

ONTARIO POWER SCHEME ATTACKED

Blue Ruin Cry Is Raised by New York State Legislators Who Oppose State Ownership Idea.

A BIG DEFICIT ALLEGED

Toronto Is Said to Have Shown Net Loss to June 30th of a Large Sum.

ALBANY, N. Y., Jan. 15.—(Can. Press.)—The joint legislative committee appointed in 1911 to investigate the Niagara water power resources and recommend a possible plan for conservation and utilization, reported today that "it would be impossible for the State of New York to develop a sufficient amount of hydraulic power to make any appreciable impression on the power demands of the state."

For Private Charter

The committee renew their recommendation made to the legislature in 1912, and ask for the passage of legislation introduced at that time. They point out that there is within the state a daily consumption of over 2,000,000 horsepower, and that to deliver this to the point of utilization would take over \$,000,000 water horsepower at the penstock.

Heavy Losses Alleged

The committee report regarding the hydro-electric power commission of Ontario, that it has never developed any water power, but has acted merely in the capacity of middleman in the merchandising of electric energy; that it furnishes power to the municipalities below cost; that if the same methods were applied to it as are employed in business transactions of a similar nature, it would show an annual loss of at least \$52,170 a year; and that in addition to this loss to the province, the local municipal distribution power systems of the City of Toronto showed a net loss to June 30, 1912, of \$263,384.

Limited in Scope

The report says that while there are three smaller districts in which the hydro-electric power commission operates, known as the Port Arthur, the Ottawa and the Big Chute, the great majority of its operations are confined to what is known as the Niagara system; that the commission has expended upon its operations provincial funds amounting to approximately \$6,000,000; that its annual administration expenditures are \$275,000; that its operations have involved the municipalities served in expenditures for distributing public lighting and power service exceeding \$8,000,000; and that the result of this expenditure of \$16,000,000 has been to distribute without any consideration either hydraulic or steam, less than 35,000 horsepower, or, as the committee point out, about the amount utilized in and about Glens Falls and Hudson Falls.

Burden Variable

Attached to the report is a financial summary, showing that the operations of the provincial hydro-electric commission are conducted at a loss of \$269,080, in addition to its administration expenses, which have never been charged against the cost of power; that the burden placed on the several communities by the expenditures of the hydro-electric power commission is of a variable character; that some have been bonded to the extent of \$3.11 for each individual in the community, while others have been bonded for \$21.

REDISTRIBUTION IS NOT YET IN SIGHT

Senator Loughheed So Intimates—Cloran Would Debar Divorced Persons From Marrying Again.

OTTAWA, Jan. 15.—(Can. Press.)—

The senators came back today after their Christmas holidays. Senator Belue asked: "Is it the intention of the government to present a redistribution bill during the present session of parliament?"

Hon. Mr. Loughheed replied for the government as follows: "From present intensions, no."

Senator Cloran introduced a bill, "Respecting the evils of divorce." It provides that where divorce has been granted the offending party shall not have the right of remarrying.

Sensor Davis gave notice of a motion declaring that in view of the rapid increase in the value of western lands school lands should be withdrawn from sale for a time.

Tributes of respect were paid to the late Senator Campbell. Hon. Mr. Loughheed said: "Few men had the esteem of their fellow-men to a greater extent than Senator Campbell. Few men will be more missed in public life than he."

Sensor Campbell had identified himself with much of the useful legislation of the parliament during the last twenty years, said the speaker. Sir George Ross said it was kind to hear such a political compliment from the government party. Thru his death parliament and the country had suffered a great loss.

Radial Entrance Into Galt

GALT, Jan. 15.—(Special.)—The Lake Erie and Northern Railway is having difficulty in obtaining an entrance into Galt and securing a central position for the northern terminal. The objective point is Main street, but the R. McDougall shops stand in the way. A considerable figure is advanced in the proposition to secure the necessary right of way to this part of the town.

MANY ELIGIBLE UNDER OLD AGE PENSION PLAN

Preliminary Report of Special Committee at Ottawa Furnishes Some Illuminating Data.

OTTAWA, Jan. 15.—According to a preliminary report of the special committee of the commons appointed to investigate an old age pension system for Canada, the number of persons sixty-five years of age and upwards eligible for old age pensions, according to the last census figures, would be according to the British scheme about 145,000, and should Australian conditions apply, about 121,000, or 1.68 per cent. of the total population.

The report submits the evidence submitted last session before the committee under the chairmanship of J. H. Burnham. No recommendations are made pending further investigation, but much valuable information is given as to the working out of old age pension systems in other countries.

The approximate number of wage earners in Canada is estimated at 1,237,000, and one per cent, or approximately 12,370, of these are sixty-five years of age and upwards. The old age population of the Dominion (sixty-five years of age and upwards) is estimated at 326,200, or about 4.1-2 per cent. of the whole population.

HARD TO SECURE DECENT HOUSES

Imperial Home Reunion Committee Finds Difficulty in Providing Homes For Newcomers.

The difficulty in finding decent houses at a reasonable rent was strongly emphasized at the first annual meeting of the Imperial Home Reunion Association of Toronto, held in the board of trade chambers yesterday afternoon.

The annual report, which was unanimously adopted, said: "The one serious difficulty encountered in finding decent houses at a reasonable rent. Within twenty minutes of Charing Cross a six-roomed house, well-placed and built, with a garden, and in a healthy and delightful situation can be had for \$7.50 a month. It is doubtful whether anything so good can be found near Toronto for less than three times that amount."

Your committee have been compelled to accept certain applications because of this condition of matters—since at the moment it was clearly impossible for the applicant to lodge and care for a large family at the wage he was earning. Rent made the difference."

The matter was referred to the housing committee.

Thru the efforts of the society 1204 persons from the old country have joined their families in Toronto during the year. Of these 325 were mothers, 239 children under twelve years of age, and 639 children over twelve years of age.

The governing committee for the ensuing year was elected as follows: Frank W. (chairman), Frank Arnold, K.C.; W. H. Blake, K.C.; D. A. Cameron, Kenneth J. Dunstan, W. A. Frithbrooke, W. K. George, Robt. S. Gourlay, Thomas E. Lee, E. S. Macdonnes, Noel Marshall, Walter R. Nursey, R. P. Ormsby, Hedley Shaw, G. T. Somers, Benj. Westwood, E. M. Wickett, R. Brock, Walter J. Barr.

LOCOMOTIVE TO LIBERATE VESSEL

FORT WILLIAM, Jan. 15.—(Can. Press.)—For the second time in the history of navigation in Fort William, a locomotive will be used in an endeavor to free a vessel from the ice. Ice has become worked underneath the Ames Stone to such an extent that it is practically grounded, and it is impossible to move her by tugs. Instead of raising steam on the vessel a locomotive will do it and supply the winches with the vaporized water. Tracks are being laid to the banks of the Kaministiquia River, and the attempt will be made as soon as possible.

Fall Was Fatal

BRANTFORD, Jan. 15.—(Special.)—Falling on a chair while putting up curtains, Mrs. Helen O'Neill, the young wife of John O'Neill, received injuries yesterday which proved fatal.

Dineen's Furs Must Be Sold to Bring Down Heavy Overstock

THERE is no disguising the fact that that this has been a poor winter for selling furs. The weather has been too mild. A day now and then looked promisingly cold, but here we are into the third week of January and there has been no real winter yet—not the kind of winter we are used to in Canada.

There may be plenty of cold weather ahead of us yet, but Dineen's are not going to await its arrival with an overstock of furs. We are going to sell out our stock down to the point where it should be at this time of the year, after a hard winter had set in. We cannot afford to wait, because, if cold weather should not arrive,

and there should be no increased activity in our selling, then we would be caught with a heavy overstock on our hands that we would have no prospect of moving for another eight months.

This is a plain statement of the situation. That is why we announce a clearing sale. Absolutely some of our furs have to be sold. Every article is from our regular line and at the prices we are willing to sell the values are unmistakable.

Below are a few of the lines. These furs are particularly suitable for quick selling. Among the list are several Parisian novelties in furs, most excellently stylish dress accessories for young ladies. This represents only the smallest part of our stock available for selling at this season.

Imitation Ermine

Made up of a genuine fur that very closely approaches the real ermine; trimmed with black tails and lined with a superior quality white silk. One lot, 97 Stoles, Ties, Scarfs, to sell for \$1.20 to \$7, being one-half the regular price of these furs. No article in this assortment is worth less than double the price.

Russian Fitch

The fitch belongs to the sable family. The fur is a glossy brown, and differs from sable in its lighter and more silky quality. Five dozen neckpieces in this clearing, and every piece reduced one-half. What was \$12 now sells for \$6. There is a wide variety for selection.

Swansdown Set

This is really a novelty set of rare beauty. The swansdown is bordered with black fox, and the muff and scarf are trimmed with heads and velvet ornaments. A most luxurious dress accessory reduced to less than one-half regular price. Was \$75, now offered for \$35.

Silvered Hare

Also known as "German chinchilla." It is an excellent full-haired fur, of unmistakable richness. This is an imported line. Thirty-five sets—muff and cape—artistically trimmed with chiffon. This price reduction is not quite one-half. Regular price \$60, now priced at \$35 the set.

Gray Squirrel

Gray squirrel sets, trimmed with mouflon. A rich and delicate combination. Lined with gray satin. The muff is very large and luxurious. The regular price for these sets is \$100. Now reduced to \$65.

American Opossum

The opossum is a rich, luxuriant fur, and these sets, of shawl and muff, are unusually fine samples of the true fur. The shawl is 80 inches long and 8 inches wide. The muff is very large and trimmed to match. The sets are inserted with imitation ermine of pure whiteness. These sets are regularly priced at \$100. Our price is \$55.

Imitation Chinchilla

This is a Parisian novelty set. The chinchilla is of a beautifully rich appearance, striped with Hudson seal and trimmed with tassels. It is not possible to describe the richness of these sets. To be appreciated they must be seen. The reduction is one-half regular price—\$50 the set. Now offered for \$25.

Ladies' Fur-lined Coats

The advent of the automobile has introduced a fashion in Ladies' Fur-lined Coats, suitable for weatherable riding, walking or evening wear. The collars are full and luxuriously comfortable. The shells are broadcloth or rough Scotch tweed. The lining of hamster, muskrat, lock squirrel, Hudson seal, and other furs, reaches three-quarters the full length of the coat. The variety of this line is most complete, and all exquisitely tailored. Seventy-five (75) cents on the dollar for these garments.

