

The Acadian

DEVOTED TO THE INTERESTS OF WOLFVILLE AND EASTERN KINGS

Vol. XLI. No. 48.

WOLFVILLE, NOVA SCOTIA, FRIDAY, September 15, 1922

\$2.00, payable in advance

AVONPORT BRICK WORKS

Enter Upon New and Promising Line of Production

The clay working establishment of L. E. Shaw Ltd., at Avonport, has been making a number of changes in their plant during the past year and taking on new features which promise to greatly enlarge and enhance its importance to the community. Due mention of these will be made in a future issue when THE ACADIAN hopes to be in a position to make a visit to the works.

For the present our purpose is to refer to an important arrangement which the management has recently made with the Interlocking Tile Co., of Toronto, by which they are to undertake the manufacture of their product for the Maritime Provinces. The interlocking tile, which has been made for many years in the United States by the Dennison Co., has recently been introduced into Canada and factories for its production have already been established in the Upper and Western Provinces.

As a building material the interlocking tile has been found far superior to the old brick, is more easily laid and furnishes a far superior wall. Last winter it was brought to the attention of Mr. Shaw and he at once entered into negotiations which have just been completed by which the Avonport plant will control the supply of these tiles for the Maritime Provinces, paying a royalty to the owners. It is the purpose of L. E. Shaw Ltd. to begin the manufacture of the interlocking tile as soon as the necessary dies can be secured, and next season they will expect to do a large business and employ an additional number of men.

The interlocking tile is a large hollow brick about seven times the size of an ordinary brick, and with it walls eight, twelve or sixteen inches in thickness may be constructed. These walls have the advantage of an air space and a broken mortar line which makes them less liable to frost or fire, and more desirable in every way. If desired they may be veneered with any brick and may be plastered on the inside without any other preparation.

THE ACADIAN congratulates L. E. Shaw Ltd. on their enterprise and wishes them abundant success in their new undertaking.

CANARD NOTES

Mr. and Mrs. J. E. MacGowan and their sons, Earle and Donald, of Lower Canard, left home on Saturday last and motored to Chester and other points on the South Shore, arriving home on Monday evening by the way of Windsor. After so much rain, they found the roads in bad condition for motoring.

On Wednesday evening of last week Mrs. Fred Eaton gave a "Corn Boil" in honor of Miss Evelyn Eaton, who leaves for India on Friday, September 15th. She was presented with a handsome gold wrist watch from the young people of the street. And on Friday evening a Missionary Concert was given in the Upper Canard Baptist church. A very pleasing program was rendered, then Miss Eaton was presented with a check of one hundred dollars, from the church. Also a ring from the Missionary Aid Society. Miss Eaton will be greatly missed in Canard but we all wish her joy and happiness in her noble work.

Miss Margaret Burbidge, of Lower Canard, left on Monday for Mount Allison Ladies College.

The Lower Canard school has opened for the year. The teachers are Mrs. O'Brien, of North's Corner, Canning; and Miss Wood, of Woodville.

Mr. L. Eaton and son, Eben, left for their home in Milton, Mass., on Tuesday, September 12th.

Miss Leah Borden, of Lower Canard, left for Mount Allison on Saturday, Sept. 9th. Miss Borden plans on teaching there another year.

BOSTON SYMPHONY ENSEMBLE

This famous organization scored a distinct success in St. John, where the papers are loudly enthusiastic in their praise. The program as arranged for our concert will include several of the popular classics which are familiar to us through the medium of the victrolas. Thus we will hear such numbers as the Liszt "Hungarian Rhapsody", the marvellous musical expression of the Gypsies; the religious "Ave Maria" by Gounod, so touching in its appeal; a selection from the famous opera "Carmen". For the Symphonic masterpiece the orchestra will perform the "Surprise Symphony" by the master, Haydn. It is said that Haydn was asked to compose this symphony for English royalty; being afraid that they might doze off during the slow part of his masterpiece he wrote a crashing chord which comes as a complete "surprise" to the listener. The "Angelic Dream" by Rubenstein is another number which is so popular and which the orchestra will render in its inimitable manner.

SAYS CANADA IS BEST

Lord Shaw of Dumfries, who, after extensive travels in the United States and Canada, says: "In the United States the middle west seems to have been given over to the genius of desolation; in Canada it seems to have been given over to the genius of fruitfulness."

WOLFVILLE HARBOR IMPROVEMENTS

Work of Dredging to be Begun at Once

The welcome news has been received that the work of improving Wolfville's harbor is to be begun at once and completed as soon as possible. Mr. William MacKinlay, of Mount Denson, who has been awarded the contract, has associated with him Mr. W. C. B. Harris, of this place, and it is reported that the sum of \$12,000 is to be expended. Some of the equipment necessary for the undertaking is already on the ground and if good weather conditions prevail the work, it is said, will be completed before the winter. This is a project which the THE ACADIAN has advocated in season and out and we are glad to be able to announce that it now bids fair to receive the attention which it deserves. If the work is properly done the amount to be expended should make a very great improvement in our shipping facilities and be of immense advantage to the port and surrounding districts. THE ACADIAN will keep its readers posted as the work proceeds.

DEATH OF MISS ROWENA CHIPMAN

The funeral of the late Miss Rowena Chipman, formerly of Greenwich, took place at Wolfville on Monday last. Miss Chipman had been a resident of the Old Ladies' Home, Halifax, for some years and passed away after a prolonged illness on the night of the 15th September, aged 82 years.

Miss Chipman was a lady of retiring disposition and much beloved by all who knew her. She was a sister of the late Mr. X. Z. Chipman, former treasurer of Acadia College. Her only surviving relatives live at a great distance from Wolfville, including three nieces, Mrs. W. V. Higgins, India; Mrs. Edgar Higgins and Miss Minnie Chipman, of Honolulu. Appropriate services were held in Halifax and the interment took place upon the arrival of the morning train at Wolfville. The pall-bearers were Rev. J. H. Bars, Messrs. Edson Graham, Harding Bishop, F. W. Barteaux, Rev. Dr. MacDonald conducted the service.

A UNION PRAYER MEETING

The Presbyterian-Methodist union prayer meetings, which were held during the first month of the summer arrangement in the Presbyterian church, will be held for the remainder of the term in the school room of the Methodist church. The meeting on Wednesday evening was presided over by a long-ago leading worker in the church, Mr. J. W. Caldwell, of Ottawa, who left Wolfville twenty-three years ago. Mr. Caldwell took as his subject "First things", and gave a helpful address based on selections of scripture which he read. The meeting was an interesting and profitable one, in the course of which a number of speakers expressed their satisfaction in seeing the leader back in his old place, and made fitting reference to the support which he always gave in the old days of his residence here to community, church and social matters which were really worth while. Mr. Caldwell testified to his pleasure in again being back in the old home town where he had spent so many pleasant years, and in the society of so many with whom he had formerly associated in the Master's work. In the intervening years as well as during all his life since he came to Wolfville as a youth he feelingly testified to God's leading and kindly care.

Mrs. (Dr) Primrose has rented her bungalow on Highland avenue to Miss Harry, V.O.N. who with her mother will occupy it during the winter.

SCHOOL BOARD MEETING

Grades 6 and 7 to be Put in Separate Rooms and New Teacher Engaged

All the members of the School Board were present at the regular monthly meeting which was held on Monday evening of this week because of the falling of the appointed time on Labor day.

The chairman reported that a supply of "dustbane" for use in the various departments had been obtained.

Principal Silver was present and reported briefly on the attendance of pupils in the different departments. At the High School at present there are 72 on the register. In Grades 6 and 7 an overcrowded condition was reported and it was decided that in view of this that these two grades be divided and that a new teacher be engaged for Grade 6. In order to provide accommodation for this addition it was decided to fit up the middle room on the second floor of the old building. This is to be provided with tables and chairs and will be occupied by Miss Power with Grade 7. The chairman with the secretary and Principal Silver were appointed a committee to make the necessary arrangements and secure the services of a competent teacher.

Some discussion took place regarding the attendance of children under the age of five years and it was resolved that the Board accept no children for the public school under five years of age.

The following bills were read and ordered paid: Governors of Acadia University, \$76.08; J. E. Hales & Co., Limited, \$1.68. A communication from the V.O.N. was read and Com. Eaton and Mayor Sutherland were appointed a committee to look into the matter and report.

It was reported that an offer of \$8.00 had been received for one of the stoves in the old building no longer required and it was decided that the offer be accepted.

A CRYING NEED

In our town is an ambulance. We boast of our Hospital, and rightly so, but should we not (without boasting) possess a conveyance, whereby our suffering citizens could be carried to and from their homes, and the trains, without being exposed to the elements and the curious eyes of the public. Surely if there is any one in our life when privacy is desired, it is when one is suffering. A victim of a recent painful accident said, "The worst part of the whole thing was being driven through the public street without adequate covering". It is a painful and pathetic sight to see a suffering person carried in an open conveyance through the street, with their faces exposed to the gaze of the public. It is neither humane nor Christian, that it should be so. When so much is being done for the benefit and comfort of the needy in our town, let us not forget those who suffer in this way, when with a little extra effort they could be made so much more comfortable.

