PUBLISHED EVERY SATURDAY As an Intermediate Edition of the "Canadian Architect and Builder."

Subscription price of "Canadian Architect and Builder" (including "Canadian Contract Record"), \$2 per annum, payable in advance.

C. H. MORTIMER, Publisher,

14 KING ST. WEST, - TORONTO, CANADA. Telephone 2362.

64 Temple Building. Bell Telephone 2299.

Information solicited from any part of the Dominion regarding contracts open to

ADVERTISING RATES ON APPLICATION.

At its Convention held in Toronto, Nor. 20 and 21, 1889, the Ontario Association of Architects signified its approval of the CANADIAN CONTRACT RECORD, and pleaged its members to use this journal as their medium of communication with contractors with respect to advertisements for Tenders.

The following resolution was unanimous ly adopted at the Pirst Annual Meeting of the Province of Quebec Association of Architects, held in Montreal, Oct. 10th and 11th, 1890 : " Moved by M. Perrault, seconded by A. F. Dunlop, that we the Architects of the Province of Quebec non assembled in Conecution being satisfied that the CANADIAN CONTRACT RECORD affords us a direct communication with the Contractors,-Rosolved, that we pledge our support to it by using its columns when calling for Ten-ders."

The publisher of the "Canadian Controct Record denies to ensure the reguest and prompt delivery of this Journal to every subscriber, and requests that any cause of complaint in this particular be reported at once to the office of pubsication. Subscribers who may change their address should also give prompt notice of same, and in doing so, should give both old and new address.

On Avenue Road, Toronto.

The lowest or any tender will not necessarily be

GORDON & HELLIWELL, Architects, 26 King Street East,

GLAZES FOR DUTCH TILES.

Kraetzer recommends the following composition.

- 1. WHITE GLAZE,-Stir together 120 parts of concentrated solution of soda water-glass and milk of lime (71/2 to 12 parts of lime) until the mixture is perfectly dry; then pulverize, grind and sift. The crude tiles are either brushed over with water-glass solution or the powder moistened with water glass solution is applied as glaze and burnt. Potash, 100 parts, chile saltpetre, 15%, and lime 25, fused together, pulvenzed and mixed with waterglass solution may be worked in the same manner.
- 2. DEEP RED GLAZE.-Finely pulverized white glass 15 parts, pulverized borax 7%, whiting 5, chile salipetre 4, purple of cassius 21/4, fused together, pulverized and applied with water-glass solution.
- 3. DARK RED GLAZE.-Glass 24 parts, soda 12, borax 9, red lead 9, chile saltpetre 41/2, antimony 1/8, purple of cassius 3, sal ammoniac 3, fused together, pulverized and applied with water glass solution.
- 4. Azure Blue Glaze-Glass 16 parts, soda 51/3, borax 4, calcined bones 233, chile saltpetre 1 1/2, cobaltic oxide 1 1/3, fused together, pulverized and applied with water-glass solution.

According to other statements, a good glazing mixture is obtained by carefully burning 60 parts of lead and 40 of tin. Fuse 106 parts of the ash thus obtained with 50 parts of sand free from iron, 50 pares of common salt, 20 of feldspar, 6 of saltpetre and 6 of litharge. The fused mass is ground. If for some masses this glaze should prove too liquid, so that it runs off, take for the above mixture 60 parts of sand and 25 to 30 parts of feldspar.

CONTRACTS OPEN.

Souris, Man.—Mr. Munroe, of Brandon, will shortly erect a new brick store on Third street.

DOUGLAS, MAN.—The Lake of the Woods Milling Co. will erect an elevator here this summer.

RAPID CITY, MAN.—A joint stock company has been formed to build and operate a grain elevator.

ALLISTOR, ONT.—Mr. W. R. Gregg, architect, Toronto, is preparing plans for several new buildings to be erected here.

DARTMOUTH, N. S.—The Town Clerk will receive proposals until the 31st July for lighting the streets by gas or electricity.

PORTAGE LA PRAIRIE. MAN.—F. F. Head, architect, is preparing a number of plans for elevators at several places in the province.

GRORGETOWN, ONT.—Tenders will be received by the Town Clerk until the 27th inst. for the construction of a system of waterworks.

ST. HILAIRE, QUE.—St. Victor Convent at this place was destroyed by fire on the 8th inst. The building cost \$25,000 and will be rebuilt.

STRATHROY, ONT.—The West Middlesex Agricultural Society have under consideration the erection of new buildings, to cost about \$2,500.

DUNDAS, ONT.—It is proposed to expend \$10,-000 for the purpose of improving the water supply of the town. Considerable pipe will be required.

NEW GLASGOW, N. S.—The Town Clerk is using debentures as follows. For waterworks, \$5,000, street improvements, \$10,000, sewers. \$10,000.

QUEREC, QUE.—Dr. DeGrosbois, M.L.A. for Shefford, is asking the Provincial Government for a grant of \$10.000 to build the Jackson bridge at Roxton.

