Belgium's Canine Heroes

ONLY SIX NOW ALIVE.

GHENT, Belgium.-Only six of Belgium's "War Heroes" remain. They are not human heroes, but brilliantly intelligent and daring dogs who distinguished themselves for valor and fidelity on the field of battle. Originally there were 16, but ten proved that even dogs can be martyrs. Three were killed in action at the front, three died of wounds, two were poisoned by the Germans, one died of grief over the loss of his soldiermaster, and one was mercifully put out of his misery when the enemy came to seize him. The six survivors were proudly exhibited by their owners at the Palais des Fetes recently. Some have gallant acts of peace to their credit as well as honors of war. They have saved children from drown ing, stopped runaway horses, caught burglars, protected sheep and stood silent guard over their masters' lives and homes. Evening Telegram Dear Sir.-Being a former Newander, but now an American tizen. I am desirous of expressing personal opinion of the unequaldistinction shown to this country the selection of a native son to be member of the House of Lords. Do wfoundlanders realize, as Amerins do, that this is the first such hon-

Foreign governors have been sent this island from earliest times, and erialists have been given all kinds onors, but until recently few Newdland natives have been favored o such a man, a real man, as Edyard P. NEW PASSENGER SERVICE INAU-GURATED.

Secretary Mahoney, Solicitor Carter, and representatives of the Press were given a run to Bowring Park yesterday afternoon in Marshall's new Mack Motor Coach. Leaving City Hall at 3.30, the party were taken up Church Hill to Rawlin's Cross thence to the Park by the regular route which the 'bus will take via Cornwall Avenue, Road de Luxe and Waterford Bridge. Arriving at the Park, a short stop was made, and return to town was by way of Water Street. The party was well pleased with the means of conveyance and on leaving wished Mr. Marshall every success in his new venture.

The coach is entirely covered in, as glass windows at sides and ends and resembles the big motor busses used in England and the States. It will be fitted when completed with comfortable cushion seats, upholstered in rattan, with standard spring backs. The car has also prismatic dome lights for night service. It is also fitted with push buttons so that passengers may ring when they wish to alight. Another feature is the door and entrance. The step is at the minimum distance from the ground and affords very easy access. The bus, which has accomodation for 26 passengers runs very smoothly and the passenger travels with the utmost com fort. The body of the coach was designed from the same model buses as manufactured by the Internatinal Motor Company, New York, and was built here at the local garage by Mr. Llewellyn Pike and reflects much credit on his skill and workmanship. The motor is of 25 R.A.C. horsepower, capable of developing a speed of 30 miles per hour, but on the city streets

The "Royal Gazette" was established in August 1806 as a private conern and was authorized to be pubished by the Governor of that day, Erasmus Gower, Vice Admiral, etc. It subsequently became the property of the late J. It's Flavor that Makes the Meal!

It may be eggs, or macaroni, or a cheap cut of meat—an unusual and delicious sauce will make it something you eat with delight and remember with pleasure—because of its flavor.

LIBBY'S CATCHUP and CHILI SAUCE are made from red, ripe tomatoes, grown in the fertile soil of Kent County, Ontario, picked when they are mellowed by the sunshine of long summer days, then rushed to the nearby Libby kitchen.

Here in sunny rooms the tomatoes are cooked with fragrant spices, onions, sugar and the best vinegar—cooked for hours until all the flavors are blended through and through.

Now the sauce is ready to give an appetizing relish to your steaks and chops, or a new piquancy to the meat gravy you serve with your roasts

Your grocer has, or can get you, Libby's Catchup or Chili Sauce. Use it with your cold meat teas and note how quickly the second helping is necessary.

The delightful flavor of Libby's Beans is due largely to the wonderful Sauce prepared by the skilled chefs. Have you tried them?

Gambo Notes.

Mr. Ivany, who spent the week-end at Grand Falls, returned by this morning's express.

Miss Florence Reid, Methodist School Teacher, left by Saturday's express to spend her vacation at Lower Island Cove with her parents. It is regrettable the Board has deemed it necessary to close the school this year, therefore she will not be returning again.

Misses Connolly and Harrington, the R. C. Teachers, left by Thursday's express to spend their vacation at their homes. The latter, we learn, will return again in September.

Mr. G. Chant, the C. of E. Teacher, has retired. We deeply regret the loss. He was greatly beloved by all who knew him, and his going out from us will leave a vacancy which cannot easily be filled.

Mr. H. Fowlow, R.N. Co. agent, will be leaving shortly to spend his vacation at Trinity. It is rumoured he will pay a flying visit to St. John's before proceeding to Trinity. Wonder what's the idea? A pleasant time to you Kie, old top.

Corps and Club.

Editor Evening Telegram Dear Sir,-After reading your item in connection with the C.C.C. and Boat Club in last evening's Telegram to say that I was surprised would be putting it mildly. I, like a good many ex-members and supporters contributed as generously as our pockets would permit to all sweeps, lotteries, etc., inaugurated by the C.C.C. Boat Club, all the while being under the impression that I was helping swell the funds of the Corps. but to discover now that such is not the case is, to say the least, not good enough. When I purchase C.C.C. tickets again I will make sure that the C. C. Corps get the benefit, and not the C.C.C. Boat Club. and I ask all ex-members to do likewise, and if need be let us form a C.C.C. Club for the sole benefit of putting the Catholic Cadet Corps in a better condition than it is at present, thanks to the generosity of the C.C.C. Boat Club. The C.C.C. is not going to be made a laughing stock for the benefit of 18 or 20 individuals. . It would be interesting to know how much each member of the Boat Club has made (if any) during the tim they have been trading under the name of the C.C.C. Boat Club.

Thanking you for space, Mr. Editor,
Yours truly,
O.C.C. Ex-MEMBER.

During these fifty years Freemasonry in England has made, as we all know, great advances in numbers and influence. That progress must in part be ascribed to the diffusion of prosperity and the increase of culture which have disposed a much larger proportion of the population to enjoy the amenities of the Craft.
