30TH YEAR.

DAY

FOODS OF LAVA FROM MOUNT AETNA

Villages in Serious Danger—Volcano Has Become Once More a Terrifying Spectacle.

PROF. RICCO, director of Mount Aetna Observatory, says that the eruption is very grave, and that it will become much more serious. The lava has covered five miles in six hours, and if my calculations are right, the eruption will continue for at least a week.

CATANIA, Sicily, March 24.—Mount Aetna, whose eruptions in the past have wrought great destruction, is again in a state of activity. A pronounced movement within the crater which began last evening has steadily increased in volume, and to-night the gravest fears are entertained as to the results if the eruption continues in its present violent form.

From Catania, a correspondent notes in the direction of the mountain, passing the village of Mascali, twelve miles in a direct line from the crater, a thick curtain of smoke was encountered which entirely concealed Aetna.

At Nicolosi, ten miles from the crater, the entire population had gathered in the square to watch the volcano which appeared as a black phantom above.

Hot cinders covered the ground like a carpet, rendering walking difficult. A few feet further along, four colossal columns of black smoke could be observed. Occasionally they were cut by flashes of fire. It was an awe-inspiring spectacle. Then the wind opened the clouds for a moment and a wide strip of fire could be seen in the distance, advancing with monstrous contortions. It fell like a torrent from Mount Capriolo, and spread out in the valley below.

The lava flow, which has reached the vineyards above San Leo and Hinzuolo, seven miles from the crater, and has buried a large number of peasant's houses. In a narrow ravine, a stream of lava, one and a half miles wide, 20 feet in height, and 1500 feet wide. Its velocity was estimated at three or four feet a minute, according to the condition of the ground.

This mighty wall of lava was today not more than five miles from Bellasio and Bolognola. The meteorological station on the mountain side has been destroyed and the village of Bolognola is in serious danger. The populace, terror-stricken, are fleeing from their homes.

The lava shocks have reached about 20 in number, but were in a continuous vibration and trembling for many miles around. Everywhere the villages are carrying on in procession and imploring mercy.

Twelve new craters have been opened up in the volcano.

Help for the people of the devastated region is being organized here. A detachment of soldiers and a large number of engineers and doctors have come forward.

The prefect of Catania, returning from the scene this evening, said: "I witnessed a spectacle of desolation and ruin which only those who saw the eruption of Vesuvius in 1868 can imagine. The present eruption is compared to no other."

The authorities have issued orders that no one shall be permitted to go to the volcano, and soldiers have been placed in various points to see that these orders are obeyed. The village of Bolognola is surrounded by the lava and the inhabitants have fled to Bellasio.

Dr. Walter Craven, an Englishman, after his return to-day from Nicolosi, where he had photographed the lava, said: "Horrible! Catastrophe! The lava current is moving at the rate of about 100 feet an hour, and that it has passed over Mount San Leo. Cardinal Francesco Nava, Archbishop of Catania, visited Nicolosi this afternoon. The earth shakes continue."

Fielding is Off To Washington

Supposed to Have the Limit of Tariff Concessions to Which Canada is Prepared to Go.

OTTAWA, March 24.—(Special.)—John Mr. Fielding, minister of finance, left this afternoon for Washington, where he will meet President Taft in another conference over the tariff.

Mr. Fielding refused to give any information as to the stage which the negotiations have reached, but the prevailing impression is that when he left Mr. Taft at Albany, on Sunday, it was on the understanding that Canada, to save a tariff war, would grant certain concessions to the United States, if it is believed, therefore, that Mr. Fielding is now empowered to say what concessions Canada will give.

The cabinet were in session all afternoon.

PROGRESS ALL CANADA'S NEXT QUARTER CENTURY

That's Why U.S. Should Negotiate Reciprocity Treaty, Says Newly-Elected Congressman.

BOSTON, Mass., March 24.—Officers of Boston trade organizations were much pleased to learn that Minister of Finance Fielding is coming to Washington to confer with President Taft regarding the tariff. The organizations recently protested against the imposition of the maximum schedule.

The Canadian Club of Boston to-day sent a communication to Taft, expressing the earnest hope "that the president will use his compelling influence to avert the impending crisis."

The letter sets forth that the members of the club believe that the imposition of the maximum provisions of the Payne-Aldrich law "will be damaging alike to the port of Boston and the welfare of New England," and that "the only feasible course is in accord to Canada in a liberal spirit the benefits of our minimum tariff."

Eugene N. Foss, newly-elected Democratic congressman for the 14th district, said to-day:

"Canadian reciprocity is something for which I have been fighting steadily for eight years. My election, after my campaign for reciprocity plank, is certainly most encouraging. It indicates that the people are beginning to recognize in the votes the importance of the Canadian market for our products and the necessity of opening our markets to those of Canada. This line between Canada and the United States is all wrong. It should be removed and the commercial interests of the two countries should be one. The idea that the interests of a people in the next 25 years of this country, and that great market, greater than the whole of Canada, should be open to us."

"The Aldrich-Payne tariff destroyed the reciprocity features of the Dingley and McKinley bills and substituted a retaliatory clause that is vicious. It should be repealed. Our high prices show that we need the beef, mutton and pork of Canada, her wheat, her lumber and her other agricultural products."

Department of Public Works to Send Engineers Out at Once.

OTTAWA, March 24.—The department of public works, on the strength of a vote made this session, will send engineers to survey the proposed new route of communication between Montreal and Lake Champlain, and thence by the Hudson to New York.

TAX RATE CUT TO 17-4 MILLS

Board of Control Whittles Down Estimates and School Trustees Will Lop Off Another \$60,000.

Toronto's tax rate this year will be 17 1/4 mills.

This was decided on at a meeting of the board of control last night, to finish the work of pruning estimates. Controller Church and Foster held out for a reduction of 1 1/2 mills from last year's rate of 19 1/4 mills, and the board finally agreed to trim the estimates further with this end in view.

Even with the reduced rate, it is figured that the yield from taxes will be \$25,000 greater than last year, owing to the big jumps in assessments.

Must Cut Estimates.

In making the cut, however, the board must be careful, for, as Controller Church said, "I do not think you can get away with it."

The board of education will pay for the school year ending in June, 1910, \$1,000,000, which is \$60,000 more than last year's estimate.

Without starting the city departments, the board can save \$60,000, which will be used to pay for the school year ending in June, 1910, \$1,000,000, which is \$60,000 more than last year's estimate.

Without starting the city departments, the board can save \$60,000, which will be used to pay for the school year ending in June, 1910, \$1,000,000, which is \$60,000 more than last year's estimate.

Without starting the city departments, the board can save \$60,000, which will be used to pay for the school year ending in June, 1910, \$1,000,000, which is \$60,000 more than last year's estimate.

IS HE THAT KIND OF A GOAT?

THE FOX: Jump in, Billy, the water's fine.

CONFERENCE AT OTTAWA ON COMPANY OPERATIONS

British Columbia's Deputy Attorney General is On the Way East To Take Part in It.

VICTORIA, B.C., March 24.—(Special.)—H. A. Maclean, deputy attorney-general, has left for Ottawa to represent British Columbia at the conference arranged between the Dominion Government and the governments of the several provinces in respect of the status of companies provincially incorporated and which may extend their operations beyond the limits of the incorporating province.

British Columbia has many such companies engaged in business, many of them in the lumber, pulp, and paper industries, and it is hoped that the coming conference at an amicable adjustment of the company laws, federal and provincial, in Canada may be arrived at which will be satisfactory to all the parties concerned.

It is Mr. Maclean's intention to immediately after the conference, to take up with the minister of justice of Canada the questions in dispute between the Dominion and the Province of British Columbia in respect generally to Indian lands and fisheries jurisdiction.

Mr. Maclean will visit Toronto during April for the purpose of taking up with President Mackenzie the form of trusteeship to be created for the administration of the funds obtained by the sale of the provincially-guaranteed railway bonds and also the holding of the mortgage to be given by the Canadian Northern and the Canadian Northern Pacific to secure the faithful carrying out of the indemnification clauses of the important contract just entered into.

At the request of the Manitoba Government the grain growers' executive have nominated John Kennedy, J. McLennan, E. S. Estlin and W. C. Graham as commissioners to inaugurate the government-owned elevator system. However, Mr. Kennedy has refused nomination and it is understood that Kennedy and Estlin are persona non grata with the cabinet, who, as Mr. President McKenna's intention is to have the government party well-known. It is stated the government sought a pledge of secrecy from the grain growers as to their nominees.

David McNicoll of the C.P.R. is Now an Equire.

MONTREAL, March 24.—(Special.)—Apart from the honors to Sir Thomas Shaughnessy, the news which comes from Ottawa, Vice-President D. McNicoll is made an equire of the Order of St. John of Jerusalem, while Major L. R. Johnson and N. A. Giddow are honorary associates. The honors are given in recognition of the St. John's Ambulance service.

Sir Thomas became a Knight of Grace of the order, as announced in the cables three weeks ago.

KING MENLIK DYING.

ADDIS, Babia, March 24.—King Menlik was said this afternoon to be dying. In accordance with the decision of the chiefs, the emperor is to be deprived of all power of interference in the affairs of state. All of her appointments made among her favorites have been annulled. At present, it appears to be resigned to the enforced renunciation of the power herebefore wielded. The capital is tranquil to-day, and the safety of foreigners is assured.

C.P. GETS LAID

Has Acquired Three Blocks North of T. H. & B. Station—After New York Traffic.

Concurrent with the rumor of large purchases of land by the Canadian Pacific Railway in Toronto, in the vicinity of Yonge and Carlton streets, comes a story from Hamilton that three blocks of land to the north of the present T. H. and B. station, from McNab to Catharine, have been acquired by the same company. These blocks have been transferred to the Mercantile Trust Company for a Union Station and Hotel for the C. P. R. T. H. & B. and C. N. O.

It is undoubtedly apparent that the C. P. R. is beginning to enlarge on its small scale and considers the New York traffic as one of the most important sections of its Ontario business. It built the Sidbury branch in order to provide the quickest routes from Vancouver and Winnipeg to New York via Toronto. The C. P. R., as is well known, is not altogether satisfied with the Union Station arrangements in Toronto, nor does it care to be forced to use so much Grand Trunk track, and has, therefore, in mind an Ontario service of its own from Toronto to New York via Hamilton and Buffalo, this involving an independent track to Hamilton.

The number of rapid changes in the railway situation just now are indications of a growing movement in the C. P. R. from the far west to New York and vice versa. A new and independent station will most likely be built in Toronto; enlarged facilities are to be provided at Hamilton. This altered line will cut across the main line of traffic. There need be no diversion of traffic via North Bay, but the bulk can come to Toronto, and here split up to go direct to New York via Hamilton, the remainder to go eastward to Montreal.

It is significant that the sale of the Hamilton property has been conducted in the same quiet, mysterious way as the Carlton-street block has been handled. Few questions were asked; the price did not appear to be any object, and the transfer has been made in some unknown or the sale papers have merely been held in reserve in these changes, and bears out The World's prognostication that the C. P. R. has altered its attitude towards Toronto and Hamilton. It recognizes that these two blocks are to become large commercial and industrial centres, whose business must be secured, and facilities provided for their competitors. After a full in railway construction for a few years older Ontario will have only the eye of the Rhineland in expansion, which extends from coast to coast, and the hannel province to be the centre link in the transcontinental chain.

RAID ON THE CONTROL OF MONTREAL STREET RY.

MONTREAL, March 24.—(Special.)—There is a formidable movement afoot by a group of Canadian capitalists to secure control of the Montreal Street Railway and the Montreal Light, Heat and Power Co.

The statement is made to-night that they have already obtained a voting power of 40,000 shares of street railway stock, and will lay siege to the power company in a very short time.

A large scheme is presented in these changes, and bears out The World's prognostication that the C. P. R. has altered its attitude towards Toronto and Hamilton. It recognizes that these two blocks are to become large commercial and industrial centres, whose business must be secured, and facilities provided for their competitors. After a full in railway construction for a few years older Ontario will have only the eye of the Rhineland in expansion, which extends from coast to coast, and the hannel province to be the centre link in the transcontinental chain.

WELL-KNOWN JOURNALIST DEAD

Carroll Ryan of Ottawa and Montreal is No More.

MONTREAL, March 24.—(Special.)—The death took place to-day of Carroll Ryan, who edited the Ottawa Free Press and the Montreal Free Press, for a long time, being besides the aggressive correspondent of The Daily Witness at Ottawa. He was a soldier for many years, having joined the 100th Regiment in Canada, accompanying it to the old land and serving in the Crimean war.

His articles in the Daily Post at Montreal, and in the Daily Witness at Ottawa, were particularly anxious concerning the position of women in America.

Rev. Canon Michal.

OTTAWA, March 24.—A distinguished clergyman has died to-day, the death of Rev. Canon Michal at St. Charles Home, Water-street.

IMMIGRANTS HAVE FUNDS

Party of Two Hundred En Route Average \$2500 Up.

LONDON, March 24.—(C.A.P.)—A remarkable thing about the exodus of emigrants to Canada, is their co-operative wealth. The express for emigrants of British this evening takes 200 homeseekers, the poorest of whom possess more than £1000 each.

A RETROSPECT.

March 25, 1867.—Abolition of slave trade by Great Britain.

March 25, 1862.—In Kingston, Rev. John Travers Lewis, D.D., was consecrated Bishop of Ontario; this was the first episcopal consecration of the English Church in Canada.

March 25, 1886.—George Bennett, a discharged employe, shot Hon. George Brown in Globe Office, Toronto.

March 25, 1885.—The half-breeds acquired the public stores at Duck Lake.

Don't Risk It.

Do not go out on Easter Sunday in your old year hat. Your hat will help you to mark you as some thing of the old school.

The Diner Company are prepared to furnish you with the hat that is the accepted style either in New York or London, England. All prices from five to ten dollars. Store open until ten o'clock Saturday night.

For Easter Sunday

A NEW HAT MUST BE INCLUDED IN THE DECORATIONS.

This store of ours is a family affair in the matter of hats. We have them for the whole outfit. Exclusive millinery for the attractive end of the family and the best hats made anywhere on earth for man or boy. We are specialists on hats.

To-morrow will be Easter Saturday. We are waiting for a call from you so that we may be able to show you what is new in ladies' Millinery and men's Hats.

PARISIAN MILLINERY

We pride ourselves on the fact that we handle exclusive millinery. We import what is acknowledged to be "special" in Paris and New York. That is, we do not attempt to handle the extreme designs which are conspicuous only because of their exaggerated coloring and size. Our Ladies' Hats, while they are absolutely the very latest, are noticeable for the rich taste displayed, both in the trimming and block.

If you wish to know what is right on Fifth Avenue and the Bois de Bologne, you must visit our millinery display.

MEN'S HATS

You must surely require a new hat for Easter Sunday. And if you are going to do the thing up properly it will be a Silk Hat, besides your regular Derby or Alpine. Our display must interest you, because while every hat bears the name of a big maker, the price we ask is what you would pay to any other hatter. We have been selling hats for two generations, and have studied the hat business from every standpoint. We handle only the hats by makers who have "made good."

The Store will be open until 10 o'clock Saturday night.

DINEEN

140 YONGE STREET, TORONTO.

YORK COUNTY

NORTH TORONTO.

NORTH TORONTO, March 24.—(Special.)—No meeting of the parallel roads committee was held to-night, as was at one time contemplated. This was due to the fact that Chairman Frank Howe, who met with an accident during the week, was unable to attend. Mr. Howe is improving, and the committee will probably meet early next week.

For two days an immense tree which was being moved bodily, trunk, roots and branches, from York Mills to the city, has obstructed traffic on Yonge street. Yesterday afternoon, while opposite Dr. Doherty's residence, and being drawn by six heavy horses, one of the wheels of the truck collapsed, and the tree, between 30 and 40 feet high, is still stranded here. It is estimated that the cost of removal, cartage and replanting in the city will be about \$150.

Propose of the removal of this tree, one of the largest contracts along this line ever carried out in North Toronto, is that of the Government Land Company, on the Lawrence Estates Park, where within the last six months 500 large evergreens and maples have been transferred from distant points to their holdings here. Some of the maples are 10 feet in height, and the holes in which they were placed are said to have cost on an average of \$4 each to prepare. The work was carried on in the winter-time, and dynamite was used to facilitate the work. Two carloads of the evergreens were brought down on the Metropolitan from beyond Newmarket. The work was carried on under the direction of Mr. Lane, who is said to guarantee the life of the tree for the first year.

WEST TORONTO.

WEST TORONTO, March 24.—(Special.)—A. C. Jennings & Co. are offering an especially attractive proposition at 10 o'clock on Good Friday morning, when they will place on the market a large number of lots on Glenview, Rosdan and Eglinton-avenues at \$8 a foot, on Davisville-avenue at \$10 per foot, and on Sherwood-avenue at \$12 per foot. They are high and dry, close to one street, and will quickly grow into money. Metropolitan cars stop at Glenwood-avenue, and auto will take you to the spot.

The Robins Limited, are erecting a "some office on the east side of Yonge-street, immediately opposite Glen Grove-avenue.

Don't forget the public meeting in Bedford Park Anglican Church on Good Friday afternoon at 3 o'clock to decide on school site.

Nearly all the streets in town are dry and dusty.

THE SCOTCHMAN'S PLACE IN THE BRITISH EMPIRE

Dr. Logan Geggie Tells Empire Club About Admirable Traits of His Countrymen.

Rev. Dr. Logan Geggie, in an illuminating address before the Empire Club yesterday, on Scotland's contribution to the empire, illustrated the Scot's outstanding trait by the following story: "Ask an Englishman what he would take to sit all night on top of the St. James' Church spire, and he would reply 'Five pounds,' the Irish would say, 'Be jabbers, I would take a bad cold,' while the Scotchman would reply, 'What will ye gie me?'" That reserve and cautious procedure till the mind of the other fellow was known, was a strong characteristic of the race.

The Scot was also stubborn. He was likewise ruled by a desire to know things from the bottom up, and also to be in the right. His intellectual emanation was shown by the devotion which the people of Edinburgh give to the newspaper, The Scotsman, altho

HAMILTON HAPPENINGS

MISS CLARK OF NEW YORK IS NEW HOSPITAL SUPT.

Was Formerly of Dundas—No One to Blame For Port Credit Fatality—Bigamist Sentenced.

HAMILTON, March 24.—(Special.)—The hospital governors had a special session this afternoon and appointed Miss Clark of the Presbyterian Hospital, New York, as lady superintendent, in succession to the late Mrs. House, at \$800 a year. Miss Clark formerly lived in Dundas. Dr. Langgill, the medical superintendent, was authorized to engage an assistant lady superintendent, and it is likely that Miss Simpson will get the appointment.

The jury that investigated the death of Jacob Draughlin, the Toronto pedlar, who was fatally injured near Port Credit, on March 13, found that no blame could be attached to any one. Draughlin was struck by the train in Peel County, died in Halton County, and the inquest was held in Wentworth County.

