## KAISER ABDICATED ARMISTICE SIGNED

### Germany Abandons the Struggle and Accepts the Allies' Terms

The Bridgetown MONITOR received the following dispatch from the Halifax Chronicle at 6.15 p.m. Saturday, Nov. 9th:

"Paris despatch just received says: The abdication of Emperor William is officially announced from Berlin according to a despatch to the Savas agency from Base, Switzerland."

### Mayor MacKenzie also received the following despatch from the Halifax Herald:

"Official news has just been received from London that the Kaiser abdicates. Please give above despatch the widest public notice and ask the manager of the electric light plant in your town to flash news to the homes as per code schedule which is appearing in the Herald. Praise God from whom all blessings flow."

THE HALIFAX HERALD.

### THE GOOD NEWS

The Bridgetown MONITOR received the following telegram early Monday morning, which was dated at Halifax, November 11th, at 4.15 a.m.:

"Armistice signed. Germany accepts Allies' terms."

CHRONICLE AND ECHO.

### THE TERMS

At 3.50 Monday afternoon the Halifax Chronicle and Echo wired THE MONITOR as follows:

"The terms of the Armistice with Germany were read to Congress by President Wilson at one o'clock this afternoon. Assembled in the hall of the House were nineteen months' Senators and Representatives who had heard the President ask for the declaration of war. They to-day heard him speak the words which herald the coming of peace. The strictly military terms of the armistice are embraced in eleven specifications which include: the evacuation of all invaded territories, including Alsace and Lorraine, the withdrawal of the German troops from the left bank of the Rhine and the surrender of all supplies of war."

"The terms also provide for the abandonment by Germany of the treaties of Bucharest and Brest-Litovsk."

"The naval terms provide for the surrender of 160 submarines, fifty destroyers, six battle cruisers, ten battle ships, eight light cruisers and other miscellaneous ships. All Allied vessels in German hands are to be surrendered and Germany is to notify neutrals that they are free to trade at once on the seas with the Allied countries."

"Among the financial terms included are restitution for damage done by the German armies. Restitution of the cash taken from the National Bank of Belgium, and return of gold taken from Russia and Roumania. The immediate repatriation of all Allied and American prisoners without reciprocal action by the Allies."

### TWO FIRES SUNDAY MORNING

The D. A. R. Station and Old Saunders Homestead Destroyed.

Between one and two o'clock Sunday morning, when about everybody had retired and things had become quieted down, a late passer-by discovered that the Dominion Atlantic Railway station was on fire. An alarm was immediately rung in, but many of the firemen thought it was a false alarm the result of the celebration. The building was lost together with its contents. The east-bound Yarmouth-Middleton freight had left the station but a short time before the fire was discovered. It was one of the oldest stations along the line, being built in the old days of the Windsor & Annapolis Railway.

Mr. Chesley, chief accountant, and Mr. McDonald, travelling auditor of the D. A. R., arrived here from Kentville via special train Sunday noon. Another special arrived during the evening, containing a crew of workmen. A passenger car and a box car have been fitted up for station and freight room, and the travelling public is being made as comfortable as possible under existing conditions. The Mayor and a number of prominent citizens met Mr. Chesley at the home of Mr. W. V. Jones, South street, Sunday afternoon and talked over affairs in connection with the destruction of the old station and the erection of a new one. Mr. George H. Graham, the enterprising manager of the D. A. R., will no doubt have a modern station built here in the near future. In an interview by phone he informed the MONITOR that he expects to be in town in a few days to give this matter his prompt attention.

About four o'clock Sunday morning the old Saunders homestead, an old dwelling which had not been occupied for many years, and which was situated in the Paradise district, just east of Bridgetown, was also totally destroyed by fire.

