Russian Challenge To Great Battle To Stay German Advance

Supreme Effort, on Vaster Scale Than Any Since Drive Began Grand Duke Has Chosen the Ground and is Posted in Region Carefully Fortified and Provided With Communications—Fight Now Beginning

Petrograd, July 23.—(By Hamilton Fyfe)—The Russians are to make a supreme attempt to stay the German advance upon Warsaw. They are to venture a battle, the decision of which will change the character of the campaign in the east. Officers of the general staff in Petrograd say that the battle, which is now beginning after the preliminaries of the last few weeks, is to be on a scale vaster than those of the Dnieper and the San. The situation must be reckoned from all points of view as the most serious since the beginning of the war.

A semi-official statement issued to the newspapers last night declared that the outcome of the engagements now in progress around chosen by Grand Duke Nicholas for a decisive trial of strength, will mark a change in the whole character of the eastern campaign.

Needless to say, the ground has been chosen with a view to taking the enemy at a disadvantage. The Russian armies are in a region which has been carefully fortified and provided with communications.

This region is the famous three fortresses triangle which has figured prominently in the works of military writers for the last generation. The apex of the triangle is Brest Litovsk, the base extends from Invergorod to Nowo Georgievsk. Already both these Vistula fortresses have been in action. Very large forces have been brought up by both sides. It is not anticipated that the struggle will be long drawn out. Russia awaits the issue calmly, and fervently murmurs "Amen," to the grand duke's message to the people in the order of the day.

Constantinople, July 23.—There has been no change in the situation on the Gallipoli front in the last week. Both the allies and the Turks have confined their efforts to desultory small arms fire and sapping operations. The weather has been excessively warm.

The Turks are concentrating many new troops near the Gallipoli theatre. After surmounting many difficulties, they have now placed in successful operation plants for the manufacture of ammunition of heavy artillery. The output, it is asserted, is several thousand shells a day.

There is but slight foundation for the reports of famine and epidemic of disease in Constantinople. The city is well provided with modernized cheap food, there have been no disturbances in the streets, and no cases of cholera have been reported.

Constantinople, July 23.—The American note to Germany reached here during the night and was delivered to the foreign office by Ambassador Gerard this afternoon.

NO NEED OF TROOPS TODAY IN STANDARD OIL STRIKE. New York, July 23.—Comparative quiet, in marked contrast to the three previous days of the week, prevailed in the Standard Oil section of Bayonne, N. J., today, around the plants of the Standard Oil Company and the Standard Oil Company, which have been closed because of a strike of 1,600 men in the Standard Oil Works, and the resultant disorder whereby three men were killed and scores injured.

Crowds gathered as usual in the streets leading to the works to discuss the situation, but no threatening move was made by the men. Desultory firing occurred during the night, but the police said this was chiefly due to some false alarm among the watchful guards.

Sheriff Kincaid and commissioner of public safety, Wilson, said today that the situation was well in hand and that there would be no need for troops.

Brigadeport, Conn., July 23.—With the arrival today of Samuel Gompers, president of the American Federation of Labor, and several of the executive of international unions, J. J. Johnston, vice-president of the Structural Iron Workers, announced that he had been informed that the written agreement by which an amicable settlement of all labor troubles in Bridgeport will be secured, had been signed. The text of the agreement would probably be given out for publication this afternoon.

Graham, formerly well known here and a resident of Douglas avenue. At the death of her husband she went to live in Somerville.

PORTABLE HOUSES FOR THE REFUGEES

Create Towns For Stricken in Belgium and Northern France AN ORDER FOR 20,000

Brooklyn Expects It From Britain, France and Belgium—Homes, Schools, Churches and Business Buildings—Cost Will be Millions

Toronto, July 23.—A New York special to the Toronto Globe says: "Negotiations likely to be concluded within the next few days, will probably bring to Brooklyn the most unusual as well as one of the biggest of the war orders. A contract for the construction of 20,000 portable houses to be used in Belgium and Northern France, is involved and aggregates many millions of dollars. The British government has agreed to purchase as many as 10,000 of these houses for the furnishing of structures suitable for dwellings, churches, schools and business buildings. Entire cities are to be created to house the refugees made homeless by the high tide of the German advance in France. Shipment of the buildings is expected to be completed by winter. It is believed that Great Britain, France and Belgium are acting jointly.

Decline to Give Out Anything—Answers From Those Appointed Expected by Tomorrow

A conference among Mayor Frink and Dr. J. Roy Campbell, R. T. Hayes, W. E. Scully, J. M. Robinson, E. Allan Schofield and T. P. Rogan, six of the seven gentlemen nominated for membership in the new government commission, took place at city hall at noon today. At the conclusion of the meeting members of the commission said they were not prepared to say whether or not they would accept the appointments. A further conference might be held before they came to a decision. The council, at the time of making the appointments, asked that answers should be given by Saturday.

Will Repair Same House. Council Committee Defers Action on Sale of Lancaster Lot

The council committee on the sale of the Lancaster lot, which was held up by the fact that the house in Lancaster owned by the city and used as a workshop, was not ready for sale, will repair the house and offer it for sale in building lots, but action will be deferred until the next meeting of a plan drafted by the city engineer.

The committee met with Com. Wigmore in the chair and Commissioners Potts, Russell and McLellan, the council clerk and city engineer present. Com. Russell laid before the committee a plan for the subdivision of the city property in Lancaster on which is situated the house occupied by Mr. Sims and for which he is applying for a license. Mr. Russell wanted a decision as to the future policy regarding this land before taking further action. He moved that he be authorized to expend up to \$1,000, under direction of the engineer, for repairs to the house, Mr. Sims to pay an additional rental of ten per cent of the cost of repairs, above the present rental of \$170.

