NEWSY NOTES FROM ANNAPOLIS

"Benefit" For Annapolis Band highly Successful.—Death of Last Survivor of old Annapolis Family.—Marriage of Former Nova Scotians.—Prize winners at Windsor Schools.—Personal.

Annapolis Royal.—The "Benefit" for the Annapolis Royal Concert Band, under the auspices of Fort Anne Chapter, I. O. O. F., was a great success, both socially and financially.

The death occurred at Weymouth on June 16th, of Charles Tobias, last surviving member of one of the old Annapolis families who lived for many years in the oldest house in town, (now occupied by Mr. A. W. Banks and family) where the deceased was born eighty years ago.

The marriage of two former Nova Scotians, Miss Nellie Davidson, daughter of Mrs. Asaph Newcomb of Hantsport, N. S., and Mr. Ralph Edwards, third son of the late Mr. and Mrs. John Edwards of this town, took place at Boston on June 17th.

Among the prize winners at the closing exercises of Edgemoor School, Windsor, were: Miss Helen Robinson, cadet-daughter of Dr. and Mrs. A. Robinson, who graduated with especially high honors, and the Misses Phyllis and Florence Harris and Mrs. Gertrude Harris, who will spend their vacation with their mother, at the home of her parents, Mr. and Mrs. F. C. Whitman, Charlie Harris, the older son of Mrs. Harris, was the leader of his class at the Collegiate School, winning no less than seven prizes, among them the School Medal for "Best all around boy in the lower school scholarship, sports, conduct and popularity."

Those who remember Miss Mattie Hindon as a talented vocalist in her native town, will be interested to hear that as Mrs. (Dr.) J. Vatcher, of Port Huron, she was recently ordained a Baptist minister.

Miss Evelyn King, Miss Madelyn Marham and Mr. Albert H. Marshall, B. A., returned on Friday from their trip to Port George.

Mr. and Mrs. John Hutchinson of Port George, accompanied by Mr. and Mrs. M. V. Vatcher, spent a very pleasant week with Mr. and Mrs. R. J. Vatcher.

Mr. and Mrs. S. Hicks and children, Miss Mildred Bowby and Mrs. B. A. Ayresford were recent visitors of Mr. and Mrs. Alfred Phinney.

Miss Lilla Goucher of Digby is visiting her mother Mrs. Ella Goucher.

Mr. and Mrs. S. Hicks and children, Miss Mildred Bowby and Mrs. B. A. Ayresford were recent visitors of Mr. and Mrs. Alfred Phinney.

Miss Lilla Goucher of Digby is visiting her mother Mrs. Ella Goucher.

BOMBING PARTY IN THE OLD GRAND CENTRAL

It was the wretched hour of night, Saturday business had concluded and all the autos one by one had rolled homeward. On the front steps of a now dilapidated and fire scorched building at the head of Queen Street, two sons of rest were sitting discussing in quiet whispers, affairs of moment when suddenly weird noises issued from the interior of the building. The sons of rest paused in the midst of their brain storms and listened. The sepulchral noises continued. Finally one said to the other "They is ghosts in there, I cant stay here no longer."

They decamped and a few moments after a tremendous explosion occurred. The concussion awoke slumbering citizens for many blocks around. What could these sounds portend? "I have it" said one weary soul awakened from the arms of Morpheus, "They are excavating for a foundation for the new Public Building."

The news was good, only just a short time too early. Chief Bishop made his appearance on the scene and conducted an investigation which revealed the mystery while, as he stated he put out an incident fire. A merry joker of the town had hurled into the building a home made bomb with fuse attached. The mystery was now out and a former day recalled when Eleazar Marsman sat care free on a small box, peace in his soul and happiness in his stomach. A wag inserted a small explosive of home manufacture and lit the fuse attached. The catastrophe was averted by the departure of the care free one and the bomb moved to a new location.

MALDEN ALL STARS COMING MONDAY

The baseball management, here have received a wire from Ben Smith, Manager of the Malden All Star baseball team to the effect that they would be here on Monday next and play a double header with the local boys. The Maldens are to make a tour of the Province.

LOCAL

Mr. H. LeMoine Ruggles is having a 25 X40 extension made at the back of his business premises. Mr. Albert Wade has charge of the work made essential by Mr. Ruggles increasing business.

Midleton Senior Baseball team play the local boys here this evening at 6 o'clock.

The Cadet Corps recently held a shoot at We t Paradise making good scores. Of the 34 boys in the corps all but two were present. Cadets will go from here to take part in the shoot at the Bedford Rifle Range, August 4th, to 8th. The shoot first referred to is in the Imperial Challenge Shield competition which is open to Cadets throughout the British Empire.

WE EXPECT TO POST THE COUNTY ELECTION RETURNS FROM THE MONITOR OFFICE ON THURSDAY EVENING.

BORN

At Bridgetown on June 16th to Mr. and Mrs. K. B. Ewan, a daughter, 13-16.

Normal College, Truro.

Rev. and Mrs. A. Gibson, Mr. and Mrs. W. A. Marshall, Mrs. George Litch and Mrs. G. I. Harndt attended the Baptist Association at Digby, on Friday.

Mrs. Walter DeLaney of New York has been the guest of her sister, Mrs. Cecil Durling.

Mr. Cecil Harris arrived from Boston Saturday to spend the vacation with his parents Mr. and Mrs. F. W. Harris.

Mr. Leigh Marshall, who had been the guest of his brother Joseph, at Halifax, returned here this week.

YOUNG ACTRESSES ACHIEVE SUCCESS

Miss Aileen Freeman Takes Leading Part. The prompt-book was as a fifth wheel at the presentation of "Twelfth Night" or "What You Will" by the students of the Margaret Eaton School of Literature and Expression last night, for the young actresses were so skillfully trained that they seemed to live their parts in the romantic comedy. The presentation was under the clever direction of Dora Mavor Moore.

Two bewitching pages (Marguerite Phillips and Matilda Malkin) announced the settings for the various acts, and looked after the scene-shifts. Florence Glenn portrayed the part of Viola, the lovely girl who was supposed to have been lost at sea. Her acting in the scenes where she masqueraded as a boy to be near the man she loved was exceptionally fine. Kathryn Maclean, as the Duke of Illyria, gave an excellent presentation, while rollicking Sir Toby Belch (Aileen Freeman) captured the audience with his happy disregard of the displeasure he caused his niece Olivia.

Gwendolene Green interpreted the role of Olivia with ease and charm, while Vera Williams as Maria, her maid, delineated with vivacity the part of the pert and pretty miss. Nora Hope and Hope McLaren were gentlemen attending on the Duke, and Intha Carpenter, as the Jester, contributed several exquisitely beautiful contralto solos. Doris Goulding made a realistic Melvolio. Mildred Lockwood and Myra Silverthorn were busy sea captains, and Kathleen Mitchell, as Sir Andrew Aguecheek, played the part of a dandy. Kathleen Wolfe was excellent as Sebastian, brother to Viola. Guitar and mandolin accompaniments were provided during the presentation.—(Toronto Globe.)

As will be noticed by the above, two talented young Nova Scotian ladies had a prominent part in the play, Miss Aileen Freeman, daughter of Mr. and Mrs. Karl Freeman, of this town, and Miss Kathryn McLean, daughter of Mrs. M. T. McLean, of Sydney. Mrs. McLean is the widow of Dr. M. T. McLean, a former Mayor of North Sydney, and one of the most popular and skillful medical practitioners in Cape Breton. The Monitor congratulates our two popular and talented Nova Scotia girls on their brilliant success in their work at the Margaret Eaton School of Expression.—(Ed. Monitor.)

REMARKABLE CASE OF MENTAL TELEPATHY.

A most remarkable case of mental telepathy came to our notice a few days ago. On Friday morning Rev. G. T. Bryant, who has been supplying the United Church circuit during the absence of the Pastor in Toronto, received a telegram from Rev. J. H. Freestone stating that he expected to be home on Sunday to fill appointments. Mr. Bryant left by the East bound express Friday afternoon intending to stay at Wolfville overnight. On arriving at that town the night became fixed firmly in his mind that Mr. Freestone would be unable to reach Bridgetown for his services. So certain did he feel that he returned here on Saturday to find a telegram from Mr. Freestone to the effect that he could not be home till Monday. Mr. Bryant of course remained and conducted the services in the circuit.

SECOND SHOOT IN D. C. R. LEAGUE.

The second shoot in the D. C. R. League took place Saturday afternoon on the West Paradise Ranges. The attendance was large and high scores were made. The following is a detailed list of scores with aggregates of over sixty.

Table with 2 columns: Name and Score. Includes W. R. Bishop (29 32 33 94), F. W. Bishop (29 31 33 93), E. C. Shaffner (30 34 29 93), H. H. Morse (32 32 26 90), F. S. Darling (29 30 29 88), H. G. Longley (28 28 31 87), J. B. Saunders (30 27 30 87), P. M. Smith (30 27 30 87), J. E. Morse (29 28 28 86), G. S. Higgins (30 28 28 86), F. I. Bishop (27 33 25 85), E. A. Poole (26 30 28 84), E. S. Leonard (24 21 28 83), E. D. Bent (29 28 25 82), H. P. Sandford (26 24 31 81), C. B. Simms (31 27 21 79), J. T. Archibald (21 28 29 78), G. Hirtle (31 23 24 77), J. I. Foster (26 24 27 77), J. W. Pigott (21 29 21 71), C. E. Bent (23 29 18 70), J. K. Hubley (19 29 20 68), K. E. Anderson (22 21 21 64), E. A. Marshall (21 21 21 63), W. Gesner (25 29 7 61).

Personal Mention

One of the nicest courtesies you can show your friends is let them learn through this column of your visit whenever you go away. Let us know when you have visitors at your homes. The Monitor will consider it a courtesy whenever you give us an item of this kind. Write or phone No. 12 or 102.

Mrs. A. S. Crown and Mrs. Mary Anderson returned home from Kemp on Saturday after spending a month with their sister Mrs. Fred Kempton. Dr. L. L. Crowe returned from a month's vacation on Saturday, most of which was spent in Toronto. He was present at the official illumination of Niagara Falls, June 8th, returning by way of Boston, where he attended the graduation exercises of the New England Baptist Hospital, where his sister, Miss Marion Crowe, Miss Flora Cole and Miss Marguerite Palfrey were graduated.

Victor Walker of the staff of the Royal Bank, accompanied by his mother, Mrs. Robert Walker, have been enjoying a motor trip through the eastern part of the province, visiting at Parrshoro, Truro, Halifax and other towns. They returned Saturday.

Mr. and Mrs. R. L. Palmer of Kentville, were guests of Mr. and Mrs. J. Herbert Hicks last week.

Mr. and Mrs. Karl Freeman arrived home from a trip to Toronto and Niagara Falls. While in Toronto they attended the closing exercises of the Margaret Eaton School of Expression from which their daughter, Miss Aileen Freeman graduated this month. Miss Freeman returned with them and will spend the summer with her parents.

Dr. W. E. Harlow is visiting friends in Boston.

Mrs. Elmer Rohrer who has been in poor health is improving.

Miss Reta Marshall is visiting her parents Mr. and Mrs. Herbert Marshall.

Mrs. Eldon Webb and little daughter Lois, of St. John are visiting her parents, Mr. and Mrs. W. A. Slaun-

white. Messrs. Bernard White, Donald Bent, James White and Bernard Young were visitors in town on Tuesday.

Mr. and Mrs. A. T. Marshall returned home on Thursday from a very pleasant visit to Ottawa. They were accompanied home by Mr. and Mrs. E. W. Hawkins and child.

Mr. and Mrs. Alex. Harris, of Moschelle were visitors in town last week.

Mr. Gilbert Wheeler arrived home on Tuesday from Boston, visiting his parents, Mr. and Mrs. Caleb Wheeler.

Mr. K. B. Ewan was on a business trip to St. John this week.

Mr. Norman Healey of Port Lorne was a visitor in town on Saturday. Mr. and Mrs. F. V. Young of Halifax were week-end guests of the formers mother, Mrs. E. C. Young.

VOTE FOR PUBLIC BUILDING

Federal Government Passes \$4000, in Supplementary Estimates for Purpose.—Necessity of Building Freely conceded. The Board of Trade has for some time past been urging through government circles that steps be taken toward providing a Public Building for Bridgetown. The matter was taken up through Dr. L. J. Lovett, M. P., for this constituency and he expressed his intention of working in to bring the question forcibly to the attention of the Minister of Public Works, for he felt that this town needed very much an adequate public building and a good case had been presented in the demand for one.

