WELCOMES SIR FRED. BECKER

British Financier Presented With an Address on Behalf of the Wey- mouth Board of Trade

Weymouth, N.S., March 23—Sir Frederick Becker and Lady Becker and party, consisting of Messrs. H. I. Mathers, of Halifax, manager of the Becker Company of America; A. W. Irvine, of the Montreal branch of the Becker Co.; Mr. Phillips, of London, England, solicitor; and Frank Ouellet, manager of the Stishoo Pulp & Power Co.'s mill at Weymouth, who met Sir Frederick upon his arrival in Halifax, arrived last night in their special car, "The Beacon" from Port Clyde, where they spent yesterday inspecting the pulp mill works. At ten o'clock this morning a committee of the Board of Trade waited on Sir Frederick in his private car and presented him with an address of welcome on behalf of the Board and the residents of Weymouth and vicinity.

Mr. Ouellet, the general manager of the pulp mill here, introduced the members of the committee to Sir Frederick and the other gentlemen of the party. Mr. J. F. Blagdon, chairman of the committee appointed at a special meeting of the Board of Trade held last Friday evening for the purpose of welcoming Sir Frederick upon his arrival, after the introduction, said a few words welcoming Lady Becker to the town. He then read the following address of welcome:

"Sir, on behalf of the Board of Trade and residents of Weymouth and vicinity, we most cordially welcome you to this part of the Blue-nose Province, and trust your next visit will be at a time when kindly nature adds its smiling welcome to ours. In these days of unrest and unemployment, we deeply appreciate the benefit to us of having a part in your large interests and hope your investments here may develop and extend. You, sir, an English merchant prince, will pardon our pointing out that Weymouth is linked up to the Mother Country by means and through the very large percentage of our finest manhood who look an active part in the Great War. We take the opportunity to state that the present manager has benefitted the company in as much that he has succeeded in obtaining the utmost good will of the community. With best wishes for your financial success here and elsewhere, we are, sir, (Signed) J. F. Blagdon, Chairman; L. H. Potter, Louis Stehelin, Councilor; E. F. Hankinson, A. F. Hogan, D.S.S.; E. R. Gaudet, H. J. Pothier, M.D.; Geo. O. Hankinson, W. G. MacQuarrie."

SIR FREDERICK'S REPLY

Sir Frederick graciously replied to the address of welcome and thanked the committee for their cordiality, saying it gave him great pleasure to come to Weymouth. He regretted to learn the town was not incorporated, adding that were it incorporated he would put in an electric light system for the benefit of the townspeople at cost to the consumers. The beauty and natural advantages of the village greatly impressed him. He said it would be a pleasure for him to do anything that would tend to the betterment of the place. He particularly mentioned the extra fine quality of pulp wood obtainable here, and commented upon the excellent quality of pulp manufactured by the Stishoo Pulp & Power Company, saying it was the finest quality of pulp in the world. He sounded one note of warning in regard to pulp wood which was being eagerly bought up by American interests and shipped to American ports, remarking that though the supply was large it would soon be used up. Quebec Province had put a damper on this, and he thought our province, and in fact the whole Dominion, should do likewise and conserve the pulp wood for Canada's manufacturing interests. The committee thanked him for the profound interest he evinced in the welfare of the village.

SIR FREDERICK'S REPLY

Sir Frederick made a great impression upon the members of the committee by his affable manner and pleasant disposition. First and foremost one gains the impression that he is a business man first and above all. He is very courteous and easy of approach, and the people of Weymouth can rely upon his co-operation for building the town.

INSPECTED MILLS

After the reception Sir Frederick was driven to the pulp mill at Weymouth Mills in a double seated buggy, driven by Clifford Melanson. Mr. Mathers and Mr. Ouellet following in other teams whilst Messrs. Irvine and Phillips preferred to walk by way of the track.

At the mill a thorough inspection of the plant was made. He was met there by A. C. Hatt, the Superintendent; Stillman Jones, Pulp Inspector for the company, and H. E. Wagner and others. The mill which has been closed for a few days on account of the main driving pulley being broken was repaired and got ready for operation on Tuesday, so that when the party arrived they could see how the wood was ground into pulp. This is not Sir Frederick Becker's first visit to Weymouth, he having been here about twenty-three years ago when Mr. Fawes Smith was conducting a pulp business at the Upper Falls. A committee of two consisting of Dr. A. F. Hogan and Dr. H. J. Pothier will have a further interview with Sir Frederick this evening before he leaves, on the question of electric lights.

SIR FREDERICK'S REPLY

Sir Frederick's company, the largest pulp company in the world, intend to improve upon their plant at Weymouth increasing the water flow and possibly enlarge the mill. Weymouth was indeed privileged to have a man of Sir Frederick's stamp to visit the place. He is a man of high standing in the financial world, and a man who has done much for the country and for Weymouth in particular. It is hoped that this visit will be the first of a series which Sir Frederick Becker will make to our village.

GIRLS' WORK BOARD NOTES

Impressions Received By Different Ones Who Attended the Ses- sions of the Conference

The first visit of Miss Mary Allison is over. By way of report we are going to give something of the impressions received by different ones who attended these Girls' Work Conference sessions:

First—How they impressed Miss Allison herself:—

To have a group of busy women setting aside two successive afternoons and an evening to the consideration of Girls' Work, speaks well for the interest of adults in the girl life of this town. Moreover, the eagerness and open-mindedness, with which the thirty-three ladies attending this leaders' Training Course on the C. G. I. T. program, have responded to the ideals and methods of work with girls, thus set forth, have been most marked. It is noticeable too, that the group included not only actual leaders of C.G.I.T. groups, but also mothers, who were eager to have a more intelligent grasp of this program of 4-fold development which supports the home, school, and church training of teen-age girls. Such interest and concern over the trend of girl life as has been manifested during this three-session training course has proved tremendously heartening to the Girls' Work Secretary of the Maritime Religious Education Council under whose auspices the meetings were held.

What One of the Mothers Has to Say

It was my privilege to have the pleasure of hearing Miss Allison speak on the C.G.I.T. work. Miss Allison is a very earnest, forceful speaker, and I very much regretted that the girls of the different C. G. I. T. groups could not have the pleasure of hearing her speak also. I consider the C.G.I.T. work one of the most potent factors in a girl's life, as I think it reaches the girls in a group, where they sometimes cannot be reached individually. I would urge all girls wherever possible to avail themselves of the opportunity to become a C.G.I.T. girl, for any girl who has such training faces life better equipped for any vocation she may be called to fill.

From a C. G. I. T. Leader

As a leader of a C.G.I.T. group I feel that the series of talks that Miss Allison, with her intimate knowledge of girl-life, has given us have been of immeasurable benefit. First every idea and plan which was given to us was perfectly practical; then the high ideal of the richer, fuller life, which we are endeavoring to help our girls to attain, was so clearly and forcibly presented. It is only with this "vision" that we can press on in the face of the discouragements which every leader has to meet.

So here's to our C.G.I.T. girls!

May they be satisfied with nothing less than the best there is for them, in girlhood and womanhood!

On Friday of this week, March 21st, Miss Allison expects to return to Bridgetown to complete the training course with the women, and to meet the C.G.I.T. girls.

On Friday afternoon at quarter to four, in the Baptist vestry, there will be a practise with some of the C. G. I. T. girls.

At five o'clock in the school room of the United Church, a Girls' Work Conference will be held, continued through the tea hour.

At quarter to eight, in the Baptist Church, there will be a rally of all C.G.I.T. girls with their leaders.

On the same day, Friday, March 21st, Miss Alice M. Harrison, Elementary Secretary of the Maritime Religious Education Council, will visit Bridgetown, in the interests of the work for children under twelve years.

At the afternoon session, at 2:30 o'clock in the United Church, there will be, among other things, a Round Table Conference, on the Elementary work of the Sunday School, conducted by Miss Harrison. Also some of the local workers will have a part in the program.

BE-KIND-TO-THE-ANIMALS WEEK PLANNED

An executive meeting of the S. P. C. was held at Halifax last week in the Board of Trade rooms. Among those present were: C. C. Blackadder, Colonel Oxley, W. E. Hebb, Arthur Dickie, Charles Bayne, W. R. Scriven, the Secretary, Mrs. MacKinnon, and the Treasurer, W. H. Ritchie.

NEW TOWN HALL FOR ANNAPOLIS

Contract Has Now Commenced in Real Earnest

Annapolis Royal, March 22—Work has commenced in earnest on the new Memorial Town Hall. The architect is Mr. Graham Johnson, of Kentville. Allen and McCaw of St. John, have the contract and a crew is now on the job excavating for the cellar. The committee succeeded in getting from the Federal Government a long lease of a site on the extreme north corner of Fort Anne Park, facing St. George Street for the purpose of a Soldiers' Memorial. It is to be a two-story brick building on a concrete foundation. On the first floor will be the Mayor's office, to the left of the entrance, and the general office and the Town Clerks' office at the right. Back of the Clerk's office is provided clinical rooms, for the up-to-date clinical work, and on the opposite side will be the Firemen's room. In the rear of the building with a side entrance will be the room for the fire apparatus. On the upper floor is provided an auditorium thirty feet by fifty feet, with necessary rooms for the G.W.V.A., and town purposes. A suitable soldiers' memorial tablet will be placed in the building and also an equestrian wood carving of Governor General Byng. This carving is to be done by Mr. Walter B. DeWitt, a native of Bridgetown, but for many years a resident of the United States. At present he is on a visit to his homeland, and he kindly offered to do this work. He is an expert in wood carving. Governor General Byng is providing a special photograph of himself for the purpose.

