Check Swindlers Were Nabbed Just as They Were Getting Ready

Cheques Made Out to Catch the Unwary St. Catharines Merchant Found on Them— Passed Some at Niagara Falls and Are Also Wanted at St. Thomas, London and Other Places

A young couple were arrested by the police on Saturday afternoon just as they were ready to start out on the mission which brought them to the city, that of relieving sundry unsuspecting merchants or surplus goods.

Chief Greene got word from Niagara Falls, Ont., that a man and woman had that morning passed worthless cheques in that city on various merchants, the method being to buy some goods and tender a worthless cheque in payment, receiving the change in cash. How much they gathered up in this way from the credulous Falls business men, was not stated.

The couple were found in a local hotel and were locked up. They gave their names as Leola Greenwood and Stanley West. They had a marriage certificate indicating that they were man and wife. The woman had married a man named Greenwood in August but it seems had only staid with him about a month, when she appears to have taken up with West.

In the possession of the couple was a number of cheques for various amounts which were to be passed in St. Catharines merchants. These cheques, the police said today were drawn up by the woman prisoner and they are holding her on remand till Friday on a charge of forgery.

West was taken back to Niagara Falls by an officer from the force there.

Whether the couple had passed any cheques here before they were arrested, remains to be seen. Chief Greene said this morning that he was expecting reports in during the day as he had found out that after the prisoner came to the hotel on Saturday they went out for a while and may have passed some cheques.

Their idea was to pass the cheques Saturday afternoon knowing that the banks were closed.

The forgeries are rather clumsy affairs, in ordinary writing and look suspicious from their very appearance. They were fitted with the necessary 2 cent stamp and ran for amounts from twelve to twenty eight dollars.

At Niagara Falls the cheques were evidently passed before the banks closed but it seems surprising that the swindlers should have set up their plant in a place so near by.

Perhaps, however, they took the chance that the Falls cheques would not be presented to the bank until this morning.

The couple Chief Green said are wanted for similar work in St. Thomas, Willsburg and London. West received a two year sentence in London for the offence.

It's Your Step That Attracts!

Don Women Pay Too Much Heed to Their Feet Instead of Their Corns.

Watch your step! A brisk lively step is what charms more than a limpy skin, but your high heels have caused corns and you limp a little. That's bad, girls, and you know it. Corns destroy beauty and grace, but corns are very easy to remove.

Rid your feet of every corn by asking at the drug store for a quarter of an ounce of freezone. This will cost little but is sufficient to remove every hard or soft corn or callus from one's feet.

A few drops applied directly upon a tender, achy corn relieves the soreness and soon the entire corn, root and all, lifts right out without pain.

This freezone is a gummy substance which dries instantly and simply shrinks up the corn without inflaming or even irritating the surrounding skin.

Women must keep in mind that corns that create a youthful step which enhances her attractiveness.

When germs attack the lining of the nose, make you anteze and gag—when later on they infest the bronchial tubes—how can you follow them with a cough syrup?

You can't do it—that's all. Cough syrups go to the stomach—that's why they fail.

But Catarrhazone goes everywhere—gets right after the germs—kills them—heals the soreness—cures the inflammation—makes Catarrh disappear. Not difficult for Catarrhazone to cure, because it contains the essences of pine balsams and other antiseptics that simply mean death to catarrh. Large size costs \$1 and contains two months' treatment; smaller sizes 25c and 50c, all druggists and storekeepers.

It is time many think that the Military Board which enquired into the financial affairs of the 19th Regiment while it did guard duty made a report. Officers concerned have been under a long suspense and they should know the finding of the court one way or another.

Junkers in Berlin Mob French Officer Because Refused Stand For Tune

BERLIN, March 8.—A French officer was beaten and thrown out of the Adlon, the leading hotel of Berlin, last night, by an enraged mob of Chauvinistic guests because he refused to stand while the orchestra played "Deutschland Uber Alles."

The instigator of the affair was a Hohenzollern, Prince Joachim-Albert of Prussia, who was in disfavour with his Royal relatives several years before the war on account of his marriage with an actress.

Looking For Trouble

For a fortnight he has been cheering the monarchically inclined by insisting that the orchestra play "Deutschland Uber Alles" and other German and Prussian airs nightly at after theatre suppers at the Adlon.

When the Frenchman, who was in civilian clothes, and who was accompanied by a lady, remained seated, the German guests yelled themselves hoarse.

Beaten With Shoe.

"Out with him," they shouted.

Finally the bolder spirits, wielding chairs, broke through the ring of waiters about the table and dragged the French officer out by the collar. One excited guest took off his shoe and beat the Frenchman over the head with it.

Don't Hack, Blow, Sneeze or Cough; Use Catarrhazone

When germs attack the lining of the nose, make you anteze and gag—when later on they infest the bronchial tubes—how can you follow them with a cough syrup?

Police Asked That Badges Be Taken Off

Russians Paraded Two Hundred Strong at the Funeral of Their Compatriot.

The funeral of the Russian, Samuel Mazuranto took place on Sunday afternoon from the Russian Hall, on Paer street, and was largely attended. The service was conducted at the hall and grave side by a Russian associate of the hall the cortege proceeded to the cemetery headed by two Russian friends of deceased who carried a large wreath with the late Mr. Mazuranto's name inscribed, then the 19th band, followed by over two hundred members of the society which took charge of the funeral. At the rear of the cortege were two motors conveying the lady friends who took an active part in the service.

The men in the parade wore red badges but took them off at the request of Chief Greene. Today the Chief said the reason for this was that while the badges might not mean anything harmful, at the same time it was getting in the thin edge of the wedge and if allowed might mean trouble later when other parades wished to carry flags or wear some kind of emblem the meaning of which was not clear.

Interesting News For Working Men

AN ARTICLE WELL WORTH YOUR WHILE TO READ

This is a nerve racking age—not a man in an office or behind the counter, striving hard to get on in the world, that does not feel the strain. If nerves are in order, a man is strong, eats and sleeps well. Unstrung nerves means weakness, worry, sleeplessness and a general decay of bodily strength.

