Hantsport Advance

We called on Mr. J. H. Pullen, proprietor of the Oak Hill Dairy Farm, the other day. Mr. Pullen is a native of Maine, and moved to Hantsport about 20 years ago, engaging in the sale of the Opeleka remedies, of which he is owner. About two years ago moved to his present location and purchased two farms, 300 acres in all, 55 acres dyke land, making one of the most valuable properties in this or any other county.

On the farm is an orchard of some 1400 apple trees, yielding about 1000 barrels yearly. These are mostly standard winter varieties, and the orchard is kept in good shape.

Mr. Pullen deals largely in cattle, carriages, and implements. He sometimes has 100 head of cattle, but his stock now numbers 31. Among his cows are four thoroughbred registered Ayrshires, and he also has some young stock of same breed. He keeps six horses. I noticed one fine four year old colt, sired by Provider, 2 221; a promising sister to the four year old is a yearling by Allie Clay, a good stock getter, well known to Kings County breeders. Mr. Pullen owned Allie Clay for a number of years. The yearling shows great speed. Both of these colts are bred from Mr. Pullen Sherman mare.

The farm has a large flock of sheep, some of which are now fondling their young lambs, the little animals with legs the biggest part of them.

There was raised on the farm last year 1000 bushels of grain, some 600 bushels of potatoes, beside other root crops. Wm. McDonald is foreman and the right man for the place.

Mr. Pullen may well be proud of his farm and belongings. I have not seen its equal for many a day. With his energetic management, it must increase in value every year, and in connection with his milk route, be a source of considerable income.

A Woman's Troubles.

Mrs. Chas. Keeling, sen., Owen Sound, Ont., writes: "It is a pleasure to tell what great relief I have derived from Dr. Chase's Nerve Food. I am 35 years of age, and for about five years my life was one of great suffering from nervousness, weakness and extreme physical exertion. I could not sleep at night, nor did I sleep well during the day. I consulted our family physician and two other doctors, but they told me that about my time of life I was too old to be troubled in this way. I continually grew worse and despaired of ever being cured. Dr. Chase's Nerve Food came to my notice, and as we were told that great relief I had derived from Dr. Chase's Nerve Food, I had no confidence in the doctor. I was so surprised at the help I received from the first box that I bought three more. They built me right up and made me feel healthy and young again. They have been a great blessing to me. I hope this testimonial will be of help to some weak, nervous woman suffering as I did."

Rather a visionary man, that fellow Gibbs.

Should say he was! Always building castles in the fog, ye know!

A Flourishing Institution

Over twenty-one years ago the Canadian Order of Foresters began doing business in the Province of Ontario, and in later years it has been enlarging its operations until now it has branches in every Province in the Dominion, having at the present time upwards of 40,000 members. During those years upwards of \$2,225,000 has been paid to the members and their dependents and at the end of January last it had over \$1,000,000 of a reserve fund in its insurance department. The fees payable by policy holders, from which this surplus has been saved, after paying all death claims, are as follows, payable monthly in advance:

	On	On	On	On
	\$500	\$1000	\$1500	\$2000
18 to 25	.35	.60	.90	1.20
25 to 30	.40	.65	.98	1.30
30 to 35	.45	.70	1.05	1.40
35 to 40	.50	.85	1.28	1.70
40 to 45	.55	1.00	1.50	2.00

All the money received from the monthly insurance fees is placed into the Insurance Fund, and no portion of this fund or the interest accruing therefrom can be used for any purpose whatever other than the liquidation of death claim certificates. Not a fraction can be used for managing expenses.

The surplus funds are all invested in the Dominion of Canada in the best class of securities, or on deposit in the best monitory institutions in Canada.

The operations of the society being confined to Canada, the death rate is very low, being for 1899 only 4.43 per 1000 of the membership, and the average death rate since the organization of the society, only 4.92 per annum per 1000 of the membership.

A Sick and Funeral benefit department is also conducted by the order, which is an optional feature, in which upwards of 22,000 of the members are enrolled. The benefits are \$3 per week for the first two weeks of illness and \$5 per week for the following ten weeks, altogether \$55 during the year, besides a funeral benefit of \$30. In case of continuous illness \$55 is paid each year. The fees monthly in advance, are as follows:

	Between 18 and 25 years	25 cents
	" 25 and 30 "	30 "
	" 30 and 35 "	35 "
	" 35 and 40 "	40 "
	" 45 and 50 "	45 "

All physically and morally qualified males, between the ages of 18 and 45 years, who are not debarred on account of occupation, are accepted for membership.

