

ATLANTA'S STREETS TODAY RAGING TORRENTS OF WATER

Several Persons Reported Drowned — City Without Light, or Fire and Police Protection — The Property Damage Will be Enormous

ATLANTA, Ga., Aug. 27.—At 4:45 this morning communication was had by the A. P. office in this city with the Western Union Telegraph operators who are marooned in the Chamber-of-Commerce, at Augusta, who reported that at daylight the flood had diminished four and a half inches since midnight. No one was stirring about in the flooded streets and only here and there in the office buildings could a light be seen, giving evidence that there were a number of occupants of the down town buildings who spent the night on the second floors, unable to get to their homes.

In different sections of the city, it is reported that many spent the night in trees, as they could not find the way through the torrent of water which had been estimated as running through the city at the rate of 20 miles an hour.

ATLANTA, Ga., Aug. 27.—With the water rushing through Broad street breast deep in a current so strong that it is impossible for man to wade through, Augusta is being swept by a flood that has not been surpassed in its history. From four to six feet of water is the gauge on the principal streets of the town. On Broad street, the main business thoroughfare of the city, where are located nearly all of the public buildings, together with the principal business houses and banks, the flood is playing havoc with first floors and basements.

The city is without light, fire or police protection. Fire started last night in the cotton warehouse of Nixon and Denton and in the warehouse of the Nixon Wholesale Grocery. The fire department was unable to render any assistance on account of the high water.

Two white persons and one negro have been reported drowned. It was also reported that a boat containing a family of husband, wife, and two children was capsized and all drowned, but this could not be confirmed. A conservative estimate of the damage by flood and fire at this has been placed at half a million dollars, but it is believed this sum will be greatly exceeded before the flood waters subside.

ONE OF THE RIOTERS COMMITTS SUICIDE

SPRINGFIELD, Ill., Aug. 26.—Mrs. Kate Howard, one of the leaders in the recent riot in this city, committed suicide today by swallowing acid soon after being placed under arrest. She died as she was being led into the jail.

Before the special grand jury, now in session, many witnesses testified that Mrs. Howard was one of the ringleaders of the mob which wrecked Loper's restaurant and cafe. She was the first person indicted and was held on several counts in the sum of \$10,000, which she furnished.

Ten more indictments, three charging murder, were returned by the special grand jury late this afternoon. True bills, charging murder, were found against Mrs. Kate Howard, Abraham Raymond and Ernest, alias "Slim" Humphrey, Ethel Hows, a young woman, was indicted for mischief. She was a friend of Mrs. Howard.

Hon. Frank Oliver Speaks of the Good Work Government Has Done

OTTAWA, Aug. 26.—A Liberal convention in Atlantic tonight re-nominated T. B. Cadwall, M. P., the sitting member for North Lanark. There was no opposition to the choice. Hon. Frank Oliver, who was present, made a speech in which he called attention to the large expenditures which the present government had made for the benefit of the country. He mentioned as things upon which money had been spent the establishment of cold storage throughout Canada and on the steamships connecting this country with the markets of the old world; the Grand Trunk Pacific railway; the extension of transportation facilities in the West, etc. He declared that it would be unwise for the country to change governments before giving the present government which had spent this money, a chance to carry the schemes to successful conclusions, so that the country could realize upon the money it had laid out. He also declared that there was no reason for the country to turn out the present government, which had advanced Canada to a condition of great prosperity in twelve years, and substitute for it a government from the Conservative party which had left Canada almost bankrupt after fifteen years' administration.

Satisfactory reports as to progress being made in the work of getting the voters' lists printed and ready for the coming general election are being received by the secretary of state from various points where lists are now being printed. It is now pretty well assured that everything will be in readiness for polling by the end of October, and as already foreshadowed, election date will probably be either Oct. 28 or 29.

The lists to be used will be those of 1907, the lists for 1908 not being yet prepared or ready for printing. In the case of the Ontario lists to be used they will be those of the recent provincial election, and in cities there will be no new registration of voters under provision of elections act relating to manhood suffrage in cities. According to the act the special registration in cities is allowable for a year after election only in cases where a year has elapsed since last registration.

The lists for the coming election will contain fully 250,000 more voters than had been prepared by judges in unorganized districts of New Ontario, under the provisions of the act passed last session, it may be pointed out that the judges are simply following the precedent established by the Whitney government last May.

No special instructions were sent out to judges from Ottawa, they being left entirely free to carry out the provisions of the election in an impartial and regular manner.

STEAMER TEUTONIC COLLIDED WITH A WHALE

NEW YORK, Aug. 27.—When one day out from Queenstown the Teutonic, of the White Star Line, ran down a big whale and threw portions of its body along in its wake, the engines of the starboard side were stopped for fear the starboard side would become entangled in the blades, causing damage beyond repair.

Capt. Harry Smith, Lieut. R. N. R., commander of the steamship which arrived last night, said he never before met a whale that seemed so persistently bent on self destruction.

BALL PLAYER INJURED

PIQUA, O., Aug. 27.—While playing in an exhibition game here, a collision between the Cincinnati National League team and a team representing this town, Michael Mitchell, right fielder of the Cincinnati team, sustained an injury which will keep him out of the game for the rest of the season. Mitchell turned his ankle by sliding to second base, tearing the ligaments loose from the bone. The local team was beaten by a score of ten to three.

Enthusiastic Speeches at Political Picnics at Newcastle and Cumberland Bay—Col. McLean, A. B. Copp, M.P.P., and A. K. McLean, M.P., Heard to Great Advantage—Speakers Cheered as They En- dorsed Policy of Liberal Government

CHIFFMAN, Aug. 26.—Far beyond the hopes or anticipations of those arranging for the series of political picnics in Queens and Sunbury is the result of the picnics so far. Large crowds have attended the two picnics which have already been held and great enthusiasm has prevailed.

The weather has been simply ideal and so far not a single hitch has occurred. Despite the large crowds in attendance the meetings have been very orderly and what has forcibly impressed the people of this temperance country is that not one single person has been seen to have a drop of liquor on them. Col. McLean is on all sides receiving the heartiest congratulations of the great success of the picnics and many old time Conservatives are excellent him of a great victory.

The speakers have all made excellent impressions and have thoroughly succeeded in refuting the slanderous charges which have been made by the Conservatives, especially the charges which have been issued in a pamphlet called "Facts," which has been circulated broadcast throughout the district. Yesterday at Newcastle where about five hundred people were on hand and had a thoroughly good time. Great attention was given to the speakers, Col. McLean, A. K. McLean, M. P., and A. B. Copp, M. P. P. The chair was occupied by Hon. Daniel Palmer, who called the picnic to order and in a few brief words introduced the speakers. Col. McLean opened the evening by receiving a great reception and in a forcible manner went directly to the issues of the campaign. He severely scored Foster and the financial condition of the country and showed that under the financial policy of Fielding the country had rapidly progressed and now was very far ahead of the Conservatives.

This morning the speakers and party were met at the arrival of the train by F. B. Carvell, M. P., who was met at the train by the band, who played until he had reached Senator King's.

ORIENTALS CONTROL WEST COAST INDUSTRIES

Exclusion League Secretary Seeking Moral Support in a Fight for a White Canada

ST. THOMAS, Aug. 27.—T. W. Crothers has been nominated by the Exclusion League for the Commons. WINNIPEG, Aug. 26.—R. Hemphill, secretary of the Asiatic Exclusion League is here interviewing Premier Roblin to enlist his sympathy in the struggle for a white Canada. "We are not asking for money," he says, "but for the moral support of the Canadian people. Everyone is with us at the coast, except the millmen and railway companies. There are ninety-five Orientals in the lumber and shingle mills on the coast. The Orientals have practically driven the white man out of the logging industry."

MOTHER NEARLY BOILS BABY DURING ITS BATH

Puts Receptable Containing Child on Stove to Heat Water

WILKES-BARRE, Pa., Aug. 26.—Placing a boiler of water, containing her baby on a hot stove this morning Mrs. Gerovitch, of Malby, nearly boiled the infant to death. The baby, however, was rescued.

The mother found the water too cold and thoughtfully put the boiler on the stove without removing the baby. Then she was called out of the room for a few minutes, and returning to find the water very hot and the child badly scalded.

WILD WEST HOLD-UP IN A BRITISH COLUMBIA TOWN

FORTY THOUSAND WERE MURDERED

By the Secret Police of Turkey, Says Dumoulin

Leader of the Young Turks Now in London, Tells a Horrible Tale of Oppression

LONDON, Aug. 27.—Mohammed Dumoulin, one of the founders of the Young Turk movement, who is now in London, has given in an interview an interesting account of the organization. He says the organization has nothing whatever to do with the so-called Young Turks of Constantinople, but was formed as a secret society in 1904 as a last resort to free Turkey from the thralldom of the secret police, by whose machinations thousands of the best men in Turkey disappeared. According to his estimate forty thousand men have been so disposed.

He relates on incident of his own knowledge to the effect that forty men were brought from the tower to the shores of the Bosphorus one evening. He heard them screaming at night time and next morning all had disappeared. On another occasion while lying in the Bosphorus a vessel while weighing anchor drew up several corpses. The captain of the steamer, he said, received a large bribe from the police not to mention the matter.

"The Sultan has been wrongly blamed for this condition of affairs," he said. "He is surrounded by a camorra, and can trust nobody. He had attempted to reform the government alone, he would undoubtedly have been assassinated."

SCHOOLTEACHER STARTED RUN ON BEHIND BANK

Immense Crowd of Depositors Demanded Money—Bank Said to be Perfectly Sound

BERLIN, Aug. 27.—There were most exciting scenes around the Friedrichsberger Bank in the Eastern District of Berlin, yesterday afternoon and evening, in consequence of rumors that the institution was in difficulties. Thousands gathered before the building, demanding the return of their deposits. The crowd became so dense that the street cars were forced to stop and a large force of police, which was called out, was unable to control the excited throng.

The President of the police personally directed his forces. The directors of the bank obtained permission to keep the institution open until 9 o'clock. More than \$250,000 was drawn out in small sums and the bank was able to satisfy all demands for call money with the exception of the Imperial and Dresden Banks, but other customers received only \$250 each on account, owing to lack of ready cash. The directors of the bank declare that the institution is perfectly sound. It is stated that the rumor of the bank's difficulties was set on foot by a school teacher, who, during lessons, advised his pupils to inform their parents that the bank was insolvent and to demand for their money at midnight.

FOUR DEATHS AMONG I. C. R. EMPLOYES LAST MONTH

MONCTON, Aug. 27.—There were four deaths in the ranks of the I. C. R. employees Relief and Insurance Association in the month ended twenty-fifth of August, according to the report submitted by Secretary Payer. These were Alfred Shickle, Lewis, and W. A. McLean, Moncton, a thousand each; R. A. Chouinard, Lewis, and Eliza Frisp, Halifax, \$250 each. Abner Forshaw, a member of the temporary employees' accident fund, was killed at St. John. Fees involved in a lawsuit for his acre has been applied for. An immense crowd of depositors were still shouting for their money at midnight.

CONSIDERABLE LIQUOR IS SOLD AT CHATHAM

CHATHAM, Aug. 27.—Rev. Mr. Gale agent of Kings College, spoke in St. Mary's church last evening in the interests of the college. His address was a forcible and logical presentation of Kings claims upon New Brunswick churchmen. Subscription lists has been started among churchmembers here.

Scott Act enforcement is at present only perfunctorily performed. Liquor is openly sold and drunk are numerous. Yesterday the police rounded up a batch of four and these were given the usual sentence by the police magis-

Two Masked Men Took Charge of a Midway Hotel, Mur- dering the Proprietor— Bloodhounds to be Put on Their Trail—One of the Highwaymen is Reported Wounded.

PHOENIX, B. C., Aug. 27.—The town of Midway, 12 miles from here, was the scene of a sensational hold-up last night when Charles Thomet, of the Midway Hotel, was shot and killed by highwaymen.

Two masked men entered the hotel at 9 o'clock and at the point of a gun four men, including Thomet, were told to show their hands. Thomet being behind the bar, put his hands on a revolver and opened fire on the intruders, wounding one. The strangers retaliated. Thomet received a bullet in the shoulder and abdomen after which he staggered through a side door into a room.

The desperadoes got into the room through another entrance and shot three more bullets into the body of the dying man. They then made their escape. Bloodhounds are being brought from Spokane to the trail of the criminals. One of the desperadoes is thought to be seriously wounded.

TURNS SEVERED HEAD TO FIND IT BROTHER'S

Horrible Discovery Made by Schuytiki, County Man on Railroad Tracks

POTTSVILLE, Pa., Aug. 26.—Omer Taylor of Auburn, had a heart-rending experience this morning when he found the headless trunk of a man hauled between the tracks of the Philadelphia and Reading Railway which upon examination of the head nearby, proved to be that of his younger brother, LeRoy Taylor.

LeRoy Taylor lived with his parents on a farm a short distance from Auburn. His brother George, this morning started out to visit his parents, and walked up on the railway, it being a short cut to the farm. Upon reaching a cut above Auburn he stumbled against the body.

