl Haig and the delegates of the British Empire Service League from all British dominions reach Ottawa on July 19 next, they will be greeted by between four and five hundred representative veterans from all parts of the dominion. The national conference of the G. W. V. A. officials, which met in Ottawa all week, on Saturday agreed that a convention of the association should be called for this purpose. Under present arrangements, the empire conference will open on July 20, with Earl Haig present as grand president of the league.

MAN GASHES THROAT IN SPITE OF POLICE

Defying Arrest, Inflicts Wounds
in Presence of Several
Officers.

Canadian Press Despatch.
Toronto, March 15.—William Blouin, 52 years of age, is in a critical condition in the general hospital, with three deep gashes in his throat, which he inflicted upon himself this afternoon in the presence of several policemen, who were endeavoring to arrest him. The police officers of the western station were notified that a man was acting strangely in a house on Tyndal avenue and was armed with a gun and a butcher knife. On proceeding to the house the policemen found Blouin barricaded in the bathroom. They forced the door, and as they closed with him Blouin drew a knife across his throat. Before he was overpowered he had inflicted two more gashes.

Alberta Wolves Pursue Sleighs, Dances and Parties Postponed

Canadian Press Despatch.
Edmonton, March 15.—Thrilling fights with large packs of timber wolves and a community so menaced by the prowling, ferocious animals that settlers fear leaving their farms, with the result that dances have been postponed and social engagements cancelled, is the story from a new settlement northwest of Vaila, Alberta. During the past week a party returning from a dance were pursued by a pack which kept close to the driver for more than three miles. Twice the leading wolf was attempted to jump into the sleigh, but was driven off by blows, and eventually the animals abandoned the chase.

A lumberman returning to camp was attacked and was forced to leave his horse and take refuge in a tree. His horse made camp and the man's companions rescued him after shooting three wolves and wounding several others.

SENATOR BENNETT CALLED BY DEATH

Active Figure in Canadian
Politics Dies in Guelph
Hospital.

AFTER BRIEF ILLNESS

Special to The Advertiser.
Guelph, March 15.—Hon. Senator William S. Bennett, K.C., of Simcoe county, died this morning at a Guelph hospital, after a short illness. Senator Bennett was in his 67th year. He was born in Barrie, Ont., in 1858. He resided for many years at Midland.

Served many years in the House of Commons and was elevated to the Senate in November, 1917.

Sensor Bennett is survived by his widow and one brother, J. H. Bennett, of Barrie.

He was a staunch Conservative. During the 1924 session he took an extremely active part in the memorable attack on the C. N. R. and its branch line policy.

IS SEVENTH VACANCY.
By E. C. BUCHANAN,
Special to The Advertiser
by Staff Correspondent.
Ottawa, March 15.—While the Commons is debating constitutional reform of the Senate, the Upper House is being changed rapidly by a power that is independent of the constitution. The Grim Reaper is taking his harvest from among the mature legislators of the Red Chamber. The flag is at half-mast over the eastern half of the Houses of Parliament at depressing frequent intervals. Run to the top following the late Senator Murphy's funeral, it was lowered again today for Senator W. S. Bennett, of Midland.

Seven seats are now vacant in the Senate, of which four were held by Liberals and three by Conservatives. The filling of the vacancies reduces the Conservative majority to six. It remains at about 20. Of the vacancies, one is for Alberta, one for Ontario, two for Quebec, one for New Brunswick and two for Prince Edward Island.

The filling of these vacancies may lead to some measure of cabinet reorganization. Hon. Jacques Bureau, it is understood, may be disposed to move over to the Red Chamber. His health has been poor of late, and the heavy task of administering the customs department places a strain on it. Some realignment of portfolios and one or two new appointments may precede an appeal to the country.

NATIONS EXTEND
HAND TO GERMANY
Way Is Paved For Entry As
Equals Into World
League.

Associated Press Despatch.
Geneva, March 15.—Closing the most important meeting in its history with what is generally admitted to be a constructive move of great significance for future harmony in Europe the League of Nations adjourned last night after expressing a sincere wish to see Germany aid in the labors by joining the league and thus play in the organization of peace a part corresponding to Germany's position in the world.

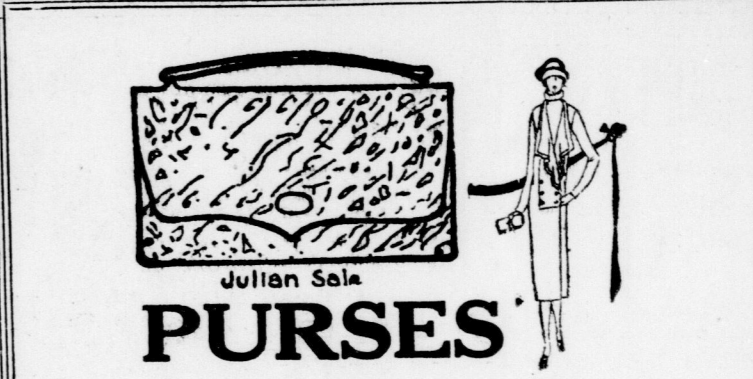

If the council was unable to approve Germany's request for an exceptional place in connection with the obligations imposed by the covenant, it did, by voicing the above sentiment, pay her a great and unprecedented honor, for no country has ever been bid to take a seat in the league and a place around the council table. Everybody agrees that Germany may have a permanent seat in the council. Yesterday's action is deemed significant because it represents the first unanimity of the council which the council has sent to the Berlin government.

COUNCILLOR DENIED SEAT, LOSES APPEAL

Wentworth County Man As
School Trustee Is Ineligible
For Office.

Canadian Press Despatch.
Toronto, March 14.—Mr. Justice Riddell has dismissed the appeal of George B. Robb, elected by acclamation as councillor for Beverley township, Wentworth county, from the decision of Judge Gauld unseating him because at the time of his election he was a member of the board of school section No. 60.

It was contended on his behalf that the statutory provision did not apply to rural school sections. Mr. Justice Riddell says that he finds no support in grammar, logic, law, or history for the contention of Mr. Robb. He remarks incidentally that the right of being chosen to represent his fellows in parliament, legislature, or on a municipal council is one of the dearest possessions of a free man and should not be taken away without clear statutory objection, but he can find no loophole for Robb.

NEW STYLES TO MATCH YOUR COSTUME are now here ready for your inspection. Father Slays Four Children

Associated Press Despatch.
Kansas City, March 14.—Maurice L. Gibson of Prather Hill, Mo., killed his four children with an axe early today while his wife was in another part of the house, and then hacked himself with the axe, and later slashed his wrist. He is expected to live. No reason has been assigned for the killing. The children ranged in age from 18 months to seven years.

CONTRACTS AWARDED FOR OTTERTON PLANT

Canning Factory Buildings To
Be Located Near the
Railway.

Ottertown, March 15.—The first meeting of the Ottertown Canners, Limited, was held in the community hall on Wednesday, at which the following officers and directors were elected: President, W. N. Hyslop; vice, J. Parker; secretary-treasurer, J. P. Vair; manager, J. W. Quinn; directors, D. A. Hyslop, Tom Pearce, Charles Daiken.

Contracts were let for a new \$75,000 building to be erected near the railway tracks, just north of the station. Two large buildings will be erected, one 150x60 feet, the other 85x60 feet, besides two boiler rooms. The contract for the carpentry work was let to Pennington & Kennedy of this place, and for masonry to Alf Gattman.

BOTHWELL WOOD-CUTTER SUSTAINS FRACTURED LEG

Bothwell, March 15.—Frank McRoberts fractured his leg just above the knee Thursday morning. The young man was working in the woods when the accident occurred. He was removed to his home, and Dr. O. J. Gien reduced the fracture.

CANADA RECEIVES GERMAN PAYMENT

Commissioner in London Re-
ceives £135,475 Collected
Under Dawes Plan.

Associated Press Despatch.
London, March 15.—P. C. Larkin, Canadian high commissioner in London, has received from the British treasury on behalf of the Canadian government £135,475 sterling, representing Canada's share of the sums already received by the imperial government under the Dawes annuity plan from Germany.

Future amounts are expected to be received by the high commissioner in the course of a few months.

NEW ONTARIO CHILD DIES VISITING GRANDPARENTS

Special to The Advertiser.
Aylmer, March 15.—On Wednesday last, Mary Edith, six-year-old daughter of Mr. and Mrs. Owen Percy of Commander, Northern Ontario, died at the home of her grand-parents, Mr. and Mrs. John Walter, Malahide. The little girl was stricken suddenly two days previous with membranous croup. Besides the sorrowing parents and grand-parents, one sister, Helen, aged three, survives. The funeral was on Saturday, at 1:30 p.m. from the residence of the grand-parents to the Aylmer cemetery.

MONDAY, MARCH 16, 1925.

Montreal Should Clean House.

Montreal has nothing at all to be pleased about after reading the report made by Mr. Justice Coderre following an exhaustive investigation of its police system. It is difficult to imagine a more sweeping statement, indicting a department on almost every score.

Aldermen were accused of meddling in police affairs for the benefit or protection of their friends; the city has been making money out of houses of ill-fame; when raids were to be conducted into these brothels the keepers were warned in advance; secondhand stores were conducted in such a way that they provided an easy place for thieves to sell stolen goods; detectives went out hunting stolen property, but not robbers.

Some of the police officers, according to the report, were not able to explain the fortunes they had been able to collect during four or five years in office, and what seems even more strange is the fact that they have not been made to let go of their ill-gotten gains. It is recommended in the report that the chief of police be pensioned, and one cannot but wonder, after reading the report, what contribution he has made on behalf of law, decency and order to earn a pension.

Montreal has a duty to perform here as the metropolis of the dominion; it is a big city, favorably located and commercially active. In that position Montreal should give the leadership that becomes the responsibility of a nation's largest city. Her police record, as bare as Justice Coderre's report, is nasty, underhand and miserable. It shows sympathy for those that the law should have jailed, and a general manipulation of affairs much to the advantage of those who had no business to claim the protection of the law. The whole situation is now an open book, and the rest of the country waits to see if Montreal is big enough to have the spring housecleaning that is long overdue.

What St. Thomas Has Done.

The Advertiser has received a copy of the annual book issued by the St. Thomas Horticultural society, an 80-page publication, well illustrated and admirably designed. It gives an account of the year's work and of the trophies captured at exhibitions in Ontario and as far away as New York. Some idea of the extent to which the work is carried on can be gathered from the fact that the financial statement shows total disbursements for 1924 as \$21,436.

St. Thomas has demonstrated through this society what can be done when the citizens pool their resources and their efforts and travel together in a definite direction. Their slogan, "St. Thomas, the Flower City," is not a mere boast, but something that bids fair to be an accomplished fact.

A Song of Cheer.

London's building record for the first two weeks of March is good news—the kind of news The Advertiser likes to report.

New building permits in the city to the extent of \$66,390 have already been granted this month. This total is greater than the combined value for the months of January and February—or, in other words, March is expected to be more than four times as good as either of the preceding months.