And also may the day soon come when our railway trains will have suitable compartments for the suffering in body and in mind. That one may not have to be shoved into a baggage car like so much merchandise, and that the sick in mind may not have to travel exposed to the public. In many cases to the distress of those who are forced to endure it, and to the discomfort of those who are caring for the sick.

Rev. G. W. Miller addressed the Acadia Academy Bible class on Sunday morning, Sept. 10th, and Rev. Dr. A. T. Kempton, of Cambridge, Mass., gave an address to the Academy Y.M.C.A. on Sept. 13th. Both were much appreciated.

WOLFVILLE DEFEATS KENTVILLE

In Valley League Tennis Match—Score 5 to 3.

Wolfville and Kentville played their second match in the Valley Tennis League at Kentville on Wednesday of last week. As in their previous match Wolfville were the winners, taking five of the eight events.

The most interesting event of the afternoon was the men's singles. Both players gave an excellent exhibition of first class tennis and their volleying, driving and placing was of a very high order. This match went to three sets and although Neary was at one time losing 4-1 in the third set, by superior play and tenacity, he literally pulled the game out of the fire and won. Mention should also be made of the mixed doubles between Miss Chute and Mr. Chute and Mrs. Walker and Mr. Neary.

Ladies' Singles
Mrs. Walker, Kentville, defeated Miss Holmes, Wolfville, 6-1, 7-5.

Gent's Singles
Gordon Neary, Kentville, defeated M. Beardsley, Wolfville, 8-6, 4-6, 7-5.

Ladies' Doubles
Mrs. Hill and Miss Sallie Wickwire, Kentville, defeated Miss Chute and Miss Keirstead, Wolfville 3-6, 6-0, 6-2.

Gent's Doubles
Dr. Leslie Eaton and Prof. Balcom Wolfville, defeated Mr. Thompson and Mr. Eastman, Kentville, 7-5, 6-1.

Mixed Doubles
Miss Chute and Mr. Chute, Wolfville, defeated Mrs. Walker and Gordon Neary, Kentville, 6-0, 6-4.

Dr. Leslie Eaton and Miss Keirstead, Wolfville, defeated Mrs. Hill and Mr. Thompson, Kentville, 6-3, 6-3.

Dr. E. Eaton and Miss Holmes, Wolfville, defeated Miss Sallie Wickwire, and O. Leitch, Kentville, 6-0, 6-4.

J. Scriven and Miss Coit, Wolfville, defeated Miss B. Wickwire and Mr. Eastman, Kentville, 6-2, 7-5.

VALLEY TENNIS LEAGUE

The final match in the Valley Tennis League was played at Kentville last Saturday when Windsor defeated Kentville by the score of eight events to three. Wolfville and Windsor are tied for first place in the league and the standing of the teams follows:

Team	Won	Lost
Wolfville	3	1
Windsor	3	1
Kentville	0	4

GASPEREAU ITEMS

Mrs. Philip Payzant, of Falmouth, spent the week-end with Mrs. Peter Gertrude.

Mr. and Mrs. Emery Coldwell, with and Mrs. D. A. Westcott, motored to Hantsport on Sunday last and spent the day with Mr. and Mrs. William Cruikshank.

Mr. Parry Davison, of Wakefield, Mass. is visiting his aunt, Mrs. J. D. Martin. The Women's Institute meets with Mrs. Margaret Davison at Kentville on Thursday afternoon, Sept. 21.

Miss Vera Duncanson and Mr. Earl Sawyer spent Sunday with Mr. and Mrs. Cecil Holt, Canard.

Many friends will be pleased to learn Mr. Bruce Coldwell was successful in the Provincial Examinations obtaining his "C" certificate. Also Miss Marion Coldwell and Mr. Llewellyn Schofield their "D" certificate.

YOU ARE INVITED TO ATTEND THE MILLINERY OPENING AT MISS SAXTONS ON THURSDAY, SEPTEMBER, TWENTY-FIRST, AND FOLLOWING DAYS.

NOW A PUBLICITY AGENT

Walter S. Thompson, who has been with the Grand Trunk Railway for sometime, has been appointed Publicity Agent of that Railway. He is widely known not only throughout Canada, but in Great Britain, Australia and New Zealand, in all of which countries he had wide experience as a newspaper man.

ACADIA COLLEGIATE & BUSINESS ACADEMY

The formal opening of Acadia Collegiate & Business Academy took place in the Chapel Room in Rhodes Hall on Friday morning, Sept. 8th. The attendance was the largest in recent years for the opening day of the term. Among the visitors present who made addresses were: Rev. Col. J. H. MacDonald, D.D., C.B.E.; Capt. A. H. Chute, Bermuda; Rev. A. J. Prosser, Canard; Rev. E. S. Mason, M.A.; Dr. W. H. Thompson, of Acadia University. The addresses given by these gentlemen were admirably suited to the occasion.

The Academy Residence accommodates the staff of teachers and approximately 80 students. This building is fully occupied and a large number of day pupils have also been registered. A Lower School department has been opened for younger boys. Provision has been made for the accommodation of additional students in an adjoining building.

This Academy was known as Horton Collegiate Academy from 1829 to 1910. In that year the name was changed to Acadia Collegiate & Business Academy. Students are prepared for all colleges and Professional Schools, and are given thorough training in Business. The Academy is patronized by students of all denominations throughout the Maritime Provinces. This year a number of students are also enrolled from the United States and Newfoundland. This is the ninety-fourth year of this institution. The present Principal, Dr. W. L. Archibald, succeeded Mr. E. W. Robinson (now M. P. for Kings County) in 1910.

ACADIA LADIES' SEMINARY

Acadia Seminary opened on Friday last with an enrollment of 100 resident pupils and more are expected before the end of the month. There is also a large number of day pupils who find the courses in Art, Music and Expression increasingly popular.

Some changes are noticed in the personnel of the teaching staff. Mr. Carl Farnsworth assumes the charge of the Conservatory. With him are associated the following teachers: Miss Lillian E. Wood, Piano; Miss Nathalie Gifford, Voice; Miss Ruth L. White, Violin. Mr. W. A. Jones, who has spent the summer in Wales and England, studying new methods for application to the work of his department has returned to resume his work in the Voice Department. Miss Evelyn Cogswell and Miss Pearl Griffith have charge of the Department of Expression and Physical Education.

Mr. Lewis E. Smith, assisted by Miss Annie Ricker, are again at work in the Art Department. Miss Eugenie Gascard who has been granted six months leave of absence, is spending her well earned vacation in England, France and Switzerland. In her absence Miss Helen Starr is taking her place.

CLINIC ITEMS

Dental Clinic Friday, Sept. 22nd, at Kentville Academy. We are all very careful that the food our children eat is clean; it must be washed after being handled by the peddler or merchant; we carefully wash our dishes after each meal, so that there will be no particles of food left on them which, taken into the stomach, might make the child sick; and then that child at table puts that clean food from a clean plate into a mouth so vile and filthy from diseased teeth that not one particle of food reaches the stomach uncontaminated.

It is not time that the fathers and mothers of our school children adopted the slogan, "Care for the Baby Teeth First"—Dr. Paul Baker of the Dental School Dental Clinic.

I. O. D. E. FETE

Was Largely Attended and a Great Success

The Grand Fete under the auspices of the Sir Robert Borden Chapter, I. O. D. E., which was held at Evangeline Rink yesterday afternoon and evening, was a huge success and reflected the greatest credit upon the ladies who assisted in the arrangements. It is safe to say that the old rink never presented such an attractive appearance and great credit is due the committee which under the leadership of Mrs. A. M. Wheaton had charge of the decorations generally, as well as to the ladies who had charge of the individual booths. All these latter gave such evidence of originality and artistic skill and were so attractive in appearance as to defy adequate description. Flags and bunting, green foliage, beautiful plants and cut flowers abounded everywhere and the whole scene presented a view of fairy land that would be very difficult to excel.

Special mention might be made of the ice cream and candy booths, which occupied a central place in the building. Other beautiful booths had tempting displays of fancy work, aprons, cut flowers and potted plants, home cooking, canned goods samples and novelties, soft drinks, etc., and the "white elephant" with its variety of articles of every description.

Those who wished might have their fortunes told, or their portraits painted, or try their skill at the shooting gallery, while wonderful sideshows abounded and were generously patronized. For the children there was the fish pond, the human pin cushions, and the pony ride, each of which proved a source of delight to the young folk.

The Fete was well patronized especially in the evening when a fine program of music was furnished by the Kentville band and greatly enjoyed. The brilliantly lighted and handsomely decorated building presented a gay scene and everybody was pleased.

Next week THE ACADIAN will give other details impossible for us to secure with the limited space and time at our disposal.

PORT WILLIAMS

A most interesting meeting was held in the Christian church on Friday week when Mrs. Romig, of Winnipeg, the Past Secretary of the Women's Missionary Board, spoke on their extensive fields of work, illustrating by very fine Stereopticon Views her lecture. Their work embraces many hospitals and schools of which the views were exceptionally good. At the close Mrs. Freeman, of Halifax, spoke a few words of appreciation which voiced the sentiment of the whole audience.

