TORONTO MAUSOLEUM VISITED BY LOCAL MEN

Civic Deputation Greatly Impressed With Beauty and Effectiveness of Fine Building for the Dead.

Brantford Will Have Mausoleum Galt, Toronto, Niagara Falls, St. Catharines and London have mausoleums, which are becoming popularly considered as "the better way" for the interment of the dead.

In company with Mr. J. F. Langley of the International Mausoleum Company, Ald. Spence, McFarland and Ryerson with Superintendent Muir-

head of the Brantford cemetery system, paid a visit to Forest Lawn Mausoleum at Toronto yesterday. The purpose of the visit was an inspection of the mausoleum with the view of having one established here. Forest Lawn consists of 27 acres near Forest Springs and the site of the mausoleum is similar to that of Mt. Hope cemetery in Brantford.

TEN AGED JUDGES SLATED TO RETIRE

Eight of Those in Ontario County Courts Are Over 75 Years.

TO RECEIVE FULL PAY

OTTAWA, Aug. 21.—The operation of the new amendment to the Judges Act will call for the retirement in a short time of ten judges of County Courts. Eight of them are in Ontario. The Act as amended last session provides that a county judge on reaching 75 years of age shall retire from the bench. He will be entitled, however, to pull pay.

FIRE CHIEF COMMITTED FOR TRIAL AT RED CLIFF

Charged With Attempting to Bribe Police Chief and Constable.

RED CLIFF, Aug. 21.—Walter Turner, Chief of the Red Cliff Fire Brigade, was yesterday committed for trial by Magistrate Henderson, charged with attempting to bribe Chief of Police Sullivan and Constable Reynolds \$2,500 to allow him to install a gambling and bawdy house in the town. Every effort was made by the defence to question the veracity of the local police, but without success. Following the action, Chief of Police Sullivan is beginning a libel suit for \$10,000 against a local paper.

Yummy Men Ducked, Old Man Fought

Bandits Visit a Bank To-day at Suburb of Hamburg, Germany.

HAMBURG, Germany, Aug. 21.—A robbery which culminated in murder and savored much of the methods employed in recent months by Parisian and American automobile bandits occurred this morning at the Commercial Savings Bank at Wilhelmsburg, a suburb of Hamburg. Two men drove up to the bank in a taxicab, and one entering the building levelled revolvers at two young clerks, who scurried for shelter. The cashier of the institution, an aged man, in an attempt to save the money in his care until help could be summoned, fought with the two men but was shot dead. The bandits then appropriated all the cash in sight and escaped in the automobile.

THE PLACE FOR HIM. The mother (impatiently)—I don't know what we'll do with Tommy. He doesn't seem to agree with anybody.

FOREST FIRES RAGE IN ONTARIO

In Haliburton Wild Animals Are Being Forced Into the Open.

TORONTO, Aug. 21.—Bush fires are sweeping unchecked through many parts of Ontario and nothing less than a downpour of rain will effectually check them. The fire conditions in the country north of Lindsay are reported worse and the fire is within a mile of Haliburton village. At Gelert the fire is very near the village and is beyond control. Grand Island, the largest island in Balsam Lake, is on fire. The Township of Apsley, in Haliburton, settlers are in a desperate way and have appealed to the government for aid.

AMERICAN WOMAN SHOWED HER PLUCK

She Went After Thief in Paris and Recovered Her Purse.

PARIS, Aug. 21.—An American woman, Mrs. Fred Thompson of St. Louis, showed her mettle yesterday by overcoming an apache who had snatched her purse. Mrs. Thompson was sitting reading in the Trocadero Gardens when the apache sprang at her and made off with her wallet, containing several hundred dollars. Instead of stopping to scream Mrs. Thompson pursued the thief and after a brief chase seized him by the collar and held him until the police arrived.

Newspaper Men Are Too Aggressive

In Vancouver Strike, and Leader Wants News Censored.

VANCOUVER, Aug. 21.—The suggestion is made by the commander-in-chief of the troops in the mining district, Col. Hall, that newspaper reporters in the strike zone should be provided with military uniforms. He is attached to the corps and has all news censored by an officer. Col. Hall declared that many of the strategic moves have been laid bare in the press before being executed and he had been at much trouble as the result. Newspapermen have not yet submitted to the request, as they are uncertain whether to wear khaki or red coats, and military compulsion has not yet been suggested.

THE REASON FOR IT.

Grandma—In my day, girls were more modest and reserved than they are now. May—That's because you were taught that modesty and reserve were more alluring to the men.

THAW MUST GO BACK; THAT IS DECISION REACHED AT OTTAWA

Dominion Government Will Seize Him and Ship Him Right Back, if the Courts Say Extradition is Not Legal--Immigration Authorities Will Do the Trick--A Complicated Affair.

OTTAWA, Aug. 21.—Formal demand for the surrender of Harry K. Thaw, was made by telephone upon the Canadian immigration authorities here to-day by Acting Governor Glinn of New York. The department replied that it would take no action until the present extradition proceedings should be concluded.

SHERBROOKE, Aug. 21.—Lawyers for Harry K. Thaw, fencing for positions in his fight to resist deportation to the United States after his flight from Mattoon, won an advantage behind the scenes in Sherbrooke to-day by delaying his appearance in the Superior Court on a writ of habeas corpus.

With the arrival here last night of J. B. Greenstein, K.C., Montreal, to lead the legal forces now working for Thaw, the policy of the defence underwent a complete reversal. Instead of fighting to get the slayer of Stanford White out on a writ of habeas corpus, it was decided, it is understood, at a conference held last night, not to try the proceedings, and it was accordingly expected this morning that the writ secured would not be served for a while.

AMERICAN WOMAN SHOWED HER PLUCK (Continued from Page 6)

Dr. Britton D. Evans, doctor of the New Jersey state hospital at Meriden, Pa., who arrived with the Carnegies last night, also conferred with Thaw. "I found him looking very fine, indeed," said Dr. Evans.

While Thaw is in jail on the commitment signed by the justice of the peace at Coaticook, he is safe from the immigration department, who have no power over him, and it is thought that the defence lawyers will leave him there until they have formulated a definite plan of action.

It is known that the Thaw lawyers want to get permission from the Minister of the Interior for Thaw simply undertaking to leave Canada and to allow him to select his own destination, which might be, as one of his counsel stated this morning, South America.

Reverish and Worried. SHERBROOKE, Que., Aug. 21.—Feverish and worried, Thaw dressed before sun-up to-day and received Mr. and Mrs. Carnegie, his brother-in-law and sister, as his first visitors.

ONE LAW FOR RICH ANOTHER FOR POOR

British Press Gives Some Caustic Comment on the Thaw Business--Thaw's Wealth Saved Him From Gallows.

[Canadian Press Despatch] LONDON, Aug. 21.—There are some caustic editorials in the press here on the Thaw case. The Daily Express says: "If American justice should not succeed in the recapture of Harry Thaw from the asylum which he clearly believes himself to have found in Canada, perhaps the heaviest blow yet delivered will be struck at the insecure foundations of a judicial system under which the rich can buy immunity."

MRS. THAW REMAINS IN UNITED STATES Mother of Fugitive Decides Not to Join Her Son in Sherbrooke.

