DEAF MUTE DROWNS WHILE SAVING LIFE

Louis Ambersen Swept to His Death While Helping Miss L. Coy.

Louis Ambersen, deaf mute, of 188 Bellefair avenue, met death by drowning at the foot of Lee avenue yesterday afternoon. Those in the vicinity of the beach were not aware of his death until about 2:45 p.m., when the body was washed ashore, although his absence was noted over an hour previous to this time.

Just one hour and a half before the finding of the body the life-saving crew were called to Kew Beach, in response to a summons sent from there when a young girl, Miss L. Coy of Greenwood avenue, got out beyond her depth and was swept out still further by the high sea that was running. When the crew arrived at the beach the girl had been rescued by some of the bathers, who responded to her cries for help, and it is thought by the life-saving crew that Ambersen was among those who attempted to rescue the girl and that he was pulled under by her. Being unable to cry for aid on account of his affliction, he in the vicinity where the body was found, when the excitement had somewhat subsided, was he missed.

Too Rough is Drag. The life-saving crew, when informed of his absence, were unable to institute dragging operations on account of the roughness of the sea and in response to a summons sent from there when a young girl, Miss L. Coy of Greenwood avenue, got out beyond her depth and was swept out still further by the high sea that was running. When the crew arrived at the beach the girl had been rescued by some of the bathers, who responded to her cries for help, and it is thought by the life-saving crew that Ambersen was among those who attempted to rescue the girl and that he was pulled under by her. Garment Workers Will Go to States. Employers' Refusal to Mediate May Denude Toronto of Craftsmen.

No settlement of the garment workers' strike is expected yet. N. Glackman, one of the chiefs of the union in Toronto, stated last night that Toronto workers were asking for 30 per cent. less than the garment workers in Chicago had received. Bosses in Chicago, he said, had granted a minimum of 40 per cent. while in the same class of trade, Toronto workers were asking only 25 per cent.

Discards of The Globe. Mr. Koldovsky stated that altogether 150 union members had returned to work since the strike was declared, including the Thompson Manufacturing Company, contractors for the Simpson Stores Ltd. This was the first return since the strike was declared. The meeting endorsed the strike vote unanimously, and it was only the arguments of the executive that prevented a large number of the miners from walking out tomorrow morning. The delay was being made with the mayors of New Liskeard, Hallybury and Cobalt in connection with the strike, and with the Northern Ontario Light and Power Company to provide power for the operation of the water supply to the three towns.

Touching Scenes. The most touching and emotional of all were the scenes at the great cenotaph erected in Whitehall to the memory of the dead, impressive by its simple grandeur, and bearing the single inscription "The glorious dead." The gathering was roused, as successively Foch, Haig, Pershing and other great war leaders drew rain, faced the cenotaph and saluted.

alies, "The Hallelujah Chorus" and other hymns. No less than 100,000 voices joined in the singing, while masses of bands accompanied with enormous effect.

Rain fell through the night, but did not interfere with the program. There were illuminations, fireworks and searchlights all around London, and the whole population of the city seemed to have poured into the parks and streets. The singing and dancing kept up until after midnight.

The authorities provided four huge areas for dancing on Hyde Park green and Regent's Park, old-time country dances being features of the program. These dances are easy to pick up, and great crowds of children were prominent, joined in the fun.

Military Concerts.

Elsewhere in the city military bands gave concerts, and pageants and scenes from Shakespeare were given by theatrical clubs. A choir of 5000 singers under the auspices of the League of Arts gave a feature entertainment, the singers being dressed in the military costumes. Tonight the imperial choir will appear in a peace and thanksgiving performance in Hyde Park. This organization has more than 10,000 singers. The public will be provided with the words of the songs to be sung which will be asked to join in the patriotic numbers. Fireworks will end the day's festivities.

As a preliminary to the celebration thanksgiving services were held in Westminster Abbey, St. Paul's Cathedral and other churches on Wednesday. Copies of a special order of service were distributed to the churches of the city for use, and at a joint meeting of London schools 20,000 children took part in the exercises.

Time of Troops Extended.

Rain which began last night continued through the whole of Sunday but this fact did not prevent crowds of persons from traversing the route of yesterday's victory parade to see the decorations and watch the comings and goings of the allied troops, who were busy the entire day sight-seeing.

