Agreement With The Workmen Reached

Ebert Government and Opinions

No New Government, But Present Cabinet Re-Organized — Still Another Reactionary Movement in Germany Regarded As Not Impossible.

Paris, March 25.—The German government has reached a definite agreement with the workmen in the Ruhr valley, where the general strike has been paralysing industry and where hostilities between soldiers and workmen have been in progress for several days, according to news reaching here from French semi-official circles today from Berlin.

The basis of the agreement, the advice state, are as follows: "The formation of a workmen's army charged with maintaining order." "The remodelling of the cabinet, with labor union participation." "The disarmament of the troops which took part in the recent coup d'etat." "The passage of laws for social reform and the carrying out of administrative reforms."

"The socialization of mines, particularly the coal mines and the potash workings." "The dissolution of 'counter revolutionary' formations." "Improvement of the food supply system."

All the majority parties, it is declared, have accepted the conditions under which the government does not consider it will be necessary to form a new ministry, believing a few changes will suffice.

The despatches report the majority parties as of the belief that a reactionary movement is not impossible. They point out that General von Seeber has failed to disarm the Baltic troops, which are still concentrated a few miles from Berlin under the command of their former chiefs.

REDS SAID TO BE 120,000 STRONG.

The Hague, March 25.—Fighting in the Ruhr district of Germany, where it was understood, a truce had been agreed to, has been resumed, according to the "Telegraf."

Spartan forces are nearing Wesel, the newspaper says, and a Muenster despatch to the Rotterdam Courant says the Red army's strength is now 120,000. Some reports from the frontier indicate that the workmen are bombarding Wesel with large calibre guns. The advances are conflicting, however, other reports declaring the situation is quiet.

The semi-official Netherlands Correspondence Bureau states that the Dutch minister of war has been in conference with the army leaders with regard to the taking of precautions against the crossing of the frontier by German revolutionary troops or fugitives.

ONLY CHANGES IN EBERT CABINET.

Berlin, March 25.—Conferences over the reconstruction of the cabinet took place yesterday and it was decided that the Ebert ministry will not retire in a body, but merely be subjected to a "freshening up." A prominent Democratic deputy declared that was really all that was required in view of the proximity of the new elections.

The cabinet announcement was made that the Majority Socialists would surrender the post of minister of justice to Philipp Scheidemann's party is only too glad to dodge the uncomfortable assignment of overseeing the army.

Gustav Bauer will retain the premiership, it is said, and the proposition of a labor cabinet has been definitely jettisoned. The Majority Socialists having succeeded in inducing other parties to oppose the scheme.

Paris, March 25.—(Havre)—An American message quoting Berlin despatches to the "Telegraf" says it is reported a new German cabinet has been formed with Gustav Bauer remaining as premier and Dr. Schiffer as vice-premier. Dr. Herman Mueller is said again to have been given the portfolio of foreign affairs, and Herr Gessler, mayor of Nuremberg, has been appointed minister of "domestic defence." The other members of the cabinet are reported as follows: Interior, Herr Koch; finance, Captain Fisher Cuno; transportation, Herr Bell; treasury, Herr Wolf. Other portfolios, it is said, have been distributed among the Socialists and Democrats.

Against Allied Interference.

Washington, March 25.—The United States is understood to have decided to join with Great Britain and Italy in opposing any military action by the allied governments to force preservation of order in the Ruhr valley.

NEW USE FOR GERMAN STEEL HELMETS

At Crowdon, England, where much of the spoils of war have been placed, it has recently been found that German helmets speak splendid material for good roads, and they are being utilized for this purpose in the vicinity. Tens of thousands of these helmets were taken during the last months of the war.

RICH MAN'S BOY IS HELD FOR A RANSOM

Kidnapping of Seven-Year-Old Lad

Lexington, Ky., March 25.—Although E. A. Little, Toddington capitalist, had announced that the demanded ransom would be paid, Paul Little, his seven-year-old son, today was still a captive of a kidnapper, who lured him away yesterday. It was said that the kidnapper demanded \$25,000 ransom. Little announced that all demands would be met, declaring: "I do not care about the \$25,000 if I can get my son back safely."

The lad's playmates said he had told them the man had promised him a dollar to deliver a box of candy. Later a note was delivered to the Little home, containing threats to kill his son if the ransom was not paid.

LEAVE MONTREAL; SAY THEY DO NOT LIKE THE FOOD

Quebec, March 25.—The reason of the Canadian government's decision to expel the liege lords of the ice-breaker, the *Montclair*, is that the ship is carrying on board to look after the men who had left the steamer for additional food and supplies, and the ice-breaker was carrying on board to look after the men who had left the steamer for additional food and supplies, and the ice-breaker was carrying on board to look after the men who had left the steamer for additional food and supplies.

Another Story

Halifax, N. S., March 25.—The best answer to give to the Quebec report that the dominion government's ice-breaker *Montclair* is lying idle at a wharf in Shelburne, N. S., since Sunday, because known here as the *Montclair*, is that the *Montclair* is at sea carrying out her programme, said C. H. Harvey, Halifax agent of the marine and fisheries department this morning.

Stand of Agrarians on the Mercantile Marine Vote — Hon. T. A. Crerar Still Ill.

Ottawa, March 25.—(Canadian Press)—Hon. T. A. Crerar, leader of the new national progressive party in the commons is still confined to hospital and will not return to the House before Easter recess. He expects to leave hospital within a few days and will then go for a brief visit to his home in Winnipeg. Meanwhile Dr. Michael Clark, member for Red Deer, is named by the agrarian members as their leader.

GRAND NATIONAL RUN TOMORROW

London, March 25.—(Canadian Press)—Tomorrow there is run over the famous course at Aintree, near Liverpool, the Grand National, recognized as the most severe test of endurance and jumping power of any race in the world. The distance, twice around the course, is four and a half miles. It is thought to be something like three to one against any animal safely completing the two circuits and yet for weeks last year's winner, Mrs. Hugh Peet's *Poethly*, has been favorite at prices as low as seven to two.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "a hard winter dies hard, but I do believe spring is at hand."

"I wouldn't holler till I was out of the woods," said Hiram, "but the sun's runnin' some."

"I was wondering," said the reporter, "if you would set muskrat traps this spring."

"I've got that to the young fellers," said Hiram, "but the muskrats aint as plenty as they used to be."

"Well," said Hiram, "if a muskrat knowed some of the folks that was gonto trap him, he'd excuse him if he staid in deep water—yes, sir."

Big Lot of Liquor Seized in Madawaska

Thirty Cases and Five Barrels Taken

Some Labeled "Glass" and Some "Tea" — Fredericton Assessment — The Small pox at East Memramcook — New "Flu" Cases at Chipman.

Fredericton, N. B., March 25.—A heavy shipment of liquor arrived last night from Madawaska county accompanied by sub-inspectors. The liquor was seized on Tuesday by Sub-inspector McLaughlin. It was consigned to David Martin at St. Leonard's and was marked in various ways. "Glass," "Tea," and other words were marked on the packages, which consisted of thirty cases and five barrels. The liquor included some standard brands. The seizure was one of the largest made in some time. It had come from the province of Quebec.

The meeting of the city council has been called for Friday night to make up the assessment for 1925 and consider proposed legislation. A heavy increase in assessment is expected.

G. R. Perkins, city clerk and treasurer, who has been ill for several months, is now able to be out daily.

The department of health has received information from East Memramcook, Westmorland county, concerning smallpox at that place to the effect that the disease was brought from Halifax by a man who had been working there, and was communicated to other residents of East Memramcook. It is said it was concealed, and until Dr. Desmond, district medical health officer, was there to investigate had not been recognized by any physician. Several houses in the village of Chipman, Dr. W. A. Warwick, district medical health officer, has been sent there. This report is the first of new cases of influenza received in some time.

KILKENNY M. P. UNDER ARREST

Sixty-Five Sinn Fein Prisoners Taken From Queenstown to Belfast Jail.

Dublin, March 25.—William Cosgrove, Sinn Fein M. P. for the northern division of the Queen's county, was arrested at his home in Dublin.

Belfast, March 25.—Sixty-five Sinn Fein prisoners, who were removed from Queenstown aboard a British sloop which was accompanied by two destroyers, arrived here this morning.

