The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▼ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

La bibliothèque des Archives
publiques du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▼ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

PREFACE TO THE FIRST EDITION.

The difficulty of ascertaining the law from the network of original and amended statutes, both of the Dominion and the Ontario Legislatures, and from the various Orders-in-Council suspended and re-enacted, is the reason for the issue of this Digest.

With regard to game, the Dominion Parliament has not, nor does it claim, jurisdiction, but with regard to fish both governments now lay claim over all waters within this Province; at the time, however, of the passing of many of the Acts referred to herein, the Legislature of Ontario claimed jurisdiction over non-navigable and inland waters only, and the Dominion Parliament similarly over navigable streams and the greater lakes.

This Digest is a synopsis of the whole law, so far as it relates to the various animals, birds and fish protected by it, and is intended both as a handbook for the guidance and protection of sportsmen, and also as a book of reference for those whose duty or privilege it is to enforce the laws for the protection of the stock of game in this Province already so much depleted.

PREFACE TO THE THIRD EDITION.

In the three years that have elapsed since the last edition, the statute law has greatly changed, and many new Orders-in-Council been passed. The present Digest contains an increased number of headings as well as many additional cross-references, and it is believed that the existing law is complete within these pages.

The case which was submitted to the Supreme Court of Canada, for decision upon the respective rights of the Dominion and Provincial authorities to make laws regulating fishing, was decided by that court mainly in favor of the Province. An appeal, however, was taken to the Judicial Committee of the Imperial Privy Council, where the case was argued, and is now standing for judgment. The decision of the Judicial Committee will define the rights to be exercised by the Dominion Parliament and the Provincial Legislature respectively, in the navigable and non-navigable waters of this Province.

At the last session of the Ontario Legislature an Act (60 Vict. c. 9) was passed, to come into force by proclamation. This Act regulates fishing in Ontario, and will be proclaimed law should the decision of the Judicial Committee be in favor of the Province. Until the Act above mentioned is proclaimed to be in force the law must be gathered from various Statutes and Orders-in-Council, both of the Dominion and the Province, and is as comprised within the pages of this Digest.

OTTAWA, Oct. 8th, 1897.
