FOR BUSY MEN.

ROMAN CATHOLIC.

IRELAND'S FUTURE.

Among the many pretty things said of Ireland during the recent St. Patrick's celebrations, the following from a lecture referred to in last week's Freeman, speaks for itself:—But we look to a future Ireland as to a part. We anticipate the day when the Grattan, the Emmet, and the O'Connell of a twentieth century, shall speak with Ireland's voice, in an Irish parliament, when Tyrans and Saracens shall rise in our frontiers, and when twentieth century, Breda and Columbus shall preach the Gospel to New Ireland and New Lands in America, even as the first missionaries who received the Gospel from St. Patrick, proclaim it to the nations of their century. From the history of the ancient lands let us on each anniversary of St. Patrick, derive new inspirations. May the fire of Faith ever burn. May there be realized soon, a great St. Patrick's Day Congress, which will do for the future of Ireland as great a good as the great assembly will be for the Catholic people of 1903.

THE NEED OF TODAY.

Dealing with this subject the Sacred Heart Review speaks thus:—More books and fewer drinkings. More work and less talk. More industry and less idleness. More sobriety and less dissipation. More simplicity and less ostentation. More copying of kindly and worthy deeds and less imitation of ads and follies and follies. More rest and recreation and less mere dissipation. More reality and less money. More earnestness and less smartness. More helpful, hopeful conversation and less gossip. More emphasis on manners and morals and less on money. More of the good and less of the smartness. Larger outlooks and smaller grudges. A greater desire for social usefulness than for personal gain.

THE ANGLICAN.

THE LENTEN SEASON.
Reports from Philadelphia, New York, Boston and other important cities speak of large attendance and impressive services, and the interest deepens daily. Speaking of the addresses of one of the leaders in the New York gatherings, a writer says:— "They were very brief, often not more than eight minutes, but always pertinent. The real function of the Church in the world, he said in his last address, was not merely a place to which the multitude might be invited, but a place from which those who did attend could go to teach and preach God's righteousness. Common men and women, every day in the week, must be preachers of the Gospel. It is interesting to note this year at Trinity Church the constant coming and going of people as occasion permitted or called. Even when the service was over, people were still coming. At Calvary the Rev. Dr. Arthur S. Lloyd was the preacher and the congregations also of exceptional size. The theme throughout the week was Christianity as a life."

WELSH EPISCOPALIANS.

"Anglicans," says an exchange, "are scarce in proportion to the population in Wales, as in Ireland, yet the great majority of the other sects are well represented." In the annual report of the Welsh Episcopalian Society, however, announced its intention "to bring down a bill for the disestablishment and disendowment of the English Church in the country. Let there be justice!"

CANON ELLIOTT.

Referring to the 85th anniversary of the birth of Canon Elliott, the Montreal Star says:—The veteran rector of the Church of St. James the Apostle comes of United Empire Loyalist stock. He was educated at King's College, N. B., and was ordained by the late Bishop Fulford, being appointed as assistant at the Cathedral as far back as 1848. In May, 1868, the diamond jubilee of his ordination and the forty-fifth anniversary of his rectorship were celebrated with appropriate ceremony. The Victoria Rifle of which he is captain, also observed the event in a fitting manner. He was born in Dumfries, N. B., on March 16, 1824, and notwithstanding the years that have elapsed since he attained to the age of a allotted span, he is still hale and hearty. He was ordained to the ministry in June, 1848, sixty-one years ago, and in length of service in the Anglican Church in Canada he stands unique. He took charge of the Church of St. James the Apostle when it was opened on May 1, 1864, and he has continuously been its rector ever since.

THE PRESBYTERIAN.

ALWAYS DOING.
The Toronto Presbyterian pays this eloquent tribute to the American Presbyterian Church Montreal, which it says, "is always seeking new ways to aid us in the general work of the Church. Not only does it maintain its thirty of our missionaries in the West, but a few days ago sent a deputation to Rockfield, one of our suburban missions, and having received their report, contributed the sum of \$1000 to lift off the debt that was resting on the new building and furnishings."

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE.
This medicine is the best for all ailments of the blood, such as weakness, nervousness, and general debility. It is sold by all medicine dealers.

LITERATURE FOR THE YOUNG.
Rev. Albert Barnes, who was born at the close of the eighteenth century, said that he could have bought all the children's literature in his boyhood for less than the cost of Franklin's whistle. Now if all the books suitable for boys and girls could be gathered together, it would probably make the largest library in the world.

SEARCHING FOR THE CHURCH.

Dr. Madison Peters, of New York, will soon be qualified, as perhaps no other man is, to write a book about the denominations. He was once a minister of the German Reformed Church, then he became a Presbyterian, next he tried the Reformed Church; later he became a Baptist, for a time he preached in public halls under no denominational auspices and now he has made a second venture with the Presbyterians.

THE BAPTIST.

HATS OFF.