The Sinn Feiners were removed from the sloop under a strong guard and taken to the city jail, which had been cleared of ordinary prisoners. The jail has been fitted with barbed wire and other security measures, and the prisoners will be guarded by troops.

Dublin, March 24.—A civilian named Smith was shot last evening while walking in South William street. He died later. His assailant escaped.

THINKS HIGHER PAY NECESSARY

Report on Ontario Civil Service — Strongly for Merit System.

Toronto, March 25.—"A survey of the service in connection with re-classification convinces us that further increases are amply justified in a great many classes of positions where salaries are not yet commensurate with duties and responsibilities," says J. M. McCutcheon, civil service commissioner, in his second annual report, tabled in the legislature yesterday.

"It is in the best interests of the government and the public," he continues, "to have a contented and ambitious service, which will provide for retirement for public employes when they are no longer able to perform their duties efficiently. He strongly urges the merit system in appointments and promotions."

ADRIANOPLE FOR INDEPENDENCE

Constantinople, March 25.—(By the Associated Press.)—Adrianople is reported to have declared its independence.

Late despatches from Novorossia, capital of the territory of the Black Sea, says the remains of the volunteer army are evacuating rapidly. The foreign missions are expected to be out of the town within two or three days.

C. P. R. FINANCE

Issue of \$12,000,000 Guaranteed by New Equipment to Be Constructed in Canada.

New York, March 25.—It was announced last night that the Guaranty Trust company of New York heads a syndicate which is offering \$12,000,000 Canadian Pacific Railway equipment trust six per cent. gold certificates to be issued under the Philadelphia plan. They will be dated April 1, 1926, and will mature semi-annually from Oct. 1, 1929, to April 1, 1932. The issue is to be specifically secured by standard new railway equipment to the value of \$15,000,000.

Montreal, March 25.—The Montreal Gazette says: "The equipment against which the new securities will be issued, involves an outlay of one million dollars, and is the first financing done by the C. P. R. since 1918."

C. P. R. BRAKEMAN PLACED ON TRIAL

Ottawa, March 24.—Because of the wreck on the C. P. R. on January 25, when the second section of a train bound for Montreal was derailed at North Bay, crashed into the first section east of Corbett, Ont., was heard in police court yesterday, when Thomas J. Curley, rear end brakeman on the first section, was placed on trial, charged with criminal negligence. A. E. Phipp, K. C., for the defense, after several witnesses had been heard, consented to the dismissal of his client to the assizes and for a jury trial and the case was adjourned until Monday. In the meantime Curley is allowed at liberty.

SLOW TIME IN TOW TO HALIFAX

Halifax, N. S., March 25.—According to reports from the United States, the shipping board officials, the steamer *Western Comet*, which is towing the *Nesco* to this port, will probably not arrive until early next week. Yesterday afternoon they were 854 miles east of Halifax, and making a little better than two knots an hour. The *Nesco*, which was bound from New Orleans via Norfolk to Antwerp, has engine trouble and has been in tow of the *Western Comet* since March 17.

ANOTHER STRIKE THREATENS LONDON

The Underground Railwaymen—Further Legislation on Rent Restrictions.

(Associated Press)

London, March 25.—J. H. Thomas, general secretary of the National Union of Railwaymen, somewhat startled the House of Commons yesterday by the announcement that a strike of London underground railwaymen is threatening for next week unless the company pay wages increases granted under the recent award and which are being withheld until the company's bill for power to raise fares is considered by parliament.

The minister of health promised further legislation on rent restrictions would be passed before the June quarter day.

DALHOUSIE WINS.
The debating team of Dalhousie University, Halifax, won the intercollegiate debate with the University of New Brunswick, by a unanimous decision of three judges, last night in Fredericton. The subject was: "Resolved, that in order to settle disputes between government and municipal employees and employers, the right to strike should be denied to such employees and a permanent commission should be appointed to adjust all differences as to wages and working conditions." U. N. B. supported the affirmative and Dalhousie the negative.

Harvester Company Employees Are Getting Them From England.

Chicago, March 25.—Fifteen thousand suits of men's clothing, originally intended for sale by the British government for its demobilized soldiers, were purchased here Wednesday by representatives of the twenty-two work councils of the International Harvester Company met with harvester officials.

The International Harvester Company will act as business agent and bankers for the twenty-two councils, which have more than 80,000 constituents. The suits will be delivered in about six weeks and will cost the individual purchasers about \$1 each. It was estimated that suits of like quality would cost about \$80 in the domestic market.

The clothing was manufactured in England.

THE VETERANS.

The question of re-establishment took up the whole of yesterday's meeting of the Dominion Great War Veterans' Association at Montreal and the motion for adjournment of the convention was side-tracked. The discussion at the meeting tended to show that all the delegates were in favor of a further cash bonus. The nominations for officers took place and among those nominated for the Dominion executive was Norman P. McLeod, president of the local branch of the G. W. V. A. This was the only New Brunswick nomination made.

It has been announced recently by Hon. Edwin T. McKnight, a native of Kings county and graduate of the University of New Brunswick, and now a senator from the Medford, Mass., district and president of the senate, that he has decided to retire from politics on account of his increased business demands.

WOMEN BEATEN; ROBBED OF \$1,900

Two women were badly beaten and robbed in their homes in different parts of New York one day last week. The burglars in both instances made their escape, their loot totalling over \$1,900.

One of the victims, a widow fifty-six years old, is in a serious condition from shocks and wounds about the head.

Mrs. Mary Van, proprietor of a furnished rooming house, was in her dining room when two young men, who had been living there only two days, entered and asked for a hammer with which to mend a leaking faucet. She handed the implement to one of them and the other levelled a revolver at her head. She screamed and was struck over the head with the hammer. They beat her into unconsciousness and tied her hand and feet. When she recovered her senses Mrs. Van found herself bound with a clothes line. Using her teeth she managed to free herself and telephoned for the police. A search of the premises revealed that the thieves had escaped with \$1,000 in jewelry and a quantity of clothing.

Mrs. Anna E. Woolcock, a widow, fifty-six years old, who lives alone on the top floor of an apartment house, was awakened early in the morning by some one ransacking the drawers of her bureau. The intruder felt her with a blow from a milk bottle. When she recovered she made her way to the next apartment and a doctor and the police were called for. The apartment was found to be only partly ransacked, indicating that the thief had hurried away after filling his victim. A \$20 bill, a wedding ring and two rings set in diamonds valued at \$200, were missing. It is believed that the thief made his way in from the roof of the next building.

LENTEN THROUGH AT ATLANTIC CITY

Preparing for the Easter Holiday Season

All the Hotels Now Open and Are Well Filled—Changes on the Boardwalk.

Atlantic City, March 24—Home ties are being broken all over the east for the Easter celebration. This week the first big flight of the shore-bound filled the regular trains from New York and other centres of population and there is every reason to believe that the extra trains and cars promised by railway heads for Palm Sunday and Easter week will find full need. Advance guards of the Southern winter resort colony arrived during the week, bringing along winter gear which attracted much attention from the other Boardwalk promoters. Cottagers are coming by hundreds and there is prospect for the liveliest early social season ever known in Chelsea and Ventnor, where many prominent New York and Philadelphia families have cottages for spring and summer residence.

While post-war conditions in the labor and material markets have hampered building progress to some extent, no money or effort is being spared to increase the capacity of Atlantic City for professional entertainment. Hundreds of artisans are at work on the addition to the Hotel Ambassador in Chelsea to assure completion of this big structure by the opening of summer and extra wages are being paid in the trades for completion of the many retiling and carpentry operations taking place all through the hotel district. Report came this week of a proposition for erecting another big hotel in the lower Boardwalk district, the syndicate backing the plan being made up of Baltimore financiers.

The site of the Boardwalk is to have an important change at Tennessee Avenue, where the now decrepit remains of the old Young's Pier are to be transformed into a new and modern pleasure structure. A syndicate in which wealthy hotel men are the leaders and directors has taken over the old pier building and with the opening of good weather will replace it with a steel and concrete pier that is intended to be the finest of its kind in the world. A large and fully equipped theatre, dancing and concert halls and exhibition space for the largest convention will be included, and there will be a double arcade of smart shops that will do much toward attracting foreign visitors. The new Central Pier will have an advantage in that it is one of the plots not restricted by city deed against the sale of any commodities outside the Boardwalk, and the site is valued at close to \$1,000,000 for pier purposes.

