### The Way We Keep and Show Our Garments Pleases Critical Customers

EVERY Suit and Top Coat is kept on a special wishbone hanger, in a glass cabinet. It's the sane, sanitary way to handle clothing. It insures the shape of the garment against creasing and breaking. Keeps them fresh and natty all the time while protecting the fabrics from shop wear.

If you have been promising yourself a new suit now is the time to get real busy while we have a good assortment of sizes and models.

Our Model 715 Suit is the "chicest" thing you've seen in years—it's got a belt and circle pockets and is full of vim and go. Three patterns to select from and fresh from the tailor's irons. For some of them we have Top Coats in Belted Trench Models to match.

Also a dandy line of splendid Blue Cheviot Serge Suits and Toppers \$25.00 and \$28.00. Did you know that Blue makes a handsome top coat in belted style? "It does."

## BIG FIRE DESTROYS WHOLE OF RHEIMS

### Terrible Bombardment of Enemy Ruins Famous Structures.

Paris, April 19.—Rheims, which has been on fire for a week, is now nothing but a great pile of smoking ruins. During the past week the Germans have fired more than 100,000 shells into the heart of the city, according to the correspondent of Le Matin, and flames from the burning buildings can be seen by aviators sixty and seventy miles away.

There are no traces of streets and thoroughfares, which have disappeared from view under the accumulation of debris. Ancient buildings in the Place Royale and the Market Place, and the musicians' house, which dates from the sixteenth century, have been reduced to dust and ashes.

The vaulting of the famous Rheims Cathedral, the correspondent says, is falling stone by stone. There will be nothing left of the edifice but the west front and the pillars. Shells are still bursting all around the building.

Notwithstanding the terrible bombardment, forty Paris firemen are still in the city, working to save the furniture and portable effects of the inhabitants. Some of them have lost their lives. With the Paris firemen are some local firemen of whom Sergeant Eliot, has been on duty in Rheims since the outbreak of the war and has been wounded fourteen times. Rheims, before the war, a city of more than 100,000 souls, has slowly, but none the less surely, been falling a victim to German hate and spitefulness.

The cathedral was one of the most magnificent examples of early Gothic architecture and was begun in 1212. The west facade has three portals, which contain about 500 statues. Above the portals was the gorgeous rose window, flanked by two towers, and one of the finest specimens of the art of stained glass construction.

Up to November 1, 1918, the Germans had fired thousands of shells into the city, 1,000 of which had struck the cathedral. Since then whenever the German troops met with reverses the enemy has looked up the bombardment anew. Until the latest bombardment the cathedral had suffered greatly. The leaden roof had been destroyed and the rose window almost virtually so.

## FAVORS THE UNION OF OTTAWA POLICE

Ottawa, April 19.—A new turn was given this morning to the dispute between Chief Ross and his men of the police force, which has arisen over the formation of a union affiliated with the allied trades and labor associations.

In an official statement to the press, Hon. T. W. Crothers, minister of labor, expressed his disapproval of the attitude of Chief Ross in dismissing the men for joining and taking part as officers in the affairs of the union. The minister stated that in his judgment the men had a perfect right to form a union without obtaining the consent of the head of the department, and should not be penalized or discriminated against for having done so.

The minister of labor said it was clear from a letter written by Chief Ross to one of the men who were dismissed that he was opposed to any members of the force affiliating with labor organizations.

## TURKS CAPTURE GUNS IN TAKING OF BATUM

London, April 19.—In capturing the Black Sea port of Batum, the Turks took 150 guns and more than 3,000 prisoners. The text of the Turkish statement reads: "Our troops are approaching Kara."

"On the coast our cavalry has occupied Escheruk Suji. The pursuit continues."

"In taking Batum we captured 600 officers, 2,500 men, the commander of the fortress, and other eminent personalities. We also took 150 guns of different calibres, a number of locomotives and railroad cars, and a quantity of material and provisions."

## BRITISH RECAPTURE FARM POSITION LOST

With the British Army in France, April 19.—The British re-established their line west of Rebecq, southwesterly part of the Lys battlefield, by recapturing ground at Rixen Vinage farm yesterday afternoon. Kemmel Hill, on the northerly side of the battle area, was still being heavily bombarded this morning in preparation for fresh assaults by the Germans.

Exhausted by the failure of yesterday's heavy attacks on the Givonchy-La Bassée Canal front, the Germans made no further move during the night, and on the greater part of the Flanders battlefield quiet prevailed this morning.

