NO DOUBT ABOUT GOVERNMENT'S RETURN TO POWER

"Sir Wilfrid Laurier has piloted Canada through a period of wonderful expansion lasting fifteen years. His defeat, which, fortunately, is improbable, could not be contemplated without much regret"--Manchester, England, Guardian, Aug. 31st. "The result of the contest on Thursday of next week will be the acceptance by Canada of the reciprocity arrangement."--St. John Globe, Sept. 13th.

NOMINATION DAY PROCEEDINGS

Only Formalities in St. John--A Joint Debate in Woodstock--P. E. Island promises to Elect All Liberals

The routine in connection with nomination day was quietly attended to today, and there was no excitement. The proceedings of filing papers and making the deposits necessary were conducted in the Court House with A. G. Skinner as returning officer, and his son, Roland, acting as clerk.

The official agent for the Liberal candidates was Charles F. Sanford. E. T. C. Knowles acted as agent for the Conservative candidates who were represented by Dr. Daniel by G. E. Logan, and Mr. Powell by B. H. Armstrong. There were four people present beside those who were directly interested, or had business in the office, and there was an air of quietness and tranquillity throughout the whole proceedings. Saturday, September 23, was named as Declaration Day.

WEATHER BULLETIN. Issued by authority of the department of Marine and Fisheries. H. F. Stupart, director of meteorological service.

9 A. M. WEATHER REPORTS. Temperature Past 24 Hours. Max. Min. Dir. Vel.

Woodstock, N. B., Sept. 14 (Special). Large crowds are coming for the nomination proceedings. Frank B. Carvell was nominated by Joe Merrillev, A. F. Gardin, John McLaughlin, E. W. Mair, A. Jones, Dr. T. W. Griffin and others.

MR. SPENCER MEETS OLD FRIEND. H. L. Spencer, the aged poet, had a pleasant surprise on Tuesday evening. He was called on, at the Ottawa Hotel, by Mr. and Mrs. Reuben Hart, of Halifax.

BUT ONE WEEK MORE REMAINS

Nowhere is Liberal Confidence in Result More Marked Than Here

THE SILENT VOTE

It is Going to The Side That Means Advancement of St. John and Progress of Country--Rally Tonight in Keith's, Carleton Tomorrow Night

Almost by the time this paper is published next Thursday the first reports will be coming in over telephone and telegraph wires telling the story of this great campaign's result, at least as far as details are concerned. A week alone intervenes between nomination proceedings at the Court House and the casting of ballots throughout the length and breadth of the country.

In no section of Canada is the fight for better trade relations being waged with more confidence and spirit, than in this city. The life of St. John as a shipping and maritime city, and so kindred in business interests with New England states, Outspoken partisans on both sides of politics have been voting; their sentiments loud and often for a month past, but the great body of silent electors--those whose word generally settles these big questions--will give their judgment the 21st on paper.

Over \$7,000 per day in wages for 3 years is the Contractors estimate for Courtenay Bay. Jot that Down!

ECHOES OF THE GREAT CAMPAIGN

(Senator Casgrain) The whole Courtenay Bay district, including the entire of the county, is unanimously in favor of the removal of the duty means the doubling of the profits for the merchant. I know this because for twenty years I was connected with one of the largest lumbering concerns in Ontario and within the last one year, the removal of the duty. In our yearly contracts for the mill run there was always a stipulation to the effect that any reduction of duties would be in our favor.

INTIMIDATION IN FACTORIES

(Montreal Witness) This firm is opposed to reciprocity on any measure that will injure the British connection of the industries and farming interests of the province.

MANUFACTURERS ON PLATFORM

A significant feature of the campaign is the presence of manufacturers on the platform. Hon. G. P. Graham, at Charlottetown, Ont., was the first to do so.

THE LESSON OF YAMASKA

The County of Yamaska was to have been carried by Mr. Guimet, but Mr. Guimet is not now a candidate. It is because he thinks it necessary to stand against reciprocity that he is not now a candidate.

DEPENDING ON QUEBEC

There is something very engaging about Mr. Bourassa's statement that there will be a Conservative government if Quebec does her share--with the fair inference that there can be no Conservative government without the Quebec support.

HAVOC IN WIND STORM

Springfield, Ill., Sept. 14--A disastrous windstorm held Springfield and Central Illinois in its grip for three hours last night. The damage will total hundreds of thousands of dollars. One death is reported from Taylorville. The wind reached seventy miles an hour.

Hon. Mr. Pugsley Makes Important Announcements re Contract There and the West Side Improvements--G. T. P. Chief Engineer Here This Week--Mr. Powell Answered

In an interview granted a Times reporter this morning, Hon. Wm. Pugsley, Minister of Public Works, spoke of the possibilities for and the developments which are to follow in St. John as a result of the transfer of the west side lots to the C. P. R. having essentially been negotiated. The minister also referred to Courtenay Bay in a most optimistic vein, and affirmatively answered statements of H. A. Powell in this connection as regards the purchase of land by the Grand Trunk Pacific Company here.

"I have been for quite a long period in touch with Mr. McNicoll, the vice-president of the Canadian Pacific Railway," said Hon. Mr. Pugsley this morning, "in reference to the agreement between the city, the company and the federal government for the exchange of the west side lots. We have, from the first agreed to the desirability of having the exchange made in the interests as well of the city of St. John as of the railway company, and the national interests which had to be considered by reason of the intention of the government to build wharves upon a portion of the site, thus assisting in de-

has grown more and more friendly. King George is now bent on having an arbitration. There can be no doubt about it. The Yankees have had this in their minds all the time, but the leaders of thought in England could not see it. What will happen to us if a United States comes to the British Islands? Where will the British Empire be? Can you not see that this brings us face to face with a terrible crisis in the history of the Empire? I am told that when an English Patriot said to King George that they should do nothing to do with the Yankees His Majesty informed (Pugsley).