The motion was carried and the committee adjourned.

I., July 23.—At an important meeting of lobster fishermen and packers in Souris yesterday, a delegation was appointed to go to Ottawa applying for an extension of the lobster fishing season. It closed on June 26. They want extension until the end of August. Late opening owing to ice was the chief argument in favor of extension.

Depositions were read from the government authorities of Thursday Island and from Madame Nordica's will, which she was in her right mind at the time, contrary to the statements of her husband, George Young, who was cut off by the terms of the will and contested it. The value of the estate is estimated at \$1,000,000.

ORDUNA AWAY; HAS WAR SUPPLIES. Cunarder Takes 11,000 Tons From New York For England THREE PASSENGERS LEAVE

Fear German Submarines—Ottawa Girls Just Catch Boat in Rush to Get to Dying Soldier Finnee and Brother

New York, July 23.—The Cunarder Orinda, laden with close to 11,000 tons, chiefly with war materials for England, sailed today for Liverpool with fifteen cabins, seventy-five second cabin, and 108 stowage passengers, including twenty-two Americans. Three first cabin passengers who had booked to sail cancelled their passages, not caring to take the risk of German submarines. One is an American, Miss Lydia Wheeler of Philadelphia.

A few minutes before the Orinda sailed two young women came sprinting down the pier and rushed up the gang plank. They were Misses Grace Jeffrey and Ruth Buchanan of Ottawa, house for the William Albert Finnee, a French and because of the development of a form of cancer his left leg was amputated. He was wounded by shrapnel more than ten days to live, and his fiancée and sister were cabled on Wednesday afternoon.

The latter was allowed to stand against him pending his future conduct.

Claude Grant appeared to answer a charge of non-support. He pleaded not guilty and asked time to procure witnesses. The case was set for Monday morning. He was told that he would have to go to jail.

He said he procured the liquor on last Sunday night from a man on Long Wharf and paid \$1.50 for it. He suggested that the police organize and drive the offenders away, and if possible arrest them.

TO TALK OVER MATTER OF OBSERVANCE OF ANNIVERSARY OF DECLARATION OF WAR. The matter of an appropriate observance of August 4, the anniversary of the declaration of war by Great Britain, will be discussed this afternoon by Lieutenant-Governor Wood and Mayor Frink. Some time ago His Honor wrote to the mayor, laying before him the suggestion of a British association, that each city on that day should hold a mass meeting at which the citizens might express their approval of the conduct of the war and their confidence in the administration and the prospects of ultimate victory.

Year Ago Today Austria Sent Her Ultimatum To Little Serbia

Paris, July 23.—One year ago today the Austrian ultimatum to Serbia, which led up to the war, was delivered. The French press commemorates the anniversary with articles voicing the resolution of France and her allies to carry on the war unswervingly. The "Matin" says: "Germany had reached the point of wishing to crush by diplomacy, if not by force, nations unwilling to accept her yoke. She was completely carried away by the desire of domination, as well as the mania which led her to believe she could not exist without uncontested superiority in Europe."

Alfred Capus, a dramatist, writes in the "Figaro": "France did not show the least hesitation, the least doubt about the danger which menaced her, nor in regard to the enemy's design. Rarely has a nation had more prompt or clearer vision of her destiny. In a few hours she took stock of herself without the German challenge and swore to conquer."

ITALY AND TURKEY ARE NEAR TO WAR DECLARATION

Recent Developments Make Possibility of Action By Italy Matter of Near Future

Rome, via Paris, July 23.—Diplomatic relations between Italy and Turkey, already strained, are becoming more tense because of the reported refusal of the Turkish authorities to permit Italian subjects to leave the Ottoman empire. It is believed here that a declaration of war by Italy in the near future is highly probable.

Calve reports that a Turkish-German expedition has landed on Italian territory in Tripoli, have aroused the ire of the Italian press. Rome also has heard that a large number of Italian reservists have been detained at Smyrna on the pretense that passenger traffic has been stopped because of the port being closed, while other Italians are similarly detained at various points in Asia Minor, Syria and Arabia.

Although Italy is at war with Austria, there has been no declaration of hostilities against either Germany or Turkey. It is believed that each side is waiting for the other to take the initiative and thus assume the responsibility for extending the scope of the conflict.

Had Been Sporty in Panama and That Led to His Arrest. Canadians Had Detained Her But She Was Taken Away by Ruse—Referred to Ottawa

Bridgeport, Ont., July 23.—On Wednesday Canadian officials seized the U.S. steamer Clarence Fitz of Buffalo for landing picnic passengers on the Canadian shore without giving notice. About two o'clock on Thursday morning three Fitz men boarded the steamer and persuaded the constable in charge that a gathering might presage a heavy storm and asked permission to move the steamer to Fort Erie. The permission was reluctantly granted but they took the steamer to Buffalo and sent the constable home. The matter had been referred to Ottawa.

TRAVELERS DO WELL FOR THEIR FUND FOR TWO AMBULANCES. That the commercial travelers have responded in a most gratifying manner towards the sum being raised to purchase two motor ambulances is evinced by an encouraging report from L. C. Armstrong, who is taking an active interest in the movement. He expects to be able to publish a list in a few days showing the generosity and whole heartedness with which the members answered the appeal. This he considers will make each giver feel proud that he carries a grip and is a member of an association that has done a share towards assisting in the common cause.

The hope is expressed that the coming week will show as good results, and that those who have not already had an opportunity of contributing will come forward with the same patriotic spirit manifested so that they, too, may be privileged in saying: "I have helped secure some of my comrades who have fallen in the fight for freedom, and in that way have done all in my power to defeat German militarism although conditions may not allow me to participate actively in the conflict."

