ST. CATHARINES, ONTARIO, FRIDAY APRIL 30, 1920

PRICE—TWO CENTS.

## Last Minute Settlement Averts Strike of N. S. & T. R. Men, Who Agree to Board of Arbitration

### Committee of City Council Has A Conference With Leaders of Union; Threatened Strike Off

#### Board of Arbitration Composed of Six Disinterested Persons Will Deliberate on the Cause of the Trouble and Their Decision Will Be Abided By the Disputants.

By agreement to submit the question of the grievances of the men to a board of arbitration the N. S. & T. R. strike arranged for this morning was averted today.

A committee of the men met a committee of the City Council last night by agreement and after the pros and cons had been thoroughly discussed the men's committee agreed to put off the strike until something can be done by an arbitration board.

The City Council met at 7:30 and Mayor Lovelace explained that the meeting had been called to try and avert the threatened strike which would mean tremendous loss and inconvenience to the public.

The aldermen agreed with this and were in a mood to try and settle any trouble before the drastic action threatened by the men actually occurred.

Ald. Graves, Rose and others thought the council should do everything in reason to prevent the strike if possible.

Ald. Murphy said it had been a standing rule that the car shop men be allowed half an hour to get their cheques cashed and he considered they were entitled to it. The banks do not stay open a night.

Ald. Graves said he thought a resolution should go out from the council to the effect that it is not in the interest of this city and district a strike should take place, and the company and the men should get together and if they could come to no decision that a board of arbitration be asked for.

The mayor announced that the committee of the men was present to meet a committee of the council in private session.

On motion of Ald. Murphy and Beattie, Ald. Rose, Graves, Riffur together with the mayor, were appointed a committee to meet with the men to settle the trouble if possible.

The council then adjourned leaving the whole thing to the committee

#### Another Girl Wife Implicated In the Cheque Stealing Case; Both Will Appear on Monday

Mrs. May Shales, a young matron was brought here from Hamilton last night by Detective McCarthy to stand trial for receiving stolen goods.

She is a friend of the 15-year old girl Mrs. Gladys Dalgleish who the police accuse of stealing and forging a cheque for \$200 which was given her by mistake in a letter at the postoffice, the cheque and letter being intended for some one else.

The police learned that the Shales girl was with the Dalgleish girl the police say when she got the cheque, went with her to the store when she bought a suit and received about \$170 in change. The two then went away together and it is alleged stole the money.

The Shales girl was remanded until Monday when both will appear for their trial.

#### PAIR IDENTIFIED BY THE VICTIMS OF TIME-WORN GAME

NIAGARA FALLS, N.Y., April 30.—Frank DeMoro, twenty-eight, and Frank DeLeo, twenty-four are held for arraignment in police court today on a charge of being implicated in the operating of the "shoe shining game" in this city and Buffalo during the past few weeks.

DeMoro has been identified, police say, by George L. Gaitanis, owner of a Falls street shoe shining parlor, as the man who accompanied DeLeo when the shoe shiner was bilked out of \$900 April 17.

Louis Scozzafava, Lockport street

## A FIGHT TO THE FINISH WILL BE THE GENERAL STRIKE IN FRANCE, WHICH COMMENCES TO-MORROW

### Get Off Lightly For Robbing A Woman

Magistrate Campbell today sentenced to an indeterminate term in the reformatory Alex. Pecki, an Italian who was convicted of robbing Mrs. Yaslea Zumik with menaces.

Pecki went to the woman's house and demanded her money. She had \$30 but refused to give it to him whereupon he forced it from her.

Pecki denied the accusation but the evidence of the woman was conclusive.

### Labor of All Occupations is Called Out By the Federation—Want Nationalization of All the Public Utilities—Authorities Blamed

PARIS, April 30.—A general strike of French labor was called today to take effect May 1. The call was decided upon by the General Federation of Labor of France when it found its hands had been forced by the action of the Railway Federation in calling a general railway strike for May 1. Thus, against what is declared to be the will and judgment of the important L.L. labor leaders, the long expected definite issue between organized labor and the Government seems about to be fought out.

Moderates Won Over

The accomplished fact of the railwaymen's action was the prevailing argument in the two days' acrimonious discussion which preceded the general strike decision. This finally won over the moderates, whose inclination had been to postpone the "revolutionary" struggle.

Now however in the ranks of prominent labor leaders, the general strike order means a "fight to a finish," for the realization of the general political aims of French labor with the nationalization of public utilities, and labor representation on all boards and commissions dealing with transportation and the postal and telegraphic services.

An official statement issued by the Labor Federation this evening says:

"The railroadmen engaged in the battle with the purpose of gaining for the people possession of the railroads in order to ensure their exploitation in the interest of all, to remedy the present disorganization decrease the cost of living and avoid the famine that menaces the country."

The railroadmen's Federation declares it has been forced to enter into the fight by the failure of the authorities to respect the agreement centered into on March 1, with the Federation at the time the last railroad strike was settled, and by the failure of the Government and railroad companies to bring into the transportation systems indispensable transformations necessitated by the general public interests of the country.

Brussels Tram Men to Strike

BRUSSELS, April 30.—The tramway employees of Brussels today decided to strike. A committee of the men was entrusted with the task of fixing the date upon which work shall cease.

### Score of Officials Marked For Death by Reds; Plot is Disclosed

WASHINGTON, April 30.—Plot against the lives of more than a score of federal and state officials have been discovered by the department of justice as part of radical May day demonstrations, Attorney General Palmer announced last night.

The assassinations and assassinations, Mr. Palmer said, were included in the May day programme organized by the Communist Labor party and other radical elements and were in addition to strikes and other disturbances intended by the radicals as an effort in behalf of peace with soviet Russia.

State officials marked as victims have been notified by the department of the attorney general added, of the information in the hands of the federal government and their co-operation requested repressing radical demonstrations.

The department has information, according to the attorney general, that the instigators of the May day demonstration here have been working in direct connection and union with the leader of disturbances set for Europe. As in Europe, attempts are being made to incite strikes in all basic American industries, Mr. Palmer said, although he did not believe they would be successful.

All of the propaganda advocating May day disturbances were referred to inhuman treatment of the soviet government of Russia by the United States and the Allied Powers, Mr. Palmer continued. In foreign sections of industrial centers, appeals for peace with Russia have been employed as the main method of stirring up dissatisfaction with the government, Mr. Palmer said. Strikes and disorders he added, simply are meant to emphasize to American officials, the threats of radicals must be resumed with Russia.

Tons of inflammatory literature have been circulated in the last month by express and freight and secretly distributed by local leaders, according to information obtained by department agents. The Communist labor group also has sent numerous personal emissaries into cities where the field was deemed ripe, Mr. Palmer reported.