For further particulars enquire of one of the officers or members of the Order, or address:

Nerve Food

If you have neuralgia, Scott's Emulsion of Cod Liver Oil will feed the nerve that is crying for food—it is hungry—and set your whole body going again, in a way to satisfy nerve and brain from your usual food.

That is cure.

If you are nervous and irritable, you may only need more fat to cushion your nerves—you are probably thin—and Scott's Emulsion of Cod Liver Oil will give you the fat, to begin with.

Cure, so far as it goes.

Full cure is getting the fat, you need from usual food, and Scott's Emulsion will help you to that.

If you have not tried it, send for free sample, its agreeable taste will surprise you. SCOTT & CO., Chemists, Toronto, Soc. and \$1.00 all druggists.

Judge DeWolfe was in Hantsport Saturday.

Mr Howard Bligh, shipping master of Halifax, was in town last week.

Mr Ted Folker has gone to Sydney. He will work there at his trade this summer.

John Dickie of Horton Bluff, formerly of Hantsport, is quite seriously ill.

The bridge leading into Fr. L. Gertridge's premises is being repaired.

Mr. Gove, late of the Amherst Press has a good position on the Vancouver World.

Miss Cora Whitman, a student at Edgewell school, daughter of our Mayor, is home for the Easter holidays.

Miss Chute of Bridgetown is spending the Easter holidays with her sister, Mrs. A. E. Cornwall, at Porter Block.

Mr. J. Dickson was able to drive out to Cottage Hill on Wednesday where he spent the day with his old neighbor Mr David Dorman.

The Misses Boggs, daughters of Dr. Boggs, (missionary,) and Mr. T. M. Boggs, of D. A. R. Kentville, were visiting friends in town last week.

Miss Mary Balcom who has been attending the young ladies school near Auburn, Kings County, is spending the holidays at her home here.

Mr. Skaling accompanied by his two daughters, left by the express last Wednesday morning. They will go to Portland, Maine, via St. John.

Geo. A. Fancy, formerly clerk with L. A. Forrest & Co. Berwick, now employed by Smith Bros., Hantsport, is in Hantsport looking after the interests of his firm.

Mrs. John Churchill and her daughter, Miss Laura of this town, left on Wednesday morning's express for a trip to the States. They will visit Boston, Lowell and other places.

Mr. Mark Rathbun is fixing up the building below his place for a carpenter shop. He is adding a new piece on and when finished will have a convenient work shop.

D. J. Murphy of Yarmouth, road master of D. A. R. was in town Saturday looking after the bridges during the freshet. The water sluice of the Half Way river was washed out about six years ago.

The frogs started their music in the gravel pit here Sunday evening. Last year they were later, the first peeper being heard in the same place on 12th. Angle worms are seen crawling on the streets, showing the frost is out, and old winter has given place to the resurrection of springtime.

The Half Way river had its annual freshet Friday and Saturday. On the latter day it was the highest for years, and if there had been an unusually high tide with the tremendous rush of waters on the upper side, the D. A. R. track might have been carried away. It looked that way at one time.

The towboat W. M. Weatherby, ~~was~~, has been unable to get away from the gravel pit here Sunday evening. Last year they were later, the first peeper being heard in the same place on 12th. Angle worms are seen crawling on the streets, showing the frost is out, and old winter has given place to the resurrection of springtime.

The Law

Of health has no uniformed guardian of its peace. If it had there would be arrests innumerable in every restaurant every day of the year. Both in the quantity and quality of the food they eat and in the manner of its consumption men and women sin every day against the laws of health. Those who will not heed Nature's warnings cannot escape her punishments, and dyspepsis or stomach "trouble" is the inevitable penalty of carelessness eating.

There is no other medicine for diseases of the stomach and allied organs of digestion and nutrition which can compare with Dr. Pierce's Golden Medical Discovery. It cures these diseases perfectly and permanently and enables the building up of the whole body into vigorous health.