### YESTERDAY A PUBLIC HOLIDAY

His Worship Major MacKenzie received the following telegram Monday evening: "Please advise all concerned that an extraordinary Royal Gazette has been issued with authority by Lieut.-Governor Grant, proclaiming a provincial holiday, closing schools. Please telephone text of following Proclamation to every clergyman: Official Proclamation issued by the Lieut.-Governor Grant to-day. After referring to glorious news of signing of Armistice concludes as follows: Now, therefore, we, confident of the resolution and earnest purpose of our people who have from time to time pledged themselves to continue unflinchingly with patience and discipline whatever may be necessary to bring the war to a victorious conclusion and to usher in a new era founded on Peace, have thought fit by and with the advise of the exclusive council of Nova Scotia to appoint Tuesday, the twelfth day of November, as a day for general Thanksgiving, and I do hereby further appoint the hour of 12 o'clock noon as a time on said day for thanksgiving and prayers and we do hereby invite all clergymen in our province to direct in their several churches the thought of our people in their matters to the Throne of Eternal Grace at the hour appointed, and we do hereby urge all our good and loyal citizens to reappear to their accustomed place of worship at the hour appointed. The Lord reigneth, let the earth rejoice.

H. R. MURRAY,  
Provincial Secy.

An exchange advocates the doubling up of church congregations for the winter months in order to save fuel, and believes there will not be much danger of over-crowding any of the churches even then.

### Bridgetown Held Big Celebration Saturday Night and Monday

When the news of the abdication of the Kaiser reached Bridgetown Saturday afternoon the excitement was intense. Mr. Beckwith, the enterprising manager of Bridgetown's electric power plant flashed the lights at 5.15 p.m. Factory whistles were blown, bells rung, and in a few minutes almost the entire populace was on the streets, many forgetting to eat supper until a late hour.

In the evening the Kaiser's effigy was burned from a high pyramid which had been especially erected on Miller's marsh near the river bridge.

The Bridgetown Band played national airs, and the celebration continued until midnight.

Sunday morning a special train from Halifax brought a Sunday edition of the Halifax Herald containing all the latest war news up to an early hour that morning. Under the direction of Mayor MacKenzie nearly every home in Bridgetown was supplied with a copy of the Sunday Herald without cost. His Worship sent the Herald a telegram of appreciation as soon as the edition was distributed.

At the morning and evening services the clergymen in the various churches appropriately referred to the Saturday night's news and to the news of peace which was hourly expected.

Monday morning at 4.30, Rev. E. Underwood, Rector of St. James' Parish, was the first person to convey the news to the Editor of the MONITOR of the signing of the Armistice, his telephone message having preceded our special despatch from the Halifax Chronicle.

The bell of St. James' Episcopal Church was the first to ring out the good news, followed by all the church bells, fire bell, factory and steamboat whistles in town.

The electric lights flashed the Herald signal at 5.15, just 36 hours after the flashing of the Kaiser's abdication. Bonfires were lighted before daylight.

By order of the Mayor a public holiday was proclaimed, and full sheet posters were delivered from the MONITOR'S Job Printing Department and distributed throughout the surrounding villages before 9 a.m.

In the meantime flags were hoisted on every available staff, and the places of business and private residences were prettily decorated.

At 11 o'clock a Union Thanksgiving service was held in the Baptist Church, conducted by Rev. E. Underwood, Rector of St. James' Parish; Rev. W. J. W. Swetnam, Pastor of the Bridgetown Methodist Church, and Rev. M. S. Richardson, Pastor of Bridgetown Baptist Church. Although this church is the largest in Annapolis County its seating capacity was taxed to its utmost. This service was attended by the Mayor, members of the Town Council, the officers and members of the Masonic and Oddfellows' Lodges, and the general public.

At 2.30 a parade consisted of the civic authorities, the Masonic and Oddfellows' Lodges, and the school children, led by Rev. Dr. Jost, the whole procession being marshalled by Chief of Police Avaré Anderson and Sergt.-Major George Gill, mounted on horse-back. After parading the principal streets of the town they disbanded on the school grounds from which place they started. Music during the parade was furnished by the Bridgetown Brass Band under the leadership of Mr. C. B. Longmire. Following this was an auto parade in which about 40 automobiles beautifully decorated, took part, conveying some 250 people, going as far west as "Lawnsdale," the beautiful residence of Mr. Harry Ruggles, and as far east as Paradise, going via the south side of the river and returning via north side, Granville and Queen Streets.

