CHIEF JUSTICE TUCK HONORED BY THE BAR.

Banquet Held at Fredericton.

The Function Celebrated His Fiftieth Anniversary as a Barrister—Many Notable Public Men Present—Addresses Presented to the Judge at Opening of Court Tuesday.

Fredericton, N. B., Nov. 3.—(Special)—The complimentary banquet tendered Chief Justice Tuck by the Barristers' Society in the Barker House this evening in commemoration of the fiftieth anniversary of his admission to the bar was one of the most successful functions of the kind ever held here. Covers were laid for ninety and every seat was occupied.

The spacious dining hall of the Barker House was tastefully decorated for the occasion and presented a brilliant scene. J. D. Hazen, president of the Barristers' Society, presided, having the guest of honor and Premier Tweedie on the right, and Judges Hanington and McLeod on the left.

The menu card was a splendid specimen of the printer's art and contained, in addition to the toast list and bill of fare, a splendid half-tone portrait of the chief justice.

Premier Tweedie's Speech. After justice had been done to a most elaborate repast served in Host Coleman's best style, the honor of the evening was responded to by Premier Tweedie, who made one of the best speeches of the evening. He apologized for the absence of Governor Snowball, who was detained at home by illness.

Chief Justice Tuck. The health of the chief justice was proposed by Mr. Hazen in an eloquent speech in which he referred to the long and honorable judicial record. The toast was responded to with great cheer and then the chief justice rose to reply. It was after 2 o'clock when the gathering broke up with the singing of the national anthem.

Attorney General Pugsley. Attorney-General Pugsley proposed the health of the chief justice in an eloquent speech which evoked hearty applause. He paid a warm tribute to Chief Justice Tuck and expressed the hope that he would long be spared to preside over the Supreme Court of New Brunswick.

Those at the Dinner. Among those present are J. H. Barry, K. C., J. D. Phinney, K. C., Fred St. J. Ellis, Havelock Coy, Judge Wilson, Hon. Josiah Wood, Dr. Hanway, John McAlister, K. C., C. J. Coster, K. C., A. P. Barnhill, W. A. Ewing, A. O. Earle, K. C., J. H. Dickson, Geo. W. Allen, K. C., H. B. Rainford, A. R. Slipp, E. B. Hanson, H. H. McLean, K. C., F. R. Taylor, M. A. Cochrane, K. C., Mr. Justice Hanington, Mr. Justice Landry, Mr. Justice McLeod, Mr. Justice Gregory, Judge Stevens, Police Magistrate Marsh, M. G. Teed, K. C., Dr. A. A. Stockton, K. C., T. G. Carter, J. C. Hartley, A. A. Sterling, J. G. Stevens, Jr., K. C., G. C. Coster, G. J. Clarke, Geo. V. McInerney, K. C., Hon.

CHIEF JUSTICE TUCK Honored on Attainment of Half Century as an Attorney.

you were appointed to the still higher position of Chief Justice of the province. Think your career at the bar you were always regarded as a prompt and laborious man, and the same spirit of industry has marked your judicial life. We cannot forget that you have given credit to the members of the profession with consideration and kindness and we desire most heartily and warmly to congratulate you upon attaining the jubilee of your entrance into our noble profession. We wish to assure you that the shadows are lengthening as you descend the western slope of life, yet we devoutly hope that you may yet spare many years of physical and intellectual vigor to preside over the Supreme Court of your native province. Signed on behalf of the Bar of the province.

Chief Justice Tuck was born in St. John on February 27, 1831, and despite his seventy-two years, is still hale and hearty, a recent attack of sciatica from which he has now completely recovered being the only illness he has known in the half century that he has been prominently before the public.

He is a descendant of Robert Tuck who, in 1636, settled at Watertown (Mass.) and later moved to New Hampshire. The grandfather of the present chief justice took up residence in the state of Maine and from there his son Moses came to St. John and for more than fifty years was a prominent citizen.

The present chief justice was educated at the Methodist institution in Vancouver, B. C., and in 1853 he was called to the bar, and soon took rank as an able lawyer, conducting many important cases and filling many responsible positions, including that of clerk of the crown and recorder of the city of St. John.

He took an active part in political affairs, in behalf of the Conservative party and in 1882 was nominated one of their candidates for Ottawa. He was defeated but the party won and three years later he was appointed one of the judges of the New Brunswick court.

In 1891 he was made judge of the admiralty court, and in 1896 chief justice. He is a lecturer at the St. John Law School and professor of statutory law in King's College, Windsor. His friends are numbered only by his acquaintances.

Government Meeting. At the meeting of the local government held here Thursday afternoon, it is understood that decision was made to increase the stampage on amber cut in New Brunswick to \$1.25 a thousand feet upon spruce and pine and in proportion upon other timber.

This decision will be communicated to the Laborers' Association, which body recently submitted to the government a memorial in which \$1.25 was suggested as the highest figure to which the stampage ought to be raised.

The government also had other matters to deal with, but as one of the executives had to leave the city action on these was deferred. No successor to Dr. Bayard was appointed nor was a successor to Joseph Allison as a member of the Industrial School governors named.