An encouraging feature of these figures is the fact that they consist very largely of moderate residences. There is no single large item to boost the total out of fair comparison. This means that the improvement is general, and therefore definite.

New buildings are a faithful barometer of the city's growth. They represent not merely an increasing population, but a favorable financial condition. Quite apart from the usual spring building increase, the figures for March sing a song of real cheer.

The London East School.

The plan of tearing down the Rectory street school so that a new collegiate institute may be erected on the site will call for a great deal of shifting in the public school population to take care of the pupils turned out of the Rectory street building, and create as well a situation that will not be permanently remedied until the new building is erected to replace the present Pottersturg school. The reason advanced is that it is not possible to find a site in the east end at a cost of less than \$75,000. It may be that the investigation has not been thorough enough, and the board should be very certain on this point.

Beside the tearing down of a school building that is sanitary and capable of being used for some time yet, it will be necessary to find places to put the pupils who are occupying the eight rooms in Rectory school. Plans for this are not complete yet, but enough is known to show how the general distribution will be attempted. It will call for the reopening of the two-room school on Quebec street that was closed two years ago; Alexandra school district is not crowded now, and 60 pupils will be transferred to that school, and in this case it may be a permanent arrangement, as in September some of the scholars now going to Alexandra will be changed to Lord Roberts. Lorne avenue school has a room in the basement that was intended for manual training, and another room upstairs that

has not been in use. These will be utilized to take care of some more of the Rectory street pupils. The house that is now the kindergarten of the Rectory street school will be partitioned off and an extra classroom made there, bringing the total space up to six and a half rooms, and it will be necessary to find other accommodation for another room and a half elsewhere.

Those who favor the plan claim that in the long run it will be the best solution for the problem, but those who oppose the idea fail to see the wisdom of tearing down a school that is good for some years to come and then scattering the scholars in temporary locations until the erection of a school farther east is completed, which may not be until 1927 or '28.

Members of the board of education have given considerable attention to the matter, but they should be very certain that the solution they offer now, tearing down the Rectory street school, is the very best one that can be offered.

Friday, the Thirteenth.

Both February and March this year have had a Friday the 13th, and November will also have a similar occurrence. A correspondent asks why it is that Friday the 13th has such a peculiar feeling of "anything's liable to happen." It is because so many are superstitious about any Friday, and also about the number 13, so that when they come to a combination that yokes them together they are certain that no good can possibly result and much harm may.

One authority says that for years Friday was chosen as the day for public executions. We do not need to look far back for the Friday superstition—turn up the marriage records and see how few are married on that date. Sailors particularly dislike starting on a voyage on that day. Statistics do not show any more accidents on Friday than on any other day, but there are many people who would deny a charge of superstition who would not think of starting a trip on that day.

The Friday record is not a bad one at all. Shakespeare was born on a Friday; America was discovered on a Friday; Washington was born on a Friday, and on a Friday the Mayflower landed. Napoleon was born on a Friday and the battle of Waterloo was fought on a Friday.

The same authority says the belief about the thirteenth being unlucky comes from Judas Iscariot being the thirteenth at the table and the first to leave, but there is proof that there was a prejudice against thirteen long before that event. It is a prejudice strongly held today, and there are many who would not think of sitting at a table where there were thirteen. They can give no reason for their fear, but it seems to them like tempting fate.

Against that there are those who deliberately choose a thirteen when it is possible. Many gamblers stake on that number; King Louis XIII. of France adopted a title containing thirteen letters, and any important step was taken on the thirteenth of the month. Wagner, the composer, had thirteen letters in his name and was born in 1813 on the 13th day of the month. Tannhauser, his greatest work, was finished on the 13th day of February and first performed on a 13th.

We have built up a hedge of superstition and something approaching fear around Friday, the 13th. It's unlucky, and that's all there is about it. Pressed for a reason, none can be given. A number of people believe it, and that's all there is to it.

We Can Prove It.

The Guelph Mercury is not quite right in assuming that London has a council composed of eight aldermen. The people voted on the question last election, and favored the "eight" idea, but at the same time elected twelve for the present term. If the Mercury man has any doubt in the matter we can give him visible proof, and will guarantee to lead him to where the council meets. Up one flight of 23 creaking steps, then along a passage-way just wide enough for one at a time, thence up another flight of steps, more creaks, through a couple of ante-rooms and into the civic chamber.

There he can see for himself twelve men, twelve glasses of water, one mayor seated in a venerable straight-back chair, and before him a table that would make a first-class washstand in a summer hotel.

Note and Comment.

This is the peculiar season of the year when a man realizes that the overcoat he wears to hide a shabby suit is as shabby as the suit.

About the time the sap begins to run the germ begins to operate in the housewife's system that finally breaks out in a spell of housecleaning.

There are six vacancies in the Senate, and so far we have heard of no suffering. The only clamor to have them filled comes from those who want to fill them.

Spring used to be a wonderful season—it is even more so since the income forms were planted in the financial garden along with the other hardy perennials.

"I used to believe," says General Frederick B. Maurice of the British army, "that if you want peace you must prepare for war; but I have come to see that if you prepare for war thoroughly and efficiently you will get war."

The Advertiser has been asked why some of the letters sent in on church union are not appearing. The answer is that these communications for the most part are now coming from the professional correspondents on both sides, who make many copies of each letter and send them to all the papers in the country. Most of them contain references to the other side that are not intended to make for a peaceful solution of the problem, and for that reason no good purpose could be served by their publication.

Then and Now

Just notin' in a gen'ral way how customs change as well as law, the rulers swing no spears aloft, but fight their battle with the jaw.

Things change quite fast as we move on, our grandfathers drove an oxen team, before the level crossing day when folks is victims unto steam; then father made a high-wheel bike as he went scorching from his door, the folks stood gapin' on the porch, they'd never seen the like before.

But in this age of speed we have, I move in circles large and dizzy, I buy eight shekles worth of gas and forthwith sally forth my lizzy.

When in the days when trees grew tall and yeomen smote them with an ax, they rested from their toil at night, and lit a light that sputtered wax; the humble chopper in the bush when come the evening meal to sip, he cleaved the fattened pork in strips and burned the flickering tallow dip. The coal oil lamp came on the scene and cheered them with its kindly beam, and forthwith put the candle out and chased the tallow from the scene.

No more we use the coal oil lamp, nor snuff the tallow dip at night, our pudgy fingers press a switch, we're livin' by electric light.

In days what's went to cot., no more a man went out collectin' bills, he hoofed around the village streets a-pointin' to his neighbors' tills.

Today they use the telephone, a-callin' up to so and so, and tellin' him to shake a leg and send along the bones he owe—how come he think we run this place and pay for pickled pork and hash, unless the dead-beats on our list be forkin' out the legal cash.

Likewise in ancient days the men what sat inside the kingly door, was them what buckled on a sword and led the fighters forth to war.

They had a shield, a spear and club and swung them fiercely in the fray, when enemies came by night to steal their stock and wives away.

Today the men who run the land they bear no spear upon their paw, they fight the battles of the land by swingin' much about the jaw—they smite not at the foe what comes, nor lay him smitten on the grass, they're busy on the stately job of puttin' taxes on the gas.—ARK.

To the Editor

How To Fight Corn Borer.

Leamington Man Relates Experience of Michigan Corn Grower—Says There is But One Way to Do It.

Editor of The Advertiser:
Sir,—I see by your paper, which I have taken for 29 years, an account about the corn borer. In Dutton they have had Prof. S. Caesar, of Guelph, giving instructions how to get the borer out of the country. The silo may be gone as far as it goes, but if you follow that plan you will always have the corn borer.

Now, the only way to get rid of them is to burn the miller that lays the eggs. It may be I can instruct you how to do it.

I have a son, a dentist, in Michigan. I was with him for three years. I had a garden along the side a good cornfield. It gave the farmer over 120 bushels of ears to the acre and it's the best of corn land, and a great deal more of it than we have in Canada.

There were just a few borers the first year. The farmer put the same field in corn the next year. He husked but about 200 bushels. It was worthless. Then he told me he had heard of a cure for the borer out in Indiana and Illinois, so he went for about two weeks. When he came back he said, "Now, Mr. Simpson, I have found out just what to do. It is to burn the millers so they cannot lay their eggs." There are no borers there now.

I have full instructions on how to cure the corn borer. If you wish to use me in this corn country, I am willing to help you out.

I was raised in Kent county, just 12 miles from Leamington; lived here over 50 years. My father was one of the first settlers here. He came from England in 1832.

WM. SIMPSON.

Safety in Numbers.

Writer Fears That Cutting Governing Bodies Will Put Power in Hands of the Few.

Editor of The Advertiser:
Sir,—Seeing London has an epidemic of "reducing the size of governing bodies," one is involuntarily urged to ask what has brought it about. London seems to be hit with the idea more than any other center. Beginning with the board of education, then the city council, and now the Ontario legislature, next in order of sequence will be Ottawa.

It is well known that in large bodies it is difficult for all to give expression to their views as time has to be economized, and on this account representation of the masses has to be selected by ballot so the major matters may be taken care of in a manner that shall be satisfactory to the majority. In a country like Canada, of large areas and sparse population, a member of parliament has to take long journeys and not very frequent ones to get in touch with his constituents, and to enable the people to have a just representation it necessarily follows a large number of members exist, and it cannot very well be otherwise.

The question that comes persistently to the top is: Are certain persons or bodies of persons pulling wires so as to be able, for their own friends or clique, to get all the power into the hands of a few for personal advantage? Why should the thousands of dollars of the board of education or the millions of the city council, or the hundreds of millions of the province, or the billions of the dominion be entrusted to the handful of men and women such as the chamber of commerce suggests? After the record of the various governing bodies for Ontario and the Home and Farmers banks, it looks as if we needed more instead of less administrators to watch over and check up the actions of each other. Distrust is created in the public mind and fear lest a few are wanting more power. Many counsellors make for wise laws and good government.

London, March 12.

PRICES TOO LOW ON CANADIAN FISH

Head of Cleveland Firm Says Lake Erie Catches Are Too Large.

Special to The Advertiser.
St. Thomas, March 14.—The following letter has been received by Secretary-Treasurer D. H. McIntyre of the Lake Erie Fishermen's association from E. S. Case, president of the Case Fish Company of Cleveland, which partly explains the movement instituted to secure higher duty on the Canadian-caught fish.

"It seems that the application for increase in duty on Canadian-caught fish has created bad feeling, yet it should not. At the price paid boats made on the Canadian shore, and Ontario ports, our boats could not operate. No man or concern with an equipment in first-class condition can afford to catch fish and sell them at three cents a pound if they fish properly. By fishing properly, I mean fishing for quality and not for quantity. On this shore, during July, August and September, and as a rule most of October, fishermen are rarely allowed to produce more than 4,000 pounds of fish, and often that amount is limited to 3,000."

Mr. Case claims that he has information to the effect that catches in excess of ten or twelve tons a day are made on the Canadian shore, and therefore claims the fish cannot be very good quality.