### La MARQUISE de FONTENAY

Promotion to Command at Aldershot—Lord Farquhar—The New President of Portugal

Count Gleichen, who spent a number of years at Washington as military attaché to the British Embassy, and who made many friends, has just been promoted to the rank of brigadier general, and given a command at Aldershot. Besides being the son of the King Edward, and one of his equerries, as he is also of George V. He is a cousin of both monarchs.

His father, the late Prince Victor of Hohenlohe, who as Count Gleichen rose to the rank of admiral in the British navy, and distinguished himself in the Crimean war, was a favorite nephew of Queen Victoria. He was a son of her half-sister, Princess Feodora of Leiningen. General Count Victor Gleichen is married to the Hon. Sylvia Edmond, who was the daughter of Queen Alexandra. She spent some six years of her early girlhood at Washington, when her father, the late Henry Edwards, brother of the fourth Lord Kensington, was secretary of the British legation from 1877 to 1892.

#### Lord Farquhar

Lord Farquhar, who in recent years has made a point of holding aloof from politics, owing to his intimate connection with the reigning family, and with the royal household, of which he still forms part, as lord-in-waiting to the king, has just accepted the office of treasurer of the United party. This has created surprise, since Lord Farquhar, who is in the neighborhood of seventy, is not generally supposed to wish for greater leisure, and for a relief from every kind of work, that led him to resign his membership of the royal household some years ago.

Lord Farquhar's acceptance of the treasurer's office of the party has given rise to some speculation as to his motives. He is regarded as an exceedingly able man. Fifth son of Sir Walter Townshend Farquhar, member of parliament for Hereford, he may be said to have founded his own fortunes, which he made by means of banking, with the Duke of Devonshire as his partner.

His close association with the then Earl of Life won for him the intimate friendship of the latter's only son, the Duke of Devonshire, and when Lord Fife married King Edward's eldest daughter, being promoted from an ensign to a lieutenant in the 1888, married Emily, Lady Scott, thus becoming the step-father of Sir Samuel Scott, and when Lord Fife succeeded to the throne, was invited to undertake the complete reorganization of the royal household of the late King, and to be in charge of his household.

#### George Duval

The death of George Duval, son of Mr. and Mrs. John P. Duval, Leinster street, occurred in Boston yesterday. He had been a resident of Boston for the last twelve years. In addition to his parents, he is survived by three brothers, Louis, a missionary in Africa; William, of Quincy (Mass.); Foster, of this city, and one sister, Mrs. M. Sprague, of this city.

#### Patrick McGowery

Patrick McGowery, who was well known among the farmers of the vicinity of the city, passed away on Tuesday in the third year of his age. He was a native of Ireland, having settled in this country in about 1840, when he had been farming in different parts of the province. He was a bachelor, and has a large number of nephews and nieces in the city and in the United States, who will be sorry to hear of his decease.

#### Roy C. Swatbridge

Roy C. Swatbridge, son of the late Captain William Swatbridge, and formerly of this city, died at his home in Brooklyn, on Sunday last. He was in his 87th year, and about most of his life in England, as well as in the business world.

#### Mrs. Thomas O. LeBlanc

The death of Mrs. Thomas O. LeBlanc occurred at her home, College Bridge, on Tuesday morning. She had been suffering for some time from tuberculosis. Surviving her are two daughters and four sons. Requiem high mass will be celebrated in St. Thomas church on Friday morning and interment will be at College Bridge.

#### Morning News Over the Wires

General Otter, inspector general of the Canadian forces, will, it is believed, be returned on full pension. He will be succeeded by General Cotton, commander of the western Ontario division. Brigadier General Lesard is slated for General Cotton's position. General Lesard may be succeeded by either Col. Denton or Col. Henry Panet.

#### Miss Eleanor Gladys Brice

Miss Eleanor Gladys Brice, a school teacher at Snowflake, Man., was kept a prisoner in the forest for thirty-six hours by a man suspected to be Henry B. Wilson, of Tans, N. D. Men are searching for Wilson, but it is thought that he has escaped over the international boundary. Posses and blood hounds are on the trail and Premier Roblin, uncle of Miss Brice, has been in the search.

#### Colpoia, one of the Italians on trial at the Camorra trial in Italy, has proved an alibi and will likely be freed.

Dr. Dube, a young Quebec physician, was killed almost instantly. The doctor was passing and was killed almost instantly. The doctor was passing and was killed almost instantly.

### KAISER WITNESSES 'INVADERS' REPELLED

Went Completely Defeated by Army Defending Berlin—Aviators' Work Extolled.

Wideng, Mecklenburg Street, Sept. 13—The imperial army manoeuvre ended this morning with the complete defeat of the invaders who had sought to hew a way to the German capital. The "enemy" were routed in a converging attack by the two corps of Field Marshal Baron Von Der Goltz, in supreme command of the defenders, and severely handled. Given the state conditions in actual warfare, it would be hardly possible for a foreign army to regain the coast.

The battle was fought in a great natural amphitheatre and afforded a beautiful panorama for Emperor William and the other spectators to whom almost every note of the contending armies was visible. After the order to cease firing had been given, his majesty assembled the officers for the usual criticism. The aviation officers who participated were personally thanked for their brilliant work by the emperor.

Both commanders stated that they had based their strategy on the reports of the flying men.

The general staff issued an official statement extolling the work of the aviator and indicating their complete conversion to the viewpoint of the airman.

