GIGANTIC PROJECT TO PREVENT FLOODS IN WESTERN ONTARIO

Sir James Whitney Asked to Appoint a Commission and Create a Board to Control the Grand River—Suggestion Made That Dams Be Built to Hold Back Spring Flows—The Premier in Outspoken Mood.

An influential deputation waited on the Ontario Government yesterday afternoon at the parliament buildings to ask for aid in averting floods in the Guelph, Galt, Paris and Brantford districts. After the hearing, a lively scene ensued. "Brantford, Brantford, Brantford," excitedly exclaimed a Paris man. "You would think there was no other place but Brantford." This was in the corridor near the premier's office. The representatives from Paris swarmed around Sir James and demonstrated that their town was very much in evidence, although it was not heard from while the Grand River Improvement Association was being formally heard by the government. There may be some pointed questions by the Paris men at the next meeting of the association.

One of the biggest projects ever suggested to a Canadian government was discussed, which might involve an outlay of millions, the damming of the northern valleys to hold back the spring flow of the Ontario rivers. Engineer Breithaupt of Berlin admitted that such a scheme might mean dams 20 feet high, similar to one in Ohio. Premier Whitney was in one of his blunt, outspoken moods. He told the deputation that it would be absurd to hold the Ontario Government responsible for such floods as were experienced in Brantford, Galt and Paris last spring. He cut in and compelled the chairman of the association, J. P. Jeffrey, Galt, to amend the terms of his introductory speech, and made it appear that he was familiar with the subject as well as master of the situation.

May Involve Millions.

The proceedings, despite the absolute refusal of the premier to accept the academic argument of the deputation, were not acrimonious, but Sir James, at the first and at the last, set the deputation right on the true situation as he saw it.

Chairman Jeffrey of the Association and the Premier were in Accord in Respect to the Coincidence that they both

Harvesting Will Be on Everywhere by End of Week — Berry of Fine Quality and Heads Well Filled.

In First Three Months of Fiscal Year They Advance 200 Per Cent. From States—Canadian Mills Overtaxed.

WINNIPEG, Aug. 21.—(Special).—Harvesting has started in two-thirds of the districts heard from in the three prairie provinces and it will be general by the end of the week, by which time an immense acreage should be in the sheaf. Given fine weather from now on Western Canada will gather the greatest crop in point of quality ever taken off the fertile western prairies, and decidedly above average in quantity.

All reports sent in speak of well filled heads and a berry of exceptionally fine quality.

Little damage is reported since the last review was published. Hessian fly has been responsible for an estimated two per cent. loss in a few districts, and there has been slight damage in a few of them. But these misfortunes are lost in the splendid crop prospect as a whole.

Fall wheat cutting is finished in Southern Alberta, and threshing commenced. On the whole, Alberta has had more favorably ripening weather than Saskatchewan and Manitoba, but the abundant moisture has filled the head and been really a blessing in disguise.

There is urgent need for men everywhere which will become more pressing next week.

HURT IN RUNAWAY.

John Price of 37 Austin-road and George Taylor of 173 Lisgar-street, sustained slight injuries when the pony which they were driving ran away on Queen-street late yesterday afternoon. The young men were proceeding eastward, and just as they came opposite Bay-street the pony became frightened and proved unmanageable. Price was thrown from the rig in front of Simpson's store and was wounded about the head. The animal collided with a post at Victoria-street and came to a stop, hurling Taylor to the street. He escaped, however, with a few bruises.

Bramwell Booth Will Continue Father's Work as Leader of the Salvation Army—Public Funeral Service Will Be Held in Great Hall of Olympia on Aug. 28.

Wm. Schelberg of Newmarket and Max of Pefferlaw Arrested for Conspiracy — Bought Silk for 20 Cents, and When it Was Stolen Swore it Was Worth 94.

LONDON, Aug. 21.—In the presence of all the Salvation Army commissioners and the principal officers in London at the international headquarters on Queen Victoria-street, General Booth's testament, entrusted to the army's solicitor twenty years ago, appointing Bramwell Booth, to succeed him, was opened to-day and read.

Bramwell Booth, who has been chief of staff of the Salvation Army since 1880, accepted the succession formally, with much feeling. His speech was a prayer, and the Scriptural reading was followed by an impressive service. Mrs. Bramwell Booth and Mrs. Booth-Helberd and other well-known army leaders were among the participants.

General Booth's funeral will be held on the afternoon of Aug. 29 at Abney Park Cemetery, in Stoke-Newtoning, where his wife is buried. The funeral procession from the international headquarters, which will pass through some of the principal thoroughfares of the city, will start at noon. Many thousands of persons are expected to participate in the funeral service for the army, which will be held on the preceding night at the great hall of Olympia, the scene of the international horse shows and various pageants and exhibitions, which has been chosen for its spaciousness.

Will Be Buried Beside Wife.

Several newspapers suggest that the general's work entitles him to lie in Westminster or St. Paul's Cathedral, where many other of the nation's greatest heroes of war and peace are entombed, but his wish was to be buried beside his wife, and it is doubtful if the church authorities will make the offer to place the body in the cathedral.