Tweed, Ont.—It is understood that Mr. G. M. Miller, architect, of Toronto, will be entrusted with the preparation of plans for a new church to be erected here.

BROCKVILLE, ONT.—It is expected that the corner stone of the new Separate school and the new convent school will be laid by Archbishop Cleary on the 16th inst.

HULL, QUE,—Work has commenced on the excavation for the new Court House, and it is expected everything will be ready for building by the end of the present month.

WHITBY, ONT.—Mr. A. M. Ross will receive tenders until the 16th inst, for furnaces and other appliances required in heating the Music Hall and Council Chamber,

PENBROKE, ONT.—A by-law has been introduced in the Town Council authorizing the issuing of \$50,000 of debentures for the construction of a system of waterworks for the town.

PETERBOROUGH, ONT.—The Town Council is gaining information on electric street railways, having sent a deputation to witness the operation of the new electric road just compled at Ottawa.

WOODSTOCK, ONT.—Messrs. Cuthbertson & Fowler, architects, have prepared plans and will superintend the erection of the proposed House of Refuge, for which a site has been selected near this town.

ST. LAMBERT, QUE.—A project is under consideration to construct waterworks and sewerage systems for the town, and a by-law will shortly be submitted to the ratepayers to raise the recessary funds.

OTTAWA, ONT.—The residents of March Corners are talking of erecting a new school house.—Mr. Wise, Superintendent of the Rideau Canal, has recommended the construction of a new dam, at what is known as "Heg's Back."

TILSONBURG, ONT.—Stone pavements are to be laid on a number of the streets.—A deputation from this vicinity recently asked the Dominion Government for a bonus of \$3,000 a mile for the

construction of 16 miles of the Tilsonburg, Lake Erie and Pacific Railroad.

OWEN SOUND, ONT.—Mr. A. C. Dutton, extensive wholesale lumber dealer, of Springfield, Mass., is in town looking for a suitable site on which to erect a large planing mill.—The C. P. R. are about to erect a flour shed, 240 by 40 ft.

WALKERVILLE, ONT.—It is stated that Mortimer Smith, architect, of Detroit, has prepared plans for the erection of a large summer hotel at Peche Island for the Messrs. Walker.—The Presbyterians intend erecting a Sunday School building.

STRATFORD, ONT.—Tenders are invited until 4 p. m. to-day (Saturday), for the erection of a Sunday School building in connection with St. James Church, the dimensions of which are 40 by 80 feet, with basement, main floor and galilery. Mr. Pewell is the architect.

BRANTFORD, ONT.—Information has been received from the Department of Public Works that it is the intention to ask tenders immediately for the erection of the proposed drill shed, but that the work will not be proceeded with un'ess the cost can be kept within \$13,000, the amount of the appropriation.

AMIGARI, ONT.—Mr. A. A. Coulthurst will receive tenders until the 18th inst. for the erection of a brick school house to accommodate 350 scholars. Plans and all information obtainable at Vahey Bros, store, International Bridge, Ont., and at the office of A. H. Mellish, architect, Brantford, Ont.

PARRY SOUND, ONT.—The committee appointed by the Council to procure information regarding the construction of the water works system, have reported favorably. They suggest the location of the pumping station at Camp Ground Bay, with a storage tank having a capacity of 60,000 gallons. The total estimated cost of the system is \$28,300.

ATWOOD, ONT.—Mr. 1. Fullerton, Clerk of the Township of Elma, invites tenders until 10 o'clock a.m. of the 18th inst., for each section, separately, for digging, grubbing, and all work in connection with a municipal drain to be constructed through portions of the townships of Elma and Grey. All information obtainable at Mr. Fullerton's office, this place.

TORONTO JUNCTION, ONT.—The Brandon Manufacturing Co. are making preliminary arrangements for the erection of a large brick factory three stories in height. Mr. Ellis, architect, will have charge of the work.—A Congregational Church has been established here with Mr. Fadyen as pastor. The question of the erection of a new building must shortly be considered.

LONDON, ONT.—The Council of Huron College have decided to proceed at once with the erection of an addition to the present buildings, and also a suitable residence for the classical professors. The proposed buildings will cost between \$12,000 and \$15,000—The City Council has decided to consult with Mr. Willis Chipman, C.E., with a view to obtaining estimates of the cost of a sewerage system.

WINNIPEG, MAN.—The site selected for the new High School building is bounded by Kate. Bannatyne, William and Lydia streets. The report of the Building Committee recommends that tenders be called in accordance with plans prepared by Mr. McCowan, architect.—D. H. McMillan & Co. will erect a 200 barrel flour mill here this summer.

BARRIE, ONT.—Tenders are invited by the Town Clerk until noon on the 15th inst., for the construction of the following works: Constructing 1,643 lineal feet of sewer, 9 inches in diameter, on Owen street, from Dunlop street to Sophia street; 600 lineal feet of sewer, 9 inches in diameter, on Worsley street, from Owen street to Mulcaster street; 530 lineal feet of sewer, 9 inches in diameter, on Worsley street, from Owen street to Clapperton street. One tender is required for the whole work.