## CANADIAN CASUALTIES

### INFANTRY.

Killed in action—H. M. Frost, Keene, N. B.; A. K. Greenwood, England; W. Harvey, England; A. Drolat, Quebec, Que.; F. A. Markham, St. Mary's, Ont.; G. E. P. Butler, Montreal.

Gassed—A. Ross, 878 Carlaw avenue, Toronto; A. A. Fraser, 285 Barkley street, Toronto; D. Morris, Leithbridge, Alta.; E. Coleman, Montreal; S. F. Cassidy, 98 Wesley street, Toronto.

## BRITISH LINE FIRM AT CLOSE OF DAY

### Change in Front of German Attack Finds No Weak Spot.

### ATTEMPT FOR CANAL

### Enemy Wants Waterway as Safeguard for Troops Around Bailleul.

London, April 19.—The change of the front of the German attack to the region between Givonchy and East Rebecq found no weak spot in the British resistance, and the close of yesterday's fighting found the British line still intact. There was only one point in the new battle area where the enemy sought to break through, opposite the hill of Hinges, where the enemy succeeded in bridging La Bassée Canal, but the only Germans who crossed came as prisoners. This new German attack in the direction of Bethune is obviously intended to protect his flanks if he wishes to drive further northward. The enemy is trying to secure La Bassée Canal with the object of safeguarding his troops around Bailleul, and simultaneously imperiling the British in the French coal field near Bethune.

Generally speaking, the British battle line is more secure than it has been for days, justifying the belief that the enemy may be held in their present positions. The arrival of the French support is regarded as most important. They are described as splendidly seasoned men. The sight of the long blue lines marching up the roads heartened the British, giving them a fresh sense of security, and the news of the French aggressive stroke south of Amiens still further heartened the anxious watchers at home. The British withdrawal east of Ypres was due to the German advance from the south along the Lys Valley, threatening communications of the Ypres army. Thus the distance that this army would have to retreat if the enemy looked like breaching the Cassel-Kemmel line heights has been reduced.

Enemy's Prospects Lessen. The result of yesterday's fighting shows that the enemy looks less like breaking thru than he did, and although the retirement in the Ypres sector is regrettable, yet they are no nearer to securing possession of the important heights between them and the coast. They failed to get Givonchy, and are still no nearer Hazebroeck, whose capture is necessary to the enemy plans. Before Mount Kemmel, the rugged wooded hill that has already cost the enemy so dearly, their masses are advancing and are openly moved down. The enemy here is trying to break a way beyond Meteren and west of Bailleul. Although he abandoned Meteren and Wytschaete, the enemy's position is most uncomfortable.

The German outposts were unable to advance beyond the north side of Meteren. It cannot be said that the general situation is less anxious, but there is undoubtedly increasing confidence in the unity of command. There is still expectation of renewed thrusts at Amiens, and the French correspondents speak of the enormous enemy concentrations between Arras and Amiens. Meanwhile the enemy propagandists are sending broadcast neutral reports speaking of the depression and war-weariness of the United Kingdom and dominions, which are strongly at variance with the real feeling here. Germany itself is preaching the necessity of huge indemnities from the western powers in addition to annexations.

## SWALLOWED TOOTH, DIED.

Quebec, April 19.—After swallowing a false tooth on a bridge yesterday, Mrs. Phillip Brown, St. Cyrille street, this city, was taken to the Jeffery Hale Hospital and died last night.

## Some Values That Go To Prove That All Clothing Prices Have Not SOARED OUT OF SIGHT!

Here are three big special values today in Men's Clothing—values that mean substantial savings to the purchaser. And you may be sure that money-savers like these don't grow on bushes. It will doubtless be a considerable time before such another opportunity is again presented. Here's the story briefly:—

### Stout Men's, Men's and Young Men's Spring Suits, Today at \$15.00

We've gone through our stock of men's suits and combed out the odd and broken lines—about 120 suits in all. These we have greatly reduced to a price that can probably not be duplicated for some time at least, but we want a quick clearance today so as to assure early business. Suits for young men may be had in a number of smart belted styles and form-fitting sacks; the prevailing colors being light greys and fawns in small patterns. In men's suits are the regular sizes, augmented by some stout men's suits in cassimere and cheviot finished tweed; spring shades of greys and browns, small checks, fancy weaves, mixtures and thread stripes. Single-breasted, two and three-button sack styles. Sizes 33 to 44 in the lot, but not in any one pattern. Come down bright and early, it will well repay you. Today, reduced price, suit, \$15.00.