"I took two bottles of Dr. Pierce's Golden Medical Discovery for stomach trouble," writes Clarence Carter, Esq., of Taylorsville, La. "I did not feel well enough to eat, and I didn't take any more. I can eat nothing now. I am so well pleased with it I hardly know how to tell you. I have a bad infestation. I tried a whole lot of things told me about you. There was a gentleman told me about you. I thought I would try a bottle of it. I did, for I don't know what I would have done if it had not been for Dr. Pierce's Golden Medical Discovery."

Dr. Pierce's Pleasant Pellets cure constipation.

HANTS

Miss Lena Frizzell is spending a few weeks with friends at Cambridge, Kings Co.

Mr. J. W. Lawrence has been suffering from a severe attack of toothache and neuralgia.

Mr. A. W. Pattison of this town has been appointed census enumerator for Hantsport district and began work Monday.

Minard's Liniment Cures Colds, etc.

HANTSPORT'S BUTCHER

On his rounds last week the editor called on Er. L. Gertridge, the popular butcher of this town. He was found, hard at work as usual, dressing a fine beef, a heifer 18 months old, raised by John Selfridge, Gaspareau.

Mr. Gertridge estimated its weight at over 400 pounds. Earlier in the week he butchered a remarkably good heifer, bought from Chas. Armstrong, Kingston, 15 months old, which weighed 440.

I do not remember seeing fatter beef. Mr. Gertridge is right up-to-date, with his splendid refrigerator, capable of holding 19 quarters of beef. He also does a good business in poultry and other fresh meats.

The Spring Feeling

NOT EXACTLY SICK—BUT NEITHER ARE YOU WELL

CLOSE CONFINEMENT DURING THE WINTER MONTHS HAS LEFT YOU WEAK, EASILY DEPRESSED AND OUT OF SORTS

The words weak and depressed express the condition of thousands of people in the spring time. It is one of nature's signs that humanity can undergo months of indoor life in badly ventilated buildings with impunity. Sometimes you have a headache; slight exercise fatigues you; your appetite is variable; you are easily irritated or depressed; perhaps there are pimples or slight eruptions that indicate the blood needs attention.

Whatever the symptoms may be it should be attended to at once, else you will fail an easy prey to grave disease. Do not use a purgative in the hope that it will purify you right. Any doctor will tell you that purgatives weaken, that they impair the action of the liver and create chronic constipation. A tonic is what is needed. The anthers were well rendered.

There was no service at the Methodist church in the morning. In the evening a good audience listened to the pastor, Rev. J. W. Aikens, who gave a powerful sermon from the subject: Resurrection Life. The church was decorated; among the plants beautiful lilies were conspicuous.

The anthers were well rendered. They were He is Risen, and Hallelujah Christ is Risen, the solo and duet parts being particularly good.

At the Presbyterian church a very tidy structure lately built. Mr. McIntosh, a student from Pine Hill College, took the services. Text Rev. 22:14. The church was beautifully decorated for the occasion. The following music was well rendered by choir: Morning service; Morning Breaks. There is a Green Hill Evening service; Mary Hosted in the Dawning of the Morning, and Dies, He Dies.

At St. Andrews' Episcopal Church one service only was held on Easter; this was at 11 a. m. by the rector Rev. John Reeks, and was followed by a celebration of the Holy Communion. There were no decorations this year, beyond the usual Easter Lilies on the Altar.

OBITUARY

On the twenty-fifth of March last Mrs. Joseph Burgess died suddenly of pneumonia at her home in East Boston, Mass. The deceased was the eldest daughter of the late Robert Faulkner of Mt. Denson, Hants Co., N. S. and for twenty-four years resided in Newport, Hants, N. S., where she was widely and extremely favorably known. For the past eleven years she, with husband and family of three sons and six daughters, had lived in Massachusetts. She will be remembered here as an unusually capable woman in illness among her friends and neighbors, by whom she was much beloved. She was blessed with a fine character and a bright amiable, cheery nature. The remains were interred in Woodlawn Cemetery near Boston. A large gathering of sorrowing friends and relatives met at the house for the last sad rites.

Governor-General Lord Minto has received a cable from Lord Chamberlain saying that during the visit of the Duke of Cornwall and York to Canada he will present to the members of the first and second Canadian contingents, South African medals. The militia department has been asked to send the names of the members so that they can be engrossed upon them.

The death occurred suddenly at the Union General Hospital, Boston, on Sunday, 31st ult. of Miss Maggie Graham, formerly of Windsor, and daughter of Mrs James Smith, Halifax. The remains were brought from her mother's residence.