Most men are careless of their health. They trust to luck and that kind of thing, instead of taking Ferrozone for a few weeks when they feel dull in the morning, or when they sleep poorly, or lose appetite.

Ferrozone quickly brightens up the mind, it creates an appetite and improves digestion. Ferrozone makes blood, quiets the nerves, makes muscle like steel and induces refreshing sleep.

Ferrozone is a body builder, thousands have proved it. If you are sick or out of sorts, use Ferrozone and enjoy the splendid health it so surely brings.

The funeral of the late Mrs. Margaret Parnall was held from the residence of her son in law William R. Pringle, Homer, yesterday. Rev. J. D. McKenzie Naughton, rector of St. Georges Church, Homer, officiated at the house and graveside.

A leading real estate man told The Journal today that he had never known of a time since he has been in business when there was such a demand for houses as there is now in St. Catharines. "And," he added, "the houses are not to be had."

The beautiful anthem "Rosate Hues of Morn" was splendidly put on by the choir of St. Thomas Church yesterday morning, under the direction of the organist, Mr. English. The quartette parts were taken by Mrs. Turnbach, Mrs. J. M. Ellison, Mr. Armstrong and Mr. Brehall.

The death occurred on Sunday of Miss Hattie O. Phelps of Merriton and the funeral will be held tomorrow afternoon from the residence of her uncle E. H. Phelps, Merriton.

All that was mortal of the late Miss Sarah Isabel (Sadie) Pickering was tenderly laid to rest in Victoria Lawn cemetery on Saturday afternoon, the funeral taking place from Grobb Brothers chapel. Rev. A. H. Howitt, was the officiating clergyman. The bearers were: Lt.-Col. Thairps, George P. Ecclestone, Samuel Brisbane and Captain Robert Chestnut. The flowers were many and beautiful.

The remains of Mrs. Agnes Meller who died at Niagara Falls, N.Y., on Friday was brought here yesterday by funeral car accompanied by a large number of relatives and personal friends. Rev. Mr. Mosher read the Anglican service at the graveside. The following acted as bearers: F. Boucher, Albert Halstead, F. Cusford Emanuel Clayton, Gil Ward, William Duke. The numerous floral tributes from sympathizing friends were very beautiful. The remains were interred in the family plot in Victoria Lawn Cemetery.

Allied Powers Will Warn the Turks to Cease Massacres

Demonstration to Be Made on the Bosphorous to Bring the Turks to Time—Will Be Followed By Drastic Action if Hint is Not Taken.

LONDON, March 8.—The allied Government yesterday. The terms of the communication were not disclosed but it is understood they are drastic and will be followed by drastic action should the necessity arise.

The proposed allied military control of Constantinople is not to be an occupation in the sense which that term usually implies, according to the Peace Conference plans, which, however, have not as yet been fully matured.

The idea of the Conference, it is indicated, is to impress upon the Turks that the world will not tolerate massacres such as those of the Armenians and Cilicia last month. This has been unsuccessfully attempted through threats from the Conference that unless the massacres ceased the peace terms for Turkey would be much more severe than otherwise, and now the allies plan to make some sort of a military demonstration at Constantinople. Just what this form shall take is understood not to have been decided, but a speedy decision is expected as Great Britain, France and Italy are agreed that quick action is necessary to save hundreds of lives.

Turks Will Knock Under

The allies have enough troops in Turkey to control Constantinople, if it be necessary to resort to force, but the allied Premiers are believed to be convinced that this necessity will not arise. They are of the opinion, it appears, that when the Turkish Government finally comes to the conclusion that the allies mean business, the situation will be considerably clarified. This is the first point in the plan of the Conference.

Some reinforcements for the allied troops in Turkey arrived on the scene this week, and more will follow. The weather conditions in Cilicia are unfavorable at present for the starting of a new military operation, but the allies are agreed that it is absolutely necessary for the French to retrieve quickly and at any cost their recent losses in Cilicia, as the view in Conference circles is that the Turks undoubtedly think the allies are tired of fighting and that their notes and warnings have little backing.

Will Bring Ottoman to Time.

As outlined, the plan is to show the Sultan that this is not the case, no matter how distasteful further military activities may be now to any of the allies.

What the Conference really would like, according to the reports of the statements at the meetings here, is for the United States to sanction her naval forces in Turkish waters, but there seems to be little expectation that this can be brought about.

Although the Premiers are not attending the sessions just now, the Peace Conference as it is now constituted has full powers to rearrange the outline of the Turkish treaty within a fortnight, but the conference are not planning to hurry with the document, now that the reports of the massacres have been confirmed. Their attitude is that the Turks must conform to the European interpretation of civilized Government before any treaty shall be handed to them.

Put Stomach in Fine Condition

Says Indigestion Results From An Excess of Hydrochloric Acid.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyper-acidity, meaning, there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sours in a can forming acid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water brash, or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescing and furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity remove the gas making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results.

Benzine Explosion in Toronto Wipes Out a Family of Four People

TORONTO, March 8.—The explosion of a can of benzine, followed by a fire, caused the death of four persons at Nos. 8 and 10 Moscow ave. yesterday afternoon at 12.50. The dead are:

HERBERT FOSTER, aged 36.
ALICE FOSTER, aged 39.

Their two children, Aileen, aged 7 and Olive, aged 5.

The entire family was wiped out by the explosion and fire, and the whole progress of the tragedy occupied the space of only half an hour. Herbert Foster survived until seven o'clock, dying in the General Hospital from his injuries.

Yesterday afternoon the charred kitchen and badly damaged lower floor of the brick veneer and rough-cast building were the only evidences of the grim occurrence of an hour or so before. A doll's baby carriage, belonging to one of the children burned to death, the gutted interior of the kitchen, an overturned and burned table lying in the centre of the kitchen were mute witnesses of the disaster which overtook the Foster family as they were preparing to eat the midday meal. Lying in the kitchen, where death had held sway, was the scorched and blackened roast of beef upon which the family were preparing to dine.

Exploded Can Found.