BAPTIST CHURCH PASTOR RESIGNS

Ill-Health, Followed by Nervous Trouble, Forces Rev. Isaac Brindley to Seek a Rest

(St. John Telegraph)

Rev. Isaac Brindley has tendered his resignation as pastor of Ludlow Street Baptist Church, St. John, because of ill-health and the resignation has been regretfully accepted. Mr. Brindley, who has been in a somewhat poor state of health for the last few weeks, suffered a nervous breakdown on Saturday and has since been confined to his bed. Medical aid was called and the doctor advised Mr. Brindley to take an immediate and extended rest from active work. The pastor's resignation was dealt with at a special meeting of the deacons of the church in the afternoon Sunday and at the close of the evening service it was placed before a largely attended meeting of the members of the congregation. There were many expressions of great regret at the pastor's illness and at the necessity for the resignation.

THE PRESBYTERY OF TRURO MEETS

The Representation to the General Assembly Has Been Reduced.

Truro, March 22.—The Presbytery of Truro held its spring quarterly meeting in First Church Hall, Truro, on March 21st. Notwithstanding stormy weather, there was a good representation present, especially of ministers. The docket of business occupied the entire day.

A new church has just been opened at Middle Stewiacke. The Presbytery placed on record its appreciation of the splendid efforts of the people of that congregation. The church is described as one of the most beautiful, chaste and comfortable church buildings to be found in the rural parts of the province. It has been opened entirely free of debt.

The Presbytery approved of the steps being taken to reduce the representation at the General Assembly from one in six to one in twelve, so as to save expense. A call from the co-operating Methodist and Presbyterian Churches at Annapolis Royal to Rev. M. H. MacIntosh, M. A., of Clifton, was accepted by him. It is understood that Mr. MacIntosh will remain with his present charge until July next. Strong pleas were made by the Clifton people to retain him, and the warmest appreciation expressed for his work.

Reports on the work of 1921 were presented by the standing committees, and were of an encouraging nature. There has been quite a marked increase in membership, a total of 386 having been added to the congregations within the bounds in the year. The budget allocation to the Presbytery as a whole was exceeded by a small amount. This fine record, however, was made possible by a large gift to mission purposes from a member of the Stewiacke congregation.

The ministers appointed commissioners to the Assembly, which is to meet in Winnipeg in June, are Revs. D. C. Ross, H. J. Fraser, and L. W. Parker. Their alternatives are Revs. John Mutch, John Milligan and J. K. MacInnes. The elders are yet to be nominated by congregations. Notice was received that the congregation of Bridgewater is moving in a call to Rev. John McDonald, the popular pastor of Onslow and Belmont.

LARGE PARTIES TRAVELLING TO VARIOUS RELIGIOUS CONVENTIONS BEING HELD IN EUROPE THIS SPRING

That many pilgrims will be travelling to Europe this spring is apparent from the large number of passengers already booked and enquiries which are being received by the steamship companies for accommodation on the early spring sailings to Europe.

Among the companies making special preparations to handle this traffic is the White Star-Dominion Line, who recently announced that in order to further accommodate the many pilgrims which will be travelling, that they have installed on all their steamers portable altars for the celebration of Mass. It is rarely that any White Star-Dominion Line steamer leaves port without a priest numbering among the passengers, so that the celebration of the rite is assured at all times.

In view of the large parties already booked the White Star-Dominion Line have made arrangements for the well known steamer "Canada", which leaves Montreal on May 4th, to proceed direct to Cherbourg, which will greatly facilitate the journey from Canada to the various conventions in France and Italy. On arrival of the "Canada" at Cherbourg, passengers will be immediately transferred, through express trains which will convey them quickly, to their destinations.

The Eucharistic Congress at Rome is attracting an unusually large number of Canadians, not only from a religious point of view, but from the unusual attractiveness and educational features of the trips that have been arranged through France, Italy, Austria, Tyrol, Bavaria, Belgium, Germany and England.

The Congress attracts many people, but many more are going this year on account of the presentation of the Passion Play at Oberammergau, and the "Canada", when she sails from Montreal on May 4th, will carry large parties from Montreal, Toronto, Quebec and from all the large centres. In addition, a specially conducted party under the direction of the Jules Hone Travel Agencies, Montreal, is leaving at the same time under the patronage of the Catholic Women's League of Canada and the Federation National St. Jean Baptiste, and will make an extended tour of approximately two months' duration, embracing such points as Paris, Bordeaux, the famous Shrine of Lourdes, Marseille, Nice, Genoa, Naples, Pompeii, Vesuvius, Rome, Florence, Venice, Munich, Oberammergau, Nuremberg, Mayence, the Rhine, Cologne, Brussels, London, and Liverpool, the party returning on the White Star-Dominion Line "Canopic", sailing from Liverpool July 8th.

QUESTIONS AND ANSWERS ON FORESTRY

(By Canadian Forestry Association)

Q. Please give me details as to the big planting programme which, I understand, the Ontario Government has launched.

A. According to a tentative announcement of the Premier of Ontario and his Chief Forester, several square miles a year would be planted with white and red pine.

The Government estimates that if ten thousand acres a year were planted the province would have sufficient pine timber at the end of sixty years to supply four hundred million board feet of lumber per year or about fifty million feet more than the present annual cut. The annual expenditure would be about \$200,000.

Q. I am planning to plant spruce trees on several hundred acres. Where can I obtain the seed to start a nursery?

A. You would be better advised to secure seedlings from the Quebec Government nurseries at Berthierville, P. Q., or from a commercial nursery, instead of putting your money into the planting of seed. Spruce seed has been very scarce in recent years and quite costly.

Q. What are the chief precautions to take in transplanting small shade trees?

A. With such trees as maple, elm, ash, oak, etc., make sure to do your transplanting before the leaves commence to bud. Dig well around the roots and carefully avoid destroying any of the fine hair roots which are so vital to the growth of the tree in its new location. Dig the new hole plenty large enough to take the roots comfortably and plant four tree about six inches deeper than in its first location. Allow as little time as possible to elapse while the roots are lying exposed to sun and wind. Put the best earth closest to the roots and tramp it firmly.

Q. Have forestry aeroplanes ever been used by entomologists to sprinkle insecticide on trees as a means of killing forest insects?

A. Last fall in Ohio a six acre grove of Catpaw trees contained 4,800 trees, 25 to 30 feet tall, which were badly infested with caterpillars, was covered with poison by an aeroplane which took not more than 54 seconds to do the job. The experiment demonstrated the ability of the pilot to place the poisonous stuff where desired and at the same time the effect on the caterpillars was most gratifying, since it was estimated that 99 per cent were destroyed. This experiment was conducted by the Ohio Government experimentation and the results as given are official.

APPLE EXPERIMENTS IN NOVA SCOTIA

Interesting and valuable experiments with English varieties of apples are being made at the Dominion Experimental Station at Kentville, N. S. As a large proportion of the Nova Scotia crop crosses the sea it is of course important that varieties should be grown that best suit the British consumer. As a matter of fact some of the best apples cultivated in the Annapolis Valley are of British and European origin, such as the Blenheim, Ribston, and Gravensteins, all well known in the British Isles. Out of the large collection of varieties at Kentville it is hoped a few others may prove to be well adapted to the Maritime Provinces. Some samples shown at a meeting of the American Pomological Society in Columbus, Ohio, attracted much favorable attention. An outstanding feature of tests at Kentville with orchard fertilizers is that nitrate of soda should be used with care, as otherwise there is danger of the trees growing too late in the season and being winter-killed.

SUDDEN DEATH OF KENT ARCHIBALD

He Was a Pioneer of the Gold Mining Industry of Nova Scotia.

Truro, March 20.—A pioneer of the gold mining industry of Nova Scotia in the person of Mr. Kent Archibald, passed away at about five o'clock this afternoon. He was seventy-nine years of age and death laid a gentle hand on him. Although he has been failing for a number of years, he appeared in excellent spirits and quite good health almost up to the moment of his death. He was sitting in a chair, and without warning to those around him, his head fell forward.

The family physician pronounced death due to heart failure. Mr. Archibald in his active years, was one of the best known figures in Nova Scotia gold mining circles, and he will be best remembered as connected with the famous Dufferin Mine, in which he was associated with a number of Halifax and Truro gentlemen.

Although very abrupt in his manner, he was known as a generous, open-hearted friend of anyone in distress. He was the son of the late Timothy Archibald, well-known in Halifax and vicinity as driver of the old stage coach. The late Kent Archibald married Miss Alice Munro, of Truro, who predeceased him several years ago, since when he has been making his home with his son, Frank, at Truro. A daughter, Miss Mattie Archibald, is also at home, and the other children are Munro, a civil engineer of Rossland, B.C.; Edward, known familiarly as "Ned," now in the employ of the Regina Powder Co., Calgary; and Mrs. Rod Hanson, of Saskatoon. The late Mr. Archibald will be greatly missed.