Now it is said Quebec and Nova Scotia will shortly file claims for a share of the \$5,500,000 awarded to the Dominion by the Halifax Fishery Commission nearly thirty years ago.

The air at present is full of rumors of war. Russia may seize Manchuria; the Czar has warned France; Japan is preparing to fight Russia; Turkey threatens a holy war and China has refused to sign the Manchurian Convention.

The town authorities are considering the advisability of purchasing a piece of ground in the interest of the town and erecting thereon a suitable place with five or six apartments where anyone subject to an infectious disease may be taken and cared for without the trouble which is often necessary in quarantining a house near the centre of the town. This is a good move and we know the public will support the authorities if they take action on this line.

The Estimates were brought down April 1st. The estimated revenue for year ending Sept. 30, 1901, is \$1,034,906, with an estimated expenditure of \$1,026,965.89. The principal item of revenue estimated is \$460,000 royalties from mines. For roads and bridges there is a total grant of \$226,405, including grants to municipalities, towns and two special grants—\$15,000 for work with road making machinery in the various municipalities, and \$25,000 to be expended on roads and bridges under the direction of the Commissioner of Works and Mines.

At the last session of the Local Legislature Premier Murray introduced a bill in the House relating to cases pronounced incurable or convalescent in Victoria General Hospital and where there is a disinclination to leave the hospital. Power is given to the superintendent, in such cases, to discharge them from the institution. If this is disregarded the patient is to be removed to the town or district where he or she belongs. Power is also given to bring a suit in his own name for the recovery of costs of transportation etc.

The subject of roads is an important one now being considered by our Town Council and it cannot fail to come before the County Council also. There is no doubt our roads are growing worse instead of better and the councillors themselves without an exception feel how inadequate is the allowance made to each ward for necessary repairs.

The matter of overdrafts will not solve the question at all; it only diminishes the amount to be received in the future. Who will come forward with some feasible plan so that our roads may without a great increase of expenditure be made a credit to the banner county of the province?

The celebrated Deloit case has been brought to a close and judgment given in favor of the marriage being legal. The effect of the judgment in this case is to demonstrate the rights of persons to be married by any legalized authority, no matter what the creed of the contracting parties may be. It also places the civil law, in relation to marriage, above the ecclesiastical law. This case, as will be remembered, turned upon the question, whether in the Province of Quebec a marriage between two Roman Catholics, in which the ceremony is performed by a protestant minister is legal. In the above case the parties were married several years ago, the union being blessed by the birth of several children. The Roman Catholic church court granted a decree of separation on the ground that the parties were illegally married.

We have for nearly two years been enjoying a two cent postage. To help reduce the deficit that would like-

ly be met with in lowering the postage rates, the publishers of papers and periodicals have been obliged to pay postage on their publications sent outside of the county in which they are published. By so doing the deficit is not so large as it would be if the above had not been done. The present Postmaster General has during his term of office tried to make the postoffice department a medium of accommodation for the public. We have all enjoyed it but now another boon to the public has been announced. It is a reduction in the money order system making a reduction in commissions on money orders payable in the States. The price for money orders payable in the States has always been higher than in Canada but now the charges will be the same.

For orders up to \$5 three cents; up to \$10 six cents; up to \$30 ten cents; up to \$50 fifteen cents; up to \$75 twenty-five cents; up to \$100 thirty cents. Previously the charge for orders payable in Canada was three cents up to \$2.50; six cents for \$30; fifteen cents for \$40; twenty-five cents for \$50; and forty cents for \$100. For a money order payable in the United States ten cents was formerly charged up to \$10; twenty cents up to \$20; thirty cents up to \$30, and fifty cents up to \$50; and no order higher than \$50 was sold. Now an order can be obtained payable in the United States up to \$100 for thirty cents.

The question of a new Court House and Jail with suitable county offices will come up before the Municipal Council in its session this month. The Council has considered the advisability of erecting it in different location in town such as on the Exhibition grounds or on the spot adjoining the Catholic cemetery. To do this it was thought that the land where the Court House and Jail now stands could be sold with the building thereon to good advantage.

