LONGBOAT BREAKS CANADIAN RECORD

Speedy Indian Beats Relay of Three Men in Five Mile Race

LAST MILE THE FASTEST OF DAY

Best Previous Canadian Record Beaten by More Than a Minute—Just an Inch to the Good as He Breasted the Tape.

(Special to The Telegraph.) Ottawa, July 29.—Tom Longboat was the star performer at the summer carnival today. He essayed to beat three men running in relays in a five mile race and at the same time to smash the Canadian record for the distance. In both efforts he was successful after what was easily the greatest exhibition of foot running even seen in the capital.

Longboat went the five miles on the Lansdowne park track in 25.55, which is a Canadian record, one minute and one second better than Tom Coley made at the Irish Canadian games in Toronto. Hilton Green was Longboat's first opponent but the brown demon went away from his Indian friend like a streak. Green hung on for two and a half miles and was seventy-five yards behind when Tom Coley set out for Longboat. Coley crowded on a great spurt and caught his man, holding him for two miles, when Lou Marsh, of Toronto, went away with Longboat for the last half mile lap. Marsh sprinted and opened out a twenty-five yard lead at the start. He looked as though Longboat had undertaken too heavy a task but the smiling Indian never faltered. In the final quarter he began to close up and coming into the stretch was at Marsh's shoulder.

Marsh is a dandy at 220 yards but he could not tack on the sprint to get away from Longboat again and Tom just had him by an inch at the tape. The last mile was the fastest of the five, Marsh being instrumental in driving Longboat's time away down.

The Hiten mile Marathon race from Bell's corner to Ottawa, and five miles on the track, had a field of fifteen runners with Shipman, of Montreal, the favorite. Several of the runners, however, including Shipman, lost their way in the country and this took some of the interest out of the event. Only four men finished, Run with Mackenzie, of Ottawa, winning, Kerr of the Woods, Montreal, finished third and Gordon, of the same club, fourth.

SOLDIERS SHOT FOR PART IN PLOT

Quayquil, Ecuador, July 29.—A court martial has sentenced fifteen soldiers implicated in the recent political plot against the president to death by shooting. Eight of the men were executed in this city this morning and the remainder probably will be shot this afternoon. Nine other soldiers have been sentenced to penal servitude for life on the same charge.

LONDON'S BITING COMMENT ON THE TRIAL OF HAYWOOD

Shows Society in Condition More Terrible Than Civil War—Now Talk of Haywood as Presidential Candidate—Moyer to Be Released on \$25,000 Bail.

London, July 29.—Commenting on the result of the trial of Wm. D. Haywood, the Chronicle today says: "The state of society revealed by the trial is more terrible than any civil war, because it is more treacherous and is likely to be more lasting. From beginning to end it reveals a condition of brutal rapacity confronted with savage despairing violence, a condition that gives America's boasted civilization a dubious look."

The Daily News: "From the outset the question has been complicated by the fierce prejudices of a kind of smoldering class war. The whole movement, both in the evidence of the trial and its accompaniment in public excitement, has illustrated the insecurity of authority in America and the profound scepticism concerning the identity of law and justice."

Both editorials refer to President Roosevelt's "undesirable citizen" statement. The News calls it one of his frequent public indiscretions and the Chronicle predicts it will cost him dear.

Denver, Colo., July 29.—Treasury Secretary Haywood's return to Denver will be made the occasion of a great demonstration in this city by the Western Federation of Miners and other labor organizations.

Haltiax, N. S., July 29.—(Special)—All preliminaries have been completed and everything is in readiness for the commencement of the Steel-coal trial tomorrow at 10 o'clock. Judge Longley, before whom the case will be heard, arrived this evening. It is understood that Wallace Nesbitt, of

I. C. R. MACHINISTS AND MANAGEMENT FIX UP WAGES MATTER

Question of Six Passes a Year Still to Be Settled—Local Opposition Meeting at Port Elgin Thursday—Messrs. Hazen, McInerney and Morrissey to Speak.

(Special to The Telegraph.) Moncton, N. B., July 29.—It is announced tonight that the I. C. R. machinists and management have virtually come to an amicable understanding respecting increase of pay and other concessions asked for by the machinists. Representatives of the machinists between Campbellton and Quebec were here today and met F. J. Lozo, master mechanic of Riviere du Loup, and Mechanical Superintendent Joughins, and it is stated by the machinists that matters have been satisfactorily arranged.

The machinists asked for two and four cents increase and this has been granted to take effect April 1st. Representatives of the machinists from the Nova Scotia and P. E. Island sections here Wednesday when it is expected they will also be sent home with assurances that the increase will be granted.