THE STORY

Mary Wayne, until recently the daughter and secretary of an industrialist, never finds herself in the shabby kind of a boarding house with five dollars between her and the cruel cold world.

Mary tries to stall the landlady on the board-bill, but a little cooker on which she had been doing some forbidden cooking, and which had been thrust under the bed at the approach of the enemy, sets fire to the counterpane, making it doubly incumbent on the old lady to give Mary the air and call the fire engines.

In answer to an ad placed by "THE BRAIN WORKERS' employment agency, Mary applies for a position, but being without references the agency refuses to even consider her.

As Mary is leaving the office, she meets Nell Norcross, who has just obtained a position, but celebrates her good fortune by becoming very ill. There is nothing for Mary to do but swap personalities and take the position, which is in the home of Miss Caroline Marshall, an old maid, and a religious enthusiast.

Bill, her nephew, has just returned from college, bringing with him an old pal, Pete, whom he smuggles into the house as his valet. Pete makes a very good valet, until Mary arrives at the mansion. To get even with his "master" for placing him in such a lowly position with such glorious prospects in sight, Pete suggests to Bill's aunt that she introduce Bill to society, via the religious route, and hold a big reception for the Bishop.

Bill displays no enthusiasm for this plan, and leaves the house for the evening, announcing that he is going to a very exclusive affair. Bill has his own conception of society. The affair is exclusive until the police arrive, making it necessary for Mary to come to court and bail out Bill and his prize fighter friend, "Kid Whaley."

But having the goods on him, Mary makes Bill attend a very swell affair given by his aunt, but Bill scandalizes his aunt's social position by bringing scrappy Kid Whaley to the dinner. One day while swimming in Larchmont Bay, with the valet, Mary is deserted by the yacht party to which she belongs, who under orders from Bill—the jealous thing, orders the yacht put about.

OLIVE OIL EMULSION

What People You Know Say About It

West Arichat, Richmond Co., N.S. "I cannot praise too highly your wonderful Olive Oil Emulsion. I was sick with a bad cough for nearly two months and tried everything I thought would relieve a cold, but without results. Finally I tried Olive Oil Emulsion. After taking a few bottles, I am completely well."

Mrs. Lawrence Fougere, Fontenelle, Gaspé Co., Que. "I had a very bad cough and was afraid it would turn into inflammation of the Lungs, and suffered so much at night I could not sleep. I started taking Olive Oil Emulsion, am now on my third bottle and practically well."

REMARKABLE LETTER

Canadian Woman Recommends Lydia E. Pinkham's Vegetable Compound

Winnipeg, Manitoba.—"I can not speak too highly of what Lydia E. Pinkham's Vegetable Compound has done for me. I was a nervous wreck and I just had to force myself to do my work. Life was a misery and work was a burden. Even the sound of my own children playing made me feel as if I must scream if they did not get away from me. I could not even speak right to my husband. The doctor said that he could do nothing for me owing to my condition, but told me to expect another miscarriage. My husband's grandmother advised me to take Lydia E. Pinkham's Vegetable Compound. I started it right away and everyone noticed what a different woman I was in a short time. I went and engaged my doctor and he did not know me, I was so well. I was able to do my work once more and it was a pleasure, not a burden. Now I have a fine bouncing baby to use the doctor's own words. I am able to nurse her and enjoy doing my work. I can not help recommending such a medicine, and anyone seeing me before I took it and seeing me now, can see what it does or me. What it has done for me it can do for anyone in the same condition. I am only too pleased for you to use my testimonial."—Mrs. EMILY DAVIS 721 McGee St., Winnipeg, Manitoba.

SIX IN FAMILY DIE OF ACCIDENTAL POISONING

C. W. Tuttle, of Cambridge, Mass., Formerly of Cumberland County, N. S., and Five Others Ate Canned Greens—All Victims Buried at One Time.

Amherst, N. S., Mar. 23—Word has been received here of the death in Cambridge, Mass., by accidental poisoning of C. W. Tuttle, a native of Cumberland County, and five members of his family. Mrs. Tuttle was a Miss Harrison, of Wentworth. The following is from a Cambridge newspaper:
With the death of C. W. Tuttle at 5.30 Thursday morning the death roll reached six in the Tuttle family.
The dead are:
Hazel Tuttle, twenty-five, a Cambridge school teacher.
Harriet Tuttle, fourteen, in whose honor the dinner was given.
Bryan Tuttle, twenty-six, world war veteran.
Edward Tuttle, twenty-eight.
Charles W. Tuttle, sixty, a carpenter and father of the boys and girls.
Randall Tuttle, twenty.

Canned greens that had developed "botulism," a bacterial disease, is blamed for the wholesale poisoning. The fatal vegetable was eaten at dinner, and the first victim was one of Cambridge's popular teachers, Miss Hazel Tuttle, who died Monday evening.
She was followed in rapid succession by her little sister, Harriet, Byron, who had spent two years in Europe, was the next to go, then followed Edward, who had poor health at times, then Randall, a fine young man of twenty, and last the father, Charles W. Tuttle.
Four physicians worked day and night to try and help the unfortunate family, but to no avail.
There were eleven children in the Tuttle family, and five of them are gone in one fell blow.
A conservative estimate of 1,000 people were in attendance at the funeral services of the six members of the Tuttle family, held in the beautiful new high school building.

LOCAL DEATH ROLL
REV. F. S. HARTLEY
Natick, Mass., March 22—Rev. F. S. Hartley, pastor of the First Baptist Church since November, 1920, died from apoplexy this morning. He is survived by his wife and two daughters, Mrs. Katherine Snow, of Rochester, N. H., and Miss A. H. Hartley. He lived in St. John before coming here from Yarmouth, N. S. He also held pastorate in South Portland, Me.; Waterville, Me.; Oakland City, Ind., and Rochester, N. H. The body will probably be taken to St. John.
Rev. Mr. Hartley was born in West St. John forty-six years ago, and was educated in this city, at Acadia and at Bates' College, Lewiston, Me. He was a son of the late Rev. Dr. George A. Hartley, for forty-four years pastor of the Charlotte Street Baptist Church, West, and Mrs. Catherine A. Hartley, of Melrose, Mass., daughter of the late Dr. W. Clark, West St. John. Miss Gertrude Hartley, Melrose, is a sister; Albert Hartley, Portland, Me., is a brother, and Rev. Fred C. Hartley, Hamilton, Me., and Mrs. Annie Lindsay, Lynn, Mass., are respectively half-brother and half-sister. Dr. C. Clark, West St. John, is an uncle, and Mrs. L. O. Beattie, also of the west side, is an aunt.
Relatives residing here were greatly surprised to learn of the sudden death of Rev. Mr. Hartley, and said that they had not heard that he had been suffering from any illness. They advised that the family of the late Rev. Dr. Hartley moved to Maine after the death of the pastor of the Charlotte Street Baptist Church and that city in recent years.

MILLEDDGE GAVAZA
Annapolis, N.S., March 22—This morning Milledge Gavaza died at the age of seventy-two years. During the winter he has been in failing health, but up to a few weeks ago he was able to be out. He suffered from a weak heart, which led to a general breakdown that hastened the end. He was the last of the Gavaza family, one of the old and respected families of Annapolis Royal. A number of years ago his father, T. A. Gavaza, carried on a large general business. For the last twenty years Milledge has been in the employ of Charles Dugie & Son. In religion he was an Anglican, and a vestryman of St. Luke's Church for many years. He was devoted to his religion and faithful to his church. His funeral was held last Thursday at two o'clock from St. Luke's Church. The interment will be in the old Garrison cemetery.

New York, March 23—Peter C. Larkin, Canada's new high commissioner to England, sailed today on the Empress of Britain for Liverpool.

BRITISH BARONET HAS STRONG FAITH IN THE DOMINION
Sir Frederick Baker, Lady Baker and Others on Trip Through Maritime Provinces.
St. John, N. B., March 22—Sir Frederick Baker, Bart., of London and Ellen Castle, Scotland, is touring the Maritime Provinces in the private car Boston.
Sir Frederick, who is accompanied by Lady Baker, Mr. Philipps and Mr. Irvine, also of London, arrived at New York the latter part of February. He is on a tour of inspection of his large pulp and paper manufacturing plants located at Chippewa, Ont.; Chicoutimi, Que. and Sissiboo Falls, N. S.
Sir Frederick says that conditions in the British Isles are improving rapidly and that it will only be a short time until everything reaches normal again.
Asked as to his opinion on the general situation as he found it in Canada, Sir Frederick sounded a very optimistic note, saying that the present outlook was very encouraging indeed and that he believed conditions would continue to improve steadily. As to the paper market in particular, he stated that all his mills were working to capacity in order to fill standing contracts.
Sir Frederick, who by the way, is a personal friend of Lord Beaverbrook, has, like that gentleman, very strong faith in the future wealth of Canada's unbounded natural resources.

ONE IN EVERY TWENTY IS DEPENDENT ON FISHERIES

Vast Resources Potentially Able to Maintain Much Larger Portion of the Population—Heavy Investment of Capital and Control is in Canadian Hands.

Approximately one hundred thousand people are engaged in the catching and processing of fish in Canada, and at least fifty thousand more are occupied in fish merchandising. It is difficult to say how many more receive their means of livelihood indirectly from the industry, but it would not be an exaggeration to place the total, wholly or partly dependent on the fisheries for a living, at 400,000. On the basis of an eight million population this would mean that one in every twenty receives his or her maintenance from the industry—that is, five per cent. of our total population.