### The Serviceable Topcoat Raincoat, Price, \$10.00

Coats that serve two purposes—that of raincoat as well as topcoat. They come in the loose-fitting slip-on style, fit neatly around shoulders, have convertible lapels that may be worn open or buttoned up. The back drapes full from the shoulders, pockets in patch style,

with flaps. Made from tweed, in various finishes and weaves. Light grey and fawn Donegal effect tweeds, and browns with fancy overplaid, have checked back and sewn and conventional seams. Sizes 34 to 44. Reduced price, today, each, \$10.00.

### Spring Topcoats for Men, Special Value, \$10.00

Spring Topcoats for men, also contribute to the big price-reduction attractions here today. Natty models for the young men are these slip-ons, in brown mixtures and grey Donegal effect tweed, medium grey in fancy mixture and olive brown in herringbone stripe. While for the older or more conservative dresser these dark grey Chesterfields are just

the thing. They are shaped slightly to form, and are made from cheviot finished materials. Some of the slip-ons are quarter-lined, some are unlined, while the Chesterfields are lined throughout. Extra special, each, \$10.00.

—Main Floor, Queen St.

## EVERY MAN WHO APPRECIATES QUALITY CLOTHING SHOULD "Take Off His Hat"

### To These Snappy, Stylish Suits at \$16.50 to \$28.00

Suits that are built on "Quality" are built on the firm rock—they'll withstand the tides of time to a remarkable degree. And in addition they'll envelop their wearers in an atmosphere of good taste and refinement. A glance will suffice to prove their superiority—it's tailored into every seam. You'll note the materials—the style—the workmanship! You'll buy!

Young Men's Suits, made from an imported worsted, in a handsome shade of brown, in a fine twill weave. A two-button, single-breasted, form-fitting sack; the lapels in notch style, soft rolling; the shoulders are well built and in natural width. The vest 5-button, without collar. Trousers straight and narrow, with belt loops at waist and plain or cuffed bottoms; linings of fine lustre. Sizes 33 to 38. Price, \$22.50.

The Chesley, a young man's double-breasted model, with belt all round waist. Two-button, heavy lapels, in notch shape, a well-fitting collar and shapely-formed shoulders. The material is a navy blue cheviot-finished serge, much favored by well-dressed young fellows. Sizes 33 to 39, \$22.50.

Navy Blue Suits that should interest intending purchasers. They are well styled, in single-breasted, semi-conservative sack, tailored well and have durable twill linings. The material is a close-woven worsted, clean-wearing, in a fine twill. If you wear any size from 36 to 44, ask to try one on. You will be pleased with the fit and style. Price, \$16.50.

All-wool English Navy Blue Worsteds, fine texture, and rich finish; a medium width twill, a material we can highly recommend for its wearing qualities and general appearance. Single-breasted, two-button, soft roll sack, of latest style, finely tailored, with choice body linings and trimmings. Sizes 36 to 44. Price, \$28.00.

### Raincoats and Chesterfields

#### That Will Win You By Their Usefulness and Style

You've no doubt felt the need of the Topcoat—here are two items that will solve the problem of "what to buy." Whether you want the two-purpose coat or the popular Chesterfield, you'll find it here.

#### Slip-On Raincoats

In Oxford grey or olive shade, tinged with green, topcoat—single-breasted, with convertible lapel, full, soft pliable-finished material, with fancy checked easy-fitting back; shoulders well shaped, and collars back. A two-purpose coat—a waterproof or a light fit close. Sizes 34 to 44. Price, \$16.50.

#### Spring Chesterfields

Made from dark grey cheviots, soft finish and about 43 inches in length, shaped slightly to the form; dressy, styled from single-breasted, fly-front models, lined throughout. Sizes 35 to 44. Price, \$18.00.

FORTY DEFAULTERS TAKEN IN ONE DAY

A surprise visit by the Dominion police yesterday to the Thomas Employment Agency, 66 Church street, proved both interesting and successful. Four military defaulters were arrested inside the agency office, but none were Canadian. Three of them were Austrians and one Russian. All four were turned over to the civil police for custody. One of them had just arrived from Winnipeg, which city he had left without first notifying the authorities of his intention to travel. The Dominion police state that the women relatives of the men in the various overseas battalions are forming special auxiliaries for the purpose of furnishing the police with information regarding men they suspect of being Military Service Act defaulters. Capt. Tom Flanagan, chief of Dominion police for this district, declares that in view of the importance of the war operations now in progress overseas the women can do more to bring about victory by sending in information to his department than by knitting socks.

