Dublin Hotel Is Scene of Battle Between Government Auxiliaries and Rebels—One of Assaulting Party Is Killed, Several Are Wounded—Number of the Defending Party Suffer Casualties—Reinforcements Arrive, Forcing the Attackers To Withdraw.

Dublin. April 11.—A battle raged for 20 minutes this morning ound the Northwestern Hotel in the Northwall section here, when vilians, armed with bombs and firearms, fiercely attacked the tel, where Government auxiliaries are quartered. One of the saulting party was killed and several were wounded, two of m seriously.

A number of the auxiliaries are believed to have been wounded during the fighting.

The attackers began their onslaught as the dock workers were proceeding to their places of employment. Bombs, poison gas missiles and bottles of petrol were hurled into the hotel precincts. after which rifles and revolvers were used freely from three sides. The auxiliaries, taken by surprise, sprang to points of vantage, some of them in pyjamas, and engaged in a brisk 20 minutes battle until reinforcements arrived. The attackers then withdrew, leaving a quantity of bombs

Melbourne, April 11.-Russell Campbell, a life-long resident of this village, was shot and almost instantly killed shortly after 11 o'clock this morning when he attempted to prevent the getaway of four bandits who made a raid on the Home Bank here. Campbell was killed by a shot fired by one of the bandits from a 45calibre revolver. He was unarmed,

Only three people were in the bank when the four bandits entered just after 11 o'clock, and with the usual command, "Put your hands up," held them under points of as many guns. Miss Aggie Campbell one of the staff, succeeded in closing the safe door, and while the bandits were engaged in rifling the till succeeded in getting outside and raising the alarm. The manager of the bank. R. E. McCandless, not willingly moving when one of the bandits went behind the counter to rifle the till, was hit on the head by the Stricken With Heart Disease raider with the butt-end of his gun. The other member of the staff, Miss Erna Wright, was kept covered by one of the bandits throughout the raid.

J. S. Laughton, London, and said that the meeting had been called for the purpose of organizing an agricultural section in connection with he Chamber of Commerce, and by this neans to bring about closer co-operation between businessmen in the city and the people of the rural districts. Nearly everyone agreed that there was a great need for such co-operation, and was for the meeting to have a ful cussion on the matter, and try and arrive at some practical step towards the object in view. The chairman then called for an expression of opinion of the various aspects of the question.

Along Excellent Lines.
Will Bogue. Lambeth, thought that this movement was working along excellent lines. It would be a very good thing if the urban men and the suburban men would get together, and work in conjunction for the comm good of the community. It was high time that there was a better under-standing between the two. "All the scandal does not lie in the city, nor do all the profiteers live in the country," said Mr. Bogue. "It would be a grand thing for us to broaden out. If we as agriculturists could let the consumers know some of the facts, we would not be blamed so much for high prices. I am glad that the chamber merce is broadening out sufficiently to take in the farmer.

W. A. Porter of the Farmers' Advocate said that by the formation of an agricultural section prejudices would be broken down, and there would be a better understanding between the city and the country. The farmers of the county of Middlesex had made cessions to the schools, hospitals and institutions, and it now looked as if they were to be called upon to finance the university in its entirety. W. Col. W. J. Brown, chairman of the members' council of the chamber of commerce, said that 90 to 95 per cent of the questions that had been brought before the chamber concerned the community as a whole. In reference to the work of the Citizens' Research Insti-tute, of which a branch had now been formed in London, he thought that it agreeable, the agriculturists should join with them in this community en-The institute had available a large amount of expert information from all parts of the continent.