Baseball Meeting Postponed.
At the request of the Toronto delegates, the meeting of the Inter-City Baseball League, which was to have been held this evening, was postponed until next Wednesday.

Prof. Morrison, Queen's University, lectured this evening to the Hamilton and Wentworth Alumni of the university, on "The Status of the Later Part of the 18th Century."

Harry Vottman, 41 Railway-street, was taken to the city hospital this afternoon with a broken leg. A truck load of baled rags fell on him.

The assize court will sit Friday in spite of the fact that it is a holiday. Justice Britton is anxious to dispose of the list as soon as possible. Fisher v. the Wilcox Doolittle Quarry Co. is still occupying his attention.

The C. N. R. has obtained options on four acres between Emerald and Wentworth-streets, north of Barton-street, for freight alighting.

EATON'S EASTER STORE NEWS

Men's and Boys' Clothing In Strongest Possible Position For Saturday Before Easter Sunday

The Easter Clothing selections of men and boys will be made here Saturday from gigantic stocks of the world's best goods. Certainly no Easter Saturday ever dawned upon so broad and varied an array of new Spring Clothing in this store. Tremendous importations of new fabrics from the British mills have been turned into garments of faultless style by our own tailoring staff. New York productions of the first grade are here in large assortment. It's the best that months of assembling can lay before you that this store has to offer for Easter Saturday.

IN THE OVERCOATS, choose from fabrics of surprising variety, including the favored fancy weaves. Never saw such overcoat selection in the greys!

IN THE SUITS, many fancy weaves are shown along with the smooth worsteds, and here, too, the showing in grey shades is wonderfully extensive, though not to the exclusion of the well-liked browns and drabs; and, while styles are plain, varied arrangements of buttons on sleeves and other little details lend a decidedly smart effect to many of the suits.

BOYS' BLOOMER SUITS, of an all-wool navy blue fine clay twill worsted; very smartly tailored; double-breasted coats with side vents and stitched cuffs on sleeves; loose-fitting strap and buckle bloomers; best quality trimmings; sizes 29 to 34. **7.50.**

BOYS' BLOOMER SUITS, nicely tailored from imported fancy tweed, in the double-breasted two-button coat with long lapels; neat pattern of grey mixture; strap and buckle bloomers; in size 29 to 33. Good value. **5.00.**

DOUBLE-BREASTED FASHIONABLE BLOOMER SUITS, in a medium shade of grey imported worsted; coats have belt and fancy stitched cuffs on sleeves; very full fitting strap and buckle bloomers; good quality linings; in sizes 25 to 28. Price **6.50.**

BOYS' SPRING WEIGHT REEFERS, in the popular fawn covert cloth which gives such serviceable wear and looks so smart and dressy; double-breasted styles with emblems on sleeves; Italian cloth lining; in sizes 21 to 28. Price **4.50.**

BOYS' THREE-PIECE SUITS, stylishly tailored from fancy English worsted fabrics; the patterns are new and come in a pretty shade of grey; coats are made on the double-breasted model; knee pants; in sizes 29 to 33. **7.50.**

IN THE BOYS' CLOTHING, the most elaborate preparation in materials and color effects has been made. The variety in the Spring Reefers alone is really astonishing—if not astounding, while no adequate idea could possibly be given of the extraordinary selection in the suits—and especially in the fashionable Bloomer Suits.

Men and boys will find this store supremely ready to satisfy every possible clothing requirement on this "Saturday before Easter Sunday."

MEN'S BLACK SUITS, of rich soft-finished English vicuna cloths, made in three-buttoned sack, stylish **EATON BRAND**, with long lapels, broad shoulders, hand-felled close-fitting collars, hair cloth front, hand-worked buttonholes; best trimmings. **15.00, and 20.00.**

YOUNG MEN'S SMART SUITS, for stylish dressers, new weaves of fashionable stripes, in greys, olives, smoke and brown, three-button single-breasted sack with long lapels and dip fronts, fine twill linings; sizes 33 to 37. Price **14.00.**

SMART DESIGNS IN THE POPULAR GREYS, large assortment with pin stripe, very latest colorings, single-breasted styles, made from American models; a young man's suit in every respect. **16.50.**

MEN'S SUITS, single-breasted **EATON BRAND**, made from British worsteds, new weaves, latest colorings, olive, brown, London smoke and greys with colored thread stripe; coats mostly hand tailored; hair cloth extends to bottom of coat in front; collars are hand-felled and shoulders well built; best trimmings. **15.00 and 16.50.**

Store Closed All Day To-day----Shop in the Morning Saturday

1200 Stylish Spring Shirts Saturday at 50c Each

Plain negligé style, small cuffs attached; made from fine quality shirtings, in fast washing colors; latest spring patterns in large assortment; dressy stripes in grey and green, tan and green, blue and white and other such fashionable combinations; cut on full, generous lines and well made; sizes 14 to 17½. Most of these are offered at less than the maker's price. It's an inducement to quicken the Easter business in the early part of the day. Your choice, each, **.50.**

Extra Good Value in Men's Suspenders

These Suspenders are easily worth the price we offer them at Saturday, and they should be cleared out very quickly.

Made of fine elastic web, cross back style with cast off white kid ends, slide buckles, and neat designs. Saturday, pair **.25.**

Half Price for Men's Neckwear 25c

For spring wear you could not wish a better Tie than any in this lot, and if you have not supplied yourself for the coming season, you could not do better than visit the section early Saturday morning. About 100 dozen, folded end four-in-hand style, the fashionable stripes for spring are well represented in this lot, in medium and dark shades. At half price **.25.**

Powerful Picture Attractions

Including both landscapes and figures, framed in gilt and dark brown moulding; the frames are 20 x 24 inches, inside measure, have richly ornamented corners and fancy mountings at the centre of each side, some 3 inches deep. (See Queen Street windows.) Saturday's clearing price **.49.**

2c Per Foot for Frame Mouldings

Such a price for High-Grade Picture Frame Moulding fixes the cost of framing your art treasures extremely low. Do not put it off for a day, for we cannot guarantee these prices even so far ahead. Choice between 25 different gilt and dark mouldings from 1 to 2 inches in width. Saturday per foot **.2.**

High-Grade Water Colors \$2.98

This is a sacrifice price. We have more handsome water colors than we can accommodate, so make this price to clear them out.

The pictures are all well executed, original water colors, mounted in a gold mat, surrounded by a gilt frame, carefully mounted, swept with gold and burnished. The frame alone would be excellent value at the price; size 12 x 16. Saturday clearance **2.98.**

THIRD FLOOR.

Do You Know the Origin of the Easter Bunny?

Childish voices are asking why the rabbit is seen with the eggs and the chickens that fill the shop windows and showcases, and grown-up minds are not all in a position to supply the reason. The legend that established the hare as a symbol of the Easter-tide is not generally familiar. It is of German origin and runs as follows:

Many years ago, during a cruel war, the Duchess of Lindenberg, with her two children and an old servant, fled for safety to a little obscure village in the mountains. She found the people very poor. And one thing that surprised her, much was that they used no eggs. She learned that they had never seen or heard of hens. And so when the old servant went off to get tidings of his master and the war, he brought back with him some of these barnyard birds.

The simple village folk were greatly interested in the strange fowl, and when they saw the tiny yellow chickens breaking their way out of the eggs they were full of delight; but the duchess was saddened by the thought that Easter was drawing near and that she had no gifts for the little mountain children. Then an idea came to her: she would use some of the eggs. So she made bright dyes out of herbs and roots and colored the eggs, because the spring was beginning to color the earth with leaves and flowers. Then the children were invited to visit the duchess, and she told them stories of the glad Easter Day, and afterwards bade each make a nest of moss among the bushes. When they had all partaken of the little feast provided in their honor, and went back to the woods to look at their nests, lo, in each were five colored eggs!

"What a good hen it must have been to lay such beautiful eggs," said one child.

"It could not have been a hen," said another. "The eggs that the hens lay are white. It must have been the rabbit that jumped out from the tree when I made my nest."

And all the children agreed that it was the rabbit, and to this day the mystic bunny is supposed to bring eggs and gifts at Easter to the little children of the "Fatherland" who have been loving and kind during the year.

The acceptance of the hare has become universal. It shares the prominence of the egg and the chicken in the various displays of Easter favors in our own midst. In Toyland at Eaton's there are rabbits of cloth, wool, cardboard, etc., large bunnies, small bunnies, white bunnies, grey bunnies and brown bunnies—a joyous array to the small child, and a bewilderment of choice to the parent intent on selection.

The exhibition of eggs is more comprehensive than ever before, and one marvels at the ingenuity displayed in the adoption of the idea to such a multitude of purposes. There are large cardboard eggs containing dolls with complete trousseaux, others containing the furniture of a doll's home, others still the inhabitants of a Noah's ark. And in the fifth floor and main floor candy sections are big candy eggs that serve as boxes for smaller candy eggs and cream and chocolate eggs in china egg cups ready for eating, and chocolate chickens that look almost too nice to eat. Then there are fluffy little chickens that wobble their heads, chickens that squeak and chickens on wheels.

The quaintness and prettiness of the different tokens would tempt you to purchase, even if affection failed to prompt the giving of the seasonable remembrance. And as there's but one day left in which to buy these Easter novelties, the wisest buyer will see that such things are purchased before the inevitable rush of the day starts.

The Broad Selection in Men's Easter Hats

The choice of the Easter Hat is here rendered as all-satisfying as a world-gathering tour, and a desire to overtop the heaviest spring business yet done can make it.

In the Soft Hats and in the Stiff Hats—in Hats of every approved color—this store has prepared for Easter most extensively. In the spring hat, frequently a little "color" is preferred to the sombre black; we're superbly ready to meet that desire. And the Soft Hat is much sought because of its easiness on the head; here THAT leaning is more than anticipated. And in the Derby Hat the range of qualities, shapes, sizes and makes is too diversified to even hint at; all the foremost English and American makers are well represented.

And the prices attest to the power of quantity buying in its largest form to make for values of the strongest nature.

A Derby Hat, with medium brim, full crown, silk trimmings, and calf leather sweatband, in black only, is a smart dressy style at **\$2.00.**

Our \$5.00 flexible derby is of a very fine quality fur felt, conforms comfortably to the head and will stand a reasonably hard strain without being permanently put out of shape. New style for spring, roll brim and full crown. Cushion sweatband of Russian calf leather. Price **5.00.**

A Fedora Hat, of style and quality, is our English fur felt with a high tapering crown and medium roll brim. Russian leather sweatband. Color slate, with wide silk band and binding of same shade. New spring style. Price **3.00.**

For young men a Soft Hat of olive green shade, has full and fairly high crown, which may be worn in different styles; the brim is slightly rolling with turned and stitched edge and is worn with dip front. Calf leather sweatband. Price **2.00.**

MAIN FLOOR—QUEEN STREET.

Children's Headwear

A wide range of Varsity Caps, unlined, with taped seams, at **.25, .35, .45 and .65.**

Scarlet Serge Skidoo Caps, with black near leather lined, **.45.**

Tam o'Shanter's in cloth and leather, the very newest for spring, at **.59 to \$1.50.**

MAIN FLOOR—QUEEN ST.

THE DELEGATES ARRIVE FOR C.L.A. CONVENTION

Hot-Fight Promised For First Vice-Presidency—Gossip of Lacrosse Representatives.

It looks like a revival of lacrosse this year, judging from the enthusiasm shown by the advance guard of delegates that arrived last night for the C.L.A. convention to-day.

Outside of the contest for first vice-presidency the only election is for club, when ten are to be elected out of 17 candidates. They are as follows: Woody Teggart, Charles Hocking, Ernie Teggart, Toronto; J. Edward Hinds, Orillia; T. E. Bell, Bradford; A. E. Rankin, Owen Sound; Charles Mitchell, Dundas; Thos. Maclean, Brampton; J. A. Hewitt, Guelph; Frank Oliver, Lindsay; Dunc. McMillan, Beaverton; Dr. McMillan, Beaverton; Dr. Groves, Fergus; Wallace, Woodbridge; Jos. E. Immel, St. Catharines; Dr. Scribner, Elora.

The amendments to be considered at the convention to-day are as follows: 1. Rutherford—To change the age limit in the juvenile series to 18 years. 2. Ernie Knott—To have a senior series without a residence clause. 3. B. McGuire—To pay expense money at half-time, instead of advertised time of match.

J. K. Forsyth—No championship game shall be started later than 4 o'clock p.m., unless both teams interested agree. B. McGuire—Fine of \$5 for any club that fails to commence game for more than 30 minutes.

R. Richards—Local referees to be paid \$2.50 for juvenile games, \$3.00 for other club than the one to which he belongs. Penalty is suspension for himself and the club for which he played.

Thos. J. Mackie—That no restriction be placed on the number of players on a team. That they be allowed to play as many junior games as they desire and also play juveniles.

Royal Riverdales Make New Record By Rolling 1162

The Royal Riverdales in the Class B City League last night established a new record when they rolled 1162 their last game, every roller being over the 200 mark but one.

TUBES THE TRUE REMEDY.

The street railway policy is gradually coming to light. Manager Fleming developed it slightly in his letter yesterday, declining to have anything to do with the city proposals for an extension in Rosedale. The Evening Star follows this up in an editorial, deprecating the tube scheme, which it declares to have been undigested, and which it still regards "in the light of a luxury which the city cannot afford for many years to come."

The Star has much to say about the report on the tubes prepared by Mr. Moyes, but it is presented to the council. The Star's successful candidate for the mayoralty may be able to throw some light upon this and the correspondence which followed.

What The Star says is to be carefully noted. It is the street railway ultimatum, when taken in connection with Mr. Fleming's letter.

The immediate need of the city is service in the outlying districts, and the city can afford to take its time about tubes, devoting its more immediate efforts to the securing of surface lines to accommodate the suburbs.

The Star says that we must devote our time to securing accommodation for the suburbs, and Mr. Fleming declares that he will not deal with the city. The Star says that tubes are for the future, but we must secure the surface lines now.

HOUSE OF LORDS REFORM.

Lord Rosebery's three resolutions for reform of the house of lords had academic rather than practical interest. Two of them passed without objection—those affirming that a strong and efficient second chamber is not merely an integral part of the British constitution, but necessary to the well-being of the state and the balance of parliament, and that a second chamber can best be obtained by reforming the house of lords.

Mr. Asquith's resolutions, which he will ask the house of commons to adopt, have been tabled, and like Lord Rosebery's, include three propositions—that the lords shall have no say whatever in financial legislation, that in general legislation they shall have only a suspensive right, and that the duration of parliament be limited to five years.

ervative majority or to compel a general election whenever that majority holds the Liberal party to be without an electoral mandate. There is, of course, no likelihood that the peers will accept such a limitation of their powers, and their rejection of the premier's resolutions or their declination to consider them, will be followed by another appeal to the people. As the government have only taken a supply vote for some weeks, they evidently expect the crisis towards the end of May.

The eager, active, nervous hen is the one that is the profit maker, says the poultry expert. Reporters please note, adds the city editor.

As between the power of the dead hand and the freedom of the British representative system, Canada should have no difficulty in choosing.

Tariff reform is a live issue in the United States. Canada cannot add the movement by standing pat. But the omens unfortunately are otherwise.

THE BANK OF BRITISH NORTH AMERICA.

Those who are concerned in the larger aspects of the commercial situation will find much to interest them in the address of Mr. E. A. Hoare, the chairman, at the recent meeting in London of the shareholders of the Bank of British North America. Mr. Hoare reviewed the whole field, noting what was good and promising, but also pointing out where danger lies. The eyes that he used for gaze were evidently keen for the duty assigned to them. He pointed out, also, what some Canadians may not have apprehended, that the large recent increase in Canadian bank deposits is due in great part to the investments of British capitalists in this country's securities.

BOYS WILL BE BOYS.

WASHINGTON, D.C., March 24.—Secretary Dickinson has won his long fight to secure amelioration of the law regarding hazing at West Point, and no longer will every cadet guilty of some trifling horseplay at the expense of some newcomer be subjected to the unvarying rule of expulsion.

that a time of stress might cause. It has been extending its business in Canada, the number of its branches being now sixty-eight, or forty-four more than seven years ago. Last year's net profits of the year reported were \$494,705, a good increase over the figure of \$408,000. They, with the balance from the preceding year, were appropriated, \$249,486 in dividends to the shareholders, \$7,333 to the reserve fund, and \$238,000 to reduce the bank premises. The assets statement. The officers' pension funds were remembered, and a liberal bonus was voted to the staff. The record was all thru a creditable one.

RAN OFF WITH STREET CAR.

BRANTFORD, March 24.—(Special.)—For taking a street car from its terminus in West Brantford, during the absence of the conductor and motor-man, and operating it at a mad pace several blocks up street, Frank Kelly was fined \$25 and costs. The railwaymen were severely reprimanded for leaving their car unprotected.

Judge's Chambers.

Before the Chancellor. Harrison v. Madill—H. S. White, for defendant. M. L. Gordon, for plaintiff, contra. An appeal by defendant from the order of His Honor Judge Huycke of Peterboro. Judgment: I think the weight of authority is in favor of the contention that if the defendant will not eliminate the statement as to his full belief of the truth, that he should give particulars of the grounds of his belief. If he pleads simply privilege without allegation as to bona fides and truth, a case cited goes to show that particulars will not be ordered, but I doubt whether that course will be followed in the present case. As to the plea of apology there is no need to add words qualifying the written apology, which is in any sum. Appeal dismissed and judgment affirmed with costs.

Divisional Court.

Before the Chancellor, Magee, J., Latchford, J. Hough Lithographing Co. v. Morley.—An appeal by plaintiffs from the judgment of the county court of York of Jan. 19, 1910. Plaintiffs' action was to recover from defendant, sued as a partner in "Non-alcoholic Beverage Co.," \$228.47, claimed to be balance due for lithographing work. Judgment: We do not see how the plaintiff can escape from the payment of the liability. He is primarily liable, as he ordered and procured delivery of the goods used for. Taking his own version of the case, he did this in the name of Non-alcoholic Beverage Co., and for the purpose of the company, which was then about to be formed by the junction of three others with himself. But according to the defendant this company never came into existence. We cannot agree to the view that the original claim was in any sense affected against the defendant by a judgment on the note against another who jointly liable. The right to recover may also well rest on the new promise to pay made upon the urgency of the plaintiff for a settlement in May, 1909. Both parties knew all the material facts and the fact that judgment was recovered on the note, whether known or not to the defendant, was not important, seeing that he knew how the note had been given. The judgment should be reversed and entered for the plaintiff, with costs below and on appeal.

Court of Appeal.