Mrs. (Capt) Faulkner has had as her guests her sister, Mrs. Iverson, of Brooklyn, N. Y., and her friend Miss Hamilton, of Halifax.

Mr. Weston Weaver and son, of Bristol, R. I. have been visiting his brother Mr. Fred Weaver.

Mrs. M. K. McKinnon is slowly recovering from the effect of the auto accident on Labor Day, when the car plunged in the ditch on the Dyke Road turning over. It was a wonderful escape for both Mr. McKinnon and wife.

The same day Mr. and Mrs. Cameron Murphy, with a friend who was visiting them, were thrown from their carriage, by the horse becoming frightened on the Iron Bridge and narrowly escaped serious injury.

Mrs. Messenger arrived from Vancouver last week to spend the winter with her friend, Mrs. M. K. Eils.

Miss Gladys Newcombe is teaching in Wolfville. She has also taken the position of organist at the Baptist church for the winter. Prof. Jones, of the Seminary staff, will be the new chorister.

Lucy Cogswell has entered Acadia Seminary, in the Junior year of Musical Course.

Mary Vaughan has entered Mount Allison Ladies Seminary for a course in Domestic Science.

Edith Hanson, Dorothy McKinnon, and Mason Cogswell are attending the Wolfville High School.

Miss Jean Murphy is spending her vacation with her parents here.

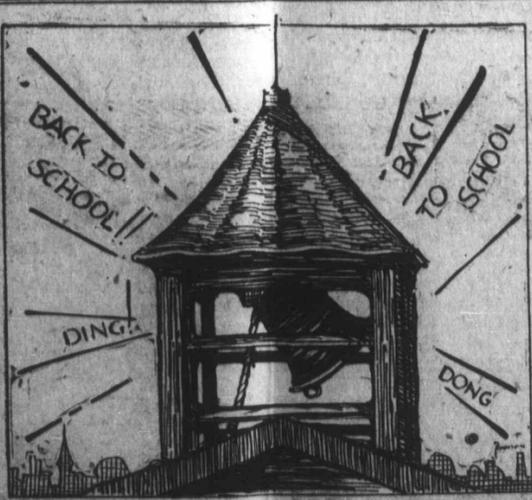

Misses Laura Hanson and Irene Gates returned Saturday after a delightful trip to Toronto where they took in the National Exhibition.

Mr. Lawrence Eaton and bride, of Brockton, Mass., spent Sunday the guests of his cousin, Mrs. G. H. Gates.

Messrs. Harold Chipman and Roy Faulkner have entered Acadia Academy for their Senior year.

Curtis Newcombe has entered the Kentville Academy to take his grade XII.

Mrs. Edward Hart, of Berwick, was burned so badly on Saturday morning as the result of an explosion in lighting the kitchen fire that she died early Saturday evening. Using kerosene was the cause of explosion.

A SAD REFRAIN FOR THE YOUNGSTERS

—Johnson in British & Colonial Press

W. C. T. U. Notes

Women's Christian Temperance Union first organized in 1874.

AIM—The protection of the home, the abolition of the liquor traffic and the triumph of Christ's Golden Rule in custom and in law.

Motto—For God and Home and Native Land.

BADGE—A knot of White Ribbon.

WATCHWORD—Agitate, educate, organize.

Let us not judge one another any more, but judge this rather, that no man put a stumbling block or an occasion to fall in his brother's way. RM. 14 : 81.

OFFICERS OF WOLFVILLE UNION:

President—Mrs. J. G. Elderkin.
 1st Vice President—Mrs. W. O. Taylor
 2nd Vice President—Mrs. G. W. Miller
 Recording Sec'y.—Mrs. Ernest Redden
 Cor. Sec'y.—Mrs. Annie Murphy.
 Treasurer—Mrs. H. Pineo

SUPERINTENDENTS

Evangelistic—Mrs. William Chipman
 Parlor Meetings—Mrs. Stanley Robinson.

Labrador Work—Mrs. J. W. Vaughn
 Fishermen and Lumbermen—Mrs. W. E. Fielding.

Anti-Narcotic—Mrs. W. O. Taylor
 Flowers, Fruit and Delicacies—Mrs. D. G. Whidden
 Christian Citizenship—Mrs. B. O. Davidson.

Press—Mrs. M. P. Freeman
 Willard Hall—Mrs. M. P. Freeman
 Temperance in Sabbath Schools—Mr. C. A. Patriquin.
 Supt. Tidings—Mrs. T. Hutchinson.
 Business meeting of the W. C. T. U. the last Monday of every month

WOMAN'S CHRISTIAN TEMPERANCE UNION WORLD'S CONVENTION

The World's Convention will be held in Philadelphia, in the Academy of Music, November 11-16, 1922, which will be followed by the National Convention at Atlantic City, New Jersey, November 18-23, 1922. The last International Convention was held in London two years ago.

President Harding has been invited to welcome and address the foreign delegates. About thirty-five countries will be represented. According to the last reports five delegates were chosen recently in India, several in South Africa, some of the most prominent women of British Isles, etc.

Being an event of a lifetime we are doing all we can to make it unusually big in every respect. We have twenty-five organized departments at work. Specialists will address sectional meetings, giving valuable help along lines of scientific instruction, child welfare, moral education, Christian citizenship, Americanization, etc., besides that which will be derived from the general program.

It will be a matter of deep regret and disappointment to many that Lady Cecilia Roberts will not be present at the World's Convention, her health not being equal to the sea voyage.

Among the illustrious leaders from England expected is the Right Hon. Leif Jones, Mr. Jones is a member of the British House of Commons and President of the United Kingdom Alliance, and an outstanding champion of the Temperance Cause in the British Isles.

Thirty-five countries are expected to be represented.

From far-away India we shall have the National President, Mrs. Price, Miss Mary Campbell and others.

From Australia Mrs. Carvossa, the devoted Secretary of many years faithful service will come.

I hope to plan for European ladies a short tour in the U.S.A. before the Convention, possibly landing at Montreal, thence to Toronto, Niagara Falls, Washington, and Philadelphia, sailing from New York after the Convention for England. Or

land in Boston, thence to Niagara Falls, Washington, and Philadelphia. Hospitality, including bed and breakfast, will be given all overseas delegates in Philadelphia. Agnes E. Slack, Hon. Secretary, World's W.C.T.U.

HIGH COST OF SCHOOL BOOKS IN NOVA SCOTIA

(From the Halifax Herald)

Coincident with the opening of the public schools of the city, which takes place tomorrow, many complaints are being made with regard to the continued high price of text books of all kinds. Heads of families, especially those of the poorer class, faced with the necessity of providing books for their children, say that although there has been some reduction in other necessities, evidently the downward revision does not effect the high cost of education.

In an interview with Dr. A.H. MacKay, superintendent of education, The Herald was informed that the price list of text books as published in the April, 1922 edition of the Journal of Education, would remain unchanged for the balance of the year. Those prices are the same as were in force in 1921 and previous year, when conditions were a great deal better than at present.

Complaints in this respect are not confined to residents of Halifax, but are becoming general throughout the province, and not only is the continued high price attacked, but a prominent member of the legal profession, a resident of Sydney, states that the text books authorized by the Council of Public Instruction for the province of Nova Scotia, are in many cases reprints of the Ontario editions, and are identical with those in use in the Ontario schools, in everything excepting price. At any rate, school book prices in that province are much more reasonable than here, as the following figures will show:

Ontario.	
	Cents.
First book reader	44
Second book, reader	61
Third book, reader	104
Fourth book, reader	12
Geography	58 1/2
Speller	13 1/2
Arithmetic	7 1/2
Hygiene	18
Composition grammar	22 1/2
Canadian history	22
English history	22
No. 1 drawing book	5

Nova Scotia.	
	Cents
Atlantic reader, No.1	30
Atlantic reader, No.2	40
Atlantic reader, No.3	50
Atlantic reader, No.4	60
Geography, Calkin's Junior	\$1.00
Speller, grades 3 to 10	45
Elementary arithmetic	65
How to be healthy	65
Public school grammar	60
Public school composition	50
Calkin's brief history of Canada	45
Brief history of England	25
Augburg's drawing book	12

The Ontario price list as above, is taken from the pages of a Toronto newspaper. Whether these have been reduced in the meantime, in line with the decrease in the cost of printing, etc., cannot be ascertained, but it is understood that so far this year, the prices have not been increased.

Page 80, of the Journal of Education says: "Instructors and teachers are reminded that the course of study for common schools encourages an economical expenditure for the text books, by providing a system of oral instruction for junior classes". In view of the figures given above, which comprise the prices for junior grade text books, in both provinces, the economical side of the comparison lies wholly in favor of Ontario.

PUNCH HUMORIST DELIVERS HIMSELF OF PITH SATIRES

The gentlemen who purvey humor to the world through the columns of Punch are capable at times of making excellent speeches also. Consider these excerpts from an address delivered to the Bristol Rotary Society recently by Mr. Thomas Jay, of Punch's editorial staff:

The Government does not propose to live within its income, only within ours. The only side of politics I like is the outside. During the war we were told we were fighting for dear life and we've got it all right. Opinion is that when the meek come to inherit the earth the taxes will be so high that they will forego the claim. The only difference between death and taxation is that death is sometimes painless. Prices in shop windows were once an indication of value . . . now they are an indication of nerve.