Representatives of the machinists' union who recently had a conference with Deputy Minister Butler at Ottawa say there was a revision of the former schedule and the department virtually agreed to all concessions being asked for.

On important concession asked for in addition to wages and the Saturday half holiday is six passes yearly for employees and three for their families. The department has not yet agreed to this. The machinists express themselves satisfied with the negotiations so far and feel confident they are to secure practically all they have been striving for in the past six months.

John Woodruff, chief of the photographic bureau connected with the interior department at Ottawa, who is touring the provinces taking industrial, agricultural, fishery and scenic views, is in the city today. Pictures of the Potitodiac River were taken. The pictures are to be used principally in the immigration department. Mr. Woodruff will go to St. John tomorrow.

J. D. Hazen, G. V. McInerney and John Morrissey are billed to address a public meeting in the interests of the local position at Port Elgin Thursday night, Aug. 1.

John Harkins and Hugh Sullivan were arrested tonight on charge of ill-treating a horse hired from Humphrey's livery stable. Their case will come up tomorrow.

CHIGNECTO POWER PLANT OPENING

Amherst to Observe Industrial Event Tomorrow; Speeches and Banquet.

(Special to The Telegraph.) Amherst, N. S., July 29.—Wednesday will be an important day in the industrial development of the town, the completion of the Chignecto power plant, the power opening and inauguration of the power producing system, will take place on the afternoon of that day. Among those who will participate will be Lieutenant-Governor Fraser and Premier Murray of Nova Scotia, Lieutenant-Governor Tweedie and Premier Robinson of New Brunswick, Hon. Wm. Pugsley of St. John, Senator Mitchell of Montreal, H. J. Logan, M. P., of Amherst, and a number of prominent electrical engineers from various parts of Canada.

The guests and others from the town will be taken to the mines by special train. Addresses will be given and the source of power demonstrated. On returning to Amherst a banquet will be held in the winter fair building.

Dead Number Twenty. New York, July 29.—The death list in last night's fire in a Christie street tenement now numbers 20. They were mainly Italians.

Some of Haywood's union co-workers are prophesying him to be the logical candidate for presidency on the Social ticket. As candidate for governor of Colorado last year when in prison in Idaho, he received 16,338 votes.

Boise, Idaho, July 29.—Judge Wood this afternoon ordered Charles H. Moyer, president of the Western Federation of Miners, admitted to bail in the sum of \$25,000. It was announced that this would be ready some time tonight. Cash bail may be given.

The trial of George A. Pettibone, one of the alleged conspirators, was set for Tuesday, October 12. No application for bond was made in behalf of Pettibone, the conference of counsel having been fruitless in this respect. Haywood expects to leave for Denver on Thursday.

It is generally claimed that the state has more incriminating evidence against Pettibone than any of the others, while it has been generally conceded that the state is the weakest of the three. The defense in the Haywood case admitted that there were a number of things for Pettibone to explain as to his association with Harry Orchard and the sending of money to him.

SAVYORK COUNTY MAIN STOLEN CATTLE

Trying Now to Serve Warrant on Irving Anderson of Kingsclear

STRANGE STORIES ARE BEING TOLD

Reported He Has Hit the Trail for the Border—Firemen of the Capital to Send Delegation to the Tournament Here.

(Special to The Telegraph.) Frederick, N. B., July 29.—Quite a sensation was created here today by the announcement that a warrant had been issued for the arrest of a man named Irving Anderson, who is charged with stealing cattle. Anderson belongs to Kingsclear, is about thirty years of age, and is comes of a respectable family. After trying his hand at lumbering, milling and various other occupations with indifferent success, he lately blossomed forth as a cattle buyer. He made frequent pilgrimages into the country and returned with cattle, which he killed and disposed of to a local butcher.

Recently it became suspected that in several cases he procured cattle without going through the formality of paying for them. One story is that on Saturday last he visited a farm at Carlow, in the parish of Maugeville, took possession of two steers which he found in the field, cooly drove into a farm nearby and slaughtered them and brought the carcasses into the city and disposed of them.

Last week it is said, he borrowed a gun, explaining to the owner that he wanted to shoot a steer that had gone crazy and taken to the woods. It has since been ascertained that he did shoot a steer, but it was the property of a Maugeville farmer.

Anderson's escape reached a climax today. A man named Johnston came to this city and swore out a warrant for his arrest. Policeman McFarlane and Constable Hawthorne tried to locate him this afternoon to serve the warrant, but were unsuccessful. A report reached here this afternoon that he had taken alarm and fled to the United States. Constable Hawthorne went to Harvey this evening to continue the search.