The most convenient place for the new Court House would be on the spot where the offices of the Registrar of Probate, Deeds and the late Judge of Probate now stands. A good building erected there would be a credit to the County and the town also and we think Kentville would be willing to bear a much larger proportion of the taxation for such placed in that location. We would suggest that when the County Council meets that the County officials be ready to join with them in arranging for the location and erection of the new Court House & Offices and also be ready to make a fair and reasonable proposition in bearing quite a share in the necessary taxation.

Col. Thomas, postmaster of Boston died at McLean Hospital last week and was buried on Sunday. His early political career was a brilliant one. Dr. W. L. Harris who is now laying the foundation for an extensive practice in Lynn, a native of Wolfville, was private physician and companion to Col. Thomas for about two years.

PIETERSBURG CAPTURED

No news of any importance has been received from So. Africa for several days. The late despatches show that Gen. French is still pressing the Boers at Vryheid. The winter is now coming on and the British regiments are preparing for their winter quarters. This week good and bad news has been received. In one instance it shows the treachery of the Boers. A few months ago word was received that "Gat" Howard had been killed. An officer writing home a few days ago relates the instance. Instead of being killed in a battle, he with his orderly was riding in advance of his corps when they were ambushed, robbed and then shot in cold blood.

Petersburg the terminus of the railway and since the evacuation of Pretoria has been the capital, has been captured by Plummer with very little difficulty. Two locomotives and thirty nine cars have been captured and now the whole road is in the hands of the British.

General Kitchener reports that a detachment of a hundred men of the Fifth Lancers and Imperial Yeomanry were attacked by 400 Boers to the northward of Aberdeen, Cape Colony, and that after several hours fighting the British were surrounded and captured with the exception of 25, who succeeded in making their escape.

A Sydney despatch to the Halifax Chronicle, says: Around the last week of the lives of Daniel McIver and John McCormack there hangs a tale which is probably without its parallel in the history of the civilized world. It is a tale which will recall to the mind the biblical words "Vengeance is Mine," McCormack and McIver were companions in work, companions in pleasure and companions in death. On Monday night March 25th, after a hard day's work they went for a drive. While driving through Dominion at a more than ordinary rate of speed they ran down an old woman. A day or two later McCormack and McIver received word that the victim of their furious driving had brought a suit for damages against them. The case was set down for hearing Saturday March 30th. But before the time set for hearing of the case, both McIver and McCormack were being tried by a higher tribunal. On Friday the former was killed in a mine at Dominion and early Saturday morning the latter was killed by a train at Louisburg.

An odd change in the face of English gold coins is brought about by the succession of King Edward VII. While the late Queen's face looked to the left on the coins, King Edward's will look to the right. This is in accordance with a long established custom that makes each successive sovereign face the opposite way on the coin from his or her predecessor.

FARMERS make MONEY

Professor James W. Robertson, Commissioner of Agriculture and Dairying for Canada, in his report to the House of Commons for Canada, after going to England and investigating, and sending sample shipments, endorses the great object of this Company.

THE CANADIAN DRESSED POULTRY COMPANY, Limited

(TO BE INCORPORATED)

CAPITAL STOCK

\$450,000

HEAD OFFICE-HAMILTON, ONTARIO.

PRESIDENT—MR. GIBSON ARNOLDI, Barrister-at-law, Toronto, Ontario.

MANAGER—MR. WILLIAM S. GILMORE, Merchant, Hamilton, Ontario.

OBJECT OF THE COMPANY.

THIS COMPANY is formed to advance Canadian trade with England in dressed poultry, ducks, turkeys and geese, dressed meats and other farm produce that the Company may deem it advisable to sell in. This is the GREAT OBJECT OF THE COMPANY. IT WILL BE NO MONOPOLY AND IT CANNOT BE MADE ONE; ITS SUCCESS MEANS THE FARMERS' SUCCESS. The farmer who wants to make money must first become a shareholder in this Company, which is the only company of its kind, and by so doing show that he means business, and his money being invested, his interests and the interests of the Company are the same, and then to earn a good position for himself as a first class raiser of poultry, turkeys, ducks and geese for the Company. This Company will buy ONLY FROM ITS OWN SHAREHOLDERS therefore with care and attention every farmer and every farmer's wife and every man, woman and child of ordinary intelligence in Canada who has fifty dollars can buy ten shares and become a shareholder, and by beginning in a small way and saving his profits make himself wealthy, like Mr. Taylor has done. Who Mr. Taylor is is explained in the following extracts from a story told by Professor Robertson, the well-known Commissioner of Agriculture and Dairying for Canada, to the standing committee of the House of Commons:

"Drugging will not cure Catarrh. Doctors say so. Victim of snuff Ointment and tablets tell the same story. Catarrh is a germ disease. The germs excite diseases in the lungs, throat, nasal passage and bronchial tubes. Germs are hard to get at, but destroy them and you cure the disease. How can it be done? By carrying powerful medication with the air you breath direct to the diseased parts. You must be sure, also, that the medications will kill the disease germs. Catarrhozone is guaranteed to do this; that's why it has created such a sensation in the medical world. You simply breathe Catarrhozone; it destroys the germs—it heals—in a word to cure. Now you know everything about Catarrhozone, except what you can learn by using it. Catarrhozone never disappoints and is guaranteed to cure Catarrh. Price \$1.00; Small size 25 cents, at druggists or Poison & Co. Kingston, Ont."

Sydney, C. B., Island Reporter: In Mr. Wade Annapolis has a representative of whom it may well feel proud. His speech yesterday on the budget was one of the best efforts of the season. His warm defence of the preferential tariff brought forth hearty applause in the House which will undoubtedly be echoed throughout the country. Mr. Wade struck a responsive chord when he said that Canada in giving a preference to Britain in her markets was only repaying in part the generous treatment that this Dominion had experienced at the hands of the Mother Country. Very timely also was Mr. Wade's reference to the question of subsidies in the Maritime Provinces, pointing out with much truth that the opposition to these grants came from a province and from men representing interests that had been surfeited with the bounty of the Dominion government.

A Big Quarter's Worth

is always found in a bottle of Polson's Nervilene, the best household liniment known. It cures rheumatism, neuralgia, toothache, headache, sick-stomach, in fact is good for everything a liniment ought to be good for. Mothers find it the safest thing to rub on their children for sore throat, cold on the chest, sprains, and bruises. Never be without Polson's Nervilene. It will cure the pains and aches of entire family and relieve a vast amount of suffering ever year.

The British government has protested against China's making a convention with any power touching territorial or financial affairs until the present troubles in that country are concluded.

Putnam's Corn Extractor

Doesn't lay a man up for a week but quickly and surely goes on doing its work, and nothing is known of the operation till the corn is shelled. Plenty of substitutes do this. Some of them are dangerous, no danger from Putnam's to the corn. At all drug-gists.

Now we are told that the inhabitants of Mars haven't sufficient intelligence to signal to anybody, anyway. After which piece of information nobody would object to giving planet and its inhabitants a temporary rest.

WANTED—Capable, reliable person in every county to represent large company of solid financial reputation; \$936 salary per year, payable weekly; \$3 per day absolutely sure and all expenses; straight, bona-fide, definite salary, no commission, no part of each Saturday and expense money advanced each week. STANDARD HOUSE, 334 DEARBORN ST., CHICAGO.

Three Firms Alone Intimated Their Ability and Willingness to Handle About Two Thousand Cases Per Week at Good Prices

RAISING POULTRY PAYS.—It pays better to fatten them, and it pays best to ship them to England. The shipment sent to Liverpool, England, above described brought one dollar and seventy-six cents per pair; which is above the average price, as often he does not get more than thirty cents per pair; can anything be clearer than that the farmer is failing to make enormous profits? By becoming a shareholder you will commence putting the money in your own pocket.

SUCCESS.—This Company is a natural outgrowth of the great and wonderful cold storage system. Before "cold storage" became known it would have been an impossibility to carry on this great business, but now the great success of cold or chilled storage is the making of this enormous business, which has proved a money-maker for everybody. Success will not admit giving a description of the great arrangements to be made, or the many receiving and shipping stations, meat and cold storage plants, offices and agencies this Company will establish in the different Provinces of Canada and in England, or of the numerous employees it will engage to do the buying, killing, plucking, packing and shipping; the instructors the Company will engage will give to the working shareholders such directions and assistance as they may desire.