The plans for the early departure of the troops have been changed so that many of them who wished to prolong their stay for a week or two will have their desire granted. The government has consented to extend their time at the great camp in Kensington Gardens.

Three thousand of these allied troops were entertained at the Coliseum Theatre last afternoon by a vaudeville performance.

Another ovation was given Marshal Foch, who, with his staff, attended mass in Westminster Cathedral today. Other allied soldiers were present in large numbers in the cathedral, the Abbey and the principal churches of the city.

The allied troops were entertained at dinner at the Carlton Hotel tonight, the Prince of Wales presiding.

Haig is Settled.

King George and Queen Mary spent a quiet day after yesterday's excitement. Field Marshal Haig, who was taken ill yesterday, was better today. His condition is not serious. His illness is attributed in great measure to fatigue from the recent round of social entertainments he has taken part in.

Few Accidents.

Yesterday caused a surprising few small number of accidents. Commissioner of Police Macready today paid a tribute to the generally good order preserved. There were, however, were enormous, but wonderfully well behaved.

Thousands of persons living in the suburbs were returning to their homes last night on account of the pressure of traffic. They slept on doorsteps, under railroad arches, or wherever they could find a shelter from the rain. Men, women and children were everywhere to be seen huddled together during the night. There was a great rush toward the early morning tram cars and the underground railway, which did not start running until 5 o'clock.

Foch Visits Windsor.

Marshal Foch visited Windsor Castle this afternoon, but returned to the Carlton Hotel in time for the dinner this evening. The Prince of Wales, at the dinner, had a long conversation with the right and General Pershing on his left. Prince Albert sat between General Montour of Italy and General Bourmains of Belgium. The guests included Premier Lloyd George, Admiral Beatty and a number of British generals and admirals.

The Prince of Wales, in offering a toast to the allied generals, made a felicitous speech, in which he said he regarded Saturday's triumphal passage as a France's greatest day. He added that it had given the British people the greatest pleasure to have the magnificent allied contingents present in London at such a time of rejoicing. An innovation during the prince's speech was that he gave a short summary of it in the French language.

As he replied briefly, amid resounding cheering.

ARMED BURGLARS CLEVERLY CAUGHT

Were Attempting to Break into Queen Street Chinese Laundry.

Two armed burglars were caught in the act of robbing a Chinese laundry, at 512 West Dundas street, early Saturday morning by Policeman Bainbridge. The burglars were taken unawares by the policeman, who covered them with his revolver until assistance arrived to help him take the prisoners to Claremont street. The men arrested charged with burglary gave their names as Harold Payette and Edwin McIntyre, of Jarvis street. Detective headquarters stated Saturday afternoon that the prisoners are believed to be the two men that held up a Chinaman on West Dundas street at 11.30 Friday night and demanded \$15. On this occasion two men wearing masks and carrying revolvers entered the store of Chong Quez, 2448 West Dundas street, and flourishing a revolver over the counter at Chong made him hand over the contents of the cash drawer. Chong watched the men drive away from his store in a motor car and then telephoned to the police.

At 2.30 Saturday morning Policeman Bainbridge heard men in the laundry of Kow Look, 512 West Queen street. The officer entered and found the two men ransacking the laundry office. Here they are alleged to have stolen two gold bracelets, three gold-filled watches, \$7.94 in American money, and \$275 in Canadian currency, as well as a large quantity of Chinese coins.

GAVE FALSE ADDRESS. Thomas Watson, 182 Jarvis street, informed The Sunday World on Saturday night that the address given by two armed burglars who were arrested by the police earlier in the day was that of his residence, 182 Jarvis street, and was false. Mr. Watson has resided in this home over 26 years and he has never had any roomers whatever.

The other store, a candy shop at West St. Clair avenue, was also closed by order of the soldiers.