Some of the literature showed that many radical leaders felt that raids conducted against the Communist

## HOW THE GREEDY COAL BARONS TAKE ADVANTAGE OF SMALL WAGE INCREASE TO BOOST COAL AWAY TO THE SKY

BY ROBERT L. OWEN

I fear the average citizen does not realize sharply enough the close connection between his vote and his pocketbook. Big business understands this perfectly, that is why it spends millions on campaign funds, maintains expensive lobbies in Washington, watches appointments to important offices, and is in politics 365 days in the year. The average citizen, disgruntled with "politics" need not despair of release from his unjust burdens if he will forsake blind partisanship and take a little intelligent interest in his government.

Take the coal situation as an example.

The nation gasped a few days ago when a 22 per cent increase in the price of coal was announced, the excuse given being the 27 per cent increase granted labor by the president's coal commission.

Now comes the Federal Trade Commission and gives the country the plain facts which prove that this wage increase averages only 45 cents per ton advance to the miners, and that 23 cents of this was granted by the Garfield award at the time of the strike last November.

Two dollars is demanded to cover a wage advance of 45 cents.

Do the coal operators need this money to care for their families or enable them to make a fair profit and thus continue in business? For answer let us turn again to "Senate document 259"—the Treasury report giving corporations income and excess tax returns for 1917, from which I have before quoted in these articles. At page 372 of this famous report are listed 34 bituminous coal companies of the Appalachian region, which has a total capital stock of \$99,377,103 and which in 1917 made a total net profit of \$26,261,967 after all taxes had been paid.

Twenty-three of these companies cleared net profits on capital stock, after paying taxes, of all the way from 100 per cent to 3,955 per cent. Six Pennsylvania anthracite companies cleared up \$1,081,650 profits, beyond all taxes, on a capital stock of \$1,150,000.

Impossible of belief as it may seem that men would take such advantage of our people with the nation at war, the government figures are there. And remember, these profits were made in some cases on watered capital.

To a great extent this explains why the average American family man had to pay this last winter \$8.81 per ton for his soft coal as against \$5.43 in 1913, and for his stove coal \$12.50, as against \$7.73 for the same period. The Bureau of Labor Statistics furnishes us with these figures and they are conservative.

No fair man who knows the truth can lay the enormous sudden increase at the door of labor, organized or unorganized. My space is short; I cannot fill this article with unending statistics; but reports of the Federal Trade Commission prove that between 1916 and 1918 the increase granted operators and dealers on their coal prices was proportionately four times that granted to labor.

There is a question of humanity, health, and national well-being involved here.

All experts agree that no wage worker can maintain himself, wife and family of three children in ordinary health and comfort on an income of less than \$2,200 per year at the present time and that \$1600 is necessary to escape the mere poverty line.

From reliable data it is clear that the best paid coal miners during the war period were making \$14.00 per year, the poorer paid down to \$900; and, further that even with the recent award the average yearly earnings may be expected to reach around \$1,200 or \$13.00 per year, with a maximum of \$1,600 or \$1,700 just at the poverty line.

Facts like the above which might be multiplied indefinitely all to the same conclusion, are necessary if we are to arrive at just judgments and take wise action which will be neither precipitous and destructive nor delay beyond the point when the public patience is exhausted.

If the people will not realize the great value of public servants who are turning the light into dark corners of commercial greed for profiteering, the special interests do.

The Coal Operators' Association itself has brought a suit in the Supreme Court of the District of Columbia to enjoin the Federal Trade Commission from securing monthly data as to their cost reports.

The case is before Judge Bailey. If the operators win, the usefulness of the Trade Commission is at an end, because it will be shorn of its power to go behind business camouflage and bet the real facts which the people must know.

It is a business proposition with the operators. A single letter to the anthracite operators from the commission on March 12, 1917, saved the coal consumers of the nation some \$7,000,000.

At that time the hard coal operators were planning not to give the usual spring discount on anthracite, claiming increased cost of production on account of war conditions. The commission promptly informed the operators that "the cost data already compiled are conclusive against further price increases this spring."

Mere publicity was enough. The discounts were granted, and the operators did not get the gouge of from \$7,000,000 to \$8,000,000 which they had expected.

If it is good business for the coal operators and other combines to take an interest in politics and government without distinction of party politics, then it is equally good business for the people to interest themselves likewise.

## Power of Deciding Life Or Death For Teiper in Hands of Jury To-day

BUFFALO, April 30.—This morning the burden of deciding whether John Edward Teiper is guilty or innocent of the charge of murdering his aged mother on the Orchard Park road four years ago will be turned over formally to the jury.

District Attorney G. B. Moore completed his summing up yesterday afternoon, and Justice Harry L. Taylor announced he would charge the jury when court convened today.

Pleads Against Sympathy

Firmly asserting his belief that he had removed every reasonable doubt that anyone but the defendant committed the crime, Mr. Moore asked for the extreme penalty. The evidence in the case, although wholly circumstantial, was sufficient proof of his guilt, he declared, and he pleaded with the jurors not to let themselves be dissuaded by sympathy or anything but the evidence from convicting the defendant of murder in the first degree and sending him to the electric chair.

Despite the charges of the defence that he had been over zealous in prosecuting the case, Mr. Moore said, "I am conscientious because I know that on the evidence the defendant is guilty." Bringing his address to a close with a final plea not to let sympathy on account of Teiper's wife and three children influence the verdict, he said:

"I ask you to do your duty and I ask you to see that justice is done regardless of the consequences to any other being in the world."

Calls Defendant's Story Myth

The evidence showed he said, that the entire story told by Teiper of being attacked by a murderous negro highwayman was a myth, invented by the defendant's mind to cover up his deed. He held out as facts "which are consistent only with guilt," Teiper's alleged denial that he owned the revolver used in the shooting, his alleged denial that he was in financial embarrassment, the finding of his hat

## No Truth in The Story of Appointment

Someone who was evidently very anxious to make some money out of newspapers by sending out a fake despatch, lives in Boston. The other day The Journal received a telegram from what appeared to be a reliable news agency stating that Miss Flora McKinnon, of this city, an instructor in Wellesley college, had been given an appointment as investigator by the United States Government. It turns out there was nothing in the report as the following letter from Miss McKinnon shows:

April 29, 1920  
Editor St. Catharines Journal  
Dear Sir:

The story recently published in The Journal, of my having been elected a member of a committee for economic investigation, is entirely without foundation. As you will see from the enclosed official notice from the College, it was the work of an unscrupulous news agency which has sent the same story to various newspapers in different parts of the country, using in each case the name of a member of the College living in the city where the paper is published. I hope that if you have not already done so, you will see that this story is effectively denied, and will print no more unverified reports.

