AN ELECTION CAMPAIGN NEAR But Neither Constituencies Nor Candidates Will Be Defined.

The Talk This Summer Will Be on Issues Rather Than on Men—An Unprecedented Situation—Conventions Must Wait Until After Redistribution.

The political situation and the probability of an election is about this: Parliament is to meet on July 27. Before that date the government will be in possession of the figures showing the population of Canada by provinces and by constituencies. As soon as the house meets, the government will be bound, in view of the opposition to further supply and to the reciprocity proposals, to introduce a bill readjusting the representation as to provinces and redistributing the seats in each province, as set out in the readjusted representation based on the census now about to be made. The western provinces will all be given more seats, and the eastern provinces, outside of Quebec (65), will be reduced. So it means many changes all over. The opposition in all likelihood will seek to get as fair a deal as they can in the redistribution, and once that is over, to refuse other than supplies for a stated period, and to refuse to pass the reciprocity pact. They may give the government supplies up to November. That will mean an election between September 1st and November 30th (based on the new census), by which time this existing parliament will be only three years old. Of course, an arrangement could be made, if reciprocity happened to be defeated at Washington, to hold another session of parliament in 1912. But this is not likely.

From now on it will be a good deal of an election campaign. But the shape of the constituencies and the candidates will be a matter of uncertainty until the redistribution bill is passed. In fact, the actual candidates are much farther away than the turmoil of the election. It means a summer campaign without knowing the actual constituencies of champions. But the main issues will be up in all their strength. And there never was before such a campaign in Canada. It will therefore be little use in calling conventions or selecting candidates until the redistribution bill is passed. And this will require a few weeks after the proposition in August or September.

Restored Pageant Of Chateauguay

Canadian Resentment Was Too Strong—If Americans Don't Like it They Can Lump it.

LONDON, May 22.—The Canadian pageant committee has arranged to include in the festival of the empire the pageant depicting the battle of Chateauguay, the withdrawal of which has been much resented by Canadians.

It was announced in April that the Canadian committee, of which Lord Strathcona is president, had decided to eliminate from the coronation program Canada's principal contribution to the festival, which has been Pageant. This piece, which has been in the course of preparation at the Crystal Palace, was entitled "Chateauguay, where Canada was held for the Empire," and was intended to present the defeat, thru strategy, of an invading American force in 1813, by a handful of Canadians.

It was thought that the pageant might wound the susceptibilities of American visitors, and that it might cause a feeling which would endanger the success of the proposed Anglo-American pageant. Later it was explained that the opposition was not from Americans, but other unnamed parties.

FEAR FOR EMPEROR

Austrian Capital Not Reassured by Visit of Prof. Neusser.

BOEDPOLICE, Hungary, May 22.—Prof. Neusser, whose arrival at the Royal Chateau here, where Emperor Francis Joseph is sojourning, caused some alarm, is so satisfied with the emperor's condition that he to-day left for the Austrian capital. His majesty took a three hours' walk in the park surrounding the chateau this morning, and on returning received in audience Baron von Bienenitz, the Austrian prime minister.

A SECRET DIRECTORY

Among Recruits in Attempt to Restore Portuguese Monarchy

PARIS, May 22.—Private letters received in Paris from Lisbon contain the prediction that an attempt to restore the monarchy will soon be made in Portugal, probably before the elections. It is claimed that the movement will be started at Oporto, the second city of Portugal in population and importance, where business is at a standstill as a result of the dockmen's strike.

A secret directory composed of three men, it is declared, is engaged in arming the monarchist recruits.

A COUNTER REVOLUTION?
 LONDON, May 22.—It is reported that Portuguese residents of London received late to-night advices of a counter revolution against the republican government. It is stated that an outbreak is likely at any moment at Lisbon and Oporto.

LONDON, May 22.—Lord Lansdowne's bill for the reconstitution of the house of lords passed its second reading in that house to-day without a division, after War Secretary Haldane announced that the government would not divide against it. The secretary said that he welcomed the evidence of the bill afforded by the Conservatives, the Duke of Devonshire, Lord Kitchener, Lord Strathcona, Sir Edward Grey, Sir William Harcourt, Hon. Chamberlain, Lord Lytton, and a reception at the foreign office followed.

Many Prostrations In American Cities

Twenty-four Babies Died In Cleveland In Four Days—100 Deg. Recorded at Pittsburg.

BOSTON, May 22.—The heat blanket which oppressed Boston and all New England to-day shattered the life of two persons in this city, and more than a score of others were prostrated by the sun's powerful rays and a high humidity. Dr. Albert H. Hayes, 74 years of age, collapsed and died 14 minutes later. Seated in a chair near an open window, where she had gone to get some air, Mrs. Elizabeth Hanley, aged 60 years, was found in her home late to-day, dead.

CHEERED ON WAY TO CORONATION

Band Was Missing From Parade to Station, But Thousands Gave Soldiers Warm Send-off.

Seidem had soldiers received a heartier or more enthusiastic send-off than was accorded the coronation contingents of numbers one and two divisional commands at the Union Station last night.

At seven o'clock the lucky members of the Canadian militia, who have been chosen to represent the military forces of the Dominion at the coronation of King George V., assembled at the armories and fell in as with their respective regiments, and after the roll had been called, marched to the Union Station to join the two divisional commands.

FRENCH PREMIER OUT OF DANGER

Physician Says No Longer Fear of Complications—Not Told of Berteaux' Death.

PARIS, May 22.—The physician's bulletin, issued to-night, says simply: "M. Monis' condition most satisfactory."