This fact is quite astonishing in itself, but when it is considered that our fishery resources have only been lightly scratched, the tremendous possibilities of the situation are obvious. Could we but find an outlet for all the fish we may produce, there would be room for the employment of many times that number and millions might trace their livelihood to the humble fish.
Of the one hundred thousand engaged in primary and secondary fishery operations, fully forty-five thousand are in Nova Scotia, and close to thirty thousand in British Columbia. While the Pacific province leads in the value of production, the industry is more vital to the province of Nova Scotia and seems to present greater possibilities. The salmon has been the mainstay of the western province, because of its wonderful food qualities and the high price it commands in the markets of the world. In the matter of quantity caught the humble cod of the Atlantic outstrips the British Columbia salmon which last year was also exceeded by the modest herring. Nova Scotia and British Columbia are the rivals for supremacy, but each of the other provinces contributes to the output of commercial fishes. Generally speaking, our interior waters contribute about one-tenth of the total output. In this connection it is of interest to point out that within our Dominion we have one-half of the fresh water of the globe, so the possibilities of fresh-water fishing have not been reached by any means. The progress of man is extending northward and to-day we are securing supplies of whitefish, trout, etc., from the basin of the Mackenzie River. As transportation develops copious supplies farther northward will be accessible.

Another way of fixing the value of the industry is the capital invested. It is estimated between fifty and sixty millions, of which one half is in primary operations—that is, vessels, boats, nets and fishing gear—and the balance is invested in canning and curing establishments ashore. There is an erroneous impression in certain sections that our fishing industry is controlled by foreign capital. Statistics furnish no justification for this view, although it would not be a bad thing if we could induce some millions of outside capital to contribute to the boosting of the industry. In 1920 there were eighty-six fish canning and curing concerns in Canada organized as joint stock companies. Bonds, stocks and other securities of these aggregated \$25,931,631, of which \$15,169,305 was held in Canada; \$7,641,641 in the United States, and \$3,120,635 in Great Britain.

To secure some idea of the various methods employed in fishing and the comparative importance of the different branches, the following is of interest: In 1919, 35,905 sail, row and gasoline boats were engaged, valued at \$7,011,120. Sailing and gasoline vessels numbering 1,091 were valued at \$5,243,795, and steam vessels, numbering 172 were valued at \$1,449,355. Ten steam trawlers were in the service, valued at \$1,075,000. The first item—sail, row and gasoline boats—represents the equipment of the in-shore fisheries, while the others are equipment for offshore. The former employed 55,410 men, while only 8,708 fished offshore. So it will be seen that our fishing inshore is the most valuable. In fact nearly three-quarters of our fish taken in Atlantic waters is secured within twelve miles of shore.

TWO SHEET HARBOR BOYS ARE DROWNED
Halifax, March 27—The first drowning accident reported in Halifax County this spring occurred this afternoon when Harry, aged seven, and Clyde, aged five years, sons of Mr. and Mrs. John T. Westhaver, of Sheet Harbor, lost their lives within a short distance of their homes. The two children were crossing the ice over a brook when the ice began to move and rapidly broke up. The bodies were recovered.

WEDNESDAY, MARCH 29th, 1922

UNDER NEW MANAGEMENT

The Monitor Publishing Company beg to announce to their many readers this week a change in the management of this paper.

Owing to the untimely death at the beginning of February of Mr. Dunham, the late Editor and Manager, it became necessary to make a change. Until now Mrs. Dunham and family, with the assistance of the office staff, have conducted the paper, but with this issue, it passes into the hands of Messrs. Beattie and Stratton, who come to Bridgetown from Cape Breton and intend to make their home in the good old county of Annapolis, and will strive to make THE MONITOR as interesting and welcome as its issues have been during its long and uninterrupted weekly visits to its large family of subscribers throughout the county as well as the many friends who now reside elsewhere but who still maintain a warm interest in their home town, province and country.

The Monitor Publishing Company bought the paper and its good will from the former owner that it might be maintained as the splendid county paper that it had been for a generation or more, and believe this standard can best be maintained by leasing it to parties responsible and enterprising and experienced in this work, and who are fully awake to the best interests and ideals of town and county developments and moral and social welfare. We now turn it over to the new proprietors mentioned above.

In introducing them to the readers of THE MONITOR it might not be amiss to add a few words of personalities regarding the new proprietors and citizens. Mr. Frank H. Beattie, B.A., is a son of the late Rev. Frank Beattie, Baptist minister, and as a small boy lived with his parents in the Baptist parsonage at Lower Granville, and a few years later moved to Kings County. Educated at Wolfville, he later spent several years in the teaching profession, and for six years has been doing newspaper work in the Sydney.

Mr. Edmund Stratton was born and reared at North Sydney and Sydney Mines, and early in life entered the newspaper office where he received training in every department of the newspaper and printing business. Of late he has been Editor and Proprietor of the Sydney Mines News, which he now relinquishes to take up work and life in this quieter and prettier section of the province.

We feel sure all MONITOR readers will join with us in wishing these young men every success in their new field.

THE MONITOR PUBLISHING Co., Ltd.

A WORD FROM THE NEW PROPRIETORS

In making this, our first appearance before the many readers of THE MONITOR, perhaps a few personal words would not be amiss. As mentioned above by the Directors of The Monitor Publishing Co., we have taken over THE MONITOR, beginning with this issue. It will be our aim to make this paper one of the best weekly newspapers in Canada, and endeavor at all times to keep it to the high standard which it has maintained during its long career. It will be a couple of months before any noticeable change may be looked for, as one of the lessees, Mr. Frank H. Beattie, will not be able to assume complete charge of the editorial and news matter until early in May.

Matters of public importance will be discussed in our editorial columns from week to week, and our object at all times will be for the upbuilding of a greater Bridgetown, and with the co-operation and assistance of the citizens we believe that considerable good can be accomplished. We will be pleased to receive

letters which has for its object the upbuilding of moral and civic welfare.

We come before you as "strangers in a strange land," and trust that any errors we may make with in the next month or two will be overlooked, and we would appreciate it very much if these errors were brought to our attention. A hearty invitation is extended to the citizens to visit us at all times, and any news item you may know of, if telephoned or brought to the office, would be appreciated.

We have in connection with our newspaper an up-to-date job printing department, and collect the trade from the merchants and citizens of Annapolis County. All orders for Counter Check books, either the McCaskey or Appleford systems, will be received by this office and prices and samples will be gladly furnished on application.

In conclusion we ask our readers to assist us in making THE MONITOR better and newer each week by renewing their subscription at once, and also getting their friends to subscribe. Sample copies will be gladly sent to friends in distant lands. All we ask is a fair and honorable trial of our endeavors to please you. Improvements in our plant will be made as soon as business warrants, and we trust that we shall have the pleasure of becoming acquainted with all our readers in a very short time. Important announcement will be made as soon as Mr. Beattie assumes charge of the editorial and news management of the paper.

APPRECIATION

As THE MONITOR has now passed over to the control of a new management, the late manager, Muriel F. Innes, wishes to express her appreciation to Miss Taylor, the book-keeper, for editing the paper, and to the mechanical staff for getting it out as usual, also for the faithful manner in which they continued business after her father's death until her arrival in Bridgetown. She wishes to thank THE MONITOR'S regular customers for all business given in the past and trust that they will give the new proprietors all their patronage in the future.

SHORT COURSE IN AGRICULTURE

The Short Course in Agriculture, under the auspices of the Annapolis County Farmers' Association, held at the Demonstration Building, Lawrenceville, on the 14th, 15th, and 16th, ult., was an unqualified success. The attendance at the sessions, eight in number, was large. At some classes more than two hundred were present. Dr. Cumming held the strict attention of all while he spoke of farm management, soil cultivation, fertilizers, farm book-keeping, etc.

Prof. Moore instructed in seed selection, and raising of grain. R. I. Bird, of Dairying, especially for creamery patrons. Mr. Brown, of cow testing. Prof. Trueman, always popular with the farmer, gave an address on raising stock, also an exhibition of judging. The Fruit Growers were glad to meet Prof. Britain and hear more about injurious insects, spraying with illustrated film. Mr. Durling gave an address on dusting and spraying. Dr. Sinclair, renowned horseman gave a practical lesson on judging horses and advised in regard to their rearing and health. This was Mr. A. Kelsall's first appearance before the association. He made a very favorable impression and no doubt will ably fill Mr. Sander's place.

TREMENDOUS ADVANCE IN TEA PRICES

The tea market has advanced since last May fully fifteen or sixteen cents a pound in London, Colombo and Ceylon.

CORRESPONDENCE

LIEUTENANT-GOVERNOR MAKES MOVING APPEAL FOR STARVING MILLIONS OF RUSSIA

To the People of Nova Scotia:

From time to time in recent years your sympathetic attention has been directed to conditions at home or abroad, requiring prompt aid and adequate relief. Your response has always been ready and generous. Never in recorded history has the world faced a greater tragedy than is being enacted along the Volga and on the Southern Ukrainian plains in Russia. The Russian Provinces there were once a great granary. A drought, the most severe in their experience, followed last year upon the devastation wrought by war. Regions covering a widespread area and containing a population of 23,000,000 are ravaged by death. Millions have died. Millions more must die. But millions may be saved.