Thinking it was some wanderer asleep, he stooped to lift him to a safer resting place and was horrified to find the body headless and with one arm missing. The sight was sickening, but Taylor bravely looked about for the severed head, and finally discovered it a few yards distant along the bank.

Turning it over with his foot, the poor fellow almost fainted when he recognized in the blood-stained distorted face the features of his brother LeRoy.

The dead man was a baseball player and athlete, and played ball with his team at Pine Grove yesterday. Returning home late, he spent the evening with friends at a luncheon, and started for the farm shortly after midnight, and was run down by a train.

ENGINEERS HAVING A GOOD TIME AT SYDNEY

Inspecting the Steel Works Today— An Excursion This Afternoon and a Dinner Tonight

SYDNEY, N. S., Aug. 27.—The visiting British and foreign mining engineers were the guests of the Nova Scotia Mining Society last evening at a smoker given at the Sydney Hotel. The visitors were welcomed on behalf of the province by Lieut. Governor D. C. Fraser and on behalf of the Nova Scotia Mining Society by President B. C. Col, of Stellarton.

Today the mining men are the guests of the Dominion Iron and Steel Company. They left on an inspection of the steel plant at 9 o'clock this morning and will return to Sydney Hotel for luncheon, after which there will be an excursion on the harbor in their honor. Tonight they will be tendered a formal dinner at the Sydney Hotel which will probably be attended by over 200 guests. They will be the guest of the Dominion Steel Company at this dinner.

Tomorrow the mining experts will visit the collieries of the Nova Scotia Steel and Coal Company at Sydney Mines, and will leave for Antigonish, Pictou, and Digby on Saturday morning.

NORTH ANSON, Me., Aug. 26.—Mrs. George Spencer committed suicide at her home in Anson Valley today by taking Paris green. Temporary insanity is believed to have been the cause. She leaves a husband and a young daughter.

CONVENTION APPROVES PLAN FOR NATIONAL ORGANIZATION

Will Have Jurisdiction Over Many Important Departments—Proposal for Union with Christian Church Progressing—The Acadian Forward Movement Completed.

The session of the Maritime Baptist Convention this morning was important one to members of the church.

The report of the committee which has been negotiating with the Christian Church for the union of the two bodies was referred back as the members wished the matter of doctrine more fully set forth.

The report showed that considerable progress had been made in the matter. The treasurer of Acadia College submitted his annual report. The most interesting feature of this was the announcement that the second forward movement had been successful.

The session which commenced at 2.30 this afternoon will be taken up with reports.

The committee on amalgamation of annuities reported as follows: A consultation was held between representatives of the New Brunswick Association and the Baptist Annuitants in New Brunswick.

It was learned that the funds to be amalgamated consist of two ministers' annuity associations and the funds of the church, besides a small fund for the purposes held by the former Free Baptist Church of Nova Scotia.

The committee recommended (1st) that the Relief Funds of the Maritime Convention and of the Association of United Baptist Churches in the Maritime Provinces and their families, and that any rights now held in the funds be preserved in the common fund.

(2) That the capital of the Baptist Annuity Association in New Brunswick and of the Ministers' Annuity fund of the Maritime Convention should form a common fund for the ministers and their families of the united church.

(3) That the rates of payment be placed on a fair and equitable common basis, care being taken to preserve the interests of those now concerned in the funds.

(4th) That a new constitution and by laws be adopted for the common annuity fund.

(5th) That the Board of the Common Annuity Fund administer the common relief fund.

(6th)—That the rates on annual beneficiary fees be fixed on a graduating scale according to age.

(7th) That the present status of members be preserved with the option of changing to any other arrangement they may desire.

(8th) That the managing board be elected by the Maritime Convention (9th and 10th) Referred to appointment of a committee to draw up the new constitution and secure the necessary legislation.

The report was adopted and the draft of the proposed constitution was submitted as held over until the next annual session.

UNION WITH DISCIPLES. The report of the committee on union with the Church of the Disciples of Christ was read and its consideration commenced. The committee reported on their consultation with the representatives of the other church and in favor of union, but said they had been unable to find a common name.

When the report was presented for adoption a vigorous discussion arose as to the doctrine of the Christian Church and their admissibility to the Baptist Church. Several members declared that they would oppose the union on these grounds.

Many members declared in favor of union although it was admitted that there were some difficulties in the way. As one member expressed it: "The time for union may not have arrived but I think it is time for the courtship to begin."

The report was finally referred back to the church's committee for fuller report on this matter, to be submitted at this evening's session.

DOMINION UNION APPROVED. The report of the committee on Canadian Baptist Union was received and adopted. The adoption of the union was received with applause and the convention arose and sang "Blest be the tie that binds."

THE COMMITTEE RECOMMENDED. That the objects of the union be the conduct of Foreign Missions such as Home Missions as require a dominion appeal publication and Sunday school work, Temperance, Moral Reform and Christian Stewardship.

The retiring president delivered a brief address to the convention, after which the report of the Foreign Mission Board was resumed.

The report of the committee on temperance of which Rev. H. G. Newcombe was chairman, was next received. The report is of great interest because it reflects the opinion of a body which is the largest of any denomination in New Brunswick on the temperance situation in the Maritime Provinces, but particularly in the province. The members of the committee in the report expressed the belief that the sentiment in favor of prohibition is growing throughout the Maritime Provinces. Concerning the situation the report said: "People kept alive by constant agitation and education, have stamped the liquor interests at the polls and thus saved the situation."

The Anti-Alcoholic League, promoted by Archbishop Bruchet, and which has accomplished magnificent results, recently joined forces with the Dominion Temperance Alliance, the Provincial W. C. T. U. and other like organizations, and united their efforts upon the government for an improvement of the license act; a decrease in the number of licenses; and a better enforcement of the law against the sale of liquor.

They emphasize their demands, they present a petition containing over 100,000 names. In response the government has already brought down a licensing bill, which many respects meets with approval, but which has yet to become law.

The report of the allied liquor interests recently held to devise means for turning back the mighty tide of temperance enthusiasm which now threatens to sweep the province. A significant lament was made that many of the French papers throughout the province are advocating prohibition. That is, they are in favor of the effect of our French compatriots. More power to their pen.

THE MARITIME PROVINCES. And now we come to our immediate constituency, the Maritime Provinces. In these, during the year, a great amount of activity has been manifest, and in each the results on the whole have been encouraging.

In P. E. Island, the pioneer province to apply the axe to the root of the evil, and where today the only provincial prohibitory law in the Dominion is in force against the liquor traffic, the temperance people are so active that that law rendered as effective as possible. The chief difficulties they have to contend with are inefficient officials, and those inimical to the enforcement of the law. Yet notwithstanding these and the lying reports of the "traders" as to the success of the measure, our island province wears a gleam whose lustre is undimmed by the baneful shadow of the traffic, and rejoices in a prosperity, healthful and unshared in by the millions of this monstrous evil. In commenting upon the report of the Charlottetown Guardian of June last says: "It stands higher than ever in the estimation of our people. The favorable results down to date have exceeded even the expectation of its promoters in this city, and the liquor traffic was never so utterly discredited here as it is today. While in outlying portions of the province the law has been enforced as it is here, it has done good work and has today at its back the great majority of the people of the province."

In New Brunswick the government has been requested by the N. B. Temperance Federation to pass a prohibitory law in that province. This request was submitted to the executive council by the Hon. J. K. Fleming. The reply was that the executive council had previously determined not to introduce at their first session any amendments to the liquor laws, but would carefully consider the representation of the temperance people when the government are dealing with this question. This reply is so non-committal that it would appear that there are strenuous times ahead in temperance circles in N. B. before provincial prohibition is secured. At a recent meeting of the Grand Lodge of the I. O. G. T. it was decided to renew the demand for a prohibitory law, and to further request the government to submit the question to a plebiscite vote. The Grand Lodge also favored the suffrage as one of the best means of securing prohibition, and otherwise uplifting and purifying the moral tone of the country.

During the year the Scott Act has been more thoroughly enforced. Charitable violations of the license act more treacherously dealt with, than for some time past. In the city of Moncton the traffic has had a severe check, and is now declared to be practically "dry."

In the city of Fredericton the question of Scott Act violations brought the temperance people to the notice of the public, and to the place where they must gain measure strength, with the result that in the capital city, where for 20 years the Scott Act has been in force, it was again sustained by a magnificent majority, and license sentiment received a blow which sent it down and out, we trust for all time to come.

It gave us peculiar pleasure to receive from T. S. Simms, as one of the first fruits of the Laymen's Movement, a visit to India, an offer of \$1,500 for the purpose of building a church at Vislanagram. The great need of such a building in that large and important city deeply impressed the delegates, and it is interesting to note that while Mr. Simms was planning for this offer our missionaries on the field were negotiating for the purchase of a site, and in a most providential way were led into the possession of it. The situation is altogether unique and strategic. To have lost it as at one time seemed possible, would have been a calamity. The building is to be called "The Simms Memorial."

The courtesies to visitors were rendered by Rev. A. K. DeBlas, of Chicago, Dr. O. C. S. Wallace of Lowell, Mass., Dr. E. M. Kierstead of Toronto, Dr. C. Goodspeed of Texas and others.

SECOND SESSION BEGAN. At 2.30 of this afternoon the second session began. The receiving of the report of the nominating committee and the election of officers was the first order of business. The election of officers resulted as follows: The report of the nominating committee was adopted. The officers of the convention for 1909 are as follows: President, Dr. C. C. Jones, Fredericton. Vice-presidents, Rev. H. Saunders, Paradise, N. S.; J. K. Under, Charlottetown, Secretary, Rev. H. H. MacDonald, Fredericton. Assistant secretaries, Rev. H. G. Kennedy, Sussex; Rev. A. A. Rideout, Fredericton. Treasurer, Donaldson Hunt, St. John. Editor of Year Book and statistical secretary, H. C. Creed, Litt. Dr. Fredericton. Treasurers of denominational funds, Rev. J. W. Porter, Nova Scotia; Rev. W. Stearns, New Brunswick; Rev. A. W. Stearns, Prince Edward Island. Committee on resolutions and correspondence, Dr. H. H. Under, Charlottetown; Dr. Edwin Crowell, Canning; S. D. Jones, Fredericton; J. H. Jenkins, Charlottetown; R. B. Smith, Moncton; Rev. P. J. Stackhouse, Campbellton; W. P. King, Truro.

IN NOVA SCOTIA. In Nova Scotia there is also a growing demand for provincial prohibition. The movement towards this end is under the leadership of the N. S. Temperance Alliance, which is being strongly organized for definite action. The Alliance is a union of the concentrated and united effort by the Rev. S. D. Jones, Fredericton, and the Rev. A. H. Chipman, St. John; R. B. Smith, Moncton; Rev. P. J. Stackhouse, Campbellton; W. P. King, Truro.

At a meeting of the allied liquor interests recently held to devise means for turning back the mighty tide of temperance enthusiasm which now threatens to sweep the province. A significant lament was made that many of the French papers throughout the province are advocating prohibition. That is, they are in favor of the effect of our French compatriots. China, with her new army, her new navy, her new spirit of education, her strange new system of patriotic fervor; with the unlimited riches which shall be brought from the plains and hills of her western provinces, will be seized by and by with the just and passion for war. If the 400,000,000 of new China—awakened and transformed by the power of the West—be not held back by the restraints of Christianity, set forth to war, what nation or group of nations could withstand their awful power? The Chinese are not savage nor semi-savages. They possess the oldest civilization on the globe, and one of the most stable and enduring. At the present rate of progress China will be in half a century one of the greatest of the world nations.

Dr. de Blais spoke in the highest terms of the modern missionary. "He is not a poor, lonely, pallid chap, with the weight of ages on his back, long-faced and decrepit. He is alive, alert, writes a man of affairs, an organizer, a statesman. I have known no men of keener intellect, men more fully alive to the world's issues and world's problems than the many of the missionaries I met in the Far East. They are superb; and they are doing the biggest work in the world."

The East is filling and thrilling with a new and boundless life. It is now or never for the Church of God! I plead for missions for India, for China! The day and the opportunity are ours! I believe with my whole soul that the Cross of Christ will save the nation."

China, with her new army, her new navy, her new spirit of education, her strange new system of patriotic fervor; with the unlimited riches which shall be brought from the plains and hills of her western provinces, will be seized by and by with the just and passion for war. If the 400,000,000 of new China—awakened and transformed by the power of the West—be not held back by the restraints of Christianity, set forth to war, what nation or group of nations could withstand their awful power? The Chinese are not savage nor semi-savages. They possess the oldest civilization on the globe, and one of the most stable and enduring. At the present rate of progress China will be in half a century one of the greatest of the world nations.

ANDOVER AND PERTH TO HAVE ELECTRICITY

Residents Decide by Overwhelming Majority to Install Plant

AVERAGE HAY CROP

ANDOVER, Aug. 27.—At a large and enthusiastic meeting of the members of the electric light district of Andover and Perth, held last night, it was decided by an overwhelming majority to install an electric light plant in this district at once and a contract to be entered into with the N. B. and Maine Power Company to supply the power-municipal ownership.