So far as can be learned, Foster, who ran a little tailoring and repair shop at No. 10 Moscow avenue, was trying to fit a spout in a can of benzine. The spout had evidently become loose, and had fallen out. When the room was investigated after the fire the spout, held in a pair of pliers, was still resting in the cook stove, evidently heating so that solder could be applied. The exploded five gallon can was also found, bent and twisted with the force of the explosion.

The only details of the tragedy come from Mrs. Phyllis Spicer, who, with her husband and two little children, occupied rooms upstairs. The kitchen where the tragedy took place is a one story frame structure attached to the rear of the main two story building. The entrance to it is narrow, and runs out at the left hand side of the room, while another passageway turns at right angles to lead to the passageway into the two small shops. From this passageway the stairs turn up to the left, and a side door opens out of the corridor into a lane, nearly opposite the stairway.

March Weather Dangerous to Baby

Our Canadian March weather—one day bright, but sloppy, the next blustery and cold—is extremely hard on children. Conditions make it necessary for the mothers to keep the little ones indoors. They are often confined to overheated, badly ventilated rooms and catch colds which rack their whole system. To guard against these colds and to keep the baby well till the better brighter days come along, a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep his stomach and bowels working regularly. The Tablets are a mild but thorough laxative which never fail to regulate the stomach and bowels and thus they relieve colds and simple fevers and keep the baby fit. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

WHAT EXCHANGES SAY WHEAT FROM RUSSIA

The Supreme Allied Council, according to a Paris newspaper, has made a tentative plan to secure a supply of wheat from Russia. This step seems to be necessary in order to avert a serious shortage of bread in Western Europe. Sir James Wilson, who is a well known authority on agriculture in Scotland, and was a delegate to the International Institute of Agriculture at Rome from 1914 to 1917, estimates that the exporting countries of the world will hold 344,000,000 bushels of old wheat on August 1, 1920, which is only about one half of the normal import requirements. This estimate includes Russia, Roumania and India. The Indian crop, which becomes available in April, is promising, but the Roumanian crop is doubtful, and there is now practically no intercourse with Russia. In the United States, owing largely to the cost of labor, the winter wheat sown was only 39,000,000 acres, as compared with 50,000,000 acres the year before, and the same labor troubles will prevent any large increase in the spring sown wheat. The Allies cannot expect much relief from that quarter, and prospective hunger is driving them to make a bargain with Russia.

WISE QUEBEC FARMERS.

(Belleville Daily Ontario.)
In the Province of Quebec they are wiser in many things than we are in Ontario. The farmers there didn't turn all their beautiful maple forests into cordwood and cow pasture as we have done around Belleville. They looked farther ahead than the immediate present. The result is, that owing to their foresightedness and enormous annual production of maple sugar they have been enabled to cut down the consumption of refined sugar in that Province to 68 pounds per capita. In Ontario it is nearly twice that amount or 130 pounds per head.

In Ontario we have been growing

rich, and correspondingly lazy. The maple trees we have left, if put to work, would practically drive the Cuban product off the market. But we Ontarians prefer to loaf around the house in the spring and grumble about living costs and the greed of the middleman. The habitant of Quebec takes off his coat, goes to work in his bush, and so keeps his money at home and makes himself independent of profiteers, whether Cuban or Canadian.

Growth Shows Desire To Extend Army Work

Commissioner W. J. Richards, chief of the Salvation Army in Eastern Canada, has completed his fifth year in that capacity. During that time the Army has seen one of its greatest periods of usefulness. This period takes in the "war years." The great war had been under way since August and new problems presented themselves to the organization when he assumed command. These problems required a large measure of initiative to overcome. The task of rendering the highest and most efficient service was shouldered and Canada paid tribute to the success which attended those efforts by over subscribing the amount asked for during the Red Shield Drive.

Commissioner Richards is a forceful man. He is a man of few words. He believes in doing things. During the five years, more than 11,000 persons are recorded as having sought salvation. Notwithstanding the losses due to war, there are today nearly 2,000 more names on the Membership Roll than there were in this territory five years ago.

In July, 1915, Canada East was separated from Canada West, the dividing line being Port Arthur. Ever in view of this, there are now only forty one fewer officers in active service in the Eastern territory alone than there were in the combined territories five years ago.

In the Field Report two very striking indications of financial growth are given. In 1914, the Self-Denial total for the combined territories was \$43,726. In 1919, for Canada East alone, it was \$75,591. Harvest Festival returns have been doubled.

Shows Solid Growth.

In all the various departments the same rate of growth has been recorded. This shows that as often as humanly possible every opportunity has been seized for the advancement of every branch of the organization. Inasmuch as every act of service means the welfare of somebody, the position which the Salvation Army occupies today indicates tremendously increased service to the community.

This service has been rendered under the leadership of Commissioner W. J. Richards. His five years in Canada have been five big years for the Salvation Army in Canada, and give great promise for the future.

DIED AT PORT WELLER.

There passed away at Port Weller on Thursday morning, Samuel Mazurkoff, at the age of 31 years, following an illness of a lengthy duration. Deceased who had lived in Toronto for a number of years came to Port Weller about ten months ago to reside with his brother, William Mazurkoff, where he was tenderly looked after until he passed away, his disease being pronounced incurable from the start. The funeral will be held on Saturday afternoon to Victoria Lawn Cemetery.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocarbonylchloride. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

WILSON'S ANSWER TO LAST NOTE OF THE PREMIERS IS OFF

The State Department Declines to Reveal the Contents of Rejoinder.

WASHINGTON, March 6.—President Wilson's rejoinder to the last note of the French and British premiers on the Adriatic situation was despatched to Europe last night. Its content was not disclosed by the state department.

In preparing his answer President Wilson had before him the proposal of the premiers that the United States join in seeking a settlement

of the vexing problem of the Adriatic through direct negotiations between Italy and Jugoslavia. The text of their proposal was taken from a statement in Mr. Wilson's previous communication that the United States "would, of course," not oppose any agreement "mutually agreeable to Italy and Jugoslavia" as to frontiers, providing it was not on the basis "of compensation elsewhere at the expense of nationals of a third power."