I have received and carefully considered on my own behalf and that of the Government, the stirring and heart-searching appeal that has been sent forth. It has the complete endorsement of the Canadian Government and, after making thorough enquiry, a strong central organization has been effected, the executive officers of which are:—Honorary President, Hon. W. L. MacKenzie King, C.M.G.; Honorary Vice-Presidents, Rt. Hon. Arthur Meighen, Hon. T. A. Crerar, Hon. Rudolph Lemieux; President, Col. Herbert H. Mackie; Honorary Secretary, Sir Louis Davies; Honorary Treasurer, Hon. W. S. Fielding; Executive Treasurer, Sir George Burn. This Canadian Committee is represented in Nova Scotia by the following members:—Rev. W. M. Weaver, President Ministerial Association, Halifax; D. Macgillivray, Canadian Bank of Commerce, Halifax; John Mackeen, Halifax; J. H. Sinclair, New Glasgow.

The chartered Banks will receive subscriptions and any contributions may be handed in to the nearest bank manager, who will immediately forward the money collected, that it may be effective as speedily as possible. The Churches of Canada have agreed to present the appeal of these starving millions in Russia and ask their people to make an offering for this object on Sunday, April 2nd. A definite area in the Volga region has been assigned to Canada. Unless you assist in their relief, they must starve. Many of the adults cannot be reached or helped, but it is hoped to save the children. The British and Canadian "Save the Children Fund" has arranged to establish a chain of Canadian kitchens where these little helpless ones will be fed. Dr. Nansen, that intrepid Arctic explorer, has investigated the conditions and ample guarantees have been secured that will assure relief reaching those for whom it is intended. Col. Mackie, ex-M.P., has also personally investigated the field during the past autumn and recommends its claims to the Canadian people.

SHALL WE NOT HEED THE CRY OF THE CHILDREN?

We cannot see with our own eyes their emaciated forms or hear with our own ears their pitiful appeal. Others in whose judgment we have confidence have, however, been witnesses of the tragedies there, being enacted day by day. It is a call to humanity to have pity and charity for little children. Charity never faileth. It is an appeal to give, in the name of the Christ of Galilee and Calvary, who said: "Inasmuch as ye have done it unto one of the least of these, ye have done it unto me."

MacCALLUM GRANT, Government House, Halifax.

DR. ARMSTRONG CORRECTS AN ERROR RE JUDGE LONGLEY'S FORBEARS

To the Editor of Weekly Monitor: In your last issue you give quite a full obituary and biographical sketch of the late Judge J. Wilberforce Longley, a distinguished son of Annapolis County and a prominent descendant of one of the first English families. You state, however, that "he was born of a United Empire Loyalist family," etc. I wish to remind

you that this is an error as the Longley family came to Granville twenty years before the first Loyalists arrived and were well established here on one of the abandoned French farms along the Annapolis River and had children and grand children before there were any Loyalists from rural.

Some way or other it seems a very common error for those writing sketches of our prominent people to classify them all as Loyalists. As a matter of fact the greater part of the first families of the whole Valley were like the Longleys, of pre-loyalist origin and had left the American colonies before there was any definite sign of the coming strife that ended in the independence of the States. The sons of these pre-loyalist pioneers have shown quite as much genius and distinction as the sons of the Loyalists, although of more plebeian families in the start. However in our climate and the conditions under which they were reared their blood soon told and we had Tupper, Whitmans, Bordenas, Halls, Longleys, Morses, Daniels, Chipmans, Parkers, Clarkes, Cranes, Wheelocks, and Weltons, and many others, all of pre-loyalist families, who were quite the equal of any of the sons of their United Empire Loyalist neighbors in ability and distinction. In science, art, letters, law, or statesmanship, I do not wish to detract from the one to honor the other, but simply to give honor where honor is due, whether they sprang from the pre-loyalist class who came largely from rural parts of New England, or from the loyalist patriots who were largely from the cities and business and profession classes.

M. E. ARMSTRONG, Bridgetown, March 24th, 1922.

PRaises LOCAL THEATRE MANAGER

To the Editor of THE MONITOR: Sir: Permit me, through your columns, to say a word in commendation of the high class of films which for some time past Mr. Bishop has been exhibiting at the Primrose Theatre in this town.

Sometime ago, through the Halifax press, I attacked the character of the films shown in this province and elsewhere, as subversive of the morals of the youth of the community, as well as those of mature age. I was not alone in the movement for eradication of "Tobacco Films". In the Legislature of New York, and other States of the Union, and in Europe a fierce battle was waged against the production of films, the tendency of which led to immorality in thought, and suggestive of crime in action, the result of the agitation has resulted in distinct improvement, and the screening is now assuming a more elevated character and becoming exceedingly educative.

On Friday evening last I witnessed a film of a character not only highly interesting but of an immense moral value in an educative sense.

The title was "Sheltered Daughters" and the plot of the play exposed the folly of parents and guardian keeping youth in ignorance of the sex relation and the snares of feigning men who prey upon such ignorance. The heroine, a pure and beautiful young girl not out of her teens, rescued just in time by her own father, opened the father's eyes to danger of his method of guarding his daughter, when realizing the gulf from which she has barely escaped, said to her father, "You never told me there was such men". No wonder the father hung his head in shame at his mistaken ethics of keeping the youth in ignorance. Mr. Bishop deserves great credit for his management of the picture show here. Thanking you for the space occupied by this letter.

JOHN IRVIN, Bridgetown, March 27th, 1922.

BRIDGETOWN JUNIOR DRAMATIC CLUB

On Thursday evening, March 24th, the Bridgetown Junior Dramatic Club gave a concert at Lawrenceville, in aid of the Bridgetown Memorial Fund. Some of the party went by train and others by buckboard, returning on the midnight train. Supper was provided by the ladies of Lawrenceville, to whom the Bridgetown Junior Dramatic Club wish to express thanks for their hospitality and kindness.

In addition to the two act farce, "My Cousin Timmy", the programme included songs, readings and duets, by K. Leslie, Miss M. Dearness, Miss H. Anderson, Miss P. Beeler, and Miss D. Wear.

The Bridgetown orchestra was in attendance and largely contributed to the success of the evening. Mrs. A. F. Little acted as accompanist. After the play a dance was enjoyed until the time arrived to depart. The local branch of the G.W.V.A. again desire to express their thanks to Mrs. W. Lockett and all the members in the campaign for a Permanent Memorial.

Tern schooner Win-the-War, Capt. Edward Keans, with lumber from Digby, arrived at Boston on the 17th.

LOCAL DEATH ROLL

BENJAMIN HALLIDAY

At his home in Hillsburn on March 19th, Benjamin Halliday, an old and respected resident, passed away at the age of eighty years and six months. He had been confined to his bed six weeks, gradually failing, until the end came. He was a member of the Baptist Church of Hillsburn. He is survived by his wife, Mary Hester Longmire; four sons, Mrs. Emma Tufts, Mrs. Bertha Patton, Mrs. Olive Harper, all of Lynn, Mass.; Mrs. Arch McGarvey, of Parker Cove; Mrs. Wilbur Hamilton, of Litchfield; William H., Fredrick Burton, of Victoria Beach, and Bennie, at home. Two daughters and two sons predeceased him a few years ago. He will be greatly missed. He was a kind and loving husband and father.

The funeral took place from his residence on Wednesday, March 22nd, and was largely attended by relatives, neighbors and friends. The funeral services were conducted by Rev. Percy Hamilton. The pall bearers were his three sons, and one grand-son, Primrose Halliday. He was laid to rest in Hillsburn cemetery.

MRS. WILLIAM H. FRAME

Mrs. Ellen T. Frame, wife of William H. Frame, died March 17th, at her home, 141-2 Foster Street, Peabody, Mass., at the age of fifty-three years, cancer of the stomach being the cause of death. She is survived by her husband, three daughters, Mrs. William Slingsby, of Fullerton, Cal.; Mrs. Gilbert Love, and Miss Nellie Bent, of Bridgetown, the latter having made her home with Mrs. Love the past seven years; two sons, George, at Peabody; Joseph, at Yarmouth, also two brothers, James and William Murphy, both of Peabody, besides several nieces and grandchildren. The funeral was held Sunday at 1:30, from St. John's Church, Peabody, Mass., prayers by Rev. W. F. Shaughnessy, who also read the committal service at the grave in St. Mary's cemetery. The pall bearers were James Murphy Jr., William Murphy Jr., Mr. Tutts, James Murphy, James Frame, Edward Cassidy. Pro burial mass at 7:45 Tuesday morning at St. John's Church. The floral tributes were beautiful.

MRS. AMANDA HOFFMAN

The death occurred at the home of her daughter, Mrs. Jas. Jackson, yesterday morning, of Mrs. Amanda Hoffman, aged eighty-three years, after an illness of five months. The late Mrs. Hoffman was born at Arlington, Annapolis County, and came to Bridgetown seven years ago. The deceased was twice married and leaves to mourn their loss eight children, seven by the first husband and one by the second. The mourners are: Mrs. Jas. Jackson, Bridgetown; Arch Kendall, Port Wade; Harvey Kendall, of Toronto; Henry Kendall, Alberta; Mrs. Ella Bruce, Vancouver; Mrs. May Hoffman, Middleton; Milton Kendall, of Amesbury, Mass.; Owen Hoffin, Providence, R.I. Two brothers are also living: Richard and Henry Banks, of North Williamston. The funeral takes place Thursday morning, at ten o'clock, interment being at Nictaux.