The Maine and New Brunswick Electric Power Company a few years ago obtained a charter and commenced operations to develop the power on the Aroostook river, known as the Aroostook Falls, and have now a plant installed capable of producing 200 horse power. With futures yet undeveloped it already supplies light and power to the villages in the Aroostook county, Me., Houlton, Presque Isle, Carleton, Fort Fairfield, Easton, all of which they claim do not use but one-eighth of their power.

Aroostook Falls has always been one of the points of interest to visitors to this section, and of pride to the residents and classes among the great water powers of America, the installing of this power at a cost of nearly \$200,000 will give and does give it added interest.

Our hay was exceptionally fine and a great quantity of good hay was stored. Now hay is about over. It is an average crop.

The harvest is coming forward rapidly. Many fields are already cut, but the long, dry season made a short crop of straw and grain will not be up to the average.

Wet weather the last two weeks will help the late grain and potatoes, which are looking fine.

Fluctuating rates have also raised the sheep some feet, so that logs are running freely this morning.

BREAKS BOTH LEGS IN MILL AT SUSSEX

Branscombe Brought to Hospital Here in Serious Condition

A rather serious accident took place on Friday afternoon at Robert's Hill, Sussex, whereby a man named Branscombe had both his legs broken, necessitating the amputation of the right one.

Branscombe was working in the mill when he got caught in a belt which he was holding. Dr. McAllister attended the injured man, who suffered greatly. He was brought to St. John on Saturday and taken immediately to the hospital. The doctors found that both his legs were broken and decided to perform an operation. The amputation took place yesterday afternoon. Latest reports say the man is resting as comfortably as could be expected.

REV. P. J. STACKHOUSE IN THE TABERNACLE PULPIT

Rev. P. J. Stackhouse of Campbellton spoke to his old congregation at the Tabernacle church last evening on the subject, "The Life That Is Worth Living." After briefly discussing the moral and spiritual conditions of the age in which Jesus lived, he claimed that Jesus Christ came into the world to show men the life that is worth while. He showed negatively that it is not the acquisition of material things, a life devoted to pleasure or the ecclesiastical duties and the external of religion is not a life that is worth while. Positively, according to Jesus, the life that is worth while is a life of communion with God expressed in loving service. Jesus not only taught the life that is worth while, but he illustrated it in His own person.

In closing, Mr. Stackhouse showed that Jesus not only taught and illustrated that life, but He also inspired others to live the same life. If Jesus were interested in what He had to say, but we believe that in Jesus, God has come into the life of humanity; that He was God manifest in flesh.

HE SUCCEEDED MAN WHO DIED, NOW DEAD HIMSELF

The flags were flying at half-mast on the D. A. R. steamer Prince Rupert yesterday out of respect to the death of Second Officer McDonald, who died at the General Public Hospital on Friday night. It is strange to relate that only a couple of weeks ago Lars Carren took suddenly ill and died. He was second officer on the Prince Rupert, and on his demise the steamer was awarded to Mr. McDonald, who only lived a short time in the position and underwent an operation in the hospital and death resulted.

MINT ABLAZE, GUARDS HOLD BACK FIREMEN

OTTAWA, Aug. 23.—Smoke was observed to be pouring from the royal mint on Sussex street on Saturday afternoon and a passer-by rang in an alarm from the nearest box. When the fire brigade arrived the full force smoke was issuing in a torrent from half a dozen basement windows. The mint is a branch of the royal mint of London and is conducted upon regulations by authorities in England. The mint does not run on Saturday afternoon, and the British authorities had neglected to make a provision in the regulations for such an emergency as that of Saturday.

The firemen therefore found themselves separated from the blaze by a unique obstacle. The fire department had a regulation that no one should be admitted to the mint when it was not running. There was an armed guard on hand to enforce this regulation and it was supported by a steel fence thirty feet high protected along the top by wicked spikes four inches apart, each capable of impaling a trespasser. The men on watch over the treasure within the building refused to relax their orders and open the gates to admit the firemen, though the smoke was pouring in the volume every moment. Finally Chief Prevost took the matter into his own hands and ordered his men up to the top of the spikes. Up went firemen and hose, Chief Prevost leading, while the guard within the walls stood and watched the fire fighters descend into the forbidden ground. Axes made short work of one of the basement windows and a stream of water was turned through the iron bars of the window upon five tons of coal in front of the furnaces within. This had become ignited and was burning merrily. There was nothing else on fire as the building is fireproof and there was nothing in the vicinity of the coal but stone. The fire was extinguished and the firemen went back the way they came. The only damage was from smoke, which penetrated every part of the building.

Most of the members of the government will return to Ottawa Tuesday, and a cabinet meeting will be held Tuesday afternoon. The question of an election and its date will be discussed. A civil service commission and railroad commission will probably be appointed before the ministers leave Ottawa again.

An order in council has been made, adding to the schedule of the set of last session, respecting proprietary patent medicines the following: Morphine and its preparations, opium, its preparations and derivatives. This means that the various vendors of Canada are henceforth prohibited from selling morphine or opium or preparations thereof, except upon physicians' prescriptions.

NEWCASTLE FACTORY GOES UP IN SMOKE

NEWCASTLE, Aug. 23.—Newcastle has been fire so-called in the last forty-eight hours. Friday afternoon, the ice house in the rear of Brander's dry goods store, mysteriously burned. Yesterday morning the carriage factory, Allan's carriage factory, caught fire. The building was ruined. It seemed to have caught in several places. A large stock of furniture, ready for export, and about half the lumber in the yard, went up in smoke. The loss is over \$100,000. Insurance unknown. The town's mortgage of \$1,000,000 is covered by insurance. The Chatham firemen assisted. Nickerson, the insurance agent, although the elders carried to the origin of the fire is unknown. Fifty men are out of employment.

TRADED A HORSE WHICH DIDN'T BELONG TO HIM

B. T. LeBlanc of Moncton is Now Sejourning in Jail as a Consequence

B. T. LeBlanc is now sejourning in the Moncton jail on the charge of theft. On July 30th he was at Penobscot and presented a card claiming to represent B. T. LeBlanc and Co., organ tuners and repairers of sewing machines. He hired a horse and wagon from James Scott and said he only wanted it for ten days. When the ten days were up, LeBlanc did not put in an appearance. Cook became uneasy and a couple of days ago telephoned to Chief of Police Clark regarding the case. He swore out a warrant for LeBlanc's arrest on the charge of theft. It was learned that LeBlanc had traded the horse and rig to a city livery man and had left for Moncton. Word was sent to the railway tower where LeBlanc was arrested.

Bryan Will Speak in State

REPORTS HOPEFUL

Outlook for Democratic Ticket Grows Brighter Each Day

CHICAGO, Aug. 22.—Plans for a determined effort to place New York State in the Democratic column were carefully laid today at a three-hour conference of Mr. Bryan, National Chairman Mack, heads of the various committees of the national committee and members of the national committee at national headquarters shortly after Mr. Bryan's arrival here from Des Moines. Mr. Bryan will speak in New York city, Syracuse and Rochester between September 18 and 20, and early in October will again speak in New York city and Buffalo. Reports received by the Democrats could carry the principal seatings of the state. It further developed at the conference that Mr. Bryan would make a sharp fight in the middle West, while John W. Swan, the vice-presidential candidate, would likely be called upon to make an extended tour of the Pacific states.

Change in Situation

NORTH BAY, Aug. 23.—A change has come over the strike situation and the C. P. R. is unmasking its batteries. It is reported that the strikers are rapidly placing the strikers at various shops and divisions points. A large number of strikers have been certainly been drafted into this city, but in sounds of two or three, so as not to challenge any hostile demonstration. The men claim they are holding their own, and that no strikers have gone back to work, and that the effects of the strike are plain in a number of engines out of commission and that the company will be greatly crippled by lack of power as soon as their operating departments feel the strain of moving the crop.

FOSHAY FALLS FROM WINDOW TO HIS DEATH

Abner Foshay, of 283 Brussels street, an employe of the Intercolonial railway, met with a fatal accident on Saturday. The death of the unfortunate man was the result of a fall from a motor car running between the Union depot and Fernalth. Foshay was acting as fireman at the time. MYSTERY OF THE THEFT FROM SUB-TREASURY ENDS

CHICAGO, Aug. 23.—The mystery of the theft of \$172,000 from the United States sub-treasury a year and a half ago, one of the largest losses the government has suffered in this manner, is believed to have been solved by the arrest today of George W. Fitzgerald. Others are believed to have been implicated in the crime which for months completely baffled government secret service men.

SEA FIGHTERS HAVE THE TIME OF THEIR LIVES

SIDNEY, N. S. W., Aug. 23.—Four thousand men from the Connecticut, were permitted ashore today and 1,200 of them, including the officers, attended a high mass in the cathedral. The services were impressive and special music had been arranged in honor of the Americans. Great crowds lined the streets and took quite as much interest in the parading sailors as in the first day of their arrival.

Was Assorting Teller

Fitzgerald was an assorting teller under Assistant United States Treasurer William Boldenwick. Suspicion at the time of the theft (Feb. 20, 1929) rested on him, but so plausible was his story and so intense his apparent interest in discharging the duties of that interest came to center in him. Much work was done on the theory that the crime had been perpetrated by a color man. Meanwhile Fitzgerald was discharged from the government employ for negligence in allowing such a theft to be consummated under his very eyes. The money stolen had been used and was tied in packages, some having been marked for destruction at Washington. A number of bills would really have passed anywhere, except for their large denominations. None of the bills was over \$50 and some were of the \$1,000 and \$5,000 denominations, the \$1,000 ones predominating.

Tame Kangaroo

Among the most cherished mementoes of the visit that the Americans will carry away will be a tame kangaroo which Cardinal Moran will present to the people of Sydney. Moran wished the men of the ship to have something characteristic of the country.

Hed \$700 Interest

His wife had a \$700 interest in her mother, which was valued at about \$1,000, and was in litigation. Fitzgerald, however, according to Mr. Young, embarked in speculation on a scale not consistent with the size of his reported means. There was, however, no ostentation in Fitzgerald's life, nor the lavish display which detectives invariably look for in tracing stolen money.

INJURED AT LAKE UTOPIA

W. A. Lockhart met with a painful injury on Friday that will confine him to the house for some days. Mr. and Mrs. Lockhart have been members of a camping party at Lake Utopia. They were returning home on Friday and in lifting some bundles aboard the yacht, Mr. Lockhart slipped and fell. One of his ankles was so badly sprained that at first it was feared it was broken. Dr. Taylor of St. George was called, and made Mr. Lockhart as comfortable as possible for the journey to St. John. Dr. Addy is now looking after Mr. Lockhart. This sprain is a serious one, and it is feared some of the Uge-mette's may be torn. Mr. Lockhart will be confined to the house for a couple of weeks, and perhaps longer.

SMELLS IN GREAT CITIES.

The man with a nose always recognizes the smell of the place and he has only to land at Calais to smell garlic, London's smell—when the Londoner returns—is just soot and fried fish, Paris always smells of chocolate and wood smoke. Florence is violets and roses. But as soon as you get to Russia the smell is quite different. Moscow, the city of fruit that comes from the Crimea, has a special smell of the cranberry which has various names in late summer. And you cannot land in St. Petersburg without noticing instantly the smell of the place—London, Chicago.

HOW FAR WE ARE BEHIND.

Over 1,000 years ago Switzerland possessed a forest system and had developed a scientific forestry by the fifteenth century, says the American Magazine. As early as Louis XIV. France awoke to the fact that her forests and her life were draining away before her. But it was too late. Today she is spending \$50 an acre to reform her waterheds. The same experience is costing Italy \$20 an acre.

UNIVERSITY WILL
HAVE BIG YEAR

Chancellor Jones
Talks to Sun

FACULTY INCREASED

U. N. B. Has Now Two Full
Professors of En-
gineering

That the University of New Brun-
swick will next month have its
most successful years in its existence
is the opinion of its chancellor, Dr. C.
L. Jones, who has been in the city for
some days attending the Maritime Har-
vest convention. With its faculty in-
creased and of exceptional strength its
student body strong numerically and
its financial condition excellent, Dr.
Jones is of the opinion that the provin-
cial college will make rapid strides.
Speaking of the department of phi-
losophy, Dr. Jones when interviewed by
a Sun reporter yesterday, said that in
Dr. Kierstead, who assumes the chair
of philosophy this year, the U. N. B.
had secured a man most eminently
fitted for the position. In the past
under the late Dr. Davidson and under
Dr. M. S. MacDonell, who goes this
year to McGill, the philosophical de-
partment had been of exceptional
strength and, said Dr. Jones, there was
every prospect of Dr. Kierstead main-
taining the high standard, if not rais-
ing it.