The appointment of a new medical superintendent of the asylum was also deferred. Mrs. Louisa Hetherington, widow of Hedley Hetherington, was appointed to the position of matron at the asylum, succeeding Mrs. Young, who recently resigned. The appointment dates from November 1 and Mrs. Hetherington will on November 1 and Mrs. Hetherington will on the part of the King's Daughters' guild, have taken great interest in the asylum since its opening. You have had intimate connection with the administration of our criminal law as prosecuting officer, and will later as recorder of St. John you successfully legal adviser guarded material interests of that city. Your elevation to the high and responsible position of judge of our Supreme Court in 1885 met with hearty approval, which was continued when in 1890

A STRONG, VIGOROUS MAN Is Liable to Break Down—Peru-na is Sure to Restore.

ATLANTON is a medicine that gives tone to some part of the system. There are different kinds of tonics, but the tonic most needed in this country, where catarrh is so prevalent, is a tonic that operates on the mucous membranes. Peru-na is a tonic to the mucous membrane of the whole body. It gives tone to the capillary circulation which constitutes these delicate membranes. Peru-na is a specific in its operation upon the mucous membrane. It is a tonic that strikes at the root of all catarrhal affections. It gives tone to the minute blood vessels and the terminal nerve fibres. Catarrh cannot exist long where Peru-na is used intelligently. Peru-na seeks out catarrh in all the hidden parts of the body. Paul Landrum writing from Atlanta, Ga., says: "In January last I began the use of your Peru-na and Manilla for what was termed organic heart trouble. At that time I could scarcely walk to my place of business without stopping to rest, and on arrival felt completely exhausted. I had severe pains in my heart and general dizziness. After using the first bottle of Peru-na I began to improve and today I feel that I am a sound man and I work fourteen hours a day without any bad feeling."—Paul Landrum. A. M. Ward, an employee of the C. B. & Q. R. R., West Burlington, Ia., writes: "I had catarrh of the stomach and intestines for a number of years. I went to a number of doctors and got no relief. Finally one of my doctors sent me to Chicago and I met the same doctor. They said they could do nothing for me, that I had cancer of the stomach and there was no cure. I almost thought the same, for my breath was something awful. I could hardly stand it, it was so offensive. I could not eat anything without great misery, and I gradually grew worse. "Finally I got one of your books, and concluded I would try Peru-na, and thank God, I found a relief and a cure for that dreadful disease. I took five bottles of Peru-na and two of Manilla, and I now feel a good deal more than I did, and better than Peru-na, and I keep a bottle in my house all the time."—A. M. Ward. If you do not derive prompt and satisfactory results from the use of Peru-na, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Hon. Frank Dunn, Alderman Twenty-Fourth District, writes from 232 East Fifty-Eighth Street, New York City: The Peru-na Medicine Co., Columbus, O. Gentlemen: "There is no remedy for a broken-down system that I know of which will so effectually restore health as Peru-na. "Whenever I am overworked or suffer from the consequences of a cold a few doses of Peru-na builds me up again more quickly than anything I ever tried. I find it especially valuable for catarrh. Three bottles cured me three years ago of catarrh of the stomach and I have never had the least symptoms of it since." Very truly, FRANK DUNN, Alderman 24th Dist., N. Y. City.

rector of Holy Trinity church, officiated, in the presence of only the immediate relatives of the contracting parties. The bride was handsomely dressed in a traveling suit of blue cloth and was unattended. After a wedding breakfast had been served the happy couple were conveyed to the steamer Markland. This little steamer was tastefully trimmed with bunting. They arrived at Weymouth in time to board the west-bound express for Yarmouth. Mr. and Mrs. Jones will visit Boston, Providence and other American cities before returning home via St. John. They will reside in the late N. A. Turnbull's residence at Digby and will be at home the 18th and 19th. The presents were costly. Both bride and groom are popular in Digby town and county and their many friends will extend best wishes. Kneeland-McKinley. BRITAIN FORMERLY THE WORKSHOP; NOW DUMPING GROUND OF THE WORLD.

Such is the Opinion of Bonar Law, Parliamentary Secretary of the Board of Trade, and He Says He Knows This from His Own Business.

Bonar Law, parliamentary secretary to the board of trade, was among his constituents recently addressing them at Glasgow. Arguing that great changes have been made in the fiscal situation, he said: "The manager of one of the lines trading between this country and Rotterdam told him a few days ago that formerly their whole profits were derived from the outward trade, whereas nowadays this was completely changed—the profits now came entirely from the inward trade. At the same time, the characters of the cargoes had entirely changed. Formerly they consisted of raw material from Germany and manufactured goods from this country. Now we sent to Germany nothing practically but raw material, largely coal, and what we brought back from Germany was manufactured goods of every kind, from umbrellas to steam cranes, which were being laid down now in a Clyde shipping yard. (Cheers.) There was a much larger proportion of casual labor in this country than in any other industrial country owing to workmen being put out of employment. The 150,000,000 of imports into this country meant a loss of seventy or eighty millions in wages to workmen, and they could avoid that by a simple stroke of the pen. Our system was a foolish system which no country not hidebound by prejudice would tolerate. Britain used to be the workshop of the world, but she had become the dumping-ground for the workshops of the world. (Loud cheers.)

