STRIKING MACHINISTS WINNING THEIR FIGHT ALL THE LINE

Many Firms Have Come to Terms and Accepted Agreement for Shorter Working Hours With Same Pay—President O'Connell Considers the Situation Very Satisfactory.

Reports from various strike centres received by President O'Connell of the International Association of Machinists at his headquarters at the Palmer House show that the strikers are winning all along the line. Many of the firms have come to terms and signed the agreement. The Dunlop Locomotive Works, where 1500 men are employed, granted increased wages, shorter hours and recognition of the union. In Boston 15 firms have signed the agreement so far, leaving only 8 out. In Toronto 10 out of 23 firms have signed, and others are expected to come to terms. In addition to these, 68 other firms scattered all over the United States have concluded a satisfactory agreement with their employees. The list includes 8 in Jersey City, 2 each in Louisville, Ky., and Great Falls, Mont., 12 in Newark, 4 in Birmingham, 5 in Springfield, Mass., 2 in Belleville, Ill., 6 in Milwaukee, 1 in Syracuse, 1 in Bay City and 6 in Dayton.

The effect of these settlements cannot but be beneficial to the cause for which the men are holding out. The fact that President O'Connell and the other members of the Executive were elected yesterday over the prospects of an early termination of the strike, and estimated that 3000 strikers returned to work last day. The situation is generally satisfactory.

Only 25,000 Out Now.

There are now, it is estimated, about 25,000 men out, the number who returned to work being 50,000.

Speaking to a World reporter late last night, President O'Connell gave his views as to the reasons why the strike has been so successful. "We made an effort," said he, "to tie up all the employers of machinists in private manufacturing industries that is, outside of the transportation companies, and we ascribe the success attained so far to several causes. First, the strike was so general that the places of the men. Second, business has been kept going, and the shops were well supplied with orders. Third, we gave them a year's notice. Fourth, we were good. Fifth, we were patient. Sixth, we were firm. Seventh, we were united. Eighth, we were persistent. Ninth, we were successful. Tenth, we were victorious."

MURDER AND MUTILATION UNIVERSAL EIGHT-HOUR DAY

Panic Caused in Whitechapel by Sensational Reappearance of Jack the Ripper.

Woman Died Making No Statement

Police Apprehensive of Further Outrages—No Clue to Lead to Apprehension of Murderer.

London, May 28.—A sensational murder and case of mutilation has occurred in a low lodging house in Dorset-street, Whitechapel, close to the scene of the "Jack-the-Ripper" murders of 1888. The victim, a woman named Annie Austin, 28 years old, was found lying in a bedroom on Sunday morning and was removed to a hospital, where she expired.

The murderer escaped, and the police were notified of the crime minutes after the total lack of a description of him rendered his apprehension unlikely.

The wounds on the lower part of the victim's body are too revolting for description. The murderer was conspicuous, having the American miners to send delegates to future international congresses.

It was pointed out that, in view of threatened competition of American coal in the markets of the world, and the possibility that American miners would be used against the miners of Europe for the purpose of lowering the latter's wages, the miners of Europe, did not progress rapidly enough, the French miners were prepared to declare a general strike.

Prior to the adjournment, standing orders were suspended and a resolution was introduced and carried unanimously, inviting the American miners to send delegates to future international congresses.

AN ESTIMABLE LADY KILLED

Mrs. John McLeod of Kincardine Lost Her Life While Trying to Save Herself.

HORSE FRIGHTENED BY GIPSIES.

Mrs. McLeod Endeavored to Get Out of the Buggy and Fell Between the Wheels.

Kincardine, Ont., May 28.—This evening about 5 o'clock, on the Lake Shore road, Mrs. John McLeod met her death. It appears Mr. and Mrs. McLeod were out driving, and when passing an encampment of gypsies about a mile from town, a horse became restless and Mrs. McLeod, in an endeavor to get out of the buggy, was caught between the wheels, receiving injuries which resulted in her death an hour afterwards. Mrs. McLeod was a Miss Green, and came to Kincardine after her marriage to Mr. McLeod, over 40 years ago, from the neighborhood of Toronto. Some 20 years ago they removed to Portage La Prairie, where Mr. McLeod carried on a successful business for a number of years, before returning to Kincardine about three years ago.

Mr. McLeod has been singularly unfortunate within the past two years, losing two sons by death, the Rev. Angus McLeod of Regina, and Duncan, who was killed in Germany. Mrs. McLeod has a son and daughter, Richard of Minneapolis, and Mrs. (Rev.) W. L. Rowland of Fort Williams. Rev. Charles Wallace, pastor of the Presbyterian Church, officiated at the funeral, which was held at Kincardine on Monday morning.

Some Difference of Opinion as to Methods, But Agreement for the Most Part.

Philadelphia, May 28.—The General Assembly of the Presbyterian Church had a busy day today, the chief feature being the adoption of the minutes covering the resolution in regard to the Revision Committee. On Dr. Moffat's initiative, the resolution was altered so as to read that the old committee had been dissolved and a new committee appointed, the old members, however, being eligible. Dr. Minton, the moderator, was made chairman of the new committee on Revision.

Vacancy and Supply.

The first order of the day was the report of the special committee on vacancy and supply, and finally the portion of the report on which all were agreed was adopted, the remainder being referred back to the committee, to be reported on at the next assembly.

Young People's Work.

Dr. Roberts, its chairman, had the report of the special committee on young people's work. The committee expressed the opinion that the pastor should be the recognized head of all departments of congregational activity, and therefore also the head of young people's organizations. The committee also presented a plan for the presbyterial and synodical supervision or "oversight" of young people's societies.