NEW YORK, March 13.—A Boston despatch says:—The First Baptist Church of Somerville has officially barred from public worship all women who refuse to remove their hats before entering the church auditorium. The church is one of the important ones of New England. "The fancy millinery of the present time attracts so much attention," said one of the trustees, "that women spend more time examining the hats than they do listening to the sermon."

THE PASTOR'S WORK.

"Pastoral Visitation" is the subject of an interesting paper in this week's issue of the Methodist Register, in which the writer says:—A timely visit and a proper word spoken, may do what the best wrought out sermon does not. A family may be won back to congregation and church not by the carefully thought out sermon on church attendance, but by the pastor, led by the Spirit, making that timely visit and speaking those kindly words. A story is told of a Scotch minister who rose to go after visiting a woman of his parish one day, when she said: "Well Doctor, I'll give ye a hearin' for this."

ABOUT DANCING.

To the question, "Is a Christian dancer?" the last paragraph of the writer says:—"Of course he can. He might swear and lie, too; but it would not make him a better Christian." Surely, Christian, you may dance; but dancing will never identify you with a heathen. What puzzles us is that you ask the question so often. Christians who don't dance never ask it. Yes, Christians, dance if you can't live without it. But don't be surprised if you are taken for a goat."

THE METHODISTS.

THE GREAT REAPER.

At the advanced age of 85 years, at his home in Pembroke, Ont., His Honor Judge John Deacon, passed away. He was a prominent member of the Methodist Church and filled the best position the Church had to give. He leaves a wife and two brothers, Judge Thomas Deacon and Joseph Deacon, of Brockville.

A BRITISH LAYMAN GONE.

Sir John Bamford-Slack, at the early age of 51, has joined the great majority. He was in the last House of Commons an earnest and able lawyer with a large business, but always had time for work of a benevolent and Christian character. His sister has just written him with an earnest temperance warning.

LONDON'S YOUTH.

Sir Robert Perks, is responsible for the statement that, one half of the children and youth of London, England, never enter a Sunday School. If this is true there is some missionary work for the English churches to do.

WOMEN IN CONFERENCE.

The question of admitting women to membership in their Conference is agitating the English Wesleyans. Methodism already gives a very wide field for women in the work of the church, and some of the official positions being open to them. At the next Conference, the question of their having equal rights in the highest court of the church will probably be seriously considered.

SATURDAY SERMONETTE.

LEARNERS.

I stopped to speak to a man for a moment the other day and he moved a step or two to get against a post or pillar while he talked. If he had been a consumptive or a convalescent out for an airing and wanted to rest while he talked, I would have excused him. But he was a young, strong man, and did not need support as much as I did. And then, I knew that he belonged to the great army of learners. Men and women who are always looking for something to lean against physically, mentally and morally.

"The physical leaning habit is an acquired one and when man and woman are in normal health, they only need the good strong backbone God has given them for their support. The easy chair with its high well cushioned back was originally made for invalids, tired females, and feeble old men. But it came into general use when a lazy man's sick wife got a little better and she sat out of her chair for a few minutes and he sat down in it and found it so comfortable that when she came back he only pushed one and when man and woman are in normal health, they only need the good strong backbone God has given them for their support. have taught me that the man who is looking for the lines of least resistance physically is the man who knows nothing of brain weariness from overworking it. Looking for something to lean against that is the reason why he broke down at school and college leaning on other students; and since he could not have their help he failed, leaning on "crutches" and help he went away with the diploma, he had not earned. If he had not acquired a fitting and cultivated leaning habit until he could not stand alone. I have known students who have leaned for financial help on students until they have lost the use of their own back bone, and if they had ever had a proper feeling of independence and self-reliance they have lost it. We call ourselves philanthropists and yet we are building walls and planting posts for people to lean against. We are creating instead of strengthening. Parents are spending their lives in building up fortunes for their children to lean against.

THE GLOCK HAD STOPPED.

AT HALF PAST THREE.

Schooner Nina Blanche Probably Capsized Early on Thursday Morning.
A message to the Star from Chance Harbor this afternoon, conveyed information that the clock belonging to the schooner Nina Blanche had been found in the water. The clock was found at 3.30, and it is believed that this was on Thursday morning. Captain Harber Creek, the other member of the crew, probably put out in the small boat during the night. Nothing else has been found which would explain the fate of the two men, although the papers are now searched for some miles no signs of the bodies has been seen. The schooner is now lying at the wharf in Chance Harbor Creek, awaiting instructions from the owners.

IN THE CHURCHES.

ST. MARY'S CHURCH.

In attendance at divine services in St. Mary's church yesterday morning the members of the "Thistle Curling Club" heard an appropriate discourse by the Rev. Dr. Raymond.

ST. JOHN'S CHURCH.

Despite the disagreeable weather about fifty of the members assembled at the church for the invitation of their chaplain. The visitors joined heartily in the singing and prayer.

ST. JOHN'S CHURCH.