PRINCE ASKS TO HOLD REVIEW OF SCOUTS

H.R.H. the Prince of Wales has made a special request that a view of the Boy Scouts be arranged for during his visit to the Exhibition next month. His wishes will be complied with. The prince takes a keen interest in the Scout movement in the British Isles, and it is expected that the review to be arranged will be one of the largest ever held in Canada, comparing in some respects in importance to the gathering in 1912, when the Exhibition brought cadets from all over the empire as an "Imperial Year" feature. The Duke of Connaught on his several visits to the Exhibition insisted upon reviewing the Scouts. The Duke of Devonshire shows a similar interest in the youngsters, and will likely be present to witness the review by the prince. An invitation will shortly be sent out to all Boy Scout councils throughout the province to participate in the event.

ESSEX ST. HAILS COMING OF PEACE

Five Hundred Rejoice at Victory Over Germany.

Such a peace celebration as that held Saturday afternoon by the residents and householders of Essex street could not but convince the returned veterans of that street that there is such a thing as gratitude and appreciation for their sacrifice to the empire. The celebration was held at the Essex Street Public School, and about 500 people were present to compete in the games and contests, which were of an enthusiastic nature. The kiddies constituted the greater part of the assembly, but the grown-ups were well represented, and many people residing in other streets took the opportunity of enjoying a rare holiday. There were events for all, including children under five years, and the adults over fifty, and for each race there were three prizes given. The prizes consisted of umbrellas, stationery and a number of various toys for the children. For a short street Essex has nobly done its part in the war and when the returned men of the street were commanded to line up there were forty in all, each of whom had been overseas fighting the battles of the empire. As a token of appreciation each of the veterans was presented with a pair of gold cuff links and to each of the widows of two boys who were killed in France was given a gold brooch set with pearls. Mayor Church, accompanied by Controller Robbins, made the presentations on behalf of the residents and as each gift was tendered to the soldiers there was

thunderous applause.

In presenting the tokens Mayor Church spoke highly of the service of the boys and made reference to the great contribution Toronto had made to the war both in men and money. He congratulated the residents of the street on the successful outcome of the demonstration and declared that it was unfortunate that other streets had not followed their example. Controller Robbins also spoke feelingly of the boys who had given their lives for the empire and declared that it was possible, and stated that the citizens of Essex street had certainly led the way in this respect. From Harbord to Christie street, Essex street was gaily decorated, and hundreds of Union Jacks made a wonderful color scene when blended with the flags of the allies and appropriate bunting. Huge Victory signs were to be seen everywhere, and large streamers and flags were stretched across the street. Those of the citizens' committee who were in charge of the event were: T. Brown, president, Walter Calhoun, secretary, and Albert Hedley, treasurer, and due to their untiring efforts the demonstration was a huge success, with everyone getting their full quota of fun in the proceedings. Refreshments were also served to the hungry kiddies and these could be seen lining up a slight distance to the downtown theatregoers on a Saturday night. The winners in the various events were as follows: Men, over 50 years, 50 yards: A. Wharton, J. Perous and R. Rodden; single ladies, 50 yards: Agnes Watson and Joyce Lynne; returned soldiers: M. Flack, A. Jarrett and A. J. Whitstone; girls under 8 years: E. Dotson, E. Flack, E. Routes; boys under 8 years: E. Wharton, A. Hall, G. South; girls under 12 years: G. Neveis, K. Hedley, F. Wharton; sack race: C. Gwynne, L. Flack and W. Flack. Boot and shoe race—B. Law, R. Bird, A. Young. Boys under 14—N. Woods, E. Rubin, L. Flack. Married ladies—Mrs. E. T. Brown-

"ALONE I FOUGHT, ALONE I SUCCUMB" ONE DAY STRIKE S POSTPONED IN PARIS

M. Boret Succeeded as Food Minister in French Cabinet by M. Noulens. Labor Federation Leaders Are Expecting Overthrow of Clemenceau Cabinet.

Paris, July 20.—It was announced in the lobby of the chamber of deputies that not only will Victor Boret be succeeded by Jos. J. B. E. Noulens as food minister, but that Albert P. Boret, minister of the liberated regions, will be succeeded by Senator Charles Jonnart, now governor of Alsace, Lorraine taking Jonnart's post.

This change is supposed to be due to criticisms of the slowness with which the government is solving reconstruction problems.

Some of the deputies who voted against M. Boret are supporters of the government on general policies, and would vote differently on an issue upon which the fate of the whole cabinet would depend.