KNOWN IN MONTREAL

Alfred Ruthven Convicted of Fraud. NEW ORLEANS, Jan. 15.—(Can. Press.)—Alfred V. Ruthven of Keokuk, Iowa, said to be the inventor of a safety appliance for the prevention of railway accidents, was today convicted in the United States district court of using the mails to defraud. Judge Rufus Foster sentenced Ruthven to three years in the Atlanta Penitentiary, and to pay a fine of \$1000. Evidence showed that Ruthven used the mails for the promotion of a stock-

selling scheme, his operations covering considerable territory in the middle west and south.

Ruthven was recently committed for trial in Montreal on similar charges.

Alleged Horse Thief Arrested.

KINGSTON, Jan. 15.—(Special.)—For the theft of a horse and rig from Belleville, Walter Leasher, aged 22, Belleville, was placed under arrest. He hired the outfit last Friday, drove to Tremont and afterwards to Kingston. He is alleged to have tried to sell the outfit here.

KINGSTON WOMAN DROPS DEAD.

KINGSTON, Jan. 15.—(Special.)—Miss Mary K. K., aged fifty, a life-long resident of Wolfe Island, dropped dead while sitting ashes in her yard. Heart failure was the cause.

Honored by Brother Masons.

GALT, Jan. 15.—(Special.)—Ald. Thomas, past master Waterloo Chapter, Royal Arch Masons, on the eve of a trip to his native land, Wales, called, on Friday evening, Jan. 11, at 8 o'clock, in the public hall of the normal school.

EARL OF ASHBURNHAM DEAD.

FREDRICKTON, N. B., Jan. 15.—(Can. Press.)—Hon. Thomas Ashburnham received a cable today, announcing the death of his uncle, the Earl of Ashburnham, in England.

Prof. Hutt's Lectures.

Prof. Hutt of the Ontario Agricultural College, Guelph, will lecture on "School Gardens as a Factor in Education," on Friday evening, Jan. 17, at 8 o'clock, in the public hall of the normal school.

KINGSTON'S EDUCATIONISTS MEET.

KINGSTON, Jan. 15.—(Special.)—Alexander W. McLean was elected chairman of the board of education at the inaugural meeting tonight.

W. Peters was elected chairman of finance; Percy Chown, property, and Robert Meek, management.

Six Months For Theft.

NIAGARA FALLS, Ont., Jan. 15.—(Special.)—After confessing to the theft of \$18 from William Bell, George Walker was sentenced to six months imprisonment.

REGULATE TRUSTS SAYS L. E. HART

Law Should Not Abolish But Should Control Them Both in Canada and the States.

TO LESSEN THE COST If Firms Knew What Was Prohibited, They Could Co-Operate to Increase Business.

That co-operation without monopoly was necessary to ensure the success of the industries of the country and serve the best interests of the public, was the contention made by Louis E. Hart of Chicago, Ill., in an address on "Business Associations Under the Sherman Anti-Trust Law," given before the tenth annual convention of the National Cut Stone Contractors Association at the King Edward Hotel yesterday afternoon.

He declared that the Sherman Act failed in the same way the law in this regard failed in Canada. It was too general. It prevented a co-operation that would prove beneficial both to the industry and the public alike.

When firms knew exactly what was specifically prohibited they would be in a position to co-operate for their own and the public's welfare. They could co-operate to lessen the cost of the product and increase their volume of business.

Law and Business. In an address on "Law as Applied to Business," which he took the same stand regarding the anti-trust law as Mr. Hart, J. T. Hettrick of New York City advised the cost of business in the United States and Canada, if they expected prosperity in business.

Many of you men are fighting too exactly the same as the prehistoric stone men fought," he said. "You use different weapons. You use one weapon which will call ruinous on the object seems to be to drive each other out of business. You are only seeking to destroy each other and you call this business."

BIG SCHOOL BUILDING IS NEEDED THIS YEAR

New Commercial High School to Be Erected at the Earliest Possible Date.

After a lengthy debate between Trustees Hodgson and Chas. Marriott yesterday afternoon, the latter sprung a surprise by nominating Trustee Hodgson to succeed him as chairman of the advisory committee in commercial education.

Secretary Wilkinson called the meeting to order and the chairman declared the committee had got the cold shoulder from the board because the chairman was an appointed member and had no seat on the board.

Mr. Marriott vigorously argued that representatives of the board of trade and other bodies had an equal status on the committee with the school trustees. He attributed to the semi-stagnation of last year the difficulty over the commercial high school site.

A sub-committee was appointed to report at next meeting respecting the possibility of securing the Cartwright site or purchasing in another locality. The commercial high school is to be a building with 25 class-rooms, with a capacity for 1000 pupils.

CARNegie HERO AWARDS SHOW RECOGNITION OF CANADIANS

Father of Frank Beaumont, Who Lost Life Trying to Save Nephew From Drowning at Beaumaris, Ont., Receives Silver Medal—Doris Lewis, Aged Fourteen, Given a Medal and Two Thousand Dollars For Heroic Rescue at Cowansville, Que.

Hero Fund Commission tonight announced a further list of awards for heroic acts. The last list was made public on Nov. 7. The list, with medals awarded, etc., is as follows: Frank Beaumont, silver medal, father of Beaumont, farmer and fisherman, died attempting to save his nephew, John G. Beaumont, from drowning at Beaumaris, Ont. July 27, 1912.

John McBride, bronze medal and \$1000, as needed. McBride, laborer, saved Cyrus L. Nell from drowning, Toronto, Ont., March 9, 1910. Clarence Van Nostrand, bronze medal and \$1000 as needed. Van Nostrand, aged 16, attempted to save T. Waverly Doxey, and Florence E. Doxey, from drowning, Glen Cove, N.Y., Jan. 3, 1911.

John V. Hagermann, bronze medal and \$1000 towards purchase of a farm, Hagermann, laborer, rescued David C. Schlueter, farmer, and Minnie L. Schlueter, from a runaway, Elgin, Ill., June 22, 1906. Ernest E. Boggs, bronze medal and \$425 disability benefits and \$1000, as needed. Boggs, machinist, attempted to save Roy S. Utter, machinist, from burning, Hood River, Ore., May 18, 1910.

FELLOWES QUILTS OLD POSITION

Deputy City Engineer Resigns to Devote Whole Time to Other Work.

C. L. Fellowes has resigned his position of deputy city engineer, which he held since 1908, but will continue in the works department. He is succeeded by George G. Powell, at a salary of \$4000 a year. Mr. Fellowes' new position will be that of having charge of the plans for new main sewer services. The former post held by Mr. Powell of principal assistant engineer.

FATHER AND SON BOTH ARE FINED

L. S. and L. E. Levee Circulated Immoral Literature in Their Patent Medicine Business.

For publishing and circulating obscene literature when engaged in the patent medicine business, L. S. and L. E. Levee, former chairman of the board of education, was fined \$300 in the criminal court yesterday. His son, L. E. Levee, was fined \$200 for assisting to circulate it.

URANIUM STILL HELD TIGHT

HALIFAX, N.S., Jan. 15.—(Can. Press).—No further efforts will be made to pull the uranium off the rocks at Chubbuck Head. She will be held by two anchors from her quarters and allowed to wait until the easterly wind when it is expected the swell will dislodge her hold upon the shore.

MAY UNSEAT GUELPH ALDERMEN

GUELPH, Jan. 15.—(Special).—There is a rumor on the streets to the effect that the aldermen of the city of Guelph are to be unseated. It is understood that lawyers have been engaged by some of the defeated candidates to bring an action against the city.

SECOND CONCERT GREAT SUCCESS

National Chorus and New York Symphony Showed Greater Confidence on Closing Night.

RICH TONE AND COLOR Precision and Unanimity Were Excellent and Whole Concert Was Given With Power and Finish.

There was a feeling as of release from restraint, greater confidence and freedom, with great steadiness under the conductor's baton, in the singing of the National Chorus last night in their second concert as compared with that of the previous evening. The program was a more interesting one, and the high-water mark of Dr. Ham's achievement. The New York Symphony Orchestra, under Walter Damrosch, fully maintained its previous record. No more could be said.

The novelties in the program were most acceptable. The men's voices were at their very best in the rich effect of the opening phrases, and while the choir sang with the sense of effort, the climax was delivered with impressive strength. The same comment may be made on the vocal color. The sopranos evinced, as on the previous evening, a somewhat homogeneity, but this was not a fault to offend, except in very high critical standards. The crescendos and the noble harmony of the Gloria were rendered with a pleasingly rendered. Max Bruch's "Morning Song of Fraise" the precision and unanimity of the choir were at their very best in the rich effect of the opening phrases, and while the choir sang with the sense of effort, the climax was delivered with impressive strength.

Mr. Damrosch's orchestra performed heavenly exploits and enchanted the audience which was not so numerous as at the first concert, with Beethoven's Sixth or Pastoral Symphony. They were next enraptured with Maurice Strakosky's "The Swan" and "The Swan" played for the first time in Canada. These five pieces are delightful and humorously musical, the third being the best yet heard in this city. The lovely "fairy garden" number, which closes the suite, was deliciously done. Goldmark's Scherzo, op. 40, and the orchestral number, "The Swan," were also beautifully played by the orchestra. Dr. Ham and he were frequently recalled during the concert. The orchestra and chorus proceeded to Buffalo by special train at 1 o'clock yesterday and will give a concert in the convention hall tonight, returning to Toronto about 3 o'clock tomorrow morning.

FATHER AND SON BOTH ARE FINED

L. S. and L. E. Levee Circulated Immoral Literature in Their Patent Medicine Business.

For publishing and circulating obscene literature when engaged in the patent medicine business, L. S. and L. E. Levee, former chairman of the board of education, was fined \$300 in the criminal court yesterday. His son, L. E. Levee, was fined \$200 for assisting to circulate it.

URANIUM STILL HELD TIGHT

HALIFAX, N.S., Jan. 15.—(Can. Press).—No further efforts will be made to pull the uranium off the rocks at Chubbuck Head. She will be held by two anchors from her quarters and allowed to wait until the easterly wind when it is expected the swell will dislodge her hold upon the shore.