A full-fledged seashore automobile show has been in progress on the Million Dollar Pier this week and has been liberally patronized by Lenten visitors. Scores of makes of cars were shown along with the modern accessories which are so popular with motorists. One of the features of the show was a "Salon" devoted to women drivers, presided over by a woman expert who exhibited the latest quips in everything required by the woman driver. The exhibit has been

made an annual Easter-time event for the shore.

Several important openings of hotels look like this week. One of the prominent houses ready for Easter patronage is the Hotel Princess, now owned by Paul Rosecrans, who will give personal management to the hotel during the opening season. The Princess is a strictly modern hostelry situated close to the beach on South Carolina avenue, and has a large patronage of New York visitors. The Hotel Watkins, situated near the beach on South Carolina avenue, is open under the active management of L. B. Arnold, formerly a lieutenant in the United States Army and a hotel man of wide experience.

LOOKING TO DELAWARE
Wilmington, Del., March 24—The Delaware legislature will ratify the federal amendment for woman suffrage this week, in the belief of Gov. Townsend, it is said by Miss Leah Burton, chairman of the legislative committee of the Delaware Equal Suffrage Association, who had a conference with the governor.

Henry Isaacs, chairman of the State Democratic Committee, is in close touch with the administration at Washington in the effort to secure ratification in Delaware. President Wilson, Secretary Baker, Secretary Daniels and Secretary Houston have all written Mr. Isaacs urging that everything possible be done for ratification. Mr. Isaacs has also received a letter from Frank Morrison, secretary of the American Federation of Labor, urging ratification.

TENDER GUMS — A WARNING
Beware of gum tenderness that warns of Pyorrhea. Four out of five people over forty have Pyorrhea—many under forty also. Loosening teeth indicate Pyorrhea. Bleeding gums, too. Remember—these inflamed, bleeding gums act as so many doorways for disease germs to enter the system—inflicting the joints or tonsils—or causing other ailments.

Forhan's positively prevents Pyorrhea, if used in time and used consistently. As it hardens the gums the teeth become firmer.

"Brush your teeth with Forhan's. It cleans the teeth scientifically—keeps them white and clean.

If gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment.

MINISTRY OF HEALTH IN N. B.

When the Foster government established a Ministry of Public Health, there was a great deal of anxiety levied on the part of some opposition orators and organs. It was proclaimed with scornful assurance that the new department would be an expensive fad, and the cardinal principles of the health movement were represented to be little better than political jokes.

TO DOUBLE SERVICE WITH ONE-MAN CARS

(Boston Globe.)

Edward Dana, general manager of the Boston Elevated, today asked the Department of Public Utilities to allow the company to operate one-man trolley cars. If the authority is given the company will put into operation some of these cars, all of which will be of the latest type and construction. The company will thus be in a better position to serve the public, according to the general manager.

The lines on which Mr. Dana proposes

French Government Premium Loan 5% Coupon Bonds

These bonds will be a direct obligation of the French Republic. They are redeemable on interest dates (May 1st and November 1st) by semi-annual drawings of 1,500 Francs per 1,000 Franc Bond, the whole issue being redeemed through these operations within sixty years. Bonds not drawn in this manner are subject to redemption at the option of the Government at par value in Francs.

The bonds will be dated May 1, 1920, and will be issued in denominations of 1,000, 2,000, 10,000 and 20,000 francs but the face of the bonds, in accordance with the French custom will indicate the annual income and not the principal.

Interest is payable May 1st and November 1st. The first coupon will be paid November 1st, 1920, and will be for 85 francs, which includes the regular semi-annual coupon of 25 francs and 10 francs to cover the interest accrued to May 1st. Principal, interest and premium of this loan are payable free of French taxes.

The subscription price is payable in full at the time of subscription. The franc has advanced gradually in price since January 1st, 1920, the total appreciation being over 16 p. c.

PAR VALUE OF 1,000 FRANCS IS \$193 AND OF 1,500 FRANCS IS \$289.50

\$95.00 PER 1,000-FRANC BOND

GLARING CONTRASTS

(British Weekly.)

"The average wage paid to the lowest grade of unskilled labor in Wales at the present time is higher than the average stipend among the pastors of Welsh churches," says J. H. Edwards, M. P.

"Such a state of things, in a country which owes almost everything to the ministrations of its pulpits, constitutes both a reproach and a scandal.

"The Montgomeryshire county council recently decided to appoint a professional rat catcher at a wage of seventy shillings a week. Among the scores of Nonconformist ministers who labor so indefatigably in the same county there are not three whose stipend touch the figure. The moral is too glaring to need emphasis."

A large circle of friends extend sympathy to the bereaved ones. The funeral will take place on Friday afternoon from the residence of S. K. Ganong, 96 Victoria street.

CITY MAY FATHER NEW PAVING BILL
Further Amendments Made to the Terms Are Announced
Bill Now Practically Ready for Legislature—Equalizing Amounts to Be Paid by Abutters in Wide Streets—Return of Unsuccessful Tenders Proposed.
The new paving bill is now ready for presentation to the Legislature after it has been passed by the city solicitor as to phrasing, etc. The mayor and commissioners in committee this morning considered the sections left over last Tuesday night's special meeting and made several changes. The mayor said that it was now the intention for the city to adopt the bill and take it to Fredericton, as it was necessary to have it on the books before a plebiscite on the question could be taken. In reply to a question from Commissioner Fisher, the mayor expressed the opinion that the council next week might take up the question of returning all tenders except those recommended by the commissioner.
The mayor presided and all the commissioners, with the exception of Commissioner Thomson, who is absent from the city, were on hand. Road Engineer Hatfield was also present to furnish information required.
Section 8 was amended to read, that from the total cost of paving would be deducted the cost of paving between the tracks and eighteen inches on each side, this amount to be paid by the street railway, the city, or both, the remainder only divided between the city and abutters, one-third each.
The section regarding the payment by landlords of amounts of assessments paid by lease in addition to other improvements in case a lease is not renewed, was struck out, it being considered unfair to the landlord.
Mr. Fisher's motion, curbing, etc., would last for a great many years, and the average life of the surface was placed at ten years, favored bonding for the length of the average life of the whole work. It was suggested therefore to extend the length of the bond issue to a limit of fifteen years for the ordinary class of pavement. The section was, after some discussion, allowed to stand as at present, limiting the period to ten years.
The road engineer suggested that the amount per foot charged abutters for paving should be made public, so that landlords could not use the special assessment to raise rents above the increase incurred by the tax.
It was suggested that the abutters' share be figured on the width of ordinary streets, and anything above that width be taken care of by the city. It was therefore decided that, where a street was wider than forty-five feet curb to curb, all paving beyond that width should be paid for by general assessment.
The road engineer said that in Broad street and King street east the pavement would naturally be narrower down by the placing of grass plots and wide sidewalks, so that the actual width paved would not be greater than on narrow streets.
Mr. Fisher said the work was being delayed by the bill which he did not consider workable. He referred to a section regarding the submission of disputes to the Public Utilities Commission as "camouflage." He said his position with regard to the bill might be changed, and he was sorry that he might take a stand of more active opposition.
Replying to a question from the mayor, the road engineer said that the foundation for Douglas avenue would last for 100 years, while the surface would require some repairs in five years. Ten years seemed to be the estimated average life.
Including the street car sections the cost per foot frontage in a residential street, including sidewalks, curbing and other incidents, would be about \$25.