Sincerely yours,  
FLORA I. MCKINNON.

FORECASTS—Moderate easterly winds, light rain in Southern Ontario tonight. Saturday northwest winds fair and cool.

## Mountain Pass Near Sonora is Scene of Clash

AGUA PRIETA Sonora April 30 Carranza troops and revolutionists had their first clash in the mountains dividing the states of Chihuahua and Sonora yesterday. It was announced at military headquarters here that the defendant's mind to cover up his deed. He held out as facts "which are consistent only with guilt," Teiper's alleged denial that he owned the revolver used in the shooting, his alleged denial that he was in financial embarrassment, the finding of his hat

Fire destroyed the International Hotel at Windsor, causing about \$1,000,000 damage, and driving forty guests into the street.

**A GROWING MENACE**

The daily papers are carrying reports of too many accidents with automobiles. Some of the trouble may be unavoidable, others undoubtedly are due to carelessness of drivers.

The speed at which cars are driven around the streets of this and other cities suggests danger for pedestrians. It is an everyday occurrence to see motors whizzing past at the rate, if the eyes are at all accurate, of thirty to forty miles an hour. The marvel is that there are not more accidents.

With the number of automobiles in use constantly increasing, the menace to human life becomes greater. Guardians of the law would do well to exercise the most careful vigilance over all traffic and concentrate on the speeder instead of on the man who leaves a car without lamps burning, on streets where motor lights are no more needed than a cat needs two tails.

**WOULD LIKE EXPLANATION**

We would be interested in hearing from Mr. Tom Moore, president of the Trades and Labor Congress of Canada a statement in explanation of his recent utterance. He stated that in the future strikes would be largely directed toward lowering the cost of living. Theoretically this is a commendable object but when every strike reduces production and costs not only the country at large but the strikers themselves much money, it is difficult to calculate how such happenings could lower the cost of living.

However Mr. Moore has a well informed mind and is constantly in touch with conditions and facts concerning these matters and may therefore be able to explain what does not seem clear to the average observer.

**N. S. & T. TROUBLE**

Employees of the N. S. & T. E. have done well to respect the suggestion of the City Council to remain at their posts till every effort is exhausted to get a settlement of troubles that seem to be leading to irritation. Suspension of service on the system leads to a loss of business and to an inconvenience that can hardly be estimated. The public in fact has little appreciation of what the road means to it until the wheels of the cars stop running. The best course will be found, in the long run, to be in the direction of arbitration.

**YOUR HOLIDAY THIS SUMMER**

Make your reservations early for accommodation in the "Highlands of Ontario" this summer if you do not want to be disappointed. There will be a large influx of tourists from the United States this year and our cousins across the border are picking up the desirable places. Algonquin Park is one of the most attractive of these resorts and the "Highland Inn" (open all year) and Camp Minnesing and Nominigan Camp (open July and August, and probably September) offer most comfortable accommodation at reasonable rates. The hotels are owned and operated by the Grand Trunk Railway. Write N. T. Clark, Manager, Highland Inn, Algonquin Park Station, Ont., for illustrated folder telling you all about it, or apply to any Grand Trunk Agent, or C. E. Horning, D.P.A., Toronto, Ont.

**THE REVELATIONS OF A WIFE**

The exceptional mystic drama, "The Revelations of a Wife," recently produced with fine success in line with the trend of the times, is scenically well planned, a splendid production and strong cast. It will interest and instruct you and while intense is not over-drawn. It is blunt, forceful, mysterious and direct. It strikes the sentimental note with an unshaken belief in its power. In Alice Sterling the beautiful woman with a past, and the author selected a character that always wins the hearts of the lovers of true romance. In Grant Sterling, the lawyer husband you find the sort of a man you wish you might meet more often in every day life. In fact, all of the characters are true to nature and perfectly human. "The Revelations of a Wife" comes to the Grand Opera House, May 4 and 5.

**VERY QUARRELSOME NEIGHBORS**

Names of the parties are corns and toes—both were unhappy till the trouble was remedied by Putnam's Corn Extractor. Any corn goes out of business in 24 hours if "Putnam's" is applied—try it, 25c. at all dealers.

A contract has been awarded for the erection of a \$74,000 public school at Welland.

**MEAT INJURIOUS TO THE KIDNEYS**

Take a Teaspoonful of Salts If Back Hurts or Bladder Bothers.

We are a nation of meat eaters and our blood is filled with uric acid says a well known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bar weather, get from your pharmacist about four ounces of Jad Salts; take a teaspoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia water drink, and nobody can make a mistake by taking a little occasionally, to keep the kidneys clean and active.

**BROTHERHOOD MOVEMENT**

The story of the Brotherhood Movement is one of the most romantic in the social and religious world of our times.

In 1875, John Blackam of West Bromwich, England, began what were known as "Pleasant Sunday Afternoon Classes." These aimed to provide

bright, interesting, religious services for the great number of men who did not usually go to church. The thing caught on and soon spread all over England.

As members of the British Brotherhoods emigrated or travelled they carried the Brotherhood seed to many lands. Societies were formed and in most cases flourished. An International Congress was planned to take place by the war. It seemed that the Brotherhood idea must perish in the struggle of 1914-18. But Brotherhood men were being scattered all over the globe. In France, Belgium, India, Egypt, and in every corner of the world they worked. Peace came and the dream of an International Congress was revived. The leaders of the Brotherhood Movement came to Canada to confer with the Canadian Brotherhoods. So great was the enthusiasm shown in the Dominion that the leaders went back to England resolved that the dream must become a fact.

In September, 1919, the World Brotherhood Congress was held. Representatives of more than twenty nations were present and addresses were given by David Lloyd George, Lord Robert Cecil, the Bishop of London, Dr. Clifford and many other eminent men. So great was the success that a similar congress is planned to take place in Washington next fall.

To interest the men of Canada in this Congress and to strive to foster brother-feeling between England, Canada and the U.S.A., brotherhood leaders are coming from the old country and will speak in various churches throughout the Dominion.

One of the most attractive services rendered by the Brotherhood Movement is that of providing relief to the war stricken countries of Europe. For some time Belgium and France received the greater part of this help but for the past two years the war orphans of Serbia have been taken care of. A home in England was founded and a number of children cared for there. Recently it has been decided to institute educational farms in Serbia itself and this has already been begun.

The Woodstock Medical Association has adopted a new schedule of fees, and decided to close Wednesday at noon for five months.