His efforts have borne some fruit as evidenced in the list of supplementary government estimates for in these the sum of \$4000, was voted for a site. It is now squarely up to Bridgetown to see that the best site is obtained so that matters in this connection will not go by the board as they did years ago when, it is understood the multiplicity of sites offered and pressure brought from various angles so mixed up matters that Bridgetown missed a golden opportunity which has been miles in the offing ever since.

PARADISE.

Rev. and Mrs. W. S. Smith attended the Association held in Digby.

Mrs. W. Troop was a recent guest of Mrs. H. P. Layte.

Mr. and Mrs. F. H. Balcom and children and Miss Maudie Whitman of Lockport are visiting at the home of Mrs. Balcom's parents, Mr. and Mrs. M. C. Daniels.

Miss Katherine Lewis spent the week-end in Bridgetown, the guest of Mrs. W. Troop.

Mr. Brown of the Dominion Department of Agriculture, has been visiting Paradise and surrounding districts, for the purpose of establishing a cow testing organization. While in Paradise he was a guest at the home of Mr. and Mrs. J. S. Longley.

Mr. S. T. Jefferson of Lawrenceton called on friends here last week. Wedding bells in the near future.

Mrs. J. W. Sproule who has been visiting friends in Digby was a delegate to the Association.

A large number from here attended the Association in Digby on Sunday.

Mr. A. A. Macinnis, milk tester of R. O. P. was the guest at the home of Mr. and Mrs. J. S. Longley, last week.

We are glad to see that Mr. K. M. Brooks has sufficiently recovered from his recent attack of la grippe to be on duty again.

Mr. and Mrs. John Hartlen and children of Halifax accompanied by his mother, Mrs. J. C. Hartlen, were Sunday guests of Mr. and Mrs. R. E. Williams.

Miss Francis and Marguerite Cochran are visiting their aunt, Mrs. A. C. Freeman.

MISS ROSE ORLANDO RECEIVES HONORS ON GRADUATION AT MT. ST. VINCENT.

Miss Rose Orlando is to be highly congratulated on her splendid standing at Mt. St. Vincent where she merited graduation honors on the Sophomore Standard of College work and received the Gold Medal for General Excellence, presented by His Grace, the Archbishop. Miss Orlando was also Valedictorian and her address was also a salutatory to Mt. St. Vincent, under its new aspect of a college and expressed hope that the Academy graduates of this year may return for higher studies next year.

Mr. Murray Orlando, student at St. Mary's College received a prize in music.

Taken all in all, our Bridgetown students stand high in the various institutions of learning to which they have gone.

OBITUARY.

Manley Rice.

The remains of Mr. Manley Rice, who died in Industry, New York, arrived on Tuesday's express and the funeral took place at 2:30, interment in Centrelea cemetery. Rev. P. R. Hayden conducted the services. The late Mr. Rice some time ago contracted pneumonia and never regained his health. He is survived by his mother, Mrs. Ada Rice, Carleton Corner; one brother, Walden, of Industry, New York, and four sisters from Industry, Mrs. James Spurr and Miss Hettie Rice, of Carleton Corner, and Mrs. Albert Burns, of this town. Much regret is expressed on the death at so early an age of this bright and promising young man.

(Continued on Page Eight.)

PRESENTATION TO THE TWO RETIRING MEMBERS OF THE TEACHING STAFF.

At the close of Schools here for this term, the two retiring members of the staff, Miss Muriel Miller and Miss Evelyn Beattie were presented with dainty mementoes by the teaching staff. The presentation was made by Principal Archibald who referred to the pleasure felt by the various members in association with their conferees, expressed regret at their retirement from the profession and wished them all happiness for the future. The receipts made suitable responses in brief well chosen speeches. Miss Beattie was presented with a handsome china flower holder in old willow pattern and Miss Miller an ivory jewel case. Miss Miller has been a member of the teaching staff for the past four years and Miss Beattie for the past term. Both teachers enjoyed a high degree of popularity with pupils and parents alike.

PARADISE.

Rev. and Mrs. W. S. Smith attended the Association held in Digby.

Mrs. W. Troop was a recent guest of Mrs. H. P. Layte.

Mr. and Mrs. F. H. Balcom and children and Miss Maudie Whitman of Lockport are visiting at the home of Mrs. Balcom's parents, Mr. and Mrs. M. C. Daniels.

NOTES AND NEWS OF LAWRENCETOWN

Water Extension made.—Schools Likely to Have Male Principal.—Parlor Concert at Mrs. L. R. Morse's.—Personal Items.

Mrs. McLearn went to Digby to attend business connected with the annual Association of the Baptist Church.

Miss Simpson and her brother, Mr. L. Simpson are at present spending some time at the home of Mrs. E. Simpson.

Dr. J. B. Hall has gone to Truro to attend the closing of the Normal College.

Mr. F. Daniels has been in town for a short time.

Mr. and Mrs. George R. Hart, Halifax, were in town on Thursday, guests at the home of Miss Blackadder.

Mrs. Harris Daniels, has passed away, after years of delicate health. Mr. C. Tupper has greatly improved the grounds about his residence.

An interesting meeting was held at the home of Mrs. H. H. Whitman, on Wednesday evening. Mrs. W. Parsons Middleton was a welcome visitor.

Friday evening a public meeting will be held in the Demonstration Building.

Quite an addition is being made to one of the apple warehouses. Some of our worthy citizens have purchased new cars.

Busy times at Hanley's Mill, the glad sound of the whistle is music to our ears as the workers arise, and get to their useful labors.

Grounds about the "Elm House" much improved, a pathway to the beautiful river has been made and just opposite, stands Honey Moon Cottages.

It is reported that a well known gentleman is to be appointed principal, when the next term is due. There are so many bright lads, who dream of college days to come, that need firm control and drill in some ancient or modern language, it is well that such an appointment is made.

The Ladies Aid of the Methodist, or now "United Church in Canada" have had the church building cleaned. The grounds about the church greatly need attention.

Our bridge will soon be repaired, at least a new floor will be put on. Fences are being removed from some gardens; the numerous dogs will enjoy the open spaces.

The water has been extended along the South Lawrenceton, as far as Mr. Gold's house.

Thursday was a busy day. Nomination in Annapolis, Church cleaning, Treas. Visitors, Water turned off for a few hours and plans for a delightful "Parlor Concert" at the home of Mrs. L. R. Morse; also a thunder storm and heavy rain. But the citizens rose in triumph over all. The concert was greatly enjoyed by those present; and a good sum of money was gained to aid the Town Library.

A number of men are now busy on their road surveys.

Our well known citizen, Mr. F. Cairns, has taken the building formerly occupied by Mr. C. Messenger. Our soles are helped with ease and dispatch by this worthy gentleman. Clear glistening bottles (for preserves) are now artistically arranged in the store windows.

MRS. JACK RUGGLES "AT HOME" TO HER FRIENDS.

Mrs. Jack Ruggles was "At Home" to her friends on Friday at "Lawnsdale", the residence of Mr. and Mrs. Harry Ruggles and during the afternoon a very large number called.

The parlors and dining rooms were very handsome in appropriate floral decorations in beautiful color schemes. Mrs. Harry Ruggles received with Mrs. Jack Ruggles and Mrs. Frank Ruggles attended at the door. In the dining room Mrs. O. T. Daniels poured and Mrs. LeMoine Ruggles and Miss Ethel Daniels assisted in serving dainty refreshments.

DOMINION DAY SPORTS

Paradise.—At a meeting of the Athletic Club on Wednesday evening, a programme of sports was planned for the afternoon of July 1st, followed by a supper. The Women's Institute will co-operate with the Athletic Club in making the celebration successful.

## JOSEPH HOWE'S PROPHECY FILLED.

As an instance in the trend of the economic situation in the Maritime Provinces, the St. John Globe states that a local manufacturer has been given an order by the C. P. R. for supplies for the Algonquin Hotel, a striking proof that the plant indicated furnishes good goods. Following on this comes a statement from the manufacturers to the effect that a large Upper Canadian organization has acquired a plant and is endeavoring to undersell the St. John manufacturers in their home market.

This is only one of the many straws for years back which show how the wind is blowing and gives a pointer to Upper Canadian manufacturers as to why there is down here a demand for Maritime Rights and for regional tariffs for Canada.

During the years following Confederation many a Maritime industry has been forced out by competition from centers which are nearer to a larger population. Many industries have been bought up by Upper Province interests which for economic reasons have closed these out and confined their manufacturing to Ontario and Quebec. The trend of financial institutions which had their birth in the Maritime Provinces has been toward the Central Provinces.

We are quite familiar with Banks moving their head offices from say Halifax to Montreal. This matters stand now is economically inevitable and in industrial matters we see the place of local factories gradually taken by the sales agent and the distribution houses. These conditions make for less employment and drive more and more good sterling citizens to the United States in order to gain a livelihood, and business generally languishes. It appears clearly enough that the fiscal system which suits Ontario and Quebec very well is not adapted to the Maritimes nor indeed to the Provinces of the West.

The whole question is not so new a one as many people suppose and the anti-confederates of years ago were prophets whose predictions have been fulfilled to the detriment of these provinces by the sea. The attitude of these was clearly stated by Joseph Howe, one of the most brilliant statesmen which this Province ever produced, when he said:

"I have no objection to becoming a Unionist provided anybody will show me a scheme which does not sacrifice the interests of the Maritime Provinces. The Quebec scheme does sacrifice them completely." In its many tones today's Maritime complaints tell how truly Joseph Howe and the Maritime Liberals of a generation ago visioned the conditions which Liberals and Conservatives to day find so intolerable.

## Press Comment

### ALIENS IN NEW ZEALAND.

Auckland (N. Z.) Weekly News: While in New Zealand there can be found indifference to, sometimes definite hostility to, systematic migration from Britain, aliens are drifting in at an increasing rate. There is evidence proving that beyond question, if Britain is accused of falling to discriminate in favor of Empire produce, what could be more crushing than the fact that the British Empire is being undermined by the influx of aliens.

### MAJ ON CRUTCHES GIVES NO CHANCE.

New York—Fred Oster, 53 years old, a paralytic, who formerly lived at 148 West Seventeenth street, while crossing Seventh avenue at Seventeenth street early Saturday, on crutches, was knocked down by a taxicab and killed by another automobile which passed over his body after he had been hurled to the surface car track. The chauffeur of the automobile, a coupe, fled, but Thomas C. Coney, 27 years old, chauffeur of the taxicab, at 206 West Sixty-fourth street, picked up the man and carried him to a nearby restaurant. The victim died before the arrival of Dr. Feiler in an ambulance from New York Hospital.

### Can't Do Without MINARDS

"When I came back to England we brought a bottle of Minard's with us, because then we can't get any liniment to come up to it. Will you please write and let us know how much it would cost to have 100 bottles sent over?"  
MRS. R. ADAMS,  
Old Town, Hastings, England.  
We receive dozens of letters from far away countries asking for Minard's. For eczema, bruises, burns, colds, inflammation, etc., it has no equal.  
MINARD'S LINIMENT.

## NERVOUS BREAK-DOWN

Pains in Back and Legs Relieved by Lydia E. Pinkham's Vegetable Compound

Ford, Ontario.—"I had a nervous break-down, as it is called, with severe pains in my back and legs, and with fainting spells which left me very weak. I was nervous and could not sleep nor eat as I should and spent much time in bed. I was in this state, more or less, for over two years before Lydia E. Pinkham's Vegetable Compound was recommended to me by my neighbor. I have taken five doses I was sitting up in bed, and when the first bottle was taken I was out of bed and able to walk around the house. During my sickness I had been obliged to get some one to look after my home for me, but thanks to the Vegetable Compound I am now able to look after it myself. I have taken Lydia E. Pinkham's Blood Purifier in turn with the Vegetable Compound, and I certainly recommend it to any one who is not enjoying good health. I am quite willing for you to use these facts as a testimonial."—Mrs. J. SHAW, 130 Jos. Janisse Avenue, Ford, Ontario.

Nervousness, irritability, painful twinges, run-down feelings and weakness are symptoms to be noted. Women suffering from these troubles, which they so often have, should give Lydia E. Pinkham's Vegetable Compound a fair trial. All druggists sell this medicine.

## GENERAL STRIKES ARE INEFFECTIVE.

President Tom Moore Says Men Can Do Better by Remaining at Work.