SAYS SOME 60 DRUNK ON VOYAGE
Stewards Charged With Liquor Sale on the Scotian
Twenty-Five and Thirty Shillings a Bottle—Evidence of Officers and Some of the Passengers Taken in Police Court.
In an enclosure surrounded with "spirits" which caused the mouths of the spectators to water, the police magistrate today listened to an interesting case in which twenty-four bottles and a large demijohn containing liquor that it was said, had been prepared for sale on the S. S. Scotian during her voyage from Europe, were seized. Joseph Bassene, Jules Capparet and Frantz Durasse, stewards on the boat, were charged with acting together in selling liquor on the steamer without having a license. The case was brought under the immigration and merchants' shipping act. Capt. William H. Haines, commander of the Scotian, said that he accused left Antwerp, Belgium, on the steamer as assistant stewards and that they had made several voyages. After being out a few days information was received by him which led him to investigate why some of the steerage passengers were creating disturbances, being under the influence of liquor, as they could not obtain liquor from the bar, it being for the cabin passengers only. The captain said he held an interview with three of the passengers and the accused during which Bassene admitted selling liquor. One of the passengers, he said, told him he had four bottles of gin in one hour. The captain also said strict regulations were made against bringing liquor on board a steamer.
Arthur Beatty, chief steward, told of being present at the interview and corroborated the captain's evidence but said that it was Durasse who admitted selling the liquor, yet the information revealed that the three accused were involved. The passengers said they had drunk as much as twenty-five and thirty shillings a bottle. The steward said also that there had been considerable trouble on this and other voyages in this regard and the matter was getting worse. The liquor was found in the stewards' cabin bath room with several dozen capsules, a cork filler and other articles used in the manufacture and bottling of liquor. During the voyage it was necessary for some of the steerage passengers to be locked up on account of their being drunk and creating a disturbance.
Michael Keally, chief of third-class stewards, corroborated the evidence of the former witnesses.
Arthur Donaldson, third-class passenger, told of boarding the vessel at Southampton. He said before the boat left he was going ashore to get a drink when he met Durasse, who told him he would provide him with liquor for thirty shillings a bottle. He said he bought about a dozen bottles and carried several bottles on other occasions until he learned from the captain that it was against the rules. He, however, took the liquor and was consumed openly in the third-class cabins. He told of buying several bottles of liquor from Durasse and Capparet on cross-examination by W. R. Scott, counsel for the defense, as to whether he was happy, he said he was "happy and soused," caused by drinking "Geneva gin and Cognac."
John Burke corroborated this evidence but added that after the two men, Donaldson and McNeill "went broke" the second day out he provided the money to the amount of £55 for buying the liquor and that there were about sixty of the passengers drunk.
Norman McNeill of Glasgow, in a metaphoric sense, described himself as the "bar-tender" in the steerage apartments, and he said any person was welcome as there was a bottle on the table all the time. This concluded the case for the prosecution.
A case against John Mitchell, another steward on the Scotian, charged with having liquor in his possession for sale, was taken up. Captain Haines told of having an interview at which the accused told him he bought the liquor from the captain of the R. M. S. New York, and since he had no time to dispose of it in Southampton, was bottling it for the purpose of selling it to "longshoremen" in St. John. The captain told of finding the paraphernalia for bottling purposes and also finding a miniature "burglarizing set," which the captain said one "could get into a man's watch with." The bottles, he said, all contained the same kind of liquor, but were labelled differently. Some of the passengers gave evidence, and the case was postponed for another hearing.
C. F. Inches conducted the case for the prosecution, and W. R. Scott appeared for the defence.
Robert Smyth, Peter Verrecksen and John Greck were charged with being stowaways on the Scotian. The captain gave evidence and the accused were held until the vessel sailed, when they will be sent back to Antwerp.
John O'Brien was charged with being drunk and going around to houses disturbing people by knocking on their doors. Inspector Merryfield, who made the arrest, gave evidence and the accused was remanded.
Two men charged with drunkenness were also remanded.

PERSONALS
The condition of Rev. A. J. O'Neil was said to be quite favorable this afternoon. Charles Wannamaker, formerly of this city, has resigned his position on the staff of the Brunswick hotel, Moncton, to return to St. John.

60 NUNS CAUGHT IN CONVENT FIRE

One Loses Life, Nine Badly Injured, When Wilkes-Barre Building Is Destroyed—Many Jump From Windows.

One nun lost her life and nine nuns were seriously burned or injured when the Wilkes-Barre Convent of the Order of Mercy at Wilkes-Barre Pa., was destroyed by fire the other morning, with a loss of \$150,000, as a despatch reported at the time.

Sixty nuns were trapped in the burning building. Many found safety by jumping from the second and third story windows. Sister Mary Teresa, Mother Superior of the convent, and a relative of the Rev. John Walsh of Fordham, died as a result of burns.

Injured nuns who were taken to the hospital are: Sisters Gregory, Julia, Gertrude, Agnes, Xavier and Felicia. Three others were burned slightly and are being taken care of in a local convent.

Firemen saved two Sisters by spreading nets into which they jumped. The fall of several others was broken by men who tried to catch them before they struck the pavement. One nun who jumped from the third story had a miraculous escape from serious injury. Two firemen tried to catch her and saved her from broken bones.

The Blessed Sacrament was saved from the fire by Sister Casimir, who, with Sister Mary John, took it from the tabernacle and tried to make her way through the flaming corridors.

Finding this impossible, Sister Mary John told Sister Casimir to go through the window. The latter hung to the ledge with the Sacrament in her hand, while hundreds of spectators below prayed for her. A ladder was rushed up to the window and the nun was taken from her perilous position just as her hand was slipping from the ledge. Sister Mary John was rescued in the same manner. Sister Gregory was cut off on the third floor front and had to jump.

The origin of the fire is unknown, but the Rev. J. J. Curran, pastor of St. Mary's church, believes that crossed wires between the first and second floors started the blaze. The whole building was in flames before any of the Sisters made their escape. Their habits were

burned but they bled bravely through a terrible experience. In addition to the loss of \$150,000 on the building, tapestries, paintings and musical instruments valued at several thousand dollars were burned.

HOW THE ISIAIAH K. STETSON WAS LOST

(Yarmouth Herald.)

Joseph C. Watkins of Yarmouth Bar, who with Captain William Hecker of St. John, N. B., were the only ones who were saved from the crew of the ill-fated schooner Isiah K. Stetson, arrived home by the D. A. R. last evening. In conversation with the Telegram this morning, Mr. Watkins told a most heart-rending story of the wreck, and the rescue was not made a moment too soon, as both were so exhausted and overcome from exposure as to be absolutely helpless. They had been taken from the wreck aboard the Acushnet and landed in New Bedford, Mass., before they received sufficiently to realize what was going on.

Mr. Watkins told of how the schooner struck at a very early hour last Sunday morning, and almost instantly it was seen that she would be a total loss. Captain Hecker at once ordered all hands to the rigging. The mate, Nelson McKay, aged about 45, a native of Barrington, and a seaman, Manford Nickerson, about 23, of Clark's Harbor, went to the forward rigging. For some purpose which shall never be known they were shortly after seen returning to the deck, and almost at the same instant a huge sea broke over the vessel and they were not seen again. Watkins stated that he went in the mizzen rigging to the mizenmasthead and that another seaman, named Ellis, of Digby, went to a similar position in the mainmast. Shortly after Ellis attempted to cross on the mainstay to join Watkins, and as he did so he lost his hold and fell into the sea and was drowned.

Mate McKay leaves a widow at Yarmouth Bar, and Manford Nickerson leaves a widow and one child, residing at Yarmouth South.

Mr. Watkins remained in New Bedford until Tuesday morning, when he felt sufficiently recovered to travel to Boston, hoping to take passage by train, leaving that city that evening for St. John. Mr. Watkins still shows the terrible strain which the exposure made upon him, and it will be some days yet before he will be quite recovered from his awful experience.

London, March 24.—Electrocution has been adopted in whaling off the coast of Labrador. The current is transmitted through the line and harpoon. A hit almost anywhere in the body, so long as the harpoon penetrates the blubber, is sufficient for the electricity to do its work.

Cocoa and Chocolate Merger

Canadian Interests of Fry's and Lowney's, Associated

Arrangements have been made for the association of the business interests in Canada, of The Walter M. Lowney Company of Canada, Limited, and J. S. Fry & Sons, Limited, of Bristol, England.

The Walter M. Lowney Company of Canada, Limited, has a large plant in operation in Montreal, established many years ago, and has been carrying on business in all parts of the Dominion, its sales of eating chocolate and confectionery having been particularly extensive.

The firm of J. S. Fry & Sons, Bristol, was established in England in the year 1728, and, for generations, its chocolate and cocoa products have been well and extensively known in Canada and the Empire. During the past ten years these have been handled by its own branches throughout Canada. The Bristol firm has recently caused J. S. Fry & Sons (Canada) Limited, to be incorporated in the Dominion Charter, with head office in Montreal, to which it has transferred its Canadian assets. J. S. Fry & Sons (Canada) Limited, will continue to maintain its own branches throughout Canada, and will promptly equip, an extensive modern manufacturing plant in Montreal, for the purpose of manufacturing, within Canada, Fry's well-known brands, which hitherto have been imported from Bristol.