Word has been received from Ottawa, that Sgt. Sam Hughes has recommended, thru the department of justice, that a lenient attitude be taken by the Dominion police in Toronto in regard to Constable W. J. Cook, who failed to do with the approaching of Sgt. Sam Hughes as a military defaulter while at the Union Station. It is understood that in view of this the constable will be reinstated on the force.

During the past 24 hours the Dominion police have arrested 40 Military Service Act defaulters in central and western Ontario. They were arrested at the following cities and towns: Sault Ste. Marie, 11; North Bay, 7; Windsor, 4; Toronto, 5; Saratoga, 2; London, 2; Hamilton, 2; Blind River, 2; Niagara Falls, 1.

A total of 2,464 investigations into cases of alleged Military Service Act defaulters were made by the Dominion police in the same 24-hour period. One thousand and thirty of these investigations were made in the City of Kitchener, where three of those at Kitchener proved to be genuine defaulters.

Harper, customs broker, 39 West Adelaide street, corner Bay, Wellington 4622.

LIEUT. J. D. KELLEY ALREADY WITH WOUNDED

Word was received in Toronto yesterday that Lieut. John Douglas Kelley, who went to France from England a few weeks ago with a battery of the Royal Field Artillery, has already been in action and is now in hospital at Rouen, suffering from gas poisoning. His mother, Mrs. C. K. Kelley of Walmer road, has cabled for further particulars. Lieut. Kelley is a graduate of Trinity College. Prior to going overseas, with a credit from the C.O.T.C., for an imperial army commission, he was attached to the 67th (University) Battery, A.C. Hermon said that he had distributed them in this district.

DODD'S KIDNEY PILLS. THE PRODIGIOUS. 123 THE PRODIGIOUS.

THE WEATHER

Meteorological Office, Toronto, April 19. (8 p.m.)—The barometer is high throughout the Dominion, but there are indications of a fall of pressure now in the lower Mississippi Valley will move northward towards the Great Lakes. The weather today has been fine and warmer in the western provinces, and fair and cool from Ontario eastward.

Minimum and maximum temperatures: Minimum, 26, 48; Prince Rupert, 36, 49; Victoria, 42, 68; Vancouver, 42, 66; Edmonton, 32, 70; Calgary, 35, 65; Battleford, 24, 55; Moose Jaw, 25, 51; Winnipeg, 22, 56; Fort Arthur, 18, 40; Farry Sound, 15, 34; London, 21, 44; Toronto, 22, 40; Kingston, 20, 40; Ottawa, 15, 42; Montreal, 22, 38; Quebec, 20, 42; St. John, 26, 44; Halifax, 28, 40.

Probabilities.—Lower Lakes and Georgian Bay—increasing northerly winds; cool; fair at first, followed by rain. Lake Superior—Fair and milder. Western Provinces—Fine and warmer.

STREET CAR DELAYS

Friday, April 19, 1918. Bathurst cars, northbound, delayed 6 minutes at 8.50 a.m. at Dundas and Bathurst, by horse down on track. Winchester cars, westbound, delayed 7 minutes at 7.43 a.m. at Jarvis and Dundas, by horse down on track. Winchester cars, northbound, delayed 5 minutes at 8.02 a.m. at Victoria and Shuter, by horse down on track. King cars delayed 20 minutes at 12.38 p.m. at G.T.R. crossing, by train. King cars delayed 7 minutes at 1.03 p.m. at G.T.R. crossing, by train. In addition to the above there were several delays of less than five minutes each, due to various causes.

MORTON-BUTCLIFFE—In Lindsay, on Wednesday, April 17, at the residence of the bride's parents, by Rev. Dr. Wilson of Peterboro, Mary Muriel, elder daughter of Mr. and Mrs. F. W. Butcliffe, to Major David Reginald Morton, formerly of the 15th Battalion, France, son of Mr. and Mrs. David Morton, Toronto.

DEATHS

BROOKS—On Friday evening, April 19, 1918, at his late residence, 37 Argyle street, Percy S. Brooks, in his 35th year. Funeral on Monday, April 22, at 2.30 p.m., to Humboldt Cemetery. DUNN—Passed peacefully away at St. Michael's Hospital, Friday midnight, April 19, 1918, Rebecca Mary Dunn, dearly beloved wife of Edward Henry Dunn, 75 Harvard avenue, Toronto, and mother of Henry M. Dunn, Evansville, Indiana; Mrs. Wm. King, Chicago; William A. Dunn and Miss Ethel L. Dunn, Toronto. Funeral Monday, 2 p.m., to Mount Pleasant Cemetery. HOWARD—On Friday, April 19th, at the residence of her son (B. G. Howard), 77 Lee avenue, Toronto, Susanna Wooten Howard, in her 84th year, widow of the late William Hale Howard. Funeral on Monday, April 22nd, from above address, at 2 p.m. Interment in Mount Pleasant Cemetery. (Motors.)