MRS. AUGUSTA NICHOLS
(Digby Courier)

Mrs. Augusta Nichols, aged sixty, died at her home, 54 Hanover Street, Lynn, Mass., Monday last week, after an illness of three months. Mrs. Nichols was born in Digby, and went to Lynn more than forty years ago. She was the widow of Edward Nichols, attended the First M. E. Church and when the Classical High School opened was placed in charge of the lunch counter there. She was known to many graduates of the school and dearly loved by them all. She leaves a son, Raymond Nichols, of Peabody; a daughter, Sabra Nichols, of Lynn; three sisters, Mrs. Fannie M. Tupper, Allston; Mrs. Laura Conley, New Bedford; Mrs. Oliver Bunker, Manchester, N.H., and a brother, Atty. Medley Holdsworth, of Lynn. She was a niece of Geo. H. Holdsworth, of Digby.

JOHN HAMILTON

John Hamilton died at Digby on Sunday, aged seventy-five years. He was a native of Yarmouth County and up to about twelve years ago lived at Rockville in that county. Since his arrival there up to the time he was taken sick he had been employed first by the Yacht Club and then by the Digby as caretaker of the boat slip, and was also in the employ of the Bijou Dream as janitor. He leaves a widow and one daughter, Mrs. Vernon Bent, of Digby (the last survivor of a family of seven), also one brother, William, of Gloucester, Mass. The funeral took place on Tuesday and was conducted by Rev. William Driffield.

MRS. MINNIE H. LECAIN

Mrs. Minnie H. LeCain died at the residence of William A. Bacon, at Hill Grove, Digby County, last Friday, March 25th.

THE YEAR 1921 IN FACT AND FICTION, MONTH BY MONTH

January—It was in this month that the first signs of disagreement between Great Britain and France began which has to date nearly disrupted the Washington Conference. France, at the present time, seems eager "to bury the hatchet" if she can find a vulnerable spot. The trouble started over "who won the war" France or Germany. France claims she did and therefore Germany should not be allowed to make remarks but to pay "marks". France has been determined that Germany's reputation for war shall cost her quite as much as her preparations for war, that is her indemnity bill shall be worth more to France than her Emperor "Bill". There is a suspicion that since France is about to resume diplomatic relationships with the Pope she is getting into the proper spirit to receive refugees from Ireland and perhaps incidentally turn all water around the British Isles into "hot water". In this month the unrest in India, under the leadership of Gandhi, the mystery man, assumed alarming proportions and has increased through the year in seriousness. Germany declares she didn't start the war.

February—In this month the law against interprovincial trade in intoxicating liquor came into effect in Manitoba, Saskatchewan, Alberta and Nova Scotia. The great drought of 1921 begins. Germany is given until "Monday noon" to accept the peace terms. "Monday noon" came three months later. The allies seem determined that German gas will be less effective in peace than in war. The seeming effect of this long delayed surrender was that the Vaterland was turned into a mutterland.

On the 4th Palestine came under the protection of Great Britain. This event caused great jubilation among the Jews of the world. Mr. Samuels, a Jew, was appointed as commissioner to look after the country. The Irish situation grows very dark, many loyalists are killed.

March—On the 1st, Germany begins trying her war criminals. Of the thousands, six hundred are selected. With the exception of a few, all are declared heroes.

On Friday the 4th, Senator Harding took the oath of office as President of the United States. He immediately showed good taste and the virility of his good Baptist breeding by eliminating the time honored inaugural dance. Some of the "ladies" have had cold feet ever since.

Former Date, of Spain, was assassinated. Germany says she didn't start the war.

April—The greatest labor strike in the world history introduces the month. Over one million miners in Great Britain quit work as a protest against the government handing over the mines to the owners. This strike proved to be somewhat of a costly April fool's joke to all concerned. The strike lasted several months and was settled with little immediate gain to the miners.

Germany for the 999th time says she didn't start the war.

On the 18th, Ontario voted dry. Nova Scotia has been dry—very dry, for several months.

May—The first rift in the dark cloud of Ireland is now seen. Premier Craig, of Ulster, visits DeValera (otherwise known as Devil-era) and talks over the possibilities of peace. This event is immediately celebrated in South Ireland with the worst casualties of the year.

The Germans are inclined to give up boasting about winning the war and begin to brag about what it cost them. In this month Germany begins to reveal more gold to the Allies and also more brass.

June—The British Premiers meet in London and Canada is granted a voice in selecting her Governor General. On the 22nd, the Ulster parliament was opened by King George. This was the first time in one hundred and twenty-one years that a parliament was in session in Ireland.

Drought continues in Nova Scotia. July—On the 11th, Baron Byng is inaugurated as Governor General of Canada. Mr. Lloyd George and DeValera hold several conferences.

The Allies have more trouble collecting German indemnity and begin to see that Germany has been in hot water long enough to be quite "hard boiled".

In this month the papers declare that high prices had fallen here and there but no fatal injuries were reported in Paradise.

August—The Turks and Greeks engaged in the old past time of war. Poles and Russians ditto. On the 2nd, Carnuso dies, followed by Sir Sam Hughes on the 23rd. On the 26th Erzberger, formerly Vice Chancellor of Germany, was assassinated. On the 24th, the Great English dirigible R38 collapsed near Hull. Nearly all of the fifty-eight English and American officers lost their lives. Over 5,000,000 men in United States

"I suffered with Rheumatism for five years, having it so badly at times I was unable to get up. I tried medicines I saw advertised, and was treated by doctors but the Rheumatism always came back. In 1916, I saw in an advertisement that "Fruit-a-tives" would stop Rheumatism and took a box, and got relief; then took "Fruit-a-tives" right along for about six months and I have never felt my Rheumatism since."

and several hundred thousand in Canada are reported out of work.

Henry Ford makes a wonderful discovery. He is about to build a tin cow that will give rich, creamy Jersey milk. It is suspected that if this tin cow is anything like his tin Lizzie the milk will be delivered already churned. It is not yet known whether the machine cow will have a self-starter or just a crank.

September—A chemical plant in Germany blows up, killing 1,000 persons. The Kaiser and the Crown Prince are not among the killed. It is reported that the Kaiser begins book making which seriously interferes with his wood sawing. He says Germany is willing to pay the indemnity but she ought to be allowed to name the amount. He is in favor of disarming the battleship and the submarine if they could slip in a clause for the building of battleships for medicinal and sacramental purposes only.

October—On the 10th, New Brunswick joined the other provinces on the water wagon. Water gets scarcer in Nova Scotia. A conference begins between Irish leaders and English officials. The Irish decide to give the "fire" in Ireland to England and keep the "land" for themselves.

Millions of railroad workers in United States decide to strike—they decide not to—that's all. The Prince of Wales begins his India and Japan visit on the 25th. Ex-King Charles of Hungary and wife fly from Switzerland home for the purpose of regaining the throne. They decided that the flying was easy but the alighting hard. They were taken possession of by Great Britain and carried into exile, and so the house of Hapsburg becomes the house of perhapsburg.

November—On the 12th, the Washington Conference convenes. They immediately decide that the dove of peace cannot settle down while revolvers keep up such a din on battleships, therefore keep battleships out of the way of rivers. Premier Hara, of Japan, is assassinated on the 3rd. In this month Canada is started by the news that there would be at last a general election. An early frost is predicted. It came next month.

December—On the 6th it came. Canada was more than startled by the election results. The election has been variously described as a tragedy and a triumph; a slaughter and a deliverance; a casualty and a carnival; a fortune and a misfortune; a nap and a mishap; the darkest night and the brightest day; the end of good government and the beginning of the millennium.

Towards the last of this month our nervous world is thrown into triple excitement. We learned that peace had come to Ireland. We next learned that it had not come yet but there was a possibility that it would soon start, commencing, to begin, if all concerned voted for the treaty proposed. Ulster voted nay. House of Lords and Commons voted yea. The Dail Eireann in true Irish fashion will vote both yea and nay, with probably the yea's predominating. The

MONEY PACKETS—5c. AN OUNCE, ON AND AFTER 1st APRIL, 1922.

On and after the first of April, the rate of postage on money packets addressed to places within Canada, the Empire, the United States and Mexico will be five cents an ounce or fraction of an ounce.

As the prepayment required on money packets posted for delivery within Canada, the Empire, the United States and Mexico includes the war tax of one cent, money packets weighing one ounce or less should be prepaid six cents. Money packets weighing more than one ounce should be prepaid six cents for the first ounce and five cents for each subsequent ounce or fraction of an ounce. The registration fee of ten cents is also to be prepaid.

Money packets are packets of bank notes, etc., sent mostly by banks or business firms to their branches and to firms or individuals handling money in quantity, which at present pass through the mails at the ordinary letter rate. Under the term "Money Packets" are included bank notes, coin, bullion, gold dust, bonds and coupons payable to bearer, stocks and other securities negotiable by bearer.