Prohibition is a great thing if it can make a corkscrew lead a straight life. America has prohibition, and the Statue of Liberty is up for sale. The only thing allowed to get tight in America is money. Don't let us talk about business . . . it isn't respectful to speak of the dead. We owe a lot to America. Edison said we used to sleep too much. So he invented the gramophone.

Golf originated in Scotland, and that probably accounts for so many Scotsmen escaping to England. Golf is a game in which the ball lies well . . . and the player badly. Scotsmen are never in danger of being overcrowded at home, while there is room in England. Some credit Scotsmen with introducing the haggis. That isn't a credit . . . it's a debit. Bagpipes are all right if people would let them alone—Montreal Star.

He approached her with a look of tenderness in his eyes. "Darling," he began as he started to encircle her waist with his arms—

"Put on your brakes, kiddo," she interrupted, "you're nearing a dangerous curve."

Keep Minard's Liniment in the house.

CANADIAN DOLLAR AT PAR

New York Herald: "The Canadian dollar is at par. The importance of this economic event is evident. By it Canada is added to the small list of nations in which paper currencies serve only as substitute or subsidiary money, a list until lately confined to the United States and a very few lesser countries.

The steady rise of the Canadian dollar is left unexplained by official trade figures. Exports from the United States to Canada in the fiscal year 1922 amounted to only \$308,000,000, it is true, as compared with \$789,000,000 in 1921, but this is offset by a corresponding decline of imports from Canada from \$529,000,000 to \$308,000,000. Among the other possible sources of Canadian cash receipts must be counted American investment in Canadian properties.

The equalizing of Canadian exchange will doubtless affect this country in two ways; it will stimulate trade with our northern neighbor and it will add materially to our exports of gold. The rise of the Swiss franc to par some months ago caused the mountain republic to become a recipient of no little gold. Whether or not we may expect a similar event in Canada depends on whether the movement in progress for many months past goes on."

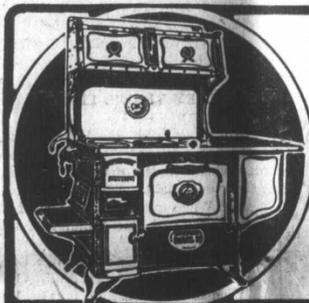

Amundsen's North Pole trip won't be like his South Pole trip. There is all the difference in the world between the two places.

They Want Their Customers To Use The Telephone

A large manufacturing concern having many distributing warehouses established throughout the Province recently wrote us for lists of Long Distance Telephone Rates between the places where these warehouses are located and points in the districts served by them.

This concern's object was to use the lists in connection with sales letters to customers and to encourage them to telephone their orders to these warehouses.

We were glad to furnish the lists.

That company is one of the ever increasing number that appreciate how orders telephoned in make prompt shipments possible, and prompt shipments, as every business man knows, form an important element in the founding and maintaining of goodwill between manufacturer and dealer.

Newspaper Advertising

is the cheapest and most effective method by which the local merchant can reach the buying public. No expense or trouble to get the message into the homes as there is in the case of circulars. Practically every family takes THE ACADIAN and everybody in the home reads it.

Better than a Catalogue

To issue a catalogue is beyond the power of the ordinary merchant but a weekly message in the columns of THE ACADIAN is much better, and the mail order houses acknowledge that their business is least in the district where merchants use the columns of the local paper.

START NOW—The present is the time to prepare for the fall campaign. In a few weeks many families will be preparing a list of fall and winter requirements, and the local merchant who is not in the family circle by means of advertising is forgotten.

Make your Contract at Once for the Next Six Months at Least

THE ACADIAN

PUBLISHED EVERY FRIDAY AT WOLFVILLE, N. S.

FAVOURITE RECIPES

Pumpkin Chips

12 pounds pumpkin, 1 pound green ginger, 2 lemons, sugar.

Cut the fruit into strips one inch square and one eighth inch thick. Prepare ginger by paring and slicing thinly and boiling one hour in a syrup of equal parts sugar and water. Slice lemons as for marmalade. Put all in a preserving kettle and let stand twenty-four hours, after adding an equal weight of sugar. Boil about one and one-half hours, or until fruit is transparent, and can.

Marmalade

1 orange, 1 grapefruit, 1 lemon. To one pint of finely sliced fruit add three pints of cold water and let stand over night. Cover seeds and white fibre with water in a separate bowl, and strain liquid off seeds into orange the next morning. Boil fifteen minutes, and again let stand over night. The following day weigh, and to each pound of fruit add one pound of granulated sugar. Stir well and boil until a little, well cooled, will jelly. Pour into jars and when cold cover with melted paraffin.

Green Tomato Mince Meat

1 peck green tomatoes, 1 peck apples, 6 pounds brown sugar, 2 pounds currants, 2 pounds raisins, 2 teaspoons cloves, 2 teaspoons allspice. Cook three hours.

Chili Sauce

18 ripe tomatoes, 2 or 3 red peppers, 2 tablespoons salt, 1 tablespoon ginger, 1 tablespoon allspice, 1 tablespoon cloves, 1 tablespoon mustard, 1 tablespoon cinnamon, 1 tablespoon celery seed, 1 quart vinegar, 1/2 cup sugar, 2 onions.

Remove skins from tomatoes and cut in pieces. Cut up peppers very finely and onions. Add spice and vinegar and boil for about two hours, until mixture is right consistency, being careful it does not scorch.

Green Tomato Sauce

2 dozen large tomatoes, 1 1/2 dozen apples, 1 pound salt, 4 large green sweet peppers, 1 red pepper, 2 pounds brown sugar, 2 ounces mustard, 2 tablespoons ground ginger, 2 pints vinegar, 6 large onions. Boil 1 1/2 hours.

Green Tomato Pickle

4 quarts green tomatoes, 4 small onions, 4 green peppers.

Slice the tomatoes and onions, sprinkle with 1/2 cup of salt and leave over night in a crock. The next morning drain off the brine. Put in a preserving kettle 1 quart of vinegar, 1 level teaspoon each of black pepper, mustard seed, celery seed, cloves, allspice and cinnamon and 1/2 cup of sugar. Bring to the boil and add the prepared tomatoes, onions, and peppers, cook slowly for 30 minutes. Fill jars and seal.

Unripe Cucumber Pickle (Gherkins)

Wipe four quarts small unripe cucumbers. Put in a stone jar and add one cup of salt dissolved in 2 quarts of boiling water. Let stand three days. Drain cucumbers from brine, bring brine to boiling point, pour over cucumbers, and let stand three days; repeat. Drain, wipe cucumbers and pour over one gallon boiling water in which one tablespoon of alum has been dissolved. Let stand six hours, then drain from alum water. Cook cucumbers ten minutes, a few at a time, in one quart of the following mixture heated to the boiling point and boil ten minutes:

1 gallon vinegar, 4 red peppers, 2 sticks cinnamon, 2 tablespoons allspice, 2 tablespoons cloves.

Strain remaining liquor over pickles which have been put in a stone jar.

Mustard Pickles (Winter Salad)
6 or 8 green tomatoes, 1 head of cabbage, 6 large onions, 2 heads celery, 2 red peppers (cut fine).

Put in a preserving kettle and nearly cover with white wine vinegar. Boil 15

minutes and add 2 pounds of sugar, 2 tablespoons salt, 1 cup flour, 1 teaspoon tumeric, 2 tablespoons mustard mixed with a small quantity of water. Boil for ten minutes and bottle.

Pickled Onions

Peel, wash and put in brine using 2 cups of salt to 2 quarts of water. Let stand 2 days, pour off brine. Cover with fresh brine and let stand 2 days longer. Remove from brine, wash and pack in jars, cover with hot vinegar, to which cloves, cinnamon and allspice have been added.

RULES AS FETTERS OR AS ARMOR

Do rules act as fetters to the spirit, or are they as an armor for defense or for action. Much may be told of a man by the way in which he reacts to rules. To a young poet who aspired to "free verse" the advice was given that it might be as well to learn the rules of meter before violating them. In Reynolds' Discourses we find this bit of wise philosophy:

Every opportunity, therefore, should be taken to discountenance that false and vulgar opinion, that rules are the fetters of genius. They are fetters only to men of no genius; as that armor, which upon strong is an ornament of defense, upon the weak and mishappen becomes a load and cripples the body which it was made to protect.

So much reaction against rules and against the precepts of wisdom and experience is seen today, that it might be well to examine the reasons that underlie them. It is not frequently enough pointed out that rules and commandments are not laid down by the elders to prevent youth from having a bad time, but they are the result of experience and observation. The Ten Commandments are not given to baffle youth, but to prevent the inexperienced from having a bad time. Without them the young would have to experiment and observe for themselves, and would have to go through the fire to discover that it burned.

Experience and observation show that killing, stealing, lying, committing adultery, coveting the belongings of another result in trouble of all kinds, in sickness, in remorse and in sorrow. Rules are laid down by the wise which, if followed, enable the new generation to escape much of the troubles the older ones have experienced.