### KILLS WIFE, FIVE CHILDREN AND ENDS HIS OWN LIFE TOO

Hannover, Ger., Sept. 14—The village of Wassel reports a domestic tragedy. A laborer named Zantze, while suffering from melancholia out of the throat of his wife and five children with a razor and then committed suicide.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by Dr. J. C. Cheney & Co., Toledo, Ohio, is taken internally in doses from two to six grains to a teaspoonful. It acts directly on the blood and mucous membrane of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

### MONTREAL MAN IS FOUND GUILTY OF ATTEMPTED MURDER

Montreal, Que., Sept. 14—(Canadian Press)—Joseph Vaillancourt was yesterday found guilty of attempted murder after a trial which occupied the entire day. The chief witness against him was Joseph Colombes, who testified that on June 29 he was accosted by the accused and after some conversation was invited to his room in Ste. Christophe street to have a drink. On arrival there Vaillancourt commenced to act strangely and on Colombes refusing to agree to certain propositions, shot him five times with a .32 revolver.

Colombes escaped and called the police, who arrested Vaillancourt and found a revolver with five empty shells in a cupboard. Vaillancourt claimed that Colombes had attempted to shoot him and this in struggling the revolver went off, wounding him. The jury were out only fifteen minutes before bringing in the verdict of guilty. Vaillancourt will be sentenced at the end of the session.

### CITY WATER MATTERS

At the meeting of the water and sewerage board yesterday afternoon it was decided that the city should take the work of finishing the Marsh bridge abutment out of the hands of A. R. C. Clark and finish the work itself. The engineer reported unfavorably, and as there was still retained by the city \$1,000 of the contract price, this was called upon to do the required work. The deposit was ordered forfeited, and city workmen will finish the job.

The engineer was instructed to report on the amounts which the city would have to pay to the various land owners through whose property the proposed sewer would run in Kennedy street to Marble Cove. He recommended a new route from that through the property of Mr. Rowat, who wanted \$5,000 for the right of way. The engineer reported that the cost of the undertaking including everything, would be about \$6,000.

Contracts for street work given to Messrs. Tobias & George, and Pollock & Nico were ordered cancelled, and the deposits forfeited because the work had not been commenced in the time limit. Ald. Scully, Ald. Wymore, and Engineer Murdoch were appointed to visit Spruce Lake and report on the lands bordering there, on from which Carleton draws its supply.

### THE SOVEREIGN BANK

The court of appeals at Toronto has handed down a judgment holding four of the directors of the Sovereign Bank liable for \$178,794, others are liable for sums totaling \$400,000. Action was brought against the directors after the collapse of the bank by W. F. Slavert, curator, but the action was dismissed and the curator appealed. The directors will appeal and the case will likely go to the privy council.

The directors and the amounts for which they are held liable are as follows:

Donald McMillan and Jas. McPhee, \$20,485; Donald McMillan, \$23,110; Donald McMillan and Donald D. McMillan, \$23,110; D. A. Campbell, \$20,288; Jas. McPhee, \$24,602.

The directors brought in the bank as a third party in an endeavor to recover against the bank, but this claim is dismissed.

"Fine sense and exalted sense," says Pope, "is not half so useful as common sense."

### The Evening Chit-Chat

**By RUTH CAMERON**

TRULY, I don't know whether to dislike them or laugh at them or be sorry for them.

Why the people with such an imperious air of self interest that anything irrelevant to themselves edifies, penetrates to their minds. Of course you've met these persons with whom all conversational roads lead promptly, not to Rome, but to home.

Which have you done, then?

Most likely you have taken a fourth alternative (that is quite correct, my grammatical critics, I just looked it up), and have simply avoided them.

I met an unusually prudent member of this species the other day. She was a person whom I know but slightly so that I opened up several good leads for general conversation. Each time she promptly diverted the channel of conversation towards herself and her family and attempted to impress me with their position and importance.

Now, perhaps you are thinking of Bishop Selwyn's definition of a bore as "a person who will persist in talking about himself when you want to talk about yourself?"

If you are going to quote that against me I insist I have a right to plead my guilt. Truly all I desired was to find some general ground on which we could meet and share alike in the conversation, and that she would not let me do.

So, as soon as I will could, I fled.

Just as we all do.

That's what I meant by being sorry for these people. By their conversational selfishness they not only deprive themselves of the vast pleasure that comes from taking an intelligent interest in other's lives but they drive all who can escape away from them.

One of the prime instincts of the human mind is a love of fair play. And just as the boy who does not play fair is ostracized by the grown-up man or woman who won't play fair conversationally is avoided and disliked by the grown-up man.

No more learned and instructive conversationalists than Massey's ever lived, and yet he was carefully avoided by many men who would be expected to delight in him.

Well, let Charles Sumner explain. In writing to a friend about an interview with Massey he says that the latter is "truly oppressive; if you speak he does not respond to what you say, but while your last words are yet on your lips takes up again his voluminous tale."

I will admit that Bishop Selwyn's definition is true in a certain way. We do dislike a man who persists in talking of himself all the time because we do want to be talking of ourselves. That we should wish to talk of a piece of human nature. But since we are in the habit of controlling that desire and listening to others some of the time, we think we have a right to expect a like self-restraint and forbearance from others and are justly offended with those from whom we do not receive it.

Massey thought he could talk all the time because he knew so much that he must always be interesting. But no one is clever enough, no one knows enough, no one has a sufficiently interesting life to enable him to monopolize the conversation.

And he who thinks he is entitled to do so will doubtless, like Cowper's cat, "learn in school of tribulation."

The folly of his expectation?

Unless, perchance, this hint may help him to learn before he enters that unpleasant school.

### HOT SHOT FROM A LIFE-LONG CONSERVATIVE

"I am a Conservative of the old school, and I cannot see why the leaders of my party at this time should turn their backs on the principle for which Sir John stood, for which this great party stood for so many years, a measure that will benefit the farmer and the workman."

"The loyalty cry raised by the Conservatives is rubbish. Reciprocity is a guarantee against annexation. Cheaper food, increased prosperity, and new manufacturing industries which Canada is bound to get with the great growth that follows Reciprocity will bury annexation for all time."