Before Mulock, C.J.; Clute, J., Sutherland, J. McKim v. Ontario Seed Co.—W. M. Reade, K.C., for defendants. C. P. Smith for plaintiff. An appeal by defendant from the judgment of the county court of York of Feb. 2, 1910. Plaintiff's action was for \$14.51 for advertising for defendants for six months under contract with the Ontario Seed Co., whose assets were afterwards transferred to the Ontario Seed Co. Ltd. At the trial judgment was given for plaintiff for the full amount claimed, and this appeal is from that judgment. Appeal dismissed with costs.

County of Appeal.

Before Moore, C.J.O.; Ostrer, J.A.; Garrow, J.A.; MacLaren, J. A. Davies v. James Bay Railway Co.—E. D. Armour, K.C., and R. B. Henderson, for the railway company, appeared from an award under the Railway Act of Canada by Judge Morgan, N. Silverthorne and J. T. Small for the arbitrators. C. H. Ritchie, K.C., and J. Pearson, for J. A. Davies, claimant, respondent. Judgment: The amount of the award is reduced to \$20,000. No costs of appeal.

Attorney-General v. Devlin—G. H. Kilmer, K.C., for the attorney-general, appeared from the judgment of Latchford, J., dismissing the action with costs. J. H. McCurry (North Bay), for defendant. Judgment: Appeal allowed. Judgment avoiding the patent issued to the defendant. No further relief and no costs of action or appeal.

Attorney-General v. Devlin—G. H. Kilmer, K.C., for the attorney-general, appeared from the judgment of Latchford, J., dismissing the action with costs. J. H. McCurry (North Bay), for defendant. Judgment: Appeal allowed. Judgment avoiding the patent issued to the defendant. No further relief and no costs of action or appeal.

Attorney-General v. Devlin—G. H. Kilmer, K.C., for the attorney-general, appeared from the judgment of Latchford, J., dismissing the action with costs. J. H. McCurry (North Bay), for defendant. Judgment: Appeal allowed. Judgment avoiding the patent issued to the defendant. No further relief and no costs of action or appeal.

Attorney-General v. Devlin—G. H. Kilmer, K.C., for the attorney-general, appeared from the judgment of Latchford, J., dismissing the action with costs. J. H. McCurry (North Bay), for defendant. Judgment: Appeal allowed. Judgment avoiding the patent issued to the defendant. No further relief and no costs of action or appeal.

Attorney-General v. Devlin—G. H. Kilmer, K.C., for the attorney-general, appeared from the judgment of Latchford, J., dismissing the action with costs. J. H. McCurry (North Bay), for defendant. Judgment: Appeal allowed. Judgment avoiding the patent issued to the defendant. No further relief and no costs of action or appeal.

Attorney-General v. Devlin—G. H. Kilmer, K.C., for the attorney-general, appeared from the judgment of Latchford, J., dismissing the action with costs. J. H. McCurry (North Bay), for defendant. Judgment: Appeal allowed. Judgment avoiding the patent issued to the defendant. No further relief and no costs of action or appeal.

Attorney-General v. Devlin—G. H. Kilmer, K.C., for the attorney-general, appeared from the judgment of Latchford, J., dismissing the action with costs. J. H. McCurry (North Bay), for defendant. Judgment: Appeal allowed. Judgment avoiding the patent issued to the defendant. No further relief and no costs of action or appeal.

Attorney-General v. Devlin—G. H. Kilmer, K.C., for the attorney-general, appeared from the judgment of Latchford, J., dismissing the action with costs. J. H. McCurry (North Bay), for defendant. Judgment: Appeal allowed. Judgment avoiding the patent issued to the defendant. No further relief and no costs of action or appeal.

Attorney-General v. Devlin—G. H. Kilmer, K.C., for the attorney-general, appeared from the judgment of Latchford, J., dismissing the action with costs. J. H. McCurry (North Bay), for defendant. Judgment: Appeal allowed. Judgment avoiding the patent issued to the defendant. No further relief and no costs of action or appeal.

Attorney-General v. Devlin—G. H. Kilmer, K.C., for the attorney-general, appeared from the judgment of Latchford, J., dismissing the action with costs. J. H. McCurry (North Bay), for defendant. Judgment: Appeal allowed. Judgment avoiding the patent issued to the defendant. No further relief and no costs of action or appeal.

Attorney-General v. Devlin—G. H. Kilmer, K.C., for the attorney-general, appeared from the judgment of Latchford, J., dismissing the action with costs. J. H. McCurry (North Bay), for defendant. Judgment: Appeal allowed. Judgment avoiding the patent issued to the defendant. No further relief and no costs of action or appeal.

Attorney-General v. Devlin—G. H. Kilmer, K.C., for the attorney-general, appeared from the judgment of Latchford, J., dismissing the action with costs. J. H. McCurry (North Bay), for defendant. Judgment: Appeal allowed. Judgment avoiding the patent issued to the defendant. No further relief and no costs of action or appeal.

Attorney-General v. Devlin—G. H. Kilmer, K.C., for the attorney-general, appeared from the judgment of Latchford, J., dismissing the action with costs. J. H. McCurry (North Bay), for defendant. Judgment: Appeal allowed. Judgment avoiding the patent issued to the defendant. No further relief and no costs of action or appeal.

Attorney-General v. Devlin—G. H. Kilmer, K.C., for the attorney-general, appeared from the judgment of Latchford, J., dismissing the action with costs. J. H. McCurry (North Bay), for defendant. Judgment: Appeal allowed. Judgment avoiding the patent issued to the defendant. No further relief and no costs of action or appeal.

Tea That is Always Fresh

"SALADA" is grown in the finest tea gardens of the island of Ceylon, picked every day and reaches you not later than fifteen weeks after being gathered. Its native purity and fine flavour are preserved in air-tight sealed "SALADA" packets. You are guaranteed tea of unvarying good quality.

"SALADA"

Ask your grocer for a package to-day. You'll like it.

A Royal Brew!

A good many men say that "Gold Label" is the finest Ale that we have ever brewed.

It's all a matter of taste. If you prefer a rich, old, creamy ale—that proves its quality by its delightful flavour—just try "Gold Label."

Every bottle sealed with an easily opened "Crown" stopper.

The ADAMS FURNITURE CO., Limited, CITY HALL SQUARE

AT THE THEATRES

"A Fool There Was."
The seat sale for the engagement of Robert Hilliard in "A Fool There Was," which opens next Monday at the Princess Theatre, and continues throughout the week, will begin appearing. One result of this distinguished actor's many visits to this city has been the establishment of a large and enthusiastic personal following, and if box-office reports may be taken as a criterion, that following intact intends greeting him upon his first appearance here in the play which has proved to be the most successful vehicle he has ever had. "A Fool There Was," is the play by Porter Emerson Browne, founded upon Rudyard Kipling's "Vampire" poem, which took

completed comedian than James T. Powers, in fact, he is almost alone in the field. He is fitted for it by his build and his voice and practice has developed these excellent possibilities to the utmost. In "Havana" Mr. Powers plays the part of a matrimonial outlaw, the Bos'n of the "Wasp," which character, it is said is the best part of his whole career. "Havana" should prove a welcome attraction since it is credited with being an exquisite gem of dainty musical and picturesque grace.

"The Man of the Hour."
"The Man of the Hour" is the next week's attraction at the Grand Opera House. It needs little introduction. This fascinating play of American conditions has been seen by three millions of players from coast to coast. It grips and keeps hold. It is as witty and vital as the night it was first played, and fascilights existing conditions accurately and amusingly. It is peopled with flesh and blood characters. Its love story is human and

charming. It contains more laughs than many a farce. It sparkles with witty epigrams that have found place in the talk of the period. It causes discussion in magazines and editorials. It has had more endorsement from eminent public men than any other American play. The Broadhurst play will be presented with all the usual care as to detail and scenic environment that are characteristic of the Wm. A. Brady and Jcs. R. Grier productions. The cast will be made up of players only available heretofore for the long runs in New York, Boston and Chicago. The engagement opens with a special matinee Easter Monday.

New Majestic Music Hall.
Fields and Lewis, in their own original version of "The Hanson Cat Masquerade," a ludicrous sketch, in which the comedy is contagious, will be the feature attraction next week at the New Majestic Music Hall. Others billed are Girard and Gardner, offering a sketch called "Dooly and

the Diamond," which is full of amusing incidents; May Tully and Co., presenting a one-act playlet, "Stop, Look and Listen," a realistic piece which deals with the experience of a country miss who is stage struck; Hallen and Hayes, who styl themselves "The Daffy Dancing Comedians"; Alva Yorke, a clever character comedian; Miller Brothers, grotesque acrobats, and Roman ring artists, and others.

"The 20th Century" at Shea's.
Nothing that has ever been produced in vaudeville has had the thrills and delightful atmosphere that marks Jesse L. Lasky's sensational romantic musical comedy, "The Twentieth Century," which heads the bill at Shea's Theatre next week. The special attraction for next week is Stuart Barnes, the American monologist, and no greater favorite ever plays Shea's. Other big acts included in next week's bill are: The Six Fixing Bananas, Gordon-Pickens Co., El Cota, J. Rube

over thirty artists, well known, headed by the two well-known comedians, Harry Marks Stewart and Larry Smith, presenting two mirth provoking farces, "Key and Schmulky" and "The New York Tomb," assisted by the entire company. In the olio are such well known people as Smith & Champion, Hazelton & Davis, comic songsters and dancers, Ruby Matton and Amy Thompson in a refined musical act, Harry Mark Stewart and a corps of twenty charming ladies. The costumes worn are said to be marvels of beauty and reflect great credit on the modiste. The scenic and electric effects are also a feature of the performance and no detail has been overlooked to make this one of the best equipped organizations traveling.

Mr. Foster Appeals.
Hon. George E. Foster has filed an Osquode Hall notice of appeal from the decision of Mr. Justice Magee and a jury dismissing his libel action against J. A. Macdonald.

Washington Society Girls.
The management presents the above popular organization in a new departure in burlesque at the Star next week. It is composed of a company of

THE WEATHER

OBSERVATORY, Toronto, March 24. 8 p.m.—Summerlike temperatures have prevailed in Ontario, while in the western provinces there has been a change to cold. Light frosts in the west have fallen to-day in Manitoba, and light showers have occurred in the Lake Superior district, while in other parts of Canada the weather has been fine.

Probabilities.—Lower Lakes, Georgian Bay, Ottawa Valley and Upper St. Lawrence—Fresh southwesterly and westerly winds; mostly fair and warm, with a few local showers and a change to cooler at night.

THE OPPORTUNITY OF A DECADE

Householders, Students and Music Lovers Eager to Test the Claims of the Mason & Risch Great Stocktaking Sale.

Splendid Instruments at Half and Less Than Half-Price Shown to Be Actual Fact.

Many who read the initial Mason & Risch stock-taking sale announcements could hardly believe that the Mason & Risch stock would be subjected to a reduction in price, as the reputation of the firm for moderate charges and ample value-giving at all times is well known.

As the sale advanced, however, skepticism changed to belief, and belief to unbounded enthusiasm, as customers passed from instrument to instrument in the company's King-street warehouses, and inspected the large red tags giving the regular price and the special sale price of each piano.

Splendid pianos, quickly sold as low as \$247 and upwards. Fine used pianos cleared at \$170 and upwards.

For Saturday the offerings are even more tempting, as a music room has been created on the sales floor for greater bargains from store-room stock.

The spirit of absolute disregard of cost and a disposition to close out every instrument in the whole big building permeates every department and the story of Saturday's business presents years of desire on the part of many a Toronto home, will then be made good.

Saturday evening until 10 o'clock the big warehouses will be in the hands of the special sales staff, extra salesmen being on hand to give personal attention to every inquirer. Visitors cordially invited. No obligation to purchase. Address Mason & Risch Piano Company, Limited, 32 West King-street, and prices reduced promptly by mail to out-of-town customers.

Sporting Notes.
The 8th annual regatta of the National Association of Amateur Oarsmen will be rowed on the Potomac River at Washington, D. C., on Saturday, July 23 and 24, as formerly announced.

At Louisville, Bob (Robert L.) Tucker, well-known horse owner and trainer, died suddenly at his home of heart failure.

At Oakland, Cal., yesterday and today, the 10th annual regatta of the National Association of Amateur Oarsmen will be rowed on the Potomac River at Washington, D. C., on Saturday, July 23 and 24, as formerly announced.

At Louisville, Bob (Robert L.) Tucker, well-known horse owner and trainer, died suddenly at his home of heart failure.

Special arrangements are being made to handle the holiday travel on all trains, and avoid all possibility of crowding, etc.

Revised Civic Service Dates.
The following is the revised list of dates for the Civic Service Bowling League: Tuesday, March 29—City Hall B. v. Parliament A.

Removal of Station.
The city engineer will get together the necessary information as to "damages and inconvenience" for presentation to the Dominion Railway Board.

WINDSOR, March 24.—(Special.)—The railway commission meet in Windsor to-morrow morning in reference to locating the new M. C. R. tunnel station, which has been a cause of dispute between the company and city for a year.

Johnston Still Out on Bail.
NEW YORK, March 24.—Jack Johnson, the heavyweight champion pugilist, appeared before Judge Mulvihill in the general sessions to-day, signed a renewal of the bail bond on which he was released yesterday and made a little speech on the status of the case against him, growing out of his alleged assault on Jess Willard, a fellow-African.

Fifteenth Annual Canadian Whist Tournay Started

The fifteenth annual Canadian Whist Tournament started yesterday at the King Edward Hotel, with the largest number of players in the history of the tournament.

Many Americans are here, while more will be here to-day, those here now being Mr. and Mrs. McDermid of Cincinnati; Mr. and Mrs. Fry, Chicago; Mr. and Mrs. McQueen and Mr. Potter, Cleveland; Mr. S. S. Lane, New York; Mr. A. J. Hillyar, Cleveland, while half a dozen players are here from Montreal and representatives present from London, Collingwood, Woodstock, Hamilton and Lindsay.

This morning the tournament will get down to the big event, when the preliminary of the Goodall Challenge Trophy will be started.

You talk about your clever magicians and other sleight of hand artists, but Mr. Sidney Lane of New York will show you a few tricks with the cards that will open your eyes.

The scores of the first day were as follows:
Afternoon Scores.—
—Michell, Game—North and South—McQueen and McDermid, plus 6.

—Leonard and Galloway, plus 7
Hyman and Eaves, plus 3.
Connolly and Beharrell, plus 2.

—Mrs. McArthur and Mrs. Evans, plus 1.
Higgins and Broughall, average.
Verral and Ritchie, average.

—East and West.—
—Leonard and Galloway, plus 7
Hyman and Eaves, plus 3.

Thursday, April 8—City Hall B. v. Parliament B.

HOT X-BUN IS POPULAR THIS DAY WE EAT 'EM

One Baking Firm Will Put Out
100,000 of the Toothsome
Confection.

Involving ceremonies and rites to indicate the relation between himself and the spiritual world, man has never entirely forgotten the fundamental truth that he is a physical being, to whom eating is an important fact.

To every holiday he dedicates some particular edible. Turkey for Thanksgiving and Christmas Day, eggs for Easter, and for good Friday—hot cross buns.

It was the custom when England was severely known as "Merric Olde England," for the bakers to work overtime to satisfy the appetites of their customers with a plentiful supply of hot cross buns. In addition, the model housewife provided her household with these of her own baking for the Good Friday breakfast. Quite a feature of the old days was the youngster who, basket on arm and bell in hand, perambulated the streets with his shrill announcement of:

"Hot Cross Buns! One a penny! Hot Cross Buns!"

"If your daughters don't like 'em, 'em to your sons!"

Other times, other customs, and in Toronto, our up-to-date bakers utilize leather-lunged vendors, but by printed notices displayed in shops and restaurants call attention to the fact that they will receive orders for the symbolic confections which will be delivered on time for the Good Friday breakfast.

That the hot cross bun has become little of its popularity in Ontario is borne out by the fact that one company baked 100,000, which will be distributed not only in Toronto, but despatched to such widely separated towns as Owen Sound, Valleyfield, Sudbury and Windsor.

"Good Friday is the busiest season of the year for the baker," said H. C. Naylor.

Other bakers state that their orders for the year show no falling off, which is substantial proof that the popularity of the hot cross bun is not yet on the wane.

SOCIETY NOTES

Mr. and Mrs. Joseph Nurse of Erin, Ont., announce the engagement of their daughter, Edith M., to Mr. Walter F. Johnson of Ashgrove, Ont. The marriage will take place in April.

Mr. and Mrs. George A. Ingram and Mr. Norman, of St. Thomas, are visiting Mr. A. B. Ingram, 22 Palmerston-st., Toronto.

Mrs. Beatty and Miss Norton Beatty, who have been spending the winter in California, are expected home next month.

Mrs. Martin Graham has returned from Ottawa, where she was the guest of Mrs. H. P. Wright.

Mrs. Bill, London, Ont., is the guest for the week of Mrs. W. George Eakin, 1100-1-st.