"From our information, most of the fish came to Erie, and a large portion of them were sold at a lower price than we can produce them," he writes. "We cannot understand how operators at Port Dover can run boats and make any profit on their investment when they sell fish at an average of less than three cents a pound. Our country is being flooded by cheap fish."

Had the dealers on the north shore fished at a profit, paying the same price for fish as sold on this shore, there would be no cause for action; then if we could not market our produce at an equal cost of production that would be our own fault. Mr. Case states that if the Fresh Water Fish Producers and the north shoremen are to have a conference it should be held in Buffalo at once, and the proposed conference was suggested by the north shore fishermen for the purpose of getting fishermen on both sides of the lake to agree on haul limitations, closed seasons, and to discuss production costs in general.

The thousand-mark in the canvass for new members for the horticultural society has been finding the citizens in general anxious to help along an association which has made the city almost internationally famous. Three splendid gifts to the memorial hospital are acknowledged by E. A. Horton, chairman of the finance committee, with the thanks of the hospital board. The first is the gift of a new operating table valued at \$800, donated by the hospital aid of the city; the second comes from Mrs. Shannon, widow of the late Dr. Shannon, and includes the entire medical library of her husband, and the last gift is a Simmons hospital bed from Mrs. A. J. Slough, given in memory of her husband, who died recently.

The death of Mrs. Lucy Ann, wife of George Orr, took place at the family residence at Talbotville early Sunday morning, following a brief illness. Mrs. Orr was born in Talbotville 72 years ago, and had made her home in that locality all her life. She was an adherent of the Tempore Presbyterian church.

Survivors are the husband, three daughters, Mrs. James Taylor of London, Mrs. Harry Blackman and Frank, at home; two brothers, Lorenzo Boughner, Talbotville, and Hiram Boughner in the Northwest territories.

The funeral will be held Tuesday at 2 p.m. in the Scottsville cemetery, Rev. Gilmore of Tempore officiating.

SORE THROAT

IS A COMMON AILMENT WHICH, IF NOT TREATED AT ONCE, MAY LEAD TO A SERIOUS CONDITION. SIMILARLY SOUL OR COLD MAY DEVELOP AND REQUIRE SURGERY. IT IS OVERCOME BUT IT MUST BE TREATED BEFORE IT IS TOO LATE. AT ONCE INCONVENIENT AND SUFFERING MAY BE AVOIDED. AN OLD AND RELIABLE REMEDY IS FOUND IN

DR. THOMAS' ECLECTIC OIL
QUICK.

Two Stricken On Friday 13th

Special to The Advertiser.
Woodstock, March 15.—The 13th day of the month falling on Friday proved rather an unlucky one for two East Zorra girls. Miss Laura Rowe of the 13th line and Miss Margaret Wilkinson of the 14th line, both pupils at the 13th line Baptist Sunday school, were both stricken with appendicitis on that date and rushed to the Woodstock hospital, where they underwent operations.

CHANGE FORESEEN IN "PER" SYSTEM

Believe Medicinal Liquor To Be Secured in New Manner.

Canadian Press Despatch.
Toronto, March 15.—Although Premier Ferguson stated on Friday that the government had not decided whether it would propose any change in the system of obtaining spirituous liquor by doctors' prescriptions, gossip in political circles persists that when the Ontario Legislature receives the promised amendments to the Ontario temperance act this week, very probably Thursday, a new procedure in securing liquor for medicinal purposes will be suggested. In any event the amendments will contain drastic changes, and will provide for more stringent penalties on bootleggers, most likely jail terms without option of a fine.

While some progress on technical points was made Friday night at a conference here between church unionists and anti-church unionists among church authorities that both sides remained adamant on the major issues, and that they will have to be fought out before the legislative committee, which commences hearing on the church union bill Tuesday.

MANY ATTEND FUNERAL.

Special to The Advertiser.
Wallaceburg, March 15.—The funeral services of Mrs. Zeta Huckle, beloved wife of George Huckle, whose sad death took place in the Chatham General hospital on Tuesday night, following a serious operation, were held on Friday afternoon from her late residence to the St. James' Anglican church.

The church was filled to capacity with sorrowing relatives and friends from town and surrounding districts, and from Sarnia, London, Thamesville, Windsor, Detroit, Dresden and Chatham. The service was in attendance, with Miss Grace Middlemiss at the organ. Service was conducted by the rector, Rev. F. V. Vair. The late Mrs. Huckle was for many years a regular attendant of the St. James' church and was a member of the Ladies' Guild.

POLICE USE GUNS IN MEETING HALL,

Two Women Numbered Among Victims at German Election Gathering.

STOP COMMUNISTS

By EDGAR ANSEL MOWBRER.
By Cable to The Advertiser and the Chicago Daily News. Copyright.
Berlin, March 15.—Over-zealousness on the part of the police turned a Communist electoral meeting Friday evening into a brutal slaughter, in which seven persons, including two women, were killed. Several who were wounded are expected to die.

The cause of the police action apparently was the fact that the police had forbidden three foreign Communists to speak in favor of the Communist presidential candidate, Thielmann. Two of the foreigners, an Englishman and a Frenchman, attempted to speak anyhow.

A police lieutenant ordered them to stop. The crowd, of seven or eight thousand Communists, answered hotly and some bottles were thrown. Almost immediately the order was given to fire on the closely packed crowd in the assembly hall. The crowd fled, panic stricken, and the hall was emptied of all save the dead and the wounded.

This beginning of the electoral struggle does not promise well for the future. When it is remembered that the police are under control of the Prussian minister of interior, the anxiety of the Conservatives to get control of the Prussian administration is clear.

HYATT AVENUE CHURCH PLANS ATHLETIC NIGHT

Will Be Climax To Special Series of Sermons.

As a climax to a series of special sermons, Rev. R. J. McCormick of Hyatt avenue Methodist church is planning a big athletic night on April 26th.

Athletic organizations from all over the city will be represented, and men who take a prominent part in athletics in the city will assist Mr. McCormick on the platform.

Dr. George Smith, director of athletics at the University of Western Ontario, and George Sinclair, physical instructor of the local Y. M. C. A., will be the special speakers.

Mr. McCormick has chosen for his

WHOOPIING COUGH IS A VERY SERIOUS TROUBLE HER 5 CHILDREN HAD IT

Mrs. S. H. Craig, R.R. No. 1, Palmerton, Ont., writes:—"Two years ago, last winter, our five children had very severe attacks of whooping cough. We were recommended, by our druggist, to use

DR. WOOD'S NORWAY PINE SYRUP

which we did with the greatest of success. It cleared out the throat and bronchial tubes, and loosened the phlegm so that they were able to cough it up, and in no time I had quenched the 'whooping'."

"Dr. Wood's" is put up only by The T. Milburn Co., Limited, and has been on the market for the past 35 years. Be sure and get the genuine.

NERVOUS SYSTEM IS RESTORED BY RICH, RED BLOOD

Weak, Nervous Women Can Renew Vitality By A Safe Treatment

The nerve power of our systems finds its life in our blood. Create more red blood cells and we re-kindle the fires of bodily strength. For rich, red blood in the driving force of life. If you are too easily exhausted, lack confidence and sustaining power, are nervous and too thin or pale you should think first of your blood.

Create more red blood. Win back new strength. Nourish the body tissues. Rejuvenate yourself.

Men and women can find an easy way to create red blood that makes their bodies tingle with the pulsing of life. Winarnis gives to the blood the very elements from which it is created. For fifty years this red blood builder has restored exhausted sufferers.

If your body vitality is at a low ebb, your system undernourished, your nerve power failing, go to your druggist today and begin the safe Winarnis treatment. A sixteen-ounce bottle of Winarnis, which is a fourteen-day treatment, is sold by all leading druggists for \$1.50. Winarnis is so effective that only three tablespoonsful a day need be taken. Try Winarnis and see the difference just a few days will bring.

sermon, "Playing the Game," a subject which should be of interest to all young athletes.

NAMES

You meet Mr. Howard and Mr. Walters in a gathering. Their names are to you but two of many you hear.

A few days later you meet Mr. Howard again. And again. He becomes a friend, perhaps an intimate in your social as well as business life.

Mr. Howard's name grows to mean a lot to you. Mr. Walters is rarely seen again and soon forgotten.

In this newspaper are other names—names of advertised products. Day after day you see them. They are like old friends—to be trusted. Their names mean economy, full value and integrity.

The unadvertised products—perhaps you see one in a store—or in a friend's home. Soon the name is forgotten—a stranger about whom you know little.

Fill your medicine closet, your pantry, your wardrobe with products whose names are guarantees of their integrity—advertised products. Like intimate friends—you know what they are and will do.

Read the advertisements to know the names that are worth knowing in the market place.

BIG DROPS COME
WITH RAIL RUMORSSt. Paul Hits Record Low at
New York—General
Electric Also Says.

Associated Press Despatch.
New York, March 15.—Widespread
circulation of unfavorable rumors
regarding the St. Paul Railroad resulted
in another wave of heavy liquidation
in these stocks, which sent the common
down to 7 1/2 and the preferred to 13 1/2.
The lowest prices ever recorded.

This brought about extensive selling
for both accounts in the general list,
General Electric dropping 4 1/2 points,
and over two score other issues sagging
1 to 2 1/2 points below last week's closing
levels.

The subsequent marking up of
American Can to 8 1/2 and active bidding
for Willamette preferred and
Norfolk and Western, checked the decline,
and started a rally around noon.
General Electric recovered 2 1/2 points of
the loss, and most of the other standard
rallied and advances regained all or part
of their early losses. Motors
jumped to 27 1/2 and then fell back to 27.
Call money opened at 4 per cent.

Market
Sidelights

DOMESTIC BREAK.
The substantial break in domestic
shares from \$15.20 on Thursday to
13.65 Friday night is obviously con-
nected with the report that the mine's
reserves are becoming depleted.
The report of 30 per cent more develop-
ment work being done in 1924 than in
the previous year.

Reserves of broken ore at Dome are
limited to be at the same figures
as they were a year ago, namely 350,000
tons. As a matter of fact, according to
the company's statement, a year ago
there were only about 500,000 tons, and
in 1922 they were given at 275,000 tons.
So that there is an improvement rather
than a falling off in the mine's reserves.
Dome has never admitted its actual
reserves. Not for some time at any
rate. In 1923 it was given as 500,000
tons, "no depletion" in 1922 it was
given as 500,000 tons. The same as in
1921.

From all this it would seem that
Dome has not for some years had more
than a year's stock of reserves ahead
of its actual ore reserves have appar-
ently remained about stationary, so
that things are becoming more serious
than they have been before. Dome is
a speculative stock, but it is a little
bit without firm foundation available
to start a stampede downwards in
it, although there may be those who
would like to see it go down.

FRIDAY THE 13TH.
Friday, the 13th, lived up to its
reputation as a day of ill-luck in the
wheat exchange. It's a long road
from May wheat's January high of
\$2.25 to Friday's close of \$1.76 1/2.