Ottawa.—General strikes are considered ineffective by the Trades and Labor Congress of Canada and are against the policy of the Congress declared Tom Moore, President of the Congress, when a despatch from Sydney Tuesday morning stating that Victory local, United Mine Workers of America, were striking a general strike of affiliated trades.

## THE PACE THAT KILLS.

Family Herald: Emotion Doctors in the United States have joined with the King's physician in warning of abandonment of the present mad pace of living and an effort to return in some degree to the simple life. Dr. Mayo and Dr. Peck, of Illinois, are both in accord that the existing strenuous life is accountable for a very large proportion of modern ills and that the death-rate is materially enhanced thereby.

## COMMERCIAL FLYING AND AIR STRENGTH.

London Daily Mail: Just as a large Mercantile Marine seems necessary for the existence of a vigorous and efficient Navy, so a large civil air fleet seems essential for the maintenance of a good Air Force. As yet, no one can expect civil flying to pay its way. It must be helped by judicious subsidies. We trust that every endeavor will be made to secure for our Air Force machines which are in advance of those on the Continent, and that, in particular, special attention will be paid to developing the all-metal types, which alone in emergency could be turned out rapidly in great numbers.

## IRAQ AND MOSUL OIL.

Times of India: The Iraq Government has at last done the sensible thing in signing a convention with the Turkish Petroleum Company for the exploitation of the oil which is present, though its extent is not yet known, in the Mosul area. Iraq has started on its career as a bankrupt country. It cannot balance its budget or pay its share of the Ottoman debt; still less can it finance the irrigation works and schemes for wheat and cotton growing whereby the country might in a few generations become another Egypt. The only asset through which it can raise money to develop its resources is the Mosul oil, and, but for hickories in the Cabinet and the hesitation of some Nationalists to sign an agreement of which they could not altogether foresee the effects, the convention would have been signed much sooner.

## LYDIA LANGTISH AND HER SUCCESSORS.

London Daily Express: Those who are old enough to compare the state of womankind thirty or forty years ago with the present time are struck by the great difference between the girls of the Victoria era and our own. Then they were tight-jointed and tight-lipped. They seldom walked and seldom danced. They did not play golf and their tennis was mere put ball. They had charms, of course, in that they blushed prettily, there were no vanity bags and no lip sticks, and they were wonderful housekeepers. The white faces and languid looks of the 'eighties had certain allurements, but they were not to be compared with the fine, sturdy, rosy-cheeked, soft and their tennis was mere put ball. They had charms, of course, in that they blushed prettily, there were no vanity bags and no lip sticks, and they were wonderful housekeepers. The white faces and languid looks of the 'eighties had certain allurements, but they were not to be compared with the fine, sturdy, rosy-cheeked,

## NERVOUS BREAK-DOWN

Pains in Back and Legs Relieved by Lydia E. Pinkham's Vegetable Compound

Ford, Ontario.—"I had a nervous break-down, as it is called, with severe pains in my back and legs, and with fainting spells which left me very weak. I was nervous and could not sleep nor eat as I should and spent much time in bed. I was in this state, more or less, for over two years before Lydia E. Pinkham's Vegetable Compound was recommended to me by my neighbor. I have taken five doses I was sitting up in bed, and when the first bottle was taken I was out of bed and able to walk around the house. During my sickness I had been obliged to get some one to look after my home for me, but thanks to the Vegetable Compound I am now able to look after it myself. I have taken Lydia E. Pinkham's Blood Purifier in turn with the Vegetable Compound, and I certainly recommend it to any one who is not enjoying good health. I am quite willing for you to use these facts as a testimonial."—Mrs. J. SHAW, 130 Jos. Janisse Avenue, Ford, Ontario.

Nervousness, irritability, painful twinges, run-down feelings and weakness are symptoms to be noted. Women suffering from these troubles, which they so often have, should give Lydia E. Pinkham's Vegetable Compound a fair trial. All druggists sell this medicine.

## LLOYD'S SURPRISED AT AMERICAN MOVE.

Business It Receives Is Sent by U. S. Brokers Who Pay Taxes.

London.—The announcement made by the superintendent of the New York state department of insurance that an effort is to be made to exclude Lloyd's from operating in New York State has aroused surprise in insurance circles here, because Lloyd's considers it does pay taxation on the considerable amount of American business that it writes. Superintendent Boha's estimate of £10,000,000 is considered altogether too high, but whatever the figure business reaches, it comes to Lloyd's through American brokers. They pay taxes in New York State of course, and reimburse themselves from Lloyd's.

A member of Lloyd's prominent in the American business, said today: "I don't understand how an American broker can be prevented from offering us business. The Supreme Court has upheld the right of a man to place his insurance wherever he pleases. We get American business here for two main reasons. In the first place we are willing to underwrite any risk, however unusual, and secondly, we do it with a minimum of red tape. American legislation has hampered American companies with all sorts of restrictions and forms while we can work in much simpler fashion. There is a considerable advantage in the international insurance business.

## MARITIMES ARE OVER-GOVERNED.

People Delight in Governors and Legislatures, Says Dr. Ross—Emigration.

Toronto.—"What is patent to every open-eyed Canadian is the fact that the Maritime Provinces are over-governed," is a statement made in a report by Rev. Dr. James Ross, superintendent of home missions for the Presbyterian Church in the Maritimes which will be presented to the General Assembly this week.

## FOR LISTLESS DELICATE CHILDREN SCOTT'S EMULSION OF PURE COD LIVER OIL.

FOR LISTLESS DELICATE CHILDREN SCOTT'S EMULSION OF PURE COD LIVER OIL. EASY TO TAKE RICH IN VITAMINS.

## PLAY THE GAME.

There's a breathless hush in the Close  
Ten o'clock and the match to win—  
A blinding pitch and a blinding light,  
An hour to play and the last man in  
And it's not for the sake of a ribboned  
cost,  
Or the selfish hope of a season's  
fame,  
But his Captain's hand on his  
shoulder smote  
"Play up! play up! and play the  
game!"

## AN UNFORTUNATE COMPARISON.

A man and his wife were buying a horse.  
"How could such a lovely creature have a temper?" asked the woman.  
"My dear, that is exactly what passed through my mind when I married you," answered the man and he has not heard the last of it yet.

## SLIGHT REDUCTION IN OCEAN RATES.

Improvement in Sterling Results in Cut in Passenger Fares.

London.—As a consequence mainly of the recent improvement in sterling exchange, slight reductions have been made in trans-Atlantic passage rates to the United States and Canada by British shipping companies. One of the principal changes is a reduction of minimum saloon rates by leading "cabin" ships from £22 5s to £21. The minimum first class rate by the largest liners in the New York service has been reduced for the winter season which extends from November 1st to June 30th from £59 15s to £58, and for the summer season from £65 15s to £64 10s.

## THE DREAMER

Say that we dream: Our dreams have woven  
Truth, Love, and Justice, it is they  
That slay them  
Truths that out-face the burning sun,  
The lightnings that we dreamed, have  
cloven  
Time, space, and linked all lands  
in one!  
Dreams! But their swift celestial  
fingers  
Have knit the world with threads  
of steel,  
Till no remotest island fingers  
Outside the world's great common  
weal,  
Dreams are they? But ye cannot stay  
them  
Or thrust the dawn back for one hour!  
Truth, Love, and Justice, it is they  
That slay them  
Return with more than earthly  
power,  
Strive, if ye will, to steal the count-  
ains  
That send the spring thro' leaf and  
spray;  
Drive back the sun from the eastern  
mountains  
Then—did this mightier movement  
stay.  
It is dawn! The dawn! The nations  
From east to west have heard a cry  
Through all earth's blood-red genera-  
tions  
By life and slaughter climbed this  
high,  
Here—on this height—still to aspire,  
One path of love and peace climbs  
higher:  
Mise straight that highway for our  
God!  
—ALFRED NOYES

ELECT THE TICKET  
and  
Give The Old Province A Chance

### 1. Business Government

The leading business men in the province are running as Opposition Candidates in this campaign because they realize the seriousness of Nova Scotia's present position. Give them a chance to straighten out provincial affairs.

### 2. Reduction of Expenditures

One of the biggest drains upon the provincial treasury at present is the keeping up of an army of useless officials and the giving of pensions to a yearly increasing group of government favourites. A new government will have every motive for cutting out this deadwood and lightening the people's burden.

### 3. Reduction of Direct Taxation

Previous to 1912 public services were paid for out of coal royalties, Dominion subsidies and the like, practically without resort to taxation. In 1912 direct provincial taxation was introduced. Immediately after each provincial election since that date a batch of new direct taxes have been imposed. At the same time the government has thrown upon the towns and municipalities the burden of keeping up services previously maintained by itself and in this way has increased town and county taxes. Legislation has also been passed increasing school taxes, poll taxes and other local assessments, while various petty exactions such as game license fees, partnership and joint company taxes have discouraged business. Fees for automobile permits are higher here than in any other part of America, but the government has now taken steps to impose an added tax of three cents a gallon on gasoline. A prudent government will make these exactions unnecessary.

### 4. Independent Audit

The investigation into the St. Margaret's Bay Road scandals whereby hundreds of thousands of dollars were shown to have been improperly taken from the government showed conclusively that the present system of audit under a government official is a farce. The recent disclosure that the Provincial Treasurer, while employed in another position of trust had misappropriated over \$30,000 and now objects strenuously to having his provincial accounts audited, makes an independent audit imperative. No honest government with nothing to conceal would object to such an audit.

### 5. Stopping the Exodus and Bringing Back Our People

Industry has been killed in Nova Scotia by monopolists and stock exploiters and no lead whatever given by the government to industrial development. A new government will be pledged to right these wrongs and give employment to our people.

## JOSEPH HOWE'S PROPHECY FILLED.

As an instance in the trend of the economic situation in the Maritime Provinces, the St. John Globe states that a local manufacturer has been given an order by the C. P. R. for supplies for the Algonquin Hotel, a striking proof that the plant indicated in the Globe's forecast of the effect that a large Upper Canadian organization has acquired a plant and is endeavoring to undersell the St. John manufacturer in their home market.

This is only one of the many straws for years back which show how the wind is blowing and gives a pointer to Upper Canadian manufacturers as to why there is down here a demand for Maritime Rights and for regional tariffs for Canada.

During the years following Confederation many a Maritime industry has been forced out by competition from provinces which are nearer to a larger population. Many industries have been bought up by Upper Province interests which for economic reasons have closed these out and confined their manufacturing to Ontario and Quebec. The trend of financial institutions has had their birth in the Maritime Provinces has been to ward the western Provinces.

We are quite familiar with Banks moving their head offices from say Halifax to Montreal. This is a matter that is economically inevitable and in industrial matters we see the place of local factories gradually taken by the sales agent and the distribution houses. These conditions make for less employment and drive more and more good sterling citizens to the United States in order to gain a livelihood, and business generally languishes. It appears clearly enough that the fiscal system which suits Ontario and Quebec very well is not adapted to the Maritimes nor indeed to the Provinces of the West.

The whole question is not so new as one as many people suppose and the anti-confederates of years ago were prophets whose predictions have been fulfilled to the detriment of these provinces by the sea. The attitude of these was clearly stated by Joseph Howe, one of the most brilliant statesmen which this Province ever produced, when he said: "I have no objection to becoming a Unioctist provided anybody will show me a scheme which does not sacrifice the interests of the Maritime Provinces. The Quebec scheme does sacrifice them completely." In many times today's Maritime complaints tell how truly Joseph Howe and the Maritime Liberals of a generation ago, visioned the conditions which Liberals and Conservatives to day find so intolerable.

## Press Comment

### ALIENS IN NEW ZEALAND.

Auckland (N. Z.) Weekly News: While in New Zealand there can be found indifference, to sometimes definite hostility, to systematic migration from Britain, aliens are drifting in at an increasing rate. There is evidence proving that beyond question, if Britain is accused of falling to discriminate in favor of Empire produce, what could be more crushing.

## NERVOUS BREAK-DOWN

Pains in Back and Legs Relieved by Lydia E. Pinkham's Vegetable Compound

Ford, Ontario.—"I had a nervous break-down, as it is called, with severe pains in my back and legs, and with fainting spells which left me very weak. I was nervous and could not sleep nor eat as I should and spent much time in bed. I was in this state, more or less, for over two years before Lydia E. Pinkham's Vegetable Compound was recommended to me by my neighbor. I have taken Lydia E. Pinkham's Blood Purifier in turn with the Vegetable Compound, and I certainly recommend these medicines to any one who is not enjoying good health. I am quite willing for you to use these facts as a testimonial."—Mrs. J. Suggs, 131 Jos. Janisse Avenue, Ford, Ontario.