YOUNG MAN KILLED BY FREIGHT TRAIN

When he jumped in front of an approaching passenger train at the corner of Dupont and Bathurst streets at 5.24 yesterday evening, Carl Woodrow, aged 18, of 724 Dupont street, was instantly killed. The engine of the freight train and four cars passed over his body. According to the police, Woodrow and Cecil Gadsby, 551 Dupont street, were standing on the north track waiting for the arrival of the train which carries munition workers from that point to Leaside factories, when Woodrow, noticing the approaching train, stepped off the north track directly in the path of a freight train traveling at a high rate of speed. Gadsby, who was standing on the north track, saw him turned in time and ran down the embankment of the north track, just getting clear of the train. The freight train was in charge of Engineer J. R. McConnell, High Park avenue. He stated that he was sitting on the opposite side of the cab when the train struck the boy and did not notice the accident. The boy's body was removed to the morgue, where an inquest will be held. Trains have been passing over the C.P.R. line for some time, stopping at Dupont and Bathurst streets to pick up munition workers who were employed in Leaside factories.

ASK MOTOR CLUB HELP

It has been arranged that the returned soldiers taking part in the Ypres commemorative service to be held in Queen's Park on Sunday, April 28, will form part of the Allan Gardens and march from there to the scene of the church parade. The military authorities are asking the co-operation of the Ontario Motor League's members in bringing the invalided returned soldiers from the military hospitals to the Queen's Park service.

CHARGED WITH WOUNDING

Charged with wounding, Alex. W. Raymond, 38 Alice street, was arrested yesterday evening by Detective Davin, which is only solved when the boy is alleged to have hit Fred Miller, a fellow employe, over the head with a crowbar, last Wednesday while working in the Pure Gold Company's plant. The assistant is thought to have been the sequel to an argument.

PLAYS, PICTURES AND MUSIC

The Safest Matches in the World Also the Cheapest

are EDDY'S "SILENT 500'S" SAFEST because they are impregnated with a chemical solution which renders the stick "dead" immediately the match is extinguished. CHEAPEST because there are more perfect matches to the single box than in any other box on the market. War time economy and your own good sense will urge the necessity of buying none but EDDY'S MATCHES.

THE BRAT

It would be difficult to find, in the whole range of drama and opera, a piece that has won more signal renown than "The Brat," which is Pauline Frederick's newest Paramount picture, being shown at the Allen for the last time today. The possibilities of "La Tosca," a seven drama, can hardly be overestimated. It is as perfectly adapted to the film as if it had been written for them, and Miss Frederick as the beautiful Italian singer leaves nothing to be desired in her magnificent interpretation.

BORDEN APPEALS TO PATRIOTISM

Moves His Resolution to Amend the Military Service Act.

LAURIER PROTESTS Claims That With Parliament Sitting a Bill Should Have Been Introduced.

Ottawa, April 19.—In the house of commons this afternoon before a crowded house Sir Robert Borden moved his resolution to approve the calling up of further men under the Military Service Act.

The circumstances, Sir Robert said, were of peculiar gravity. Since the first of March a battle had been proceeding on the western front which might continue for months and might ultimately decide the fate of the world.

Germany's Calls on Man Power. Sir Robert reviewed the calls which had been made by Germany on her man power for military service. In November, 1916, Sir Robert said, Germany called on the world for men of all ranks; of these 345,000 were n.c.o.'s and men and 18,000 were officers.

was about 400,000. In France the annual addition was something less than 300,000. Moreover, Germany had practically enslaved tens of thousands of Belgians, roused them to work in Germany in order that Germans might be released for the army.

The practical disappearance of Russia in the war had had a most important influence on the power which Germany was able to exercise on the western front. Here Sir Robert read a statement made in the British House of Commons showing that as a result of Russia's defection Germany, in the spring and summer of 1918, would be able to add to the western front an additional force of no less than 1,600,000 men.

What had the British Empire done? asked Sir Robert, and in answering his question quoted figures which had been compiled by Sir Auckland Geddes, of the British Government. These figures gave the total strength of the British forces as 7,500,000 men.

Turning to the war effort of the Dominion the prime minister gave figures compiled up to March 31, 1918. He said that up to that date Canada had despatched overseas 384,760 men of all ranks; of these 345,000 were n.c.o.'s and men and 18,000 were officers.