What's the answer? The outside public
is said to be that the outside public
has been fed with bullish statistics for
months, and the supply has run out.
The U. S. government's estimate of
farm reserves for Tuesday showing a
shortage of over 25,000,000 bushels in
the states compared with the same
date last year were given as 25,000,000
bushels over the entire new crop area
and a dropping off of Europe's demand
have the bears their mirth.

EXCHANGE RATES.
Special to The Advertiser.
Detroit, March 15.—Detroit clearing-
house bill of exchange for 60 days
on Canadian currency for Monday will
be at a discount of 1 1/2 per cent.

Associated Press Despatch.
London, March 14.—Bar silver, 31
1/2-16 1/2 pence.

Associated Press Despatch.
Paris, March 14.—Prices were heavy
on the board today—47 francs, 55
centimes.

Exchange on London—92 francs, 55
centimes.

Five per cent loan—56 francs, 50
centimes.

The U. S. Dollar was quoted at 29
francs, 30 centimes.

Associated Press Despatch.
New York, March 15.—Bar silver, 650
per ounce.

Associated Press Despatch.
New York, March 15.—Sterling ex-
change irregular. Demand rates (in
cents): Great Britain, 24 1/2; Ireland,
5 1/2; Italy, 107 1/2; Germany, 23 3/8;
Canadian dollars 3-3/4 of one per cent
discount.

COTTON.
New York, March 14.—Cotton futures
closed irregular. Closing bids: Jan.,
25.00; Feb., 25.50; Mar., 25.90; Apr.,
26.20; May, 26.50; Oct., 25.90; Nov.,
25.50; Dec., 25.00.

Spot cotton closed steady. Middling
uplands, 25.90.

Liverpool, March 14.—Spot cotton was
dull, with prices steady.

Good middling, 13.50; middling, 14.00;
low middling, 13.25; good ordinary, 12.50.
The sales of the day were 1,000 bales
of which 1,300 were American. The re-
ceipts were 2,000 bales, no American.
Futures closed steady.

EGG MARKET REVIEW.
Ottawa, March 14.—Reports have been
received which point to some difficulty
in disposing of imported States
eggs. In some centres local production
has increased before clearing market
prices could be obtained at such points
prices on these imported eggs have
been shaded to effect sales. The values
the regulations respecting the grading
of eggs was demonstrated this
morning on the market. The values
of 10 dozen eggs were confiscated,
many of them showing fully formed
chickens and the balance being rotten.
These were eggs which had been taken
from an incubator.

Montreal—Local receipts increasing.
United States eggs clearing at shaded
prices, extras 34c, firsts 32c, firsts
32c, second 32c.

Quebec—Firsts clearing 33c to 35c,
second 32c to 33c.

Ottawa—Extras jobbing 33c, firsts 33c,
second 30c, farmers' market extras
40c.

Winnipeg—Dealers quoting delivered
extras 32c to 34c, firsts 30c to 32c,
second 28c to 30c.

St. John, N.B.—Local firsts jobbing
30c, extras 34c. Some 24 1/2c reported
on hand. Market dull. A limited
quantity of fowl offering at 40c.

Chicago—Market steady. Eggs shipped
cases 25c, March storage packed 31 1/2c,
April 32c, storage packed 34 1/2c.

British chicks (Prices shillings per
ten dozen):

Liverpool, March 14.—Market firmer,
good demand, Irish 13s to 14s, Irish
ducks 12s, 12s, 12s, 12s, 12s, 12s,
Danish sixteens 13 1/2s. Supplies in-
creasing.

Montreal, March 15.—Beans were
steady, at \$2.70 per bushel.

Detroit, March 15.—Beans, Michigan
choice hand-picked, \$5.75 per cwt. at
shipping points.

Thirty-Fourth Game Is 6 to 1 Waterloo For Niagara Falls Senior Team

WEARY FRASERMEN ARE SNOWED UNDER BY VARSITY SENIORS

Intercollegiate Champs Sparkle in Hanging Up 6-1 Win.

TOO MUCH HOCKEY

Canadian Press Despatch. Toronto, March 15.—History is well on its way to repeat. In 1920 Varsity was beaten in the Ontario hockey association series, but qualified for the Allan cup playoffs by winning the intercollegiate championship. The college players then eliminated the Sudbury Wolves, who had just come through two hard games with the Grimsby Titans, and reached the finals for the Canadian title. This season Varsity was again among the winners of the Allan cup series, but also ran in the Ontario finals, and in the semi-finals for the Allan cup. In the first of the semi-final games at the arena on Saturday night the students defeated the leg-weary players from Niagara Falls by the score of 6 to 1. But the boys from the "Cats" went down battling to the end, though they could hardly push one foot ahead of the other. A five-goal margin to make up in the return game at the Falls looms up like a mighty task for any team, but for one that has played thirty-four games with not all easy contests in the lot, it appears to be an almost impossible undertaking.

However, the O. H. A. champions have shown themselves to be a wonderful team in the pinch this season and their friends are looking for them to come through once again. But Niagara Falls, at their best would have had difficulty in overcoming the Varsity machine on Saturday. With Lou Hudson playing the brilliant hockey he is capable of, the blue and white clad players soared to heights previously unknown to them this season. Their defensive play was almost unbreakable, while the attack sparkled with well-timed rushes, combinations and shooting, and carried a punch that could have had any result. It was U. of T. that won the first, and a repeat Tuesday night will win right in the Falls.

The line-up: University of Toronto—Goal, Sullivan; defence, Taylor and Porter; centre, Hugh Plaxton; wings, Hudson and Kirkpatrick; subs, Clouthier and Richards. Niagara Falls—Goal, May; defence, and Kirkpatrick; centre, Rice; wings, Siebert and Herrington; subs, Pennie and Plaxton.

Summary: First period—1, Varsity, Taylor, 13:41. Second period—1, Varsity, Hudson, 7:51. Third period—1, Varsity, Hudson, 11:45. Total—Varsity, Hudson, 3:20. Referee—Roddan, Toronto. Penalties: First period—Rice and Plaxton, five minutes each. Second period—Taylor and Herrington 2 minutes each, Siebert one minute. Third period—Porter 2 minutes, Plaxton 1 minute.

Associated Press Despatch.

Everton, Eng., March 14.—England defeated Scotland by 4 goals to 3 in the international soccer match today.

On the Side Lines With C.S.G.

THE VICIOUS CIRCLE. Petrolia's Fall Ode. Spring Ode From Petrolia. London, you have no shame? Sarnia, you take all our footballers! London, have you no shame? Sarnia, you have no shame? Why don't you raise your own ball teams, And let us in peace play our game? And leave us our one bid for game?

If Ruth's waistline was dwindling as fast as his fortune was erroneously reported to be the Babe would be in good humor.

The A. A. U. of C. slant, judging from the Allan case, is that charity begins at home. And they also figure that charity should get a rest at least one day each week.

All secretaries of athletic organizations should remember not to post money for amateur certificates to the A. A. U. of C. on Sunday. Such letters are likely to be returned.

PROPTER VOCER PUBLICAM.

"It's harder now than ever to carry on amateur sport," said a member of the Southern Counties baseball league executive the other night during the course of a speech that was intended to pour oil on waters that were slightly ruffled on the surface and in which a lot of solid men might have been swished, had the trend of the discussion been allowed to take its course.

To anyone familiar with the maze of complications which beset amateurism in all branches of sport, the speaker wasn't exploding a new theory or telling a secret.

For whatever may be wrong with sport as it is played and administered these days, the public itself is wholly responsible. Time was when the home town spirit predominated. The home town fans hated to lose, but were philosophical enough to know that the players were doing their best. Home town loyalty was very partisan, but very blind also, to crudities of performance.

Then the public taste began to develop. In the larger places, fans adopted the attitude that they wanted the best, and they didn't particularly care how it was procured. Sport began to take on the same hue as any other amusement. The fans still want a winner—want it more than anything else—but there is an increasing number of fans who demand a certain standard of performance, no matter what the result to the home team. They become harshly critical if the officials behind clubs do not meet this demand. They express it in empty pews at arenas and empty bleachers at baseball fields.

As soon as the average fan has paid his admission at the gate he adopts a Missourian attitude, and he's not a whit interested in whether he's getting his sport on a cost basis or where the profits go. What he wants is his money's worth.

Seeing that he gets his money's worth is what produced today's situation—if any.

PUBLIC BE DAMNED.

Whether the club or the players were right in the Hamilton controversy ending in the players being suspended and the Canadians being awarded the pro hockey title, the Hamilton public, which gave the Tigers blind partisan support such as no team over the circuit receives except the men of Dandurand, is the goat.

The play-off series, which in giving the third team a chance to win the league title makes a joke of the season race and is entirely a proposition which queues the fans, is to the remaining berries out of the public, is to become for the whole thing.

The Hamilton club lays stress on its contracts which call for the player's services until March 30 or thereabouts. Officials point out they voluntarily raised one player's pay during the season.

The players claim that the play-off series constituted extra games and that as its one object is to make money they should have their cut. It is sound reasoning.

The attitude of both club and players shows how hollow rings the home town loyalty and desire to win stuff, which the trusting fan fondly thinks is the inspiration of all sport.

The goose which laid the golden egg will be hanging rather low in Hamilton when the next season rolls around, which isn't such a paraphrasing cocktail as it may sound.

score will be big enough to give the round to Central, but adds that if Mitchell wins they will deserve it, they will have a smart crew of purchasers.

Ten goals is a big enough handicap for a team to go into the game with, but the locals will fight all the way, and should give the northerners a tight battle for the silverware.

Dr. Smith, secretary for the Woesa, has appointed "Corker" LESS as referee.

OTTAWA TAKES ROUND.

Montreal, March 15.—Montreal A. A. A. defeated Rideau of Ottawa, 23 to 21, in the second game of a home and home series here Saturday in the Dominion basketball elimination series. The Wheelers, however, lost on the round as the Ottawa squad had piled up a big margin in the first game at Ottawa to allow them to take the round, 73 to 42.

IRELAND WINS.

Belfast, March 14.—Ireland triumphed over Wales 13 to 3 in the international rugby match here today.

BY AHERN.

OUR BOARDING HOUSE.

FLOATING ON A FLIGHT OF FANCY—

HAMILTON GIRL WINS TANK MEET

Alma College, St. Thomas, Holds First Annual Aquatic Events.

Special to The Advertiser.

St. Thomas, March 15.—Miss Charlie Batzold of Hamilton won the aquatic championship at Alma college at the first annual school meet, held in the college Saturday evening. Miss Batzold, who has won several prizes for swimming in her home town, galloped 36 points, with four firsts, five seconds and one third. The runners-up were Miss Madeline Boucher of Chatham, 29 points, and Miss Margaret McCance of St. Thomas, with 19 points.

Miss Batzold was presented with the silver cup, emblematic of the championship, while Miss Boucher was given a basket of candies, donated by Howard Vair.