Bramwell Booth presided at the meeting held in the international headquarters. After calling on Commissioner McKie for a prayer, the chief of staff announced that he had called the officers together to hear the reading of the document appointing General Booth's successor. The army solicitor produced a large sealed envelope, which had lain in his safe just twenty-two years to a day. It bore in the general's handwriting, "The appointment of my

Hearings in American Government's Suit to Dissolve Shipping Trust Will Be Conducted by Special Party

NEW YORK, Aug. 21.—(Can. Press).—Hearings in the government's suit to dissolve the so-called shipping trust, are to be held in England, beginning Sept. 2, and the official party which will conduct the hearing will sail for Liverpool to-morrow on the liner Aorangi. Special Examiner Chas. E. Pickett, who heads the party, made it known that as soon as the hearings in Liverpool, beginning on the date named, have been completed, the party will go to London to examine the rest of the witnesses.

The defendant lines are all foreign corporations, alleged to be in an illegal combination known as the "North Atlantic Conference." The arrangement for the taking of testimony abroad was entered into by stipulation, for the convenience of the number of witnesses in England whose testimony was desired.

Advance Shipments in Men's Fall Hats.

Every hat sold by the Dineen Company has the name of a big maker on the inside band to mark it something unusually attractive. It is attractive simply because the name guarantees the quality and the style. Take those hats made by Henry Heath of London, Eng., and for which Dineen is sole Canadian Agent, they are worn exclusively by the King of England, and nearly all the other crowned heads of Europe. The new fall designs by Heath and also by Hingate and Christy, are now on sale at Dineen's.

COAL \$11 IN WINNIPEG

Price is Going Up, Reason is Depletion of Pennsylvania Stocks.

WINNIPEG, Aug. 21.—(Can. Press).—Reports from the Pennsylvania anthracite fields show that the producers, in spite of every effort to avoid a shortage, are likely to be overwhelmed by a mass of belated orders accumulated during the strike period of the spring. Stocks of the big coal companies throughout the country, which at the present time should be filling up for winter demands, are in many cases being absolutely depleted.

Four-Year-Old Boy is Being Cared for at Children's Shelter, Pending Parents' Arrival.

A bright blue-eyed boy, 4 or 5 years old, was found wandering about the city streets and taken to the Children's Shelter on Simcoe-st. yesterday afternoon. Up to a late hour last night the whereabouts of his parents had not been ascertained.

The child, who answers to the name of "Joey," is well nourished and has been well taken care of. He has a healthy, fresh complexion, is well dressed in a blue and white striped linen suit, and black stockings with tan shoes. He has light hair and thin teeth is the only mark of distinction which may eventually lead to his identification by friends or relatives.

Montenegrin Ministers Have Paved Way Out of Hazardous Position — Turkey-Italy Peace Negotiations

CONSTANTINOPLE, Aug. 21.—It is stated that the Montenegrin Cabinet has resigned, supposedly to pave the way out of a dangerous situation arising from the frontier fighting at Berana. It is understood that Turkish territory of Northern Albania is now completely cleared of the Montenegrin invaders.

Referring to the Berana incident, the Porte announced to-day that it would not accept responsibility for the consequences of the Montenegrin aggression. A strong Turkish force is being concentrated in the Berana district.

The Turkish Foreign Minister to-day confirmed the report that semi-official peace negotiations with Italy are proceeding.

FREE INFORMATION BUREAU

Open To-day at Front and Yonge Streets

For the benefit of the thousands of strangers who will be in Toronto for the next two or three weeks, the exhibition authorities have rented an office at the board of trade building, corner of Yonge and Front-sts., to be utilized as a free information bureau.

A complete register of Toronto's hotels and boarding-houses will be on hand for the use of those who will be looking for accommodation. Other courses of useful information will also be procurable by exhibition visitors.

NO SUCCESSOR TO HUGHES JUST NOW

Board of Education Cannot Appoint a Director of All Toronto Schools Without Permission of Legislature — Chief Inspector May Stay, or Dr. Embree May Act.

Upon the presentation of the report of the special committee of the board of education, which interviewed Hon. Dr. Pyne, minister of education, as to the legality of appointing a director of education for Toronto schools, the management committee of the board, at their meeting yesterday afternoon, decided that steps could be taken toward filling the vacancy left by the resignation of Inspector Hughes.

A special meeting of the board was called for Friday evening, at which the matter will be dealt with fully.

As the business now stands, it will be impossible to create a director of education until the next session of the Ontario Legislature, when the proposal, if approved, will be introduced as a bill. This means that it will be next summer before a director can be appointed even should no hitch occur to cause still further delay.

In the meantime two alternatives are open to the board. Inspector Hughes' resignation is to take effect as soon as his successor is appointed. Dr. Hughes is therefore still an inspector and says that he is willing to retain office for another year if necessary. The other alternative is to appoint another of the inspectors, probably Dr. Embree, to the position of senior or chief inspector, and to allow Dr. Hughes' resignation to take effect.

MUSICIANS TURN DOWN \$3 RAISE

At Turbulent Meeting Declare Their Intention of Continuing Fight Against Theatres.

The pianos will still supply the places of the orchestras in the local theatres for a time at least. At a meeting last night at the Musical Temple, the men decided to refuse the compromise of a \$3 advance offered by the managers an \$10 stand out for all of their \$5 demand, or at least more than has yet been offered.

The meeting, which was called at 11 p.m., and which was attended by something more than a hundred musicians, many of whom were bandmen, was far from a peaceful one. So story did it become that the leader of one of the theatre orchestras went so far as to knock off the glasses of a few-musicalian resenting the sentiments he expressed and offered to continue the combat in the street afterward. His offer was declined.

So peeved were some of the musicians that when members of the press called for any word which they might have for the public they were told that no word was to be given out, and when one representative asked the courtesy of being allowed to use a telephone it was refused with profanity for trimmings. Judging, however, by the amount of applause which greeted the decision not to resume work there was a substantial majority voting to continue the strike.