In connection with the formation of an agricultural section of the chamher of commerce, he proposed that they send out a questionnaire to the farmers, inviting them to state therin what they considered was the most urgent need of their community, and giving their opinion on other questions pertaining to the public welfare. "What needs at the present time. said Col. Brown, "is a blending of the ideas of the city and rural communities. We wish to have the benefits of the city in the country, and to have the country help us in the city. What is required is a blending of ideals to carry us along the road of progress." For Special Sale Tomorrow

We are able to offer you in this special the most attractive value and assortment of designs that have come our way in recent seasons. The cloth is a superfine English weave, made of that two-ply, hard-twisted Egyptian yarn that is essential to a pretty drape, durable fabric, and an almost non-crushable voile. The material has all the cobweb character that has won for it the name of Georgette Voile, with the added serviceable and summer-like qualities of good voiles.

With regard to colors and designs, the variety is so great it is difficult to detail. There are just the shades of blue, fawn, grey, navy, with rose, green, brown blendings, etc., and the designs are specially produced for the New York, 1921, market. The official request of the men, drawn ip some time ago, was for 52 cents an hour. They are receiving 48 cents at present, and whatever surplus accrues from each month's operation of the road. This has proved to be very un-certain, and their wages since the agreement was drawn up a year ago have not averaged more than 49 cents an hour. In view of this the men think they are now entitled to a definite ise of 52 cents.

The company some time ago gave notice that it did not intend to continue the old agreement, but nothing has been said in regard to what wage scale they

CITY COUNCIL HAS NO **POWER TO LEGISLATE** FOR RESTAURANTS

Board of Health Will Again Take Up Question at Meeting Tuesday.

Because it has been learned that the city council has no power to pass a by-law regulating restaurants, the whole question will come to the fore again at board of health meeting Tuesday. The board recently completed a bylaw for this purpose and sent it to the council. With some slight changes it passed the committee, but before it was approved by the council it was withdrawn. on the advice of City Solicitor T. G. patients having been sent there for treatment from Guelph, British Columia and even from Toronto, was an outstanding feature brought out this morning during the discussion on the tenth annual report presented to the London Health Association at the annual meeting of that organization held under the presidency of Sir Adam Beck in the P. U. C. board room this morning.

Discussion centred principally around the balance sheet prepared by Alfred J. Doggerel, C.A., which shows a deficit of \$25,216.84 in connection with the operation of the civilian infirmary. In reply to questions as to the reason for the excess expenditure, Dr. F. H. Pratten, the medical superintendent, stated that this was due to overhead expenses, some of which including the in-stallation of a switchboard in connection with the telephone system at the sanatorium, which had been necessitated by the presence of the military in-

firmary.

But the real cause of the deficit appeared to be explained when it was pointed out that despite the request made by the association to the city of London, to the city of St. Thomas, and the counties of Middlesex and Elgin, ities only the county of Middlesex has so far done so. The other municipalities are still paying the old rate of \$1.25. Sir Adam brought out the fact cents per patient would realize an additional \$4,000 a year for the hospital. It was stated that the city owes the association \$14,000, leaving a deficit of \$11,000 to be made up by charitable

In regard to the cost of the switchboard, Sir Adam suggested that if this R. Somerville, J. L. Johnston, F. E. extra charge was necessitated by the Parnell, Arthur Little, W. N. The Ontario Labor Bureau has yet a made with the Government to pay all in excess of \$2 on the daily cost per patient.

The maintenance account of the civillan infirmary showed the revenue to be \$51,556.20, and the expenditure, including \$51,556.20, and the expenditure, inclusive from 15 to 18 years of age at wages of \$5,371.36 set aside for depreciation, ranging from \$20 to \$30 per month. \$76,773.04, leaving a deficit of \$25,216.84 The soldiers' infirmary maintenance account showed an expenditure of \$173,-827 25 against this there was a revenu of \$140,224.90, leaving an excess expendi-ture over revenue to be paid by the Sovernment under the terms of agree

ment, of \$33.602.35.