The meet, which was held in the college swimming pool, was open to students of the college only, and attracted a large number of spectators. The first part of the meet was a demonstration of life-saving methods, including underwater swimming, floating and stunts, and the remainder of the program consisted of competitions for style in various strokes, speed swimming in different strokes and diving. Miss Munroe, physical director of the college, and Mrs. Norman were the event judges.

Competitions for Style. Breast stroke—L. Tressider, M. Boucher and M. Powell. Side stroke—M. Boucher, M. McCance and L. Caldwell. Back stroke—A. Joffe, C. Batzold, K. Carleal. Crawl stroke—M. McCance, C. Batzold, N. Smith.

Breast-stroke race—C. Batzold, L. Caldwell, M. Boucher. Plunging competition—C. Batzold, N. Smith, D. Butlin. Side-stroke race—C. Batzold, M. Boucher, M. Smith. Back-stroke race—M. Boucher, A. Matthews, D. Butlin.

Surface diving competition for small plates—D. Butlin, L. Caldwell, C. Batzold. Crawl race—M. McCance, C. Batzold, E. Kinney.

Diving Competition. Standing neat dive—M. McCance, C. Batzold, E. Kinney. Running neat dive—E. Kinney, C. Batzold, L. Caldwell. Back dive—C. Batzold, E. Kinney, M. McCance.

The diving competition was a very close one, and the Miss McCance gave an exhibition of the half-time whistle and the locals were ahead 9 to 6.

It was close, but the efforts of the purple and gold brought results that were well earned, while the visitors were continually in the mud. The next period ended with the locals still on the long end, 12 to 6.

CENTRAL SENIOR FIVE REACHES TITLE ROUND

Eliminates St. Thomas by 15-7 Score in Semi-Final.

DICK LOGAN STARS

LAYING a marvelously heady game, Central college basketball players eliminated the St. Thomas quintet with a 15 to 7 count and earned the right to meet Windsor C. in the finals for the senior Woesa basketball championship in the last game of the semi-finals at the central gym Saturday night.

There was no doubt as to the superiority of the Central all through the contest. St. Thomas played a game of self-defense, and thus delayed the locals in getting their combinations going at the desired speed, but taking advantage of every opening and using all the tricks of the game the Londoners were able to get in for baskets that turned the tide in their favor.

The game was close, too much so for comfort, and thrills were forced on the some five hundred spectators.

Led by Dick Logan, the lanky center, the purple and gold jumped into the van early and stayed there. The Flower City boys fought every inch of the way, but were inclined to be reckless at the strategic moments, while the locals kept their heads at all times and forged ahead with unvarying persistence.

Logan Scores First.

The teams battled without scoring for the first five minutes. Logan finally broke the ice, sinking two free shots when Vaughn fouled. This started the locals off and Logan and Cook got in again to make the score at the quarter read 8 to 2 in their favor.

The locals kept the pace going at top speed in the next period and the play waxed hot. Even the fans got warm and shed their outer garments. Uddell and Hinds of the St. Thomas forward guard, threatened to break loose, but Johnston and Martin tightened up to the center, and the efforts of guarding ever seen on local courts.

Central C. L.—Forwards, Barbour (4), Cook (2); centre, Logan (3); guards, Johnston, Martin, O'Hara, White. Referee—K. F. Baird, L.S.C.I.

Warren Elks Run Up 36-18

Score On London Quintet.

The famous Elks of Warren, Ohio, lived up to their reputation in the Masonic Temple here Saturday night when they took a ragged game from the Shamrocks, 36 to 18.

The minute crowd of fans went away sadly disappointed, as the game put up by both teams was far from satisfactory. The reason for this may have been the slippery floor which proved a handicap to speed.

Jenny Allison, the seventeen-year-old amazon of the Warren team, was the pivot for the visitors' attacks, and her tactics on both the defensive and offensive gave the fans most of their amusement. She got the jump on Marz Turner in centre at every toss-up and thus enabled her team to get its combinations going with ease.

The game was fairly even in the first half, the period scores being 9-7 for the Shamrocks and 13-11 for the Elks. Here the locals went to pieces, they could not get in at any time, their passes were wild and shots erratic on the other hand the Elks worked smoothly and with consistency.

Baskets by Hazel Aitken and Marion Hayden and a foul shot by Mary Clark put the Shamrocks ahead at the end of the first quarter. Then the Warrenites got going and ran in three baskets through the efforts of Miss Reid and Miss Lurie, while the Irish were held down to one counter. Mary Clark turning the trick on a long shot from centre.

From then on the Elks were superior and scored almost at will. Miss Lurie counted on a dot-shot, Marion Hayden got in on a combination, Miss Reid ran in three baskets in close succession, while Marion Hayden sank a field goal from close in. Miss Reid counted on a dot-shot, Marion Hayden got in on a combination, Miss Reid ran in three baskets in close succession, while Marion Hayden sank a field goal from close in.

There was not much scoring in the last period, the local girls dropped back to an entirely defensive game, while the Elks kept going for points. Miss Reid counted on a rebound, and Marion Hayden got the locals' only point of the period on a foul shot. Jenny Allison clanked up the last basket of the game at the end of a combination.

DECISION FINAL

Hamilton Officials Deny Receiving \$110,000 Offer From Rickard.

Canadian Press Despatch. Hamilton, March 15.—Canadian officials of the National Hockey League, this morning by President Frank Calder after he had been assured by local owners that the players are standing firm in their demand for \$200 each. Yesterday it looked as if a settlement would be effected, and that Hamilton would meet Canada for the title on Monday and Wednesday at the arena. But the majority refused, and when word was received from President Calder that the franchise would be declared null and void, they paid the players, the local owners had a change of heart.

According to President Calder, the Canadiens will leave for the west at once, as the western moguls have decided to move the play-off dates forward.

When pressed for a statement this morning Manager Thompson said: "I think the public will realize the owners are not to blame for the trouble. Each contract signed by players calls for a season ending on or about March 31. This in itself is sufficient to prove that we were not asking the players to do something their contracts did not call for. If any of the clubs taking part in the championship series are entitled to extra pay why didn't St. Patrick and Canadiens ask for it? In my opinion they realized they had no just right to additional salary."

"Will the Hamilton players be suspended?" Manager Thompson was asked.

"I don't know. That is up to President Calder. There will be a meeting of the league shortly, and the matter will be dealt with."

THROUGH, SAY PLAYERS.

Canadian Press Despatch. Hamilton, March 15.—Rumors flew thick and fast in this city today about the future of professional hockey here, but, as usual, none was correct. The first one stated that the Hamilton N. H. L. club had been sold to Tex Rickard, the New York promoter, for the sum of \$110,000. The second was to the effect that the Hamilton players would go to the U. S. in a body and play for one game of the clubs in a proposed international league.

Officials of the Hamilton club denied the report that Rickard had bought the franchise for New York. No offer has ever been received, and no offer has been received. The matter is still in the hands of the league. The Hamilton N. H. L. club here after Monday, on Saturday Jess came to terms with Manager Thompson. The Hamilton N. H. L. club here after Monday, on Saturday Jess came to terms with Manager Thompson. The Hamilton N. H. L. club here after Monday, on Saturday Jess came to terms with Manager Thompson.

PRESIDENT UNENDING.

Canadian Press Despatch. Toronto, March 15.—Asked if in case Hamilton experienced change of heart now, they would be allowed to come in, President Calder stated that the matter is still in the hands of the league. The Hamilton N. H. L. club here after Monday, on Saturday Jess came to terms with Manager Thompson. The Hamilton N. H. L. club here after Monday, on Saturday Jess came to terms with Manager Thompson.

Player Should Keep Eyes Tuned Up-Hank Gowdy

THERE'S CERTAINLY SOME SWELL SCENERY AROUND TRAINING CAMPS!

HERE'S TWO MORE PIDS! IT'S CERTAINLY BE LATE FOR MORNING PRACTICE TODAY!

DO YA THINK THAT LOAFING AROUND THE HOTEL AND LAMPING THE DANCE IS GONNA HELP YOU HIT THE BALL?

SURE! AM I GOTTA GET MY EYES IN SHAPE?

BY AL DEMAREE (Former Pitcher, Giants)

In an interview Hank stated for publication, "It's always a good idea to get your eyes in shape."

(Copyright, 1925, Associated Editors, Inc.)

OTHER SPORT ON PAGE 11.

LOOKS LIKE REGULAR.

Frank O'Rourke, former Toronto Leaf, is being included in the regulars' line-up in the work-out of the Detroit Tigers in their training camp.

Mr. Calder, "that the league will lose close to \$5,000 from Hamilton's action. This money would have been taken in at the two games between Canadiens and Hamilton. By the payment of \$2,000 to Hamilton, the amount asked by the players, we could have carried on the series and taken in that \$5,000. It can be seen that we are paying nearly from a money and for our action, but we are willing to take it to make an example of the Hamilton players and a warning for all future time."

STRATFORD C. N. R. SIX DEFEATED BY OTTAWA

Final Game For Shield Is 2-1 Win For Easterners.

Special to The Advertiser.

Stratford, March 15.—Stratford's hopes of at least one hockey championship went glimmering here this afternoon, when Ottawa C. N. R. Apprentices defeated the local kids 2-1. In the final game for the C. N. R. apprentice league shield. The score in the final game for the C. N. R. apprentice league shield. The score in the final game for the C. N. R. apprentice league shield. The score in the final game for the C. N. R. apprentice league shield.

Ottawa—Goal, Seed, defence, Rockburn and Hunt; center, Graham, wings, Ingram and Touhey, subs, Westwick and McCaskin; sub goalie, McGuire. Stratford—Goal, Gingras; defence, Hays and Walton; center, Howes; wings, Smith and Knechtel; subs, Main and Martin; sub goalie, Schindler. Referee—Sky, Watson, Stratford.

HUDDERSFIELD BLANKS HOTSPUR ELEVEN 2 TO 0

Associated Press Despatch.

London, March 15.—Huddersfield town strengthened its hold on the first division of the English League on Saturday, when it emerged from its rut with the Hotspurs with a 2 to 0 victory. Coupled with the fact that West Bromwich, which has been braced with it for leadership, was forced to accept a draw on its own ground from Blackburn Rovers, the town's win enabled it to take a stride forward and break the deadlock.

REPORT SAYS "KNOTTY" LEE HAS LEFT PORT HURON

Associated Press Despatch.

Port Huron, Mich., March 15.—The Port Huron M. O. club, must get busy at once or the club is likely to forfeit its franchise. It is said that "Knotty" Lee has been disgusted with the support accorded the team and returned to his home, while several of the hardest workers of the club had also thrown up the sponge. No confirmation of the story was received, but it appears that the task of building up the club has not been as easy as it appeared on the surface, and some smart work will be needed if the club is to be represented in professional baseball.

MAPLE SIX WINS.

Associated Press Despatch. Boston, March 14.—The Maple A. A. hockey team of Boston won an eastern division contest of the U. S. A. H. A. from the Port Pitt team of Pittsburgh, 2-1, here last night. The game ended with the Maple's season and ended the series between the two teams at four games each.