After the meeting a number of the men, in discussing prospects, declared that they intended leaving the city.

KINGSTON COUNCIL TURNS DOWN HYDRO

Decides To Spend \$35,000 on Enlarging Present Electric Steam Plant Without Sanction of Ratepayers, and in Spite of Overwhelming Vote in Favor of Contract With Hydro Commission.

KINGSTON, Aug. 21.—(Special).—The city council, in spite of the vote of the people some time ago by ten to one authorizing the conclusion of a contract with the hydro-electric commission, have decided without again appealing to the people to spend \$35,000 on enlarging the present electric steam plant. This is directly in the face of the advice of the expert engineers, Mr. Ross of Montreal and Mr. Storey of Syracuse, who were strongly opposed to such a step. The rates quoted Kingston by the hydro-electric commission were of a lower average cost than those in the Niagara district. Prescott and Brockville have signed the hydro-electric contracts and the material is already on the ground for the line to Morrisburg. A good deal of speculation is abroad here as to the influences that caused the council to turn down the hydro-electric commission.

Sergeant J. Freeborn of 13th Regiment Ties for First Place With Private F. H. Morris in City of Toronto Match and Ties With Four Others in Macdonald Event—The Australian Cadets Did Not Do Well in Competition With Canadian Boys.

Sergeant J. Freeborn of the 13th Regiment, Hamilton, is probably the best shot at the O. R. A. meeting this year. Yesterday he was tied for first prize, \$12, making a score of 49. Cadet E. Mortimer of Ottawa was second with 48, and Sergeant C. D. Daniel of Brantford Collegiate Institute third with 48. Two Victoria lads were fourth and fifth respectively, and then came another Calgarian. The first Toronto man was Corporal B. Kyles of Harbour, who landed eleventh position.

Camp at Grounds.

The Australians are neat and many-looking and average about 16 years, ranging in age from 14 to 18 years. They were met at Quebec by G. N. Orr, son of Dr. Orr, and hurried thru to Toronto. At present they are staying at the exhibition grounds on Friday. The boys are in charge of Capt. E. M. Hart of Melbourne, Australia, and include: Color Sergeants Stuart, Everington, Butterworth; Sergeants Brotherton, Howard; Corporal Christy; Lance Corporal Hutton; Cadets Smith, McDougall, Kerrot, Harvey and Charlesworth.

Calgary Cleaned Up.

Besides capturing the individual prize, the Calgary team won the team trophy, making 233 points out of a possible 250. They will carry home the Pellatt Challenge Trophy, value \$120, donated by Col. Sir Henry M. Pellatt, and the sum of \$25. Harbord Collegiate, Toronto, was second with 215, winning \$20.

LISTED THE BILLS IN 'BOOBY TRAP'

Detective in Detroit Aldermanic Bribery Case Tells Who Were to Get Bribes, and How Much.

DETROIT, Aug. 21.—Ald. Thos. E. Gilman, president of the common council, and alleged receiver of bribe money, was late today bound over to the recorder's court on \$1000 bail, at the conclusion of his examination in police court, which started yesterday.

The case of Ald. David Rosenthal, charged with agreeing to accept a bribe, was immediately taken up. Detective Walter J. Brennan testifying to-day in the examination of Ald. Gilman, gave further details of the "booby trap" which resulted in the arrest of Gilman and seventeen other aldermen and council committee clerk Edward Schreier, Gilman, it is alleged, accepted \$1000 to secure the passage of an ordinance closing Seventh-street for the benefit of the Wabash Railway.

Witness Brennan told of receiving \$3000 from Andrew Green, a local manufacturer, to give to the aldermen for the passage of the ordinance, and urged on by Attorney James McNamara, for the defence, he gave the following list of aldermen for whom money was intended: Gilman, \$1000; Thelen \$500; Tossy \$200; Ostrowski \$200; Mason \$200; Walsh \$100; Lynch \$100; Hindle \$200; Brown \$100; Delmal \$100; O'Brien \$100 and Gutman \$100. All of the aldermen mentioned are under arrest, but only nine of them are charged with receiving money.

When asked what he did with the money given him by Dr. Green, the witness said:

"It was counted out in the presence of Mr. Green and the serial number of the bills, pictures of the bills, etc., were taken. The money given to Gilman, for instance, was segregated, and the number of the bills were taken."

The money, he said, was taken to the offices in the Ford Building which had been expressly rented for the reception of the aldermen.

EASTERN SHOEMEN MEET

Maritime Manufacturers Forming Association and Working Agreement.

SACKVILLE, N.B., Aug. 21.—(Can. Press).—Boot and shoe manufacturers and wholesale dealers in that line in the maritime provinces met here today and made preliminary arrangements for a business agreement. They will meet at St. John Sept. 4, to complete the arrangement. The concerns represented were: Waterbury & Rising, J. M. Humphrey & Co., St. John, N.B.; L. H. Higgins & Co., Moncton; H. H. Crosby, Yarmouth; R. Taylor & Co., Halifax; Amherst Boot & Shoe Co., Amherst; Standard Mfg. Co., A. E. Wry, Sackville.

The object of the meeting was to reach a common agreement in the matter of terms, discounts and other details of trade, as well as to consider conditions created by the greatly enhanced cost of production. No agreement was reached about increasing the selling price, although the matter was discussed.