The President was invited to participate in a joint proposal to Italy and Jugoslavia to this effect, and what answer he has made was not revealed. It was noted, however, that the summary of the premiers' note cabled from London showed that even should such efforts bring no results, further triangular discussions between Great Britain, France and the United States in search of a way out of the difficulty were agreed to in advance.

THIEVES ATTACKED MAN WHO BARRED WAY FROM STORE

NIAGARA FALLS, March 6.—While endeavoring to prevent the theft of three women's dresses from the department store on Main street where he is treasurer, Peter F. Jenks, a member of the board of education was brutally beaten by two men whom he intercepted with the goods.

Department heads went to Jenks' aid but the strangers escaped.

Later Officer Blake arrested Frank Martinez, thirty four years old recently from Arizona on description. The prisoner was identified by the store clerks as one of the two who beat Mr. Jenks.

Martinez is being held pending investigation.

Jenks said he had been advised of the theft by the men of the garments from the third floor and accosted them on their way out of the building then the fight started.

FEW PROFITEER CONVICTIONS

The British system of having anti-profiteering tribunals throughout the country to apply drastic treatment to chargers of exorbitant profits has failed of its main object. In the first six months of the operation of the act, 1,00 committees were appointed. The number of cases heard has been 1,935, the number of convictions obtained 24, and the cost has been \$125,000. The results might seem very disappointing, considering the thoroughness with which some of the committees combed over the list of dealers for culprits, and the supporters of the anti-profiteering act evidently thought so, when the question of an extension was up in the commons. But the effectiveness of a campaign, especially of this kind, cannot be judged alone by the number of convictions. For one dealer who is fined, a dozen may decide to keep inside the law after an example of prosecution.—Toronto Mail and Empire.

SIX MILLION JEWS ARE FACING DEATH

Starvation and Disease Cause Indescribable Suffering in Eastern Europe.

The hardships of this winter will mean death to thousands of Jews in Poland, unless outside aid intervenes at once according to Lieutenant Shelton Wright of the American Red Cross Commission to Poland, eastern months of relief work in Eastern Europe.

He painted a vivid picture of this half-starved people, clad in rags, who are now creeping back toward their devastated homes after months of refugee wandering, and dying of starvation and typhus along the roads, as they go.

“Outside starvation, numerous diseases, attributed to malnutrition and typhus have killed men and women and children like flies,” he said. “I remember a family trying to live under an over-turned wagon by the roadside. The mother was dead under a tree a few yards away—she had been dead for days. The father was stretched upon the ground dying of typhus. He died that day. Under the wagon were two little children, both under five, sick with typhus. An older child sat stupidly beside them—a girl driven out of her mind.”

Many of the people are driven to make “bread” out of leaves and bark, and “soup” out of grass and water, Lieutenant Wright reported. There was unspeakable joy among them when the American ships, loaded with relief supplies purchased with the funds raised by the American Jewish Relief Committee and other American Jewish agencies, and American and Canadian Red Cross supplies were unloaded at Danzig and other ports. In spite of the fact that the American Jewish Relief agencies are spending almost \$2,000,000 a month now on their relief work in Poland, and that the Red Cross is doing its work on so vast a scale, hundreds of thousands of Jews and Poles will die during the winter unless more aid comes.

“Every box-car full of refugees returning to their homes has in it those who die along the way, and those who have contracted typhus,” Lieutenant Wright said. “The people try to avoid disease by keeping clean, but it is impossible to do so, under existing conditions. Even our nurses and doctors fall ill of typhus, a disease caused by filth and lice.”

The Red Cross and the American Jewish Relief agencies are doing their utmost to keep both the Jews and the Gentiles in the stricken lands alive. Six million Jews in eastern Europe face death unless immediate shipments of food, clothing, and bedding from Canada and the United States reach them before the cold weather sets in.

An appeal for funds is to be made in Ontario and a generous response from this district is confidently expected.

MILLION CHILDREN ARE CLAD IN RAGS

Their Wasted Bodies Show Thru Tatters, Result of Starvation and Misery.

The art of making two flower bloom where only one bloomed before isn't half so hard as that of making two garments exist where only one existed before; yet even this can be accomplished, according to reports recently received by the Canadian Jewish War Relief Committee from relief workers abroad.

Cloth of any kind, either cotton or wool, is practically impossible to obtain in Eastern Europe, except at prohibitive prices. A round million little Jewish children in these unhappy lands are clad in the rags that they have worn all through the war, their wasted little bodies showing through great tatters. Some of these children are still sleeping on the streets, since there are at present neither orphanages nor funds for all.

Miss Harriet B. Lowenstein, of New York, sent to Europe as a commissioner of the Joint Distribution Committee of American Funds for Jewish War Sufferers, was able to purchase more than a carload of pajamas from the salvage department of the American army in France. These were sent to Eastern Europe, and in the workrooms opened there were made over into clothing for children.

Each pair of pajamas made at least two Russian blouses out of for little boys it was reported. The larger pieces left over in the cutting were used for the cloths that the children of Eastern Europe bind around their feet in lieu of shoes.

MOBS OF CHILDREN CRAVING FOR BREAD

Gaze Into Bakeshop Windows for Hours at a Time, Hoping for Something to Eat.

“The saddest thing in all Eastern Europe at the present moment—worse than all the other instances of starvation and even of death and disease on every hand—are the child-mobs that are able to keep going in Warsaw,” Shalom Asch, the famous Yiddish playwright and poet reported to the American Jewish Relief Committee upon his return from Eastern Europe, where he went as a commissioner of the Joint Distribution Committee of American Funds for Jewish Sufferers from the War.

“In the bakery windows are a few loaves of bread, and sometimes cakes, that are sold at a simply prohibitive price,” he explained, “and even if these were as cheap as in Canada and the United States, their taste would still be unknown to the hungry Jewish children, who live on the cup of soup a day they get from American Jewish relief agencies. But the youngsters tantalize themselves with the sight of food, when they cannot get the taste of it.

“They press up to the window, and at first merely stare respectfully at the bread, an uncanny little crowd of gaunt small folks with old faces and suffering unchildish eyes. Perhaps it is raining, or the wind is blowing coldly through the tatters that they wear, that little barefooted boy, but they huddle together for warmth, and do not stir. The sight of the bread has fascinated them, it is so rarely seen.