Dealing with the department of forestry
which is to be inaugurated at the
U. N. B. this year, the chancellor said
that Prof. R. M. Miller, who would
take charge of the new course, came to
New Brunswick most highly recom-
mended not only by persons in the
United States but also by those con-
nected with the Dominion Department
of Forestry at Ottawa. Besides theoret-
ical training the students in forestry
will receive practical instruction. At
present it is not known what form this
will take, but it is probable that it
will be several weeks' work in the
lumber woods during the winter.

Chancellor Jones has received an offer
from the manager of the Miramichi
Lumber Company, Charles E. Oak, to
have the forestry students spend sev-
eral weeks in the company's camps.
The establishment of the department
of forestry at the provincial university
was made necessary by the removal of
the students' reading room from the
arts building. For its accommodation
an addition has been built to the gym-
nasium.

The departure of Prof. Perrott to
take a position in the Technical Col-
lege of Liverpool left vacant the de-
anship of the engineering school, but
the position has been filled by the ap-
pointment of Prof. Stone, formerly of Dal-
housie University. U. N. B. has now
two full professors of engineering.
Prof. Stephens has been made profes-
sor of mechanical engineering and
drawing. The science departments
have been considerably strengthened
during the past year, new machinery
having been purchased for the electri-
cal department and new apparatus for
the biological laboratory.

The fees for the forestry course are
to be the same as for engineering. Al-
ready five men have expressed the in-
tention of taking the course.
When asked if there was any inten-
tion of adding to the arts faculty of
the college, Dr. Jones said the estab-
lishment of a chair of history was con-
templated and as the yearly revenue
of the institution exceeded the expendi-
ture, the chair might become a fact
before long.

Walter Willis of St. John has been
awarded the Senator Ellis scholarship.
Prof. Stone will be in Fredericton on
September 2nd, en route, concerning
engineering camps.

BIG BROKERAGE
CONCERN FAILS

NEW YORK, Aug. 25.—The failure
of the big brokerage concern of A. O.
Brown & Co. for a sum popularly esti-
mated as running well above \$1,000,000
was announced here today. The firm
had been in the stock exchange floor
for many years, and its failure was
regarded as a serious blow to the
market. The suspension created
an extraordinary degree of public in-
terest, but was looked upon by high
stock exchange interests as offering an
early solution of the tangle grow-
ing out of a most remarkable
two-hour session. The mem-
bership of the firm included Albert
O. Brown, Lewis Ginter Young, G. Lee
Scout, Edward F. Buchanan, Samuel
C. Brown and W. Henry Whitcomb.
Private wires were maintained to all
principal cities. The extensive trading
of the firm, it is believed, was confined
largely to New York, despite the fact
that the house has made a specialty of
western business. Although organized
only in the latter part of 1902, the firm
had come to take a prominent part in
trading in the stock exchange floor.
John W. Rhodes, cashier of the firm,
was named as assignee.

OTTAWA, Aug. 25.—In Carleton
county some of the local Conservatives
are speculating on the possibility that
R. L. Borden, at present the representa-
tive of this constituency in the Con-
gress, will decide to again contest his
old seat at Halifax in an attempt to win
back the prestige lost by his defeat in
his home city at the last general elec-
tion. Mr. Borden has as yet made no
announcement on the question, and in
consequence the party nominating con-
vention for Carleton is being delayed.
Meanwhile, however, some of the lead-
ing Conservatives of the county are
making it known that they are aspir-
ants for the party nomination. Edward
Kid, ex-M. P., who gave up his seat
in 1904 to his defeated leader, is anx-
ious to again represent the constituency,
but will, of course, bow to the wishes
of Mr. Borden in the matter. Other
who are looking for the nomination
are Mr. Clarke, Carleton, and Fred
Henry of the county. Mr. Borden, it
is stated, would personally prefer to
attempt the redemption of his old seat
at Halifax, but advises from the party
there are divided as to the wisdom of
having him risk another defeat.

WINNIPEG, Aug. 25.—According to
reports received here, a very unusual
number of harvesters have been unable
to secure work and although conditions
may improve slightly, as the late grain
becomes ready for cutting, it appears
that already there is a surplus of har-
vesting labor in the country beyond all
possible requirements with the inward
flow not yet checked.
It is hardly fair to blame the railway
companies entirely, for the conditions
have been peculiar. At the time the
first estimates of labor needed were
sent out on which excursions were
based there were good prospects of
very big crops, with a possible total of
wheat average of nearer thirty than
twenty bushels.

Unexpected drought coupled with un-
usually early frosts have cut down the
wheat average to nearer fifteen than
twenty bushels, and has cut the oat
crop in half. At the same time these
conditions have resulted in the crop
being very easy to harvest with un-
usually short straw. Added to this the
desire on the part of farmers to cut
down the harvest expenses to a mini-
mum, and sufficient reasons are pre-
sented for wide margin between original
estimates and actual requirements in
the harvest field.
A Regina despatch says that two
hundred harvesters are out of work
and some are destitute. They held an
indignation meeting last night, peti-
tioning against the C. P. R.'s refusal
to ship them home. The railway says
the men are not entitled to return
tickets till they have done thirty days'
work, and the men claim they cannot
get one day's work.

Allege Misrepresentations
They allege they were brought in on
misrepresentations by the C. P. R. who
issued circulars broadcast in the East
announcing an enormous demand for
harvesters. They claim only 650 men
were required in Saskatchewan and the
company shipped to come. A dozen
men who came with the first contin-
ent have arrived back in the city
after waiting in line for more of
some way down the 800-line looking
for work, and now wet, starved, de-
braided, are being looked after by the

THE HIBERNIANS ENDORSE REDMOND AND HIS POLICY

Pass Resolutions Favoring Total Abstinence—Ladies Auxiliary Elects Officers—Mrs. P. J. McManus, of Halifax, Provincial President

The A. O. H. conventions were resumed this morning at 9:30 o'clock, and there were large numbers of delegates at both sessions.

When President Miss Elizabeth McCarlin of Woodstock, called the meeting of the Auxiliary to order, she made a brief address, and then tendered her resignation which was respectfully accepted.

The provincial secretary, Miss Gertrude McCarthy, also tendered her resignation, which was also accepted with much respect.

The meeting then accepted nominations for the ensuing term, and the following officers were elected:

Mrs. P. J. McManus, of Halifax, provincial president.

Miss Gertrude McCarthy, of Woodstock, provincial secretary.

Miss Sarah Donworth, of Milltown, N. B., provincial treasurer.

Miss Edna Forsythe, of Moncton, provincial secretary.

The meeting then adjourned to meet again at 7:30 o'clock this evening to resume business.

A. O. H. CONVENTION.

The A. O. H. Convention was presided over by President McManus, of Halifax. After some discussion it was decided to do nothing regarding the insurance scheme of the order. The rest of the morning was taken up in the reports by the committee on resolutions. This committee was composed of Frank I. Shortell, chairman, and Mr. Frank I. Shortell, secretary. R. F. Wadsworth, Charles J. Morrisey, W. J. Moran, Michael Kelly and John McIntyre.

The report as finally adopted by the convention was as follows: The first section recommended the practice of total abstinence.

The second section conveyed a vote of thanks to His Lordship Bishop Casey for his kindly words of welcome, to His Lordship Mayor for his cordial invitation, and to the ladies' auxiliary for their kindness. The third section conveyed messages of condolence to Frederick No. 9 on the demise of James D. Hanlon and Daniel Hennessy.

The next section endorsed Redmond and the Irish Parliamentary party.

The fourth section, at length, in a congratulatory manner, adopted the resolution that the order is making in the province.

The session was then adjourned to meet again at seven o'clock this evening.

This afternoon the delegates will engage in a ball on the grounds of the party leaves Indianapolis at two o'clock on the steamer Champlain.

NEGRO DETECTIVE ARRESTED FOR SHOOTING

SPRINGFIELD, Ill., Aug. 28.—Andrew J. Gordon, negro former member of the St. Louis detective department, was arrested yesterday by deputies on charge of shooting William Bowe, chief of police of County, Treasurer James A. Hall during the recent riot in Springfield. Bowe is a patient in St. John's Hospital and will probably recover. The arrest of Gordon followed an investigation that has extended over a week. Gordon denied his guilt.

BAPTIST CONVENTION BROUGHT TO FITTING CLOSE LAST NIGHT

At eleven o'clock last night the Maritime United Baptists brought their convention to a close after hearing three very able addresses on missions and after hearing and adopting the report on the state of the denomination. The report, although not containing figures from two districts stated that the Baptist denomination in the Maritime Provinces was in a flourishing condition. The total number of members was said to be 55,777; the number of churches 572. In most of these particulars there had been increases.

The address of the evening was as follows: Home Missions, by Rev. J. W. Porter, West-Island Missions, by Rev. T. Stackhouse, Grand League Mission, by Rev. J. A. Condon, D.D. The latter part of his remarks expressed regret that the convention's contribution to the support of the mission had been cut down by \$500. Discussion on the matter followed. The opinion was expressed that too little money was devoted to Western Missions and to Grand League. Dr. W. E. McIntyre advocated meeting only twenty-five per cent of the denominational fund to Home Missions instead of thirty-three and one-third, as at present. He thought Grand League and the West-Island should receive more support.

Dr. Porter was the first speaker of the evening. He dealt with Home Missions. He explained the necessity of their home mission field. He also made a plea for greater exertion along this line in regard to funds as well as workers.

Rev. W. T. Stackhouse followed with an address on Western Missions. After giving a striking account of the success which had attended their work in the Western mission field Mr. Stackhouse dwelt upon the value that a civilizing influence. Police could never help the individual to a better life and did not try. Governments do not accept a substitute or limitation, a great evangelizing influence was the religion of Christ. The speaker also made an appeal for additional funds to carry on the work in Alberta and Saskatchewan.

DR. GORDON FOLLOWS.

Dr. Gordon followed, taking Grand League as his subject. He stated that he had given the mission \$500 less than he had the year before. The mission

FORESTERS GAINS NOT UP TO FORMER MARK

Uncertainty About Rates Hinders Expansion—High Court Meets at Kingston.

KINGSTON, Ont., Aug. 26.—In St. George's Hall today the high court of Eastern Ontario Independent Foresters began its annual session with almost 300 delegates in attendance. The reports of the high court were submitted. High Chief Ranger Dr. Wade reported the membership at 14,214, an increase of 214, but 44 less than the previous year which he attributed to the uncertainty over rates. The court has a surplus of \$58 after meeting all indebtedness. The delegates this year enjoyed a trip among the Thousand Islands as guests of the Kingston Corporation.

BABY BOY WAS FOUND ABANDONED IN THE WOODS

Little Chap a Week Old Is in a Healthy State—None the Worse for His Experiences.

GUELPH, Ont., Aug. 26.—A regular "Baby in the Woods" story was brought to light yesterday by the discovery of a week old baby in a swamp in the city limits near the river. A blackman was driving past when he heard the cry of an infant in the bushes and he spoke to Mr. Fred Smith who was passing by, of what he had heard. Investigation brought to light a baby boy in good health.

MICHAEL KELLY IS TO TOUR QUEENS COUNTY

Blind Orator, Besides Talking Temperance, Does S'nts in Mental Arithmetic.

Michael Kelly, the Blind Orator, of St. Martin's, has decided to devote the entire year to temperance work. Mr. Kelly is a speaker of more than ordinary ability. He has a rich fund of anecdote, a large and varied store of historical knowledge, a good grip of the saloon problem, and a devotion to righteousness and will do an excellent work for the cause that is dear to his heart. He has for the last two years done much work for the I. O. G. T. under whose auspices he will work 1908 year, and it is highly complimentary to his work as a lecturer that all who have heard him are anxious to have him again visit their community. He is one of the most popular speakers of the Good Templars here, and in recent years. In fact his popularity is a source of some embarrassment to the management. There are so many places that want his services at once, it has been decided to have him tour Queens County first. The different sections of Queens are more readily reached when the boats are running than in winter.

A very striking part of his work is the remarkable work that he does in mental arithmetic at the close of his address. Mr. Kelly is convinced that as a mental calculator he is superior to any one living, and all who have heard him at this particular work cease his confidence. He dearly loves a contest and were it not for the fact that it might lead to gambling he would challenge the world to a contest in mental arithmetic. People who have never heard him at this work would be startled when they realize what rapid calculation he is capable of. He is capable of without the aid of his fingers.

The following meetings to be addressed by Mr. Kelly have been arranged: Monday, Aug. 31—Thorntown. Tuesday, Sept. 1—Narrows. Wednesday, Sept. 2—Narrows. Thursday, Sept. 3—Narrows. Friday, Sept. 4—McDonald's Corner. Saturday, Sept. 5—McDonald's Corner. Monday, Sept. 8—Shannon. Tuesday, Sept. 9—Shannon. Wednesday, Sept. 9—Hamstead. Thursday, Sept. 10—Hamstead.

SUMMER COMPLAINT.

One of the Commonest and Most Dangerous of Diseases.

Everyone Should be Prepared for it with a Bottle of Dr. Fowler's Extract of Wild Strawberry.

Very few people escape an attack of Summer Complaint. It may be slight, or it may be severe, but nearly everyone is liable to it.