The confirmation service in Saint John's Church last evening was a most impressive one. Bishop Richardson officiated and nineteen candidates were confirmed. Of the number were the young men, Archdeacon Raymond, the pastor of the church, and the candidates.

THE THREE ST. JOHN SPORTS.

WILL BE DISCHARGED MONDAY.

FREDERICTON, N. B., Mar. 29.

A great crowd gathered at the police court this morning when the three St. John men, Logan, Kelly and McKinnon, were arraigned before Police Magistrate Marsh. To the disappointing news of his own decision that the examination should be conducted by his usual court, he added the court room was cleared with the exception of the counsel, members of the press and those directly interested. The three young men appeared to feel their position keenly and quietly took their seats on the bench.

FREDERICTON, N. B., Mar. 29.

The case was quickly disposed of. Col. Marsh said that no charge had been laid against either Logan or Kelly and that being the case, one duty remained for him to perform, and that would be to discharge these two men from custody. He would have to hold them, however, as witnesses in the case the charge against McKinnon was proceeded with.

all Danger of War Having Passed—A Supplementary Note

Servia Will Renounce Right to Bosnia and Herzegovina

Solution of Crisis Received in St. Petersburg With Rage and Shame

LONDON, March 28.

London is only capital where official confirmation of the settlement of the Balkan crisis is lacking. The British foreign office late tonight, according to the announcement, had not been informed that Austria had accepted Sir Edward Grey's formula for the declaration which Servia is to make to the Emperor. It was expected that Austria would accept and no surprise was expressed at the result.

LONDON, March 28.

While Foreign Secretary Grey has enhanced his reputation by his successful efforts to maintain peace, it is a consolation for the British government to have secured a great diplomatic victory over the members of the triple entente.

LONDON, March 28.

It is understood that in the declaration agreed upon Servia will announce that she has no right with regard to Bosnia and Herzegovina; that she readily to live on friendly terms with Austria and will demobilize at once. In return Austria is to make generous economic concessions to Servia.

VIENNA, March 28.

A complete agreement has been reached by powers with regard to the steps to be taken at Belgrade on the basis of the proposals made by Sir Edward Grey. The Austro-Hungarian minister of foreign affairs, for the settlement of the difficulty between Austria and Servia, the necessity of the powers at Belgrade tomorrow will advise Servia to make a declaration to the administration at Vienna supplementary to the note of March 14. In this note Servia referred Austria to her previous note to the powers, dated March 11th, and in that note she had stated that she desired to live on friendly terms with Austria and will demobilize at once.

VIENNA, March 28.

In addition a complete agreement has been reached by powers with regard to the steps to be taken at Belgrade on the basis of the proposals made by Sir Edward Grey. **MRS. ANDERSON DEAD
IN HIS 88TH YEAR**
Pioneer Newspaper
Man Here
BEGAN 60 YEARS AGO
Was of Loyalist Descent—
Leaves a Large
Family

St. John has lost the last of her pioneer
newspaper men in the death of
James Anderson, which took place at
1:30 yesterday morning at his resi-
dence, 68 Waterloo street.
Mr. Anderson was almost 88 years
old, but in spite of his advanced age
was only forced to retire from his
newspaper work eight or nine
years ago, owing to chronic asthma
from which he suffered on a constant
basis. He retained his faculties to
the last and continued to take an in-
terest in everything around him. Mr.
Anderson survived his wife by four-
teen years. He leaves four sons and
six daughters who are: E. M. of Sault
Ste. Marie, Arthur E. of Montreal,
Herbert J. manager of the St. John
Evening House, W. E. secretary of
the St. John Board of Trade; Mrs. L.
E. Roume, of Montreal, Mrs. J. M.
Parkins and Mrs. Clarence Ward, of
this city, and Miss Helen, Edith and
Annie living at home. He also leaves
ten grandchildren and three great
grandchildren.

Mr. Anderson was of Loyalist des-
cent, his father, Col. Lionel Anderson,
and his mother, who was before her
marriage Miss Eliza Earle, both be-
longing to Loyalist families. His father,
Col. Anderson, in recognition of
his services received from the British
Government a grant of all the land be-
tween Gagetown, Queens County, and
Morrison's Mills, York County.

Over sixty years ago Mr. Anderson
joined the staff of the "New Brun-
swick," one of St. John's earliest
newspapers, which was then under Mr.
T. H. who was then editor. After Mr.
T. H.'s death he carried on the paper
until another editor was appointed.
After that he joined the "Telegraph"
and "Journal," under John Livingston
and Wm. Elder. He continued with the
"Telegraph" for forty-two years, latterly
acting as marine editor. He was for
years recognized as an authority on
shipping matters throughout Canada.
At one time he held the position of
barrack master in this city which
gave him the right to the title of
squire. When the original survey was
being made for the construction of the
Intercolonial Railway from St. John to
Point du Chene, Mr. Anderson was en-
gaged on the work.