As in the case of the person eager to violate the rules of poetry, would it not be better to learn the laws of life and the reasons at the basis of them, before starting out so flippantly to violate them? Rules are never the fetters of genius nor of the young. They are the armor that both protects and enables one to put up a strong defence against the woes of life and to conquer in its manifold struggles. The strong and successful soldiers know and practice war. It is the foolish mob that rushes blindly on the machine gun nests.

If youth understands the reason underlying the Commandments, he will keep them. If he sees the reason of rules, he will obey them. Unless, of course, he is one of the foolish who are always rushing headlong toward trouble.

Ask for Minard's and take no other.

IF A MAN WERE REALLY AS STRONG AS A FLEA HOW HE COULD JUMP

Weight for weight, the most powerful professional "strong man" is a weaking compared with many common insects. If our legs had the same relative power as those of a flea, for example, we could jump with ease over a church spire three hundred feet high.

An ant moving a heavy pebble up a little slope of earth is performing a feat equivalent to that of a man pulling a railroad train along the track single handed. Ants have frequently drawn little wagons fourteen hundred times as heavy as themselves.

Even the weakest beetle can lift five times its own weight. The rover beetle has drawn a cart forty-five times its own weight, and has lifted eighteen hundred times its weight in escaping from beneath the cover of a tin can.

An ant, caught up by its hind legs with pincers, has been known to lift a small lead ball, into which it has bitten with its mandibles high into the air. As the ball weighed eight hundred times as much as the ant, a man with strength in proportion could lift forty tons.

Bill Jones marched his wife and twelve children into a shoe store and told the clerk to fit them up.

The clerk worked hard for almost two hours and at last had each of the thirteen whims satisfied as to the foot comfort so started to make out a sales slip. "Oh, I don't want to buy the shoes," said Bill, "just mark down the sizes of each one, I am going to order the shoes from that new mail order house at Kalamazoo."

"Fertilizer! Fertilizer! You'll come here, you Fertilizer," called the tiller of a rocky ten acres.

"Why for do you call that chile, Fertilizer?" asked the new neighbor.

"Ya see ma wife run out of names so we decided to name him after both of us. Ma name is Ferdinand and her name is Eliza so we call him Fertilizer."

Minard's Liniment Lumberman's Friend.

THAT CHEERY MORNING SMILE

Greet each new day with a happy smile. As you wish the world "Good morning" its charm will those you meet beguile. All gloom and darkness scorning. For a happy smile on the face at morn Will make the day feel cheery. And the hours will fly as you truly try To make this world less dreary.

Awake from sleep with thankful heart That a new day is your guerdon; Go forth to labor and do your part To lighten someone's burden.

To wear a smile on your morning face Will make the day seem brighter, As forth you fare to perform your share To make some trouble brighter.

So face each day with a sunny smile, The day new-born to greet you, And scatter sunshine all the while On all who chance to meet you. Go forth from home with a purpose high Some woe to be beguiling, And those who sigh will some good espy Because you go forth smiling.

Their Future

Your Boy, For Instance

Your boy can be interested in his own future.

His ideas will be "steered" by the knowledge of your plans for him.

His "preparation" expenses are provided for "no matter what happens."

Later on his training helps to win confidence,

Leading to his ultimate success, and your deep satisfaction.

If your boy or girl could speak now with the wisdom of later years, they would ask, above all else, for education, training for business,—a real start in life.

Every parent knows that the boy who has training is selected for a good position; and the girl who has the right start can make a place for herself in the world, and always be sure of independence and happiness.

You want your children to be equipped for the battle of life, as others are.

Make Your Plans Secure

Why not provide, as many parents are now doing, that "no matter what may happen" your boy or girl will have the advantage of a good start in life?

In these times they need training and the help you can give as never before.

See what the Canada Life can do with the new

Educational Policy

It will provide immediately, if you should die, an educational fund, to be held in trust at interest for your child's training.

This fund cannot be touched by the child until the date set by you has been reached.

It will then be paid in eight separate payments, six months apart, to cover the four vital years of training.

If you should live, the cash value of the contract, with dividends, will be available at any time to carry out any of your plans.

Nothing could be more simple—the funds provided—your plans made definite and secure—whether you live or die.

You have probably thought this matter over many times. Here is a chance to do something—tangible, immediate, yet quite easy.

Why not find out now what the educational policy will do for your child? This will not put you under any obligation.

THE ACADIAN

(Established 1883)

Published at Wolfville, N. S., every Friday by
DAVIDSON BROS., Printers and Publishers
Members of the Canadian Weekly Newspaper Association.

Subscription Rates—In British Empire, in advance, \$2.00 per year. To U. S. A. and other countries \$2.50 per year.

Advertising Rate Cards and information respecting territory and samples of paper mailed upon request, or may be seen at the office of any advertising agency recognized by the Canadian Weekly Newspaper Association.

Advertisers must have copy in by Tuesday noon in order to insure changes for standing advertisements. New display advertising copy can be accepted one day later.

Correspondence—Letters addressed to the Editor and intended for publication must be short and legibly written on one side of the paper only. The longer an article, the shorter its chance of insertion. All communications must bear the name of the writer, not necessarily for publication. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for the opinions expressed by correspondents.

Editorial Notes

The statement recently made by THE ACADIAN that Wolfville is very inadequately advertised as an ideal summering place was fully established—if necessary—by a conversation which a local merchant had recently with a lady visitor to our town. The lady, who was apparently a somewhat extensive traveller, expressed wonder that she had not before heard of the beauties of this delightful town. It was only by chance that she heard fellow travellers mentioning Wolfville as a place with scenery and decided to make us a brief call. So pleased was she that she decided to extend her visit and after spending three weeks had determined to remain two weeks longer. Wolfville she declared as one of the most charming places she had seen in all her travels and wondered that its citizens did not do more to make its attractions more widely known.

The present season appears to be a most favorable one for the propagation of insect life, and the grasshopper, the house-fly and the mosquito have become a burden to an unusual degree. This last mentioned and most despised is exceedingly in evidence in all sections, and even Wolfville, the favored, has this summer been invaded by the disturber of human comfort. The continuous rainfall which has prevailed throughout practically the whole season is no doubt responsible to a very large degree for the evil. It may be well, however, for those in authority to make due investigation and ascertain if the plague cannot be to a degree otherwise accounted for. The pond at "the bridge" furnishes food for reflection. It may bear no relation, whatever, to the abundant crop of mosquitos but the THE ACADIAN begs to suggest that similar conditions elsewhere in bygone days are said to have produced such a result.

One of the matters discussed at the recent meeting of the Commissioners of Public Utilities held here was the cost of electric current supplied to motors. It was suggested by the management of the hydro-electric company that they were willing in the case of large motors used for industrial purposes to cooperate with the town in making a substantial reduction in order to encourage the use of electric power. It would be decidedly wise both from the standpoint of the company and the town to do all in their power to promote the use of electric motors during the hours of daylight until a sufficient load has been provided to make the service pay. Both might very well afford to provide a reasonable rate, and the town would benefit to a very large degree by the establishment of industrial establishments. In the town of Woodstock, N. B. current for power is furnished by

the generators at one-half the price charged for domestic purposes, and the town gives most of the advantage of the reduction to the customer. Wolfville is particularly well adapted for the establishment of many small lines of industry and cheap and satisfactory power would be a great inducement for these to locate here.

Now that such a large proportion of our summer visitors travel by automobile and remain just so long as they are comfortable and something is to be seen or enjoyed, it will be necessary for Wolfville to make some new plans for their entertainment in view of the changed conditions if our town is to continue to be the most attractive summering place in the valley. This year there has been a large influx of visitors and these have unanimously expressed their delight over what nature has provided in this vicinity. We must do our part, however, in the way of comfortable and not too costly hotel accommodation, the improvement of our streets and roads and the providing of such conveniences as they may need. The present season furnishes abundant evidence that now that the world is getting back to normal Wolfville may again enjoy her old-time summer activity interrupted during the war. Among some of the requirements most desirable to promote this end THE ACADIAN would suggest an automobile park in some convenient location where cars may be safely parked, tents pitched and visitors furnished with whatever they may require at a reasonable cost. In many other towns in other lands the auto park has become a regular institution and is widely advertised as an attraction, and motorists on long or short journeys naturally look for it. Now is none too soon to be considering this proposition for next year.

GREENWICH NOTES

The many friends in this place of Mr. and Mrs. J. E. Morse, Kentville, were very sorry to learn of the illness recently of Mrs. Morse, but glad to learn she is much better now. Mr. and Mrs. Morse being former residents of this place for many years, are well remembered with high esteem by all. Miss Joyce Harvey, who was so successful in the twelfth grade work also the M. P. Q. last year at Kentville Academy, is now one of the teachers in the Kentville school, having the seventh grade upon the very high recommendation of Principal Trask of the Academy. We feel sure Joyce will make a success in the teaching profession.

Miss Christine Harvey is taking a Business Course at Acadia Collegiate and Business Academy, Wolfville. She was successful with the tenth grade work at Kentville last year, making a high pass-mark. We wish her further good success.