**A Comradely Man**

THEY deal in human nature stripped of its veneer. They see it at the pinnacle of its joys, and in the depths of its sorrow or degradation.

RECENTLY one of the leading officers of the Men's Social Work of the organization, after twenty years of devoted work on the altar of sacrifice and service, was "promoted to glory." One testimonial described him as "a comradely man."

THAT graphic phase illustrates the spirit in which their Officers endeavor to interpret Christ's teaching to those whom they serve.

**The Salvation Army**

308 Castelds and Institutions in this territory. Use them!

**PROTECTING HUMAN LIVES**

The Ontario Safety League continues to place a large amount of literature in the hands of motorists, school children, industrial workers, and others throughout the Province. In the first three months of 1920 the League has distributed an enormous amount of safety material, including 35,000 industrial safety bulletins; 32,400 school safety bulletins; 8,500 special bulletins; 8,500 traffic bulletins; 2,700 electric railway bulletins; 150,000 motorist's safety book-marks; 10,200 health bulletins; 6,500 news letters; 9,000 safety calendars; 12,000 leaflets to the "new man"; 125,000 gummed seals; 3,000 safety cards and posters.

The League will hold an annual meeting in Toronto, beginning Tuesday, April 13th at the King Edward Hotel.

**Successful Men Always Saved**

They were thrifty. They were shrewd enough to see that the habit of saving meant the strengthening of character. With the money saved they were able to take advantage of opportunities as they arose.

# NUT-KRUST Bakeries Have Come to St. Catharines

IN Nut-Krust Products you will find your fondest dreams for "the home-made cooking of grandmother's days" fulfilled.

For Nut-Krust Products have the rare, delicious flavor which only the purest and finest ingredients, combined by the most gifted bakers, can impart. *There are no substitutes in Nut-Krust Products.*

**Nut-Krust Products—As Pure and Wholesome as Can be Made**

In these days of "substitute" cooking—made to a price—lacking in "home-made" flavor, wholesomeness and "keeping" qualities, you'll find Nut-Krust Products doubly welcome.

For Nut-Krust Products are baked according to the Nut-Krust ideal—to make the *best* food products which it is possible to produce and sell over a retail counter. No glucose, saccharine, egg powders—no cotton seed or packing house substitutes for butter or shortening enter a Nut-Krust Bakery.

We buy only strictly fresh eggs, and candle them before using. The milk and butter—*real* butter—are of the best. First-grade flour and pure leaf-lard are used. All nuts are the finest we can obtain. The raisins are highest grade, hand-picked and hand-washed. Every article used in a Nut-Krust Bakery must be up to Nut-Krust standard. And this standard is so high that we cannot buy from several good wholesale houses supplying the bakery trade.

**Everything is Baked in the Room Where It Is Sold**

Nut-Krust Products are baked right before your eyes. Nut-Krust Bakeries are a marvel of spotless cleanliness. The floors are tiled, the walls and ceilings white. The attendants clothed in white. Electric ovens and electrical equipment throughout do away with soot and carbons from gas. Nut-Krust bakers are clean and healthy.

**Nut-Krust Bakers are Masters of Their Trade**

With every Nut-Krust baker, baking is an art to be studied. He is taught to be a master of his trade—to better each day, if possible, the achievements of the preceding day. The result is a quality of Bakery Products never before offered to the public over a retail counter.

**An Appetizing Variety of Quality Products Unequalled for Their Delicious Goodness**

In the Nut-Krust Bakery you will find an unequalled variety of cakes, rolls, bread and Nut-Krust specialties.

You will smell the delicious fragrance of richly-baked products. But only by *tasting* them can you experience the supreme goodness of Nut-Krust Products. Visit the Nut-Krust Bakery to-morrow.

ADLER'S 2014-18 Main Street Niagara Falls, N. Y. Store Hours: 9 to 6 p.m. ADLER'S

# THE ADLER Business Building Sales Continues For Balance of Week

For a Mammoth Windup We Offer Many Week-end Sales Specials That Will Be Worthy of Your Consideration.

Heading the List With  
**SUITS  
COATS and DRESSES** At 20 Per Cent. Off

"A word to the wise is sufficient," and its few words in the heading (20 per cent. off) that has brought many a wise buyer to the front—especially when ready-to-wear garments are offered at such low figures, everybody should take advantage of a rare opportunity like this.

The entire assortment of ready-to-wear garments is subject to a discount, excepting the few we have marked out at a special price.

Fashion's favored materials, embodied in the most stylish models, are those of the Sheldon Mode and Miss Manhattan lines—made by well known New York creators, need very little descriptive matter, for they are truly the most distinctive in the garment lines. As well as the renowned models in suits, you'll find many others to choose from at a less expensive price.

And the Coats and Dresses, you'll find your choice is unlimited.

Briefly speaking, the entire floor with its marvelous values is worthy of your viewing.

## Who Wants Jersey Dresses At \$16.50?

We have selected from our large dress showing a few numbers in all wool jersey that formerly we sold as high as \$25.00, and for this coming Friday and Saturday they are priced very special.

There are straight line models in browns, taupes and blues, with neat embroidering as a trimming. All new spring garments.

The early shopper will get the best choice. Better hurry!

## Another Dress Special

that has been a big number in this sale is that at \$24.98. Investigate, or we both lose.

## We'll Break All Sale Records With Values As These From the Street Floor

Fine Quality Silk Envelope Chemise at \$2.98.  
Envelopes made of Flesh and White Batiste at \$2.39.  
Night Gowns of Flesh colored Batiste at \$2.49.

- 62—St. Paul and Queen Sts.
- 63—Maple Leaf Milling Co's. Office, St. Paul St.

In case of a general alarm the city bell will ring as follows: 1—12—123—twice, followed by the number of the box from where the alarm is being rung.

## BOYCOTT AGAINST POTATOES GAINS MANY SUPPORTERS

NIAGARA FALLS, Ont., April 29—Members of the national council of women in this city declare they will take steps at their next meeting to all in line with branches of other cities to pledge themselves from buying potatoes for one month, at an effort to reduce the cost.

Evan E. Fraser, M.P. of this city will be asked to use his influence in the Dominion house of parliament to request the government to prohibit the sale of them in the United States. Thirty-six cars of potatoes which were left in Toronto, it is said were sent over the border for American consumption. All of these cars had been personally consigned to Canadian wholesale dealers, but had been sold to American dealers on the tracks on account of the big price offered.

## IF CRIPPLED WITH A LAME BACK READ THIS

Tells All About a Safe Medicine That Relieves After One Dose.