You cannot tell when it seizes on you how it may end.

Let it go for a day or two only, and you may have a more protracted illness.

There is only one safe way to cure it and that is by Dr. Fowler's Extract of Wild Strawberry. It has been on the market for sixty-three years and has been proved and tried so you are not as much afraid of it as you are.

Do not accept a substitute or limitation, as many of those are positively dangerous to life and health. Insist on having Dr. Fowler's.

Mrs. Norman H. Egan, Ship Harbor, N.S., writes: "Last summer my baby was very bad with Summer Complaint. I tried most everything for him, but nothing seemed to help. One day a neighbor called in and told me to try Dr. Fowler's Extract of Wild Strawberry. I got a bottle and administered it and my baby was cured. I shall always keep it in the house."

FINED FOR SELLING LIQUOR TO INDIANS

Two Criminal Cases in the Restigouche Court.

One Prisoner Found Guilty of Theft—Lady Sibyl Excursion—Good Fishing Reported.

DALHOUSIE, Aug. 26.—The Restigouche circuit court opened here yesterday at eleven o'clock presided over by his honor Judge Landry. The criminal cases are, the King vs. four foreigners, charged with obstructing the work on the International Railway, resulting in a strike, and the King vs. Louis Moon, a native of Sicily, charged with stealing a watch from the person of Paul Roy, of Campbellton, ten years ago to save his life and has since been an exile in London, was dining. Kajulu stated in astonishment at his neighbor and the recognition was mutual. Kajulu accused Landry and they shook hands, but the Sultan's exhortation was so demoralized by the unexpected encounter that he denied his identity and Kajulu apologized and withdrew. Landry is said to be in a debilitated with some plausibility, because there has been an important change in his appearance since he left Constantinople. He is a stout man with the dark Arab complexion and 42 years old. His friends were familiar for many years with his long black beard, but now he wears a close-cropped grey beard. He explains the change with perfect ingenuousness, saying: "I have always dyed my beard, but was unable to do so on board the steamer so I took it off. He seems to be a man of plenty of physical courage at least. He fears but little the threatened assassination of the Emperor, and his return to Turkey is impossible, according to the present outlook, and he looks forward with pleasure and characteristic faithfulness to making his home in England. He is a high-spirited, energetic, but he has plenty of this world's goods. His account of events at the culmination of the revolution crisis is unsatisfactory. Izet represents the Sultan and his policy sincerely sympathetic with Liberal ideas and constitutional government.

MICHAEL KELLY IS TO TOUR QUEENS COUNTY

Blind Orator, Besides Talking Temperance, Does S'nts in Mental Arithmetic.

Michael Kelly, the Blind Orator, of St. Martin's, has decided to devote the entire year to temperance work. Mr. Kelly is a speaker of more than ordinary ability. He has a rich fund of anecdote, a large and varied store of historical knowledge, a good grip of the saloon problem, and a devotion to righteousness and will do an excellent work for the cause that is dear to his heart. He has for the last two years done much work for the I. O. G. T. under whose auspices he will work 1908 year, and it is highly complimentary to his work as a lecturer that all who have heard him are anxious to have him again visit their community. He is one of the most popular speakers of the Good Templars here, and in recent years. In fact his popularity is a source of some embarrassment to the management. There are so many places that want his services at once, it has been decided to have him tour Queens County first. The different sections of Queens are more readily reached when the boats are running than in winter.

A very striking part of his work is the remarkable work that he does in mental arithmetic at the close of his address. Mr. Kelly is convinced that as a mental calculator he is superior to any one living, and all who have heard him at this particular work cease his confidence. He dearly loves a contest and were it not for the fact that it might lead to gambling he would challenge the world to a contest in mental arithmetic. People who have never heard him at this work would be startled when they realize what rapid calculation he is capable of. He is capable of without the aid of his fingers.

The following meetings to be addressed by Mr. Kelly have been arranged: Monday, Aug. 31—Thorntown. Tuesday, Sept. 1—Narrows. Wednesday, Sept. 2—Narrows. Thursday, Sept. 3—Narrows. Friday, Sept. 4—McDonald's Corner. Saturday, Sept. 5—McDonald's Corner. Monday, Sept. 8—Shannon. Tuesday, Sept. 9—Shannon. Wednesday, Sept. 9—Hamstead. Thursday, Sept. 10—Hamstead.

FREDERICTON NEWS

FREDERICTON, Aug. 26.—John Doherty, formerly of the Dominion Express Company, St. John, now proprietor of the Springfield Hotel, died yesterday at the age of 82 years. He was a native of Ireland and had resided in this city for many years. He was a member of the St. John's church and was a well-known citizen.

HALIFAX MERCHANT DEAD

HALIFAX, N. S., Aug. 26.—W. E. Croft, well known grocer doing business on German street, died yesterday suddenly this morning of hemorrhage of the brain, aged 82 years. He was about his business as usual last evening. He is survived by a widow and one son.

IZET IN ENGLAND.

The Pasha's Return to the Country He Once Ruled Is Impossible.

Denies His Identity to Kiamli Boy—Fatalist Unafraid of Threatened Assassination.

LONDON, Aug. 25.—Izzet Pasha, the Machiavelli of Turkey, proposes to escape the vengeance of his enemies as well as to conceal his identity while living in comfortable suits in a well-known London hotel. This, too, despite a startling espionage. On the first evening of his arrival he ventured into a restaurant and, as luck would have it, he was placed as a table adjoining one where Ismail Kiamli Bey, who fled from Constantinople ten years ago to save his life and has since been an exile in London, was dining. Kiamli stared in astonishment at his neighbor and the recognition was mutual. Kiamli accused Izzet and they shook hands, but the Sultan's exhortation was so demoralized by the unexpected encounter that he denied his identity and Kiamli apologized and withdrew. HEAVY ADDITION TO NATIONAL DEBT

British Naval Policy to Head Off Germany.

Matter of Increase in Armament Frankly Stated to Him During Visit of King Edward.

LONDON, Aug. 25.—Light was thrown last week upon some great points in British naval policy in the Anglo-German relations. It cannot be denied that the growing alarm in the diplomatic world, culminating in the London Convention of 1906, has been a disturbing factor in the house of Lords, has gravely disturbed all Europe. The German Emperor did something to allay the apprehension, but the situation was, and still is, in fact, that the peacemongers of the monarch's arch-enemy did not suffice to remove the danger. Popular antagonism in modern days is a more potent element in international relations than the policies of monarchs. Germany's competition in armaments had reached a crisis beyond which it could not go without a chance in policy. Even the irresponsible government which controls the affairs of Great Britain realized at last that the situation must be faced. Its policy heretofore had been one of naval economy, it was all the money that could possibly be squeezed from the taxpayers for the old-age pensions, and other Socialistic schemes. Even that did not suffice and the government attempted to revise the balance sheet by sweeping reductions in the provisions for national defence. Germany's naval programme under these circumstances would have within three or four years have made her a fair match for Great Britain on land. This was obvious to everybody, and the effect was soon seen in the exultant talk of the German people, and the national slogan which was seriously adopted in England. The situation, in a word, became almost panicky. It is now disclosed how it will be dealt with. Semi-official accounts of the discussion between Sir Charles Harding Permanent Foreign Secretary of the British Foreign Office, and the Kaiser, state that the former intimated that it was Great Britain's intention to practically double the German naval programme in a scheme to be announced next.

KAISER WAS AGREABLE.

The intelligence was frankly threatened out and the Emperor, in a most friendly spirit, declared that this policy would be regarded with entire equanimity by himself and his government.

It was also explained that the enormous expenses involved would probably be met by a large loan. In other words, the German government in time of peace, will make a heavy addition to the national debt, to pay current expenses. The government is not expected to be completely satisfied with the Liberal policy, but a series of balloon d'essai, which appeared in the Liberal press this week, make it clear that it will be stopped unless the popular contentions are overwhelmed.

VETERANS ENJOY OUTING ON RIVER

The annual mid-summer outing of the N. B. Military Veterans Association took place yesterday at the Wilton Hotel. The party assembled at 10 o'clock on the wharf at 9 o'clock and sailed on the Hampton. Besides the members and their families numerous other persons were in attendance. Those included the Hon. J. H. McGoldrick, Sprout and Willet. A pleasant breeze and a beautiful day made the sail all that could be desired. They arrived at their destination about 11 o'clock where the ladies took the boat and were driven to the grounds of J. H. McGoldrick. Orders were given to the men and a march to the grounds was led with Piper Gibson as leader. They arrived at the grounds about 12 o'clock and were met by the ladies. George Gorham was in command. Hon. Colonel Blaine, President Andrew Emery, Secretary James Hunter, A. B. Sprout, A. B. McGoldrick, Edward Sears and A. B. Willet also marched. At the grounds dinner was served, after which the usual games were enjoyed. Following are the results: Veterans' race, 100 yards dash—A. Winchester, first, winning an umbrella presented by James Hunter; J. R. Cox, second.

EMINENT MINING EXPERTS ON VISIT TO CAPE BRETON

Party of One Hundred and Fifty Having a Look at the Collieries Today

SYDNEY, N. S., Aug. 26.—The representatives of the N. S. Mining Society, accompanied by distinguished guests, arrived in the city by the late express last evening and were followed this morning at 4:30 by the representatives of the British and foreign mining and engineering representatives who came by special train. The latter remained on the train and the entire party proceeded at 9:30 this morning to Glace Bay where they will visit the various collieries after which they will be the guests of the Dominion Coal Company building. They return to Sydney at five o'clock and a smoker will be held in the Sydney hotel. Among the party are Mr. D. C. Fraser, G. H. Murray, Premier of Nova Scotia; Hon. C. P. Chisholm, commissioner of works and mines, the local and federal representatives. The party includes over one hundred and fifty. The city is decorated with flags and bunting in honor of the visitors.

Life.

THE BIRTH OF A SPANISH ROYAL BABY

The birth of a Spanish Prince is hedged round with many strange ceremonies, some of which must form a trying ordeal for a girl brought up amid the surroundings usual to a high-bred English family. Etiquette prescribes that crowd of eminent personages shall be in attendance to await the birth. Representatives of the aristocracy and of the political and diplomatic world gather together in an adjoining apartment, and accompanied by the Prime Minister, the latter carries the latest addition to the Royal family, and also to bear witness that no attempt is made to palm off a changeling upon the nation.

When at last the child is born it is carried by the Mistress of the Robes, on a gorgeous crimson velvet cushion and covered by priceless lace, into the presence of the grantees and handed to the Prime Minister. The latter carries it round the room for all to see and then returns the precious burden to the Mistress of the Robes, who in her turn restores the mite to its Royal mother.

ANCIENT ETIQUETTE.

Some of the rules of ancient Spanish etiquette die hard. Among these is that every thing in Madrid should be done by the day. For instance, after a death in a family, the Novenario must take place by day and daughters, or whoever the nearest surviving relations may be, are expected to hold the Desdela-las, to close their windows and remain solemn for nine days in their reception-rooms to receive the condolences of their friends, who visit them in mourning. As it is the custom to go to the theatre during the first two or three times they are subdued, it is impossible to remain so, and the party inevitably glide into a

Yield Is Placed by Some Experts as Low as Eighty Millions—In Certain Districts It Will be Only Eight or Ten Bushels to the Acre

WINNIPEG, Aug. 26.—The latest conservative estimates are inclined to put the total wheat crop at under a hundred millions, some experts placing the figure as low as eighty millions, while others run up to a hundred and fifteen million bushels. It is certain that the crop will be very variable according to the district and local conditions. Southern Alberta, for instance, on the other hand, grain suffered much from the prolonged drought of July and early August, which checked growth prematurely withering the straw before heads had well come out. Many fields thus affected will not run more than eight or ten bushels. Early frost has done damage to late grain in certain low lying localities and on heavy lands, and the total damage from this cause will be considerable, but the effect on the crop as a whole can only be ascertained as shelling returns come in from known or suspected frosted localities.

LONDON AT NIGHT.

There are few views which make as strong an appeal to the imagination as the view of London at night. Seen from some point that gives a view of the historic towers of Westminster rising into the purple sky, the long frontage of giant hotels illuminated from basement to top. The ugly features that crude daylight has forgotten, and the hum and bustle of the vast city reach one's ears and soothe the soul. It is the London of Whistler, and Turner, and aspect of their own city which many Londoners know nothing of.

Bacon: Did you see that your friend had lost his position?

Robert: No, I didn't know it. I read the fire record too—Yonkers Statesman.

CHANGING AT COURT.

The advent of an English Princess to the Spanish Court has resulted in great improvements in the gaiety of the palace, where those in constant attendance had found the atmosphere stifling and the hours of the day long. Queen-Mother, Queen Christina, who reigned as Regent, evening dress was unnecessary, but under Queen Victoria Eugenie a general brightening of social life has taken place. The market frocks and the best of the family jewels only are displayed, while full dress is always worn in the evening.