[Canadian Press Despatch] PITTSBURG, Aug. 21.—Mrs. Mary Copley Thaw, mother of Harry K. Thaw, the slayer of Stanford White, will not go to Sherbrooke to aid in her son's fight for freedom. Neither will Roger O'Mara, the big detective trustee of Thaw, go to Canada.

Will Cost \$40 Now To Get Drunk In Ingersoll

INGERSOLL, Aug. 21.—After to-day it is the intention of Magistrate Patterson to impose a fine of \$40 and costs in all cases where charges of drunkenness have been proven in the police court. This is the maximum penalty. The magistrate entertains the opinion that the minimum fine of \$20 and costs, which he has been imposing since local option went into effect, has not been sufficiently restrictive. One man was yesterday fined \$20 and costs, but the court made it plain that hereafter the fine will be increased to \$40. Those fined must also pay promptly as the police court is now doing business on a strictly cash basis.

Punish Them If? WASHINGTON, Aug. 21.—Secretary of the Navy Daniels has directed the punishment of the sailors of the Pacific reserve fleet who participated in the destruction of the Industrial Workers of the World and Socialist property in Seattle, July 17, and 18, if they can be identified, though he severely condemned the civilians who abused the sailors and the American flag.

MRS. PANKHURST COMING TO CANADA

Leader of English Militants Interviewed in France.

FIVE HUNGER STRIKES

TROUVILLE, France, Aug. 21.—The Suffragette movement is an international one. Mrs. Pankhurst, the leader of the English militants, said to a correspondent in the course of a chat yesterday, at the same time announcing her intention of visiting the United States and Canada at the end of the year to lecture in various other cities. Mrs. Pankhurst said that the justification of the hunger strike, prevalent in England, lies in the fact that the British Government has broken faith with the Suffragettes, for after having promised to introduce a Woman Suffrage Bill in the House of Commons, the Cabinet took care to make its passage impossible.

VOTING IN CHESTERFIELD BYE-ELECTION YESTERDAY

Coal Miners Are Expected to Vote For Disowned Labor Candidate.

LONDON, Aug. 21.—Polling is proceeding at Chesterfield to fill the place at the late Jas. Haslam, miners' leader. Additional piquancy in the contest has been afforded through the official Labor party having disowned Barnett Kenyon, who is running both as Liberal and Labor candidate. A frankly Socialist candidate appeared at the eleventh hour in John Scurr. Coal miners for the big bulk of the voters, and it is probable that they will vote solidly for Kenyon, who is assistant secretary in their union. Edward Christie, the Unionist candidate, has been nursing the constituency for eight months. His chances depend on the extent of the Socialist poll.

Magistrate Patterson Decides to Impose Maximum in Future, and Insist on Cash.

INGERSOLL, Aug. 21.—After to-day it is the intention of Magistrate Patterson to impose a fine of \$40 and costs in all cases where charges of drunkenness have been proven in the police court. This is the maximum penalty. The magistrate entertains the opinion that the minimum fine of \$20 and costs, which he has been imposing since local option went into effect, has not been sufficiently restrictive. Wholesale Smuggling Across The Border Operations Amounting in the Thousands Discovered Out West. [Canadian Press Despatch] ST. PAUL, Minn., Aug. 21.—Wholesale smuggling of horses, cattle and grain across the Canadian border, amounting to thousands of dollars, and said to involve well known local cattle dealers, has been unearthed by Collector of Customs Judson La Moure, Jr., of the district of North and South Dakota, and Northwestern Minnesota, assisted by Special Agent Foulkes of St. Paul, according to announcement last night. Several arrests along the border have been made. According to information from Hallock, Minn., near the centre of the smuggling district, the operations have been carried along the border between St. Vincent and Warroad, Minn. There is no customs port between these two places, which are about 100 miles apart.

GERMAN ARMY SHOT TO PIECES

So Said August Bebel, the Late Leader of the Socialist Party.

LONDON, Aug. 21.—Replying to a question whether Germany's recent army increases meant an attack on France, August Bebel, the late German Socialist leader, just before his death at Zurich, on August 13 last, wrote the following letter, which is published to-day in the Pall Mall Gazette: "The German Emperor has seen during the Balkan war that our army has completely gone to pieces—that is that our officers are incapable of commanding, and the material is absolutely impossible. If the French had wished to attack us, they would probably have been successful, for we were not strong enough at the frontier. If the French had guessed that they were strong enough they would have begun an attack."

Dogs And Speed Fiend Raise Price Of Meat

Farmers Cannot Graze Sheep on Roadside as of York.

GUELPH, Aug. 21.—Local drovers state that at present fat beef is becoming scarce and that they are experiencing difficulty in securing an adequate supply. They also state that prospects are not any too good for a further supply, owing to the shortness of the Dufferin Rifles band promises a splendid event. The parade will get away down Colborne street promptly at 7.30. The musical programme is one of the finest which could have been selected, and other features of a special nature will make the attraction an extraordinary one.

THE QUESTION OF UPBRINGING

It is quite customary to speak of Thaw as a "degenerate," but although this, of course, is largely the case as the world views the matter, the chances are that a faulty upbringing had very much to do with the matter.

Born of millionaire parents, he was, from his earliest youth, coddled with regard to every whim, and it is asserted that he was never denied anything that he desired.

It is small wonder that a lad so circumstanced grew up to man's estate with the idea that whatever he decided

a very excellent thing if monkeys had to have a way blazed for them, but the value to pedestrians would be decidedly remote.

This necessary work, under the direction of Engineers Ireland and Her, is being done in the most careful manner. There is an expert of over thirty years' experience in charge, and in addition Mr. Waller of the Parks Board staff and an assistant are keeping a watchful eye on the proceedings.

It has been necessary to so trim the trees wherever Hydro-Electric has been introduced, and the term "butchery" does not properly apply. That phrase is in about the same class as the remarks of some that the Lake Erie & Northern Railway would destroy the Grand River front, whereas it will enable all citizens to travel along the beauties of said front, without trespassing on the grounds of the few who had that privilege. It annoyed them, quite naturally, but public needs are always paramount to private interests.

agreeing to keep the mausoleum open for all time to come. The building is in care of an attendant each day until 6 o'clock. The exterior is of Roman stone and the interior of marble. It is proposed to erect a 1000 crypt mausoleum in Brantford, providing for numerous family vaults.

Description of Building

The mausoleum, as constructed by the Company, is a structure of exceptional beauty and impressive grandeur. The style of architecture for each building conforms with its location. The foundation and superstructure is a monolithic mass of concrete, reinforced throughout with steel. The concrete outer walls are faced with granite, marble or stone. The crypts are built in tiers; are uniform in size; and are separated by four-inch seamless walls of concrete. Underneath each row of crypts is a marble ledge, six inches wide, suitable for floral tributes. The interior of each building is finished in beautiful marble. The entrance hall is designed to serve as a chapel for performing the funeral service. In corridors leading from this chapel, the

that is obtained in a private vault of mausoleum, costing anywhere from \$5,000 to \$50,000. Wherever mausoleums have been erected requests have been made for the transfer to them of the bodies which previously have been buried in the earth. This may always be done as the mausoleum is, in every sense, the property of those who own compartments in it. The title of ownership may be transferred, as is the case with other real property. With its many advantages, mausoleum entombment is no more expensive than the common mode of burial universally practiced to-day. How satisfying to think that a little foresight will provide such a home, a fitting place for one's final sleep. How much more satisfying to realize that this original cost provides a fund to take care of the building permanently. A plan has been adopted whereby each mausoleum is endowed with an ample fund, the income from which will take care of all necessary repairs to the building for all time. The endowment feature insures the absolute permanency of the community mausoleums.