MAY UNSEAT GUELPH ALDERMEN

GUELPH, Jan. 15.—(Special).—There is a rumor on the streets to the effect that the aldermen of the city of Guelph are to be unseated. It is understood that lawyers have been engaged by some of the defeated candidates to bring an action against the city.

NEW YORK SENATORS ROAST OF ONTARIO SYSTEM GIVEN EFFECTIVE ANSWER

Continued From Page 1. has ever, heterogeneous, been supplied in this city, and by the time the list of customers now on the books of the scale of rates enforced which for economy, will greatly surprise all users of light and power, while at the same time, they will be a great impetus to the manufacturing enterprises. I look forward with every confidence to a successful future for our civic enterprise.

A Big Surplus. There was a steady increase during last year of the amount of hydro-electric power used in Toronto, and the surplus earned by the Toronto commission is doubled there. The total surplus for the year reached \$31,902, according to the statement made by Hon. Adam Beck yesterday. The report gave an account of the revenue and expenditure, and in each of the four quarters of the year there was an increase in the consumption of power and an increase in surplus.

COUNT POPULATION EVERY FIVE YEARS

Such is Suggestion of Inter-Departmental Commission—Numerous Reforms in Compiling Statistics.

OTTAWA, Jan. 15.—(Can. Press).—The census in so far as it relates to population and prosperity, should be taken every five years, is the principal recommendation of an inter-departmental commission on statistics tabled by the Hon. G. E. Foster today. There are numerous other recommendations calculated to facilitate and co-ordinate the preparation of statistical information respecting Canada federally and provincially. The commission consisted of Sir George Adam Shortt, civil service commissioner; E. H. Godfrey of the census, W. A. Warner of the trade and commerce, R. H. Coates of the department of labor, and J. R. K. Bristol of the department of customs, with C. H. Payne secretary. The report of the commission is a masterpiece of statistical work of the different departments as to methods, reliability and duplication, and was asked to recommend a new and more comprehensive system of statistics to be compiled. The different provinces also were communicated with as to methods and results and to what extent federal work is duplicated.

The recommendations. The report submitted is a very able review of the situation and is especially that there is much duplication, which suggests supervision by a permanent committee at Ottawa, which conference on statistics is also proposed. The recommendations are summarized as follows: (a) The organization of a central statistical office for the co-ordination, unification, extension and general improvement of statistics involving (1) the creation of a Dominion inter-departmental statistical committee; (2) the creation of an interprovincial conference on statistics; (3) the following reforms in existing statistics (a) the taking of a quinquennial census and the limitation of the field of the census proper to the enumeration of population and property, with a thorough re-examination of the methods at present in use in collecting and compiling data; (b) the institution of an annual census of production, embracing the chief products of agriculture, forestry, fisheries, mining and manufactures; (c) the co-ordination of the work of the statistical branches of the department of trade and commerce with improved methods of classification and improvement in other details; (d) the organization of a central statistical office; (e) the improvement of methods of recording and tabulating statistics; (f) the improvement of methods of development of statistics; (g) the enlargement of the Canada year book and co-ordination of other publications.

The co-ordination of provincial statistics on the following subjects: Births, marriages and deaths, public health, education, agriculture, local and municipal governments, local and provincial public works, hospitals, charities. The appointment of an official in statistical work on grounds of character and capacity.

GRAY HAIR TONS IS NATURAL COLOR AFTER APPLYING SAGE TEA

Mixed with Sulphur It Darkens Beautifully and Takes Off Dandruff.

Almost every one knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also cures dandruff, itching scalp, and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays skilled chemists do this better than ourselves. By asking at any drug store for the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy" you will get a large bottle for about 50 cents. Some Toronto.

Again Friday and Saturday

Five Big Volumes \$1.98 REGULARLY SELLING AT \$12 Here is the greatest bargain in books ever placed before the people of Toronto. Five handsome volumes of Everybody's Cyclopaedia, bound in English cloth, for the small sum of \$1.98. Boys, ask your father for this set. Girls, ask your mother for it. Tell them you NEED IT for SCHOOL WORK. Show them how NECESSARY it is for you to have this HANDY reference set. Mother has the necessary housekeeping utensils and father has tools and proper facilities for doing his work. It is just as essential for boys and girls to be properly equipped for their school work. Everybody's Cyclopaedia is the ideal home-study reference work. Your fathers and mothers must get it for you.

IMMIGRANT TRAIN RAN INTO FREIGHT

Air Brake Refused to Work and Cars Were Stalled on the Main Line.

NO ONE WAS INJURED

Crew Escaped by Jumping and Passengers Were Only Shaken Up by Sudden Jar.

The breaking in two of a freight train, which was backing off the main line, resulted in a collision between it and a G.T.R. immigrant special at Dundas at six o'clock last night. Five of the freight cars were smashed, and the engine of the immigrant train badly damaged. The crew escaped by jumping. The passengers experienced nothing worse than a shake-up caused by the jar of the sudden stoppage.

J. A. M'KEE LEFT HALF A MILLION

Former President of Dodd's Medicine Company Gave All to Wife and Children.

The late John Arnold, M'Kee, formerly president of the Dodd's Medicine Company, who died Nov. 1, 1912, left an estate valued at \$522,968.57. The chief beneficiaries under the will are his wife and five children. The children's share to be held in trust until the son reaches the age of 25, and the other four at 21. The will is dated Jan. 3, 1912.

The estate is made up as follows: Household goods, \$1,000.00; Farm implements, \$5,000.00; Horses, \$4,000.00; Cattle, \$700.00; Sheep and swine, \$400.00; Book debts, \$5,123.88; Money secured by mortgages, \$118,232.01; Life insurance, \$8,000.00; Bank stocks and other stocks, \$76,249.35; Cash in bank, \$3,224.83; Farm products, \$1,190.00; Personal property (including motor cars and half interest Barrie and Orillia), \$450.00; Railway, \$5,400.00; Real estate, \$59,400.00.

WOMEN SAVED FROM FIRE

STANDING AT WINDOW

Continued From Page 1

The windows on the top floor were crumpling Mrs. Noble (formerly Miss Oates) and Miss Garbig. The smoke was pouring out of the window. Already Mrs. Noble was preparing to jump.

A mass of wires in front of the building handicapped the firemen as they attempted to raise their ladders. As this obstacle presented itself the crazed mob ran forward and pushed the ladder down while at the same time the ladder was being raised and struck the wires. Once more the crowd interfered.

Ambrose Kirby, 317 Gladstone avenue, manager of James Brothers, was in the office of the firm when the first floor of this factory is a few doors down from McBride Street. He heard the screams of the girls rushing up Church street. Climes Brothers, just next door to the burning building, and jumped to the help. He explained to John Bell, the one on the Climes building, Mrs. Noble was just about to jump when they shouted.

The two men crawled out of the third story of the Climes' warehouse, along the cornice, one foot in width, to the edge of the McBride building. The cornice of the two buildings was about five feet below the one on the Climes building. Mrs. Noble was just about to jump when they shouted.

The firemen had the fire under control at 3:30. The top story of the building is badly gutted, and the other floors are damaged by fire, smoke and water. A rough estimate of the loss to the American Hat Company is \$7,000, and \$500 to McBride Brothers, with a damage of \$2,000 to the building.

BACK ON 'CITY HALL'

James Simpson Rejoins The Star Staff on Monday Next.

The many friends that "Jimmy" Simpson made around the city hall when he was municipal reporter for The Toronto Star a few years ago will be pleased to learn that he will rejoin the staff of The Star next week.

"Jimmy" announced last night that he will start again on Monday. He hopes to gain a wider knowledge of civic administration in this way. That when he resumes his duties next year there will be no question of his resignation.

For the past few months he has been devoting his time to The Industrial Banner, a new labor paper, and has set charged the labor men for his services.

THE WEATHER

The weather has been quite mild today in all districts from the great lakes to the maritime provinces, and light rain is falling tonight in many parts of Ontario. In the west it has been for the most part fair and mild.

Lakes and Georgian Bay—Winds mostly southwest and westerly. Light scattered showers but mostly fair and mild.

THE BAROMETRICAL table with columns for Time, Bar., Wind, and other weather-related data.

STEAMSHIP ARRIVALS table listing ship names, origins, and arrival times.

Table listing various goods and their prices, including table linens and towels.

Presbyterian Church Meetings

Congregations in All Parts of Toronto Held Annual Meetings Last Night, When Excellent Progress in All Branches of Work Was Shown—Congregational and Baptist Churches Also Are Prosperous.

In every Presbyterian church in Toronto last night the annual congregational meeting was held. That the past year has been one of gratifying progress in all branches of church work was shown in the reports presented. Membership increases were reported at all churches. Extensions and improvements are contemplated by several of the congregations and good progress in every line was reported at every church. Some of the churches will hold their meetings until next week, among them Knox, which decided to postpone its meeting on account of the death of the pastor emeritus, Rev. Dr. Parsons. The reports follow:

Old St. Andrew's Church has reason to congratulate itself upon the working of the last year, as revealed in the financial statement last night. So good was the work deemed that the board of managers recommended the purchase of \$2000 worth of contemplated by several of the congregations and good progress in every line was reported at every church.

Some of the churches will hold their meetings until next week, among them Knox, which decided to postpone its meeting on account of the death of the pastor emeritus, Rev. Dr. Parsons. The reports follow:

ville avenue where these are taken care of, and in the past year were 94 cases which passed thru their hands.

Renevalles Baptist. Rev. L. E. Thomas was given \$800 a year increase at the annual meeting of Renevalles Avenue Baptist Church last night. The total membership for the year was 215, an increase of 55. The funds given to missions amounted to \$1086. There was an increase of \$500 received from regular offerings for general expenses. A special appeal at the meeting brought \$380. The following officers were elected: Deacons, W. Brown, E. J. Howes and T. J. Lucas; clerk, Carl M. Farrington; treasurer, J. A. Yorston.

St. Paul's Presbyterian. Receipts for other than benevolent and missionary purposes amounted to \$7500 last year; \$3500 was received for the building fund and for missionary and benevolent purposes \$1700 was collected.