Mr. Anderson was a member of the
New Brunswick Loyalist Society and
took a great interest in matters re-
lating to the history of the province
in which he was recognized as an au-
thority. In politics he was a Liberal and
throughout his life was an ardent sup-
porter of the party. In religion he was
an Episcopalian, being connected first
with St. James' Church and since with
St. John's (Stone) Church.
Since his retirement Mr. Anderson
has spent the summers at his place at
Gaspereux Lake, Queens County.
He was universally esteemed and
respected and it can be said of him
that he did not have an enemy in the
world. He was a man of a fine and
firm figure on the streets of the city
and was generally known at the patri-
arch of the newspaper business. His
death is a loss to the community and
will be missed by a large circle of
friends.

The funeral will take place this af-
ternoon at 3:30 from the late resi-
dence, 68 Waterloo street, to St.
John's church, where the burial ser-
vice will be held.

Staff Captain Jennings, the Salva-
tion Army's immigrant agent for the
Maritime Provinces, left on the Hal-
fax express last evening for his home.
The captain with Adjutant Cornish
had charge of the immigrants which
arrived on the C. F. R. steamer Lake
Champlain on Sunday.
There were almost two hundred im-
migrants in the party and they were
fine and healthy looking lot.
One of the party will be detained here
for a time. The man was a
cripple, but after his brother had sat-
isfied the authorities that he would
care for him, the man was allowed to
proceed.

Captain Jennings stated that all the
party had been placed in good posi-
tions. Forty-five went to Winnipeg
and points farther west. Ontario took
131 members of the party, and about
a half dozen stayed in the Maritime
Provinces.
It was the intention to have the
majority of the number kept here.
However, that course could not be
pursued, as the majority had made
up their minds to go west.

**Laurier's Plan for Speedy Organization of Canadian Naval
Force on Imperial Lines and Under Imperial Direction
Heartily Endorsed Without Dissenting Voice**

Ottawa, March 29.—Canada,
through her representatives in parlia-
ment sent to the Mother Country and
to the world today a unanimous mes-
sage of imperial loyalty and the pre-
surgent announcement that the Dominion
was ready to take her proper place in
maintaining the inviolability and in-
tegrity of the Empire.
A resolution proposed by Sir Wil-
frid Laurier in substitution for the one
proposed by Hon. Geo. E. Foster re-
specting the assumption by Canada of
her own coast defense was accepted
unanimously after a debate of a par-
ticularly high order free from political
bias and in consonance with the dig-
nity and imperial port of the subject.
The Premier's resolution, voting
the sentiment of the whole people
of Canada, declared in brief that par-
liament approved of any necessary ex-
penditure designed to promote the
speedy organization of a Canadian
naval service in co-operation with the
imperial navy, and it expressed the
conviction that whenever the need
arose the Canadian people would be
ready to make any sacrifice that
might be required to maintain the
honor and integrity of the Empire.
The occasion was marked by a sig-
nificance and impressiveness in accord-
ance with an event of critical moment
to the history of the Dominion.

Mr. Foster's Resolution
Mr. Foster's speech in moving the
resolution was delivered with a due
sense of responsibility. It was both
eloquent and picturesque, and in
spirit, but it lacked definiteness in
this respect resembling the resolution
passed.

Laurier Speaks for Canada
It was an occasion on which much
was expected from the Prime Minister
and he rose to the occasion in an
eloquent, dignified, frank and coura-
geous. In his speech he declared that
he was in the main with the mover's
speech. Canada, he claimed, had al-
ready done much and was willing to
do more in the future. He stated
that the Dominion was not a passive
subject to be stamped by any wave
of popular enthusiasm into hasty and
ill-considered action. The policy
of the Dominion was to be decided
by the Dominion, and he stated that
other overseas dominions had followed
and which had been endorsed by men
like Premier Deskin, Lord Milner and
Sir Chas. Tupper. It was true that
Canada had not done as much for
naval defense as for the militia, but a
beginning could be made along lines
suggested at the 1902 conference, the
creation of a nucleus of a navy con-
trolled by the Dominion government,
but co-operating with the imperial
authorities.

Foster Explains
Mr. Foster began an explanation that
his resolution had not been prompted
by recent events, having been among
the first of the order of the day
paper, nor was it offered in any party
spirit. For a good many years he had
been more and more impressed with
the necessity of meeting questions that
involved in the resolution and it seemed
to him that the time had now come
when Canada should take stock of her
possibilities and duties in the matter
of imperial defense. He had sympathy
with those who declared that war was
horrible and its burden intolerable,
but he believed that the duty of the
individual, of society and of the nation.
The last fifty years were full of disap-
pointments for those who had believed
that the right of the individual, of
society and of the nation. The last

pointments for those who had believed
that the right of the individual, of
society and of the nation. The last