In the evening at 7.30 a torchlight

procession was followed by an exquisite display of fireworks from the upper piazza of the Grand Central hotel at the head of Queen street, after which short addresses were given by the clergy, Hon. O. T. Daniels and others.

The day's celebration ended with a big dance in the Ruggles Hall.

The Mayor, Town Clerk, members of the Town Council and of the Executive Committee deserve much credit for the manner in which the whole celebration was conducted. The town officials and members of the committee wish to express their appreciation of the assistance given them by the clergy, officers and members of the secret societies, the automobile owners and the citizens generally for their united efforts.

Yesterday, following the Proclamation of His Honor the Lieut.-Governor, all places of business in Bridgetown were closed, and a general holiday observed, which passed off quietly, the principal event being a Union Thanksgiving service in Providence Methodist Church, which was largely attended.

Monday morning, before daylight, \$13,000.00 worth of Victory Bonds were purchased by a few citizens who had gathered in Mr. Ruggles' law office on Queen street, and \$9,000 worth were purchased by members of Crescent Lodge of Oddfellows in their lodge room immediately following the service in the Baptist church. These of course were all additional sums to those previously purchased during the past week by the citizens of Bridgetown.

During the entire celebration and for several days and nights previous the most faithful people were the Bridgetown telephone and telegraph operators, who, notwithstanding the busy moments, were always courteous and obliging to the entire public, answering all enquiries promptly and cheerfully.

Owing to there having been two Thanksgiving days this week my store will be open on Wednesday until 10 p.m.

## The Bank will trust you

Perhaps you never had an account in a bank—maybe you've never done business in a bank—hardly even cashed a cheque in one. But—

that is no reason why you cannot go to a bank and borrow money to buy Victory Bonds.

If you are a steady, industrious, thrifty citizen, working and saving a part of your income, you are just the kind of person Canada's chartered banks stand ready to help to-day.

Any bank will lend you as much money as you can save during the next twelve months with which to buy Victory Bonds.

All you have to do is to pay ten per cent. of the amount you want to buy and deposit the receipt for that ten per cent. in the bank.

The bank will lend you the 90 per cent. balance at 5½ per cent. interest and will give you a year to repay it, the interest you get on your bond being just the same as the bank charges you.

This is a fine opportunity for you to begin a real savings account, to make a first class investment and to help your country at the same time.

Why not see a banker to-day—he will tell you all about it and you will be glad of the advice and help he can give you.

Tells How Lydia E. Pinkham's  
Vegetable Compound  
Restored Her Health.

Philadelphia, Pa.—“I was very weak,  
always tired, my back ached, and I felt  
sickly most of the time. I went to  
the doctor and he said I had nervous in-  
digestion, which added to my weak  
condition kept me worrying most of  
the time—and he said if I could not  
stop that, I could not get well. I  
heard so much about Lydia E. Pinkham's  
Vegetable Compound my husband wanted me to try it.  
I took it for a week and felt a little bet-  
ter. I kept it up for three months, and  
I feel fine and can eat anything now  
without distress or nervousness.”—Mrs.  
J. WORTHLINE, 2842 North Taylor St.,  
Philadelphia Pa.

The majority of mothers nowadays  
overdo, there are so many demands  
upon their time and strength; the result  
is invariably a weakened, run-down,  
nervous condition with headaches, back-  
ache, irritability and depression—and  
soon more serious ailments develop.  
It is at such periods in life that Lydia E.  
Pinkham's Vegetable Compound will  
restore a normal healthy condition, as  
it did to Mrs. Worthline.

**SCIENCE AND INDUSTRY AID  
VICTORY LOAN**

As an instance of how science and industry have co-operated in helping to win the war, it is interesting to note that Sir Thomas White, K.C.M.C., Minister of Finance, has made a special "His Master's Voice" Record for the purpose of actually informing the Canadian Public in his own voice concerning the need of the second Victory Loan.

Science has thus made it possible for the voice of the Finance Minister to be heard in thousands of places in every part of the Country at the same time.