While the identity and good will of each firm will be maintained and extended it is expected that through the association, substantial economies will be effected, both in the purchase of raw materials and in the marketing of finished product. The two lines supplement each other, inasmuch as the Lowney Company is largely engaged in manufacturing and selling eating chocolate and confectionery, and the Fry Company specializes very strongly in cocoa and related products.

SAYS THAT FIANCE TOOK RING BY RUSE

Malden, Mass., March 24.—Saying that her fiance obtained from her through a ruse a diamond ring valued at \$400 which he had presented her as an engagement present, Miss Anna Cohen was the complainant against Maxwell White, alias Max Cohen, of Lynn, in the district court, on a charge of larceny. The case was continued until March 30.

According to Miss Cohen, the ring was given her by the defendant when she promised to become his wife. Later, however, he told her that he believed the ring had a flaw in it and he wanted to exchange it. She says she gave him back the ring as she believed him, but when she wanted it returned he did not comply with her wish.

BIG BASEBALL PROJECT IN N. S.

Meeting Tomorrow Night—Halifax Anxious to Know How St. John Is Making Out With New England League Scheme—Local Notes.

(Halifax Echo.)

The big thing on the sport horizon is assuredly the meeting to be held at Truro on Friday evening for the purpose of forming a provincial baseball league. This is a real proposition, and if it goes over, as it has every indication, will be the biggest boom ever given to baseball. Delegates from the various branches are to meet at Truro on Friday evening at 7 o'clock to report on the progress made in their various branches. The meeting is purely for the purpose of organization, and will be open to receive reports of the branch delegates and for the election of officers for the central executive.

Baseball being the subject, we wonder just how the fans in the sister city of St. John are faring with their little proposal to place a team in the New England running. It would be a great boom for the game over there if they were able to get some of their ball-tossers into such a league. While we wish them the best of luck, we are more concerned at present in floating the big provincial scheme of our own. Our venture is to be an amateur one, however, and is aiming to develop the talent of the "comers."

Fans in St. John appreciate the kindly sentiments expressed by the Halifax writer and in turn here to see the big provincial baseball scheme in Nova Scotia materialize.

So far as St. John is concerned fans are as much in the dark as they were when the project to have a representative team in the New England League was first launched. There is no denying that St. John is ready and eager to acquire a franchise in professional ball, but the initiative must be taken by the New England magnates and so far there has been no indication of reorganization of their part. If St. John could boast of a baseball park the delay would not make much difference, but the grounds problem is one of the biggest which must be grappled with before a baseball team can be considered in this city and from now on every day counts. Even if a site is secured it will take time to get it in condition, erect a grandstand, bleachers, etc. However, there is still hope that the venture will materialize. This would be a good year for St. John to go into professional baseball, when sport all over the country is booming.

In the event of plans falling through, fans may rest assured that they will have plenty of baseball. Teams comprising the pick of local talent are already formed and awaiting the welcome cry "play ball." St. Peter's Y. M. C. A. are coming to the fore and intend to spend a lot of money on a ball park in the rear of Clarendon street. The property has already been surveyed and a good sum appropriated for improvements. Work is to be started so soon as the frost gets out of the ground and

MUTT AND JEFF—A GUY'S CERTAINLY HANDICAPPED THESE DAYS By "BUD" FISHER

Provincial Budget
Forecasts A Surplus
Of \$331,771 For 1920
STUMPAGE COLLECTION MORE
THAN DOUBLE

Flattering Comment of Financial Post — Further
Aid for U. N. B. — Details of Income and Ex-
penditures.

Fredericton, N. B., March 24.—The estimated income and expenditures for the province, as shown in the budget which was presented today to the legislature by the provincial secretary, forecasts an anticipated surplus of \$331,771 for the fiscal year of 1920. One of the most gratifying features of the estimates is the hope held out for a very large increase in the revenue. Last year the estimated revenue was \$2,064,230, and the actual cash receipts \$2,162,419. The estimates for the current year show a total of \$2,229,483. Although the actual expenses last year far exceed the estimates, the revenue in light of this year is a quarter of a million in excess of last year's record expenditures, and a third of a million greater than the expenditures planned for this year, which are placed at \$2,497,712.

PROVINCE IN FINE POSITION.

The chief source of the anticipated increase in revenue is the stumpage collection for the timber cut on crown lands, which is estimated at \$1,200,000, more than twice the amount received last year and greater than the total of any three previous years. This increase, which is based on reports already in the hands of the department concerned, is due not only to the increased cut this year, but much more to the increase in stumpage rates put into effect by the present government and to the more efficient methods of collection, introduced during the last few years. Another large increase is found in the estimated revenue from the motor vehicles tax, which yielded \$116,000 last year and which is expected to bring \$185,000 this year.

That the province is not merely solvent but extremely rich in its tangible resources, is shown by the statement made by Hon. Robert Murray in his budget, when he presented a statement of the assets and liabilities of the province. The total bond indebtedness, he said, was \$20,563,000, while the assets of the province, not including the permanent roads and bridges, represent a value of more than \$60,000,000.

Comment on provincial financing, quoted from a Toronto financial journal, by the provincial secretary in his speech today, indicates that in the opinion of those qualified to judge, the affairs of the province are being administered in a manner which will maintain its prosperity. Referring to the million dollar loan secured last May, the Financial Post said:

"The Province of New Brunswick is in the fortunate position of securing its loan at the lowest price yet reached in Canada for any government or municipal security since the war."

FAVORABLE COMPARISON.

The minister, in reviewing loans secured during the year showed how favorably they compared with those of other provinces and cities. In response to the criticism that one loan had been made payable in New York, he said that this was due to the short-sightedness of the previous government in issuing five year debentures which came due at a time when Canada had been drained of ready money by the Victory Loan and when it was necessary to make this concession to secure a satisfactory price.

Mr. Peck's criticisms of the financial policy of the government were disposed of in a manner which showed, to use Hon. Mr. Murray's words, that "the wizard of finance from Albert county knew as much about financial affairs as a goose does about geometry."

In reply to the insinuation that someone had profited on the loans at the expense of the government, he challenged the opposition to produce evidence of wrong doing or negligence on the part of himself or any member of his department.

In his review of affairs during the year which has passed, Hon. Mr. Murray touched on some of the more notable achievements of the government and replied and convincingly answered what little criticism the opposition has had to offer.

Referring to an editorial comment in The Standard, to the effect that the government probably regretted having abandoned a system of bookkeeping under which deficits easily could be concealed, Hon. Mr. Murray said that the present government had abandoned that system because they did not wish to conceal anything from the people. It was because of such methods that the electors had risen in their might and thrown the previous administration out of office. If they had acknowledged the patriotic potato deficit, for instance, they might have been forgiven, but the people never would forgive their attempt at concealment.

Fredericton, March 24.—The house met at 3 o'clock.

Mr. Burchill presented the report of the standing rules committee.

Mr. Magee, for the committee appointed to present the address to the anti-governor, reported that the committee had performed its duty, and submitted the following message from his honor:

"I thank you for your address and beg to assure you that I entertain the fullest confidence that in all your deliberations you will be guided by a most earnest desire to promote the happiness and prosperity of the people of this province."

Mr. Speaker, and Gentlemen of the Legislative Assembly:

Mr. Robertson presented the first report of the municipalities committee.

Mr. Robertson introduced a bill relating to the St. John's Hospital, St. Basil.

The following notices of inquiry were given:

By Mr. Smith, Albert, as to the purchase of securities by the workmen's compensation board; also as to the cost of work on the structure of the Moncton highway bridge.

Mr. Sutton introduced a bill relating to the estate of the late Lewis Filmer of Woodstock.