That throbbing pain at the base of the spine is caused by improper kidney action. Fix up the kidneys and the backache goes in a hurry.

The most wonderful kidney medicine ever made is Dr. Hamilton's Pills. They contain the juices of certain herbs which soothe and heal all kidney illness. It's a pleasure to use Dr. Hamilton's Pills. They relieve after the first dose, give you a new feeling entirely, remove that dull, throbbing backache, correct urinary disorders, stop headaches, and vague pains through the muscles and joints.

Forty years of success stand behind Dr. Hamilton's Pills, which are prepared in the laboratories of the famous Catarhzone Company, and can be depended upon as a safe, swift, and reliable cure for backache, Kidney, Liver, Stomach, or Bladder Troubles. Sold everywhere in 25c. boxes.

The Finance Department has given notice that the transfer books of the 1915-25 War Loan and the 1917 Victory Loan will be closed from April 30 to May 31.

## HOW A YOUNG GIRL SUFFERED

And Was Restored to Health By Lydia E. Pinkham's Vegetable Compound—Told By Her Mother.

Brooklyn, N. Y.—"I cannot praise Lydia E. Pinkham's Vegetable Compound enough for what it has done for my daughter. She was 15 years of age, very sickly and pale and had to stay home from school most of the time. She suffered agonizing pains from backache and dizziness and was without appetite. For three months she was under the doctor's care and got no better, always complaining about her back and side aching. I didn't know what to do. I read in the paper about your wonderful medicine so I made up my mind to try it. She has taken five bottles of Lydia E. Pinkham's Vegetable Compound and doesn't complain any more with her back and side aching. She has gained in weight and feels much better. I recommend Lydia E. Pinkham's Vegetable Compound to all mothers and daughters."—Mrs. M. FINORE, 115 Marcy Ave., Brooklyn, N. Y.

For special advice in regard to such ailments write to Lydia E. Pinkham Medicine Co., Lynn, Mass.

## Hamilton May Hold Race Meet Before Ft. Erie

OTTAWA, April 29—While tentative dates have already been announced for the coming turf in Canada, it is likely that the schedule will be revised slightly. The Canadian Racing Association will meet in the near future, when the meets will be finally allotted. It is not expected that there will be any alterations in connection with the dates given at Connaught park, which are June 119 to 26, and September 23 to 30. There appears to be some difficulty, however, in connection with the Hamilton and Fort Erie meetings, so they may be switched somewhat.

## PAINT LENGTHENS LIFE OF BUILDINGS AND MACHINES

Many an old ship has stood the racket of ocean travel for years mainly on the strength of the tar or paint applied to her sides, but sailors do not wait for the ship's hull to become weather beaten before applying the first coat of paint. Farmers, on the other hand, seem much inclined to let their buildings reach a state of partial decay before making any special effort to safeguard them against the play of wind and water. As a matter of fact, nothing ays better than paint applied immediately after the building is constructed, in lengthening the life of the structure. The same applies to farm machinery parts.

Good paint applied to farm buildings and machinery, not only preserves them, but calls attention to the good management employed in running the farm, a fact that helps especially the wooden parts and it will always pay to paint such repairs to machinery wagons, etc., as have to be made before the work season for these articles commences.

greatly in case the owner wishes to sell either the farm or some of its products. Many farmers have paid so much attention to the economic value of the farm that they have neglected an important side of farm life. There is no reason why the farmer and his family should not have as attractive a home as attractive as the city dweller has. The farmer's neighbors as well as the passing observer, will judge him largely by the care he takes of his stock, his machinery, and his buildings.

Painting is the easiest and least expensive way of making sure of neat clean surroundings, and is the best way of preserving the lumber in buildings, implements or machinery. With spring approaching, the time has arrived for going the rounds of the machine shed to lick out these articles that can be moved to a warm building for retouching with paint in addition to their annual overhauling and repair.

## WOOD'S PHOSPHODINE.

The Great English Preparation. Jones and investigates the whole nervous system, makes new blood in old veins. Used for Nervous Debility, Mental and Brain Weakness, Despondency, Loss of Energy, Palpitation of the Heart, Failing Memory. Price \$1 per bottle, for \$5. **YOUNG SUFFERED**

restored to Health By  
Fiskham's Vegetable  
Compound—Told By  
Her Mother.

"I cannot praise  
Fiskham's Vegetable Com-  
pound enough for what  
it has done for my  
daughter. She was  
15 years of age, very  
sickly and pale and she  
had to stay home from  
school most of the time.  
She suffered agonies  
from backache and  
dizziness and was with-  
out appetite. For three  
months she was under  
the doctor's care and  
got no better, always  
complaining about her  
back and side aching so  
I didn't know what to  
do. I read in the papers  
about your wonderful  
medicine so I made up  
my mind to try it. She  
has taken five bottles  
Fiskham's Vegetable Com-  
pound and she is now  
well and side aching. She  
feels much better.  
Lydia E. Fiskham's Vege-  
table Compound is recom-  
mended to all mothers and  
fathers.  
M. F. FINN, 816  
Rocklyn, N. Y.  
In regard to such  
cases as this, write to  
Lydia E. Fiskham,  
Wynn, Mass.

**May  
Race Meet  
at Port Erie**

April 29—While ten-  
nis have already been an-  
nounced coming turf in Can-  
ada that the schedule  
slightly. The Can-  
Association will meet  
here, when the meet-  
ings allotted. It is not ex-  
pected there will be any alter-  
ation with the dates  
at night park, which are  
and September 23 to  
be some difficul-  
ties in connection with  
and Port Erie meet-  
ings may be switched some-

**THE LIFE OF  
MACHINES**

ship has stood the  
travel for years main-  
taining the tar or paint  
sides, but sailors do  
the ship's hull to become  
before applying the  
paint. Farmers, on the  
other hand, are much inclined to let  
reach a state of par-  
tial decay before making any special  
guard them against the  
ground water. As a matter  
of fact, they are better than  
immediately after the  
structure, in lengthen-  
ing the structure. The  
farm machinery parts  
applied to farm build-  
ings, not only pre-  
vent calls attention to  
management employed in  
farm, a fact that helps  
wooden parts and it  
is to paint such repairs  
wagons, etc., as have to  
be the work season for  
commences.

the owner wishes to  
farm or some of its  
farmers have paid so  
to the economic value  
that they have neglected  
side of farm life. There-  
fore the farmer and his  
should not have as attractive  
tractive as the city  
the farmer's neighbors  
passing observer, will  
regard by the care he  
takes of his machinery, and

the easiest and least  
of making sure of neat  
things, and is the best  
of saving the lumber in  
replacements or machinery  
approaching, the time  
of going the rounds of  
to pick out these ar-  
ticles to be moved to a warm  
drying with paint in  
their annual overhaul-

**PHOSPHODINE.**  
Great English Preparation.  
It invigorates the whole  
system, makes new blood  
and veins. Used for Nervous  
Weakness, Mental and Brain Weak-  
ness, Loss of Energy, Palpitation of  
Memory. Price \$1 per box, six  
all druggists, or mailed in plain  
price. New pamphlet mailed  
on request. MEDICINE CO. TORONTO, ONT.