THE QUESTION OF UPBRINGING

It is quite customary to speak of Thaw as a "degenerate," but although this, of course, is largely the case as the world views the matter, the chances are that a faulty upbringing had very much to do with the matter.

Born of millionaire parents, he was, from his earliest youth, coddled with regard to every whim, and it is asserted that he was never denied anything that he desired.

It is small wonder that a lad so circumstanced grew up to man's estate with the idea that whatever he decided must be right, and that to remove anyone objectionable from his path (such as White) was quite a proper proceeding.

Our neighbors are very prone to grow multi-millionaires, and in many cases great wealth comes to families during a lifetime, when neither the parents nor the children have been trained for such a responsibility.

There are the sons and daughters of the immensely rich are, in general, taught useful acquirements, and from the inception they are instructed that money and estates are to a large extent a trust.

The Stratford Beacon bewails the fact that Dominion bye-elections soon to be held will be based on votes of constituencies not readjusted since last census.

The New York Tribune puts the entire situation in that State thus succinctly:

If Sulzer is a campaign fund grafter and a perjurer he is what Tammany made him. His morals are its morals. In exposing him Tammany is exposing its own foulness.

Whoever heard in the States of the Astors, or the Vanderbilts, or others of that dizzy financial height doing anything of the kind? Thaw, as a man of moderate means, might have made something of his life, but he has been a pampered and stupidly indulged child of fortune, with all that this involves.

LAURIER'S PLAN

A perusal of the speech which Sir Wilfrid Laurier made at St. Hyacinthe can leave no doubt in the minds of intelligent readers that he has decided to try and get a solid Quebec once more on the basis of the race cry.

In fact, he betrayed that intention with an openness which amounted to very little short of effrontery. "I have to say to you that I am a Canadian of French origin like yourselves," was one of his statements.

The intent of such talk is very clear. It is that, as French-Canadians, they should rally to the support of one of their number, without regard to the many other races of this Dominion, or the public needs.

What would be thought of any other public man who sought to secure the support of a Province on the plea of birth?

It couldn't be done in this country anywhere else except in Quebec, and Sir Wilfrid well knows that. He knows he can do it there with impunity and success, because he has done that before, and he calculates that in the English-speaking portions he can still hold the allegiance of his followers despite such a reprehensible design.

Such an inflammable course may be politics, in the very lowest sense of that term, but it is not, in the smallest possible degree, the role of a true statesman.

AS TO TREE-CUTTING

The Exhibitor has a very lachrymose article with reference to the cutting of trees in connection with the installation of the Hydro-Electric system. It says in part:

The vigorous protests which are being made by some residents of Brantford against the mutilation of trees by the men who are paving the way for the inauguration of the Hydro-Electric service here show that our citizens are fully alive to the part which ornamental shade trees play in creating "The City Beautiful."

No one wants to see trees butchered, but it is requisite in connection with a thorough lighting system to have the necessary space for the transmission of the rays.

Lights amid dense foliage might be a very excellent thing if monkeys had to have a way blazed for them, but the value to pedestrians would be decidedly remote.

This necessary work, under the direction of Engineers Ireland and Iler, is being done in the most careful manner. There is an expert of over thirty years' experience in charge, and in addition Mr. Waller of the Parks Board staff and an assistant are keeping a watchful eye on the proceedings.

It has been necessary to so trim the trees wherever Hydro-Electric has been introduced, and the term "butchery" does not properly apply. That phrase is in about the same class as the remarks of some that the Lake Erie & Northern Railway would destroy the Grand River front, whereas it will enable all citizens to travel along the beauties of said front, without trespassing on the grounds of the few who had that privilege. It annoyed them, quite naturally, but public needs are always paramount to private interests.

The Toronto World boasts that the credit of that city is "robust." That certainly is much better than the other kind.

A Canadian youth broke his arm while pitching in a game of baseball. If someone would only break the ill-luck of the Brantford team that would be much more satisfactory hereabouts.

That gentle creature, Sylvia Pankhurst, advises all suffragettes in future to carry canes to all meetings they attend. The outfitting should prove an easy matter, considering the amount they have been raising for some months past.

Toronto Mausoleum

(Continued from Page 1)

agrees to keep the mausoleum open for all time to come. The building is in care of an attendant each day until 6 o'clock. The exterior is of Roman stone and the interior of marble.

It is proposed to erect a 1000 crypt mausoleum in Brantford, providing for numerous family vaults.

Description of Building

The mausoleum, as constructed by the Company, is a structure of exceptional beauty and impressive grandeur. The style of architecture for each building conforms with its location. The foundation and superstructure is a monolithic mass of concrete, reinforced throughout with steel.

The concrete outer walls are faced with granite, marble or any other desirable material. The crypts are uniform in size, and are separated by four-inch seamless walls of concrete.

Underneath each row of crypts is a marble ledge, six inches wide, suitable for floral tributes. The interior of each building is finished in marble.

The entrance to the crypts is performed by the funeral service. In corridors leading from this chapel, the crypts are grouped in sections, making it possible for an entire family to rest side by side.

For families who desire privacy, rooms are provided which offer all the advantages of a private mausoleum at a much less expense.

Sanitary Features

Each crypt is connected with a patented sanitary plant. These plants, which are installed in every mausoleum, consist of a central disinfecting tank of formaldehyde with pipes embedded in concrete radiating to each crypt, through which any gases in the crypt are conveyed to the disinfecting plant and passed through formaldehyde and a cotton cushion, being made absolutely harmless and pure by this process before being discharged through the vent pipe at the top of the building.

There is also in each crypt a drain pipe embedded in concrete which carries any drainage from the crypt into a jar of quicklime, thus preventing any contamination of the earth and air.

The crypts are hermetically sealed with a slab of reinforced concrete, making them air tight, the only exit for the gases being through the pipes embedded in concrete, and the air forced with a marble tablet for inscription.

Earth Burial

The sanitary method of earth burial creates undeniable danger to the living. The necessity of protection against the dead, when interred, has in the past years been anxiously discussed by alienists, hygienists, sanitarians and members of leading medical associations. A recent committee of the American Medical Association made a report to its session in St. Louis, from which we quote: "We believe that the horrid practice of earth burial does more to propagate the germs of disease and death, and to spread desolation and pestilence over the human race, than do all man's ingenuity and ignorance in every other custom or habit. The graveyard must be abandoned. The time has come for us to face squarely the problem—how to dispose of our dead with safety to the living."

Sir Henry Thompson speaks very plainly for those who consider all burial places dangerous to the living when he says: "No dead body is ever placed in the soil without polluting the earth, the air, and the water above and below it."

The Better Way

In direct contrast with these unsanitary features of earth burial are the sanitary features of mausoleum entombment. The most approved principle of sanitation is embodied in the disinfecting plant previously described. The crypt as the saturated with formaldehyde, which destroys all decaying matters, while the drainage is absorbed in quicklime. The sanitary features of the method of entombment are heartily endorsed by the boards of health wherever presented.