COUGARS, TIGERS DRAW.

Canadian Press Despatch. Calgary, March 15.—Victoria Cougars and Calgary Tigers will renew their struggle for the Western Canada hockey league championship at Victoria on Wednesday on even terms as a result of battling to a 1-1 score in the first game of the home and home series here last night.

CHAMPIONS LOSE.

Associated Press Despatch. Tampa, Fla., March 14.—Boston Nationals, 12 to 1. Washington Americans, 10 to 1. T. McNamara, Benton, Vanbrunt and Gibson; Reuther, Coveleskie, J. McNamara, Kelly and Ruel, Tate.

MINNEAPOLIS LOSES.

Associated Press Despatch. Duluth, March 14.—Duluth defeated Minneapolis here last night, 2-0, in a U. S. A. H. A. game, scoring both goals in the first period. Loucek scored the first after three and one-half minutes, and Seaborn four minutes later, both unassisted.

CAMP SUGGUMBS TO HEART ATTACK

Famous Coach and Physical Cultivist Dies in New York.

Special to The Advertiser.

New York, March 14.—Walter Camp, noted athlete, coach and author of the widely-used "dally dozen" exercises for keeping well, was found dead in his bed in his room at the Hotel Belmont today.

Camp was in New York attending the annual meeting of football coaches. Coach Roper of Princeton found the body.

grew worried when Mr. Camp failed to keep an appointment this noon, and went to his room. Roper found the body in his room at the Hotel Belmont today.

Camp was in his sixty-sixth year. He was born in New Haven April 7, 1859.

He was graduated from Yale and was for years in the management of athletics at the university. His business interests were largely in the clothing and shoe industry, of which he was at one time president, treasurer and general manager.

Western Seniors Routed By Omars

Windsor Takes First Game of Semi-Finals.

Special to The Advertiser.

Windsor, March 15.—Western University's engagement with the Windsor Omars here Saturday night developed into a rout for the visitors, who lost by the very definite score of 32 to 21. The contest was highly spectacular throughout, money's worth and something over for good measure. It was the first of the semi-finals in the Ontario basketball championship.

They started well enough, London having the edge at the end of the first quarter, due principally to the work of Gourley Howell, London's forward man, who was a constant worry to the locals. When Marchand was replaced by Edwards, Windsor began to pick up at once, four baskets being scored with left hand throws from outside. At half time Windsor led with fifteen points.

Next time out Marchand went into center, Edwards being shifted to the right forward position, where he proved less effective. He did, however, succeed in dropping in a couple of field baskets and made two safeties from foul line, making his total fourteen points.

Rugby Results

NORTH DORCHESTER ASKS PROVINCIAL ROAD GRANT

Special to The Advertiser.

Dorchester, March 15.—At the regular meeting of the council of North Dorchester, a motion was passed authorizing Reeve D. Calvert and the clerk to sign and submit to the minister of public works and highways of the province the petition of the corporation of the township of North Dorchester, showing that during the year 1924, there has been expended upon township roads the sum of \$7,335.68, and requesting the statutory grant on that amount, as provided by the Ontario highway act and amendments thereto.

CHAS. SLATER TO COACH NEW YORK AMATEUR SIX

The Toronto Globe says: "F. J. Lander of the Knickerbocker club of New York city was a guest for the St. Pats-Canadiens game last night. Incidentally, he was also scouting hockey material for New York's amateur team for next season."

In company with him were Charles Slater, Rene Fournier, Pierre Bellefleur and Jerry Lowrey, all of the London O. H. A. senior team. Slater, a brother to "Sig" Slater of Montreal Victorias, has been named as coach, and the three other players assured him of their services for next winter.

PLAY PRESENTED.

Dresden, March 15.—The postponed production of "Safety First" by Dresden talent was given in the I. O. O. F. hall, Tupperville, on Thursday evening under the auspices of the Rebekahs. A good crowd was in attendance and the cast was in splendid form, creating a good deal of mirth in the laughable farce-comedy.

Hedge Fence Takes Derby

Associated Press Despatch.

San Diego, Cal., March 15.—Hedge Fence, speedy Whisk Broom colt from the Greenleaf stable, New York, today captured the Tia Juana derby, a mile and a furlong, winning by four lengths under restraint from his nearest adversary, Martha Martin, from the Swing Along stable.

Repulse, also from the Swing Along stable, was third, with Mark Master, International stable colt, fourth. The winner's time was 1:53 2-5, 1 2-5 seconds slower than the track record.

QUEBEC ASKS RETURN OF HISTORIC OLD SHIELD

Quebec, March 14.—Mayor Samson of this city was authorized last night by the city council to forward a formal request to the Hastings, England, city council to return the old shield of this city taken to England after the capture of Quebec by General Wolfe, in 1759, and now adorning Hastings, to this city.

FOUR UNDER ARREST.

Chatham, March 15.—Saturday midnight, city police raided the dwelling of Zach Bass, colored, placed him under arrest and detained a colored girl and two other colored men. Bass will appear in city police court Monday on a charge of keeping a disorderly house, and the others on charges of being frequenters.

Decide L. C. C. Champs Tonight

The race for the championship of the London Curling club has narrowed down to two rinks, one skipped by J. W. Griffiths and the other by E. F. Sage. They will play off tonight.

Last Tuesday night E. F. Sage's rink and Ward Casselman's rink were tied for the honors and played it off Friday night. Sage's four winning 14 to 13.

Griffiths' quartet was the winner of thespiel last Monday, while Howard's four took the honors in the Friday night session. The two rinks played off the same night, Griffiths taking the game, 17 to 13.

The rinks: W. Kilpatrick, F. Beltz, J. D. Ross, H. Higgins, H. Bogg, J. Hollingsworth, E. F. Sage, W. Casselman, 13, A. S. Perkins, G. A. Miller, P. G. Moore, G. Walker, W. T. Windsor, W. Crooks, J. W. Griffiths, 17, H. Hartry, 13.

GARCIA GIVEN DECISION.

Associated Press Despatch. Waterbury, Conn., March 14.—Bobby Garcia of Baltimore was awarded the referee's decision over Babe Heiman of California in a twelve-round bout here last night. Garcia weighed 126 pounds and Heiman 125.

REGINA WINS TITLE.

Canadian Press Despatch. Winnipeg, March 15.—Regina Patricia's won the Western Canada junior championship here Saturday night when they defeated the Calgary Canadians 4 to 2, taking the two-game series, 3-1.

WATFORD LASSIES LOSE TO LOCALS

London Girls Defeat Visitors 3-0 in Fast Exhibition Game.

London's girl hockey players had their hands full Saturday afternoon subduing their aggressive sisters from Watford, who surprised with their ability to keep up with the fast pace set by the locals. The score was 3-0.

The city girls were minus the services of the Fortner sisters but Helen Foxworthy and Muriel McBride filled in on the forward line nicely, and their work was the best of the season. Despite their lack of practice, the visitors were in the fray all the time, even if their tactics were not fruitful of goals.

Watford was not grouped this year, and the girls have had to depend on exhibition games. Miss Durstan and Mary Connolly showed up well on the front line, and more than once they took the puck nearly the length of the rink before they were stopped.

At center Dot Fowler gave the fast Peggy Hoffman trouble, and although not a fast skater, successfully checked many rushes.

Peggy scored London's first goal in the initial period, when she carried the puck down center ice and right past the defence to the post. The second one came in the next fifteen minutes from the stick of Miss McBride after a pretty rush down the boards. A mix-up that was akin to a real jam resulted in the final goal being counted in the third period.

The line-ups: Watford—Goal, Regina Stapleford; right forward, Miss Durstan; left forward, Mary Connolly; center, Dot Fowler; right defence, Dot DeLage; left defence, Reta Dodds; subs, Mary Bayley and Margaret Kersey.

London—Goal, Mae Wells; right forward, Muriel McBride; left forward, Helen Foxworthy; center, Peggy Hoffman; right defence, Lenore Jackson; left defence, Mary Dawson; sub, Agnes Neil. Referee—Monahan.

GAME ON WEDNESDAY FINISHES SEASON HERE

Enthusiasm Over Appearance of Grimsby Team Growing.

BIG CROWD SEEN

Even the balmy spring weather of the first of last week could not have taken the tang out of the appearance here Wednesday of the Grimsby Peach Kings. However, King Winter's convulsive grip on the weatherman the past few days will serve to make the setting, for what will prove the season's farewell hockey game at the arena, all the more natural and therefore the more inviting.

Because the Grimsby players accomplished what no other intermediate team in the history of the O. H. A. has been able to do, they have immediately become the most interesting freaks on the hockey midway. If the Grimsby lightning had only hit on the Soo and then fizzled out on Niagara Falls, the Grimsby lads would not have achieved anything like the distinction they have, but as they came right back and threw a few hefty bolts at the Falls they must

be taken at the value the results show. Wednesday night's game will have a band in attendance, and altogether it is likely to be a lively affair in every respect.

Tom Munro, who has been refereeing some of the most important of the U. S. H. A. series, will handle the bell. The tickets have gone well and the exchange will open today at the arena and Strong's drug store. There are only about 700 reserved 50-cent seats, so the first 700 to make the exchange will get these. The balance will be accepted for the south end gallery.