BRITAIN APOLOGIZES. Regret at Violation of Norwegian Territorial Waters. Christians, July 23.—The British government, through Sir Edward Grey, has expressed regret to the Norwegian government at British warships' violation of Norwegian territorial waters, especially by the seizure of a German steamer, inside the three mile limit. The note, couched in cordial terms, was in reply to a formal protest lodged by Norway. It announces that the British admiralty has been requested to respect, in future, the Norwegian territorial limit.

The press expresses satisfaction at the terms of the note, although saying that it was considerably delayed. The paper calls upon the government to demand satisfaction from Germany for the torpedoing of Norwegian ships with the loss of the lives of several sailors.

NO HUDSON BAY 1915 DIVIDEND ON ORDINARY SHARES IS THE REPORT. THE STORY OF TODAY is one intensely interesting to wise home furnishers. It's the story of big values in every kind of Furniture for lesser outlay than you would be asked in many other places.

Hustling and planning never ceases here. As fast as one benefit is found and given to our customers another is looked for—that's what brings a continual flow of pleasing results to you and us. GOVERNMENT POSTS IN HIS CONSTITUENCY ONLY FOR SOLDIERS

E. N. Rhodes Says That is His Policy in Reference to Appointments

Ottawa, July 23.—E. N. Rhodes, M. P. for Cumberland, says that in his constituency where vacancies occur in the government service he will recommend for appointment only Canadian soldiers who have been invalided back from the front.

MIDNIGHT FISHERMEN

That the superiority of moonlight fishing to day fishing is yet to be found, is the opinion of a party of men who left the city last night to angle in Loch Lomond by the light of the moon. Two fish were caught but the credit goes to the voluntary disposition of the fish to local sportsmen men were enquiring when they were wrestling in grim battle with the fish.

Each one of the sports was confident of his ability as a fisherman. They were in the city this morning. A new refreshment pavilion has just been completed, and it is the intention of the management of "Midway Gardens" further to improve the grounds and furnish additional means of pastime and amusement at this new resort.

ITALY'S NAVY HAS CLEARED ADRIATIC

Rome, July 23.—The following statement was given out at the Italian navy department today: "Since the last statement of July 7, the navy has intensified its activity in co-operation with the aerial service against the enemy's coasts in the lower and upper Adriatic. The following operations on sea, were carried out: "In the Dalmatian Archipelago: Cutting cables near islands, which on account of their proximity to our coasts, constituted effective centres for observation for the enemy, destruction of depots for re-arming barracks, factories and torpedo boats on one of the islands and the capture of a few prisoners."

Detroit, Mich., July 23.—Chester M. Hall, of Grand Rapids, while visiting relatives here today, shot and killed his wife and his eighteen year old step-son, and then ended his own life. A family quarrel arose because the step-son had no employment, and the double murder and suicide followed.

OPEN "GLEN LYON" IN AUGUST

Colonel and Mrs. Livingstone of Washington, D. C., have been late in opening their summer home at Carter's Point this year on account of the absence of their children, Miss Clarice and Masters Robert and Kenneth, who are touring in the west and visiting the Panama-Pacific Exposition in San Francisco. They expect, however, to open "Glen Lyon" early in August, about the time their daughter and sons arrive from British Columbia, where they are spending some time in the mountains. Edward Livingstone, the eldest son, is attending the summer school at Cornell University, but it is expected he will be at "Glen Lyon" from the middle of August until McGill University, of which he is a member, opens about the latter part of September. Col. and Mrs. Livingstone are now cruising in their yacht "Speedaway" on the Hudson River, Lake Champlain and Long Island Sound.

A Beauty Hint To whiten sun-tanned, freckled skins. SUMMER suns bring to many women a new complexion problem. Freckles and other unsightly spots appear. Prolonged exposure often brings about an undue tanning which, if not corrected, may become permanent. Something must be done to whiten the skin without injuring its texture. Try this simple natural method tonight. Just before you retire, cleanse the skin thoroughly in your usual way with Woodbury's Facial Soap and take warm water. Wipe off the surplus moisture, but leave the skin slightly damp. Now dip the cake of Woodbury's in water and go over your face and throat several times with the cake itself. Let its lather remain over night and wash again with Woodbury's in your usual way the next morning. Woodbury's Facial Soap is the work of a skin specialist. This treatment with it is just what your skin needs to whiten it. Use it every night—unless your skin should become too sensitive, in which case discontinue until this sensitive feeling disappears. A marked improvement will be seen after a few applications, and your skin will soon become just what you want it to be. Use Woodbury's regularly thereafter in your daily toilet and keep your skin in perfect health. A 25c cake of Woodbury's Facial Soap is sufficient for a month or six weeks of this treatment and daily toilet use as well. Get a cake today. It is made in Canada and is for sale by Canadian druggists from coast to coast.

THE CALL FOR MEN

Hon. Mr. Meighen made a stirring appeal at the Merchants' Picnic yesterday in behalf of the recruiting campaign. Many other such appeals have been made at meetings throughout this province, and yet recruiting is slow.

English language might be useful in the Standard office.

Warsaw is still held by the Russians, but if they continue to hold it they will surprise the military critics, who seem to anticipate its fall.

It is hoped that St. John will be able to provide at least twenty machine guns. That would be a great contribution, worthy of the City of the Loy- alists.

During the week ending Thursday no British vessel was sunk by the Germans. This is the first clear week without some such disaster since the war started.

The German press is very belligerent in its allusions to the United States. As it can only print what the government censors approve, it may fairly be assumed that the new American note will not receive a very sympathetic reading in Berlin.