BABY'S HEALTH IN THE SPRING

The spring is a time of anxiety to mothers who have little ones in the home. Conditions make it necessary to keep the baby indoors. He is often confined to overheated, badly ventilated rooms and catches colds which rack his whole system. To guard against this a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep his stomach and bowels working regularly. This will prevent colds, constipation or colic and keep baby well. The Tablets are sold by medicine dealers, or by mail, at 25 cents a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

THREE CHILDREN PERISH IN MANITOBA FIRE

Winnipeg, March 22—Trapped in the upper storey of their burning home, three children of Mr. and Mrs. A. Berault, of St. Francis Xavier, a French settlement thirty miles west of this city, perished in the flames, late Tuesday afternoon. The children's mother and the only man in the village at the time stood helplessly unable to render aid because every method of access was cut off by flames. The children ranged in age from two to six and a half years old.

The fire is believed to have been caused by one of the children lighting a piece of paper in the stove and throwing it in a wardrobe.

GRAIN INCREASED BY 1,501,119 BUSHELS

Ottawa, March 21—According to returns received at the Dominion Bureau of Statistics for the week ending March 10th, 1922, the quantity of grain in store at the different elevators throughout Canada has increased by 1,501,119 bushels made up as follows:

Oats—1,125,655 bushels.
Barley—337,317 bushels.
Rye—38,147 bushels.
Wheat indicates a decrease of 1,048,829 bushels and flax 32,080 bushels.

result will be more trouble in South Ireland and little peace for the rest of the world.

The Washington Conference gets into stormy waters. France decides to have nothing to do with limitation of their naval building program. The Conference decides to have nothing further to do with naval reductions, but probably will reconsider their decision. Good will undoubtedly come from the Conference but not peace.

Trouble continues in India, Egypt and Ireland. It now looks as if there were a great conspiracy against the British Empire but the Empire will stand.

The church world is tremendously stirred over a recent invention—an informing contribution box. If the contributor gives a quarter there is silence in the box, if he gives ten cents a bell rings, if he gives a nickel a whistle blows, a penny causes a blank cartridge to explode, if the pew holder pretends to be asleep he is given a nudge and his picture is taken. No doubt the adoption of this device would either eliminate the shortage in the church treasuries or would eliminate the churches.

The year started with nearly all of Europe bankrupt, it closed with nearly all the world "dead broke". Among the many bad things the world has in common just now is the devil and deficits, and the first produced the second. Between these two millions must of us find ourselves. It is to be hoped that 1922 may find us delivered from both.

WORLD CONFERENCE ON FAITH AND ORDER

Announcement was made last week that the next World Conference on Faith and Order, comprising seventy-seven national churches of the world in the movement toward Church Unity, will be held in Washington, D.C., in May, 1925. Group conferences of the many communions represented in the World Conference will be held for preparation and study in the intervening period, according to Robert H. Gardiner, Secretary of the World Conference, 174 Water Street, Gardiner, Maine, U.S.A. The work in anticipation of the world gathering will extend both to the clergy and lay men and women, even including thousands of individual congregations.

According to plans just announced, each Commission representing a national church will convene as soon as possible to take steps to promote the conferences in both large and small areas. Then each pastor, priest and rector will organize conferences in his neighborhood following the organization work of the presiding officer of his territory. A general appeal will be sent to laymen and laywomen to urge their direct co-operation and study in connection with their particular church. Already the World Conference has established contact with many thousand laymen in every part of the world who are desirous of forwarding the movement toward Church Unity.

It is expected that the Continuation Committee of the World Conference will meet in London in 1924. This Committee includes representatives of the following communions: Anglican, Armenian, Baptist, Congregational, Czechoslovak, Disciples, Eastern Orthodox, Friends, German Evangelical, Lutheran, Methodist, Moravian, Old Catholic, Presbyterian, Reformed, South India United.

OFFICE OF THE NOVA SCOTIA FIRE MARSHAL

That Canada maintains its splendid isolation from the rest of the world in the matter of fire losses is made evident by the following figures compiled from returns made to the Dominion Fire Commissioner. During the year 1921, the 25,916 fires reported occasioned property damage amounting to \$45,015,930, exclusive of the incalculable loss arising from forest fires. In comparison with the years 1920, 1919 and 1918, when the losses were \$28,745,590, \$25,861,240, and \$33,817,050, respectively, the record for 1921 shows a substantial increase as to tend to confirm the general belief that fires and trade depression go together. Of the total loss, approximately \$34,000,000, or 75 per cent was covered by insurance. On the basis of population the loss in Canada amounted to \$5.22 per capita, as compared with \$9.50 per capita in Great Britain where fire losses in 1921 only amounted to \$36,400,000. By provinces, the distribution of the fire loss in Canada was as follows: Alberta, \$2,875,000, or \$4.95 per capita; British Columbia, \$3,050,000, or \$5.82 per capita; Manitoba, \$2,864,000, or \$4.67 per capita; New Brunswick, \$2,735,982, or \$7.02 per capita; Nova Scotia, \$3,177,000, or \$6.06 per capita; Ontario, \$15,444,517, or \$5.28 per capita; Prince Edward Island, \$216,478, or \$24.44 per capita; Quebec, \$10,897,653, or \$4.64 per capita, and Saskatchewan, \$3,755,000, or \$4.93 per capita. As reported by Municipal officials, the losses in cities having populations of more than 10,000 amounted to \$13,616,951, or \$4.29 per capita, in towns of from 1,000 to 10,000, \$6,184,085, or \$7.32 per capita, and in villages and rural districts \$25,214,894, or \$5.31 per capita. In places having municipal fire protection systems the loss was \$4.90 per capita and in unprotected places \$5.31 per capita. There were 59 fires where the loss exceeded \$100,000, 45 with a loss from \$50,000 to \$100,000, 261 with a loss from \$10,000 to \$50,000, 3992 with a loss from \$1,000 to \$10,000 and 21,658 smaller fires with aggregate loss of \$4,644,817. Classified according to the character of the property involved the more destructive fires occurred as follows: 49 in industrial property with a loss of \$8,188,200, 32 in mercantile property with a loss of \$5,659,000, 9 in institutional property with a loss of \$1,948,261, and 15 in miscellaneous property with a loss of \$4,201,455.

NOTE—The figures included herein for Alberta and British Columbia have not been confirmed by the Fire Marshals of these provinces. They have been estimated from municipal reports and insurance companies' returns. May I ask your assistance in giving this information to the public.

WAR VETS. TO WAIT UPON PREMIER MURRAY

Delegation Will Urge Road Construction, and Re-establishment of Provincial Expo.

Halifax Chronicle.)

Mr. H. F. Hamilton, Prov. Secy. of the G. W. V. A., Lawrencetown, accompanied by Mr. E. Power, of Middleton, one of the executive of the Association, and Major J. Wolford MacDonald, M.P.P., waited upon Premier Murray and the Government at 11.30 Wednesday morning. General matters pertaining to the welfare of the Veterans throughout the province were considered. In order to open up road construction as early as possible, and to continue the full program of work, they will also press for the re-establishment of the Provincial Exhibition and the commencement of work upon the new plant as early as possible as one public work which may help in the employment situation.

THREE PERSONS KILLED IN ITALIAN CITY

Rome, March 21—Three persons were killed and more than a score, including Mayor Ransini of Piacenza, were wounded when a group of Fascisti attacked a large crowd in the public square of that city, according to advices received in Rome today.

Sanguinary encounters between Fascisti and Communists were also reported in Bologna, where one Communist was killed and in several other provincial centres.

ICEBERGS NEAR THE TRANS-ATLANTIC LANES

Boston, March 22—Ice bergs have drifted farther south this year than they had last year at this date, and are nearer the path of trans-Atlantic travel. Hydrographic Office reports to-day showed that bergs had been sighted three hundred miles southeast of Cape Race, and eight hundred and sixty miles east of Boston. They are within fifty miles of the west-bound trans-Atlantic shipping lane.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

CANADA AND FORESTRY

While there is much to be done in regard to forest conservation in Canada, the progress that has been made in the last few years has been most gratifying. There are now four forest schools connected with Canadian universities. Forest experiment stations have been established in different parts of Canada to study the best methods of forest reproduction. Last season in addition to protecting the forests by means of hundreds of patrolmen on foot, in canoes, in motor-boats, and on railway velocipedes, airplanes were used for forest protection in no less than five provinces. In the aggregate probably two thousand miles of telephone lines have been erected for forest protection work. For the better utilization of forest products there have also been established under the Department of the Interior Forest Products Laboratories where all problems connected with the manufacture of every kind of forest product are studied and the result made available to the people of Canada. A great change has also taken place in the attitude of people generally towards forest protection and they are now beginning to demand that everything possible be done to stop the enormous waste through forest fires.

AUTOMOBILES PROHIBITED

The driving of automobiles on the highways is prohibited between the 20th March and 1st day of May.

During this period the roads are unfit for automobile traffic as the frost is coming out of the ground and cars would unnecessarily tear up the roads. An owner who values his car or has any regard for repair expense will be quite satisfied to keep his car stored in the garage. There is every indication that the frost will be out very early this spring and it is within the authority of the engineer to open the roads when he considers they are fit for traffic so that it may not be necessary to prohibit the traffic until May 1st. In the meantime it is to be hoped that everybody will cheerfully conform to the law and if there are any who disregard it in fairness to the general public they should be dealt with as the law directs.