Logical Conclusion
The logical conclusion of argument,
said Mr. Foster, was that more ade-
quate defense was necessary, that this
defense must rest on the foundation
of the Monroe doctrine, and that it
must be worked out by Canada her-
self, working in co-operation with the
mother country.
Coming to various proposals as to
how best to provide for this further
contribution of Canada to imperial and
national defense, Mr. Foster thought
that one of the most important sugges-
tions was for a fixed annual contribu-
tion by Canada for the purposes of de-
fense to be applied through the adminis-
tration of the imperial government. More
giving such fixed contributions as a
freewill offering from Canada, he said,
in no way violated the principle of au-
tonomy and self-government. The con-
tribution would be for the safety and
defense of Canada and would practi-
cally be under the control of parlia-
ment. It would not encroach upon the
result in evolution of any permanent
and definite position of the defense in
this country. It would not insure the
consent of the imperial government. It
would be a necessity, namely, a navy of
our own. It ignored the future potential
needs of the country. Better, he urged,
to have a navy of our own, which would
develop our own resources and would
be a contribution to the safety and de-
fense of Canada and would practi-

TEL GUESTS PAY THE PORTER'S FINE

Liquor Without Consulting Proprietor of Hotel

BALTO, Ont., Mar. 30.—The Cobalt traffic was explained in Master Alkington's court, that is ably new to the outside world, or had it that the Prospect Hotel been fined \$100 and costs for selling liquor without the knowledge of the proprietor of the hotel who was employed in the hotel who was ported. It was also proved that the porter was acting on his own initiative without the knowledge of the manager, and the guests made fine to save the porter from going to jail for three months. It appears the porter had been in a "blind" somewhere in town, and was in habit of securing whiskey by the door for guests when requested so to

had pretty nearly given myself up as incurable. I was weak and all the time had headache, indigestion and sinking feeling. During in the morning there was a great weakness.

STRENGTH AND SPIRITS IMPROVED.

Dr. Hamilton's Pills helped from first. They must have strengthened my blood, for I gained in weight as soon as I took them. My improvement followed, and I was completely cured.

REGULAR AT PORT ELGIN

NOTON, March 30.—Today's fine express from Montreal did reach Moncton just about ten o'clock tonight, being nearly twelve hours behind time. A big snow storm in Drummond county and of the snow plow special were but a few hours ago.

EQUITY WORK.

At present only one judge sits on equity cases, and provision is made that the chief justice may assign equity work to one or more of the other judges. During the past few years equity work was more than half of the total work of the court, and one judge was not sufficient.

TO INCORPORATE HARTLAND.

Hon. Mr. Fleming presented a petition in favor of the bill to amend the act to incorporate Hartland for water and fire purposes.

NEW ACT CONTAINS MANY CHANGES OF IMPORTANCE

Hazen Introduces Bill Relating to Supreme Court—Means Five Terms of the Supreme Court Each Year—More Than One Equity Judge—Four Judges to be Required to Reside in St. John—Bill Referred to Law Committee

FREDERICTON, March 29.—The House met at three o'clock. Hon. Mr. Hazen for Mr. Murray presented the reply of his honor the lieutenant governor to the address in reply to the speech from the throne as follows:

Mr. Upham made a motion, of which he had given previous notice, praying that all correspondence and papers relating to the grant of land No. 90 to Edward L. Carr be laid before the house.

Hon. Mr. Hazen, in the absence of the hon. surveyor general, said that the papers would be brought down about the former date.

Mr. Lablouis gave notice of inquiry respecting amount of work already done on Fredericton bridge and cost of same, and regarding number and names of game wardens employed in Restigouche county.

JUDICATURE ACT. Hon. Mr. Hazen introduced a bill relating to the supreme court. He explained the act proposed was to take the place of the Judicature Act passed in 1905. The act had been passed in response to very general request of the barriesters of the province to bring the legal practice of New Brunswick into conformity as far as may be practical with the practice in other provinces.

The House then went into committee. Mr. Munro in the chair, and agreed to the following bills: Bill to amend public health act, bill relating to advertising on resolutions of lease and franchisehold properties, to amend N. B. joint stock companies act, to further amend the law respecting raising of loans authorized by legislatures, and to amend provincial secretary explained was to carry out the suggestion of the Bank of Montreal, authorizing the province to subscribe stock instead of bonds if thought best. It also provides for the appointment of a fiscal agent in London with whom will be kept registers of holders of stock.

TEN SUFFICIENT. Mr. Lablouis thought twenty years too long, but should be sufficient.

Hon. Mr. Hazen said that under the present act the government had power to exempt for ten years, but the committee thought that would not be sufficient to enable them to raise the necessary capital, a large proportion of which was English.

Mr. Currie also thought ten years was long enough, as prospects for the success of the antimony business were getting better every year.

Mr. Hatheway said that the company was compelled to pay \$60,000 yearly in wages and supplies, and if not complied with the exemption might be cancelled. He thought twenty years only fair.

Mr. McKewen was opposed to these exemptions on principle, as he thought the natural resources of the province should be made to yield some profit to it in the shape of revenue. Still he presumed his friends, the previous speakers, did not wish to embarrass the government, but only to put themselves on record.