If money was dragged from the liquor men when the question of license or prohibition was under consideration by the government, it was merely a repetition of the tactics pursued with the lumber men when the question of timber leases hung in the balance. Let us have the facts, and at once.

Italy really is at war only with Austria, though, while fighting that nation, she can hardly be said to be at peace with Austria's allies. No declaration of hostilities between Italy and Germany and Italy and Turkey yet has been made, but the despatches today report developments that will probably bring Italy and Turkey soon into formal conflict.

Sir Sandford Fleming was one of the great group of men with large vision who attained prominence in the period before confederation in Canada, and who throughout a long life made valuable contributions to Canadian progress. He was also an ardent imperialist, and an advocate of imperial federation. The development of Canada's transportation system owes much to him, and he was the champion of an "All Red" cable and telegraph system for the Empire, which has yet to be completed. He was associated with many great enterprises in Canada and was the recipient of many honors conferred upon him for distinguished services. The name of Sir Sandford Fleming will hold a prominent place of honor in the history of the Canada of his time.

Has the Dugal inquiry, with all its disclosures of shameful operations under the Fleming government, gone for naught? Has Premier Clarke's government, in defiance of public outcry over such dishonesty, gone ahead playing the old Fleming game? Liberal Organizer E. S. Carter makes serious allegations, which he is prepared to enlarge into definite charges, that the St. John liquor men were held up for money under fear of the adoption of prohibition by the government. This was in April of this year. The Dugal inquiry was a year ago. Premier Clarke can not afford to let the matter rest. Royal Commissioner Chandler must accept the charges for Mr. Carter and probe deeply. The premier must see that this is done. Meanwhile the temperance people will do some hard thinking.

Of course the St. John Standard approves. Hence it viciously attacks Mr. Veniot and Mr. Carter, distorts the evidence brought out at the inquiry in Fredericton, and endeavors to make it appear that Mr. Veniot and Mr. Carter are revealing the political crookedness of government supporters, are themselves committing an offence and are nothing short of public enemies. While the people of New Brunswick are shamed and humiliated by the revelations, the Standard brazenly sneers, and boasts that the Clarke government is so little disturbed that it does not even take the trouble to be represented by counsel at the inquiry where it is being shown that the provincial treasury was looted.

Now, however, the inquiry is to be brought a little nearer home. Mr. Carter has asked permission to lay before Mr. Chandler definite charges to the effect that last spring the brewers, wholesale and retail liquor dealers and hotel men were held up for large sums of money by a prominent Conservative, at the time the question of prohibition amendments to the liquor license law was under consideration. This matter cannot be ignored. Mr. Carter must be given an opportunity to present his charges and his witnesses. In view of the absolute proof furnished of the truth of other charges made by Mr. Carter and Mr. Veniot, the people of the province will insist that this latest charge be also investigated. The people should know the worst, and if there has been wrong-doing in connection with the liquor legislation of last spring, and the liquor dealers have been held up as the lumbermen were when Mr. Fleming was premier, the fact should be disclosed. The time was very favorable for such a raid on the pockets of the liquor men, for there were whispers abroad that prohibition might be adopted. Mr. Carter says money was collected from these men, and that they "were called upon to pay it." Who collected the money, and for what purpose—and what was done with it? These questions must be answered!

KING AND QUEEN TO BE AT WEDDING

New York, July 22—King George and Queen Mary have accepted invitations to attend the wedding of Miss Katherine Page, daughter of Ambassador and Mrs. Walter Hines Page, to C. J. Loring of Boston, which will take place on August 1 in the Chapel Royal, St. James' Palace. Mr. Loring sailed for England on Saturday on the St. Paul.

Handsome presents have been sent to the bride by the king and queen, and also by Queen Alexandra. When Prince and Princess of Wales, they were present with Queen Alexandra and the late King Edward at the wedding of Miss Jean Reid, daughter of the late Ambassador Whitelaw Reid, to Hon. John Hubert Ward, which took place in the Chapel Royal in June of 1908.

Were Liquor Men Here Held Up For Money?

Serious Matter Brought To Attention of Commissioner Chandler by E. S. Carter—Pistol to Heads While Prohibition Was Under Consideration?

Fredericton (N. B.), July 22—A remarkable statement was made at the close of the proceedings in Royal Commissioner Chandler's court today when Liberal Organizer E. S. Carter asked the commissioner if he would investigate certain facts regarding the collection of large sums of money from brewers, hotels, and liquor dealers in St. John City and County while the legislature was in session and while important liquor legislation was under consideration.

MR. CARTER'S STATEMENT.
Mr. Carter read his statement to Commissioner Chandler. It was as follows:
"Mr. Commissioner: In subpoenas to witnesses issued by you, I observe that your appointment as commissioner, under the great seal of the province authorized you to inquire into the operations of any or all departments of government. These include that of the provincial secretary from which all liquor licenses are issued.
"Would it, therefore, be within your jurisdiction to inquire into the fact that many of the licensees under the provincial government in the city and county of St. John, including brewers, wholesalers, hotel and tavern keepers, during the spring of the present year, while the legislature was in session, and while prohibition and important changes in the liquor law were under consideration, were called upon to pay, and did pay, large sums of money?
"That these sums of money were not tendered voluntarily by those engaged in the liquor business, but were demanded by a man who is a well known Conservative and whom they understood represented the local government party?
"That these sums of money were requested in addition to the ordinary license fees which are paid into provincial treasuries?
"That they were collected illegally and without warrant from licensees under government is, I think, the matter that should be inquired into by you, who are appointed a commissioner to investigate the operations of the government departments—as to why such moneys were demanded or requested, what disposition was made of them, and whether any part, or all of the amount, was used to influence liquor legislation.
"Should you decide, Mr. Commissioner, that these illegal payments, requested or demanded of government liquor licensees, are proper matters for investigation, I will lay charges before you formally, but before doing so I ask your assurance that in any investigation I or my counsel will be permitted to examine and cross-examine witnesses."
WILL CONSIDER THE MATTER.
Commissioner Chandler received the document and said he would take it into consideration and give Mr. Carter his reply later.
It is noteworthy that Mr. Carter says the liquor dealers were "called upon to pay" and that the sums of money "were not tendered voluntarily."
During the last session of the legislature there was much activity on the part of one or two young lawyers of St. John around legislative buildings. Report then was that they were particularly well furnished with funds.
Since then Mr. Carter has evidently secured what evidence he needs, and Conservative organizers who collected the money will be called upon to explain why licensees under the government should be held up by political road-agents.