"This Borden-Bourassa alliance is clearly a plot to oust Laurier at any cost. It is the most dangerous game that any political party in Canada ever attempted. It has raised the cry of race distinction, but it is going to act as a boomerang for clear-headed people who see through it will go behind the Liberal Party in thousands. I have connections all over this province, and I know what I am talking about. Laurier has my home for many years, and it always returned a Conservative with a large majority. Strong Conservatives there tell me they will elect a Liberal this time."

"For the first time in my life I will support the Liberal Government because I know, like many others, in doing so I am acting in the best interests of the people of Canada, and because I am really supporting the old Conservative platform."

"Before election day the clear-thinking Conservatives of this country will see through the dust the yellow journals are stirring up, and they will line up for Reciprocity. The loyalty cry is a farce."—Dr. Ralston of Hamilton, Ontario, a life-long Conservative.

### REMEMBER BOURASSA

Let us not forget Mr. Henri Bourassa. He is an issue in this campaign. He says that even King George has no right to ask him to leave the shores of Canada to fight when the life of the Empire is at stake. He says Sir Wilfrid Laurier is too much of an imperialist. He would like to see a French republic on the shores of the St. Lawrence.

All this would be bad enough if Mr. Bourassa were merely a voice crying in the wilderness. But he is putting up candidates in Quebec province. He has persuaded at least two English Conservatives to declare that if they are elected they will vote for the repeal of the navy bill. He has associates who wave the tri-color and tell of times when they spilled English blood and shot holes in the Union Jack.

This is very serious, but it is not all. There is a working agreement between the Bourassas and the Borden men in Quebec province. Mr. Borden has not denounced Mr. Bourassa, while Mr. C. H. Cahan has publicly approved of him, and spoken from his platform. The Conservatives and Nationalists do not clash in the constituencies. They are working joyously together in the effort to defeat Sir Wilfrid Laurier.

What does this mean? Simply that if a radical change in Quebec should defeat the government, and it could be done in no other way, Mr. Bourassa would be the real premier of Canada. Mr. Borden could not make a move on the political chess-board without his consent.

Is this a pleasing prospect? The people of Canada desire race harmony and imperial unity. Mr. Bourassa is a fire-brand who threatens both. A vote for Borden is a vote for the ascendancy of Bourassa.

The Conservative leaders, when the truth is pressed home, have no reply. There is none. They are caught with the goods, and their flag-waving stands out as a mere subterfuge to conceal their real purpose, which is to defeat the government at any cost to the country or their own political reputation.

Let us not forget Mr. Bourassa, and incidentally those by whose favor he is permitted to be a factor in this campaign.

THE SHAME OF IT  
The Borden-Bourassa alliance is now operating in New Brunswick. Will the loyal people of the province tamely submit to it?

The Montreal Acadien, printed in Westmorland county by the father of the Conservative candidate in Kent county, warns the Acadians that if Laurier wins their children will be made food for cannon.

ST. JOHN'S GREAT FUTURE  
Every citizen of St. John should read carefully the statements made to the Times today by Hon. Dr. Pugsley relative to West St. John and Courtenay Bay developments.

### THE MANUFACTURERS

The Standard laid aside the old flag today to give first page position to Mr. Bourassa, and to some statements by representatives of the protected interests who fear their large profits may be reduced. Neither the milling interests nor the steel interests are injuriously affected by reciprocity. The Conservative leaders are now endeavoring to line up the manufacturers against the trade agreement. The latter, however, will not be very eager to deny the farmers their turn, lest the ultimate result should prove very much worse for their own highly protected interests.

Both seats in St. John this time. It means a greater St. John.  
The C. P. R. goes right on providing facilities to handle east and west trade.

The St. John Globe predicts a victory for reciprocity. That is the view of keen observers all over the country.

There are a lot of St. John people who are going to vote for St. John this time. They know that the Empire is quite safe.

Once more, let us forget, what did the Conservative government do for St. John? It had a great opportunity. What did it do?

Only one more week to perfect the organization in every ward. The Conservatives are working hard. Meet them and beat them at every point.

The Manchester Guardian approves of reciprocity between Canada and the United States. It sees no danger to the Empire.

Mr. Powell has been neatly caught in an attempt to mislead the electors with regard to the Grand Trunk Pacific terminals at Courtenay Bay. The case of the Tories is a desperate indeed.

It only remains for the Conservatives to get Mr. Bourassa himself to visit Kent and Westmorland. He might bring his friends, C. H. Cahan and H. B. Ames to complete the conquest.

When Conservatives tell you they will gain seats in New Brunswick, ask them who they expect to defeat—and why. There is nothing like getting down to cases and looking at the conditions as they are. Doing that, the Liberals have no fear.

The farmers of New Brunswick are going to do a lot of plowing this fall in anticipation of the larger market. They will start in on September 21st by plowing under a lot of Tory candidates who are opposing reciprocity.—Fredericton Herald.

The Standard says the colored people of St. John are opposed to reciprocity. That will be news to them. They are as much interested in the growth of St. John as the rest of us, and are not taking their politics from the Standard.

The citizens of St. John would not object to a revival of the coasting trade, or the handling of more freight here for United States ports. It would not destroy their loyalty to do a little trade with, let us say, the 200,000 or thereabouts of former Canadians who live in Massachusetts. Do you think it would?

SHELLEY  
(Lines written while exercising cried aloud to be corrected.)  
In a grey wilderness  
Of books and boys  
(Struggling with verities  
And querulous noise  
To hammer hard necessities  
Of algebraic truth,  
To fit the sweet sun-baked fantasies  
Of minds alive with youth),  
I reached an idle hand and took,  
All stained and unkempt,  
A little, desolate book,  
And opened it.  
And as that innermost of old  
Who from a weed-green bottle broke  
The crustal seal, and saw unfold  
Its awful beauty of quick smoke,  
So from that torn page sprang  
The tear-stained laughter and the happy  
That held men prisoners while Shelley  
sang.  
And showed them smiling splendours in the  
rain.