Much discussion was aroused over this paragraph: "In so far as an assembly over the whole of the church is concerned, it has been deemed best to confine supervision at present to the establishment of a standing committee on oversight, which will be composed of the members of the assembly."

APPEAL TO ARBITRATION COURT.

Berlin, May 28.—Special despatches from St. Petersburg assert that Dr. Hendrik Muller and Dr. Leyds, representing the Boer Republics, have appealed formally to the Hague arbitration court promising to abide by the decision of the tribunal regarding the issues involved in the South African war, and pointing out that several of the paragraphs of the constitution of the arbitration court, signed by the powers represented at the peace conference, bear directly upon the South African case.

THE REVISION COMMITTEE WHO CAUSED THE TROUBLE?

Too Much Discard at Last Night's Meeting of Members of Colored Baptist Church.

BAPTIST COUNCIL WILL ARBITRATE.

Chancellor Wallace, After Listening to Three Hours' Discussion, Unable to Settle Difficulty.

There was too much discard for us to reach the business for which the meeting was called," frankly confessed Chairman of the Board of Trustees of the Colored Baptist Church, the World at 11 o'clock last night. The meeting was a treat. All the members who by any possibility could attend were there. An aged and lame veteran member had to be conveyed in a coupe, which, after the meeting, was also called into requisition for the conveyance home of unaccompanied ladies members.

The pastor, who had been so politely asked to resign his important office, was present, but, as one official remarked, "he kept pretty quiet to-night."

No sinucure for Chancellor.

Rev. Charles Wallace presided. He had no sinucure. After fervid denunciations of the question which obtained was not the pastor, but "who caused the trouble?" The chancellor did not exact any money from the church, but he had no sinucure. After fervid denunciations of the question which obtained was not the pastor, but "who caused the trouble?"

Had Money in It.

Another brother vociferously made this declaration: "I've belonged to the church for twenty-five years and there's as much of my money gone into it as there's, who are trying to steal it."

Relief remarks by the chancellor and the pastor which, over two hours of demagogic oratory, resulted in consideration of a suggestion of which several members of the church, who had been called to the pulpit and the altar, were not called to the pulpit and the altar.

When the meeting adjourned a constable was called to the door to see that no disorder marked the locking up of the building. An ardent opponent of the trustees moved the resolution that all trustees ought to have been arrested. The majority of the members at the meeting were in favor of the resolution.

CHEQUES WERE WORTHLESS

Robert Montague Webb is in Police Custody to Answer Several Charges.

WAS TRACKED FOR OVER A WEEK.

And Caught Yesterday by Detective Davis—There Are Numerous Complaints Against Him.

Three charges of fraud were registered at the Court-street station last night against Robert Montague Webb, an insurance agent, who lives at 101 Parliament street.

The capture of the man is regarded as one of the most important arrests made in this city in some months, and is the result of a lot of hard work on the part of the Detective Davis. The officer has been on the track of Webb for over a week, but it was not till late yesterday afternoon that he succeeded in running him down at Victoria and Queen-streets.

It was charged that Webb passed worthless cheques on Reuben M. Chapman, Jeweller, 201 Yonge-street; H. H. Whitman of the Hooper drug store, 43 West King street, and W. F. McIntyre, local agent of the Sun Life Insurance Company, with offices at 22 Adelaide-street.

It is also stated that at least one of the cases involves the crime of forgery, and the prisoner may also be charged with this offence.

On Saturday, May 8, the police arrested Webb called on Mr. Chapman and entered into negotiations for the purchase of a watch valued at \$15. He intimated to the stockbroker that he wanted some engraving done on the case, which it was agreed was to cost 75 cents more. After promising to call for the watch the next day, he tendered in payment a cheque for \$25 on the name of Charles Gordon. He was handed his cheque and went out.

Webb is also alleged to have sent some dealings with A. C. C. & S. Co., tobacco dealer, 49 West King-street, who he gave a worthless cheque for \$250 for a small purchase and received the change. He also threatened his wife, succeeded in getting her to make good on a cheque which was signed by one W. Hughes, and made payable to the prisoner.

Webb was identified by Messrs. Chapman, White and McIntyre as the man who had been on the track of Webb for over a week, but it was not till late yesterday afternoon that he succeeded in running him down at Victoria and Queen-streets.

Ross of the Ottawa Journal and I. J. Tarte of the Patrie were examined by the commission.

Points of the Evidence.

The salient points in the evidence given by these gentlemen were that an organization among the paper-makers existed by which prices were fixed, and to whom all contracts had to be submitted; that each member of this organization had to deposit a sum of money ranging from \$500 to \$500, to be confiscated if they broke any of the rules it laid down; that this

organization had fixed prices advanced to the amount of the actual prices of its manufacture, thus unduly increasing the cost of news and printing paper, contrary to the provisions of section 18 of the customs tariff; that there existed an agreement between American paper-makers and the Canadian paper-makers whereby the former were not to invade the Dominion, or interfere with their prices, and that, since the commission had been formed, the mills had reduced their prices and recommended the allowance of discounts. It was further elicited that the object of the Canadian Press Association in securing the commission was to obtain the admission of English and American paper, free of duty, into the market—English preferred, because it was made from Canadian pulp—and that the effect of the alleged combine had been to suppress the small newspapers and not the large ones.

After hearing these witnesses, the commission adjourned to meet in Toronto next Tuesday, when the western newspaper men will be heard.