The daily cost of the maintenance the civilian patients was \$2.81, and that of soldier patients \$2.50. Very satisfactory reports were pre-

sented by the visiting nurse, Miss M. Hanson; Mrs. M. M. Ziegler, secretary of the Ladies' Auxiliary, and by Mrs. J. F. Stevely, president of the Women's Sanatorium Aid Society. A motion that the president cast a ballot for the re-election of the board

LONDON LIFE STAFF PICNIC AT Y. M. C. A

Second Annual Spring Entertainmen Proves To Be Decided Success

About 300 employees of the London Life Insurance Company with their Friends and relations picnicked at the Y. M. C. A. on Saturday evening. The affair was the 2nd annual spring picnic of the company, and was acclaimed to be a much greater success than the one

held last year.

The reception at the main lobby of the "Y." was held from 7:30, to 8 o'clock, and then all adjourned to the gymnasium floor, when gymnastic games were conducted by Physical In-structor David Allen and Jack Smith. The first game was a hustle-ball relay for the men. W. R. Rowe and A. G. for the men. Years and the form of the teams. The girls then took the floor, and participated in a special "murphy" race. This provided much laughter for the spectators. Captains S. J. Hardy and H. Stone piloted the teams. A two-length relay race for men was then run off. The captains were R. Ward and O. S. Mowat: Dodgeball for girls followed. This game is more for men, but the ladies showed their ability, and it was just as fast as the men could play.
The leaders were C. Beer and M. Patterson. A London Life walk for the
girls was then staged. The teams, captained by Misses C. Myrick and J. S. Lovell, showed signs of real life. Red Cross relay for men was interesting for all. All teams were in practice during last week, and this helped greatly to lots of pep into each game they went into.

For the ladies who did not take par in any of the gymnastic games, billiard and carpet ball games were conducted on the top floor of the building. Monde-Coursey and Madame Zorilinthrosio read the hands of the ladies. This feature provided much entertainment. Refreshments were served at 10 o'clock. L. M. Unadulterated Selfishness To Oppose Prohibition, Says John M. Gunn.

"Social service in the church is as necessary as personal evangelism, and these two always went together in the New Testament," said John M. Gunn, speaking on the referendum in St. Andrew's Church on Sunday morning. "Many people criticise the church be-

CASTORIA In Use For Over 30 Years

(Special Despatch to The Globe.)

London, Ont., March 7.—Something of a surprise was sprung to day by Cougty Engineer Charles Talbot when he issued a warning that no vehicle capable of carrying more than one ton shall, during the months of March and April, carry a load on the county highways greater than half of its normal capacity. The law is a new one, and is designed to prevent the county roads from being cut up by heavy loads at a time when they are soft with the snows of winter and the spring rains. The county police have been notified to strictly enforce the law in Middlesex. The penalty for infractions is a fine \$100.

Amendment to "The Load of Vehicles Act" of the 2. Section 3 of The Load of Vehicles Act is amended by adding thereto nted to June 4th, 1920. the following subsection: (4) During the months of March and April Vehicles operated or objects moved over or upon any highway not within a city or separated town and having a carrying capacity exceeding one ton shall not be loaded in excess of one-half the rated carrying capacity of such vehicle or object, without obtaining a permit as provided by

A New Canadian Insurance Record

The Ontario Equitable Places \$2,012,500 of Insurance On Its Books During the First Four Months of Its Activity --- A Record Never Equalled by Any Other Canadian Company.

There are solid reasons for this achievement. No Company commencing business at the beginning of December could furnish a statement at the end of the month showing insurances in force of \$1,053,300 and assets of \$174,-984.76, and announce three months later that on March 31st its Business in Force totalled \$2,012,500, without being able to point out the concrete reasons for its success.

Ontario Equitable policies mean what they say. Level premiums throughout the term of the contract. No high premiums during the first years under promises of future reductions which can not and dare not be guaranteed. No disappointments over unrealized dividends on policies for which extra premiums were charged for the CHANCE of getting them lowered later on. Ontario Equitable policies 'take' because their plain terms appeal to the business sense of those who need insurance. The proof is-Two Millions in Four Months.