Moderate Cost of It

To provide a resting place in one of these beautiful buildings, and insure permanent maintenance and care without future consideration or assessment, costs less than to buy a lot in a cemetery, erect even a modest monument, and provide for other necessary expenses connected with earth burial, to say nothing of the cost of care and maintenance. The same character of interment is offered the person in moderate circumstances

What the Other Fellow Thinks.

The Usual Thing.

Stratford Herald: Since there is to be another Provincial bye-election on Sept. 8th in East York through the resignation of Alex. McCowan, M.P., to become Sheriff of York, we presume we may as well prepare for the usual thing. Or perhaps, regarding discretion as the better part of valor, the Whitney Government candidate will have an acclamation.

This Great Country.

Toronto News: Every fourth person one meets in Canada has come to the Dominion within the past ten years. A tourist in the train or a visitor to any city from coast to coast if he has his eyes open, is sure to be impressed with the number of faces he sees that plainly show foreign birth. This continent has become the great melting pot of the nations and the Government reports show that representatives of ninety different nations settled in Canada in 1912. In that year the number who came from the British Isles was 146,859, and from the United States 140,143, the first time on record when the British immigrants outnumbered those from the United States.

DEMAND IS MADE

That Thaw be Handed Over to New York State.

Latest Development in Case at Ottawa To-Day.

ALBANY, Aug. 21.—Acting Governor Glinn sent the following telegram this afternoon to the Secretary of State and Secretary of Commerce and Labor at Washington: "In the name of the State of New York we request that you ask Canadian immigration authorities to deport Harry K. Thaw to the state of New York. Haste is necessary."
"Martin H. Glinn, Acting Governor."
"Thomas A. Carmody, Attorney-General."

Mr. Glinn's telegram requested that Thaw be turned over to District Attorney Conger, who is now in Sherbrooke representing the State of New York. The immigration department was prepared for a legal battle by Thaw against their plan to deport him. In this the department has believed Thaw would be unsuccessful.

It is the present intention of the department to return Thaw to the United States at the point on the boundary line nearest Sherbrooke. This is in New Hampshire.

New York, Perhaps.
OTTAWA, Aug. 21.—Acting Governor Glinn of New York to-day wired the immigration department here, making the formal request that Harry K. Thaw be delivered to the authorities of that State in custody of District Attorney Conger at the border without delay. The department has sent a reply to Albany to the effect that the case is now before the extradition authorities, and until it is disposed of in court the immigration officials cannot act.

If Thaw is set free at Sherbrooke the immigration act will be applied after the usual formalities. No assurance is given that the fugitive will be given into the hands of the New York officers.

As a matter of fact, it is pretty clearly understood here that if Thaw is returned to the authorities he will not be in New York. He would be taken to Coaticook and thence after the formal inquiry to the Vermont border at Island Pond.

A new point developed to-day is that Thaw will not be "deported," but "rejected," between which terms there is an important distinction.

"Deportation," it is pointed out, can only take place after an immigrant has passed the immigration inspectors and is domiciled in Canada. Legal cause for deportation would then have to be shown. As Thaw entered the country by stealth, evading the inspectors, he is taken in charge as an immigrant. He will be formally examined as to where he came from, how he entered the country, and then "rejected" as an undesirable, just as he would have been had he applied for admission in the first place.

Will Assist.
ALBANY, Aug. 21.—Acting Governor Glinn was advised over the telephone by the immigration authorities at Ottawa this afternoon, that they would use every effort in their power to assist in having Harry K. Thaw returned to New York state.

No Comment Made.
OTTAWA, Ont., Aug. 21.—"You will have to take the despatch for what it is worth; we will not discuss the matter at all" was the reply of Acting Superintendent E. C. Blain of the immigration department this afternoon, when shown the Albany message to the effect that the department had phoned Acting Governor Glinn that they would try to have Thaw returned to New York state.

Mr. Blain declined to even say whether he had had a telephone conversation with Albany.

Giving Up Fish Yarns in Despair
Bobcaygeon Independent: A Baltimore fish story is to the effect that an 80-foot whale lifted a harbor tug clean out of the water, let it fall back plunk, and then swam along beside it spouting water over the crew. That makes our lunge and bass stories look like three cents.

The dump over in West Brantford on the south side of Oxford street, which was again yesterday afternoon and the fire department were summoned at 3.30. When they arrived there they found the rubbish burning furiously, which necessitated the laying of a 1200 feet of hose. The fire endangered the wooden corporation sheds and the residences on south Colborne street. After pouring water on the dump for over an hour the fire was extinguished. It is surmised that small boys started the fire.

Bowling.
Yesterday three rinks from the Pastime bowling club met at 7.30 and bowled afternoon and evening with the club there. The rinks were skipped by Jas. C. Spence, Fred Corey and Tom. McPhail. The locals were 21 down in the afternoon games, Spence's rink being 10 down, Corey's rink 6 down and McPhail's rink 5 down. In the evening game the visitors were 22 up, Spence's rink was 7 down, Corey's rink was 5 up and McPhail's rink was 18 up. Six rinks from the Pastime club will bowl with the Pastimes on the latter's green this evening. Five rinks from the Heather club were to have gone to Paris yesterday afternoon, but the game was called off.

Successful Lawn Social.
A very successful lawn social was held on the grounds of the Anglican church mission at Echo Place yesterday evening, under the auspices of the Ladies' Aid of the church. The affair was given in aid of the building fund, and over \$80 was realized. The grounds were prettily decorated with flags, bunting and Chinese lanterns. The social was largely attended, many going out from the city. The officers of the Ladies' Aid Society are: Mrs. Potter, president; Mrs. Smythe, vice-president; Mrs. Chisholm, secretary-treasurer. The pastor of the mission, Rev. C. W. Lester, stated that work on the erection of the new church would commence in about two months.

The Action of Colonel Hughes.
Montreal Herald (Liberal): Some Canadian newspapers are indignant with Colonel Sam Hughes for appointing Colonel Gwarkin as military expert without consulting the British War Office. In The Herald's judgment the Minister has done exactly the right thing and should be congratulated. The position is absolutely under the control of the Canadian Government and the appointment should be so likewise.

Rowell a Dead One.
Simcoe Reformer (Liberal): We reiterate once more our firm conviction that Mr. Rowell's policy cannot win, a conviction we have had reason to believe is shared by an overwhelming majority of Ontario voters irrespective of whether they favor or oppose the policy themselves. In the past month scores of earnest temperance Liberals have so expressed themselves voluntarily to the editor of the Reformer.

Good Riddance.
Hamilton Herald: The British police authorities were instructed not to interfere with Mrs. Pankhurst if she tried to leave her country for her country's good. Now the lady has slipped over to France, where it is to be hoped, she will find things so comfortable that she will not return until the foolishness which she started has faded and is only an unpleasant memory.

With the City Police

In the absence of Police Magistrate Livingstone, Ald. W. A. Holmstrake administered justice to the few offenders, only three cases being dealt with.

George Zury, who has been sleeping in barns around the city and doing no work was arrested as a vagrant. P. C. Cobden got him last night after several attempts by forcing the door of the barn where he was sleeping. Zury was given six months to rest up in.