THE HEAD OFFICE WILL BE AT HAMILTON, ONTARIO, and from there MR. WILLIAM S. GILMORE, THE EXPERIENCED MANAGER, will direct its affairs. Mr. Gilmore is already well known to many Canadians, but for those who do not know him and who would naturally like to know something of the man who is to direct the affairs of the Company in which they intend to invest their money, the following extract from a letter written by the celebrated firm F. W. FEARMAN CO., LIMITED, the greatest packers and provision merchants and probably the oldest established firm of its kind in Canada, to the proposed bank of this Company, will be of interest:

GENTLEMEN.—At the request of Mr. W. S. Gilmore I write to advise that we have known him for years, and have had during that time continuous dealings with him as one of our customers. He is a practical provision dealer and butcher of many years' experience. He is about fifty-five years of age, but active and progressive, and as a judge of poultry, live or dressed, he is certainly the equal of the best in Hamilton. As to his personal character, respectability and integrity, we believe he is fully to be relied on for anything he will undertake.

SPECIAL NOTICE

Every shareholder in this Company is not obliged to raise poultry simply because he is a shareholder, and everybody can buy stock in the Company, and the net profits or dividends will be divided between all shareholders alike. Everybody who buys stock should buy shares, and it is safe to say they will get large dividends for their money.

EXCLUSIVE PRIVILEGE.—The Company extend an exclusive privilege to those who hold ten shares or more of the Company's stock to raise poultry, turkeys, ducks, geese, etc., for the Company to supply the great demand, and to this class of shareholders the Company will pay the very highest prices for their

People who are inclined to think that \$3 a day's overpay for the census enumerators ought to pause and think of the risk these men run. Why a many other things, they have to a every woman in the district her true age.

Gentlemen.—While driving down a very steep hill last August my horse stumbled and fell, cutting himself fearfully about the head and body. I used MINARD'S LINIMENT freely on him and in a few days he was as well as ever.

The Windsor Tribune says:—The Falmouth Agricultural Society is evidently in a prosperous condition, as evidenced by the recent purchase of three pure-bred Short-horn sires. Two of these were bought from Kings County, one being a home bred animal from the prize winning herd of Frank Dickie, and the other recently imported from Ontario by C. C. H. Eaton.

(TO BE INCORPORATED) LIMITED

Head Office - Hamilton, Ont.

OFFICIAL NOTICE

This company is now prepared to receive from the municipal corporations of the different cities, towns and incorporated villages in the Province of Ontario, Quebec, New Brunswick, Nova Scotia, Prince Edward Island and Manitoba, any representations they may care to make in writing as to the advantages of their respective places for establishing receiving and shipping stations in. The company propose to establish not less than twelve such stations in Canada at once; the number of stations to be established in each of the above provinces to be as nearly equal as possible, having regard for the size of the province and the number of shareholders in each, in each place the company will erect, equip and maintain one of the latest approved establishments for the collection, killing, plucking, dressing and shipping of all kinds of dressed poultry, turkeys, ducks and geese, partridges, pigeons, etc. etc. Home and foreign consumption.

EMPLOYES WANTED

The President is now prepared to receive written applications, enclosing references, for the following positions at the salaries stated:

1. Twelve local managers (one for each station;) salary \$1200.00 a year each.

2. Twenty-four inspectors (two for each station;) salary \$800.00 a year each.

Applications will only be entertained from those who have applied for shares in the company, as described in the prospectus published on another page in this paper.

Notice will be published later, stating what other employes the company will require.

All communications are to be addressed to Mr. Gibson Arnold,

President of the Company, 9 Toronto-street, Toronto.

Dated at Toronto this 18th day of March, 1901.

WILLIAM S. GILMORE, Manager.

CANNING

The 4th Home given by Miss Hennigar at her Millinery rooms on Saturday was a success. It was also show day at Mr. R. D. G. Harris' and the sales at both establishments were good.

Miss Neilia Sheffield spent the Easter holidays at home. She returned to her studies in Auburn today.

Lieut. J. A. Harris and wife returned from their five weeks trip on Monday. The former has been taking a short course at the Military School at Toronto. The latter visiting her parents, Mr. and Mrs. Hanley Chipman at Annapolis.

The children of the Baptist S. school gave a nice Easter entertainment on Sunday afternoon.

Miss Edith Hennigar of Dartmouth, spent Easter with her parents.

Miss Anna Bent of Bentville, Annapolis County, visited Mrs. H. O. Harris this week.

Prof. Lee Russel of the Normal School Truro, was the guest of his sister-in-law, Mrs. Charles Miller on Sunday.

Mrs. Farquharson and daughter of Halifax, spent Easter with the sister of the former, Mrs. Wallace Newcombe.