Neuroticism, irritability, painful times, run-down feelings and weakness are symptoms to be noted. Women suffering from these troubles, which they so often have, should give Lydia E. Pinkham's Vegetable Compound a fair trial. All druggists sell this medicine.

Logically, the Washington administration ought to put pressure upon the indebted States to come to some settlement with their British creditors just now when it is insisting upon the strict observance of its terms of the contract with France, Belgium and Italy.

It might not be difficult for these indebted countries to meet with a counterclaim, the only reason the negotiating States ever gave for their refusal to repay their loans, that the money had been expended unwisely in uncommensurate ventures.

## GENERAL STRIKES ARE INEFFECTIVE.

President Tom Moore Says Men Can Do Better by Remaining at Work.

Ottawa.—General strikes are considered ineffective by the Trades and Labor Congress of Canada and are against the policy of the Congress declared Tom Moore, President of the Congress, when shown a despatch from Sidney Tuesday morning stating that Victoria local United Mine Workers of America, had struck a general strike of affiliated trades.

## THE PACE TRAIL MILLS.

Family Herald: eminent Doctors in the United States have been warning the Peace's physician in arguing an adjustment of the present pace of life. It is an effort to return in some degree to the simple life. Dr. Mayo and Dr. Peck, of ILLINOIS, are both in accord that the existing strenuous life is accountable for a very large proportion of modern ills and that the death-rate is materially enhanced thereby.

Dr. Peck has introduced the interesting theory into the discussion that the pace of living today hits the nation harder than the hardest. Even his sleep suffers, for it is more often than not broken. His brain, working under too great a strain, refuses to obey nature when it ought to do so. The whole machinery is overstrained, with the inevitable result that some time some part must break down sooner than it would under normal conditions.

## IRAQ AND MOSUL OIL.

Times of India: The Iraq Government has at last done the sensible thing in signing a convention with the Turkish Petroleum Company for the exploitation of the oil which is present, though its extent is not yet known, in the Mosul area. Iraq has started on its career a bankrupt country. It cannot balance its budget or pay its share of the Ottoman debt, still less can it finance the irrigation works and schemes for wheat and cotton growing whereby the country might in a few years have become another Egypt.

## LYDIA LANGUISH AND HER SONS.

London Daily Express: Those who are old enough to compare the state of womanhood thirty or forty years ago with the present time are struck by the great difference between the girls of the Victoria era and our own. Then they were light-skinned and tightly-shod. They seldom walked and seldom danced. They did not play golf and their tennis was more not ball. They had charms of course, in that they blushed prettily, they were no vanity boys and no lip-sticks, and they were wonderful housekeepers. The white faces and languid looks of the 'twenties had certain allurements, but they were not to be compared with the fine, sturdy, rosy-cheeked

## WAX ON CRIBBLES GIVEN NO CHANCE.

Knocked Down by the Auto and Run Over and Killed by Another.

New York.—Fred Osterle, 25 years old, a paralytic, who formerly lived at 148 West Seventeenth street, while crossing Seventh avenue at Seventeenth street early Saturday, on crutches, was knocked down by a taxicab and killed by another automobile which passed over his body after he had been carried to the sidewalk on crutches. The chauffeur of the automobile, a coupe first, but known as a coupe, of 27 years old, was driving on the taxicab, at 20 West Sixty-fourth street, picked up the man and carried him to a nearby restaurant. The victim died before the arrival of the doctor in an ambulance from New York Hospital.

Gleason was arraigned before Magistrate Jean Norris in the Jefferson market Court on a technical bond charge, and was released without bail for \$5,000 in the Home-Right Court tomorrow. He took the police that Gleason was crossing the street and he attempted to pass his automobile. He tried to swing his wheel away from the man, but the left front fender struck the paralytic and tossed him to the car track. Osterle attempted to get up, but he passed over his head and body, fracturing his skull.

## LOYD'S SURPRISED AT AMERICAN MOVE.

Business It Receives Is Sent by U. S. Brokers Who Pay Taxes.

London.—The announcement made by the superintendent of the New York state department of insurance that an effort is to be made to exclude Lloyd's from operating in New York State has aroused surprise in insurance circles here, because Lloyd's considers it does pay taxation on the considerable amount of American business that it writes. Superintendent Boha's estimate of £10,000,000 is considered altogether too high, but whatever the figure business reaches it comes to Lloyd's through American brokers. They pay taxes in New York State of course, and reimburse themselves from Lloyd's.

A member of Lloyd's prominent in the American business, said today: "I don't understand how an American broker can be prevented from offering us business. The Supreme Court has upheld the right of a man to place his insurance wherever he pleases. We get American business here for two main reasons. In the first place we are willing to underwrite any risk, however unusual, and secondly, we do it with a minimum of red tape. American legislation has hampered American companies with all sorts of restrictions and forms while we can work in much simpler fashion. There is a considerable advantage in the international insurance business.

"Not only does it prevent companies in any one country forming a combine and forcing up rates, but also provides much increased security. This we write a 'good deal of reinsurance' business for American fire companies for what is known as 'confederation risks.' They are insubstantial, of course, but such have great advantage in it. Any such catastrophe as the Chicago fire occurred again, American concerns overwhelmed with claims would be delighted to think they could turn over a proportion to us."

## MARITIMES ARE OVER-GOVERNED.

People Delight in Governors and Legislatures, Says Dr. Ross.

Toronto.—"What is patent to every open-eyed Canadian is the fact that the Maritime Provinces are over-governed," is a statement made in a report by Rev. Dr. James Ross, superintendent of home missions for the Presbyterian Church in the Maritimes which will be presented to the General Assembly this week.

"There are three governors and three legislatures," he declares "where one governor and one legislature could govern with more economy, with more intelligence, and with more regard to what is best for the people. The Maritimes are over-governed, and while the people are not yet able to do it themselves, it is their duty to elect a representative body which will be able to do so."

## FOR LITTLE DELICATE CHILDREN SCOTT'S EMULSION OF PURE COD-LIVER OIL.

FOR PURE COD-LIVER OIL TO TAKE RICH IN VITAMINS

## PLAY THE GAME.

There's a beautiful game in the Chase to-night. Ten to make and the match to win. A handsome prize and a blinding light. An hour to play and the light man in. And reward for the sake of a ribbon cut.

Or the selfish hope of a season's fame. But his Captain's hand on his shoulder says: "Play up and play the game!"

It is all very well to advise mankind to return to the simple life, but will the doctors please tell us where the simple life is to be found? There are a lot of honest, normal-minded people who would be glad to start living it tomorrow, if only they knew where to go and how to begin.

Unfortunately, they are caught in the mesh of a web that endures all modern civilization. It will only be the relentless and persistent hammering of a generation of teachers to bring people to a realization of the fact that in their efforts to get themselves out of the meshes of the web, they are in reality making the web tighter.

## Can't Do Without MINARD'S

When you go to England we bring you a bottle of Minard's with us. Then you can get our Liniment to come up to it. Write us please, write and let us know how much it would cost to have 100 bottles sent over."

MRS. R. ADAMS, Old Town, England, England. We receive orders of letters from far away countries asking for "Minard's." For rheumatism, bruises, colds, inflammation, etc. it has no equal. MINARD'S LINIMENT.

## GENERAL STRIKES ARE INEFFECTIVE.

President Tom Moore Says Men Can Do Better by Remaining at Work.

Ottawa.—General strikes are considered ineffective by the Trades and Labor Congress of Canada and are against the policy of the Congress declared Tom Moore, President of the Congress, when shown a despatch from Sidney Tuesday morning stating that Victoria local United Mine Workers of America, had struck a general strike of affiliated trades.

Even his sleep suffers, for it is more often than not broken. His brain, working under too great a strain, refuses to obey nature when it ought to do so. The whole machinery is overstrained, with the inevitable result that some time some part must break down sooner than it would under normal conditions.

## IRAQ AND MOSUL OIL.

Times of India: The Iraq Government has at last done the sensible thing in signing a convention with the Turkish Petroleum Company for the exploitation of the oil which is present, though its extent is not yet known, in the Mosul area. Iraq has started on its career a bankrupt country. It cannot balance its budget or pay its share of the Ottoman debt, still less can it finance the irrigation works and schemes for wheat and cotton growing whereby the country might in a few years have become another Egypt.

## LYDIA LANGUISH AND HER SONS.

London Daily Express: Those who are old enough to compare the state of womanhood thirty or forty years ago with the present time are struck by the great difference between the girls of the Victoria era and our own. Then they were light-skinned and tightly-shod. They seldom walked and seldom danced. They did not play golf and their tennis was more not ball. They had charms of course, in that they blushed prettily, they were no vanity boys and no lip-sticks, and they were wonderful housekeepers. The white faces and languid looks of the 'twenties had certain allurements, but they were not to be compared with the fine, sturdy, rosy-cheeked

## WAX ON CRIBBLES GIVEN NO CHANCE.

Knocked Down by the Auto and Run Over and Killed by Another.

New York.—Fred Osterle, 25 years old, a paralytic, who formerly lived at 148 West Seventeenth street, while crossing Seventh avenue at Seventeenth street early Saturday, on crutches, was knocked down by a taxicab and killed by another automobile which passed over his body after he had been carried to the sidewalk on crutches. The chauffeur of the automobile, a coupe first, but known as a coupe, of 27 years old, was driving on the taxicab, at 20 West Sixty-fourth street, picked up the man and carried him to a nearby restaurant. The victim died before the arrival of the doctor in an ambulance from New York Hospital.

## Can't Do Without MINARD'S

When you go to England we bring you a bottle of Minard's with us. Then you can get our Liniment to come up to it. Write us please, write and let us know how much it would cost to have 100 bottles sent over."

THE DREAMER  
Say that we dream. Our dreams have woven  
Trailing that out-face the burning sun.  
The lightnings that we dreamed, have cloven  
Time, space, and linked all lands  
In one!  
Dreamed! But their swift celestial fingers  
Have knit the world with threads  
Of steel,  
Till no remotest island lingers  
Outside the world's great common  
weal.  
Dreams are they? But ye cannot stay  
Them.  
Or thrust the dawn back for one hour!  
Truth, Love, and Justice, if ye slay  
Them.  
Return with more, than earthly power;  
Strive, if ye will, to steal the count-  
ing  
That went the spring thro' but and  
strive;  
Drive away the sun from the eastern  
mountains  
Then—but this mightier movement  
stay.  
It is done! The Dawn! The nations  
From east to west have heard a cry  
Through all earth's blood-stained  
generations  
By hope and steadfastly climbed this  
high.  
Herald! The banners, still to inspire,  
One only path remains untrod.  
One path of love and peace climbs  
higher:  
More straight that highway for our  
God!  
—ALFRED NOYES

ELECT THE TICKET  
and  
Give The Old Province A Chance

### 1. Business Government

The leading business men in the province are running as Opposition Candidates in this campaign because they realize the seriousness of Nova Scotia's present position. Give them a chance to straighten out provincial affairs.

### 2. Reduction of Expenditures

One of the biggest drains upon the provincial treasury at present is the keeping up of an army of useless officials and the giving of pensions to a yearly increasing group of government favourites. A new government will have every motive for cutting out this deadwood and lightening the people's burden.

### 3. Reduction of Direct Taxation

Previous to 1912 public services were paid for out of coal royalties, Dominion subsidies and the like, practically without resort to taxation. In 1912 direct provincial taxation was introduced. Immediately after each provincial election since that date a batch of new direct taxes have been imposed. At the same time the government has thrown upon the towns and municipalities the burden of keeping up services previously maintained by itself and in this way has increased town and county taxes. Legislation has also been passed increasing school taxes, poll taxes and other local assessments, while various petty exactions such as game license fees, partnership and joint company taxes have discouraged business. Fees for automobile permits are higher here than in any other part of America, but the government has now taken steps to impose an added tax of three cents a gallon on gasoline. A prudent government will make these exactions unnecessary.

### 4. Independent Audit

The investigation into the St. Margaret's Bay Road scandals whereby hundreds of thousands of dollars were shown to have been improperly taken from the government showed conclusively that the present system of audit under a government official is a farce. The recent disclosure that the Provincial Treasurer, while employed in another position of trust had misappropriated over \$30,000 and now objects strenuously to having his provincial accounts audited, makes an independent audit imperative. No honest government with nothing to conceal would object to such an audit.