OUR COUNTRY CORRESPONDENCE.

FREDERICTON.

Fredericton, N. B., Nov. 4.—(Special)—At the banquet given in honor of Chief Justice Tuck last evening, Premier Tweedie said the provincial government had the deepest possible interest in the development of St. John, and intimated that, as far as possible, it was the government's intention to aid that city in providing suitable accommodation for the increasing trade of the province through that port.

Because of the number of speakers at the banquet the remarks of the government members were necessarily abbreviated. What the premier said, as given above, will be of interest in St. John, as also his reference to the efforts of the provincial government had constantly been making to advance the welfare of the St. John harbour.

There was a pleasant incident in the executive committee chamber this evening, when the imperial service order was conferred by Lieut. Governor Snowball upon Auditor-General Beak in the presence of the members of the government. Governor Snowball, in conferring the order, spoke of the long and honorable service of the auditor-general. Mr. Beak replied in a neat speech. He believed that as auditor-general he had rendered good service in the various governments under which he had served, and spoke of the courtesy always extended to him.

He was heartily congratulated by those present, on the honor conferred upon him. Premier Tuck, Nov. 4.—(Special)—The provincial court convened at 11 o'clock this morning and took up the motion papers. Jobaque Salmon Club vs. McDonald—\$25. B. Carvell moves for judgment quasi assumpsit for not proceeding to trial pursuant to notice. B. Connell, J. C., for plaintiff, gave the usual undertaking upon which motion was refused upon terms of plaintiff paying costs of the day and costs of this motion.

King, on information of George McGinnis, vs. John Martin—\$27. Motion being argued. It is a motion on a case reserved to quash a subpoena issued by the police magistrate of St. John for appearing as a witness from a ship. J. B. Taylor, J. C., for defendant, and W. H. Taylor, contra. Court considers.

Edgar J. Seely vs. James Dalton—\$5. Palmer supports review from St. John court, returned by Chief Justice Tuck. This action arose over a bet on a horse race, and the magistrate, though holding that it was a gambling transaction, gave a verdict for the defendant. A. W. Baird for defendant argued that the stakeholder had been justified in paying the money over. Court considers.

Chatham, Nov. 3.—A very successful concert was given last evening by the Cecilia Orchestra in the assembly hall of St. Michael's Academy. A large number were present, and the very fine programme was exceedingly well rendered.

The Price Webber Dramatic Company began a week's engagement tonight, in the Masonic hall. Hutchinson's saw mill at Douglastown shut down for the season Saturday night. Rev. D. Henderson is attending a meeting of the home mission committee, now being held in Halifax.

The monthly meeting of the town council was held last evening. There was a full attendance, Mayor Murdoch presiding. Ald. Hocken reported that a letter had been received from Amherst, asking what Chatham would ask for a fire engine for three months, and that the committee had named \$75, but it had not yet been adopted; one fire had been reported during the month.

Ald. Snowball reported that the laying of the water pipe to the exhibition building would be completed this week, and that 200 tons of coal had been bought and delivered here, for the electric light station. A number of bills were read and passed.

Ald. MacLachlan reported that the amount of taxes collected in October was \$1,780. The salaries of the town officials were recommended to be paid.

Ald. Morris read the police bills and submitted the inspector's report from Oct. 13 to 24, as follows: J. H. Macdonald, \$24.40; Laurence Lloyd, \$26.80; P. Archer, \$25.80; Alice Currie, dismissed; J. G. McKinnon, \$33; Arch. Fraker, \$27.28; G. Morris, dismissed.

Two large moose were shot last week by James Bremner and Vernon Skinner of Brookton (Mass.), and James Mallick of St. John. Mr. Bremner secured a fine caribou on Saturday.

W. C. Winslow, A. A. Anderson, P. H. C. Benson and R. B. Cranley returned Saturday from a three days' trip down river with twelve geese, twenty-four brant, and five ducks.

An oxyster and bean supper, under the auspices of St. John's church choir, was held in the Masonic hall last evening. Missie was furnished by the McLaughlin orchestra. The attendance was good, and the cash receipts satisfactory.

Work is progressing on the new Roman Catholic cathedral. St. Martins, Nov. 4.—Mr. and Mrs. McGregor Bentley returned home last week after an extended wedding tour. They are permanently residing here.

Business in real estate is booming. Mrs. Rebecca Smith has bought the property on Orange hill owned by Capt. William Fowles, of Sussex; John Ross has bought the Samuel MacCormick property, N. replay would be given today, but it now appears that the Hon. Mr. Fielding, acting minister of railways, will be here tomorrow to look into the matter himself. Mr. Fielding will arrive on the Maritime express from Montreal tomorrow morning. He has made arrangements for spending a day or two here. It may therefore be expected that a decision in the matter will be arrived at tomorrow or next day.

A delegation representing I. C. R. carpenters and car repairers are also here interviewing the general manager in reference to an increase of pay.