“A customer comes out, leaving the door ajar for a moment, and the warm fragrance of the bake-shop drifts out to the little ragamuffins, maddening them. They press closer to the window, their thin little faces against the glass. Those in front put out their tongues and lick the glass, as if, by so doing, they could taste upon the bread. Then hunger overcomes their fear, and they press up to the bakery window again. Soon they are eagerly licking the glass once more. And this goes on all day every day in front of the bakery window.”

More money is needed to help feed those children, and an appeal soon is to be made in Canada for that purpose.

MILLION PAIRS OF SHOES ARE NEEDED

Destitute Jewish Children of Eastern Europe Use Rags to Protect Feet From the Cold.

A million pairs of shoes are needed by the destitute Jewish children of Eastern Europe to-day, according to reports received by the Canadian Jewish Relief Committee from relief workers abroad.

At least that many of the helpless and hungry Jewish youngsters of Eastern Europe are absolutely without footwear of any kind, their relief agents say. Thousands of others have rags sewn around their feet in lieu of shoes.

Several carloads of shoes that formerly belonged to Allied soldiers in France were purchased there by the Joint Distribution Committee of Funds for Jewish Sufferers from the War, for the Jewish women of Eastern Europe. But it was impossible to buy the shoes in sizes that could be worn by the children, and all others sent to Europe are at a prohibitive price. So a million youngsters are barefoot during the hard winter of Eastern Europe.

There is a great lack of every conceivable kind of clothing, as well as shoes. In Serbia, a common child's costume just now consists of two sacks, with holes cut through for the head and feet. In Poland, flour sacks and sugar sacks sent with supplies to the destitute Jews by Jewish relief agencies are all being made over into clothing, and even small salt sacks are pieced together, and used for this purpose.

The New York market was professional in character. Trading was dull and prices tended easy.

The Toronto Presbytery nominated Rev. Dr. J. Ballantyne for the chair of the General Assembly.

DESTITUTION IN EUROPE TERRIBLE

Long Processions of Starving, Ill-Clad Children Seen Daily on the Streets.

Long processions of little Jewish children in Eastern Europe, bearing their tin cups in their hands, daily walk from their villages to the nearest town in which there is a Jewish relief station, according to relief workers in these stricken lands, sometimes journeying five or six miles in order to get the cup of soup with a piece of hardtack, or the mug of milk which is often their sole food of the day.

Those tin-cup processions emphasize, as nothing else could do, the relief workers say, the terrible destitution of the Jews in Eastern Europe at present. The children in them are barefoot, almost without exception.

Reports received by the Canadian Jewish War Relief Committee say that both boys and girls are wrapped in burlap, or dressed in clothing made from the sacks in which the relief supplies have come, or in the rags which they have worn during the five years of the war, their gaunt little bodies showing through the tatters. They do not walk as children usually do, without effort or restraint, but drag themselves along wearily, and hopelessly like tired little ghosts condemned to move in hungry processions throughout eternity.

Arrived at the relief station, the children are so tired and so weak that they sit down upon the pavements to await their turn in line. Upon the faces of every one of them there is an expression of unchildlike anxiety. It has to do with the only really vital question in the world to them—whether or not the soup or milk will hold out, until their turn comes. Every day some of them have been turned away without food, since their numbers are so great that the funds at present on hand are not always sufficient to care for them all.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with coated tongue, foul breath or a dull headache; or if your meals sour and ferment, you have a real surprise awaiting you.

To-morrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleaning, sweetening and purifying the entire alimentary canal.

Those subject to headaches, back-aches, bilious attacks, constipation or stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside bath.

Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

WE ARE Ford Dealers in this district and have formed an estimate of the number of cars we will require to meet the needs of this territory. We cannot get enough cars to fill that estimate because there are not enough cars being made to fill all dealers' estimates throughout Canada.

The number of cars we can get depends upon the number of orders we send in and the early date at which we send them in, as the Ford Shipping Department follows the principle, “First Come, First Served.”

Cars ordered now will not be delivered until March, and deliveries will be uncertain throughout the year. If you do not want to wait for summer or autumn delivery, come in and reserve your car by signing an order today.

"I ADVISE EVERY SICK WOMAN

To Try Lydia E. Pinkham's Vegetable Compound."

"I advise every suffering woman to take Lydia E. Pinkham's Vegetable Compound for it has done me so much good. I had female weakness, inflammation, pains in my sides and painful periods. I suffered for six years and tried many remedies without benefit. The doctor said I must have an operation. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers, and since taking it I am cured and have a nice baby four months old. I feel like a new woman, and have recommended your medicine to my friends. I would be glad to have everybody know what your medicine did for me, and if any write to me I will answer all letters."—Mrs. MARY CALIGURE, 317 South Main St., Herkimer, N.Y.

Every woman at some period or other in her life may suffer from just such disturbances as Mrs. Caligure, and if there is no interested friend to advise, let this be a reminder that this famous root and herb remedy has been overcoming these ailments of women for more than 40 years. If any complications exist, write Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice. The result of many years' experience is at your service.

SAYS WAR PRISONERS CUT UP BEST TIMBER AND GOT NO PAY

KAPUSKASING, March 5.—"We have come here determined to get at the bottom of the problem. We are determined to find out what conditions are, and anxious to hear any suggestions which you may have to offer. None of us is prejudiced. On the contrary, our strongest sympathies are with you. Only your heartiest co-operation can make this inquiry a success."

With this very brief announcement from Mr. W. F. Nickle, M.P., Chairman of the Commission appointed by the Provincial Government to investigate the complaints and charges made by soldier settlers at the Kapuskasing colony, Mr. Nickle and his colleagues, Lieut.-Col. John T. MacLaren and Prof. Sharp, opened their inquiry yesterday morning in the Orange Hall of the colony.

In answer to the question which Chairman Nickle put to each witness, these settlers replied that as soon as the opportunity was given them they wished to leave the camp. They claimed that their experience had been that the colony was absolutely unfit, that the possibilities of success were not what officials had represented them to be, and, further, that "it had been a case of broken promises."