Colony Campbell, of Sussex, is here to attend the sale of government horses. The wedding of Miss Mayne McConnell, daughter of John R. McConnell, of St. John, and Walter Millican, formerly of St. John, and now of the I. C. R. offices at Moncton, will take place early in September. Mr. Millican and his bride will reside in Rat Portage.

The St. John River Log Driving Company will have about 130,000,000 feet of logs to drive and raft; it is thought, although some of the lumbermen place the amount at 240,000,000 feet.

A find of gold coins valued at more than \$2,000 has been made near Marysville. Spanish coins have been dug up. It is understood some were taken to a bank and the owners were offered \$18 each for them.

Charles Cremin, the guide, and Miss Mayne McGrand are to be married at Marysville, New Brunswick, by Rev. Kingsclear tomorrow morning. They will leave on the 9:20 train for St. John en route to Quebec on their bridal tour.

The Frederick fire department has determined to send a delegation and a racing team to the firemen's tournament and celebration in St. John.

The local firemen and had invitations from both the Moncton and St. John departments, but it was remembered that St. John firemen very largely consist of men who were in the local department to patronize those who had come here.

In order to raise the funds necessary for sending a delegation to St. John, the 2000 firemen will hold several attractions during the summer.

FATHER DEAD, SON NOW TRIES SUICIDE

Unhappy Incidents Still Attend the Huntington Family.

Versailles, July 29.—The death of the aged United States soldier and an attempt at self-destruction on the part of the son Henry, who shot his sister and brothers on Sunday in the last hours of his dying father, imparted additional sadness today to the shocking tragedy in the home of Major Henry A. Huntington, which has caused a sensation in the United States colony and diplomatic circles of France.

Major Huntington died this evening soon after the news of Henry's unsuccessful attempt at suicide was given out, but the father was spared the anguish of knowledge of both this incident and the terrible crime which shattered his household as he was unconscious to the end.

According to the police Henry attempted suicide in his cell with a silk handkerchief, which he tied round his neck and fastened to the bars, seeking to strangle himself.

The condition of Alonso, who was shot in the head, and Elizabeth, who was shot in the region of the heart, is serious tonight, and the physicians believe that Alonso may not recover. Elizabeth, who was wounded in the arm, and Douglas, whose head was grazed by a bullet, are not seriously hurt.

Another Baby Girl Stabbed. Berlin, July 29.—Another girl baby, it was reported, was stabbed here today.

RUSSIA AND JAPAN LAY ASIDE ALL TRACES OF OLD WAR

Commercial Treaty Signed and Will Be Followed by Political Entente Clearing Up All the Old Trouble—Russia for New Policy of Peaceful Development.

St. Petersburg, July 29.—The signing yesterday at the foreign office here of the treaties of commerce, navigation and fishery between Russia and Japan will be followed soon by the publication of a political entente wiping out the last traces of the contentions and hostilities arising from the late war. The foreign office today confirmed the despatch to the Associated Press from Tokyo on this matter and admitted officially that a general political agreement between the two states was in course of preparation, that the negotiations to this end had almost reached their conclusion, and that the signatures would be affixed to this document within a few days.

Russia and Japan will mutually guarantee their rights. It was learned today that Foreign Minister Iwowsky's desire to settle pending questions in the Far East and inaugurate a new policy of peaceful colonization and development in the Russian provinces bordering on the Pacific, was met in a spirit of moderation and conciliation on the part of Japan which enabled satisfactory progress to be made and assured a successful outcome.

The relations between Russia and Japan are on such a satisfactory basis that the recent occurrences in Korea exercised no influence upon them. Russia considers herself bound by the treaty of Portsmouth, and is content to give other nations, whose hands are free, a chance to champion the Koreans.

The commercial treaty between the two countries is of a temporary nature. It will expire in 1911. No provision is made for a tariff agreement, but in place of such an understanding the two powers agree mutually to apply the most favored nation clause.

HARCOURT MAN KILLED IN MAINE

Body of Robert F. Fahey Found Lying Across Electric Wires.

Augusta, Me., July 29.—Robert Fahey, of Harcourt (N. B.), was killed in the neighboring town of Halliwell, Saturday, while working as a lineman for the Kennebec Light & Heat Company of this place. He was discovered dead, lying across the wires, and the exact manner of his death is not determined. He was twenty-five years old. His mother and other relatives live at Harcourt and vicinity.