M. Noulens' great popularity in the chamber is also an element of strength. Nevertheless, the current is said by some experts to be running strongly against the cabinet on financial and general economic policies.

M. Boret's letter of resignation to the conference, M. Noulens said that the one-day strike called for Monday has been followed by a manifesto to the members of the federation. The manifesto asks the workingmen to have confidence in the ability of their chiefs to obtain the desired concessions without a strike, and ends as follows: "Comrades, all of you will work July 21."

Several of the morning newspapers commented on the situation and said that the federation leaders expect the overthrow of the Clemenceau cabinet. Tuesday, when a vote will be taken, several of the newspapers attribute the cancellation of the strike order to the refusal of several organizations to co-operate in the movement.

Girl Killed by Automobile At Brantford on Peace Day. Special to The Toronto World.

Brantford, July 20.—To Mr. and Mrs. J. F. Fowles of Wilsonville peace celebration day brought sadness, for their little girl, Dorothy Grace, died from the shock of being run over by an automobile the previous day.

The little girl had been brought to the city by her parents and left with an aunt at the residence of her mother, the previous evening, after getting an ice cream cone from a street vendor, the girl backed out into the roadway, not noticing a motor car bearing down on her. The car, which was driven by Mrs. A. Percy, was proceeding at about eight miles an hour, and she under the front wheel, which inflicted injuries from which she did not recover.

Witnesses absolve the driver of all criminality, as the little child in her exuberance over getting an ice cream cone momentarily lost her head.

65,000 MEN ARE ADDED TO LABOR FEDERATION. Springfield, Mass., July 20.—Annals of the International Brotherhood of Blacksmiths, Drop Forgers and Helpers, and the international brotherhood of drop forge trades, was making a total of 65,000 men into the American Federation of Labor. Officers for the new organization will be chosen by a referendum vote among the locals this fall.

GANANOQUE MAN IS FOUND DEAD ON FARM. Gananoque, Ont., July 20.—George Little, who went berry picking yesterday morning, was found dead this afternoon on the farm of Stanley McNinch, about two miles west of the town. He evidently had been dead about a week.

For some years previous to that he worked for the Canada Carriage Company of Brockville. Mrs. Adeline Richardson of the Salvation Army, Montreal, is a daughter.

HUNT FOR MURDERERS OF ONTARIO CONSTABLE. Port Arthur, Ont., July 20.—Provincial constables have gone to Nipigon to hunt for two alleged murderers of a local constable named George Armstrong. The report here is that two foreigners, said to be Bulgarians, broke into a storehouse and stole a quantity of supplies, including guns. The constable went out in search of them and while walking along the railway track was shot by the thieves bordering the tracks, supposedly by the men he had been seeking to arrest.

POMERANIAN SIEGE ENDED. Copenhagen, July 20.—The state of siege in Pomerania ended in a special meeting of the Pomeranian Diet, which received here from Stettin. The counter-strike of citizens in Stettin has ended, and labor leaders have proclaimed an immediate cessation of the general strike, and have repudiated the idea of a breach of contract between employers and workers.

BLAME FLORIDA WATER. Special to The Toronto World. Chatham, Ont., July 20.—David G. and Monroe Phelan, two natives of Florida, were arrested in a drunken condition last night and lodged in the police cells. They claimed the water was closed and bringing Florida water and using near beer as a chaser.

PEACE CELEBRATED THROUGHOUT PROVINCE

Over Ten Thousand Brantford People Gather at Mohawk Park. BIG INGERSOLL PARADE. Former Kaiser Burned in Effigy at Guelph Amid Great Rejoicing.

Special to The Toronto World. Brantford, Ont., July 20.—Brantford's peace celebration under civic auspices will be one long remembered, particularly the young folks. A parade of the G. W. Veterans, the Army and Navy Veterans of Canada and local lodges, with hundreds of decorated floats and musicians, will be at Mohawk Park, which for the day was the mecca of the city and county residents.

Over ten thousand people gathered within the park, breaking all records, even those set when the Galt company was a rendezvous for a great part of Ontario. At the park the city and county served refreshments, which included ice cream and soft drinks, watermelons for the kiddies, soft drinks and milk for the women folk, cigars and cigarettes and local option beer for the veterans, hundreds of cases of drinks being available.
