

### FREDERICTON AND VICINITY.

#### Record of Current Events About Town.

**The N. B. R. and the Northern & Western Connected.**  
 Prince William Railway—A York County Boy in Vermont.

**Destroyed by Fire.**  
 Michael Taylor's barn at Stanley, with its contents, destroyed by fire Sunday night. Three tons of hay, a carriage and a calf were burned. The origin of the fire is unknown.

**City Hall Tenor.**  
 Camilla Uro, the renowned violinist, to make her first appearance at the City Hall Hall to-night. There should be a large audience to listen to the exquisite music of this famous woman, and her support of artists.

**A Rich Treat.**  
 A richer musical treat was never provided the citizens of St. John, and judging by the frequent encores, to performance was even more heartily appreciated by those who listened to it. It would be like painting the rose to have the performance on the wonderful performance of Camilla Uro. So the Globe or her performance on St. John Tuesday.

**The Pensive Remains.**  
 A grand picnic was the auspices of the ladies of St. Mary's Mission will be held in Mr. James Hayer's orchard, on Wednesday, Aug. 28. As efficient committees are in charge, and extensive preparations have already been made for the occasion. The programme will include several new and interesting features besides the usual picnic sports. Valuable prizes will be offered for all the contests.

**Visiting Priests.**  
 Rev. R. L. Collins, Rev. M. Clark, Rev. M. Jones, of Boston; Rev. J. McGlen and Rev. Thomas J. Goughan, of Orleans, Mass.; Rev. Jas. Harrington and Rev. D. J. Farrell, of Cambridge, priests of the R. C. church, arrived in town by steamer last evening and registered at the Barker. They left by boat for St. John this morning. The rev. gentlemen are on a vacation tour of the Province.

**Rev. Everett's Lecture.**  
 A lecture by Rev. Everett on the subject of "The Baptists of the Province" was given at the lecture in the Baptist church by Mr. Z. R. Everett, just was, "From San Francisco to Fiji," and the lecture was most interesting and interesting one, enjoying the undivided attention of the audience. A hearty vote of thanks was tendered to Mr. Everett, which was graciously acknowledged. The proceeds will go towards the erection of a Baptist church at Little River.

**A York County Boy in Vermont.**  
 Mr. W. J. Burden, manager of the New England Telegraph and Telephone Co. at Burlington, Vt., in response to an invitation to the Gleaner, writes that he would not be without the paper for any amount of money. Mr. Burden is a York county boy, a son of Mr. Stephen P. Burden, of Queensbury, Vt. It is but four or five years since he made his home in Queensbury, stating that short period has worked up to his present high and responsible position, which to say the least, speaks well for his ability and capabilities.

**Fortunate Excursion.**  
 What promises to be the most attractive excursion of the season is the Fortunate excursion to Chatham and Newcastle on Wednesday of next week. The fare for the round trip has been cut down to a very low figure, and the tickets will be good to return until the Saturday night following. The excursion will leave the Fredericton wharf at 10 o'clock, and will arrive at Chatham at 12 o'clock, on Wednesday morning. The prospects of the excursion will turn out to be good no doubt.

**A Sheriff for the County.**  
 Judge Palmer has granted an order nisi for a writ of attachment against Sheriff Wells of Albert county, for contempt of court, in interfering with the Albert railway property in the hands of the receiver appointed by the court, by trying to execute upon the railway. The order is made returnable here on Tuesday of next week, calling upon Sheriff Wells to show cause why a writ of attachment should not issue against him for contempt of court in so interfering with property under the control of the court.

**Prince William Railway.**  
 The works employed on the Prince William road are now at a cutting near the site of the old mill. A small working crew are also engaged back of the driving park. The surveyor, in charge of Engineer Brown, are now in Upper Kings clear, within a mile or two of Hammondsville. A few slight deviations have been made from the preliminary survey, but general course remains about the same. The track will cross the highway road at the bridge instead of at Collie Campbell's bridge, in the preliminary survey. Above this point the road will follow the river margin closely.

**Wednesday Evening in Rev. J. J. McGlen.**  
 About 400 persons attended the social and dance by the Fredericton brass band in Rev. J. J. McGlen's hall. Had it not been for a shower shortly before 8 o'clock the attendance would have been still larger. The show was very high, but lasted only for a few minutes, and did not interfere with those who were attending. Dancing was the chief attraction of the evening, and was aided in by large number of very young people. The music was very fine, and much enjoyed by all present. The young men in charge of the refreshment booth had a busy time of it. The affair broke up about eleven o'clock.

**Railway Bridge connection.**  
 The Northern & Western railway, before leaving for Chatham yesterday, came across the bridge and through to the City of Fredericton depot where it received some freight and passengers for the north. The railway track through the city is nearly all built, and by Saturday night it will probably be fully completed with both branches of the Y finished. The route of the upper branch of the Y has been considerably changed from that mapped out in the survey, and cuts off only a small corner of Ouellet's Grove. The reason for this is that the Senator valued his land too high. Several canals have been already transferred from the N. B. Railway to the Northern & Western by the bridge route.

**A Fitted Lesson.**  
 A Moncton dispatch to the Globe of the 24th inst. says: "A rather sensational scene was enacted at Coanook, Kent County, on an early hour this morning. It appears a man named Perigo, a photographer at Huctonville, had arranged as a document with Miss Luce, of Coanook, and the marriage was to take place on Monday on Saturday morning. Miss Luce, however, did not show up, having been followed to Huctonville by relatives and induced to return home. Yesterday Perigo was told he was about to be married to a Mr. Miller, and expressing his determination to get her if he had to shoot her and the whole family, posted in haste to Coanook, reaching there about one o'clock this morning. He slumped loudly at the door, but he made remarks about the bride and groom, and gave Perigo a terrible thrashing. He is now talking of an action for breach of promise. Miss Luce and Miller were married by Rev. J. D. Murray, Presbyterian minister, this morning."

**The Indianapolis Branch.**  
 To the Editor of the Gleaner.  
 Sir—This branch of the Indianapolis Branch of the N. B. R. is a great convenience to the people of the South-western district as far as up to the river. The reason why it is not operated is that the branch is not profitable. It is a pity that the branch is not operated, as it would be a great convenience to the people of the South-western district as far as up to the river.