Innovations are seldom popular, and the steady dowager, recalling the different State of Queen Christina, complain of the disturbances to which their declining years have been subjected. Quinine the voice of the aristocracy, card parties, and Court dances are enjoyed very much by those members of Madrid society who are sufficiently sprightly to recognize the right of youth to social relaxation.

While music and bridge help to pass many evenings at the Spanish Court, Her Majesty has also introduced the English custom of afternoon tea, and delights in paying surprise calls at four o'clock. At first this somewhat embarrassed the seniors, but now that the underland the amiable young Queen requires nothing more than a simple welcome they are delighted, and even enjoy the departure from the requirements of Spanish etiquette.

BIG A. O. H. CONVENTION WAS OPENED HERE TODAY

A Fine Parade to the Cathedral, Where Service Was Held— Official Welcome and Reception at the Assembly Rooms

The Ancient Order of Hibernians in New Brunswick and Nova Scotia will open their annual convention here today. This is the first time in the history of the order that the convention has been held in St. John. The Auxiliary will also hold their convention at the same time.

All through yesterday large numbers of delegates arrived by the different trains and boats. The Prince Rupert brought a large party from Nova Scotia. The Hibernians were met by a strong reception committee, which Sergeant John Daley is chairman, and escorted to the different hotels and boarding houses. Among those arriving were E. J. McManus, Halifax; Rev. J. McLaughlin, Moncton; Rev. J. McLaughlin of Richibucto, provincial chaplain; Hon. F. J. Sweeney, Moncton; Hon. John Morrissey, Chatham; Michael McDade, past provincial president, who organized the order in this province, will also be present. Miss McCarty of Woodstock, provincial president, is here to preside at the Ladies' Auxiliary meetings. She is visiting Mrs. M. T. Cavanaugh, county president. Miss Carrie Caldwell, Woodstock, president of the division there, also arrived in town. She is the guest of Miss Gertrude McCarty, provincial secretary. Both conventions will be held in the assembly rooms of Keith's Theatre. The Hibernians will occupy the rooms at the right, while the ladies will hold their meetings in the rooms to the left. All the rooms have been handsomely decorated.

The Ladies Auxiliary will open their convention in the afternoon with addresses by Miss McCarty of Woodstock, provincial president, and Mrs. M. T. Cavanaugh, county president.

Thirty divisions will be represented at the convention. The complete list could not be obtained last evening. The officers who will be present are: P. J. McManus, president, Halifax; Rev. J. McLaughlin, chaplain; Hugh P. Hamilton, treasurer, Moncton; John H. McCloskey, secretary, St. John. The delegates from the North Shore include: Campbell, Patrick O'Leary and William Arsenault of Moncton; M. Shannon, Newcastle; Patrick Hennessey, John Fallon, T. H. Whalen, E. J. Morrisey, Barnaby River, Wm. Goggin, Blackville, Thos. Doherty, J. P. Carthy and James Quinn; Chatham, W. P. Cassidy, Patrick Mulhearn, William Moran, Nelson Patrick Sullivan, about seventy of a party arrived from Halifax. The delegates are: P. B. Downey, president; F. W. Smith, Fudge, B. G. Mulcahey and J. H. McManus. The remainder of the divisions will be well represented.

The following are the delegates to the ladies' convention: Woodstock—Miss Margaret W. Hughes, county president; Miss Carrie Caldwell, Miss Kate Scott, Miss Annie Riordan, Miss Minnie Hall and Miss Mary McDade. Moncton—Miss Ella Fogarty, Miss Rose McArdle, Miss Susan Sullivan, Miss Agnes Hogan, Miss Kate Fitzpatrick, Miss Lucy Fitzpatrick, Miss Alice Joyce, Mrs. Mary Joyce and Mrs. Richards. Halifax—Mrs. P. J. McManus, Mrs. F. W. Smith, Mrs. Sullivan, Miss McCarthy and Miss Schlan. Chatham—Mrs. J. F. Connors, Miss Mae Ryan and Mrs. D. Fraser. Milltown—Miss Annie Cronin, Mrs. W. J. Graham, Miss Annie Shannon, Mrs. McGoldrick, Miss Cecelia Osborn, Miss Mary Carroll. St. John—Mrs. M. T. Cavanaugh, Mrs. J. T. Sheehan, Mrs. E. Peters, Mrs. James McCarthy, Miss Winnie MacNeill, Miss Mary Audrey, Miss O'Brien.

All members in good standing are requested to be present at the convention. This evening the ladies' auxiliary will entertain the Hibernians to a reception taking the form of a dance in the assembly rooms of Keith's Theatre. Each member of the auxiliary is invited to bring one lady. The City Cornet band will be in attendance at the dance and will furnish suitable music. At 8:30 o'clock this morning the Hibernians met in Keith's Theatre and paraded to the Cathedral.

Leading the procession was Thomas Sullivan, the Grand Marshal, mounted. He was followed by the City Cornet Band. Then came the Uniform Rank and A. O. H. Cadets. Following the Cadets were the subordinate members, and barouches occupied by the officials of the order. The procession was a lengthy one, and was one of the most creditable seen in the city for some time. The Cathedral was filled with a most attentive congregation. His Lordship Bishop Casey celebrated high mass. Rev. Father Meahan was Deacon; Rev. Father O'Keefe, Sub-Deacon; Rev. Father Duke, High Priest, and Rev. Father McLaughlin, Master of Ceremonies. Rev. Fathers O'Neill and Chapman were also in the sanctuary. After high mass Rev. J. J. McLaughlin, of Richibucto, preached a most eloquent sermon. He took his text from St. Luke 14th chapter 4th verse, and the subject was: "Deceive thy sight and thy faith shall be loved."

As said that a person might pray anywhere, but it is good to go up to the temple and pray. The Pharisee comes up and says: "I thank thee because I am not like the rest of men. The rest are sinners with all certain, that men can commit. The Publican stands in the back of the church with his head bowed, and says: "Oh Lord, I am a sinner." His heart is contrite. The preacher told of the Lord meeting the blind man on the way to Jerusalem and of restoring sight to the unfortunate. He asked his hearers to pray the confident prayer of the blind man and obtain the intangible will of God. The reverend gentleman preached a most able sermon and asked his hearers to pray for St. Patrick and the Virgin Mary who take care of the first people.

After the sermon His Lordship Bishop Casey made a brief address in which he complimented the organization on their excellent showing, and said that the A. O. H. was a body of great importance. During the service Organist Landry rendered Irish airs on the organ. The service took about an hour and a half and at its conclusion the procession reformed in front of the church and proceeded to the Keith Theatre via Richmond, Brussels, Union, Sydney, King Square, King St., Dock, Union and Peel Sts. Before breaking ranks the Knights were photographed. In the Keith Assembly rooms the committee had everything well arranged. A stage was erected and very prettily decorated with palms and green and white bunting. W. L. Williams, the president of the order, presided, and the rooms were crowded with ladies and gentlemen. In a brief address President Williams introduced His Worship Mayor Billock. With a happy smile His Worship extended a hearty welcome to the delegates and said he hoped that there would be a pleasant and most profitable session, and that their deliberations would be seasoned with wisdom, and would bring every man to his highest and best. He spoke of the society's constitution of friendship and unity with Christian charity, which deserved through recognition and the best that the city could give it. He said it would be proper for all who belong to the church to join such an excellent order as the A. O. H. The mayor was followed by Joseph Herrington, the president of the C. M. B. A., who on behalf of the order which he represented gave a hearty welcome to the delegates to the city. He said that the A. O. H. were a little more Irish than the other societies, and were doing a good work in teaching the young to remember Irish history. The Irish have taken first place in history, but while we are Irish, he said, we must remember we are Canadians first, and that there is nothing in the laws of the judges that will conflict with anything in the constitution of the A. O. H. Hon. R. J. Ritchie, of the Irish Literary and Benevolent Society, was the next speaker. He said that the different societies may not agree in all things, but they do agree in many things. The A. O. H. is more essential than many other organizations because it is a national organization and turns its attention to Irish history and thought. "When the Irish feeling grows cool, Catholicism grows cool." When the Irish went abroad they were as apostles, and like Champlain at Quebec, planted the cross and taught their religion. While it appeared that the Irish were wronged in leaving their country it was in a way a blessing for the Catholic people, as it afforded them an opportunity to spread Christianity. He thought it would be well for all Irish societies to have a federation of Catholic organizations, and that it would be when Ireland will enjoy the rule of the Catholics who live under the British flag in Canada. Irishmen are proud of their country, but they are proud of Canada, as are Canadians, may are the freest people under the canopy of Heaven. Dr. McDonald, Knight Commander of the Knights of Columbus, was the next speaker. He welcomed the delegates to the city and congratulated the order on its fine appearance this morning. He extended an invitation to the delegates to visit the quarters of the K. of C. on Charlotte street. Vice President McManus, of Halifax, was next called on, and made a brief but able address, thanking the mayor and other for the welcome extended to the delegates. He spoke of the work of the order and said he expected the session would be most profitable one. H. F. Hamilton, of Moncton, the Provincial Vice President, and Michael McDade, the ex-Provincial Vice President, gave excellent addresses and the reception was brought to a close. The delegates will commence convention work this afternoon.

CHILD FATALLY BURNED

HALIFAX, Aug. 24.—Dillie, aged three years, daughter of Frederick Hill, was seriously and probably fatally burned while playing with matches while in bed at her house on Cornwall street. Her father was in an adjoining room, and though he rushed quickly to the rescue of the child, he was unable to reach her before she was horribly burned about the lower portion of the body.

LADY BALFOUR'S KINDNESS

Lady Blanche Balfour, the mother of Mr. Balfour, was once hurrying to catch an afternoon train for her home, when she noticed a child weeping piteously in the street. Lady Blanche at once stopped and inquired the reason of its distress and the little one sobbed out that her mother was dying and that they were all starving. She took the child to her home and nursed it with her own milk, and she was the kindest-hearted of women, but all thoughts aside of catching her train and went instead with the child to ascertain if the mother was true. It proved to be so, one of those terrible tragedies of human life where the dying widowed mother was troubled in death by the nature of her child. Her visitor, however, reassured her, and promised to care for those helpless beings left behind to face the promise of life. Lady Blanche kept her word, and took an active interest in her proteges and finally started them in various useful professions.

MAJORITY OF MINISTERS FAVOR ELECTION IN FALL

Meeting of Cabinet Today Will Likely Decide Question

Elections Will Probably Be Held in October or November

Sir Wilfrid Laurier Back in Ottawa Greatly Improved

OTTAWA, Aug. 24.—Sir Wilfrid Laurier came back to Ottawa this afternoon looking greatly benefited by his holiday. Many of the other cabinet ministers are in the city, and all the rest but Mr. Pennington will be here tomorrow to attend the meeting of the council which has been called. There is no doubt the question of going to the country will be tentatively settled. In fact it is settled now, as a majority of the government favor an appeal to the country this autumn and the chances are ten to one the appeal will be made. This is well understood by both sides, as the political activity throughout the country indicates. However, there will be no dissolution of parliament and no definite announcement of an election date immediately. The election will probably take place in October or November, and there is ample time still for dissolution.

JEROME NOT GUILTY, INVESTIGATOR SAYS

Charges Against Him Disproved

REPORT SENT IN

Jerome Has Discharged Duties of His Office With Zeal and Ability

ALBANY, N. Y., Aug. 24.—Richard L. Hand, of Elizabethtown, was appointed by Governor Hughes to take testimony and report his findings upon the charges laid against District Attorney Wm. Travers Jerome, of New York county, by a minority stockholders' committee of the Metropolitan Street Ry. Co. in a report submitted to the governor today. He said that not one of the series of charges is proved, but that all are disproved upon the evidence and the recommendations of the committee. A request was made for Mr. Jerome's removal. Governor Hughes has not acted upon Commission No. 100.

FRIENDLY TIP

Restored Hope and Confidence

After several years of indigestion and its attendant evil influences on the mind, it is a very surprising fact one finally loses faith in things generally.

ROCHESTER, N. Y., Aug. 25.—The Grand Lodge of the International Order of Good Templars opened its annual convention here this morning with about 300 delegates in attendance. The day's session was a busy one, with reports, committees, conferring of grand lodge degrees, and memorial exercises.

WIFE OF ARMY MAN FOULY SLAIN IN WOOD

Body Found in Desolate Portion of Woods Outside of London

MOTIVE ROBBERY

LONDON, Aug. 24.—The wife of Major-General Charles Edward Luard was mysteriously murdered today in a desolate woods near Seven Oaks, which is a short distance outside London. No trace of the murderer has been found, but the motive apparently was robbery, valuable rings having been taken from the woman's fingers.

ACADIA COLLEGE

The supplementary report of the Board of Governors of the Acadia University was submitted by H. B. Oakes. The committee advised that the university is prepared to do two years' work in the line of theological preparation leading to the B. Th. degree. This course will have to be considerably modified in order to meet the requirements of the students.