MORE DISCLOSURE ARE MADE BEFORE COMMISSIONER CHANDLER

Fredericton, N. B., July 22—Still more develops in the Chandler inquiry into public works matters.

There were many disclosures today and only a few of them can be touched upon. Supt. Robichaud told a hesitating roundabout story. He surprised everybody by wanting an interpreter, though he can speak English fluently. Mr. Chandler pinned him down in earnest later in the day his good English was apparent. His most important evidence was that pay sheets were made out by Stewart, the member, and that he swore to them before the man who made them out; that Stewart told him to make additions to pay sheets, of which accounts he had no personal knowledge; that Stewart made out most of bills for material himself and got him to swear to them; that Stewart told him to put in the bill of Frazer Robinson for stones when he and witness knew it was false and wrong, and witness swore to the account sent in to the public works department with this knowledge; that Stewart made out account of Ed Jennings for 1908 for the same man who there was not a cent due Jennings for stone and the witness swore to the account; that Stewart made out another bill for \$22.50 for Ed Jennings for lumber which had already been paid for by the government at another bridge which had been left over; that this account was paid twice over; that Stewart bought nearly 8,000 pieces of cedar for bridge construction two, three or four years ago, that he bought it by pieces, then made out bills himself to the department by superfluous feet; that he did not remember whether he gave the Jennings check to Stewart or Jennings; that another account of Ed Jennings for lumber on Inkerman bridge was excessive and witness knew nothing about it; that he swore to it by pieces, as made out by Stewart, though he did not think Jennings had anything to do with it.

Mr. Chandler pressed witness as to part Martin Robichaud played in his accounts, particularly with Caribou bridge. "I don't remember," was the final refuge of the man giving evidence.

Commissioner Chandler—"When you made up these returns did you let Martin Robichaud put in what he liked?"
Witness was silent.
Commissioner—"Did you know anything about these accounts?"
Witness—"I had part of the information and the foreman the rest."
Commissioner—"And upon that you swear to this return. How do you know it is correct?"
Witness could not answer.
"What does Martin Robichaud make up these accounts for? What were you there for? What is the good of you?"
No answer.
"Who fixed the prices?"
"I don't know."
"Do you ever make any returns yourself?"
"No."
"Can't you do it?"
"No," said the witness at first and then added: "I can now."
There was much of the same sort all day. A. J. H. Stewart and Martin Robichaud two members for Gloucester sat and listened to the evidence. Secretary H. M. Blair of the public works department was an attentive listener and Hon. John Morrisey was present part of the time. Dr. Bourque of Kent was also part of the audience and Premier Clarke was present for a time. Messrs. Tilley and Slipp, M.P.s. were also in the adjoining room but did not attend the investigation.

Mr. Veniot had his evidence at his finger ends and nothing escaped his attention.

Commissioner Chandler gave him every chance to bring out his evidence and the manner in which he availed himself of

Thinking Backwards

EVERY now and then we meet the fellow who thinks backwards. The one who tells you how he could have bought the lot next door for a thousand dollars -- and that it would cost five times that today.

The fellow who tells you about his chum who got ahead. He could have done the same thing IF -- but he only thinks backward.

There are those who don't have to think very hard to remember the time when it cost \$30, \$40 or \$50 for a suit not as good as the English & Scotch Woollen Co. sell for \$15. Think backward -- you'll remember the price you paid in the past.

Live in today. Pay fifteen dollars for your clothes -- no more, no less.

"Made to Measure"

Mail Orders!

We keep those who live "back-of-beyond" well dressed. The price is \$15 to measure. Samples, measuring chart, fashions and tape free for the asking. Address 415 St. Catherine St. East, Montreal.

While too many Canadians have contributed to National unity by wearing hard times, the English & Scotch Woollen Co. Stores have successfully worked on the opposite tack. Times have at no time been hopeless; each month has seen improvement. There has been a never-ceasing demand for good clothes and we have met the demand.

Result--Steadily through the year, more employees than ever and more business. Our stores, unquestionably, have served satisfactorily.

though troubled with a sore hand. The fans were glad to see Murray Bell in the field again for an inning. The following was the line-up:--

Table with 2 columns: Player Name and Position. Lists players like Kelly, Ryan, Mountain, etc.

Summary--Curfew, 11; Tartars, 10. Home runs, Darragh and G. Hannah. Three base hits, Hatfield, Price and Bartlett. Struck out by Harley & Bases on balls of Harley 1, off Darragh 2.

The Shamrocks defeated the Thistles in St. Peter's League last evening, 6 to 4. Frank Elliott featured in a come back act and twirled a good consistent game.

The game at Firemen's Park last evening proved one of the best exhibitions of the year and many were surprised when the Roses decisively defeated the Portlands, 1 to 5, in a six inning encounter.