NEW COAL SEAM STRUCK IN HANTS COUNTY

Windsor, Sept. 11.—Another seam of coal has been struck by the Gore Coal Co., it is announced here today, at a depth of 398 feet. The company has been operating a six inch drill in a different place from that last reported and today the intelligence is received that a five foot seam has been struck at the depth intimated. The company will not continue boring, it is said, and in all probability shafts will be sunk and further development undertaken.

The news of the strike has been received with extreme satisfaction in Hants County, suggesting as it does that the local supply of fuel will no longer be uncertain.

Items Of Local Interest

Mrs. Celia Fitzgerald has rented Mrs. Annie Schofield's house at Gasperau, where she will reside.

Go to Graham with your Kodak problems and difficulties. His long experience in handling cameras and films is at your service.

The turning of the cattle on the Grand Pre Common Field has been postponed from Friday, Sept. 15th, to Monday, Sept. 18th. By order of the Committee.

Dr. C.E.A. deWitt has recently acquired the desirable Archibald property at Deep Brook, comprising three cabins with tennis court and bathing beach.

YOU ARE INVITED TO ATTEND THE MILLINERY OPENING AT MISS SAXTON'S ON THURSDAY, SEPTEMBER TWENTY-FIRST, AND FOLLOWING DAYS.

The committee in charge of the campaign for the blind in Wolfville report that they have received from the collectors over \$650. All the money is not yet in and when it is a detailed statement will be given.

It is generally recognized that no other teas suit the tastes of Maritime Provinces people so well as "MORSE'S". These teas have body as well as flavour, which is the combination that best suits our Maritime people.

Dr. Hutchins, of Middleton, who has recently received an appointment on the Theological Faculty of Acadia, has purchased the residence of Mrs. Emma Whidden, Highland Avenue, and will move there with his family at an early date.

The Ken-Wo Country Club has secured the services of a professional for a limited time beginning Tuesday morning, Sept. 19th. All those desirous of his services kindly hand their names to secretary, giving date and hour they wish lessons. Lessons \$1.50 per hour.

Mrs. Laura Haliburton Moore, who is now making her home in Parrsboro with her daughter, Mrs. Hamon, was in town on Tuesday. She was accompanied by Mrs. Hamon and little daughter and they were on their way from Windsor where the former has been a patient for some weeks at the Payzant Memorial Hospital. While in Wolfville they are guests at the home of Mr. and Mrs. Ralph Creighton, Linden Avenue.

The Northard & Lowe warehouse at Sheffield Mills station was destroyed by fire on Monday morning. Fire was discovered at about 9:30 o'clock and is supposed to have been caused by a spark from the engine of the morning train which passed a short time before. Other buildings were in danger but were saved as plenty of water was available from an artesian well near by. On request help was sent from Kentville and Wolfville but the danger was passed before its arrival.

The new fire-alarm has now been properly installed and made a very satisfactory test last Saturday afternoon. It was also heard again on Monday morning when the alarm was rung in on account of the call for help from Sheffield Mills. It has been placed upon a lofty tower erected at the rear of the light station and is surmounted by a weather-vane which will be of great convenience to citizens. This is the vane which was formerly on the steeple of the old Baptist church, and will in the future as in the long-ago correctly indicate to Wolfville people which way the wind blows.

Coming Events

Notices under this heading are inserted at 10 cents a line. Each repeat, 5 cent a line; minimum charge, 30 cents. Contract rates on application.

A Baby Clinic will be held at the Parish Hall on Thursday, Sept. 21st, at 3.30 p. m.

Mrs. Robert F. R. Newcombe, Port Williams, will be "At Home" to her friends on the afternoons of Sept. 20th and 21st, and also on the evening of the 21st.

Mrs. H. S. Thurston will receive for the first time after her marriage at the home of Mrs. W. L. Archibald, Westwood avenue, on Wednesday afternoon, Sept. 20th, from 4 to 6 o'clock.

Mr. and Mrs. Ernest H. Goldwell announce the engagement of their daughter Evelyn Maude, to Collin E. Cleveland, of Bays Water, Lunenburg County. Marriage to take place at an early date.

Fruit Trade Commissioner J. Forsyth Smith, of the Commercial Intelligence Service of the Dominion Department of Trade and Commerce, Liverpool, England, who is visiting Nova Scotia for the purpose of addressing local fruit growers on the subject, of apple market conditions in Great Britain and the Continent will deliver an address at the Parish Hall on Monday evening, Sept. 18th.

Maestro Augusto Vannini, the conductor of the Boston Symphony Ensemble has arranged an especially attractive program for Wolfville; this will include not only a symphonic masterpiece, but that wonderful overture from the opera "Mignon", several popular orchestral selections, as well as light, dainty selections, and will end with that masterpiece by the Hungarian composer, Liszt, the famous "Second Hungarian Rhapsody".

AVONPORT NEWS

Miss Olive Parker left on Saturday last for Halifax, where she has accepted a position.

Mrs. Geo. Hills and Miss Dolpha Holmes spent a few days of last week in Kentville, guests of Mrs. R. B. Walsh.

Miss Winifred Courtney, who has been spending the summer with her sister, Mrs. C. A. Holmes, left on Monday for her home in Shubenacadie. After spending a week at home Miss Courtney leaves for Boston to enter a hospital for training. Her many friends here wish her every success in her chosen profession.

Mr and Mrs. Geo. F. Huntley are receiving congratulations on the birth of a son, Friday Sept. 8th, 1922

The following students have again resumed their studies at Wolfville High School: the Misses Mildred, Dorothy and Helen Cox, Miss Bernice Nieforth and Miss Kimba Lockhart;

Mr. John Palmeter, of Kentville, spent Monday of this week in Avonport calling on friends.

Dr. and Mrs. L. O. Fuller and family, of Shelburne, are guests of Dr. Fuller's mother, Mrs. David Fuller.

Mrs. James Stewart returned home on Sunday after spending a week with her daughter, Mrs. Henry Lockhart, Falmouth.

Mrs. Geo. Brooks left on Wednesday for Parrsboro and Port Greville where she will visit relatives.

Miss Kimba Lockhart, Mrs. Bernice Nieforth and Miss Mildred Cox were each successful in obtaining their "D" at the Provincial examinations, making aggregates of 487, 473 and 460.

PRINTED ENVELOPES cost little more than plain envelopes, and they give a much better impression to your customers and correspondents. Ask THE ACADIAN Job Department for samples and prices.

Bridge score pads, 3 for 25 cents, at THE ACADIAN store.

TALLY CARDS, 30 cents a dozen, at THE ACADIAN store.

Good quality playing cards, 50 cents per package, at THE ACADIAN store.

For Sale--Visiting card envelopes at THE ACADIAN store.

While at the home of Mr. Edward Wallace one day this week a representative of THE ACADIAN was shown a number of apples of the Golden Russet variety which were perfectly sound and crisp and of good flavor. A similar case where apples show such keeping qualities would we venture to say, be hard to find.

Owing to the burning out of a transformer on Main street opposite the power station, the business places were in darkness for a time on Tuesday evening. The transformer has since been replaced by one of double the capacity. It is generally known that all our transformers are very much overloaded and immediate steps should be taken to have them corrected, as under the present conditions trouble is liable to occur at any time.

NOTICE!

Notice is hereby given that the partnership heretofore subsisting between us, the undersigned, as wholesale and retail merchants in the town of Wolfville, under the firm name of R. E. Harris & Sons has this day been dissolved by mutual consent. Mr. W. C. B. Harris will take over the wholesale end of the business, such as coal, flour, feed, fertilizer, lime, cement, etc., with office at the head of the wharf, and will conduct business under the old firm name of R. E. Harris & Sons. Mr. J. D. Harris will take over the retail end of the business and will conduct business at the old firm stand at the corner of Main Street and Gasperau Avenue, under the name of J. D. Harris. All accounts owing to the said partnership may be paid to either member thereof. It is requested that all these accounts be settled promptly in order that a partnership settlement may be properly adjusted.

W. C. B. HARRIS
J. D. HARRIS

JOBS FOR TRUCKS AND TRACTORS

Because the original jobs thought of as a tractor's work were those of the field heavy ones have never become allotted to it as much as they might be. There are many mechanical principles within its make-up which may be used to advantage, other than to operate the drive and belt wheels of the tractor, if we but know how to take advantage of and use them. It is the operator who studies out these principles and applies them to the work at hand, that makes his tractor pay for its winter board and encourages its stay as a practical helper on the farm.

Pulling stumps usually requires a special mechanical device, but with a tractor and a 20-foot log and two chains one can pull some very large stumps. This is done by using the log as a long lever and the tractor to work back and forth in an arc of a circle with the outer end of the log attached to the draw bar. One of the chains connecting the stumps is hooked up at each pull, and the stump is gradually pulled from its place.

Lifting the hay rack to or from the bolsters is more than one man's job, unless he has a tractor. But by using a long pair of jack poles and a rope, the whole rack or box is swung in the air and lowered to the place wanted.

At butchering time the same jack pole is used to suspend the hog or beef when left to hang for cooling and the tractor is used to lift it.