WOLFVILLE WILL ESTABLISH FULL THEOLOGICAL COURSE

Report Adopted This Morning Will Lead to Establishment of a Course Qualifying Students for Degree of B. Th.—Field Secretary for University—Report of Historical Committee Turned Down

Another important session of the Maritime Convention was held in Wolfville church this morning. The leading feature of the morning was the adoption of a report which will lead to the establishment of a full theological course at Wolfville leading to the degree of Bachelor of Theology. The report of the historical society which was presented was only partially adopted, the convention refusing to receive the complaint that several sections were not sending in their records and that no "reproof" receipts were being provided for the archives and the recommendation that this should be done.

WOLFVILLE WILL ESTABLISH FULL THEOLOGICAL COURSE

The report of the Laymen's Missionary Movement was laid out in general scheme for re-organization and the promotion of the work. They urged that the desired standard of giving be put at an average of \$400 per annum per member.

WOLFVILLE WILL ESTABLISH FULL THEOLOGICAL COURSE

The second section recommending that a professor of theology should be secured was finally passed. The third section was not adopted. The fourth section which recommended that if the extra \$1,000 be raised it should be devoted to extending the course to qualify the students for the degrees of B. Th. was then adopted.

WOLFVILLE WILL ESTABLISH FULL THEOLOGICAL COURSE

Rev. E. J. Grant, of Hampton, moved that a field secretary be appointed to canvass for funds for the college and also to contact with young men to encourage them to enter the college to prepare for the ministry. Dr. Calhoun suggested that such an office be given to the power to solicit for the ministers' education fund as well.

The largest of the Mexican pyramids that of Cholula, has a base measurement of 1,688 feet and a height of 173 feet. The great pyramid of Cheops, stands on a base each side of which was originally 756 feet long, but owing to the removal of the casing, it is now only 746 feet. Its height, according to Wilkinson, was originally 460 feet 9-inches, its present height being 460 feet.

A SURGICAL OPERATION

If there is any one thing that a woman dreads more than another it is a surgical operation.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

For proof of this statement read the following letter.

Mrs. Letitia Blair, Cannifton, Ont., writes to Mrs. Pinkham:

"I was sick for five years. One doctor told me it was ulceration, and another told me it was a fibroid tumor, and advised an operation. No one knows what I suffered, and the bearing down pains were terrible.

"I wrote to my sister about it, and she advised me to take Lydia E. Pinkham's Vegetable Compound.

"It has cured me of all my troubles, and I did not have to have the operation after all. The Compound also helped me to pass safely through Change of Life."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains and backache.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

Dr. Calhoun suggested that such an office be given to the power to solicit for the ministers' education fund as well.

The annual report of the Home Mission Board of which printed copies had been distributed, was read by Rev. I. W. Porter, the corresponding secretary. The following is a summary of the year's work which is included in the report:

Three hundred and thirty-two members have been added to our Home Mission churches—two hundred and forty-five by baptism. Seven fields appear on our list that were not there last year. For the most part, this is the result of a better arrangement for aggressive work. Six new houses of worship have been obtained and there has been some advance in securing parsonage properties. Thirty fields have had pastoral care for the full year, and several have been obtained for the remainder of the year. There seems to be some tendency toward greater permanency in the pastoral relation. This may be partly due to an improvement in salaries. With slightly fewer weeks of labor this year than last, the Home Mission churches have contributed \$1,500 more for pastoral salaries. Some veteran workers have considered it wise to retire, it may be permanently, from regular pastoral relations. Spiritually, the year has been a most successful one for our fields have been blessed with extensive revival movements, and opportunities for work along this line seem very promising.

The committee advised that the university is prepared to do two years' work in the line of theological preparation leading to the B. Th. degree. This course will have to be considerably modified in order to meet the requirements of the students.

The committee feels that nothing must be done to impair the efficiency of the arts departments, but feel that the proposed course will be not only a medium of culture, but will better equip the students than the B. A. degree alone.

In addition to the foregoing report the board gave a list of the subjects already prepared for the two years' course now established. At present there is available the interest on \$4,000 of the Payzart bequest, which will be increased by \$10,000 on the death of Mrs. Payzart.

The present income with not less than \$1,000 additional would be sufficient to provide a teaching force to carry the students through the entire course and qualify them for the B. Th. degree.

The board expressed its willingness to carry out the will of the convention in this matter as soon as the funds are forthcoming. It is felt that, at next year's convention, it is found that the con-

DOYLE IS ARRESTED FOR INTERFERING WITH OFFICER

SUSSEX, Aug. 24.—Hanford Doyle, charged with interfering with an officer in the discharge of his duties, was up before Magistrate Hornbrook in the police court here today. Constable Aspinall gave evidence which went to show that the prisoner resisted violently when he was being arrested and he had to call help to hold him. The case was set aside until Saturday at 2 p. m.

MOOSE PAY CALL TO HAMPTON TOURISTS

HAMPTON, N. B., Aug. 24.—Two moose made a visit to Hampton this morning, one a fine bull, was of immense proportions, but both appeared to be in rather poor condition. They had swam across the river from the Boston side and leisurely walked about apparently looking for suitable feeding grounds which they eventually found in Mrs. Hayward's pasture. Their presence caused a good deal of interest, but owners of ripening grain and growing garden truck expressed the hope that they would extend their journey before night without further search for local provender, but they were still enjoying themselves in the pasture late this afternoon.

SEE THE IRON WORKS AND THE COAL MINES

Foreign Mining Men on a Visit to Sydney and Glace Bay

SYDNEY, N. S., Aug. 26.—Representatives of the Nova Scotia Mining Society, accompanied by over 150 of the most prominent mining men in the United Kingdom, Germany and Belgium, visited Glace Bay this morning, where they were the guests of the Dominion Coal Company. The visiting mining experts, accompanied by James Ross, president of the Dominion Coal Company; General Manager G. H. Duggan; Alex. Dick, general sales agent; Superintendent of Mines Charles Fergie; Lieut. Governor Fraser, G. J. Coll, president Nova Scotia Mining Society; A. C. Ross, M. P., Prof. Sexton, Mr. J. Gillis, M. P., and others, visited Dominion mines two, nine, seven and six collieries and expressed themselves as greatly pleased with the evidence of the development of the coal industry in Cape Breton.

THEIR VISIT TO THE IRON WORKS

The party were the guests of the steel company at luncheon at the technical school building and returned to Sydney at five o'clock. The visiting mining men were guests of the Nova Scotia Mining Society at an informal smoker this evening at the Sydney Hotel. The visitors were welcomed by Lieut. Governor Fraser on behalf of the province of Nova Scotia and G. J. Coll, president of the Nova Scotia Mining Society on behalf of that organization. Tomorrow the visitors will be the guests of the Dominion Iron and Steel Company. They will visit the steel plant at ten o'clock and will have luncheon served at the steel company's dining room. Tomorrow evening they will be the guests of the steel company at dinner at the Sydney Hotel.

THE GERMAN AND BELGIAN MINING EXPERTS WHO VISITED THE COAL MINES WERE PARTICULARLY STRUCK WITH THE EVIDENCE OF THE GREAT DEVELOPMENT IN COAL AND STEEL INDUSTRIES AND ARE CONVINCED AT THE MAGNITUDE OF THE WORKS OF BOTH THE COAL AND STEEL COMPANIES.

PREFERENTIAL TRADE A CERTAINTY BETWEEN CANADA AND AUSTRALIA

Australian Government Will Soon Take Up the Question, Declares Commissioner Ross—Will Greatly Increase Trade Between Two Countries—Australia Ready to Take Our Lumber—Antipodes Determined to Remain White

Winnipeg, Aug. 25.—The Australian trade commissioner of the Dominion of Canada, Mr. Ross, declared today that the Australian government will soon take up the question of preferential trade between the two countries. He said that the Australian government is ready to take our lumber and that the antipodes are determined to remain white.

Mr. Ross, who is in St. John, N. B., on his way to Sydney, N. S., declared that the Australian government is ready to take our lumber and that the antipodes are determined to remain white.

HE MAY BE AN HEIR TO MANY MILLIONS

Louis J. Lambert, of Lewiston, Me., Claims Vast Property in Quebec

Lewiston, Aug. 25.—Louis Joseph Lambert, one of the oldest French residents of Lewiston, believes that he has succeeded in securing evidence to establish his title to property in the city of Quebec which is claimed to be worth about \$2,000,000.

Mr. Lambert will be 80 years old in October. For the last 40 years he has been trying to establish his claim to the property in question. It was originally owned by his great-grandfather, Louis Gabriel Lambert, upon whose death it passed into the possession of his son, Col. Louis Joseph Lambert, a grandfather of the present claimant.

Col. Lambert was an officer in the French army. His wife also owned 100 acres of land in Quebec, inherited from her father. In 1765 Col. Lambert gave a large property to the French army, and later considerable of his property and that of his wife was confiscated upon his death. His business affairs were in a very complicated and unsettled condition, and they have never been straightened out since. His son, Louis Ignace Lambert, father of the present claimant, never benefited by his father's property.

In 1877 \$100,000 was realized from the sale of the Lambert estates, and it was proposed to divide this between the English and French churches of Quebec, as the rightful heirs of the property were not known, but this division was not allowed by the private creditors. In this same year it was decreed that the property and its earnings belonged to the descendants of Col. Lambert.

Ignace Lambert, son of Col. Lambert, had three sons and a daughter. The sons were Ignace, Francis, and Louis, who lives in Lewiston, is the only survivor of the sons, though the daughter is still living. Mr. Lambert's father lived to be 95, and his grand-children are now all dead. Mr. Lambert is certain of his ability to prove his claim. He has the marriage certificate of Col. Lambert and his wife, records of the births and deaths of descendants and other valuable papers.

The property is situated in the heart of Quebec, the Chateau Frontenac and the Plains of Abraham being included in it. The relatives of Mr. Lambert have been ordered to meet in Quebec on Sept. 8 to finally adjust the matter. Mr. Lambert has three children, former City Clerk William Lambert, Louis Lambert, and a daughter, Mrs. T. H. Croteau, with whom he lives.

The following resolution was adopted: Whereas the majority of sentiment in the provinces of New Brunswick and Nova Scotia seemed to call for more stringent temperance legislation, and whereas the New Brunswick Temperance Federation and the Nova Scotia Temperance Alliance are making special efforts to secure prohibitory measures for these provinces, Therefore resolved that the Disciples of Christ assembled in annual convention heartily endorse the action of these bodies and co-operate with them in all possible ways in their efforts to procure such legislation.

DISCIPLES OF CHRIST IN ANNUAL SESSION

Convention Held at Deer Island Discusses the Union and Other Questions

Lewiston, Aug. 25.—The annual convention of the Disciples of Christ in New Brunswick and Nova Scotia was held at Deer Island, N. B., on Aug. 21-24. There was a large delegation present and the meetings were enthusiastic and profitable. Two prominent speakers were present from the States, Rev. W. R. Warren, Centennial Secretary of Pittsburg, Pa., and Miss Mattie Pounds, Superintendent of children's work, Indianapolis, Ind. Their addresses were very helpful to the convention. Rev. J. F. Floyd, of St. John, presided over the business meetings of the convention, and Mrs. Dr. Murray over the sessions of the Christian Women's Board of Missions. The reports from the churches and mission fields were encouraging and showed substantial progress. The amount of money raised at the convention for all purposes was double that raised last year and was the largest in the history of the convention. The evangelist for the Maritime Provinces, having resigned, another evangelist was being employed, Rev. H. H. Clark, of Salem, Ohio, who will be in the present circuit beginning next week. Arrangements were made for work and the improvement of the "Disciples" pushing the evangelistic Christian.

Resolutions prepared by the joint committees of union appointed last year by the Baptists and Disciples of Christ were discussed at considerable length. The preamble, which contained some statements of doctrine which did not fully meet the approval of the convention, was dropped, and the recommendations of the joint committees were adopted without change. A standing committee of twelve was appointed by the convention to carry out these recommendations.

The following were the officers elected for the present year for the Maritime Christian Union Society: Rev. J. C. B. Appel, Vice-President; J. S. Flagler, Secretary-Treasurer. Therefore resolved that the Disciples of Christ assembled in annual convention heartily endorse the action of these bodies and co-operate with them in all possible ways in their efforts to procure such legislation.

ST. LOUIS JUDGE HAS CLOSE CALL

Wanders Two Days in Mountains Without Food or Shelter

ESTES PARK, Colo., Aug. 26.—After wandering helplessly and dangerously for nearly 48 hours, Judge Rodrick Emile Rombar, a St. Louis jurist and author, staggered into the Drake Hotel today. For two nights and days the judge had been vainly seeking the trail.

Afraid to lie down for a rest, lest he would freeze to death, he had kept constantly going since he separated from the party with which he started for Hallet Glacier, to make the ascent of Hagues Peak, Monday at noon. The judge is believed to have wandered thirty miles or more.

Although he is 74 years old, and was in a dangerous state of exhaustion when he found shelter Friday, it is said that with careful nursing he is sure to recover speedily.