The case of each settler who testified yesterday is now one of almost utter destitution. Their stories were pathetic. With one exception these settlers came into the camp with sums of money exceeding \$500, which did not include Government assistance. They have been here for more than a year. They find that they cannot obtain enough from ten acres, if it happens to be cleared, to support themselves and families, and it

Copy of the Statutory Prospectus

NOW PAYING 2% DIVIDEND MONTHLY

Of Texas, Incorporated

Of Great State Petroleum Company of Texas (Inc.) filed with the Provincial Secretary of Ontario, Canada, and dated 30th September, 1919.

The Company is incorporated under the laws of the State of Delaware, with an authorized capital of \$15,000,000, the par value of shares being \$10.00, all common stock. Its head office is at Room 205, 320 Fifth Avenue, New York City.

The original incorporators, each of whom subscribed for five shares for the purpose of incorporation, are: Isadore M. Katz, attorney, and Richard L. Cunningham, stenographer, both of No. 32 Liberty street; Walter H. Marshall, clerk, 111 Broadway; Martin A. Purnell, salesman, 43 W. 33rd street, all of New York City; Percival K. Frowert, President of Percival K. Frowert Company, Inc., New York City; Albert C. Rick, oil operator, Dallas, Texas; Martin A. Purnell, salesman, 43 W. 33rd street New York City. Further directors up to fifteen, the number fixed in the bylaws are to be appointed.

By contract dated Sept. 26, 1919, between them and the Company, Albert E. Shahan and Harry A. Hurt, dealers in oil properties, Dallas, Texas, acting for themselves, and Albert C. Rick and W. F. Sims, oil land dealer, Hillsboro, Texas, sold to the Company ten groups of oil and gas leases in Texas, consisting of 11,277.33 acres, for \$345,390.00, par value of stock (\$4,336 shares); by another contract dated September 26, 1919, between the same parties and the Company, they have sold to it twenty four other oil and gas leases, covering in all 69,380 acres, all in Texas, except 200 acres in Oklahoma, and a 3-18ths interest in the production of other producing oil wells, at prices fixed for each property and totalling \$3,603,362.00. This property is to be paid for by the Company in stock of the Company at par value, the Company having the right to investigate, titles and to refuse to complete purchase of any property, the price of which is not approved by appraisers, one of which is to be selected by the Company and one by the vendors, and they to select a third in the event of disagreement, and the Company having the right to take any one of the individual properties at the stipulated price in shares of the Company at par. The vendors agreeing to furnish an abstract of title to the respective pieces of property within ample time for the Company to have same examined in order that the Company may proceed with the appraisal herebefore referred to; all appraisements made are to be made to the Company in writing, without unnecessary delay.

Another contract dated September 26, 1919, has been made between the same parties, giving Hurt and Shahan an option on all of the stock of the company, except 300,000 shares, which is reserved by the company for the purpose of acquiring more oil leases or personal property, and except 64,336 shares and 380,336 shares above referred to, which has been set aside for exchange for properties on the terms therein set out, a copy of which is filed with this prospectus and which may be inspected at the office of the Provincial Secretary of Ontario, where also the other contracts may be inspected. Copies of all of the above contracts may also be inspected during any business day at the office of the Company. The law of Delaware, not calling for any minimum allotment, the contracts are now binding. Shares are not sold subject to call, but fully paid and non-assessable, and certificates will only be issued upon payment being made in full, but there is power to sell on 30 per cent. being paid in cash and the balance in thirty, sixty and ninety days, with interest at 6 per cent. per annum from date of contract, and subject to forfeiture for failure to pay any balance.

The by-laws provide that any shareholder is qualified to be a Director, and do not allow Directors to receive salary for being Directors, but the officials, President, Vice President, General Manager, Secretary and Treasurer, will be entitled to salaries as such.

The preliminary expenses are estimated at under \$5,000.00, the expenses of procuring the properties being borne by the vendors, and the Company paying no part of any expense of Hurt and Shahan in selling the stock optioned to them.

Dated 30th September, 1919.

ALBERT C. RICK,
PERCIVAL K. FROWERT,
MARTIN A. PURNELL,
WALTER H. MARSHALL,

Being all of the Directors of Great State Petroleum Company of Texas (Inc.)

This young Company is a consolidation of the independent oil companies of Texas and Oklahoma. The people affected by this consolidation have all received shares at par in payment of their holdings, and therefore only receive returns as dividends are paid.

We believe that investments in the **THE GREAT STATE PETROLEUM COMPANY OF TEXAS, Inc.**, will be a source of pleasure to the investors, for the reason that the Company is to-day beyond a mere speculation, as it is a decided success. The shares of all well managed oil companies are considered the most profitable class of investment in the world to-day. Successful oil companies require three things, viz: Capable and successful business men to manage and direct its affairs. Experienced and successful oil men to manage and develop its properties. Properties in Proven Oil District. The Company already has the first three, and we are rapidly adding a fourth requirement, which is very essential to successful oil companies, and this is further capital.

The property owned by this Company is so advantageously located that it is our opinion that the Company will result into one of the leading oil companies of to-day. Considering the fact that the management is unexcelled, we know of no reason why the Company's success should not be extraordinarily rapid. The Company earns at the rate of \$800,000.00 per month, or a total of more than 50 per cent. on the entire capitalization, of which less than one-third is outstanding.

Around April of this year stock of this Company will be selling on the New York market for a great deal above par and we would not be surprised if it were selling for at least \$50.00 per share, as the dividends and earnings the company has and will have by then will justify such a value.

Since issuing the prospectus, the Company has increased the production from its oil lands to 10,000 barrels per day, and an added acreage which now makes the entire acreage leased or controlled by this company 95,000 acres. Additional assets added consist of a 5,000 barrel refinery, 200 tank cars and a 45 mile pipe line running from the Burkburnett Field in Wichita County, Texas, to the refinery at Lawton, Okla., together with all pumping stations, loading racks, switching tracks, etc. The line alone is earning the Company \$2,500.00 per day.