### TORONTO MILK SUPPLY NEEDS SOME ATTENTION

Toronto, Ont., Sept. 14.—(Canadian Press)—The inspection of Toronto's milk supply by the medical health department has shown some very shocking conditions, according to the report of the medical health officer. In forty-two cases milk cans were found being returned in a dirty condition. Water from these cans showed fermentation of dextrone bouillon and gave a bacterial count on a jar as high as 25,000,000.  
In fifty-seven cases milk was found containing dirty substances.

### The Menace of Bourassaism.

(St. John Globe).

The anti-Laurier movement in Quebec Province is much more than a mere movement to make Mr. Bourassa leader of the French-Canadian people when Sir Wilfrid Laurier is off the field. However, as the result of the contest on Thursday of next week will be the acceptance by Canada of the reciprocity arrangement, any danger from Quebec conditions need give no worry at the present time. If people will vote on the principle of the great question, and not on pseudo sentimentalism, Canada will be an immense gainer.

### THE ANGLICAN SYNOD IS FOR CHURCH UNION

Important Resolution Adopted at Last Night's Session—Religious Instruction in Schools

London, Ont., Sept. 14—In general synod assembled, the Church of England of the Dominion of Canada, last night, passed a resolution to see union with other churches. The resolution was adopted after a long debate, which, commencing in the afternoon session, occupied the major part of that session and most of the evening. Rev. Principal Redford of the Montreal diocesan college, gave the following resolution which was passed unanimously: "The general synod places on record its earnest desire for Christian union and as an end thereto, recommends the clergy and laity to avail themselves of every opportunity of Christian cooperation which does not involve a sacrifice of church principles. And that the clergy seek opportunity to confer with their brethren of other communions concerning the principles of church union."

A resolution that the delegates to the 1912 synod at Vancouver be asked \$10 to help defray the contingent expenses, was carried; also delegates' allowances for meals while travelling be limited to \$2 a day.

A gratifying gain in all dioceses but Calgary during the last year was shown by the report submitted by the committee on statistics and state of the church.

A message received from the house of bishops read in brief: "The greatest need of official religious instruction in the public schools in most of the provinces of the Dominion is the necessity of religious training as a basis of good citizenship and good morals. A recommendation was made that a general convention be called to consider the best possible facilities for the rapid and convenient movement of cars, and safe and up-to-date accommodation for the steamships."

"My only regret in connection with the West Side improvements is that the agreement was not executed upwards of a year ago, as by this time the sea wall and a portion of the wharves might have been under way. However, the work will now soon commence, and it will not be long before a good showing will be made."

**Contract to Norton & Griffiths**

Asked as to whether or not he had anything further to say in regard to the developments at Courtenay Bay, Hon. Mr. Pugsley said that his department and the lower tenderers for the work, Messrs. Norton & Griffiths were greatly interested in seeing the work proceeded with as soon as possible. "This is a responsible English contracting concern," said the minister, "with headquarters in the old country, and at the first meeting of the council I will ask for the necessary authority to enter into the contract. I have informed the Grand Trunk Pacific Railway Company that it is the intention to give the contract for these improvements to Messrs. Norton & Griffiths, and I have no doubt but that the G. T. P. will, without delay, begin their part of the work at Courtenay Bay in laying out their plans and tracks to be connected with the wharves to be built by the government."

"Indeed, I know that they have had pretty complete surveys already made, and a few days ago I was informed by the vice-president of the G. T. P. that their chief engineer would be in St. John this week in order to further the preliminary engineering work necessary for the terminals which the president of the company has stated are to be built upon a comprehensive scale, in order to cope with the requirements of the vast traffic which they expect to bring through this port."

"In this connection I like to call the attention of the readers of the Times to a statement which I am informed was recently made by Mr. Powell, that the G. T. P. has not acquired property at Courtenay Bay, but that the statement is absolutely untrue, as the land was purchased in the name of the G. T. P. Development Company which is subsidiary to the G. T. P. Railway Company. It was acquired solely for the purpose of establishing terminals for the railway company. It is a common practice for bond companies to carry subsidiary terminal companies for the purpose of aiding them in building and owning their stations, elevators, and terminal improvements."

"Mr. Powell's statement is the more incredible because the fact is on record, and at the banquet given to Mr. Hayes, the president of the G. T. P. in this city, at which Mr. Powell was present, he must have heard Mr. Hayes make the statement that his company had bought the land at the head of Courtenay Bay, which was to form part of their railroad terminals at this port."

western shores of Lake Superior and also Victoria Harbor and Fifth and also on shores of the Great Lakes has been carried on with this object in view. The G. T. P. is building a line eastward from Victoria Harbor, which will have a grade not exceeding three tenths of one per cent per mile, over which a locomotive will be able to haul very heavy traffic.

"Mr. McNicoll is very optimistic as to the future of St. John. He believes, however, in providing the necessary facilities and to make them available as soon as possible, and he realizes that in order to do the business successfully there must be the best possible facilities for the rapid and convenient movement of cars, and safe and up-to-date accommodation for the steamships."

Considerable anxiety prevails at Methodist mission headquarters in Toronto regarding the safety of the Canadians in the troubled Chinese region.

### UNHAPPY MR. HAWKES

(Ottawa Free Press)

Arthur Hawkes alias John V. Borne, was a very sick man. It was bad enough that certain wicked Liberal newspapers should expose his connection with the Tory campaign organization, and ruthlessly strip him of patriotic pretensions; it was adding humiliation to injury to find the "British-born" resenting the imputation that they are a lot of political ignoramuses who have to go to a Canadian school of politics, taught by hired loyalists, to learn how to vote; and what must he think, and how must he feel about another "literary gent," who is not, (according to Mr. Hawkes' standard) "British-born," Rudyard Kipling to wit, butting into his job and showing him how it should be done?