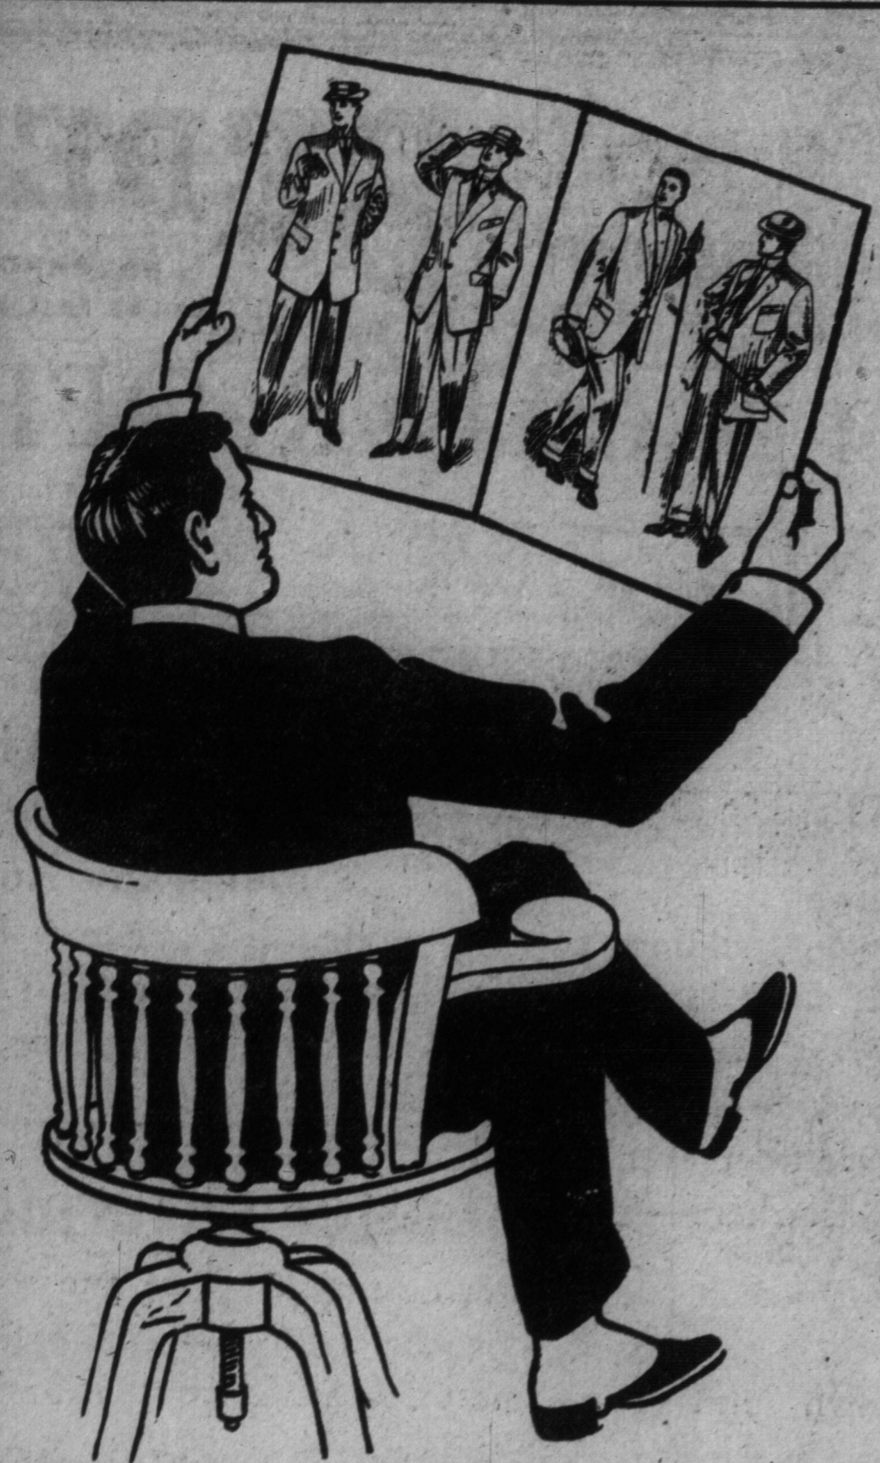

Mr. J. L. Mitchell and Miss Helen Mitchell have left for a two months' visit in Europe.

Mrs. T. Ambrose Woods will receive for the first time in her new home, 172 Belmont-st., on Wednesday, March 24, from 4 to 6.30.

Mrs. Arthur Blackely and Mrs. E. E. Shepard have started for home from their winter home at Hot Springs, Southern California.

Mr. Mabe, East Bloor-st., is spending Easter in Boston.

Mrs. Charles F. Robertson, Parkman-avenue, will not receive again this season.

OUR GUARANTEE.
We Guarantee our Garments to be perfect in Workmanship, and if they are not to your entire satisfaction your money will be refunded on your request. If they need pressing within three months after they have passed into your hands, or if a button pulls off, or a stay gives out, or in any way you have a complaint to make within the above time, let us know and we will send for same, make it good, and return it to you without any charge.

These "Specials" at \$14.75 and \$19.75, are excellent for business or dress wear. The selection includes rough and smooth Cheviots, Fancy Worsteds, Diagonals and Serges. The latter in the standard blues and blacks. You can choose from a host of color combinations if you prefer—in bright, dark and medium shades. We invite the critical man to see these fabrics—especially the man accustomed to the high-priced tailor.

At \$30 and \$35

At this price we touch the superfine in tailoring and quality. Long ago we realized that other tailors were getting from \$40 to \$45 for what we could produce much better at \$30 and \$35. The best English worsteds and Scotch cheviots, in Suitings and Overcoatings.

You should see the smart styles in Spring Top Coats, comprising the fancy cheviots, wide and narrow wales in plain or color effects. Made in a number of styles to suit any particular fancy.

What Are The Styles For Spring?

NEVER before in the history of the woollen industry has there been such a variety of fabrics to choose from. Our foreign buyers have been tully alive to the demand, and all that's worth while in woollens, will be found here. Our designers, too, have been keenly active, with the result that we are showing over 50 different styles that will be the vogue this Spring and Summer. We have constantly on display a number of the most popular styles on figures. In them you will recognize the touch of a master hand. We would like you to see them—and whether you buy here or not, the inspection will be worth your while. This invitation is open to local tailors, also, who desire to see what is authoritative this season.

ROBERT HILLIARD
in "A Fool's There Was," Princess, March 25.

Writes Issued. Mr. Ernest Shackleton, the south polar explorer, has entered action at Ottawa Hall against Robert W. Hilliard, to recover \$2336.61 alleged due under an agreement between the Literary Agency of London, his agent, and the exhibitor of certain cinematograph films, taken in connection with a British Antarctic expedition, are alleged.

The Traders Bank has entered action against the Canadian Pacific Railway to recover damages alleged to have been occasioned by the negligence of the C. P. R. thru the loss of a quantity of bank bills, being carried by the defendants from Ottawa to Toronto, for the bank. Bills to the amount of \$60,000 were stolen at Smith's Falls. One turned up recently in Toronto office.

Would Abolish Legislators' Bar. GAITHER, March 24.—(Special.)—The A. J. C. G. N. has given notice of motion for the abolition of the bar in connection with the house of commons and senate. The motion requests that council petition the government to have the bar removed.

TORONTO PEOPLE LAVISH WITH EASTER FLOWERS

Estimated Expenditure of \$50,000 to Decorate Their Homes, on Sunday.

For adorning their tables and decorating their homes, Torontonians will spend the nice little sum of \$50,000 on flowers this Easter.

According to S. H. Miller, of Miller & Sons, wholesale florists, the trade this year is greater than the combined output of the three past seasons. He attributed the cause to the recent fine weather which has benefited growers and shoppers alike. No less than 1,000,000 lilies have been sold already, and the wholesalers report that they are practically cleaned out.

Saturday will be the strenuous day for the retail florists, who are preparing for a record business.

Gets Ten Dollars for Killing a Dog. GAITHER, March 24.—(Special.)—The board of health to-day paid \$10 to Geo. Tackler, who jumped off a car and killed a mad dog attacking a little girl. In the past three months the police have killed 28 dogs. Tags taken out number 135 less than last year.

MINISTER FACES CHARGES

Methodist Court of Enquiry is Trying Rev. Mr. Hicks.

WINDSOR, Ont., March 24.—(Special.)—The church trial of Rev. David Hicks, former pastor of the Methodist Church, at Gesto, Ont., who left under a cloud, and afterwards turned up at Corunna, Mich., as a clergyman in the Methodist Church of that village, is now under way at Essex. Hicks pleaded not guilty to charges of obtaining money under false pretences, falsehood and leaving his charge irregularly. Rev. A. R. Berks, of London conference, is presiding over the court, consisting of Rev. F. W. Blatchford, Cottam; Rev. D. Hosking, Loxminster; Rev. A. E. M. Thompson, Amherstburg; Rev. David Wren, Maidstone and Rev. T. W. Tring, Woodlee. The Methodist Church disallows the appearance of lawyers in such cases, but permits clergymen to act as counsel for defendant, and Rev. W. Millson of Kingsville is Hicks' lawyer. Two church officials from Corunna accompanied Hicks to Essex.

Dividends for Creditors. Richard Tew announces the following dividends to creditors which will be paid shortly: The Nipissing Dry Goods Company of North Bay, 14 per cent.; the Boston Shoe Store and Liberty Credit Company of Galt, 69 per cent.

DID YOU HEAR ELMAN?
Everybody is talking to-day of the marvelous playing of Mischa Elman, the young Russian violinist, who appeared as soloist with the Symphony Orchestra at Massey Hall last night, and they are also talking about the "New Scale Williams" piano which was used to accompany him. The beautiful tone of this great piano is so different from other instruments that are used from time to time in Massey Hall, that one cannot help but admire it and wish to hear it often. The "New Scale Williams" pianos, in uprights and grands, also player pianos, are sold in Toronto, only at the R. S. Williams & Sons Co., Limited, 143 Yonge-street.

Good Friday Concert.
As Jessie Alexander has not been heard in Massey Hall for many a day, her many friends will be glad of the opportunity to hear her to-night. The other artists will be Harold Jarvis, the 48th Highlanders' Band, a fine male chorus, etc. The program is an exceptionally attractive one, and Massey Hall should be crowded. Those who have not already secured their seats should do so during the day, and in that way avoid the rush to-night.

ROGERS COAL
ROGERS COAL
YONGE ST. TORONTO

D.R.A. TO ALLOW PEEP SIGHT.
OTTAWA, March 24.—(Special.)—The Dominion Rifle Association will allow the extended peep sight this year at the annual matches. This sight was allowed last year at Bisley, but the Canadian organization refused to follow the example until the new sights had been more thoroughly tested.

TAKE BIBLE AS IT IS OR LEAVE IT ALONE

No Archaeological Discovery Supports Higher Criticism, Avers Dr. Thomas.

The preacher must take the Old Testament as it stands or leave it alone, said the Rev. W. H. Griffith Thomas, M.A., D.D., principal of Wycliffe Hall, Oxford, in his address on "Old Testament Criticism," to a large audience in Convocation Hall last night.

"Better," said Dr. Thomas, "have the dogma of the microscope, than the dogma of the microscope."

LAYMEN'S MISSIONARY MOVEMENT.

Editor World: How will our missionaries meet the conflicting issues? "But marked is the increase of scepticism, avowed or unavowed. It advances probably everywhere in the track of physical science."—Goldwin Smith.

At the present time the religious world is unusually active in its endeavor to send missionaries abroad. During last year on the walls of the University of Toronto there was a notice from the Students' Volunteer Movement for Foreign Missions calling for 375 "college" trained missionaries to assist in spreading in foreign countries the gospel of our Lord and Saviour Jesus Christ. The propaganda of the Laymen's Missionary Movement with its great efforts to evangelize the world in this generation is also now prominently before us. Missionaries going out to foreign lands, under the auspices of such organizations, must necessarily also carry with them the civilization, culture, and science of the western world. Having in mind the warfare which has been waged between science and theology—a little sample of which we have been witnessing in the recent religious controversy in the City of Toronto—let us enquire upon what ground the integrity of the Scriptures, so far as science is concerned, will be maintained by the missionaries when presenting the gospel to the people in foreign lands. It is now pretty generally acknowledged that the teachings of modern science, so called, are in harmony with the statements made in the early chapters of Genesis if those statements are accepted as records of historic fact. The record of creation in Genesis, for example, states that the earth existed as dry land on the third day, and prior to the sun, which is said not to have been made until the fourth day; whereas science maintains that the earth issued forth from the sun, a statement which, if true, utterly discredits the statements of Genesis.

As Samuel Laing, M.P., in his Modern Science and Modern Thought says: "Now it is absolutely certain that portions of the Bible, and those important portions relating to the creation of the world and of man, are not true, and, therefore, not inspired. It is certain that the sun, moon, stars and earth, were not created on the fourth day, as described in Genesis ever took place. If statements such as that quoted from Samuel Laing are correct, it is idle not to suppose that sooner or later, the missionaries will be asked for some valid explanation as to why their scientific teachings, and the statements of the Bible upon corresponding matters, do not agree. We, who have been schooled from childhood in the teachings of the western civilization and have also some acquaintance with the teachings of the Bible, have early received, with unquestioning minds, both the teachings of modern science and the Bible, and have not discerned until later and more mature years, that much of the basic teaching of so-called science on some important matters is diametrically opposed to Bible statements purporting to treat upon the same subject. It is not reasonable to expect that the mature eastern mind, presented with the teachings of both western science and the Scriptures, will quickly question how it can be logical to maintain that a book like the Bible—the Word of God—is true in its later portions, and not untrue in its opening chapters? Will the oriental not say: "If the record of creation and the Noachian flood, for example, are allegory or myth, how can I be sure that the recorded resurrection of Christ, upon which the Salvation you are offering us so depends, is a fact, and not also a myth? Will he not be logical if he asks why if Christ is the Truth did he give His unqualified authority to the writings of Moses, if those writings contain an account of a puerile cosmogony, and are not wholly untrue? Athletic writers well express this point when they tersely say: "If Moses can be caught red-handed in ignorance and error, what shall we think of the Christ who quoted and referred to him as an authority? Now, how do the missionaries propose to meet such questions? It must not be supposed that because we have increased in knowledge, and have made progress in science, and in the mechanical and industrial arts, the foreigners are going readily to accept our scientific theories, even though we contend that the theories and the means of progress we offer them are interdependent on one another. In matters of philosophy and science we must not be too confident that our views will commend themselves to the Chinese. Take the Chinese, for example; they do not despise their own philosophers, nor their cosmogony. The holding views radically different from the Copernican system of astronomy, the Chinese, like us, have foretold astronomical events, performed navigation and constructed engineering works. Speaking before the British Association for the Advancement of Science, Sir John Bowring, a late governor and commander-in-chief of Hongkong and its dependencies, as

Open Saturday Until 5 p.m.

To give the many who are free Saturday afternoon an opportunity to take advantage of this great Removal Sale.

Removal Sale of One Thousand Pianos, Piano-Players and Organs at the Ware-rooms of Ye Olde Firme of HEINTZMAN & CO.

115-117 KING STREET WEST

Let the fact stick fast that this great

is no ordinary sale. The size and variety of stocks, the deep cuts in prices—the whole plan of the sale, carefully thought out, not announced on the impulse of the moment, stamps the sale as extraordinary—one that has never been paralleled in Toronto and the history of the Piano trade—born of conditions exceptional and unusual.

—In less than a week the new store, the big Brown building, 193-197 Yonge St., our new home, comes into our possession. The instructions to architect and contractors is to lose no time in making the required alterations to suit the store to the needs of this great piano business. On the other hand the instructions to our large staff of salesmen is to make sales count—in a word to clear stocks with the utmost rapidity, though it does mean selling pianos at prices lower than ever quoted in Toronto or anywhere else before. It is for you—whether you reside in Toronto or elsewhere—to profit by this sale.

Every instrument marked in plain figures on tag attached to each piano, showing regular price and removal sale price—the plan announced in our first advertisement. Terms of payment made easy enough to meet the purse of any purchaser. If residing out of town, send your name on attached coupon and learn more about this sale.

Opportunity is knocking at your door to-day. What is your answer?

Piano Salon, where the Sale is Conducted, 115-117 KING ST. W., TORONTO, CAN.

Heintzman & Co., Ltd., 115-117 King St. W., Toronto.

Please send us by early mail price list of your special removal sale bargain in pianos, advertised in The Toronto World.

Name Address

well as chief superintendent of trade in China, said that the Chinese say: "We have better philosophers and men of higher intelligence than any you have ever been able to produce. We tell you that the earth goes round the sun, when we know by our senses that it does not. If you won't use your eyes and believe what you see, you must be deaf to all teaching and instruction and we will have nothing to do with you." This subject of the manifest discrepancy between science, as called by the writings of Moses, still holds good. Of Moses, Christ said: "If ye believe not His writings, how can ye believe my words?" The issue is thus conclusively and logically put, and must be dealt with. Where the issue has been forced in the western world the general refuge has been to compromise with the so-called science, and to discount the authority of Scripture when it conflicts with the dictums of science. But for a professed believer in the word of the Bible, such a position is not logical—it is not intrinsically a true position in which a reasonable Christian may stand; for as the infidel writer, Thomas Paine, when discussing in his "Age of Reason" the deductions from astronomical science and the teachings of the Bible, says: "The two beliefs cannot be held together in the same mind; and he who thinks that he can hold both, has thought but little of either." May we not enquire therefore whether those in charge of the laymen's and other large missionary movements have seriously considered this question of the teachings of science, so-called, being opposed to the statements of the Bible. If so, upon what basis rests the solution of the difficulty for the foreign field? It has evidently not been satisfactorily settled at home. How will it be settled abroad?

PROBLEM OF PURE WATER SOLVED.

Editor World: Currents thru the bay are west to east thru the eastern bay. Proof: the team of horses hauling manure to the island broke thru the ice and were drowned. In the course of a few days they were found in the lake just outside eastern gap. The sewage goes the same way, and, as Dr. Amyot has said, spreads like a fan, and, caught by the western currents in the lake, contaminates the water to a distance of five miles out. In view of such facts it is not the height of absurdity to talk of extending the intake pipe; no central contamination of our water supply comes from sources west of the city. Proof: Dr. Amyot and Prof. Shuttleworth have made thousands of analyses of the lake water. I have heard their statements. Dr. Amyot said he had found but two; Prof. Shuttleworth never found any. We may therefore conclude that any contamination is from the east, and that the effluent from the septic tanks, which carries with it a vast quantity of disease germs, is to be deposited in the lake outside the Woodbine, and from there will inevitably be carried by westerly lake currents and thus contaminate our water supply. I humbly submit that I have always been right on this water question. My policy has been to keep the disease germs out of the water. To me it seems lamentably absurd to allow our water

to become disease-laden and then try to filter it out. Dr. Sutherland of the bacteriological department of the Metropolitan Waterworks, London, Eng., has stated that water containing disease germs before filtration contains disease germs after filtration. What use, then, will be our costly filtration plant in the face of such evidence? In a letter which appeared in last week's Globe a prominent engineer says that slow sand filtration will remove 98 per cent of the disease germs. The question is, what is slow sand filtration? If he or any other engineer says that running forty to fifty million gallons of water per day over a filter bed of six or even ten acres is a slow sand filter, I cannot believe it, and, further, I do believe that that engineer will agree with me that the proposed filtration plant of the city is not what he calls a slow sand filter. Why take chances at all? There remain but two ways of procuring water for the city, namely: by closing eastern gap—removing it, as it were, to the east end of Ashbridges Bay, and extending our harbor and waterfront to the Woodbine; or adopt what I consider the best plan to secure a pure water supply for the city of a million population, that is, to lay a seven-foot iron pipe from the tunnel at the south end easterly to the lake opposite the Hunt Club, a short distance east of Victoria Park. The cost of this steel pipe would not materially exceed the money yet to be thrown away on the so-called filtration plant. Thomas Davies, ex-alderman.

Spare the Boulevarde.

An Albany-avenue citizen writes as follows to the superintendent, city delivery, postoffice: "As you doubt, are quite aware, we are now in the season when the lawns and boulevards of the City of Toronto are just in that condition when continual walking upon them destroys any opportunity of beauty during the ensuing months. While I can't admit that no postman walks on my grass, as I have already personally warned him, and he strictly keeps to the warning, I have to point out that my calling his attention to his walking on the neighbor's grass, he wanted to know what business it was of mine; possibly it was none, excepting that as the city fathers and newspapers are always pointing out that if the residents of various streets would give attention to their lawns, the City of Toronto would be a city beautiful, but when we have to deal with oddlers and other transients, including postmen using our lawns instead of the pavements and walks which are put down for the use of pedestrians, there is not much encouragement for those who desire to make their own places neat and tidy, and covered with green grass.