West Presbyterian. Splendid reports were presented of increase in membership and support of the various funds at the first annual meeting of West Presbyterian Church last night in their new building, corner of College and Dundas streets. The treasurer reported that the cost of the new building was \$24,000, of which all but \$5000 had been provided, so that the church will have a mortgage. Under the continued pastorate of Rev. J. A. Dight, the church has received \$10,000 in contributions for general purposes.

St. Andrew's, King Street. Increased membership, increased activities and increased giving characterized the year's work at New St. Andrew's, King Street. The outstanding feature, perhaps, was the erection of a new institute building in the rear of the church at a cost of \$55,000. It was decided to consolidate the existing debt and the liabilities incurred in the erection of the institute and create a new mortgage for \$50,000 to cover everything. Total giving exceeded \$27,000.

Queen Street East. Queen Street East Presbyterian Church, Rev. W. Hardy Andrews, pastor, has reduced the church debt by \$3000. The year's receipts were \$23,000, of which \$1000 was for missions. The following were elected as members of the Board of Managers: John Robb, Harry Purchase, A. S. Calvert and John Whitfield, for three years; and R. C. Phillips and Frank Locke for one year.

St. Enoch's Church. The first annual meeting of St. Enoch's Presbyterian Church, presented at the annual meeting of the congregation last night, in spite of the fact that for several years the church has been without a pastor, the board of managers was able to report a record year. The receipts for the year were \$30,000, and disbursements \$28,000. The balance on hand was \$10,000 on the building and \$2,000 on the general fund. The total amount of the church's debt was \$10,000, and the church officer was also advanced. The total active membership of the church is 1,200, and the total receipts last year were \$13,040. The following members were elected: For three years, Messrs. J. B. Thompson, Charles Mot, Hart and J. R. D. McKerrhen; for two years, Charles Oster; for one year, A. A. Cockburn.

Chalmers' Church. J. B. Thomson, chairman of the board of managers, presided over the meeting, during which good returns were received from all of the organizations. As a result of the canvass of the congregation to reduce the church debt, over half of which had been paid in. The salary of the minister, Rev. E. A. Macpherson, was increased to \$3,000, and that of the church officer was also advanced. The total active membership of the church is 1,200, and the total receipts last year were \$13,040. The following members were elected: For three years, Messrs. J. B. Thompson, Charles Mot, Hart and J. R. D. McKerrhen; for two years, Charles Oster; for one year, A. A. Cockburn.

St. Andrew's, King Street. Increased membership, increased activities and increased giving characterized the year's work at New St. Andrew's, King Street. The outstanding feature, perhaps, was the erection of a new institute building in the rear of the church at a cost of \$55,000. It was decided to consolidate the existing debt and the liabilities incurred in the erection of the institute and create a new mortgage for \$50,000 to cover everything. Total giving exceeded \$27,000.

Queen Street East. Queen Street East Presbyterian Church, Rev. W. Hardy Andrews, pastor, has reduced the church debt by \$3000. The year's receipts were \$23,000, of which \$1000 was for missions. The following were elected as members of the Board of Managers: John Robb, Harry Purchase, A. S. Calvert and John Whitfield, for three years; and R. C. Phillips and Frank Locke for one year.

St. Enoch's Church. The first annual meeting of St. Enoch's Presbyterian Church, presented at the annual meeting of the congregation last night, in spite of the fact that for several years the church has been without a pastor, the board of managers was able to report a record year. The receipts for the year were \$30,000, and disbursements \$28,000. The balance on hand was \$10,000 on the building and \$2,000 on the general fund. The total amount of the church's debt was \$10,000, and the church officer was also advanced. The total active membership of the church is 1,200, and the total receipts last year were \$13,040. The following members were elected: For three years, Messrs. J. B. Thompson, Charles Mot, Hart and J. R. D. McKerrhen; for two years, Charles Oster; for one year, A. A. Cockburn.

Chalmers' Church. J. B. Thomson, chairman of the board of managers, presided over the meeting, during which good returns were received from all of the organizations. As a result of the canvass of the congregation to reduce the church debt, over half of which had been paid in. The salary of the minister, Rev. E. A. Macpherson, was increased to \$3,000, and that of the church officer was also advanced. The total active membership of the church is 1,200, and the total receipts last year were \$13,040. The following members were elected: For three years, Messrs. J. B. Thompson, Charles Mot, Hart and J. R. D. McKerrhen; for two years, Charles Oster; for one year, A. A. Cockburn.

PELLETIER FORCED TO ACCEDE TO PARCELS POST DEMAND

Continued From Page 1

Continuing he said that the true function of a postoffice department was that of communication. It should control not only the transmission of mail, but cables, telegraphs, telephones and express. In Canada we had lagged far behind and were now unique in having no parcel post or at least a parcel post which could only be described as the "skeleton of a skeleton."

In Monopoly's Grip. He contrasted the rates charged with those of other countries, and pointed out that we carried parcels sent to us from other countries in larger bulk and at much lower rates than we carried parcels to other countries of our own country. Our parcel post service was surrendered to the express companies, which charged the people most extortionately. There was no reason why the parcel post service which had been established in his service could not carry parcels cheaply and at a profit at least which he now preached when he was prevailing in the United Kingdom and the United States.

Wanted in West. Mr. Martin, the Liberal member for Regina, voiced the western sentiment in favor of parcel post. The express rates in the west were extortionate and the people looked to the postoffice department for relief. It was absurd that foreigners should have their parcels carried by the Canadian postoffice department at a rate denied the Canadian people.

Dr. Clark, Liberal member for Red Deer, said that old country settlers in the west missed the parcel post service and demanded its establishment. The postoffice department had a big surplus, but that was no reason why the department should recklessly run itself into bankruptcy. It was idle to say that the petitions from retail merchants were not bona fide. The Retail Merchants' Association had protested to the department.

Mr. Emmerson, Do the United States rates govern as to matter which comes into Canada? Mr. Pelletier, No, but we have been carrying it as a matter of accommodation. Some arrangement will have to be made.

Mr. Pelletier, however, explained that the elaborate system of some adopted by the United States would not be copied in Canada. The plan to be put in force in Canada could not be disclosed to parliament until it had been submitted to and approved by the cabinet. It is generally believed, however, that a territorial zone system based on provincial units will be adopted, the maritime provinces being an exception.

Rural mail deliveries should precede parcel post, said Mr. Pelletier, and the extension of rural mail delivery routes was more important than the extension of the parcel post. True, the United States had taken the plunge, but the United States had nearly 100,000 people, while Canada had barely 8,000,000. Still, in his opinion Canada would have to adopt a system somewhat along the lines of the system adopted by the United States. Meanwhile, she must carefully watch the experiment in the United States. The first result of that experiment had not been fairly swamped the United States Postal Department, 4,000,000 postal packages mail being sent thru the postoffice in one week. A part of this deluge of mail had overflowed into Canada and threatened to embarrass our postal system. He would have to make new terms with the United States if their parcel mail matter was to be handled here.

Accommodating United States. Mr. Pelletier, No, but we have been carrying it as a matter of accommodation. Some arrangement will have to be made.

Mr. Pelletier, however, explained that the elaborate system of some adopted by the United States would not be copied in Canada. The plan to be put in force in Canada could not be disclosed to parliament until it had been submitted to and approved by the cabinet. It is generally believed, however, that a territorial zone system based on provincial units will be adopted, the maritime provinces being an exception.

Rural mail deliveries should precede parcel post, said Mr. Pelletier, and the extension of rural mail delivery routes was more important than the extension of the parcel post. True, the United States had taken the plunge, but the United States had nearly 100,000 people, while Canada had barely 8,000,000. # Woman's Realm --- the Household, Fashions and Society

Lady Gibson give a dance tonight at Government House from 9 to 1 o'clock.

The smart dance par excellence of the Toronto season was held in Columbus Hall last night, when the Toronto Hunt Polo Club entertained some three hundred friends. The floor, which in perfect condition, and the orchestra, stationed in a corner of the room, was a great improvement on its usual position on the platform. The lights were softly shaded, and the platform banked with palms, while the corners of the large room were arranged for sitting-out, and named "The Lighthouse," "Ranelagh" and "Meadowbrook," respectively. All the women present seemed to be in their newest and handsomest gowns, and the uniforms of the officers and plink of the Toronto Hunt combined to make the dance the most effective of the winter. The program was adorned with a polo scene of the front and back and bridge on the back, and was for eighteen dances, supper being served upstairs at tables decorated with roses and narcissi. For those present were:

His Honor the Lieutenant Governor Lady Gibson, Miss A. Gibson, Major C. Caldwell, Mr. S. Fellows, A.D.C. Geo. Beadmore, Mr. A. P. Burrill, Mrs. A. E. Burrill, Mrs. J. Christie, Mrs. R. J. Christie, Mrs. Jack Meredith, Mrs. Jack Meredith, Miss Hellmuth, Mr. C. Darling, Mr. T. Beadmore, Mrs. T. Beadmore, Col. Carpenter, Mr. Lally, Mrs. Lally, Mrs. McCarthy, in peach nixon over white satin and silver with touches of black velvet; diamond ornaments and bouquet of orchids; Mrs. R. J. Christie, in rose color; Miss Hope Morgan, Mr. and Mrs. Corrance Beadmore, Miss Marie Ruthford, in white satin and fox with gold sequin, embroidery, shading to white; rose-colored nixon, shading to white; Miss Newburn, in white; Mr. and Mrs. Garner Grant, in white; Miss Beatrice Bethune, in a very becoming frock of tulle brocade with white lace; Miss Florence Smith, with brocade and sable; Mrs. Walker Bell, in blue and silver; Miss Eleanor Mackenzie, apricot and white; Miss Adelaide Montsambert (Brantford), pale yellow and mauve; Mrs. James Scott, white and gold brocade; Mrs. Alfred Christie, in rose color and gold; Mrs. Hollway, in white satin and pearly nixon; Mrs. Alex Gibson, wearing pale yellow and gold, with touches of purple; Miss Moile Maclean, in white satin and coral nixon; Miss Helen Davidson, in white; Miss Della Davies, pale yellow with white camellias and bouquet of violets; Miss Agnes Dunlop, in white; Mrs. J. Oser, wearing white velveteen with blue and silver; Mrs. John Small, wearing pale yellow brocade with black and white; Mrs. Bude Chadwick, in green and gold; Mrs. George Francis, in white; Mrs. Pepler, pale pink velveteen with blue; Mrs. K. Hall, in black satin and white lace; Mrs. American beauties; Miss Lily Lee, in American beauties; Miss Ellis, in sapphire blue; Miss Murray, pale yellow; Mrs. W. J. Macdonald, in white lace over satin; Miss Williamson, wearing white satin and sable; Mrs. Harry Paterson, in white and mauve nixon; Miss Hallam, in white lace and violets; Miss Dorothy Giesinger, in white; Mrs. Helen Hays, in white; Miss Ione Heintzman, in black and white; Miss Hazel Fitzgerald, in flame-colored chiffon and black; Mrs. Miss Plummer, in royal blue and gold; Miss W. Plummer, in white; Miss Josephine Brouse, in rose garcon; Mrs. Helen Brouse, wearing black and white; Miss Le Mesurier, in pink; Miss Miriam Gilmsey, in deep blue velveteen and white lace, and her guest, Miss Muriel Anglin of Ottawa, being all in white; Mrs. Agnes Macdonald, in white; Mrs. Agnes Macdonald, in white; Mrs. Vera Barker, black brocade with touches of white and cerise, and bouquet of beauty roses; Miss Reid, in white; Miss Jean Balkes, wearing white and pink; Miss Violet Edwards, in violet and black; Miss Ivy Knox, in white and American beauties; Miss Marion Gibson, pale pink and gold brocade and orchids; Miss Florence Russell, wearing mauve; Mrs. How, pale yellow and white lace; Mrs. Shearer, very handsome in pale blue and gold; Miss Macpherson, in white; Mrs. Helen Macpherson, in white and cerise; Mrs. Leonard, in blue; Miss Blanche Macpherson, in white and cerise; Mrs. W. H. Brouse, Mr. P. Boulbee, Mr. G. Campbell, Messrs. Davies, Messrs. Laing, Mr. Stephen Haas, Mr. John Lytle, Mr. John Lytle, Mr. Gordon Miller, Mr. Tom Anderson, Capt. Walker Bell, Mr. Colvin, Mr. Arthur Colville, Mr. Ince, Mr. Harry Paterson, Col. Chadwick, Mr. James Scott, Mr. A. Johnston, Mr. Hollway, Mr. Percy Paterson, Mr. Gus Leroy, Mr. J. E. Neale, Mr. R. M. Johnston, Mr. Alex Gibson, Mr. Tudhope, Mr. Hal Oser, Mr. Geo. Francis, Mr. John Small, Mr. Pepler, Mr. Dr. P. Hardy, Mr. Cliff Marshall, Messrs. Plummer, Mr. Hallam, Prof. Dr. Hendrick, Mr. Henry Miller, Mr. N. Staggam, Mr. J. Staggam, Major Eimley, Capt. Staggam, Hon. Gerald Ward, Capt. Kingsford, Mr. P. Ridout, Miss Leonie Ridout, Mr. Alf Beadmore, Mr. J. Gordon Shear, Mr. Paul Shear, Mr. J. Gibson, Mr. Mortimer, Mr. Hope Morgan, Mr. Miville, Mr. Hope, Mr. Hugh Warwick, Mr. Garden, Mr. How, Mr. W. Mackenzie, Mr. Mackay, Mr. Vankoushner, Mr. D. Kirkpatrick, Mr. Steinbrugger (New York).

## The Daily Hint From Paris

**EFFECTIVELY TAILORED.**  
The dark gray and black striped material used for this suit was carefully considered and the angles formed by the seams are decorative to a degree. There is a standing collar and tiny vest of white cloth faced with black satin and black satin tabs. Ornamented white cloth buttons trim the coat lapels.  
The large buttons on the coat are of clear crystal and are connected by black silk cords. The skirt is full enough to permit of walking.

## Should Divorced Persons Remarry?

OTTAWA, Jan. 15.—(Special.)—Senator Cloran introduced a bill in the senate to-day which provides that when divorce has been granted, the offending party shall not have the right of remarriage again. It is entitled "An Act Respecting the Evil of Divorce."  
The discussion which will begin to-day in the senate is interesting, as divorce applications to parliament are increasing at a disturbing rate. This year's list is the largest in the country's history.

## CHARLES WINLO DEAD

For Nineteen Years He Was Telegraph Editor of The Globe.  
Mr. Charles J. Winlo, for 19 years telegraph editor on The Globe, and a widely-known newspaperman, died yesterday morning at his home, 522 Brunswick avenue, after a long illness. The funeral takes place tomorrow at 2.30 to St. James' Cemetery.  
A native of Stratford, Mr. Winlo began his newspaper career at the office of The Despatch, and afterwards joined the staff of The Free Press at London, Ont., where he remained until his removal to Toronto in 1894, when he was appointed to The Globe staff. A sharp dentist was given today to the assertion which has appeared in the foreign press that the delay which occurred in handling the joint note of the powers to Turkey was due to Germany, which it was alleged alone had pronounced against a collective naval demonstration before Constantinople.

## NO NAVAL DEMONSTRATION

Proposed Display of Strength Against Turkey Abandoned.  
BERLIN, Jan. 15.—(Can. Press.)—The question of a naval demonstration by the fleets of the European powers against Turkey was shelved, according to official circles here prior to the attempts of the foreign ambassadors in London to formulate a joint note to be delivered to the Turkish Government. The reason for this shelving was that several of the great powers, including some of those not belonging to the Triple Alliance, had declared against such a demonstration. A sharp dentist was given today to the assertion which has appeared in the foreign press that the delay which occurred in handling the joint note of the powers to Turkey was due to Germany, which it was alleged alone had pronounced against a collective naval demonstration before Constantinople.

## A PHANTOM CONFERENCE

OTTAWA, Jan. 15.—(Special.)—The cable from London last night stating that representatives of Australia, Canada and New Zealand would meet in Vancouver next May to discuss problems of imperial defence is news to the Dominion Government.  
Premier Borden when asked regarding the matter tonight replied that he knew nothing whatever of any such proposal.

## NURSERY

CONDUCTED BY Elinor Murray

## PATENT MEDICINES

It is bad enough to have people who are supposed to have reached years of discretion use patent medicines recklessly—for they must bear their own consequent suffering, but what of the babies?  
I really thought that the day of dosing babies with "harmless preparations" was over, but I have found out only recently that there is still a tremendous amount of this stuff made, sold and used for helpless babies. Parents seldom stop to think that the children need a doctor who can give them a remedy for baby ailments has proved to be deadly—containing opium and morphine poison. No drug known to so poisonously and so quickly works irreparable damage to the infant. It devours the nerve-cell substance, and weakens the tissues of the brain. It is opium and its derivatives that throw on the world the helpless beings who fill reform schools and asylums.  
"Many good mothers have innocently started their sons on a drunkard's career," says Doctor William Lee Howard, "by commencing to give him soothing syrups in the cradle. These mothers forget that every healthy baby should cry and kick to soothe it with anything but fresh air, pure food and hygienic treatment is to send it into the world an undeveloped, helpless thing. The moment a syrup, liniment or cure of any sort is advertised as putting a baby to sleep, or soothing it, look out for it. That is the article of all others you do not want in your home. From such concoctions with their morphine, opium or laudanum do we make drunkards of our children!"  
In every case where such medicine is given, the parents think they are doing right, they believe the statements in the advertisements. In some cases they hoped to save the expense of a doctor, in others it may have been the desire to quickly relieve the baby's sufferings, but in all cases the result is the same— Injury to the baby. Self-doctoring often means self-destruction.  
There is no excuse now for intelligent parents resorting to patent medicines. Common sense and proper treatment will keep every healthy baby happy. The sick baby needs a physician. Remember then—keep your baby well by nature's methods, but when it comes to giving medicine, summon a doctor.

## The Wearing of Hats

Short women should never wear very large hats; these are for the tall women, who carry them to advantage. A large, broad hat with a flat trimming is extremely graceful on the tall woman and lends charm to her appearance, but the high trimmings are for her shorter sisters.  
The poise of the hat upon the head is the most effective and fetching manner. She turns the front just slightly, for she does not want to appear little, being careful never to let her hair peak. She then pulls the brim down over the forehead, which gives her eyes some of the air of mystery. So the poise of the body and the poise of the head and hat will do much to create a smart, stylish appearance.

## Any Headache Cured. Tired Systems Re-toned

When You're Dull, Tired, Restless Day and Night, Something is Wrong in the Stomach.  
A Prominent Publishing Man Says the Quickest Cure is Dr. Hamilton's Pills.  
Headaches never come to those who use Dr. Hamilton's Pills and the fact is vouchsafed for by the Assistant Manager of the Poultry Success Magazine, of Springfield, O., Mr. J. H. Callender, who writes: "My better medicine than Dr. Hamilton's Pills. We use them regularly, and know of marvelous cures that resisted everything else. They cleanse the stomach system, act as a tonic on the blood, entire digestion, help the stomach, and make you feel strong and well. For headaches, indigestion and stomach disorders I am confident that the one prescription is Dr. Hamilton's Pills."  
"Being composed of the most palatable remedies, Dr. Hamilton's Pills possess great power, yet they are harmless. They aid all organs connected with the stomach, liver and bowels. In consequence, food is properly digested, the blood is pure and nourishing, the body is kept strong and rosy cheeks disclose. All druggists and storekeepers sell Dr. Hamilton's Pills, 25c per box, 5 for \$1.00, or by mail from the Callender Co., Buffalo, N.Y., and Kingston, Canada.

## MARVELOUS GOWNS WORN BY MADAME NAZIMOVA

Remarkable Features in Creations Express Moods and Character in "Bella Donna," the Dramatization of Robert Hichens' Strong Story.

To the painstaking actress, who believes that the dressing of a part has as much to do with its success as its playing, many a weary hour is, perhaps, spent with the dressmaker. The gowns which Madame Nazimova wears in her new play, "Bella Donna," are generally conceded to be really marvelous creations. They are gowns of temperament, which shows itself in the colors, line and design. Madame Nazimova invariably designs her own gowns, following out the idea that colors express moods and character. In "Bella Donna," the actress wears four creations. That of the first act is a subdued amethyst gown, cut with very straight lines and draped in front with a jet girde. The re-

markable feature of this gown is the collar. The front of the gown is cut in one part, extending to the top of the collar (not cut at the neck line). The back of the collar has a separate piece, with an artistic shade of dull queer old blue, which rolls over only at the sides. The coat is of subdued shades of brick color, velvet, with shades of dull olive and taupe predominating. It has a long dolman of mole skin fur, turned up in front, with a long Paradise to match her gown. She also carries a large, flat moleskin muff.  
Her second act gown is really serpentine, with reptilian shades of green. In this gown there are marvelous shades of woven colors, all suggesting the wicked green of the serpent and very snake-like—snail colors and sometimes rainbow tints.