The illustration shows Sir Thomas "caught in the act" as he made his special recording at the laboratories of the Berliner Gram-o-phone Company, Limited, Montreal.

**MAKE SACRIFICE IF NECESSARY**  
But Regard Such Sacrifice as a Sac-  
red Privilege.

You cannot have an Omelette with-  
out breaking eggs.  
You cannot carry on any enterprise  
without Capital.  
All operations must be financed in  
some way or cease.  
As with the individuals so with the  
Nation.

In August of 1914 Canada entered  
upon the greatest enterprise in her  
history and is in the war to the finish.  
To meet the ever increasing cost of  
her army overseas, she requires to  
raise vast sums of money by borrow-  
ing. The Premier of Great Britain  
states that this war for democracy  
may be won by a silver bullet. In  
the early stages of the struggle when  
the British money market was closed  
Canada turned to the money markets  
of our great southern neighbor.  
After America entered the conflict it  
became necessary to submit Canadian  
needs to our Canadian people and  
nobly have they met the issue.

From November 1915 to November  
1917 Canadians placed at the disposal  
of their Government for war purposes  
the enormous sum of \$995,231,300.  
In order that the finishing blow shall  
be given and to aid our men in their  
objective "On to Berlin" and that  
there shall be no slowing up of

business activity in Canada, more  
money is required and the Govern-  
ment is asking for five hundred  
millions from the Canadian people, for  
what will doubtless be the last  
Victory Loan. The Canadian people  
have over ONE BILLION DOLLARS  
in the savings banks and such that  
there can be no question as to the result  
of the appeal.

To assure this result let each one  
feel a personal interest in the cam-  
paign, make sacrifices if necessary, but  
regard such sacrifice as a sacred  
privilege.

"This is another chance for Cana-  
dians with red blood to show their  
patriotism, their sound common sense  
and their determination to make the  
army of Canadian dollars thunder  
against the crumbling walls of Ger-  
many, in what looks like the crack of  
doom for aristocrats and tyrants."  
Be ready to subscribe when opportu-  
nity offers. It is an investment as well  
as a privilege. The LOAN carries  
interest at 5 1/2 per cent.

MARINE NEWS

Schr. Swan, Capt. Gov. Morrell, is loading fish at Digby for Gloucester, Mass.

The schooner Dorothy G. Snow, a former Digby schooner, which recently returned from her Hudson Bay trip, has been chartered to take a cargo of flour to St. John's, Nfld., from Halifax.

Mr. E. P. Rice's 300 tons schooner is nearing completion at Weymouth, and will probably be launched during the week of the 15th of Nov. The finest workmanship has been put into this schooner, and she compares favorably with the high standard of ships turned out of the yards on the St. Mary's Bay shore.

During a storm the latter part of last week the schooner Elk sunk off Southern Head, Grand Manan, and Capt. Ernest Harris and Charles Barnes, the engineer, narrowly escaped death by drowning. The vessel, which was equipped with new thirty-five horse power crude oil burning engine, was valued at more than \$5000.

Fish arrivals at Digby: Maritime Fish Corporation, per schr. Cors, 2,519 lbs. skates; other sources: 46,866 lbs. haddock, 3,326 lbs. hake, 1,742 lbs. cod, H. B. Hayden, received 3,548 lbs. hake, 3,936 lbs. haddock. Shipped 3000 lbs. fresh haddock, 650 lbs. finnan haddies, 600 lbs. fillet, D. Sproule & Co.'s receipts, mixed fish from boatmen, 10,846 lbs.; shipped 1,027 boxes finnan haddies, 117 boxes fillets.

Reports reaching the Canada Food Board indicate that the consumption of fish in Canada on October 31 national fish day, was 57,000 by fifty per cent that of any Good Friday, formerly the busiest fish day in the year. Toronto sold 222,600 pounds of fish. Montreal exceeded all records by selling 355,000 pounds. The food board's estimate of three million pounds of fish sold on fish day is likely to be sustained.