### 5. Stopping the Exodus and Bringing Back Our People

Industry has been killed in Nova Scotia by monopolists and stock exploiters and no lead whatever given by the government to industrial development. A new government will be pledged to right these wrongs and give employment to our people.

CLEMENTSPORT

"THE QUEEN OF THE BASIN"

The Rev. A. W. L. Smith and Mrs. Smith attended the reception to Rev. Mrs. Barras in Bear River on Tuesday evening, 16th inst.

Owing to the heavy rain the auction of the household effects of the late Mrs. A. W. Rawling was not held till Wednesday. Sale continued till Thursday afternoon. A large number attended. Mr. S. J. Porter was the auctioneer.

Mr. Joseph Gould of New York, arrived on the 18th, and is spending the summer with his mother.

Mrs. Jas. McDonald and Miss Grey of Halifax arrived on Wednesday the 17th inst. and are at Mrs. McDonald's cottage.

Thursday was nomination day and a number attended the meeting in Annapolis Royal.

Mrs. M. R. Stamper (nee Miss Reta Malcom) and son accompanied by his chum are here from New York and staying with Mrs. Stamper's uncle, Capt. W. Willett.

Miss Ward of the teaching staff of the Halifax Ladies College is spending the vacation with her parents here.

Mr. R. W. Caferly and Mr. Fred Burhill are busy renovating the interior of the Baptist church.

The High School pupils are writing their exams. in Annapolis Royal. They have the best wishes of their friends for their success.

The public schools close here on Friday. The public closing takes place on Thursday afternoon.

We regret to report the serious illness of Mrs. George Purdy, Union Clements. Mrs. Purdy was suddenly stricken, Wednesday, 17th inst. with pneumonia, and still continues in a critical condition.

Mr. and Mrs. Warren D. Chase, and son, of Southington, Conn., arrived on Friday 19th inst. and are at their bungalow. Mr. Chase returns in a few days but will be back in a few weeks for the rest of the season.

Mr. and Mrs. Fred Masters and Helen came home on Friday 19th inst. for the Summer.

Mr. J. L. Danielson, Clementsvale.

SIX TRIP SERVICE BETWEEN YARMOUTH AND BOSTON, N. S., NORTHLAND AND S. S. PRINCE GEORGE, JUNE 24TH, 1925.

The Boston and Yarmouth S. S. Co. announces that the service between Yarmouth and Boston will be increased to six trips per week, commencing June 28th.

Mr. J. J. Fritz is the guest here, daughter, Mrs. Verge A. Card of Gaspeaux, N. S.

Miss Hazel Barbeau recently visited Mrs. Melissa Brown of Port Lorne. Mr. and Mrs. Ross Foster and little son Calvin of Port Lorne were recent guests of Mr. and Mrs. J. J. Fritz.

Mr. Stanley Barbeau and Mr. Leslie Mosher of this place and Mr. Stanley Mosher of Gates Mountain are very busy hauling their timber to "The Elms" mill.

Mr. J. N. Hines is having a well put down by the Trask Well Co. of Berwick.

Mr. and Mrs. Wilbur Boardwell of Wolfville passed through this place on June 13th enroute to Ontrun where they were the guests of Mr. and Mrs. Byard Marshall for a few days.

Mr. Allen Green of Carlton's Corner was a recent guest at the home of Mrs. S. E. Poirer.

Several from this place attended the association at Digby.

Miss Bessie Greenleaf and Mr. Boardwell are writing the exams at Middleton, which they succeed.

Mr. A. B. Messenger of Bridgetown was in this place on June 20th. In the interest of highway, Mr. Messenger approved very much of the work being done on the roads and informed the men to keep up the good work.

Much sympathy is extended to Mr. Henry Bent of this place on the death of his brother, Mr. William Bent of U. S. A.

Mrs. William Hines and family have gone to U. S. A.

13-11c.

CRICKET.

Annapolis County and West Vs King's County and East.

A cricket match of unusual interest will be played on the Bridgetown A. A. grounds on July 1st, between members of the "Non-Script" Cricket Club. This will be the first match played by this Club since its inauguration.

A practice match was played at Annapolis on June 31st, but rain spoiled the play.

The game will commence at noon and given fine weather an interesting match should be the result.

F. A. K. Walker of Kenville will captain the Ring's County team and C. S. Bothamley, Bridgetown, that of Annapolis.

SOME FURTHER PARTICULARS IN DEATH OF WINFORD LONGMIRE BY DROWNING.

The remains of Winford Longmire who was drowned in British Columbia arrived on Wednesday's express and interment took place in Riverside Cemetery. Services being conducted by Rev. G. T. Bryant.

The exact manner in which this popular young man met his death will never be known as there were no eye witnesses to the tragedy. He had left the camp crew at Castlegar and carrying a pole proceeded up the river. It is presumed that in either loosening a jam or shifting a boom he fell into the water and thus met his end. The many friends throughout the country sympathize sincerely with his parents, Mr. and Mrs. Martin Longmire in the loss of their son in the full prime of manhood.

WEST PARADISE.

Mrs. Charles Taylor of Bangor, Maine, is visiting at the home of her sister, Mrs. Newman Daniels.

Mr. and Mrs. B. W. Saunders have gone to spend the week-end at Wilmont, at the home of Mr. and Mrs. John I. VanBerk.

Mrs. Evrene Poole entertained a number of her friends at her home on the evening of her birthday, June 17th. The evening was pleasantly spent playing various games.

Mrs. Harry Haley and children of Three Mile Plain are visiting at the home of Mr. and Mrs. Frank Poole.

WEST INGLISVILLE.

The frequent showers are helping the hay crop which looks very promising. The apple trees are setting very full and the berries seem to look their very best.

Mrs. John Banks picked straw-berries June 1st, this seems very early for ripe berries.

Mrs. Elmer McGills mother, Mrs. Edward R. Whitman passed away June 9th, after a long illness at the age of 75 years.

Mrs. Isaac Durling attended her aunt's funeral, Mrs. Harris Daniels of Lawrencetown South, on Wednesday June 17th.

Most of the men in this place are working on the Albany road. Mr. Miner Daniels is foreman, and Mr. John Banks is laying out money in this district. When the work is done there will be a great improvement as the road has been very narrow and rough for a long time.

Mr. Hallett McGill sold the beach club to Mr. Ireland of Bridgewater.

Miss Helen Banks is attending the Provincial examinations at Bridgetown this week and is staying with her cousin, Mrs. Eva Troop.

Mr. Irvin E. Leonard of South Greenwood, Kings County, the Misses Dorothy Stoddard and Irene Leonard of East Inverville were recent guests at L. B. Banks.

Mrs. Zebulon Durling visited her sister Mrs. Oliver Delaney on Wednesday.

Mr. Fred Bartheaux and Mrs. Emma Gibson and son Ross spent the day with the former's sisters, Mrs. John Bartheaux and Mrs. Walter Baker of Meadowvale.

Mrs. Fred Bishop and two children of Lawrencetown South, Mrs. Ernest Gibson of Round Hill and Dr. Estella Peniston of Lawrencetown were recent visitors of Mrs. Emma Gibson at the home of Mr. Fred Bartheaux.

Miss Eva Banks has returned home from Mr. Primrose Whitman's where she helped to care for his mother, Mrs. Edward R. Whitman who passed away June 9th.

ROUND HILL.

Mrs. (Rev.) Dickie of Toronto, is visiting Miss Tupper.

Mr. George Tupper of Bear River, spent Sunday in the village.

Mr. and Mrs. Oscar N. Reade, of Halifax were in the village last week. Mr. Reade is manager of the Consolidated Optical Company, of Halifax.

Mrs. Arthur Rutherford of Waterville, was a recent guest of her parents, Mr. and Mrs. W. H. Williams.

Mrs. H. Fairn, Mrs. B. Fairn and Mrs. H. Harris of Muschelle, were guests of Mrs. Colin C. Rice, on Monday 15th.

### RAISE YOUR OWN FIELD ROOT AND VEGETABLE SEED.

(Experimental Farms Note.)

Despite the careful and earnest supervision, exercised by inspectors and seedsmen in the buying and inspection of field root and vegetable seed, much of the seed offered for sale is in Canada not as represented. It often turns out to be another variety entirely, or is badly mixed and the resulting crop contains a high percentage of undesirable types. Of two hundred and twenty-nine varieties of field roots obtained from seedsmen, and tested during the past four years at the Dominion Experimental Station, Lennoxville, Que., only twenty-three have shown a reasonable trueness to type. Of the remaining two hundred and six, a few proved to be merely incorrectly named, but the majority were completely different from the recognized type of the variety they were supposed to represent. This unreliability of ordinary commercial seed is also found to a somewhat lesser extent with many species of vegetables.

The result of mixing, careless selection of seed stock or incorrect naming of seed is often more serious than would at first be supposed. Where a crop is composed of mixed types it is usually found that the majority of the foreign types are of an inferior nature and seriously depreciate the yield and quality of the crop. As an instance of this, two lots of Half Sugar White mangel grown at Lennoxville in 1924, one that was about ninety-five per cent true to type gave a yield of thirteen tons per acre more than the other, the crop from which was composed largely of roots representing other varieties and intermediate forms. And it should be added that the feeding value and keeping quality of the mixed lot was far the inferior of the two. Incorrect naming, although not so serious usually results in a crop of lessened value.

By growing his own seed of field roots and the common vegetables, the farmer, or gardener, has the matter of selection in his own hands. By careful, yet not laborious, attention he may not only maintain a high standard of purity and value in the seed he uses, but each variety may be gradually improved to suit the particular requirements of his farm or garden. Therefore, apart from the saving incurred by producing, instead of buying seed, it is quite possible to produce larger and more profitable crops by growing seed at home for home use.

Detailed information on this subject may be obtained from any of the Dominion Experimental farms or Stations.

### MARKET THE BROILERS.

(Experimental Farms Note.)

Now is the time to be selling the broilers. If there is a market for these young cockerels, sell about now, rather than later, all chicks intended for the table, and as for breeds such as the Leghorn, one can not afford to keep them until fall and then sell for the price of roasters.

If a market is not already arranged, it would be well to see about it at once. Usually the broiler market should not be too far away. The best places to look for customers are as follows (named in order of highest prices)—private families, hotels, high-class hotels, summer hotels, high-class boarding houses, teachers, etc.

The best time to sell the broilers is when they weigh from 1 to 2 pounds each. The earlier in the season, the smaller the weight that will be taken, and the larger the price.

The most satisfactory way to market is to kill and dress before shipment, (all but dealers require them dressed), but for longer distances, and in warm weather especially, if sold to dealers, they may go alive.

Before selling the broilers it will pay to give them special feeding for 10 to 15 days. In experiments conducted at the Dominion Experimental Farm, Ottawa, it was shown that a good feed was made up of equal parts of corn meal, feed flour and mil-lines. To this was added 15 per cent of tankage (or beet-sugar), and the whole mixed with buttermilk. One part of the dry mash to two parts of the milk by weight is the right proportion. This mixture proved better than prepared commercial mixtures and fed three times a day to broilers weighing at the start less than 2 pounds each, gave in 14 days an average gain of a little over 3/4 pounds at a cost for feed of less than 5 cents.

At the price sold, (50 cents per pound) there was a profit of 25/100 cents on the feeding operation.

The feeding in ordinary fattening crates gave slightly better returns than the feeding in pens, and the heavy breeds gave better returns than the light breeds.

Broilers above all classes should be fleshy. Do not market in a thin condition.

F. C. ELFORD,  
 Dominion Poultry Husbandman.

### GOVT. AID FOR PRODUCTION OF COKE.

Efforts Will be Made to Encourage Use of Canadian Coal.

Ottawa.—A bill is to be brought down in the House by Hon. Chas. Stewart, Minister of the Interior, to encourage the construction of works for the production of coke from coal mined in Canada. The assistance given will be an annual sum not exceeding three per cent of the cost of the work.

The resolution on which the bill is based aims at the importance of reducing the cost of fuel to Canadian consumers, of avoiding fuel famines in Canada, and encouraging the use of Canadian coal. The construction of works for the production of coke, it is stated, largely contribute to that result.

It is provided that any company entering into an agreement with the Government under the proposed legislation, must present detailed working plans and specifications of the works which it intends constructing, estimates of the cost, including necessary equipment, machinery, plant and site, to be verified by a government engineer. The construction of the works, it is provided, shall be under the supervision of the department of mines.