"I feel that it is only necessary to call this matter to your attention to have this particular class of transients kept from destroying our lawns, the common practice, as you know, being to start at one end of a block and walk from door to door, taking the grass instead of the sidewalks and paths provided. Particularly at this season of the year when the young grass is just commencing to come up and the ground is in a soft condition with the frost coming out of it, it is this trampling thereupon objectionable and destructive."

ELMAN CAPTIVATES CITY'S MUSIC LOVERS

Symphony Concert Brilliant Function—Violinist Proved Unique Artist.

Mischa Elman, the brilliant young Russian violinist, who was soloist with the Toronto Symphony Orchestra last night at Massey Hall, certainly captivated the music-lovers of the city, for both in his concerto playing and in his solos he was recalled again and again with prolonged and vociferous encores by an audience which packed the hall to the doors. Enthusiasm was rife and joy in art supreme, the expression of appreciation both of Elman and of the orchestra being almost indeed orgiastic.

This was the fifth concert by Mr. Weisman and his symphony instrumentalists; and there was no doubt that each concert, as it comes, shows progress on the part of the orchestra. Mr. Weisman himself is a thorough student of the composer's score; his readings are original and sympathetic; he is a first-rate drill-master in technique; and to all this he adds special qualities of temperament which appertain to instrumentalists who strive after perfection in artistic musicianship. The orchestra, aside from the Saint-Saens Concerto (B minor), had for their part Dvorak's popular symphony in E minor, "From the New World," and Wagner's "Prelude to The Meistersingers." The former is unique in thematic material, and makes special demands on every instrument and every section of an orchestra, but Mr. Weisman and his colleagues came off brilliantly, being particularly effective in clearly defining the plangent and dulcet melodies and interpreting the emotional nuance of the noble Largo, of the gay, sprightly Scherzo and the somewhat now pompous, now barbaric, Allegro. The round upon round of applause which greeted Mr. Weisman and his colleagues after each movement and at the close of the symphony was indisputable proof that the music-loving public has accepted himself and the orchestra as an organization in which Torontonians may justly take pride and for which they may express sincere admiration.

Elman Unique. As for the soloist, it must at once be remarked that Mischa Elman is a most brilliant violinist, remarkably adroit in technique, not quite so glittering in this respect as Kubelik, but having the decided temperament which puts poetry into the mere mechanics of violin playing. He was masterly in the Saint-Saens Concerto, set it may be supposed, if his peculiarly vigorous stroke does not somewhat deteriorate the sensuousness and resonance of his tone. But when the "diapason" function of the concerto was done with and Elman became the poet, rather than the virtuoso, in his solos (with piano

accompaniment), then technic and temperament blended altogether delightfully. The luscious sweetness and winning beauty of the Gluck-Wilhelmy "Helodie" were brought out with the art of Sarasate or Tsygoy. His own arrangement for violin of Schubert's familiar "Serenade" showed him off as a competent composer, while in the Gosses "Gavotte" Elman made his instrument dance with delightful abandon. J. D. Logan.

Holiday Traffic Heavy.

Between fifty and sixty thousand holiday seekers passed thru the Union Station yesterday on their way to spend Easter with their friends.

DOWN-TOWN PROBLEMS

Presbyterian Moral Reformers' Will Investigate.

That special attention should be given to the foreign and downtown problems was a resolution passed at a meeting of the executive of the Presbyterian Moral Reform Department last night. These questions will be investigated during the coming six months by a committee consisting of W. E. Roney, Dr. A. S. Grant and Rev. Dr. Shearer. The estimates for the coming year were placed at \$12,000, while it was de-

clined to petition the General Assembly to purchase a building for the exclusive use of church offices.

Teachers Off to the Hub. Three hundred and thirty-four teachers left on the C.P.R. special for Boston last night at 9:30 o'clock. The train consisted of ten coaches, which carried also Inspector Hughes, Secretary Wilkinson, Supt. Bishop and Inspectors Elliott and Bruce. The trip will last until April 4, when the Easter holidays, which began to-day, will close.

George Emmons of Iltersburg will stand trial for attempted suicide because of a love affair.

"OAKWOOD"

242 Feet Above Lake Level

Visit "Oakwood" on Good Friday and get a view of Lake Ontario over the house-tops of the city. "Oakwood" is the last call from the hill—the last possible sub-division on the hill now available for the builder who seeks a pleasant environment for his home.

Take the Dovercourt Street Car and it will land you at the property.

The best part of the City of Toronto is north of Bloor Street, and the best section of that district is on the high ridge of land that makes the northern boundary of the city. There "Oakwood" is situated. "Oakwood" is bounded on the north by St. Clair Avenue, on the east by Ossington Avenue, on the west by Dufferin Street, and on the south by Davenport Road.

"Oakwood" has exceptionally good educational facilities. There is the new High School to be erected at once on the northern end of the property, a Public School just south of the district and a new fifty-thousand Separate School is located on St. Clair Avenue.

"Oakwood" is sky-high above the noise and the smoke of the city. It is not a "distant suburb," but a new residential section within easy reach of the business section. It has a bird's-eye view of Lake Ontario.

"Oakwood" is on the height of land overlooking Toronto. It is within the city limits and all modern improvements are being installed. Consider this when you are purchasing land either for an investment, or for home-building.

NINETY THOUSAND DOLLARS' worth of this property has been disposed of within the last two months. This has gone into the hands of the good homeseekers and to wise investors in real estate. If you can be included in either of these classes, "Oakwood" must hold some tempting interest for you.

GOOD FRIDAY IS THE TIME TO VISIT "OAKWOOD." WE WILL BE WAITING TO SHOW YOU OVER THE GROUND AND TO GIVE YOU ALL PARTICULARS. WE WILL BE THERE ALL DAY.

MAIN 6510 Branch Office—WESTON

CLEVER LAWYER-LOBBYIST "FORETOLD" LEGISLATION

"Agreed" to Allow One Insurance Bill to Be Reported, Knowing It Would Be Blocked Later On.

NEW YORK, March 24.—Bit by bit there was unfolded at the fire insurance enquiry to-day the story of the career of Wm. H. Buckley, the Albany lawyer, who for years was a legislative agent at the state capital for the fire insurance companies. On the face of the documentary evidence produced, Buckley was well-nigh invincible at Albany. If the letters which were entered on the records

contained statements of facts—and for the most part they were letters exchanged between Buckley and the late Geo. F. Sheldon, who was president of the Phoenix Fire Insurance Company of Brooklyn—Buckley's power with the legislature was well worth the money he admitted to receive.

Buckley's influence at Albany went even further, according to his own words. He was able to learn in advance of a decision of the court of appeals, he said, and would keep Sheldon informed as to what was coming off in the court.

Buckley's opinion of his own ability to influence legislation was shown in several letters which he wrote to Sheldon. In one, dated April 3, 1903, he spoke of the unmetred liabilities which was a bill intended to repeal the law which exempted reinsurance reserves from taxation. In his letter Buckley said:

"I agreed to allow the bill to be reported to the senate. It will probably pass that house, but give yourself no

concern about it as it will be blocked by the rules committee. There is no reason whatever for you to have any concern about matters here in my particular.

At the close of the senate session, Buckley wrote to Sheldon, under date of April 23, 1903: "The legislature has adjourned sine die. With the legislature close to the senate, I enclose my bill for \$4000, and request your early attention to the same."

Buckley's opinion of his own ability to influence legislation was shown in several letters which he wrote to Sheldon. In one, dated April 3, 1903, he spoke of the unmetred liabilities which was a bill intended to repeal the law which exempted reinsurance reserves from taxation. In his letter Buckley said:

"I agreed to allow the bill to be reported to the senate. It will probably pass that house, but give yourself no

MR. HOMESEAKER, BUY WHERE YOU'VE A SINGLE FARE

DIRECT TO THE HEART OF THE CITY. Double fares mean double traveling expenses—it means an additional expense of from \$20 to \$30 per year to each member of the family coming to the city six days a week. It means rising early and getting home late—it means loss of time in transferring and disagreeable waiting in wintry weather.

See Riverdale Heights To-Day

THIS IS ONE OF THE MOST convenient situations in Toronto, just north of the Gerrard Street car line, overlooking the lake and bay and the whole eastern part of the city. Any man of moderate means can secure a lot here, and few are wealthy enough to buy in a more picturesque location.

Mr. Investor, Sit Down

Take a map of Toronto. Take Yonge and Carlton as the point to start from. This district is destined to be the centre of one of the greatest railway and radial passenger systems in Canada. Measure the distance from Carlton and Yonge to Riverdale Heights, that is, to Leslie Street. Remember prices there are from \$14 to \$17 per foot, and the terms are easy. Measure the same distance north from Carlton and Yonge and you get a point in the neighborhood of Upper Canada College, where prices range from \$40 to \$60 per foot. Measure the same distance west, and you get a point in the Rusholme Road district, at prices from \$35 to \$60 per foot. Compare these distances—compare the prices and terms. Think of the wonderful development that will follow the opening of the Bloor and Danforth right of way directly connecting East and West Toronto, which will place Riverdale Heights between the two main thoroughfares of Greater Toronto—Bloor and Danforth and Gerrard and Colborne—and you will be convinced as scores of far-seeing investors and homeseekers have been, that Riverdale Heights is your best opportunity on the Real Estate market of Toronto to-day. See Riverdale Heights to-day; compare it in prices, terms and location, as we have suggested, with any other property as convenient to a single-fare line, and you will be convinced that this is the safest and surest investment at the prices and terms on the Real Estate market of Toronto. If you want an investment on a double-fare car line within thirty-five minutes of King and Yonge, and in one of the most picturesque and exclusive neighborhoods in Toronto, see us regarding

Queensbury Avenue

JUST OPPOSITE THE HUNT CLUB, immediately east of the D. D. Mann estate, immediately west of the Beardmore estate, and in the neighborhood you would be proud to live in. Remember lots vary from 150 to 187 feet in depth, and the prices are only \$2 to \$15 per foot. If you want a suburban homestead this is the best opportunity you will ever have of obtaining one in a high-class residential district at such exceptional values and such easy terms.

WRITE, PHONE OR CALL FOR DESCRIPTIVE CIRCULARS OF THESE TWO PROPERTIES. Combine business with pleasure. Take a Parliament car and walk north on Jones to Hunter and see RIVERDALE HEIGHTS, or take a Queen and Kingston Road Car and get off at the Hunt Club to see Queensbury Avenue. Representatives on Property Friday and Saturday.

Westrop, Minaker & Nicholson, 48 Adelaide E.
Main 4182, Just Three Doors East of General Post Office.

PROPERTIES FOR SALE.

SPECIALS Bentley, 34 Victoria

\$120,000—BLOCK OF SOLID BRICK AND stone houses, very central. Rentals \$1200 yearly.

\$25,000—AVENUE ROAD HILL, BLOCK of about 14 acres, will subdivide into about 2000 feet frontage. Investigate at once.

\$60,000—APARTMENT HOUSE, AI CENTRAL location, modern in every way. Rentals \$700 yearly. Shows a net return of over 10 per cent. on price quoted.

\$100,000—YONGE STREET, NEAR LOUISA, 25 feet frontage and depth to lane; modern solid brick building, full size of lot. Good revenue producer.

BENTLEY, 34 VICTORIA. PHONE Main 5257.

GREENWOOD HEIGHTS—THIS PROPERTY is situated at the corner of Greenwood Avenue and Glendon Street. Parliament cars come direct to this corner. Improvements are all on the remaining streets. Prices range from twelve dollars per foot for building lots to a limited number of lots here. We have sold several hundred feet within the last few days. See if any other firm in Toronto can do as much for you. If not, why look further? You want lots further away? We have them from four dollars per foot upwards, but our advice is to buy Greenwood Heights. Remember the lots here are all beautifully wooded and, being built on the lake, Branch office corner Davenport Road and Dufferin Street, will be open all day Friday. Come over early.

FOSTER PARK—HAVE YOU SEEN this property? Do not let the holiday pass by without doing so. We claim it to be the best buy in the west end, having none. We also claim less prices and easier terms than anywhere else you can buy surrounding this property. Remember the lots here are all beautifully wooded and, being built on the lake, Branch office corner Davenport Road and Dufferin Street, will be open all day Friday. Come over early.

MELROSE PARK—A SECOND SALE OF this beautiful property will be on Friday next, the holiday. The sale commences at 10 o'clock at main office, 2 Adelaide Street East, at office on property, opposite the Rosedale Golf Club. Then taking the car, we will put you off at 10 o'clock. The main office will close at 2 p.m. Special cars are leaving the Metropolitan waiting room at 2 1/2 p.m. Friday.

COMPARE OUR PRICES WITH OTHER concerns and see if we stand first in your estimation. Over fifteen thousand satisfied customers are our best references.

ROBINS, LIMITED, 22 ADELAIDE EAST

ever received money for his vote. When he was revived he answered the judge's question as to the there had been no interruption.

Robert K. Cochrane, formerly a member of council, admitted receiving \$500 to vote for the bank depositors' ordinance and also \$500 for the ordinance vacating South Seventh Street, with agreement. J. D. Parquett, why he received so much for voting for these measures, while other councilmen received much less. No suspension of sentence was granted Cochrane, and he left the courtroom disappointed.

Wm. Brand, former president of the common council, whose statement the district attorney was so unsatisfactory had his liberty cut short to-day. He was sent to the pen to begin serving the eighteen months' sentence for bribery, on which he was convicted some months ago. District Attorney Blockley insists that Brand is shielding some one.

Former Councilman John Taylor, who was implicated in the graft scandal by Dr. W. H. Weber, brought suit against Weber for \$25,000 damages. Taylor has made a public denial, and says Weber's statement is untrue.

Sale Commences at 10 a.m. Friday at Property and Main Office

Melrose Park

ROBINS LIMITED AGENTS

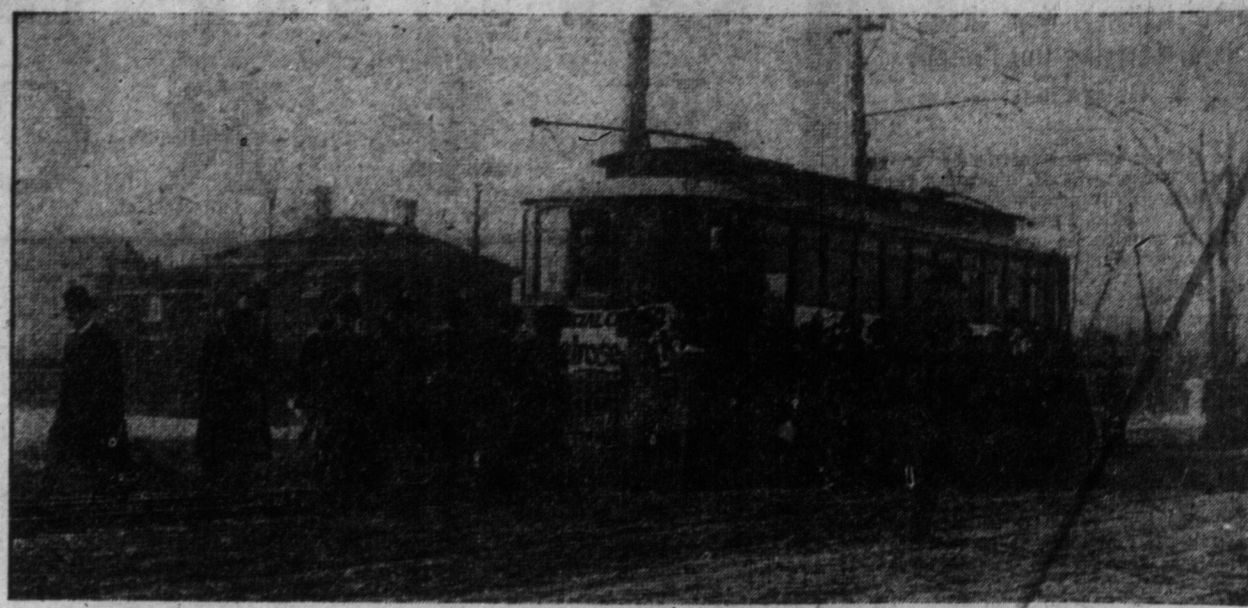

Toronto's "Highland" Suburb
 is situated on Yonge street, 600 feet above the level of the lake. It is just opposite the beautiful grounds and clubhouse of the Rosedale Golf Club.
 It has excellent street car connections and service.
 It is near churches, schools, stores and post-office.
 It is restricted to a good class of dwellings.
 It will be built up rapidly, as many improvements are already in the locality and more will be installed almost immediately.
 It is one of the choicest home spots in North Toronto.
 It has a bountiful supply of good spring water.

Real Estate as an Investment

TORONTO Real Estate is increasing in value by leaps and bounds. Compare prices on any spot in or around Toronto of three years ago with prices for same spot to-day.

With Toronto growing at its present rate, figure out for yourself what it will be three years from now.

Building permits to the amount of \$18,000,000 were issued last year.

Leaving Melrose Park, after First Sale, in Robins Ltd. Special Cars.

Points to Remember:

We already have over 15,000 satisfied customers amongst our investors.
 We are the largest real estate operators in the Dominion, selling direct to the public at wholesale prices.
 Your interests are safe in our hands, as we will protect your titles should necessity demand your asking for an extension for reasons beyond your control.
 You can order by mail or phone, and we will absolutely guarantee you lots perfectly level and in good condition to build upon.
 Your interests and our interests are identical—you want a good home that is also a good investment, and we want to help you to get it.
 We had 50 salesmen on the ground at Melrose Park on our opening day, last Saturday, but the crowd was too large for them to handle and many prospective purchasers went away disappointed.
49 lots were taken up on Saturday afternoon alone, and many more have been sold during the week.
 Do not delay, as this is the last and best opportunity for securing a home on the highlands above Toronto at such advantageous terms.
Office open Thursday night. If you miss Friday's sale come out Saturday afternoon. Get off at stop 26.