From a Child
Was Constipated

According to the best medical authorities, fully three-fourths of the people of the civilized world suffer in some form from constipation or irregular action of the bowels. There is no doubt that many distressing diseases are caused by constipation. It gives rise to sick and floating specks before the eyes, catarrh of the stomach, biliousness and the painful, troublesome piles. Therefore, it is of supreme importance to health that the bowels be kept regular. Simple food, fruit, etc., should be used, and rich food and stimulants of all kinds avoided. This, with the use of Milburn's Laxative Pills to regulate and establish healthy action of the bowels cannot fail to give permanent relief in the most obstinate case.

Milburn's Laxative Pills are 25c. a box at all dealers or mailed direct on receipt of price by The T. Milburn Co. Limited, Toronto, Ont.

REFORMS IN
DIVORCE IN
MOTHERLAND

Bill Passes Lords Despite Opposition of Episcopal Bench, Catholic and High Anglican Church Peers.

London, March 25.—The House of Lords by a vote of ninety-three to forty-five yesterday passed the second reading of a bill introduced by Baron Buckmaster, proposing important divorce reforms.

The bill, which is based on the majority report of a royal commission, extends the grounds for divorce to cover, among other reasons, three years' desertion, habitual drunkenness, and cases where a sentence of death has been commuted to life imprisonment.

After a powerful and impassioned speech by Baron Birkhead, the Lord Chancellor, who supported the measure on behalf of the government, the second reading was carried despite the opposition of the Episcopal bench, and the Catholic and High Anglican Church peers.

The bill has not yet appeared in the House of Commons, but it is said to be almost certain of being carried when it goes there.

Why Stay Fat?
You Can Reduce

The answer of most fat people is that it is too hard, too troublesome and too dangerous to force the weight down. However, in Marmola Prescription Tablets, all these difficulties are overcome. They are absolutely harmless, entail no dieting or exercise, and have the added advantage of cheapness. A large case is sold by druggists at \$1. Or if preferred, they can be obtained by sending price direct to the Marmola Co., 866 Woodward Ave., Detroit, Mich. Now that you know this you have no excuse for being too fat, but can reduce two, three or four pounds a week without fear of bad after-effects.

MINERS' WAGES IN
U. S. AND ENGLAND

Washington, March 25.—Suggestion that the joint scale committee of operators and miners of the central competitive bituminous coal fields in the United States should meet in New York to draft a new wage agreement was made in a telegram yesterday by John L. Lewis, president of the United Mine Workers of America.

The operators and miners were asked by President Wilson on Tuesday to convene the bituminous coal conference as soon as possible so that the uncertainty as to the fuel supply might be ended. At the same time the president said he expected the majority report of the coal commission, recommending an average wage increase of twenty-seven per cent would be accepted as binding on both the operators and miners.

London, March 25.—(Canadian Press) —Negotiations with the miners who have been endeavoring to secure an acceptance of the government's refusal of the men's wage demands, will not be entered into by the government until developed yesterday afternoon.

The delegates of the South Wales miners who have here and have been in conference over the government's counter proposal of a 20 per cent increase in wages declare that the government is hoarding coal in preparation for contingencies.

London, March 25.—The government, says the Daily Herald, organ of the workers, has decided on extreme measures to defeat the strike by the miners. A plan, says the newspaper, has been prepared at the War Office for the use of the army as a blocking force. All mining villages and townships are to be surrounded by military cordons and no commodities or persons are to be allowed to pass it. It says the plan is ready to the smallest detail, and can be put into operation on an hour's notice. The newspaper says that "what the government has overlooked is the temper of the army and the temper of the workers."

"There is no shadow of a doubt," the Herald continues, "that these two sections will know how to deal with the plot. We do not believe our comrades in the army will allow themselves to be used against labor in a class war. We do not believe that any government attempting to operate such a plan will be able to stand against an uprising of workers so great as it will undoubtedly result in revolution."

Mr. McAllister, national secretary of the maritime provinces Y. M. C. A., is leaving Halifax this week for California and is to remain there permanently. Mr. McAllister has been an indefatigable worker in Y. M. C. A. interests, and has friends throughout the maritime provinces.

\$34,650 FOR BULL. London, March 24.—A record price of \$34,650 was paid at Perth, Perthshire, for a yearling bull, which had obtained champion honors.

The following were the winners of the door prizes of the last night of the "Premiere Boys' Fair," Y. M. C. A., first, \$25; second, W. G. Macaulay, Jr., \$15; third, F. Nichols, \$10. H. Selman, the secretary of the committee, said that the fair had been a great success and he was grateful to all who assisted.

HIGHER RATE BASE
AND RETURN IN B. B. POWER CO. BILL

Fredericton, March 24.—The new bill prepared by the New Brunswick Power Company, which was introduced in the legislature today, contains several proposals which will be viewed with alarm by the citizens of St. John. Perhaps the most important change, to the patrons of the utility, is the proposed increase in the rate base of the company, which will be fixed at \$1,000,000 instead of \$800,000 as recommended by the Currier commission, on the grounds it is said that the former figure representing the replacement value is more equitable than the cost basis.

The public directors, recommended by the Currier commission as the representatives of the citizens on the board, announced the reason for their unwillingness to pay the fee of such officials.

The bill provides for the appointment of an impartial accountant by the directors each year to report on the propriety and distribution of charges to the various accounts. Notice of the appointment shall be given to the municipality before November 1, each year, and if the municipality objects within fifteen days the public utilities commission would be selected to either dismiss the objection or select another accountant.

The duty of fixing the rates to be charged by the company is placed on the board of directors, from whose decision the rate payers may appeal to the public utilities commission. The board of directors, from whose decision the rate payers may appeal to the public utilities commission.

The directors are required to provide out of the earnings an annual depreciation allowance of at least \$75,000 until the fund amounts to at least \$200,000, and shall be maintained at a sum not less than seven per cent of the rate base.

Another section provides that the company may issue and sell additional shares in its capital stock, and other securities, not necessarily at par value, and subject to such alterations as are necessary to invite investment of capital in developments or improvements.

It is provided that any expenditure made to add to the company's plant of working capital or in development of water power or acquiring water power property, shall be added to the rate base. It is also provided that when current generation of power is supplied by the company, \$118,000 with carrying charges thereon shall be added to the rate base to cover cost of water power property now owned by the company.

In lieu of all other rates, taxes and assessments in the city of St. John or the parishes of Lancaster, Simonds or St. John, the company shall pay three per cent of its gross earnings in such city, municipality or parish. This would relieve the company of all other charges except the cost of replacing torn up streets and the annual rental for use of the bridge at the Leversing Falls. Authority is sought to continue the operation of the Eastern Electric Company, which has been in liquidation since 1914, and the income available for expenses and return on the rate base.

E. R. Taylor, of St. John, counsel for the New Brunswick Power Company, arrived in Fredericton tonight, presumably in the interests of the company's bill.

HEAD OFFICE IN MONCTON.

Notice has been given in the Moncton Times of application to the provincial legislature for the incorporation of the Central Trust Company with a capital of \$500,000. The head office is to be in Moncton and it is understood that a number of prominent business men in that city, also Sackville and other towns in eastern and northern New Brunswick, as well as other parts of the province, are interested. It is expected to be in operation in June or July and it is likely that the company will erect a building in Moncton suitable for its purposes. A. D. Holyoke has been in Moncton and vicinity for a week or more in connection with the enterprise.

Engagement Announced. Mr. Howard Wilmut Shaw of Woodstock announces the engagement of his daughter, Irma Jean Helena, to John George Breslin of London, England, the wedding to take place in the near future.

THE NAVY LEAGUE
AND NAVY POLICY

At a meeting of the New Brunswick Division, Navy League of Canada, held here yesterday the following resolution was passed:
"Resolved, That the executive of the New Brunswick division of the Navy League of Canada, in the absence of any official statement as to the reason why the government had ordered the demobilization of the naval force of Canada, and of any announcement as to the future policy of the government in this regard, does not feel justified in entering a protest against the government's action. It would, however, impress upon the government the need in its opinion of a progressive naval policy for Canada that would not only protect the shipping interests of the dominion, but that would aid in maintaining British supremacy on the seas, and at the same time tend to preserve for future generations the glorious traditions of Great Britain's splendid navy."
(Signed)
E. T. STURDEE, S.S.D., Pres.
A copy of this resolution was wired to Sir George E. Foster, acting premier, and Hon. C. H. Ballantyne, minister of naval affairs.