MT. ALLISON DEFEATED ACADIA

Wolfville, March 22—In the intercollegiate basketball game played here tonight, Mount Allison defeated Acadia by a score of 32 to 24.

Acadia had the best of the first half, the score being 16 to 15 in their favor, but in the second half the visitors rolled up 19 points to the home team's eight. The visitors were entertained after the game.

MAN SUCCUMBS FROM INJURIES AT ST. JOHN

St. John, March 20—Nat Capitani, an Italian, 200 Market Square, West End, died in a hospital here to-day as a result of injuries received on Sunday in a fall into the hold of the S. S. Sicilian, where he was working. He sustained a broken leg and a fractured skull as a result of his fall. He leaves his widow and three children.

KENTVILLE'S FIRST MAYOR PASSES AWAY

Kentville, March 22—J. W. King, Kentville's first mayor and the incorporator of the town, passed away this afternoon at the age of eighty-five years, his death removing one of the best known, highly esteemed and worthy of the town's citizens. Mr. King was a lawyer, coming here from Scotland. He was a pioneer in railway work, being legal advisor to P. Innes, Gen. Manager of the Windsor and Annapolis Railway, now the Dominion Atlantic Railway. On the retirement of Mr. Innes, Mr. King succeeded to the position of general manager in 1889, being succeeded by W. R. Campbell.

BRIDGETOWN ECLECTIC SOCIETY

All members of the above Society, and those desirous of joining the Bridgetown Literary Society are reminded of the first meeting to be held in the Board of Trade room on Monday, April 10th, at 8:30 p.m., when the Rev. Mr. Freestone will give a paper on "The History of Political Economy."

day, after an illness of nine months' duration. She was born in Digby sixty-eight years ago and was a daughter of the late Henry Baker, of Digby, and her mother before her marriage was Miss Eliza Wilson, of Dalhousie, Annapolis County. Mrs. LeCain was well known in Digby where she first practised the profession of nurse, and afterwards was a scalp specialist. The funeral took place from the Hill Grove Baptist Church on Tuesday, the pastor of the Digby Baptist Church officiating.

MRS. MARY ANN WHELOCK RAY DIED SUNDAY, FEB. 26, 1927. The following verses were read at the funeral of Mrs. Mary Ann Wheelock Ray, who died at Northboro, Mass., on Sunday, February 26th, by the Rev. S. E. MacGeheon. A notice of Mrs. Ray's death appeared in THE MONITOR on March 15th, but owing to over-crowding of space the following was omitted:

Fold reverently the weary hands That toiled so long and well, And while your tears of sorrow fall Let sweet thanksgiving fall.

That life-work, stretching o'er long years A varied web has been, With silver strands, by sorrow wrought, And sunny gleams between.

How bright she always made the home! It seemed as if the floor Was always flecked with spots of sun, And barred with brightness o'er.

The very falling of her step Made music as she went; A loving song was on her lip, The song of full content.

O gently fold the weary hands That toiled so long and well! The spirit rose to angel bands, When off earth's mantle fell.

She's safe within her Father's house, Where many mansions be; O pray that this sweet rest may come, Dear hearts to you and me.

APRIL ROD AND GUN

The April issue of Rod and Gun in Canada is a particularly attractive one, and from cover to cover it abounds in bright, interesting features. The stories include a splendid contribution from the pen of Frank Houghton, entitled "The Trail of a Golden Hope"; while "Birds," by Phil H. Moore, is also worthy of special mention. Honorary Dale is the author of "Our Wild Deceits." The various departments contain a wealth of valuable information, as usual. A complete report of the annual meeting of the Northern Ontario Outfitters and Guides, is given. A handsome art cover by F. V. Williams, who also contributes a short story, will likewise attract attention to this month's issue.

Rod and Gun in Canada is published monthly at Woodstock, Ontario, by W. J. Taylor, Limited. A. J. Burns, local agent.

WEDDING BELLS

RIPEY-SULLIS A quiet wedding took place on Tuesday evening, March 21st, at the home of Mr. and Mrs. W. A. Sullis, Digby, when their second daughter, Alice May, was united in marriage to James Rex Rippey, of Annapolis Royal. The bride entered the room on the arm of her father, carrying a handsome bouquet of white roses and fern. The couple were unattended. The ceremony was performed by Rev. William Driffield, rector of Trinity parish, in the presence of immediate relatives and friends only. The presents were numerous and varied including cut glass, china, linen, etc. The bride was prettily attired in cornflower blue duchesse satin. Mr. and Mrs. Rippey left on the midnight train for Annapolis Royal where they will reside.

Tern schr. Barbara W., in command of Capt. A. E. Tower, arrived on Sunday at Vineyard Haven, Mass., for orders. The schr. left St. John March 13th for St. Martins, where she took on a cargo of lumber and made the trip out to Vineyard Haven in the fast time of one week.

CLEMENTSVALE

Mrs. V. Long and Mr. Wm. Ramsey have gone to Halifax for treatment. Congratulations to Mr. and Mrs. Wm. Potter on the arrival of a daughter, March 18th.

A pie sale was held at Mr. H. Milner's, on March 16th. \$10.00 was realized for the Russian fund.

Mrs. B. Prebble and Mrs. Annie Blackford, of Lorton, Mass., visited their brother, Mr. J. Albert Wambolt. They were called home to attend the funeral of their sister, Mrs. DeWhite Habley, East Walcott.

HILLSBURN

Sorry to report Mrs. Ross Longmire suffering from a severe case of quinsy sore throat.

Mr. and Mrs. Reed Longmire, of Upper Granville, spent a few days with his father, Mr. Henry Longmire. Mrs. Bertha Patten returned home to Lynn, Mass. She has been home visiting her mother, Mrs. Benjamin Halliday.

Mrs. A. W. Longmire has gone to Bear River to spend a few days with her father and mother, Mr. and Mrs. C. Woodworth.

1,300 Teas

There are more than 1,300 specimens of tea under cultivation. These have all been studied and the best selected to make Blue Bird TEA.

The Yarmouth schooner Annie L. Spindler, Capt. William Snow, which put into Halifax for bait and provisions, sailed Friday evening for the banks.

IGS collapsed near Hull. Nearly all of the fifty-eight English and American officers lost their lives. Over 5,000,000 men in United States.

Local Happenings

High ideals do not always qualify for ordinary ordeals. A child never learns hate until it has learned what fear is.

People do not marry as early as they used to, but they marry oftener. Commencing next Sunday and continuing until further notice, the evening service in all the churches will begin at 7:30.

The MONITOR is in receipt of a mayflower in blossom, picked on the 22nd of March by Mrs. Robert Sebeane, of this town.

The monthly meeting of the W. M. A. S. of the Baptist Church, will be held in the vestry, on Tuesday afternoon, April 4th, at 3 p.m.

A canvass of the town was made last week in connection with the proposed new curling and skating rink to be built in Bridgetown, and over seven thousand dollars has been subscribed to date.

Rev. J. H. Freestone is giving a series of practical half-hour talks to the High School on Friday afternoons. His subject is "Political Economy," and his treatment of it makes it very popular with the boys and girls.

Remember the Rummage Sale, by the Women's Institute on Saturday afternoon, April 1st. A great variety of articles for sale—and all bargains. Don't miss it. Come and see if you can find just what you've been looking for. See posters.

The last of the University extension lectures will be given in the school room of the United Church, Tuesday evening, April 4th. Professor Perry, of Acadia University, will be the speaker. The object is "Hereditry." Admission course tickets or twenty-five cents.

M. C. Foster has purchased the Freeman property on Granville Street. This house will be remodelled inside and made a very desirable residence for renting. In our next issue, this property, along with the Ross property, where Mr. Foster resides, will be offered for sale or rent.

The attention of our readers is drawn to the appeal of Lieut.-Governor Grant, which will be found on Page One. Collections are to be taken in the different churches next Sunday for this worthy object, and we believe the citizens of Bridgetown will respond nobly to this appeal.

The routine of school work was broken last Friday afternoon when Mrs. Messenger, President of the Women's Institute, on behalf of the organization, presented the winners of gold signet rings. This is the second time that our boys have won in the annual series and we hope that the result of next year's debates will bring the cup, donated by Mr. A. L. Davidson, to Bridgetown to stay. The winners this year were Messrs. Geo. Foster, John Roberts and James Fay.

The MONITOR office will be open each evening during the week, and to have the citizens of Bridgetown visit him at all times, and any news items or suggestions would be greatly appreciated. THE MONITOR is the citizens' paper, and if the present lessees receive the support of the people of Bridgetown and Annapolis County in their endeavor to work for the betterment of social and moral reform and the upbuilding of Bridgetown, then their efforts would not be in vain.

The MONITOR is in receipt of the first issue of "The Maple Leaf", a new national magazine, which will be the press of the Maritime Pub. Co., Ltd., Sussex, N.B., controlled by Mr. J. D. McKenna, and the Editor and Manager is Mr. S. K. Smith, of St. John, N.B. "The Maple Leaf" is clearly printed on good quality paper, the reading matter is wisely selected and carefully edited, while illustrations add materially to the interest. It is published as the official organ of the Association of Canadian Clubs, and no doubt will be well supported by all members throughout Canada.
