ANOTHER CAMPAIGN FOR LIFE IS SHOWN UP

SENATOR AFFRAY ISSUES CLEAR CONCISE REPLY TO THE STANDBERS OF ROBLIN

First Grant of Lands in British Columbia was Made Not by the Liberal Government of Canada but by the Tory Government of the Pacific Province—If There was Grafting Roblin's Friends Were the Grafters.

Toronto, Oct. 2 (Special).—The following is included in Senator Jeffrey's reply to Premier Roblin's charges regarding the Crown's Nest coal land: "The Dominion government never owned an acre of the lands and therefore could not grant them to anybody and had no power over the granting or withholding of them. The British Columbia Conservative government, 1896 granted lands to the extent of 20,000 miles to aid in the construction of the Crow's Nest and Kootenay Lake Railway Co., subsequently transferred the British Columbia Southern Railway Company.

It is up. His efforts were without success. Someone sent him to Senator Cox in 1897. The concession was in a position that the coal lands could be earned by the construction of a line from Coal Creek to the United States border, forty miles away. The line in that direction running with the trend of the valleys, would not be anything like a railway across the mountains. The market for coal in the United States was also more sure, immediate and promising. This forty miles of railway could have been built for about \$20,000 per mile, which, according to our critics, is far less than the value of the coal lands. Subsequently it was voted to the Dominion government. At this time the Roseland boom was about at its height; a large smelter had been built at Trail and other towns were springing up all over West Kootenay. Discoveries were being made in East Kootenay. It was believed that the whole country would become a series of mining camps. The enormous cost of constructing the railway across the mountain ranges seemed prohibitive, however, and both Senator

Cox and myself refused to take part in building the forty miles to the United States border, as that would only be repeating in East Kootenay the blunder which was carrying the trade of West Kootenay to Spokane and Seattle. We advised projectors of the railway, to resume negotiations with the Canadian Pacific authorities, and at length they came to an agreement with the Canadian Pacific, purchasing the charter of the British Columbia Southern from them for payment in cash to cover the outlays for surveys, etc., allowing the original charter holders to receive 250,000 acres of coal lands. It was only after the conclusion of this transaction that Senator Cox and myself purchased shares in the coal company. It is someone represented that we are the whole company. The fact is that our combined holdings are only a fraction, but as we happen to be Liberal in our political leaning, the Conservative press finds it necessary to represent it otherwise. The senator concludes with threatening legal action against any publisher of a slander in the future.

WARD'S WAR IS UNTRUE

He Seeks Revenge But It is Short Lived

COMPLETE EXPOSURE

A Disgruntled Liberal Made Statements as Alleged Graft in the Breakwater Contract but They are Speedily Branded as Falsehoods.

Last Monday evening at the organization meeting of the Liberal workers at Beausoleil district, parish of Lancaster, John Ward was present as a Liberal worker and was nominated for the position of chairman. He received 27 votes which was five short of the number required by the other nominee for the office. Mr. Maxwell, last evening at the meeting held by the conservative party in Carleton City Hall, Mr. Ward made his appearance on the platform and charged that there had been graft and booting in connection with the building of the Negotown Point breakwater. Mr. Ward has had several contracts from the government for supplying materials for the work and has been paid fair prices.

DEATH AND DISASTER IN WAKE OF FLYING AUTOS AT BRIGHTON BEACH TRACK

Big Automobiles in 24 hour Race Leave a Trail of Injured and Dying Men and Wrecked Racing Machines Behind Them—Many Auto Accidents in New York Early Today—One Man Killed, Thirteen Men and Women Hurt.

Brighton Beach Race Track, N. Y., Oct. 3.—With a trail of injured and dying men and hopelessly wrecked racing machines behind them, six of the twelve automobiles which started in the 24-hour race at the Brighton Beach race track last evening were still in the mad whirl at 8 o'clock today. Apparently, prudence had been cast to the winds and no chance was considered too great, no danger too menacing to the daring pilots at the steering wheels of the flying machines.

As a result, all previous records had been broken by six cars by the close of the tenth hour. It was a pretty race between the four leaders at the end of the tenth hour, which were in advance of the best workman mark from the previous night. This was not accomplished, however, without a fearful array of accidents in which driver and mechanic escaped death by the narrow margin.