Lifting a neighbor's windmill tower to place was but a five minute job with a tractor and saved the arranging of a set of tackle blocks as are usually used. To do this the jack pole was used and a threshing machine cable attached direct between the tractor and the mill tower.

One way in which the truck can be made to contribute to the farm profits is by hauling perishable commodities at night, during hot weather. The facility with which lighting equipment is employed, and the speed of the truck permit night operation without hardship and insure delivery of products in much better condition than if they had been exposed for some hours to the heat of the day and the jolting of a wagon.

On farms where potatoes, apples, or similar products are grown in large quantities, placed in storage, and put on the market at the proper time during the winter, it will be found entirely possible to provide a tightly built closed body in which the temperature can be kept above the freezing point by means of an exhaust heater. It will be found that not only does the heavy duty engine of the truck supply a greater volume of exhaust gas than does a motor car engine, but owing to the conditions under which it works the exhaust gases are hotter. Such an

arrangement will not only permit hauling to continue at a season when other work is not pressing and time not particularly valuable, but will enable the farmer to place his products on the market during the period when the difficulty in getting them to market by ordinary methods without freezing has brought about favorable price conditions.

CRANKING THE AUTO IS NOW A LOST TRICK

Avoid trouble in the carburetor by opening the bottom occasionally and drawing off the water or sediment which may have accumulated there. This is easily done if a drain valve is provided, but if there is only a plug this operation is apt to be neglected until trouble occurs. Have a drain valve fitted and do not neglect to use it.

If difficulty is experienced in starting the engine on a cold, raw morning, and flooding the carburetor does not help, try closing the air holes in the air pipe leading to the carburetor. This increases the vacuum slightly and may be the only thing necessary to start the engine.

On account of the almost universal use of the starter most of us have forgotten how to crank an engine by hand. Use the left hand and keep the thumb on the same side of the handle as the fingers. In case of a back-fire the handle will spin backwards. The left hand is weak and the handle flies out of it without doing any harm. Using the right hand, with its stronger grip the driver's head is likely to be thrown against the radiator, and the hand is more apt to be bit by the revolving crank.

Many a man punctures his tire on the road to wealth.

"Face powder is very dangerous," says my friend, Doctor Blizen, "especially if a man wear it home on a coat lapel."

D. F. JOHNSON

CANADA ATTAINS SECOND PLACE AMONG MOTOR OWNING COUNTRIES

This year will see Canada attain to the position of second biggest of motor owning countries. In fact it is not at all improbable that at this time Canada has attained to that status, for since the beginning of the year car purchasers have been extremely active as is instanced by the increasing registrations in every province. At the end of 1921, however, Canada stood third among the world's automobile owning nations. The United States naturally lead with a gross registration of 10,488,632 cars and trucks, about 83 per cent of all the automobiles now in operation. Great Britain and Ireland ranked second with 470,432 cars and trucks, and Canada was a close third with 469,310 machines.

While it is certain that English and Scotch car buyers have been active this year, this being established by the great volume of automobile exports to the United Kingdom, as well as by the heavy production of cars by home factories, it is not regarded as probable that the purchases have been as numerous as those effected in the Dominion, and consequently it is confidently predicted that by the end of the year Canada will be second only to the United States. There are several reasons why the United Kingdom cannot expect to hold its lead over the Dominion. One of these is that there is really less need for motor cars, that they are less of a necessity there than here, for the older modes of travel are better established, and the railway services are immeasurably superior, particularly for local travel. Another reason is that the automobile prices in the United Kingdom are very much in excess of the prices maintained in Canada, usually about twice as high. A third reason is that the automobile is very much more heavily taxed in Great Britain, and a fourth is that the operating cost is about three times as high, the price of gasoline per gallon, for instance being almost three times as much as in Canada.

In point of number of cars per unit of population Canada is already far ahead of Great Britain, as is evident from the fact that with a population less than 25 per cent of Great Britain's she owns only about ten per cent less cars. And in point of investment in automobiles per capita Canada is probably leading the world, for, as is generally known automobile prices in the United States are materially lower than in Canada, and those in Great Britain are not sufficiently higher to entail a greater per capita investment.

It is interesting to note that France ranks third in importance among automobile owning countries with a registration of 236,148 vehicles, while Australia is fourth with 81,000 machines. Argentina ranks fifth with 70,000 cars and trucks. Liberia is the least of all automobile owning countries. It boasts 17 machines.

**FAIR SISTERS PUZZLE
PRINCE OF WALES**

An amusing incident of the Prince of Wales' Canadian tour comes to light from a small eastern Ontario town at the station of which the royal train stopped several times on its journeys back and forth between Toronto and Ottawa.

One evening, while the engines were being changed and car wheels tapped, the Prince came, on to the station platform for a constitutional. The usual crowd of onlookers was there, and in his usual charming manner the Prince held a miniature court on the platform, shaking hands with all who presented themselves, including one of the town's fairest belles.

The news of the Prince's arrival was soon heralded about town and the crowd at the station was rapidly augmented, amongst the newcomers being the sister of the aforementioned belle. She got in the line-up for handshaking, and, upon reaching the royal visitor, was greeted by the soft English voice saying: "Oh, come, now, you're kidding me! I shook hands with you once before."

While the girls were not twins, yet they looked much alike. However, the Prince had to admit that it was he who was doing the "kidding" when the other sister stepped up and he saw them both together.

GOOD INTEREST AND ABSOLUTE SECURITY

A liberal rate of interest with absolute security is the attractive offer made by the Minister of Finance to holders of the Canadian Government war loan bonds maturing December 1, 1922. The offer is not made to investors generally, but only to the holders of the bonds soon to mature. The bonds to be retired, bearing interest at five and one-half per cent., will be exchanged for new bonds bearing the same rate of interest. See the advertisement of the Minister of Finance.

HARVESTING THE POTATO CROP

(Experimental Farms Note)

The potato harvest season extends from the middle of September to the middle of October. Usually at about this time we have settled dry weather, and it is of prime importance that weather conditions be satisfactory—heavy, damp weather and digging while the soil is sticky from recent rains, hinder all operations connected with harvesting potatoes, and finally endanger the keeping qualities of the potato after it has been placed in storage.

Digging methods vary according to the acreage, type of soil and locality. The digging machine, drawn by horses and used by growers with a considerable acreage, or owned co-operatively by a number of smaller growers, seems to be the quickest and most efficient method of harvesting. The chief disadvantage is that potatoes may be bruised more or less and partially to prevent this, it is recommended that the machine be set so that plenty of soil will be elevated along with the potatoes. It has also been recommended that the shufflers be removed when working in sandy or very light soil, as it is claimed that equally good work can be accomplished and the danger of bruising is eliminated.

Another and less expensive outfit is the double mould-board plough, with a distributor on the rear. This machine is used quite extensively in the heavier clay soils of Ontario, as the land is rather heavy for the easy operation of the digging machine mentioned above. The double mould-board plough works very well on lighter soils as well. For the small grower it is the cheapest outfit and can be used for drilling for mangels, turnips, etc. The least efficient and most laborious method of digging is by ploughing out with an ordinary plough followed by pickers and these followed by harrows, etc.

Potatoes should be picked and graded at the same time, that is, careful pickers will automatically discard scabby, rotten, small and affected potatoes. In this way a better keeping and a more saleable sample is secured. The small, sound potatoes are sometimes salvaged for use as seed the following year, but more often are gathered with affected ones and used for feeding live stock.

The potatoes, whether stored or intended for immediate shipment, should be dry and clean; if mud is adhering to them they should be spread out in a thin layer on the barn floor and left for several days until perfectly dry, so that, when handled, the mud and other accumulations will drop off. Otherwise, if placed in storage, the dampness will undoubtedly develop rot causing a continual re-sorting during the winter, and will further hasten early sprouting, which is undesirable.

Hot heads are a nuisance, of course, but a lot of people who keep cool get their temperature from their feet.

VALUE OF COLLEGE EDUCATION

The tendency toward the scaling up of the wages for manual work so that they approach, or meet, or even pass the compensation paid for mental work is picturesquely illustrated by the case of a geologist in the U.S. Geological Survey, who, needing to have his house painted, found after close calculation that it would pay him to take absent leave without pay from his government work and do the painting himself. He did so, and the saving effected by using his own time instead of a union painter's time amounted to the cost of the paint. Another example is that of a geologist who was recently directing drilling operation of national importance, whose salary, however, was less than that of the workman who operated the drill. Both of these geologists had had not only college educations but long experience in the field.

However, the fact remains that at a period when the average college graduate cannot secure as high a wage as the average mechanic, the colleges are crowded as never before. According to the Engineering and Mining Journal Press of New York, the secret is after all, in the wider opportunities afforded by learning, whereby higher salaries are available to men of initiative and special ability than are accessible to either the average manual or mental worker; or, if the worst come to worst in the greater happiness, opportunity for sounder philosophy, and larger scope of interests which come with mental exercise and development.

The man who thinks he was a fool when he married his wife has a wife who knows he hasn't changed.