Dividends at the rate of 2 per cent. monthly have been declared and paid. Next dividend March 1st.

We would suggest that you make the fullest investigation of this Company and the Board of Directors, and it will be our pleasure to give you any further particulars you may desire. We confidently assure you from the success that has attended this Company in the past, purchasers of this stock, in my opinion, will receive very large returns within the next twelve-months.

"Pick out a young growing enterprise, make sure it is a business in which large profits can be made, and that it is honestly managed by competent people, and then put your money in it. If you wait until it is a fully developed money-making proposition, you will buy on a four-to-six per cent. basis, while by investing at the start you can get the same thing on a basis that will return a per cent. of hundreds and sometimes thousands."

POLICY OF FARMERS FAVORS AN ELECTION

HON. MR. CRERAR

OTTAWA, March 5.—Hon. T. A.
Crerar, in unequivocal language, last
night proclaimed in the Commons the
policy of the Farmers' movement in
Canada. At the same time he put him-
self on record as favoring the hold-
ing of an immediate general election
declaring that he and his followers
in the House would vote in favor of
the Liberal amendment to the Ad-
dress in reply to the Speech from
the Throne, calling for the dissolu-
tion of Parliament.

Then the Vote Is Postponed.
It was the intention early in the
evening to take a vote on the amend-
ment last night, but at a late hour
it was decided to postpone the divi-
sion until next Tuesday. Although
there are twelve occupants of cross
benches in addition to the Liberals
who will support the amendment, it
is said that the Government majority
will likely be 30 to 35.

While it was not the desire of the
Farmers' party to sweep away the
high tariff at one blow, Hon. Mr. Cre-
rar explained that the tax on im-
plements used in production and on
necessaries of life should be removed,
and there should be a general
revision of the tariff. The tax on
luxuries should be boosted to prob-
ably 50 per cent. of their value. At
the same time an excise duty should
be imposed on luxuries manufactured
in Canada. "Protection," the Farm-
er Chief said, "is nothing
more or less than a form of State
Socialism."

**Speaker Warns Against Fiscal
Discussion.**
This was a big day for those who
occupy cross benches in the House.
If there were any previous doubts, it
became evident as the debate proceed-
ed that there will be a great struggle
when the debate comes on the Budget
Speaker Rhodes yesterday cautioned
the members not to stray from the
matter before the House, and to elimi-
nate fiscal discussions.

The subject continued to crop up in
almost every address.

**GORKY EXPRESSES
DISAPPOINTMENT

STOCKHOLM, March 5.—Bitter
disappointment with Bolshevism is
expressed in an article recently pub-
lished by Maxim Gorky, the Russian
radical, according to a Helsingfors
despatch to the Tidningen of this
city.

"The revolution has not been fol-
lowed by any spiritual revival," the
article is said to declare, "and has
proved itself unable to make men
more honest. Men in power now are
just as brutal as those in authority
under the imperial regime and send
many men to prison. Bolsheviek lead-
ers, driven by ambition, are perform-
ing experiments upon living people

Pale, Wan Cheeks A Sign of Anaemia

To Have Good Color and Health the
Blood Must Be Kept Red
and Pure.

Many women who had good color
and bright eyes in their girlhood
grow pale and colorless and lose
much of their charm when they be-
come wives and mothers. Why is it?
When the fading color in the cheeks
and lips is accompanied by a loss of
brightness in the eyes and an in-
creasing heaviness in the step and a
tendency to tire easily, the cause is
to be sought in the state of the blood.
Many causes may contribute to the
condition of the blood known as an-
aemia. Care of the home, overwork,
lack of outdoor exercise, insufficient
rest and sleep, improper diet, are a
few of them. The important thing is
to restore the blood, to build it up so
that the color will return to the
cheeks and lips, brightness to the
eyes and lightness to the step. To
do this, nothing can equal Dr. Wil-
liams' Pink Pills. They begin at once
to increase the red corpuscles in the
blood and this new blood carries
strength and health to every part of
the body. The appetite improves, di-
gestion becomes perfect, and energy
and ambition return. Proof is given
in the statement of Mrs. Alex. Arch-
ambo, Cornwall, Ont., who says:—
"Two years ago my health began to
fail. I was suffering from headaches,
pains in the back and sides, and a
constant tired out feeling. I had used
a lot of medicine, but instead of it
helping me I seemed to be growing
weaker. My friends urged me to try
Dr. Williams' Pink Pills, and while I
felt disheartened at my experience
with other medicines I decided to do
so. To my great joy I soon found the
pills were helping me, and their con-
tinued use for a time fully restored
my health. I feel that I would be un-

grateful if I did not give my experi-
ence with Dr. Williams' Pink Pills in
the hope that it may point the way
to health to some other poor suffer-
er."

Dr. Williams' Pink Pills can be ob-
tained through any medicine dealer,
or may be had by mail, post paid, at
50 cents a box or six boxes for \$2.50

from The Dr. Williams' Medicine Co.,

There are a great many men who need treatment for their
nervous system. These men do not know what is the reason they
don't feel right—why they can't work like they used to—why they
tire so easily and why they are irritable, nervous, despondent,
weak, pale and lack ambition. These conditions require the ex-
pert knowledge and treatment of a specialist who has had many
years' experience in just such ailments. A specialist learns by
experience to know just the right treatment at the right time so
that the patient can be dismissed at the earliest possible time. Men
affected with nervous exhaustion have no endurance—no ambition
—everything they attempt is an effort. Life to them appears as a
long, gloomy future. Their appetite is poor and variable—they be-
come irritable, cross and discouraged. They have pains and aches
in various parts of the body and there is often indigestion and
pains in the stomach. Sleepless, wakeful and restless nights fol-

ies thinking they cannot be cured. They have tried liniments, rub-
bing, massage, salts and other treatments without experiencing
any relief, and they are now going through life thinking they
are martyrs to that burden called Rheumatism. If these men could
only know how easy it is to get rid of many rheumatic conditions
I know they would not suffer another single day. Then all suffer-
ers of rheumatism would be strong and healthy if they could
get rid of the condition. Rheumatic patients are nearly all strong
and robust before being attacked by this ailment, and therefore
it is so hard for the man to understand why he should suffer the
agonies of such a condition. When a man gets rid of such a condi-
tion he feels that a heavy burden has been lifted from his life, and
he starts right out to make up for lost time both in money and
pleasure. When a man comes to my office suffering with the
above condition he is given a most careful examination, and he is
given treatment that he feels is giving him great benefit.