First of all, the affairs of the Ontario Equitable are in the hands of a capable directorate of experienced businessmen. The Head Office Staff has had a long training in insurance work. The Agency Force comprises practically the entire Canadian field force of the Equitable of the United States, besides experienced Agency Managers who joined the Ontario Equitable from other Companies. THE EXPERIENCE OF THE MEN BEHIND THE COMPANY IS AN ASSET TO INSURERS.

Why Rheumatism Comes With Cold Weather (By Valentine Mott Pierce, M. D.)

Prettier—every time they are washed!

Just as fresh and dainty as the day they came from the store -- your delicate crepes and chiffons, soft satins and silks. No matter how often they are washed - each cleansing only makes them prettier.

Don't say-"no, this can't be true"-but buy a package of Princess Soap Flakes and wash out your favorite fancy blouse or elaborate negligee. Then once and for all, when you know the secret, wear your best things every day. No need to save them when cleansing is easy, quick and perfectly harmless.

Cleanses and freshens

Princess Flakes are the purest, mildest soap modern science can produce-really fine enough

In color they are snowy white, in form a curly flake which neither packs nor mats and dissolves to the last particle

These wafer flakes produce the thickest and stiffest of creamy suds which dissolves dirt and freshens material.

Woolens won't shrink and they dry soft as new when washed with Princess Flakes. Sweaters, leggings, caps and mittens, blankets-how soft, warm and sweet-smelling because Princess Flakes are refined with a touch of perfume!

No waste-No wear

Clothes wear out quickly because the ingredients of common laundry soap weaken the threads and start breaks in the fabric which surely means a hole. If washed with pure soap like Princess Flakes you will get proper wear.

Ordinary laundry soap is wasteful because it is more than half moisture and filler. Princess Flakes are pure, whole soap and therefore go so much farther, that their use is actual economy aside from their saving of clothes.

You should use them for every laundry and household purpose. They are the ideal soab for use in washing machines.

Both package and bulk

Buy Princess Flakes by the package to keep on the kitchen shelf-it is such a convenience! But buy in bulk for laundry use -by the pound or the 25 pound carton which allows the biggest saving of all.

But-begin using today-for fancy washing and general laundry work. Princess Flakes are the last word in soap - your money's worth in quality, convenience and actual soap value.

HELPLESS GRATITUDE.

How dearly the pan-Germans loved King Constantine is shown by a reference to the "peace terms" suggested by Count von Roon in May, 1918, when the German armies were smashing ahead on the west front. Sandwiched in between demands for the "surrender of the whole British navy" and the assignment of Serbia to Austria and Bulgaria was "the restoration of King Constantine." Yet Constantine pretends publicly to have acted only for Greece! If so, the pan-Germans were wonderfully grateful to him. Perhaps they can help him now in his further difficulties.

CAN YOU ANSWER

Years ago the compiler of "Beckwith's Almanac" lived in New Haven. The white tall hat which he wore made him a conspicuous figure, and his portrait in this white hat adorned the "Almanac's" front cover. It is from this publication that a reader has selected the following rhyme under the question "Can you answer?"

Where can a man buy a cap for his knee?
Or a key to the lock of his hair?
Can his eyes be called an academy Because there are pupils there?
In the crown of his head
What gems are found?
Who travels the bridge of his nose?
Can he use when shingling the roof of his house
The nails on the end of his toes?
Can the crook of his elbow be sent to jail?
If so, what did he do?
How does he sharpen his shoulder blades?
I'll be hanged if I know, do you?
Can he sit in the shade of the palm of his hand?
Or beat on the drum of his ear?

SION TO FISH. [Cleveland Plain Dealer.]

At one time of his life, Franklin was a strict vegetarian. He believed that the taking of life for the sake of providing food was murder. Fishing, in particular, he abhorred, because no one could contend that the fish which were caught could in any way have wrough any harm to their captors.