# DOMINION TIRES

## Royal Cord

### Construction

**T**ENS OF THOUSANDS of  
slender cords in many com-  
pact layers, each cord and  
each layer laid parallel one to another, and  
each embedded in pure rubber so they cannot  
touch—each separate cord and layer  
bringing its individual strength to the  
tremendous sum total of power and resist-  
ance—so is built the tire struc-  
ture of the Dominion Royal  
Cord Tire. The key principle  
is the slender cord and the  
many layers or plies; thus  
the enormous strength to  
the structure and the  
heavier side walls make  
practical immunity  
from *blow-out, punc-  
ture and the bruise.*

### Why "Royal Cord"?

**BECAUSE**—"Royal Cords" make possible Lower Gas Consumption, more miles per gallon than the same car can get on fabric tires. This saving alone pays the difference in cost, within the life of an ordinary set of tires.

**BECAUSE**—"Royal Cords" afford More Mileage than is possible from fabric tires. The carcass of the "Royal Cord," as well as the tread, absorbs the road shocks, and the carcass, in absorbing these road shocks, relieves the tread of a portion of its strain, giving longer life to the tread than is possible in fabric tires.

**BECAUSE**—"Royal Cords" are Non-Skid, and are so designed to be equally desirable for all four wheels, and their construction reduces side-slipping without impairing the ease in steering.

**BECAUSE**—"Royal Cords" eliminate Interior Friction. There's no chance for friction in them.

In "Royal Cords" each individual cord is coated with rubber, which prevents the parallel cords from rubbing each other.

And a layer of live, stretchable rubber separates each of the transverse layers of cords, preventing any friction there. No internal friction means Longer Life to the Tire.

**BECAUSE**—Lower Air Pressure is possible, and this means more comfort and easier riding.

Dominion Tires,  
Inner Tubes and  
Accessories are  
distributed  
through  
Dominion Rubber  
System Branches  
and sold  
by the  
Best Dealers  
throughout  
Canada.

**Dominion Tire Accessories**  
include everything you need  
to close a hole, plug up a  
bruise, or heal a cut in  
your tire. These helps will  
make your tires last longer.  
Carry a supply in your car.

**Dominion Inner Tubes**  
fit all Dominion Tires and  
ensure perfectly balanced  
tires. To add comfort to  
your car and mileage to your  
tires, always insist on hav-  
ing Dominion Inner Tubes.

Strong Women

Women and men too are just as strong and healthy as their blood. Vigor and health come with good blood. Without good red blood a woman has a weak heart and poor nerves. In the spring is the best time to take stock of one's condition. If the blood is thin and watery, face pale or pimply, if one is tired and listless, generally weak, a Spring Tonic should be taken. An old-fashioned herbal remedy that was used by nearly everybody 50 years ago is still safe and so because it contains no alcohol and no narcotic. It is made of roots and herbs and called Dr. Pierce's Golden Medical Discovery. If druggists do not keep it in tablet form, send 50 cents for a vial to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y.

MUSKOKA THIS YEAR Prospects are gratifying this year for a successful summer season in Muskoka and those who were disappointed last season in securing accommodation should apply early and make their reservations at one of the many hotels available. For illustrated literature with list of hotels, rates, maps, etc., apply to any Grand Trunk Agent or write to C. E. Horning, D. P.A., Toronto, Ont.

A LOVELY REGION One hundred and forty five miles north of Toronto lies the "Lak-of-Bays Region" one of the most attractive of the summer play grounds in the Highlands of Ontario. It is 1,000 feet above sea level, is immune from Hay Fever, has good boating and fishing, golf, and is supplied with some of the best summer hotels in Canada among which is Bigwin Inn accommodating 500 guests. For description literature with list of hotels, rates, maps, etc., apply to any Agent of Grand Trunk or write to C. E. Horning, D.P.A., Toronto, Ont.

SPRING FISHING The season for speckled trout fishing opens May 1st. and for salmon, and lake trout it is now open and will be until October 5th. It is expected the ice will out of the lakes by the end of April. Algonquin Park offers attractive possibilities for the angler and the "Highland Inn" desirable accommodation. Ask Grand Trunk Agents for all particulars and illustrated booklet or write to N. C. Clarke, Manager, "Highland Inn," Algonquin Park Station. A 10, 14, 24, 28

TENDERS FOR COAL SEALED TENDERS addressed to the undersigned and endorsed "Tender for Coal for the Dominion Buildings, Ontario and Quebec" will be received at this office until 12 o'clock noon, Thursday, April 29, 1920, for the supply of coal for the Dominion Buildings throughout the provinces of Ontario and Quebec. Combined specifications and form of tender can be obtained from the purchasing agent, Department of Public Works, Ottawa, or from the caretakers of the different Dominion Buildings. Tenders will not be considered unless made on the forms supplied by the Department and in accordance with the conditions set forth therein. Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, equal to 10 per cent of the amount of the tender. War Loan Bonds of the Dominion will also be accepted as security, or war bonds and cheques if required to make up the odd amount. By order, R. C. DESROCHERS, Secretary, Department of Public Works, Ottawa, April 3, 1920. A-10-17-24.

ALGONQUIN PARK

In the Algonquin Park of Ontario, Canada possesses a virgin wilderness within easy striking distance of civilization and city life. Here the tired business man and his wife and daughter too—can get out into the big open spaces, brush away the mental cobwebs and feel the red blood course through the veins once more. When the breathless rays and glaring heat of summer make life in the city a burden, Algonquin Park (only 200 miles north of Toronto and 170 miles west of Ottawa) is a place of refuge and enchantment. This great reserve of nearly three thousand square miles is on the very ridge or the "Highlands of Ontario." Its altitude above sea level averages 1,700 feet while some of the lakes in the park are 200 feet above the sea. The "Highland Inn" offers comfortable accommodation at reasonable rates. Make your reservations early as the probabilities are that the available accommo-

daton will be taken up early this season. Write N. T. Clark, Manager, Highland Inn, Algonquin Park Station, Ont., or apply for information to any Grand Trunk Agent. A-24.