8871; died of disease, 1956; wounded, 106,195; prisoners of war, 2736; presumed dead, 3938; other casualties, 790.

A compilation of these killed in action, died of wounds and disease, presumed dead and missing, said Sir Robert, would show that a total of about 41,000 young Canadians had given up their lives in the war up to March 31 last.

As to probable casualties, the people of Canada must be prepared for a heavy list when the inevitable attack comes. In the second battle of Ypres 60,000 men, or 40 per cent., of the Canadian forces, fell. During 1917 Canadian losses totaled 34,547, including 14,461 at Vimy Ridge, 10,124 during the fighting that occurred in May, 10,000 during the fighting in August, when the Canadians captured Hill 70, and 24,550 in November, when they took Passchendaele Ridge.

Reviewing the proposed order-in-council, Sir Robert said that under its terms class one would consist of unmarried men of age between 19 and 24 years of age and class two of married men of the same age. He continued: "The minister of militia proposes to call out first the men from 20 to 22 years of age in class one, both inclusive. Later he may be obliged to call out if the need shall demand it men in the same class from 23 years of age on.

need is most urgent and most imperative. It may be said that this will interfere with production. I hope it will not. This without any doubt, is the most urgent and most imperative need in most urgent and most imperative.

"The need is urgent. The need is so urgent as this. That without this order-in-council I do not believe we can provide the reinforcements after July 1 and if the enemy attacks, and the attack may come within the next two weeks, we may be left with no reinforcements after June 1."

On the other hand the government has been subjected to strong reproach that its administration of the Military Service Act in the Province of Quebec has been too lax.

All in Battle Line. "I beg to say that in this country we are all, in one sense, in the battle line, that we must all discharge our duty with the same intensity and with the same spirit."

severely with certain phases of the matter. The resolution before the house, said the leader of the opposition, was for the purpose of making a change in the Military Service Act. The allied forces over in France were engaged in a terrific struggle for liberty, and the aim and hope of Canadians as well as the other allied nations, was to crush out Prussianism.

Criticism Recent Order. The leader of the opposition went on to criticize the government's order-in-council passed in connection with the recent riots in Quebec. This order-in-council might have been passed if parliament had not been sitting, although even then its passage would not have been constitutional, but to pass such an important order when parliament was in session without consulting the house was preposterous.

An Aggravation of Act. The prime minister stated that more men must be secured for service at the front. The resolution proposed to deprive exemption of that right. This could not even contest the matter. This was only an aggravation of the Military Service Act introduced last year.

"I have yet to know," Sir Wilfrid said, "that the statement has been made that the election had largely been fought on the cry, 'You must not allow Quebec to rule Canada.'"

A CRIPPLE FOR THREE YEARS

Helpless in Bed With Rheumatism Until He Took "Fruit-a-tives."

MR. ALEXANDER MUNRO.

R.R. No. 1, Lorne, Ont. "For over three years I was confined to bed with rheumatism. During that time I had treatment from a number of doctors, and tried nearly everything I saw advertised to cure rheumatism, without receiving any benefit."

50c a box, 6 for \$2.50, trial size 25c. At all dealers, or sent postpaid on receipt of price by Fruit-a-tives, Limited, Ottawa.

the minister of agriculture was to have farmers. The present, Sir Wilfrid said, was the beginning of the seeding season. If men were taken away from the farms they could not be trained for the front in less than four months, but their loss to production would be felt immediately.

proaching them, you would have had better results." After a reference to the Nationalist campaign of 1911, Sir Wilfrid went on, "we cannot be separated. We must be united. How shall we do it? Is it by compulsion, or by conciliation of the people, one man to the other? If you want to have soldiers in Quebec, the thing is easy enough. Appeal to them. Appeal to their imaginations. Appeal to their racial feelings. Give them good officers and they will follow those officers into the very jaws of German hell."

Sir Wilfrid concluded that when the verdict was pronounced, Quebec would loyally accept it. Every citizen had the right to express his views on any measure and to combat it, if he thought it was unjust. He also thought it his duty, Sir Wilfrid added, to loyally obey it whatever the consequences to himself may be, and however much he may disapprove of it.

Mr. Rowell pointed out that conditions were not even the same as they were a month ago. They must be prepared to meet it. The war could only be won if the allies were able to hold the Germans until their force was augmented to enable them to win a final victory.