Party-Line Consideration

A two-party line is a single circuit, shared in common by two subscribers. It is not reserved for a single user and should be used on the share-and-share-alike basis.

On a two-party line, it is possible for both users to try to talk out on the same circuit at the same time. There is also the liability of both being wanted at the same time to receive incoming calls.

Therefore, there are special considerations which we urge a party-line user to keep in mind:

- 1. Long conversations prevent the use of the line by the other subscriber; therefore party-line talks should be as brief as possible.
2. Whenever another party-line subscriber requests the use of the line for an emergency, courtesy should be prompt the first user temporarily to give up the use of the line
3. Whenever a party line subscriber takes the receiver from the hook and finds the line in use, the receiver should be replaced at once in a careful manner.
4. At the end of a conversation the receiver should be replaced upon the hook immediately, otherwise the other subscriber cannot signal the central office.
5. Be sure always to give the operator the letters W or J in calling a party-line subscriber

Co-operation is required to ensure good service of any kind.

Every Girl Who Earns Her Living Read This!

Very complex in her physical relations to life, disease early reizes upon the woman who works, and she must therefore guard jealously anything that would tend to destroy her vitality or health.

Probably nothing is of more service than Dr. Hamilton's Pills, and every girl and woman can employ this grand remedy with gratifying results.

As a system tonic and blood renovator, no treatment gives such results.

For maintaining good digestion and healthy appetite, it is impossible to equal Dr. Hamilton's Pills.

Dusky, sallow complexion is changed to a healthy, ruddy glow, which proves that Dr. Hamilton's Pills circulate blood that is rich and nourishing.

Weak organs are filled with new life and vitality; weakness, irregularities and the common ills are prevented.

When you feel poorly, when the head aches, back feels lame, and a drowsy, tired feeling creeps through you—that tells of the need of Dr. Hamilton's Pills; try them. Sold in yellow boxes 25c.

FRENCH ARE VERY SUSPICIOUS OF GIVING AID TO GERMANY

PARIS, March 4. — "Whatever dangers may result from peace with Soviet Russia, France must share with England. It is not the same regarding the benefits. England and Germany may gain much from a resumption of commercial relations. We shall gain little or nothing. Yet what hurts them will hurt us also. It's heads they win and tails we lose."

That was a summary of the French viewpoint given today by a high diplomatic authority. He said: "France has agreed to follow England's lead and assented to the Supreme Council's announcement issued last week in London, but since that date a new factor appears to have been introduced—the relation of Soviet Russia to Germany."

Germany to Develop Russia. "During the last week it appears that the idea has come to British statesmen that, instead of modifying the treaty in Germany's favor, which would be difficult and dangerous, they should kill two birds with one stone by allowing Russia and Germany to assist each other. Germany would develop Russia and Russia would put Germany on her feet again."

"We want Germany to pay, and there must be economic recovery if she is to do so. We realize that it will not be easy to strike the exact happy means which will allow Germany to recover enough to pay with out gaining sufficient strength for her to refuse to do so. There are political, diplomatic, military and racial considerations. Germany is prostrate, but we do not believe that defeat has changed the heart of the German people."

Struggle of Centuries. "Century after century they have never lost an opportunity of attacking us when they felt strong enough to do so. With that knowledge in our hearts, can we view with unconcern the prospect not only of a strengthened and rehabilitated Germany, but of a Germany combined with Russia, bulwarked by Russia's inexhaustible granaries and supplies? Are the British blind to the danger? Are there no far sighted statesmen in England who can look beyond the immediate political advantages and economic benefits, and see that a combination with Russia would be a heaven sent opportunity for Germany of winning back, 10 or 20 years hence not only what she has lost, but that paramount supremacy she fought the war to achieve?"

CARDINAL CLAIMS DROUGHT CAUSE OF DISCONTENT IN U. S.

NEW ORLEANS, March 6.—The key to the prohibition problem in the United States is held by Congress, which also possesses power to allay the present discontent incident to its enforcement, Cardinal Gibbons declared yesterday.

"If Congress were to place a liberal interpretation upon the question, as to what constitutes an intoxicating beverage," said the cardinal, "such as would permit the manufacture and sale of beer and light wines and yet maintain the spirit of the prohibition act, much would be accomplished toward solving a problem now becoming acute and destined to become more and more a basis for unrest in America."

Referring to the duty of foreigners who come to America to make their home, Cardinal Gibbons declared "they must not come as dictators but as future citizens."

Persons Employed By Dominion Must Not Join Unions

Cabinet Denies Them That Right in Letter to Trades and Labor Congress.

OTTAWA, Ont., March 6. — The right of employees of the Dominion Government to join labor unions was denied in a letter sent by the cabinet to the Dominion trades and labor congress.

There is no incentive from the viewpoint of profit to cause the government to impose unfair working conditions or wages, the letter says, and parliament has made adequate provision for settling grievances.

"It cannot, therefore, be conceded" the letter continues, "that public service employees should be subject to control of any organization of industrial workers and thereby liable to be involved in industrial disputes."

The letter adds that in so far as private industry is concerned the government has recognized the wisdom of collective bargaining on more than one occasion.

At the close of the Assizes yesterday Mr. Justice Orin gave a short address from the bench complimenting Sheriff O'Loughlin and other county officials and various court officers in the efficient and correct manner in which they took care of their duties.

He also congratulated the young solicitors, Major E. H. Lancaster and Mr. Terrence McCarron on their appearance at the bar, and the way in which they conducted a case.

Sheriff O'Loughlin stated today that the checks for those who did work for the Government in the last Provincial Elections had arrived in the city and those entitled to payment could receive it.

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and bowels, aids the assimilation of Food; giving healthy and natural sleep.