The premier was permitted to take light nourishment to-day and Prof. Lannelongue, at the close of the consultation, said there was no longer fear of complications.

The premier persistently asks for news of M. Berteaux. The physician told him this evening that the minister of war was unconscious, and that there was no hope. The premier was so deeply affected that he was unable to inform him of the death of M. Berteaux until to-morrow.

LANGUAGE OF CANADA SHOULD BE DISTINCTIVE

Lieutenant-Governor is Glad That Canadians Don't Speak With a Nasal Twang.

The want of a distinctively Canadian tone to the English language spoken in this country was emphasized by Lieutenant-Governor Gibson at a meeting of the English Language Society at the University of Toronto to-day. He said that he was pleased to see that Canadians had not adopted the nasal twang so common in the United States.

"It is essential that we should learn the correct form of pronunciation of the words of the English tongue," he said, "and if we can impart to it a distinctive tone, I should be better satisfied."

Others Not Negligent

Accident to Youth in Hoist Caused by His Mistake.

"Accidentally crushed to death between the supporting bars and floor of the hoist, and we can attach no blame to any person."

Although the most important witness was missing, the above verdict was returned by the jury sitting to enquire into the death of William Robinson, who was killed at the Goldsmiths' Stock Co., 50 Yonge street, last Wednesday.

Dr. Brown performed the autopsy and testified that "death was caused by pressure."

P. C. Black stated that deceased was conscious when he arrived and declared that he had forgotten the bars and that he was coming up.

WESTERN GRAIN ACREAGE

Winnipeg, May 22.—An increase of 30 per cent. in the total acreage under grain in the three western provinces, is predicted by J. B. Walker, commissioner of immigration. The calculation is based on information obtained from reports of provincial governments, but it does not go into details. Reports from all parts of the country indicate that growing crops are in a most satisfactory condition and there are no complaints.

Reason Enough. "Every man in my congregation should pray to be kept humble and poor," thundered the minister. "I don't need to," piped up a little man in a front pew. "And why is it unnecessary for you to pray to be kept humble and poor?" shouted the minister. "I live with my wife's folks," Philadelphia Times.

LEAFS TAKE FIRST FROM THE ORIOLES BY 2 TO 1

Lush and Vickers in Pitchers' Battle—Fitzpatrick in the Game—Other Scores.

The Leafs started right by taking the first of the series from Jack Dunn and his band of Orioles by the close score of 2 to 1. Johnnie Lush, who likes the warm weather best, was in good form and only allowed Baltimore four safeties, striking out six and walking five. Vickers pitched good ball for the visitors, but Lush went him one better. The fielding was fast, and both teams supplied pickups and throws of the sensational kind. Joe Delahanty was hit on the elbow by Killian in the morning practice, and Eddie Fitzpatrick took his place in the outfield, scoring a run and getting a hit in four times at bat. Jack Dunn shook up his batting order to try and get a winning streak, but it proved fruitless scoring their only run on one that took a bad bound when it looked a sure out by the Vaughn to Jordan route. Mullen dropped Vickers' pop fly to get Egan at second. Parent rapped for Heltmuller, Bradley to Mullen, Rath then started it by driving to centre, and Mickey Corcoran was there with the needful to left field, but Vickers, their only tally of the game, for Schmidt was a strikeout. Lush was master of the situation hereafter, and the enemy never had a chance after this inning.

The Leafs started in by scoring enough to win in the initial innings when Fitzpatrick fielded a single over the bat and tried to tag the runner, but Eddie slid into the bag under the big firstbasemen's hands. O'Hara got a life when Rath booted his grounder and Fitz made third on it. Al Shaw's hummer to centre sent Fitzpatrick across the platter with the first run of the game. Jordan sent up one that Egan had no trouble in corraling, and Bradley's sacrifice fly to deep sent O'Hara home. Koecher flew out to Heltmuller. It was out one, two, three in the next two, but Toronto looked to have a good chance in the third when Tim Jordan opened up with a single over the bat and Bradley sacrificed. Koecher and Mullen, however, were two easy outs. Bobby Vaughn started the eighth with a double to left and sent the knave into attempt to bunt. Fitz was an infield out, and O'Hara forced Lush at second. Shaw struck out for the third out.

General Rains Thru Wheat Belt Affect Sentiment at Chicago

CHICAGO, May 22.—Relief from anxiety concerning drought resulted today in a sagging market for wheat. Because of special support, however, the May delivery wheat finished 1/4c to 1/2c down. Other months finished 1/2c to 1/4c down. The end of the day left corn at 4 1/2c to 4 3/4c and provisions varying from 2 1/2c to a loss of a dime.

The general raising of the last 48 hours put a stop to all talk of a dry weather scare in the wheat country. Anything like a stampede to sell was checked at the start, the obstacle being a disconcerting show of strength in the wheat market. It is believed to give a relatively firm tone to trading at the close. During the session July ranged from 8 1/4c to 8c, and in the end was 8 1/2c, a loss of 1/4c.

Receipts at Primary Centres. Receipts of wheat in car lots at primary points, with comparisons, were as follows: Week Year Chicago..... 130,000 1,300,000 Winnipeg..... 110,000 1,100,000 Duluth..... 100,000 1,000,000 Minneapolis..... 200,000 2,000,000

European Grain Markets. The Liverpool market closed today 1/4c to 1/2c higher than Saturday on wheat, and 1/2c to 3/4c higher on corn. Berlin closed 1/2c to 3/4c higher on wheat, 1/2c to 3/4c higher on corn. Hamburg unchanged, Havre 1/4c to 1/2c higher, and London unchanged to 1/4c higher.