## LETTER FROM SERGEANT S. F. WILLIAMS

### How Particulars About His Wound and Present Condition

From a letter from Sgt. Samuel F. Williams, son of Mr. Herbert F. Williams, of this town, to his sister, Miss Ida Williams, we are publishing the following:

Clandon Park War Hospital, Guilford, Surrey, England, Friday morning, Oct. 4, 1918.

You have no doubt been officially notified that I was wounded last Sunday afternoon, just on the left of Cambria, and I feel you are worrying and anxiously waiting for this letter. I was wounded in the back of my left thigh, just above the knee. This is not serious, for which I am thankful, and only a matter of a few weeks to heal. I was leading a party along a sunken road to collect some wounded in a old village, when a shell burst just beside me. Capt. Brown was just behind me, and started to dress a lad, and after I opened a shell dressing I asked him if he would please put it on for me. The poor man nearly dropped and said "Why, Sam, you've not hit." He was discouraged, for there were so many of the boys wounded and not cleared, as the Germans were pounding us. Just after I left I heard that Capt. Ross, a medical officer from the ambulance, who was with us was killed. I had just bade him good-bye. I walked out to the field ambulance and helped a badly wounded German out. Immediately I got a car in which were two Fritzys, and one of them "kicked the bucket." At the Main we were put in box cars and reached No. 1 C. C. S. at midnight, inoculated there and waited until daylight for a train. Reached a base Hospital (No. 18 General U. S. A.) at about 10.00 that evening. I got a shower bath (while I was nearly perished) X rayed and about 1.00 A. M. Tuesday I was operated upon, and the piece of shrapnel removed. Wednesday morning at about 3.00 the sister woke me up and said "Williams you're going to Bighty." From there I was made a stretcher case, taken to the Hospital train, and reaching Calais we sailed for Dover in a dandy Hospital Ship. From Dover we were placed on a train and landed here Wednesday night.

This lovely here, English V. A. D. nurses and sisters and a lady Doctor. Some Colonel is expected to-day to see if we are properly looked after. The food is only fair, but plenty. This is Lord Oswald's Estate and a magnificent building. I am in Ward 8 (8 beds) I think there are 130 beds all told. The Red Cross Ladies visit but all they have brought are cigarette and papers. Not much broussing on that for me.

I sent a card to Sgt. Shikley, my chum in Bramshott. He is not far away and may come to see me. From here I will go to Conval Camp Epsom and then 10 days' leave and to Bramshott. I guess I have done my bit now. Im proud of my "M. M." award. Well so much for my experience. I told John to open my boxes and treat the boys. They do not renail any parcels. Please send things right along and I will get them sooner now. They will renail from here.

Lester Hines was wounded on Friday, in the arm. 'Twas a rough place believe me.

Sunday morning I was sitting down dodging Machine Gun bullets when a shell hit only 3 feet from me, but thank God it was a dud, so you see I'm

### SAVE YOUR WOOD-ASHES.

(Experimental Farms Note.)  
The experience of many generations of farmers and gardeners has proven the high value of unleached wood-ashes as a fertilizer, especially for clover, corn, farm roots and vegetables and fruit crops generally. Wood-ashes contain no nitrogen and supply no humus, but as far as mineral plant food is concerned there is probably no compounded mineral fertilizer on the market that is more effective and more lasting. They furnish potash, lime, phosphoric acid the very element taken from the soil by the forest trees, and returned to the soil they will supply, in the very best form and combinations, the mineral plant food required by our crops.

According to analyses made by the Division of Chemistry, Experimental farms, unleached hardwood ashes, free from sand, etc., will contain between 5 and 6 per cent of potash, about 2 per cent of phosphoric acid and from 20 to 30 per cent of lime. Before the war Germany supplied all the potash used for fertilizing purposes; since that supply has been cut off, potash has tremendously increased in price so that now it is worth almost ten times what it was in the early part of 1914, and as a consequence it has practically disappeared from commercial fertilizers. The potash in 100 pounds of good quality wood-ashes is now worth from \$1.00 to \$1.50.

Owing to the scarcity and high price of coal, farmers will be burning more wood this winter than has been customary for many years. We counsel them to save carefully the ashes from their stove, storing them in a dry place protected from the rain. Leached ashes contain very little potash, for this element is readily soluble in water.