He came to this state two or three years ago and worked in Waterville, where he joined the Waterville lodge of the Foresters of America. He came to Augusta about a year ago and had since worked as a lineman. He was engaged to Miss Mabel Sawyer, of Waterville, and they were to be married in the fall.

Philip J. Brown and George C. Sandner, officers of the Foresters, came from Waterville and escorted the body to Waterville, where the lodge's memorial final disposal of the body will be in accordance with the wishes of his mother as soon as the former can be reached.

DROVE 800 PEOPLE OUT FOR SAFETY

Fire Destroys Big Seashore Hotel—All Escape Without Injury.

Long Beach, N. Y., July 29.—Eight hundred guests of the Long Beach Hotel, one of the largest of the seashore hotels on the Atlantic Coast, had to flee for their lives early today when the hotel was burned to the ground. There was no loss of life and no one was injured. The guests fled almost all their clothing and personal effects. The fire was discovered on the first floor a little after 5 o'clock. Hall boys and clerks hurried through the smoky corridors and roused the sleeping guests. The fire gathered quick headway in the great wooden structure and the guests had barely time to seize some scanty clothing and escape.

The hotel burned like tinder and in a short time was a smouldering mass of ruins. The loss is about \$300,000. The hotel was three stories high, and nearly 600 feet in length and when filled to capacity housed 1,100 persons.

NO NEW MINISTERS FOR SOME WEEKS

Laurier to Appoint None to Cabinet Until Return of Earl Grey

PREMIER TO BE IN OTTAWA TODAY

Is to Be Busied With Departmental Matters—No Senate Vacancies to Be Filled at Present—Only Other Minister at Capital is Postmaster-General.

Ottawa, July 29.—(Special)—Sir Wilfrid Laurier is expected to return to Ottawa on Wednesday, but it is not with a view of discussing cabinet changes with his colleagues or arranging for filling vacancies in the senate. There has been no summons sent out by the premier to the ministers to return to Ottawa to attend an important meeting of the cabinet this week. On the contrary the only minister expected here is Hon. Rodolphe Lemieux, the postmaster-general, who has business with the first minister.

Sir Wilfrid returns to take up certain departmental matters which were well under way before he left. In regard to the appointment of cabinet ministers there will be none until the return of Lord Grey some time towards the middle or end of August. That will not prevent aspirants and their friends for ministerial and senatorial positions meanwhile pressing their claims and views upon the premier for recognition.

THEY HAVE HEAVY STORM IN MONTREAL

Rain in One Section But None Across Town—Several Places Struck by Lightning.

Montreal, July 29.—(Special)—A heavy electrical storm passed over Montreal this afternoon and produced unusual effects with the downtown districts drenched with torrents of rain, while the district in the northern section of the city had none. Hail accompanied the rain and birds were knocked to the ground out of trees. Lightning struck in several parts of the city but did no damage.

TOOK BODY FROM GRAVE AND RIDDLED IT WITH BULLETS

Negro, Who Shot Policeman, Beaten to Death and Then Mob Not Satisfied—Did Their Work Openly With No Concealment by Masks.

Crisfield, Md., July 29.—Their passion, unsoftened by the kicking and beating to death of a negro, Reed, who on Saturday evening, without provocation, shot and killed Policeman Daugherty, who had arrested, a mob, at an early hour today, dug Reed's mutilated body from the rule grave in a swamp near town, into which it had been thrown, riddled it with bullets and then tossed it into a bonfire and saw it reduced to ashes.

Lemuel Showers, the keeper of a billiard room frequented by negroes, who loaned Reed the revolver with which he shot Daugherty, was captured today and lodged in the jail.

Every train arriving at Crisfield was searched in the hope that Showers would be found on board. Had he been, he would probably have been lynched.

Hilled, whose arrest precipitated the trouble, has not yet been captured. There has been no adverse criticism of the treatment given Reed. Those who put an end to his life did their work throughout without attempt at concealment. It was no party of masked men, but a band of citizens whose patience had been tried by the lawless negroes of this locality. Even among the colored race, the work of the lynchers met approval.

Today the town council was waited upon by a delegation representing the best colored element of the vicinity and including all the local colored ministers and a colored physician. They asked to be allowed to co-operate with the white citizens in restoring order and proper feeling between whites and blacks.

DOZEN CARS IN WRECK ON THE MAINE CENTRAL

Waterville, Me., July 29.—Passenger crew was sent from this city and it was thought at first that the line would be open at 3 o'clock in the morning. The express was on time and the freight was evidently a little behind, and an attempt was made to take the siding before the fast train arrived, but it could not be done. The engine was one of the biggest machines on the road.