THIS COUPON can be exchanged for ONE ROUND TRIP TICKET between C.P.R. Waiting-Room Melrose Park on Yonge Street and Melrose Park

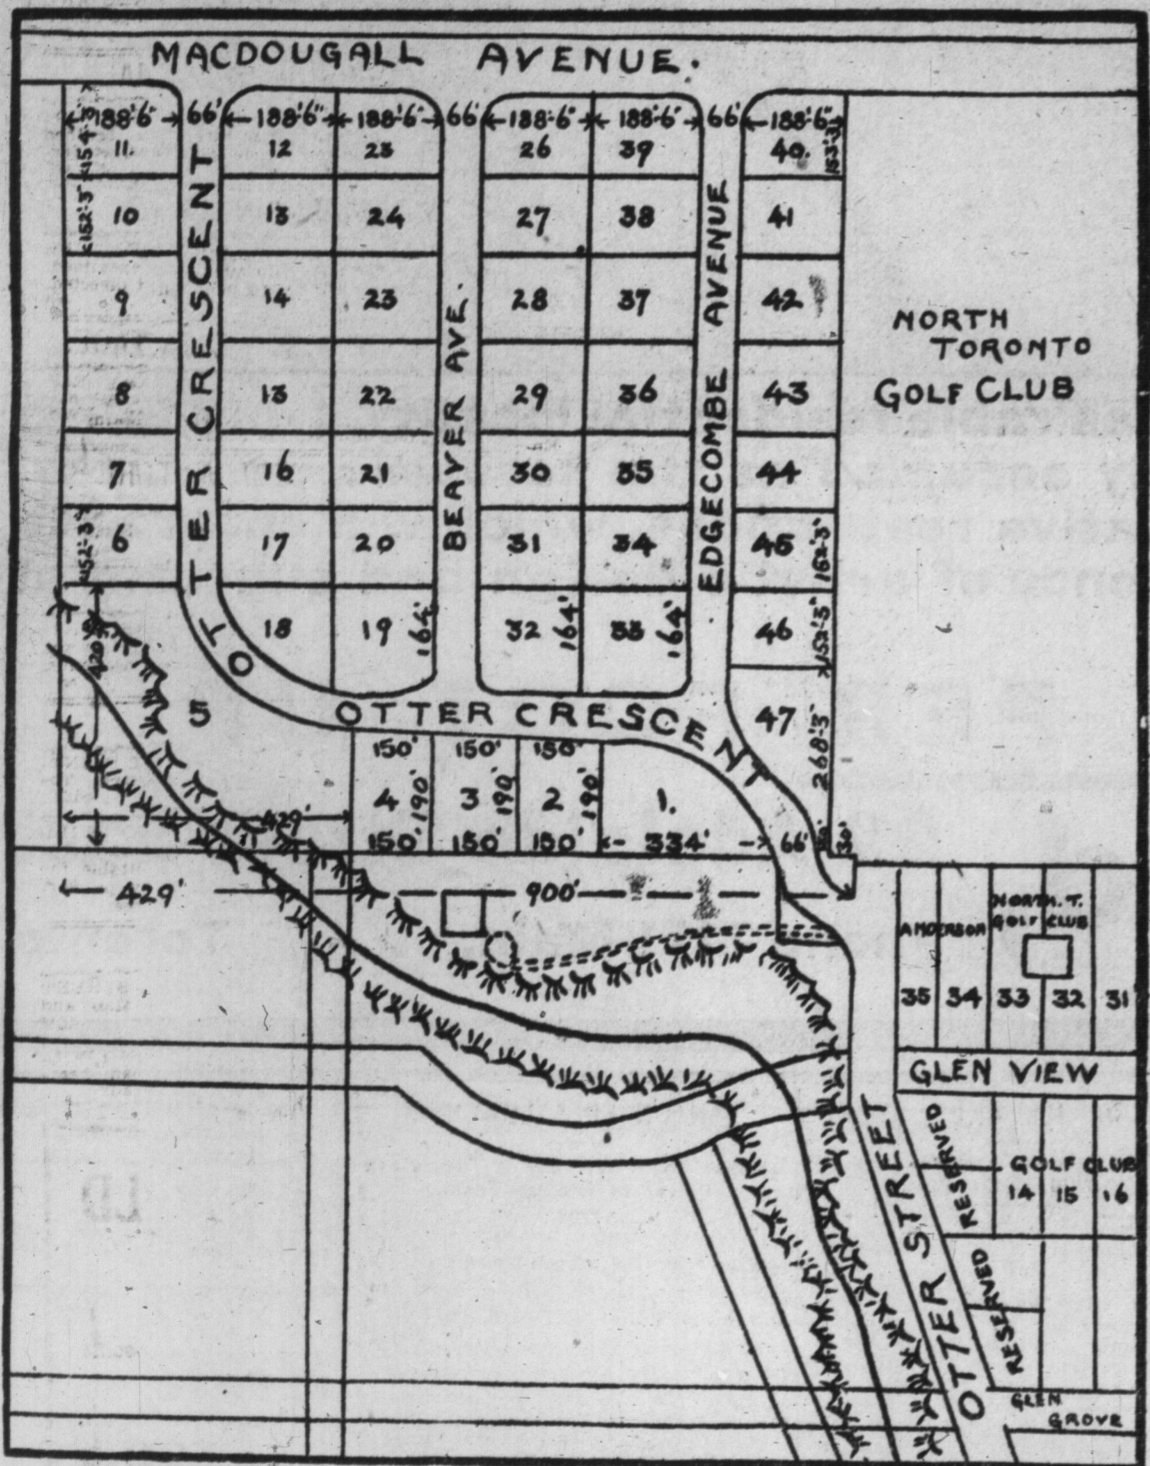

Good Going on special cars chartered by ROBINS LIMITED at 2.45 p.m., Friday, Mar. 25, and good returning on any car during the day

Edgecombe Park Property Lots For Sale

GLENGROVE District, North Toronto, immediately west of and adjoining North Toronto Golf Links. Take "Glengrove" car on Metropolitan Railway—15 minutes' ride—a car every 15 minutes. Go west on Glengrove Avenue to Otter Street and then north to Edgecombe Park.

Glengrove Avenue is 86 feet wide, has four rows of large shade trees, brick walk, town water nearly to the west end, and the new sewer projected along the street. Edgecombe Park is about 500 feet away.

The location is ideal, high, healthy, growing in

value and beautiful homes all along from Yonge Street nearly up to the property.

Wise buyers of home lots are looking north. No lot less than 150 feet front and 180 feet deep. Wise restrictions insure desirable neighbors. The above property has been desirable, but not available. It is now available and doubly desirable.

We unhesitatingly recommend this property at its present price, which will be raised April 1st. Inspect the property and see plan at our office. Correspondence solicited.

Reasonable terms and a substantial bonus to the first three houses built and occupied by purchasers.

Realty and Building

THE NEW SHEA'S THEATRE.

Front elevation of Toronto's newest playhouse at Victoria and Richmond—From an architect's drawing.

The realty situation in Toronto for the coming season has a strong optimistic outlook for the artisan. In addition to the erection of dwelling houses and stores, which are estimated to amount to \$15,000,000, over a dozen buildings will be commenced ranging in value from \$50,000 to \$1,000,000 each, not including what might be erected on the Carlton-street site.

Acting on behalf of the Roman Stone Co., Limited, Sir Henry Pellatt has purchased from Gouling & Hamilton four acres of land for a new site in Weston. The price paid is said to be \$10,000, and the land is admirably situated for factory purposes, being right at the point where the Grand Trunk and the C. P. R. tracks come together, and form a "Y."

Messrs. Gouling & Hamilton report that nearly the whole of Oakwood Park has been sold, and another new subdivision will be opened shortly to the west. The new property will be easily reached by the Dovercourt cars and, like Oakwood, will extend from Davenport-road to St. Clair-avenue, comprising an area of 50 acres.

Several parcels of land have been sold in Weston recently for factory

ONLY A SINGLE TRACK ON NORTH YONGE STREET

Metropolitan Railway Must Keep to West Side—Holiday at Hall Monday.

The board of control yesterday decided not to allow the Metropolitan Railway to lay double tracks in the centre of North Yonge-street, north of the C. P. R. tracks. The city will pave the street and will keep the single track to the west side for the present. The city engineer will, however, be asked to report on the advisability of putting a heavy concrete foundation in the centre of the roadway for the fu-

Real Estate Wakefield

Cor. St. Clair and Ossington Ave.

REAL ESTATE WAKEFIELD, COR. ST. CLAIR AND OSSINGTON AVENUE. Take a Dovercourt car.

ways from departing from the union station idea, and the mayor promised to take a hand the moment it was definitely known that any of the railways intended to pull away.

Holiday Monday. Yesterday afternoon, the board of control reversed its decision of the morning to keep the city hall officials working Easter Monday. The next council meeting will be on Tuesday. A special meeting will be held April 4 to consider the estimates.

The city treasurer will report on the advisability of increasing the salary of Tax Collector Jackson from \$1500 to \$1850, thus placing him on an even footing with others doing similar work. Mr. Jackson was attached by the annexation of West Toronto, where he was formerly employed.

Owing to the use of bleaching powder to disinfect the city water, the number of colonies of coli communis have been reduced since March 19, from 5200 to 290 per cubic centimeter. The analysis also shows that while there was coli communis in the water on March 19, these were absent about March 22.

Open All Day Friday AND Saturday

We are erecting THIRTY solid brick houses at "The Beaches." They contain six and eight rooms; every modern convenience, gas and electric light.

FLEMING TURNS DOWN ROSEDALE CAR LINE

Toronto Railway Kept Busy, He Says, Carrying Out Present Obligations.

In a letter of one sentence to the Mayor, yesterday, R. J. Fleming threw cold water on the prospects of the residents of North Rosedale getting a street-car service.

"I am very sorry," said Mayor Geary, last evening, "I would have liked the city to build the line, but as Mr. Fleming has turned the thing down, it is hard to tell what to do in the matter. It is quite clear that the company will not use our line if we build it, and does not intend to build itself. There would be no use in our submitting a bylaw to the people for the extension of the company's franchise, because the company apparently will not do anything anyway."

Mr. Fleming's reply to the city's proposal to build the line is as follows: "To his worship the Mayor, Toronto:

"Dear Sir: In reply to yours of the 23rd instant, would say the burden of carrying out the obligations devolving upon the company under the present agreement is at present giving us a great deal of concern, and until we have put down new tracks and have built new cars sufficient to enable us to carry out in a manner satisfactory to ourselves and to the public the obligations which are now resting upon us, we would not care to consider any proposition which would add to this burden.

"Yours truly, "Robert J. Fleming."

(Sgd.)

The special "tube" committee may take the matter up on Tuesday.

Controller Church says he doesn't think the company was in earnest from the start, when it proposed to build the line for Sir Henry M. Pellatt's field manoeuvres. And in this opinion Ald. Alf. Maguire concurs. "I didn't think R. J. would be so inconsistent," said Mr. Maguire. "It simply discloses that he had some other motive in his original offer, besides being willing to do anything to oblige Mr. Pellatt. Just as soon as the city offered to build the line and let the company operate it, which would be obliging Mr. Pellatt, R. J. refuses. Evidently all he wanted from the outset was to get a franchise of his own outside the limits affected by his charter, which would give him something to hang up a case on for the general extension of the franchise, or else provide a chance for him to bring some of his radicals into the city limits."

FINE CHORAL WORK

St. James' Choir Give Beautiful Rendering of "The Crucifixion."

Profoundly beautiful and essentially reverential was the interpretation of Sir John Stainer's "Crucifixion" by the choir of St. James' Cathedral last evening.

The lovely liquid quality of the boys' voices, for which the cathedral choir is justly noted, had seldom been heard to better effect, while the adult section was full and resonant. The parts were well balanced. The attack was crisp at all times with precision.

If any criticism were to be offered it would be that the first part of the work was slightly lacking in dramatic enthusiasm, and that the accompaniment to one or two of the solos were rather overpowering.

It would be hard to particularize, where all was so good, but if one number must be selected, most of the listeners would doubtless have chosen the ever-beautiful a capella chorus, "God so loved the world." In it was found some of the most strikingly characteristic work of the choir. The wonderfully aetherial diminuendos seemed to hover and die away in the vaulting. The solo parts were taken by the regular choir soloists, Marvin Rathbun (baritone) and Mr. Ross (tenor), who acquitted themselves with credit. Their voices blended splendidly in the fine duet, "So Thou Liftest Thy Divine Petition."

One change was made in the score, the incidental hymn for choir and congregation, "The Litany of the Passion" was sung to a well-known hymn tune, instead of the setting in the book, the reason probably being that the union line at the end of the latter is rather difficult for congregational singing.

RUINS COLLAPSE; 3 MEN HURT

WINNIPEG, March 24.—A large portion of the ruins of the old story Sterling block, gutted by fire last December, collapsed this morning, doing \$45,000 damage to adjoining buildings. Three men who were working in a blacksmith shop next door were badly injured.

Greater Board of Trade. At a meeting of the council of the board of trade, yesterday, 108 members were added to the present membership roll of the board, which now totals 1400. The membership committee has set the mark at 2500.

A New Idea In Medicine

Which Accounts for the Enormous Success of DR. A. W. CHASE'S NERVE FOOD.

To tear down the diseased tissues was the old principle of medicine. To cure by building up new, healthful tissues is the new method.