For the winners Jack Fitzgerald twirled a nice game and had four strikeouts. His work was steady throughout and he pulled out admirably from two bad situations in the third inning with two men out and the bases full striking out Sharkey and later, with two men on bases, fanning another North End. O'Reilly made a spectacular running catch in the sixth and McLeod's fielding was a feature of one inning.

O'Toole behind the bat, in beautiful throws to second, held the base stealers and his coaching of his young pitcher no doubt, was largely responsible for the victory.

Fanjoy pitched for the Portlands and had three strikeouts. In the second inning a double was executed, Sharkey to Hartley, p.

McGuire to Harrington. Sharkey lammed the ball in the fourth inning away to the woods for a home run. He also caught an excellent game.

Leo Callahan Again Injured. Harriburg, July 22--Leo Callahan, centre fielder of the Harriburg International League team, broke his leg above the ankle while sliding home in the second inning of today's game between Harriburg and Providence. Two years ago in a game with Rochester, Callahan broke his leg in the same place. His home is in Boston.

Note--Leo Callahan, formerly played for the Marlboroughs and was one of the fastest players on the team. He later joined the Brooklyn Nationals and was relieved to the International League after he met with an accident, referred to.

Knocked Out by Dedrick. Harriburg, Mass., July 21--Alexander Gaston, catcher on the Harriburg team, was knocked out this afternoon by being struck on the head with a pitching ball by Dedrick of Lynn. A physician examined him and found a large lump on the head. He was sent for his home. It is expected that he will be out of the game for a few days. Lynn won the game 7 to 1.

Pitcher Scott Sued. Harriburg, July 22--Miss Mabel Mae Bailey a manicurist, today sued James Scott, White Sox pitcher, for \$25,000, charging breach of promise to marry. Her attorney refused to discuss the case.

Fromme Stops News. Los Angeles, July 22--Jack Ness Oakland's first baseman, who had hit safely in forty-one consecutive games, failed today to get a hit. RING. Did Not Box. New York, July 21--Joe Rivers and Johnny Dundee did not box ten rounds at Ebbets Field last night, and various reasons were assigned. The promoters announced that the account of scant attendance the contest had been postponed, and that the boys would meet on Friday night. There was a fair sized crowd present, and the announcement of the officials puzzled the regulars.

Joe Tenyson, a former manager of Rivers, told another story. He declared that he had attached the receipts for money due to him for services rendered, and that rather than risk a legal entanglement Rivers refused to perform. Tenyson was armed with numerous notes which he declared were signed by Rivers calling for various sums.

Was A Draw. Matty Baldwin of Charlestown is still the New England lightweight champion, for referee Young Donahue could not see that Gilbert Gallant of Chelsea had done any better than even matters with Baldwin in their twelve-round bout at the Atlas A. A., Boston, on Tuesday night and so called the bout a draw.

The decision caused a lot of discussion. The Charlestown fans believed that Baldwin was entitled to the award, while those from Chelsea figured that Gallant had not been given a fair show in the verdict. The majority of the other fans were of the opinion that Gallant had the better of the argument.

It was a good bout, with Gallant doing the forcing most of the time. He boxed better than he has for a long time. He directed most of his blows to the left and right, and the expression on Baldwin's face at times showed that he had attached the receipts for money due to him for services rendered, and that rather than risk a legal entanglement Rivers refused to perform. Tenyson was armed with numerous notes which he declared were signed by Rivers calling for various sums.

Once Gallant was accused of hitting low, but Baldwin was more to blame than Gilbert, for he knocked down the punch so that it landed low. At times Baldwin showed flashes of his old form by jabbing and hooking Gallant in the face and on the jaw. He also did some good body punching with both hands, but the blows did not keep Gallant back, and he always came back fast when ever Baldwin did land on him.

Several times Matty twisted Gallant around so cleverly that the Chelsea boxer came near going off his feet. Gallant did some good jabbing and used

the right on the face and jaw better than he has for a long time. In the second round Matty caught Gallant a hard left hook on the jaw as Gallant was rushing at him. The blow sent Gallant back toward the ropes. There was some good mixing, especially in the clinches, the honors being divided.

In the opening bout Battling Carroll of Lawrence was given the award over Joe Budreau in six rounds. Charley Sheppard stopped Young Stone in four rounds. In the semifinal bout of eight rounds, Charley Byers and Johnny Glover boxed a draw.

TO HELP RECRUIT 64TH BATTALION. Sergt. Stairs Gives Up His Stripes -- Rumors of Return to Sussex -- Truro Man Killed

Sergeant Stairs of the 64th has given up his stripes to enlist as a private in the 64th in order to help with the recruiting, according to a message from Valcartier. This is the first intimation of preparations for organizing the 64th.

In a recent copy of an English paper appears pictures of "a patriotic family," Mr. W. G. Langworthy, Mrs. Langworthy of Exmouth street, and their four sons, all of whom are in military service, with the exception, of course, of the mother. Among the sons is Lance Corporal Henry Langworthy of the 29th.

Sergeant A. Ellis of St. John, a British reservist, who has been in France since the first part of the war, occupies a serious wound recently because the bullet which he had in his pocket.

There have been rumors around Valcartier that the 58th is to return to Sussex, and the 40th to Halifax, but there seems to be no official support for the story.

Gale Sawyer of Moncton, N. B., who was previously reported missing in France, has again reported for duty. Dumex Munroe of Truro, formerly of the 12th and 17th battalions, was killed in action on June 15.

What is the "Violiform?"

THE "Violiform" is to piano-construction what the genius of Stradivari was to the making of his marvellous violins. It means beautiful tone which improves with age.