Walter Simmons built a house contrary to the terms in his permit. The case was adjourned for a week in order to have the building changed properly.

Kate McCaffery was charged with being disorderly, but as she was greatly provoked, she was let off with a warning.

Made Clean Sweep of Series, Taking Yesterday's Game 8-3 - Another Weird Exhibition by the Red Sox - Kids Threaten the "Ump"

Guelph had no trouble in taking the last game of the series from the Red Sox yesterday afternoon, defeating them 8-3. The class of ball was about the same calibre as had been seen on the two previous days.

The Guelph team of course must be exonerated from any blame in regard to the poor exhibition of ball. They played a snappy game.

The Red Sox were useless. Keenan at short was the worst offender. "Jo Jo" is fast going down the shant.

Dick Tasker celebrated his return to the city by having his offerings battered to all corners of the lot. Guelph took kindly to his offerings and touched him up for eleven hits. Tasker has not improved any with age. Dick was a cinch for the Leafs. The feature of the game was a home run hit by Wright of the Leafs in the ninth with two men on. But then there is no encouragement for a pitcher to go in and do his best when the team behind him boot the ball and play like a bunch of amateurs.

Guelph scored two in the fourth, two in the sixth, and then as a parting salute started a batting rally in

The Red Sox have gone to Guelph. Hurrah!

London will have to do some great work at Ottawa if the Cocksneys expect to make the finish close. It is a sure thing the Senators will do some tall fighting against the invaders.

Building up a ball team at this stage of the season has been given up as a lost hope by the fans. When the managerial question is settled once and for all, there is reason to expect something doing.

A delegate at the Trades and Labor Council meeting last night remarked that a pulmotor should be secured for the Brantford ball team. He was wrong. As it takes nine lives ones to make a team, nine pulmotors should be secured.

Baseball is an honest game. Last week Peterboro and Ottawa players were fighting on the field like arch enemies. Then Peterboro to show their love for Ottawa, takes the series from London. That is exactly what makes the game of baseball great.

A couple of Toronto outfielders watched a ball drop between them yesterday and the conference gave Newark the game. When the same thing happens here, there is a roar for a week about it. O'Hara, and Schultz were the offenders, and the writer has never seen a more stupid bit of outfield work in the Canadian League. Incidentally there are pitchers in the Canadian League who have a whole lot on young Gaw, the Leaf twirler.

Football

The game played on the T.Hutela grounds last night between a picked team composed of all Irish players and a team picked from the league, resulted in a victory for the All Stars, the score being 4 to 2. The half time score was 2 to 0 for the Stars.

The All Stars got away to a good start and played the Irishmen off their feet. In the second half the lads from the Land of the Shamrock got their Irish up and made the Stars step faster than they ever did before. The latter part of the game was all Irish, but the lads from the Green Isle could not overcome the lead and the game ended 4 to 2 against them.

The Football Council met in the Borden Club rooms last night and sanctioned the following players certificates:

A. Jeffs and R. Holloway, Y.M.C.A. J. E. Jeffries, Duffs, D. Lynn and S. J. McGill, All Scots; L. Goodwin, Tigers.

Saturday Games.

The scheduled games for Saturday are:

Y.M.C.A. vs. All Scots, Agricultural Park. Referee, Earnworth.

Cocksbutt's vs. Tutela, Mohawk Park. Referee, Darlington.

S.E. vs. Dragoons, Tutela Park. Referee, Elliott.

Tigers vs. Duffs, O. I. B. grounds. Referee, Wright.

Cup Tie.

The receipts from the Cup Tie game on Saturday evening amounted to \$5.00. This makes a total of \$69.00 collected this season.

The Council wish to thank Mr. J. Dixon for counting the collection and Policemen Stewart and Cobden for acting as line-men.

Canadian League

PETERBORO, August 21.—Peterboro won a weird game from London yesterday, 10 to 8, thus taking two out of three of the series and giving the Cocksneys a bad setback in their championship aspirations. Manager Deneau counted on Beebe to gallop away with the rubber, but he was hammered viciously by the Petes. A pass and Rowan's single was followed by Hillard's home run in the first inning, and in the third five hits were bunched with a couple of passes and an error by Linneborn, the combination giving the Petes six runs before Beebe was retired in favor of Boldt. Before the latter could get started Brant singled and drove in the seventh run of the inning.

Bierbauer Knocked Out.

It was a double unlucky series for the Tecumsehs, as Dad Stewart and Louie Bierbauer collided in going after a high fly from Penfold. Both were knocked unconscious, Bierbauer being so badly shaken up that he was unable to continue, and Deneau went to first and Reidy to center.

Ottawa Trims Berlin; Fans Watch Scores.

OTTAWA, Aug. 21.—Berlin failed to take a game from the champion Ottawas in their last series here, Ottawa winning the final game yesterday 6 to 2. The Senators got a safe lead and were never in danger. Berlin rallied in the seventh and Schaeffer's long triple on which a faster runner could have got all the way round, gave them two runs.

Kane outpitched Schaeffer, 0-2, was a old hoodoo, who was bombarded, especially in the first, second, fourth and seventh Snykal and Lage had triples, while Crowder, Lage and Shaugnessy had doubles. Kane's support was errorless, while the Dutchmen had four costly misplays behind Schaeffer.

It was a featureless game and the bulk of the attention of the fans was centered upon the bulletin board, which showed the score at Peterboro. The crowd waited around and a lusty cheer went up when they saw that Peterboro had downed London, thus tightening Ottawa's grip on the Canadian League pennant.

The Maple Leaf Baseball team would like to arrange a game with another team for Saturday afternoon at Agricultural Park. All arrangements can be made with Clare Beebe, at the Bank of Hamilton.

INDIAN TEA CROP

Prospects for the Indian tea crop so far are not altogether reassuring. The disappointing news of bad weather from some of the Northern India districts makes it certain that there is no chance to look for very abundant supplies, and the tea planters seem likely to be in a position to realize still better prices for their product.—From the London, Eng. Standard.

OTTAWA READY FOR LONDON

Expects to Take Two Games and Have Dreams of Three Straight From Rivals

OTTAWA Free Press: London is in a baseball frenzy and dispatches state a few of the nuts of Bloketown will come down on Wednesday night to take in the series here the last of the week. The London management is counting on a pitcher from the Cleveland American League club, who will be here in time for one of the games in Ottawa. There is some mention it may be Nick Cullup, who was purchased from New Orleans by the Naps this spring for \$9,000. If the Cocksneys can get away with that stuff, we pass. Since Shortstop Dunlop was sold to Cleveland, there has been a lot of dicker going on between the two clubs and it is intimated London will become a Cleveland farm next season.

Local fandom is tickled to death the double umpire system will be in vogue during the present week. It means well-handled contests for the series with London and the general belief prevails, that all things being equal, Ottawa will take two out of three from the Cocksneys and have a good chance of making a clean sweep of the series. One thing is sure, whether the lines open for the first game on Thursday, he will encounter one of the most determined and scarpierest mob of ball players he ever went up against. Manager Schaugnessy declared in the dressing room yesterday after some growching over the ninth inning out come of the Peterboro-London games, the Senators asked for no favors one way or the other and if the Bokes won three straight from Peterboro, it wasn't going to affect Ottawa's pennant chances.