Parties entering into an agreement with the Government under the legislation must, undertake to use Canadian coal, or if other coal is used to pay the Government one dollar a ton for every ton of coke produced from coal other than Canadian. They must undertake to sell the coke produced at "fair and reasonable prices, and such prices shall be subject to control by the Dominion Fuel Board or by such authority or person that the Government may determine."

Committees before receiving the first payment under the legislation and annually thereafter, must file with the Minister a verified statement as to their financial condition.

### No Precedent Made.

"It has not been found necessary to pass upon the contention of counsel for the United States of the right of that country to a percentage of the power to be developed, and the commission has not given any decision in any way on that subject."

The Hydro Electric Power Commission has entered into an agreement to make available 2,000 horse power in the state of Maine at prices which, in effect, are not to be greater than will be charged to like consumers of power in the province of

## NEARING A BREAKDOWN

A Condition That Calls For a Reliable Tonic.

Many women give so much of their time to the cares of their household that they neglect their own health and sometimes reach the verge of a breakdown before they realize that their health is shattered. Often the heart palpitates violently at slight exertion, the stomach fails to digest food and discomfort follows. The nerves become weak and headaches grow more frequent. The body grows weak and they are always depressed. This condition requires immediate treatment with such a reliable tonic as Dr. Williams' Pink Pills which enrich and build up the blood, carrying renewed energy to every part of the body.

The value of Dr. Williams' Pink Pills in a rundown condition is proved by the following statement from Mrs. Alex. McNelis, Bowman River, Man., who says:—"About a year ago I had a serious illness which left me very anemic. I was not able to get around to do my work; in fact I could scarcely walk. I was troubled with palpitation of the heart with the least exertion. One day a friend advised me to try Dr. Williams' Pink Pills as they had done her much good. I followed this advice and took the pills for some weeks when I felt as well as ever. I have since been able to attend to all my household duties. The dizziness and palpitations have left me and I bless the day I tried Dr. Williams' Pink Pills. They are just the medicine for those who are weak and run-down."

You can get these pills from any dealer or by mail at 50c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### NO BATHING ON SUNDAY.

Band Concerts Also Dropped at Peterboro.

Peterboro.—Peterboro City Council Tuesday night decided against Sunday bathing at the civic bathing beaches, and also adopted a schedule of band concerts that omits for the first time Sunday concerts. It also put a tax of \$25 a year on gasoline pumps.

The session lasted until after midnight.

### NEW BRUNSWICK WINS ITS FIGHT ON POWER SCHEME.

Application for Grand Falls Granted Without Concession to U. S. Claim.

2,000 H. P. For Maine, Agreement with International Paper Company Favors Part of Ruling, —All Parties Protected.

New Brunswick's application to develop the water powers on the St. John River, at Grand Falls, has been granted by the International Joint Commission. No decision was taken in the matter of the claim on the part of the United States to a share of power in virtue of the development being made with international waters.

New Brunswick is now in a position to go ahead with its project of developing 20,000 horse power, and approximately 75,000 horse power, the various other arrangements with interested parties being approved, and to appear in the formal order which the International Joint-Commission will issue.

The statement follows:—"The commission has granted an order of approval of the plans submitted by the Hydro Electric Power Commission of New Brunswick for the development of power at Grand Falls, N. B., subject to a number of terms and conditions with reference to the compensation of all parties sustaining damages, or whose property has been in any way taken or injured in connection with the development."

"It has not been found necessary to pass upon the contention of counsel for the United States of the right of that country to a percentage of the power to be developed, and the commission has not given any decision in any way on that subject."

The Hydro Electric Power Commission has entered into an agreement to make available 2,000 horse power in the state of Maine at prices which, in effect, are not to be greater than will be charged to like consumers of power in the province of

### WIFE WAS FORCED TO PULL A PLOUGH

Extraordinary Treatment by Husband Results in Granting of Divorce.

Philadelphia.—Altering her husband was a Beau Brummel while he courted her, but after marriage became a brute in whose eyes I was no better than a beast in the field." Mrs. Victor Victoria Samoy, 45, formerly of this city, has obtained a divorce from Joseph Samoy.

In addition to the woman's testimony that Samoy lashed her alongside a horse and made her pull a plough, whipped her when she did not move fast enough, and chased her on one occasion with a butcher knife, G. Coe Farrier, master in action Wednesday, said the husband offered to relinquish his wife for \$300.

The tale of the cruel treatment she received at his hands was contained in the findings of the master, who recommended to Judges Martlet, McDevitt and Taulane that a divorce be granted.

Mrs. Samoy averred that it was her home on East Victoria street that was sold to purchase a thirty-eight-acre farm near Fontainville. The second day of their life on the farm, she said, saw her degradation begin. She was compelled to drive loads of hay, plough alongside a horse, milk the cows and clean the stables, and when she objected to her husband's cruel treatment of a cow, he threatened her with a pitchfork.

On another occasion she said, when he tortured an pig in slaughtering it, he chased her with the butcher knife when she objected to his methods.

### SEVENTH SENTENCE FOR SNOORING THIEF.

Man Arrested in Hayloft Jailed Six Times in Last 14 Months.

Jailed six times for minor offences during the last fourteen months, Moise Laramee, aged 20, was yesterday sentenced to serve two years in prison by Chief Judge Decarie, for burglarizing the grocery store of Camille Cardinal, at 64 St. Augustin street, St. Henry.

Unskilled in his methods of avoiding the police, as his record shows, Laramee owes his seventh conviction to his indiscretion in choosing a bed for the night within hearing distance of Special Constables Coteau and Jones, of the St. Henry station.

Early on Friday morning the two specials were patrolling the deserted streets in their district when in passing a hayloft they heard the sound of a person snoring. After investigation they found that the snorer issued from the loft, so they entered and found Laramee lying in the hay. Beside the man was a chocolate bar and a sack containing cigars, cigarettes, tobacco, a razor, pencils and other articles.

### CAT JUMPED TO FAME.

In the Smithsonian Institute in Washington there is a stuffed cat labelled: "This cat on September 23rd, 1880, jumped from the top of Washington's Monument and lived." The monument at that time was not completed and the cat jumped from a height of about 160 feet, alighted on all fours, lay on the ground for a few minutes and then got up and walked away. The jump was witnessed by quite a few persons, who were dismayed when a dog pounced upon the cat a few seconds after it started to walk away and killed it.

### DIVORCES GAIN ON MARRIAGES.

Marriages in the United States are increasing at the rate of 8.4 per cent, while divorces register a gain of 10 per cent, according to statistics gathered by the United States census bureau. Marriages still outnumber divorces, however, with 1,244,372 in the entire country in 1923 against 155,226 divorces in the same period. The lowest birth rate in the country is 14.9 per 1,000 population in the real sections of Montana, while the highest is in the rural sections of North Carolina with 31.9 per 1,000 population.

### 166 AND POULTRY CIRCLE IS APPROVED.

Middleton.—A preliminary organization meeting of the proposed Middleton egg and poultry circle was held on Saturday evening, presided over by Col. Good, Secretary for the county. The whole situation was discussed and the general feeling was such organization.

Plans were made for members to give their poultry flocks culled by government experts, the "cull" hens to be shipped, live weight, probably to Boston. An expert is also planned for a future meeting, who will give demonstrations in killing and dressing poultry. This local circle will form part of the County Organization in affiliation with the New Brunswick Egg Exchange.

Another meeting will be held on July 27 at which A. F. Curran, District Poultry promoter, will be present. The attendance was excellent.

### REVEY SHOWS DISHONESTY CAUSES.

Women, speculation and gambling are not great causes of embezzlement, says a survey of thirty-eight branch offices of the U. S. Fidelity & Guaranty Co. Here are salient reasons for dishonesty in the opinion of the managers:

1. Dishonesty is apparently increasing throughout the country.
2. The great majority of those who are unfaithful are men.
3. The service of dishonest employees average six months to three years before they are detected.
4. Nowadays many things formerly considered as luxuries are wrongly regarded as necessities.
5. "Keeping up with the Joneses," social unrest, appears to cause the downfall of many men, especially married ones.
6. The craving for an automobile and the "fine feathers" of dress and gratifying of almost limitless easy credit play a part in many losses.
7. Family infidelity seems to be a general, and family training, moral training, and religious training have been put on the shelf in many home-holds.
8. Erosion of the law, as evidenced by bootlegging and the purchase of cheap liquor, has come to be looked upon as sport, not as a crime.
9. Courts in many states are overburdened, or at least are not dealing severely with dishonesty.
10. There is a growing disinclination to work.

In an article in the "Nation's Business" W. W. Symington, vice-president and secretary of the Baltimore company, discusses the causes of failure, based on the experience of his company's branch offices. Women, he says, are far more honest than men, but when a woman starts she is a fighter. One 21-year-old girl, who was U.S.F. & G. bonded, got away with \$21,000 before it was discovered that her books didn't balance.

### GAVE UP HIS LIFE RELIGIOUSLY

Millionaire Hindu Priest Trivial Affection

Paris.—A Hindu priest, the Maharajah of the smallest of the princely states in India, came into conflict, in a duel with a western scientist, could not be reconciled, disobeyed the rules of the Maharajah, and died from a bullet which struck his chest.

A month ago the Maharajah of the princely state of Mysore arrived in Paris with a personal fortune of 1,000,000 francs. He was to be married to a French girl, but the Maharajah, who is a Hindu, refused to do so, and died from a bullet which struck his chest.

His condition after getting on a letter, physician, Lord Daws from London in an advised manner. The Maharajah and his wife, a 20-year-old Hindu, who he repudiated such principles of his religion, the human body is devoted to respect.

So the Hindu Prince fight his manly with dies and eastern pill came Friday from sea. That was a gala night. While Hindu dand dignitaries walk body of their Prince, fled himself for his living their wretched fictions; a laughing troupe bejeweled, bare-shouled, the brilliant film just beneath the flesh (excavating and fanning out jazz music in Paris).

But the tragedy was not here. It was men's refusal to allow his body to be used as a Brahman religious cause, influence of the Agha religious chief, and the rulers of all nations was powerless, men in western civilization of western could not bend the spirit, was strong one his remains from behind a material manifestation.

**GAVE UP HIS LIFE FOR HIS RELIGION.**

**Millionaire Hindu Prince Dies From Trivial Afection in Paris.**

Paris.—Around the death bed of the Maharajah of Gwalior in one of the sunniest of society's pleasure haunts. In Paris, two civilizations came into conflict. Eastern religion met western science and found they could not be reconciled. Rather than disobey the rules of the Brahman religion the Maharajah resigned himself to die from a trivial affection which a simple operation would have cured.

A month ago the Indian potentate—one of the richest men in the world, with a personal fortune of \$300,000,000—arrived in Marseilles suffering from a boil on his neck. He came to Paris and stayed at the Chateau de Madrid, on the outskirts of the Bois de Boulogne, a fashionable restaurant owned by a former Finance Minister.

His condition after a few weeks getting no better, King George's physician, Lord Dawson, flew here from London in an airplane and advised lancing. The Maharajah thanked him and paid him a fee reported to be 2,000 guineas (about \$10,000). But he replied that such surgical intervention would be contrary to the principles of his religion, in which the human body is the object of devotional respect.

So the Hindu Prince continued to fight his malady with eastern remedies and eastern philosophy. Death came Friday from septic poisoning. That was a gala night at the chateau. While Hindu priests and Indian dignitaries waited around the body of his Prince who had sacrificed himself for his religion, chanting their weird prayers and invocations; a laughing throng of men and bejeweled, bare-shouldered women in the brilliant illuminated garden just beneath the death chamber were frolic-trotting and dancing to the gayest jazz music in Paris.

**W. V. A. NON-UNION COAL HITS PENNA NEW BLOW.**

Laid in Pittsburgh Under Production Cost There After New Cut.

Coke Market Still Stagnant.

Pittsburg.—The Pittsburg coal market has lost ground in the last fortnight. There has been increased competition by West Virginia non-union coal, Fairmont coal having declined from \$1.45 to \$1.35 on a mine-run basis, while the Pittsburg district cannot reduce prices, since for months it has been pocketing all the losses feasible.

**SOLUBLE SULPHUR IS CAUSE OF FIRE.**

Middleton.—Soluble sulphur was the cause of a small fire on the premises of William Johnson Saturday afternoon. On his return from town, a bag of the "soluble" was left on the wagon seat, on the barn floor. Returning in an hour, Mr. Johnson discovered the wagon to be on fire. Dragging it out on the ground, it fell to pieces in a few moments. Caution is placed on contractors to the effect that the material deteriorates rapidly and becomes inflammable when exposed to the air any length of time.