The "Violiform" method of designing and making the tone-developing parts is exclusive to the

Martin-Orme Piano. Like that of a violin the Martin-Orme's sound-board is rounded with a scientific nicety which reflects musical sound perfectly, producing that full, rich, mellow tone for which the Martin-Orme is famous.

The Martin-Orme soundboard is carefully moulded into shape, and is held by improved braces which strain cannot warp. The many-ton pull of the strings is also held immovable by a full iron frame. The tuning pins are the modern wood-bushed type. The soundboard is made more effective still by acoustic rims. Every strain-bearing member throughout the piano is built up piece by piece and laminated under high pressure. The result is absolute rigidity; no part can warp--thus the permanent true tone.

Here is the piano of pianos for home or studio. Do not make your selection until you see and hear the Martin-Orme--the piano with the "Violiform." Write for literature.

PICNIC WAS A GREAT SUCCESS

The first annual picnic of the Retail Merchants' Association was held yesterday at Crystal Beach and was attended with much greater success than could have been anticipated. All the refreshments were donated by citizens and the entire proceeds of their sale will be devoted to the Red Cross work.

SPY WAS TRAPPED BY A CANADIAN

German Was Getting Information About Troopships and Drafts—Sought Soldier's Aid

London, July 23—Thanks to the smartness of a Canadian soldier, a German spy has been discovered and sentenced by a British magistrate to six months' hard labor. Carl Amundus, a native of Hamburg, was charged with failing to register himself as an alien and with attempting to elicit information regarding the movements of troopships. He left Hamburg last year and went to Boston. After some months he shipped as a trimmer on a steamer bound

for Gothenburg. The vessel was stopped by a British cruiser as a carrier of contraband and brought to Avonmouth.

Amundus obtained a military pass to Bristol docks, made out in the name of Charles Stephens, and the prosecution contended that he would be able to dispatch, by the ships, messages which would be free from censorship.

Lance-Corporal J. Stanley, a Canadian, told the court that he met Amundus at Bristol, and that after some conversation Amundus said: "I am sorry to see you in that uniform. The Germans are sure to win in the end." Stanley encouraged him to talk and Amundus added that he was born in Hamburg, that he was a German officer, that he had sent two messages containing information to Germany by way of the United States and Norway, and that since his letter had gone, six ships had been torpedoed.

To lead him on, Stanley asked if there was anything he could do for Germany. In reply, Amundus said that information as to the date that troopships left would help, and the number of drafts going to the front from camp would also be useful. Stanley then communicated with the police and had Amundus arrested.

A party of about 100 of the young friends of John B. Belyea, who is to leave for overseas service with the heavy battery, gathered last evening at the home of his sister, Mrs. Samuel Sewell, Duke street, West St. John. Mr. Belyea was the guest of honor and a wrist watch was presented to him on behalf of the gathering.

M. Newcomb \$100.00 the other day it should have been stated that it was the proceeds of a concert which the young people of Hopewell Cape organized for the Belgian Orphan Fund.

A WORD IN TIME

Two well known men, very much under the influence of liquor, made such an exhibition of themselves and such a filthy language on the grand stand at the East End League game last evening that ladies left the stand and everybody was disgusted. As this ground is within the police precincts it is worthy of some attention. The league teams playing good ball and it was understood when the season began that no drunkards or bad conduct was to be permitted. Had there not been such an understanding the Playgrounds Association would have reserved the grounds for its boys, and, unless the conditions improve, there will be no more senior baseball on that field.

GOOD SHEPHERD PICNIC

The annual picnic of the Church of the Good Shepherd was held at Westfield Beach yesterday, and proved one of the most successful of the many joyous outings. It was well attended, not only by Fairville people, but many from the merchants' picnic at Crystal Beach. The meal tables were under the supervision of Mrs. Bender, while Mrs. S. Nelson had charge of the refreshment booth. Chas. Hill looked after the beer table, and Medley McKiel the field sports. The games were well contested, and the following were prize winners: Rifle shooting—Mr. Bombard, 1st prize, rifle, Ed. Russell, 2nd prize, razor. Men's bean toss—Reginald Bosence, 1st prize, electric flashlight; James Magee, 2nd prize, clock. Ladies' bean toss—Mrs. Stinson, 1st prize, carpet sweeper; Mrs. Arbo, 2nd prize, carving set.

NO LOCAL RECRUITS AT ALL THIS MORNING

The fine weather is a poor inducement to recruiting. No one volunteered this morning, although two applications from outside were found on the desk. Military men and others interested are discussing ways of restimulating interest among the eligible and several novel and effective schemes have been mentioned. Some older people have taken very much to heart the reflection cast upon the honor of the province by the unfilled ranks of the 55th Battalion, and they are urging vigorously some effective campaign.

LI-COL. F. MINDEN COLE, commander of the heavy field battery for overseas service is still at Partridge Island. He has inspected the local quota of sixty-two men, which represents New Brunswick in the unit, and will leave this evening for Montreal. The local men will go to Halifax at the first of the week to continue their training. The entire battery is to be assembled there.

LI-COL. B. R. ARMSTRONG, who is out of the city on military business, is expected home tomorrow.