"We have six games to play with London before the season closes and by beating them we can make the pennant sure. It is up to our club now," said "Shag."

PIRATES TOOK THE SERIES FROM GIANTS

Honus Wagner Starred at Bat and on Bases - Chicago Lost on Errors.

NEW YORK, Aug. 21.—Pittsburg made it three out of five, taking the last game of the season with New York yesterday 4 to 1. It was the first series the champions had lost in New York since May. McQuillan pitched an air-tight game for the visitors, while Marquard failed to puzzle Wagner. The veteran's hitting, base running and fielding featured the game.

The Reds Took the Series from Boston

BOSTON, Mass., Aug. 21.—By defeating Boston yesterday 4 to 1, Cincinnati won the deciding game of the series. Each team had previously won two games in the last four days. Boston's only run came in the fourth inning when Connolly was hit by a pitched ball, and singles by Sweeney and Smith scored him.

The Cubs Errors Gave Phillies a Victory

PHILADELPHIA, Pa., Aug. 21.—Bad fielding by Chicago enabled Philadelphia to win yesterday's game here by 3 to 1. Cravath put the home team in the lead with a home run drive into the left field bleachers, but the visitors tied the score in the third.

Collins Had a Real Busy Day at the Bat

BROOKLYN, N.Y., Aug. 21.—Earl Yngling pitched shut-out ball, and with the aid of brilliant fielding support blanked St. Louis in the farewell game 8 to 0. Collins, the new outfielder procured from Newark, made four singles in five trips to the plate.

Cricket

The following have been selected to represent Brantford against Hamilton St. George's on Saturday, Aug. 23rd: W. H. Walsh, Capt., F. W. Derbyshire, H. S. Leach, A. Bland, C. W. Wilkins, F. W. Stewart, F. W. Hutchings, R. T. Hall, E. Winyard, C. Smith, C. W. F. Rawle.

Reserves—W. West, G. Bailey, J. Usher, Scorer, A. Hoating. Play to start at 2.30 sharp on the O. I. B. grounds.

GEM THEATRE PROGRAMME

Manager Law offers The Human Vulture, a 2-part photoplay as the special feature for Thursday only this week, and for Friday and Saturday a thrilling 2-part Western Triumph, "The Ivy and the Outlaw." This latter is one of the most attractive plays ever produced.

A Four-Run Rally Gave the Athletics Their Victory.

DETROIT, Aug. 21.—Philadelphia yesterday widened the gap between first place and Cleveland by defeating Detroit by 5 to 2, while the Naps were idle. A rally in the seventh, when four runs were scored, gave Philadelphia the game and incidentally broke up a warm pitcher's battle between Daus and Brown.

MACKMEN WON NAPS WERE IDLE

A Four-Run Rally Gave the Athletics Their Victory.

DETROIT, Aug. 21.—Philadelphia yesterday widened the gap between first place and Cleveland by defeating Detroit by 5 to 2, while the Naps were idle. A rally in the seventh, when our runs were scored, gave Philadelphia the game and incidentally broke up a warm pitcher's battle between Daus and Brown.

ARE FIGHTING FOR THE CELLAR HONORS.

ST. LOUIS, Mo., Aug. 21.—Frank Chance's hopes of passing the Browns received a severe jolt yesterday afternoon when the Yanks finished their season's series here with a double defeat, the first in a struggle that ended only when the third Yankee had been retired in the ninth and the second without much effort. First game: New York 1, St. Louis 2. Second game: St. Louis 7, New York 0.

SCOTT AND ANDERSON IN A PITCHERS' DUEL.

CHICAGO, Ill., Aug. 21.—Chicago made a clean sweep of the series with Boston by defeating the visitors 1 to 0. The game was a great pitcher's duel between Scott and Anderson, the Boston recruit.

This Boston Woman a Befriender of Girls

Mrs. Thomas H. Tyler Wins the Honorary Title of "The Matron of the Streets."

BOSTON, Aug. 21.—"Matron of the Streets" is the unusual title Boston has bestowed upon Mrs. Thomas H. Tyler, a society woman, who, it has been discovered, is using all her time in working to save her sisters from the worst kind of slavery.

Mrs. Tyler has left high social circles and has become a friend of every submerged girl and woman in this city. Mrs. Tyler, gently bred, does not believe in condescending "charity" or "rescue" work. Equality is the keynote of her method.

Mrs. Tyler, gently bred, does not believe in condescending "charity" or "rescue" work. Equality is the keynote of her method. She saw I was her friend, not a hand with even worse design behind friendly proffers, is this "mother of hundreds'" explanation of her repeated successes in dragging one "fallen girl" after another out of the deadly morass of prostitution.

OFFICERS ELECTED BY LABOR MEN

Mr. George Moore is First Vice-President—Meeting Held Last Night.

Last night at the meeting of the Trades and Labor Council held in Union Hall, the election of officers took place. President Pearce was unanimously re-elected, as were several other officers. At the present time President Pearce is ill and last night Delegate George A. Moore was in the chair.

Officers. Vice-President—Geo. A. Moore—Typographical Union; Recording Secretary, Harry G. Symons; Iron Moulders (re-elected), Sergeant-Arms, A. G. Brown, Brotherhood of Carpenters; Treasurer, Pat Haffey, Iron Moulders (re-elected).

Trustees—John Haskett, A. Tooke, George Crooks. Owing to Treasurer Haffey being ill Delegate Brown was appointed in position of pro. tem.

Labor Committee—W. Reeves, A. G. Brown, A. Hudson, J. Foran. Municipal Committee—W. Berry, George Crooks, A. G. Symons, A. G. Brown, I. Crow, J. D. Scranton. Organization Committee—Officers of the committees.

More Uniform Ideals. A communication was received from Arthur L. Philip, Secretary Educational Committee, South Waterloo District, Trades and Labor Council, stating that they had been instructed to take up with the several labor councils in this district the question of arranging for an exchange of speakers on Labor matters, the holding of debates on labor questions and other schemes of an educational nature to the end that the councils may arrive at more uniform ideals and tactics.

"Fruit-a-tives" Cured Kidneys and Bladder

WILLIAMSTOWN, ONT., July 27th, 1910. "I have much pleasure in testifying to the almost marvellous benefit I have derived from taking 'Fruit-a-tives'. I was a lifelong sufferer from Chronic Constipation, and the only medicine I ever secured to do me any real good was 'Fruit-a-tives'. This medicine cured me when everything else failed. Also I had a severe attack of Bladder Trouble which was cured by 'Fruit-a-tives' and 'Fruit-a-tives' cured these complaints for me, when the physician attending me had practically given me up.

Mystery at Toronto. TORONTO, Aug. 21.—Mystery surrounds an attempt made early this morning by unknown individuals to fire the house at 120 Peter street. The blaze was started in three places and two boarders awoke to find the flames creeping under their floor. They climbed through a small attic window and down a convenient tree to the ground. Later it was found that a tin box containing money had been stolen during the excitement.

Nothing Like Knowing Why. The sweet young thing was being shown through the Baldwin locomotive works. "What is that thing?" she asked pointing with her dainty parasol. "That," answered the guide, "is an engine boiler." She was an up-to-date young lady and at once became interested. "Why do they boil engines?" she inquired again. "To make the engine tender," politely replied the resourceful guide.