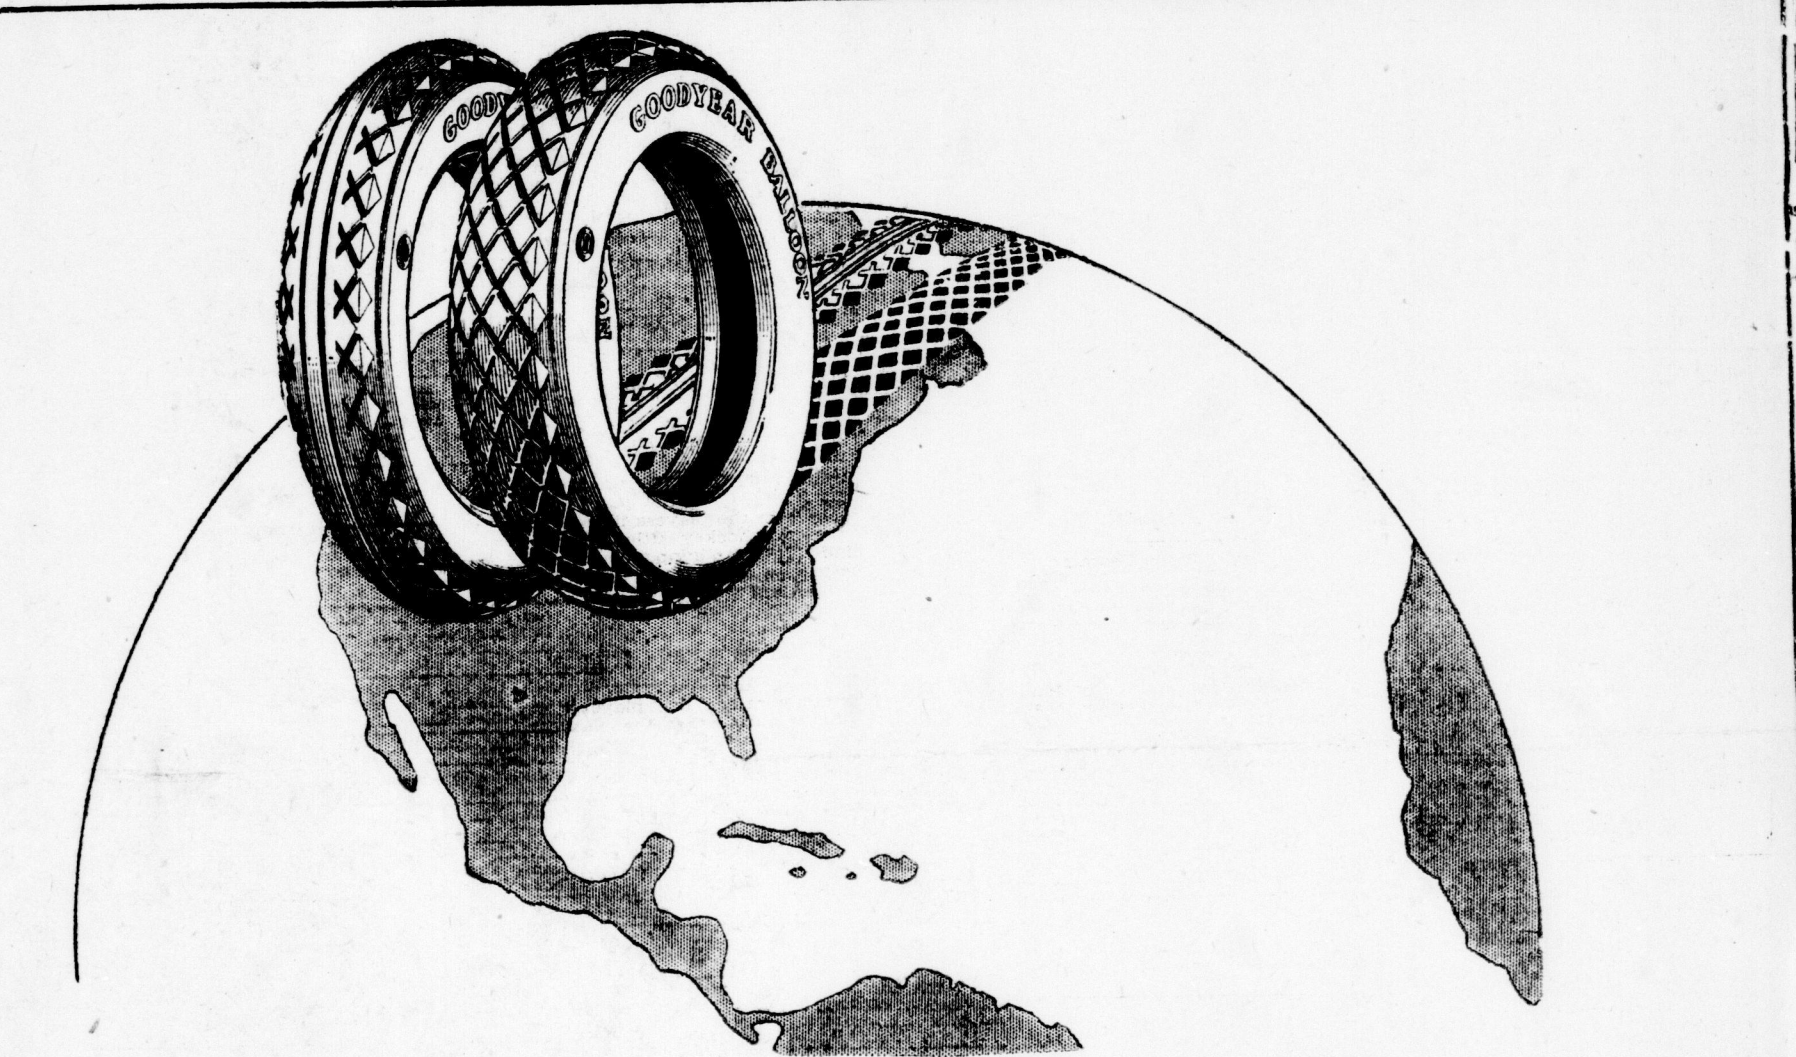

School children will be admitted at the north end gallery for 15 cents plus war tax.

Box holders' and subscribers' seats will be held until tonight, and therefore these are asked to phone in their reservation early in view of the heavy demand already in sight days before the game.

Street chatter indicates the largest crowd of the season, the greatest number of which want to see whether the best of senior hockey as embodied in the Ashley-Keeling reinforced 75's does or does not present a wide margin over the hockey provided by even such an outstanding team among the intermediate ones as Grimsby.

VICS AND PORTS TIE.

Canadian Press Despatch. Winnipeg, March 15.—Regina Victorias, senior champions of Saskatchewan, and the Fort Arthur team of the Manitoba senior association played a 1-1 draw here last night. The second and deciding game will be played Monday to see which of the two will meet Coleman, Alberta, for the title of western champions.

Goodyear means Good Wear In Balloon Tires Because of Supertwist

MAINTAINING the fact that "Goodyear means Good Wear" presented a real problem when Goodyear perfected the Balloon Tire.

Low pressure and flexible sidewalls demanded a revolution in tire building in order to maintain Goodyear's mileage records.

The first revolution was accomplished in Goodyear's own fabric mills with the development of Supertwist—a new and better cord fabric.

Supertwist far outstretches the breaking point of ordinary cord fabric. It absorbs road-shocks and greatly lengthens tire life.

Thus once more World-Wide Goodyear is responsible for a major tire improvement. For world-wide experience and world-wide sale alone makes possible the vast amount of valuable research work being carried on by Goodyear all the time.

The Goodyear Selected Dealer has Goodyear Balloon Tires in sizes to fit the wheels now on your car, or new smaller wheels.

Goodyear builds a complete line of tires to meet varying needs as to price and size. Sometime, owing to unusual demand, you may call on a Goodyear Selected Dealer who is just out of your size in the Goodyear Tire you want. If so, he can secure it for you almost at once, because Goodyear maintains a chain of branches across Canada, so that no Goodyear Selected Dealer need wait for tires.

Goodyear means Good Wear

TORIES TERRIFIED BY ELECTION TALK

Meighen Seeks To Delay Con-
test Until Fall at
Least.

By E. C. BUCHANAN,
Special to The Advertiser
by a Staff Reporter.

Parliament Buildings, Ottawa,
March 15.—The great fear now dis-
tressing the Conservative parliamen-
tary party is that the appeal to the
country will come in June. Members
of the Meighen group think that if an
election is delayed till the fall the
tide that has been running so strongly
for the Mackenzie King government
will change by that time, and that
they will have a chance. They con-
cede that a June election would be
disastrous for them.

Accordingly, the principal purpose
of the Conservatives now is to im-
pede and prolong the session. To
this end they are preparing to con-
tribute more than their share of
quantity to the debates.

Many advisers of the ministry are
urging an election before midsum-
mer, but except in the way of speed-
ing up the session little preparation
for a campaign is noticeable.

The arrangements of the whips in
connection with the ocean freight
debate are constantly being
changed, and there is no telling now
just when the prime minister and op-
position leader will speak. The dis-
cussion will not be followed with any
degree of interest until they do.

FAITH IS BASIC NEED OF RELIGION, CLAIM

Rev. J. E. Holmes Declares
Religion Cannot Stand On
Man's Inventions.

Faith, as the substance of things
hoped for and the evidence of things
unseen, occupied the attention of Rev.
J. E. Holmes of Goderich, who preach-
ed at Askin street Methodist church
yesterday morning.

Rev. Mr. Holmes' discourse was a
study based on the eleventh chapter
of Hebrews wherein there is an ex-
hortation by Paul concerning faith
in God and in Christianity.

The preacher pointed to Joseph of
Egyptian fame as a shining
example of faith. Mr. Holmes thought
that man's inventions or emotional-
ism would never provide a founda-
tion broad enough or solid enough to
build a Christianity-like religion
upon. Faith was the deep, basic
need.

Faith is something that cannot be
defined, except by the most ambitious
of young theologians. But one does
not attempt to define poetry or art.
Faith is a breakthrough against sin, a
solid wall of protection for the
Christian, said the speaker.

The Goderich pastor saw in an
all-seeing God the most sublime
thought in the world. And nearly
as sublime was the Christian with
an all-powerful faith.

Huge Fund For Research Is Planned For Province To Aid War On Disease

Movement, Sponsored by To-
ronto University, Is Backed
by Premier.

WILL RAISE \$500,000

Canadian Press Despatch.

Toronto, March 15.—Sir William
Mulock, chief justice of Ontario and
chancellor of the University of To-
ronto, announced at a gathering of
prominent citizens at the York club
Saturday night that the establishment
of a foundation for the financing of
further research similar to that which
led to the discovery of insulin was the
tentative plan of the board of
governors of the university.

Premier G. Howard Ferguson prom-
ised the support of the Ontario gov-
ernment to the foundation. Mayor
Foster said the city would do its
part in assisting the work and the
gathering pledged its united support.
Premier Ferguson added that his
government would be inclined to be
even more generous should the gov-
ernment see fit to enlarge the foun-
dation to include industrial research.

Will Soon Take Form.

The gathering was called for the
purpose of discussing the proposal of
the governors of the university and
after having obtained the necessary
support Sir William announced that
the work would soon take definite
form.

Outlining the matter the chan-
cellor referred to the discovery of in-
sulin by Dr. Banting and stated that
there was a general belief that calu-
lable results would be obtained by a
continuation of medical research
work by Dr. Banting and others. At
the present time, the board of gov-
ernors had neither the means nor the
statutory authority to conduct
medical research, and it was felt that
the public should be consulted before
any further steps were taken. To
carry on the work, he stated, it
would be necessary to raise a fund of
about \$500,000.

The suggestion was further elab-
orated by Sir Robert Falconer, presi-
dent of the university, who stated
that the splendid results already ob-
tained by Dr. Banting gave rise to the
hope that he was only at the begin-
ning of his discoveries. In or-
der to successfully carry on the work
means were needed to provide the
necessary laboratory equipment, not
only for Dr. Banting, but for other
promising young scientists. The
university was prepared to stand be-
hind the work, but was not in a po-
sition to provide the funds for its sup-
port.

Seek Other Bantings.

The development of research was
a field in which the government and
the university might properly look
to the public at large for support,
stated Canon Cody, with the proper
facilities, he stated, there was no
reason why in the future there should

D. H. McDUGALL,
former vice-president of the British
Empire Steel Corporation, who, it is
said, English directors desire, as re-
sult of the miners' strike, to bring
back to the management of the cor-
poration.

not arise other Bantings and Bests
and McLeods.

"No argument is needed to estab-
lish the supreme importance of con-
tinuing research work such as led to
the discovery of insulin," declared
Premier Ferguson. He would like to
see the idea broadened to include a
fund for general as well as medical
research which, he thought would ap-
peal strongly to the businessmen of
the province.