**To Holders of Five Year
5½ per cent Canada's
Victory Bonds**

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, of either of the following classes:—

- (a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
- (b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A-FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Dated at Ottawa, 8th August, 1922.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmatured coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,
Minister of Finance.

A. M. WHEATON

Personal and Social

Mrs. Jack Kennedy, of Halifax, is a guest at the home of her parents, Mr. and Mrs. R. E. Harris.

Mr. and Mrs. L. E. Shaw and family recently returned from their summer home at Avonport.

Mr. and Mrs. A. H. Chipman, of St. John, have taken the residence of Mrs. C. G. Schurman for the winter months.

Rev. Ralph M. Jones, pastor of the Baptist church at El Paso, Ill., U.S., is visiting his sister, Mrs. J. S. Margeson, of Berwick.

Mrs. Guest motored to Halifax on Saturday, returning with Mrs. Patillo, of Bridgewater, who is visiting her at her home on Westwood avenue.

Mrs. R. DeWolf Archibald and Miss Rosamond Archibald recently returned from Colonial Arms, Deep Brook, where they have been spending the summer.

Mrs. L.F. Blenkhorn, of Canning, is visiting in Wolfville at the home of her brother, Mr. C. A. Patriquin. Mr. Blenkhorn was also here over the week-end.

Miss Laura Sawyer, who has been visiting friends and relatives in town, left on Friday last for Watertown, Mass., where she is librarian of the Perkins Institute.

Mr. and Mrs. Louis Bennett, who have been spending the summer in Wolfville, left on Monday for New York. It is their intention to return to Wolfville next summer.

Mrs. Avard Cohoon returned recently from an extended visit to Montreal and Ottawa. She was accompanied by her mother, Mrs. Dodds, of Montreal, and her cousin, Miss Kennedy.

Prof. J. Edmund Barrs, who has been spending the summer with his parents Dr. and Mrs. A. deW. Barrs, left on Saturday last for Windsor, Conn., to resume his duties as instructor in the Loomis Institute for boys.

Mrs. E.L. Gould entertained a number of lady friends on Saturday evening last in honor of her cousin, Miss Marie Borden, of Boston, who is visiting in town. Auction bridge and other social amusements with dainty refreshments contributed to make up a very pleasant evening which was greatly enjoyed by all present.

Mrs. J.E. Kinsman and her daughter, Miss Hilda Kinsman, left on Tuesday for Boston, where they will spend the winter during which the latter will study at the New England Conservatory of Music. Mr. Kinsman expects to join them about the last of the year when he has completed certain matters of business demanding his personal attention.

Miss Claire Lamb, of Dorchester, Mass., who has been spending the summer in Wolfville a guest at the home of Mr. and Mrs. B.O. Davidson. Summer street, left to return home on Monday. She was accompanied by her sister, Mrs. George Alexander, and two little daughters, Helen and Dorothy, of West Stoughton, Mass., who have been here for a few weeks.

Mr. and Mrs. J. W. Caldwell, of Ottawa, are visiting in town, guests at the home of their daughter, Mrs. (Rev.) D. B. Hemmeon, at the Methodist parsonage. They are old residents of Wolfville and are gladly given a welcome by former acquaintances and friends. Mr. Caldwell was many years ago a prominent business man of this place as a member of the dry-goods house of Caldwell & Murray, and took a leading part in all the activities of the community. For a number of years he has filled a responsible position in the militia department from which he recently retired. Mr. and Mrs. Caldwell expect to remain in this vicinity until the end of the month and to renew their acquaintanceship with many of the friends of long ago.

Mr. Jack Waterbury, of Halifax, has been spending a few weeks in town.

Mrs. A. J. Mason, of Parrsboro, is spending a few days in town visiting friends.

Lady Townshend was "at home" to a number of her lady friends on Tuesday afternoon.

Miss Ada Reynolds, of Canning, is visiting at the home of Rev. and Mrs. G. W. Miller.

Mr. P. M. Bishop, of Sydney, was in town last week visiting his mother, Mrs. J. C. Bishop.

Rev. Douglas B. Hemmeon left on Tuesday afternoon to spend part of his vacation in Newfoundland.

Rev. G. W. Miller is in attendance at the meetings of the Maritime Synod of the Presbyterian church at Halifax.

Mrs. D. M. Smith and family, of Truro are visiting at the home of Mrs. Smith's parents, Mr. and Mrs. J. D. Chambers.

Mr. A. R. Brennan, of Summerside, P. E. I. and Mr. E. Roy Sayles, of Toronto, President and Manager respectively of the Canadian Weekly Newspaper Association, motored through Wolfville yesterday and made the THE ACADIAN a short call.

Capt. Wilfred Lockhart arrived home on Tuesday to spend a week with Mrs. Lockhart and family. He is in the employ of the Pan-American Petroleum Co. and in command of the steamship William H. Doherty 12,000 tonnage, sailing U. S., Mexican and South American ports.

Mr. and Mrs. Percy Porter and daughter Frances and Mr. W. J. Duncanson returned on Monday from a delightful motor trip to Buffalo, where they visited Mrs. Porter's brother, Mr. Joseph Miner. Going they went by way of the White Mountain and returning by the Thousand Islands, spending some of their vacation at the Toronto Fair.

Mrs. Sheean, of Boston, is the guest of her sister, Mrs. Eugene Eaton.

The Misses Taylor, of Germantown, Pa., were week end guests of Mrs. R. DeW. Archibald.

Rev. H. Y. Corey, recently returned from India on furlough, has located at Wolfville for the winter.

Mrs. B. O. Davidson entertained at afternoon tea last Saturday in honor of her guests, Mrs. Alexander and Miss Lamb.

Miss Marie Wilson, who has been spending the summer with her mother, Mrs. C. P. Wilson, returned to Boston on Tuesday.

Mrs. C. P. Richmond arrived on Tuesday and is spending a few days in town. Her many friends here were very glad to see her again.

Mrs. P. M. Fielding and Miss A. Forbes, of the Windsor Tribune, paid a short visit to Wolfville yesterday and made the THE ACADIAN a call.

Rev. A. T. Kempton, D.D., Mrs. Kempton and Mrs. S.B. Kempton, of Cambridge, Mass., are spending a few days at the home of Dr. and Mrs. W. L. Archibald.

Dr. Cecil Brady, of Newton, Mass., recently motored through from Boston to join his wife who has been spending the summer here, the guest of Dr. and Mrs. Eugene Eaton.

Mrs. H. D. Johnson returned home Monday from St. John, where her flowers took a number of prizes at the exhibition. She was accompanied home by her sister, Mrs. C. Wilbur Titus, and her two little daughters.

Rev. J. C. Hardy and family returned recently from Quebec, where they spent the summer with Mr. Hardy's mother. Mr. Hardy who is on furlough from India will make his headquarters in Wolfville where Mrs. Hardy has charge of the Juniors of Acadia Seminary.

BOSTON SYMPHONY ENSEMBLE GIVES ST. JOHN A TREAT

(From the St. John Telegraph).

Not in recent years has it been the privilege of a St. John audience to listen to so splendid a concert programme as was given last night in the Imperial theater by the Boston Symphony ensemble, from the best orchestra which the continent has produced. Upon occasion there have been welcomed stars of great brilliancy in the musical world but orchestral concerts have not come this way. Last night each of the twelve musicians was a master of the instrument which he played and the director, Augusto Vannini, was little short of a magician so ably did he wield his slender baton. By thunderous applause the audience voiced its delighted approval and Mr. Vannini when complimented on the performance replied neatly "It was a good audience". His Honor Lieut-Governor Pugsley was the patron of the concert and he went behind the scenes to express his personal delight in the programme.

Only two instruments, the bassoon and the trombone, were missing to give the full voicing of a perfect symphony, and the twelve artists were each leaders in the realm of music. The programme was happily admirably chosen, and there was something to suit everybody. While the first part was rather lighter and more calculated to appeal to the popular taste and the finest numbers were given in the second half, every number was beautifully interpreted and the technique was faultless.

Mr. and Mrs. Arthur C. Johnson celebrated the twenty-fifth anniversary of their marriage on Friday evening, Sept. 1st. A number of their friends took advantage of the occasion and gathered at their home on Gaspereau avenue and tendered their congratulations and best wishes. Coun. D. G. Whidden, on behalf of the company and in a graceful and appropriate address presented Mrs. Johnson with a handsome silver flower-dish. Both Mr. and Mrs. Johnson made fitting reply thanking the visitors for their remembrance of their anniversary and giving them a hearty welcome to their home. The evening was pleasantly spent with cards and other social amusements after which bountiful refreshments were served and a very pleasant evening was brought to a close.

CREAM
Heat the Cream to be used in making tea, but do not let it approach a boil. Then add it to a pot of Blue Bird Orange Pekoe, molten gold, smoking hot, full and bracing—a cup of ecstasy!

Blue Bird Tea
Brings Happiness

A Secret of the Champagne Makers

In France a large part of the cyder that is made is bought by the bottlers of champagne. What the champagne makers do with it after they buy it is not officially revealed—but you can guess over a glass of

Evangeline Apple Cider

First for thirst because it not only quenches and refreshes, it's wholesome and helps you as no other drink does.