The soils most benefited by wood-ashes are light sandy and gravelly loams, and mucks and peaty soils. They are also especially valuable for sour soils deficient in lime. The application may be from 600 to 2000 pounds per acre, preferably broadcasted in the spring on the prepared land before seeding and harrowed in.

### NOT A BIG MONEY MAKER

The Farmer, However, is a Good Saver and Usually Has a Good Bank Account.

The farmer is not a big money maker, but he is a good saver. His aggregate savings would go a long way toward taking up the Victory Loan. Heretofore, these savings have gone largely into the Savings Bank where they were safe and could be drawn upon at any time.

Until the floating of the Victory Loans, few farmers knew that bonds and especially Victory Bonds, can be utilized just the same as Savings Bank deposits. They can be sold or holders can secure loans from the Bank at any time up to their full value and no safer investment can be made, for behind the Victory Bonds are all the assets of Canada.

The safest kind of investment, as negotiable as Savings Bank Deposits, the Victory Bond in addition offers nearly double the rate of interest of Savings Deposits. That's the business side of the Victory Loan, but when the buyer of these attractive bonds can contribute to the country's need in this time of war and so give practical expression to his patriotism, the inducement to buy is complete. Business instincts should prompt every farmer in Nova Scotia to purchase Victory Bonds; Patriotism should prompt buying to the full limit of his ability.

### His Only Vice

He only smokes just once a week, and then he smokes outside, my own true husband is so meek my wish is ne'er defied. Fresh buttermilk his only drink, he never stays out late, he always cleans the grate and sinks, and polishes each plate. He cuts the kiddies' hair so neat, he cleans and blacks their shoes; he turns the washer, carves the meat, yet never has the blues. And when he's walking in the street, he gazes at the sky for fear he'll see the dainty feet of flappers flipping by! He brings his weekly pay to me, and asks me for a dime; it isn't very hard to see, I have an easy time. Yet, sister, solemnly I swear, I wish he weren't so good. I'd let him drag me by the hair, and beat me black with wood. I'd let him sip mixed drinks all day, make eyes at every miss, and keep eighteenth of all his pay, forget his morning kiss. If he would sail away each night a mile or two from shore, so, I would not awake with fright each time he gives a snore.

# As a matter of business, what do you think of the plan?

You are a farmer. Canada is a farming country. Canada grows more food than the people of Canada need.

To prosper she must sell that surplus food. Great Britain is our best customer for grain, pork, beef, cheese and other farm products.

Every practical man must see how important it is to hold the British trade. Canada wants not only the profit on this trade, she wishes to create a goodwill in Britain towards Canadian products and thus assure our export business for the future.

At the moment Great Britain asks for credit, asks Canada to sell her the products of the farm, "on time." To hold her trade, it is necessary to give this credit.

This takes capital—immense capital. For Britain's purchases from Canada are huge, and these purchases must be paid for in cash.

In these times, it is not easy even for a nation as wealthy as Canada to procure money. Certainly, no other country can lend us money. The only way now open for Canada to secure money is to borrow from the people of Canada.

### Learning Lessons at Home

The Halifax Chronicle under its "Observations by the way" says: There has always been a decided sentiment locally against one portion of the system used by the School Board. This is the method of learning lessons at home. Under the existing conditions, the teacher has become merely a "hearer" of lessons, while the real teaching is performed by those who have to aid the scholars in the preparation of the lessons at home.

The greater disadvantage of this system, or rather lack of system is that pupils are absorbing their ideas from home rather than from the

teacher. Possibly in some cases this is all right, but in many cases where the parents had been handicapped in youth the child is handicapped by the parents' inability to teach it properly. Even evading this drawback, parents have not the time to perform this task. It is really time that the School Board was awakened to the fact that learning lessons at home is an absolute, unfair and inefficient method of conducting the work.

Too many men attempt to pass through this world on the reputation of their ancestors. Minard's Liniment cures Garget in Cows.