"I will be prepared to recommend
to the government the recognition of
this project in a tangible way and
would be even more generous if it
were enlarged to include general re-
search," stated the premier. He sug-
gested that instead of \$500,000, the
objective of the fund be fixed at
\$1,000,000, which would include funds
for both medical and general research.

CHATHAM BRANCH FORMED BY VEGETABLE GROWERS

Special to The Advertiser.

Chatham, March 15.—At an en-
thusiastic meeting held in the county
council chambers on Saturday after-
noon, a Chatham branch of the
Vegetable Growers' Association of
Ontario was formed. William Mur-
dock of Chatham was elected presi-
dent, with A. Green, Chatham, vice-
president, and F. Collins, secretary.
C. R. Bush, provincial organizer of
the association, aided in the organi-
zation.

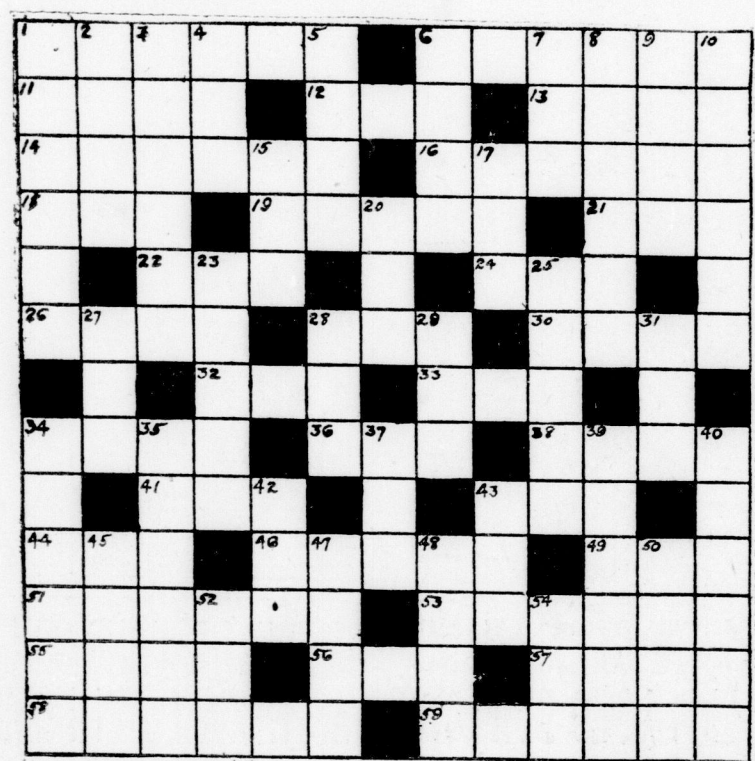

Arid—Sorrel

The title of this puzzle is the solution to a word or group of words
appearing in this puzzle. Can you find them?

Each word reads from left to right (horizontal) or downward (vertical)
according to position. Lettered in correctly, words that cross will interlock.
Each number in the white squares also refers to a definition in the
accompanying table.

Each definition suggests a word possessing the exact number of letters
to fit the white spaces allotted to it.
Each white space is to receive one letter only. Words start only in
numbered spaces.

That Which Ceases To Serve,
Perishes, Says Dr. Bowley
Green.

Nothing in the whole realm of
creation was made for itself alone.
That which ceases to serve is des-
tined to perish were the words of
Dr. Bowley Green, who preached on
the subject, "In Partnership With
God in His Service," at Talbot street
Baptist church yesterday morning.

"We are laborers together with
God," said the minister, taking his
text from Corinthians 3:9. "If a man
will not work neither shall he eat.
Idleness shall clothe a man in rags.
The penalty for it is starvation."

No man liveth to himself and no
man dieth to himself. This must be
true of angels as well as men. They
also serve who only stand and wait.
It seems, therefore, that throughout
the universe, service is one of the
conditions of life, he said.

Partnership With God.

In considering the partnership with
God in his service a clear view of
the divine program is necessary. It
must always be remembered that He
had a plan for this world from the
hour of its creation. That program
will continue throughout the last
days.

Before the first creative word was
uttered the whole course and destiny
of this world was wrought out in the
eternal councils of God. He knew
from the beginning all the pain and
ruin that would be committed and
suffered by the race He was about
to create.

There can be no surprises to God,
he declared. He knew and knows
everything. Hence God foreseeing all,
made provisions for all. Before the
race of Adam fell, before the race
was created, God had by the gift of
His son made provision for its redem-
ption.

Evangelize World.

So in due time, according to God's
purpose, Christ died for the ungodly.
God's immediate plan for the world
lies in this. "That God so loved the
world that He gave His only begotten
Son." The immediate plan and pur-
pose of God for this world is its
evangelization.

The business of the church is the
evangelism of the world, because it is
God's purpose. God has called the
people into partnership with him for
that purpose, concluded the minister.

WEIR NOW CLAIMS U. S. GIRL AS WIFE

Londoner of Prison Romance
Fame Declares He Is Al-
ready Married.

Special to The Advertiser
by a Staff Correspondent.

St. Thomas, March 14.—Norman
Weir, who escaped from the Elgin
county jail Thursday evening, pleaded
guilty to jail delivery when he was
arraigned before Magistrate Maxwell
in police court Saturday morning.
Following 24 hours of freedom, Weir
was in a very penitent mood when
arraigned, but received no sympathy
at the hands of the court. At the
request of Sheriff Harding and jail
officials he was remanded to Tues-
day afternoon, while the circum-
stances surrounding his escape are
investigated.

Weir is reported to have made three
explanations of his escape, the first
being that he wore his street clothing
out of the jail beneath his prison
garb. This theory is discredited by
Turnkey George Cline, who stated
that all Weir's effects were locked in
a closet at the jail, where they re-
mained during his brief stay of
liberty.

Another story, and one which seems
more plausible, was that he ran from
the jail to his rooms, secured a
change of clothing and managed to
escape out of the back door of the
house as the searchers came through
the front.

Weir's pockets gave forth two let-
ters, the first written on ledger
paper to "My dearest loving hus-
band." Weir's explanation is said to
be that he was already married in
the states, and the writer is not the
Gover girl. Another letter, addressed
evidently by the prisoner, was penned
to a young lady who has no interest
in the case.

His declaration that he is already
married puzzles local authorities in
view of his desire, expressed a few
weeks ago, of marrying the Gover
girl, who was also an inmate of the
Elgin prison.

King Will Start South Thursday

Rough Seas Prevent Earlier
Beginning of Health Voyage.

Associated Press Despatch.

London, March 15.—King George,
who recently has been ill with in-
fluenza, again had a walk today in
the grounds of Buckingham Palace.

The departure of the king and
queen for a cruise in the Mediter-
ranean, which recently was ordered
by the king's physicians, again has
been postponed owing to the rough
weather on the sea. Next Thursday
has been provisionally set as the date
for the start of the king for the south.

RESTLESS NIGHT SPENT BY MARQUIS CURZON

Associated Press Despatch.

London, March 15.—The bulletin
today issued by the physicians in
attendance on Marquis Curzon of
Kedleston, lord president of the coun-
cil, said their patient did not pass a
good night.

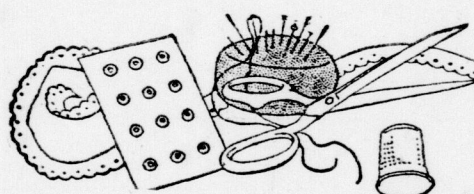

"There was a slight amount of
bleeding," said the bulletin, "which
has been checked. There is no
marked loss in strength, and the
patient's condition still remains satis-
factory."

"Many of the new printed silks look like pen-and-ink designs, or are adaptations of decorative drawings."

Everything's Ready for Sewing Week

Looking ahead to summer days when
you want to be well dressed and pret-
tily dressed—first of all you must see
our Sewing Week display of new
fabrics.

The magic of new clothes is easily
explained—it is the clever work of

nimble fingers. Sewing Week will
place all the materials at your hand.

Very important, too, are the Designer
Patterns which simplify many prob-
lems for you. The Belrobe chart
which each pattern includes will give
expert guidance on how to cut, fit, and
finish your new things!

Home-Sewing Week Displays of Wash Goods

Needle and thread time is here! And many enthusiasts just revel in home sewing, for spring and summer wear. They find the fascination of new weaves, new colors, new styles, everything new in idea, is very real and very enjoyable. If you belong to these "enthusiasts" or think of joining up, we ask you to visit our Wash Goods section, the real "mecca" of home needle-women. It's just flooded with new merchandise. Every country that produces novelties, specialties, etc., is represented, and, of course, good sterling values in made-in-Canada merchandise.

NAMRIT INDELIBLE VOILE has arrived in large range of
plain and fancy colors. If you look for quality, together with a
beautiful assortment of shades, ask for Namrit Voile: fast to
sun and laundry. Goods displayed with a dainty dress made up
from Designer Pattern No. 7915, for girls of four years. We are
showing several pretty garments, made of these popular pat-
terns. See them for yourself. They may give a useful sugges-
tion. Namrit Voile, 40-inch \$1.00 yard

MAYFLOWER PERCALE makes you see visions of the maids of
Puritan days—lilacs, sunbonnets, etc. They are so pretty and
quaint, so many designs, Victorian in character, conventional and
tiny floral effects. You will see the crossword puzzle pattern
made up into a useful home dress from Designer Pattern No.
7673; also the dearest little tub frock for playtime girls from
Designer Pattern No. 8127. Of course, Mayflower Percale is fast
color. A full yard wide 39c yard

IRISH CONCERT TO MARK 17TH IN ST. MARYS HALL

Celebration of St. Patrick's Day at
St. Mary's church, Lyle street, will
take the form of an Irish concert in
the parish hall. The evening's enter-
tainment will include songs of old
Ireland by such well known singers
as Charles Clohecy, baritone, of De-
troit; Alma Connors, Fred Allen and
Michael McKeough.
A drill, "A Little Bit of Shamrock,"
will be presented by the senior girls,
while the senior boys will appear in
the "Minstrel Boys' skit."
William Connors will give an Irish
cake-walk. Dave Walsh will deliver
Irish monologues and repartee with
all the native brogue left in as an
added feature.
Following the concert a dance will
be held in the hall.

Believe Woman Leaped In River

Windor Domestic, Missing,
May Have Committed Suicide.

Special to The Advertiser.

Windor, March 15.—Rose LaLonde,
30 years old, a domestic employed
here, is missing. Police believe she
has ended her life by jumping into
the river. Her hat and umbrella
were found on a ferry boat last night.
No orders have yet been given to drag
the river. The woman was employed
at the home of Miss Sara Gibson on
Bruce avenue.

HEAVY SLEET STORM.

Wyoming, March 15.—A heavy
sleet storm was experienced here in the
early Friday morning. This was a
peculiar contrast to the warm air at
violent thunderstorm earlier in the
week.