In the third hour of the pling up of racing machines going better than 55 miles an hour was averted as by a miracle, four cars grouped closely together being thrown into confusion by the crossing directly in the path of G. G. Peckett, special patrol officer. Three of the cars managed to avoid the dodging machine, but Robertson's machine struck him with fearful force and hurled him 60 feet. He was picked up unconscious, and is now in a critical condition at a hospital.

All the other injuries were less serious, and the mechanics of foreign cars. The French No. 13, catching fire in the seventh hour and the Italian entry No. 17 crashing into the fence, soon afterward, retiring both for the remainder of the contest. No. 4

which had been smashed in the mix-up, remained off the track six hours, undergoing repairs, but re-entered the contest in the ninth hour. The Italian entry, driven by Depalma and the American car driven by Charvot, were the next to come to grief, the former cracking two cylinders and the latter freezing its bearings. Both cars retired in the eighth hour, and the American car in the seventh hour, however, the latter's entry had been sufficiently repaired to re-enter the contest but was forced to retire again after going three miles.

At eight (the 11th hour), the field had been reduced by six cars by the close of the tenth hour, and of these only four were keeping up the lighting pace. It was a pretty race between the four leaders at the end of the tenth hour, which were in advance of the best workman mark from the previous night. This was not accomplished, however, without a fearful array of accidents in which driver and mechanic escaped death by the narrow margin.

The taxis filled with merry-makers collided at Broadway and 104 street early today, and the occupants were tossed out when the cars plunged over on their side from the force of the collision. Some were badly bruised, but all insisted upon going to their homes after their hurts had been treated by an ambulance surgeon. Half an hour later a touring car bringing a party home from the Brighton Beach automobile races, crashed into a lamp post at 103rd street and Broadway. The machine was wrecked and all the occupants were thrown out on the street. They were treated by a doctor who lives near the scene and were sent to their homes.

ANGLICAN SYNOD HAS ENDED SESSION

The Next Synod Will Convene at Vancouver Or Else at London Ont.—Business Done Yesterday.

Ottawa, Oct. 2 (Special).—The Anglican general synod formally prorogued at 10 o'clock to-night with the blessing of Archbishop Sweetman of Toronto, primate of all Canada. Then next synod in 1911 will convene at Vancouver if reduced railway rates can be obtained, the alternative choice being London. At the afternoon session a variety of business was transacted.

TRUANTS' DAY IN POLICE COURT

"Did you not know that a moral obligation rests upon you to see that your children go to school," said Augustus Ritchie in the course of the proceedings in the juvenile court this morning to Martin Cahill, the father of Bernard Cahill, arrested yesterday for confirmed truancy. "At eleven o'clock at night," continued the magistrate, "one can see little boys and girls coming out of theatres and other amusement resorts and walking arm in arm around the streets or running to catch a car, and then the parents wonder why their children develop into worthless and disruptive characters." It is ridiculous to say you can't control a nine-year-old boy, and I may take advantage of the law, which permits me to fine the fathers of refractory children," Cahill has been absent from school for three weeks, and his two brothers, Fred and Leo, are also under the surveillance of the truant officer. The boy was sent below and confined in a cell.

INDIA'S AWFUL FLOOD

7000 Bodies Have Been Recovered at Hyderabad.

Bombay, Oct. 3.—Over 7,000 bodies already have been extracted by the health department of Hyderabad and the belief prevails that total death toll resulting from the floods that devastated the Hyderabad and Deccan districts a week ago will exceed all previous estimates.

SENT UP FOR TRIAL

Man Accused of Robbery in Chatham Will Be Tried in Newcastle.

Chatham, N. B., Oct. 3.—(Special).—The trial of Paul Gallant, charged with breaking into Moss' jewellery store, was concluded this morning, and the accused was sent up for trial. This will take place before the county court at Newcastle. Gauger Coughlan was on the stand and told of the prisoner's confession and implication of the captain, who, he said, set him on to the work. The prisoner made no statement on advice of his counsel.

NO MORE ANGELS FOR HIM

Tar Heel Preacher Obeeyed One and Went to Egypt.