WORK FOR GERMAN PRISONERS

Fifty-four German prisoners from the detention camp at Amherst, passed through Moncton on Wednesday en route to Valcartier Camp, Quebec, where they are to be put at useful work in connection with some necessary improvements being made at that place. Arrangements are being made whereby a large number of German prisoners now under detention at Amherst will be put to work at the Experimental Farm at Nappan. The plan is understood to be to have the prisoners clear some of the farm property which is not now under cultivation. Several hundred of the prisoners will be put on the Nappan job. While they will work at Nappan, it is understood that they will not be kept in a camp there, but will go to and from the farm every day. A strong force of guards will be with them at all times. It is reported that Frank Byler, formerly of Havelock, Kings county, who enlisted with the 8th Moncton Battery, soon after the outbreak of the war, has been killed at the front, but the report of his death has not been confirmed. Private Robert Bell, one of the Amherst men with the First Canadian Expeditionary Force, has recovered from a shrapnel wound he received some time ago, but is still suffering from the effects of the poison gas. He is now in Reservoir Barracks at Shorncliffe. Private Harry Bell, of Amherst, Private John Buchanan, of Springhill, N. S., now serving with the colors in France, is among the Canadians wounded in recent fighting. Private Buchanan left Springhill with the First Contingent last August. He is the second son of Daniel Buchanan to fight for the empire, Kenneth Buchanan having gone through many of the hottest engagements of the Boer War.

MORE MACHINE GUNS FROM HERE

James F. Robertson Gives One—Druggists Take up Matter of Contribution

James F. Robertson, who is at present at his fishing camp at Upsalquitch, has sent word to the committee which is securing contributions for machine guns that he will contribute the price of one gun.

The wholesale and retail druggists of the city are considering the contribution of a gun and it is expected that the full amount will be raised among them.

This gives a total of more than a dozen guns which have been promised and as there are prospects for several more it looks as if St. John may be able to give enough for the entire complement of sixteen guns for one battalion.

In Other Places

A machine gun for the 55th will be presented by the town of Woodstock and that may be one from Carleton county. Amherst and Springhill are each gathering funds to provide a machine gun.

Judge Gives Two

Hamilton, Ont., July 23.—The employees of the Howell Lithographing Company have notified Col. Labatt that they will give a gun. The members of the 18th Regiment band will also donate one. Mr. Justice Tetzl will give two, one to the 18th and one to the 1st Regiment.

Three From Family

Woodstock, Ont., July 23.—Lt. Col. W. T. McMullen has received letters from John D. Patterson and his mother, Mrs. Patterson, enclosing checks for machine guns. The checks total \$2,250 which will provide three guns, one from Mrs. Patterson, and one from each of her two sons, J. D. Patterson of Woodstock, and A. S. Patterson, of Melbourne, Australia.

ST. JOHN SOLDIER BACK IN THE TRENCHES AGAIN AFTER BEING WOUNDED

Carleton Man Was Hit in Leg by Shrapnel—Pride For Father in 'Lovely Grave of Son Somewhere in France'

The following is part of a letter received by Mrs. Alfred Ellis, of West St. John, from her son, Alfred Crawford, who was wounded, and is now back in the trenches:

"Somewhere in Belgium," July 2. Dear Mother, I received the St. John and Sussex papers, for which I am very thankful. A fellow likes to hear from home, you know. Well, mother, the Germans haven't got me yet, but it is not their fault. I am feeling fine, as fit as a fiddle, have a splendid appetite and have no kick coming. My wound was in the leg, made by a piece of shrapnel. It did not amount to much. I was sorry to hear of the death of my cousin, Rubin V. Seely. Please convey to my uncle, my sincere sympathy, and tell him he has more to be proud of in that lonely grave of a son, somewhere in France, than of a whole family in Canada.

I am glad to know the boys of New Brunswick are responding so well to the call. We need them all out here, and any young man that is able and well enough to come ought to be ashamed to be seen in the streets in broad daylight. I am glad I came in the first contingent. I would not have missed it for a fortune.

The shell fire, the first time we were in the trenches, was terrible. The shrapnel was almost as thick as a snow storm in Canada; one wonders how he ever came through alive. It is very trying to the nerves at first, and the odor from the dead Germans is awful. We were for some time in an old German trench, and in some places we could see feet sticking out. It is very trying to the nerves at first, and the odor from the dead Germans is awful. Sometimes we are quite near to their trenches, and then we call each other some pretty hard names, but they will not let us come too close to them with the bayonet; they generally run.

I shall send you some battlefield souvenirs as soon as I can find a little box to put them in, though not likely you will ever get them, as such things are in great demand. Someone else will probably get them.

I look hopefully forward to eating my Christmas turkey in dear old Canada. With love, I remain, Your son, ALFRED.

TEA AT BUNGALOW WITH DELIGHTFUL WEATHER AND LARGE NUMBER PRESENT

A large number are patronizing the tea at the Bungalow, Pleasant Point, this afternoon, conducted by the Douglas Avenue Circle of the Soldiers' Comforts' Association for the purpose of raising funds to further the good work. The weather is admirable and first class accommodation has been provided to take visitors to the bungalow.

The tea is in charge of Mrs. A. P. Barnhill, convener of the circle, and those assisting are—Mrs. R. B. Travis, Mrs. E. S. R. Murray, Miss Doris Murray, Mrs. F. C. Beaty, Mrs. A. B. Holly, Mrs. H. U. Miller, Mrs. George McDonald, Miss M. S. Tapley, Mrs. John Russell, Mrs. J. D. Marr, Mrs. H. McCollough and Mrs. E. Moore.

At the eleventh hour a large and beautiful assortment of flowers was donated to the circle from the Botanical Garden, Rockwood Park, to be disposed of or used for patriotic purposes. Although assurance was given that there would be nothing for sale, this temptation was too great. The beautiful flowers and the spirit of the donation could not be refused so, during the early afternoon, the ladies were busy making bouquets and arranging the flowers in lots for sale.

Mrs. George McAvity, president of the Soldiers' Comforts' Association, was present at the tea to lend assistance.