Semi-Weekly Telegraph ST. JOHN, N. B., JULY 31, 1907

THE DAILY TELEGRAPH THE SEMI-WEEKLY TELEGRAPH THE EVENING TIMES

New Brunswick's Independent newspapers. These newspapers advocate: British connection, Honesty in public life, Measures for the material progress and moral advancement of our great Dominion, No graft!

THE PUBLIC WELFARE: In publishing the statement of policy which appears at the head of this column today The Telegraph enunciates principles which must command the complete and immediate approval of all good Canadians.

The political parties do not make Canada. In a great measure it succeeds in spite of them. But when public opinion is sufficiently quickened to send to Ottawa and to the provincial legislatures men devoted not to their own personal advantages but to the good government of the country, these will give a tremendous impetus both to material progress and to moral advancement through wise measures reflecting the thoughts and needs of a people constantly demanding from its public men lofty ideals and straightforward adherence to good principles.

THE PRICE OF POPULATION: There is no particular hurry about securing a great population for Canada, though we hear much and will hear more to the contrary. There is a satisfactory growth, and it could easily be stimulated by greater inducements to immigrants.

It is by no means likely that Mr. Roosevelt will run again. He is on record as opposed to another term, and he knows it would not be well to yield to a popular demand which would mean that the prolonged guidance of one individual was necessary to the safety of the republic.

THE PEOPLE AND THE PRISONER: The principal policemen of the Dominion who met in Montreal a few days ago discussed in a somewhat striking fashion problems in which the whole country must be interested. The Montreal Witness makes a series of unusual comments on the meeting and introduces facts hitherto unknown to the general public.

broken some day when we are in the mood or feel strong enough to stand alone, but the acceptance of our full responsibility as a stout and ready member of the great British family, proud of the Empire, holding it to be one and indivisible, prompt to resist at home or abroad any influence that does not square absolutely with this policy.

Wise government in Canada, federal, provincial and municipal must—if it would avoid grave error—guard against the growth in the Dominion of such conditions as plague more populous countries which commonly are described as richer and more powerful than our own.

WE need national character and thoughtful direction rather than haste toward a great population. In these matters the ounce of prevention would mean the pound of cure.

THE PRESIDENTIAL PUZZLE: If Theodore Roosevelt were to be re-elected he would have power to appoint or influence to secure the appointment of Eight of the nine justices of the Supreme Court.

There are many who are blind to the beauties and resources of the Maritime Provinces. Too many fall to value at the things which are similar to them. It is well, therefore, that sometimes a Canadian who is eloquent and keen of observation, who looks about him with a fresh and true appreciation of the country in which we live, should open our eyes anew to the wealth and the meaning of the heritage that is ours.

TO PROTECT THE SANE: It has long been notorious, says a contemporary, that the lunacy laws of France permitted the occurrence of frequent and terrible abuses and offered every facility for the imprisonment of sane persons.

UNEASY FRANCE: A Paris cablegram gives a somewhat extraordinary account of the uneasiness over foreign affairs which is noticeable in France, and contains the assertion that Parisians are comforted by the thought that French success in the construction of military airships would be an asset of value in case of war with Germany.

NOTE AND COMMENT: Mr. Rockefeller says he cannot afford to drink cocktails. In this respect, says a grave contemporary, he is like most of the people who drink cocktails.

GOOD CROP REPORTS FROM KINGS COUNTY: Heavy Yield of Grain Likely, Potatoes are Well Advanced and Healthy—Blueberries Will Be Very Plentiful.

MEETING OF POTATOE SHIPPERS: A meeting of potato shippers and others interested has been called to meet Solicitor General Jones and Chief Commissioner of Agriculture Farris in the board of trade rooms, Woodstock, on Thursday evening.

THE BIRMINGHAM DAILY POST, which is said to speak with authority, says: "Mr. Chamberlain will not take his place in the House of Commons this session, nor of course will he address any meetings, but we are gratified to be able to state, without reservation of any kind, that there is every reason to believe he will resume attendance at Westminster next year."

OTTAWA estimates its population at more than 80,000. This total is reached by multiplying the number of names in the new city directory by two and three-quarters. If St. John may safely follow this method of calculation, our own population would be somewhat more than 51,000.

PUNCH has noted the fact that President Castro of Venezuela has sufficiently recovered his health to repudiate the award of The Hague arbitration court in the case of the claims made by Belgium against his country.

CHARLOTTETOWN LAWYER SENT UP FOR TRIAL: Serious Charges Against E. O. Brown—Two Cases Opened.