DOCTOR WARD, The Specialist

SPECIALIST IN THE TREATMENT OF NERVOUS CONDITIONS, NERVE EXHAUSTION, BACKACHE, LUMBAGO, RHEUMATISM, STOMACH AND LIVER TROUBLES, ACNE, SKIN DISEASES, CATARRH, ASTHMA, RECTAL TROUBLES, PILES, FISTULA AND BLOOD CONDITIONS. The knowledge gained from many years' experience in these diseases just like yours is of much benefit to you and assures the ailing man of prompt relief. When a man knows that he is again feeling well—that he is rid of his ailment—he feels that a heavy load has been lifted from his shoulders. I give every patient the benefit of the knowledge acquired through the long experience of a graduated, licensed and registered specialist, in order to bring about the most satisfactory results in the shortest possible time.

NERVE EXHAUSTION A CONDITION AFFECTING MANY MEN—THE GREAT AMERICAN DISEASE—IT IS BROUGHT ON BY OUR MANNER OF LIVING—OUR WORRY AND HURRY—AMERICANS EXHAUST MORE NERVOUS ENERGY THAN ANY OTHER RACE OF PEOPLE. There are a great many men who need treatment for their nervous system. These men do not know what is the reason they don't feel right—why they can't work like they used to—why they tire so easily and why they are irritable, nervous, dependent, weak, pale and lack ambition. These conditions require the expert knowledge and treatment of a specialist who has had many years' experience in just such ailments. A specialist learns by experience to know just the right treatment at the right time so that the patient can be dismissed at the earliest possible time. Men affected with nervous exhaustion have no endurance—no ambition—everything they attempt is an effort. Life to them appears as a long, gloomy future. Their appetite is poor and variable—they become irritable, cross and discouraged. They have pains and aches in various parts of the body and there is often indigestion and pains in the stomach. Sleepless, wakeful and restless nights follow.

RHEUMATIC AILMENTS SCIATICA AND OTHER FORMS OF RHEUMATISM, LUMBAGO, PAINS IN BACK, SWELLING, ACHING, PAINFUL CONDITIONS IN ANY PART OF THE BODY—INFLAMED AND SWOLLEN JOINTS OF LEGS AND ARMS—MANY OTHER SYMPTOMS. Hundreds of men are suffering with some form of Rheumatism. Many of these men go from day to day suffering untold agonies thinking they cannot be cured. They have tried liniments, rubbing, massage, salts and other treatments without experiencing any relief, and they are now going through life thinking they are martyrs to that burden called Rheumatism. If these men could only know how easy it is to get rid of many rheumatic conditions I know they would not suffer another single day. Then all sufferers of rheumatism would be strong and healthy if they could get rid of the condition. Rheumatic patients are nearly all strong and robust before being attacked by this ailment, and therefore it is so hard for the man to understand why he should suffer the agonies of such a condition. When a man gets rid of such a condition he feels that a heavy burden has been lifted from his life, and he starts right out to make up for lost time both in money and pleasure. When a man comes to my office suffering with the above condition he is given a most careful examination, and he is given treatment that he feels is giving him great benefit.

OFFICE HOURS: Mondays, Wednesdays and Saturdays—9 a. m. to 9 p. m. Tuesdays, Thursdays and Fridays—9 a. m. to 6 p. m. Sunday Hours—10 a. m. to 1 p. m. CONSULTATION EXAMINATION FREE 79 Niagara Square COR. NIAGARA STREET (Opposite McKinley Monument) BUFFALO, N. Y.

Quick and Lasting Results Assured the Ailing Man BLOOD YOUR WHOLE HEALTH OF BODY AND MIND DEPENDS ON YOUR BLOOD. Any "building process" of the body and mind, of the muscle and tissue formations, of any of the various vital organs, can be accomplished only by working direct through the blood stream. ### ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and Rheumatism, Lumbago, Sciatica, Neuritis, Aspirin—the genuine Aspirin—take Aspirin marked with the Bayer cross. Aspirin marked with the Bayer cross is the only Aspirin that is safe to take. Aspirin marked with the Bayer cross is the only Aspirin that is safe to take. Aspirin marked with the Bayer cross is the only Aspirin that is safe to take.

vice was shouldered and Canada paid tribute to the success which attended those efforts by over subscribing the amount asked for during the Red Shield Drive.

Commissioner Richards is a forceful man. He is a man of few words. He believes in doing things. During the five years, more than 11,000 persons are recorded as having sought salvation. Notwithstanding the losses due to war, there are today nearly 2,000 more names on the Membership Roll than there were in this territory five years ago.

In July, 1916, Canada East was separated from Canada West, the dividing line being Port Arthur. Even in view of this, there are now only forty one fewer officers in active service in the Eastern territory alone than there were in the combined territories five years ago.

In the Field Report two very striking indications of financial growth are given. In 1914, the Self-Denial total for the combined territories was \$43,726. In 1919, for Canada East alone, it was \$75,591. Harvest Festival returns have been doubled.

In all the various departments the record. This shows that as often as humanly possible every opportunity has been seized for the advancement of every branch of the organization. Inasmuch as every act of service means the welfare of somebody, the same rate of growth has been re-

### MOTHER!

"California Syrup of Figs" Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say "California."

position which the Salvation Army occupies today indicates tremendously increased service to the community.

This service has been rendered under the leadership of Commissioner W. J. Richards. His five years in Canada have been five big years for the Salvation Army in Canada, and give great promise for the future.

### PROPOSAL FOR GAS

To the Editor of The Journal:

Sir: Seeing that the city has by the Legislature, been allowed further borrowing power, of which no doubt our rulers will soon avail themselves, it has occurred to me that before they find an outlet for the money, to call attention to the tax payers who eventually must pay the piper, to what appears to me as a prudent outlay.

We are in possession of what should be a valuable asset in the old gas works which I regret to hear is being allowed to go to wreck, with its costly machinery and appliances. Yet disguise it as we may it is more than within the bounds of possibility that in the near future its product may be found to be our only standby for household fuel. In several reliable papers which I lately read I found it plainly stated that there was every possibility, owing to labor troubles, shortage of supplies, and railway difficulties of coal going to the high price of from \$17.00 to \$20.00 per ton during the ensuing winter, and the likelihood of being hard to get even at that figure.

As a city we may say that the bulk of our cooking is done now by coal or natural gas, for the latter experts have repeatedly warned its users that it may give out at any minute, so that we require little imagination to conceive the dire straits to which even the number depending on it in this small city would find themselves put to if they were suddenly deprived of their supply.