One day Franklin-James Parton tells us in his "Life of Benjamin Franklin"
—was on a sloop which was becalmed on a certain island. The sailors, as i still the custom when a ship is becalmed, amused themselves by fishing. Franklin witnessed the catching of the fish with regret. But soon there came to tantalize his nostrils a most alluring odor from the frying pan. So, as Franklin use to tell the story, he went over his reasoning again to see if there was no It occurred to him that when the fish

ere opened he had seen smaller fish stomachs "Ah!" said Franklin. "If you eat one another. I don't see why we may not eat

So Franklin dined upon the fish very heartily, and thereafter ate what others ate. When telling this story Franklin ended with an observation which is often attributed to Talleyrand, but which we are assured was a familiar joke with Franklin. This was:

"So convenient a thing it is to be a reasonable creature, since it enables on to find or make a reason for everything one has a mind to do.'

Liquor Commission Has No Intention of Reviving Old Counter.

DISCRETION GRANTED

Quebec Law Abolishing Bar Repealed in New Liquor Law.

MONTREAL, April 10.—It is not at all likely that the old bar, or counter, will be restored in Quebec. Under the new law, to come into operation on May 1 next, the matter is left to the discretion of the Quebec Liquor Commission. Information gleaned is to the effect that the commission has no intention of restoring the old order of things as far as the bar is concerned, and feels that it should not do so. As Premier Taschereau said at the banquet given him at the Place Viger Hotel when he became premier, the old bar has gone, and no one regrets that fact. It is a coteworthy fact that not even the old hotelkeepers, who took pride in the rail and shining counter, are particularly anxious for the bar, and consequently it will not be a cause of regret when the commission decides, if such applica-tions should be made to it, that there Mill. instituting the modern system in 1582 by a historic bull. Dear Miss Grey,—The stocking-foot pattern was just fine, and they fit so comfy. Saw where Mother of Three needed help. Kindly send me her ad-dress. I have four little, jolly children of their clothes that are too small. Well the mud is nearly gone, so had a car ride today. The country is so quiet and peaceful. We are settled down on a farm now. Enjoy it so far. Good-bye.

Pitcheer Burke, Catcher Breslin and Third Sacker Yeager Leave For Try With Jackson, Michigan, Team-Vets Report Tuesday.

[By G. H. Townsley.]

DELAWARE, Ohlo, April 10.—The weatherman had a hand in the affairs at the Canadian ball camp here today and delivered a snowstorm that had the American pasttime hunt a fireside.

The game scheduled between the London and the Delaware Moose was called off yesterday afternoon, when the temperature took a sudden leap downward, and during the night a wet snow put the ball lot in a Christmas attmosphere.

Three of the aggregation of tryoutes today left for Jackson, Michigan, of the Central League. They are Pitcher Burke, who looked pretty good, and Catcher Breslin, who was bidding high for a London mit. Third Baseman schedule.

Yeager was shifted to give the place to veterans. This cut makes nine "Buzz" has taken from the original crowd that gathered here for a look in at the league champions. Six were unconditionally released Friday.

Soldier Jones tonight is awakening interest.

Recen English publications are reporting the visit to England of a Canadian heavyweight sensation, who is the possessor of such an unearthly wailop in his right hand that only a match with Moran, Carpentier or Beckett will give this fellow a workout. His manager informs the English public that his marvel is named Soldier Jones.

If Jones can beat this fellow Greb then Toronto has a white hope. During the year 1913 when Jones was learning to advance the left foot forward and hold the left hand in front of the body Greb was cleaning up the following: Soldier Bartfield, Mike Gibbons, Billy Miske, Battling Levinsky three times and Bill Brennan three times. and Bill Brennan three times. Greb Is Good.

Greb is Good.

Now this is a pretty fair record and sets a stiff task ahead of the Toronto sets a stiff task ahead of the Toronto logical property to tackle. This is a case of life and death with Jones, and all the life and death with Jones, and all the life and death with Jones, and all the council chamber last evening, with a large attendance. The secretary of the large attendance and auditor's reports were read and the large attendance. Toronto fans ask is to see Jones dancing around on his feet in the tenth

round.