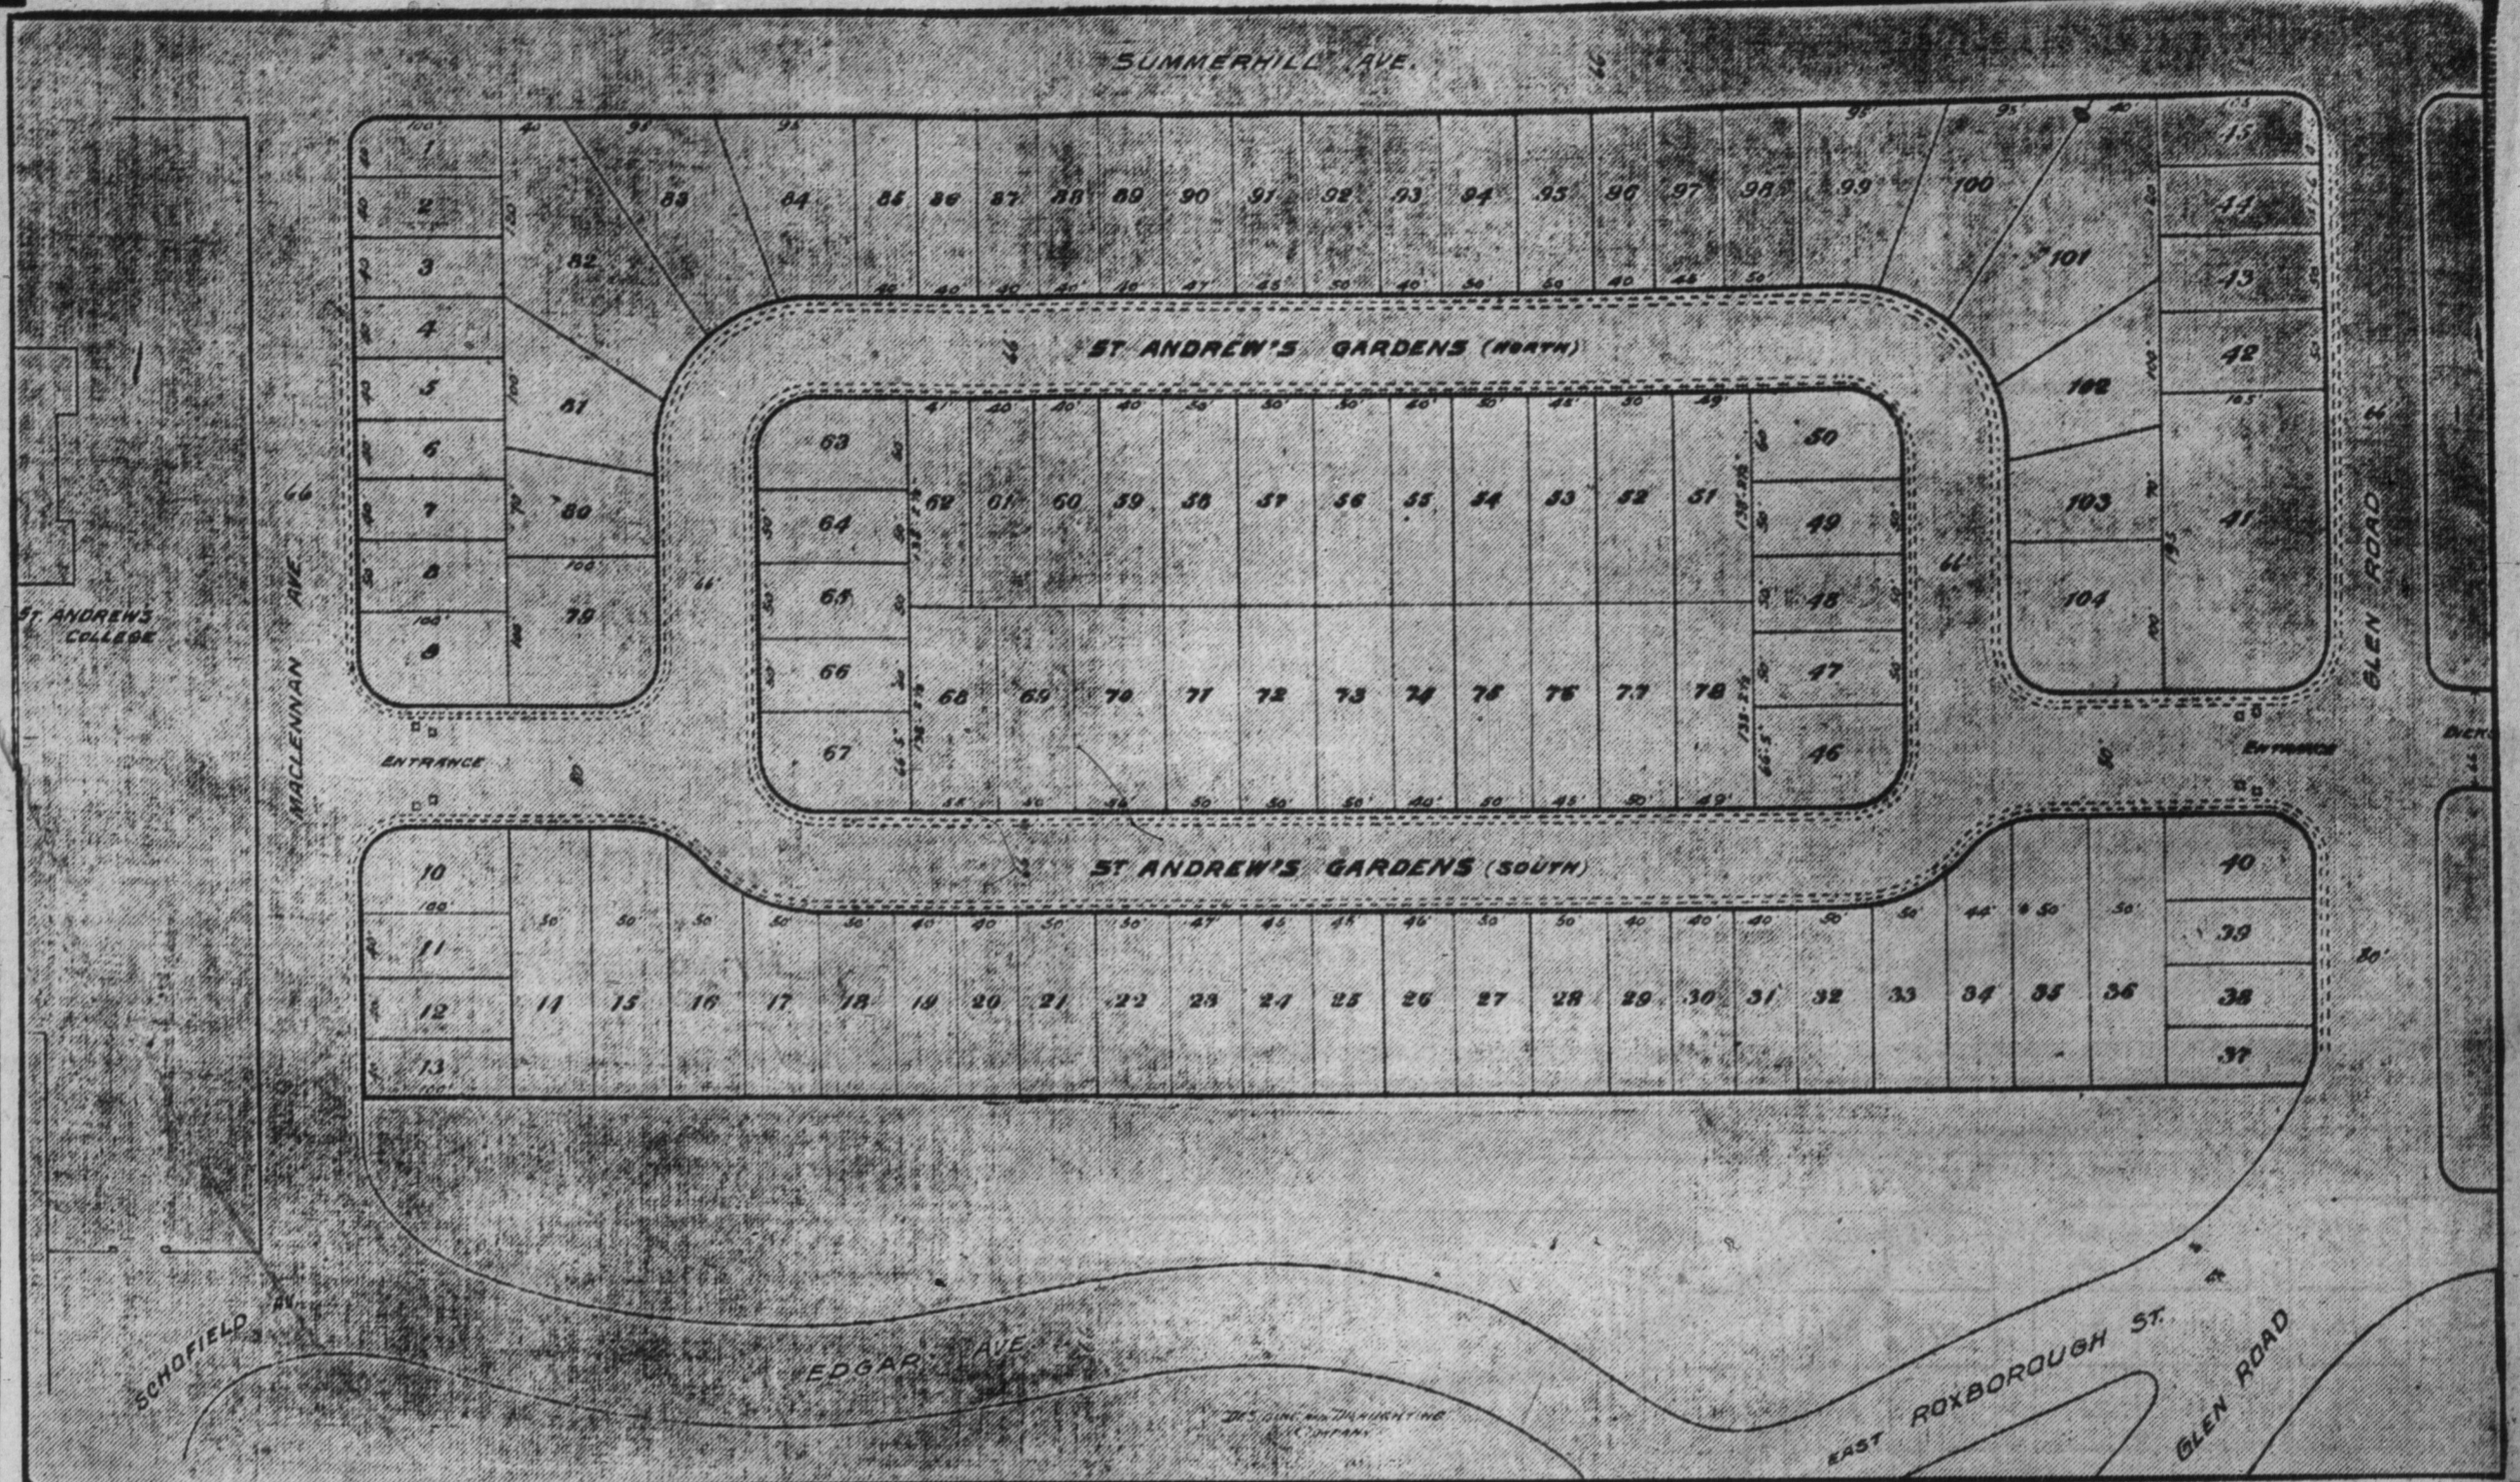

Dr. A. W. Chase's Nerve Food is a splendid illustration of the new method, for it cures by increasing the quantity and quality of the blood, by creating new nerve force, and by overcoming weakness and disease with new vigor, new energy and new vitality.

The time to begin using Dr. A. W. Chase's Nerve Food is when strength fails you and you find yourself out of sorts and losing health and vigor.

It is easy then to get back to normal condition by using this great restorative treatment. The blood is enriched, the nerves revitalized, new firm flesh and tissue is formed, and you feel the snap and new vigor as it is being instilled into your system.

Don't wait for nervous prostration or paralysis, but keep the system at high water mark. Dr. A. W. Chase's Nerve Food, 50 cents a box, all dealers or Edmanson, Bates & Co., Toronto.

ST. ANDREW'S GARDENS ROSEDALE

We have for sale a number of lots in this desirable residential locality, lying to the east of St. Andrew's College, and until recently occupied as the Rosedale Golf Links. The entire property is placed under conservative restrictions, which will ensure the erection of not more than one detached residence of artistic design and substantial character on each lot.

PRICES FROM \$50 PER FOOT UP. ROBINS, Limited, 22 Adelaide Street East, Phone 7171 Main, Toronto

FRAUDULENT GRAIN MIXING

Ottawa Authorities Will Prosecute Offenders in West.

OTTAWA, March 24.—Sensational developments are expected as a result of prosecutions which are being instituted by the department of trade and commerce against owners and operators of numerous western elevators, on charges of making fraudulent returns to the government as to the grading of grains passing thru such elevators.

The charges that are made have reference to the mixing of grain in elevators, something that is entirely prohibited by the Grain Act. It is alleged that there has been a systematic blending of superior and inferior grades and that wheat exported to foreign markets is very frequently down to the very minimum of the class in which it is graded. While the producers get their money, it is claimed that the market price is seriously affected by the minimum grade exported.

The penalties for mixing and making false returns are very heavy. Navigation Open at Kingston. KINGSTON, March 24.—(Special.)—Navigation opened late this afternoon, the steamer Wolfe Islander making the trip over from Garden Island. She had quite a time breaking ice. Last year navigation opened on April 6.

Negotiations are on for the taking over of the iron mines at Wilbur by American capitalists. Queen's College will purchase a large area of land on Union-street from the sister of the Hotel Dieu, for \$15,000. It will be used as a campus.

True Bills in Sessions.

True bills were returned by the grand jury of the sessions against Athol G. Robertson, Joseph W. Gurofsky and Milton W. De L'Horbe, charged with conspiring to defraud. The alleged frauds were in connection with the sale of stock in the Canadian Estates Co. Sentence day in the sessions has been fixed for Saturday, April 2.

DAMAGES FOR INJURIES

George Christie and John J. Rolston Win in Assize Court.

George Christie, a bricklayer, was awarded \$500 damages by a jury of the assize court, but whether Albert Webb or John Richardson, both contractors, is liable, may have to be decided by Chief Justice Meredith, who has reserved judgment. His lordship advised that the litigants get together and settle if possible. Christie was suing for damages as a result of receiving a broken knee while walking over a plank when at work on the Hillcrest public school. The accident was due to the plank breaking.

John J. Rolston, a street car conductor, was severely injured by falling over a plank which lay across the entrance to a lavatory at the St. Lawrence market, and in the jury assize court he was awarded \$1200 damages from the city.

T. & N. O. Earnings.

The net earnings of the Timiskaming and Northern Ontario Railway continue to soar higher each month. The statement for January shows \$54,412, over three times that of last year, which was \$17,299. For January the gross earnings were \$154,428, and the operating expenses \$103,537.

The mileage a year ago last January was 222.5 miles, and is this year 261.74. Toronto Customs Expansion. The receipts of the Toronto customs for March have already reached a total of \$1,400,000, which is \$300,000 ahead of last March, and \$500,000 ahead of March, 1908.

Tax Rate 17 1/2 Mills.

The Toronto tax rate will be kept down to 17 1/2 mills this year, is the general opinion of the members of the board of control. The board held a special meeting yesterday afternoon, which ran on into the evening, considering estimates. Last year the school rate was only 5.7 mills.

NO ONE BLAMED

But City Ought to Take Better Care of Sick Prisoners.

No one was blamed by the jury for the death of Mah Yung, who died in the General Hospital from typhoid after having been in Toronto Jail without treatment for almost a week. The jury added three riders to their verdict. They are, that the authorities should make better provision for medical attendance of sick prisoners taken to police stations; that the insane should not be sent to jail, and that the present jail is very antiquated and primitive, there being no provision for the proper care, accommodation or nursing of the seriously sick prisoners.

Return Engagement of Dr. Wullner.

It is seldom a musical artist meets with such success on his first tour of a country as to warrant a duplication of that tour the same season. It is practically an unheard of circumstance. Dr. Wullner, the baritone, whose triumph in Massey Hall the early part of February, was so tremendous, is one of the few notable exceptions. So important have been the requests for a reappearance of this remarkable artist, that he is allowing himself to be booked for return engagements in most of the cities and towns in Canada on his original itinerary. He comes to Massey Hall on the 7th of April.

Beethoven String Quartet.

At the chamber music recital to be given next week by the Beethoven String Quartet, a feature of interest will be the rendering, for the first time, of an original composition by Oscar P. Ziegler, the organizer of the quartet. The allegro movement from his quartet in C, No. 2, will be played. The personnel is as follows: Mr. Oscar P. Ziegler, P.T.C.M., first violin; Miss Jessie M. Flook, second violin; Miss Minnie G. Connor, P.T.C.M., viola; Mr. Joseph Sheard, violoncello. The concert is to be held at the Toronto Conservatory of Music, on the 29th inst.

DR. COOK ILL AND "BROKE"

So Writes His Wife—Says They Are Hearing Home Again.

BELLINGHAM, Wash., March 24.—Dr. William H. Axtell, a personal friend of Frederick A. Cook, has received a letter from Mrs. Cook, dated Valparaiso, Chile, in which she says the explorer is broken up in health, without funds and unable to continue his fight to establish his claim that he discovered the pole. Dr. Axtell said: "Mrs. Cook tells me, in her letter, that Cook made considerable money out of his trip when he first arrived in New York, but that he spent it in defending himself against bitter attacks from his enemies before the Copenhagen decision was made public. "Cook left New York later to escape contempt, says Mrs. Cook, and to go before the board of enquiry at Copenhagen as his own representative. Then Mrs. Cook followed him, met him in England, found him a nervous wreck and very ill. "She writes that it was her fault that Cook did not appear publicly at the time he was unfavorably reported on. She says she took him to Holland, France, Italy and then to Spain, where they embarked for Buenos Ayres. "Cook is still very ill and will be in no condition to take up his fight for the honors which he still says should have been his."

Signs Must Go.

City Engineer Rust is about to issue orders to the effect that all signs on trolley, electric light or telephone poles must be removed.

MUDLAVIA Mud Cure

The greatest health resort. Cures easily and naturally Rheumatism, Kidney, Skin and Nerve troubles. Big Hotel open all year. Send for book. Address P. B. Kramer, Pres., Kramer, Ind.

BAN ON FREE LUNCHEES

License Board Will See If They Have Power to Abolish Them.

Hotelmen wanted an expression of opinion from the license board with regard to free lunches in hotel bars and at the meeting of the board yesterday, Inspector Johnston was told to inform them that the board was opposed to them. It was felt that they only attract people to the bars and induce certain people to drink who might otherwise not touch liquor. As to whether the board has power to prevent the introduction of free lunches, the inspector will find out later.

Mr. Blackstock Thanked.

The National Union of Conservative and Constitutional Associations of England has adopted a resolution expressing its best thanks to George Tate Blackstock, K.C., of Toronto, "for the great efforts he made at the recent general election," and for the "most convincing speeches" he made during the contest. The Right Hon. Henry Chaplin, M.P., presided at the meeting and the resolution was moved by A. Shirley Benn and Sir Benjamin Stone.

C. P. R. Earnings.

MONTREAL, March 24.—(Special.)—C. P. R. traffic for the week ended March 21, 1910, was \$1,723,000. Same week last year, \$1,426,000.

Estate of William Pinkerton.

The late William Pinkerton, who died on March 1, left an estate valued at \$31,240. His widow, Thelma Kate Pinkerton, is the sole legatee. Stocks for which deceased paid \$24,600 are valued at \$3000.

Heart Trouble Cured.

Through one cause or another a large majority of the people are troubled with some form of heart trouble.

The system becomes run down, the heart palpitates, you have weak and dizzy spells, a smothering feeling, cold clammy hands and feet, shortness of breath, sensation of pins and needles, rush of blood to the head, etc. Wherever there are sickly people with weak hearts Milburn's Heart and Nerve Pills will be found an effective medicine.

Mr. Wm. Elliott, Angus, Ont., writes: "It is with the greatest of pleasure I write you stating the benefit I have received by using Milburn's Heart and Nerve Pills."

suffered greatly from heart trouble, weakness and smothering spells. I used a great deal of doctors' medicines but received no benefit. A friend advised me to buy a box of your pills, which I did, and soon found great relief. I highly recommend these pills to anyone suffering from heart trouble." Price, 50 cents per box or 3 boxes for \$1.25 at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

COBALT---Better Undertone Displayed by Mining Securities---COBALT

Traders Even Up Holdings And Securities Work Higher

Further Advances Realized by the More Active Mining Issues--Sentiment Generally Favorable to the Market

World Office, Thursday Evening, March 24. With the market facing a four days' holiday, trading in the Cobalt stocks took on a broader aspect to-day, and under more extensive dealing than has been witnessed for some days past...

PRICE OF SILVER. Bar silver in London, 23 13-164 oz. Bar silver in New York, 22c 02. Mexican dollars, 40.

Table with columns: Standard Stock and Mining Exchange, Asked, Bid. Includes entries for Amalgamated, Beaver, Big Six, Black Mines, etc.

COBALT LAKE AFFAIRS

Company to Purchase 1,500,000 Shares of Outstanding Stock.

Regarding the proposal to reduce the capitalization of the Cobalt Lake Mining Co., a correspondent writes that since there are over a million shares of stock in the treasury, it will be necessary to purchase but 500,000 shares in the market in order to bring about the reduction.

SILVER MARKET.

Samuel Montague, dealer in silver bullion, London, writes, under date March 16, that the announcement received from India on the 25th ult., that an extra amount of silver had been imported on the 23rd, and continued to drop until 23-1/2, the lowest price of the month, had reached on the 28th. The average cost of 23,794 for cash and 23,817 for two months.

When we wrote our last week's article the market was anxiously awaiting the decision of the Indian Government as to whether the 450,000 of silver, which arrived at the port of Bombay at 9 o'clock in the morning of the date of the announcement of the increased duty, would be allowed to enter India on the old conditions, or whether it would have to submit to the new conditions. This question has now been settled, and the full duty of 4d per ounce has been demanded and paid.

Undertone of Confidence Prevails. Playfair, Martens & Co., in their weekly letter, says: "Public sentiment is distinctly on the mend, and an undertone of confidence has prevailed thru the entire list during the past fortnight, altho at present we are not having what one might call a bull market, but it certainly has over-

THE COW GANDA KING SILVER MINES LIMITED

Sketch plan of the Company's properties on the east side of Lost Lake, with abridged report of showings on same up to date.

M.R. 3209—This claim has been very little prospected. Formation largely gabbro, with an outcropping ridge of metamorphic schist in the centre, apparently intrusive.

M.R. 1429—This claim is a very promising prospect. Formation almost entirely gabbro. Some dozen veins and stringers have been uncovered to date, in spite of the snow covering surface indications.

A promising calcite vein, carrying cobalt bloom and copper, has been traced on to this claim from M.R. 3210, also several small seams have been uncovered on the west side.

The veins most in evidence at present are two quartz and calcite veins, each of twelve to fifteen inches in width, with a vein of almost pure barites of about six inches. Newly broken float also indicates a wide vein of heavily mineralized calcite near the north line, for which thorough search has not yet been made.

M.R. 3210—The formation on this property is largely metamorphic schist, running on the east into sandstone. There are several contacts with gabbro, one of which runs entirely across the claim from north to south. Near this contact two small veins have been uncovered at a depth of three to four feet under the capping. One vein is a well-mineralized seam of decayed gangue; the other a vein of calcite also well mineralized. The latter crosses on to M.R. 3209, and as the former also heads in the same direction, it will no doubt be found, too, to continue on to M.R. 3209. Cobalt bloom and galena are present in small quantities.

M.R. 1430—Also gabbro formation, which runs down to the flats on the shores of Lost Lake. A large quartz and calcite vein of from ten to twelve inches, and well mineralized, has been tested to eight feet in depth, and shows well. A large vein from M.R. 1429 has also been traced across the line.

M.R. 1427—This claim presents much the same formation as M.R. 3210. The vein of barites from the claim west of this has been traced up on to this property, widening out to a width of over two feet. A branch (apparently) runs off in a northerly direction, composed of quartz of upwards of eleven inches, and showing iron and copper. The barites is impure, carrying heavily in red hematite and some copper, also mixed with quartz and calcite. The quartz vein is heading directly for M.R. 3210.

M.R. 3627, M.R. 3684 and M.R. 3685—These three claims (not shown in above map) are situated east of Martin Lake, in the Township of Lawson, and lie north and east of the Leroy and Taylor claims, in this section. The assessment work for two years has been done on them, and an offer to purchase same has been made to the Company by Buffalo interest, through their agent in Toronto. This proposed sale is still pending, and meantime the Company is satisfied to let the properties rest while the Lost Lake group is being developed. On location and adjacent showings, these claims are likely to be very valuable.