Canada's contribution figured out at about five per cent. of her population, while Britain's was twelve per cent., and Britain, by organizing the man and woman power of the country, had succeeded in increasing her agricultural production. If the other colonies could send larger forces in comparison with their population, should Canada, the greatest and wealthiest of them all, hesitate? To equal the war effort of Australia the Dominion would have to send over another 100,000 men.

THE BIG HEALTH DRIVE HAS BEEN STARTED

TO BUILD UP THE BLOOD OF THE PEOPLE

Spring is the Time When People Worn and Weary After a Hard Winter Need a Tonic to Restore the Blood and Renew Energy and Ambition.

It is one of the most persistent traditions of the human race to take a tonic for the blood in the spring, and like most of the accumulated wisdom of mankind, it has a sound scientific basis. Winter is always a trying season for people who have small reserve of physical strength.

Many people who need a tonic neglect it, because they are not sick enough to cause them any worse feeling than one of fatigue and discomfort. They do not realize that the decline in health is so gradual that they, themselves, do not realize how far from normal they are until the pale face, weak nerves, languidness and irritability attract the attention of friends.

- INDIGESTION CURED. Mrs. Harry Odd, Nipissing, Ont., says: "For a long time I was a great sufferer from indigestion. I could not eat a meal without undergoing much suffering and as time went on I naturally became much run down, and found the greatest difficulty in doing my housework. In fact only those who have suffered from indigestion can realize how deplorable my condition was. I was treated by a doctor, but as he was not helping me I began taking other medicines, and had used several kinds without benefit before I heard that Dr. Williams' Pink Pills were recommended for this trouble. The result was that I was constantly growing weaker and weaker when my mother advised me to try Dr. Williams' Pink Pills. After using a few boxes I found they were helping me, and I continued taking them until I had used eight boxes, by which time the trouble had entirely disappeared and I was again enjoying the best of health."

Do not be persuaded to take a substitute. See that the full trade mark name, "Dr. Williams' Pink Pills for Pale People," is printed on the wrapper around the box. If you cannot get these Pills through your dealer, they will be sent by mail at 50 cents a box, or six boxes for \$2.50, by The Dr. Williams Medicine Co., Brockville, Ont.

Germany has practically reverted to paganism in the war. Ideas of the old faith of Thor and Odin dominate her people today more really than the dictates of Christianity. Otherwise no such reversion to barbarism could have taken place. This has shocked the world's conscience and brought so many of its nations in arms against her.

Lesson Not Yet Learned. "We have in this country a population separated by differences of race, of language and of religion. Unfortunately these differences run very largely along the same lines as the old faith of Thor and Odin dominate her people today more really than the dictates of Christianity. Otherwise no such reversion to barbarism could have taken place. This has shocked the world's conscience and brought so many of its nations in arms against her."

Hints for Back-Yarders Vacant Lots Cultivation

VEGETABLE GROWING CALLED NECESSITY

New But Work With Nature, Abundant Production Results.

DON'T WASTE TIME

Plant at Proper Time, and Grow the Right Vegetables.

BY FREDERICK ABRAHAM.

Chairman Vacant Lot and Home Garden Section Canada Food Board.

Some one has estimated that Canadian war gardens last year added to the wealth of the state upwards of \$20,000,000.

The productivity of nature is beyond calculation. At best statistics can only approximate the wealth of the soil.

The cultivation of vacant lots and backyards has risen from a pastime to a work of national necessity.

Home-grown vegetables eliminate unnecessary transportation with its attendant waste of fuel and labor.

Home-grown vegetables eliminate unnecessary transportation with its attendant waste of fuel and labor.

In most towns and cities a cultivation committee exists. It is desirable that all who can should join such an organization.

Let Every One Do Something. Everyone can help. It is the individual effort that counts.

There's not a pair of legs so thin, there's not a head so thick.

There's not a hand so weak and white, nor yet a heart so sick. But it can find some honest job that's crying to be done.

The home garden offers a special opportunity for women. Their mobilization is a war necessity.

A word about when to plant. A lot of nonsense is being written under this heading.

Flourishing is the basic cultural operation. It is therefore important and should be performed with care and judgment.

Harrowing.—Of the several implements on the market for performing this work the disc harrow is the most suitable for preparing soil for seed after it has been plowed.

The chief use of the roller, however, should be to firm and crumble the soil before seeding.

Flourishing is the basic cultural operation. It is therefore important and should be performed with care and judgment.

PROVINCIAL MATCH PLOWMEN'S PRIZES

Many Trophies Offered for Competition in October at Ottawa.

SEEDING CLOVER.

The quantity of clover seed to use to the acre depends upon the kind of clover as well as upon the fertility of the soil.