Meanwhile, there is another heavy-weight around Ontario breathing defiance to all Canada. His name is Billy Smith and he has just arrived from Scotland, and after giving this land of the motorists. Scotland, and after giving this land of Scotland, and after giving this and that burs the odd once over has decided that Hamilton is a convenient little burg to reside in and issue challenges. Of course, poor old Soldier Jones is claiming his attention first. So perhaps, much attention first. So perhaps, much egainst his will, the Soldier will have to Hon. keep in training after Monday's melee.

Hamiltonians claim their man is the real goods. Anyway, if he can take one of Jones' wallops on the chin and still be interested in the bout we'll pass on him M. Bobby Wakes Up.

By the bye, Bobby Ebor has sud-denly discovered that he is not in the shape he used to be and so has decided shape he used to be and so has decided to go out west on a ranch and try to regain his lost vigor. That is a very sensible plan, because Bobby has cham-pionship calibre if he gets into cham-

Premier Congratulates Members On Good Work of Organization.

OTTAWA. April 10.—The big international Rotary convention, one of the largest two-day conventions Ottawa has ever handled, closed Saturday night. Saturday was the big day of the convention, including a thoughtful and earnest speech by Rt. Hon. A. Meighen, in which he touched on international relations.

The convention included delegates from most of the Rotary Clubs of Northern New York State, Ontario and Quebec.

The prime minister referred to the wisdom of creating on the North American Continent a spirit of conciliation, uniting in friendship the two great peoples of the Anglo-Saxons.

"This organization." he shid. "has a factor to play in the great work. DRIVE AWAY HEADACHE

Rub Musterole on Forehead

and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better

than a mustard plaster and does not blister. Used only externally, and in

no way can it affect stomach and heart, as some internal medicines do.

croup, stiff neck, asthma, neuralgia,

congestion, pleurisy, rheumatism, lum-bago, all pains and aches of the back

or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the

chest (it often prevents pneumonia).

Excellent for sore throat, bronchitis.

Labor Unions Meet.

The local labor conditions and the unfortunate situation of not a few idle men who had been in receipt of substantial wages less than six months ago, and with no prospect in sight of a return to normal figures, impelled the trades and labor council to convene this afternoon to devise some means whereby the members of the trade union may be given or found employment. Every effort will be made by the council to the city, and several recommendations were made how this problem of so much moment to many families in the city might be effected. A representative committee will co-operate with Government Agent Peacock towards getting places for men who are willing to take what is going and wait for something more congenial to turn up. A call will be made on the various in-dustrial departments and merchants in the city to, if possible, find temporary places for deserving men, no matter the kind nor how long the employment may last.

A subscription will be taken up fro the relief of people in special cases.

Advertising Is News

Without advertisements, this paper would not be as interesting to you, because the information about goods for sale in the stores is news-just

Many people read newspapers as much for their advertising columns as they do for other news.

This is particularly true at this time of the year.

Stores are now advertising Spring Wearing Apparel and a host of things that are bought for household use incident to spring clean-

Think of the money that will be spent by women for spring clothing. The new frocks, hats, shoes, lingerie, corsets, gloves, sweaters, neckwear light wraps and blouses that will be bought.

The same is true of men's buying. Think of the suits, light topcoats, hats, shirts, collars, ties, gloves, socks, shoes-the sporting goods and the incidental wearing apparel bought for golf, tennis, and so on.

Think of the new things that will be bought for spring cleaning and home convenience at this time. 'The vacuum cleaners, carpet sweepers, brooms, gas and electric heaters. ranges, washing machines, paints, varnishes, floor wax, cleansing fluids, curtains upholstery, garden and porch furniture, lawn mowers, garden tools, etc.

Think of the lighter foods coming into use. Cereals, fruits, salads.

All these new demands are incident to the changing season, and they all are Trade Stimulating.

People feel livelier at this time and consequently loosen up their purse strings.

The opportunity for local merchants to get over effective Local Advertising News at this time is so evident that it needs no emphasis.