Bourassa Says King George Has No Right to Ask Canadians to Fight for Empire

Here are some extracts from a recent speech by Mr. Bourassa. Read it and then say whether you assent to the Borden-Bourassa alliance to defeat Sir Wilfrid Laurier:—
"Sir Wilfrid Laurier took \$1,000,000 of our money and sent 2,000 men to South Africa in direct contravention of the law and the constitution, what may he do with the ships according to the power conferred upon him in the act."

LAURIER MEETS A GREAT RECEPTION IN HIS QUEBEC TOUR

Beauve Junction, Que., Sept. 13.—Sir Wilfrid Laurier came here today from Quebec to support Hon. Dr. Bland, his youngest colleague in the cabinet. The premier was greeted by 4,000 people and delivered a fighting speech, and the most forceful of the campaign.

ISSUES OF THE CAMPAIGN FULLY DISCUSSED

Commander Roper says that our navy will not be ready for four or more years, and that what England really needs is men. If the ships are not ready, our young men can always be got to serve as food for powder, our young men can always be got to serve with a roaring lion before French-Canadians and a blushing lamb before the English, but I thank God that I could say at Buckingham what I say at Ste. Rose, that we are loyal to the British Crown and will defend the Empire in Canada with the last drop of Laurier or Mr. Wilson, or even His Majesty—has the right to ask us to go beyond our shores."

MADE WELL AND STRONG

By Lydia E. Pinkham's Vegetable Compound
Toronto, I gladly give my testimonial in favor of your wonderful medicine. Last October I wrote you for advice as I was completely run down, had bearing down sensation in the lower part of my bowels, backache, and pain in the side. I also suffered terribly from gas.

BOURASSA APPEAL TO ACADANS OF PROVINCE

Shameful Anti-British Campaign Opened in Support of Some Conservative Candidates in New Brunswick --An Effective Expose by John T. Hawke in Moncton

Moncton, N. B., Sept. 13.—There was an enthusiastic rally in the Liberal Club rooms here tonight when John T. Hawke spoke, dealing largely with the Bourassa-Borden combination and exposing the attack made by Le Moniteur Acadien upon Laurier and his defence of the British Empire. This is a Tory paper published in Quebec, but within fifteen miles of Moncton. Here are some extracts from the Tory paper printed in the county of Westmorland.

LOYALTY SUPPORTING SEDITION.

A TIP FROM THE MONTREAL STAR

'Then, Mr. Borden promises honest administration of our public revenues.' How is this to be accomplished? By making Foster Minister of Finance? By giving the Militia Department to Col. Sam Hughes? By appointing Fowler and Lefurgey to deal with the railway magnates? It is useless to talk to the people of giving them a more honest administration if the work of that administration is to be left in such hands as these.

THOUSANDS OF TONS OF COAL LOST IN FIRE IN BOSTON POCKETS

Boston, Mass., Sept. 14.—Thousands of tons of coal went up in smoke when the coal wharves and pockets of the Batchelder Bros. and the F. C. Warren Coal Companies in South Boston were destroyed by fire late yesterday. The high northerly wind carried the flames in the direction of many large manufacturing plants, but the fire was confined to the coal structures, which held 70,000 tons of hard and soft coal.

BOURASSA WILL WIN NO LIBERAL SUPPORT

Moncton, Sept. 13.—The Bourassa movement is going to prove a flash in the pan. Bourassa is gaining no Liberal support. What adherents he gets come from the Conservative ranks and so cannot be counted as a loss to the government.

TERRIBLE HEADACHES

Trenton Merchant Driven to Despair By The Pain

"FRUIT-A-TIVES" CURED HIM

Trenton, Ont., Jan. 29th, 1908. "I was a dreadful sufferer for many years from stomach and liver troubles but my greatest suffering was from constant headaches. There was a distressing that I almost had to stop my business. I went to Toronto and consulted with a doctor and wore glasses, but nothing did me any good and the headaches became intolerable. I was then induced to try "Fruit-a-tives" and from the beginning I was better, and in a short time I was quite well again—no more headaches—and I threw my glasses away.

"Fruit-a-tives" is the greatest cure for headaches in the world and is the only medicine made of fruit juices. "Fruit-a-tives" will always cure Headaches, Indigestion, and all Stomach and Bowel Troubles, 50c a box, 6 for \$2.50, or trial size, 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

CHARGE SWINDLING WHICH NETTED THEM MILLION AND HALF

Chicago, Ill., Sept. 13.—S. A. Potter, alias George W. Post, who with his confederates is alleged to have operated various swindling games which netted him \$1,000,000 in the last few years, was held in custody today while federal officials were searching for Edward Starkloff, reputed to be his chief partner. It is probable Potter will be arraigned in the U. S. District court tomorrow, meanwhile the officials refuse to accept a cash bond of \$50,000 for his release. Detectives are working in the hope that Starkloff will soon surrender. It is said to be an agreement between the men that if one is captured the other will give himself up to make a joint defence. When Potter was arrested in New York several years ago Starkloff surrendered.

Department of Railways and Canals. INTERCOLONIAL RAILWAY. MONCTON YARD AND CUT-OFF.