AMERICAN RECIPROcity: To the Editor of The Telegraph: Sir—I am enclosing you an editorial of the Boston Herald entitled "Two Waiting" and dealing with the question of reciprocity between the United States and Canada.

GOOD CROP REPORTS FROM KINGS COUNTY: Heavy Yield of Grain Likely, Potatoes are Well Advanced and Healthy—Blueberries Will Be Very Plentiful.

TO PRESENT MEMORIAL SCROLL TO DR. BAYARD: The St. John Medical Society, in planning for the observance of the seventieth anniversary of Dr. Bayard's entry into practice, which will fall on Thursday next, have decided to present to him on that day a resolution passed by the society for the occasion, suitably engraved and written on parchment.

The Whitest Thing in the World

By MIRIAM MICHELSON (Author of 'The Bishop's Carriage', etc.)

SYNOPSIS OF PRECEDING CHAPTERS. Therese Pettinelli, ambitious and unscrupulous, seeks a position as a writer on a newspaper and is rebuffed by the editor...

CHAPTER II—(Continued.)

IN the courtroom the next day the girl, with a bit of pale pink paper, blossom stuck in her hair, looked at her as she sat beside her...

The mother there? What's his opinion of the case? Sure he'll get off, eh? You're mind speaking louder, I'm a little deaf...

trial was in progress. He had regained his poise. His collapse at the end he attributed to the obligation of hysteria...

Constraining his prisoner to stoop with him, he bent and picked up the object.

What came on you, he cried, holding her a minute, "and on me?" She only looked at him with childlike, troubled eyes.

MRS. CLOSE EXPLAINS HOME AT NAUWIGEAUK Interesting Particulars Given at Meeting in London and a Larger Scheme is Inaugurated.

In the last issue of the Canadian Gazette reference is made to a meeting at the Manser House, London, in connection with the scheme of Mrs. Ellnor Close...

Mrs. Close proposed a resolution inaugurating the Children's Farm Home Association, to which association she was prepared to hand over the Ellnor Home...

"Miss Peachblossoms, sir," announced the office boy. Bowman sprang to his feet. He reached out his hand to the girl and handed her to the chair he hurriedly placed.

"You're not a coward," she cried, with trembling voice; "a cruel coward that would hang an innocent man! Here give him back his money—the three jingling coins he won't be back."

"What's your name?" he demanded angrily. "It's money? Are you thinking of selling to the highest bidder? All the papers in town put together can't offer you so much that I won't double it."

"But you will!" he returned quickly. "You could kill me first!" she said with tense, big eyes simplicity.

The Peachblossoms Girl, as she was now called in the court room and in the newspaper accounts of the trial, of which she had become a prominent figure, looked toward Maniloyd the morning of the celebrated interview signed with her name...

"You mean—does he waken when you're alone with him? Tell me," demanded the reporter greedily.

"You mean—does he waken when you're alone with him? Tell me," demanded the reporter greedily.

"You mean—does he waken when you're alone with him? Tell me," demanded the reporter greedily.

It was the hour of Maniloyd's leave. The rules are very strict in San Pias. When a convicted murderer steps within the great stone walls he is already dead.

"You mean—does he waken when you're alone with him? Tell me," demanded the reporter greedily.

SILENT LIPS

CHAPTER XXVI—(Continued)
"Sir Geoffrey Waring?" he said in a low voice.

"Yes, I read it," she said, "and that is why I am keeping it. Claude's her voice changed abruptly and with a sudden abandonment she flung out her hands to him."

"To your work, you curs. Go back to your work, and let me pass at once. Do you hear?"

CHAPTER XXVII
There was something strange about Ted Sealey, something wrong. He had altered for the worse of late, had taken to queer hours and was neglecting his work.

"A friend of his, and you're welcome," the man cried. "But stand away."
Geoffrey fell back, and the spokesman came forward and confronted the owner of the mill.

"I know of the death of Mr. Lancaster—Hetty Lancaster never murdered him. It was Claude, Lord Fanshawe, who killed him—poisoned him. No one knew that he was going to see him but me and Hetty Lancaster."

"I'll sign—I'll bear witness to that," he said.
(To be continued.)

looking in bewilderment at the dying man and at the other who had been called Sir Geoffrey Waring and who was yet Geoffrey Clavering, who had once worked as a lad in that very mill that was burning so fiercely now.

A man ran up the ladder and took from him a loose heap.

"I know of the death of Mr. Lancaster—Hetty Lancaster never murdered him. It was Claude, Lord Fanshawe, who killed him—poisoned him. No one knew that he was going to see him but me and Hetty Lancaster."