### "THE COW PUNCHER"

New Novel by the "Poet of the Prairies"

Whether Robert J. C. Stead, whose western poems some years ago won him the sobriquet, "the Poet of the Prairies," is more particularly a poet or a novelist is a point which literary people have not yet settled. In this respect he is, perhaps, unique among Canadian writers. When his novel, "The Homesteaders," appeared two years ago people said that he was, after all, a novelist, and the Canadian market has been sold out of "The Homesteaders" ever since. The situation was met this summer by the publishers setting up and printing a large edition in Canada—the previous editions had been printed in England. Then came Stead's latest collection of verse, "Kitchener and Other Poems," which immediately became a best seller, and has been in demand ever since. It was this collection which prompted a Scotch reviewer to say in the Aberdeen Free Press, "Robert J. C. Stead, of Calgary, is the only singer of any decided merit which the Canadian West has yet produced, but Stead is a host in himself." And the London Daily Express said, "Canada has done great deeds on the battlefield. The poems of Robert J. C. Stead entitle her to claim some of the finest poetry the war has produced. There is a strength, a beauty, a restrained passion in his war verses such as very few of our war poets have exhibited." High praise this,

from such a quarter. Stead is surely a poet.

And now comes his new novel, "The Cow Puncher." (Toronto, the Musson Book Co., Ltd., cloth \$1.50), and threatens to force a further revision of opinion. Advance sales already place "The Cow Puncher" among the big novels of the year, and Dr. W. T. Allison, professor of English and well-known literature, who read the book in manuscript, declares it is "the greatest thing in a literary way that ever came out of the prairie country." It is the story of a young rancher who, although denied all cultural advantages in his youth, was nevertheless able to "make good" in the supreme test of life and death. It is a story to read and re-read. There is not a dull paragraph in it. It is more than a novel; it is an epoch in Canadian literature.

And perhaps it is precisely because Robert Stead is so much a poet that he is able to catch and express the peculiar charm of the open air and the wide spaces, of wood smoke and prairie shadows and great mountains afar, and big men and women not too cramped by conventions, that he is able to write such novels as "The Cow Puncher."

## Sir Thomas White's Appeal to Canadians

### Points Out Great Need of the Victory Loan to Carry On the War.

On the opening of Canada's great Victory Loan drive the Minister of Finance issued the following message:

To the People of Canada:  
The Victory Loan of 1918 is now being offered for public subscription. It is an undertaking of most vital consequence to the nation, and I cannot too earnestly emphasize the duty and responsibility resting upon all citizens of Canada to co-operate to the extent of their available resources in making it an unqualified success.

SIR THOMAS WHITE  
Minister of Finance under whose direction the great Victory Loan drive for \$500,000,000 is being made.

The money to be raised is urgently required to enable us to continue the prosecution of the war, now in its fifth and most crucial year, and for the maintenance of the prosperity of the Dominion in all departments of productive activity.  
Apart from patriotic considerations which should alone suffice, it is the direct, immediate, personal interest of every individual Canadian citizen that the Loan should not fail of its objective. The bonds afford absolute security and yield a most attractive rate of interest. Undoubtedly, in the period succeeding the war, they will show a substantial appreciation in value.  
All citizens are earnestly invited to subscribe. Remember, you are asked not to give but to lend your dollars from over eight hundred thousand subscribers. This year we expect five hundred million dollars from more than a million subscribers. Let all subscribe to the extent of their means, be they great or small, and once more demonstrate to the world the strength, unity and determination of the Canadian people in this world struggle. Even if the war should end at an earlier date than has been anticipated, all the money asked for will be required for the purposes of demobilization, which will extend over many months, and for the continuation of credits for the purchase of Canadian products. The organization and publicity work in connection with the Loan has been completed after many weeks of effort. It now remains for the people of Canada to do their share. That they will do so to the fullest degree, I am entirely confident.  
W. T. WHITE,  
Ottawa, Oct. 28th, 1918.