The Harit Boot and Shoe Co., of Fredericton, N.B., was not represented.

Bonds For \$20,000 Given by Friends of Roland Harris.

R. Harris appeared in police court yesterday morning on a charge of stealing \$7000 from the Standard Bank and was allowed out on bail, the amount of which was \$20,000. The bondsmen are: John Harris, Woodbridge, in \$10,000; Albert Harris, Charles Gould, Alexander Graham, and W. Keller, in \$2000 each; T. C. Robinson, K.C., in \$2000. The police are after the bookmaker who took the young man's money and who, when he did cash a bet, refused to pay with the money he had won. It is said that one at least of these men has left town. Others are under surveillance.

Australians Arrived Yesterday and Are Busy at Practice— Model Camp at the Exhibition.

Lieut.-Col. Gwynne, who is bringing the Grenfell, Sask., Mounted Cadets to do the second musical ride at the exhibition, writes that the horses the boys soldiers will ride have never seen a city before and requests that the car in which they are shipped be taken to the exhibition grounds before the horses are unloaded. Col. Gwynne and his command leave Grenfell to-day, pick up the Manitoba corps en route and arrive in Toronto at 2:25 Saturday afternoon.

The Australians arrived yesterday and spent the afternoon at the ranges, where they practised physical drill in the armories in the evening.

The cadet camp will be made up of the following corps: Halifax, Quebec, Montreal, Highlanders, Montreal; Frontenac, Ont.; Toronto, Woodstock, Calgary, Manitoba, Saskatchewan, British Columbia, New Zealand, Australia, England (two corps), Scotland, Ireland, Newfoundland.

MRS. ROBT. WILKINSON DEAD

GALT, Ont., Aug. 21.—(Special).—Universal regret is felt at the death here of Mrs. Robert Wilkinson, Toronto, which occurred at the residence of her son, W. W. Wilkinson, "The Cedars." Mr. Wilkinson is a retired merchant and capitalist, who removed with his wife from Galt to Toronto ten years ago, returning to town for a short time in 1910. She had not been well for some years. In addition to her sorrowing husband, Mrs. Wilkinson is survived by three sons: W. Wilkinson, Gordon Wilkinson, manager Imperial Bank, Medicine Hat, and J. Wilkinson of Toronto and daughter, Mrs. Edward Burns (dum) Agnes, with whom she lived in Toronto during the past two years. The funeral is being held Thursday afternoon to Mount View Cemetery.

STORKS OF ALSACE DISAPPEARING.

Every year the number of storks in Alsace become fewer. Of four nests which have perched for years on the big chimneys of the old roofs of Strasbourg, only one has been occupied this year, reports The London Globe. In many villages the great migrations of storks for a long time to relieve the landscape and to seem only a question of time when the stork in Alsace will be but a memory.

In Germany, for the better study of storks, there has been created a sort of service in connection with the education department which tends to set up on "etat civil" for each bird, or, in other words, to register them after the manner which obtains for citizens in France. Each bird is captured where possible, and a metallic disc affixed to its leg, and German officials, wherever the birds are believed to migrate, have instructions to send to the department any information they can gather concerning storks who are German subjects. By this system of registration the authorities have learned something of the migratory habits of the bird; for instance, one was found dead at the Cape of Good Hope, whose place of origin was Eastern Prussia.

A point of interest relative to the scarcity of the stork has been brought out by the notice of the German authorities by a doctor of Port Elizabeth, who suggests that they have been poisoned thru eating grasshoppers or locusts which have been killed by arsenic. A correspondent, however, of the Alsace-Lorraine Journal hints that the cause is to be found nearer at home. He suggests that the storks falling to get their natural food are above destroying young game, and that the game preserves have deliberately shot the once sacred birds.

The Bacterial Contamination of Bread. In a recent number of The Journal of the American Medical Association appears a paper on the bacterial contamination of bread. The writer shows that under some conditions the covering of loaves of bread with bacteria may be very considerable, reaching, in some cases, one hundred and twenty thousand germs.

Under ordinary conditions, however, from as many different shops in the City of Chicago, 14 per cent were each coated with more than 10,000 bacteria. As might be expected, loaves obtained from clean shops have not nearly so many germs clinging to them as those kept under generally dirty conditions.

The difference between the bacterial coating of wrapped and unwrapped bread is particularly suggestive. In wrapped loaves, the bacteria are found from as many different shops in the City of Chicago, 14 per cent were each coated with more than 10,000 bacteria. As might be expected, loaves obtained from clean shops have not nearly so many germs clinging to them as those kept under generally dirty conditions.

On the other hand, more than half of the unwrapped loaves were coated with over a thousand bacteria. Eleven wrapped loaves obtained from clean shops had on the average only 211 bacteria each.

It is said to be difficult to obtain a sale of wrapped loaves in certain city

SALT AS OLD AS THE HILLS. It Has Been in Common Use as Seasoner and Preserver of Foods From the Earliest Ages.

A teacher in a little red school house, wishing to show off her pupils to visitors, asked a class this question: "What is salt?" Silence followed and she repeated the question, adding that surely some pupil could answer. After another pause a little boy answered, "Salt is the stuff that makes potatoes taste bad when you forget to put it on."

INSECT STINGS AND SUMMER SORES.

Insect bites and stings, blistered feet and sunburn: These three things or any one of them, may spoil some days of your vacation, or make your work a bore. Zani-Buk is the remedy you need! It takes the "burn" out of those red, inflamed patches where the sun has got home on you; it eases bad mosquito bites, and soothes and heals blistered feet and hands.