"Air-air-give him air," he cried, "and some one get another doctor at once."

FIEND WORSE THAN "JACK THE RIPPER" - TERRORIZES BERLIN - Three Little Girls Horribly Mutilated in the Streets, and Are Dead.

Berlin, July 29 - A series of cold-blooded crimes, singularly resembling the "Jack-the-Ripper" murders, but for the fact that instead of women the victims were little girls, followed one another almost in the centre of the city, and aroused intense excitement and indignation.

The first knowledge of the crimes came when an occupant of the house at the corner of Ryke and Belforter streets found the body of Margaritha Pawitz, aged four, lying in the doorway lashed in blood. Her hands protruding and the lower part of the body horribly gashed. This was immediately reported to the police.

The note was attached to the seats by means of a sharp single-edged blade and it is assumed that the crimes were committed by the same person.

All the available police and detectives were ordered to scour the neighborhood. Some parents reported that their children had seen a haggard man, about twenty-seven years of age, well dressed and wearing a cap, offering candy and fruit to girls who he asked to accompany him.

The man was then taken in a cab guarded by police, to the police station. The crowd outside the station, believing him to be the murderer, attempted to drag him from the vehicle and lynch him.

The plan of taking bread a loaf of which was recently adopted by the League Society in Manchester (N. H.), for the purpose of raising enough money to build a church, has resulted in the collection of several hundred dollars.

Jury in Boise Trial 10 to 2 for Acquittal, But Minority Gave Way - Judge's Charge Was in His Favor - State Will Not Drop Trials of Pettibone and Moyer

W. D. HAYWOOD IN HIS CELL.

Boise, Idaho, July 28 - Into the bright sunlight of a beautiful Sabbath morning, Wm. D. Haywood, secretary and treasurer of the Western Federation of Miners, walked today a free man, acquitted of the murder of former Governor Frank Steuneger.

Probability of acquittal was freely predicted after Judge Evesmoot Wood read his charge, which was regarded as strongly favorable to the defense in the interpretation of the laws of conspiracy, circumstantial evidence and the corroborations of a confessed accomplice.

It was also freely predicted that in the event of Haywood's acquittal the state would abandon the prosecution of his associates, Charles F. Moyer, president of the federation, and George A. Pettibone, of Denver. Statements from counsel and from Governor Gooding issued today depicted the view of the situation.

The state will continue the prosecution of Moyer and Pettibone and Adams and Simpkins when apprehended. There will be neither hesitation nor retreat.

Application will be made to Judge Wood tomorrow to admit Moyer and Pettibone to bail and it was said tonight that as to Moyer, against whom the state is admittedly in the weakest case, a favorable consideration would not be unexpected.

Not the least interesting of the comments made upon the verdict today was that of Steuneger, the confessed murderer and witness on whom the state chiefly relied to prove its charge of a conspiracy among certain members of the Western Federation of Miners. When told at the state penitentiary that Haywood had been acquitted, he said: "I have done my duty. I have told the truth. I could do no more. I am ready to take any punishment which may be meted out to me for my crime and the sooner it comes the better."

After being out for twenty-one hours in the jail, which at first had been crowded with prisoners, he then seemed dead-doled at 10 to 2, finally came to an agreement a little after the first faint streaks of the coming day. He was taken to the jail house which was in the north and east. Events moved rapidly enough after this and when at last the principal actors in the court room at a few moments before 8 o'clock, the white envelope held by the foreman to the judge was torn open and the verdict was read.

It came as an electric thrill to the prisoner, to his counsel, to the attorney for the prosecution, to the court officers who had been summoned from beds but lately sought or from offices where sleepless waiting had marked the night.

CARLETON COLORED MAN AND WHITE GIRL MARRY

"Allie" Albert Weds Sixteen Year Old Jennie Wilkinson After Trouble With Police.

A marriage which Police Sergeant Ross believes to have been hastened if not arranged as a result of his visit to the groom's home on Thursday evening, took place Saturday night at the residence of Jesse Williams, Rodney street, West End.

Eight months ago the girl's father died, and the mother being obliged to leave home to earn her living fifteen years old Jennie was left to keep house. Across the yard from the Wilkinson home lived the Alberts. Allie Albert, who is twenty-four years of age, and the girl were much together.

Last Thursday night, Sergeant Ross was told by two men that they had seen Albert run into the yard adjoining his house, catch the girl up in his arms, and carry her bodily into her home. The officer went up to the house and says he had a stormy interview with the colored man, who stated that he would marry the girl. Her brother was in the house, but when the officer and Albert clashed he is said to have left.