M.R. 1428—Formation, gabbro, with contact on the west and north of metamorphic schists. Little prospecting has been done on this property, but a promising seam of copper and decayed gangue has been marked for further investigation. Several veins from the Sanderson claim on the west are heading across the line, but have not been uncovered.

M.R. 1428—Formation, gabbro, with contact on the west and north of metamorphic schists. Little prospecting has been done on this property, but a promising seam of copper and decayed gangue has been marked for further investigation. Several veins from the Sanderson claim on the west are heading across the line, but have not been uncovered.

30,000 Shares of Treasury Stock are now offered at 25c per share.

Playfair, Martens & Co. Comment on Dominion Steel Payments.

Playfair, Martens & Co., in their circular, say:

"In our local market the main topic of interest centres around the Coal-Steel merger. Rumors are circulated galore, and many of the small holders of Coal have been buying an equal amount of Steel in order to protect themselves in the event of both issues being taken in on an equal basis. Judging by the tape this is probably a wise move, and it is said that the earnings of the Steel company, when published, will warrant such action."

It is interesting to note that the Dominion Steel Co. has done since the beginning of its fiscal year on June 1 last. It has paid \$250,000, the regular 7 per cent. dividend on the preferred stock, and \$1,575,000, being all of the accumulated dividends. Of this latter amount \$890,000 was received from the Coal company in full settlement of the balance of the Steel company's claim, and \$715,000, equivalent to 2 7/8 per cent. on the common stock, has supposedly been paid out of the company's earnings. In nine months of its fiscal year, therefore, the company has discharged its obligations in full to the preferred shareholders, and on April 1 will have a perfectly clean sheet. According to the company's balance sheet of May 31, 1909, the company's surplus amounted to \$2,999,401. With all the accumulated dividends on the preferred paid up, the balance of earnings, after the payment of fixed charges, including the regular dividend on the preferred and allowing for depreciation, will naturally be available for dividends on the common stock.

To Protect Investors.
ALBANY, N.Y., March 24.—The protection of investors from false representations by promoters as to stock values and from stock watering is the object of a bill introduced today by Assemblyman Bates, of New York. By its provisions a promoter is to put in a fiduciary relation to the corporation he is engaged in promoting, and must disclose his interest in any property sold to the corporation, and the amount he is to receive for his services. When stock is offered for sale it must be accompanied by a verified prospectus showing the material facts establishing its value.

Oil in Newfoundland.
LONDON, March 24.—The Newfoundland Oilfields has been formed, with a capital of £200,000.

TORONTO OTTAWA WINNIPEG

TORONTO AFRAID OF MONTREAL SITUATION.

World Office
Thursday Evening, March 24.

Montreal has been surfeited with bull news on the Coal and Steel stocks for months, and it shows wonderful patience on the part of readers that items can be reiterated daily in regard to these issues. The most wonderful part of the performance is that, Nova Scotia Steel excepted, the other two stocks have declined notwithstanding all the guff that is being written. Toronto speculators are to be congratulated that they are not heavily involved in the stocks which have been and are being manipulated from Montreal. There will be a settling day, and it may not be as far removed as some think. Nervousness in connection with this phase of the Canadian situation is influencing local business, and largely accounts for the absence of speculation and investment at the Toronto market.
HERBERT H. BALL.

N. Y. Experiences Difficulty In Putting Stock Prices Up

Hard Day for Wall Street Operators to Skin Out Profits—Local Stocks Hold in Absence of Offerings.

World Office,
Thursday Evening, March 24.
No one could charge the Toronto Exchange to-day with a show of strength.

Dealings were small and it was evident that where realizing sales were in prospect prices showed weakness. Many attributed the dulness to the holidays, but this was regarded as by-play with those close to the market. The recent advance in Twin City was evidently acceptable to some holders and this selling has had an influence on the market price. Those tributary to the New York market seem to have used the occasion for taking profits, and such individuals were even given to selling the shares to-day as low as 113 1/2.

Montreal has recently tried to put up Toronto falls, but they evidently met real stock and in fair volume. Awaiting the final in connection with the Steel and Coal deal, the market is still restricted for the favored partner, but many wonder where the present supposed buying orders for Steel come from. In the absence of actual offerings of some of the speculative securities to-day, prices closed firm.

Strength in the investment issues is still restricted to Commerce shares, which were bid up half a point at the close, and without offerings.

Wall Street Pointers.
New York Stock Exchange closed Friday and Saturday.
Coal trade still unsettled over strike talk and mild weather.
Senate amends corporation tax law to eliminate publicity clause.

Volume of business in pig iron tends to grow with lower prices.
International Harvester's new German and French plants will open for operation in near future.

Talk of increasing Virginia Carolina Chemical Common dividend to a five per cent. basis.
Regular dividend on American Mailing preferred and regular dividend on American Malt Corporation preferred.

Norfolk and Western Dividend.
N. & W. preferred declared dividend of 1 per cent., payable May 18.

Twin City Dividend.
Twin City has declared the regular quarterly dividend of 1 1/2 per cent., payable May 2, to shareholders of record April 12. The date of payment has been advanced from the middle of the month to the first of the month.

Listings on New York Exchange.
Granby Cons. Mining listed \$1,595,000 additional capital stock, making total amount listed \$14,850,000.
Denver & Rio Grande listed \$4,000,000 additional preferred stock and \$3,000,000 additional first and refunding mortgage five per cent. bonds due 1955.
American Lined Co. listed \$1,700,000 seven per cent. cumulative preferred stock transferred from the unlisted department to the regular list.

Western Railway Strike Averted.
NEW YORK, March 24.—At an early hour this morning the general managers of the western railroads and representatives of the locomotive engineers and firemen arrived at a basis for settlement of difficulties and all danger of strike now averted.

Bank of England Rate.
LONDON, March 24.—The rate of discount of the Bank of England remained unchanged at 4 per cent. to-day.

Wall Street Gossip.

On Wall Street.
Erickson Perkins & Co. had the following: Such little selling pressure as there was to-day did not bring out many long stocks. The offerings were for short accounts, and contracts are increased. Closing prices were a little better than yesterday, even American Smelting giving a fair account of itself. After the Easter recess its overstocks ought to do some better with U. S. Steel and Southern Pacific, perhaps leading. Amalgamated Copper also shows signs of becoming more active, in connection with the pending deals.

Can't Compete With Canada West.
LONDON, March 24.—(C. A. P.)—At a meeting of the Canada Company, the chairman, J. C. Wood, respecting immigration, to the Government of Ontario, Quebec, Nova Scotia and New Brunswick seemed evasive compared with the western provinces. The company could not compete with the advantages offered further west, but hoped to get valuable considerations in regard to the exports of natural gas, which interfered with all operations.

On Wall Street.
Erickson Perkins & Co. had the following: Such little selling pressure as there was to-day did not bring out many long stocks. The offerings were for short accounts, and contracts are increased. Closing prices were a little better than yesterday, even American Smelting giving a fair account of itself. After the Easter recess its overstocks ought to do some better with U. S. Steel and Southern Pacific, perhaps leading. Amalgamated Copper also shows signs of becoming more active, in connection with the pending deals.

Can't Compete With Canada West.
LONDON, March 24.—(C. A. P.)—At a meeting of the Canada Company, the chairman, J. C. Wood, respecting immigration, to the Government of Ontario, Quebec, Nova Scotia and New Brunswick seemed evasive compared with the western provinces. The company could not compete with the advantages offered further west, but hoped to get valuable considerations in regard to the exports of natural gas, which interfered with all operations.

Investment Syndicates

Do you understand clearly our investment syndicate plan?

Here it is in a nutshell:
You have \$50 or \$100 or \$500 that you want to make earn money for you.
You take the \$100, for instance, and put in some places—eminently safe, of course—and at the end of twelve months you will have \$106, or 5 per cent. for the use of your money.

Now, your contention is that your money should earn you more than that, and if someone could show you how, at the end of 12 months, you could have \$106 or more to show as the earnings of your \$100, and still have the \$100 intact—you would be glad to consider the plan.

We know from personal observation that money judiciously used on the New York Stock Market will earn easily 50 per cent. and many times much more. We also know that small amounts of money are very liable to be lost in this line, because the transactions lack sufficient cash capital to protect them during sudden fluctuations.

This weak point covered and there is no surer, safer or quicker way of making big money than by investing in accepted listed securities. And this is exactly what our syndicate system does cover—it furnishes a 25 point protection on all transactions, and by thus eliminating the big element of risk—makes the proposition a more certain investment undertaking than a big majority of business ventures that are applauded and recommended by the ultra-conservative.

So we say to you, send us your \$50 or \$100 or \$500, and we will put it with the money of several other investors until we have a sum of \$5,000, which we will call, for instance, Syndicate B.

With this capital of \$2,500 of Syndicate B we propose to operate—waiting until market conditions are ripe, and we buy or sell, as the case may be, 100 shares of some security on which conditions are ripe for a change. We have invested \$100 of Syndicate B's money, and have \$2,400 left to protect the \$100, should this market go adversely. The market changes one point, and we have made \$100 for the syndicate, or 10 per cent. on the syndicate capital, less our 1-8 commission of \$12.50. It changes 5 points and \$500 is made, or 20 per cent. on the capital.

We are in close touch with the market by special wire and close out the transaction with \$500 to the good for Syndicate B, and withdraw the capital of the syndicate from the market until, in our opinion, the conditions are ripe for another deal.

In the meantime, while the capital of Syndicate B lies dormant, we pay 4 per cent. on the money. Doesn't this look good to you?

BESIDES, there are these salient points—you can withdraw your credit balance at any time by giving a three-day notice, you will receive each week statements of the transactions of the syndicate you are interested in—you can investigate the books and check up the documents of your syndicate at any time, and you can withdraw your profits at the end of each month.

Each syndicate will deal in only 100 shares at a time, thus always having a 25-point protection. We can only make money by handling the business of many of these syndicates, for our charges are the regular commission of 1-8 each way, or \$12.50 for each 100 shares handled.

Our New York connections are with the most reliable and conservative houses—members of the New York Stock Exchange, who have never failed in business, and are of the highest integrity.

There is no time like the present. The market is splendid for trading. Watch it yourself, and let us show you what we can make for you in profit. If still in doubt, ask us for further particulars. Send us your New York Business, even if you don't wish to join a syndicate.

Three Selected Table Loads of Women's Easter Hats

THESE hats were gathered and grouped at three popular prices to tempt women to choose early. There will be no disappointment this Easter among the fortunate purchasers from these three tables for they are all selected hats grouped together to make three strong millinery department attractions for Saturday morning.

- Table No. 1—Ladies' Dress Hats, specially trimmed for this sale. They will be shown for the first time Saturday morning. **5.00**
- Table No. 2—Ladies' Trimmed Hats: only about 40 in this lot; very charming effects; beautifully finished with lovely French flowers and ribbons. **7.50**
- Table No. 3—Ladies' Trimmed Hats, a first-choice lot, done with flowers, foliage or handsome ostrich mounts. Our most expert milliners have contributed these. Saturday **10.00**

The Silk Sale

These Four Items Will be Attractive to Easter Visitors.

- 1st—5,000 yards of Colored Dress Silks, plain and including all the new designs in French foulard dress silks; shot and plain chiffon taffetas, satin de chine, French satin, mousseline, Swiss paillette, novelty silks, in small designs, checks, stripes, etc.; every novelty color of the season is shown in this lot. Heriot, blue, fragrant, grape combinations, Venetian, rouge, sea-wood and 60 others, for evening and street wear. Special sale price 63c yard.
- 2nd—Natural Shantung Silk, extra heavy, bright finish, clear color. Regularly worth 70c yard. Special sale price 48c yard.
- 3rd—1,000 yards of Japanese Imperial Silk, ivory and black only. Every woman wants at least one Japanese silk waist, and this quality, one yard wide, will launder perfectly. Regularly worth 65c yard. Sale price 48c yard.
- 4th—Black Dress Silks, C. J. Bonnet's peau de soie, "wear guaranteed" woven on every yard, rich, full black, satin paillette, French and Swiss, satin, mousseline, etc. Regularly worth 85c and \$1.00 yard, fast unfading blacks and splendid wearing qualities. Special sale price 67c yard.

Five Cloak Department Sales Saturday Morning

250 Women's Suits worth \$15 to \$16.50 for \$9.95. 65 Women's Black Coats worth \$15 for \$7.95.
 95 Women's Covert Coats worth \$7.50 for \$3.75. 200 Separate Skirts worth \$6.50 for \$3.95.
 180 Children's Coats worth up to \$8.00 for \$3.95.

WE ARE determined to open the business of this Cloak Department of ours at 8 o'clock on Saturday morning. It is the only way that we can hope to cope with the great climax of the Pre-Easter rush.

In order to encourage prompt, vigorous early morning shopping we give prizes to the first comers in the shape of the very noteworthy reductions noted above. **Come at 8.** That is the moral of our message for Saturday. We'll be ready for you at 8 a.m. sharp.

Now here is the 8 o'clock "Prize List" in full detail:—
 250 only—In materials of Stripe, Venetian, and fine Serges, made in the very best way, Coats lined throughout with either silk or satin in colors of Navy, Brown, Green, Black, Grey, etc., styles in the lot, sizes 32 to 42. Suits which would sell in the ordinary way for \$15.00 to \$16.50. We have priced them for Saturday **9.95**
 No Phone or Mail Orders Filled.

WOMEN'S SHORT SPRING COATS.

Made of the finest quality broadcloth, lined throughout with rich tamoline silk, 34 length, semi-fitting style, tailored collar and lapel, trimmed with silk buttons, and a fancy side piece trimmed with buttons; black only. Regular \$15.00. Saturday price **\$7.95.**

WOMAN'S FAWN COVERT COAT.

A stylish little spring Street Coat; strictly tailored, and finished with buttons on sleeve and back. Sizes 32 to 42. Regularly \$7.50. Saturday **\$3.75.**

SEPARATE SKIRTS \$3.95.

200 Separate Skirts, made in our own factory, which is a guarantee for correctness in style and superiority in fit and finish; materials are fine imported

striped worsteds, in grey, green, black or navy; they are in a variety of smart pleated styles; some with yoke effects; others have deep fold on side gorges, and pleated at bottom. These would sell regularly at \$6.50. Sizes 37 to 42 front lengths. Saturday's price **\$3.95.**

CHILDREN'S COATS.

180 Children's Coats, made up in a variety of cloths and colors; 34 length, in plain or striped material, trimmed with self-strappings and buttons, in sizes from 6 to 14 years; made from cloths and styles that would sell in the ordinary way up to \$8.00. Our price for Saturday **\$3.95.**
 No phone or mail orders filled.

An Extraordinary Easter Showing of Net Waists at \$3.00

WE describe four of the styles to give you an idea of the quality. There are nine designs in all—new and original in every instance.

A very dainty model of fine Brussels net, silk lined; has a pretty V shaped yoke, and collar of fine lace insertion and embroidery banding, clusters of princess tuckings, new sleeve, insertion trimmed, white or ecru. Special \$3.00.
 Dressy Net Waist, has an elaborate lace yoke and collar, groups of tucking front and back, and trimmed with insertion and crochet buttons, pretty puff sleeves, with tucked cuff, lined with heavy silk, white or ecru. **\$3.00.**

\$1.50 LAWN WAISTS, SATURDAY 75c.
 200 Dainty Lawn Waists, front of lovely all-over Swiss embroidery, in fine, neat designs, cluster tucking, and rows of lace insertion; sleeves finished with tucking and lace edging, Val. lace collar. Sizes 32-42. Regular \$1.50. Saturday 75c.

A Manufacturers' Clearing Lot of Crepe Kimonos \$1.95

Women's Cotton Crepe Kimonos, pretty floral and Oriental patterns, navy, cardinal, sky, helio, pink and black; tucked front and back; fronts and cuffs trimmed with satin band in harmonizing shades. Would sell in regular way for \$3.00. All sizes. Saturday **\$1.95.**

TAFFETA SILK PETTICOATS \$3.95.

Women's Petticoats, of heavy rustling taffeta silk, black, navy, old rose, ivory, sky, helio and champagne; also in beautiful spot effects. All lengths. Special price **\$3.95.**

A New Corset for Easter

TWO charmingly stylish models are offered Saturday at a big saving on the usual selling prices. A favorable purchase accounts for this chance. Phone orders filled.

300 pairs Warner's Runproof and Royal Al Corsets, two fashionable models, fine white coutil or white herringbone, medium bust, long style, length below waist, all fine rustle boning, wide side steel, four garters, lace and ribbon. Sizes 18 to 26 inches, in both makes. These corsets are wonderful value, and worth much more than our Saturday price, **\$1.00 a pair.**

Whitewear Department's Items

YOUR Whitewear Wardrobe must be complete for Easter. We have arranged things for Saturday just to suit you. At very little expense you can complete your supply with the daintiest of undermuslins. Ready at 8 o'clock.

Dainty Night Dresses, nainsook, slip-over style, embroidery heading run with silk ribbon and Val. lace edging. Lengths 58, 60, 62, 64, 66, 68, 70, 72, 74, 76, 78, 80 in. Regular price \$1.25. Saturday special **85c.**

Corset Covers, fine nainsook, yoke of embroidery, row of lace insertion, silk ribbon, lace heading and trim. Sizes 32 to 44 bust measure. Reg. value \$1.00. Saturday special **65c.**

Effective. Sizes 6, 8, 10 years, \$5.00; sizes 12, 14 years, \$3.25.

Fine Undershirts, cotton, 16-inch lawn source, 19 small tucks, wide hemstitched tucks, deep frill of fine embroidery, dust ruffle of lawn. Lengths 35 to 44 inches. Regular value \$2.00. Saturday special **\$1.25.**

Drawers, fine nainsook, fine hemstitched tucks, insertion and frill of the embroidery. Sizes 23, 25, 27 inches, in both styles. Regular value \$1.25. Saturday **95c.**

Suits, Coats, Shirts, Ties, Hats

Final Pre-Easter Programme of the Men's Store

WE merely suggest at this time the scope of our stock of Men's Clothing, detailing representative lines to give you a peg to hang your enquiries on when you come. You will find plenty of material here for consideration however. Look it over carefully, it will help you to decide. And remember time is short too. Saturday is the last day, the finale of the pre-Easter trade. Come before noon if you can.

SOME SIMPSON VALUE SUITS FOR MEN
 Men's Fancy Worsteds Suits, made from the imported West of England worsteds; in steel grey, olive and brown tones, showing self stripe effect; cut and tailored in stylish, single-breasted fashion, best trimmings. **\$12.50.**

Men's Single Breasted Suits, in fine grade materials, steel, dark grey herringbone weaves and honrack effects; nicely finished, and lined with the finest mohair linings. **\$15.00.**

Men's Light and Medium Weight Imported Worsteds Suits; the materials are rich in effect, and woven from pure Botany wool, in dark grey, wide wide diagonal and fancy navy blue, with self stripe; cut from the latest spring model, lined with fine alpaca to match material. **\$18.00.**