## GOOD TO RETURN TO SHAKSPERE

Miss Florence Rockwell, Who Plays With Mantell, Thinks Life Is Worth Living Again.  
"My, but it feels good to get back into the great old roles of Shakspeare," remarked Miss Florence Rockwell, leading woman with Robert B. Mantell, who comes to the Alexandra next week, after her second performance in Montreal, where the company opened its season.  
"Life seems worth living again," went on Miss Rockwell, enthusiastically. "Shakspeare's heroes, sketched with so much power and depth, offer so many opportunities to the actress than do any of the modern roles. Shakspeare is not at all abstruse, seemingly. He is simple and effective in his compositions, but the actress can keep going on and on without exhausting his possibilities, and that is the charm of him to the actress. I am looking forward to this season with Mr. Mantell as one of the greatest delights."  
Miss Rockwell, in her girlhood days, was so excellently trained in the interpretation of Shakspearean and classic roles that she ultimately became a leading woman for a season with the late Richard Mansfield. After Mr. Mansfield's death, however, the want of opportunity for further development of a classic talent forced her into modern roles, in which she has been so successful for several years. Among her recent roles have been the heroines of "The Round Up" and "The Nigger," neither of which, however, offered her the chance to display the depths of her art as an actress.  
"Festival of the Lilies."  
Preparations are being made for the annual "Festival of the Lilies," to be held in Massey Music Hall on Easter Monday evening, March 24. The first rehearsals will be held on Saturday, 18th inst., in the Metropolitan Church at 1.30 p.m., and in Wesley Church at 3.45 p.m.  
Where to Buy Victrola Records.  
In the Victrola Parlors of Ye Old Firm of Heintzman & Co. Limited, 193, 195, 197 Yonge street, you will find an assortment of Victrola Records, covering every field of music. You are sure of finding everything the latest in the stock, as well as hundreds of old-time favorites.  
Dickens Fellowship.  
The monthly meeting of the Toronto branch of the Dickens Fellowship will be held on Friday evening, 17th inst., at 8 o'clock in the Toronto Conservatory Music Hall. An interesting program will be given.

## Bovril The Builder

Just as the Keystone serves to complete and strengthen the arch, so all manner of foods are strengthened by the addition of BOVRIL.  
It has been shown by scientific experiments at Trinity College, Dublin, that BOVRIL enables the system to extract the full store of nourishment from other foods.  
Laboratory tests proved that the addition of BOVRIL to the diet results in an increase in body weight of from ten to twenty times the quantity taken.

## BOVRIL The Great Body-Builder

Forty years in use, 20 years the standard, prescribed and recommended by physicians. For Woman's Ailments, Dr. Martell's Female Pills, at your druggist.

## THE SHOPPING PUBLIC AND WAGE EARNERS

Mrs. Florence Kelly Will Give an Address in Toronto on the Subject.  
The club for the study of social science has arranged a public meeting on Tuesday evening, January 28, at 8.15 p.m., when Mrs. Florence Kelly, secretary of the Consumers' League, will give an address on "The Shopping Public and the Wage-Earners."  
Mrs. Kelly has had a varied experience in social work at Hull House, Chicago, as well as in New York and Boston, and is eminently qualified to speak with authority on the many economic and social problems which centre round the question of "shopping" in its broadest significance.  
As secretary of the Consumers' League, she is in touch with the efforts being made to solve the problem of the high cost of living. Mrs. Kelly is also acknowledged to be one of the ablest platform speakers in America.  
Bargains in Square Pianos.  
Ye Old Firm of Heintzman & Co. Limited, 193, 195, 197 Yonge street, are making a quick January clearing of their entire stock of Square Pianos. Prices run from \$50.00 up, for pianos that originally cost from \$400.00 to \$700.00. All are guaranteed in good condition and any piano will be sold on payment of fifty cents a week. If out of town, write for list of these bargains.  
The public are cordially invited.

## Clean floors, doors, woodwork with GOLD DUST

Gold Dust is such a marvelous cleanser that a little of the product sprinkled in your scrubbing water will save you most of the back work—and clean much more quickly and thoroughly than any other way.  
For anything and everything about the house Gold Dust is the best known cleanser. Try it once and you'll use it always.  
Sold in 5c and large packages. Buy the large package for economy's sake.  
The GOLD DUST TWINS Never Break A Date  
And Rest on the 7th Day "Let the GOLD DUST TWINS do your work"  
THE N. K. FAIRBANK COMPANY LIMITED, Montreal, Canada

# YORK COUNTY AND SUBURBS

## THE EGLINTON AVENUE SCARE

### It Can Only Be Closed by Bylaws of Township and County or by a Special Act of the Legislature.

The World yesterday obtained from W. A. Clarke, clerk of the York Township Council, a copy of the sections of the Ontario Municipal Act relating to the provisions of bylaws affecting public roads. The provisions which contain what is absolutely plain that Eglinton avenue has not been closed and cannot be closed, diverted, leased or sold except on certain conditions precedent. Without the observance of those conditions nothing that has been done by the York Township Council or the York County Council or the Ontario Northern subdivision at Leaside in the slightest degree affects the status of Eglinton avenue or "the original road allowance" of which it forms part.

**Law is Clear.**  
The first subsection of section 632 of the Ontario Municipal Act provides as follows:  
"No municipal council shall pass a bylaw for stopping up, altering, widening, diverting, leasing or selling any original allowance for road or for establishing, opening, stopping up, altering, widening, diverting, leasing or selling any other public highway, road, street or lane."  
(a) Draft written or printed notices of the intended bylaw have been previously posted up for one month in six of the most public places in the immediate neighborhood of such original allowance for road, street or other highway, road, street or lane;  
(b) And published weekly for at least four successive weeks in some newspaper published in the municipality; or if there be no newspaper, then in a newspaper published in a neighborhood of such original allowance for road, street or other highway, road, street or lane;  
(c) Not until the council has heard in person or by counsel or solicitor anyone whose land might be prejudicially affected thereby, and who petitions to be heard."  
Section 635, dealing with the powers of county councils to pass bylaws, provides with regard to "closing road allowance" that:  
"For stopping up, or stopping up and sale, of any original allowance for road or any part thereof within the county, which is subject to the sole jurisdiction and control of the council, no bylaw being within the limits of any village, town or city within or adjoining the county, shall be passed for this purpose shall be subject to section 632 of this act."  
Division VI of the act contains the powers of township councils in relation to roads and bridges. By subsection 2 of section 660 a township council may pass a bylaw for stopping up, or stopping up and sale, of any original allowance for road or any part thereof within the municipality; and for fixing and declaring therein the terms upon which the same is to be leased or conveyed.  
But no such bylaw shall have any force (a) unless passed in accordance with section 632 of this act; nor (b) until confirmed by a bylaw of the council of the county in which the township is situated, at an ordinary session of the county council, held not sooner than three months nor later than one year next after the passing thereof.

**Cannot Be Closed.**  
Until a bylaw has been passed by the Township Council in accordance with the stringent conditions imposed in section 632, and approved by the York County Council, Eglinton avenue cannot be closed or leased. Approval of maps or the passing of resolutions or indeed anything else than a bylaw in conformity with the force or effect so far as Eglinton avenue or the original road allowance is concerned.  
The act does not require a special act of the legislature to get around the law. Nor could the Canadian Northern's Land Co. convey the land under the original road allowance even if they showed another road alongside of it.  
The world also secured copies of the bylaws in regard to the closing and sale of parts of "the original road allowance" for a county bylaw but for before advertising as prescribed above and giving any person a chance to object. Mr. Robert Daniels, who this week asked the township council to convey a portion of Leslie street to him, suggests that it be done in the legalized way.

## Toronto North

The scheme of closing up Eglinton ave. by the York Land Co., still forms the topic of conversation and notwithstanding the denial of W. A. Clarke, clerk of York Township, some people still assert that the plan of subdivision, and consequently the diversion of Eglinton avenue to Soudan avenue, has been approved of, while other put this matter in a modified way saying in order that the city authorities would accept the plan it was necessary for the company to secure the mayor's signature. Speaking to Mr. Watson last night, that gentleman did not remember ever signing a plan for the York Land Co. He was asked what effect his signature would have if he did sign the plan he stated to "The World" that his signature could not be accepted as there certainly was no resolution passed and sealed authorizing him to sign the same and the clerk of the municipality could not issue a certificate of its approval.  
Mr. Watson's plan for the closing of Eglinton avenue to Soudan avenue, and the appointment of arbitrators to act in conjunction with A. L. Campbell, public school inspector, to visit the school property of the York Land Co. and adjust the claims of E. S. No. 21.  
The York Township's board of health for the year 1912 will consist of ex-rev. John Watson of Fairbank, ex-rev. George Syme, sr., of Mount Dennis, Dr. C. A. Warren, M. O. H.

## Ward Seven

Beaver Lodge, No. 258, B.R.C. of A. held their annual installation of officers in St. James' Hall last night, with the following officers: President, J. E. McEwen; vice-president, C. P. Sweeney; recording secretary, A. Stone; financial secretary, W. H. Pooler; treasurer, G. Van Wyck; guides, Messrs. G. Chaytor and A. Farthing; trustees, R. White, A. Bain and J. Campbell. After the installation of a handsome pipe set was made to the new president on behalf of the members of the lodge together with an illuminated address. The business session was followed by a social evening, in which all the friends of the members participated.  
The two stores at 16 and 168 Dundas street are being remodeled and refitted for Messrs. F. W. Woolworth & Co. of New York, who intend to open a 15c emporium. The two stores are near Keele street on the north side of the street, and were lately occupied by Geo. W. Webb, real estate, and the Toronto Suburban Railway Co., who own the block. A ten-year lease has been granted by Mayor C. G. Stewart to the new owners.  
The Educational Association of the Western Avenue school are holding an open meeting in the school building tonight when Chief Inspector Dr. L. Hughes will deliver an address on "Stories and Story-Telling." Parents are being invited to attend.  
The Keelie street firemen were called out yesterday afternoon to box 741 at Laughton avenue and Danforth road, only to find after a long run that the alarm was a false one, rung in by some mischievous boys. These false alarms are again becoming frequent, and the police are on the lookout for the culprits.  
The choir of St. John's Church are preparing for their annual Christmas concert in costume which will be held on Friday, Jan. 31.