ATTTEMPTS TO KILL CHILDREN. COURCELLES, Belgium, Aug. 21.—The Marquise Delamotte d'Arberg d'Esso, yesterday in a sudden fit of insanity threw herself and her three children, aged 11, 8 and 6 years into a canal near here. The cries of the drowning children brought help in time to save the entire family. The police arrested the marquise, who is a prominent resident of Brussels.

Every manufacturer is interested in his power question. Efficiency engineers say the worst "leaks" are caused by frequent tie-ups. The user of Hydro-Electric is spared the power troubles that cause serious losses. He has a steady, efficient power service. His factory system is not interfered with; no work is held up because of power troubles. Orders are filled promptly, and shipments made on time; customers get satisfactory service. Employees work full time and draw full pay. Remember, too, Hydro power is 25 "Cycle Current" The newest motors and electric machines are designed for use with "25 cycle current." Don't let power problems bother you. Remember, our power experts are at your service all the time. One of our men will come to your office to see you if you write or phone for him. WON'T BE WAR OVER POACHER. Rogers' Death Not Likely to Cause Complications With United States—Incident Closed With Belgium. LONDON, Aug. 21.—(Can. Press)—The death of the elephant poacher and illicit ivory trader James Ward Rogers, a native of Weyland, Allegan County, Michigan, while being pursued by Capt. C. V. Fox, an officer of the British army in the Egyptian service in Central Africa, is not likely to result in international complications. The British foreign office has not so far received any communication from the U. S. Government and the incident is considered closed as far as Great Britain and Belgium are concerned.

POLO TOURNAMENT AT WOODBINE

Major Bickford Receives Challenges From Buffalo and Petawawa for the Grenfell Cup.

The polo tournament to take place at Woodbine from Aug. 31 to Sept. 7 is reaching unexpected dimensions, and it might be said is developing unexpected importance. Challenges have been received by Major H. C. Bickford, captain of the Toronto Hunt Polo Club, and from the Stratheona Horse, now in camp at Petawawa. The Buffalo Club propose to send over two teams, while the Back River Club of Montreal will have three teams and the Toronto Hunt Club two teams. Altogether there will be eight teams to take part in the tournament. The final being a four-chukka ladies' Grenfell Cup match, in which the Stratheona Horse will play against a picked quartet from the players of all the other teams.

Play will commence each day at 2.30. Season tickets for the entire tournament can be had from H. J. P. Good, 215 St. James' Chambers, Toronto.

Wednesday, Sept. 4—Final between winners of the first two rounds for the Grenfell Cup.

Thursday, Sept. 5—Consolation match between the losing teams for the Grenfell Cup.

Friday, Sept. 6—Final of the second team tournament.

On Saturday the week will wind up with a grand gymnastics and polo show, the final being a four-chukka ladies' Grenfell Cup match, in which the Stratheona Horse will play against a picked quartet from the players of all the other teams.

Play will commence each day at 2.30. Season tickets for the entire tournament can be had from H. J. P. Good, 215 St. James' Chambers, Toronto.

GETTING READY FOR BIG BOUT

McMahons Going Right Ahead With Arrangements—Will "Smokes" Be Allowed to Battle?

NEW YORK, Aug. 21.—The McMahon Brothers, managers of the St. Nicholas Athletic Club, are going ahead with their arrangements for staging the Jack Johnson-Joe Jeannette bout without waiting for a ruling by the state athletic commission as to whether the bout shall be permitted. Jesse McMahon so declared today, at the same time expressing the opinion that the commission had no legal right to prevent the bout taking place as scheduled.

"The Johnson-Jeannette bout will surely take place at our club," said McMahon, "and we cannot see why, without our license intact, there should be any question of our right to stage it."

The McMahon club called at the offices of the commission to-day with that body was in executive session, but were informed that the commission would meet tomorrow afternoon. An announcement of the committee's attitude is expected shortly.

Jeannette's forfeit money has not yet been posted, but the McMahon are satisfied that it will be forthcoming by tomorrow.

BOXING TO BE LOOKED AFTER

Next Olympic Games to Have the Mitt-Slinging Artists There in Large Numbers.

NEW YORK, Aug. 21.—Amateur boxing will be given world-wide recognition as part of the program at all future Olympic games. This seems to be assured, according to the report made by Secretary Charles Harvey of the Amateur Athletic Union at a meeting of that body here to-day.

Secretary Harvey has just returned from Stockholm, where he attended the Olympic games as representative of the state commissioners, from whom he delivered an official recommendation that boxing be added to the program of sports to Baron Pierre de Coubertin. Harvey said that the baron had assured him that boxing would be placed on all future programs, except in countries where it might be forbidden by law.

This assurance was given by the baron after he had discussed the matter with many international authorities on sport, all of whom seemed to be enthusiastic about it.

GLOBE STORY IS REPUDIATED

An Impudent Untruth, Says J. W. Flavelle of Statement That Davies Company Had Changed Hands.

J. W. Flavelle yesterday issued the following statement:

Sir: The statement of the Globe that the Swift Co. have acquired a controlling interest in the Wm. Davies Co. and the Harris Abattoir Co.'s is an impudent untruth. Neither the Swift Co. nor any other company, nor any individual, nor any company of individuals, have purchased or are negotiating, or have been negotiating, or have ever suggested negotiating for a controlling or any other interest in these companies. The wilful impudence of the untruth is found in its attempt to support a manufactured story by the statement that stock transfer forms had been printed in connection with the proposed transfer of the Wm. Davies Co. and the Harris Abattoir Co.'s stock.