On Friday Rev. G. F. Scovel, rector of St. Jude's church, was asked by Albert to unite the couple in marriage. On learning the girl's age he refused to perform the ceremony unless Mrs. Wilkinson gave her consent, and later Albert called him up by telephone and said that the other party had refused to go ahead with the plans made. Matters were made smooth, however, on Saturday night at 8 o'clock the two were married by Rev. H. Reed, pastor of the Carleton Presbyterian church.

The attendants at the wedding were both colored, as were also the greater part of the guests, and after the reception the couple returned to the Albert home in Rodney street, where they will reside for a time.

Mrs. Wilkinson was asked about the wedding, but she wouldn't mention them to me, she said. "I can't bear to hear their names. My friends hold me responsible, but God knows I couldn't help it. My home has been broken up and I have had to earn my own living, and I can't help what has happened. I was up to see her last night and satisfied myself that she was lawfully married and I don't want anything more to do with her."

A meeting of those interested in the proposed new Conservative paper was held here Friday. After the meeting was announced by one present that an executive had been appointed to go ahead and arrange for publication of the paper.

Record High Tide Accompanied by Violent Easterly Gale—Large Amount of Damage Caused.

Dalhousie, N. B., July 29.—On Saturday morning last the tide was the highest seen for years in this section, and a terrific easterly gale blew at the same time, considerable damage was done to roads, bridges and wharves.

The Dalhousie Divisional Superintendent Rivers is of the opinion that the case will go much further but he is not in a position to make any more specific announcement at present, he says, however, that before the inquiry is finished several other mysterious cases will be cleared up.

DAMAGED VICTORIA NOW AT INDIANTOWN

Steamer Will Be Repaired at Once and Ready for Next Saturday

With her light framework just ahead of the paddle wheel badly smashed, the guard being torn clean through and the wheel itself injured, the steamer Victoria, which ran on the wharf at Oranocote on Friday, and arrived at Indian town early Sunday morning in tow of the tug Nereid, and is laid up for repairs.

The trip down took nineteen hours, as the wheel was lashed, making the towing very hard. The ordinary observer would think the steamer was badly injured, but Manager Orchard, of the Star line, assured a Telegraph reporter Sunday that repairs would be effected and the Victoria ready to go up the river again by Saturday. If the wheel had not been broken, he says, the steamer would have been repaired by Tuesday, as the hands to her side was easily remedied.

On inquiring among the dock laborers Sunday, it was learned that the escape of Mrs. Arthur Ganong from injury and possible death was almost miraculous. Mrs. Ganong is the wife of the steward of the steamer, and with her little child was occupying a bed in one of the staterooms just where the steamer struck the pier. The whole side was smashed in and the bedstead was knocked flat on the floor, but neither mother or child were injured, though both were badly frightened.

Besides the crew there was only one woman on board, and there was no excitement when the steamer crashed on the wharf. The men worked like automatons, owing to some confusion a tug did not arrive till Saturday morning, and the down trip began at 7 a. m.

SUNKEN FISHING SMACK IS RAISED

Boston, N. B., July 29.—The schr. Maple Leaf, Captain Gus Fraser, arrived in port Thursday night, having in tow the fishing smack Ina Bell, about nine tons, which she raised in eight fathoms of water nine miles off Point du Chene.

The Ina Bell, Captain Patrick Drapney, left Point du Chene May 12 for Cocagne and was struck off Casey Cape by a heavy squall. The ballast shifting, the boat capsized and sank. The captain, who was the sole occupant, managed to get into a dory, which he had in tow, and cut the painter, thus saving himself. He was picked up by another passing vessel. The Ina Bell was a dangerous menace to navigation as she was lying in the track of vessels going down the straits. She was standing with her stern resting on the bottom with fore-topmast out of water and jibboom about five feet under water.

THE ORINOCO

Yarmouth, N. S., July 29.—The Orinoco now lies full of water, with no prospect of being floated.

Canada's steamers have taken several loads of sugar, lumber, nails and other goods and landed them at this port. Steamer Barrington and Lantana's steamer Clara has saved the saloon fittings and stores.

Digby, N. S., July 29.—(Special)—On hearing of the wreck of the Orinoco on the West India produce on board, Customs Inspector Jones ordered the cruiser Conquest to proceed to the wrecked steamer and take charge in the interests of the customs and see that the customs law is strictly enforced as is required in the landing of dutiable wrecked material. The experience on that part of the coast of Nova Scotia in the past is sufficient to warrant extra precaution.