## DUKE TO RETURN SOON?

Impression in London is That Term of Office Will Not Be Extended.

LONDON, Jan. 15.—(C.A.P.)—The impression in London is that the Duke of Connaught, in view of the precarious health of the duchess, will not seek an extension of his term of office.

## HON. JOB HEDGES AT OTTAWA.

Will Confer on International Fishing Questions.

OTTAWA, Jan. 15.—(Special.)—Hon. Job E. Hedges, United States Commissioner of Fisheries, who was the straight Republican candidate for governor of New York in the United States elections last November, arrived in Ottawa today and will confer tomorrow with government officials here respecting a number of international inland fishing questions. Tomorrow he will lecture before the Canadian Club on "International Diplomacy."

## Spending the Winter in California.

The China and Japan mail leaves Chicago daily 10:45 a.m. for San Francisco and Los Angeles. Illustrated literature on application to E. H. Bennett, general agent, Chicago and Northwestern Railway, 46 Yonge street, Toronto. 54141455

## RECOUNT ASKED OF ALL BALLOTS

### Brampton School Bylaw May Yet Be Declared Carried or Again Submitted.

BRAMPTON, Jan. 15.—A runaway with a sleighful of women caused considerable excitement on Queen street. The large crowd who had attended the funeral of the late Fred Nash were leaving the cemetery when a team driven by Ray Copeland came in contact with another sleigh freighted with the horses and starting them on the run. Coming around the jog at Queen street Mrs. Will Core and Mrs. James Burrell were thrown out, Mrs. Core being dragged by the feet for a short distance. The horses kept on their mad career thru the town and out to the second line, a distance of three miles before they got them under control. Too much credit cannot be given to the driver for the fearless manner in which he held on and kept them on the road. The three women in the sleigh were badly frightened, and Mrs. Will Langer, District Deputy, who was in the sleigh, suffered from Postmaster Will McCulloch, on "The Opportunities That Are Before Us in 1913."  
There will be a recount before Judge McEgibbon this week of the ballots cast for the school bylaw, which was defeated by 18. If this recount suffices the school board will submit the bylaw again to the people. Mr. J. H. Boulter, who is taking a great deal of interest in the school, is asking for the recount on the ground that there were so many spoiled ballots—48 in all; eight in the north ward, 12 in the south, 13 in the east and 10 in the west.  
Peel County Council for 1913 will be composed of A. H. Alder and W. H. Beatty, Brampton; Alex. Moffat, Alton; Wm. Limbello and David Armstrong, Caledon; Messrs. Wilkinson and Little, of Chingwood; F. N. Leavens, of Bolton; R. H. Goodison, of Streetsville; Reuben Lush and William Rutledge, of Toronto Township; Wm. Fortier, of Toronto City.

## N. OXFORD TORIES PUTTING ON ARMOR

Voters' Lists Will Be Attended to in Preparation For Possible Early Election.

WOODSTOCK, Jan. 15.—(Special.)—The annual meeting of the North Oxford Liberal-Conservative Association was held here this afternoon, when the following officers were elected: President, J. C. Rowe; Hickson; first vice-president, William Nelson, Thameston; second vice-president, A. J. Lattimer, East Zorra; and secretary-treasurer, W. S. West.  
Enthusiastic addresses were delivered by J. C. Wallace, W. C. and Robert Lockhart, the Conservative candidates in the last Dominion and provincial elections, and by Mr. West. It was decided to start a strong financial campaign immediately, the association being in need of funds for the present time. It was also decided to have the voters' lists attended to as early as possible when an election comes on.  
A resolution supporting the Borden party policy and urging senate reform was adopted.

## HE FOUND THEM NO FAITH CURE

But Dodd's Kidney Pills Cleaned Out W. F. Black's Sciatia.

He was in Agony When a Friend Gave Him a Box. Now He Recommends Them to Everybody.

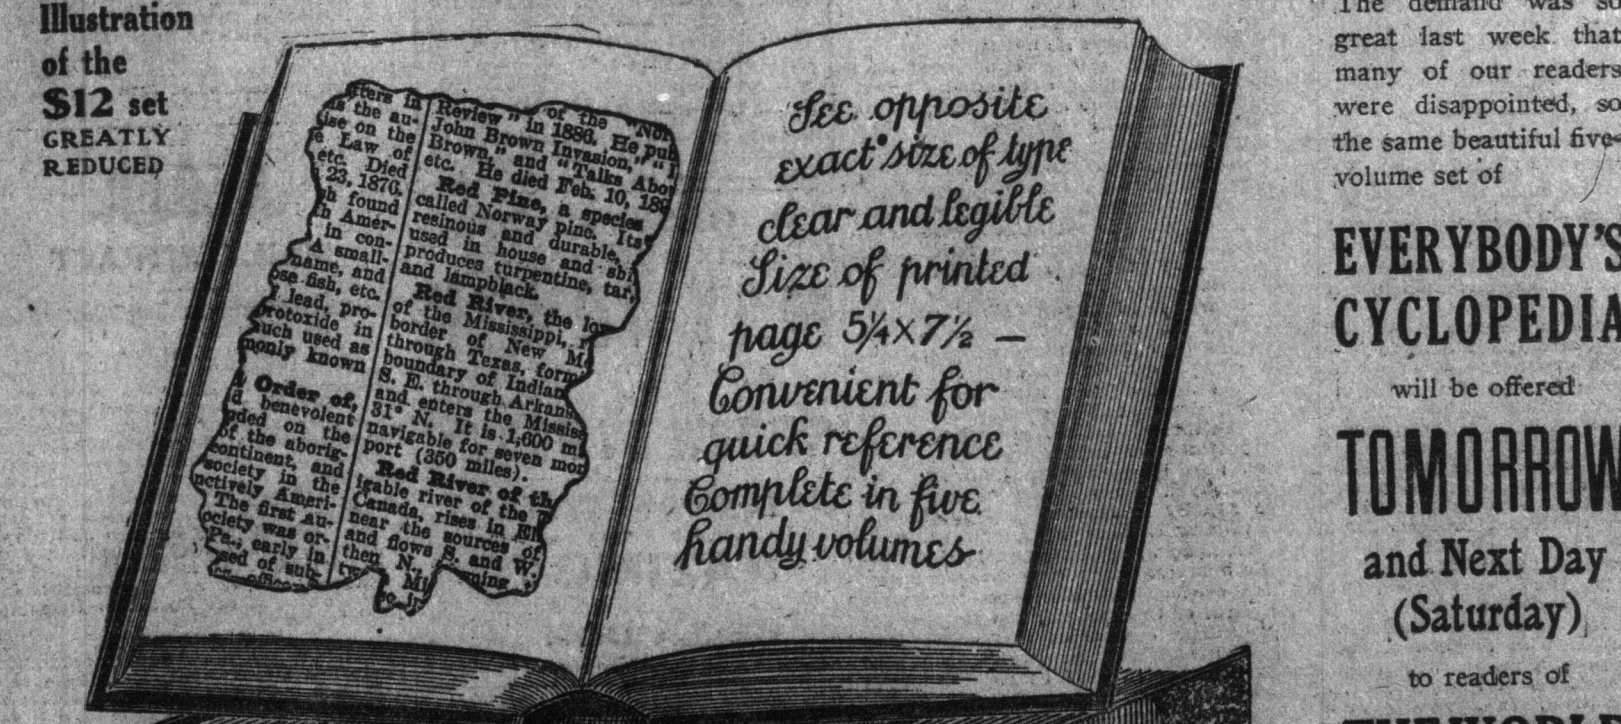

NEWCASTLE, N.B., Jan. 13.—(Special.)—In these cold fall days, when the chill winds crystallize the uric acid in the blood, and cause the pangs of Rheumatism and Sciatica to bring sleepless nights to many a man, a man's best friend is he who can tell his neighbor of a sure cure for his troubles.

Black of this place. He suffered from Sciatica and Lame Back. He was so bad that he could not lace his boots or turn in bed, and when he was cured him, and he wants all his neighbors to know of the cure.

"Yes," Mr. Black says, in an interview, "I was so bad with Sciatica and Lame Back that I couldn't lace my shoes or turn in bed, when my friend gave me a box of Dodd's Kidney Pills. I started taking them without much faith in their curative powers, and found them all they were recommended to do."

Dodd's Kidney Pills are no faith cure. They're a simple but sure cure for diseased kidneys.

## SECOND BARGAIN IN BOOKS

From The Toronto World to its Readers

## PROPER INTERPRETATION OF BYLAWS GOVERNING MARKETS

Mayor Hocken Will Today Investigate Conditions Regarding Sale of Fruit Following the Webster Case and Statements From Property Commissioner and P. W. Hodgett.