Raleigh, N. C., Oct. 2.—Rev. John White, living near Elizabeth City, dreamed last year that an angel appeared to him and told him to sell everything he had and go to Egypt and preach the Gospel. In January he sold his farm and other property, and with the proceeds left with his wife and children in Egypt. Relatives sent the money for them to return. White says that in the future he will not be guided by dreams.

TORONTO JEWS WANT THE TRUTH

They Will Refuse to Give Their Votes to Canvassers and Want Information Upon Campaign Issues.

Toronto, Oct. 3. (Special).—The Hebrew Independent Political Club of which H. S. Dworkin is chairman and organizer has decided to take an important part in the Dominion election. It is issuing broadsides and circulars headed "Proclamation to the Jewish people of Toronto," in which the statement is made that the Hebrews now have over 4,000 voters in the city. It is urged upon these that they do not in the internal promise their votes to canvassers and the club is arranging to have the candidates of both political parties address them at various meetings and explain their platforms. The club also will deliver literature and have a number of lectures delivered dealing with the political questions.

ELECTRIC TRAIN SMASHED AN AUTO

Auto Running 40 Miles an Hour Collides With a Fast Train—Pile of Scrap Iron is Result.

Chicago, Oct. 3.—An automobile racing at a rate of forty miles an hour and a train on a Milwaukee electric railroad, running at an even higher rate of speed, collided a mile north of Kenosha, Wis., yesterday. As a result, Geo. O. Field, a prominent man of Manistee, Mich., was killed and the automobile reduced to a pile of scrap iron. The accident was witnessed by a large number of passengers on the electric car, and while all of them were badly shaken, none was injured.

LAST NIGHT'S MEETING ON THE WEST SIDE

A meeting held in the Carleton City Hall last evening in the interests of the Conservative candidates was well attended. The Westerner-I see, which one of the two cyphers were you? Eugene V. Debs arrived in Chicago after completing a western campaign tour of 5,000 miles, during which he made 137 speeches in 22 days. A Crofton, Eng., audience of ladies refused to remove their hats at the request of Herbert Hughes, of London, who was speaking. The portrait of Evelyn Thaw is to be sold at a court house in New York at the instance of a millionaire to whom Mrs. Thaw is in debt. The controller of the almshouse at Reading, Pa., drew the line in expenditures at paying \$2 for the repair of a pauper's false teeth. The Georgia bill prohibiting the bearing of convicts, has been signed by Governor Hoke Smith.

MISS ANGLIN IN AUSTRALIA

Melbourne, Australia, Oct. 2.—Miss Margaret Anglin appeared in Her Majesty's Theatre here last Saturday night for the first time in her career as Katharine in "The Tempest of the Shrew." The Melbourne was her third production in Melbourne. Opening her engagement at Sydney, she played there for two weeks, closing on August 19. From there she went to Melbourne and began her engagement on August 27. Following this play, Miss Anglin will play "The Tempest of the Shrew" in Melbourne. Her engagement in Melbourne ends October 23. The Michigan Federation of Labor went on record in favor of woman suffrage and against prohibition. Korea, with a population of 20,000,000, consumes \$10,000,000 cigarettes yearly.

At both places the distinguished orientalist discovered unmistakable evidence of very recent Japanese occupation. In fact, he expressed the view that his approach had frightened the marauders, and that they would very soon return. Traps were set and the party returned to the city, and Mr. Bow-wow-sir spent an hour or two in the Natural History Society museum, which he is entertained at a clam-bake at Courtenay Park, pleading as an excuse

THE NEW HALIFAX PARK WAS OPENED YESTERDAY

Halifax, N. S., Oct. 2.—(Special).—Sir Sandford Fleming today presented Governor Fraser with a trust deed of a park on the western side of the Northwest Arm, on a high promontory part of which is to be occupied by a memorial tower in honor of the 150th anniversary of the establishment in Nova Scotia. The corner stone of this tower was laid by Governor Fraser this afternoon, while a royal salute boomed from the citadel. The park of 100 acres, and the tower, which will be 100 feet high, will command a magnificent view of the surrounding country. A large number of telegrams and letters were received from prominent people in various parts of Canada and the British Islands. Earl Grey wired as follows from British Columbia: "I regret I cannot be with you at the semi-tercentenary celebration of the opening of the first legislative assembly established in the Dominion. The legislature of Nova Scotia, associated as it is with the genius of Chatham and the oratory of Howe, has a special interest for every Briton. I sincerely wish you and Sir Sandford Fleming a complete success in your public spirited endeavors to