The eager haste of the Globe to print the story will be understood when I state that they failed to extend the usual courtesy of making enquiry from responsible officers of the companies concerned as to the correctness of the item.

President The Wm. Davies Co., Limited.

Island Aquatic Regatta

The Island Aquatic Association will celebrate its twenty-fifth anniversary on Saturday with their annual regatta. The regatta, this year, will be more interesting than usual, not only because the club has been organized for a quarter of a century, but because of a number of new trophies which have been presented to the club. Among the events of the regatta is an open intermediate tandem, and also an open senior single. Most of the Toronto clubs will be represented in these open events. In the evening a large dance will be held in the clubhouse, and their friends are invited to both regatta and dance.

Breaks Appleby's Record.

TACOMA, Wash., Aug. 21.—Setting a new world's record for miles on an indoor track, Jimmie Fitzgerald, the Australian runner, covered the distance last night in one hour 21 minutes and 45 seconds in a race with Victor Norman of Seattle. Norman quit in the eleventh mile, when Fitzgerald started a sprint. The former world's record, 1:22.6, held by Fred Appleby of England, was made in 1909 in Winnipeg.

Union Stock Yard's Horse Sale.

Weather conditions were not at all favorable for a good attendance at the Wednesday weekly auction at their barn. Despite this, however, a fair crowd was present and considerable business was done, mostly for local purposes. Among the purchasers were: Robt. Holden, City, Limited, bought a pair of good wagon horses; George Lawrence bought several bread wagon horses; W. J. Simmons, Esq., Taylor & Woods, Gales, City, Canadian Express Co., Jas. Hamilton, Esq., Edmonds, John Sloan & Co., Wagon, city, and others.

It is expected that receipts for next week's sale will be extra large, particularly in the line of heavy draught horses, and we are advised that a large and interesting stock will be on hand during exhibition weeks.

Will Not Strike

Moving Picture Operators Decide to Stay at Work.

There will be no strike of the moving picture operators in Toronto and the Canadian centres over the attitude of two of the film exchanges in Vancouver. Up to date yesterday it looked like a walkout for Saturday, but the two exchanges say that their local managers were taking action in the fight there contrary to their wishes and without their knowledge.

The local operators are confident that this settlement effected here means the end of the trouble in Vancouver.

C.N.R. Sending Freighters to Fort William, Where Port Arthur Men Are Trying to Incite Another Clash.

PORT ARTHUR, Aug. 21.—(Special.)—No change is apparent in the Canadian Northern freight dock strike situation. Both sides are standing pat and so far no conference has been arranged with a view to creating a strike. All boats that had been at local dock and those en route have been sent to Fort William, where they can be unloaded, so that there are not even any packages of package freight steamers at Port Arthur now.

Local strikers are lending their efforts to an attempt to create a strike in Fort William sheds, as it looks like victory for the company when they are able to send their steamers to the other port and have them unloaded there without any appreciable congestion of freight.

J. R. Cameron, assistant general manager of the C.N.R., is here from Winnipeg, but he and other officials refuse to state what their plans are.

Clean Bottles

If you are at a loss to know what to do when your cruets or bottles of any kind become stained on the inside, try tearing a newspaper up in small bits and use it as a scrubber.

Removing Mud Spatters

With peroxide of hydrogen one can easily remove mud spatters from a white linen or other white lingerie frock without laundering any part of the garment. If possible, when the mud is still fresh, rub it off with the fingers. If it is old, rub it off with a soft brush, then spread the fabric over a bath towel and apply the peroxide, using a dropper so as to touch the spot; it will come off in a few minutes. The peroxide is sold in a tin of hot water, over each bottle of peroxide is a small pocket for coins.

Useful Girdle

A useful and beautiful girdle for the silk visiting frock is made of crushed satin. At one side there is a flat rosette, and from this a pascamented cord is suspended from a double string of beads. The inner side of the pendant has a small pocket for coins.

Paint Shoe Soles

Warm the soles of new shoes. While they are warm paint them with copal varnish. When it dries, paint them again. Three such coats will not only make them last twice as long.

Satin and Linen

White satin is used a great deal with linen and lace with charming effect, and frocks cleverly combined with serge and fine face cloth have been seen. Aprons of satin over flow-ered and fancy linens are very charming also.

Pianos on Rental

The old firm of Heintzman & Co., 105-107 Yonge-st., specialize in the rental of pianos. Music teachers and others, who wish to secure an instrument in this way, are assured of the best service from this old established firm. All instruments guaranteed in good condition.

At the Theatres

Next week Miss Haswell will say good-bye to her many Toronto friends and patrons as her engagement closes here Saturday, Aug. 21. For her farewell week Miss Haswell will present a splendid double bill, which will comprise the extraordinarily funny comedy adapted from the French, "The Marriage of Kitty." It will be remembered that it was in this amusing play that Miss Haswell made her initial bow to a Toronto audience with her stock company at the Alexandra Theatre three years ago. In addition to the comedy, every lady will receive a bottle of the famous vaudeville playlet, "Master Will's Players," in which she scored with great success two seasons ago. On Saturday of this week a souvenir perfume matinee will be given, when every lady will receive a bottle of the delightful Percy Haswell perfume, and also a picture of Miss Haswell. Seats are now on sale for the farewell week.

Get Rich Quick Wallfingford.