More especially would this be the case if such a calamity occurred during the winter. Yet such is our actual position and to me it appears like madness to ignore it particularly when we have means of avoiding it. I have lately noticed by the papers that many cities are preparing for such an event. In Buffalo I have been informed, a monster new gas works has been constructed whose supply is largely used for cooking purposes. In Toronto the Consumers' Company have made extensive extension in that plant and last week I read from a Hamilton paper that the old artificial gas works there is being enlarged to a capacity which will add about seven million cubic feet daily to its output.

I might also mention other places in Canada and the United States. From the Hamilton report I noticed that they intend to manufacture what is known as water gas which it appears can be supplied cheaper than the old time article made from soft coal. It is now extensively used in the United States giving all the required results for household uses.

It has been stated that our service pipes are worn out. This may be the case in some spots but when repairs were made several years ago although leaks were found the metal in general was sound. At all events leaks should be looked for and the number of dead ends throughout the city carefully examined. In any event if the city undertakes to revive the works let a competent overseer be found, for with our previous experiments I think the consensus of public opinion was that the management was not efficient, thereby allowed the creation of a deficiency.

Yours Etc.

CITIZEN.

### NOTICE TO CONTRACTORS

Pursuant to the requirements of the Canada Highways Act, separate sealed tenders marked "Tenders for water-bound macadam pavement section..." will be received by the undersigned until 12 o'clock noon on Tuesday, May 11th, 1920, for the construction of three inch water bound macadam pavement on the Provincial Highway between Stoney Creek and St. Catharines in the following sections:

- (1) From mile 5 to 9, a distance of four miles.
- (2) Between mile 9 and mile 14.5, a distance of three and one-half miles.
- (3) Between mile 25 and mile 31, a distance of three and three-quarter miles.

Tenders will also be received at the same time for the construction of a Bituminous macadam pavement on the same section of the highway.

Plans, specifications and forms of tender may be seen on and after Tuesday, April 29th, 1920, at the office of the City Engineer, St. Catharines, the office of the Resident Engineer, Beamsville and at the office or the undersigned.

A marked cheque for \$500 payable to the Minister of Public Works and Highways Ontario is to be attached to each separate tender.

A Guaranty Company's bond for ten per cent of the amount of the tender will be required when the contract is signed.

W. A. McLEAN,  
Deputy Minister of Highways,  
Department of Public Highways,  
Toronto, April 16th, 1920.

### Growth Shows Desire To Extend Army Work

Commissioner W. J. Richards, chief of the Salvation Army in Eastern Canada, has completed his fifth year in that capacity. During that time the Army has seen one of its greatest periods of usefulness. This period takes in the "war years." The great war had been under way since August and new problems presented themselves to the organization when he assumed command. These problems required a large measure of initiative to overcome. The task of rendering the highest and most efficient service to the organization when he assumed command. These problems required a large measure of initiative to overcome. The task of rendering the highest and most efficient service to the organization when he assumed command.

### Children Cry for Fletcher's

## CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

### What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

## STIR Your Tea

One minute before your tea is steeped, stir it.

This liberates the valuable tea essence that would otherwise remain in the leaves at the bottom of the pot and be wasted.

When you use a higher price tea—a tea of the fine quality of Red Rose Orange Pekoe—it is doubly important to stir it and get the full benefit of the rich flavor and strength from every choice young mountain grown leaf.

Red Rose Orange Pekoe is a tea of extra quality at a little extra price.

A tea for exceedingly particular people.

Have you tried it?

**APRIL EXAMINATIONS AT COLLEGIATE**

Lower School Only  
Below we give the results of the Easter examinations at the Collegiate Institute. Individual reports have already been sent to parents and these show in greater detail the standing of the pupils. The standard for promotion in June is 40 on each paper with an average of 60 on the total. In all cases where a pupil's standing is lower than this on this report special attention should be paid to the weak subject or subjects from now on with the object of making good the defect by June. From now until June pupils should make faster progress as much of the work will be a review of what was taken earlier in the year. There is, however, a strong tendency as young people to take things easy as Spring comes on. This will be fatal to those seeking promotion. If parents and pupils consider promotion a desirable thing every effort should be made towards that end now, as it will be too late at summer. The teachers are anxious to co-operate in every way in order that those who are weak may overtake their work, but the greatest need from now on is for earnest and concentrated study on the part of each pupil. The principal will be pleased to confer with parents at any time. Those in Class II are not graded owing to absence from all or part of the examinations. Those in Class I are in order of merit.

**Royal Commission Favors to Women W**

OTTAWA, May 1.—Dominion-wide application of the principle of a minimum wage and a forty-eight hour working week for all women and girls, excepting those engaged in domestic or agricultural employment was strongly favored by the Royal Commission on the Unification of Labor laws at the session here yesterday.

Other important items at the session included the adoption of a motion that a committee of five be appointed to report upon the unification and harmonizing of law on industrial disputes within Canada, and a further recommendation that all laws at present existing in any province dealing with the improvement of sanitation or the protection of life should be made general to such other industries as may be possible throughout the Dominion.

The resolution dealing with the pay and working hours of women

**Will Ask For Of Six M**

**Hamilton Aldermen Conv Won't Be Star**

HAMILTON, May 1.—Continued from what Premier Drury told them yesterday that the Port Credit-Hamilton Hydro Radial would not be started for at least a year or two, members of the City Council will ask for the return of their \$6,000,000 bonds deposited with the Hydro Radial Association that the city has guaranteed. Controller Jutten thinks that Sir Adam Beck would have conferred a favor on Premier Drury if an effort is being made to sidetrack Sir Adam on Hydro radial matters. Sir Adam Beck assured Ald. Tope yesterday that the Hydro would have to take over the Dominion Power & Transmission Company, but that it could not be done in a minute. Ald. Tope, who is chairman of the Street Railway Committee, does not know whether, under the circumstances his committee should seek a better service from this company.

**Oleo Just As Good As Some Butter Sold**

OTTAWA, May 1.—Oleomargarine has had a large sale in Canada since restrictions on its sale were removed on December 10, 1917. Up to the present 18,358,046 pounds of this butter substitute have been manufactured in Canada, while 12,071,287 pounds were imported up to the end of February last. These figures were given the house tonight by Hon. S. F. Tolmie, minister of agriculture, when a resolution was under discussion providing for extending the time during which oleo may be manufactured and imported into this country to August 31, 1921, and for sale until March 1, 1922.

Before the house adjourned only one opponent to the sale of oleo in Canada had registered his protest. That was Dr. J. W. Edwards of Frontenac. He explained that he spoke on behalf of a dairy constituency. He denied that there was a scarcity of butter; "I don't think there is any real ground for the argument that there is a scarcity of butter," he said.