The bill was agreed to. Hon. Mr. Fleming submitted the annual report of the Miramichi Natural History Society.

Hon. Mr. Morrissy presented petition of the town of Newcastle, and also of P. Hennessy and others to change the name of Daniel Donahoe to Brian Hennessy.

The house went into committee. Mr. Slipp in the chair and agreed to bills to amend the School Act and Corner's Act, both of which had been "lily explained by Hon. Mr. Hazen when they were introduced.

THE RED BADGE OF COURAGE.

Cattle raiding causes many a sharply contested fight between the rival villages and tribes of the Berbers. The women who are much better looking than the Arab women inhabiting the towns and lowlands, for the most part go unveiled, and follow their menfolk into the fighting lines, encouraging them with shrill cries; and it is the custom among certain tribes for these women to carry a vessel, or pot, containing a resinous mixture with which they daub and mark any one turning his back on the foe, thus publicly branding him as a coward.

PROVINCIAL NEWS

FREDERICTON, N. B., March 28.—A. E. Hanson, land surveyor, was taken into custody by Chief Winter this morning on a warrant charging him with assaulting O. S. Crockett, M. P., on the afternoon of March 15th. He offered no resistance, and was immediately taken before Police Magistrate Marsh and admitted to bail in the sum of \$400, his recognizance being taken for half the amount, and one each was furnished by Edward Moore and R. W. McClellan. R. D. Hanson appeared for the complainant, who is at Ottawa, and asked for a postponement until tomorrow afternoon, which was granted. He promised to telegraph Crockett and endeavor to have him in attendance when the case comes up tomorrow. R. W. McClellan appeared as counsel for Hanson.

Crockett has instructed proceedings for libel against the Herald newspaper, which published a communication over Hanson's signature, which he claims cast reflections upon his character. Notice was served on the publisher last evening.

PICOTU, N. S., Mar. 27.—The steamer Minto, ex Georgetown Tuesday morning, arrived at Picotou, at 10:30 o'clock this morning.

The Stanley left Picotou at seven o'clock this morning, with a full cargo and about a hundred passengers. She is working along slowly through heavy ice. The wind is now westerly, but light.

The ice is beginning to scatter and if the wind holds westerly the crossing will be good in a day or two. If the Stanley makes Georgetown today, the probability is that both boats will cross on Sunday, to clear up the delayed traffic.

YARMOUTH, N. S., Mar. 27.—The embargo on public gatherings, which has been in force here for the past three weeks on account of small-pox will be raised today. During the time mentioned, all churches, schools, etc., have been closed, and public meetings have been made to furnish the town with a clean bill of health. The board of health took every requisite step to stamp out the disease, and by yesterday, the health officer, has been untiring in his efforts. A compulsory general vaccination was ordered and as difficult as it was to get people to it, it was in the shape of revenue. Still he presumed his friends, the previous speakers, did not wish to embarrass the government, but only to put themselves on record.

The bill was agreed to. Hon. Mr. Fleming submitted the annual report of the Miramichi Natural History Society.

Hon. Mr. Morrissy presented petition of the town of Newcastle, and also of P. Hennessy and others to change the name of Daniel Donahoe to Brian Hennessy.

The house went into committee. Mr. Slipp in the chair and agreed to bills to amend the School Act and Corner's Act, both of which had been "lily explained by Hon. Mr. Hazen when they were introduced.

Scotia, are judges. Speaking of the display this morning Mr. Moore said he rarely saw a better or more perfectly collected display of potatoes at any seed fair, and the exhibit stamps Northumberland as a splendid potato raising county. Wheat was also well above the average, and Mr. Moore emphasized the fact that farmers could get better seed at these fairs than they could buy in Ontario. The display which was a great credit to Northumberland as an agricultural district, said Moore.

FREDERICTON, N. B., Mar. 28.—A caucus of the Conservative supporters in the legislature was held this morning, but as far as can be learned there was nothing discussed except the highway case. This question giving the Hazen followers a great deal of trouble and it is doubtful if they will be able to reach an agreement.

It is said that there is a proposal on foot to increase the salaries of the members of the executive.

At the meeting of the N. B. Press Association, held at the Hotel de Ville, the following officers were elected for the ensuing year: President, J. D. McKenna; 2nd vice president, J. P. Paisley; secretary, J. of the news, Council—Geo. J. Clark, W. K. C. Parlee, John T. Hawke, A. J. Payson, H. B. Anslow, R. E. Armstrong, A. M. Belding.

FACING BANKRUPTCY, ENGLAND MUST KEEP ON PILING UP ARMAMENTS

LONDON, March 29.—By a strict party vote of 353 to 185, the house of commons tonight refused to express lack of confidence in the government's naval policy. The motion on which today's notable debate hinged was proposed by Arthur Hamilton Lee, Conservative member of the house of commons. It set forth "that in the opinion of this house the declared policy of His Majesty's government respecting the immediate provision for battle-ships of the newest type does not sufficiently secure the safety of the Empire."