It having been learned that the S. S. Somerset was in port, having on board about twenty midshipmen from Great Britain for training in seamanship, the permanent entertainment committee of the Navy League was requested to take up the task of entertaining the boys to some extent while in port and assist in making their visit a pleasant one.

SMALLPOX WAS
ON INCREASE LAST
WEEK IN ONTARIO

Toronto, March 25.—Smallpox was on the increase throughout Ontario during the week ended March 20, according to returns received by the provincial health department. The total number reported was 102, as against 101 the previous week.

TEACHERS WANT 20 TO
40 PER CENT MORE

Albany, March 25.—A big delegation of teachers is here to urge the passage of a bill for increase of twenty to forty per cent in teachers' salaries. Statistics presented showing in New York city alone 1,200 teachers left the service in 1919.

A Quick Relief
for Headache

A headache is frequently caused by badly digested food; the gases and acids resulting therefrom are absorbed by the blood which in turn irritates the nerves and causes painful symptoms called headache, neuralgia, rheumatism, etc. Scieff's Syrup will correct faulty digestion and afford relief.

If Thin And Nervous
Try Citro-Phosphate

While excessive thinness might be attributed to various and subtle causes in different individuals, it is a well-known fact that the lack of phosphorus in the human system is very largely responsible for this condition. It seems to be well established that this deficiency in phosphorus may now be met by the use of Citro-Phosphate, which can be obtained from any good druggist in convenient tablet form.

In many instances the assimilation of this phosphate by the nerve tissue soon produces a welcome change—nerve tension disappears, vigor, and strength replace weakness and lack of energy and the whole body loses its ugly hollow and abrupt angles, becoming enveloped in a glow of perfect health and beauty and the will and strength to be up and doing.

CAUTION—White Citro-Phosphate is unsurpassed for the relief of nervousness, general debility, etc., those taking it who do not desire to put on flesh should use extra care in avoiding fat-producing foods.

LOCAL NEWS

A well contested game of basketball was played between the Y. W. C. A. team and the girls team of St. James church in the recreational centre gymnasium last night. The Y. W. C. A. team was victorious. After the game refreshments were served and a very pleasant social time was enjoyed. Dancing and music formed part of the evening's pleasure.

At a meeting of the Canadian welcome

committee held yesterday in the hotel in British street with the president, Mrs. H. A. Powell, in the chair, it was decided if there could be enough permanent boarders secured, the hotel would be kept open during the summer. Mrs. J. J. Gordon consented to remain in charge as house mother. It is also proposed to undertake the forming of a club among the British household workers.

A meeting of the St. John Medical Society was held in the General Public Hospital last night with Dr. A. E. Logie, the president, in the chair. Dr. W. W. White and Dr. G. A. B. Ady gave a surgical clinic that was followed with much interest. The cases talked of were demonstrated with the patients in the wards. Three guests from outside the city were welcomed: Dr. Clarke, dean of the medical faculty of Toronto University; Dr. Paquet, of Quebec, who is in the city in the interests of immigration; and Dr. Laurie, of Toronto.

STRONGLY FOR IRISH FREEDOM

Meeting of Irish Addressed by Lindsay Crawford in Quebec

Disavow Loyalty to England so Long "As She Keeps Ireland Fettered, Shackled and Enthralled in Bondage."

(Canadian Press) Quebec, March 23.—Lindsay Crawford, director of the Toronto division, addressed a meeting of some 1,500 Irishmen here last night on "Ireland," and the meeting passed a resolution disavowing any loyalty to England as long as she kept Ireland fettered, shackled and enthralled in bondage.

Mr. Crawford argued that the Irish question was bound up with the wider issue of imperial reconstruction and that its solution must be found in the complete independence and sovereignty not only of Ireland but of Canada and the other self-governing dominions.

The chairman of the meeting then put the resolution, which was passed without a dissenting voice. It also set forth that the senate of the United States has adopted a reservation for Ireland, approving of her struggle for independence.

The resolution further denounced in the strongest terms the very source of Irish news, by omitting or falsifying facts.

A MIRTHFUL, BRIGHT PLAY

"What Happened to Jones" Admirably Presented by St. Peter's Y. M. C. A.

Playing before one of the largest crowds that ever taxed the seating capacity of St. Vincent's auditorium, St. Peter's Y. M. C. A. Dramatic Club scored a hit last evening in the presentation of "What Happened to Jones," a three act comedy. The play was staged under the direction of Mrs. A. D. C. Wilson and the success achieved was largely due to her untiring efforts. The participants in their respective roles gave a highly commendable interpretation and their hearty applause, which their efforts evoked, was convincing testimony in a manner in which they essayed their parts.

The drama has a pleasing blending of comedy and romance and is teeming with amusing situations, which were cleverly interpreted by the players.

In the leading role John U. Haggerty scored a hit and he well deserved the plaudits, which his antics evoked. Arthur L. Howan, in the juvenile lead, gave a pleasing portrayal and was instrumental in the success achieved. George E. Connel as "The Bishop of Ballarat" gave a clever interpretation and his trying experiences, while seeking his brother, was the cause of no end of merriment. Frank O'Donnell, William D. O'Connor and Bernard A. McCarthy also did well in minor roles, which were, however, important.

The lady members of the cast won new laurels and their clever acting was largely instrumental in the presentation of such a grand success. The major portion of the comedy fell to Miss Isabelle A. Gorman and Miss Anna McGarrigle and it suffices to say that it was most capably handled. It was Miss McGarrigle's first appearance and she gives promise of making good in amateur theatricals. Miss Josephine Gonnell as Mrs. Goody, handled a difficult part and her efforts to please the bogus bishop were amusing. Mrs. Joe K. Kennedy, Miss Irene O'Connor, two daughters of Ebenezer Goody and Miss Emma G. Conlogue, his ward, gave pleasing interpretations.

A feature of the production were the original and beautifully staged specialties, which were arranged and directed by Mrs. Wilson. The first was "Follow the Boys" from Miss Singletary, and the second was "When you look in the heart of a rose." The costuming in both these specialties were beautiful, the chorus was well drilled, and the stage settings were unique and very pretty. The soloist in the first number was Miss Lydia McCuskey, and in the second James D. Duffy. Both were supported by a tastefully costumed and musical chorus and were forced to respond to encores. Much favorable comment was heard regarding these specialties and it was evident that they made a great hit. The performance will be repeated this evening.

AMERICANS BRING BACK GOODS SOLD TO NORWAY TWO YEARS AGO

Christiana, March 23.—American representatives are trying to re-purchase dry goods and wearing apparel bought from the United States from 1918 to 1920 for re-export to the United States, as the prices of these commodities are 50 per cent lower than those now prevailing in the American markets. Immediately after the war Norway was flooded with American dry goods and wearing apparel, and Norwegian firms placed large orders in America for further delivery.

The Norwegian embargo now in force prohibits such export as demanded by the American representatives. Much of the volume of American goods bought by Norwegian firms but not yet shipped from the United States has been resold to Americans there, as the high dollar rate prevents its marketing here.

RECENT WEDDINGS

James Vernon Cunningham and Miss Marquerette Arnold Patchell, daughter of R. R. Patchell, both of this city, were united in marriage at 7 o'clock yesterday morning at St. John's (Stone) church, by the rector, Rev. Canon G. A. Kehringer. D. Arnold Fox, the organist, played the wedding march. The bride wore a tailored suit of velvet of silver tone, with a fawn hat of ostrich trimming. She carried a bouquet of yellow rose buds. She was maitre'd. After a wedding trip Mr. and Mrs. Cunningham will reside in St. John.

In Holy Rosary church, Vancouver (B. C.), on February 17, Miss Bessie H. Hudson and Frank H. Johnson, of Toronto, now of Vancouver, were married. The bride formerly belonged to South Branch, Kent Co., and for several years was employed as stenographer with J. D. Irving Co., of Buckleuch.

RECENT DEATHS

London, March 24.—Mrs. Humphrey Ward, the novelist, died of heart failure today in a London hospital.

St. George, March 19.—(Special)—Mrs. C. Stewart, sister of Roscoe Burgess of Mascarene, died on Wednesday last at her mother's home. She was for some time a patient at River Glade returning home about a month ago.

The death of Jean Conn, two-year-old daughter and only child of the late J. A. and Mrs. Conn of Winnipeg, occurred in that city on March 23. Mrs. Conn was formerly Miss Smith of Chipman and many friends in the province will extend sincere sympathy to her in her sad bereavement.