PRISONER FOR 70 YEARS

Turtle Found in Oak Box Locked up in 1838. Findlay, O., Oct. 2.—After being a prisoner for seventy years, a turtle at Grand Rapids, O., has just emerged from his long confinement. The prisoner was released from beneath a rock in the Miami and Erie Canal. The workmen who liberated it believe it was imprisoned in a box of heavy oak timbers in 1838 at the time the lock was constructed. When it again saw the light of day it was covered with moss, but was as fat as though it had enjoyed three square meals a day ever since it was shut up.

HIGHWAY ROBBERS WERE VERY POLITE

Men Who Held up Lady at Cross Point, Quebec, Returned Her Empty Purse With a Bow. Campbellton, N. B., Oct. 2 (Special).—Cross point on the Quebec Shore, has been the scene of a hold up. Last night a lady was driving along the shore road, when two men jumped from a clump of trees and demanded her money. She gave up her purse from which the robbers extracted a five dollar bill, and returned the purse with a polite bow.

DEFUNCT BANK HAS BEEN WOUND UP NEW

Chicago, Oct. 3.—The final winding up of the defunct Globe Savings Bank, whose failure in 1890 was followed by the sending to the penitentiary of Charles Warren Spaulding was announced by the Chicago Title and Trust Company receivers yesterday. The report shows that the 2,000 depositors have received 53 cents on the dollar—less that they will receive. Involved in the failure was the disappearance of \$400,000 in bonds of the University of Illinois. Spaulding, who was president of the bank and treasurer of the university, was released from the penitentiary about two years ago and now lives in Chicago.

DR. PUGSLEY'S VINDICATION

Not for many years has St. John witnessed, even in the last hours of a campaign, such enthusiasm as was manifested last night at the great Liberal mass meeting in the Nickel Theatre. Nor could any man who seeks to vindicate himself against attack desire a more sympathetic audience than that which last evening gave Hon. Dr. Pugsley what must have seemed the most pleasing reception ever accorded him in his whole political career.

ST. JOHN'S INTERESTS

That which the electors of St. John want most to know in this campaign is the effect their course will have upon the vital interests of the winter port. The Conservative speakers assert that if their party is given to power Mr. Borden will look after the interests of this port.

WASTING TIME

The opposition speakers are wasting a lot of valuable time trying to convince the people that the Grand Trunk Pacific will not be completed to St. John for some years to come. Such discussion does not interest the electors.

that when the railway is completed the company may also have wharves constructed and a deep water channel leading up to them. This is a statesmanlike policy, and recognises the importance of being ready for traffic when it comes. It is the policy of the Conservative government refused to carry out, as delegation after delegation from St. John to Ottawa can testify.

MISS THOMSON A CHAMPION FOR FIFTH TIME

St. John Woman Again a Winner in National Golf Tournament—Defeated Mrs. Mussen in Splendid Game.

Toronto, Oct. 2.—Miss Thomson, of St. John (N.B.), this afternoon, won the national golfing championship from Mrs. Mussen, of Montreal, on Lambton links, by 1 up and 1 to play.

This is the fifth year in which the brilliant New Brunswick golfer has taken the national title, and nobody who saw her play today will for one moment question her capacity as the champion on the splendid stand she made.

A cold north wind blew all over the course, but a large and interested gathering followed the play and were rewarded by some of the most golf ever seen on the links.

The first consolation was won by Mrs. Taylor, who beat Mrs. Brown by a up.

WILL HAVE TROUBLE TO PLAY THE GAMES

Perhaps the Cubs will settle a knotty problem in transportation for the national baseball commission, which is making its plans for the world's series.

Playing in New York one day and in Chicago the next would be an unprecedented occurrence.