A proper interpretation of the bylaws affecting the St. Lawrence market will soon be offered by Corporation Counsel George, or City Solicitor Johnston, at the request of the board of control. The fruit-growers have stated their case, and yesterday Property Commissioner Chisholm made his criticisms. He alleges that the statements in question, are subject to contradiction. The commissioner denies the statement that the man was given a permit to exhibit signs of fruit for sale, and that the space rented to this man was for storage only. Other people have rented the space under a similar agreement, and are perfectly satisfied to abide by the conditions.  
In order to state briefly the facts in the case in which J. A. Webster, an Elgin County fruit-grower, has been trying to sell apples direct to the consumer in St. Lawrence market, P. W. Hodgett of Ontario writes to the mayor, saying: "This man is one of the largest fruit-growers at Sparta, in Elgin County. He has brought into the city about 450 barrels of apples, grown in his orchard at Sparta. He interviewed the property commissioner and secured storage in the basement of the market, at a rate of \$50 per month for the room there. He has already paid \$150 for the storage and has been given every facility for his work by the authorities."  
Put Up Signs.  
"He was given permission to put up certain signs in the north market, stating he had fruit for sale. His plans have been, not only to sell direct from the board boxes holding an imperial peck, but also to load up a wagon from the storage and sell from this wagon in the north market. He has been selling his fruit in barrels, standard bushel boxes and in special cart-board boxes holding an imperial peck. It seems he came into conflict with the authorities over this last package, and has brought upon himself the penalty

not only of some fruit dealers in the city, but also of the market authorities. Take Them Down.  
"Mr. Webster himself states that the superintendent of the St. Lawrence market himself tore down the small signs which were at first allowed to remain, and has cited Mr. Webster to appear before the magistrate as having violated one of the bylaws of the city. This bylaw has reference to the sale of quantities, such quantities in the case of the apples being the barrel and bushel box. This bylaw seems to be invoked only in the cases where the farmer happens to offend the market superintendent, and we understand that farmers are constantly selling in packages containing less than the quantities stated in the bylaw. Mr. Webster's market is one of such cases.  
"The market superintendent has now gone further in this matter and has warned Mr. Webster that he must not sell retail from the storage room in the basement of the lower market, for which he is paying the city a good rental. I would like you to bring this matter to the board of control, as I think that it is one that should be remedied, not only in the interests of the farmers, who are trying to get into the market for their produce in Toronto, but also for the benefit of the citizens at large. There may be good reasons for the bylaw which the municipality, but surely some other way can be seen to prevent pedlars from crowding out the farmers in the upper market than by a regulation of this kind."  
Property Commissioner Chisholm points out that Webster will not be allowed to state whether he is the producer of the apples in question.  
No Other Violations.  
"In the first place," said the commissioner, "the citation that permission was given him for the placing of signs. This is incorrect, as the space rented to Mr. Webster was not a salesroom. It was a storage room for string and packing apples. I may also say that

three similar places are rented to other dealers, and in no case have I had a complaint, neither had any attempt been made to violate a city bylaw.  
"Mr. Webster waited upon me some time after taking possession and asking permission to sell apples in the north St. Lawrence Market by the bushel or barrel, and as the bylaw does not prohibit these quantities, I informed him he was well within his rights to do so. He again called upon me, and asked that he be allowed to go into the smaller trade of offering apples by the peck. I advised him that it was not within my power to consent to this, that the law restricted this in the north market.  
City May Appeal.  
"However, he consulted with his solicitor, who, I believe, informed him that the bylaw was not good, and advised testing same in court. The case came before Magistrate Kingsford on the 8th inst. and was dismissed. We are now considering the advisability of appealing.  
"With reference to statements that the bylaw is invoked only in cases where the farmers happen to offend the market superintendent, I might say that on a previous occasion I enquired into this and found the statement was without foundation, but in some cases, where a farmer was bringing produce for sale, such as butter and eggs, occasionally a couple of baskets of apples were brought in with the other goods."  
The mayor intends to look into the whole matter today.

WHAT'S THE ANSWER?  
GALT, Ont., Jan. 15.—(Special.)—The Galt Reporter indulges in a delightful laugh at the Toronto Telegram's impeachment of city police magistrates and commissioners, in the matter of the Blair case, which he is paying the city a good rental. I would like you to bring this matter to the board of control, as I think that it is one that should be remedied, not only in the interests of the farmers, who are trying to get into the market for their produce in Toronto, but also for the benefit of the citizens at large. There may be good reasons for the bylaw which the municipality, but surely some other way can be seen to prevent pedlars from crowding out the farmers in the upper market than by a regulation of this kind."  
Property Commissioner Chisholm points out that Webster will not be allowed to state whether he is the producer of the apples in question.  
No Other Violations.  
"In the first place," said the commissioner, "the citation that permission was given him for the placing of signs. This is incorrect, as the space rented to Mr. Webster was not a salesroom. It was a storage room for string and packing apples. I may also say that

HALIFAX, Jan. 15.—(C. A. P.)—Walter Billman of this city has been selected as Rhodes scholar by Dalhousie University.

Y.M.C.A. Excursion to Buffalo, \$2.70 Return, Via Canadian Pacific Railway, Saturday, January 18.  
Tickets good leaving Toronto 11:35 train and valid returning all trains January 18, 19, 20. The Canadian Pacific is the popular route to Buffalo. Past time, excellent equipment. Secure tickets at city office, 16 King street east or Union Station, 3125.

## TITANIC CLAIMS REACH HUGE SUM

More Than Ten Million Dollars Sought by Relatives of Victims—Is Liability Limited?

NEW YORK, Jan. 15.—(Can. Press.)—A flood of petitions for damages thru the loss of the steamer Titanic filed to-day included one from Mrs. Irene Wallace Harris, who claims \$1,000,000 for the loss of her husband, Henry B. Harris, the theatrical manager. This is the heaviest of the 279 claims so far filed. Mrs. Mary Putele, of Belham, Mass., asks \$200,000 for the loss of her husband, Jacques Putele, author. The claim of Mrs. Lily B. Millet, widow of Francis D. Millet, the artist, a Titanic victim, is \$100,000.  
U.S. Judge Hand yesterday extended the time for filing petitions for claims to February 15. The claim amount to more than \$10,000,000, but the White Star Line contends that its liability is limited under the U.S. statutes to less than \$100,000, the value of recovered records and passage money.

Sir Lomer Guoin Appointed.  
MONTREAL, Jan. 15.—(Special.)—Sir Lomer Guoin, prime minister of Quebec, was today named a director of the Royal Trust Board, succeeding the late Sir Edward Clouston.

VALLEY OF THE RHODES SCHOLAR.

GENERAL TRADE IS VERY ROBUST

Agricultural Conditions in Canada Reviewed by Canadian Bank of Commerce.

INDUSTRIES HEALTHY No Sudden Falling Off in Railway Construction Anticipated—Mining and Lumbering Advance.

Embracing every section of Canada, dealing with the United States, Mexico and Great Britain, the report of last year's business conditions, issued by the Canadian Bank of Commerce, is complete, altho not intricate, and treats the business situation in a most impartial way.

The report makes very interesting reading. There is, of course, nothing flamboyant about it; it is merely a cool, precise resume of matters of big importance and interest to every man of business and unrestricted view.

In Quebec, notwithstanding early anxiety, the yield proved considerably better than expected. Weather conditions here were rather unfavorable. The cultivation of tobacco is becoming an important branch of agriculture in some portions of the province, and in one district, in a radius of five miles, 2,000,000 pounds were harvested in good condition. Profits were very large.

CYCLOPEDIAS TO BE READY TOMORROW

The demand for Cyclopedias was so great last week that some of our readers were disappointed in not being able to get a set.

The price of the large cyclopedias is usually so high—\$60 to \$100—that they are invariably sold on the installment plan.

"The Only Cure for Piles"

Because Dr. Chase's Ointment brings almost immediate relief from the dreadful itching, burning, stinging sensations of piles, it is well worth the attention of everyone suffering from this annoying disease.

SPECULATION IN WESTERN REALTY

Expected Shrinkage in Values Will Not Seriously Affect Country's Prosperity, Says Bank of Commerce.

"The existence of an extensive speculation in real estate cannot be denied, but an exaggerated impression prevails, particularly abroad, as to its bearing on the commercial prosperity of the country."

"If we are to judge by standards prevailing throughout North America, the values of outside business properties in most of the growing cities and towns of the west have, to say the least, discounted a good many years of the future, and sooner or later a readjustment of values must take place."

THURSDAY MORNING

Mining Market Goes Soaring Again--New Record Attained

CATTLE STEADY IN MONTREAL MARKET

No New Features in the Day's Business--Hogs Active and About Unchanged.

MONTREAL, Jan. 15.—At the Canadian Pacific live stock market the receipts of live stock for the week ending Jan. 11 were 1275 cattle, 540 sheep and lambs, 1400 hogs and 275 calves, white and the offerings on the market this morning for sale amounted to 1200 cattle, 400 sheep and lambs, 1400 hogs and 200 calves.

The market for cattle was without any new feature, prices being steady under a good demand from butchers and packers for supplies and the scarcity of good to choice stock. The weather conditions were not so favorable, it being much milder, but notwithstanding this fact, buyers showed freely and active trade was done. The best steers offered sold at \$6.25 to \$6.50, while the lower grades from that down to \$1.50, while good butchers' cows and bulls brought \$7.50 to \$8.50, medium from \$4.00 to \$4.50 and common \$3.50 to \$4.00.

There was no further change in the market for hogs, prices being firm at the recent advance, with a good demand at \$7.25 to \$7.50, medium from \$4.50 to \$5.00 and common \$3.50 to \$4.00. The market was active, with prices unchanged at \$7.25 to \$7.50, medium from \$4.50 to \$5.00 and common \$3.50 to \$4.00.

Chicago Live Stock. CHICAGO, Jan. 15.—Receipts, 12,000 market, slow and weak; heavy western steers, \$6.00 to \$7.15; stockers and feeders, \$4.50 to \$4.80; calves, \$7.00 to \$7.70; hogs—Receipts, 20,000; market, steady; heavy, \$7.15 to \$7.40; mixed, \$7.10 to \$7.45; heavy, \$6.50 to \$7.40; rough, \$6.00 to \$6.50; mixed, \$5.50 to \$6.50.

Glasgow Cattle Market. GLASGOW, Jan. 15.—Messrs. Watson & Batchelor reported short offerings and demand for cattle here at 14 1/2 to 15 for the best Irish steers; secondary were bringing 12 1/2 to 14.

MONTREAL GRAIN AND PRODUCE. MONTREAL, Jan. 15.—Demand for foreign buyers for Manitoba wheat and barley continues, and prices are firm; business being done, but not withstanding this fact, prices closed steady in Chicago and Winnipeg, into private cables from Liverpool were easier, with bids 50 lower. There was some enquiry for oats, but the bids received, based on the May option in Winnipeg, were 30 per bushel out of line. A 7 1/2 to 8 1/2; Canadian western, No. 2, 42 1/2 to 43; do, No. 3, 40 1/2 to 41; extra No. 1, 45 1/2 to 46; do, No. 2, 43 1/2 to 44; local white, 37c.

WILLEMSTAD, Curacao, Jan. 15.—Japan is making preparations to improve her commercial relations with the southern and central American republics in view of the approaching completion of the Panama Canal.