NO DRINKING MAN NEED DESPAIR

The Neal Cure - Greatest of All Modern Discoveries - Offers a Means of Escape from the Curse of Drink. A cure of the Drink Habit is Guaranteed in Three Days no Matter Whether the Patient is a Hard and Constant Drinker, Social Tippler or Goes on Occasional Sprees.

There was wandering in the streets of Toronto lately a homeless man, who at one time held a splendid position, but drink was his downfall. To-day his wife, a cultured woman, works out by the day, endeavoring to support herself and little family. Think of it, you wives and mothers, who have homes of comfort and all that makes life worth living, what it would be to you to be deprived of these and forced to face the wash tub for an existence, as this poor wife has to do today?

But this home which was made a hell on earth through strong drink—as every drunkard's is—may be made into a heaven upon earth, as many have been made, as a result of the Neal Treatment. Three days only—the wonder of it—to effect a cure and make the victim of strong drink a new man, physically, morally and mentally.

We undertake to guarantee to effect a cure of the Drink Habit in Three Days, no matter whether the patient is a hard and constant drinker, social tippler, or goes on occasional sprees. Are you interested in a poor fellow going down, down,

through the curse of drink? Then bring your influence to bear on him and bring him to the Neal Institute for treatment, drunk or sober, and we will undertake to remove the awful appetite for strong drink and deliver him to you a new man.

Here is an opportunity for REFORMATION SOCIETIES for INEBRIATES or any institution for the reformation of the drunkard, to test our ability to change the hard drinker into a new man, physically and mentally, in THREE DAYS' treatment.

We invite these Societies or any institution interested in the poor drunkard and the problem of dealing with him, to send us for treatment any victim of the drink habit, it makes no difference how much enslaved, and we guarantee to effect a cure in each and every case. Can you spend your money to better advantage or in a way that will bring in greater returns than in redeeming these victims of strong drink and giving back to their families kind fathers, brothers, husbands, and to the country most desirable citizens?

 ALBANY, Aug. 21.— Acting-Governor Glinn, was advised over the telephone by the immigration authorities at Ottawa this afternoon, that they would use every effort in their power to assist in having Harry K. Thaw returned to New York state.

No Comment Made.
 OTTAWA, Ont., Aug. 21.— "You will have to take the despatch for what it is worth; we will not discuss the matter at all" was the reply of Acting Superintendent F. C. Blain of the immigration department this afternoon, when shown the Albany message to the effect that the department had phoned Acting-Governor Glinn that they would try to have Thaw returned to New York state.

Mr. Blain declined to even say whether he had had a telephone conversation with Albany.

Giving Up Fish Yarns in Despair
 Bobcaygeon Independent: A Baltimore fish story is to the effect that an 80-foot whale lifted a harbor tug clean out of the water, let it fall back plunk, and then swam along beside it spouting water over the crew. That makes our lunge and bass stories look like three cents.

Very Natural
 Toronto Star: The moans of anguish emitted by certain automobile horns have been complained of in these columns, and we sympathize with the correspondent who writes for the Buffalo News to say that when he hears some of these noises he feels like crying out: "Stop choking that child."

Dump Again on Fire
 The dump over in West Brantford on the south side of Oxford street, was on fire again yesterday afternoon and the fire department were summoned at 3.30. When they arrived there they found the rubbish burning briskly, which necessitated the laying of 1200 feet of hose. The fire endangered the wooden corporation sheds and the residences on south Gilkinson street. After pouring water on the dump for over an hour the fire was extinguished. It is surmised that small boys started the fire.

Bowling
 Yesterday three rinks from the Pastime bowling club motored to Norwich and bowled afternoon and evening with the club there. The rinks were skipped by Jas C. Spence, Fred Corey and Tom. McPhail. The locals were 21 down in the afternoon games, Spences' rink being 10 down, Corey's rink 6 down and McPhail's rink 5 down. In the evening game the visitors were 22 up, Spence's rink was 1 down, Corey's rink was 5 up and McPhail's rink was 18 up. Six rinks from the Dufferin club will bowl with the Pastimes on the latter's green, this evening. Five rinks from the Heather club were to have gone to Paris yesterday afternoon, but the game was called off.

Successful Lawn Social
 A very successful lawn social was held on the grounds of the Anglican church mission at Echo Place yesterday evening, under the auspices of the Ladies' Aid of the church. The affair was given in aid of the building fund, and over \$80 was realized. The grounds were prettily decorated with flags, hunting and Chinese lanterns. The social was largely attended, many going out from the city. The officers of the Ladies Aid Society are: Mrs. Potter, president; Mrs. Smythe, vice-president; Mrs. Chiffin, secretary-treasurer. The rector of the mission, Rev. C. W. Lester, stated that work on the erection of the new church would commence in about two months.

Blames Germany For Much Armament One of the Delegates at Hague Conference Speaks Out Frankly.

(Canadian Press Despatch) THE HAGUE, Aug. 21.—The International Peace Congress adopted last evening a resolution that the differences between the United States and Great Britain, regarding the Panama Canal act, should be referred to The Hague court of arbitration.

In his presidential address, Professor De Loutre, referred to the United States as the foremost nation in the peace movement, and to the balance of peace as an expression of "bonanza from the new world to the old. He said that while the East was shrouded in darkness, the star of hope was ever brightening in the West.

Prof. Quiddle, in moving his resolution, severely blamed Germany for the last increase in armaments in Europe. He said that there would have been no increase by France but for the action of Germany.

Much indignation has been expressed by the delegates at the failure to invite them to the opening of the peace palace. Not one of them originally was invited to the ceremony, and after pressure had been applied, only four have received invitations.

To The Editor

CHIEF SLEMIN'S VERSION OF COURIER: Sir,—Re the fakir on the market on Saturday night last.

In justice to this department permit me to correct an impression apparently conveyed in a letter written to the Courier in last night's issue by the Market Clerk.

Mr. McAuley states that when this fakir appeared him for permission to sell jewellery on the market, he said that he had a license to do so, and when asked for it, he produced a receipt for \$10 from the City Hall. Mr. McAuley then says he told the fakir to see the Mayor or myself, and that if either of us would consent it would be all right.

It appears that the fakir came back to Mr. McAuley at 5 o'clock and said he had seen me, and had my permission. Mr. McAuley then gave him a stand and collected the fee of \$1.

I think Mr. McAuley should have called me up by phone before taking my consent as granted, as he is well aware that I have no power to give such a license, and have never done so.

All I know of the matter, is that the fakir called at my office and produced Mr. McAuley's receipt for \$1.00 and the City Treasurer's receipt for \$10.00. He was then told by me that I had no power whatever in the matter. When he first called on me I referred him to the City Clerk to make the usual application to our License Committee and that when the matter came before the Committee we would consider his case in the usual way.

I have brought up the question of fakirs being allowed to sell articles on the Market Square, on several occasions before the License Committee, and have always been opposed to it for the reason that I believed it had a tendency to bring pick-pockets and other undesirable to our city.

I wish to impress on the public that permission was granted at the City Hall to the above man, and that I had nothing to do in the matter.

I shall be glad if any citizen who has been victimized by this fakir, will come to my office and lay information against him for fraud, and I will then do my best to have him brought back so that justice may be done.