SEALED TENDERS addressed to the undersigned and enclosed "Form of Tender" and "Form of Contract" will be received at the office until sixteen o'clock on Monday, October 2nd, 1911. Plans, profiles, specification and form of contract to be entered into can be seen on and after the 4th of September at the office of the Chief Engineer of the Department of Railways and Canals, Ottawa and at the office of the Chief Engineer of the Intercolonial Railway, Moncton. Parties tendering will be required to accept the fair wages schedule prepared or to be prepared by the Department of Labor, which schedule will form part of the contract. Contractors are requested to bear in mind that tenders will not be considered unless made strictly in accordance with the printed forms, and in the case of firms, unless there are attached the actual signature, the nature of the occupation, and place of residence of each member of the firm. An accepted bank check for the sum of \$50,000.00 made payable to the order of the Minister of Railways and Canals must accompany each tender, which sum will be forfeited if the party tendering declines entering into contract for the work, at the rates stated in the offer submitted. The cheque thus sent in will be returned to the respective contractors whose tenders are not accepted. The cheque of the successful tenderer will be held as security or part security for the due fulfillment of the contract to be entered into. The lowest or any tender not necessarily accepted. By order, L. K. JONES, Secretary, Department of Railways and Canals, Ottawa, September 7th, 1911. Newspapers inserting this advertisement without authority from the Department will not be paid for it. 7759-9-23.

FILIPINO BABE BORN IN PARIS

One of the Tribe of "Head Hunters" From Island of Luzon

Not Blessed With Life and Now "Pig Feast" Must be Celebrated so That it Will Not Go Hungry to the Unknown Land

Paris, Sept. 14.—Perhaps for the first time in all the history of Europe, certainly never before in the history of France, has a Bontoc princess been born with its territory. Among the most interesting natives of savage countries who have ever visited France are those from the Bontoc hills of the island of Luzon, the principal of all the Philippine Islands. The people who inhabit these hills are known as "head hunters," showing their prowess in war by the number of enemies' heads that they bring home, and receiving from the authorities of their native land tattoo marks in recognition of their services. These tattoo marks are to their minds, the equivalent of medals of honor displayed by field marshals, generals, and officers of more civilized nations. The first of these peculiar people to visit Europe are the Bontoc Igorots, now on exhibition at "Magic City" in Paris, and one of the women of this tribe a baby was born the other day. A peculiar marriage system prevails among these savages. It is their custom to make a twelve months' trial of marriage as between man and woman, who are attracted one to the other, and if a baby is born the final ceremony is performed, and the marriage becomes indissoluble. There are now two such couples undergoing the trial marriage at the Bontoc village in Paris. The birth of this baby makes the marriage of Princess Dalason and Princess Gayawan, respectively nineteen and eighteen years of age, indissoluble. Ordinarily there is great rejoicing among the Philippines over the birth of a child attended with the performance of ceremonies peculiar only to their own nationalities. One of the features of funeral ceremonies is that within seven days after the death of a member of any of their tribe a pig-feast must be celebrated, in order that the spirit of the departed should not be without food on its journey, and to this end the Philippine residents at their village in Paris will sacrifice, prepare, and eat a pig in order that the departed spirit of the baby should not starve on its way to the "unknown land."

SPORT NEWS OF A DAY; HOME AND ABROAD

Woodstock Best St. Stephen. St. Stephen, N. B., Sept. 13.—(Special.)—Nine members of the Woodstock Golf Club arrived in St. Stephen last night and played an eighteen hole match with the St. Stephen club today. AMUSEMENTS IN ST. JOHN; WHAT THE PLAYHOUSES OFFER

OPERA HOUSE. Tonight Constance Crawley and her company will present for the first time here Gabriel D'Annunzio's masterly tragedy, Francesca Da Rimini. This great work is expected to draw an unusually large house as it is considered the master work of this great writer and certainly the strongest from a dramatic standpoint that this company has presented here. Francesca Da Rimini will be the attraction for the balance of the week and at the Saturday matinee. As the engagement closes here with the Saturday night performance, amusement lovers should not fail to see this marvellous organization in what is considered the best proof.

NICKEL

It was not possible for all who wanted to enjoy the Nickel's fine programme to secure seats yesterday afternoon and evening. The big theatre was packed both sessions and at night the rush started at 7.15, shortly after the doors were opened. With orchestral music both afternoon and evening the same big bill in every particular was enjoyed by patrons all day. The new pictures are very fine indeed. They include a Lubin comedy-drama entitled The Gypsy, with Arthur Johnston and Florence Lawrence in the cast, a Selig western story, The Romance of Slick, and a roving comedy by Edison, Famous Deeds. Today Madame Furlong-Schmidt will sing what is now the rage, The Pink Lady. This is a charming number and is being sung and played throughout the length and breadth of the larger cities. Mr. Moon has a new number as well, a management song, which if you want good seats at the Nickel nowadays, you should be on hand before 3.15 in the afternoon and before 7.45 at night.

LYRIC

The Lyric management says that the public responds to its advertisements and does a patient to the treatment of the skilled physician. They account for this, because of their policy never to misrepresent or exaggerate. Consequently, when they announce the remarkable merits of "Bruce Morgan" the dancer, who is so well-known here and his troupe of so-called Piccadilly Dancers, direct from London, they naturally expect that business of large proportions will result. It is claimed for Bruce that he has the best dancing act ever brought to the city and those who have seen the principal on several occasions when he has played here by the Myrtle Harney company, are not expected to dispute the contention. Large audiences are expected on Thursday, Friday and Saturday.

FREDERICK PARK

The fun has started at the Star Theatre, north end. The straw vote contest commenced last night and a good vote polled for the first time. Many people had to acquire the nature of the voting and took their ballots away with them to consider. The result of each night's voting will be announced at the theatre the night following. Tonight the result of the first voting will be announced. "Straws tell which way the wind blows" and the result of this contest, which ends on the 16th, will end excitement to the election. At the Star's ballot will be given with each ticket and the same is to mark an X for the favorite candidate and deposit the ballot in a ballot box in the theatre. A big programme of pictures and Miss Fremando the "Spanish Song Bird," and amusements for each performance. The little Spanish singer is receiving round after round of applause at each of her appearances.