**MOTOR CARS AND RAILWAYS.**

The American railways have come to an agreement to fight motor bus and motor truck competition. This they propose to do by agitating for the regulation of those carriers in the same degree that their own operations are regulated. Beyond that, it is their intention to insist that their freight traffic shall make a just contribution toward the upkeep of highways by paying a ton-mile tax. That is the rule in Great Britain.

The Railways announced to Parliament, when making his annual statement recently with respect to the Canadian National, that motor vehicle competition had last year cost the railways of Canada \$24,000,000. Both in Canada and the United States the railways are said to be the largest contributors to the taxes out of which improved highways are built and maintained. Therefore, they feel that they have a right to act defensively.

Motor car competition is peculiarly effective in respect to holiday travel. The matter was investigated last year by several large railways operating in the Eastern States, and it was found that private and other auto services were carrying more than half the visitors to seaside and summer resorts. Because of loss of business from this form of rivalry, the Boston & Maine Railway has seriously proposed to abandon a thousand miles of its line. A statement given last month by this company showed that many of its branch lines were not earning half the cost of their operation.

Defensive measures on the part of American railways will also take the form of introducing cheap service by means of gasoline-propelled units instead of ordinary trains. The same expedient is being tried in Canada, although not wholly for the purpose of meeting motor car competition. Contrary to popular notions, branch lines, which enjoy what are regarded as high local rates, are seldom profitable. Indeed, what to do with such feeders to the main line service has become an acute problem in modern railroading. This is particularly true of our own West, where there is an enormous branch line mileage. Such branches are necessary; yet they yield a profit only during the relatively short period each year when the harvest is being moved.

**REDUCING THE FAMILY IRONING.**

That the man or woman who first invented "ironing" did a doubtful service to mankind is the silent verdict of many a tired housekeeper and mother of a large family, but we are slaves to custom and few have the courage to break away from conventionalities. No one but loves to see a child in fresh clean clothes, and the writer believes in frequent changes, thorough washing and rinsing and sunning of their little garments—and stop there—but why destroy the fresh, sweet smell of the clothes taken from the outdoor and sun by "ironing" custom?

**A Few Helps to Reduce the Labour.**

First, use Turkish towels only—and a still greater saving in winter is the use of Turkish travelling sheets; these are warmer and nice-looking as well. No one who has not used these Turkish travelling sheets can realize how comfortable they can be on a cold night, especially for one who is a little below par and has poor circulation.

**Why Not Use**

Night dresses and pajamas made from crinkled cotton crepe? Silk underwear and knitted fabric are softer and last longer untouched by the iron and are less expensive than cambric lingerie.

Hose should, after each wearing, be rinsed out, running the faucet of water through the heel and toe.

For the children's dresses and bloomers (for which the kimono or Chinese patterns without gathers are so universal) choose the crinkly seersucker weaves, of which there is an endless variety. These, taken off the line and pulled into shape while damp require no further attention. This eliminates practically all the "wash" save pillow slips and blouse waists. The slips can be smoothed with a warm iron, and blouses or velle require a slight pressing; and even here there are many lovely blouses and smocks made from the Japanese crepe, which the iron should never touch; a better result is obtained by pulling into shape while slightly damp. The collars and cuffs of the needless shirts of the men folks also come in for a light pressing; not so their underwear or socks.

This leaves practically only the starched stiff collars and cuffs of the male persuasion to be sent to the Chinaman.

Try it on your next week's wash day and you will find your little family will look as well, feel as well and smell the sweeter, than if many hours had been spent over the ironing board.

Keep Minard's Liniment in the House.

**THANKFUL MOTHERS**

Once a mother has used Baby's Own Tablets for her little one she would use nothing else. The Tablets give such results that the mother has nothing but words of praise and thankfulness for them. Among the thousands of mothers throughout Canada who praise the Tablets is Mrs. David A. Anderson, New Glasgow, N. S., who writes: "I have used Baby's Own Tablets for my children and from my experience I would not be without them. I would urge every other mother to keep a box of the Tablets in the house." The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach; drive out constipation and indigestion; break up colds and simple fevers and make teething easy. They are sold by medicine dealers, or by mail at 25c. a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

**A PROPHECY COMES TRUE.**

No more striking or truly prophetic words were ever written than the following from the pen of Sir John Willison in 1923:

"We must either manufacture the raw materials of Canada within the country—thus employing labor, rearing new communities, providing local markets for merchants and producers, strengthening the national structure, making the back of Canada strong to bear its accumulating burdens—or the sons of Canada will follow these raw materials out of the country, establish themselves in foreign industrial centres, and more and more, from year to year, the national burden will become heavier and the issue of the great political experiment in which we are engaged become more difficult and uncertain. Every sound economic and natural reason, therefore, demands that the raw materials of Canada shall be manufactured in Canada and the Canadian people protected in the possession and control of their natural inheritance."

The sons of Canada are following the raw material out of the country to the tune of nearly 200,000 a year, according to statements made in Parliament last week.

Frank J. D. Barnjum, Annapolis Royal, N. S. June 15th, 1925.

**THE AVOIDANCE OF BURNING IN APPLE ORCHARDS FROM SPRAYS AND DUSTS.**

In spraying it is, of course, necessary to thoroughly cover the trees, but in the late summer applications the use of excessive amounts of material is undesirable. That is to say, care should be taken to cover everywhere with an even spray, but the gun should be held well away from the trees and good judgment exercised in handling the gun so that no part of the tree is "drowned."

Persons using Bordeaux mixture and arsenate of lime for the late applications are recommended to reduce the amount of arsenate of lime generally used. That is to say instead of using 1 lb. of arsenate of lime to 40 gallons of Bordeaux mixture, use ½ lb. of arsenate of lime instead. Although only small traces of foliar injuries have been noted to date, this recommendation is made because there are some batches of arsenate of lime which will not be considered dangerous, are still not quite as good as they might be.

In dusting, the aim should be to apply an even dust application over all the tree surface. The duster should be manipulated to avoid as far as possible excessive dust "blasts" on certain parts of the tree.

Persons using Bordeaux dust with arsenate of lime, are advised for the late applications to apply instead of one heavy dust of 50 to 60 lbs. to the acre, two light dusts say around 25 or 30 lbs. to the acre about ten days apart. It is thought that this latter procedure will not only increase the effective period of the dust against pests, but will serve to remove any possible traces of injury that might otherwise occur.

**ARTHUR KELSALL,**  
In Charge Insecticide Investigations.

**R. C. FRUIT CROP WILL BE WORST IN MANY YEARS.**

Great Damage Was Done by KHLB—December Frosts.

Victoria, B. C.—British Columbia prospects are the poorest recorded in many years, according to reports received by the provincial agricultural department officials.

Creston and East Kootenay orchard crops were practically wiped out by killing December frosts, and a number of the trees were killed, necessitating extensive replanting this year.

A great mercantile company says: "Never hesitate as to what medium to use when country trade is wanted. There is but one which will accomplish the purpose; the local weekly newspaper. It is read thoroughly by everyone in the town and district. It has more influence with its own people than all the dailies combined."

**BOYS AND BASEBALL**

Persons who are not much past middle age remember with what comparative slight equipment they took part in games that now seem to require a somewhat elaborate outfit. Take baseball, for example. If among the boys of the neighborhood a ball and a bat were procurable, nothing else was necessary. To be sure, there were some boys who had got their mothers to cut off the fingers of old gloves, kid gloves usually, which fitted their hands tightly, and who deluded themselves with the belief that by wearing these homemade "mitts" they suffered less from the sting of hard-thrown balls than did those whose hands were uncovered. The boys who were daring enough to "catch behind the bat" were never provided with either mask or chest protector, and why there are not more damaged countenances and injured spleens among the present middle-aged generation than appears to be the case it is hard to understand. Gnarled and knobby and bent fingers are probably more numerous now than they will be twenty years hence, for the modern devices for protecting the hands in baseball are not only adequate but seem to be employed even by the gamblers who play the game in the sand pits. As for spiked shoes, to prevent players from slipping and turning his ankle, or padded trousers, to protect his thighs when he slid to base, they were unknown in the good old days. Mothers had to be even busier and handier with the needle than they are now.

Under modern conditions baseball is played with greater skill than it used to be, and no one can regret that the liability to painful injury has been diminished. Even with the most complete equipment it cannot be made—any more than football—a game for molluscoides.—(Youths' Companion.)

**A Sturdy Banjo-Type Rear Axle**

ONE of the many big car features to be found on the New Chevrolet—a husky axle that will handle all the famous power of the Chevrolet motor. Hills—mud—sand—every difficult road condition yields to the unflinching power transmitted through this rear axle.

is kept deliciously fresh in airtight aluminum foil packets. Never sold in bulk. Try it.

**ALL HIS TEETH AT 116.**

At the age of 116 years Roman Gomez recently died in Spain and although he had been a hardworking farm hand all his mature life, and was subject to handicaps and was subject to the handicap of having few facilities for dental and medical care compared with residents in cities, he had all of his teeth at the time he died. He was not bald. He had never left his native village, and had never seen an automobile, railway train or telephone.

**SAILS FOR MOTORLESS GLIDERS.**

M. Domenjoz, a French airman and an expert navigator of yachts, has been making trials with motorless gliders intended to sail through the air like boats on the water. In a small monoplane fitted with a mast and a jib as well as a mainsail, M. Domenjoz has made several short flights. M. Domenjoz states that he is confident that an aerial boat with suitably arranged surfaces can be made to sail for considerable distances through the air.

## Local Happenings

Miss Ira Pigott, who is soon to be one of the principals in an important event was "showered" on Friday afternoon last at the home of her parents, Mr. and Mrs. C. L. Pigott, by her girl friends of "The Bridge Club." The affair taken was a "bath and shower" and the gifts were dainty and tasteful.

Refreshments were served in the dining room, which was tastefully decorated, the color scheme being yellow. Miss Gladys Crowell poured and Miss Hattie Anderson assisted in serving.

Mr. Ralph Morse Nelly, of Nictaux, was married at the Baptist parsonage on Tuesday evening to Miss Jean Mills of Granville Centre. The ceremony was performed by Rev. P. R. Hayden in the presence of a number of friends of the contracting parties.

Bridgetown Schools closed on Friday as the various rooms were needed in which to conduct the Provincial examinations in progress this week.

Mrs. Chadwick's pupils will give a Recital on Saturday the 27th at 3 p.m. in St. James school room—Admission 25c—Proceeds to be given to the fund for enlarging the school room.

On Saturday next "The Colonial Arms" Deep Brook opens for the season and it is expected that this popular Summer Hotel will be well filled with visitors who appreciate its splendid service.

The first local cultivated strawberries of the season were on the market Monday and were grown by Mr. Forrest Connell and by Mr. W. A. Swift. Prices started at 40c per box but will soon be tobogganing downward as the crop promises to be a heavy one.

A. B. Dorman, chief engineer of the lightship Lurber, who a week or so ago was taken quite seriously ill while on duty on that ship and was brought ashore and taken to the Yarmouth Hospital for treatment, has so far recovered that he has been able to proceed to this home at Margaretsville, Annapolis County. (Yarmouth Herald.)

Mr. O. V. Kennedy the well known and popular well driller has completed the drilling of two artesian wells in Centrelea. One for Mr. A. B. Messinger and the other for Mr. Spurgin Messenger. Each can deliver over a thousand gallons.

A splendid Musical and Literary entertainment will be given in the Court House on Monday evening June 29th under the direction of the W. M. A. S. of the Baptist Church.

Miss Stella Whitman past graduate of "Mount Allison" and special student at "New England Conservatory" and "Emmerson" oratory, Boston, will give several selections. Other artists on the programme are:

Miss Ethel Shaffner, Contralto student of "Mount Allison," Miss Bancroft, Violinist, and Miss George Britman, Student, students of "Acadia Conservatory." Mr. Ernest Hunt, Baritone, of Lawrencetown, N. S.

Some of our best local talent will also take part, including Mr. Brinton Hall, and Miss Ethel Daniels.

Tickets are on sale, admission 50c. Home-made candy will be sold.

A pageant entitled "Women of the Bible" will be given at the church in Clarence on Thursday evening, July 2nd. Admission 15c. for Adults and 10c. for Children up to 12 years of age. Ice-cream will be sold at the close.