Opening at the Princess Theatre on Monday night for fair week with the usual matinee, Manager Sheppard has secured for the Princess the phenomenal success, "Get Rich Quick Wallfingford," which is without fear of contradiction the greatest play of modern times. The eagerness shown by play-goers to see this comedy, the avidity with which they follow the unfolding of the story, and the tumultuous applause that crowds upon its many humorous situations and laughable lines is a tribute to Geo. M. Cohan's skill in the art of stagecraft, and a convincing demonstration of the truth of Mr. Cohan's recent assertion that "this is the great laughing success of the age." The play is a masterpiece of collective efforts materially accelerated by the speed with which this charming play is presented here, and has been fully selected by Mr. Cohan himself, and even the smallest parts have been placed in the hands of artistic talent. The seats will go on sale at the box office this (Thursday) morning at 9 o'clock.

The Melting Pot.

"The Melting Pot," which is to be presented by Vaughan Glaser and his company at the Grand next week, is from the pen of the famous Israel Zangwill. For his motive Mr. Zangwill has taken the oppression of the Jews by the Russian Czar, and the central figure is that of a Jewish musician whose

Vegetarian Recipes

Baked Macaroni and Peanut Butter

Macaroni. Boil the macaroni in salted water. It is ruined if placed in water at a low temperature. Break macaroni in one half pieces; there should be one cupful, Cook 20 minutes, or until soft, in two quarts of boiling water, to which has been added one tablespoonful of salt. Drain off the water, and add one quart of cold water (which prevents pieces from adhering), and put in a buttered casserole. Add one cupful of milk in a double boiler, and add gradually, while stirring constantly, to three and one-half tablespoonfuls of peanut butter. Let this mixture season with one teaspoonful of salt and pour over the macaroni. Cover and bake in a slow oven 45 minutes. Remove cover, sprinkle with one cupful of buttered cracker crumbs, increase the oven heat and bake until crumbs are browned. Allow from one-fourth to one-third cupful of melted butter to a cupful of cracker crumbs. Always mix buttered crumbs with a fork, so that the crumbs may be evenly coated, and light.

Carrot Timbales—Wash and scrape carrots. Cut off the deepest colored portion in the given length of vegetables and fill a quart measure packed solid. Put in a hot iron frying pan with two and one-half tablespoonfuls of butter and cook 10 minutes, stirring constantly. Pour over boiling water to cover and cook until the carrots are tender. Drain off the water, and put the carrots in a strainer. To pulp thus obtained add two whole eggs and one egg yolk, slightly beaten, and season to taste with salt and pepper. Add one cupful of hard-boiled eggs, cut in fancy shapes, and a half cupful of mixture, spread in pan of hot water, over each buttered paper and bake 15 minutes.

Had Stomach Rumbings Distress Before Meals

Was Seldom Free From That Weary, Droopy, Half-Dead Feeling.

Now Cured, and Gives Good Advice to Others With Dyspeptic Tendencies.

If you have any stomach distress at all you will certainly be interested in the following experience which is told by Mr. Edward Dawkins:

"When I was working around the farm last winter I had an attack of inflammation," writes Mr. E. P. Dawkins of Port Richmond. "It was weak for a long time, but well enough to work until spring, but something went wrong with my bowels, for I had to use salts or physic all the time. My stomach kept sour, and always after eating there was pain and fatigue and all the symptoms of internal indigestion. Nothing helped me until I used Dr. Hamilton's Pills. Instead of hurting, like other pills, they acted very mildly and seemed to heal the bowels. I did not require large doses to get relief, with Dr. Hamilton's Pills, and feel so glad that I have found a mild yet certain remedy. To-day I am well, no pain, no sour stomach, a good appetite, able to digest anything. This is a whole lot of good for one medicine to do, and I can say Dr. Hamilton's Pills are the best pills, and my letter, I am sure, proves it."

Refuse a substitute for Dr. Hamilton's Pills of Mandrake and Purgative. 25¢ per box or five for \$1.00, at all druggists and stores, or post-paid from the Catarthozep Company, Buffalo, N.Y., and Kingston, Canada.

Using Remnants of Ham

A nice way to use remnants of a boiled ham is to make them into ham toast. Grind or chop enough ham to fill a cup, using some of the fat, as that improves the toast. Melt a tablespoonful of butter in a saucepan and add a tablespoonful of sugar, salt and pepper, and put the celery into shreds. Roll over half a teaspoonful of vinegar with one tablespoonful of butter, add one tablespoonful of sugar, salt and pepper, and put in one quart young shelled beans, cover with boiling water and stew over a very slow fire for 20 minutes. Add strained juice of six tomatoes or some tomato conserve with salt and pepper. Add boiling water when necessary and stir often. Stew for 20 or 25 minutes.

Red Cabbage—Remove outer leaves and cut into pieces. Meit four ounces

of butter in pan and when brown, throw in cabbage with a little salt, three tablespoons white wine vinegar and a chopped onion. Cover pan and put on stove fire for an hour.

Red Cabbage—Red cabbage is also good, put into boiling water for 15 minutes, then dried and put in pan with four ounces butter, one cup one bay leaf, two cloves and salt and pepper. Boil slowly for half an hour, stirring often. Take out bay leaf, add more butter and serve hot.