STUDENTS DUCK PROFESSORS

Normal School in Kansas Scene of Disorder and State Authorities Are Called On

Hays, Kan., March 23.—The Fort Hays Normal School is in the grip of what professors describe as a "student strike" whose principal occupation is throwing professors into the lake on the college campus, according to Professor P. H. Harvey. Yesterday telegraphed state authorities at Topeka for protection and R. J. Hopkins, attorney-general, has directed the county attorney to prosecute all persons responsible. The trouble began, it is said, when President W. A. Lewis of the school left a few days ago on business. He suggested a half-day in which men students could build a running track. Girl students were to prepare a meal. At a "pep" meeting it is reported a woman suggested in fun that girls who did not help should be ducked in the lake.

On Monday an announcement was posted "all persons, including the faculty, would be ducked if they failed to report for duty at 1 p. m. Tuesday, March 23."

John Lindquist, editor of the college newspaper, was the first victim. He was taken from the college library, and although he could not swim, he was thrown into water over his head. Another person to suffer was Professor James Start, a bridegroom, who was captured on the way to his classes. He was rescued from the lake by three students.

Professor Harvey, a third victim, was thrown into the water before the students could act. Both Start and Lindquist are veterans of the war.

BASEBALL BANNED

London, Eng., March 24.—Because too many fingers were broken, interfering with shooting practice, the authorities at St. Cyr have banned baseball playing, which was becoming a fad with the cadets.

THEY PLAY SO HARD

they burn up so much energy, the children must have energy-producing foods to grow on. And CROWN BRAND Corn Syrup spreads so evenly, so smoothly on sliced bread—so reasonable! Little folks don't know that CROWN BRAND Syrup is a wonderful energy-producer, that it is practically predigested. They don't care! Since I discovered "the great sweetener" and how safe it is for children, I am delighted they like it so well.

If you have not yet discovered "the great sweetener," if you have used CROWN BRAND Syrup only as a spread for daily bread or griddle cakes, try it now for baking and candy making.

WINDOW GLASS LACK SPREADS EPIDEMIC

In Central Europe Light and Air Are Shut Out With Openings for Windows Closed With Mud.

Paris, March 23.—Lack of window glass is responsible for the spread of typhus, tuberculosis and other contagious diseases in Central Europe. To resist the severe cold of winter, the windows are closed with mud, shutting out light and fresh air. Shortage of buildings causes overcrowding in the rooms, accelerating contagion and the spread of disease. The Jewish element are the greatest sufferers, owing to the habit of mobs in breaking all glass when looting Jewish dwellings.

The report of these conditions has just been brought here by Lieut. James H. Becker, who as relief administrator of the American joint distribution committee for Jewish war relief, with his work in isolated districts of Bukovina, Romania, Besarabia and the Ukraine heretofore unvisited by Allied officers.

The division of great estates among the peasants has reduced production, and are content now to provide their needs from the surplus of the market. Lack of transportation prevents the exchange of goods with manufacturing centers, and has even stopped the shipment of wood and fuel from Bukovina, which is well forested. Trading is reduced to barter owing to the low value of paper money, much of which is counterfeit, and the difficulties of local defenses are unable to resist repeated robberies and looting. In many large towns in Rumania, which are purely Jewish, articles have been robbed of their tools and have thereby been forced into trading. This is, of course, a bad economic condition, it is pointed out.

The joint distribution committee for Jewish war relief has enabled numberless Jewish families to start anew by loans expended only for tools or merchandise. The people look heart, and showed their gratitude by their eagerness to repay the loans with their first earnings.

Lieutenant Becker said he had seen girls, brought to the Jewish hospital with severe injuries, which were purely Jewish. The girls were in the Ukraine the Jewish orphanages lack meat, fat, blankets and medicines, and with more than 100,000 Jews, has only one Jewish hospital and one orphanage. The joint distribution committee started three new orphanages for Jewish war orphans in Rumania, but the facilities are still woefully inadequate.

HE WANTS TO KNOW ABOUT MILITARY POLICE

Ottawa, March 23.—(Canadian Press)—Details of the creation of the military police force which is to be stationed at various points across Canada and the work actually carried out by this force are asked in a question from E. Tobin, Richmond, Wolfe, before the house on Friday. Another question from Mr. Tobin asks details of the military police force stationed at Halifax.

CHILD LABOR IN QUEBEC PROVINCE

Montreal, March 23.—Up to yesterday afternoon 638 children, between fourteen and sixteen, employed in factories, workshops, stores or other capacities, had been registered by the labor department of the province of Quebec under new regulations requiring a literacy test and evidence of age of employees between the ages of 14 and 16.

"WET" SONG ALMOST KILLS

New York, March 24.—Patrick J. Pelington laughed heartily when he heard a vaudeville act sing "Good-bye Booz, You'll Be A Long Time Gone." A hard tooth became dislodged and stuck in his throat. He was choking when he saved his life by swallowing the obstruction.

NOT PLANNED TO ELECTRIFY C. N. R. LINES

Statement by President D. B. Hanna — Higher Rates if They Are Lifted in States.

Toronto, March 25.—President D. B. Hanna of the Canadian National Railways in an interview here yesterday said:

"The rumors in connection with the electrification of the roads operated by the Canadian National Railways are unfounded, so far as the general system is concerned. We have taken over the railway known as the Toronto Eastern Railway, and also some other lines, and we have an agreement with the hydro to sell these lines to the hydro commission. When taken over by the hydro they will naturally be electrified."

With reference to increase in rates, President Hanna said the government railways were simply marking time until the direction of the United States interstate commission of railways on rates in the United States was given. He expressed the belief that the United States railway rates would be increased, and if so, he said, increases would follow in Canada.

CANNED TOMATO FOR THE BABY

So Advises Doctor at N. Y. Medical Society Convention — Freckles and Flu.

New York, March 23.—Canned tomatoes in one ounce quantities are ideal food for month old babies, according to Dr. Alfred Hess of this city, who discussed the subject at the second session of the 114th annual convention of the Medical Society of the State of New York.

He declared that pasteurized milk, the infant's usual diet, is not nourishing enough and to prevent scurvy they should be fed with something else, either orange juice or canned tomatoes. He said it was not advisable to give a baby anything but the best of food.

Dr. George Draper, of the Rockefeller Institute, said that persons of dark complexion with moles or freckles were most susceptible to influenza.

HUGE SUM IN TAXES RECEIVED

Washington, March 23.—Income and excess profits taxes aggregating \$98,828,192 were paid on the first installment of the United States tax bill for 1919. While these figures do not represent an exact one-fourth of the taxes for last year, they indicate collection of approximately \$5,900,000,000 for the entire year. Treasury officials as yet said last night. Collections for the first period of 1918 were approximately \$1,200,000,000. The reduction this year is due to the lowering of the normal income tax rate.

AN INDICTMENT AGAINST COLGATES

Trenton, N. J., March 23.—An indictment containing six counts, charging violation of the Sherman anti-trust law, was returned by a federal grand jury here yesterday against Colgate & Co. of Jersey City, N. J., manufacturers of toilet preparations. The indictment contends that the company illegally fix resale prices of its products to wholesalers and jobbers.

POSTAL CLERKS WILL NOT CLOSE CONVENTION TILL FRIDAY NIGHT

Ottawa, March 23.—The Dominion Postal Clerks, in convention here, do not intend to go back home to the 2,000 odd employees of the post office department, they represent without making every effort to reach a definite understanding with the government on the question of classification—which is another way of saying the salary question.

While it was originally planned to close the convention on Thursday evening it is now agreed that there is so much work ahead that the delegates will require at least till Friday evening.

BREWERY FIRE IN MONTREAL SERIOUS

Molson Warehouse Ablaze—One Fireman May Die—Others Hurt.

Montreal, March 23.—One fireman may die and eight others were injured as a result of a fire which partially destroyed the warehouse of the Molson's Brewery, Limited, Craig street, last night. The men were on the fourth floor of the warehouse when an unusually thick cloud of smoke rendered them unconscious. This was followed soon after by an explosion and it was some time before their comrades could rescue them. At a late hour fire was well under control, although the roof and top floor were still burning.