I am, Sir, Yours truly, CHAS. SLEMIN, Chief Constable.

Will Hold Picnic. The Paris Road, Tranquility and Tunda Heights lawn tennis clubs will hold a union picnic Saturday afternoon at Mohawk Park. It is expected that 150 will be present.

Will Have Branch Here. Messrs. Berman, Kenen & Co., private bankers of Toronto, have decided to open a branch office here, and have rented the premises next to the Colonial Theatre.

Entered From Vermont. CAVENDISH, Vermont, Aug. 21.—It appeared yesterday that Harry K. Thaw entered Canada from Vermont and not directly from New Hampshire as had been supposed. The village of Beecher Falls, where he left the train is on the boundary line between the two states. It is in the township of Canaan, Vt. This is believed by state officials to be the basis of the report from Sherbrooke, Canada, last night that Thaw was likely to be turned over to the authorities of this state.

Beecher Falls is in the extreme northeast of the state and very close to the Canadian line. From this village Thaw drove by team, he probably did not again enter New Hampshire, though he might easily have done so by taking a roundabout route.

It is expected that this point will be definitely determined and the Canadian authorities informed accordingly.

Governor Allen M. Fletcher at his home here to-day said that he did not wish to make an official statement as to the attitude of Vermont should Thaw be returned to this state as an undesirable emigrant to Canada. The governor, however, had before him a statement by Attorney-General Rufus E. Brown, which the executive said best expressed his own view. The attorney-general declared that he considered Thaw an undesirable and dangerous person and that if he had the authority to do so he would surrender the fugitive to the police of New York State.

"Concerning the attitude of the state in the matter of Thaw's extradition," said Mr. Brown, "if it were asked for, I can only say that personally had I any authority and in case I should be called upon to exercise it, I would surrender Thaw to the state of New York. I consider him not only an undesirable, but a dangerous person.

"However, should Thaw be in Vermont and the state of New York seek to have him surrendered simply on the ground that he has escaped from an insane asylum it probably would be an altogether different matter."

The attorney-general added that he could hardly see how by any legal means Thaw could get into Vermont though he might have entered Canada through the point of entry at Beecher Falls. He thought it probable that Canada would if possible, co-operate with the authorities of New York and return the prisoner direct to that state.

"I feel," said the attorney-general, "as they do in New Hampshire, in that Vermont does not want Thaw within its limits."

THAW MUST GO BACK IN DECISION FROM OTTAWA

(Continued from Page 1)

Though apparently cheered by their visit, their presence seemed to make him more close mouthed than ever regarding his escape.

Thaw's fellow prisoner, who described himself as Mitchell Thompson, a Canadian, was identified by District Attorney Conger and Sheriff Hornbeck of Duchess county, New York, as Roger Thompson, driver of the black racing car which whisked Thaw away from the asylum, remained silent in his cell to-day.

Managers here in assisting a lunatic across the border, Thompson was unable to furnish the \$500 bail required, and he must stay in his cell until Friday when he will have a hearing.

New Lawyer Secured. This was another beautiful day in Sherbrooke, crisp, cloudless, invigorating. Now standing the ideal weather there was no early gathering of the curious about the Court House or jail.

The summoning of Mr. Green-shield from Montreal to take precedence over all the Thaw lawyers has served to confirm the impression that the fugitive's relatives, so far as possible, are taking the conduct of the shield is described here as one of the ablest lawyers in the Dominion, who rarely takes a criminal case. He is being assisted by Mr. Shirriff of Coaticook, and Charles D. White and Col. Harry Fraser, both of Sherbrooke. It is said that Thaw is being retained by Mr. Green-shield until the Montreal lawyer arrived here.

The flaw in the proceedings against Thaw as they have been conducted in Canada up to the present time, is the omission of the fact that Thaw was lodged in jail. In addition to several errors in the description of Thaw's status in Mattawan, it omits specifically to fix a date for the hearing of the case. This means that Thaw could remain in jail indefinitely unless his lawyers took advantage of habeas corpus. The immigration officials yesterday were jubilant over the attempts being made to free Thaw as they knew that when freed from the commitment charge, he would walk out of jail into the hands of the press, what taken back by the fact that he was not to be produced to-day.

Charles D. White of Sherbrooke, who was Thaw's chief lawyer, until Green-shield came, said to-day: "I was delayed taking possession of the writ of habeas corpus, to get better acquainted with the case. It may be that we will wait a week. There is a corporal's guard of us lawyers on the case and we have to move slowly in order not to step on each other's feet."

At ten o'clock came around a small crowd, most of them well dressed women, began to gather in the Superior Court. They had not heard that the proceedings were off for the day, and were apparently in a state of disappointment. Groups of girls gathered on the street corners in the vicinity of the Court House. One of the principal worries of Thaw just now seems to be how much of the synopsis of Jerome's speech to the jury in '08, which he handed out to the press with a request that it be published, was used by the Canadian and American papers. The synopsis emphasized Jerome's opinion that Thaw was not insane. The prisoner has telegraphed to a number of papers and requested to be supplied with a copy of what was despatched to them on this speech. All day yesterday telegrams marked collect, were arriving from these papers for Thaw. This curiosity cost him nearly a hundred dollars.

District Attorney Conger and Sheriff Hornbeck after a secret conference with the immigration officials visiting Superior Judge Globensky this morning and had a talk with him in his chambers. It was reported that this forecasted a move to free Thaw into court at once. The judge informed them, however, it is understood that in view of the commitment he could not compel Thaw's counsel to produce their client.

News that Thaw would not be in court spread so slowly that hundreds trickled into the Court House, ignorant of the real situation. There was standing room only at 10.30 and the corridors outside were filled. Compared to the evident apathy of the towns people yesterday, the interest in the case to-day was marked. Leaving the judge's chambers, Conger and Hornbeck went in the court room. "We are just waiting," they said, but the belief became current that they had not abandoned all hope of getting Thaw into court earlier than planned by his lawyers.

GOOD FEELING FOR BURFORD SQUADRON

Fully Manifested at Pleasant Event Held Last Night.

The large attendance at the military night held on the grounds of Capt. Allan D. Muir, at Burford last evening, manifested the good feeling and interest towards the Burford squadron of the 25th Brant Dragons.

The affair was the most successful yet having in connection with the squadron, the attendance numbering over 2000. The grounds were brilliantly lit with electric lights. The Chinese lanterns decorated the handsome residence. The Armories opposite were open to the inspection of the public, and many availed themselves of the privilege. The regiment had under the command of Lieut. J. H. Pearce, Mus. Det., discoursed excellent music. Many were the favorable comments upon the renditions of the music. Dr. Pearce is certainly to be complimented on the excellent state of efficiency of his organization. The Lawrie Brook of Hamilton order not to step on each other's feet."

"However, should Thaw be in Vermont and the state of New York seek to have him surrendered simply on the ground that he has escaped from an insane asylum it probably would be an altogether different matter."

The attorney-general added that he could hardly see how by any legal means Thaw could get into Vermont though he might have entered Canada through the point of entry at Beecher Falls. He thought it probable that Canada would if possible, co-operate with the authorities of New York and return the prisoner direct to that state.

"I feel," said the attorney-general, "as they do in New Hampshire, in that Vermont does not want Thaw within its limits."