CHARLOTTETOWN, March 29.—A member of the provincial government, on being asked by one of his friends when the present legislature, which has been in session "how" nearly two months, would prorogue, answered: "It depends on the wind—the opposition wind, he added."

WOULD EMPLOY SOLDIERS TO DIG.

The idea of digging a well to a depth of four, five or six kilometres or deeper appears, without doubt, a little foolish. What about the money for the realization of this foolish project? This prodigious undertaking should not be increased by even one cent the budget of the civilized countries which would take part in this work. Soldiers could be employed and a foreign legion of a new order could be established, whose mission it would be to explore the interior of the earth. Soldiers are fed, clothed and housed for exercise with the rifle and cannon. This would change the kind of exercise, that is all. Squads would be organized to dig and others to shovel out the earth. Other squads would be employed in taking away the debris, others in making and placing in position the immense iron armature of hoops to support the sides of the well and others would construct the necessary workshops and labor in the foundations.

WOMEN WANT MRS. GATT.

German Suffragettes Anxious to Hear Her on Women's Rights. BERLIN, March 27.—Encouraged by the untimely death of Mrs. Gatt, the German suffragettes are preparing to begin a great campaign in Berlin on March 29. They have invited Mrs. Carrie Chapman Catt, of Wyoming, President of the International Suffrage League, to come here from Hungary, where she is now conducting an agitation, and to address a public meeting, which shall be the opening gun of a "national crusade." It is intended to give Mrs. Catt a rousing welcome on her arrival at the railway station, and to conduct her in triumph to the great "Architects" Hall where the meeting will be held. Two English suffragettes, fresh from the "marryhood" of imprisonment, have been holding meetings in Munich. A Berlin suffragette has petitioned the Prussian Diet to give women the vote in communal elections.

8 OF THE BAND ARE CAPTURED

Lively Battle Between Deputies and Crazy Snake's Indians ONE KILLED

OKLAHOMA CITY, Okla., Mar. 29.—A detachment of Crazy Snake's band of "Belonging Indians" was surrounded by deputy sheriffs this afternoon near Crazy Snake's home and a lively battle ensued. More than 200 shots were fired and one Indian was killed. Eight Indians were captured and the remainder fled with the deputies in pursuit. There were about fifteen Indians in the band and they had taken refuge in a house. The deputies had traced them from all sides, the house was fired a volley at the front house. The Indians rushed out, scattered among the trees and made a valiant defense. The posse, steadily advanced and routed the band. None of the captured is seriously injured, but it is said that a number of other Indians were hit with bullets, some of which they were called together Sunday by the smoke of signal fires.

FREDERICTON, N. B., Mar. 29.—Col. March, this afternoon dismissed the case against McKinnon. His honor admonished the young man for the part he had played in the affair. As a married man he should be heartily ashamed of himself, and his friends should be ashamed of him. They had no doubt, he said, and girls perhaps one of whom might at some time come into the hands of men like themselves, and if they ever did it was likely that they would fare ill. He had no doubt in his mind that they came to the city for the express purpose of meeting these young ladies, and were bent upon this purpose. He had no sympathy whatever for them, and personally he would have liked to proceed with the case, and he would have treated them to the punishment to the full extent of the law, as this was one of the worst offenses punishable.

Had Dropped the Case

Sergeant Major Duncan had dropped the case, not wishing to bring certain other young people into the courts. McKinnon was visibly affected and shed tears.

WOMEN WANT MRS. GATT.

German Suffragettes Anxious to Hear Her on Women's Rights. BERLIN, March 27.—Encouraged by the untimely death of Mrs. Gatt, the German suffragettes are preparing to begin a great campaign in Berlin on March 29. They have invited Mrs. Carrie Chapman Catt, of Wyoming, President of the International Suffrage League, to come here from Hungary, where she is now conducting an agitation, and to address a public meeting, which shall be the opening gun of a "national crusade." It is intended to give Mrs. Catt a rousing welcome on her arrival at the railway station, and to conduct her in triumph to the great "Architects" Hall where the meeting will be held. Two English suffragettes, fresh from the "marryhood" of imprisonment, have been holding meetings in Munich. A Berlin suffragette has petitioned the Prussian Diet to give women the vote in communal elections.

KING PETER MAY LEAVE

Duke of Teck and Prince Arthur of Connaught Also Named

BELGRADE, March 29.—Serbia has surrendered completely to the demands of Europe and the tension of six months over the Balkan situation, come to an end this afternoon. The King of Serbia probably will accept Balkan question at rest for many years. The ministers here of Great Britain, France, Russia and Italy will probably inform the Serbian government of their recognition of the annexation of Bosnia and Herzegovina by Austria-Hungary. They will advise Serbia to consider this question closed and issue a circular note to all powers, acknowledging this annexation and at the same time to Austria-Hungary of her possession of Bosnia and Herzegovina and revoking all claims to indemnifying concessions. Serbia undoubtedly will swallow this bitter medicine and follow the advice of the powers.