But the Cubs and White Sox will be necessary to break national records right and left to play in New York one day and in Chicago the next.

GOOD PLAYING WILL SAVE NEW YORK YET

Although Pittsburg is in First Place Now the Giants Have the Best Chance to Win.

New York, Oct. 2.—Greater uncertainty than ever in the ultimate outcome of the almost unprecedented close race for the National League pennant has come as a result of yesterday's overturn in the relative standing of the three leading teams.

Through a double header victory Pittsburg squared into first place with a lead of less than a full point over New York, and Chicago in third place is only a single point lower down in the percentage table.

Pittsburg today will again try her strength with St. Louis, from which she took the double header victory yesterday, while New York plays at Philadelphia and Chicago at Cincinnati.

Detroit still holds the top place in the American League, with four points lead over Cleveland. Chicago, by its defeat of Cleveland, is 13 points behind the "Tigers."

The Bachelors' Club of Fairville, at their annual meeting last night elected Robert Moore, honorary president; John L. McLaughlin, president; Charles L. Doherty, vice; Pearl A. Townsend, secretary; Chas. A. McKinnon, fin. sec.; James Dwyer, sent; Wm. Donovan, outer guard.

Pat's campaign trip through Iowa has aroused great enthusiasm among voters.

EDWARD SEARS FACES FOWLER AT WESTFIELD

Conservative Candidate Replies but When Mr. Sears Asks to Have Another Word He is Refused.

At Westfield Beach on Thursday night, Geo. W. Fowler addressed a meeting of about 100 electors, about half of them Liberals. Edward Sears was called at the close of Mr. Fowler's speech and replied effectively. Mr. Fowler spoke again, but when Mr. Sears desired to reply once more, he was told by the Conservative candidate in Kings-Albert that the meeting was his and he would have the last word.

Mr. Fowler told of the Ryan deal and said he made a profit, which was what he went in for. He said it was a straight business deal and he came out ahead. He then attacked the minister of public works in a number of matters, talked of the "Arctic scandal," the Crow's Nest Pass land, the Quebec bridge, militia matters, and predicted the defeat of the government.

THE GRAVE ROBBED OF ITS PREY

GIVEN UP BY DOCTOR--NOW IN PINK OF HEALTH!

No words of ours could be more convincing of Psychine's power to make the sick well than those of John A. Galbraith, a well-to-do farmer of Plympton, Ont. He says: "I did not seem able to gain any strength after the attack of pneumonia. One doctor said that tuberculosis had developed, that I could not recover, and advised me to settle all my affairs as quickly as possible."

PASTOR SAID PSYCHINE SAVED HIS WIFE

I GAVE HIM HOPE THE PASTOR TESTIFIES. Rev. C. E. Burrell, Baptist Pastor, Fore St., says: "Several years ago my wife was so seriously ill of lung trouble as for months to be unable to walk, at which time a noted physician told me that the next dress that I would buy for her would be a shroud. She used PSYCHINE and is now reasonably well."

PSYCHINE IS THE GREATEST OF TONICS. THERE IS LIFE IN EVERY DOSE. PSYCHINE regulates and strengthens the stomach and is an infallible remedy for all disorders of the throat, lungs and chest. All druggists carry it, 10c-1.00.

I Sold Him Psychine THE DRUGGIST SPEAKS. Mr. Ralph Scott, druggist, Fore St., says: "I have read the statements made by Mr. J. A. Galbraith and Rev. C. E. Burrell regarding the results of the use of PSYCHINE. I know both gentlemen personally and can heartily endorse all that they have said. Mr. Galbraith obtained his supply of PSYCHINE at my drug store, saying from time to time that it had done him good. I took an interest in his case and noted a steady improvement. Altogether I sold him about \$15.00 worth. PSYCHINE is having a big run here, and so far as I know is always used with beneficial results."

"I SAW HIM" H. J. Pettipiece, Esq., ex-M.P.P., publisher of The Forest Free Press, says: "The Galbraith cure is considered a miracle here. I know his case was considered hopeless by his physician, and that something had pulled him together. I have only just learned that he is doing his share of the work on the farm, instead of being under the sod, where just one year ago, the doctors told him he would be."