A quiet but pretty event took place on Thursday evening in the Portland Methodist parlour, when Rev. Mr. McLaughlin united in marriage Fred Wilson to Miss Timmie G. Little, daughter of Mr. and Mrs. Joshua Little. Miss Annie May Homan was the bridesmaid, while Charles Logue was best man. The happy couple will reside in this city for the present at least.

The yacht *Scolonia*, Commodore Robert Thomson, sailed yesterday afternoon on a cruise down the Bay and along the Maine coast, going as far as Boothbay. The guests on board are Dr. Merrill, John A. Calhoun of Savannah, Heber S. Keith, Horace King and Alfred Porter.

C. W. Ruddick, in the Bank of New Brunswick here, left yesterday afternoon on the *Ocean Limited* for Campbellton, where he has been transferred. Mr. Ruddick's many friends, while regretting his departure from the city, will be pleased to learn of his promotion. T. Graham is filling the position of teller left vacant by Mr. Ruddick—Moncton Times.

Mr. and Mrs. C. B. Adams mourn the loss of their second son, Theodore Charles, aged two and a half years, who died on Saturday afternoon of heart failure following an attack of diphtheria. He was ill but a few days. He was a particularly bright child, and much sympathy is felt for the bereaved parents. The funeral took place yesterday afternoon at four o'clock from the home, corner of Germain and St. James street. Rev. Gordon Dieke conducted the service and the interment was in Parkhill.

A divorce case in which a St. John man and woman are to be the principals is to be docketed for the next session of the supreme court. The wife is the petitioner in the case. For some time she and her husband lived on Paradise row, but the husband is now out of the city. Part of the evidence in the case is said to be highly interesting in their way.

W. E. Anderson, secretary of the Board of Trade, this morning received a telegram from D. H. Ross, Canadian Trade Commissioner at Melbourne, Australia, stating that that gentleman would be in St. John tomorrow and would be glad to meet interested exporters at the Board of Trade on Wednesday. The telegram was sent from Halifax.

The belief is expressed in Havana that the newly formed Boston & Cuba Steamship Company has a great future before it. The line is expected to make a large portion of the intramutual trade from England to Cuba. F. F. Doody, one of the managers of the enterprise, has returned to the city to prepare for the next voyage of the steamer *Talisman* to the South. She is scheduled to leave here about Aug. 27—Boston Post.

Dr. Moran arrived in town yesterday, having spent Sunday at his old home in St. Martin's. He reports tourists to be in St. Martin's this season, and being far in excess of any previous year and states that many arrivals are expected there during the remainder of this month and in September.

SUNDAY

Says a Regina, Sask., despatch:—At a meeting of the Board of Governors of the University of Saskatchewan, held here, Professor Walter C. Murray, of Dalhousie, Halifax, was unanimously chosen President of the institution. Professor Murray, who was in the city, upon being sent for, was formally offered the post, and accepted.

An accident which might have resulted in a drowning took place on Saturday at Hatfield. Two boys, Arthur Steele and Warren Douglass, went out in a boat, when young Douglass, in leaning over the side, fell into the water. He could not swim and cried loudly for help. Young Steele held onto him by an oar until help arrived from the shore. Both boys are about ten years old. Young Steele, who is a son of James Steele, is justly proud of his efforts to save his comrade.

A likely fatal accident occurred at Moore's Mills yesterday. Arthur White, who was working on a building at the place, fell from a staging to the ground a distance of about twenty feet into a ditch. One of the loose staging planks fell, striking him on the forehead, rendered him unconscious for some hours. His recovery is still in doubt.

A meeting of the Liberal Conservatives at St. Stephen yesterday afternoon decided to hold the county convention in St. Stephen September 3, when a candidate will be nominated for the House of Commons.

West Middlesex Conservatives yesterday nominated Robert McLaughlin, cattle dealer, for the commons, at a convention held at Gloucester.

Hon. Geo. E. Foster addressed a large meeting at Summerside last night on the political situation in Canada.

Another example of the bad condition of some of the roads in the vicinity of the city was shown last evening when a local automobile owner was coming to the city on the Loch Lomond road. About half a mile this side of Barker's he struck a big hole in the road with one of his machines flying to the other side of the road. The banks were applied, but the main

spring of the machine was broken. No injury was sustained by the owner. The accident might have been more serious and persons should be on the look-out for the hole.

TUESDAY

Mrs. Thomas Killen of 224 Sydney street met with an accident last week as she was getting off the ferry boat at West St. John. As she was stepping ashore she tripped and fell. She was somewhat hurt, but was able to continue on her way to Spruce Lake. On arriving there, however, she was taken ill and Dr. Ellis was summoned to attend to her. She was much taken up as the result of the fall, but is now improving.

Word has been received here concerning the accidental death of A. T. Morse, which occurred at Chateaufort, Ont., August 17th. Deceased was in his fifty-seventh year and had many friends throughout Quebec and the lower provinces. Mr. Morse has been engaged in railroad contracting for some time and was a heavily interested financially in western Canada real estate.

Mr. and Mrs. Aaron Ferry of Sumnerland, B. C., are in St. John in attendance at the Baptist convention. Mr. Ferry is professor of English literature in Okanagan College at Sumnerland. He expects to leave for the west tomorrow evening.

The decorating of the seaman's graves yesterday was successfully carried out, thanks to the very large number of friends of the men of the sea, who so kindly sent in an abundance of beautiful flowers. At the marine lot the numerous graves were marked by a bunch of flowers. The large anchor which marks the centre of the lot was entwined by garlands of beautiful flowers and vines.

WEDNESDAY

A quiet wedding took place yesterday at St. Peter's church, in the presence of the immediate friends of the bride and groom, when Miss Rosemary Mehan of Douglas town was married to John Hurley of this city. Rev. Father Murphy presided at the ceremony. Michael Hurley, brother of the groom, acted as groomsmen. The bridesmaid was Miss Mary Legoria Lunney. Among the many presents given to the happy couple was a fancy clock presented by the Newman Brook Club, of which the groom is president.

There is now on exhibition in the window of Miss Ballentine's store at Woodstock, a silver cup of very beautiful design, presented to the Westfield Outing Association by E. L. Jarvis as first prize in the association motor boat race, which is to be run off on Saturday afternoon, August 29th, 1903. Mr. Jarvis' gift is greatly appreciated by the motor boat owners, and there promises to be a very exciting and lively race, as there are sixteen boats eligible for the race.

A pretty wedding took place on the 19th inst. at Trinity church at 6:30 o'clock, when Rev. R. A. Armstrong united Miss Nellie M. Gagnon and Arthur Calvin Inglesfield, both of London, England. The bride was dressed in cream and the attendants were the bride's sister and Chas. Norpon.

Rev. Fr. Brougall, who has been in St. John during the week, left on yesterday's noon train for Memramook. Fr. Brougall is very optimistic about the future of Saint Joseph's and states that next year will be a banner one for the university. All the old students are expected to return and there will be in addition a large number of new ones. There will be eight or thereabouts from St. John. During his short stay in the city the reverend gentleman has made many acquaintances. He was present at the organization of the St. Joseph's Old Boys' Association, and was much interested in its formation.

THURSDAY

Emile Gagnon, chief clerk of the collection department of the International Harvester Company's office in this city has resigned and will leave tonight for his home in Rimouqui, Que., where he has accepted a position as accountant with a prominent fire insurance company. During his three years' stay in this city, Mr. Gagnon has made many friends who greatly regret his departure from St. John. He was leaving the office staff presented to Mr. Gagnon a fountain pen, gold mounted and engraved with his initials.

Valdemar Poulsen has started new and interesting experiments with his wireless telegraph in connection with the forthcoming service between the west of Ireland and Canada. Poulsen thinks he can easily send 100 words a minute by the new apparatus.

The marriage of Brewer Fowler of Wolford and Miss Lillie M. Leveson of Gagetown took place yesterday afternoon at the residence of the officiating clergyman, Rev. W. E. McIntyre, King street west. After the ceremony Mr. and Mrs. Fowler left for Wolford, where they will reside.

A very pretty event took place last evening at the residence of Rev. W. Watson Fisher De Mill, of this city, when a train for Boston was started late today when they saw a sectionman stab a fellow-workman. The two men, Patrick Collins and Joseph Ross, were on the Boston and Maine track near the local station and had been engaged in a violent quarrel. Suddenly Ross drew a knife and it is alleged, stabbed Collins in the chest. The baggage master rushed to the scene and separated the men and held Ross until help arrived, when Ross was arrested. He was taken to a hospital in Portsmouth, where it was stated that he probably would recover. The cause of the quarrel between the two men is not yet known.

For sixteen years the name "Salada" has stood for the maximum of quality, purity and flavor in blended Ceylon Tea, so that the only thing you need to look out for is the "Salada" label on every package of tea you buy.

Eastport reports are to the effect that immense schools of pollock are in the water of the harbor and are being taken in large numbers at the weir, catches averaging 800 fish being recorded. The pollock are after the herring which are abundant just now. The record catch up to date has been made at the weir of George McDonald, Kanda's Head, where on one evening recently, 2,800 fish were taken. The pollock bring a good price in the Eastport markets and the fishermen are making good money.

A horse that promises to become a lively animal for the fire department has been purchased for the same purpose. He is named immediately. He kicked and plunged until he broke open the stall door and with a single bound leaped over the front of the building. When he struck the main door he became bewildered and in trying to check his speed, slipped and fell against it. He was quickly got on his feet and was placed back in his stall.

A vigorous protest against the holding of boxing exhibitions in the city was made by the ministers attending the Methodist financial district meeting held in Zion Church yesterday, and Mayor Binlock agreed that he would refrain from granting a license for further exhibitions.

It is understood that Solicitor General McLeod, who lately made a fishing trip to the headwaters of the Little South-west River, has been visited by a flagrant game law violation carried on in that vicinity during the past summer. He will report the matter to the Surveyor General and it is likely that prosecutions will follow. It is pretty generally understood that while North Shore game wardens have been active on settlements who violate the law, the big game has been able to get off in a coach—Herald.

A peculiar and very sad accident occurred in Milltown on Tuesday evening last. B. H. Kerr had returned from the field with a load of hay and was hoisting it by the aid of a horse. His little girl, three years old, had held the reins as the horse moved out into the yard. Some of the gearing caught suddenly and the horse was jerked back with such force that it fell on the little child, crushing its life out instantly. Some cuts were found on the little one's head, but death had been caused by the rib penetration. The parents are prostrated by the sudden blow—Beacon.

DIGBY, N. S., GIRL WEDS A CHINA-MAN.

BOSTON, Aug. 26—Nathan Barnett, a Justice of the peace, yesterday married Miss Lee, a Chinese girl, and a daughter of a Chinese merchant, and then, over the quips sprinkled through our quiet atmosphere by your members. My own success in appreciating those who pass them off as my own has made me feel that I am almost entitled to a union card in your order. May you always be the best of good wishes, gentlemen. You are the true specialists in dyspepsia. Charity is born of a good, hearty, honest heart. I wish you, collectively and individually, all success. I am sorry that I cannot attend your association. I hope to receive you again some day at my home.

ADVERTISING MEN

HOT AFTER FAKERS

Will Soon Have Rogues' Gallery of Liars Who Discredit Profession

KANSAS CITY, Mo., Aug. 26.—Smith B. Quail of Cincinnati, president of the Associated Advertising Clubs of America, addressing the delegates at the opening session of the annual convention of the organization here today, said:

"We have taken advanced ground upon the subject of fraudulent advertising. We are now in a position to prosecute every advertiser who sells false advertising. We will ask you to support a resolution providing for a sworn circulator statement from every advertiser in his new plan would have entirely modern buildings, in the designing of which the greatest attention had been given to safety, space, convenience and light. The buildings will be grouped about the power house of the old plant, which was untouched. By the first brick walls and cement floors are to be used through the buildings, which will be one story in height. The two main buildings are to be each two hundred feet long with monitor roofs for the purpose of obtaining all the light possible.

The erection of the new building is to be commenced at once and it is expected that they will be completed in six or seven weeks. Mr. Fisher said that the company was influenced to rebuild in Sackville by the facts that its power house was practically intact and its expert workmen who had been in the company's employ for years all resided in Sackville. The decision to build only one story, good pay, work and the result of the tendency of today to have all machinery upon one floor and also to avoid falling floors in the event of fire. Railway sidings are to be laid into the plant so as to expedite the handling of both raw material and finished product.

ENTERPRISE COMPANY DECIDES TO

REBUILD FOUNDRY AT SACKVILLE

Announcement Made Yesterday to the Sun by W. S. Fisher—It Is Expected New Foundry Will be Ready by the First of Next Year-- Will Be Decidedly Modern

The Enterprise Foundry Company will rebuild their plant at Sackville. The contract for one of the new buildings has already been let and it is expected that the rebuilt foundry will be turning out its finished product by the first of next year.

W. S. Fisher of the Enterprise Foundry Company, when asked concerning the matter by a representative of the Sun yesterday, said that the new plant would have entirely modern buildings, in the designing of which the greatest attention had been given to safety, space, convenience and light. The buildings will be grouped about the power house of the old plant, which was untouched.