## CANADIAN ARMY AND THE VICTORY LOAN

War Costing Canada Over Million Dollars a Day — \$400,000,000 Will Be This Year's Bill.  
Nearly 600,000 have been enrolled in the Canadian Expeditionary Force. About 425,000 have gone overseas. Canada's 1918 war bill will be \$400,000,000.  
Canada's 1917 war bill was \$320,000,000.  
Canada's war expenditure is now \$83,000,000 a month.  
It exceeds \$1,000,000 a day.  
The \$420,000,000 subscribed to the 1917 Victory Loan will not do much more than pay this year's war bill.  
\$500,000,000 are needed through the Victory Loan, even though peace should come to-morrow.

### BANKS WILL LEND.

In order to help out small subscribers to the Victory Loan the banks will lend subscribers, on the probable certainty of repayment within a year, up to 90 per cent. of the amount of the investment in the Loan. The rate of interest charged by the banks is 5 1/2 per cent. Repayment is to be made monthly and quarterly. These are much better terms than were granted last year.

There are over 425,000 Canadians overseas who will have to be kept for at least a year, even if peace were to come this month.  
No one who looks at the casualty lists can do otherwise than subscribe every dollar possible to the Victory Loan.

The Canadians in France have set a high standard for those at home to reach in the Victory Loan campaign. Canada must put every ounce of effort into the Victory Loan drive. Over-subscribing to the Victory Loan would have a wonderful effect on the Canadian Corps in France. It would be the best thing that Canada could possibly do.

## NOTICE Military Service Act, 1917.

### EMPLOYMENT OF MEN IN DEFAULT UNDER THE MILITARY SERVICE ACT.

The following Regulations, recently approved by the Governor General in Council, impose strict obligations upon every employer TO ASSURE HIMSELF THAT EACH OF HIS EMPLOYEES OF MILITARY AGE AND DESCRIPTION IS IN POSSESSION OF DOCUMENTS PROVING THAT HE IS NOT IN ANY WAY IN DEFAULT UNDER THE MILITARY SERVICE ACT.  
An employer who is charged with having a defaulter in his employ must be able to prove THAT THE MILITARY SERVICE PAPERS ISSUED BY THE REGISTRAR OR MILITARY AUTHORITIES TO THE EMPLOYEE IN QUESTION WERE PRODUCED FOR HIS INSPECTION at the time when the employee was taken into his employment, and that it was reasonably established to his satisfaction that the man was not in default under the Military Service Act. It should be clearly understood that the Canadian Registration Certificates given on June 22, 1918, at the time of general registration, in no way define the status of a man under the Military Service Act.

### REGULATIONS.

106. Every person who employs or retains in his service any man who has deserted or is absent without leave from the Canadian Expeditionary Force, or who is in default in the performance of any obligation or requirement for reporting or for military service, imposed upon him by the Act or Regulations, or any proclamation thereunder, shall be guilty of an offence punishable on summary conviction by imprisonment not exceeding six months, or by a penalty of not less than One Hundred Dollars, and of not more than Five Hundred Dollars, or by both such imprisonment and fine, unless such person prove that he made due inquiry and that THE MILITARY SERVICE PAPERS ISSUED BY THE REGISTRAR OR THE MILITARY AUTHORITIES TO THE MAN SO EMPLOYED OR RETAINED IN HIS SERVICE WERE PRODUCED FOR HIS INSPECTION, and that it was reasonably established to his satisfaction by such inquiry and papers that the man was not a deserter or absent from the force without leave, or in default in respect of any of the obligations or requirements aforesaid."  
106A. Every person who HARBOURS OR CONCEALS OR IN ANY WAY ASSISTS ANY MAN WHO IS A DESERTER OR ABSENT WITHOUT LEAVE FROM THE CANADIAN EXPEDITIONARY FORCE, or who is in default in the performance of any obligation or requirement for reporting or for military service imposed upon him by the Act or Regulations, or any proclamation thereunder, shall be guilty of an offence punishable on summary conviction by imprisonment not exceeding six months, or by a penalty of not less than One Hundred Dollars and of not more than Five Hundred Dollars, or by both such imprisonment and fine, unless such person prove that he was not aware and had no reasonable ground to suspect that the man so harboured, concealed, or assisted was a deserter or absent from the force without leave or in default in respect of any of the obligations or requirements aforesaid."