ECHOES OF THE GREAT CAMPAIGN. (Continued from page 1.) a government were made up of men who are as far apart as these two. The bare thought of the instability of a ministry formed in such an atmosphere of mutual suspicion and distrust ought to be enough of itself to set people voting for Laurier. Besides, if Mr. Borden cannot win with out Quebec in his column he might as well give up the idea of being prime minister. Quebec is not going to turn Laurier out to put Borden in. That much is quite certain. Canada's total trade with all countries last year was valued at \$789,094,389. More than half of it, or \$404,137,940 was in trade with the United States. Does that fact lessen our loyalty to the Empire? Liberals of St. John! Bury yourselves as you never were aroused before, and bury the tory traducers who impugn your loyalty under such a majority as will silence them for a generation.

**COGGAN-PATERSON**  
A very pretty wedding was solemnized last evening at the home of A. H. Patterson when his daughter Mary Leslie was united in marriage to Robert D. Coggan in the presence of a large number of relatives and friends. The ceremony was performed by Rev. E. M. Byrnest, assisted by Rev. J. Wilder Williams. The house was tastefully decorated with cut flowers. The bride wore a handsome dress to the strains of Mendelssohn's Wedding March, played by Miss Mary Owens. The bride was preceded in a dress of white muslin de soie and carried a shower bouquet of white roses. After the ceremony the marriage hymn "The Veil that breathes o'er Eden" was sung by the Tabernacle choir. The groom's present to the bride was a handsome silver brooch set with pearls and opals and to the pianist a cameo sash pin. Many beautiful presents received by the young couple. Among them was a silver salad dish the gift of the Christian Endeavor Society of the Tabernacle church. Refreshments were served after which the company dispersed, having spent a very pleasant evening. Mr. and Mrs. Coggan will reside at 17 1/2 Brimley street.

**FARMER AND CONSUMER WILL BOTH BENEFIT**

Dealers in hogs are telling the farmers that unless they sell their hogs now they will lose, because reciprocity will lower the price. They evidently do not understand the agreement to be adopted, and are willing to have a good stock of hogs on hand when it does.

"But how does their argument square with their offer to buy? Why don't they wait till hogs are cheap?"

On the other hand, if pork is to be cheaper, how will it advance the cost of living to the consumer?

The fact is that under reciprocity both farmer and consumer will benefit and the packers will no longer be able to squeeze them both.

**CANDIDATES TO THE SMOKER AND THEN VISIT THE WARDS**

Hon. Dr. Pugsley and Mr. Lowell will this evening first visit the Young Liberals at the smoker, at Keith's Assembly rooms, and then in turn make a flying visit to the ward workers in Queens, Dukes, Sydney, Kings, Lansdowne, Lorne, and Stanley wards, and others if there is time.

**HORSE DEALERS OF ST. JOHN ARE IN FAVOR OF RECIPROcity**

It Would Revive an Export Trade Which Flourished Under the Old Conditions

That the reciprocity period of many years ago was a great boon to the horse business and that the proposed agreement will mean a return to those conditions, was made evident by statements made by J. W. Smith who shipped many carloads of horses in the old times, and Edward Hogan, a big horse dealer of today. To a Times reporter last night Mr. Smith said: "I shipped many car-loads of horses in those days, some of my own and some for other people, but after the reciprocity period had terminated I had to stop, as the duty prohibited it, and there was nothing in it. If we had reciprocity again that trade would return."

Mr. Smith is a man nearing the eighty mark, and he has been in the horse business the best years of his life. What he had to say consequently comes with the greater force.

Edward Hogan, the Waterloo street livestock keeper, and one of the largest horse traders in the lower provinces, who ships horses all over Canada, and even into the United States, is decidedly favorable to the trade agreement. Mr. Hogan said today that in spite of the duty he had shipped horses into the United States, the high prices there enabling him to make a profit. The duty, however, he said, did not make the business attractive. Speaking of reciprocity he said:

"Oh yes, I think it would be good. It would give us a much larger market. The American horse market is much in advance of the Canadian, a good horse bringing almost \$100 more."

**POLITICS GETS THIS CASE INTO COURT**

Fistic Argument in King Square—Mr. Ingraham to the Judge—A Steamer Case

Politics was the cause of Michael McCann appearing in the police court this morning on the charge of being drunk and assaulting William Ingraham in the King Square. Mr. McCann, who testified that he was sitting on a bench in the square when McCann came along and a political discussion followed. The argument grew heated, so much so that McCann is alleged to have hit Ingraham on the nose. Judgment being given against and arrested McCann. He was remanded to jail.

Ingraham told the court that he did not want to justify against McCann, and that he did not remember just what political question they were debating when he was struck. "I am an old man seventy years of age, but I would certainly have made quick work of McCann only two men held me back. I want you to be lenient with the prisoner, however, Judge, for I know that you are a good fair man. I am a Conservative, but if you were running for election tomorrow, either for the Liberals or the Conservatives, I would vote for you because you are the working man's friend."

Charles Anderson was fined \$4 or ten days in jail for drunkenness, as were John Mahoney and Frank Blombery. Ernest Hendry was fined \$3 or 30 days in jail on a like charge, and John Clancy was remanded for drunkenness.

Thomas Dain, who was arrested several days ago on charge of being drunk and acting strangely in Brussels street, was brought into court and fined \$5 or 90 days in jail. The fine was allowed to stand on condition that he would drink no more.

Five sailors, arrested three weeks ago for refusing duty on the S. S. Norton, were again brought into court for further remand. All said they were willing to go to sea again, and arrangements will be made for their being shipped. All five complained to the court that the shipping master of the vessel had taken most, or in fact, all the wages coming to them, for court and shipping fees. Three of them said that the captain held up \$11 of their money and the other two \$1 each. Judge Ritchie explained that there were no court fees to be collected, and told the men that he would look into the matter. Judgment was given that the captain should be living on the North Shore and that he not be home for two years.