Cabbage Salad.—Cut the heart of a white cabbage and one-half a head of celery into shreds. Roll over half a teaspoonful of vinegar with one tablespoonful of butter, add one tablespoonful of sugar, salt and pepper, and put in one quart young shelled beans, cover with boiling water and stew over a very slow fire for 20 minutes. HOT WATER

THE mechanical convenience illustrated has probably done more to minimize household work than any appliance of any kind on the market. To supply a house, a hotel, or an institution of any kind with hot water at all times, and in an economical manner, was a problem that was unsolved until the appearance of the Ruxid Instantaneous Gas Water Heater.

As the name implies it is instantaneous. Open any hot water tap to which it is attached, and you immediately receive an inexhaustible quantity of scalding water. When you open the tap you automatically start the gas in the heater, and the water which is kept hot (its temperature being regulated by a Thermostat) is subjected to an intense heat, and is delivered at the tap at a boiling point.

One of these heaters is an absolute necessity in a modern home. It will cost you nothing to install, and you can see it for yourself, and the figures will prove decidedly interesting.

WORK FOR ALL WHO GO WEST

Question is Whether Demand for Harvesters Can Be Met, Says A. E. Duff of the G. T. R.

"That the west requires all the harvest laborers asked for is right beyond all question of doubt," said A. E. Duff, Toronto district passenger agent of the Grand Trunk Railway, to The World yesterday.

He is extremely well pleased with the way Ontario responded to the first harvest excursion leaving last Tuesday and considered the standard of former years. While Tuesday broke all previous records for the number leaving this province for the west, he ventured the prediction that Friday will see an even greater number leave and a new record established.

WANTS FELLOWS FOR INSTITUTE

J. R. Boose of Royal Colonial Society is Boosting the Membership on Tour Thru Canada.

With the object of inducing 1500 Canadians to join the Royal Colonial Institute, J. R. Boose, secretary of the institute, is at present touring Canada.

FOR MEN WITH RELIGION OR WITHOUT IT

this Bible will be found a solace and an everyday help. For BOYS, too, and also for the mothers and sisters of the family--for all who would have a thought of good--a thought for betterment--a care for themselves--this great Book of books is invaluable.

Every Reader of the Toronto World

To appreciate this great book it does not necessarily mean that one must be a church member or a religious man or woman, but the grand educational distribution undertaken by this paper makes it available for every one, to be often referred to, and often read here and there as the most interesting of all books, as the book under whose teachings the development of civilization has been accomplished.

ILLUSTRATIONS

This is not a Bible with meaningless pictures. The illustrations serve a distinct purpose. They enrich the text, but they do more--they intelligently explain it, so that many a hitherto obscure passage assumes to thousands a new meaning through these eye-teaching pictures.

Special Humiliations have been installed at the G.T.R. Station and everything is now in readiness for the welcome of the hundreds of visitors.

Dr. Adams is concerned over the probable loss of Dr. Adams, who will be engaged at a salary of \$1400, altho Dr. Hastings recommended an advance to \$1800 when the 1912 estimates were under discussion.

The emptying of the reservoir at the filtration plant to facilitate Judge Winchester's inspection is going on slowly.

The assessment of the C. N. R.'s land down east, which was taken up by the court of revision yesterday, created considerable discussion.

"There are lots of people around the city who are not so lucky as these people," said Mr. Ardagh, in response to the remark of Assessor Nixon.

"We got it down to within six inches of the bottom yesterday," said Commissioner Harris. "The bulk is still being pumped."

"How about the reservoir and the concrete pump?" he was asked. The commissioner had nothing to say.

"There are lots of people around the city who are not so lucky as these people," said Mr. Ardagh, in response to the remark of Assessor Nixon.

WINNIPEG, Aug. 21--(Can. Press).--An evening paper says it has good authority for the statement that the railway commission will approve the proposed cut-off of the Canadian Northern Railway thru Port Rouge immediately north of River Park and that formal sanction will be given at the next sitting of the board here.

THINKS WANTED INDIAN WAS DISGUISED AS WOMAN

BERLIN, Aug. 21--(Special).--A Berlin citizen going over from Hampton to Toronto on the boat yesterday observed an Indian having in his company a woman who, although dressed in woman's apparel with long black veil, acted very much like a man, and "features" were more masculine than feminine. He is of the opinion that this strange person might be Joe Bennett, the Indian wanted in Brantford on a murder charge, and was being spirited away by a friend.

METAL STOCKS RISE AGAIN

Amalgamated Copper Was the Leader in Wall St.--General List Shade Easier--Speculation at Low Ebb.

NEW YORK, Aug. 21.—Metal shares were again features of foremost prominence in today's stock market. Amalgamated Copper registered the best price of the year, while Anaconda, which is under Amalgamated control, rose to its best in two years. Steel also led at its highest point in a year. An index of copper trade conditions was furnished by the Calumet & Hecla directors, who declared a quarterly dividend of \$12 compared with half that amount a year ago. The movement in copper derived added stimulus from foreign services, which indicated extreme probability of an approaching shortage of supplies. Slightly more breadth was shown in the course of the day's operations, the early advance was variously speculated, chiefly the former subsidiaries of the American Tobacco Co., Pullman Palace Car, Biscuits, North American Co. and other issues of a more miscellaneous character. Railroad shares were again relegated to a position of relative obscurity, although the undertone was generally firm except for the Canadians and Lehigh Valley, which showed a softening tendency in connection with the publication of the annual report disclosing a loss of \$1,000,000 in net revenue. Harriman and Hill issues moved within the narrowest limits of the first part of the session, but yielded in the last hour when the entire list sagged to a level where most gains were utterly effaced. No news accompanied the setback, which continued to the end, with a dull and heavy close.