PREPARING TO LEAVE

LONDON, March 29.—Special dispatches received here from Rome and Vienna give rumors that Peter, the King of Serbia, and all the members of his family are preparing to leave Belgrade. The message from Rome says that King Victor Emmanuel has received a letter from Belgrade to this effect: that King Peter and his sons are leaving Switzerland. King Peter suggests that the youngest son of Prince Nicholas of Montenegro take the crown of Serbia. The King of Italy, according to this despatch, does not oppose the abdication of King Peter, but he will insist that Peter's son, Alexander, succeed him. The despatch from Vienna says that an influential party in the Serbian parliament is agitating against the Karagevich dynasty, the family of King Peter, and discussing either the Duke of Teck or Prince Arthur of Connaught as possible successor to the throne.

LOCAL MATTERS OF INTEREST.

SATURDAY

The evening Peers and Siloam days. Among those who have recently signed the petition are the mayor and a large number of the aldermen. The petition has recently been left at the desks of Messrs. A. C. Smith and Co., Charlotte street; Bailey, Brussels street; Clinton Brown, Union street; and Mowat, Haymarket square, at the bookstore of T. H. Hall and the barber shops of Messrs. Warm, King street; Logan, City road, and Dwyer, Union street.

Regarding the Montreal business man who was captured at Halifax Saturday night as he was about to elope with a young Montrealer, the names given by the police were not correct. Max Briand is really Max Morescott, formerly of New York. The girl's parents are said to be named Genser, and keep a summer home at Joliette, Que. It is also said that the man has a wife in the States.

WEDNESDAY

A genuine surprise was accorded Mr. and Mrs. D. A. Morrow, Spring street, Tuesday evening, when a party of friends and relatives numbering about 60, arrived in the city to tender congratulations on the tenth anniversary of their wedding. Evidences of good will were apparent when, during the evening, Rev. Harris made a presentation on behalf of the gathering, of a beautiful candelabra. Several pleasant hours passed all too quickly and all dispersed with many hearty wishes for continued prosperity.

MONDAY

Alex. Gregory met with a painful accident this afternoon, having his right leg badly bruised by being struck by a gangway while at work on the Manchester Mariner.

THURSDAY

The fourth of the series of special services was held in St. John's Presbyterian church last evening. Professor J. W. Falconer was the featured speaker. In eloquent language he set forth the supreme excellence of the life that seeks first the kingdom of God. The subject for this evening's meeting will be "The Christian Life." A male quartette will sing during the service.

TUESDAY

Unaffected by an exposure of over two months and easily recognizable, the body of Henry Harding, who in January last lost his life in trying to save the mill dam of the Inglewood Pulp and Paper Company at Musquoddy, was found by the coroner's jury at a point one mile below the scene of the accident. The remains were immediately taken to the Orange Hall, from where they will be removed on Wednesday to the cemetery for burial.

An athletic association has been organized at Millville and an endeavor is to be made to secure the hall formerly occupied by the I. O. G. T. and fit it up as a gymnasium and reading room. There are at present 25 members and the officers are: Captain Robert White, honorary president; Ernest Gregory, vice president; Robert White, secretary, and Arthur Coder, treasurer.

The petition to the Minister of Justice in regard to W. Herbert Downie is still being largely signed. The petition will be left open for a few more days. Among those who have recently signed the petition are the mayor and a large number of the aldermen. The petition has recently been left at the desks of Messrs. A. C. Smith and Co., Charlotte street; Bailey, Brussels street; Clinton Brown, Union street; and Mowat, Haymarket square, at the bookstore of T. H. Hall and the barber shops of Messrs. DEATHS.

R. H. B. TENNANT.

The community at large will learn with regret of the death of R. H. B. Tennant, who passed away at his residence, No. 74 Germain street, last night about 10.30 p.m.

MRS. ROLAND ROBB.

AMHERST, N. S., March 31.—Children of Amherst were shocked at the news of the very unexpected and sudden death of Mrs. Roland W. Robb, at her home, Victoria Street, at an early hour this morning. Deceased gave birth to a child yesterday, but no fear of her death was indicated. Before her marriage Mrs. Robb was Miss Mabel Geraldine Pugsley, daughter of John Pugsley, head of the firm of Etter and Purdy, dry goods and menswear. Mrs. Robb is a member of the Robb Engineering Co., and son of David Robb, president of the same company. Deceased was prominent in musical circles, being possessed of an unusually fine voice which had been trained at some of the best musical centers. She was of a particularly bright and cheerful disposition and universally popular. Besides her young husband and one sister, Gwendolyn, who will all miss the deepest sympathy of the most of her friends, Mr. and Mrs. Robb were married her last June, she was 28 years of age. Hon. A. B. Etter, M. L. C., is an uncle. Her father, Mr. and Mrs. D. W. Robb, and daughter, Miss Vera, are in New York.