13-11c.

The local cadet corps was inspected last week by Capt. H. M. Logan. The march past, platoon and squad drill were exemplified but exercises in the open were cut short by rain. Capt. Logan expressed himself well pleased with the smart appearance of the corps and their efficiency in drill.

The Police authorities on Sunday evening received a "hurry up" call from Port Lorne in the effect that a very serious disturbance had arisen at Sibbings Brook and that William and Ambrose Sabans were concerned in it and that damage to furniture and house interior was going on, besides personal injuries being inflicted.

Chief Bishop and Constable Elias Messinger proceeded to the scene in all haste, as the call appeared urgent and serious results imminent. Arriving on the scene they found the house locked and barred and no one about. A little later they located both men at different places and one of them opened the house. Johnny Homebrew appeared to have been the instigator but there was no evidence to support any very violent demonstrations. The officers searched the house and surrounding bush but Johnny could not be located at least in any container devoid of life.

Rev. A. J. Prosser addressed the Rotary Club in Yarmouth last week. He is returning to Yarmouth Co. on Thursday and will visit in the Western part of the County. He will deliver an address on Child Welfare at Lockport on Saturday evening of this week.

Rev. P. R. Hayden delivered an excellent sermon on Sunday evening on "The Election." He condemned bribery and plumping. For persons convicted of bribery he recommended

## Personal Mention

(Continued from Page One.)

ma, making the journey here in ten days.

Miss Marion and Miss Ellen Lessel arrived home from Edgemoor, Windsor last week and will spend the summer vacation at their home here.

Miss Marion Fowler, nurse in training at Providence R. I. Hospital has arrived home and will spend her vacation with her parents, Mr. and Mrs. Frank Fowler, Carleton Corner.

Mr. A. C. Kennedy who has been visiting his son, Mr. O. V. Kennedy of this town, left on Monday for his home in St. George, N. B.

Misses Ruth and Sophie Anderson, who have been visiting their parents, Mr. and Mrs. A. L. Anderson, Granville St. East, returned to Montreal Friday.

Miss Olive Bailey of Round Hill was a guest last week of Mr. and Mrs. Caleb Wheeler.

Messrs Frank Orde, Percy Gilliat and Charles Campbell of Annapolis Royal were week-end guests of Mr. and Mrs. Elias Durling.

Dr. and Mrs. Armstrong returned on Saturday from Toronto where they attended the last General Council of the United Church of Canada.

Miss Marion Langille of Annapolis was a guest of Mrs. Harry McKenzie last week.

Mr. Charles A. Clark of the Marine and Fisheries, St. John after a business trip at Windsor stopped off to spend the week-end with Mr. and Mrs. Lansdale Pigott and called to see his uncle, Mr. Edmund Clark, 102 years old, and other friends.

Mrs. William McNeill of Truro, spent the week-end with her parents Mr. and Mrs. Elias Durling, Granville Street, East.

Miss Lena Durling, of Truro, is visiting her parents, Mr. and Mrs. Elias Durling.

Mrs. Charles Morton has gone to Boston on a month's visit with relatives and friends.

Mr. and Mrs. Frank Crowe have arrived from Florida and are guests of their son, Mr. Arthur Crowe and of Mrs. Crowe. Their daughter, Miss Eva Crowe, of Halifax, spent the week-end with them.

Guests at the home of Mr. and Mrs. J. A. Myers over the week-end were Mr. Joseph Pettipas and daughters, Miss Maggie and Miss M. C. Pettipas, Deputy Mayor A. C. Pettipas and Mrs. Pettipas, of Dartmouth, N. S.

Judge Bill and Messrs. Bent and Dresser, contractors of Hartford, Conn., were recent visitors in the Valley. It was the first visit for the Judge and he asserts it will not by any means be the last as he is charmed with the climate and scenery.

White at Paradise they visited Mr. and Mrs. J. S. Ritcey.

### Nova Scotia Has Under Liberal Government:

#### 1. Business Government.

The Leading Business and Professional Men of our Province are now Members of the Government, which assures Nova Scotia of a safe, sound and economical Government.

#### 2. Independent Audit.

Nova Scotia has the most stringent Audit Act of any Province in Canada, under which the Auditor is supreme, and as independent of Party and Party Politics as any Supreme Court Judge. Under this Act Nova Scotia has an independent audit every day in the year.

#### 3. No Direct Taxation.

With the exception of the Highways Tax which, under the present Highways Act is less than one-half the amount under the old system, Nova Scotia has no direct taxation. In Nova Scotia automobiles are not taxed as personal property as in the other provinces in Canada, consequently the total cost of operating an automobile in Nova Scotia is much less than in other provinces. Further recent legislation has been passed reducing the cost of permits and imposing a tax on gasoline so that auto tourists will pay for the maintenance of highways in proportion to their use.

#### 4. Good Roads.

Under the Highways Act the Liberal Government has caused to be constructed 900 miles Trunk Highways, 1800 miles Primary Roads, and 1479 miles Secondary Roads, at lower cost per mile than in any other Province in Canada.

On Saturday next "The Colonial Arms" Deep Brook opens for the season and it is expected that this popular Summer Hotel will be well filled with visitors who appreciate its splendid service.

The first local cultivated strawberries of the season were on the market Monday and were grown by Mr. Forrest Connell and by Mr. W. A. Swift. Prices started at 40c. per box but will soon be tobogganing downward as the crop promises to be a heavy one.

A. B. Dorman, chief engineer of the lightship Lurcher, who a week or so ago was taken quite seriously ill while on duty on that ship and was brought ashore and taken to the Yarmouth Hospital for treatment, has so far recovered that he has been able to proceed to his home at Margaretsville, Annapolis County. (Yarmouth Herald.)

Mr. O. V. Kennedy the well known and popular well driller has completed the drilling of two artesian wells in Centreville. One for Mr. A. B. Messinger and the other for Mr. Spurgeon Messenger. Each can deliver over a thousand gallons.

A splendid Musical and Literary entertainment will be given in the Court House on Monday evening June 29th, under the direction of the W. M. A. S. of the Baptist Church.

Miss Stella Whitman post graduate of "Mount Allison" and special student at "New England Conservatory" and "Emmerson" oratory.

Other artists on the programme are: Miss Ethel Stafford, Contralto; student of "Mount Allison"; Miss Bancroft, Violinist; and Miss Georgia Whitman, Soloist, students of "Acadia Conservatory." Mr. Ernest Hunt, Baritone, of Lawrencetown, N. S.

Some of our best local talent will also take part, including Mr. Brinton Hall, and Miss Ethel Daniels.

Tickets are on sale, admission 25c. Homemade candy will be sold.

A pageant entitled "Women of the Bible" will be given at the church in Clarence on Thursday evening, July 2nd. Admission 15c. for Adults and 10c. for Children up to 12 years of age. Ice-cream will be sold at the close.

The local cadet corps was inspected last week by Capt. H. M. Logan. The march past, platoon and squad drill were exemplified but exercises in the open were cut short by rain.

Capt. Logan expressed himself well pleased with the smart appearance of the corps and their efficiency in drill.

The Police authorities on Sunday evening received a hurry up call from Port Lorne to the effect that a very serious disturbance had arisen at Sibbings Brook and that William and Ambrose Sweeney were concerned in it and that damage to furniture and house interior was going on, besides personal injuries being inflicted.

Chief Bishop and Constable Elias Messenger proceeded to the scene in all haste, as the fall appeared urgent and serious results imminent. Arriving on the scene they found the house locked and barred and no one about. A little later they located both men at different places and one of them opened the house. Johnny Homebrew appeared to have been the instigator but there was no evidence to support any very violent demonstrations. The officers searched the house and surrounding bush but Johnny could not be located at least in any container devoid of life.

Rev. A. J. Prosser addressed the Rotary Club in Yarmouth last week. He is returning to Yarmouth Co. on Thursday and will visit in the Western part of the County. He will deliver an address on Child Welfare at Lockport on Saturday evening of this week.

Rev. P. R. Hayden delivered an excellent sermon on Sunday evening on "The Election." He condemned bribery and plumping. For persons convicted of bribery he recommended

### Bargains.

In order to make room for other goods, we have decided to sell out At Cost Price the balance of our China, Aluminum, Granite and Tin Ware. We have some Real Bargains to offer in the above lines.

and Stand by ARMSTRONG, a Leader with a Policy,  
a Leader Unafraid.

### Nova Scotia Has Under Liberal Government:

#### 1. Business Government.

The Leading Business and Professional Men of our Province are now Members of the Government, which assures Nova Scotia of a safe, sound and economical Government.

#### 2. Independent Audit.

Nova Scotia has the most stringent Audit Act of any Province in Canada, under which the Auditor is supreme, and as independent of Party and Party Politics as any Supreme Court Judge. Under this Act Nova Scotia has an independent audit every day in the year.

#### 3. No Direct Taxation.

With the exception of the Highways Tax which, under the present Highways Act is less than one-half the amount under the old system, Nova Scotia has no direct taxation. In Nova Scotia automobiles are not taxed as personal property as in the other provinces in Canada, consequently the total cost of operating an automobile in Nova Scotia is much less than in other provinces. Further recent legislation has been passed reducing the cost of permits and imposing a tax on gasoline so that auto tourists will pay for the maintenance of highways in proportion to their use.

#### 4. Good Roads.

Under the Highways Act the Liberal Government has caused to be constructed 900 miles Trunk Highways, 1800 miles Primary Roads, and 1479 miles Secondary Roads, at lower cost per mile than in any other Province in Canada.

# NOVA SCOTIA UNDER SIEGE

The battle is drawn between two mighty forces.

Ever since Confederation when Nova Scotia bowed to the yoke of a vicious and unjust tariff system, imposed for the enrichment of Central Canada, the consumers of this province have paid a vast annual subsidy to distant manufacturers.

Who pays that subsidy?

Every reader of this page pays it---at his shoe counter, his grocery store, his hardware shop. He pays it when he hands out \$1200 for a motor car that his brother in Boston buys for \$800. If a householder, his share of excess charges runs over \$250 a year, or 25 million dollars in all, about five times the total revenue of the Province in 1924.

Premier Armstrong has pledged his word his word that such a state of vassalage must come to an end. Through his government he has set the machinery moving to win back Nova Scotia's economic freedom, under the British flag.

## Do You Enjoy Paying That 25 Million Dollars to the Manufacturers Ring at Toronto and Montreal ?

That money measures Nova Scotia's economic serfdom. It does not go to the Dominion Government to carry national burdens, but to a few hundred far away industries.

Nova Scotia's population lies under a self-perpetuating mortgage to the Canadian Manufacturers Association and will continue to do so

# Until Premier Armstrong Wins His Fight for Tariff Emancipation

He has Pledged his word to prosecute this mammoth issue and force a decision.

Meantime, the forces of the Canadian Manufacturers Association have concentrated upon Nova Scotia.

This invasion, engineered by Tory politicians and high tariff manufacturers of Toronto and Montreal, is headed by Mr. E. N. Rhodes, himself a manufacturer, close friend of Meighen, and only recently repatriated from long residence in Ontario.

Beware of the High Protectionists drive against Nova Scotia, The Toronto millionaires defeated Reciprocity. They want to block tariff relief for Nova Scotia now, and Rhodes is their man. He listens to His Master's Voice. Vote for Elliott and Crowell and Annapolis first.

Premier Armstrong has given good government. He is an honest man. He stands four square for the maintenance of Law and order. He has the policy and the ability to serve Nova Scotia. Vote for Elliott and Crowell, to help Armstrong do a big service for Nova Scotia.

Stand by Premier Armstrong, the Annapolis Valley born Premier, who stands for Nova Scotia first. He is the ablest man in Nova Scotia's public life.

Annapolis needs Elliott and Crowell to back up Armstrong in securing justice and redress for Nova Scotia.

Vote for Elliott and Crowell and the Liberal Policy of Nova Scotia for Nova Scotians.

Nova Scotia will see a new era of prosperity the moment the rich natural resources are released from the spell of High Tariff.

Nova Scotia's ability to live happily and expand, coincides with her ability to buy her groceries, her clothing, her machinery and other manufacturing necessities at low prices, BECAUSE

Nova Scotia sells 75 per cent of her products in a world market where they stand stripped of any Canadian tariff protection and must wage their fight for recognition ACCORDING TO WHAT THEY COST TO PRODUCE.

## Stand By Armstrong-A Leader With A Policy-A Leader Unafraid