When timothy and red clover are seeded together agronomists recommend six to eight pounds of the first and eight or nine of the second.

Sweet clover requires ten to twelve pounds of milled seed or from two to three pecks of unhusked seed an acre.

Wood ashes used liberally will benefit flower and vegetable gardens.

Wants Practice Not Preaching

Manchester, April 12, 1918. Editor World: In my eyes, The World is a good paper gone wrong.

Enclosed you will find one dollar for renewal. Remaining yours, John Boya.

GROW HOG FEED. Owing to the shortage of coarse grains and ensilage, hog feed is scarce in Canada.

FARM IMPLEMENTS REPAIRS OF ALL KINDS GEO. W. SMITH COMPANY

Cor. Jarvis and Dan St., Toronto

Make Your Vegetable Garden A Family Affair

The best way to insure the success of your vegetable garden is to get every member of the family interested in it. The woman attended to the beans, peas, green onions, spinach, radish and lettuce.

What was the result? There grew up in that family a friendly rivalry and an interest in the garden such as no person would have believed possible had the experiment not been tried.

Organization of Resources Committee, Parliament Buildings, Toronto. Dear Sirs: Please send me a copy of your booklet 'A Vegetable Garden for Every Home.'

SEED CORN

YOU can now buy Steele, Briggs' reliable seed corn (and seed grain) from your local dealer at reasonable prices, and inspect the quality before buying.

DESTROY GARDEN SLUGS

The common garden slug, this slimy, slow-moving, repulsive mollusk of our gardens, ornamentals and lawns, promises to be unusually serious this spring.

Remedial measures are only partly successful against it. A general clean-up of all trash, crop remnants, bits of boards, etc., about the premises; the burning or destruction of grass along fence rows and about the borders of fields followed by the application of air-slaked lime will do more than any other practice to control slugs.

NEW YORK STOCKS MOST EARLY GAINS

Advances of One to Three Points in First Hour Largely Forfeited. Steel Still Leader. Call Money Stiffens in Anticipation of Adverse Bank Statement.

New York, April 19.—Stocks were even more responsive to the war news today, leaping first hour to 3 points in the very active first hour, but the movement lost much of its spontaneity later, many gains, suffering material reduction on realizing for profits.

There was at times a pronounced accession of public interest and a corresponding diminution of the short account, especially in popular war issues. Dealings exceeded in breadth any session since the inception of the German drive.

United States Steel again overtopped all other stocks, its irregular course on a very large turnover serving as a guide to other values. Steel's extreme advance of 1 1/2 finally dwindled to a small fraction of its gain under minimums.

Other strong and active industrial and equipment included the independent steel, International Harvester, Baldwin Locomotive, American Locomotive, American Car and Railway Steel Springs at temporary gains of 1 to 2 points.

Call money stiffens in anticipation of an adverse bank statement. In anticipation of an adverse bank statement, call money stiffens in anticipation of an adverse bank statement.

Montreal Produce Market. Montreal, April 19.—Altogether the options market was stronger today, a weaker feeling prevailed in the local market and prices receded another decline of 1/2 to 1 point.

Chicago, April 19.—Unseasonably cold weather made corn prices today average higher. The market closed at 1 1/4, the same as yesterday's finish to 1/4 add.

Board of Trade. Manitoba Wheat (in State Fort William, including 2 1/2 tax). No. 1 northern, \$2.23 1/2. No. 2 northern, \$2.17 1/2. No. 3 northern, \$2.12 1/2. No. 4 wheat, \$2.10 1/2.

GRAIN AT WINNIPEG. Winnipeg, April 19.—There was a much better demand for cash oats today. The offerings were light, there was very little being offered. Prices were unchanged.

CANFIELD DRAMATIC CLUB. Canfield, April 19.—A play, entitled "Rebecca's Triumph," by George Baker of Boston, Mass., with 15 female characters, was presented by the dramatic club of the Canfield Women's Institute in the Methodist Church last night.

JAP MINISTER TO QUIT. Viscount Ichiro Motono Will Resign From Foreign Office. Tokyo, April 19.—According to the Nichi Nichi, Viscount Ichiro Motono, Japanese foreign minister, has announced his intention to tender his resignation.

RETURNED MAN PROMOTED. Kingston, April 19.—It was announced today that Reg. Sgt.-Major L. J. Dyke, of C unit, M. H. C., had been appointed assistant adjutant of the newly organized 2nd depot under Lieut.-Col. F. E. Birdall.

A Mark of Confidence
